

Davis Would Put Latin-America And Canada On Quota Immigration Basis

BY CHARLES P. STEWART
 WASHINGTON, May 22—Secretary of Labor Davis is going to urge Congress strongly, when it meets next, to put Canada and Latin America on a quota immigration basis. Canada, which is pretty independent, may not care Latin America is very sensitive.

Except of Mexicans, the number of Latin American immigrants into the United States is negligible. Secretary Davis admits it. He agrees that South Americans would be practically excluded on the quota basis, because next to none of them are here now to base the basis on.

But more may come later, he argues. Not for quite awhile. South America, not a tenth as thickly settled as the United States, offers inducements to good immigrants to come her way.

South America's living standard is lower than North America's, insists Secretary Davis. So it is because the bulk of South America's lower class won't work for a higher standard. They can get along with their standard in their climate. Here they couldn't—except at Miami Beach, perhaps. They're going to stay where they can be pretty comfortable with as little effort as possible.

Ineligible aliens are being smuggled constantly across the Canadian and Mexican borders, points out Secretary Davis. That's illegal anyway. Putting Canada and Mexico on a quota basis won't make it more so.

Net conclusion: The quota basis for South America will have no effect except to offend South Am-

ericans who are very doubtful already whether or not to like us. They were flattered at having an exception made in their favor under the present law.

Incredible as it may seem, the American Humane Association, in launching a campaign against the cropping of dogs ears and shortening of their tails, isn't asking a law on the subject. The correct action doesn't believe the average pet dog owner would mutilate him or prefers him mutilated.

It surmises that the mutilating is done before his final owner gets the dog, by the breeder, under the impression that it makes the dog more saleable, and that the buyer takes him that way because that's the way he finds him. The association's appeal, then, is to dog lovers not to accept cropped and chopped dogs.

It doesn't want to waste time fighting for legislation, even if it considered that the right way to go about it. If it can make cropping and chopping unfashionable it thinks it will have accomplished more than any law could.

Ever since President Coolidge sat in a box at a recent ball game with an American flag draped in front of it, a movement has been gaining ground to get law through the next Congress specifying just where and when the Stars and Stripes may be displayed.

Many Americans like to do this from their homes and places of business on patriotic occasions. They'll have to be careful about this if the flag law is passed. Any little technical mistake and they'll land in jail.

and is expected to submit its report to the full board next week.

The report of the committee of experts, Chairman O'Connor said, listed as surplus vessels suitable for scrapping three of ten thousand deadweight tons and above; 24 of from 9,999 to 10,000 tons; 55 of from 8,999 to 9,999 tons; 5 of from 7,999 to 8,999 tons; 129 of less than 7,000 tons; not including lakers; and 392 lakers which average about 3,500 tons.

"Under the assumed conditions," Mr. O'Connor said, "this number of vessels represent a clear surplus which are not required for either the nation or commercial needs of the country, which are expensive to maintain, which are continually deteriorating and which should, therefore, be disposed of as early as practicable."

12 Per Cent of Swedes Licensed Radio Fans

STOCKHOLM, May 22—Twelve percent of Sweden's entire population are now licensed radio fans, the latest statistics show, and since the police have begun for the first time to round up their licenses the demand for official permits has grown by leaps and bounds. To meet the expense of operating the public broadcasting stations the department of telephones and telegraph, which has charge of the country's radio system, charges a license fee of \$3.25 for each receiving set. At the beginning of 1924 only 4,530 such permits had been issued, but today the figure is about 70,000.

By July 1 the government officials plan to have completed the five principal broadcasting stations at Stockholm, Malmo, Gothenburg, Sundsvall and Boden, all connected by wires for relay purposes and so placed that every part of the country will be equally well served.

EXPERTS FAVOR BOARD'S PLAN TO SCRAP VESSELS

Head of Shipping Board in Statement Says Sarection Given For Junking About 400 Shipping Board Vessels

WASHINGTON, May 22—Chairman O'Connor of the shipping board declared in a statement Tuesday his proposal to scrap as needless 400 idle government merchant vessels was supported by a report of a committee of experts made to him last April.

The experts, he said, found that 521 cargo vessels, of which 392 were lakers, were in excess of the commercial needs of the country and were not required in connection with the military services.

The committee was made up of representatives of the war department, navy department, department of commerce, the shipping board and the fleet corporation, and was said to have acted under the authority of the committee appointed by the president in 1924 to study and make recommendations on matters affecting the American merchant marine. The report of the president's committee was made public sometime ago, but it did not go into detail on the question of scrapping.

In the light of the expert's report Chairman O'Connor is understood to hold that there is no question as to maintenance of a sufficient naval reserve at issue in the pending recommendation of the shipping board's sub-committee on scrapping to dispose of 200 vessels of the idle fleet for junking. The board's sub-committee is in agreement to recommend such a policy

LEGION CAMPAIGN WORKERS WILL MEET ON MONDAY

Members of Local Post Also Instructed to Be at Headquarters When Endowment Drive Is Formally Opened

All committeemen and vice chairmen of the Seminoles campaign for the county's quota of the \$4,000,000 endowment of the American Legion, are urged by General Chairman Forrest Lake to meet at campaign headquarters, in the office of Britt-Chittenden Realty Company Monday morning for organization and instructions.

The campaign is to begin Monday and continue through May 30, but is expected by Mr. Lake and the officials of the local Legion that Seminoles' quota of \$4,000,000 will be obtained long before the week is over.

Mr. Lake this afternoon issued a statement as to why all citizens should give freely and liberally. The statement is as follows: "The world war made 35,000,000 children fatherless.

"More than 600,000 American men incurred wounds or diseases in the world war. Fifteen are dying every day.

"Government aid, with its legal restrictions does not apply in all disability cases. It does not reach any case automatically.

"Success of the endowment campaign means temporary care and permanent cure of the disabled.

Diplomas Presented To Twelve Seniors Hopper Academy

The closing exercises of the Hopper Academy for commencement week were held last night at the school house when 12 members of the senior class were presented diplomas by J. N. Crooms, principal of the colored school for the past 19 years.

The week's exercises began last Sunday with the commencement sermon being delivered by Rev. T. E. DuBose, pastor of the St. James A. M. E. Church. The class day program consisting of a four-act play, "The Laughing Cure," was presented Monday night by members of the senior class.

In addition to many of the school's patrons there was a large number of white citizens present at the exercises last night. H. C. DuBose, a member of the city council, was present and made a short address in which he praised the work of the colored schools and urged an increased attendance in the future. His remarks were greeted with a great deal of applause.

Mr. DuBose's address was preceded by a program of music and speeches by members of the graduating class. Presentation of the diplomas was followed by singing of the class song by the graduates. Mrs. A. M. DeForest, after a short talk, presented to Charity DeLaney a prize of \$10, given by the Sallie Harrison Chapter of Daughters of American Revolution for the best essay on the subject, "Why Should I and How Can I Become a Good American Citizen."

Mrs. John Leonard, in behalf of the same organization, presented a prize to Rita Faircloth, a pupil of the eighth grade, for making the highest average in American history.

Awards were also given by the High school teachers for best records made in punctuality and attendance. Those receiving these awards were: Theon White, Leon Dixon, Lina Greer, Ethel Jackson, Ethel Thomas, Willie M. Simmons and Chaiety DeLaney.

Members of the graduating class are: Ernest Jackson, Malvin White, Clarence Frazier, Ethel Jackson, Willie Mae Simmons, Lillie Carey, George Jackson, Leon Dixon, Ernest Robinson, Marie Jones, Ethel Thomas and Theon White.

Dope Pail Is Upset In First Matches In High School Tennis

The Sanford High School tennis tournament got off to a flying start Friday at the Ninth Street Park. Rare form was shown by the contestants and several fast matches were witnessed by a small gallery.

In the first match, Zachary upset the dope bucket by defeating Arrington in the hardest fought match of the day. The match went the full round of three sets. Arrington started off with a rush taking the first set 6-3. Zachary surprised everyone by winning the next set 6-1. The final set was won by Zachary 6-2.

In the next set the dope pail was again upset when King defeated Mabry. Mabry was not in his usual form and King, playing a very steady brand of tennis, won in straight sets 6-2 and 6-3.

Speer, with rare form and accurate placement shots, had little trouble in defeating Byrd in straight sets 6-1, 6-3. Byrd usually plays a different brand of tennis than he displayed yesterday afternoon.

Legislators of South Florida Opposed To Districting Bill

(Continued From Page One)
North Florida would have 60 per cent more representation according to population than South Florida. Referring to the smaller counties in both sections, he declared that the small counties, several district proposed by his bill in South Florida had one-third more population than those in North Florida.

"South Florida," he declared, "under the constitution, is entitled to 19 senators, North Florida to 11. We asked 18 and were willing to give you 21. Now we ask 17, and offer you 21."

Representative Bell, in the debate, declared that the senate plan of reapportionment was "eminently unfair," and that, at least, South Florida should be allowed to say where the six additional South Florida senators should be, and how the counties should be placed.

That all the reapportionment bills so far introduced are unconstitutional was the contention of Rep. McCracken of Palm Beach, who quoted figures to support his argument that the reapportionment proposed was not along the lines intended by the constitutional amendment providing for the reapportionment.

Experience makes some people sadder and wiser, while with others only one of the symptoms is apparent.—Detroit News.

EAT TOO FAST

South Carolinian Took Black-Draught For Indigestion, and Says He Could Soon Eat Anything.

Baltimore, S. C.—Mr. W. B. Bouknight, of this place, gave the following account of his use of Theodor's Black-Draught.
"Just after I married I had indigestion. Working out, I got in the habit of eating fast, for which I soon paid by having a tight, bloated feeling after meals. This made me very uncomfortable. I would feel stupid and drowsy, didn't feel like working. I was told it was indigestion. Some one recommended Black-Draught and I took it after meals. I soon could eat anything any time.

I use it for colds and biliousness and it will break up a cold and carry away the bile better and quicker than any liver medicine I have ever found."
Eating too fast, too much, or faulty chewing of your food, often causes discomfort after meals. A pinch of Black-Draught, washed down with a swallow of water, will help to bring prompt relief. Bloating, sensations, eructations, bad breath and other common symptoms of indigestion have disappeared after Black-Draught has been taken for several days. NG-161

DELIGHTFUL BRIDGE PARTY IS GIVEN FRIDAY AT THE WOMAN'S CLUB

One of the most enjoyable affairs of the present season was the bridge party given Friday afternoon at the Woman's Club by Mrs. T. Lucian Dumas, Mrs. G. Frederick Smith, Mrs. Milton Harvey Mabrey and Mrs. Raymond Clarke Phillips.

Receiving their guests, Mrs. Dumas wore a gown of lavender voile trimmed; Mrs. Smith wore a gown of white flat crepe heavily embroidered; Mrs. Mabrey also wore an embroidered gown of white crepe and Mrs. Phillips was gowned in a frock of lavender georgette, trimmed in metal lace. Miss Sarita Lake presented the tallies and the hostesses were assisted in placing their guests by Mrs. Forrest Lake, Mrs. W. J. Thigpen and Miss Kathryn Wilkey.

The club auditorium, which lends itself so beautifully to decorating, was never lovelier. The color motif of pink and green was enchantingly carried out by the use of an abundance of pink, radiance roses and fern. The columns and balcony rail were entwined with asparagus fern interspersed with myriads of pink roses. Bowls of roses were placed in artistic arrangement about the room. The punch bowl was placed upon a table with a pink cover over white fern and roses were banked. Mrs. A. Raymond Key served punch throughout the afternoon.

Mrs. Forrest Lake, for making high score, was awarded a set of crystal sherbert cups. For second high score, Mrs. W. J. Thigpen was awarded a silver bud vase. Mrs. John McKee for low score, was presented a small silver trophy cup and Mrs. E. P. Morse for the cut prize, was presented a set of crystal sherbert cups.

The hostesses were assisted in serving the dainty ice course, which further carried out the color scheme, by Mrs. B. F. Whitner, Jr., Mrs. Hawkins Connelly, Mrs. B. D. Caswell, Miss Ethel Henry and Florence Henry.

There were 2 tables of players and 12 tea guests present to enjoy this most delightful affair.

Lovely Courtesy Given In Honor of Miss Leola King Thursday Night

Mrs. Sarah J. Stewart, Mrs. Forrest Gatchell and Miss Minnie Stewart were hostesses to the officers and teachers of the Baptist Sunday School Thursday evening honoring Miss Leola King, June bride-elect.

The rooms of the primary department were beautifully decorated with white snap dragon, carnations and hanging moss. Quantities of green were used, the color scheme being green and white.

Miss Margaret Davis played "The Rustling of Spring" in her charming manner. Following this a quartette composed of Mrs. Colclough, Mrs. Glenn, Mrs. Phillips and Mrs. Betts sang "There's a Wedding in the Forest."

An original contest entitled "The Wedding Journey" furnished merriment, having blanks filled with names of Sunday school officers. Dr. G. S. Selman won the prize.

A new book, which is presented to Miss King, Little Miss Cornelia and Miss Treasie McCrae gave several readings. A. M. Phillips and Forrest Gatchell sang "I Love You Truly."

At this time John D. Jenkins, Superintendent of the Sunday School presented a silver bon-bon and cake holder as a token of appreciation and expressed regret that the Sunday School had to lose so valuable an associate and officer.

While a dainty ice course was being served, Mrs. Maines played several numbers. About 50 guests were present.

Surprise Party Given For Clarence Duffin Jr.

Wednesday evening Mr. and Mrs. Clarence R. Duffin entertained with a surprise party celebrating the birthday of their son, Clarence R. Duffin, Jr.

Mr. and Mrs. Duffin arranged the surprise by having dinner in a down town cafe. Upon their return home they found the house filled with guests. The rooms had been beautifully decorated with pink love vine and many gorgeous pink radiance roses, artistically combined with fern.

The evening was pleasantly spent in games and dancing. At a late hour refreshments were served by the hostess, who was assisted by Mrs. Smith and Mrs. Schaal. The table was most attractive with its decorations of pink and white and a birthday cake holding candles in the place of honor.

Those present were: Mr. and Mrs. Smith, Mrs. Mary Schaal, Mr. and Mrs. Duffin, Miss Nelda Van Ness, Miss Mildred Roberson, Miss Georgia Calhoun, Miss Mary Stoinoff, Miss Gladys Stemper, Miss Juanita Smith, George Mero, Claude Locke, Claude Roberson, Henry Jones, Dan Hansell, Muriel Roberts, Earl Bossey, Joe Ludwig and Clarence Duffin, Jr.

Saturday Evening Sermon

ing up the very elements that enter into greatness. Few sermons would be preached or heard if preachers wrote and preached only masterpieces—and so perhaps, the clergy are the one privileged class, inasmuch few would be offended if we remembered that "silence is golden" until we could deliver ourselves of masterpieces.

First Baptist Sunday School Here Leading Attendance Contest

The Sunday School of the First Baptist Church has forged ahead in the attendance contest with the Sunday School of the Gainesville Baptist church which has been in progress for the past seven weeks according to the announcement of Superintendent John D. Jenkins, the score now standing 3,771 for the Sanford Baptists against 3,411 for the Gainesville church, a lead of 360.

The Gainesville Sunday School has led in attendance on only two Sundays since the contest began on April 5, and this, the Sanford Sunday school officials claim was on account of rain here.

The score as compiled by the two Sunday schools now stands as follows:

Gainesville	Sanford
April 5.....418	April 5.....352
April 12.....522	April 12.....407
April 19.....552	April 19.....520
April 26.....460	April 26.....536
May 3.....428	May 3.....509
May 10.....511	May 10.....566
May 17.....471	May 17.....581
Total.....3,411	Total.....3,771

SANFORD'S TEAM IS STILL JINXED AND LOSES 5 TO 4

League Leading Bloemen Take Second Contest Of Series on Home Grounds By a Very Narrow Margin

Sanford's jinx, banished Thursday when the Celerymen won a 4 to 1 victory from the Saints, was back on the job yesterday afternoon, and Sanford lost one of those see-saw games, which was anybody's until the last out was made.

The Celery-Feds obtained a two-run lead in the second inning by taking advantage of an error and two hits.

The visitors evened this in the fourth when, with a walk, a single and a double, they put over two. In the fifth neither side was able to cross the plate. In the sixth both sides made one. St. Petersburg obtained the lead in the seventh and in eighth another was scored. Sanford added another in the eighth, lacking one to make things even.

Hewitt had a slight edge on Alvenson throughout, allowing seven hits to Alvenson's nine. Alvenson passed three and Hewitt one.

There were only two plays of spectacular nature on either side. In the fourth Walzak made a brilliant stop of a grass cutter hit by Edwards, throwing him out at first, and in the seventh, Abell ran back to the grand stand and stabbed a foul hit by Messner, this out probably preventing further scoring by the visitors.

Fisher and Luther Start For Their Teams, But Are Relieved in Fifth By Alvarez For Tampa and Big Ery

LAKELAND, May 23.—Highlanders won the second contest with the Tampa Smoilers here yesterday after some vigorous battling by both clubs by a ten to six score. The game was divided into two halves with the opening pitchers for both teams driven from the mound in the fourth. Fisher being taken out at the end of the fourth and Luther in the start of the fifth. Ery went without giving a hit for the balance of the game for the Highlanders, while Alvarez was only touched three times.

GIANTS LOSE TILT AFTER BRILLIANT BATTLE AT ODDS

McGrawmen Overcome Five Run Lead, But Freak Hit For Two Bases and Single Give Pirates Victory in 10th

NEW YORK, May 23.—A brilliant uphill battle failed to save New York from a defeat at the hands of Pittsburgh yesterday, 6 to 5. A freak double by Traynor, which bounded from Terry's shins to the outfield, and a single by Grantham, gave the Pirates their winning run in the tenth.

Score by Innings:
Pittsburgh .500 080 000 1-6-13-2
New York .002 093 000 0-5-11-1
Batteries: Meadows, Aldridge and Smith; Dean, McQuillan and Snyder, Gowdy and Hartley.

ST. LOUIS BEATS BOSTON

BOSTON, May 23.—Rhem held Boston to no runs and two hits for seven innings yesterday, but weakened in the eighth when Boston made two runs. St. Louis ultimately won 8 to 6. In the ninth, Boston scored their other four runs with Day and Sherdel pitching, but the winning runs on base were retired.

The Miracle City of Southern Florida HOLLYWOOD

By-The-Sea

Florida's Year 'Round Resort City

THE ancient idea that Southern Florida was strictly a winter resort section, and only inviting four or five months in the year is fast being dispelled. Each year finds more people remaining through the summer and more vacationists coming.

Hollywood By-the-Sea will from now on be known as an all-year resort city—it is equally delightful in summer as in winter, there are none of those still, humid, sultry days that are experienced during the summer in some of the more northern states, but always that refreshing, cooling ocean breeze, making the days delightful and the nights conducive of restful sleep.

Hollywood By-the-Sea will offer every accommodation and attraction to entertain and amuse the summer tourist and vacationist. The two large hotels—The Hollywood and Great Southern—will remain open all summer and will offer most attractive rates. There will also be first-class furnished apartments and private homes that may be rented for week or month or season at reasonable rates.

One section of the new \$250,000 casino will be open to the public on May 30th providing accommodations for 400 bathers. The new tea room will also open on that date, and will be the scene of afternoon teas, luncheons and bridge parties, daily hand concerts will be given, and water sports and carnivals will be arranged.

Hollywood By-the-Sea with its wonderful climate, its superb location directly on the Atlantic Ocean, Dixie Highway, main line Florida East Coast R. R. and Inland Waterway, its conveniently arranged transportation, reasonable living rates, superb ocean bathing, beach sports, and attractions, golf, dancing, fishing, theater, music and its most unbelievable growth in three years—makes it the ideal all-year resort city of Florida.

When Sande and Flying Ebony Triumphed

Under the skillful handling of Earl Sande, jockey, who recently left a hospital car, Flying Ebony raced to victory in the Kentucky Derby. It was the first time in the history of the great racing classic that a field horse finished first. In the top picture Sande is shown near the rail leaving Flying Ebony out for the home stretch. Below, Sande is shown leading for the wire.
