

23 Members Of Chattanooga Baseball Club Arrive With Officials, Scouts, Newsmen

Inclement Weather Prevents Practice First Day In Camp

The Chattanooga Lookouts are here, or most of them. Five arrived Saturday. 18 more got in yesterday, and seven more are on their way. The Valdez Hotel is headquarters for the team, and it was a busy place today, as the rain kept the bunch from the practice field and they were all sitting around the lobby telling each other wonderful stories they were going to do on the diamond this summer.

Newspaper men, scouts and officials of the club are with the bunch, though President Joe Engel of the Chattanooga Lookouts will not arrive until the middle of the week. He is driving through. Calvin Griffith, vice president, was expected this afternoon. Clyde Milam, manager, is with the team.

E. T. Bales is here for the Chattanooga Free Press and W. J. Gammon is here for the Chattanooga Daily Times. Trainer Jansen and Scout Zim Beck are also with the bunch.

There are more pitchers, or would-be pitchers, with the Lookouts than any other players. The gang is all registered at the Hotel Valdez. The pitchers are Barber, Perkins, Harkrader, Lucy, Messinger, Cohen, Hayes, O. Wright and Pett. Two other pitchers are on their way.

Other players registered at the Valdez are Nix, third baseman; Barnes, fifth; Mack, short; T. Wright and Loane, outfielders; Early and Redmond, catchers; Chapman and McDowell, infielders; Mahic, second baseman;

Boy Boxers Will Present Card In DeLand Tonight

30 Youngsters Have Qualified To Meet The Harnage Bunch

Thirty members of the Seminole Boys' Athletic Club have qualified for the boxing bouts in DeLand tonight. They are to leave the Sanford arena at 7:15 o'clock. The program has been arranged by Clyde Harnage, DeLand promoter.

Many of the bouts will be between Sanford and DeLand youngsters but there will be some bouts between members of the local 1 b. These are scheduled as follows: Duane Tillis vs. Gills Chapman; Jay Edge vs. Lawrence Barrington; John F. Hill vs. Harry Lee Moore; Billy Barineau vs. Lindberg Hall; Webber Weiborn vs. T. H. Tillis; and Britt Rabron vs. Merchant.

Buddy Lake Is On Albany, N. Y., Team Coming On Sunday

Buddy Lake, Sanford boy, is playing on the Albany, N. Y., team which will play against the Chattanooga Lookouts on Sanford field next Sunday afternoon. Another member of the Albany nine is "Alabama Pitta", the Sing Sing convict over whose desire to "make good" such a success was related some time ago.

Admission prices for exhibition games will be as follows: General admission 55 cents, box seats 25 cents extra; children 25 cents; negroes 40 cents.

Wild Panny, Jant And Sunny Kay To Race Tonight

Wild Panny, Sunny Kay, and Jant will appear in tonight's feature ninth race over the 5-16 mile Club greyhound race track. Eleven races will be run starting at 8:15 o'clock.

The seas largest crowd jammed into the grounds Saturday night and it was another tough night for the farm players who took a real beating as on long shot after the other came through as the winner.

Daily Cost At State School For Girls Is 96 Cents Per Inmate

TALLAHASSEE, Mar. 9.—(AP)—State auditors have reported to Governor Sholtz that maintenance costs of the Florida Industrial School for Girls at Ocala total 96 cents a day for each inmate.

The audit covered the period from Dec. 1, 1932, to June 30, 1935, and auditors said they found accounts at the institution in good order.

There were 93 inmates. The 96 cents a day cost of maintaining them compared with 83 cents a day for the 417 boys in the Industrial school at Marianna, 70 cents for 1,645 at the Railroad state farm, and 614 for the 3,835 at the Florida State hospital.

Dairy and farm products produced at the school had a value of \$11.67 above what the products could have cost in the open market, the auditors said.

Mrs. Mabel Z. Way was superintendent of the school from Dec. 1, 1932, to Aug. 15, 1933, when Mrs. Lola C. Skipper succeeded her.

Go West! Is China's Urge To Youth In Its Flooded Areas

NANKING, Mar. 9.—(AP)—Go West, young man, is again the cry. But this time the "West" means the vast plateau and mountain land of central Asia, and the "young man" is the Chinese youth whose home lands have been swept away by Yangtze River floods.

Thousands of years ago the Chinese laid the foundations of their civilization in what is now northwest China, but the Juts of reener fields and easier living lured the tribes eastward to the river valleys and sea coast.

Over-population and calamities of nature have caused the national government to seek homes in the long forgotten west for the aimless descendants of the men and women who first took root in the western wasteland which modern transportation and scientific irrigation is reclaiming.

Records Proving Mdd In 'Bossy' Is A Better Milker

URBANA, Ill. Mar. 9.—(AP)—"Bossy," the patient milk cow, is doing better work.

In the opinion of J. G. Cash, University of Illinois dairy specialist, the average cow today is as big an improvement over her sisters of 10 years ago as modern streamlined automobiles are superior to the old gas buggies.

Setting the standard for advancement in the milk cow "mob" have been the dairy herd improvement associations, says Cash. At present, there are 58 of these associations, sponsored by the agricultural college of the university, in which 20,000 cows are being tested for milk and butterfat production.

Looking back over past records in Illinois, Cash says 1925 dairy herd improvement association cows averaged 282 pounds of butterfat, against an average of 24.9 pounds in 1934.

"On the basis of 1934 prices the late model cow cleared \$64 above feed cost," he says. "On the same basis the 1925 cow would have cleared \$52 or \$12 less."

"If dairy herd improvement associations had obtained no better production in 1934 than they did in 1925, the total would have been \$210,000 less for the 20,000 members cows of the state."

Because of a shortage of feed following the 1934 drought, Cash says that average production for 1935 was somewhat less than in 1934.

"With less feed available, pro-

duction was bound to go down, but it is expected that the amount of butterfat produced for each pound of feed will be maintained because of better cows and more careful feeding and herd management," he says.

How's Your Health

ROCK RUST DISEASE

Among the dusts in which workers are exposed in numerous industries, silica, commonly found in nature as quartz and asbestos (silicate of magnesium) are two noteworthy ones. The inhalation of these dusts, in any appreciable amount, produces definite disease in the lungs. In the case of asbestos, it contributes to the development of cancer and usually results in tuberculosis.

Dr. Leroy U. Gardner, director of the Saranac Laboratory for the Study of Tuberculosis, is an outstanding authority on this subject. His comments are largely paraphrased below.

To do stop silicosis, the worker must be exposed to relatively high concentrations of dust day after day for a period of years.

Among the industries in which silicosis is a common hazard are

Mother Advised Ailing Daughter To Take Cardui

Many, many women have taken Cardui on the advice of their mothers who had been helped by it.

"I would have severe cramping spells," writes Mrs. F. C. Allen, of Smithville, Miss. "I would get nauseated and feel faint and would have to go to bed. I was afraid to go away from home, for fear I would faint and fall. My mother, having used Cardui with good result, advised me to try it."

"I am so glad I took Cardui and got relief, for it has done wonders for me."

If you suffer this way send to the drug store for a bottle of Cardui and begin taking it today. Of course, if Cardui does not benefit YOU, consult a physician.

Chattanooga Baseball Club Quits Sanford

Municipal Field And Club House Not In Guaranteed Shape, Is Griffith Claim

Decides To Train In Daytona Beach

Late Money Refused; "Principle" Causes Club To Pull Out

The Chattanooga Baseball Club that was to have played in Sanford during the month of March is gone. Club officials, players, scouts, news men, the whole outfit pulled out this morning in a huff, bound for Daytona Beach to train there.

Failure to put the Municipal Baseball Park, and particularly the club house, in shape was given as the cause for the club's summary severance of relations, and all efforts at an armistice were of no avail.

They're gone, the whole "kit and kaboodle," and "that's that." And with the leaving of the Chattanooga goes Sanford's hope of ever getting a big league team to train here, say prominent baseball fans. It was reported that Calvin Griffith, vice-president and secretary of the Chattanooga Club and son of Clark Griffith, said that he would not support Sanford in a move to obtain another club, under or under another name, but this he denied. He expressed the opinion, however, that the failure of Sanford to live up to the agreement with the Chattanooga Club will "strongly argue against" Sanford getting another club to come here to train.

As reported in The Herald last Saturday, prospects of getting the Cleveland Indians (American League) to train here next year were bright, but Arthur E. Brown of the local baseball committee said today that the prospect now is "very gloomy."

Alvin Bradley, president of the Cleveland team; Judge Kenneth Mountain Landis, baseball czar; and Clark Griffith, inspecting Sanford field several days ago and, according to Calvin Griffith, were pleased with the set.

Vandenberg Hits At Appropriation For State Canal

WASHINGTON, Mar. 10.—(AP)—Senator Vandenberg, R-Mich., yesterday launched a new attack on the Florida ship canal and the Panama-Colombia Tidal Power project with an assertion that they were "economically unjustified."

His views were directed to Chairman Copeland, D. N. Y., of Senate appropriations subcommittee on the War Department bill where a \$25,000,000 item is under consideration for continuing the two projects started by sensitive orders with allotments of works progress funds.

Recalling that he had already stated in opposition to the Florida ship canal, Vandenberg made public a letter bringing the "Goody" project under fire as "in the same category."

Rollins To Confer Degree On President Roosevelt At Special Exercises March 21

WINTER PARK, Mar. 10.—(AP)—Dr. Hamilton Holt, president of Rollins college, announces president Roosevelt will receive an honorary degree here Mar. 21 at special convocation exercises. The college also will award an Algonquin Sydney Sullivan medal to Mrs. Roosevelt, Dr. Holt said.

The presidential party is expected to arrive on a special train after the exercises, Dr. Holt said, the Roosevelts will drive to Titusville to board another special train to continue their journey south.

Rollins was chosen by the New York society in 1906 as one of the few colleges to present the organization's award in memory of its founder and first president, Algonquin Sydney Sullivan.

The award is made "not in recognition of scholarship, professional skill or financial success but by reason of the attainment of the finer elements of character; sincerity, helpfulness, purity of motive, exalted ideals of service and the steadfast pursuit of the noblest purposes of life, all of which were characteristic of Mr. Sullivan."

Church Thronged Ill Health Forces For Last Rites Woodruff Out Of For Mayor Dumas Senatorial Race

Interment To Be In Charleston, S. C., Tomorrow Morning

Holy Cross Episcopal Church was crowded to capacity this morning by sorrowing friends wishing to pay their final respects to Mayor T. L. Dumas who died shortly before noon yesterday following an illness of slightly more than a month. The casket was smothered with floral offerings. Public offices and many business establishments were closed during the funeral hour.

The body was taken on the 2 o'clock train this afternoon to Charleston, S. C., where a short service will be conducted tomorrow morning, and interment will be by the side of the late Mrs. Dumas in the Charleston Cemetery. The two daughters of the late mayor, Mrs. Arthur Hazard and Mrs. Raymond Phillips, the Rev. Martin Luther, pastor of Holy Cross Church, City Clerk P. S. Layton representing the city, and several railroad officials were aboard the train, occupying a special car. Mr. Dumas was superintendent of this division of the Atlantic Coast Line.

The short but impressive ritualistic funeral service of the Episcopal Church was read by Mr. Bram. The service will also conduct the service in Charleston. The vested choir sang three hymns—"My Faith Looks Up To Thee," "Jesus My Savior" and "The Strife is Over, the Battle Won."

Mr. Dumas was a devout member of the Episcopal Church, and a regular attendant at its services, always occupying a front pew. He had served as senior warden for the last several years.

Peter Thurston In Commissioner Race, District 2

Peter Thurston today became a candidate for County Commissioner from District No. 2, now represented by John Metesh, Sr., chairman of the board, who declined another term. Mr. Thurston lives on his farm on the West side of Sanford and has resided there during the past 15 years.

In making his announcement Mr. Thurston states that he has the time to give to the office and that he will at all times give such time and effort as is necessary to properly perform the duties of county commissioner. Mr. Thurston states he has no promises to make except to perform the duties of commissioner in a fair and impartial manner and to meet each situation as it arises and at all times work for the interest of the citizens of Seminole County.

Neutral Position On Florida Canal Taken By Judge Dickinson

Judge J. J. Dickinson of Orlando, one of the dozen candidates for Congress from the new Fifth District, was in Sanford today with the request that a correction be made of the report that he endorsed the Florida Ship Canal at a meeting of the district committee in Palatka last week.

"I did not endorse the canal," Judge Dickinson said. "I do not know where you got your information for all the other newspapers carrying the Associated Press News dispatch were correct in saying that I expressed my views on the canal question."

CITY NEWS BRIEFS

Ed Leo Elnes, 59, and Lucile Farson, 21, both of Sanford, were today granted permission to wed.

The tide will be high at 10:14 A. M. and 10:35 P. M. and will be low at 4:01 A. M. and 4:02 P. M. tomorrow.

Rain yesterday, last night and up to 8 o'clock this morning registered 1.07 inches, making a total of 1.82 inches for the storm. G. P. Paxton reports.

The City Commission adjourned its regular session last evening out of respect to the late Mayor T. L. Dumas, until Thursday evening of this week.

The weather: Partly cloudy tonight; Wednesday fair, not much change in temperature. Extreme northwest Florida: fair tonight; Wednesday partly cloudy.

Lenten services scheduled in Holy Cross Church at 10 A. M. and 7:45 P. M. tomorrow have been cancelled due to the absence from the City of the Rev. Martin Bram, Episcopal rector.

Tonight's meeting of the Seminole County Chamber of Commerce promises to be an interesting session, according to comments heard on the streets. Many were heard to say they intended to attend.

Memorial Service To Be Held By Kiwanis

Tomorrow's meeting of the Sanford Kiwanis Club will be in the form of a memorial service for the late T. L. Dumas, charter member and former president of the local club. Secretary E. J. Nix announced today. Kiwanians will gather in Hotel Mayfair for luncheon at 12:15 P. M.

Citrus Fruit Pact Approved In Washington

Agreement Must Now Be Signed By Not Less Than 50 Pct. Of All Shippers

WASHINGTON, Mar. 10.—(AP)—Tentative approval of a marketing agreement for shipments of Florida oranges, grapefruit and tangerines was announced today by the farm administration.

The agreement has been signed by Secretary Wallace but before it can become effective it must be signed by at least 50 percent of the shippers affected. The AAA said that Florida growers will consider the proposed program in a series of meetings to be scheduled at once.

The tentative agreement would regulate that quantity of fruit shipped, would limit shipments of any size and grade lower than U. S. No. 2 for Florida citrus fruit, and would establish a control committee to administer the program.

Under the agreement, a program of shipments of fruit moved in interstate commerce and to Canada could be regulated weekly to prevent flooding the market and depressing prices during periods of regulation each handler of fruit would apply to the control committee for allotments.

Walmsley Offers To Quit If Home Rule Is Returned

NEW ORLEANS, Mar. 10.—(AP)—Mayor T. Semmes Walmsley, last surviving enemy of the Huey P. Long political machine left with an important public office in Louisiana, has offered to resign if the legislature would restore "home rule" to New Orleans.

The mayor said he would make the sacrifice to restore peace between state and city government. He asked also that the legislature enact social security legislation.

Walmsley, former president of the United States Conference of Mayors, is little more than a figurehead in office. The mid regular faction ancient ruler of the city government, deserted Walmsley and surrendered city hall to Huey Long's statehouse machine a year ago. Since then, A. M. Pratt, city finance commissioner, has dominated the commission council with the blessings of the state administration.

Through dictatorial laws, the state controls city tax assessments, collections and disbursements. All city employees are responsible to a state controlled civil service board. Policemen firemen school teachers—even the street cleaners are subject to dismissal by the state office.

It was rumored that the state machine had made a deal with Walmsley whereby he would surrender the mayor's office and become a federal judge in postmaster of New Orleans. The acting postmaster here, Charles Stevens is a civil service employee.

Three Sanford Men Elected Officers Of Florida Audubon Society For The Year

C. Russell Mason of Sanford was elected president, Edmund B. Stone of Sanford was elected secretary-treasurer and Jack Russell of Sanford was elected a member of the executive committee of the Florida Audubon Society at the 26th annual meeting held at Rollins College, Mrs. Wm. F. Blackman of Winter Park was elected vice-president, Edward H. Davis of Winter Park was elected auditor, and the following were chosen members of the executive committee with Mr. Russell, Dr. Hubert E. Mills, Tampa; Mrs. L. A. Dreyfus, New York; Mrs. E. Stedman, Maitland; Miss Lillian E. Arnold, Gainesville; A. J. Hanna, Winter Park; Mrs. Mary Hagan, Arnold, Winter Park; W. L. E. Barnett, Mt. Dora; S. A. Grimes, Jacksonville; and Francis M. Weston, Ponce de Leon.

The morning session devoted to the usual matters of business was featured by the appropriation of funds from the treasury supplemented by special gifts of two members to aid the National Society of Audubon Societies in protecting the last remnant of the great white heron, a bird typical of Florida and found in this country only off the Florida Keys.

Senate Is Sworn For Impeachment Trial Of Ritter

WASHINGTON, Mar. 10.—(AP)—For the twelfth time in history the U. S. Senate today transformed itself into a solemn court of justice to hold an impeachment trial. As a preliminary to the trial—probably next month of Federal Judge Halsted L. Ritter of the South Florida District, impeached by the House on Mar. 2 of charges of allowing excessive "reversal" fees to a former law partner, the Senate was sworn as a trial court as provided in the constitution.

Three members of the House—Representative Summers, Democrat, Texas; Hobbs, Democrat, Alabama; and Perkins, Republican, New Hampshire—appeared and read the four articles of impeachment. Judge Ritter was given until Thursday to appear before the Senate bar and make his answer. This is just another formality, however, as the jurist is expected to be given until Mar. 30 or the rebuttals to make his formal reply, after which a date is set for the trial.

With solemn ceremony, vice-president Garner was sworn as president of the Senate by the dean of the Senate—Senator Borah.

League Invites Germany To Participate In Session Of Special Council On Friday

GENEVA, Mar. 10.—(AP)—The League of Nations last night formally invited Germany to participate in a meeting of the council Friday to examine the Franco-Belgian appeal against Hitler's violation of the Locarno treaty. The speech of Foreign Secretary Anthony Eden in the British House of Commons created the impression here that League sanctions against Germany are unlikely.

Some critics said Premier Mussolini would demand cancellation of the sanctions now in force against Italy as a condition to pursuing African peace negotiations. Italy Saturday accepted the League's appeal for such negotiations.

The immediate reaction here to Eden's speech was that it indicates Britain would be able to ward any suggestion of sanctions against Germany.

Opinion as to whether the League council can decree sanctions against Germany, as it has against Italy was divided.

Some officials hold that France has not appeared under any article of the covenant imposing sanctions and that the appeal merely concerns signatories of the Locarno Treaty.

They say the council is merely empowered to decide whether Germany is guilty of a treaty denunciation and that then the other Locarno signatories must immediately come to the assistance of the power or powers against whom Germany's act is directed.

Office Of Constable Sought By Marshall

C. F. Marshall, Seminole County resident for the last 20 years, today announced that he would seek election to the office of constable from the Fourth District, opposing W. A. McMillen, the incumbent, and Jack Flynn.

Mr. Marshall, a former state game warden and local road builder, said that "if elected I will co-operate with County and City officials in enforcing the laws" and because of his four years of experience as an arresting officer, when connected with the state game conservation department. Mr. Marshall feels fully qualified for the office.

Sympathy For French Cause Is Sought By Premier Addressing Deputies' Chamber

Right Vs. Might Seen As Problem

Can't Be Dominated By Violence Says Leader Of Cabinet

PARIS, Mar. 10.—(AP)—Great Britain today refused France's request for immediate help in ousting Germany's armies from the Rhineland, and the French government issued a general appeal to members of the League of Nations for support in "a fight for peace."

After Foreign Minister Flandin faced at a conference of League's plenipotentiaries to get British backing, Premier Albert Sarraut went before the Chamber of Deputies in a public effort to get sympathy for the French cause. The Premier proclaimed his government's determination to get a clear and precise decision on "the agonizing problem of the strength of right against might." Sarraut justified that if Hitler was declared in violation of the Locarno treaty "then we must turn resolutely toward military alliances and armament races and let us admit it frankly, to war made by the strong when the time favors."

Premier Sarraut said France "does not refuse negotiations that make for peace in the future, but cannot treat when dominated by violence and when signatures are repudiated."

Actual strength of the German army now in the Rhineland is believed by foreign residents to number 30,000. It was no toy army, as artillery and machine gun units were seen. Troops are garrisoned in empty factories, buildings and school houses.

Hollywood Club Robbed Of Huge Sum Early Today

HOLLYWOOD, Fla., Mar. 10.—(AP)—Five robbers early today invaded the Hollywood Country Club, held up and bound all the employees and escaped with between seventeen and eighteen thousand dollars, according to reports to sheriff's officers.

Leaving two automobiles with drivers waiting, the robbers surprised C. L. Jackson, club guard, and marched him into the office of Harold Leopold, manager, who was slugged with a pistol but not seriously hurt when slow to open the safe.

Officers were notified after one of the eight employees freed himself from table linens used for binding and gagging.

Rotary Club Joined By Two Business Men

Two more Sanford business men became Rotarians today when they were inducted into membership of the local organization at its luncheon session in Hotel Mayfair. The two new members are Irwin H. Bradley and Clinton Thomas Parker. They were welcomed into the club by Members Leffer, Stine, Coleman, Rhinholser and Pope.

There were a number of visiting Rotarians at today's meeting, including one from as far away as Antwerp, Belgium—Armond Kratley—proving the name of "Rotary International." Other visiting Rotarians were Walter H. Briggs and Neal Stewart, Kalamazoo, Mich.; A. H. Ingley, Painesville, Ohio; Victor K. Moore, Au Sable, Forks, N. Y.; J. B. Hiers, Jr., Miami; and Al Crutchfield and Bill Higginbotham of DeLand.

The prime minister appeared dejected and weary as he referred to the centuries-long havoc caused in Europe because of Franco-German suspicions and admitted the prospects of bringing the countries together again appeared less today than at any time since the war.

"The only hope lies in achieving a tri-partite friendship," he said, asking for strong armaments in order to gain respect for Britain's "fight for peace."

STEAMER IS AGROUND, All On Board Safe

PORT ORFORD, Ore., Mar. 10.—(AP)—Twenty-two members of the crew of the steamer Phyllis were safe ashore today after grounding five miles south of here last night. Captain Victor Jacobson said he ran his ship aground purposely after a leak was discovered.

The most interesting revelation by the Nye Committee is that J. P. Morgan, with all his power, has no more control over it than keeping his pipe lighted than we have.—H. I. Phillips in the New York Sun.

The lower Florida peninsula represents one of the brightest spots on the nation's business map as of Feb. 1, according to the current Rand-McNally survey. All of North Florida is rated "next best," but the Central, interior and west central portions of the state show a business recession which has been observed for one month or more, the business mappers find. Miami Daily News.

The worst worries that a man ever has are often over the things that never happen. Or as the poet says,

He was eighty years of age that day.

He had lived the allotted span; He had carried burdens hard to bear;

He was every such a man; 'Twas on this birthday that he died.

Of worries great and small; The things that never happened Were the biggest of them all.

The Junior Chamber of Commerce in Lakeland has already gone into action in the probing of election corruption; The members are looking into wholesale payment of poll taxes. Point is given to the investigation by the announcement from one Lakeland candidate for Commissioner of Agriculture says he will withdraw from the race because "the high cost of making a campaign is prohibitive."—St. Petersburg Independent.

A young broker of Westchester returned home the other afternoon after a tough session on the Exchange floor and found his two daughters, both of about kindergarten age, acting up pretty frantically. He gave them both a moderately severe scolding and sent them off to bed. The next morning he found a note pinned to his bedroom door: "Be good to your children and they will be good to you. God."—The New Yorker.

Cities and counties in the northern and central portion of the state are looking with varying degrees of apprehension on the threat of Miami merchants to appeal to the State Racing Commission for a shorter race season. The money derived by the state through the operation of race tracks goes to the counties in equal shares. With this thought ever before them, these counties seem to make it a point not to object strenuously to racing. Like the Racing Commission, they seem to think there cannot be too much of anything that produces increased revenues for them—even when they oppose all forms of gambling "as a matter of principle."—Miami News.

Let Them Rave

The recent radio broadcast by the Communist, Earl Browder, has caused a storm of protest from many persons who believe that the radio should not be accessible to those who would advocate the overthrow of our present form of government and the adoption of one like Soviet Russia. To deny radio facilities to Communists, however, would be to deny freedom of speech, which is one of the inalienable rights of every American citizen and we agree with the New York Herald Tribune that the best way to combat Communism is to let the radicals "blow off steam."

"Mr. Browder, to be sure, is a Communist whose avowed intention it is to promote the formation of a national Farmer-Labor party as a vehicle for the advancement of a communistic program. Communists have as little respect for free speech as they have for private property. Give them the power, and they would abolish it forthwith. But Democracy lives by the principle, and especially in such a case as this it is under the obligation to assert it. Could there be any better demonstration of our confidence in our own political philosophy and institutions?"

There are other, perhaps more practical, reasons for applauding the Columbia system's lack of discrimination. Columbia believes that the best way to make martyrs out of Communists is to gag them, said a statement in answer to the Americanization league's protest. Very well put. Speech is the traditional safety valve for political emotions. It should be permitted to operate over the air as in the press or any other medium of popular expression. Meanwhile, thanks to the liberation of Mr. Browder's utterances, we have had the antidote of an address over the same network from Representative Hamilton Fish, Jr.

There is also the consideration of censorship. Up in New England several stations refused to transmit the Browder speech while carrying that of Mr. Fish. There must be plenty of rugged individualists in that rock-ribbed region who thoroughly resented this dictation of their radio fare. We would paraphrase the Columbia statement by saying that the best way to make Communists out of such Americans is to forbid them the choice of their own intellects.

Corporal Punishment

The order of Governor Earle abolishing all forms of corporal punishment in the penal institutions of Pennsylvania marks another advance from the medieval to the modern in penology. There had been no indication that prison officials in that state abused their power to inflict physical punishment on their charges, yet it was exercised in certain instances and with more harm than good either to the inmate, the institution or society. Serious infractions of the rules resulted in formal trial after which the offender, if found guilty, was given three to 20 lashes with a rubber hose.

Discipline is of the very essence of military service yet both the army and navy dropped flogging decades ago as an antiquated and unsatisfactory form of punishment. The whipping post as a penalty for various crimes is retained only in Delaware. Warden Leach of that state declares that, far from reforming the prisoner, a beating serves merely to harden and embitter him further. As a deterrent the "cat" is useless, for its falls repeatedly upon the same backs.

Of old, when vengeance was regarded the prime purpose of punishment, the lash and other instruments of physical torture were not inappropriate. Our penal system now makes at least the pretense of existing to rehabilitate as well as chastise offenders, and in such a conception the infliction of pain has no place. Other and more effective means of punishment—solitary confinement, for example, which every convict dreads—are available for controlling the fractious.—Miami Daily News.

SANFORD TWENTY YEARS AGO

The families of L. A. Brunley and D. R. Brisson of Coeery Avenue formed a congenial party attending the barbecue at Longwood yesterday.

Mrs. Frank Lane of DeLand was the weekend guest of Mrs. M. C. Doyle.

Mrs. Margaret Barnes delightfully entertained the Every Week Club at her home on the Heights, Tuesday afternoon, this being the last games of the club until after Easter. Mrs. Harry Papworth won the prize for the guests and Mrs. Cecil Gabbett for the club members. Those present were—Mrs. H. M. Papworth, Mrs. J. B. R. Stryker, Mrs. J. L. Hurt, Mrs. O. W. Brady, Mrs. G. F. Smith, Mrs. Cecil Gabbett, Mrs. S. E. Barrett, Mrs. C. M. Vance, Mrs. Anno, Mrs. C. O. McLaughlin, Mrs. T. A. Neal and Miss Emma Irvin.

Mate Jameson of the dredge last, Clovis, which burned here Monday night, is still missing and the hopes of his comrades that he had taken to the water and made his escape are dashed to the

ground by his continued absence. There seems no doubt now about Jameson being burned to death in the fire.

C. M. Berry, our efficient county demonstration agent, is one of the happiest men in the county today. On Wednesday he had 21 agents here with him from various parts of the state and among them were several government men.

Mr. Berry had been telling them of the beauties and virtues of the Sanford section and they came over here to verify his statements. They were simply amazed at the many advantages offered in this section—the farmer and stock raiser and left here with the feeling that all Mr. Berry had said about the Sanford section was true.

Word was received in the City this week of the death of Maxey Robinson who died in Lake and the early part of the work. Mr. Robinson was part owner of the Bludwine Bottling Works of this city.

Russia Can Place Army Of Million Troops In Field

Militia Is Absorbed By Army, Big War Budget Is Approved

By JOHN LLOYD
MOSCOW, Mar. 10.—(AP)—In view of what the Soviet Union's high command sees as a threatening international situation, almost the whole red "national guard" system has been converted into a standing army.

There now are more than 3,000,000 men under arms and ready to take the field on a moment's notice in Europe or the Far East.

(Yoshiyuki Kawasaba, Japan's war minister, recently said in Tokyo that the Soviet Union had concentrated in eastern Siberia a force of 25,000 men plus 800 airplanes and 450 tanks).

A huge war budget, figuring out at approximately \$3,900,000,000 on the basis of the new five roubles to the dollar exchange rate, was announced in January.

Since a large part of this is to be used for increasing man power, observers estimate that the Union will have at least 1,500,000 men under arms by the end of the year.

The total strength now, including the national guards or so-called "territorials," is 1,300,000. Of these 1,031,000 are on permanent duty and 269,000 are called up at stated intervals.

The relative sizes of the standing and territorial forces are almost the reverse of what they were until recently. Previous to the reorganization only 26 percent of the army was on permanent duty.

Much money is to be spent during 1936 in addition to the armaments. No official figures have been given out as to the number of tanks already in service but they are known to run in the thousands.

A much-felt need, according to Soviet military men, is development of long-range bombing planes. Those presently in use do not have enough cruising capacity to make round trips to the vital centers of the countries most likely to be opposed to the Soviet Union in war.

Red statesmen frankly name Germany and Japan as these countries. Decision to build up the big Soviet military machine was taken, they have explained, because of threats of German and Japanese origin.

Compulsory military service gives the Union a sufficient supply of recruits. The government is spending large sums for educational work among the soldiers, the period of army service being described as also a period of schooling to prepare the soldier for life as a civilian.

A 60 percent pay increase has been promised the troops this year and barracks in all parts of the country are to be enlarged and remodeled.

Texas has accepted a bequest of \$3,000 from a Rhode Island woman to finance a study of Thomas Jefferson, Abraham Lincoln and Jefferson Davis.

Women Police In Poland Make Hit With Youngsters

WARSAW, Mar. 10.—(AP)—Poland's blue-uniformed police-mamas are making a big hit with children; so much so that many a youngster yells: "Police!" instead of "Mamma!" when he needs a friend.

Typical was the case of the little boy whose red balloon escaped on the boulevard. His screams brought a young policeman who saw the balloon caught in a tree and promptly climbed up after it. One holiday night several ragged youngsters who saw a Christmas tree twinkling through the windows of police headquarters, walked right in and joined the party. The policewomen made them feel at home.

Such success in winning the confidence of the young is in line with the principles on which the women's police force has developed. It was organized in 1925 to help the government's fight against white slavery and the traffic in dangerous drugs.

Chief of the organization is Miss Stanislaw Palenowicz, who was an officer of the Polish army in the war with Soviet Russia. Under her leadership the women police see their greatest responsibility and opportunity in the field of social welfare. They have established homes for wayward girls and now superintend centers for the care of homeless children.

The policewomen are recruited from among healthy, unmarried applicants between the ages of 21 and 30. They must undergo six months of special training, and must sign for four years' service. During these four years they are bound to celibacy, and should they continue to serve after four years have elapsed they must wait an additional three years before marriage.

The girl who signs up at 21 and takes her professional responsibility must wait until she is 28 before she can marry.

Inasmuch as most of the women police look so attractive in their navy blue uniforms that they turn many a young man's head, this seven-year wait has its disadvantages. It is already said to have complicated several romances heart-breakingly.

On the other hand, hesitant swains propitiously more promptly when the "one and only" girls hint they may join the police.

Can Be Sick And Not Know It, Says Doctor

BERKELEY, Calif., Mar. 10.—(AP)—One can have measles without knowing it and become the center of a large epidemic, Dr. Karl F. Meyer of the University of California school of medicine has found.

A person so infected will not have a fever, Mr. Meyer said, after a study of "asymptomatic" diseases and the disease's characteristic spots will not appear.

Attention was focused on such latent infections during the World War, when it was found that tetanus and gas gangrene often set in long after the wound with which they were originally associated.

Reviewing these cases in a recent scientific paper, Dr. Meyer pointed out that infection could be dormant for long periods and was not infrequently stirred up by operations to remove bullets or bits of shrapnel.

Test Device To Free Plane Wings Of Ice

LONDON, Mar. 10.—(AP)—A newly invented device to combat the formation of ice on airplane wings has been adopted experimentally by Imperial Airways Limited. The mechanism, it is said, would have saved Knute Rockne and other lives lost to the ice menace.

40 Minutes Per Mug Given Beer Drinkers

MEMPHIS, Tenn., Mar. 10.—(AP)—Is 40 minutes a reasonable time for quaffing a mug of beer? City Judge Moore decided it was and dismissed a case charging a restaurant owner with selling beer after 1 A. M.

The case was made at 1:30 o'clock, but the two imbibers said they bought the beverage at 10 minutes before 1.

The new special Sunday rates for out-of-town calls provide an unusually low cost long distance service all day Sunday for both Person-to-Person and Station-to-Station service.

Another new feature is the introduction of a reduced night rate period every night after 7 P. M., on Person-to-Person long distance service. Formerly, reduced night rates were in effect only on Station-to-Station service, but now reduced night rates are in effect every night after 7 P. M., and all day Sunday on both Person-to-Person and Station-to-Station service.

Take advantage of these bargain hours to keep in close personal touch with out-of-town relatives and friends by telephone. There is likely some one who would greatly enjoy a telephone visit with you tonight. Ask "long distance" for rates. You will probably be happily surprised to learn how much you can save by calling during the bargain hours.

VISUAL NEWS of the WORLD IN PICTURES

LUTHER DEFENDS RHINE MARCH

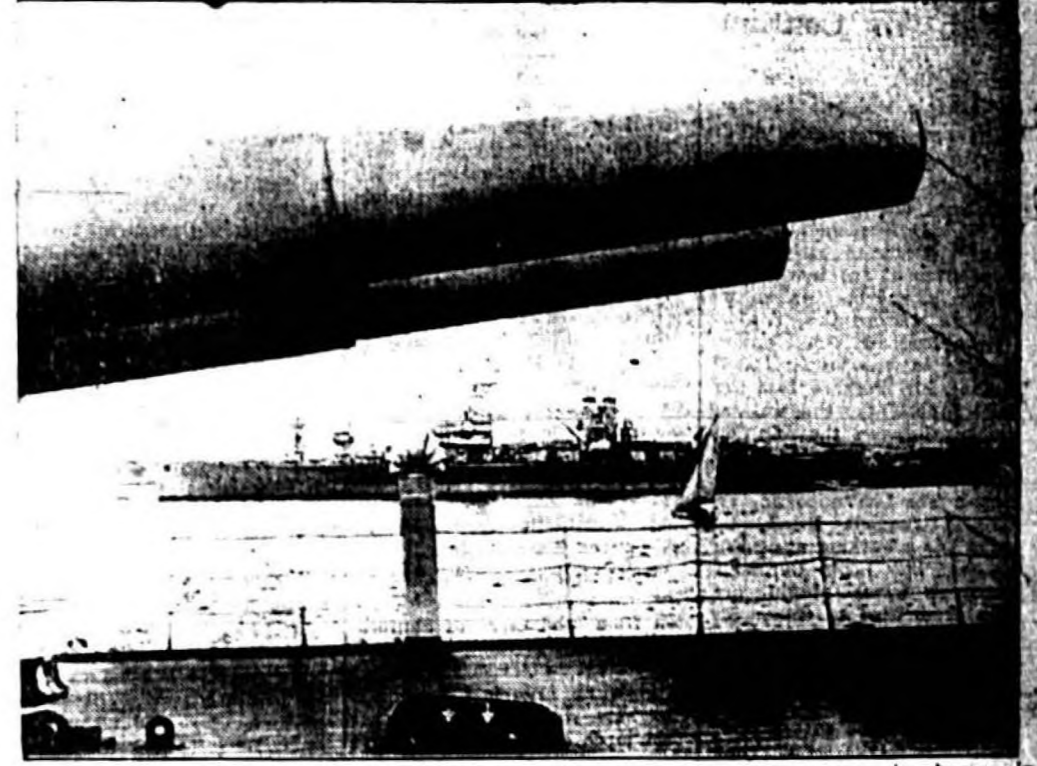

Dr. Hans Luther, German ambassador to the United States and the man who signed the Locarno pact for Germany, is shown in Washington as he defended the march of Nazi troops into the Rhineland. He said the movement was undertaken by Adolf Hitler in an attempt to establish a broader base for peace in Europe. (Associated Press Photo)

HITLER'S NAZI CAVALRY INVADING RHINELAND

This radiophoto shows German cavalrymen riding into Cologne, in the heart of the Rhineland, on orders from Reichsfuehrer Hitler whose sudden renunciation of the Locarno pact with the allies started Europe. Invasion of the territory demilitarized by post-war treaty gave rise to fear of another conflict. The picture was telephoted from Berlin to London and then radioed to New York. (Associated Press Photo)

GERMANY'S NAVY BRISTLES PROUDLY AGAIN

Germany's new battleships, a symbol of its new strength, the revived German navy is shown in a magazine at Kiel. Dictator Hitler was fully aware of his naval strength when he sent troops to occupy the Rhineland again in violation of the Locarno pact and the Versailles treaty. (Associated Press Photo)

HITLER GIVES MARCHING ORDERS

A few minutes after Adolf Hitler told the Nazi Reichstag the Locarno pact is dead and sent his troops into the demilitarized Rhineland, the cameraman caught him giving the Nazi salute to his goose-stepping soldiers on a Berlin street. The picture came by telephoto to London and thence by radio to New York. (Associated Press Photo)

GERMAN ARTILLERY MARCHING INTO COLOGNE

Into the heart of the Rhineland marches this German artillery unit which is shown entering Cologne shortly after Reichsfuehrer Hitler renounced the Locarno pact and ordered his army to occupy the demilitarized zone. Telephoto brought the picture from Berlin to London and radio delivered it in New York. (Associated Press Photo)

BALL, CHAIN AND BROOMS FOR VAGRANTS!

Figuring a drive against transients whom he describes as "touts," Mayor Leo P. McLaughlin of Little Rock, Ark., has ordered all convicted vagrants to sweep downtown streets with balls and chains attached to their legs. Here are some of the victims at work as citizens look on. BREVITY RUNS AWAY WITH FLORIDA DERBY

Joseph E. Widener's big three-year-old bay, Brevity, won by such a wide margin that other horses weren't even in the picture at the finish of the Florida Derby at Hialeah Park in Miami. Brevity is shown coming under the wire five full lengths ahead. He equalled the world's record and clipped a fifth of a second off the Hialeah record. (Associated Press Photo)

AT WEDDING OF DOUG AND SYLVIA

This radiophoto, sent by wire to London and New York, shows Douglas Patterson, Sr., and Lady Sylvia Ashley during the register at their wedding after their wedding in Paris. The ceremony was performed in the City Hall by Mayor Gaston Crozier under special dispensation which waived religious requirements. (Associated Press Photo)

HITLER CALLS FOR RENEWED 'WATCH ON THE RHINE'

Reichsfuehrer Hitler (arrow) is shown in this radio picture as he told the Reichstag of his intention to have German troops re-occupy the demilitarized territory in the Rhineland. Just behind the Reichsfuehrer sits Hermann Goering, one of his right-hand lieutenants. Telephoted from Berlin to London, the picture then was speeded to New York by trans-Atlantic radio. Trade Body Of County May Be Reorganized

Committee Named To Suggest Plan Will Report At Special Meeting March 17

Papworth States He Will Resign

President Of Group Says Members Are Lacking In Interest

Steps were taken at a meeting of the Seminole County Chamber of Commerce last night to reorganize the trade body.

A committee to propose a plan of reorganizing was appointed by President H. M. Papworth, and it will hold its first meeting at 8 o'clock this afternoon and will report back to the Chamber of Commerce at a special meeting of the board of directors on Tuesday evening of next week, March 17.

The early report was suggested by W. A. Laffler for the reason that "it would not be well to let the matter rest in uncertainty." "There has been a little discordant note," he said, "but that will work out all right. However, we ought to do something without delay."

The committee is composed of H. H. Coleman, chairman, H. B. Foss, Fred T. Williams, Charles Dunn and E. H. Laney.

Before appointing the committee Mr. Papworth declared that irrespective of what action the committee takes and irrespective of the success he has at a meeting with the State Board of Commerce, he will resign as president of the Chamber of Commerce upon his return from that Orlando meeting.

Mr. Papworth advised the committee that in proposing a reorganization it should consider a possible change in secretary, but Hawkins Connelly stated that "Hawkins Connelly's services have been very satisfactory in these troublesome times since Karl Lehmann left us," and he moved a vote of appreciation to the secretary. The resolution was adopted by unanimous vote. This brought from Mr. Papworth the statement that he was pleased to say he could not have had more able assistant than Mr. Bagwell.

The president of the Chamber of Commerce delivered a long address at the meeting, mainly about what he declared was a lack of interest in the organization by the membership. But he spoke at some length on the expense of the Seminole County exhibit in the Central Florida Exposition at Orlando last month of his efforts to get more road work in this county, and of the Chattanooga Baseball Club situation. He also made several references to "allyphing" by the Chamber of Commerce in the last four years, which he decried, and declared that after putting in seven or eight years of hard work for the organization what he had heard in the last few days had "disgusted" him, hence (Continued on Page Five)

Preparations Complete For Annual Free Cooking School To Be Held Thursday, Friday

Final preparations have been made for the annual free electric cooking school to be given Thursday and Friday afternoons from 2:30 to 4:30 at the Sanford Woman's Club by the Florida Power & Light Company and The Sanford Herald with the cooperation of the L. & H. Stove Company and many local merchants. The public is cordially invited to attend.

Miss Eleanora Rahn, of the L. & H. Stove Company, who had charge of the school here in the fall, will again serve as the home economist and will prepare many appetizing dishes in the electric kitchen to be arranged on the stage of the club.

Miss Rahn is a graduate of the Milwaukee-DuSoy College where she specialized in dietetics. She has had much experience in the preparation and analysis of foods and is prepared to answer all problems regarding the cooking of food.

Miss Margaret Healy, home economist for the Florida Power and Light Company, who is well known to Sanford women, will assist Miss Rahn on the stage.

Prizes will be given to the school each day 10 prize baskets of groceries will be given away along with the food Miss Rahn cooks and valuable electric prizes.

Among those co-operating with the school are: Raley's, Seminole Creamery, A. K. Rosseter, florist, White Lily Flour Company, Wesson Oil, Snowdrift Company, Jones Chambliss Company, Jacksonville, distributors of Churngold, Lodge & Son, Sanford Furniture Company, the City of Sanford, Piggly Wiggly, Hill Hardware Company, Randall Electric Company, Sanford Electric Company, Semino's Tire Shop, Hofmann Electric Service, and others.

The prize grocery baskets will contain loaves of Bell bread, Wesson Oil, Snowdrift, Churngold and crystal glasses, sacks of White Lily Flour, and other articles that can be used by all families. Bouquets of flowers donated by A. K. Rosseter will also be among the prizes.

Expenses At Fair Ordered Paid By Commerce Group

Chairman Says That He Was Told That 'Sky Is The Limit'

All expenses incurred by placing a Seminole County exhibit in the Central Florida Fair at Orlando last month were last night ordered paid by the board of directors of the Chamber of Commerce. The action was taken after President H. M. Papworth of the Chamber of Commerce advised County Agent C. R. Dawson for spending too much money and for placing "refuse" produce on display, and Chairman A. G. Wagner of the committee had declared that Mr. Papworth had told the committee that the "sky is the limit" in the matter of expense.

The motion to pay the bills, amounting to about \$500, was made by Leo Hawkins Connelly, and was seconded by W. A. Laffler and was passed by unanimous vote. Prize money amounting to (Continued on Page 3)

Gag Clamped On Disclosures Of Treasury Data

WASHINGTON, Mar. 11.—(AP)—The House ways and means sub-committee today clamped a "gag" on any further disclosures of treasury data submitted as a basis for working out President Roosevelt's \$792,000,000 tax program.

Coincidentally, there were intimations that the sub-committee is approaching an understanding that tax rates on undistributed corporate earnings be adjusted so as to meet any loss of revenue reckoned by providing a "substitution" reserve for corporations, and by exempting banks, insurance companies and fiduciary organizations from the projected corporate levy.

Emerging from the session, Representative Vinson, Democrat, Kentucky, asserted "I can't talk because of a 'gag.'"

\$25,000 Asked Billion, Maybe For Accidental Death Of Girl By WPA, PWA

Suit Filed Against Tourist By Father Of Girl Asked To Go On Auto Ride

Twenty five thousand dollars is the sum demanded by Stanley H. Anderson of Carlton W. Smith, of Dayton, O., for the death of his daughter as a result of an automobile wreck last October. According to a suit on file in the office of the County Clerk of Courts.

According to the information filed, Margery Lynn Anderson, a minor, daughter of the plaintiff, died on Oct. 14 the day following the accident which, it is alleged, was caused by the negligence of Jane Lorraine Smith, minor daughter of Carlton W. Smith, and the driver of the car. The accident was on the night of Oct. 13, last, about 10 miles south of Sanford, on State Road No. 12 between Sanford and Water Park.

Margery Lynn Anderson was a guest of the Smiths and was invited by the daughter of the defendant to go on the automobile ride. But, according to the information, Jane Lorraine Smith, who operated and drove the automobile with the permission, consent, and knowledge and authority of Carlton W. Smith, drove the machine "at a high, reckless, unsafe and unlawful rate of speed" on a wet and slippery pavement of which the defendant was warned signs erected upon and along said highway.

It is alleged that the car skidded for 125 feet on the wet pavement, and finally turned over, inflicting fatal injuries to Margery Lynn Anderson. It is also alleged that five persons were riding in the front seat of the automobile.

The weather: Generally fair tonight and Thursday, somewhat cooler in north portion tonight. Extreme northwest Florida Partly cloudy, cooler tonight and Thursday.

Announcements were made today by the Traveler's Insurance Company, of Hartford, Conn., that Lewis C. Smith of Sanford has been appointed Seminole County agent, with temporary office located at 104 Magnolia Avenue. Mr. Smith has been a resident of Sanford for the last 13 years and is well known here.

County Agent C. R. Dawson received instructions by wire from Gainesville today to attend a conference in Lakeland next Saturday called to consider the new citrus fruit marketing agreement approved yesterday by Secretary Wallace in Washington. It is expected that a number of shippers will also attend the conference.

Sam Houston, publicity director of the "Believe-It-Or-Not" show now playing daily on First Street, next to McCrosby's Five and Ten Cent Store, declared today that scores of Sanford freaks and performers during the opening day yesterday. He said that most of the visitors were particularly interested in "the man without a skull." The show will continue throughout the week.

Warrant deeds placed on record today show the transfer of a Ninth and Tenth Streets, by Jerry Walker to Isabelle Williams for a consideration of \$400; the transfer of negro property east of the City by Brady Crimes to Herbert Hinesley for \$700; and the transfer of acreage near Paoli by Henry R. Cook of New York to Claude G. Smith of New York for an unsummed consideration.

Confidence Seen By Insurance Men In Local Realty

Metropolitan Plans To Modernize Its Sanford Holdings

Returning confidence in the local real estate situation was expressed this week by representatives of the Metropolitan Insurance Company when they made their regular spring call upon their Sanford representatives, A. P. Connelly & Sons.

The visiting officials from New York were C. D. LeBay and J. L. Flower, and they told A. P. Connelly that real estate values and returns are improving constantly throughout the state and that the movement, which has its origin in the lower East Coast has, unquestionably, spread to the lower West Coast and is proceeding northward in regular course. Properties owned by the Metropolitan are returning better rentals to the company and sales have been made at prices which are most satisfactory.

"The company's confidence in Sanford is evidenced," according to A. P. Connelly, "by its determination to improve, modernize, and repair those properties which it owns in the city." Work will begin in the very immediate future on Metropolitan properties in Sanford, under the supervision of the office of A. P. Connelly & Sons.

"These men," stated Mr. Connelly, "are familiar with the entire Southeastern territory and their judgment has been vindicated over the last several years in the handling of the Metropolitan properties at this point. We feel that the people of Sanford might be interested in the view point, which men who are really specialists in the real estate field entertain toward Sanford."

Cold Weather Again Grips Middle West

Colder weather swept into the Middle West today, bringing freezes to a wide area, but most of the East remained warm and pleasant. The cold is expected to spread into the East tonight. Freezes were recorded south to the Texas panhandle where Amarillo had 22.

Roosevelt Asked Court Dissolves By Water Group Chain Store Tax Collection Halt

Personal Investigation Into Water Problem Is Asked Injunction Stopped Collection Beginning Last July 1

TALLAHASSEE, Mar. 11.—(AP)—The Supreme Court yesterday reversed an injunction which Circuit Judge J. B. Johnson of Tallahassee restrained collection of the chain store taxes beginning last July 1, but the court did not decide what date the tax actually became effective.

There was an evenly divided opinion among the six justices, but Justice Fred H. Davis, although holding the tax did not become effective until Feb. 25, 1936, concurred with three other justices in dissolving Judge Johnson's injunction.

The effect, it was explained at the court, is that Comptroller J. M. Lee virtually is left to his own determination whether to require payment of the taxes from last July 1. He previously announced he would follow the legislative act which fixed July 1 as the effective date. Authoritative sources estimated collection of the tax of July 1 would bring in \$1,500,000 more than would be obtained by starting collections as of Feb. 25.

Chain store operators contended the tax was not effective on July 1, but was suspended in its operations until the Supreme Court ruled on whether the law was unconstitutional. Last October, the court upheld parts of the law and threw out other parts and then on Feb. 25 it reaffirmed the October decision after a rehearing of the case.

Nazi Citizens In America Are All To Be Conscripted

NEW YORK, Mar. 11.—(AP)—Siegfried von Nostitz, attaché at the German consulate in New York, announced yesterday that by command of Reichsfuehrer Hitler all German citizens living in the United States are to be conscripted for possible service in the fatherland's Nazi legions.

Upon receipt of the order in New York, notification was immediately transmitted to all German consulates in the United States.

All male subjects were demanded to report immediately either to their local consulate or to the consulate-general in New York.

They will be registered, Von Nostitz said, although exemptions will be given those in financial straits or suffering physical disability.

They will not be subject to immediate military service, he said, but will be held in readiness in the event of an emergency.

Those who disregard the order are liable to a fine of 105 reichsmarks (about \$65), Von Nostitz said.

Nation Threatens To Quit League Unless Britain Helps Oust Nazis From Rhine

French Declare Honor At Stake

Locarno Signatories Meet Tomorrow In London Conference

GENEVA, Mar. 11.—(AP)—Representatives of five nations allied in the Little and Balkan Ententes decided today to support the French protest against German re-occupation of the Rhineland. The nations represented were Czechoslovakia, Rumania and Yugoslavia, composing the Little Entente, and Greece and Turkey which, with Rumania and Yugoslavia, make up the Balkan Entente.

PARIS, Mar. 11.—(AP)—A high source declared today that France will quit the League of Nations unless Great Britain backs her demand that Hitler withdraw his troops from the Rhineland. This source said Foreign Minister Flaminio will take the warning of such possible action with him when he goes to London tomorrow for the conference of Locarno treaty signatories.

Officials said Flaminio was prepared to tell Anthony Eden, British foreign secretary, that France was not alone in her stand against further occupation of the Rhineland by German troops.

An authoritative spokesman declared: "We know war is coming in two years anyhow. We might as well have it now, while we are prepared. The only way in which Hitler's troops will leave the Rhineland is for the Locarno signatories to drive them out, but a stitch in time saves nine. There comes a time when a nation refuses to be humiliated in front of the world. French honor is at stake and we are ready to draw the sword if necessary to keep it unsharpened."

The French attitude was described by Ambassador Potemkin of Russia, the nation which France signed a military assistance pact upon which Hitler stated he based his denunciation of the Locarno treaty.

French officials said it was necessary for Great Britain to back France at this time to prevent "the death of the League of Nations." One official said: "This time, France will be satisfied with no gestures. Germany must remove at least 70 percent of her troops from the Rhineland. The world must know that Germany has ceded."

"This is a poker game, but France knows that she has a royal flush, and, if the cards are laid on the table, she is certain of winning. Therefore, she is willing to go the limit."

A spokesman for the French foreign office spent the morning denying flatly all suggestions that France was willing to compromise or negotiate in case Hitler would make a few gestures, such as withdrawing a few troops and promising not to build fortifications in the Rhineland.

Premier Albert Sarraut and Foreign Minister Pierre-Etienne Flaminio told a cheering parliament the world must turn to war "if the will of the strong can destroy treaties."
