

Cards Smash Brooklyn In Series Opener

Max Lanier Chalks Up 12th Win With 4-Hitter, Slicing Lead To 6 1/2 Games

ST. LOUIS, Aug. 25, (AP)—The St. Louis Cardinals flashed to a 7-to-1 victory over the Brooklyn Dodgers last night before 25,538 enthusiastic fans, slicing the league leaders' margin to 6 1/2 games.

Mgr. Billy Southworth's choice of left-handed Max Lanier to butt this first of a crucial four-game series with Dem Bums was an excellent one. The four-hitter was Lanier's 12th win against five losses.

The stoical southpaw from the very first proved master of the contest. He allowed only one hit in the first seven innings, a double by Micky Owen with two away. The runner was left stranded when Riggs rolled weakly off a Brown a minute later.

During these first seven frames only two other Dodgers got on base—by errors. Lew Riggs reached first on Jimmy Brown's mis-play and scampered to second on Larry French's sacrifice. He died there when Peeewe Reese popped to Brown.

The fifth Joe Medwick was safe at first on Marty Marton's high throw to Johnny Hopp but Johnny Riggs ended any threat of scoring by bounding into a double play.

Lanier relaxed, temporarily, in the eighth when two hits, a single by Owen and a double by Riggs, gave Brooklyn its only counter. He allowed another hit in the ninth and then retired the side without further ado.

Besides striking out four men, Lanier showed perfect control in not allowing a batter to get on base via the base paths.

French, whouffed his second defeat—both administered by the Cardinals—as against 13 strikeouts, was in trouble in all the five innings he pitched. He was picked for at least one bludge every inning, and the Redbirds bunched four safeties and a double steal to score three runs in the fourth.

MAY BELL HURLERS

PHILADELPHIA, Aug. 25, (AP)—Reeper circulated yesterday that the Philadelphia Phillies either pitcher Tom Hughes or Frank Malton, or both, in order to raise money to pay their debts.

Unofficial home attendance at the Phill to date 201,116, well below last year, and Gerry Nugent, president of the club, declared "the dwindling attendance is disappointing." He declined comment on the reports Hughes or Malton would be sold.

HENRICH SWORN IN

CLEVELAND, Aug. 25, (AP)—Tommy Henrich, New York Yankees outfielder, was sworn into the Coast Guard yesterday.

Henrich passed his physical examination last week. After yesterday's ceremony he left to join the Yanks. He will remain with the team until the Coast Guard calls him for duty.

2 Ex-Gator Stars Are On All-Army Team Under Wade

LOS ANGELES, Aug. 25, (AP)—Max Wallace Wade leads a football team into the famed Rose Bowl today—a different sort of team.

It's a collection of former college and professional stars banded together under the Stars and Stripes of the U. S. Army. It's the Army's Western aggregation which plays the Washington Redskins in Los Angeles Coliseum August 30.

Wade, who played in the Rose Bowl himself in 1916 with Brown University and returned later to lead teams from Alabama and Duke, brings his 46-man squad to Los Angeles from Camp Cooke where he has been turning up the Army eleven for several years.

Wade has one team pretty well selected. It includes eight men who played football at Texas A. & M. College, one from the University of Texas, and two ex-Florida men.

In the backfield he has John Kimbrough, Jim Thompson, Bill Crutcher and Marion Pugh, all Texas Aggies. Linemen include Henry Hausler, Leonard Dickey, Joe Routh, W. H. Dawson of the Aggies, Park Myers of Texas and Forrest Vergrauen and Julius Baktista from Florida.

MAJORS GO OVER TOP IN WAR CONTRIBUTIONS

NEW YORK, Aug. 25, (AP)—The major league baseball players have gone over the top in their contributions to war relief funds.

The majors had set \$500,000 as their goal for the Army and Navy Bonds from games played in each of the leagues' parks.

A compilation by the Associated Press Monday showed an unofficial total of \$617,964.11 had been raised.

Top-Seeded Ted Schroeder Will Have Hard Job At Forest Hills

NEW YORK, Aug. 25, (AP)—Ted Schroeder Jr. of Glendale, Calif., who has been a standout performer in major tennis tournaments this summer although he is only fifth in the national rankings, Monday was given first place in the seedings for the national singles championships at Forest Hills, Aug. 27-Sept. 7.

He also was given a somewhat tougher assignment than Frankie Parker of Los Angeles, the third-ranking player who was seeded right behind him.

Placed in the lower half of the draw, Schroeder will meet Lieut. Russell Bollitt of Fort Knox, Ky., in the first round and then, if everything goes according to form, Sidney B. Wood Jr., former Wimbledon champion who was seeded fifth, and Lieut. (G) Gardner Mulloy of the Jacksonville, Fla., Naval Air Station, seeded third.

Also in the lower half are Ladislav Hecht, former Czechoslovakian Davis Cup player, and Alejo Russell of Argentina, seeded second and third on the foreign list, and George Richards of Montebello, Calif., No. 8 on the domestic list.

In the upper half with Parker are Seymour Greenberg of Chicago, William Talbert of Cincinnati, and Harris Everett of Jacksonville, Fla., seeded sixth, fourth and seventh, respectively, and Francisco of Ecuador, top-seeded foreign entry and recent winner of the Longwood Bowl tournament.

The eight seeded players in the field of 60 for the women's singles are Louise Brown of Beverly Hills, Calif., Pauline Betz and third on the foreign list year to Mrs. Sarah Palfrey Cooke who will not defend her title; Margaret Osborne, San Francisco; Helen Bernhardt, New York; Mary Arnold, Los Angeles; Mrs. Patricia Canning Todd, New York; Doris Hart, Miami, Fla.; and Mrs. Helen P. Ribanay of New York.

ON THE SPOT

By DILLON GRAHAM
Wide World Photos

NEW YORK, Aug. 25, (WV)—Some time before the snow falls we may have at least three new world boxing champions.

Along Jacobs Beach you hear that Lulu Constantino, Alie Stolz and Ray Robinson are three contenders sure to win crowns whenever they can get the current champions into the ring with their titles at stake.

Constantino lost a non-title duel with feather-weight ruler Chalky Wright sometime ago and Stolz dropped a close championship encounter with lightweight king Sammy Ang it. But the boxing boys believe these youngsters will win the crowns whenever they get title shots.

Robinson, the Harlem biter who has never lost a bout, probably carries too much artillery for Freddie C. Cochrane, the welter-weight king. Cochrane is a sailor now and will have to get leave from the Navy before he can take on the lean larruper from New York's colored belt.

Constantino had won more than 50 straight fights before he lost to Wright. Opinion at the ring-side was divided on this one, some believing Lulu had the edge. They're booked to go again September 25 and this time Lulu can take the title out of the ring with him if he's good enough.

Tami Mauriello's draw with Bob Pastor and his victory over Red Burman have caused the experts to rate him the best of the heavyweight prospects, behind Billy Conn and possibly Pastor. Mauriello will have good grounds for a title bid if he gets past Lee Savold, who is on the upgrade again.

There is a possibility that Joe Louis may put his championship on the line in late September. That's not because of any family feud because there's no love lost

Two baseball immortals met at the Yankee Stadium in New York at the benefit game for the Army and Navy war relief fund. Pitching is Walter Johnson, one of the greatest pitchers of history, and Babe Ruth just tried to paste the apple out of the stadium. It was a foul tip, but a few minutes later Babe knocked one into the stands for a homer.

And, if Army permission can be had, Joe will battle it out with Conn.

And, in such case, Billy will have one loud supporter—his father-in-law, Jimmy Smith. Mike Jacobs wants a big fight that's not because of any family feud because there's no love lost

American Troops Are Gaining Second Round In Solomons Battle

Fight Is Spreading; Jap Gunboat Sunk, Convoy Smashed; Tokyo Is Silent

WASHINGTON, Aug. 26. (AP)—The damaging of six more Japanese ships in great sea and air battles for the Solomon Islands was announced by the Navy today in a communique which said that the results of the fight to date "are encouraging."

Thunderous sea and land battles raging on the far sides of the globe held the fate of World War 2 in delicate balance today.

In the Solomon Islands, American and Japanese forces, locked in a conflict which may determine naval supremacy in the Pacific, fought over a widening area today as the Japanese sought to rush reinforcements to the battle scene, 900 miles northeast of Australia. Washington officials say "We are winning the second round of the battle of the Solomons. The round is not over yet."

Pacific Allied bombers smashed an east-bound Japanese convoy today, 180 miles off New Guinea as the enemy sped reinforcements to the huge armada seeking to regain American-captured bases in the Solomons. A communique said Allied airmen destroyed a Japanese gunboat and battered two enemy transports.

Tokyo is silent on the battle, but the German radio said, with confirmation that the Japanese sank a U. S. Navy cruiser. In China, Japan's invasion armies apparently are planning a new venture elsewhere in the far Pacific and are reported to be still withdrawing from the China east coast provinces. The Chinese announce the recapture of the eleventh important city in a week.

Allied planes destroyed a Japanese gunboat and strafed two Japanese transports in a convoy off the southeast coast of New Guinea yesterday. It was announced today.

It was not immediately disclosed whether the convoy was enroute to reinforce the Japanese counter-attack in the Solomons Islands, but this is possible since the attack occurred south of that general area.

Both fighters and bombers took part in the attack, a communique said.

Allied fighters also destroyed 12 Japanese planes on the ground at Buna, on the Papuan Peninsula of New Guinea, and bombers dropped eight tons of explosives on Rabaul, Japan's big air base in New Britain.

The Solomons campaign burst into violent fighting after a period of doubtful activity marked on Aug. 22 by an enemy air attack on Guadalcanal Island in which 21 Japs planes were shot down while American forces suffered only minor damage. On the same night enemy destroyers bombarded marine shore positions.

175 Drivers Get Permits For Year Starting Oct. 1

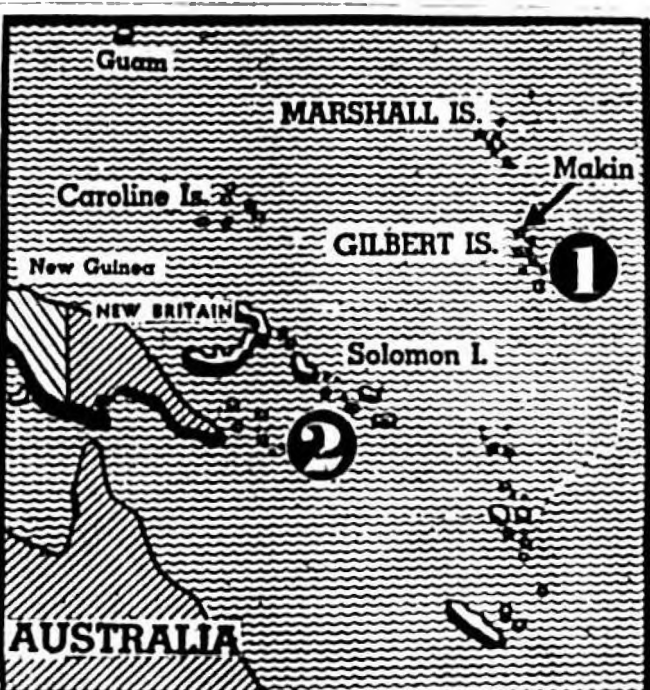

About 175 drivers licenses for the year starting Oct. 1 have been purchased from the office of the county judge since they were placed on sale Aug. 20, E. W. Ware said this morning, urging drivers not to delay in securing the license.

"Soon there will be hundreds standing in line to get the permits," he said. "I would be willing to obtain them now." He estimated 5,000 persons will apply for licenses this year as compared with 9,000 issued last year. The same schedule of fees applies this year, with a 10-cent charge for junior operators and 25-cent charge for chauffeurs, truck drivers and others.

Drivers are urged to be ready to present the old license at the time of application. If the license is lost, a duplicate must be obtained from the State Department of Public Safety at Tallahassee.

Others who are obtaining Florida licenses for the first time must undergo driving tests under supervision of the State Highway Department.

U. S. Marines Raid Makin Island

It was announced by Adm. Nimitz, commander of the Pacific Fleet, that U. S. Marines, whose officers included Maj. James Roosevelt, eldest son of the President, made a hit on Makin Island (1) one of the Japanese-occupied Gilbert Islands, killing 100 Japs, destroyed their airplane base, radio installations and other stores. The leathernecks smashed a Japanese counter-landing on the Solomons (2) by killing 670 of 700 troops who came ashore from speedboats; the remaining 30 were taken prisoner.

Problems Arise From Persons Who Follow Bases, Telle Says

Liquor drinking and prostitution will be the two main problems that will arise here when the Naval men arrive at the base, but they will not be caused by the sailors themselves, according to persons who follow the camp for personal financial gain. Rev. J. Telle stated today at the Kiwanis luncheon at the Valley Hotel.

"The City and County Commissions should be informed about this matter," the Methodist minister stated, "and cities, which list these things in and now are trying to get them out, are having trouble with them."

Howard Long, agricultural group chairman, stated that farmers have a great prospect for the coming season. Early seed beds and plants did not come out very good, but later beds are coming along nicely, he said. "About the same acreage will be handled this season, although a lot of farmers are going in for other crops than celery," Mr. Long also praised farmers for their co-operation in scrap drives.

Brief reports on various committees were made by Lester Tharp, Earl Hoy, Hasky Wright, G. D. Workman, T. W. Lawton, Sanford Doudney, Basil Moore, Dr. L. T. Doss, Mr. Shames, John Leonardy, Ralph Smith, Dr. W. H. Tucker and Mr. Jinkins.

E. C. Harper, club president, urged Kiwanians to attend the big send-off program planned Saturday morning for a large group of local men who will leave for Camp Blanding. He also announced a directors' meeting will be held 8:00 o'clock Friday night at the Valley Hotel. Harry Knell, honorary member, was welcomed back to the luncheon, after having suffered a fall at the Air Base. Guests were Rev. J. H. Thompson of Orlando, Rev. Telle and Mr. Pendergrass.

King's Brother Is Killed In Crash

LONDON, Aug. 26. (AP)—The Duke of Kent, youngest brother of King George VI, was killed yesterday in the crash of a Sunderland flying boat en route to Iceland on active service as air commander.

The Duke died on an official R.A.F. business trip in his capacity of a staff member of the air force. A brief announcement from the Air Ministry gave no details of the crash, and official circles maintained a strict silence.

President Is Mum On Political Question

WASHINGTON, Aug. 26. (AP)—President Roosevelt married yesterday a question whether he would support John J. Bennett for the Democratic nomination for the Governorship of New York.

Bennett was nominated over Sen. James Mead, who had the Chief Executive's endorsement.

The President was asked at a press conference whether any telegram of congratulation had been sent, either to Bennett or James A. Farley, New York State Democratic chairman, who managed the Bennett campaign for the nomination. Mrs. Roosevelt said he did not think anybody had had time to send a message.

Farewell to August

(After reading Horace)
Now is the season of the edging
twilights
The frosts are coming and the
berries go
The maples soon will burn their
flaming torch lights
The birches have a yellow leaf
to show
You can but hasten now to walk
and wonder
Being frozen just to love and
hold the day
For bright hours shrink and the
quick sun goes under
Losing the ridges where the
dark pines stay

Upon the river are the curled
leaves floating
Small ships of summer, launch-
ed from fading shores
A cricket has outlived for care-
less boating
Drifting in danger near a pick-
erel's jaws
The bullfrog, coldly planted in the
mud
Breeds on best grounds that see
the hills bud
ADIN BALLOU

This war is being fought on so
many fronts, it almost seems
pointless to talk about a second
front.

Although sugar has been rationed
we have not noticed any
diminution of those syrupy
breads that infect the air ways.

A headline in one of the net
population newspapers reads "Brit-
ain Told to Plan Now for Peace."
Somebody hasn't been keeping
up with the war news.

In the last World War it was
the Kaiser who was the target
of our deepest hate. In the
present conflict it is Mr. Kaiser,
who is the object of our affec-
tion.

Lack of sufficient tank cars is
complicating further the gaso-
line shortage throughout the
country. We know a few human
"tanks" who can carry a suf-
ficient load to relieve most any
situation.

Hedy Lamarr has joined the
list of motion picture luminaries
who will participate in next
month's war bond rallies. We
sincerely trust that next
month's war bond rallies will be
a success.

Formation of a corps of kangar-
oos in Australia seems to be
the logical thing. They would
come in mighty bands to help
our boys hop from island to
island in re-taking the East
Indies and the Philippines.

"Yes We Have No Bananas,"
is a song that will be sweet
music to the ears of many a citrus
grower this year. Lacking the
transportation due to shipping
difficulties, the orange and
grapefruit market should have
a pleasant season.

Germany seems to be spread-
ing out farther and farther de-
spite the most energetic efforts
of the United Nations and Rus-
sia. However, we have hopes
that "growing" pains will soon
set in and the victim will have
to be put to bed.

We don't know this for cer-
tain, but we have it on good
authority that the Daytona Beach
Chamber of Commerce had some-
thing to do with getting the
Germanians to carry their debris
to some other strand less
popular with tourists.

The Duke of Kent has been
sent on a military mission and
President's son was in the
middle of the Berlin island attack,
which should have a re-
sounding effect on those persons
who contend that the boys
don't get never harassed.
It's just a matter of time.

Dogs Answer the Call

In the long and honorable history of the dog, man's
best friend, there have been many examples of heroic
deeds, brave deeds performed, and valorous missions
completed, but in all the annals of canine usefulness, we can
think of none that is better suited to the breed than that
of smelling out some crawling Nazi or sneaking Jap and
giving the alarm to our own men.

It is a pretty tough assignment to give any dog, but
our enemies being what they are, we know that our vast
family of hunting dogs, police dogs, ordinary house pets
and what have you, will rise to the occasion and make a
contribution that will be recorded as one of the major fac-
tors in the prosecution of the war to successful fruition.
Our enemies have shown themselves to be of the very
type that needs the use of something keen-scented, sharp
of hearing, and penetrating eyesight to detect the kind of
vermin that crawl and sneak and otherwise take advantage
of every means to ambush, attack from the rear, or do
anything else but "come out and fight" as most Americans
have been taught to consider the honorable way of settling
things.

It is a sad but accurate commentary on our adversaries
that we have to turn to dogs in order to meet the type of
warfare that Germany and Japan are past masters of, best
characterized by the tactics used by the sneak thief and the
coward. But we need not fear that they can get away
with it, for this is a country of a large dog population and
a big recruiting drive is on, so that we can have an army
of trained dogs to detect the "skunks" before they have a
chance of achieving an advantage in the most despicable
way, sometimes accomplished by using the technique of a
slithering snake.

Is There Nothing Like Nazis?

The satisfactory thing to call Japs and Nazis? Still
unsolved, the problem arises day and night, and not even
the Mayor nor Winston Churchill has met it with real
originality. Gifted baseball fans, epithetical statesmen
and little boys can only stutter in the face of this gaping
opportunity.

Outrageous—to call such a peaceful, non-interfering
reserved, neat, well conducted creature as a skunk a Nazi.
Rats, too, while they will stop at nothing in the hunt for
food, take no prisoners to torture, miseducate no offspring
of others, inflit their own customs upon no alien animal,
and when they have enough to eat make no trouble. As for
snakes, all they ask is to be left alone. Wart hogs and
crocodiles, it is true, do look like antichrist, yet the new
exhibit at the American Museum reminds us that croco-
diles are the closest living relatives of such charmers as
blue-birds and tanagers, while no kind of hog hates. Spiders
cannot be herded and, as a matter of fact, practice no
treachery: Let the flyer beware. Hyenas, jackals and vul-
tures lack esthetic habits, but are without malice or pain
posity. None corrupts the living brain.

So what to call Japs and Nazis without injustice to
higher beings? "Remoras" would do for Fascists, because
the shark-sucker voluntarily attaches himself to a mon-
strous killer. But if we say "slime molds" for example,
then although that sounds right—we wrong the primor-
dial substance that brought life to the world, instead of
taking it. Scum may be wholesome. Surgeons esteem
many maggots. Streptococci have useful connections.
That leaves us with—well, "blight" is good. Perhaps
there's nothing for it but to consult the doctor, who gives
us, for the Axis, sepsis, sclerosis and necrosis. Or is there
simply no name in nature—nothing outside the world of
gargoyles and nightmares—that just fits?—New York

Over 17 Million Are Expected To Be In War Work

By SAMUEL A. TOWER
WASHINGTON, Aug. 26. (W
W)—One out of every seven men,
women and youngsters, a total
of 17,500,000, is expected to be
in war industries by the end of
this year.

But the 12,500,000 war work-
ers now employed represent al-
most all of the trained labor sup-
ply. Where will we get the 5,
000,000 more needed in 1943,
plus additional manpower in 1944?

Vocational education is the an-
swer. The Vocational Defense
Training Program has been as-
signed the task of converting
hundreds of thousands of "raw"
civilians into skilled workers.
White collar workers, women
new devoting their time to cook-
ing or bridge, youngsters looking
for their first jobs and many per-
sons unemployed by the war are
donning overalls and black-and-
learning to wear them on the
assembly lines.

Take the case of Average Jones,
a college graduate, with a wife,
two small children, a car and an
executive position in an automo-
bile finance company. When the
war halted automobile manufac-
turing and credit rules were
tightened, his company went out
of business. The Jones' car went
and the savings were beginning
to go, when he got an opportu-
nity to go to vocational school. Now
he is learning welding from mid-
night to 8 A.M., and there is a
shipyard job awaiting him when
he "graduates."

That's the way the training
program works. It watches the
output of government contracts
and the trained labor supply on
hand. Then it sets up training
programs to fill up the gap be-
tween supply and demand.
Right now, there are serious
shortages.

That Extra Something!

...You can spot it every time

OF COURSE the Armed Services get Coca-Cola just as they get all the good things that are wanted and needed to do each job.

Coca-Cola has that extra something to do the job of complete refreshment. It has a taste that's uniquely satisfying—a quality that's unimitatable. And there's a real reason for that. Coca-Cola holds the original secret of unique refreshment... a finished art in its making... a blend of wholesome flavors that can't be copied.

Your experience has demonstrated this special something in Coca-Cola... refreshment with no cloying after-taste... refreshment in the finest form. The only thing like Coca-Cola is another Coca-Cola.

It's natural the popular means to refresh themselves think that's why you have Coca-Cola in every branch of the Armed Services. It's the only thing coming from a single source that's so good in the moment.

St. Louis Takes Second Tilt From Dodgers, 2 To 1

Gains On Leaders By Winning Pitchers Battle In Last Of Fourteenth Inning

ST. LOUIS, Aug. 26. (AP)—The Cardinals pushed across a run in the last of the 14th inning last night to down the Brooklyn Dodgers, 2 to 1, for the second consecutive night. A record night crowd of 32,250 cash customers crowded Sportsman's Park.

Marion scored the winning run of the grueling three-hour and 35-minute contest in the last of the 14th after the bases had been loaded on two hits and a walk. He went home a shade ahead of Riggs' throw on Moore's bounce in the grounder between third and short.

The opposing hurlers, Morton Cooper and Whitlow Wyatt set each other's teammates down in 1-2-3 order in the first three stanzas.

Both teams went down in order in the fourth, but the Dodgers (brave) in the fifth and caused a momentary flurry in the cards' bullpen.

The Dodgers broke the scoreless tie with a run in the 13th. Owen opened the inning with a single and went to second on Wyatt's sacrifice bunt. Riggs then lined a sharp single to left center and Musial had no chance to catch Owen at the plate.

The Cardinals cannot look to knot the wire in the last half of the 13th, and only a sensational stop by Billy Herman prevented them from spinning the game. After Moore had died to Reiser, Slaughter walked. Musial drove a single to center. Slaughter stopping at second. Walker Cooper followed with another line single to center, scoring Slaughter with the tying run.

With left-handed Hopp the next batter, the Dodgers replaced Wyatt with southpaw Larry French. The Cardinals countered by sending Coaker Trippitt in to bat for Hopp. Trippitt drove the fire pitch to the right of Herman and he made a back-handed stop, raced to second and threw to first for a double play.

He Started the Fourth with a Double but Was Left Stranded and He Died Again in the Sixth After Singling with Two Out. It Was Rip's 14th Victory and His Fifth Shutout of the Year.

Pittsburgh, Aug. 26. (AP)—Rip Sewell allowed the Boston Braves but three hits, all by Pittsburgh Pirates, romped last night to a 6-0 triumph. Jimmy Wadell opened the scoring with a first-inning homer and a three-run fifth-frame rally clinched the contest.

India has about 100 languages, although only 16 are spoken extensively.

packed hallway is warming up comfortably. The last of the strikers move into the shelter and the doors are closed. It has taken 14 minutes for the senate side of the Capitol to get to their shelter—enough time for bombers from beyond Baltimore to reach here, drop their eggs and scot for "home."

The senators seem unruffled. Sen. Elmer Thomas moves about, immaculate as ever, and apparently as cool. Senators Vandenberg and Danaher stand chatting in a doorway with Minority Leader McNary. Even in an air raid, the Republicans stick together. Senators Taft and Byrd are wandering restlessly through the crowd.

Then the "all clear" sounds. The senators go to their offices. The clerks and the newsmen go back to work. The sightseers rush off to write letters home.

WASHINGTON

By JACK STINNETT

WASHINGTON, Aug. 26. (AP)—It is one of those off-days and there is only a scattering of senators to their seats or wandering in and out of the cloakrooms. There is a handful of newsmen in the press gallery. The public galleries hold perhaps 150 persons.

So faint that it almost is no noise at all, the sound of a siren drifts down through the skylight in the press gallery. The public galleries hold perhaps 150 persons.

But now we are piling into the air raid shelter—a basement hallway of the Senate office building. The air conditioning has been shot off and already the
