

### Accidents - During August Decreased, Statistics Show

FALLAHASSEE, Oct. 14.—(AP)—While there were six accidental deaths in the industrial field for the month of August, accidents as a whole showed a decrease from the previous month, according to statistics released today by B. E. Erwin, safety director of the Florida Industrial Commission.

Total number for all classifications in the month of July was 3502 and for August 3473, a decrease of 29. Even with this decrease, 1937 is still well ahead of last year as the August 1936 total was 2995. Showing a total increase for the same month of 1937 in all classifications of 478.

The number of accidents and classifications are as follows: Carpentry 226; Street and Highway Construction 190; General Contracting 178; Automobile and Accessory Dealers 178; Municipal

Employment 136; Lumber and Building Material Yards 128; Saw Mills 104; Hotels, Clubs and Restaurants 103; Masonry, Tile Brick and Stone 87; Excavation and Dredging 77; Planing Mills 74; Beverage Manufacture 67; Concrete Construction (Bridges included) 61; Citrus Groves 57. This shows a decrease in all classifications with the exception of street and highway construction, lumber and building material yards and planing mills.

"Industrial accidents in the State are still out of all propor-

### Lovett Bread Rated Near Perfect By Long

Introduced but a few short months ago when the modern \$100,000 baking plant of the Winn & Lovett Grocery Co. was opened, the new Lovett loaf has been rated just about as near perfect as bread can be, according to a chemical analysis made by the W. E. Long & Co., of Chicago, world-famed bakery engineers.

The Long report scored the Lovett loaf at 97.16%, rating it perfect on such important points as taste and odor. The Lovett loaf also scored perfect on volume, shape and crust, being off just fractions of a point on break, bloom, grain, texture and color of crumb.

Meeting with widespread popular approval when first introduced, Lovett's bread has gained new users so steadily that a new addition to the just five-month old plant has been made necessary while thousands of dollars worth of new equipment has been installed.

Wrapped entirely in cellophane, Lovett's bread is sold exclusively in Winn & Lovett operated stores. It is on sale in Sanford at the Piggy Wiggy.

### PLAYING AT RITZ FRIDAY

A SUNNY JUNE is June Travis, screen lovely, who is rapidly climbing to the top. You'll see her next in "Love is on the Air," Warner Bros. radio mystery, which is coming to the Ritz Theater on Friday.

### Rattlesnake Bite Is An Accident

DENVER, Oct. 14.—(AP)—From a Wyoming town, where the sheriff writes insurance as a sideline, came this report to the district office of an accident insurance firm:

"A cowpuncher, policy holder came in with a handaged and swollen hand as proof of disability.

"A rattlesnake bit me," he said. "Can't do anything for you," says I. "That wasn't an accident. The snake bit you on purpose. 'Was I right?' The company overruled the sheriff.

The passenger pigeon, so numerous that its flocks once darkened American skies for hours at a time, became extinct within a few years when market hunters knocked down the adult birds systematically from their roosts at night.

### Millions prefer this "flavor" that is different

It's a skillful cross between mayonnaise and old-fashioned boiled dressing—with a special piquancy all its own! Miracle Whip is totally different from all other dressings—smoother, fluffier, more delicious. Try Miracle Whip—soon!

MIRACLE WHIP CONTAINS MORE—FAIR MORE—OF THE COSTLY INGREDIENTS!

### Minister To Egypt Plans Trip To DeLand

Bert Fish, United States minister to Egypt, will leave here this week for his home in DeLand for a two month's vacation before returning to Cairo, according to information received today from Washington, D. C.

Mr. Fish is the brother of Ben Fish, prominent grower who resides on Caperton Avenue, and the foreign minister will probably spend a large part of his two months' vacation at the home of his brother.

He arrived in New York aboard the SS President Polk last Thursday, and came to Washington Sunday. He said he would spend the week calling on government officials, including Secretary Hull and his assistants.

Mr. Fish is on annual leave, "and even taking 100% as a basis for comparison we find they are increasing month after month."

"While we realize that new industries are coming into the State each year as a consequence more workers are covered by Workmen's Compensation insurance at the same time industry must maintain strict safety programs to avoid an increase in workmen's compensation insurance rates," Mr. Erwin explained.

Stained fingers are often the result of careless holding of cigarettes.

Glamour is as glamour goes. Many "beauties" who wear false eye lashes also wear false fronts.

### A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Cromolumin. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Cromolumin, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Cromolumin. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Cromolumin is one word—not two, and it has no hidden "N" in it. Ask for it plainly, see that the name on the bottle is Cromolumin, and you'll get the genuine product and the relief you want. (Adv.)

### GET UP NIGHTS? Flush Kidneys With

Juniper oil, buchu leaves, etc. Make this simple test if passage is scanty, frequent, or painful. Buy up nights or if kidneys are sluggish causing backache. Use Juniper oil buchu leaves, etc. made into little green tablets called Bukite to flush the kidneys, just as you would use castor oil to flush the bowels. Help active circulation, relieve wastes and excess acids. Ask any druggist for the last bag of Bukite, or write to Tushnet's Sanitary Drug Co. and Methylsols Drug Co.

## Dock Workers In Florida To Strike Tonight

Nearly 5,000 Longshoremen From Carolina Throat Florida Vote To Quit

## Better Pay And Hours Demanded

1,200 Dock Workers In Tampa Already Out; Rest Strike Tonight

JACKSONVILLE, Oct. 15. (AP)—V. E. Townsend, southern representative of the International Longshoremen's Association, said "between 4,000 and 5,000" dock workers from Wilmington, N. C., south to Miami and on up around the Gulf Coast would go on strike at midnight tonight.

He said Panama City was the only Florida port not affected. The longshoremen, he said, seek shorter hours, better pay, time and half pay for overtime work, recognition of the union and new working agreements with the shippers.

The general strike in southern ports, he said, was authorized at a meeting here yesterday. Tampa longshoremen decided to strike today but those from other southern ports agreed to put the walkout into effect at midnight tonight.

About 1,200 dock workers quit in Tampa today. Townsend said the strike "has the full approval of the International Longshoremen's Association." This union is affiliated with the American Federation of Labor. There will be no general striking in all ports, Townsend said.

## \$2400 In Building Permits Are Issued

Building permits totaling over \$2,400 for repair and building in this city were issued by G. F. Patton, local building inspector at the City Hall yesterday.

The largest permit calls for extensive repairs to be made to a dwelling house belonging to Lee S. Hart. The estimated cost of the work was set at \$1,500 and F. A. Dyson, local contractor will supervise the project.

Anderson and Russ, new owners of the former Lakeview Bar-B-Que on the corner of French Avenue and the Boulevard were also granted permission to build a 20 x 24 addition to the present building for a dance hall and to construct a roof garden above the present building. This project is estimated to cost \$300 and F. A. Dyson will also be in charge of this work.

E. E. Herndon was granted permission to re-roof his dwelling house and W. E. Watson was given permission to re-roof his garage by the building inspector yesterday.

## Supper Is Planned For Local Shriners

A supper for the Shriners of Sanford will be held in the Valdez Hotel Thursday night, Oct. 21, and every Shriner whether or not he is affiliated with the local group, he is requested to make reservation, Frank L. Miller announced today.

The committee in charge of the Supper has endeavored to contact every Shriner in Sanford, but due to the incomplete list of names it has been impossible to reach everyone. Mr. Miller stated, and requested that those who have not been approached to secure tickets for the affair from him or George F. Tolson before Tuesday.

"We desire to have every Shriner to take part in this function," Mr. Miller stated.

## MANNERS COST \$5

LINCOLN, Neb.—Mrs. E. L. Blincoe thought she was being asked to be a young man in allowing him to use the telephone in the Nebraska Wesleyan University of- fice.

She didn't think the young man was so nice because her purse containing \$5 was missing after he left.

## BETTY AND 'THE KID' TO WED SOON

Betty Coogan, screen actress, had a great big kiss for Jackie Coogan when the former child film star, returned to Hollywood from a tour with his orchestra. Betty said she and "The Kid" will be married soon—probably in October instead of December as they had first planned.

## Rotary Club Has British Officers Annual Picnic At Sanlando Springs

Sanford Rotarians, their wives, and guests, met at Sanlando Springs yesterday afternoon, and after enjoying the facilities of the Springs, and participating in a number of games under the direction of Herman Morris, partook of a barbecued chicken supper, fresh from the skillful hands of Sanford's No. 1 barbecuer, Fred Brown.

President H. H. Coleman of the Rotary Club was master of ceremonies throughout the evening, but was ably assisted by his staff of Club Service Committee members headed by Paul Stine and consisting of Herman Lohman, E. V. Turner, Roy Holter, E. E. Bludworth, W. M. Haynes, W. A. Lettler, Geo. E. Rollins, L. R. Leshner, and Martin Bram.

Rotary guests yesterday included: Mr. and Mrs. C. A. Parker, Mr. and Mrs. Vivian Speer, Mr. and Mrs. E. B. Stowe, Mr. and Mrs. Gordon Barnett, Mr. and Mrs. Howard Long, Mr. and Mrs. Al Lee, Mr. and Mrs. Roy Williams, Mr. and Mrs. Fred Tryon of New Smyrna; Mr. and Mrs. Ruprecht, Mr. and Mrs. C. L. Park, Mr. and Mrs. C. R. Kirtley, Mr. and Mrs. J. D. Root, Mr. and Mrs. Herman Morris, Mr. and Mrs. Gordon Dean, and Roy Mann and Fred Williams, Jr.

Among the Rotarians and Rotarinas present were the following: Mr. and Mrs. E. V. Turner, Mr. and Mrs. Paul Stine, Mr. and Mrs. Walter Haynes, Mr. and Mrs. L. R. Leshner, Mr. and Mrs. H. D. Pope, Mr. and Mrs. Ben Cantwell, Mr. and Mrs. G. W. Spencer, Dr. and Mrs. A. W. Eppe, Mr. and Mrs. Roy Holter, Mr. and Mrs. S. O. Rhinholser, Mr. and Mrs. W. A. Lettler, Mr. and Mrs. Walter L. Cooper, Mr. and Mrs. H. J. Lehman, Mr. and Mrs. G. E. Rollins, Mr. and Mrs. H. H. Coleman, Mr. and Mrs. M. J. Bram, Mr. and Mrs. J. L. Ingley, Mr. and Mrs. F. J. Peterson, Mr. and Mrs. R. L. Dean, and Dr. Sam Puleston, and E. E. Bludworth.

## Chicken Barbecue Is Enjoyed After Swimming And Games

Sanford Rotarians, their wives, and guests, met at Sanlando Springs yesterday afternoon, and after enjoying the facilities of the Springs, and participating in a number of games under the direction of Herman Morris, partook of a barbecued chicken supper, fresh from the skillful hands of Sanford's No. 1 barbecuer, Fred Brown.

President H. H. Coleman of the Rotary Club was master of ceremonies throughout the evening, but was ably assisted by his staff of Club Service Committee members headed by Paul Stine and consisting of Herman Lohman, E. V. Turner, Roy Holter, E. E. Bludworth, W. M. Haynes, W. A. Lettler, Geo. E. Rollins, L. R. Leshner, and Martin Bram.

Rotary guests yesterday included: Mr. and Mrs. C. A. Parker, Mr. and Mrs. Vivian Speer, Mr. and Mrs. E. B. Stowe, Mr. and Mrs. Gordon Barnett, Mr. and Mrs. Howard Long, Mr. and Mrs. Al Lee, Mr. and Mrs. Roy Williams, Mr. and Mrs. Fred Tryon of New Smyrna; Mr. and Mrs. Ruprecht, Mr. and Mrs. C. L. Park, Mr. and Mrs. C. R. Kirtley, Mr. and Mrs. J. D. Root, Mr. and Mrs. Herman Morris, Mr. and Mrs. Gordon Dean, and Roy Mann and Fred Williams, Jr.

Dean, and Dr. Sam Puleston, and E. E. Bludworth.

## Magazines Are Sold For Movie Projector

The students of the Sanford Junior High School have turned salesman the past few days in their efforts to secure a moving picture projector for their school. It was learned today.

The students are selling subscriptions to the Saturday Evening Post, the Country Gentleman and the Ladies Home Journal, and according to the agreement with the company which they represent the school will get half of the amount of the subscription price.

H. E. Morris, principal of the school, stated that \$225 worth of subscriptions must be sold before they could purchase the projector and that to date \$83 of the amount had been acquired.

Mr. Morris asks those who wish to help the students in their efforts to secure the projector for their school to either see one of the students or call at the school. The contest ends next Wednesday.

## "Tag Day" Is Planned By Salvation Army

Plans are being made by the officials of the Salvation Army Post here for conducting a "Tag Day" in Sanford, October 23, according to Fred J. Feren, commanding officer of the post.

He stated that 25 girls from Sanford Junior High School had volunteered to do the work and that the money raised would be used to replenish the Army's fund maintained for the care of indigents in Seminole County.

## NO EXTRA SESSION

TALLAHASSEE, Oct. 15. (AP)—Cone said he would not call a special session of the Legislature to deal with questions arising from suits over distribution of gasoline tax revenue to the counties. He said he saw no need for an extra session.

## Strum Denies Slot Petition For Injunction

Duval Sheriff Is Permitted To Seize Slot Machines After 12:00 Tonight

JACKSONVILLE, Oct. 15. (AP)—Federal Judge Lewis W. Strum today denied C. S. Ward's petition for temporary injunction preventing Sheriff Rex Sweat of Duval county from seizing slot machines at midnight.

Nathan J. Roberts, attorney for Ward, said he interpreted the ruling as being applicable in all counties except those where the circuit court might have allowed an additional time for the disposal of the devices.

When the Florida Supreme Court ruled that slot operators should have a "reasonable" time to ship the machines out of the state after the devices became illegal on Oct. 1, Sheriff Sweat announced he would wait until midnight of Oct. 15 before acting.

Some circuit judges and other sheriffs in Florida set a like time limit. Slot machines were legalized by the legislature in 1935 but outlawed by the 1937 lawmakers.

The law provides a third violation shall constitute a felony with fines and jail terms for the first and second offenses. Possession of a machine is declared a violation of the law.

Judge Strum did not rule today on whether slot machine operators have property rights in the machines. He set this point for argument before the three judge federal court at New Orleans on Oct. 20.

## C. I. O. Citrus Union Begins Organization

WINTER HAVEN, Oct. 15. (Special)—The opening of state headquarters of the United Cannery, Agricultural, Packing and Allied Workers of America in Winter Haven was announced yesterday by Edward M. Norman, Winter Haven, Florida member of the International Executive Board of the Union, which is affiliated with the committee for Industrial Organization.

"And as early as our present organization activities will permit," Norman said, "a state-wide conference of all United Cannery, Agricultural, Packing and Allied Workers of America local unions will be called to set a citrus wage scale and elect a permanent Florida Citrus Workers Organizing Committee.

"No competition is expected from any rival organization in this field, although they have the support of some of the large packing interests," Mr. Norman added. "They will not really organize the citrus workers or gain them any benefits. The American Federation of Labor's unbroken record of failure to organize the citrus industry for the past thirty-six years cannot attract the workers."

## ALAMEDA, CALIF., Oct. 15

(AP)—The Pan American Clipper departed for the Orient yesterday carrying the first shipment of anti-tetanus serum sent by the American Red Cross to China.

## C. C. Codrington Explains Delay In Considering Old Age Applications

Haste, prompted by the desire on the part of local welfare agencies to expedite the delivery of old age assistance checks to recipients in some districts has caused errors that resulted in the issuance of an order for the reconsideration of applications, according to C. C. Codrington, commissioner of the State Welfare Board.

Figures in the State headquarters of the State board in Jacksonville reveal that 1205 indigent old persons in Florida were receiving grants during August and 1087 during the past month.

"I regret that it has been found necessary," Commissioner Codrington said, "to suspend other activities while past applications are further checked, but there is no alternative course to pursue, since the Federal Government matches funds appropriated for old age assistance by the State and has the right to impose reg-

## WOMEN AND FAT MEN RACE IN SEMINOLE CONTESTS

Handicapped by her long, brightly colored dress, the Indian woman in the foreground put on a burst of speed and won the sprints' footrace in the first annual Seminole athletic meet on the Glades county reservation near Brighton, Fla. Below, Seminole fat men are shown displaying their fleetness in any. The plainly dressed fellow (right) defeated his gaily garbed rivals. Five gallons of gasoline was the prize. The celebration was held in celebration of the acquisition of 35,000 acres of Everglades land for use as a cattle range by the Seminoles.

## Seminole Girls Hi-Y Club Plans Program For Year

The Girls Hi-Y of Seminole High School announced yesterday their third program for the coming year. Mrs. May B. Maxwell, director of the group, said that the program scheduled for the coming year is one of the largest planned since its organization in 1925.

Going into the 12th year, the group is again sponsoring the Celery Fest, the high school newspaper which is published once every month.

The scheduled program for October includes the following: an Induction Service, a Fresh party, and a cooked-food sale.

For November; a scrub initiation, a cooked-food sale, collect funds for Annual Football Banquet and an address by Julius Dingfelder.

For December; the Football Banquet and a party in honor of the Florida Waterway Congress in Orlando today where plans will be completed for the annual convention in East Ft. Meyers 22. Walter P. Cochran of Jacksonville is chairman of the Congress.

A delegation from Seminole County will be in attendance at the Florida Waterway Congress in Orlando today where plans will be completed for the annual convention in East Ft. Meyers 22. Walter P. Cochran of Jacksonville is chairman of the Congress.

W. W. Warner, former manager of the Valdez Hotel here, has returned to Sanford to live, it was learned today. Mr. Warner has been in Palatka and Tallahassee (Continued on Page Three)

## New Books Added To High School Library

Many new additions have been added to the increasingly popular Seminole High School library, according to an announcement made this morning by Miss Margaret Long, school librarian.

The library now has over 2000 books, magazines, and newspapers on its shelves.

The organization is a member of the Junior Literary Guild. A new literary catalogue has been added for the use of the school students. New files have been added in the office department and many reference books have also been made available.

The library has subscribed for 18 magazines and four newspapers, three dailies and one weekly, the weekly being the Sunday edition of the New York Times.

The Girls Hi-Y of the school has completed a project for the purchase of a special number of Vocational Guidance Books and magazines for the entire girl student body.

## Michael Is Back From South Florida Trip

J. G. Michael, manager of the Florida State Wholesale Market, returned to Sanford last night after visiting several State Markets in the Southern part of the State.

Mr. Michael stated that the farmers there are beginning to harvest their Fall crops of peppers, eggplant, squash, and other vegetables and that the market there would be in full operation next week.

## NO FUNDS AVAILABLE

WASHINGTON, Oct. 15. (AP)—The Postoffice Department has no funds for "aiding" short line railroads whose revised schedules fail to meet postal requirements, Harlee Branch, assistant postmaster general, said recently.

## Diplomats See Little Hope Of World Peace

Russia Is Reported Mobilizing Troops Along The Border Of Outer Mongolia

## Battle Continues Around Shanghai

## Spanish Reports Indicate Fall Of Gijon Is Imminent

By The Associated Press  
World diplomats, seeking to end the strife in the Orient and in Spain, found little hope today in war reports from these widely separated fronts.

A correspondent of the newspaper Nichi Nichi at Taitshih, in northern Manchuria, reported heavy movements of mechanized Soviet troops through Ulanbator, the capital of outer Mongolia. He claimed Russia had ordered a general mobilization of forces in that area.

In Shanghai, the Chinese army is making a strong attack to stave off the long expected Japanese general offensive along a 25 mile battle front northwest of the city. Numerous civilian casualties occurred in the International Settlement, constantly harassed by the fire of the opposing forces. Scores were killed and wounded. Chinese troops raided the Japanese lines in the Chapel sector and afterward declared they felt confident of being able to hold their own against the Japanese there.

Artillery and aerial bombardments were particularly heavy during the fighting and International Settlement inhabitants were sprayed with shell fragments, stray bullets and shrapnel as well as being endangered by air bombs.

In Spain reports from Asturias province indicated the fall of Gijon, the last government held airport in northwest Spain, was (Continued On Page Six)

## Townsendites Seek To Write Plan Into U. S. Constitution

Advised that the governors of the various states in the union will act through their legislatures in petitioning Congress for the enactment of the Townsend Pension Plan, if two-thirds of the qualified voters in each state sign petitions requesting them to do so, local Townsendite officials have again taken to the streets in an effort to secure a 100 percent enrollment for Sanford in the Townsend Club.

Petitions are being circulated throughout the city requesting Gov. Cone to recommend to the Legislature that it apply to Congress for the submission of a constitutional amendment embodying the basic principles of the Townsend Plan. These principles are expressed as follows:

1. That a universal transaction tax be levied on every sale that is made within the territorial jurisdiction of the United States, including sales of service and/or commodities.
2. That all tax monies so raised, above the cost of administration, shall be divided pro rata and paid to all citizens of the United States who have attained to the age of sixty years or over, who will agree, under oath, to expend the said tax money in the purchase of commodities and/or services within thirty days from the date on which it is received, within the confines of the United States and its Territories.

## LOCAL WEATHER

Forecast  
Mostly cloudy, probably occasional mist and showers in south and east portions tonight and Saturday. Slightly cooler in central portion tonight. Extreme northwest Florida; fair tonight and Saturday, slightly cooler in east portion tonight.

FRIDAY, OCTOBER 15, 1937

Prosperous Florida

A note of prosperity is struck by the Fort Myers News Press on the lower West Coast in an editorial which takes a look around the state and reports that everywhere, north and south, things are going to be pretty good.

With two store buildings under construction and with the business district so crowded as to guarantee tenants for two others planned for the near future, the News Press declares, "downtown Fort Myers is doing all right."

The same is true of residential sections. Several new homes are being completed and will be followed by others. As available accommodations are rapidly filling up there is a stir of preparation to put others in shape for rental during the season.

"Out in the country there is more farming than there ever has been, and it looks great. While not of bumper proportions the groves have a fine crop and the marketing prospects are excellent. On every side road there is activity as more acreage than ever before is being put under cultivation for winter truck crops. Vast fields are green with fresh vegetables for the country's Thanksgiving table and all signs point to a heavy yield.

"Up and down the line along the lower West Coast this activity is being duplicated. Across the state it is even more striking. The Everglades region around the south shore of Lake Okechobee is teeming with activity as never before. With a slightly increased quota the sugar company at Clewiston is putting additional acreage into cultivation and tractors are swarming over the muck lands like so many ants. In addition there is a lot of construction as there necessarily must be to keep pace with agricultural expansion.

"In the Miami area a building boom is still on the like of which they have never seen even during the boom. It overflows up the East Coast and inquiries here are spreading the backwash this far across the Tamiami Trail. Everglades and Naples are feeling it and preparing to profit.

"Throughout the state it is the same. Jacksonville, the state's traditional gateway, reflects what is going on elsewhere. Orlando, one of Florida's best retail barometers, was never so busy. Ocala is blossoming out as a livestock and packing house center. Tampa hears talk of higher rents, a sure sign they have snapped out of it. North Florida's crops are in the bag, and farmers are spending the money.

"What's going on in Florida may be an exception to the rule but statistics so far don't show it. And remember that, for us, this is 'between seasons.' What will it be when the crops are moving out and the tourists coming in?"

WINDSORS END VISIT TO GERMAN CAPITAL

BERLIN, Oct. 15.—The Duke and Duchess of Windsor ended their Berlin visit last night when they returned to the airport for a visit to the German Krupp armament factories.

They were accompanied by Dr. Robert Ley, head of the German labor front. A crowd at the station gave a friendly sendoff typical of the cordiality with which the former King of England and his wife have been received in the German capital.

Increased prices have added more than \$68,000,000 in the annual locomotive fuel bill of the railroads compared with fuel prices that existed in May 1933.

LEGAL NOTICE: NOTICE OF APPLICATION FOR TAX DEED. That ALEXIA G. MERRILL, holder of 1/4th of Tax Certificate No. 1914, issued the 1st day of August, A. D. 1932, has filed same in my office and has made application for a tax deed to be issued to her in the name of the said certificate.

The High Cost of Living

Everyone knows that the cost of living has gone up during the past few years. But not everyone knows why. And not many know whether it will continue to go up or will settle down again to where it was a few years ago.

But the fact remains that the government has been spending two dollars for every dollar it has taken in for the past seven years. That is inflation. Every dollar spent by the government which is not raised by taxation is made up by chipping a small particle from every dollar which every person in the country possesses. This magic is accomplished by raising the cost of living.

"Inflation touches everybody," writes W. M. Kiplinger in the current Cosmopolitan. Not only the butcher, baker, and candlestick maker, but also the farmer, railroad employee, carpenter, garage mechanic, field hand negro, and C. I. O. agitator.

"It reaches into your pocketbook, your checkbook, your family budget," he continues. "You may either raise or lower your income, but it will certainly increase your outgo, and there's the rub."

However, one doesn't have to take inflation sitting down. There are some things he can do to help himself. "Whether you can wholly beat the game on inflation," says Kiplinger, "is doubtful. But if you have a general pattern of ideas of what's coming, and cut your plans to it, you can help yourself considerably."

Well, what can you do to help? That is what everyone wants to know. Buying food ahead doesn't help much because food spoils so readily. Buying clothes for future use has its disadvantages because styles change and the moth is apt to get them anyway. "But you can buy housing," says Kiplinger.

"It's too late now to buy or build at the 'best time' and thereby beat the game of raising prices, for the 'best time' is past," he insists. "But even now is a 'less bad time' than the future will be. The same applies to furniture furnishings. So—if you are urged to build or furnish now, you may discount a bit for salesmanship but figure net that the salesmen are right."

However, advising the lower fifty percent of the people to build or buy a house now as a means of beating inflation won't do them much good. What are they going to buy with? That is why inflation always hits the little fellow the hardest. It's the poor who suffer most from rising prices.

# Seminole Machine To Clash In Grid War With Daytona Beach Tonight

## Quarterback John Morgan To Lead Locals In Conquest Of Northeast Conference Crown

**Feds In Condition For Big Contest With Buccaneers On Volusia Field**

**Both Elevens Use Baffle-Dazzle Play**

**Seminole Defense Is Expected To Reach Par With Offense**

By JULIAN STENSTROM  
World Sports Editor

A high school eleven that looked like a million dollars rolled up the local high school field yesterday afternoon to the advantage of the night and it left in shape and almost perfect condition for its third Northeast Conference gridiron classic with the Daytona Beach Buccaneers tonight on the turf of Volusia Field in that city.

The Seminole High School Colery Feds plan for an aerial attack and is also depending upon their so-called razzle-dazzle system and the running of their offensive ends to turn the tide of last week's game with Lake City to roll and ramble to their second conference victory and win up their games for the year to two and two.

According to a statement from one of Head Coach Leonard McLucas' assistant coaches, Russell McCracken, the Feds are in perfect shape and every man on the club is in good condition as can be expected.

Coach McLucas, who led the Feds through their last and final regular season game yesterday afternoon, said the club had performed miracles in getting back together and the recovering from injuries that they had sustained during the past several hectic weeks in the Lions of Lake City as several of the local fans said who voiced their opinion on the game during the week.

## HATTER HOPE

George McClelland, Head Coach.

DELAND, Oct. 18.—George McClelland, arful young man from Sanford, is cast for an important role in the invasion of Tampa by Stetson Hatters, tonight. Against the University of Tampa, George will play left halfback teamed with Lynn Warren as the spearhead of the Stetson running and passing attack. Because of injury to Stewart Ryan, McClelland will probably be on duty the greater part of the battle. He weighs 165, is perfectly proportioned and fleet and shows flashes of gridiron genius. He's a junior.

## McLucas Sees Landon-Leesburg Tilt In Jax

Head Coach Leonard McLucas of the Seminole High School Colery Feds embarked for Jacksonville yesterday afternoon to see Coach George Trapp's Landon Lions meet the Leesburg Jackets headed by Dick Lochert.

# Josh Cody To Depend On Reserve For Sewanee Tomorrow

## Walter Mayberry And Willis Will Not See Action

**Cody Looks Forward With Interest To Mississippi Game**

By PAT WATSON  
GAINESVILLE, Oct. 18.—

Coach Josh Cody will depend upon reserves in at least three important spots on the University of Florida lineup when the Gators take the field against Sewanee here Saturday.

Two first string backs, Capt. Walter Mayberry and Alternate Capt. Kenneth Willis, and Florida's star right guard, Frank Kocis, will not be listed among game starters, Cody announced yesterday.

In their places the Gator mentor named Ed Manning at left halfback, Paul Delaney in the right halfback position and Nelson Davis in Kocis's guard slot.

The remainder of the Florida lineup for the Gator's second Southeastern Conference game is not certain. Coach Cody declined to name the team yesterday but left Dan Branner and Red McGhee in the first backfield combination. Fonia Pennington continued to function at right end.

Of course Mayberry, Willis and Kocis will be held in readiness in case the starting team gets into trouble against Coach Hek Clark's Sewanee Tigers. The three gridironers aren't likely to play more than a few minutes if Florida gets into early in the game for Saturday's contest is the last trial run in sight for the Gators on their 11-game schedule.

### Directed Verdict Judge Acquittal in Flogging Case

### Judge Dewell Grants Motion Freeing Po- licemen Of Charges

SANFORD, Oct. 10. —(AP)— Judge Robert T. Dewell yesterday freed five former Tampa policemen and an Orlando grove caretaker charged with murdering George Shoemaker with a flogging whip and bat two years ago. Granting a defense motion for a directed verdict of acquittal, Judge Dewell held the testimony of 18 prosecution witnesses failed to prove that any of the six men were at or near the scene of the flogging, a dirt road 15 miles from Tampa. Neither was there evidence, he said, connecting them with the actual kidnaping of Shoemaker.

Pat Whitaker, chief defense attorney, immediately asked Judge Dewell to set for trial three kidnaping charges pending against the defendants in connection with the flogging of Shoemaker and two companions the night of Nov. 20, 1933. Judge Dewell said the criminal court set for the new trial will be opened next Monday and the cases can be set for trial.

The five ex-policemen were captured here last year on one of the kidnaping. Eugene F. Bennett, but the state supreme court granted a new trial on a technicality.

Neither State Attorney J. Rex Barrister nor County Solicitor Mansel Glover would comment but courthouse observers generally looked on Judge Dewell's acquittal as the finish of the flogging case.

Because the supreme court decision greatly restricted the evidence in future kidnaping trials, it was considered likely that prosecutors would ask dismissal of the remaining charges.

Frank yesterday were C. A. "Smitty" Brown, former police traffic sergeant, Sam E. Crosby, John P. Bridges and F. W. Switzer, former patrolmen, C. W. Carline, former special policeman and inspector for the Tampa tax collector's office, and Arlie Gilliam, Orlando citrus grove caretaker.

Two other Orlando men, Edward Spivey, a typewriter mechanic, and James Dean, an electrician, were freed of the murder charge by prosecution attorneys when the case was called to trial eight days ago. Evidence against them was said to be insufficient.

Judge Dewell's ruling, under consideration since attorneys argued the issue Wednesday, appeared to surprise neither defense, prosecution nor jury.

"Most of us thought this was the way it would end," said one juror afterward.

Jurors heard no defense testimony, since the motion for acquittal was made as soon as the state rested its case Tuesday. The jury, made up of three farmers, a painter, a grocer and an unemployed seaman, spent much of its time out of the courtroom while attorneys argued questions of law.

Throughout the trial, defense attorneys have appeared confident the case would never reach the jury. Whitaker, in contrast to his searching cross-examinations in the Finkel case, questioned most state witnesses briefly and passed up many details of their testimony.

The defendants showed hardly a change of expression as Judge Dewell went slowly through his two-and-a-half-page opinion turning them loose. At the end, Bridges grinned broadly and flipped toward Switzer the paper he had been tearing into bits while waiting for the judge to announce his decision. Others sat solemnly.

Barely 40 spectators, several of them relatives of defendants, gathered for the judge's ruling.

None of the 11 men originally indicted in the flogging has served a day in jail. The five convicted of kidnaping Poulton were sentenced to four years in prison but were free on bond while their appeal was pending before the supreme court.

Judge Dewell held yesterday that the state's evidence failed to meet the test established by the supreme court in other cases.

**Chevrolet Dealer Returns From Jail**  
C. F. Proctor, local Chevrolet dealer, returned today after spending a week in jail following a meeting with some associates at Jacksonville, where the 1934 model Chevrolet was introduced and its innovations explained to the dealer.

### Diplomats See Little Hope For World Peace

(Continued from Page One) Insurgent troops were pushing steadily toward this city, supported by a terrific aerial bombardment of government lines.

General Francisco Franco, preparing for a big offensive against Catalonia in northeast Spain, evidently planning to try to smash government resistance in northern Spain as quickly as possible.

French foreign office officials said last night that France is considering joint direct action with Great Britain if a non-intervention committee fails to obtain withdrawal of Italian volunteers from Spanish insurgent armies.

France stood ready to protect her Mediterranean trade routes after agreeing to go along with Britain in giving the nine-power subcommittee a quick change to obtain withdrawal of the troops. The committee is to meet here Saturday morning.

French sources were pessimistic on the outcome of the meeting where the Spanish question is to be discussed in Il Duce's chosen ground, British spokesmen were only moderately hopeful.

Acting apart from the non-intervention group, British and French defense experts considered the vital issue of French and British Mediterranean seaways.

### Power Company Says City Plant Is Uneconomical

(Continued from Page One) that all water pumping requirements could be furnished by his company at a cost of approximately \$2,000 per year, or \$250 monthly.

He further said that the investment of \$50,000 contracted by the City is to be paid for on the basis of \$250 in cash, and the balance at the rate of \$200 per month for six (6) years, and that the additional operating cost for fuel and lubricating oil will amount to at least \$125 per month, without giving consideration to such additional items of expense as labor, repairs, insurance, interest on the investment and depreciation.

The monthly cost will be \$425.00 for the first six (6) years, compared to \$250.00 per month for all power necessary for the local company, or an increased cost of \$175.00 per month. He said in six years this increased expense will amount to \$12,000.00 for the taxpayers, and at the end of this time one half of the investment should be depreciated, because the original engines purchased by the City 12 years ago were considered practically worthless last June when the new ones were purchased.

Mr. Coleman stated, therefore, that during the remaining 6 years of engine life the City will have to provide for depreciation, plus a minimum of \$12,000.00 in the first 6 years of operation, or a total of \$42,000. He said further that if no repairs were needed in this time, and only fuel and lubricating oil is considered at the rate of \$125 per month as compared to \$250 per month from the local company, the City would accrue only \$3000 to apply against \$42,000 by the end of the 12 years, or a direct loss of \$39,000. Therefore Mr. Coleman said that he could not understand how this investment of \$50,000 could possibly prove beneficial to the taxpayers.

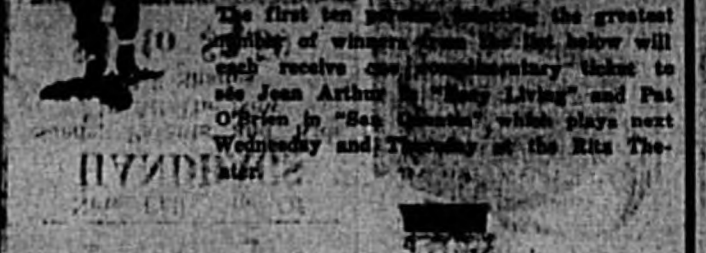

**MILLS BURIED**

NEW YORK. —(AP)— More than 2,000 relatives, friends and business and political associates of the late John D. Rockefeller, Sr., attended funeral services for the former Secretary of the Treasury in St. Thomas yesterday.

## SPEER'S

### Pick-The-Winner FOOTBALL CONTEST

10 Complimentary Tickets

Florida	vs	Sewanee
Alabama	vs	Tennessee
Miami U.	vs	Bucknell

# I'M the SUPER SALESMAN

"Listen to This"

## THE SANFORD HERALD

will publish a special edition next week that will be mailed away to over 1,000 prospective winter visitors. This edition will be filled with interesting news stories and advertisements about Sanford and Seminole County. It will tell what Sanford has to offer the many people who visit Florida every year. It will tell them why they should visit Sanford and Seminole County.

The Herald's "Mail-Away" edition will be this county's super salesman, and should sell prospective winter visitors to Florida on the idea that Seminole County is the best place in Florida to spend the winter or to make their permanent home.

Be sure to order your extra copies of this edition early because the supply will be limited. Orders of ten or more copies will be on sale at The Herald office for 5c each and orders of less than ten for 10c each. Watch for this edition.

## Italians Agree To Part Withdrawal Of Spanish Troops

### Mussolini Specifies Withdrawals To Be In Equal Quantities From Both Sides

### Nine Powers To Meet Oct. 30

### U. S. Accepts Invitation To Conference To Be In Brussels

Italy agreed today to a partial withdrawal of a certain number of volunteers from the Spanish civil war. This concession to Franco-British demands came from Count Dino Grandi, the Italian delegate, at the opening session of the sub-committee of the 27 power Non-Intervention Committee in London.

At the outset it was manifest that Britain and France would be satisfied with nothing less than a definite program for the speedy withdrawal of foreign volunteers, particularly those of Fascist Italy, from the dangerous Spanish conflict.

Grandi specified that the withdrawals must be in equal quantities from both sides.

The call went out from Brussels for a meeting of the signatories of the Nine Power Treaty in Brussels on Oct. 30 to attempt the mediation of the Sino-Japanese war. At Washington the United States formally accepted an invitation and designated Norman H. Davis to head the delegation.

In Shanghai Japanese authorities claimed the Chinese were using poison gas and displayed a shell which they claimed had contained gas. The Chinese denied they had used gas.

Reports from North China said the Chinese were making a spirited defense against the Japanese marching toward Tientsin, the capital of Shantung province.

Veteran campaigners of the old Chinese "red army" now the eighth route army—aided by squadrons of mysterious new airplanes, appeared to have stemmed the Japanese drive in the north-west.

The Japanese military spokesman here admitted Gen. Juichi Terauchi's Shanai campaign had been halted and that the Japanese commanders had called for reinforcements.

## Youth Kills Two Then Drives Them Thru New England

### Police Find Bodies After Boy Slept In Parked Automobile

NORTH ARLINGTON, N. J., Oct. 16.—(AP)—The bodies of an elderly physician and wife, beaten to death with a hammer in Maine days ago and then driven leisurely through the New England states to New Jersey by a young high school boy, were found in a parked automobile, prosecutor John J. Breslin said today.

The boy, Paul Dwyer, 18, of South Paris, Me., who had stopped his car with its gruesome cargo to get some sleep, confessed the double slaying, Breslin announced. The victims were identified by the police as Dr. John G. Littlefield, 65, and his wife, Lydia, 64, both of South Paris.

The physician's body was stuffed into a trunk on the back of the car. His frail wife was crumpled under a rear seat. Only by chance did the police stumble upon the slayings.

The youth, after parking the car and went to sleep. Police, investigating, took the boy to headquarters to question him about some money on his person. The officers did not find the bodies.

Another policeman examined the trunk and found the bodies of an elderly physician and his wife. The boy then told the police where to find the doctor's body.

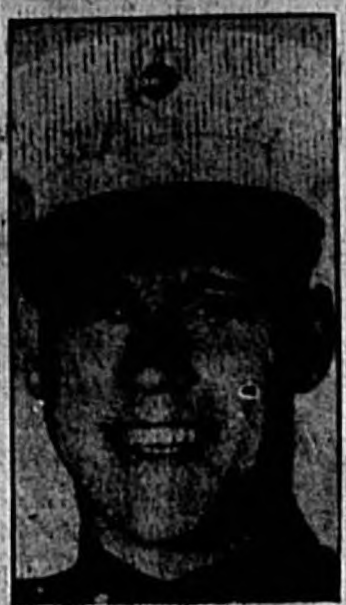

The police said the boy told them he killed the doctor when the latter "made a crack about my girl" while examining the youth for a social disease treatment. The boy added he drove to the doctor's house, told his wife to come with him as the doctor had fled to Boston "after killing two people."

Later when the woman became suspicious, the boy said he killed her, too.

Lawyers May Extend Tax Certificate Law To Apply To Cities

TALLAHASSEE, Oct. 16.—(AP)—Attorneys asked the Supreme Court yesterday to include city tax machinery of Coral Gables within the provisions of the "low dollar" certificate sale law.

## U.S. Marine Wounded In Shanghai Fighting

Hilton Hiatt, U. S. Marine private of the Fourth Regiment, was struck in the shoulder by a bullet while on duty inside machine-gun defenses works in Shanghai.

## Mark Wilcox Hits At Proposed Wage And Hour Measure

### Declares Bill Is Example Of "Bureaucracy Gone Mad"

TAMPA, Oct. 16.—(AP)—Charging the proposed wage and hour bill now pending in Congress, was loaded with exemptions to give many industries a false sense of security, Congressman J. Mark Wilcox, of West Palm Beach, urged the defeat of the measure in an address before the semi-annual Florida Lumber and Millwork Association convention here yesterday.

"The measure does not apply to all the unorganized and underpaid workers," Wilcox said, "it exempts a great many persons. But once the legislation is enacted, these exemptions will be removed, and I predict it will not be more than 10 years before the federal board of five persons, who will administer the act, will use dictatorial powers to regulate the wages and fix the hours of every laborer in the country."

Tracing the history of our government during the last 150 years, he pointed out that there has been a gradual concentration of power in the hands of bureaus and boards.

"This measure is bureaucracy gone mad," he declared. "It will provide a board of five men who will have the power to raise and lower wages and fix hours of labor. They may discriminate between sections of the country and even between individual firms."

"I consider this measure the most serious threat to democratic government that has been proposed in the last generation. The board will have power to reward friends and punish enemies."

"When such a board gets control it will be impossible for the people to regain control except through a revolution."

County Clerks Study Tax Redemption Act

Clerks of the Circuit Court from 42 counties in Florida met in the Angell Hotel in Orlando yesterday to discuss and formulate plans for uniform operation in all the counties of the State of the Delinquent Tax Redemption Act recently upheld in a decision of the State Supreme Court, Clerk of the Circuit Court in Seminole County, O. P. Herndon stated today.

## Thirty Killed In Birmingham Mine Blast

### Early Morning Coal Gas Explosion Destroys Lives Of Miners In Shaft

BIRMINGHAM, Ala., Oct. 16.—(AP)—A shattering explosion deep in the shaft of the Mulca coal mine 10 miles west of here killed 30 men, virtually the entire shift at work today.

The blast, blamed by Fire Marshal Sam Williams on coal gas, tore an elbow in the Woodward Iron Works about 2:30 A. M. when a shift of 32 men was on duty in the affected section.

Fallen rock debris hampered the rescue workers. A single victim, Ivan Fox who was working near the elbow crumpled by explosion, was brought out alive. He was seriously burned and Marshal Williams said he was the only person working near the blast "who did not lose his life."

Fox was in a critical condition at a Bessemer, Ala., hospital and could not be questioned about the explosion. R. M. Marshall, vice-president of the company, said bodies of the victims were located about four miles from the shaft mouth.

Rescuers sent back word the victims were buried in the fallen rock and coal. Marshall said about half the victims were white men and the other negroes. The mine, he said, normally employs about 500 men.

Only one wing was damaged. This was near the shaft's deepest extremity, a fact which Marshall said kept the death list from mounting to staggering proportions. More than 500 relatives, friends and spectators assembled today at the top of the shaft.

## Building In U. S. Declines Sharply During September

NEW YORK, Oct. 16.—(AP)—Construction work began in September, in the 47 states east of the Rocky Mountains, was almost 10 percent below the total for September, 1936, and nearly 23 percent under August, the F. W. Dodge Corporation reported yesterday.

For all classes of construction the September total was \$207,071,800, against \$234,271,500 for a year ago and \$255,104,100 for the previous month.

The September total for residential building was \$65,589,500, compared with \$60,670,800 a year ago and \$73,449,300 in August. Non-residential building in September amounted to \$175,600,900, compared with \$169,098,700 in September, 1936, and \$117,299,800 for August. Public Works and Utilities construction in September aggregated \$65,822,000 against \$84,502,000 a year ago and \$91,446,000 the previous month.

For the first nine months of 1937, the total was \$2,307,014,300, an increase of 13 percent of the \$2,041,628,200 in the corresponding period of 1936.

## WIDE OPEN SPACES OF THE WEST

Wide open spaces of the west side of New York City were opened to the public with dedication of the \$210,000,000 Hudson River Parkway. Shown in this airview is the modern highway and a section of the 78 acres of recreation area. The link from 72nd street to Dyckman throws open to motorists an express highway extending from downtown New York north up the river almost as far as Poughkeepsie.

## A. Of L. And C.I.O. Agree Upon Peace Conference

### "No Prior Commitments" Is Basis For Oct. 25 Session

DENVER, Oct. 16.—(AP)—George Harrison, chairman of the American Federation of Labor peace committee, said "we'll be there" when he was advised the Committee for Industrial Organization had offered to meet with the Federation committee in Washington on Oct. 25 "with or without commitments."

The Federation had turned down two proposals this week because, leaders said, the CIO insisted the AFL should agree to certain principles in advance. William Green, president of the Federation, said the CIO offer for peace conference probably would be accepted.

Last night the American Federation of Labor again dashed cold water on a peace proposal from the rebel C. I. O.

"Meet us on our terms or not at all," the Federation's executive council, in effect, told the C. I. O. by telegram in reply to a suggestion from the rebel camp that each side send a committee of 10 to Washington, D. C., Oct. 25 to try to arrange a peace parity.

The A. F. of L. terms were that each side lead a committee of three into a conference room to make a settlement "without prior commitments, stipulations or conditions by either side."

## CITY NEWS BRIEFS

Members of the Sanford 4-H Club met in the Chamber of Commerce building this morning at their regular session.

Violators of City Ordinances will be tried before City Judge Frank L. Miller in a session of (Continued On Page 31a)

## Sea Scouts Work On New Headquarters

Members of the Sea Scouts-Ship No. 7, have been working on their new headquarters today at the foot of French Avenue.

The Scouts were given the full use of the old City dock, and repair work and beautification were started immediately.

## Roumania Pledges Her Aid To France

SIBU, Roumania, Oct. 16.—(AP)—King Carol told Major General Marie Gustave Gamella, French chief of staff, yesterday that France "can always depend on the Roumanian army."

Addressing himself directly to General Gamella in a speech at the conclusion of military maneuvers they had just witnessed, the King spoke in French.

## St. Pete Youth Is Arrested Here On Theft Charge

### Bicycle Is Stolen As Means Of Transportation To Miami

After pedaling a stolen bicycle for nearly 200 miles, Paul Brown, 18-year-old youth who had from Atlanta, Ga., was apprehended near here yesterday afternoon by O. P. Sloan, Orlando constable, and lodged in the City Jail. Chief of Police Roy G. Williams, revealed today.

The youth stole a new Dayton bicycle from a St. Petersburg store and with a small satchel in which he carried his belongings he made his way to Sanford.

Yesterday afternoon Chief Williams received a telegram from St. Petersburg stating that it was believed the youth was in this vicinity. He immediately notified all law-enforcing officers in the county and late yesterday afternoon the lad was apprehended by Constable Sloan east of Orlando pedaling away toward the East Coast on his way to Miami.

The youth was non-plussed by the fact that he had been apprehended so far away from the scene of his crime but submitted to arrest without any resistance, and blandly told law enforcing officers that he had stolen the bicycle.

He is being held in the City Jail awaiting arrival of St. Petersburg authorities who will return him to the Sunshine City.

He told officers that he was recently paroled from a four-year sentence in Georgia for theft.

## Wpa Approves Road Project For Sanford

### More Than \$25,000 To Be Spent In Widening And Repaving Oak, Celery, Union

### Uncle Sam Will Put Up \$18,293

### Work Is Expected To Begin With Finish Of 2nd St. Project

The WPA project sponsored by the City of Sanford for the improvement of Oak, Celery, and Union Avenue has been approved by Washington officials and will become eligible for operation at the discretion of the State W. P. A. Administrators. The Herald was advised by Senator Claude Pepper's office today.

The total cost of the project will be over \$25,000 of which \$18,293 will be allocated from the Works Progress Administration.

The project provides for the widening and repaving of the brick on Oak Avenue from First Street to Seventh Street and the repaving of the brick on Ninth Street; the widening of the street and the repaving of brick on Celery Avenue to Locust Avenue and the repaving of brick on Union Avenue as far east as 900 feet.

At present all the bricks in these streets are laid on edge with a sand fill. The project provides that the bricks be taken up and relaid flat and filled between with asphalt as has been done in the Magnolia Avenue and Park Avenue projects.

Oak Avenue has a varying width of 28 to 40 feet from First Street to Fourth Street at present because of the railroad tracks there. This will be corrected and the street widened to 50 feet through Fourth Street. From Fourth Street to Sixth Street to Seventh Street it will be widened from 32 to 32 feet.

The part of Celery Avenue which will undergo reconstruction will be widened from the present 14 feet to 18 feet.

The project also provides for the resurfacing of white way lights, construction of catch basins and the laying of sewer pipes.

It is believed that work on this project will begin as soon as a sufficient amount of WPA labor is available. This will probably be after the completion of the Second Street project which is under way at the present time.

## Legality Of "Jook Tax" To Be Tested In High Tribunal

TALLAHASSEE, Oct. 16.—(AP)—The 1937 Legislature's so-called "Jook tax" law reached the Supreme Court yesterday for a test of constitutionality.

Beale Pellicer of Jacksonville asked the court to free her of charges that she operated a place without paying the \$150 annual license required.

John E. Mathews of Jacksonville filed a habeas corpus action for the woman's release. The court directed Sheriff Rex Sweat of Duval County to show his authority for holding her in technical custody. A hearing date was not set immediately. Sheriff Sweat is in the position of seeking to show the law is constitutional.

The "Jook tax" act lives a fee of \$150 on all places, except licensed hotels, which have 10 or more bedrooms, where dancing is permitted, or variety programs are offered.

Mathews told the court his client operated a four-room hotel in Jacksonville. Hotels which have 10 or more bedrooms, he said, pay \$5 annually for dancing and variety programs.

Mathews contended the difference in fees constituted an unconstitutional discrimination.

## LOCAL WEATHER

Forecast

Mostly cloudy with occasional showers tonight and Sunday, slightly warmer in northwest Florida; probably occasional rain and warmer tonight and Sunday.
