

Soviets Reject Protest From Washington

MOSCOW (UPI) — The Soviet Union admitted today its agents searched three U.S. military attaches and a British colleague in a Siberian hotel raid. But it said it acted because the men were spying while traveling on the trans-Siberian railroad.

A Soviet Foreign Ministry note rejected U.S. and British protests against the forcible nighttime search of the attaches in their hotel rooms in Khabarovsk last month.

A strong Soviet counter-protest charged the Allied diplomats engaged in espionage. It warned they may be declared persona non grata and be expelled from the Soviet Union.

The four U.S. and British attaches are now in Tokyo.

The men involved were U.S. Army attache George A. Aubrey of Annapolis, Md., assistant Army attache Lt. Col. Karl E. Liewer of Osmond, Neb., Maj. James P. Smith of Meers, Okla., and British assistant naval attache Lt. Cmdr. Laville.

They said Soviet officials burst into their hotel rooms at Khabarovsk the night of Sept. 23-24 and searched their possessions, seizing cameras, film and a transistor radio. All four men are now in Tokyo.

The Soviet news agency Tass today said the Moscow Foreign Ministry replied to the Allied protests in notes to the U. S. and British embassies here charging that the Allied attaches "engaged in spying." The incident was the seventh known time that Soviet authorities have interfered with or mistreated Western military attaches since 1963.

Loyalty Oath Called Vague

TALLAHASSEE (UPI) — One of four Democratic state representatives who are supporting Republican Barry Goldwater for president charged in a circuit court suit Monday that the Democrats loyalty oath is vague and, in some cases, unfair.

State Rep. Julian Bennett, who says he wants to vote for Goldwater, claimed in the Leon County suit, that although the party oath requires that a candidate vote for only 90 per cent of all opposed Democrats on the ballot, it deprives many candidates of their rights of choice.

In Bay County, for example, Bennett said he would have to vote for Johnson, since there are only six contests on the ballot and a vote for a Republican would break the 90 per cent rule.

Bennett asked the court to invalidate the oath.

Rep. Ray Mattox of Polk County, another Democratic Goldwater backer, has said he will vote for the GOP nominee despite his oath.

Missing Boat Is Located

ST. PETERSBURG (UPI) — The Coast Guard cutter Vigilant located a disabled Tarpon Springs shrimp boat early Tuesday wallowing in heavy seas in the Gulf of Mexico. The 42-foot boat was the object of a search since Monday morning.

The "Little Greek" was found anchored about 50 miles northwest of Tarpon Springs. Four men were aboard.

Queen Brushes Off Threats

CHARLOTTETOWN, Prince Edward Island (UPI) — Queen Elizabeth, who appears ready to brush aside with charm threats from Quebec separatist extremists, today had another danger to her Canadian tour removed — by the weather man.

The Queen who made her first public appearance in this island capital today, got the good word from the Maritime Weather Office that Hurricane Hilda will not strike here in any force.

Altamonte Group Protests To Council

By Julian Steinstrom
A delegation headed by Mr. and Mrs. James E. Wagner, Robert Tope and Phillip Tope Wednesday night appeared before the Altamonte Springs Town Council and called for an investigation on why they were not permitted to inspect certain municipal records.
Citizens were reported to have visited the Town Council's offices on Oct. 6 and 7 and asked to see 1963 tax records, tax receipts, records of delinquent fines collected and water receipts.
They were reported to have inspected the tax roll but last night complained that they were not allowed to see other records. They were, however, advised that they could inspect the town's financial statements.
They also complained that during their visit to the town's offices they saw political literature being displayed on behalf of Mayor Lawrence Swafford, a Democratic candidate for County Commissioner.
The Council referred the matter to Attorney Joe Davis and requested that he provide a legal opinion.
The Council authorized a request to the Housing and Home Finance Agency for a feasibility study on a proposed sewage system and authorized Davis to close out the purchase of the Maithe Shores water system which will be tied in with Altamonte's municipal system.
In other action the board agreed to clean a drainage ditch adjacent to Prairie Lake, sit as a Board of Equalization Oct. 26, reviewed seven lots on Mallard Avenue on which a building there will be converted into a day nursery and awarded four road projects to the Orange Paving Co. of Altamonte Springs.

MUTUAL CONCERT ASSOCIATION President, Judge Vernon Mize and his wife were honored at a reception give by Mr. and Mrs. Frank Mebane, Tuesday, signaling the beginning of an intensive two week membership drive for the 1964 concert season. Shown here from left are Judge Mize, Mrs. Mize, Mrs. Mebane and Frank Mebane.

1964 Mutual Concert Campaign Under Way

The Seminole County Mutual Concert Association kicked off its 1964 membership drive Tuesday night with a reception for President, Judge C. Vernon Mize, and his wife.
Mr. and Mrs. Frank Mebane were hosts to the reception at their Loch Arbor home, and joining the hosts and honorees in the receiving line were Mrs. B. W. Bartholomew and Mrs. Troy Ray, co-membership chairman for the season.
Judge Mize announced that the season's sign will begin in November with "Comedy and Conflict," a drama of theater through the ages, featuring Jo Demmond and Frank Willow, stars of radio, television and theater.
This will be followed in January with the nationally famous Sisson Concert Chorus and in March with the Burke Family Singers.
"If the membership drive is as successful as we hope it will be and we reach our quota of 600, a fourth program, probably the Florida Symphony Orchestra, will be added to the schedule," Judge Mize said.
Memberships are available for adults, students and family rates, with the campaign drive ending Oct. 22. No memberships will be sold after this date and no individual tickets will be sold to any one concert.

No Denial Of Report From Washington

WASHINGTON (UPI) — The United States and West Germany appear to be applying psychological pressure on Allies reluctant to join the proposed NATO nuclear fleet.
At least that is the reaction of some Western diplomats to German reports, which Washington has not denied, that the two countries may "go it alone" if necessary.
Most Western diplomats seriously doubt that the United States would be prepared to launch the force as a two-power operation because this would intensify Soviet fears of eventual German control of nuclear weapons.
It would give the Russians added ammunition in their battle against the proposed Multilateral Nuclear Force (MLF), which they claim is a device to give the West Germans a finger on the nuclear trigger.
Such a bilateral force almost certainly would raise a storm in NATO, too, because of general reluctance to see the former enemy get a preferred position in the West's nuclear defense strategy.
Even the suggestion that the United States might consider establishing the force with Germany alone may seriously jeopardize a major effort the United States wants to make to improve East-West relations after the Nov. 3 election.
The Johnson administration wants to push the proposed "non-proliferation" pact with Russia—an agreement to prohibit spread of nuclear weapons or know-how to countries now without them.
The Russians have resisted such a pact unless the United States abandons the MLF. American officials have explained repeatedly that diffusion of responsibility among at least five or six participating powers in MLF—with the U. S. President holding a veto over the weapons—would eliminate any possible danger posed by the Germans.

'Face-Saving' Plan Reported
MOSCOW (UPI) — The United States is considering a plan that would "save face" for three American military attaches accused as spies by the Soviet Union, informed sources said today.
The plan would have the three officers stop off briefly in Moscow on their way back from a trip to Tokyo, then leave a short time later.
The sources said the move also would serve to soften adverse Western publicity about the incident and avert possible damage to efforts to improve East-West relations.

Police identified the man as James C. Bowlin, 28, and said he was spotted by Police Lt. Earl Bourguardez' German Shepherd dog crouched beneath the Inn's stairs yesterday afternoon.
They said Bowlin had ransacked the room of the Inn's assistant manager, A. Lawrence Berberick; and made off with a number of items.
Lt. Bourguardez and Sgt. John Rumbley replied to the theft report and the dog located the suspect.
Berberick told police Bowlin had been dismissed from duties at the Inn but had not turned in his key and returned to make the theft.

Reward Offered For 'LBJ Signs'

MIAMI (UPI) — Lyndon Johnson's campaign headquarters here offered \$1,000 Wednesday to find who has been plastering racist stickers on traffic signs while a Republican official denounced the signs as a "kook's work."
City officials said at least 300 of the black and white stickers were glued to signs early this week. They read: "Integrate your neighborhood, support LBJ."
At Johnson's campaign headquarters, Don Pettit, assistant to Tom Fleming, state campaign chairman, said "you can eliminate most printing firms in this town on this kind of item. But we're checking."
"We'll pay \$1,000 to find out."
State GOP committee deputy chairman R. W. Rickenbrouse said "we wouldn't sit still for anything like this for two minutes." He said he suspected "kooks."

ACL Sends \$275 To Seminole UF

W. Thomas Rice, president of the Atlantic Coast Line Railroad Company, has defined United Fund giving as follows:
"We believe that United Fund giving is one of the best ways that we can participate in the many worthwhile causes in the towns and cities which we serve and I am, therefore, most happy to enclose this company's check in the amount of \$275."
G. Troy Ray Jr., UF campaign chairman for Seminole County, received this contribution during the pre-campaign period with gratitude and appreciation for the sentiments expressed.
For what Rice said was in essence, the substance of the campaign and defined what every gift to the United Fund does. Every institution, business concern, or individual who takes this opportunity to give does, in this one action, support the approved agencies and discharge a moral obligation.
In these pre-campaign days—

Copter Victim Of Own Troops

SAIGON, Viet Nam (UPI) — One of two U. S. Army helicopters shot down Wednesday by supposedly Communist gunfire was actually brought down by friendly troops, Vietnamese military sources said today.
In one of the classic mistakes of warfare, the helicopter had killed 25 Vietnamese militiamen and wounded 27 of them before the survivors turned and fired on it in despair to stop the slaughter, the sources said.
The story was not confirmed by the U. S. military establishment here. An American spokesman first said there was "no substance" to the report, but later modified it to "cannot confirm or deny."
The militiamen wear the same black pajama-type clothing that the Communist guerrillas do.

High Seas Pound Dora Weakened Florida Coast

JACKSONVILLE BEACH (UPI) — Small craft warnings fluttered along the Northeast Florida coast early today and beach residents waited warily for high tide and pounding surf which caused extensive damage Wednesday.
Winds slackened off slightly today, but weathermen forecast winds of 10 to 20 knots and heavy ground swells.
The swell was broken in three places along stretches of private beach here Wednesday and about 100 feet of wall collapsed leaving a private home in danger at Atlantic Beach.
Many beachfront properties were undermined by the ocean when it broke up protecting seawalls during vicious hurricane Dora last month. Dora swept ashore here and at St. Augustine Beach to the south with winds of 110 miles per hour and higher.
Army engineers and private firms — under special contract — have been working to restore the walls before cold weather. Last winter, stormy weather caused severe damage to seawalls along the northeast coast.

When a Herald reporter contacted Bob Besserer of the Seminole Memorial Hospital and told him that the federal government had approved the institution's request for a \$650,000 grant, Besserer said: "Thank you."
"We want more comment than that," said the reporter. To which Besserer replied, "What more can I say and mean it any more sincerely."

Jaycees President Clyde Long underwent surgery at Orange Memorial Hospital this week and is reported to be making satisfactory progress. He is expected to be there about another week or 10 days. While Clyde is out, VP Frank Finch will handle the reins.

Speaking of the Jaycees, don't forget the Christmas Parade theme contest for kids in grades one through six. Deadline is Oct. 23. Put your thinking caps on, kids, and come up with a good one.

Next week is National Newspaper Week and The Herald will be bringing you some special features. Watch for it.

Rotarians will entertain their District Governor, Chauncey McIntyre, at their Monday meeting next week. Mrs. McIntyre will accompany him and will be entertained by the Rotary-Axus on her visit here.

This is National Fire Prevention Week and one of the important ways you can prevent fires is by having your home heating equipment checked out before it turns cold, you light it up and everything goes "boom."

Now's a good time to give the whole house a good going over and get rid of all those fire hazards—piles of papers, old paint cans, cans of inflammable liquids, frayed electric cords, and all those other things you have been meaning to take care of, but just "haven't gotten around to it."

C. M. Harp, principal of South Seminole Elementary School reports two pupils were bitten in a classroom Tuesday by a stray dog, which had to be forcibly removed. Another child was bitten by a dog in the town of Casselberry this week.

SARASOTA, Fla. (UPI) — Republican vice presidential candidate William E. Miller said today Social Security was intended to be a "floor under disaster, not a ceiling on opportunity."

Miller, taking note in two speeches of the large number of retirees in the Sarasota area, said retired persons should be allowed to earn as much as they can and still collect Social Security benefits.
"The Social Security was intended to be a floor under disaster, not a ceiling on opportunity," he said.

Lake Monroe Jottings

By Mrs. H. L. Johnson
Well hello again. How's everyone this hot weather? Don't fuss about it though because think what is coming up shortly. Cold weather. Oh me! I sure don't like it either. * * * Olga (Mrs. C. E.) Hunter sure had a wonderful week-long trip last week. She went with son-in-law and daughter, David and Gertrude Earle of Goldenrod, on a trip down yonder to Miami and Homestead. I know she really had a wonderful time. Sister Alice Nordgren stayed with their mother while Olga was gone. * * * Also off on a trip right now is Ruth (Mrs. Tom) Gallagher. She has gone to visit her mother for a couple of weeks. I asked her how long she would be gone. She said until she got tired, which would be probably two weeks. * * * Another galavanter who has just returned home after being gone all summer "Up North" is Mrs. B. H. Stone. She reports a wonderful time also. * * * Rev. and Mrs. Earl Baker of the Paola Wesleyan Methodist Church have returned home after attending a Wesleyan Methodist Camp Ground in Ashburn, Ga. The Bakers served as the song evangelists while there. * * * Rev. Baker's Church is holding revival services every evening this week. Services start at 7:30 p. m. and every one is cordially welcome. * * * Mrs. B. Brasswell has returned home after a short stay in the local hospital where she had surgery on her arm. We are glad to hear that she did so well. * * * We are sorry to hear that Mrs. Bertha Stanley is in Seminole Memorial Hospital where she underwent surgery. We wish her a speedy recovery. * * * What a big turnout at the football game in Orlando Friday night. Of course we won and what a nice half time show by our band. They were really really good. The Band will have a big day Saturday. They are going to the beach for their annual beach party. * * * Guess what the captain of this band two years ago said "I Do" the other night. Charles Rabun and Terry Vickers who said their vows in the Pinecrest Baptist Church are residing in a home by the Lake Monroe school. We want to wish Charles and his bride the very best of everything and good luck always. They both

deserve it. Vonelle and Tolar finally have a daughter to go with their sons now. * * * A very happy person in Lake Monroe these days, and I don't blame him, is Robert Mann. He has a certificate in a black frame showing that he is the official Postmaster of Lake Monroe now. At the top of the certificate is the name of Lyndon B. Johnson in big letters. I guess it will be a long time before Bob gets down off of cloud nine. Any way congratulations to you Bob in your appointment as the postmaster. You're a swell guy and the President of this U.S.A. could not have selected a better person for the job. * * * Happy Birthday to Sharon Carroll. She's a year older but I don't know which year it is though. * * * The Junior Varsity High school football team lost a honest to goodness good player the other day when Danny Lee decided to break his leg (unintentionally). Sure hate to hear that, because Danny was an awfully good player. We hope that he does okay and the leg mends real good. * * * What a wonderful turnout at the 4-H Achievement Day program last Saturday. Was so glad to see so many parents there to see their son or daughter receive a pin or an award. We heard a wonderful speaker, Jack Dodd, who was at one time a 4-her himself. And he made a successful one. Was also glad to see General and Mrs. Hutchison there also. Mrs. Hutchison is a gracious lady and in a conversation with her she complimented the leaders on the work we are doing with the boys and girls. * * * Glad to see Dottie Austin back in The Herald office. And glad to hear that Judy Wells, the county editor, is now home and doing fine. We hope to see her back in the office real soon. * * * Our thought this week is a request for one printed sometime ago. "Let Me Have Your Friendship." You can sing it to the tune of "Let Me Call You Sweetheart" if you wish. "Let Me Have Your Friendship" ship
You're a pal of mine
Let me have a hand clasp
Let me see you smile
Walk along together
Going mile by mile
Let me have your friendship
You're a pal of mine."

Heckled Lady Bird Heads Special For Georgia And Florida

United Press International Mrs. Lyndon B. Johnson ran the first severe heckling

of her Southern campaign Wednesday in South Carolina. Small groups of youths heck-

led the First Lady and chanted "We want Barry," when the "Lady Bird Special" stopped at Columbia, Orangeburg and Charleston. Large crowds turned out to greet Mrs. Johnson but the vocal, persistent heckling put a damper on the reception.

Mrs. Johnson picked up official support in the state where sentiment for Republican presidential candidate Barry Goldwater is strong. On the train were Gov. Donald S. Russell, Sen. Olin D. Johnston and three of South Carolina's six congressmen, including Rep. Mendel Rivers, a power in the Low Country.

The First Lady said she was not upset by the heckling and said it would serve to "put more vigor in our own workers."

Mrs. Johnson's youngest daughter, Luci, joined the train at Charleston and spoke briefly to the crowd of 12,000 at a shopping center. Lynda Bird, Luci's sister, left the train to return to college in Washington.

The "Lady Bird Special" left South Carolina for Georgia and Florida today. GOP vice presidential candidate William Miller, campaigning ahead of the First Lady, spoke in Augusta, Ga., and Jacksonville and Miami

Wednesday. In his most important speech, Miller told 3,000 persons, including 300 Cuban refugees, in Miami that a Goldwater administration would recognize a Cuban government in exile and arm refugees against Fidel Castro's Cuba.

Miller's attractive wife, Stephanie, continued her campaign tour of Alabama Wednesday, telling a gathering at Tuscaloosa that Democratic campaign tactics are "Repulsive to many of the American people."

Elsewhere in the South: Laurel, Miss.: Alabama Gov. George Wallace indicated Wednesday he will soon make

known his choice in the presidential race.

Washington: Rep. Albert Watson, (D-S.C.), who endorsed Goldwater last week, Wednesday was named co-chairman of the Young Americans for Goldwater.

Atlanta: The state "Johnson-Humphrey" headquarters is leaking out reports of an early Goldwater campaign pamphlet purporting to depict Goldwater as "personally dedicated to the cause of civil rights."

Jacksonville: The Florida AFL-CIO, listing a membership of 150,000 Wednesday endorsed President Johnson at its annual convention.

Winston-Salem, N. C.: Democratic gubernatorial candidate Dan Moore Wednesday night for the first time flatly endorsed the Democratic national ticket.

Richmond, Va.: The formation of the "Virginia Republicans for Byrd" was announced Wednesday. Its purpose is to campaign for a sixth term for Sen. Harry Byrd, (D-Va.). Already in existence is the "Virginia Democrats for Goldwater and Byrd."

Miami: State Republican Headquarters announced Wednesday that former Vice President Richard M. Nixon will campaign in Florida this month.

Independent Fire Department Voted

By Donna Eaton
A motion was made and unanimously adopted at Tuesday night's meeting of the North Orlando Village Council to turn over all fire department equipment to the volunteer fire department, which is to be operated independently on a trial basis until March, 1965, with the pro-

vision that the department be incorporated.

The council agreed to furnish insurance protection and to pay the cost of incorporation. Fire Chief Bill Hahn, speaking for his department, requested the separation from council control.

The police department was converted from an auxiliary to a volunteer unit. Police officers named were Chief Bob Stephenson, Donald Wilcox, Harvey Greaney, and Edgar Smart. Smart was hired at a salary of \$25 a month and authorized to purchase a police uniform at village expense.

Mrs. Helen Greene was appointed court clerk to take care of the paper work for the police department, as well as court cases, and to be in the village office each Wednesday evening at the salary of \$3 per week.

Mrs. Barbara Peters, village clerk, was authorized to change her office hours to each week day from 9-11 a. m.

Henry Ward was appointed civil defense director for the village at the suggestion of Councilman Rhoades.

A five year contract was signed with Florida Power Corp. to supply the city with lights at a minimum charge of \$65.45 per month.

Garden Club Meets Tonight

By Margaret Conroy
All green thumbs and prospective dirt daubers are cordially invited to attend the first regular fall meeting of the North Orlando Garden Club to be held tonight at 7:30 p. m. at the home of Mrs. W. W. Anderson at 20 E. Edgemon Ave.

Co-hostess for the evening will be Mrs. M. E. Berrie.

Mrs. Ewington Harville, president will give a review of last year's projects to give new and old members an idea of some of the interesting activities in store this year. One of the highlights of the season for all the members is the presentation of ideas on holiday decorations, which, though not difficult, are colorful and beautiful.

Too Late To Classify

By Russell Kay
In an election year politicians go stark, staring mad. They will tell you anything and promise anything to either get in office or stay in office.

Desperate for any argument that might bring in a vote they scream, yell and tear their hair with frantic appeals. They are for everything and against nothing, unless it happens to be the candidate that opposes them.

They love the old folks, God bless 'em, our noble senior citizens, makes no difference whether they live in a \$25,000 a year apartment or are begging a dime for a cup of coffee on skid row. They deserve anything we do for them and a lot more.

They love labor, provided it belongs to a union, whether it makes \$2 or \$10 an hour and want the working man to get a break. They sit proudly on the right hand of the labor boss and scream for justice and fair play. They smirk at the television cameras and yelp into microphones to make their position clear.

They love America, the land of the free and the home of the brave. They wave the flag until their arms ache. They are for preparedness, for defense, for freedom and they will spend our dollars to the last penny to insure them. Our dollars, not theirs, and some of the candidates have plenty, so much in fact that they hire auditors to try to hide their wealth with mixed up figures and double talk.

They know all the answers and can iron out all difficulties whether they occur in Viet Nam, Cuba, Russia, Berlin, Darkest Africa or in outer space. All they ask is your cooperation and support, in short your vote. Give it and you can rest assured no matter what the cost they will pay the bill and gladly, with your money.

They love their children and yours and haven't a worry in the world about the burden they might place on them or what inflation will do to all of us as a result of their wild and reckless spending. They tell us the more we give, the more we make and to Hell with the cost of living and the day of reckoning. Who cares about our children or our children's children. They can spend themselves into prosperity just like we did and laugh off the budget and national debt for what they really are, a lot of doggone boogey.

And the old folks, God bless them and the laborers, God help them, and all the rest, cheer themselves hoarse and throw all reason and common sense to the winds as they see only the personal benefits that might possibly come to them as a result of such a mad program.

Why can't we have freedom NOW? Why can't we have hospitalization, nursing homes and medical care, why can't we have shorter work weeks, higher pay and longer paid vacations? Why can't we have all the blessings the good Lord intended us to have, why can't we have all of it NOW?

Stop screaming, we can have it all and NOW if we listen to our friendly candidate. We can have everything our heart desires and two dollars besides. All we have to do is vote for the right candidate.

It is as simple as that, believe it or not!

Largemouth Is Worthy Foe

Most highly prized freshwater gametfish in Florida, the largemouth bass is a worthy foe for any angler, and is especially desirable because it often attains weights up to 12 and 16 pounds, and more.

The powerful largemouth bass may be found in any sort of fresh water from the largest lakes to the smallest drainage canals. Called "trout" in some sections of Florida, black bass build their spawning nests in shallow waters.

Although most spawning occurs during the spring months, bass have been known to spawn in Florida during most months of the year.

As the largemouth reaches heavier weights, over eight to 10 pounds, they lose their trim shapes and often give the impression of being all head and belly. They do not, however, lose their famous inherent fighting ability.

Florida's bass are usually dark greenish on the upper portion of the body, with a dark lateral bar along each side. Lower side and belly are lighter in coloration, sometimes being almost white. Almost any angling technique, and variety of baits, coupled with experience, will serve the bass fisherman.

KEEP DIMENSIONS
The Dodge Dart has retained its "family-size" compact dimensions for 1965. Built on a 111-inch wheelbase, the popular compact is 136 inches long and 70 inches wide.

Advantages Of Area Praised By Cleveland

By Jane Casselberry
Speaking on "Future for Students in the Business World" at cooperative banquet for students from the Lyman High School D.E.C.A. and C.B.E. Clubs, Thursday at the Trade Winds Cafeteria in Casselberry, Sen. Mack Cleveland extolled the economic advantages of the Central Florida area. He was introduced by Mrs. Lois Toole, C.B.E. coordinator.

Seven ingredients he listed as necessary for success are preparation, attitude, personality, dependability, honesty, initiative, and responsibility. In closing he said, "We are becoming too lax in religion, moral feeling, and interest in citizenship and government."

Optimistic Oil Report Expected Friday

FORT MYERS (UPI)—A news conference here Friday morning is expected to reveal "optimistic" reports on the recent oil find in fields near the tiny hamlet of Felda in South Florida.

Testings were held Wednesday in the Sun Oil Company's Red Cattle 2 oil well in Hendry County. Bennie Franks of Dallas,

Texas, the company's petroleum engineer, would not outline findings of yesterday's tests until they are verified by laboratory analysis, but was openly optimistic.

"Everything so far shows about what we expected," he said, "and we all have high hopes for this well."

Test charts were sent to Sunoco laboratories in Dallas

late yesterday and Franks said "We know there is oil there."

He amended this by saying "We know there are hydrocarbons down there. How

much, what quality, how much oil or water, are what we don't know."

The well was cased July 27 and hasn't produced a "single barrel yet."

Moose Women Meet Monday

Sanford Chapter 1404 of the Women of the Moose will have "Christmas in October" at their regular meeting Monday at 8 p.m. at the Sanford Moose Lodge.

Santa Claus will be stationed by the Christmas tree to bring gifts for the children at Mooseheart and the adults at Moosehaven. Senior Regent Eloise Small requests that all co-workers attend and bring a wrapped gift to help make a merrier Christmas for those living there.

Nancy Parkerson, Mooseheart chairman, and Carol King, Moosehaven chairman, are in charge of the project, assisted by Lillie Spain.

Eva Moore, ritual director, will give a short talk on her visit to Mooseheart in June during the 1964 convention. Table decorations will be in the holiday motif.

Kennedy Movie Is Premiered

WASHINGTON (UPI)—Four days in November numbered an unbelieving world last year. Tuesday night, the premiere of a film on President John F. Kennedy's assassination had almost the same hypnotic effect on 1,600 invited guests.

The first showing of "Four Days in November" was at Keith's Theater here, a short block from the White House which figured so prominently in the two-hour documentary.

Producer David L. Wolper combined a skillful blend of newsfilm, still photographs, amateur movies and recreated scenes into a searing record of those four days.

The United States and much of the world lived those days as they unfolded on television and in print. Wolper's production, in cooperation with United Press International, brought those tragic events back in a chronological, cohesive account for the first time.

Baby Seminoles Open At Home With Colonial JV's Tonight

Game Will Mark First Time Two Clubs Have Met

By David Higginbotham
The Baby Seminoles of Sanford will raise the curtain on their home grid season tonight at Memorial Stadium when they host the Little Grenadiers of Orlando's Colonial High.

This will mark the first time the schools' two junior varsity eleven have ever faced each other and one of the top JV crowds in local records is anticipated for the event.

The tiny Tribesmen will go into the affair with a one and one record. They bounced Winter Park's High's junior eleven in the opening tilt of the season but a string of 11 games without a defeat came to an end last Thursday afternoon when the locals suffered a 12 to 6 setback at the hands of Boone High's Jayvees.

According to Head Coach Ralph Stumpf, the Baby Seminoles haven't as yet secured that desire which previous teams in the last five years at Seminole High have had. Stumpf mentioned that in the past second stringers have performed as well as the starters but that this situation has not existed thus far this year.

Stumpf put his squad through a pre-game drill Wednesday afternoon with all phases of the game emphasized, passing, kicking, point after boots, punting, offensive and defensive maneuvers.

Terry Echols worked on punting against a rushing line and Greg Schively and Truby Kinnard teamed up to work on extra point kicking. In the Boone contest, Kinnard tallied Sanford's only touchdown.

Game time tonight has been set for 7:30 p.m. Stumpf and his assistant, John Colbert, plan to start ends Greg Ganas and Chuck Pigott, tackles Jay Stokes and Howard Johnson, guards Russ Lee and C. J. Metzler, Schively at center, halfbacks Kinnard and Echols, Alan Peoples at fullback and Buddy Stumpf at quarterback.

Mike Kinsey, a usual starter, is sidelined with an injured hand.

Game time tonight has been set for 7:30 p.m. Stumpf and his assistant, John Colbert, plan to start ends Greg Ganas and Chuck Pigott, tackles Jay Stokes and Howard Johnson, guards Russ Lee and C. J. Western Auto continued to lead the circuit with Davis Buildings, P'sold Lawn Service, Faron Builders, DeBary TV-Radio, Elbow Room and DeBary Pharmacy following in that order.

Lyman Jv's Host DeLand Tonight

By Jim Beeches
Lyman High's Baby Greyhounds tonight will face the Baby Bulldogs of DeLand High in what could be billed as a "dogfight" at Lyman Field in Longwood.

The contest is slated to get under way at 7:30 p.m. Dick Silvers, head coach of the Lyman Jayvees, said this morning "I was 'real pleased with the performance of our

ball club last Thursday night when we played that 0-0 tie with New Smyrna Beach. "Our boys got some valuable experience and, after all, that's what they're out there to get."

Silvers also said that he expected tonight's affair to be a good game. Although he did not list a starting lineup, observers were confident that he would open

with Gary Smith at quarterback, Mike Warren at fullback, and Larry Baker and Bob Eldridge at the halves with Dave Strushan as a possible halfback starter.

Chances are that Silvers will also start center Danny Hall, guards Tom Fletler and Gary Gunter, tackles Danny Overton and Bob Herrington and ends Charlie Newell and Doyle Lewis.

ST. LOUIS CARDINALS pitcher Ray Sadecki pitches the first ball of the 1964 World Series to New York Yankee lead-off man Phil Linz in Busch Stadium, St. Louis. Umpire Frank Secory called the pitch a ball. The Yankee shortstop then grounded out to third. Catcher is Tim McCarver.

SHS-Edgewater Tilt May Attract Record Crowd For Local Arena

"Tell the folks to get 'em early," Athletic Director Fred Ganas advised The Herald this morning, referring to tickets for Friday's night Metro Conference engagement between the Sanford Seminoles and the visiting Edgewater Eagles.

"The crowd could very well surpass the 5,000 mark," said Ganas, "and if it does we're doing everything we can to get prepared for it."

Advance tickets, said Ganas, are on sale at Rounhill & Anderson, Touchton, McReynolds and Liggett drug stores in addition to the administration offices at Seminole High. Ganas said that 1,000 ducats had been sent to Edgewater High School for students alone and this could mean 2,000 or more fans from Orlando.

The contest could decide the Metro circuit's titleholder—although this fact won't be known until later in the season.

Right now, Edgewater and Boone share first place in the loop's standings and from the shape of things it's going to be a battle among these three clubs for the championship. None of the three has played each other and this week's tilt will be the tie breaker.

Statistically speaking, the Eagles have a slight edge over the Seminoles and undoubtedly will be rated slight favorites over the Seminoles.

From the record, it appears that the Eagles are primarily a ground attack club while the Seminoles have a more varied offense and rate a slight edge defensively.

Therefore the outcome of the contest could well depend upon how Edgewater's ground game goes against the Seminoles' defense.

Maybe Yanks Were Pressing Too Much To Break Loss Skein

By Steve Bialler
UPI Sports Writer

ST. LOUIS (UPI) — Where will it end?

These proud New York Yankees now have lost five straight World Series games and today they sent out the youngest Yankee of them all—22-year-old right-handed rookie pitcher Mel Stottlemyre—hoping for a miracle to halt their slump in the second game of baseball's classic against the red-hot St. Louis Cardinals.

WHITEY FORD ... Couldn't Stop Cards

Big Bob Gibson, a righthanded fastballer, was the pitching choice of confident Cardinal Manager Johnny Keane to

extend the National League's magic spell over the Yankees and nail victory No. 2 before the series switches to New York for the third game on Saturday.

The Yankees played even worse Wednesday, as the Cardinals got the jump with victory No. 1 by a 3-5 score, than they did last year in losing four straight to the Los Angeles Dodgers.

That performance dropped the Yankees from a 17-10 opening favorite to even money for the series but the oddsmakers tabbed them at 11-10 to win today before a crowd of just under 31,000 starting at 2 p.m. EDT.

While the Cardinals rode happily on the momentum that carried them to the pennant on the final day of the season, the Yankees simply were outclassed Wednesday.

Mickey Mantle and Cloie Boyer each committed a costly error and veteran catcher Elston Howard had two passed balls. Left fielder Tom Tresh lost two fly balls in the sun and Roger Maris over-ran the ball trying to get at a triple by Cardinal catcher Tim McCarver.

Those were tipoffs the Yankees are striving desperately—maybe pressing too much—to get back in the groove that brought them 20 world championships in 23 series.

The Cardinals, meanwhile, played it like the Yankees used to.

"All the players were calm before the game," said Keane, "and that's a great sign. It means we were loose and ready."

Gibson, who won nine of his last 12 starts down the stretch, indicated he's among the real

"loose" ones.

"You can't be worried about them," said big Bob. "Of course, they're good. But so are some of the teams in our league."

The Cardinals got brief action from injured second base-

man Julian Javier in the opener, but like Wednesday, he was not in today's starting lineup. Dal Maxvill got the call again but Javier probably will be in there—bruised hip and all—some time during the latter stages.

THE VICTORS—Casey Stengel, left, and Walter Alton, a pair of gentlemen who didn't smile too much this season, have reason to now. Stengel was rehired as manager of the New York Mets and Alton was rehired by the Los Angeles Dodgers.

WSCS Of Grace Methodist Church Holds General Assembly Meeting

The general meeting of the W.S.C.S. of Grace Methodist Church was held at the church Thursday Oct. 1, at 8 p.m. The president, Mrs. C. E. Williams, presided and gave a brief talk on the history and purposes of the W.S.C.S. Special guests were ladies who had joined the church during the past year.

Final plans were made for the covered dish luncheon meeting with Grace Church as host for the combined meeting of First Methodist Church and Christ Methodist Church W.S.C.S. groups on Nov. 5 at 11 a.m. Mrs. Don Coward, DeLand District W.S.C.S. president, has been invited as program chairman for the event. Mrs. Andrew (Dorothy) Crocker, secretary, read a letter of acceptance from Mrs. Coward. Members were asked to save that date, as this is an annual meeting.

It was announced the "Talents for Sale" proceeds were well over \$300 with a final figure to be given later. The treasurer, Mrs. Robert (Ophelia) Bennett was called out of town due to serious family illness.

Mrs. J. F. (Alma) Smith showed the kit from Church World Service of children's

clothing to be made before the United Church women meeting in November. It was voted by the group to buy additional material and set aside Oct. 7 and 14, 9:30 a.m. as work days to continue making these items. All ladies who saw are asked to help either on those days at the church or at home. Patterns may be obtained from Mrs. Smith.

Mrs. C. E. (Barbara) Ciemmer, vice president, reported on the programs for the coming months. She and Mrs. Russell (Florine) Gill attended the W.S.C.S. DeLand District meet at Daytona Beach on Sept. 17.

Mrs. John (Mary Lou) Hires, secretary of promotion, welcomed all new members and guests.

The secretary of youth and student work, Mrs. F. J. (Edna) Murray, asked the group to furnish refreshments for the next activity of the Methodist Youth Fellowship. The group will "trick or treat" for UNICEF on Oct. 31, with fellowship and refreshments afterwards at the church.

Mrs. Russell Gill, secretary of literature, announced that the evaluation reports were to be in by Nov. 5.

The spiritual life secretary, Mrs. W. L. (Mildred) Gramkow Sr., reminded the group of the significance of World Wide Communion Sunday, Oct. 4.

The business meeting adjourned and Mrs. Russell (Phyllis) Kitner, Mrs. Harry (Doris) Klay and Mrs. W. L. Gramkow Sr. presented devotions and an interesting program entitled "A New Purpose for a New Age."

The Esther Circle was in refreshments and decorations in keeping with the autumn season. Members of the Lydia Circle were greeters.

SANFORD ORLANDO

Mrs. Alice Mines Regular Commuter South To North

Mrs. Alice Mines, South Cortez Avenue, North Orlando, is making her third trip North this year.

In the early Spring, she flew up to New Jersey and helped nurse a sick relative.

Returning to acquire an early suntan, she was the envy of friends and relatives while touring through Michigan.

To even the balance a bit, Alice went South to spend some time with friends in Marathon.

Now her older daughter, Mrs. Ralph Sawyer, of Hialeahville, N. J., will be hospitalized, and she wants to be on hand to give encouragement and help care for her son-in-law and grandchildren, Debbie and Tom.

We hope her daughter has a rapid recovery, as we are sure Alice will want to be back in South Seminole long before the icy winds sweep across the North.

CARIN MARIE STOWELL, standing front right, was a recent honoree of a lucky "13" birthday party at her home in Geneva. The 13 invited guests were the Misses Julia Persons, Jane Mero, Vicki Hardin, Beth Darby, Karen Weber, Dawn Holmes, Elizabeth Sweeney, Denise Jerald, Ellen Sloan, Laurnell Johnson, Judy Wyche, Daphne deGanahl and Sue Jeffcoat.

First Methodist WSCS Combines Luncheon Meeting

The Woman's Society of Christian Service of the First Methodist Church met recently in McKinley Hall for its regular monthly meeting.

The president, Mrs. W. W. Tyre, presided over the business meeting, and the devotional program was given by Mrs. R. U. Hutchison.

Mrs. A. B. Vaught, district secretary of Missionary Personnel, from DeLand spoke on "Facing the New Age of Christian Service."

Following the meeting, the members enjoyed a covered dish luncheon.

Lucky Thirteen Birthday Party Fetes Miss Stowell

By JoAnn Hays

Ghosts and goblins arrived early this year at the "Lucky Acres" home of Miss Carin Marie Stowell, as gala preparations marked her 13th birthday in the form of a slumber birthday party.

The all-night affair got underway with Carin's parents, Mr. and Mrs. J. V. Stowell Jr., meeting the 13 invited guests which consisted of Carin's classmates in the eighth grade at Sanford Junior High School. And it was no small matter claims Carin and Jim to pack 13 girls with 13 sleeping bags, over-night luggage and curlier bags into two family cars. But crowded or not, the fun began as the group joined the motorcade for the Seminole High School vs. Evans High School football game in Orlando. After the "big game" the group headed homeward to Geneva for hours of teen-age fun.

The birthday table was overlaid in heirloom linen. At one end of the table Carin's special cake was placed. This lovely cake was decorated as a football field. The cake was placed in a bed of autumn leaves and had an orange and black color scheme of halloween. The centerpiece of fresh flowers and autumn foliage featured a

most unique figurine of a witch on her broom. Tall burning tapers of black and orange in brass holders flanked the clever centerpiece.

The menu, slanted toward a teenager's appetite, consisted of mountains of tea sandwiches, chips, dips and Cokes. Of course the ceremony of cutting the cake topped everything. After the cake cutting came the fun of opening the many lovely gifts. Each one was greeted with numerous "ohs" and "ahs."

Many games were played and prizes awarded to the lucky winners. Then came the music on the "45," unrolling of sleeping equipment, hair going up on rollers and family off to "Dreamland."

Rising at the crack of dawn the next morning Carin tiptoed to the kitchen to prepare the birthday breakfast of pancakes and sausage, but the aroma of food soon drew the girls to the kitchen, and before she knew what had happened she had 13 hungry girls breathing down her neck.

After all tummies were filled, the girls said their good-bys and were driven to their various homes, with all the fun of the night before still clear in their minds.

Special invited guests were Carin's grandparents, Mr. and Mrs. Henry A. Simpson, and somewhere in all the confusion, we remember seeing Carin's brothers, J. V. and Terry, pop their heads in the door for a quick peek at all the fun.

Other invited guests were the Misses Julia Persons, Jane Mero, Vicki Hardin, Beth Darby, Karen Weber, Dawn Holmes, Elizabeth Sweeney, Denise Jerald, Ellen Sloan, Laurnell Johnson, Judy Wyche, Daphne deGanahl and Sue Jeffcoat.

Linda Shawley Honor Guest On 7th Birthday

By JoAnn Hays

Linda Shawley, daughter of Mr. and Mrs. Richard Shawley of Geneva, recently celebrated her seventh birthday with a party in her honor. All the guests were little girls Linda's age and they began arriving at 4 o'clock for the party.

The girls spent an hour riding the bike Linda received from her parents before Mrs. Shawley called them in for cake, ice cream, candy and punch.

Mrs. Maxine Richs assisted her with the refreshments and Linda received many lovely gifts, which she opened following the refreshments.

Children attending were Lynn Yarborough, Linda Johnson, Penny Grazier and Donna Shawley.

My old clock is running down,
It's weights are very low
It was wound by God's own hand,
Ninety-six years ago.
It's been ticking through the years,
Keeping correct time,
It's never stopped or missed a stroke,
Its service has been fine.
In youth it always ticked so strong,
I had no need to fear,
Now it's begun to drag along
Through each declining year.
The running weights will soon be down,
Resting on the floor,
There is no key to wind it up,
And it will tick no more.
But when the Lord shall come again,
And the dead shall rise,
My old clock will tick anew
Beyond the starry skies.

NAS Officers Wives Will Sponsor Gigantic Community Treasure Hunt

Christmas shopping in October? Well, why not, with all the quality merchandise being offered by the NAS Wives in a gigantic "Treasure Hunt" they are sponsoring next week.

The officers' wives are promising a real treat and a different approach to the ordinary bargain sales. Part of the display features items from the world around, so many a conversation piece can be purchased at the "hunt."

This enterprise will be the annual fund raising project for the club and proceeds will benefit the community. The ladies are already visiting Good Samaritan Hospital monthly, and stage parties for all patients having birthdays during the month.

The "Treasure Hunt" will be held at Hiawatha and 17-92 on Thursday, Oct. 15, from 10 a.m. to 8 p.m., and is for the entire community, so all you civilians as well as military, mark your calendar and plan to go on the shopping spree of your life.

The Navy wives could use

any quality merchandise. Perhaps you have something in your home you don't feel is quite nice enough to contribute, but someone else would

love to own. Feel free to call either of the listed numbers and one of the ladies will be glad to call for your merchandise.

The committee members include Alice Haupt, 322-8135; Fran Mitchell, 322-8482; Sally Julian, 322-5482; Ruth Swanson, 322-1330, extension, 418; Thelma Unger, 322-0486; Kay McGowan, 322-8136; Eve Rogero, 322-4389; Sylvia Pickering, 322-2874; Jane John, 322-5685; Shirley McDonald, 322-0582; and Ruby Conder, 322-1330, extension 465.

EVE ROGERO, upper photo, examines just a few of the many items to be featured in a gigantic "Treasure Hunt" sponsored by the NAS Officers Wives, Thursday, October 15, with proceeds benefiting the community. In the lower photo, wives admiring other quality merchandise are from the left, Mrs. Rogero, Kay McGowan, Thelma Unger, Ruby Conder and Ruth Swanson.

Ernest Lundberg Addresses Chuluota His And Her Club

Assistant County Agricultural Agent, Ernest R. Lundberg, was guest speaker at the first meeting this season of the Chuluota His and Her Garden Club, held at the home of Mr. and Mrs. Cyrus H. Willard last Monday evening.

He explained that the amount of damage caused by cold depends on many factors: The condition of the plant, its hardiness, the rate of temperature drop, the duration of the minimum temperature, the rate of rise, the speed of the wind and the location of the plant, among other things.

The use of water, coverings and heating devices are the usual means employed during

cold spells, he said. Water will raise the temperature of the ground, but it should be applied to the ground a day or two before the freeze so that the top soil will have time to dry out, but the sub-soil will remain damp. Sprinkling the shrubs and trees during a cold spell is a complicated process and would be difficult for a home owner.

If a plastic covering is used, Lundberg explained, it should be placed over a frame so that it does not touch the plants, should reach the ground and be sealed with dirt to keep the warmth of the ground inside the covering. If any part of the plant touches the covering, the cold is transmitted and that section will freeze as quickly as if it had not been covered, he said.

"Use plants hardy in Central Florida for your background," Lundberg advised, "but sprinkle tropicals here and there among them for accent and color. The hardy plants will partially protect the tender ones, but even if the latter freeze back they will not be very noticeable."

Candlelight with none of the usual headaches of the ordinary wax candle now comes in the form of permanent candles that do not drip, smoke, smell, or burn down. They are prefabricated metal butane candles that can be switched on and off with a flick of the finger.

Horoscope Forecast

FRIDAY, OCTOBER 9, 1964

GENERAL TENDENCIES: You want to have a good time, but this is not the moment to run off and leave any duties that are pressing because of your restless discontent. Make sure you adopt a truly philosophical spirit so that you see things in their true light, instead of vacillating.

ARIES (March 21 to April 19) You want to expand on the one hand and dash off to new and untried appeal on the other. Pull on the reins and stick to present set-up. Make few necessary changes and increase success.

TAURUS (April 20 to May 20) Your intuition is usually very accurate, but now you are definitely off-track. Use good judgment instead. Friends come to you with questions. Satisfy their curiosity.

GEMINI (May 21 to June 21) Partners are in a bad enough humor, so be sure you don't add to it by any show of temper, perverseness. Try a bit of humor instead. This relieves tensions and all is well again.

MOON CHILDREN (June 22 to July 21) While work at hand may appear to be humdrum, if you finish it with enthusiasm and intelligence, it pays off in fine dividends. Co-workers need a little prompting. Be kind.

LEO (July 22 to August 21) Don't take off for that little spree, but be happy and devoted to mate. Try not to add to present expenses. Perseverance will see you through trying day at work, too. Be pleasant with kiddies.

VIRGO (August 22 to September 21) Don't endeavor to make radical changes, since they would only lead to greater confusion. Fundamental interests are O.K. You may be out-of-sorts. Buy goodies for kin in P.M.

LIBRA (September 22 to October 21) Have you studied those reports that make matters more compatible at home or at work, at school, etc.? Be careful while driving anywhere. Be practical, sane.

SCORPIO (October 22 to November 21) Financial affairs may seem quite trying, but don't take woes out on kin, solve problems by looking at them objectively. Use own judgment. Don't depend on regular advisors.

SAGITTARIUS (November 22 to December 21) Take a day to do whatever it is that most pleases you. Getting into the new and untried could be rather risky. Take health treatments so that you produce more in the future.

CAPRICORN (December 22 to January 20) Private anxieties are what is keeping you from accomplishing as much as you want to. Get rid of them! Worry could undermine your health seriously as well.

AQUARIUS (January 21 to February 18) Don't permit that individual with an acid tongue to make you nervous—realize it's only a habit and disregard. Social fun is possible in P.M. Be considerate of others, courteous.

PISCES (February 19 to March 20) You need the approval of big-wigs before getting ahead with project in mind. Await the morrow for such. Any hasty action now could seriously impair the fine prestige you have built up.

IF YOUR CHILD IS BORN TODAY, the finest outlets for this interesting chart are in the field of capital and labor, selling, whatever is connected with serving the public in general, or government connections. Teach early to study ideas well to see that they are practical in every way, and also have an added outlet that is mostly physical, for a fine balance to the successful life. "The Stars Impel, what you make of it is largely up to YOU!"

'Mob Reporting' Denounced By UPI Editor

WASHINGTON (UPI) — A Rhode Island newspaper editor believes the press must learn to cover the news with the "dignity appropriate for an enterprise protected by the Constitution."

John C. Quinn, managing editor of the Evening Bulletin of Providence, made the statement Wednesday during a panel discussion on the problems of "Massive Coverage" at the annual conference of United Press International Editors and Publishers.

Others participating in the discussion were Alfred Friendly, managing editor of the Washington Post; Arthur R. Bertelson, managing editor of the St. Louis Post-Dispatch; Eugene Patterson, editor of the Atlanta Constitution, and William T. Rives, assistant managing editor of the Dallas News.

Quinn said the public is disenchanted with "mob reporting" and "sheer bad taste" on the part of hordes of reporters, photographers and television cameramen who swamp a news event rather than cover it.

"The press must pay more attention to mind its own manners," he said. "Sure, the news must be covered... but this can and must be done with dignity appropriate for an enterprise covered by the Constitution."

Patterson suggested that one answer lies in "intelligent pooling." He said the press must make known to public authorities its willingness to accept pool coverage arrangements in situations where they are clearly necessary to avoid mob scenes.

Local newspaper editors should take the lead in offering professional advice to public authorities on arranging pool coverage, Patterson said, just as doctors might accept an ethical responsibility advising on questions of public health.

Forestry Board Okays Budget

TALLAHASSEE— The Florida Board of Forestry approved a \$12,415,000 two-year budget at its meeting here today. The proposed biennial budget is about two million dollars more than for the previous two years — a 16 per cent increase.

Only \$6,377,302 will be requested in state funds from the 1965 Florida Legislature for the two years. The rest are federal matching funds and other receipts, which are dependent on how much the state appropriates for fire control, forest management, and information and education activities.

Officers elected for the coming year were Euren E. Brice, Brown, president; Emmett B. Peter Jr., Leesburg, vice-president, and John Y. Humphreys, Tallahassee, secretary. The board also presented service awards to nine Florida Forest Service employees, for periods ranging from 15 to 25 years, totalling 182 years of dedicated service.

and 5 and their families participated. Skill games and races were held and humorous articles made by the cubs were on display.

Winners of the Space Derby were Steve Greenstein, first; Tommy Thompson, second, and Eddie Wright, third. Shoe race winners were Cliff Lockyer, first, and Richard Randall, second, and can race winner was William Thompson III.

Advancement awards were presented by Cubmaster Dave Waters with William Thompson receiving the Wolf Badge and Steve Jamison and Tommy Thompson their Bobcat pins. The mothers took part in a relay race to see which team could drive nails in board first and the fathers reversed their usual role by competing in a race to put up clothes pins on a line and take them down again.

Baked goods and cold drinks were sold.

The Seminole County Juvenile Council annual meeting, slated for Oct. 12, has been delayed till 8 p.m., Oct. 28, in the County Courthouse.

Mrs. W. B. Shipley, office secretary at the Central Florida Experiment Station in Sanford, has on her desk a bouquet of beautiful pink to deep rose peach blossoms. That's right—peach blossoms. They were brought in from the station's farm on Celery Avenue by Dr. P. J. Westgate. Can you imagine? Peach blossoms in October!

The Herald's City Editor, Dottie Austin, was interviewed on Channel 2's feature program, "Opinion" Wednesday by Don Adams, program director. So was City Manager Pete Knowles, along with several other local citizens. The program is aired on Saturday and Sunday at 8:15 p.m. and 11 p.m. Cameron for the television opinion poll was Sanford's Nick Pfeiff. Watch for it.

Mrs. Suzy Reno, local Navy wife who was involved in an automobile accident on Sept. 23 says she would like to find some way to thank two men who stopped to help her extricate herself and her young son from the car, which was upside down in the ditch on the Lake Mary Road. "Two cars went by and did not stop and then these two men came and helped me get out. I never did find out who they were nor have an opportunity to tell them how much I appreciate their assistance," said Mrs. Reno.

How brazen can you get? The Herald had a report Thursday that someone stopped a car on West First Street near the McRoberts Tire Shop and dumped out two little male puppies—right on the main street of town in the middle of the morning! If anyone wants a puppy, Mrs. Kathleen Reynolds took them and put them in the care of Dr. Raymond Bass, DVM.

Things we wouldn't know unless we got mail: "U. S. Pharmaceuticals Inc. has been marketing an internal disorder emulsion with an also base for the past six years."

Chappell Blasts Foreign Policy

"We must fight the tide toward complete socialism," declared Rep. William V. Chappell, former speaker of Florida's House of Representatives, who addressed some 300 persons Thursday night at a meeting sponsored by the local Democratic For Goldwater organization.

Speaking at the Civic Center in Sanford, Chappell deplored the present administration's "lack of firmness in its foreign policy."

C. Of C. Warns Of Book Cover Sales Racket

By Dottie Austin City Editor
John Krider, manager of the Seminole County Chamber of Commerce, said today that advertising solicitors attempting to sell telephone book covers in the area are unauthorized. Krider's warning was backed up by Robert Shelden, manager of the local office of the Southern Bell Telephone Company, and Warren E. Knowles, Sanford city manager.

"Anyone who is approached by such advertising solicitors should contact city officials at once," Knowles said, adding that no such companies had obtained any solicitation permits from the local authorities.

Shelden said that such covers are in violation of the Southern Bell tariff regulations, which are approved by the Florida Public Utilities Commission. U. S. Confirms Increase In Infiltration

SAIGON, Viet Nam (UPI)—Premier Nguyen Khanh threatened today to bomb Communist China and North Viet Nam if they continue their increased support to the Communist Viet Cong guerrillas.

The only immediate reaction from the American Embassy was confirmation that Communist infiltration has increased.

The United States supplies the bulk of South Viet Nam's armaments. The Johnson administration has always left open the possibility of extending the war. But in the recent past it has soft-pedaled Khanh's threats of a "march to the north."

The only concerted action against Communist North Viet Nam has been by the United States, in the series of air raids Aug. 4-5 against North Vietnamese torpedo bases in retaliation for attacks on U. S. destroyers in the Gulf of Tonkin.

Khanh told a news conference today that a decision to extend the war would be "too loaded with diplomatic and political complications" to be taken hastily.

"We have the capability of transporting one-ton, two-ton or three-ton bombs with our means into military installations and industrial installations of North Viet Nam or China," he said.

"The thing is, we must do it in the right place and at the right time. This is the question."

Khanh said, "I cannot answer directly when we will do it and how we will do it but we have the capability of doing it."

Khanh made his declaration after reporters asked if he intended to retaliate against increased Communist infiltration which both he and American officials say is on the upswing.
