WOODCRAFT SERVES

Through the sponsorship and support which local Woodmen Camps give to civic activities benefiting their communities, the states and the nation, the good influence of Fraternism extends far beyond the Society's membership.

A Civic Service Contest being conducted by the Camps as part of Woodcraft's "Fraternity in Action" program further increases their civic and patriotic services.

This is but one of many benefits of Woodmen fraternalism. The Society also provides safe, sound, legal reserve life insurance protection and its services are enjoyed by more than 385,000 members and their families.

Worlds Fair Site To Be UN Headquarters

New York City Puts Up \$1,000,000 For Improvements To Flushing Meadow

NEW YORK, April 11. (AP)—A dark horse came through today in the selection of a site for the headquarters of the United Nations. Mayor William O'Dwyer announced that Secretary General of the U. N., Trygve Lie, has decided to locate the U. N. headquarters in Flushing Meadow, L. I., at the site of the World's Fair. The place is about five miles from Manhattan. The Sperry Gyroscope plant at Lake Success, L. I., had been considered as a leading contender for the interim headquarters.

Eventually the United Nations will move to their permanent home, which has been designated in the border area between Connecticut and New York State. The Sperry Gyroscope Plant will be used as the interim office headquarters of the U. N. Mayor O'Dwyer says the city has agreed to put up more than a \$1,000,000 for improving the Flushing Meadow park and the interior of the Municipal Building at the World's Fair site.

The municipal building presumably will be used for meetings of the General Assembly of the United Nations, which is scheduled to convene in New York on Sept. 8. The U. N. Security Council has been holding its current meetings at Hunter College in the Bronx.

The U. N. Security Council meets again next Monday. A top issue on the agenda is Poland's demand for action against the Franco regime in Spain. Russia is expected to support Poland's demand for an indictment of Franco. An observer today predicted that the United States and Britain will vote against a full meeting of the council — although both nations have taken the stand that France is a dominant power for Spain to work out. Specifically, Poland accuses Spain of harboring fugitive German scientists working on atomic weapons.

Salvation Army's Home Service Fund Drive Is Underway

Major Allan S. Whorton of the Salvation Army announced today that the Home Service appeal for the organization's annual fund for the year 1946 began today.

The appeal for \$3,500 was approved during a recent meeting of the advisory board. Letters to all subscribers have been placed in the mails and Major Whorton said that the board would greatly appreciate a liberal response from the public, particularly by mail. He remarked that workers are hard to obtain.

Major Whorton revealed that in the past year 119 men were given to treatment, 70 people were provided lodgings, transportation was made available to 18 persons, 58 families were given 1,472 new and old garments and 57 families were provided groceries. He said that 59 persons were given old and new shoes, Christmas orders were provided for 82 persons and 172 children were presented with toys, candy and fruit.

The major also declared that work of the Salvation Army had been closely coordinated with the local and state welfare boards.

CORRECTION

The Junior Garden Club tri-color award, won by the organization at its exhibit at the Veteran's Homecoming flower show on Apr. 5, of which exhibit the Westside School's "Mexican Flower Market" was a part, will be displayed by the PTA meeting participants at the PTA meeting, Thursday afternoon at 8:15 o'clock at the Westside School, according to Mrs. Virginia J. J. Crawford, program chairman.

EMPLOYEE STRIKE

BIRMINGHAM, Apr. 11. (AP)—Thousands of Birmingham residents are walking or thumbing today following a midnight strike of 1,000 A. P. of L. transportation employees of the Birmingham Electric Company. The walkout has halted all bus and street car service in the Birmingham area. The workers are demanding a wage increase of \$14 an hour. The company has offered to boost wages ten cents an hour.

Picket Rankin Committee Hearing

IN FRONT OF THE FEDERAL BUILDING in New York City, 50 demonstrators carry placards protesting a hearing before Rep. J. Parnell Thomas, a member of the House committee investigating un-American activities. He came from the capital to question three witnesses. The placards criticized Rep. Rankin (D-Miss.), who is the ranking majority member of the committee.

Chinese Admit UNRRA Flour In Illegal Hands

Officials Deny Any Cargoes Of Rice On Black Market

SHANGHAI, April 11. (AP)—Officials of the Chinese National Relief and Rehabilitation Administration, through its Foreign Trade Commission, have admitted that large quantities of U. N. R. R. A. flour have entered illegal channels. The officials, however, have denied that any U. N. R. R. A. shipments of rice have reached Shanghai's black market. The Chinese agency asserts that so far only 3,700 long tons of U. N. R. R. A. rice have reached Shanghai. U. N. R. R. A. officials in Washington were quoted Tuesday as being gravely concerned over information that shipments of rice were reaching the black market in Shanghai.

Meanwhile, the Chinese relief officials have admitted their inability to prevent U. N. R. R. A. flour from reaching the black market. Says one official: "Shanghai has the shrewdest merchants in the world and they have a way of reaching their hands into everything."

A 49-pound bag of U. N. R. R. A. flour is obtainable at the black market price of \$6.50 or six times the prewar price.

Measures To Give FVC Members Even Marketing Break Will Be Discussed

LAKELAND, April 11 (Special)—What measures may be taken by the Florida Vegetable Committee, through its Foreign Trade sub-committee, to assure its members of an even marketing break with the producing areas of Cuba and Mexico will be discussed Tuesday at Miami. Luther L. Chandler of Goulds, chairman of the FVC's foreign trade unit, will head up the conference during which a comprehensive report on his recent inspection tours of the industry in the two neighboring nations will be given by LeMonte Girou, FVC manager. A group of interested growers will attend.

The problem, increasingly important to Florida and other domestic growers, comes not only from the rapidly enlarging imports of commercial tomatoes from these two countries but also from the present reciprocal treaties which make it possible for Cuban and Mexican exporters, under production conditions as they exist in those countries, to market their products in the United States at a figure which is lower than actual production cost in the domestic industry.

Several years ago, when the imports first constituted a threat to the domestic grower, the government put a tariff on the foreign tomato which placed it in parity with the one raised in the United States. Later, when the commercial administration began "strangling" the good neighbor policy, this

Returns Indicate Close Races In Japan Election

Many Japanese Mark Ballots In Favor Of Gen. MacArthur

TOKYO, April 11. (AP)—Slow counting today indicates a close race among three parties for control of Japan's 46-seat House of Representatives, and also holds promise for a surprising number of women office holders.

One Japanese woman definitely has been elected and four more are among the leaders on the basis of incomplete returns from all sections of Japan. Indications are that 72 percent of the eligible voted in yesterday's general election — the first since the end of the war.

Communist Party leader Sano Nosaka appears sure of victory and one leader each of the Liberal and Progressive parties are among those definitely elected.

Early tabulations barely indicate more than a general trend. Conservative elements are expected to win generally, but no single party is expected to win an overwhelming majority of votes.

Meanwhile, it has been disclosed that many Japanese voted for General MacArthur, although election officials have declined to state the figure. One voting for MacArthur also wrote on his ballot: "I mean this seriously."

Jersey Bank Teller Arrested By F.B.I.

NEWARK, N. J., Apr. 11. (AP)—The Federal Bureau of Investigation today announced the arrest of Calvin F. DuBois in connection with the embezzlement of \$20,000 from a Jersey City bank.

DuBois, who had been sought since Monday, was arrested Wednesday night in St. Paul, Minn.

DuBois was a teller in the Bergen Avenue Branch of the Commercial Trust Company in Jersey City. An 11-plate alarm was broadcast for his arrest after he failed to appear at the bank on Monday. He is married and the father of a 12-year-old son.

INVESTIGATION OKAYED

WASHINGTON, April 11. (AP)—Attorney General Tom Clark has given the go-ahead signal for an investigation of the rubber tire industry. An inquiry on alleged violations of the anti-trust laws will be conducted by a Federal grand jury in New York City.

Kaltenbrunner Goes On Stand At Nuernberg

SS Chief Says He Is Hated Since Himmler Cannot Answer For Gestapo Deeds

NUERNBERG, Apr. 11. (AP)—A hulking, saber-scarred German got up before the Nuernberg War Crimes Tribunal today to protest that the whole world hates him because Hitler is dead and can no longer answer for the deeds of the German Gestapo.

He was Ernst Kaltenbrunner, former head of the German Security Police. Kaltenbrunner told the court he was ready to assume responsibility for the deeds of the Security Police insofar as they occurred under his actual control and knowledge.

The defendant then denied, almost immediately any knowledge of the murders at the Mauthausen concentration camp on Jan. 24, 1945, where an Allied group, including Associated Press correspondent Joseph Morton, Jr. was killed.

The prosecution reminded Kaltenbrunner that a statement from the camp commandant already had been presented to the tribunal. This statement said it telephoned order for the slayings bore Kaltenbrunner's signature.

Kaltenbrunner's answer to this was one which has become very familiar during the course of the Nuernberg trial. Said he: "Such authority was held only by Hitler and Himmler. It's quite impossible that this incident could ever have been brought to my knowledge."

Kaltenbrunner then added quickly that possibly his fault was that he did not take steps to insure that other persons were not sending orders over the Kaltenbrunner signature. Said he: "Not once did I sign or even see a single protective custody arrest order. But this was the true state of affairs."

G. L. Newspaper "Roundup" Halts After Four Years

NEW DELHI, India, April 11. (AP)—The G. L. newspaper, "Roundup" which was published for three years in the China-Burma-India Theater of Operations closed up shop today.

For perhaps the first time in the very successful history of the soldier newspaper, "top brass" has rejected the idea.

"Roundup's" famous pin-up girls were in the last issue but one when it was devoted to messages from the generals, from Chief of Staff Eisenhower down.

The former commander of the C. B. I. Theater, General "Uncle Joe" Stilwell, radioed congratulations to the staff of Roundup. It was Stilwell who once told the newspaper staff to print all the news they were able to prove.

Stilwell said that Roundup accomplished its mission and cut fold up with the satisfaction of knowing that it never missed a chance to crack down on injustice or to touch at stuffed shoes.

Gromyko Returns To UN Sessions

A "WELCOME BACK TO THE UN SESSIONS" is extended to ANDREI GROMYKO, Russian delegate. Gromyko dramatically walked out recently after a warning that he would not sit in any discussion of the Truman problem. The Security Council, meeting at Hunter College, New York, now faces another troubling problem—introduction by Polish Delegate of a charge of Franco regime in Spain. (International)

Freights Crash 200 Yards South Of ACL Station

J. A. Calhoun, locomotive engineer, and E. L. Dudley, brakeman, both of Sanford, received ankle sprains and bruises shortly after 9:00 o'clock last evening when they stepped from the cab of locomotive No. 1628, which, while proceeding north with an empty freight train on the south bound curved track, collided with engine No. 456 which had been standing with its freight train in front of the Atlantic Coast Line Depot awaiting the passage of the other train on the north track.

The incoming train, which somehow had gotten up to the wrong track, was believed to have been proceeding at about 10 miles an hour and ran into the standing locomotive on the curve about 200 yards south of the ACL depot. The impact demolished an empty box car immediately behind the tender. The upper part of the box was broken up and thrust upward and into a steel gondola car behind it, where the wheels, which had jammed the gondola wheels backward.

Headlights of both locomotives were smashed, boilers dented and cowcatchers bent. The standing locomotive, No. 456, had a one foot hole punched below the boiler. The northbound engine had two front wheels dented, and workmen this morning were busy, under direction of M. Carroll, shop foreman, jacking it up and getting it on the track.

The two injured men were taken in an Erickson ambulance to Fernald-Laughton Memorial Hospital and attended by Dr. J. N. Tolar, who said that x-rays were being made today to determine injuries. It was first believed that Mr. Calhoun had broken ankles, and that Mr. Dudley had a broken left ankle, but x-rays this morning revealed no broken bones. The latter had a bruised left elbow and chest bruises.

The crew of the standing locomotive of which R. E. Futrell of Sanford is engineer were able to get off their locomotive in time to avoid injury. N. Stolin, negro fireman, who jumped from the approaching locomotive, was not injured.

Responsibility for the accident has not been determined, said L. W. Shuman, trainmaster. Charles A. Black, division superintendent, could not be reached for comment today.

FREE AND FAIR

WASHINGTON, April 11. (AP)—The White House has released the report of Allied observers who watched the Greek elections. The representatives of Britain, France and the United States have found that the elections were "free and fair" and the results are a "true and valid verdict" of the Greek people.

The Allied mission declared that the presence of British troops in Greece had "no effect whatsoever on the election results."

Treman Refused Kimmel Request To Inspect FDR's Secret Files

President Declared In Letter To Former Pacific Chief That Only Committee Had Right To Inspect Documents

WASHINGTON, April 11. (AP)—A witness at the Pearl Harbor investigation said today that President Truman had refused to permit Admiral Husband E. Kimmel to inspect what Senator Homer Ferguson called a "super-secret" file of the late President Roosevelt's messages.

Ensign John Phelan, speaking for the former Pacific fleet commander, said that Mr. Truman had written a letter stating that only the committee had the right to look at such files. This was substantiated by a commander John Becker who said that the committee had been given full access to the file. Becker said that the file was not but that it contained only two messages, both previously given to the Pearl Harbor committee. Those messages were addressed to the high commissioner of the Philippines and had little bearing on the Japanese attack at Pearl Harbor.

Yank Survivors Visit Scene Of Malmedy Tragedy

FRANKFURT, Germany, Apr. 11. (AP)—Six young, light-eyed survivors returned to the field near Malmedy, Belgium, today where Nazi machine guns mangled nearly 100 American prisoners taken in the battle of the Bulge.

It was only by luck that the six Americans escaped being killed. Some of them were tearful as they walked again over the field where their buddies were shot down.

The survivors of the massacre will appear as witnesses at the trial of 75 German S.S. troops accused in the killings. Three S.S. generals are among the defendants who will go on trial at Dachau on May 2. Six of the defendants were brought back from the United States where they were prisoners of war. The indictments against the defendants will be served today.

\$2,000 Is Set As Seminole County's Goal During Current Fund Campaign

"During 1945, 2,240 men, women and children in Florida died of cancer. At least a third of these died needlessly because they did not receive adequate medical treatment in time. The people of Florida are mobilizing to fight this most dreaded of all diseases. The April fund raising campaign seeks \$132,720 — \$2,000 of it will be raised in Seminole County." Glenn Lingle, Jr., chairman of the drive here in Seminole County, today declared.

"A large percentage of this money will be spent to inform the people of Florida about cancer's danger signals so that they can recognize the cancer threat if it faces them and seek early medical attention," he continued. "A portion of your contribution also will be spent to provide care for Florida cancer patients," he said and further stated that

New Pay Scale Recommended For Army, Navy

Extension Of Draft For A Year Urged Today By Senate Military Committee

WASHINGTON, Apr. 11. (AP)—The House Military Committee will act late today on a new plan for increasing the pay of army men, as one means of attracting more men into the service. The plan, drafted by a sub-committee, calls for a 33.3 percent increase, instead of the flat boost of 24.0 a year that was suggested at first.

Under the sub-committee's plan, buck privates would get a 50 percent increase, going from \$50 to \$75 a month. Corporals would go from \$66 to \$90, and first and master sergeants from \$138 to \$165 a month.

In the commissioned ranks, second lieutenants would be raised from \$1,800 to \$2,100 a year, first lieutenants from \$2,000 to \$2,400, and so on up the line as far as the rank of colonel. Naval petty officers would get an increase from \$126 to \$150 a month.

WASHINGTON, Apr. 11. (AP)—The Senate Military committee has recommended that the draft be extended for a full year.

Dissatisfied War Bride Finds Home Of U. S. Relatives

BLISS, N. Y., Apr. 11. (AP)—A 16-year old English war bride who left her husband's home a few days ago has found happiness in the home of relatives in this country whom she has never seen before.

The relatives of Mrs. Evelyn Poston live on a farm near here. The girl arrived from New York City, after a bus trip from New York after she had left the home of her ex-husband, W. J. Poston, of Salisbury, N. C.

New York detectives quoted the girl as saying that she had married her husband as she was under the impression that he was wealthy. She told detectives, however, that she had found him living in a one-room cabin with few conveniences when she came to this country from England to join him.

Mrs. Poston said she liked what she had seen of western New York. "Much better than the section of North Carolina where her husband lived. She said she will try to get a divorce as soon as she is settled. Her uncle and aunt, Mr. and Mrs. Raymond Sheple, have acted as child-rearers of whom she likes very much. The English bride says she thinks all of the family are wonderful.

Tuberculosis Group To Meet On Tuesday

The Seminole County Tuberculosis and Health Association will hold its annual meeting at the Sanford clinic next Tuesday evening. The meeting is open to the general public and all who have purchased Christmas Seals hold a membership in this organization. There will be an election of officers for the board of directors, and the membership is urged to attend and vote.

The work of the Tuberculosis Association will be outlined and the annual report will be made. The four main projects of Tuberculosis Association activities are: case finding, hospitalization and treatment, rehabilitation and health education. Will be presented to the group, A. B. Peterson will preside.

As the meeting is of major importance, all directors and the general membership as well as the entire public are asked to attend. A sound and color film "The Story of Tuberculosis and a Family's Struggle to Conquer It," will be shown. This film is the latest film added to the library of the State Board of Health in Jacksonville.

MEMORIAL SERVICE

WARM SPRINGS, Ga., Apr. 11. (AP)—Patients at the Warm Springs Foundation will attend a memorial service tomorrow marking the first anniversary of the death of President Roosevelt. He was on a visit to Warm Springs when he was fatally stricken. The service tomorrow will be held in the chapel at the foundation.

RETURNING TO JOBS

LOUISVILLE, Apr. 11. (AP)—Eight hundred U. I. steel workers are returning to their jobs after staying out on strike for three months at the Henry Vogt Machine Company plant in Louisville. Last night the strikers accepted a wage increase of 10 cents an hour.

Baruch Gets Set To Tackle Job On Atomic Commission

AP Newsfeature Writer Bernard M. Baruch, 55, United States representative on the United Nations Atomic Energy Commission, is known as the man whose office is a park bench. In the days when he was head of President Roosevelt's World War II rubber committee, starting in 1942, he used to hold conferences and frame policies on a bench in Lafayette Square, across the street from the White House. Such an office was characteristic of Baruch's slowness to get on his feet. He has been generous with many people and direct with some of them. He has given away millions in philanthropic work for hospitals, refugees, relief work and economic studies among other things.

And he admits that once, acting on a real man-to-man basis, he struck a man he had once whistling a cab driver on Fifth Avenue, New York. He hurt his right hand. "I was damn fool enough to do it," he explains. "When I was 68 years old."

Graduated from City College in New York, he started on Wall Street as a brokerage clerk at 23. He turned speculator in 1925, buying and selling stocks and at 25 was made a partner in the brokerage firm worked for.

"Destino" To Be Newest Disney Short

HOLLYWOOD, Apr. 11. (AP) Walt Disney has gone long haul in a big way and helping him is the long-haired, wide-eyed surrealist, Salvador Dali.

The Spanish artist currently is creating a six-minute surreal sequence which will be part of a Disney feature. And, in addition, Dali will be the featured artist in a new feature, "Destino," which concerns the dream of love. Thomas says he's been told the picture will feature two lovers, a live ballet troupe, and will offer over landscapes created by the master himself.

The feature, which typically Dali with a crackling telephone and melting watches. Thomas says when he suggested to Dali that the artist liked watches and telephones, Dali said: "Is not like a obsession."

Mrs. Touhy is on the staff of the church, serving as club director and organist for the high school which of the church and is familiar with the vocal and instrumental parts of the spirituals. Mrs. Touhy recently played one of the organ services at Knowledge Memorial church at Rollins College where her program was well received. A number of Sanford people heard that vocal and have expressed the desire to hear it again. What Mrs. Touhy has not announced the program she will play Easter night, it is probable that some of the members of this church program will be included.

Mrs. Touhy is now serving as organist at the Water Park Community church. She recently presided at a concert of the church chapters of the American Guild of Organists.

Dr. Brownlee expressed the opinion that many people who appreciate fine music will take advantage of this opportunity to observe Easter by hearing this program and extends an invitation to all to be present at this event.

Rogers Says Cowboys Are Not Pantywaists

HOLLYWOOD, April 11. (AP) Suggest cowboy Roy Rogers, to the surprise of many, doesn't feel current screen cowboys are riding pantywaist. South of the border girl friend.

Both have taken views opposite to those of producer Harry Sherman. He'll be recalled as the man who protested loudly in Associated Press Hollywood columnist Bob Thomas regarding the ferociousness of heroes in the western thrillers.

So now, Thomas has gone 180 degrees the other side of the story. First off, Rogers' screen sweetheart, Dale Evans, says Sherman is all wrong in his statement that real cowboys never sing. Says Miss Evans: "Of course they do. I was raised on a ranch in Uvalde, Texas, and we used to listen to the cowboy sing every night."

Rogers himself is equally emphatic in refuting Sherman's assertions that musical westerns are just a fad. Says Rogers: "What's so pop so excited about we've been making musical westerns since 1932. When does a fad stop being a fad?"

Rogers admits Sherman's statement that the cowboy star was "in to Cincinnati." But, says Rogers: "When I was two years old we moved to a farm and I learned to ride horses bareback. Besides, some of our best rodeo stars come from New York and New Jersey. A fella doesn't have to come from the West to be a good cowboy. Hard work is what does it."

Feds Explode 16-Hit Attack To Down Indians, 12 To 7

By JULIAN STENSTROM
 The big bats of Manager Ed Leary's Sanford Indians exploded the four walls of the Municipal Park last night from the 16th explosion they registered off the associated Red Sox to account for a 12 to 7 victory over Manager Herb Thomas' West Palm Beach Indians of the Florida International League.

Four Casey's came through with three blows each last night, including a circuit-clout inside the park by Dave Brice, Sanford's second baseman-center fielder. Brice also accounted for a single and a double. Barry Lake, the left fielder, got two singles and an against-the-fence double. Mavo Langston, the right fielder, went up five times and pounded out a single, double and a triple, while Jerry Schaefer, the lead-off hitter, got two singles and an against-the-fence double. Daytona Beach And Sanford Players Dominate Titles

By LEAGUE SERVICE BUREAU
 SILVER SPRING, April 11.—Most surprising item that followed a study of all-time Florida State League individual offensive records from 1925 thru 1945 was the loop closed down for the duration of the fact that St. Augustine and Orlando have yet to produce a record-holder.

Sanford and Daytona players have had the most hits in the Florida State League since 1925. In 1925, Sanford's Billie Smith led the league with 114 hits. In 1926, Sanford's Billie Smith led the league with 114 hits. In 1927, Sanford's Billie Smith led the league with 114 hits.

Effort Underway To Avoid Walkout Of Sugar Employees

Coal Miners' Strike Is Felt In Europe; Harvester Workers Ratify Agreement

By Associated Press
Labor conciliators this afternoon were making a final effort to avert the scheduled strike of 8,000 AF of L and CIO sugar refinery workers on the east coast at midnight tomorrow. Meanwhile, the effect of the coal strike in the United States is being felt in Europe. The UNRRA director for Italy, Spurgeon J. Keeny, has requested an early meeting of the European commission to consider an emergency situation. Keeny said this emergency is growing out of John L. Lewis's coal strike. Keeny hopes to get an additional allocation of coal from the Ruhr to replace American fuel. The Italian government has issued emergency decrees to control fuel consumption. In Chicago this afternoon, the National Harvester Council of the C.I.O., United Farm Equipment and Rural Workers ratified an agreement to end the international Harvester Company strike. The council called ratification meetings of rank and file workers. Thirty thousand employees have been out in ten plants since Jan. 21. Federal conciliators in the schedule sugar strike arranged a conference with the unions and the American Sugar Refining Company in New York for this afternoon. They scheduled a stop at Boston tomorrow between the unions and representatives of the American and the Reverse Sugar Refining Company. The conciliators also are seeking to bring together union spokesmen and representatives of the American National Refining Companies in Philadelphia tomorrow. A fact-finding panel named to study the wage dispute will open hearings in Washington on Tuesday.

Waterway Congress Approves Plan For Legislative Group

MOUNT DORA, Apr. 12. (AP)—Directors of the Florida Waterway Congress have approved a proposal to create an "all-Florida legislative committee." The committee will be made up of one representative from each federally authorized river and harbor or flood control project in Florida. This plan was presented by Major General Sandford Jarman of Pensacola, who is retired from the United States Army. The recommendation that the new group be formed is included in a resolution adopted at a round table conference of representatives of federally authorized Florida waterway projects. The conference was a forerunner of general sessions of the Florida Waterway Congress scheduled at Mount Dora today. The new group will try to see that all approved Florida projects be completed as soon as possible and will also make an effort to get other projects approved by the Federal government. The new committee will hold two meetings a year in Florida.

Canadian Wants West Indies As Security

OTTAWA, April 12. (AP)—A member of the Canadian Parliament has suggested that the United Kingdom put up the British West Indies as security for a proposed Canadian loan of \$1,000,000,000 from the London Government. The member is Jean Francois Pouliot from French-speaking Quebec. Pouliot points out that Canada has not had a general election. He suggests the Canadians should put in their claim for the British West Indies as a guarantee for what Canada is doing for the United Kingdom financially.

PROGRAM APPROVED

WASHINGTON, Apr. 12. (AP)—The Senate has approved a 25-year program for trade relations with the Philippines after the island becomes a republic on July 4. The measure now goes back to the House for action on some changes. The only major change is Senate approval of a 25-year period. It is now 20 years. The measure is sponsored by the Senate Foreign Relations Committee.

WASHINGTON, Apr. 12. (AP)—The Senate today confirmed William D. Paulky of Florida to be ambassador to Brazil. Approval was by voice vote without objection.

Conservatives Get Majority Of Jap Votes

Coalition In House Of Representatives Will Be Dominated By Liberal Group

TOKYO, Apr. 12. (AP)—Japanese conservatives apparently have clinched a majority of the vote in the first post-war election in Japan. Final returns are in from a but six districts in the nation-wide election. On the basis of these returns it appears that the so-called Liberal Party, which is the conservative group, will dominate the coalition in the Japanese House of Representatives. Election returns today give the Conservative group 145 seats in the House. The Progressives have 88; the Social Democrats 78, and the Communists three, with three more Communists apparently certain of victory when the returns are complete. Minor parties got 35 seats in the Japanese House of Representatives and Independent won 72 places. This line-up means a coalition in the House, which will be dominated by a conservative viewpoint. Many Social Democrats and probably most of the Independents fall into this category in Japan. The Socialists, however, showed surprising strength in the election. With most of the returns in Japanese women who were allowed to vote for the first time in history, won 32 seats in the House of Representatives. Thirty-three members of the 1942 "Tojo Diet" definitely were re-elected to office in the election. Forty other former members of the House of Representatives were also re-elected. All of the election candidates will be re-examined by the Allied occupation authorities before they will be allowed to assume their offices.

Public Meeting To Stimulate Voting To Be Held Monday

A. B. Peterson, former coordinator of the Seminole County Defense Council, and ration board secretary, Jack Ratigan, representing the Junior Chamber of Commerce, and W. G. Killip, chairman of the Board of County Commissioners, will address a public meeting called by women organizations of the county in order to stimulate interest in voting in Seminole County. The meeting is scheduled to take place in the Court House Monday evening at 7:30 o'clock and all persons interested in present political trends are urged to be present. Mrs. Louise Neal, supervisor of registration, will also be present in order to answer questions concerning registration.

CEREMONIES formally dedicating to the nation the home of the late President Franklin D. Roosevelt as a national historic site are being held today at Hyde Park, N. Y., to commemorate the first anniversary of the president's death. The estate is under the jurisdiction of the Interior Department and open to the public for inspection.

Price Ceilings On Citrus Fruit To Be Increased

WASHINGTON, Apr. 12. (AP)—The Office of Price Administration today disclosed that the ceilings on oranges, lemons and tangerines will be increased slightly next week. The official, however, asked that his name not be used. Meanwhile, the OPA has removed price controls from Florida's strawberry and raspberry crops. The price controls were lifted after the Department of Agriculture estimated this year's strawberry crop will be 45 to 50 percent larger than last year's. The OPA said this will tend to bring available supplies nearer into balance with demand. The official announcement of the ceiling hike on oranges, tangerines and lemons, said that the increase at the retail level would be only a fraction of a cent a pound. He stated that producers' ceilings would be raised because of a legal requirement calling for price adjustments upwards as farmers' costs increase.

HISTORIAN SPEAKS

MOSCOW, Apr. 12. (AP)—A 70-year-old Russian historian and member of the Soviet Academy, Professor Eugene Turyl, says that all the Soviet Union's activities in Iran, the Balkans and Manchuria since the end of the war have been in the interests of Soviet security.

Chicago Arena Filled With Gadgets As Invention Exposition Opens Today

CHICAGO, April 12. (AP)—There may not be a better mouse trap in Chicago today—but there are hundreds of other inventions that may have the world beating a path to the inventors' doors. The world's invention exposition is open again—after an absence of 15 years. The Chicago arena is filled with gadgets. Some of them are designed for easier living, some of them for safety. Some of them appear simply in the name of novelty. All of them give you a bit of a start—when you consider what must go on in the brain of the inventor. If these new contrivances prove practical—what a world we'll be living in the day after tomorrow. We'll have collapsible scissors, sliding fireplace screens

Red Cross Drive Goes Over Goal By Nearly \$1,000

The 1946 American Red Cross Fund Appeal in Seminole County went over its goal by nearly \$1,000, according to an announcement today by H. B. Crumley, chairman of the campaign in this county. Mr. Crumley said the quota for the county was set at \$9,000. Although the drive had to be extended one week, the funds now in the hands of the local chapter total \$10,773.30. Mr. Crumley said this morning that he "wished to thank each and every individual in Seminole County who contributed to the fund and particularly those who took an active part in carrying on the campaign." He added that "these workers deserve lots of credit for the success of the drive."

Seminole Scouts To Hold Camporee

Boy Scouts of the Seminole District will meet at Silver Lake this evening for a camporee which will last through tomorrow, it was announced today by Ralph A. Smith, advancement chairman. Scout patrols will compete in camp craft which will include cooking and sanitation. Those who pass the tests will go to Camp Wewa. Floyd Woodward will be in charge of the camporee with Joe Corley assisting. A court of honor will be held this evening at the camp.

MEETING CHANGED

The meeting of the Seminole County Health and Tuberculosis Association, originally scheduled to be held at the Sanford Clinic, will be held instead, at the same time, but in the Commissioner's room at the City Hall in order to accommodate the large crowd expected, according to Mrs. Edward Kircher, secretary.

President Dedicates Roosevelt Estate As National Shrine During Ceremonies

HYDE PARK, Apr. 12. (AP)—President Truman solemnly vowed today that he will carry on Franklin D. Roosevelt's battle against tyranny. He pledged himself to continue the new deal of his predecessor, with emphasis on its progressive and humane principles.

Mr. Truman's promise to follow in the footsteps of the late President Roosevelt, both at home and in world affairs, was given at ceremonies dedicating the Roosevelt Hyde Park estate as a national shrine. Speaking on the first anniversary of Mr. Roosevelt's death, President Truman said: "May almighty God, who has watched over this republic, give us from weakness to strength, give us the wisdom to follow in the way of Franklin D. Roosevelt."

Mr. Truman declared that he, who have survived, must carry on Roosevelt in the conduct of government can best pay homage to his memory by their deeds. He pointed out that Mr. Roosevelt's foreign policy represented America's solemn duty toward nations which have been weakened in the death struggle against tyranny. Mr. Truman said we are determined to fight with all our strength for these principles of international cooperation.

President Truman, discussing domestic policy said Mr. Roosevelt's program organized the government for the benefit of a country for all the people. He linked the new deal to the program organized by Mr. Roosevelt. Mr. Truman declared that these very same principles apply to legislation assuring full production, full employment, a healthy program, Social Security, an educational program, a veterans emergency housing program and a long-range program to provide homes for all Americans.

Plain people all over the world, said Mr. Truman, recognize that it was largely because of Mr. Roosevelt that civilization has survived. Only history can add to the President Roosevelt full justice.

Mr. Truman said that the people President Roosevelt loved will visit the Hyde Park Shrine. He expressed the hope that Mr. Roosevelt may forever share with these visitors something of his timeless qualities—his contemplative vitality, gallant courage and his infinite compassion.

Mr. Truman flew from Washington to West Point, N. Y., and was met by automobiles from there to Hyde Park for the ceremony.

CANNOT VOTE

TALLAHASSEE, Apr. 12. (AP)—War veterans who reached voting age while in military service won't have a chance to register after the legal deadline has passed. This is what state's attorney general Tom Watson told the Polk County supervisor of registration. Watson says "it appears" there is no law permitting such registration.

RATIONING SUGGESTED

SHANGHAI, Apr. 12. (AP)—An U.N.R.R.A. official has suggested strict food rationing in Shanghai and other large cities in China in order to help save millions of Chinese people from starving.
