Acheson

(Continued from Page One) In view of the pressure here for the first time of a representative of the Peiping regime.

Austin said he had used the word "aggression" in his speech on the instructions of Washington.

He charged the Peiping regime had persistently strengthened the hand of the North Korean Communists by moral encouragement and military aid.

"That these things were done covertly, now the Peiping regime openly sends its own fighting units in large numbers across the border from Manchuria to join battle with the United Nations.

Austin reminded the Council that the U. N. Commission on Korea reported last June that the Communist North Koreans were carrying out a well-planned, concerted and full-scale invasion of South Korea.

"This prospect was suddenly obscured by the entrance into Korea on a large scale of Chinese Communist forces," he said.

"The Chinese Communists know that their influence in North Korea was in the ratio of one to ten compared with Soviet influence. They know that the Peiping government had so little respect for the North Korean regime as an independent and sovereign government that they refused to establish a Chinese Communist embassy in Pyongyang until July 10, 1950, after the North Korean aggression began, though the Peiping regime was in Western Europe, in 1949 and the North Korean regime had established an embassy at Peiping February, 1950.

After the Jesuits were expelled from Paraguay the natives gradually lost the farming and artistic skills the priests taught them.

Miss Daphne Connelly, president; Mrs. Donald Jones, Mrs. Lauren Johnson, Mrs. J. Jackson, Jr., Mrs. Dale Scott, Mrs. Walter Guthrie and Mrs. Walter Turner.

American Dollars Are Powerful Medium Of Exchange In Prague

PRAGUE, Nov. 27 (AP)—American dollars go farther than Czechoslovak crowns here.

They buy many things cheaper. They buy some things that cannot be had for crowns.

As a symbol of United States influence in the world, they are anathema to the Communist leaders of this country.

There are 10 of them in nine cities, called "Darex, National Enterprises." The name comes from "DAI"—Czech for "gift" and "export."

Actually, it is safe to say that 85 per cent of the customers are Czechoslovak citizens who are lucky enough to have gotten some dollars, and they buy things to use themselves.

There is a fair trickle of dollars into the country. Some people get dollar credits through the bank—and even dollar bills in the mail—from relatives in America.

Others receive dollars from the United States government in checks on account of war and retirement pensions, service insurance, and the like.

A Czech who gets dollars usually heads straight for Darex. There he trades them for merchandise of various kinds in department stores.

But most Czechs pass up such glittering items and go to the food counter of the textile department.

Rice costs 30 crowns a kilogram (2.2 pounds) there, against 400 crowns on the free market; cocoa 80 crowns against 700; good roasted coffee 120 crowns, compared with 800, and tea 180 crowns rather than 1,500.

You can buy a meter of chevot—all wool—in Darex for 400 to 600 crowns. That is somewhat more than you would pay for woolen cloth on ration, but only about a third of what you would pay on the free market.

Senator Wiley (R-Wis.) said he was impressed by the "tremendously threatening" implications of the situation.

Modern Way To Control Roaches

Basement roaches of the Johnston's NO-ROACH, applied by brush in the kitchen, kills roaches, ants, and waterbugs.

What's more, the colorless roach-killer is effective for months and kills the strays that wander in and walk over it. For scientific control, use Johnston's NO-ROACH.

The committee also agreed to a schedule prescribing the rate of earnings to be allowed corporations which pay their excess profits tax on an invested capital rather than an average earnings basis.

There is a fair trickle of dollars into the country. Some people get dollar credits through the bank—and even dollar bills in the mail—from relatives in America.

Britain Seeks End Of War By UN Diplomacy

Attlee Calls Cabinet In Extraordinary Session To Discuss Chinese Situation

LONDON, Nov. 29.—(AP)—Foreign Secretary Ernest Bevin said today Britain still hopes a settlement on "political lines" will end the threat of a third world war over Korea.

"If the Chinese want to avoid general war and if they show the slightest sign of willingness to cooperate in exploring a solution by peaceful means," the Foreign Secretary said, "I am satisfied a solution can be found."

Bevin told the House of Commons at the beginning of a two-day debate on foreign affairs that the recent surge of Red Chinese forces into the Korean peninsula "has not altered my opinion one bit."

"It is on political lines that in the end we must seek the solution," he declared.

"I have been in touch with the U.S. government in the last 24 hours and the U.S. government has reaffirmed their purpose to Korea remains the same as our own; namely to resist aggression, to localize hostilities and to settle the Korean problem on a basis satisfactory to the United Nations."

Bevin said he did not pretend to know the Communist Chinese motive in Korea—whether to safeguard their own interest or from some "imaginary" end or for purposes "of a grand strategy for a bigger purpose."

"Is there a Russian-Chinese conspiracy on a world-wide scale?" he asked.

Ilsa Koch Accused Of Having Lamp Of Human Bones, Skin

By RICHARD K. O'MALLEY
AUSBERG, Germany, Nov. 29.—(AP)—Guests at a birthday party for Ilsa Koch declared a lamp made of human skin and a human shinbone was the most successful gift of all, a witness at her trial testified today.

The red-haired widow of the former Buchenwald concentration camp commander is on trial before a German court, accused of investigating the murder of 45 inmates, the attempted murder of 135 others and brutality.

She served four years of a commuted life sentence on a U. S. war crimes conviction. The Germans are trying her for crimes against humanity committed against German and Austrian nationals.

Joseph Ackermann, inmate secretary to the camp's chief surgeon, Dr. Waldemar Hoven, told a three-judge German court of the birthday party and said he had been charged with seeing that the lamp was sent to the Koch household.

It was a complete shinbone and foot, he said, with a shade made of tattooed human skin.

A camp doctor who attended the party told him "it was the best present of all" and a great success, Ackermann said.

Later, Ackermann went on, Nazi authorities in Berlin heard of the story and ordered an investigation. He said prison physicians hurriedly recalled the lamp from the Koch household, removed the base, and declared it was only part of a medical exhibit used in studies of tattooed skin.

Ackermann said that Dr. Hoven, later executed for war crimes, told him that he had been intimate with Frau Koch "to keep her in good graces."

Hoven, chief surgeon at the camp, advised Ackermann that Frau Koch wielded "immense influence" through her husband and was highly dangerous to cross.

Chinese Red Delegates At U. N. Session

Arriving at the United Nations headquarters at Lake Success, N. Y., to debate Far East issues, members of the Chinese Communist delegation are shown seated in the U. N. political committee. At left is Gen. Wu Hsiang-Chuan, head of the delegation which flew from China. Behind him are delegates Chiao Kuan-Hua, (left) and Pan Shun, British representative K. Young (right). (Associated Press)

Mayfair Inn Completes Extensive Alterations For Opening Saturday

The Mayfair Inn, which will formally open for the winter season on Saturday night, has undergone extensive alterations and improvements during the past few months, Charles Marzan, manager, announced today in behalf of the New York Giants, owners.

The exterior presents a bright appearance with its new white Lumina weatherproof coating. The lawn has been improved, and new flowers, including 100 rose bushes have been planted. Around the swimming pool are a number of recently planted palm trees.

Inside, all of the 164 guest rooms have been repainted and decorated, and the Inn, which can accommodate up to 275 guests, is booked to capacity, said Mr. Marzan.

In the dining room, which was repainted last year, wavy tinted red carpeting has been laid in the aisles. The kitchen has been re-equipped with seven new Viking gas ranges.

The former card room adjoining the main lobby has been converted into a colorful bar with an enclosure of woven rattan from the Philippines. The walls have a rich shade of Shenandoah green and the ceiling is red. Curtains of red, yellow and green damasks have been hung over the windows, and lighting is indirect, with silver chandeliers and wall brackets. Many plants are displayed in rattan containers.

Mr. Marzan pointed out that the old cocktail room has been re-equipped with chairs and tables and will be used for special dinners and parties. The bar in restaurant. Near this, a formerly unused room has been converted into a card and game room.

The heating plant of the hotel has been reconditioned. Among the services offered guests is a beauty shop and a beauty parlor.

Recreation facilities include the swimming pool, tennis courts, shuffleboard courts and archery, and plans are being made for golf tournaments at the Seminole County Club.

Personnel at the Inn include Charles Morrison and Frank McQuinn.

Funeral services will be held at the Stafford Memorial Church in Lake Monroe at 3:30 P. M. tomorrow for George W. Stinson, 67, who died Monday afternoon following a brief illness.

Mr. Stinson was born in Union county, N. C. Sept. 30, 1884. He made his home in Lake Monroe where he was a member of the Stafford Memorial Church. He was also a member of the W. O. W., Celery Camp No. 625 and the Carpenter's Local.

Survivors include the widow; three daughters, Mrs. Pauline Gardner, Lake Monroe; Mrs. Elizabeth Crow, Sanford; Mrs. Margaret Tony, Mayville, Ala.; three sons, Clyde and Roy of Sanford, and Terrence of Washington, D. C.; three sisters, Mrs. Fannie Crowell and Mrs. Lydia McMorris, both of Charlotte, N. C.; and Mrs. Mollie Hartz of Indian Trail, N. C.; two brothers, J. C. Stinson of St. Louis, Mo., and E. J. Stinson of Indiana Trail; 13 grandchildren.

The body will lie in state at the church from 1:00 P. M. to 3:00 P. M., and services will be conducted by Rev. and Mrs. W. E. Kircher. Burial will be made in Evergreen Cemetery.

Binaggio Link Is Denied by Truman Brother-In-Law

ALBUQUERQUE, N.M., Nov. 29.—(AP)—J. F. Wallace, President Truman's brother-in-law, said he did not know last spring that he was talking business with an agent of Charles Binaggio.

He commented in connection with a story published by the Kansas City Star yesterday. The story said Binaggio, Democratic Party leader, murdered on April 15 in Kansas City, was preparing to buy before his death by a smuggling interest in a pumpjack franchise which Wallace is treasurer.

Wallace said he had been approached by Clyde Lockwood, then a sales representative in Vancouver for the General Finance Corp., but "I did not know he was connected with Binaggio. He was mentioned Binaggio."

The Star's story quoted Lockwood as saying he acted as agent for Binaggio in negotiating the investment of \$200,000 in the Pupette Materials Corp.

The firm has been producing a warrant is issued for arrest of Melzac.

PALATKA, Nov. 29.—(AP)—A warrant was signed today for the arrest of J. P. Melzac in the shotgun slaying of his wife and Jacksonville Safety Commissioner Richard D. Sutton.

A warrant also was issued for Sheriff W. J. Bevels by County Judge Causey S. Green for the arrest of a brother, A. G. Melzac, who accompanied him to Sutton's lonely lake-side cabin Nov. 18 to catch the pair in bed together.

The warrant for A. G. Melzac was issued after Robert S. Sutton, brother of the slain man, and G. E. Ellis, Sr., father of Mrs. Melzac, signed affidavits.

Chinese Attitude Causes Hope Of
Peace To Wane In United Nations

LAKE SUCCESS, Nov. 29.—(AP)—United Nations circles privately expressed forebodings today on the chances of localizing the bitter Korean fighting in view of the Chinese Communists' unyielding attitude.

This feeling prevailed even in those non-Communist delegations that had urged bringing the Chinese Reds to Lake Success in the hope some conciliatory agreement could be worked out.

Peiping's spokesman, Wu Hsiang-Chuan, blasted many of those hopes in the Security Council yesterday when he made it plain the Chinese Communists had no intention of withdrawing from Korea. Informants felt his stinging attack on United States policies in the Orient widened the gulf between Mao Tse-Tung's regime and the non-Communist world.

India's Sir Bopendra Rau, who has been expected to take the lead on conciliation efforts with the Chinese Reds, said he had no plan to confer with the Peiping representatives today.

Two American Divisions Fight Free Of Red Encirclement As Chinese Swarm Through Gap

Vegetable Crops Are Hard Hit By Persistent Cold

LAKE SUCCESS, Nov. 29.—(AP)—Florida vegetable growers were only swept into the state Saturday by the cold front which will continue the Federal State Frost Warning Service reported today.

LAKE SUCCESS, Nov. 29.—(AP)—Vegetable growers over most of Florida suffered heavy cold damage last night and early today.

Severe losses extended as far south as Homestead on the lower coast. Frost on 50.60 per cent of the bean crop was wiped out and Lake Okechobee's citrus crop hit slightly in some spots.

More reports of damage to vegetable plants today, but they are in prospect to tomorrow night with frost confined to north Florida.

More reports of damage to vegetable plants from Sunday's terrific cold front coming in today.

Metecologist Warren C. Johnson said it appeared the only escape from the damage was in the Florida Panhandle area.

Johnson reported a six-degree centigrade drop in temperature, and that the temperature dropped as low as 21 in one spot.

Considerable frost was done to truck plantings, but there was much damage to beans and squash.

The mercury ran down 29.82 in the upper Everglades with a few spots dropping to 26. Heavy losses were seen in vegetable at the lake except around Bear City and Lake Harbor and close to the big body of water on the east coast.

All potatoes around the lake were severely damaged, reports showed. Severe damage probably will show up in carrots and cabbage later.

From south of the lake came reports of seven hours of 42 degrees, Johnson said, followed and 30 and Belle Glade a 41.

The rashy area south of Tampa reported 38, but heavy frosts tended cold could have reached about 50 per cent for tomatoes.

Considerable frost collected there today. Cucumbers were hurt.

All potatoes around the lake were severely damaged, reports showed. Severe damage probably will show up in carrots and cabbage later.

From south of the lake came reports of seven hours of 42 degrees, Johnson said, followed and 30 and Belle Glade a 41.

Near Riot Occurs As Georgia Agents Balk Florida Milk

LAKE SUCCESS, Nov. 29.—(AP)—A near riot broke out at a milk plant in the Sanford area today when Georgia agents balked at Florida's milk control laws.

The incident occurred around a milk plant owned by the Sanford Milk Co. when Georgia agents balked at Florida's milk control laws.

Mayor R. W. Harrison said that the Georgia agents were out to force Florida's milk control laws to conform to Georgia's laws.

Harrison said the two agents, R. Sparks and R. J. Bogart, 65, were in the Sanford area to inspect the plant's milk control records.

Harrison said the two agents were "friendly" but when they balked at Florida's laws, a near riot broke out.

Damage Is Reported To Vegetable Crops

Widespread damage to tender crops in the region of Lake Okechobee, and to the tomato and vegetable crops of the lower coast, was reported today by the Sanford Market with most produce.

Further continuation of vegetable shipments including tomatoes, squash, eggplant, peppers, and beans, is expected here, according to local shippers. The growing truck growing area of more than 10,000 acres, mostly south and east of Lake Okechobee, furnishes the Sanford Market with most produce.

There was another heavy frost in the Sanford area last night, but little damage to crops in cabbage, which are about the only crops remaining, has been reported. Citrus apparently, has not been damaged to any extent by the cold wave.

Celery Displayed At Orlando Home Show

Many stalks of locally grown celery were given away yesterday at the Seminole County Youth at the Central Florida Home Show at the Orlando Coliseum.

Betty Lou Partin, Miss Sanford, Dial Boyle and Carolyn Patrick, students from Seminole High School, served as attendants at the Seminole County Chamber of Commerce booth, and participated in the Johnny Olson radio show. During the nation-wide broadcast yesterday noon Chamber of Commerce Manager Ed Whitely presented a crate of celery to Mr. Olson.

Sally Mae Baker Is Found Not Guilty

Sally Mae Baker, Negro, who had been charged with second degree murder in the shooting of James Pope, Negro, as he allegedly forced his way into her bedroom on Sept. 3, at her home in Midway, was found not guilty of the charge by a jury in Circuit Court yesterday. Judge M. B. Smith presided.

The case of Deasy Veloz Spivey, operator of a store on Locust Avenue, who is charged with selling Cuba tickets, was continued until Friday morning at 9:30 o'clock due to the illness of the attorney for the defense, John Leonard.

Sanford Will Get Publicity Break, Kiwianians Told

Writers, cameramen will be guests of Florida Fashions at the Mylar Inn Saturday and Sunday.

The nationwide publicity the Sanford will receive through the visit of more than 40 top-notch writers and cameramen who will be the guests of Florida Fashions at the Mylar Inn Saturday and Sunday was announced today by George Louby and Max Rosel, company public relations officers and Frank Shaver, president and founder. They were introduced by B. B. Conroy, Martin Stimpcher, president.

Mr. Louby pointed out that not only will the story of the four years of unusual growth of Florida Fashions be stressed by the writers, but they will convey the story of Sanford and its growth through the medium of magazine, national circulation such as Colliers, Cosmopolitan and many other publications, and by news reels, radio and television programs.

The guests are due to arrive Friday night at 10:30 o'clock at the Orlando Airport. On Saturday, they will be accompanied by Mr. Shaver and taken on a tour of Florida Fashions and Sanford. A style show and a possible boat trip will be included in the program.

Mr. Louby stressed the Kiwanians' investment in the future of the community by increased contribution to the Chamber of Commerce, the Chamber of Industry, and the Chamber of Commerce.

Russ Allen Aids Movie Company In Filming Picture

Russ Allen, attending the reception for Miss America at the County Club Monday afternoon, revealed that he had been assisting Columbia Pictures recently in the making of a new movie with a Florida setting.

The noted snake expert and naturalist stated that the name of the motion picture will be "The Snake and the Man" and outlines the struggles of pioneer fishermen to get the mail from Palm Beach to Miami. One scene portrays the hero's struggle with an alligator, and Mr. Allen helped simulate and stage the scene.

Hunting poisonous snakes is thought to be a profitable occupation in Florida if the hunter can keep a snake long enough to kill it, Mr. Allen said, who says a dollar a foot for the venomous creatures.

At Silver Springs the snakes are "milked" of their venom regularly. This is valuable to a number of uses including the making of antivenom serum. The venom of mosquitoes is used in the medical profession to combat a bleeding disease.

Mr. Allen termed the diamond snake rattler the most dangerous snake, and the coral snake the most deadly. The successive procedure followed fatalities.

The Sanford Zoo rates among the best in Florida, he declared. Asked what future improvements he would suggest for the Zoo, Mr. Allen said that he would prefer to see the cages as separate units, rather than in rows. This would give the spectators more view of the animals. It would also lessen the possibility of contagious diseases, and of animals breaking into other cages.

Interested in zoo in growing, especially among the younger generation, he pointed out. Many zoos in order to defray expenses are now charging 10 or 15 cents admission. He suggested a fence around the Zoo to prevent any possibility of animals escaping, such as Sid the puma did several years ago.

One Communist Force Is Reported To Be Within 20 Miles Of Red Korean Capital

ST. LOUIS, Nov. 29.—(AP)—Two American dispatches reported tonight that the Communist Red force in northern Korea is only 20 miles from Red stronghold near the capital, Pyongyang, and is well equipped to capture it.

The Chinese military forces of more than 200,000 men, reported today, are well equipped and well trained.

A spokesman in all of the U.S. Eighth Army reported that Communist soldiers had captured within 30 miles of the Korean capital of Pyongyang.

He said that the Communist soldiers were well equipped and well trained, and that they had captured the capital of Pyongyang.

At least three miles of Chinese forces are reported to be within 20 miles of the Korean capital of Pyongyang.

Christian Fellowship Holds Monday Meet

Mrs. J. R. Farris and Mrs. H. M. Taylor were hostesses to the Christian Women's Fellowship of the First Christian Church Monday evening at the home of Mrs. Farris on Sanford Avenue. Mrs. R. W. Casule, president, presided over the meeting and Mrs. W. H. Young offered the devotional. Mrs. O. D. Landreas conducted the mission study. Mrs. Jack Kanner and Mrs. Bruce Davis took part in the mission study.

Plans were made for the annual church business meeting and dinner on the night of Dec. 6. The Woman's Day program will be presented on the night of Dec. 8 with Mrs. John Cannors of DeLand as the guest speaker.

Those present were Mrs. Sam Wade, Mrs. Young, Mrs. Kanner, Mrs. Davis, Mrs. Charles Gilmore, Mrs. W. H. Hughes, Mrs. Mary Ellsworth, Mrs. J. L. Horton, Mrs. Casule, Mrs. A. B. Huntley, Mrs. W. P. Vesley, Mrs. M. H. Billingsley, Mrs. O. L. Pearson, Mrs. W. C. Clause, Mrs. Ethel M. Mann, Mrs. Leona Richards, Mrs. W. D. Thornton, Mrs. W. H. Taylor, Mrs. Sylvia Pearson, Miss Grace Jamison, Jackie Thomas and Mr. and Mrs. J. R. Farris.

P.T.A. County Council Holds Meet in Paola

The Seminole County Council of Parent-Teacher Association met on Wednesday in Paola, with Mrs. C. E. Hittell presiding. Mrs. J. F. Henton offered the devotional. Miss Henton was introduced as a special guest.

The International Bazaar was discussed and the date set for Dec. 9 has been postponed until further notice. Mrs. J. F. Henton, radio chairman for the council, reminded the group of the radio program for the county council every Wednesday morning at 10:45 o'clock.

Refreshments were served by the members of Paola Parent-Teacher Association. The next meeting of the Seminole County Council P.T.A. will be in Geneva on Feb. 21 and everyone is requested to attend.

Future Farmers Plan To Attend State Fair

Plans were made at the meeting of the Seminole Chapter, Future Farmers of America, on Monday evening to attend the State Fair to be held in Tampa in February.

A committee composed of Bob White, Happy Almy, Banks Register, Herbert Bronson and Robert Stenstrom was appointed to work out plans to raise money for the group to attend the fair in a body on Feb. 2. It was decided that each member could also take a guest.

The business session was presided over by David Van Ness in the absence of the president, Leonard Jones. The group voted to put up signs both at the entrance of the Agriculture Building in the rear of Seminole High School and at the front of the school pointing toward the Future Farmer's headquarters. Meetings of the group are held the first and third Tuesdays of each month at 7:30 P.M. with K. M. Eaddy as advisor.

J. E. Robb Is Guest Of Townsend Group

Joseph E. Robb, new state representative for the Townsend organization, was guest speaker at the local club on Friday night at the Tourist Center. He quoted the social security act and the increase in the Old Age Pension. He also stated "that all citizens over 65 be entitled to the benefit of at least \$75 a month." "Why send the billion of dollars overseas, to clothe and feed them, when it is needed here."

Delicious cake and coffee were served to 26 members and guests. Mrs. John Vaughn gave a reading.

Personals

Mr. and Mrs. George Eick have returned home after spending the past several months in Sodus, N. Y.

Mr. and Mrs. E. B. Stowe of Indian Mound Village left Sunday for Lacombe, N. H. where they will be for about three weeks.

Mr. and Mrs. M. L. Tills were in Jacksonville last weekend and attended the Florida-Alabama football game.

Friends of Mrs. C. S. Donaldson of Lake Mary will regret to learn that she is confined to the Fernald-Laughton Memorial Hospital due to illness.

Miss Barbara Chapman has returned to Huntingdon College in Montgomery, Ala. after spending the Thanksgiving holidays with her parents. Mr. and Mrs. E. Chapman and Barbara spent Thanksgiving day in Madeira Beach with Mr. and Mrs. Alvin Kilpatrick.

Miss Edna R. Harris returned to her home in Jacksonville after being called here due to the death of her sister, Mrs. June H. Roumillat. Others attending the funeral from out-of-town were: Mr. and Mrs. Carl H. Roumillat of Jacksonville, Mrs. R. J. Roumillat of Daytona Beach, W. E. Shedd of Daytona Beach, Mrs. M. J. Bram of West Palm Beach and Mr. and Mrs. T. H. McLeod, Jr. of Orlando.

BIRTH ANNOUNCEMENT

Mr. and Mrs. William Hardin announced today the birth of a son, Albert Wayne, weighing seven pounds, at the Fernald-Laughton Memorial Hospital on Nov. 29.

Truth Seekers Hold Regular Meeting

The Truth Seekers of the First Methodist Church held their regular meeting on Monday afternoon at McKinley Hall with Mrs. J. H. Crawford presiding. Mrs. W. Thornton led the devotional, using the second chapter of Matthew. A Thanksgiving program was presented.

Plans were made for the Christmas party to be held at McKinley Hall on Dec. 12 in the form of a covered dish supper. All members are to exchange gifts at the party. Committees were appointed and plans were completed to buy and back Christmas gifts for five children in a mission section in Virginia, where Miss Mable Chapman is conducting a mission work.

Refreshments were served by the hostesses, Mrs. Crawford and Mrs. Thornton, to the following members: Mrs. T. E. Wilson, Mrs. Nellie Vaughn, Mrs. J. M. McClelland, Mrs. George McCrum, Mrs. W. J. David, Mrs. J. G. Williams, Mrs. J. E. Riser, Mrs. Dora Garry, Mrs. Ella Irish, Mrs. R. F. E. Brown, Mrs. Mettie Tills, Mrs. Tony Williams and Mrs. Teresa Mastrobriano.

Mayfair Inn

Assisted from Page three
batter, assistants to Mr. Mariani; Mrs. Hyman, housekeeper; Rob. Speer, head waiter; Robert Weibel, noted chef; and Hack Housch, steward. Presiding at the new bar will be two former Filipinos who have been in the country since 1929, Andy Fortuna and Matty Biondo.

A number of important conventions are scheduled this winter with the Mayfair Inn as headquarters, said Mr. Mariani. These include the American Legion mid-winter Florida conference starting on Dec. 10, and a convention of the American Telephone Co. in April.

Many important figures of the baseball world are expected here for the opening, including Horace Stoneham, president of the New York Giant system and Mrs. Stoneham; Carl Hubbell, director of the giant's farm club system; Edgar Feely, treasurer; and Art Flynn, publicity director.

Much interest will center here in the visit of Leo Dinscher, manager of the New York Giant team and his wife, Laraine Day, a noted motion picture and television star. They will be in St. Petersburg next week, said Mr. Mariani, to attend the Minor League convention, and are due to stop here later.

The household handy man, landlord or son may be able to build in a convenient file drawer when he is putting up bookcases, window seats or closet cabinets.

Hail storms may cause several times as much damage in the U. S. as tornadoes in a year.

The Lamplighter

"Certainly marriage and career can go together. It depends on the individuals involved. But I think it's better if the careers run somewhat parallel." These are the words spoken by Miss America of 1951 when the question was put to her Monday afternoon in an interview. That should interest some girls who have been giving this question some serious thought. It seems like sound enough advice. And Miss America plans to follow her own advice, and to eventually get married, but still pursue an operative career.

Books on Florida
For natives and newcomers alike, it might be well to mention that there are many interesting and informative books on Florida which cover various aspects of this beautiful state. "Flight Into Sunshine" is a pictorial survey of the birds of Florida, color photos by Crock Shank adorn the pages and the varieties of species will amaze you. If you prefer the historical touch, something like "Florida's Flaglet" will give you an excellent picture of the man who opened up the Florida East Coast, and who incidentally, built the overseas railroad to Key West, Fla. In the same vein, "Florida's Golden Sands," a history of the state, will interest many. Books on Florida certainly aren't a rarity and those mentioned above are only a few of the best from the many on hand.

An Indispensable Reference Book
Books in general are prone to regard reference works as dingy old books that are consulted when writing a formal letter or better still, to settle an argument. "A Dictionary of Modern English Usage" by H. W. Fowler defies the general attitude, for here is a book which is really interesting and partly because of the pedantic humor Fowler injects into some of his learned comment.

In perusing the pages of this book the reader will discover fascinating bits of information that have a tendency to stick with him. For instance, the difference between further and farther or the exact meanings of simile and metaphor. If you believe this will be a dry old tome you are in for a terrific surprise, for this book is as entertaining as some novels and deserves a place beside your dictionary and Roget Thesaurus.

The household handy man, landlord or son may be able to build in a convenient file drawer when he is putting up bookcases, window seats or closet cabinets.

Parilli Is Named Most Valuable By Coaches, Writers

Kentucky Backfield Star Set National Record In Passing

By Sterling Stapp
ATLANTA, Nov. 22.—(AP)—Vito (Babe) Parilli, the South's most published back and one of the most respected passers in football history, today won his greatest honor.

The great Kentucky quarterback has been named the most valuable player in the Southeastern Conference by the coaches and writers.

Parilli was named the most valuable player in the Southeastern conference by the coaches and writers.

Parilli was named the most valuable player in the Southeastern conference by the coaches and writers.

Versatile Joe Geri Ranks Near Top In All Departments

PHILADELPHIA, Nov. 22.—(AP)—Joe Geri, the young Pittsburgh Steelers halfback, is making a mockery of that old saw that professional football players must be a specialist.

National Football League statistics released today showed that Geri ranks among the NFL leaders in four departments.

Young Cesar Brion Says He Will Take Bidding Joe Louis

CHICAGO, Nov. 22.—(AP)—Young Cesar Brion, full of vim and confidence, predicts a easy win within seven rounds of seeing Joe Louis in their scheduled 10-rounder in Chicago stadium to night.

The 25-year-old Argentine heavyweight is at the short end of 4-1 odds to defeat Joe Louis, trying a second comeback at 30 after being decisively beaten in 15 rounds by Ezzard Charles last September.

A crowd of possibly 10,000 and a \$50,000 gate may be realized. Brion will receive 37 1/2 per cent of the net gate.

Brion will weigh 195, spotting the ex-heavyweight champion 21 pounds. Joe expects to be three pounds lighter than when he met Louis.

Straight from the Horse's Mouth

By Ed Harper

Horse racing will be back in Florida in a few days and we will soon be talking deep in race conditions.

Horse racing has taken a back seat to another turf battle this fall as two top flight trainers fight for the title of the year.

Joe Colborne and Willie Shoemaker have been racing each other daily though Joe operates in the East and Willie in the West.

Colborne has won 150 starts and Willie 112 since January 1st, and as the contest enters the home stretch it looks as if Colborne may be opening next night between him and his rival.

Shoemaker flew East Monday to participate in match races with Colborne.

Sports Roundup

NEW YORK, Nov. 22.—(AP)—Crossed schedules kept the U. of Texas basketball team from playing in a scrimmage with Mississippi on Saturday.

The Mississippi State basketball game should be one to confuse everyone since both teams had an off day Saturday and by game time they will have had two weeks to figure each other out.

Georgia Tech practiced yesterday against Georgia playing an indoor game against Georgia Tech.

Final Week Of Football Season Is Time Of Traditional Battles

By Associated Press
This is the week that Southeastern Conference coaches mottored threats, due plots, and secret strategy sneaky enough to have been conceived at an Army war college.

It's the week of traditional games that make or break a season—like the Alabama-Auburn, Tulane-Louisiana State, Vandy-Tennessee or Georgia-Georgia Tech games.

Mississippi and Mississippi State could have changed practice fields for their workouts and few would have noticed it.

The Mississippi State basketball game should be one to confuse everyone since both teams had an off day Saturday and by game time they will have had two weeks to figure each other out.

Sports Before Your Eyes

Steve Oracko, Notre Dame's extra point specialist for the past three years, wound up his first season as coach one point to the good.

Oracko, who recently quit as Rangers' extra point specialist, is operating out of a building at 1111 in a Fifth Avenue office.

Oracko, who recently quit as Rangers' extra point specialist, is operating out of a building at 1111 in a Fifth Avenue office.

Dodgers Will Go Through Wringer In Coming Season

New Manager Plans To Train Brooklyn In Separate Camp

By Joe Repplier
BROOKLYN, Nov. 22.—(AP)—Brooklyn's disappointing Dodgers of 1950, especially the collapse in the pennant race, will be put through the wringer in 1951.

This was promised yesterday by new manager Charlie Dressen, who was named to succeed Don Johnson in a move that surprised nobody.

Dressen said he will discontinue the Dodgers policy of having the players on all the Brooklyn farms train together with the parent club during the spring.

The Brooklyn club will train at Vero Beach by itself, he said.

Not until it leaves for Miami on March 10 will the minor leaguers be permitted to arrive.

Asked what he thinks of his team's chances for '51, Chuck laughed and replied: "I see where Leo Durocher already has named us as the team to beat."

Asked what he thinks of his team's chances for '51, Chuck laughed and replied: "I see where Leo Durocher already has named us as the team to beat."

Broyles Resigns From Florida To Take Job At Tech

Former Army Coach Johnny Sauer To Coach Backfield

GAINESVILLE, Nov. 22.—(AP)—Athletic Director Bob Woodruff of the University of Florida today accepted the resignation of Assistant Coach Frank Broyles and immediately announced that Coach Johnny Sauer will be in charge of the Florida backfield.

Broyles will join the Georgia Tech staff.

Sauer, former Army backfield coach, and Broyles shared equally the backfield coaching responsibility at Florida the past season.

Broyles and Sauer are two of the finest young backfield coaches in the game today.

Woodruff said: "Frank did a fine job for me during the three years we were at Baylor University and turned in another excellent year of work with the Florida team the past year. He will unquestionably be a valuable addition to the Georgia Tech staff. We hate to see him go."

Upon submitting his resignation, Broyles said: "The decision to leave Coach Woodruff and Florida was the toughest I have ever had to make. He gave me my first coaching job and has been wonderful to me through our years of association. Often he turned credit my way that should have been his. Bob is tops with me as a person and as a coach and I am positive that under his leadership Florida will have the football success she deserves. It just as soon not ever be faced with a decision like this again."

Woodruff said: "Frank did a fine job for me during the three years we were at Baylor University and turned in another excellent year of work with the Florida team the past year. He will unquestionably be a valuable addition to the Georgia Tech staff. We hate to see him go."

High-Scoring, Undefeated Clemson Brings Impressive Record To Miami

COLUMBIA, S. C., Nov. 22.—(AP)—The Clemson team that Coach Frank Howard will take into the Orange Bowl against Miami Jan. 1 is one of the highest-scoring eleven in the college's history.

It has piled up 329 points against nine opponents, and blanked four of them in going through undefeated and with but one tie.

Among the teams it blanked are: Wake Forest, 34-0; North Carolina State, 34-0; Wake Forest, 34-0; North Carolina State, 34-0.

It is less likely to snow in very cold weather because cold air does not hold much water vapor.

British Seeks

(Continued from Page One)
Bevin spoke after Prime Minister Attlee and his cabinet had met in an emergency session this morning.
Newspapers here and on the continent voiced serious forebodings over the Korean developments.
Winston Churchill, Britain's World War II Prime Minister, recently has warned western nations against becoming too deeply involved in the Far East. He has contended that the big Communist threat is in Europe.
The government ministers were called together on short notice after Foreign Secretary Ernest Bevin had talked last night with Julius Holmes, minister of the U.S. Embassy.
Cabinet members were gravely faced as they entered No. 10 Downing Street, Attlee's official residence.
All declined any comment to waiting reporters.
Newspapers here and on the continent voiced serious forebodings.
One French newspaper asserted the third world war has started. London newspapers blazoned news of the fighting under such headlines as—
The Daily Mail—"80,000 Americans in Trap—Gap Widens in Big Encirclement."
The Daily Express—"Acheson—Grave Warning."
The Daily Herald—"Truman Calls Crisis Council."
The situation was regarded with considerable anxiety in the House of Commons, which opens a two-day foreign affairs debate this afternoon.
Much concern was shown too in government and diplomatic quarters here. But one Western diplomat expressed the view the Chinese move probably was made only to produce a situation in which they could "now negotiate from strength."
In Paris the Independent Socialist "Combat" said the "third world war has begun in the Far East between the United States and Communist China." It asked: "Can Europe escape catastrophe?"
The liberal Stockholm Tidning, in the Swedish capital, said the "ding of a third world war has never been as great as now."
"Democratic leaders must keep cool heads to settle the situation, MacArthur has already proved he can't," the paper declared.
But another liberal Stockholm paper, Dagens Nyheter, editorially approved the U.S. charges of aggression by Red China.
Napoleon was in exile on St. Helena from 1815 to 1821.

Colored News

The Negro Teachers Association of St. Johns County got off to a fine start this term. The first meeting was held on Sept. 6. The Association was greeted by Mrs. A. J. Hurston and D. C. Caldwell.
The following officers were elected for the 1950-51 term: D. C. Caldwell, president; James Brown, second vice-president; Mrs. T. Sheppard, secretary; Mrs. L. F. Fulton, treasurer; Mrs. J. B. Merritt, reporter.
Entertainment for the meeting was presented by first graders from the rooms of Mrs. E. O. Young and Mrs. T. Sheppard. The hostesses served a delicious cookies and fruit punch.
The second meeting of the P. T. A. was held Nov. 1 at 7:50 P. M. at the school, and plans were made for the assembling of the Christmas bags for the pupils which are annually passed out at Christmas time. The second graders from Mrs. Beckard's room acted as hosts at the meeting.
The next meeting will be held on the first Wednesday in December. All parents and teachers are invited to be present. The

Mrs. Emil Anderson, 3932 Wash. Detroit, Mich., says she believes in folks being lucky and all that... but she says that people today are inclined to rely too much on just good luck. One thing Mrs. Anderson says, "is fact not fiction" she isn't going around saying she thanks her lucky stars for feeling so good—No Sir!—not Mrs. Anderson—she says she feels so good now because she is taking HADACOL. She was suffering from a deficiency of Vitamins B1, B2, Nicotin, and Iron which HADACOL contains.

Here is Mrs. Anderson's own statement:
"FOR many years now I have had nagging aches and pains not in just a few places but all over my body—in my arms, legs, back, shoulders, in fact I know a person couldn't have felt as miserable as I did.
"I was nervous too—so nervous that I couldn't even darn socks and the worst thing was that I couldn't eat nor sleep properly. I would just eat this and that—never a full meal—and my stomach always felt bad. I was so tired all the time—seems like when I would go up two or three steps I would be completely worn out. I was just about at my wits end, not knowing what to do.
"Then while visiting my son and his wife in Marton-Gap, Ky., he told me how his mother-in-law had been helped so much by HADACOL. I bought HADACOL all the way home to Detroit with me. I could tell a big difference after the second bottle. So far I have taken 6 or 7 bottles of HADACOL. What a wonderful change has taken place—there is hardly an ache or pain in my whole body. I eat well and thoroughly enjoy my food, and sleep—why I can't even stay up late enough to watch all of the television—I just drop off to sleep. I have lots of energy too—now I can even get out in the yard and do the yard work.
"Yea HADACOL is wonderful—and you can bet your life I will never stop taking HADACOL."
Folks All Over The Country whose systems were deficient in Vitamins B1, B2, Nicotin, and Iron, have been helped by HADACOL, and HADACOL can help you, too, if you suffer from stomach distress, certain nervous disturbances, insomnia caused by upset stomach, aches and pains, or a general run-down condition, caused by such deficiencies.
That's the kind of product you want—that's the kind you should buy and that's the kind you should start taking NOW.
Give remarkable HADACOL a chance to benefit you. Remember, you have nothing to lose. HADACOL will make you feel better after the first few bottles you take, or your money will be refunded. Only \$1.25 for Trial size; Large Family or Hospital Size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana.

"KNOW HOW" IS NOT ENOUGH...

YOUR "SUNSHINE SERVICE" IS IN SKILLED, DEPENDABLE HANDS!

Jobs in Sunshine Service aren't easy. New members are carefully chosen. Many of them spend years in training... learning to use special tools... studying safety... teamwork. But there's one more vital thing that every member of the Sunshine Service team must know and cherish... the tradition of the industry that... twenty-four hours a day, 365 days a year... service to our customers and our communities always comes first.

HI, JUNIORS!
"I'm a wonderful help around your home... and you can help me. Please don't play around electric lines... don't throw things at them... or fly kites and planes near them. I may get 'knocked out' and you may get hurt. Play Safe!"
Your electric friend

TRUMAN THREATENS USE OF ATOM BOMB

Eighty Thousand Reds Attack Marines And Infantry In East As Lull Hits Western Front

Marines Are Trapped In Chanjin Region By Fierce Chinese Flank Onslaughts

SEOUL, Nov. 30—(AP)—Eighty thousand Chinese Reds on a new offensive were reported attacking United Nations forces in north east Korea today. A curious lull fell on the frozen bloody battlefronts in the northwest.

Maj. General Edward M. Almond told reporters six to 10 Chinese divisions "suddenly confronted" his 10th corps forces in the northeast.

La. General Walton H. Walker's Eighth Army in the northwest was similarly faced with 200,000 Red Chinese at the outset of the Communist offensive last weekend.

American Marines and infantrymen around the Chanjin reservoir were surrounded in Almond's area. They were battling fiercely but the Marine supply route was cut. Intelligence officers said probably six of the Divisions mentioned by Almond were in the forward attacking force. Some Red tanks were in use there.

In the northwest, AP correspondent Hal Boyle reported aerial observation that the last American troops protecting the bitter retreat of the U. S. Eighth Army across the icy Chanjin River pulled back safely through flanking Kunu.

Fighter planes strafed Chinese moving toward the town. American vehicles crunched over the frozen, brown road westward toward Anju, coastal communications hub, to join other United States retreating to a new and sharply constricted line.

An Eighth Army spokesman said wintry quiet prevailed over most of the northwest front throughout Thursday. This was confirmed by correspondents Boyle (Continued on Page Two)

Negro Child Is Burned To Death In Goldsboro Fire

A frantic Negro mother, who had just removed her twin babies from her burning home in Goldsboro this morning, tried in vain to re-enter the house to save her two-year-old girl, Lois, but the child perished in the flames.

Two fire trucks were dispatched at 11:15 o'clock in the fire by Chief M. N. Cleveland, who declared that the cause of it is unknown, but may have been due to a wood heater in a front room of the one-story, four-room cottage.

The badly burned body of the child, the daughter of Lewis and Minnie L. Knight, 1707 West Sixteenth Street, was found near the front door of the home. Another child, a boy, fled from the house unassisted.

A Negro neighbor who lives nearby, also made an attempt to enter the house to rescue the little girl, but was driven back by the flames and smoke, said Chief Cleveland.

The one-story frame cottage was reported to have been destroyed by the fire, which enveloped it quickly on all sides, and which was blazing high when the firemen arrived.

The Latest Fashion Note

Miss America wearing the Seminole Indian outfit presented to her by the Seminole County Chamber of Commerce, is flanked by Mary Billie, Seminole, and Russ Allen, of Silver Springs. The skirt, composed mosaic-like of thousands of pieces of gaily colored material painstakingly sewn together on an old-fashioned hand sewing machine, was made by Mary Billie and her mother, Alice Billie, in seven days. Usually it required a month or more to complete a single skirt. Mr. Allen brought Mary Billie to Sanford from his Reptile Institute for Miss America's visit.

Florida Fashions Will Present Style Show At Mayfair Opening

Florida Fashions will present a style show displaying its latest fashions and models at the formal opening of the Mayfair Inn at 7:00 P. M. Saturday, it was decided at a meeting of the Chamber of Commerce advertising committee during a conference with Frank Shames, president of Florida Fashions, and Max Rogel of the New York advertising agency of Max Rogel and Associates.

New Yorkers Use Jobless Benefits To Take Vacations

ALBANY, N. Y., Nov. 30—(AP)—A state legislative sub-committee heads for California tonight to find out whether New Yorkers are vacationing there on unemployment insurance benefits.

The five-member group also will visit New Orleans before returning to the capital Dec. 14.

The delegation will be headed by assemblyman Orlo M. Brees, vice chairman of the joint legislative committee on unemployment insurance. The committee currently is investigating abuses and inequities in New York's jobless insurance statute.

Brees, a Republican, says there are 2,000 New York unemployment insurance claimants in California. Under the law, they may leave New York and go to other localities if there is a reasonable chance (Continued on Page Two)

Lonely Florida GI Talks Of Life At Home In Midst Of Korean War

By BARBARA BRINES (FOR HAL BOYLE)
WITH U. S. TROOPS IN NORTH KOREA—(AP)—This is a story about one GI Joe.
He and his infantry mates were moving forward next morning to replace men who had faced the Chinese Reds.
Joe knows all about the casualties coming back from the front. He wonders what it is going to be like up there. No one can tell him, so Joe talks about something he knows about Florida, his home.
"I sure wish I was home now," he said. "I would probably be swimming right now. There are alligators where I live. But you know what, if you killed an alligator you would get fined \$500. Because alligators eat all the bad fish and snakes around the river."
"Alligators won't hurt you if you don't bother them. I've gone swimming in the river with alligators. But they have been known to eat chickens and I heard of one around our neighborhood that ate a small baby that was playing."

Compromise Tax Bill Approved By House Committee

Estimated Revenue Is Reported Short Of Truman's Request

WASHINGTON, Nov. 30—(AP)—Senator Maybank (D-SC) today quoted a high Administration official as saying "active consideration" is being given to invoking wage or price controls.

"I have been advised that matter is being studied at top level," said Maybank, chairman of the Senate Banking Committee.

Maybank told reporters the possibility of imposing wage-price controls was discussed by Administration leaders yesterday at a closed meeting of the banking group.

WASHINGTON, Nov. 30—(AP)—The House Ways and Means Committee today agreed on a compromise excess profits tax bill estimated to yield \$3,400,000,000 a year. It would be retroactive to last July 1.

As drafted, the bill's estimated revenue falls short of President Truman's goal of \$4,000,000,000 annually. This results from cutting of the tax base originally proposed by the Administration.

Chairman Doughton (D-NC) told reporters the measure, designed to slash off what Mr. Truman called "abnormal" business earnings, will be introduced in the House tomorrow.

The bill, still subject to final committee vote, provides:

1. An average earnings credit on "normal" profits of 85 percent, based on the best three out of four years of a 1946-49 base period.

The 85 percent figure represents a modification of the Administration's original proposal for a more stringent 75 percent credit, allowing business to hold back 85 percent of its average earnings, at the normal 46 percent corporate income tax rate instead of only 75 percent.

2. An excess profits tax of 75 percent on all earnings over the 85 percent. The 75 percent figure is the same as that proposed by Secretary of the Treasury Snyder.

3. A "ceiling" of 67 percent on the total tax liability of business. This means that the government overall tax take—including all federal income, surtax and excess profits taxes—would not exceed 67 percent of a corporation's total earnings.

The \$3,400,000,000 revenue, as estimated by the committee staff, may be cut some due to adjustments in special cases such as utilities, railroads, the aircraft industry and for relief purposes.

The agreement on tax rates and average earnings credit met Doughton in a session to meet the Dec. 1 deadline for getting a tax bill to the House after weeks of wrangling.

Doughton said that it would be taken up by the House next week in an effort to push it along to the Senate in time for consideration there before the end of the "lame duck" session.

WASHINGTON, Nov. 30—(AP)—President Truman's \$4,000,000,000 excess profits tax proposal appeared doomed to defeat today in the House Ways and Means Committee.

But it also appeared certain that the committee soon will come up with a compromise that won't yield as much revenue as the President wants to help pay mounting defense costs but will tax profits (Continued on Page Two)

COUSINS COLLIDE OKLAHOMA CITY, Nov. 30—(AP)—A couple of long lost cousins bumped into each other yesterday but it wasn't a happy reunion.

After their cars collided, they were arrested for not having drivers' licenses.
Chris J. Rains, 29, Washington, Okla., said he hadn't seen his cousin, Mrs. Carol Dodson, 32, Oklahoma City, for many years.

British Seek To Stabilize Korean Front

Official Sources Say Attack On Chinese Would Be Start Of Third World War

LONDON, Nov. 30—(AP)—A British official says the United Kingdom wants the United States to set up a firm defense line in Korea well short of the Manchurian frontier and to begin peace talks with Red China.

The Cabinet meeting today for a second day in a row, reportedly decided the whole weight of British influence must be used to prevent any attack by U. N. forces in Chinese territory.

In the view of official sources, reported this, such an attack on Red China could—and probably would—touch off World War III.

Russia has a treaty of friendship and defense with China. Its most important known clause binds the Russians automatically and immediately "to give military and other help by all the means at their disposal" if China is attacked by a state or states "directly or indirectly" united with Japan.

Western diplomats in this capital assume that would mean the United States and her friends. They have their assumption on the tone and content of Soviet press articles which in recent weeks have stressed that an American-Japanese alliance exists and that the two countries have agreed on a program of Japanese remilitarization.

The British have sought assurance from the United States that the American action in handling Chinese intervention in Korea "aggression" would not be accompanied by immediate demands for U. N. enforcement action. This assurance apparently was provided.

As a result Foreign Secretary Ernest Bevin was able to tell the House of Commons Britain still hopes to "stabilize" the military situation in Korea and to talk (Continued on Page Two)

91-Year-Old Man Says He Is Billy The Kid

SANTA FE, N. M., Nov. 30—(AP)—T. J. Mabry says he is Billy the Kid today.

The interview follows a request from an El Paso, Tex., legal firm for Mabry, N. M., in 1941. Old-timers, who say they knew the kid, are divided on the question. Some support the lawyer's claim he escaped, and the body of another desperado was passed off as his. Others say the kid was factually shot by Sheriff Pat Garrett.

Mabry asked to interview the 91-year-old man before considering the pardon.

The El Paso law firm of Andrews, Lipscomb and Petricolas said its client wants an unconditional pardon so he can return to New Mexico and live "openly without fear."

Amorous Buck Falls For Gay Young Heifer

CARTHAGE, Mo., Nov. 30—(AP)—Mrs. Claire Jackson says a four-point buck deer apparently has fallen in love with a two-year-old heifer on her farm five miles southeast of here.

While hunters in 26 Missouri counties are enjoying an open season on deer, this buck pursues his courtship unhindered. The nearest place where deer may be shot this season is 50 miles away.

Mrs. Jackson says for the past two days he has remained by the side of the short-horn heifer and occasionally chases her about the pasture but never bothers the other cattle on the farm. She backs up her story with pictures.

AID FOR NEGROES

Two truck loads of clothing and blankets, the gifts of local citizens, were received at the office of Sheriff P. A. Mero in response to a request in The Herald for aid to the seven Negro families who were forced from their homes on Nov. 19 by the fire in Midway.

The material was given to the impoverished families.

Reaction To Use Of President's Statement On A-Bomb Is Divided

WASHINGTON, Nov. 30—(AP)—Congress members divided sharply today in their reaction to President Truman's report that use of the atomic bomb against Chinese Communists is being considered.

Senator Brewster (R-Me.), who has been using use of atomic bombs, said "It's high time."

"We ought to use it against Chinese troop concentrations and ammunition dumps," Brewster told newsmen. "I think it would save a thousand of our troops in the next two weeks."

Senator Millican (R-Calif.), a member of the joint congressional atomic committee, took a different and more cautious view.

"That's the most serious question that could be asked," Millican said. "I should not be used about it. It's not necessary. It may be that we have the atomic bomb. It should not be used impulsively."

Senator Maybank (D-SC) said that "certain" extra consideration should be given to use of the atomic bomb.

Several senators pointed out that U. S. use of the bomb might invite in even greater retaliation on the part of the most powerful weapons for a surprise attack upon.

Four Witnesses Testify They Saw Illegal Gambling

Rockwell and Harper Said To Have Been Present At The Time

Four witnesses for the State today testified in Circuit Court they had entered a concrete block building near the Orlando Highway and the Orange County Lane and had witnessed gambling operations, and stated that K. I. Rockwell and A. E. Harper, who are charged with maintaining the place, were present at the time Judge M. B. Smith presided.

Appearing in the stand as witnesses were B. F. Ganas, refrigerator repairman, Sgt. William A. Horn of the Sanford Police force, Marion Hartman, program director of Station WTRR, and J. Bradley Odham, president of the Florida Junior Chamber of Commerce.

Assistant State Attorney Hubert Gaus conducted the prosecution. G. W. Spencer, attorney for the defense, cross-examined the State's witnesses, and at about 11:30 o'clock called Mr. Rockwell to the stand.

All four of the State witnesses described the gambling house as located about 200 yards from the Orlando highway and within a few yards from the Orange county line.

Witnesses, who were sworn in, testified on which squares were painted marked from 1 to 100, and 35 to 40 Negroes present were either watching operations or purchasing chips from four men behind the table, and placing them in the squares. A wheel, marked from 1 to 100 was rotated, and at the winning number fall, it paid at 10 to 1.

One man operated the wheel, said Sgt. Horn, who declared that he saw a Negro pass a dollar bill for chips. He stated that Mr. Harper and Mr. Rockwell and another man were behind a counter, and were giving five veterans a job, and were clearing only \$200 a month. Sgt. Horn said he visited the place (Continued on Page Two)

Churchmen Agree With Acheson's Statement On U. S. Foreign Policy

CLEVELAND, Nov. 30—(AP)—The shadows of world empires brought from leaders of the infant National Council of Churches complete agreement with the foreign policy speech by Secretary of State Acheson last night.

Secretary Acheson originally planned to speak in person to the first General Assembly of the National Council of Churches of Christ in America at Cleveland's huge public auditorium.

The Korean situation, however, forced the Secretary to make the speech from his office in Washington over all major radio networks.

Dr. Henry Knox Smeill, presiding bishop of the Protestant Episcopal Church and the man reported to be in line for the first presidency of the National Council, found the speech "realistic."

THE WEATHER

Warmer this afternoon and Friday, much warmer tonight, continued fair. Light northeasterly winds extreme south portion, becoming easterly tonight and Friday.

Decision As To Time And Place Of Bomb's Use Said To Be Under Consideration

WASHINGTON, Nov. 30—(AP)—President Truman declared today the United Nations forces will not back down in Korea, and that the atom bomb will be used if necessary to meet the military situation.

Mr. Truman's firm stand and mention of the most fearful weapon in the world's history came at a news conference filled to overflowing by 200 reporters.

The President said that whether the bomb was used to produce the atomic bomb.

"I don't think I can say it," Truman said. "And I am sure that you will find it in the leading newspapers."

Brewster quoted Truman as saying that he had been told by the bomb makers that the bomb had not been tested since 1945.

Rep. Dornan (D-NC), vice chairman of the Senate House Atomic Energy Committee, "We (Continued on Page Two)

White House Spokesman, Who Declined To Be Quoted, Said Mr. Truman's Remarks Did Not Mean He Had Ordered Use Of Bomb

Mr. Truman was drawn into discussion of the A-bomb by reporters after he had read a statement denouncing the Chinese Communist attack on U. N. forces in Korea, attributed them to Soviet imperialism, and announced that this country will speed up its mobilization of troops and armaments.

There were indications later that some of Mr. Truman's foreign policy advisers were unhappy that the President had chosen to comment on the subject of the A-bomb at this time.

In the course of his efforts to strengthen the opposition, most of the most vocal critics that Mr. Truman had a bomb authority, the White House made available a stenographic transcript of the (Continued on Page Two)

Steel Price Will Also Be Raised To Cover Increase In Costs

PITTSBURGH, Nov. 30—(AP)—The CIO United Steelworkers today accepted an average 16-cent an hour wage increase for its 167,000 employees of United States Steel Corporation.

At the same time, U. S. Steel announced that steel prices will be increased about 5 1/2 percent due to higher labor costs.

The wage increase, effective tomorrow, is expected to set a pattern for the entire steel industry employing about a million U. S. members.

The wage offer will boost steelworker average earnings to \$188 an hour.

U. S. Steel announced the price increases outside the hotel room door where the big union's wage policy committee approved the new board in a three-hour meeting.

A company spokesman gave reporters a statement by U. S. Steel President Benjamin F. Fairless which said:

"The increase of about 11 percent in the employment costs of United States Steel will operate at a rate of approximately 5 1/2 percent of the present average price of a ton of steel."

Based on current tonnage, this is equivalent on a per ton basis to approximately 5 1/2 percent of the present average price of a ton of steel.

Without said the increased steel prices which do not apply to iron mill products, will take effect tomorrow.

Such price increases vary with the many products produced by United States Steel, but taken as a whole average approximately 5 1/2 percent of present steel prices, which for the most part have not been increased since December, 1948.

"This is an average price increase of less than three-tenths of a cent a pound."

"These price increases reflect only the increase in employment costs which are to result from the labor settlement."

Fairless, whose company produces a third of the country's steel, said appropriate adjustments (Continued on Page Two)

Railroads Ask For Across-The-Broad Increase In Rates

WASHINGTON, Nov. 30—(AP)—Eastern railroads plan to ask the Interstate Commerce Commission next Monday for a new general four per cent increase in their freight rates.

Although no formal announcements have been made, it is known that the railroads have drafted upon the request of a conference in New York City early this month.

More than 90 rail systems are expected to join in the petition. Freight will cover all freight operations in so-called "official territory" that is, everything north of the Ohio and Potomac Rivers and east of the Mississippi.

The Western and Southern lines are understood to have decided against making any similar bid for another advance in freight charges, which have had seven increases in a national basis since 1946.

When the ICC year ago granted the most recent of a series of postwar rate hikes for a four-year total of 57 percent, it did so with an indication of some reluctance. The authorizing order suggested that the rail industry "consider seriously whether further increases may result in less revenue, and thus defeat their purpose" through loss of business.

The Commission noted then that the postwar revisions had jumped the national railroad freight bill by more than \$2,000,000,000 a year.

The eastern roads, however, will contend that rising wages and materials costs make another increase necessary.

It is understood the petition will ask a flat across-the-board increase of four per cent on everything except coal, for which a hike of 12 to 15 cents per ton will be sought.
