

City Seized

(Continued from Page One) as hostages as had been reported previously, the telegram said. Heavy reinforcements of military police were flown to Mindoro to put down the coup after a Philippine Airline pilot managed to fly to Manila from the embattled capital and reported the uprising. The convicts had seized all local radio transmitters, cutting off communications from Calapan. The following up-witness account was written for the Associated Press by Capt. Manuel Conde, Philippine air line pilot who flew to Manila with the first report of the seizure. I landed my plane at Calapan at 11:15 A. M. suspecting nothing until I noticed our employees were absent from the airstrip. Soon one heavily armed man in a military police uniform boarded the plane and said his superior officer, a Lieutenant Romero, wanted me and my co-pilot to appear before him. He said it was an urgent order. I accompanied the soldier, who presented me to Romero. Romero said he did not want the plane to leave Calapan, and that I should consider myself his prisoner. Romero said his men had captured the town and the governor, the municipal mayor and the chief of police are my prisoners in the Casablanca Hotel in the center of the city. Romero added: "I control land, sea and air communications now and there is no way for a message to get outside for help." I noticed several townspeople held in the prisoner stockade near the MP barracks where Romero had his quarters. There were three girls among them, all terror-stricken. Guarding the stockade were men in the uniform of military police, all armed. I learned later that the jailbreakers had stripped the captured MPs of their uniforms and used them. A few minutes later I heard rifle shots followed by a heavy exchange of gunfire. I dropped flat on the floor and after 45 minutes the firing ceased. Romero was killed by bullets in the head and stomach. I don't know exactly how many more were killed. His men retreated into town about a mile and a half from the MP barracks, which adjoin the airstrip. I found that MPs from neighboring towns had arrived to recapture the airstrip and barracks where the jailbreakers had entrenched themselves. The airstrip is a mile and a half from the center of the town. I was asked to fly to Manila immediately to report to general headquarters of the Military Police Corps and get reinforcements to help recapture the town. Upon landing at the airport here I made my report to Brig. Gen. Mariano Casteneda, chief of the military police command.

News Program

(Continued from Page One) ment read to the committee. Without mentioning any foreign country, Marshall complained that the policies and actions of the United States are "often misunderstood and misrepresented abroad." Marshall continued: "The facts about the United States are withheld or falsified and our motives are distorted. Our actions do not always speak for themselves unless the people of other countries have some understanding of the peaceful intention of our people. I earnestly hope that the Senate will act on this bill at the present session of Congress and not postpone action until next January. We shall have some serious handicaps if the bill is further delayed." Marshall suggested that language of the House-approved bill be revised to make clear that a proposed advisory commission shall not formulate policies to be carried out. "The bill shouldn't seek to remove determination of foreign policies from the responsibilities of the President and Secretary of State," he said. Mundt said the cost of the information program "actually is less than one-third of one percent of what we have already spent on other methods to hold the peace since the war was over." "Gentlemen, none of us would consider building a \$10,000 home and refuse to pay \$30 insurance to protect it against fire and disaster," he told the subcommittee. The two-man subcommittee, Senator Smith (R-NJ) and Hatch (D-NM), indicated approval of the measure which was passed by the House by a three-to-one margin after much debate. Smith, presiding, said a "war of ideas" now is underway in the world and other nations "should know what America is and what America has believed in since its founding." He said he is certain the Congress and taxpayers will not "be negatively" if they understand the proposed program. Hatch interrupted Mundt at one point to say he agreed completely on need for the legislation and funds.

The young gunman ran into the alley when Boston police attempted to question him about a robbery. The boy fired five shots before police rushed in. Rowan knocked the weapon from Bancroft's hand and cops telled him with a gun butt. Inset, Bancroft is booked on charges of assault and battery with intent to murder. (International)

Pessimism was blanketing Downing Street over the prospects of Soviet participation, he declared, adding that although Britain certainly would attempt to carry on under the plan with France and other Western European states, there was no gainsaying the possibility that an effective program for continental recovery might collapse without Russia and Russian-orbit countries. He did not elaborate. Britain, he went on, realized that the present French government, faced with the power of the Communists in that country, would accept only with the greatest unwillingness a plan that might split Europe in two. Bearing these things in mind, the informant added, the British cabinet has revamped the country's entire import program. And, he said, collapse of the Marshall proposals would trigger the curtailed program into action.

Both of the final figures on income and spending were well over \$10,000,000,000 higher than the President foresaw in an estimate 18 months ago, when some administration officials feared there would be a business slump as the nation shifted from a war to a peacetime basis. As it turned out, there was a record boom instead. Despite the improvement in the government's financial condition, Snyder reiterated his opposition to cutting taxes. "As long as business, employment and national income continue high, we should maintain tax revenues at levels that will permit a continued reduction in the public debt," he said. ## May and Garssons Pronounced Guilty At War Fraud Trial

### Sentence Is Deferred As Defense Law-yeet Acts To File 3 Appeal Motions

WASHINGTON, July 3, (AP)—Ex-Congressman Andrew J. May was convicted today of selling his influence while wartime chairman of the House Military Committee.

A federal court jury also convicted munitions makers Henry and Murray Garsson of paying the 72-year old former Kentucky Congressman more than \$50,000 in bribes for favors during the war years.

The three defendants received the verdict calmly. All had relatives near them in the court room. The jury deliberated only an hour and 50 minutes before reaching its verdict, climax of a trial that lasted 11 weeks. Announcement of the verdicts however, was delayed more than 20 minutes while court officials were assembled.

Foreman George E. Wells solemnly answered "guilty" to each of the three counts in the indictment, which charged that May took money for interceding at the War Department for the \$70,000,000 Garsson munitions combine.

In response to a defense request, each of seven men and five women jurors was polled on his decision. Each juror replied "guilty" to each of the three counts against each of the three defendants. The court deferred sentence until later to give the defense an opportunity for appeal motions.

The maximum penalty would be a sentence of six years in prison and \$30,000 fine. Charles J. Margioli, head of the defense, said he would appeal within five days. At that time, he told the court, he will file a motion for judgment of acquittal in respect of the jury's decision, a motion for arrested judgment, and a motion for a new trial.

Margioli's request was granted (Continued on Page Eight)

## Loan Association Reports Dividend Of 3 Per Cent

The First Federal Savings and Loan Association of Seminole County, at a recent meeting of the Board of Directors, announced that dividends were paid, July 1, at the rate of three percent per annum, and that gain in assets during the first six months of the current year amounted to approximately \$200,000.

Officers of the Association are: Howard Paville, president; E. C. Harper, vice president; Sanford F. Doudney, second vice president; Mrs. Burt E. Chapman, secretary-treasurer; George Touhy, assistant secretary-treasurer and H. James Gut and J. H. Van Hoy are directors.

The Association reports that it has added more than 400 local residents to own their own homes, and that since passage of the G. I. Bill of Rights, it has helped more than 50 ex-servicemen to own their own homes.

Its office on Magnolia Avenue will remain closed Friday and Saturday this week.

## Odham, Camp Lauded By State Jaycees

A resolution commending Representatives J. Bralley Odham of Seminole County and Clarence Camp of Marion County for "distinguishing themselves" during the recent term of the Florida Legislature by demonstrating their dedication to furtherance of good government, statehood and clean politics was passed by the Florida Junior Chamber of Commerce in Executive Committee in St. Augustine on June 29, William F. Rollison president, disclosed today.

At the installation meeting, Mr. Odham, who is president of the Sanford Junior Chamber of Commerce, Mrs. Martha E. Truman, has improved to such an extent that she got up today and with some assistance walked eight steps to a rocking chair in her home at Grandview, Mo.

## UN Warned To Settle Crisis In Balkans

### Group Told To "Tear Up Charter, Pack Up" If Cannot Accept U. S. Proposal

LAKE SUCCESS, July 3, (AP)—Britain told the United Nations today that they might as well "tear up the charter and pack up" if they could not settle the Balkans trouble as recommended by the United States.

Sir Alexander Cadogan, British delegate, lining up solidly with the United States proposal for a commission to watch the Balkans indefinitely, said in a statement to the Security Council:

"If we cannot apply proposals such as those submitted by the commission (the Balkan Investigation Commission) and now in the United States resolution, we had better tear up the charter and pack up."

Cadogan referred to the recommendations by the investigating group and the United States proposal for the Security Council to set up a commission to remain indefinitely in the Balkans and try to smooth the differences in that unsettled zone.

"It seems to me that here we have a danger point," Cadogan continued. "It is just such a case as the United Nations was designed to meet. We have practical proposals, which can perhaps be perfected and elaborated. We must try them."

Cadogan accepted the conclusion of the Balkan Commission holding that Yugoslavia, Albania and Bulgaria mainly were responsible for the Balkans disorder. This verdict has drawn strong denials from each of those three countries.

The Soviet Union has objected that the creation of a border watch commission to remain in the Balkans would hit the average rights of those states.

"In these days," Cadogan answered, "sovereign rights do not retain their pristine inviolability. In course of time many international conventions have been en-

## New Self-Service Laundry Will Open Here On Saturday

A new self-service type of laundry, the Laundrette of Sanford, will be opened for public inspection Saturday morning at 8:00 o'clock. It is located at the corner of Oak Avenue and Second Street, is equipped with 22 washing machines and is operated by the Sherburne Corporation, which has similar establishments in Winter Park and Orlando. The laundry will be in regular operation, Monday, according to the management.

Ex-servicemen make up the officials of the firm. H. B. Bletcher, who with Robert J. Winn will assume temporary management, is a veteran of both World Wars and is a major in the Marine Corps on inactive status, and is secretary of the firm. Col. S. G. Harriman, vice-president who with Mrs. Harriman is secretary of the firm, is an Army reservist. Col. Warren H. Winn is president of the firm.

The laundry is of the type to which the housewife may bring her clothes and put into the machine, then go shopping and return a half hour later to find the clothes, triple rinsed and spun dry. Attendants add soap, etc. Each machine will accommodate nine pounds of dry clothes.

The three gas heaters and 600 gallon tank for hot water are separated from the main room by a partition. The three heaters are capable of heating 500 gallons of water 180 degrees in an hour according to the owners. The large store area, which was formerly a battery repair and paint shop, has been modernized and painted and has a tile and linoleum floor and fluorescent lighting.

## J. L. Hudson, Jr. Dies In Lake City Hospital

J. L. Hudson, Jr., veteran of World War II, died at 8:25 o'clock last evening at the veterans hospital in Lake City following an 18-month illness. Burial will take place in Middleburg, near Jacksonville at a date to be announced later.

Mr. Hudson was a member of the National Guard here, the American Legion and attended the public schools of Sanford. He is survived by the parents, Mr. and Mrs. J. L. Hudson of Cameron Avenue, and a daughter, Beatrice, of New York City.

Officer Smith will be heard on the broadcast as the talent scout who "discovered" Dick who was winner of the contest in March, sponsored by the Police Reserve group who are financing his trip.

## Fourth Of July To Be Observed In Traditional Manner In U. S.

By the Associated Press  
With sunny weather forecast for most of the nation, millions of Americans home and abroad will celebrate Independence Day tomorrow with the traditional fireworks displays, parades, beauty pageants and picnicking.

Festivities in Vicksburg, Miss., will mark that city's third observance of the Fourth of July as Independence Day.

Until two years ago when the city first celebrated the date as Independence Day, Vicksburg had remained in mourning on the Fourth—the anniversary of that southern city's surrender in 1863.

This year General of the Army Dwight D. Eisenhower will be the honored guest at Vicksburg's (Continued on Page Two)

## Congress Okays 3rd Appropriation Bill

WASHINGTON, July 3, (AP)—Senate and House passage today to the White House sent a bill providing \$551,375,032 for the State, Commerce and Justice Departments and the Federal Judiciary for the current fiscal year.

Included in the measure, third major appropriation bill on which Congress has completed action, is \$12,400,000 for the State Department's foreign information program and "Voice of America" broadcasts.

Both the Senate and House passed the measure on voice votes. The bill is approximately \$147,000,000 below the President's budget estimates. Of the total \$233,000,000 goes to the State Department; \$108,000,000 to Justice; \$112,000,000 to Commerce and \$17,000,000 to the Federal Judiciary.

## 2 Killed, 4 Hurt In Georgia Car Accident

HAZZELBURST, Ga., July 3, (AP)—Mrs. A. O. Brown and her four-year-old son, Lynn Thomas Brown, were killed and four other Atlantans injured in the overturning of an automobile 12 miles south of here yesterday.

The injured included A. G. Brown, his daughter, Betty, 17, his son, Jo Brown, 13, and his nephew, Ernest Spivey, 9. Brown, a mechanic, said he was returning from Jacksonville when the accident occurred.

## Agreement Includes 44 1/2 Cents On Hour Pay Boost, Royalty Levy Of 10 Cents

WASHINGTON, July 3, (AP)—John L. Lewis was reported today to have won from major soft coal producers the biggest concessions in mine union history for his workers.

The agreement, which now is being put into contract form was reported to include:

- 1—A 44 1/2 cents an hour increase in the basic pay rate.
- 2—A ten-cent-a-ton royalty levy for his union welfare fund—double the amount provided in his contract during government operation of the mines which ended Monday.

Soft coal operators of the Midwest, Far West and South are studying terms of the agreement. Whether the nation's mines will return to full scale production next Tuesday apparently depends upon their acceptance of the provisions. The mines are now out on a 10-day vacation.

The United Mine Workers 200-man policy committee will meet here Saturday to pass on the proposed contract with the northern operators and big steel companies, which operate so-called "captive" mines feeding coal directly to their plants.

Directors of the Southern Coal Producers' Association are to meet here tomorrow to discuss the matter and determine whether to accept.

Terms of the contract being written by representatives of the powerful northern and steel company mine owners, were reported to include:

- 1—An increase of 44 1/2 cents in the basic hourly rate of pay—from \$1.15 to \$1.63—coupled with the restoration of the eight-hour day at straight time pay.
- 2—Some operators said the welfare and retirement fund payments would be boosted from five (Continued on Page Two)

## 40th Anniversary Is Observed By Rev. E. D. Brownlee

The Rev. E. D. Brownlee, D. D., pastor of the First Presbyterian Church for the past 34 years, reached the 40th anniversary of his ordination to the gospel ministry this week.

Now assisting him in his work is the Rev. Douglas Charles, graduate of Union Theological Seminary in Richmond, Va., who was received by the Presbyterian Church last Thursday, and who was ordained here at the Sunday morning service.

Dr. Brownlee was recently congratulated by the Rev. Charles and the Presbytery of St. John for his long and faithful ministry—his service on practically every committee of the Presbytery, and his wise counsel and true friendship to the ministers and elders of the Presbytery.

Active in civic work, Dr. Brownlee has served as a past president of Kiwanis, and as a master of the Masonic Lodge. He has served as an active member of the Fernald-Laughton Memorial Hospital Association, of the Seminole County Tuberculosis and Health Association and of the Children's Home Society.

## Plea To Keep Vet Hospital Open Denied

WASHINGTON, July 3, (AP)—Sen. Russell (D-Ga.) disclosed yesterday that President Truman had refused to intervene in the plans of the Veterans' Administration to close the Finney General Hospital at Thomasville, Ga., and to build a new hospital at Tallahassee, Fla., 50 miles to the south.

The President's answer came after Sen. Russell had made a personal plea to keep the hospital open. President Truman said he had reviewed the VA decision and had decided not to countermand it.

LONDON, July 3, (AP)—Doris Hart of Miami, Fla., upset Louisa Brough of Beverly Hills, Calif., 2-6, 8-6, 6-4, in the semi-finals of the Wimbledon tennis championships today and will meet Margaret Osborne of San Francisco for the women's singles title Saturday.

## 22 European States Called To Meeting By Britain-France

### Soviet Move At Paris Meet Seen Aid To Democracy

By DEWITT MACKENZIE, AP Foreign Affairs Analyst  
Russia's rejection of the Marshall program for European economic rehabilitation is good news for Western democracy. It is good because it removes a terrible handicap of uncertainty which has been impeding world peace and recovery.

New peace don't misunderstand. The ideal for which all people of good-will have labored would be unity of purpose among the nations, and especially among the major powers upon whom rests the main responsibility for global welfare. There could be no greater boon to humanity than that.

However, with each passing day since the end of the war it has become increasingly clear that the way of totalitarian Communism was not that of Western democracy. Moreover, Western suspicions that the Soviet Union was bent on communizing the world have grown as Moscow has brought nation after nation in Europe and Asia within its zone of domination by coups which have evoked vigorous protests from Washington (Continued on Page Two)

PARIS, July 3, (AP)—The French Foreign Office announced today that 22 nations will be invited to a meeting in Paris July 12 to discuss European economic cooperation as outlined in the Marshall proposal.

The countries invited will include Austria, Turkey, Albania, Ireland and all former enemy states except Germany. It was announced. A foreign office spokesman said the invitations would be sent to Paris embassies tonight.

WASHINGTON, July 3, (AP)—A House Foreign Affairs Subcommittee, headed by the former House speaker, said today the State Department should insist upon ending current reparations from Germany and Japan.

PARIS, July 3, (AP)—The French Foreign Ministry announced today that the British and French governments had decided to invite all European states, "with the provisional exception of Spain," to take part in drafting a reply to the Marshall suggestions for European economic recovery.

## TB Xrays Reveal 87 In Seminole Have Symptoms

As a result of the recent small-size x-ray tests taken throughout Seminole County recently by the State Board of Health mobile unit, 87 cases were reported as suspected of having definite pathological symptoms, according to Dr. Frank Quillman, director of the Seminole County Health Unit, which with the Seminole County Tuberculosis and Health Association aided the State personnel in conducting the tests.

Of the 87 persons, 77 were requested to have large x-rays taken. Of these 57 have already received the large x-rays. Probably only one third of these will show definite pathology on tuberculosis or other diseases, Dr. Quillman predicted, and two thirds will be negative.

Pathology was indicated in the report if there was enlargement of the heart or bronchial trouble or calcification of the lymph nodes and other ailments.

"The most important part of a mass survey of this type is the follow up," said Dr. Quillman. "It is useless unless those with pathology are studied to determine whether or not they have tuberculosis."

All persons who were x-rayed by the mobile unit are due to receive a report this week, he said.

## VFW Members To See Picture At Orlando

A number of members of the Veterans of Foreign Wars, Post 3282 are expected to attend the showing of a motion picture, "So You May Understand" at 8:00 o'clock Tuesday evening at the Orlando Vocational School, according to John Staud, post adjutant. The picture is sponsored by the Graves Registration Bureau and Orange County Post 2093, and persons who have lost relatives in the war are invited to attend.

Tonight some of the local post members will visit the DeLand Post to hear a talk by Francis Whitehair entitled, "Three Governments."

WASHINGTON, July 3, (AP)—Garrett Whiteside, 62, an aide to Arkansas members of Congress for almost 40 years, died last night at his home here after a heart attack. Friends said he awakened last night complaining of a severe pain. Before a doctor arrived, he died. Whiteside wrote the United States declaration of war for both the first and second world wars.

Jaycee Meeting

B. L. Perkins, Jr. expressed his appreciation to the organization for aiding him in keeping the "Knot Hole Gang" supplied with helpers for the Sanford baseball games each week.

Upon the suggestion of Floyd Palmer, the group voted to send Dick Aiken, local vocalist now in New York and waiting an appearance on Arthur Godfrey's Talent Scout program, a telegram of encouragement.

The lunch hours for the noon meetings have been changed, it was announced. The tables will be served at 12:10 o'clock and the broadcasts of the meetings will begin at 12:45 o'clock.

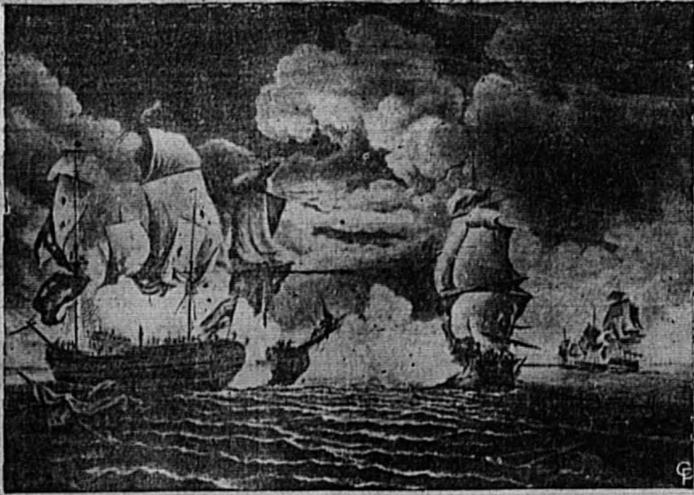

Gordon Bradley, secretary of the organization, stated that the night meeting would enable members who are unable to attend noon meetings to be present for at least one meeting each month.

Door prizes were won by Bill Stepper, Billy Odham, H. G. McIntosh and Melvin DeKle.

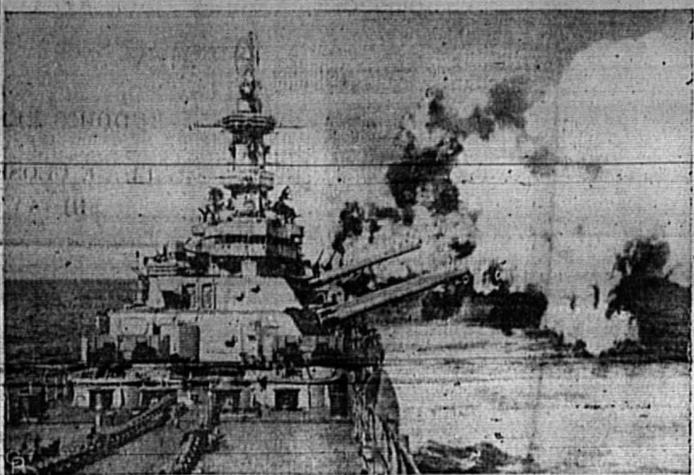

Truth Of Nazism To Be Given To Germans

STUTTGART, Germany, July 3 (AP)—An attempt to "reeducate the German people by presenting the truth about Nazism in an interesting form" is planned by the German state governments of the American occupation zone, officials disclosed today.

The plan calls for creation of a self-supporting "research institute for the history of the Third Reich." Its job would be to collect and publish Nazi records and prepare factual articles and books about Nazism in a fashion interesting enough so people would read them.

THE BON HOMME RICHARD ENGAGES THE BRITISH MAN-OF-WAR SERAPIS AT CLOSE QUARTERS

THE 45,000-TON BATTLESHIP MISSOURI FIRES A SALVO FROM ITS 16-INCH FORE BATTERY

AS AMERICA CELEBRATES THE 200th ANNIVERSARY, on July 4, of the birth of John Paul Jones, the Navy's first sea hero, who is known for his famous battle cry: "I have not yet begun to fight," the contrast between the ships of our first navy and those of today is shown in the above pictures. Top, is a painting of the desperate battle on the night of Sept. 23, 1779, when the Bon Homme Richard, a 14-year-old converted East Indian man-of-war, defeated the powerful British man-of-war Serapis. The Bon Homme Richard carried six 18-pounders, twenty-eight 9-pounders, and an assortment of smaller guns, all of which had been condemned by the French. Its total 42 guns and several carronades, firing at once, could not throw as much metal as one of the Missouri's 16-inch rifles, which fires a projectile weighing 2,100 pounds. Total number of guns on the battleship Missouri (below) is 174.

Soviet Move

(Continued from Page One) and London.

For a considerable time it has been obvious to informed observers that there must be a tabling of cards among the major powers. Secretary of State Marshall's economic proposal has forced the showdown.

The Western allies tabled their cards when that altruistic proposal was made, and agreed to by Britain and France. Then the Anglo-French pair extended an invitation to Russia to join, thus leaving Moscow the choice of three courses to pursue.

1. To accept and go all-out in an effort to make the program work, thereby encouraging belief that after all Communism and other isms could collaborate.

2. To join with tongue in cheek and then try to scuttle the ship.

3. To reject cooperation, thereby widening the breach between East and West.

The Soviet Union has chosen the third course. Foreign Minister Molotov in turning down the proposal declared that it "would lead to interference in the internal affairs of European countries. Moscow previously had charged that the United States was using this plan as a subterfuge for extending its own influence in Europe—an accusation which Marshall has branded as "fantastic" and "malicious."

So it's to be non-cooperation—unless Russia has an unexpected change of heart. At long last we know exactly where we stand and we can plan accordingly.

Mr. Molotov declared that the Anglo-French plan for implementing the Marshall proposal would "divide Europe into two groups of states and creating new difficulties in the relations between them." He said "the Soviet government considers it necessary to caution the governments of Great Britain and France against the consequences of such action."

Well, there's a division of Europe already, due to Soviet expansion. And it probably is true that this division will be accentuated. It's likely, too, that we shall see this difference emphasized in many other relations between the Eastern and Western blocs. Unfortunately one of the places probably will be the United Nations, for the same policies and principles which are clashing in Europe and Asia would seem bound to clash in the peace organization.

And what of the Marshall project? France and Britain forthwith defied what the British foreign secretary described as Soviet "threats" and said they would go ahead with the program. In Geneva, U. S. Undersecretary of State William L. Clayton stated yesterday that the offer could be carried out even though some European countries refused to participate.

This clash of the isms is a tragic circumstance. Obviously it presents potential dangers. Still, these dangers will be lessened by the fact that we can see them plainly and can plan to meet them. We no longer are laboring under any illusions—we hope.

Ramadier Asks Vote Of Confidence Friday

By ROBERT C. WILSON PARIS, July 3 (AP)—French Premier Paul Ramadier today posed a confidence motion before the National Assembly and was virtually certain of winning approval when the vote ensues Friday.

Despite initial hanging back, all parties that make up the coalition, non-Communist cabinet closed their ranks at the last moment and agreed on a simple motion expressing confidence in the government and the economic policies it intends to follow.

There was little doubt but that the collapse of the three power talks here on the Marshall aid-Europe plan influenced the parties to band together to prevent any return of the Communists to the government through a crisis that might bring Ramadier's downfall.

Fireworks, parades and beauty contests are expected to attract millions of persons in Fourth of July programs throughout the nation.

At Flagstaff, Ariz., thousands of Indians from reservations in the Southwest will gather for a three-day series of parades, rodeos, tribal dances and squaw and papoose beauty contests.

Indians from the vast Southwest have been gathering at the Arizona City, each Fourth of July since 1876, when tribesmen were attracted to the scene by the noise and the food at a celebration by a California-bound wagon train.

Philadelphia, the Evening Bulletin will sponsor an all-day program with more than 5,000 participants in a Fourth of July celebration which is expected to draw more than a million spectators.

Another newspaper, the Buffalo (N. Y.) Evening News, also is sponsoring a Fourth of July show in that city's stadium in a "safe and sane civic celebration" expected to attract some 30,000 persons. It will be the seventh annual celebration under auspices of the newspaper.

A giant fireworks and aerial show at Coney Island is being sponsored by the New York Daily Mirror and the First Army and is expected to attract about 2,000,000 persons along a three-mile stretch of boardwalk.

Other community-wide celebrations are planned at Baltimore, Md., Des Moines, Ia., and Marcellus, N. Y.

A pre-Independence Day celebration will be held tonight at Danvers, Mass., where a Knights of Columbus council plans to burn what the council believes will be the nation's tallest bonfire—a 115-foot stack of 962 barrels, weighing nearly 50 tons.

The community bonfires, which is to be set off by a 125-foot fuse and a magnesium candle, is a continuation of more than a century of night-before-the-Fourth celebrations in that area.

THE UNITED STATES NAVY on July 4 celebrates the anniversary of the birth of its first naval hero, John Paul Jones, at a time when America reigns supreme on the seas. The Navy's mighty ships today are a far cry from the lumbering, rotten Bon Homme Richard, which Jones took into battle against superior British men-of-war on the night of Sept. 23, 1779. In one of the most famous sea engagements in history, he will always be remembered for the immortal words he hurled at the commander of the British warship Serapis, who demanded his surrender. Outgunned and outnumbered, he said: "I have not yet begun to fight." (International)

State's Authority Is Upheld By Court

TALLAHASSEE, July 3 (AP)—The Florida Supreme Court today upheld authority of the State to make oil and mineral reservations on land acquired for non-payment of taxes.

opinion by Justice Glen Terrell, trustees of the State Internal Improvement Fund are not required to make such reservations, and they cannot be enforced on lands previously sold by the state. The court said the so-called 1937 Murphy Act which gave the State title to tax-delinquent lands, "affords ample authority for reserving oil and mineral rights in such deeds of sale."

### Tilt Last Night Not Played Due To Bad Weather; Kettles To Face Senator

By ARTHUR BECKWITH, Jr.  
Herald Sports Editor

An "officially" thunderstorm descended upon the municipal park last evening and lasted just long enough to wash away the scene, used for the Orlando Senators.

By having this contest drowned, the Senators and Senators to have a pair of rain-out tilts to be played in the local park and have a twin bill to be played on Tinker Field in Orlando.

Tonight the Senators invade Tinker Field in Orlando for a return engagement with the Senators. Sunday afternoon the Deland Sea Hats are here. Big Goose Kettles Sanford knuckler, will likely receive the hill call from Manager Dot Murray, and Stan Zedalis, right-handed Solon fireballer, will probably receive the nomination from Manager Lou Bevil for tonight's contest.

The game opens the balloting in Florida State League for the All-Star games.

The first 800 fans moving through the turnstiles in the Fed Senator tilt will be handed ballots on which they can vote for the outstanding rookie team and their choice for representatives on the All-Veteran team.

Tomorrow night Sanford fans go to vote at the Municipal Park. The two teams selected will get at 3:00 o'clock on July 13 on the home ground of the team leading the league at midnight tomorrow.

A record turnout for the All-Star contest is expected, and outstanding players are expected to be present. President Al Combs of the Florida State League.

Scouts from every Major League in the country have expressed their desire to be on hand. It is expected that Commissioner Happy Chandler and President George Frazier of the National Association will be on hand for the spectacle.

Sanford fans have been requested to turn out for the contest at the Municipal Park tomorrow evening so that they can cast their ballots for their selections for the teams.

Players who are eligible for the two teams and their classifications include:

**Senators:** Basemen: Zander, Lurich, Robertson, Basemen: Schoendienst, Danahy, Basemen: Burke, DeNitt, Basemen: Yea, Morgan, MANUEL, Lada, Catchers: Tetrault, Waddell, Pitchers: Batts, HOWELL, Outfielders: Pittsford, Ledford, Thomas, Hall, Brazier, Throop, Johnson, Weathers, Pitts, J. H. Brown.

**Sea Hats:** Meadows, Zedalis, Galt, Gibson, Adams, O'Day, Kinnear, Balm, Hill, Jones, Zedalis, Lavey, STANTON, McInnis, Lorenz.

**Left Handers:** Ralph Post, Juan Perez, TOMMY HUI.

**LIMITED SERVICE VETERAN PLAYERS:**

First Basemen: Ford, Napier, Eaton, SILVERMAN, Kalle, Second Basemen: Bora, Hildegar, Jarrett, Harmon, Justice, MURRAY, Judy, Third Basemen: Shill, Manning, Clark, Buck, Wilkes, Shortstops: Gresh, Rubin, Oshoff, Lehmann, Outfielders: Bogner, Lee, Ryan, McCreath, Ed Johnson, (Tallahassee), Hoag, Zelenock, (Tallahassee), Baker, Paulk, Hendrichal, BRIDE, JACK, Karpinski, Passch, Anderson, Catchers: West, (Tallahassee), Dillman, Tomcott, ZIRA, Byrnes, Middle Infielders: Robert, Middle Infielders: Pugh, Bombrone, Middle Infielders: Mays, Oliver, Major, Boyd, Young, McInnis, Batts, Cline, BERRY, KITTRELL, Ketcher, Holloway, Burnett, R. G. Runa.

**Left Handers:** Wickham, Morlan, Buckner, Kinnear, Gorman, Ocker, Leape, Kollig, Dineen, etc.

Special manager in league eligible manager either team, and any player eligible for utility player or respective teams.

## Americans Make Bid For Wimbledon Title

LONDON, July 3 (AP)—United States women seek today to emulate the California male stars, Jack Kramer and Tom Brown, and make the Wimbledon Tennis Championships singles finals as all-American show.

It's up to top-seeded Margaret Osborne of San Francisco. She opens on the center court against the last finalist, Mrs. Billie Jean King of South Africa, who won four of the four singles titles in the quarter-finals.

The other half of the women's bracket is hardly assured by the All-American semi-finals. Doris Hart of Miami meets Louise Brough of Beverly Hills, Calif., who played in the finals last year and lost to absent champion Pauline Betz.

Kramer and Brown get no rest for their singles final duel tomorrow as they are scheduled for repeat in doubles today.

Kramer and his 21-year-old partner, Bob Falkenburg, continue the American-Australian argument in a semi-final men's doubles match against top-seeded Geoff Brown and Colin Long.

Generally speaking a humidity of 80 percent and a temperature of from 35° to 70° will provide most storage conditions for dried fruit.

## COMMENTS from the SIDELINES

By ARTHUR BECKWITH, JR.

### STAR BAT BOY

The fans of Sanford will get an opportunity to submit their ballots for the Florida State League's All-Star veteran rosters at the municipal park tomorrow night, when our ballot will be available.

Our problem is that there is no slot for the nomination of an All-Star Bat Boy.

Here is what we propose. We suggest that the fans of Sanford after listing their selections for the two teams, place at the bottom of the ballot a write-in vote for little Jimmy Krider, the first attack chaser for bat boys.

Jimmy is a hard working little tyke and deserves a shot at the honored job of chasing bats for one of the All-Star teams.

Jimmy is always hustling balls to the umpires, and from all reports from the arbiter is always as courteous as he can be, even though the boys in blue may have ejected a Sanford player.

Now don't forget, after you have picked your All-Star team members, just leave room at the bottom of the ballot for the name of Jimmy Krider for bat boy.

### JEFF EMERSON

We see that Jeff Emerson has had a \$50 fine targeted on him for protesting one of Umpire Cimock's decisions here at the Municipal Park in the first game of the twin bill between the Palatka Asafas and the Sanford Celery Feed last week.

President Combs is really frowning on the league, especially on the differing players around the circuit when they decide to get a little too rowdy.

The levy upon the clubs in the circuit for league expenses will be very low if these players will keep on "chipping their teeth" when the ump's have told them they have said enough.

### HERE IN THIRRE

We are glad that Jimmie Adair has been named skipper of the Savannah Indians after being "kicked" out as manager of the San Antonio Missions. The 18th inning victory of Palatka over Leesburg the other night proved to be a league record.

Nathan Hardin sports editor of the Palatka Daily News reports... through June 6 there have been 15 no hit contests chalked up in the minor leagues. Of the 16, two were perfect, and all but two were shut outs. Jack Crow, pitching for Houston, in the Texas League, had a string of 25 scoreless innings snuffed by his own error against Oklahoma City.

## PHILADELPHIA SCULLER WINS BRITISH RACE

HENLEY-ON-THAMES, July 3 (AP)—America's John B. Kelly Jr. breezed through his second start today on the way to the Diamond Sculls Challenge Cup in the Henley Regatta.

The 20-year-old Philadelphia sculler spotted Britain's Arthur Holloway ten years' experience and nine pounds before out-rowing him in 7:05 minutes 44 seconds. He finished at least five lengths up, but judges policed confined themselves to "won easily."

Kelly's win was the third in a series of triumphs of the second day card. Swiss and Dutch scullers had rowed down British opponents.

Holloway was on course for the younger man, who entered the semi-finals by his victory. Winning his now famous left green cap, the University of Pennsylvania boy swung to the middle of the one mile, 550-yard course and finished at a slow 20-stroke-a-minute rate.

"It was comfortable going and things were under control all the way," Kelly said on the dock.

He blamed the strong current and upriver breeze for his poor time. It's seconds slower than his win yesterday.

Kelly's mother and two sisters again followed the race in the umpire's box, while his father, sometime Olympic Champion sculler who was up early polishing the youth's scull, greeted him at the dressing tent.

Two other "Kellys" old Philadelphia rowing buddies, now U.S. stationed in Europe, just timed the crowded course 7:10 to cheer his victory.

"We planned on coming to Henley to see Kelly get over, since we joined the Army last year," said PFC Josiah McCall as he shook Kelly's hand.

PFC Joseph O'Connell said they obtained special leave from their posts in Vienna and Frankfurt to attend the Regatta. They all rowed together at Philadelphia's Vesper Boat Club.

### Welcome Mats Strewn For "Babes" Return

DENVER, July 3 (AP)—The welcoming home sign hung on nearly every downtown Denver lamp post today for Babe Didrikson Zaharias.

In the Civic Center, city and state officials laid out the welcome home mat in honor of the gal who, after taking most major American women's golf titles, sailed across the Atlantic to capture the British Women's Golf Championship and the hearts of the Scotch who watched her win airdry on the fairways.

The all-around athlete was slated to fly into Denver during the night with "Beautiful George," husband George Zaharias, 300-pound wrestling promoter. 500-pound wrestling promoter.

A reception at the Municipal Airport will be held the opening day in the biggest fanfare Denver has ever fared at a celebrity.

### The Clubhouse

By LARRY SMITH

AP New York Times

CLYDE L. FRIEDMAN, 31-year-old of the Cleveland Indians, acquired a veteran with a reputation of being one of the greatest students of pitching form when he persuaded Houston Bill McKechnie to join the Tribe as a coach.

After the announcement, McKechnie had accepted a posting with the Indians, there was immediate speculation that he eventually would succeed Lou Boudreau as manager.

The guessing probably was in order because the Deacon has both penmanship and two world's championships to his credit and was managing a major league club when Boudreau was four years old.

However, McKechnie immediately spiked such rumors by declaring he had no managerial ambitions.

"The day Boudreau leaves the Cleveland club will be the day I leave also," was the way Bill put it.

The manner in which McKechnie accepted a job with the Indians indicates he realizes he won't be tagged as a possible successor to Boudreau.

Veck and Boudreau agreed that McKechnie would be a great help to trial hurlers. Veck phoned the Deacon and offered him the job but McKechnie said he would accept only of Boudreau asked him.

There exists between McKechnie and Boudreau the same father-son relationship so conspicuous when Buck Shotton was the young pitcher's first instructor.

But where Shotton seemed to be in the picture at least partly for the purpose of protecting his chief against slips in strategy or public relations, McKechnie assumes that Lou now is old enough to stand on his own feet in both departments.

There is 30 years' difference between the ages of McKechnie and Boudreau, but you forget this wide disparity when the two men start talking baseball. McKechnie is young in heart.

McKechnie is credited with developing Johnny Vander Meer, only major league pitcher ever to hurl two successive no-hit games. Another Cincinnati Red star he developed is Lucky Walker.

Boudreau has told newspapermen that McKechnie is authorized to answer all questions regarding the pitching assignments.

"If you want to know who's pitching," he says, "Bill will be able to tell you."

### Get Two Birdies On Same Golf Hole

SALT LAKE CITY, July 3 (AP)—Jesse Goulet smacked a tee shot on the 18th hole at Fort Douglas and a seagull swooped down and scooped up the ball.

Miss Goulet, muttering, cracked a second one off the tee and back came the gull. He dropped the first ball and power-dived toward the second but this time the girl golfer was ready.

"I, whooped like a Cornucopia," says Jesse, "and this scared off the bird for keeps."

## Doby, Negro National League Player, Bought By Cleveland Tribe

CLEVELAND, July 3 (AP)—The Cleveland Indians are the first American League club to have a Negro player in the fold.

Tribe officials said last night that Doby, a 22-year-old Navy veteran who leads the Negro National League in home runs and doubles, had been purchased from the Newark Club for \$40,000 with the Indians starting Saturday.

Terms of the purchase were not disclosed.

Jackie Robinson, first baseman of the Brooklyn Dodgers, was the first negro signed to play in "organized" baseball in modern times. He advanced to the National League this season after one year on the Dodgers' International League farm club, the Montreal Royals.

A native of Camden, S. C., the 155-pound Negro second baseman started for Paterson, N. J., East Side High School's University. He signed with the Eagles on the Spring of 1943 but entered the Navy in July of that year.

Doby who has batted .317 in 1947, by doubles and eight triples while compiling a .437 batting average with Newark this season, returned from three years' Navy service last year to start the Indians in the Negro National League championship. Newark then defeated the Kansas City Monarchs in the Negro World Series.

### Auburn Player Signs With Detroit Lions

AUBURN, Ala., July 3 (AP)—Sam McClurkin, end and co-captain of the 1946 Auburn football team, has signed a contract with the Detroit Lions of the National Football League.

He received a degree in aeronautical engineering this Spring but still had another year of eligibility.

Signing of the contract was announced here yesterday.

During the 1946 season he caught 17 passes for a total of 120 yards and two touchdowns.

### Castoffs' Hot Hurling Leaves Brownies Cold

NEW YORK—As if their second division position isn't enough to make the St. Louis Browns feel two castoff hurlers added to their miseries by mauling fifty victories last night the Browns had let them go for the waiver price.

First to demonstrate his gratitude for liberation from the St. Louis depths was veteran Denny Galehouse. Just two days after the Boston Red Sox picked him off the baseball scrap heap, 35-year-old Galehouse and the Detroit Tigers in great knits and lumps up on 6-2 win.

The day after the Galehouse deal the Browns let Casper (Hooper) Latt on the Seattle list and the New York Giants gulped off the 27-year-old rookie. Let took an all-night train ride from Washington to Chicago, turned on gloves and shoes and started against the Cubs.

As if he has seen how a masterful pitcher should on Chicago and cover to his first victory of the year, 1-0, the fourth hand-off with the winning hook struck out right and walked five.

Veteran right-handed Galehouse is in his 14th year in the American League. The hurler came up to Cleveland in 1933, spent the 1939 and 40 seasons with the Red Sox, and the next six years with the Browns.

He started the Browns' opening game against Detroit at New Haven and lost 7-0. When the Red Sox picked him up, Galehouse had a 1-3 record. His 12-year mark with the Indians, Boston and St. Louis was 82 won and 106 lost. He split two seasons in the 1914 World Series.

Latt has bounced around the Browns since 1941. He was with the St. Louis club briefly in 1942 and came up again this year after winning 10 and losing six for San Antonio in '46. A native of Ft. Meade, Fla., the rookie worked in only four games for the Browns this season, all in relief. He had an 0-1 record when the Giants drafted him.

His whitewash job on the Cubs was only the second without post-1942, this season by a Giant hurler. Manager Mel Ott reached him to the mound to fill the breach created when Southey went home. Kennedy was sidelined by a line drive in batting practice.

Baseball sports offer two explanations for the reversal of form by the castoff pair. With both the Red Sox and Giants in contending positions, the lure of pennant gold might have hurried on the hurlers. Others say the improvement in a south front the week hitting Boston and New York teams, Washington the reason Joe Cronin of the Sox and Ott feel they have gained reliable pitchers for their pennant drive, while the week hitting Browns continue to founder in the depths.

jailed.

When the number of lynchings
throughout the South are recorded
for the year of 1947, it should
not be forgotten that but for the
vigilance and courage of law en-
forcement officers there would
have been more. In Carrollton,
Ga. a deputy sheriff barricaded
himself inside the jail and with a
handful of police reinforcements
stood off a howling mob for more
than four hours Monday night in
order to save the life of a lone
negro charged with the murder
of a white man. Angry mobs are
not easy to control, are apt to
get out of hand in New York,
as in Carrollton.

The Bureau of Labor Statistics
reveals that factory workers are
now receiving the highest wages
in the history of this country.
They are paid \$48.86 a week, or
\$6 a week more than the wartime
peak. Yet, we doubt if they are
any happier or any better off than
they were before the war. While
wages have been going up, prices
have been going higher, and there
have been other factors making
for social unrest. What this coun-
try needs to do is to de-emphasize
the importance of wages; con-
centrate on the cost of living, on
better housing at lower costs, on
public health and schools. These
are the things which make for
happier and better living.

The House Appropriations Com-
mittee has approved sufficient
funds to complete the construction,
already begun, of a 12 foot chan-
nel from Palatka, providing suf-
ficient water to move large barges
all the way from Sanford to
Trenton, N. J. via the inland water
route. The project should not take
more than eight or ten months for
completion and then Sanford will
be in a position to give preferen-
tial freight rates to all Central
Florida shippers. The completion
of this project, sponsored by the
Chamber of Commerce and pro-
moted with Chamber of Commerce
funds, may well prove the turning
point in Sanford's industrial de-
velopment.

The Glorious Fourth

The Fourth of July which will be celebrated tomorrow
spells Holiday to most Americans. And that is as it should
be. A day of fun in the early summer is a grateful relief
from heat and the more serious concerns of life.

But the Fourth should mean something deeper, too.
It is in an especial sense the day of the birth of the United
States as a nation. The Declaration of Independence, issued
on that first Fourth, was a document of high import. Few
nations have in their historic records any paper expressing
at the same time so simply and so splendidly the basic
principles of the rights of man.

Let the Fourth have its gaiety, by all means. But let
it start for every American with a few moments of quiet
thought about his country. Let him take a moment for
deep thinking giving that he has the privilege of living in
this beautiful land; that he has a part in this great nation;
and that, man being human and subject to the frailties
of human nature, the principles expressed in the Declaration
have been carried out as well as they have been.

Then let him look to the future and take a moment
to strengthen his own purpose to do his part to make this
a better nation, keeping its own freedom as an individual
nation, but joining in the great United Nations to make
this a better world. Let him hold to this purpose with
hugality—and with all his strength.

So shall the Glorious Fourth continue; so shall the
nation continue in its power, its usefulness—and its freedom.

Corn And H C L Going Up

As corn goes, so go dinner table costs. And corn
reached an all-time high in Chicago markets the other
day. The poultry man who has to pay high corn prices
will charge more for his eggs and chickens. Western cattle
men will be tempted to sell their corn instead of using it to
fatten cattle, so this will mean fewer, as well as tougher
and more expensive beefsteaks.

Dairy farm owners will skimp on the high priced-
corn with the result that milk will go down in volume and
butterfat with the price hike scarcity always brings.
Because scarcity of one grain throws more demand on the
others, wheat, barley and oats follow corn up or down the
price scale, so all products the housekeeper buys that are
made from these grains will have new and higher price tags
on the grocer's shelf.

Who's to blame? Two ever-present whipping boys for
this sort of thing are the weather and the government.
They're both getting it properly just now. Continued rain,
floods and late-coming warm weather in the Ohio Valley
states, on west through the corn belt, have either delayed
plantings, or ruined those already in. About a third of the
corn crop is written off as a loss. That indefinable entity,
"the government" is blamed by some who say the boys in
Washington are "pleading for lower prices out of one side
of their mouth and, out of the other, bidding high on
scanty supplies to fulfil export commitments."

Result: The people bring home lighter and lighter
market baskets—and lighter and lighter pocket books.
And, isn't it funny—"the government" is the people! But
the weather—well that's something else.

Green Versus Red

There are persistent and increasing reports of the
formation of a Green International in Europe. Egan for
the purpose of combatting Red influence, it seems to be
gathering strength in Poland, Bulgaria, Rumania and
Yugoslavia, the countries most under Red domination.
Its leaders hope to create some sort of federation of
peasant states, in opposition to Soviet Communism.

It is natural that rumors of any organization like
this Green movement be suspected of being wishful thinking
on the part of the democracies. Nevertheless, the fact
that reference to it persists and increases in volume would
indicate that there is a good basis of fact. Once-free people
apparently are not swallowing voluntarily all the ideologi-
cal material advanced by Communists of the USSR.

It's a hopeful sign. For, after all, it is on the assump-
tion of strong anti-Communist elements in Europe that
the United States is pinning her hope for a truly free
world. And it is on that assumption that the Truman plan
has been inaugurated, the Marshall plan suggested.

Expedition To Survey
Undersea Mountain

WASHINGTON, July 3 (AP)—
An expedition to survey a section
of the "mid-Atlantic ridge," an
undersea mountain range which
extends for mileland nearly to
Antarctica, was announced today
by the National Geographic Soci-
ety.

Dr. Gilbert Grosvenor, president
of the society, said the expedition
will leave July 15 for a two-
months' study of the ridge wa-
ters about 1,200 east of Her-
muda, Columbia University and
the Oceanographic Institution of
Woods Hole, Mass., will be the
society's joint-sponsors of the trip.

Prior to 1880 all the tile in
American buildings was imported;
today almost all ceramic tile
is produced at home.

Traditionally Sir Walter Raleigh is said to have brought back the potato from Virginia in 1585. However, later investigations indicate it appears that the true potato did not reach Virginia until more than 100 years after this date.

Glass cooking utensils should be thoroughly dry on the outside before they are placed on the stove. Even a few drops of water on the outside of glass coffee-maker, for instance, may cause uneven heating and result in cracking or breaking.

## Esther Miriam Spier Weds R. D. Batten

The marriage of Esther Miriam Spier, daughter of Mr. and Mrs. H. A. Spier, to Robert Donald Batten, son of Mr. and Mrs. C. D. Batten of Daytona Beach, was solemnized on Sunday at 5:00 o'clock. The double-ring ceremony was performed at the First Christian Church by the Rev. V. H. Grantham against a background of ferns and other greenery and white gladioluses in tall baskets. Flower standards and branched candelabra held burning white tapers.

Mrs. Evans McCoy rendered a program of nuptial music which included "Ave Maria" and "Sweet Mystery of Life." The traditional wedding march was used.

The bride, given in marriage by her father, wore a light weight wool suit with white accessories and a shoulder corsage of white carnations and orange blossoms.

Her maid of honor and only attendant, Miss Dorothy Carter, chose an aqua suit with white accessories and wore a corsage of sweetheart roses. Delmar Batten served his brother as best man.

Ushers were Allison Spier of Ocala, Emory Spier and William Spier of Fort Lauderdale.

Following the wedding a reception was held at the Palms and Pine Restaurant which was decorated with gladioluses and greenery. At one end of the bride's table was a three-tiered wedding cake and punch was served from the other end.

## Miriam Spier Is Honored With Shower

Miss Dorothy Carter and Mrs. I. R. Little entertained in honor of Miss Miriam Spier whose marriage to Robert Donald Batten was an event of Sunday, with a miscellaneous shower recently. The party was held at the Little home on Magnolia Avenue. The party rooms were decorated with gladioluses and ferns. The dining table was covered with a lace cloth with a crystal punch bowl at one end and a tiered cake at the other. An arrangement of gladioluses were in the center.

Games were played during the evening after which Miss Spier was presented with many lovely gifts from her friends.

Those invited to be with Miss Spier were Miss Zella Varn, Miss Elise Hutchison, Mrs. Helen Schmitz, Mrs. Troy Ray, Mrs. Edith Edwards, Mrs. Harold Billingsley, Miss Carter and Mrs. Rudeff.

## Dr. J. N. Tolar Given Dinner Party July 1

Mr. and Mrs. W. D. Hofmann entertained on Tuesday evening with a dinner party honoring Dr. J. N. Tolar's birthday at their home in San Lanta. Gladioluses and other cut flowers were used in decorating the rooms of the Hofmann home.

The dining table was covered with a white linen cloth and centered with a low arrangement of peach gladiol blossoms and blue plumbago in a crystal bowl.

Those invited to be with Dr. and Mrs. Tolar were Mr. and Mrs. L. T. Bryan of Altamont, Miss Helen Hermburg of Detroit, Mich., Miss Mildred McIntyre and Dr. Hofmann.

## Mae Coneley McCall Honored With Tea

Mrs. Edward McCall entertained on Wednesday afternoon with a beautiful tea in honor of her niece, Miss Mae Coneley McCall, whose engagement to James Alfred has recently been announced. Guests called at the McCall home on East Fourteenth Street between the hours of 3:00 and 4:00 o'clock.

The living room where the receiving line was formed was decorated with arrangements of pink, white and lavender asters. Peach colored gladioluses were also used and pink love lilies were banked on the mantel.

The receiving line was formed in front of the mantel and consisted of Mrs. McCall, Miss McCall and guest Mrs. D. C. Nubickel and Miss McCall's mother, Mrs. Emmett McCall. Mrs. McCall was gowned in aqua marquisette designed with a V shaped neckline and a small bustle in the back.

Miss McCall chose to wear a powder blue silk jersey gown with a beaded skirt and Mrs. Nubickel wore a black skirt with a white Belgium lace blouse. Mrs. Emmett McCall's dress was of pink jersey and corsages of Gloriosa Rothchild lilia lilies were worn.

A red and yellow color scheme was used in the dining room. The table was overlaid with an Irish lace cloth and centered with the Gloriosa lilies. Crystal candelabra held white burning tapers. An antique cut glass punch bowl was placed at one end of the table and crystal trays and dishes held open-faced sandwiches, iced cakes and mints carrying out a yellow and green scheme.

An arrangement of red and yellow gladioluses was placed on one end of the buffet and at the other was an antique cut glass punch bowl. In the center was a miniature bride and groom on a reflector under an arch made of tiny white flowers encircled with asparagus fern.

Mrs. McCall's gift to the honoree was a piece of her chosen Gloriosa silver in the Strassburg pattern.

Those assisting in greeting the guests and serving were Mrs. E. J. Jounillat, Mrs. A. W. Lee, Mrs. J. D. Woodruff, Mrs. Roy Mann, Mrs. H. L. Perkins, Mrs. Mrs. Charles Park, Mrs. E. L. Hoy, Mrs. Edmund Meisch, Mrs. W. G. Fleming, Mrs. James Robson, Jr. and Mrs. H. B. McCall.

About 140 guests called during the afternoon.

## Teen Talk

Have you ever seen a silent movie? They are so hysterical. The actors and actresses move around like they were jet propelled. Their makeup would frighten circus performers and the story continuity is the last word in comedy. Well, anyway it was a real treat to see "Perils of Pauline" in one of our early "Perils of Pauline" air, appropriately named "The Clutching Hand."

The movie company (Paramount) made a big thing of the occasion, showed the old and the new "Perils" with Betty Hutton, who as usual is a riot. Everything for the party was done in Gay Nineties style. There were costumed policemen (one 7 feet 7 inches tall—weighing over 200 pounds) and before the picture started "Perils" cast (Milton Berle, Sydney Blackmer) were served beefsteak, then motorcaded to what is believed to be the oldest theater in New York still in existence, in cars of the early 1900 vintage. The drivers wore handkerchiefs.

The theater was a sight—had all the old time signs "No spitting on the floor," "No loitering," "Children allowed unless accompanied by an adult." (In those days that meant teen agers.) There was an old fashioned can-can, shouting his wares while the picture was on. Such fun.

In New York the Museum of Modern Art shows these old-time movies, and I imagine clubs and schools can get them if they're really after a scream and cap up in a party box in July.

The trick is to hit the villain and sigh at the antics of the heroine.

I had a letter from J. S. of Haledon, N. J., who asks "How can you get your boyfriend to do what you want to do? My girl friend's boyfriend and mine always want to stay around the house when we have a date."

Well the only solution for Mrs. S. is to find a new beau who will be congenial. After all, why should any girl waste her time with a lout unless she enjoys his companionship? Obviously, this Jackson just wants a place to keep cool, or maybe he likes her Mom's cooking. But in any case if he doesn't take her out once in a while the whole thing seems silly. If he doesn't have any coins, he can always find amusing and interesting things to do free—the museum, park dances, public beaches, etc.

Scop 'N' Stuff. . . Once when Burl Ives was brooding in Hollywood, he pitched a tent in the outskirts of Beverly Hills to try to attract newspaper attention. The idea fizzled—nobody mentioned it. A few months ago Burl bought a mountain-top and pitched a tent because he couldn't find material for the kind of ranch house he wanted. Lind magazines are vying for the exclusive rights on Burl's roughing it on top of the mountain.

Flip Chips. . . Bobby Breen, the singer who was discovered as a child prodigy by Edna Carter, now singing over a local New York station. . . It's rumored Vallee has been offered a disc

Mrs. Donald Randall Jones, the former Jean Wigdon, whose marriage to Mr. Jones was announced on June 25 at the First Baptist Church. The ceremony was performed by Dr. W. P. Brooks, Jr. at 6:00 o'clock. Following the wedding a large reception was held at the Mayfair Inn after which the couple left for a wedding trip in North Carolina and Kentucky. Upon their return to Sanford they plan to make their home at 2001 Sanford Avenue.

## Hollywood By Bob Thomas

HOLLYWOOD, July 3. (AP)—British star Phyllis Calvert has ended her contract with RKO Radio City, but she will continue to commute between England and Hollywood.

Unlike many English players who have become free from their commitments at home, Phyllis is not going to settle back. She has been found of her country home in England, which she would have to give up if she established residence here. So she will make one or two films in the six months she is permitted to remain in the U. S. yearly. She is here now for "My Own True Love" at Paramount.

Phyllis' introduction to Hollywood was unfortunate. She arrived when U. S. was undergoing merger pains, and almost concluded that the whole fiasco was in a state of confusion. She likes it here now.

Joseph Cotten, happy with "The Farmer's Daughter," goes back to RKO to play the newspaperman turned prospector in "The Hard-Boiled They Fall" and Schulberg's tight yarn. Emphasis will be on the former's role and less on Eddie Dmytryk, who will also direct.

Gene Autry is a happy man, having won his final freedom from Republic. He'll make all his future films with his own unit at Columbia and all will be in color. Budgets are set at \$500,000, against \$150,000 for his costliest picture at Republic. But Gene expects color to bring in the added revenue.

"Forever Amber" has received the final okay from the Johnston office, reports director Otto Preminger, and the film will reach the screens in November. It will have a substantial road show release in 1948 theaters, which seems to be the fate of those days.

Melvin Douglas is another free man. He has been released from MGM, for which he has been campaigning since he got out of the Army. He will free-lance, except for a one-year deal with RKO.

Ilex Harrison will go to England next month, regardless of whether labor difficulties can be ironed out on the filming of "Escape" over there. If British unions won't permit the picture because of plans for a partly American crew, the trip will merely be a vacation for Ilex and Lilli Palmer.

Columbia bosses must have foreseen "The Jolson Story" success, because both Larry Parks and Evelyn Keyes were signed in early contracts before its release. Now both are unhappy. Evelyn wants the chance to accept outside offers she has had. Larry wants that plus more money.

Jimmy Durante will have to forego his plans to tour English music halls this summer. He will be busy with "On An Island With You," as well as preparing for his new air show.

Newcomer Lucille Norman has been given some expensive tests at Paramount, and it looks as though she will be opposite Bing Crosby in "A Connecticut Yankee." Apparently too much Yankee is wanted for Deanna Durbin's services in that film. That's too bad, because it would be the best thing in the world for Deanna's career.

Dana Andrews is still searching for a good story to make for his independent production. So jockey show. . . Dick Haynes' brother, using the name of Bob Stanton, is clicking as a singer. . . Tommy Cook (Lila of Riley) is now all So, California (teen age) tennis champ.

You may write Vivian Brown, care of this newspaper, about news of your gang.

## Mrs. Fred Myers To Install Officers

Mrs. Fred Myers, district deputy president of district No. 30 will install the officers of the 1947-48 term at the First Baptist Church, 36 in Orlando tonight in the 12-0-0 hall. Her installing staff will include Mrs. I. H. Rubow, deputy marshal; Mrs. B. B. Burnett, deputy warden; Mrs. Bryan Squires, deputy secretary; Mrs. Charles Cole, deputy treasurer; Mrs. George Ewan, deputy chaplain; Mrs. Mary Boly, deputy inside guardian; Mrs. J. F. McClelland, deputy outside guardian and Mrs. D. C. Howard, deputy musician. The drill team will consist of Mrs. Brodie Williams, Mrs. E. L. Lundquist, Mrs. W. R. Beecher and Mrs. Carl Chorpeng.

## MENUS

(Recipes Serve Four)  
Blackberry Mousse  
1 1/2 cups blackberries  
1 cup sugar  
2 tablespoons corn syrup  
Few grains salt  
1 teaspoon gelatin

2 tablespoons cold water  
1 cup cream  
Pick over, wash and hull blackberries. Reserve four of the largest and sprinkle remaining with sugar. Let stand at room temperature for one hour and mash. Run through a sieve. Add the corn syrup, and gelatin which has been soaking in cold water and dissolve over hot water. Chill and fold in cream which has been beaten stiff. Place in individual molds and freeze without stirring. Garnish each mold with a terry.

Walnut Refrigerator Cookies  
1 cup butter or margarine  
1 cup brown sugar  
1 egg, slightly beaten  
1/2 teaspoon vanilla  
2 cups flour  
1/2 teaspoon cream of tartar  
1/2 teaspoon soda  
1/2 cup walnut meats, broken in pieces  
Work butter or margarine until creamy and add sugar. When blended add egg and mix well. Add vanilla. Sift flour, cream of tartar and soda together and fold into first mixture. Add nut meats, roll and wrap in wax paper. Leave in refrigerator overnight. Cut in thin slices and bake 10 minutes in a hot oven, 400 degrees.

Racing Commission Penalizes Violators

MIAMI, Fla., July 3 (AP)—William Watson, secretary of the Florida Racing Commission, said today owner S. E. W. Messervy and trainer Louis Clemmons had been barred from Florida dog tracks for life by the commission on charges growing out of a case involving false registration of a horse at Sunshine Park, Tampa, last season.

Jockey Robert R. Payne, suspended April 14 for "conduct detrimental to the best interests of racing," was taken off for one year, Watson said.

No further action was taken in the case of Jockey Ted Atkinson who was suspended for an improper ride on Night Porter at Hialeah, Feb. 28. The action is tantamount to reinstatement.

Another rider, Willard Root, charged with touting, was suspended for one year.

Phillip Shankleford accused of stimulating a dog at Sarasota Kennel Club, was reinstated, and a 30-day suspension was placed on J. B. Trout on a stimulation charge at the Palm Beach Kennel Club, the suspension already has run out.

May Guilty

(Continued from Page One)

Justice Henry A. Scheinbaum said that ball for the defendants will be continued, "until this matter is settled."

May licked his lips several times as the jury was being polled and at the conclusion remarked to reporters:

"Well, this is the end of round one."

Murray Garson said vehemently, "I'm still not guilty!" His brother Henry declined to make any comment.

European Meet

(Continued from Page One)

European reconstruction program, in which the resources and needs of each country will be coordinated, in a manner that each of the European countries will so decide freely."

The communique made no reference to Soviet Russia, nor to the failure yesterday of Russia, Britain and France to agree on the Marshall aid-Europe proposal.

Use of the term "provisional" in excluding Spain appeared to indicate that the final decision on whether Spain would permanently be outside any economic agreement reached would rest with an international "temporary organization" which the communique said the British and French proposed to establish.

The British and French foreign ministers conferred at length this morning, emphasizing the break with Russia over the Marshall suggestion.

Great Britain, taking the lead with France in setting up a new organization to plan the reconstruction of Europe, will stand by the United Nations with "unswerving loyalty." Minister of State Hector McNeil said today.

The text of the communique, issued after the meeting between British Foreign Secretary Ernest Bevin and French Foreign Minister Georges Bidault, as translated from the French:

"The French and British Governments have arrived at the following decisions with the view to putting rapidly into effect the suggestions made by Mr. Marshall in his June 5 speech at Harvard University, that Europe should take the initiative in the work of reconstruction.

"It is essential to draw up as rapidly as possible a program covering the resources as well as the needs of Europe. A temporary organization must be created to assemble the data on which such a program will be based.

"The French and British governments have, in consequence, decided to invite all European states with the provisional exception of Spain, which wish to participate in drawing up a reply to the suggestions of Mr. Marshall to collaborate with them (France and Britain) to establish this organization. The task to be undertaken will be to draw up a program of reconstruction in which resources and the needs of each country will be coordinated in the manner that each of the European countries will so decide freely.

"This offer of participation in the organization will remain open to all European states."

Newspapers Cited For Efficiency Of Advertising

CHICAGO, July 3, (AP)—James W. Egan Jr., president of the National Advertising Executives Association and vice-president and advertising director of 'The Toledo (Ohio) Blade' said today the nation's newspapers had arrived at a new peak of advertising efficiency.

Mr. Egan, in an address prepared for the sales promotion meeting of the National Retail Dry Goods Association, asserted that "as goods get harder to sell and buyers start to make mistakes again, many merchants will charge advertising is becoming less effective."

"I think you will see an era of great shuffling of vice-presidents in charge of publicity, public relations, advertising managers, copy writers, art directors and production managers."

Alcoholic Beverage Tax Receipts Drop

TALLAHASSEE, Fla., July 3 (AP)—Florida's alcoholic beverage tax receipts dropped \$1,369,301 in the fiscal year that ended Monday, but an increase in cigarette tax collections almost made up for the loss.

Beverage Director James T. Vocelle, who collects both cigarette and liquor taxes, reported today receipts of his department for the 12-month period totalled \$33,838,644, which was \$178,544, about one-half of one percent, below record receipts for the previous year.

Cigarette taxes, however, increased from \$10,245,537 in the 1945-46 fiscal year to \$11,436,284 last year. That was a boost of \$1,190,746 or 11.62 percent.

In June, the last month of the fiscal year, liquor tax receipts were 18.23 percent below the figures for the corresponding month of the previous year while cigarette taxes produced 20.66 percent more than they did in June, 1946.

Farley Reveals

(Continued from Page One) hall after the nomination. In a message to the convention July 1940, Roosevelt expressed a willingness to serve another term only because of the world situation. He said he was torn between a deep personal desire to retire and "that quiet, invisible thing called conscience."

Farley said that at the 1940 Hyde Park meeting the President recalled their July, 1939, conference at which he "indicated definitely" that he would not run for a third term and promised a statement to that effect about Feb. 1, 1940.

The President, Farley said, explained that the outbreak of war in Europe in the interim had prevented him from issuing the statement because it would have destroyed his effectiveness as a leader of the nation in the war crisis.

Farley said Roosevelt asked him, "Jim, what would you do if you were in my place?" Farley said he bluntly replied, "In your position I would do exactly what General Sherman did many years ago, issue a statement saying I would refuse to run if nominated and would not serve if elected."

"Jim, if nominated and elected, I could not in these times refuse to take the inaugural oath," Roosevelt was quoted as replying, "even if I knew I would be dead in 30 days."

The talk drifted to vice presidential candidates and Roosevelt was quoted as saying: "The man running with me must be in good health because there is no telling how long I can hold out. You know, Jim, a man with paralysis can have a breakup any time. While my heart and lungs are good and the other organs functioning along okay nothing in this life is certain."

Farley said he told the President he would resign as a protest against a third term. He finally set Sept. 1 to leave the Cabinet and party chairmanship.

## House Okays Bond Cashing For Ex-GI's

### Passage Of Tax Bill Seen Tomorrow; Trusteeship Over Islands Accepted

WASHINGTON, July 7 (AP)—Legislation permitting an estimated 9,000,000 ex-GI's to cash their terminal pay bonds after next Sept. 1 was passed today by the House. It now goes to the Senate.

The House action followed accusations by Republicans and Democrats alike that Congress should have permitted cash payment in the first place, when it enacted the terminal leave pay law last year. Officers have been paid in cash for the leave time they were unable to obtain while in service.

Meanwhile, the House Rules Committee barred amendments that might delay the revised income tax reduction bill, and put it in position for swift passage tomorrow.

The measure, which would reduce individual taxes \$4,000,000,000 beginning next January, is expected to reach the Senate later in the week. It is the same bill vetoed last month by President Truman except the effective date was moved from July 1 to January 1.

In the Senate, Chairman Gurney (R-SD) of the Senate Armed Services Committee opened debate on Army-Navy unification legislation. He asserted it would result in "astonishingly large" savings.

Gurney predicted approval but Senator Robertson (R-WYO), the only committee member who failed to vote for the bill declared he would offer a dozen amendments and a substitute unification plan.

The bill urged by Gurney would place the armed forces under a single cabinet officer.

With only three weeks remaining before the scheduled adjournment of Congress, the day also saw a joint resolution accepting an agreement with the United Nations Security Council for a United States trusteeship over the Mariana, Marshall and Caroline Islands which were taken from Japan during the war.

## Petrillo Considers Banning Network Music Broadcasts

WASHINGTON, July 7 (AP)—James C. Petrillo said today that his American Federation of Musicians may seek to ban radio network broadcasts of music when present contracts expire Dec. 31.

The union president also declared a "present intention" to let all music recording contracts expire at the end of the year. He said the union may decide to make records itself.

Petrillo told a House Labor subcommittee he would like to see freedom of government. The challenge rests with you and me to preserve our way of life," he declared.

He stressed the need for a universal military training program, and pointed out that whereas the United States was first in aviation two years ago, it is now third with Russia first and Britain second. Mr. Cator recently returned from a two day (Continued on Page Two)

## Indonesia Acts To Avoid Threat Of War

BATAVIA, Java, July 7 (AP)—The Indonesian Republican cabinet met hurriedly today in Jakarta and was reported considering drastic revision of its latest note to the Netherlands, which informed sources said was very favorable that renewed warfare was a threat.

The cabinet convened shortly after Deputy Prime Minister Soedjatmoko and A. K. Gane arrived in a special Dutch plane.

Dutch sources said H. J. Van Mook, Netherlands East Indies governor general, told Soedjatmoko that the Indonesian note was unacceptable. Soedjatmoko appealed for a plan in which to return to the republic capital to attempt to prevent further concessions from the cabinet which would prevent further military action.

## Fourth Of July Paul Stine Tells Barbecue Held In Oviedo By Legion

### Local Rotarians Of Convention

A warning against national unpreparedness and of much danger "within our gates" was given Friday by Frank Cator of Post Orange, state commander of the American Legion, in a Fourth of July address to more than a thousand people at the Legion sponsored barbecue in Oviedo, Monday afternoon.

Comdr. Cator paid high tribute to Oviedo Memorial Post 243 and J. L. Malcolm, commander, both for the service their members had rendered and for peace time projects such as the very successful barbecue given under direction of James H. Lee.

Proceeds of the barbecue are to be devoted to securing a chlorinator for the Oviedo swimming pool. The barbecue was given in Oviedo's beautiful and well shaded Sweetwater Park, a seven acre tract which had been donated to the town by Theodore L. Mead, and where the swimming pool and bath house is located.

Members of the Legion barbecue committee were Emmet Kelley, chairman, J. C. Hessel, Edward Sweet, Milton Gore and C. M. Farnall. Mr. Farnall introduced Mr. Cator and other speakers.

## Increase In Gross Receipts Reported By Post Office

An increase of 182 percent in gross receipts at the Sanford Post Office for the quarter ending June 30 as compared to the same period in 1946 (April-May-June) is today reported by Postmaster Joel Field.

Receipts for the 1947 quarter were \$51,480 as compared with \$18,207 received during the 1946 quarter.

The letter cancellations for the past quarter year were 674,825 as compared with 478,573 for the 1946 quarter. This, said Mr. Field, is a 40 percent increase, or an average daily increase of 9,061 letters.

During the fiscal year ending June 30, the number of paid post office money orders were 83,377 as compared to 18,291 in 1946 and 16,300 in 1945 he reported. The Post Office money orders paid during the month of June, 1947 alone were 31,355 or within 2,706 of the total of the two years ending June 1946 and 1945.

The total manpower hours for this quarter were 8,189, or an average of 127.95 manpower hours per day, as compared with 119 manpower hours per day during the same quarter last year, Mr. Field stated. This is an increase of only 8.63 manpower hours or 7.23, which he declared, is very low compared with the tremendous increase in revenue and cancellations.

Fire of undetermined origin caused considerable damage to a 1932 Ford sedan late Saturday afternoon before firemen could arrive to quench the blaze, according to Fire Chief Mack Cleveland. The sedan was parked back of Luzzago's restaurant on the Orlando Highway at the time it caught fire. It is the property of Mrs. Mary Mikolagick, an employee of the restaurant.

John L. Pike of Tavares has assumed the management of the Flight Deck Lounge and restaurant at the Sanford Municipal Airport, it was announced today by Roy H. Browning. A grand opening under the new management is being planned in the near future, he said.

The Board of County Commissioners will meet Tuesday morning at 10:00 o'clock at the Court House in regular session, according to O. P. Herndon, county clerk.

## Czechs Decide To Take Part In Paris Meet

### Poland Continues To Study Invitation; Six Nations Have Officially Accepted

PARIS, July 7 (AP)—Semi-official circles in Prague said today Czechoslovakia, a member of the Slavic bloc, had decided to accept an invitation to the Paris conference on the Marshall proposal despite Soviet rejection of the implementation plan.

The decision, the informant said, was taken by the government in Prague on the eve of the delayed departure to Moscow of Communist Premier Klement Gottwald and Foreign Minister Jan Masaryk.

Poland also within the Russian sphere, is still studying the invitation to the Paris conference, opening Saturday, a foreign ministry spokesman in Warsaw said. He added that Poland was "very interested in plans for the reconstruction of Europe."

The French Foreign ministry announced that six nations already had officially accepted the British-French invitation to the conference and that similar notes were expected from eight other countries.

The six acceptances were from Belgium, Italy, Portugal, Elks, Greece and Turkey.

Acceptances "in principle" have been received unofficially from Holland, Luxembourg, Austria, Denmark, Iceland, Norway, Sweden and Switzerland.

French quarters said that thus far only one nation, Finland, had given a provisional negative reply, and that this was "for political and geographical reasons."

In Vienna, government sources said the Austrian cabinet had been summoned to meet tomorrow to consider an invitation to participate in the conference. It was generally believed that Austria would accept the invitation, extended by Britain and France, although the Communists were expected to offer strong opposition.

The Italian Communists, meanwhile, approved Italy's participation with a set of conditions which may suggest a precedent for nations in the Russian orbit.

The National Council of the French Socialist Party adopted resolutions expressing confidence in Socialist Premier Paul Ramadier's government, recommending an anti-inflation policy and approving in principle the Marshall aid-Europe program.

In London, a British foreign office spokesman indicated the British would go to the Paris conference with a detailed plan for coordinating the economies of European countries. Another authoritative source said this plan was being drafted in consultation with French and United States experts.

## Rules For Private Airports Are Adopted

TALLAHASSEE, July 7 (AP)—A set of temporary rules for regulating and licensing Florida's private airports under a new law was adopted today by the State Improvement Commission.

The board accepted recommendations of its aviation supervisor, William C. Lazarus, for a short list of rules which he proposed after the Commission agreed to a policy of proceeding slowly in setting up machinery under the new act.

The rules provide that all private airports in existence and operation prior to July 1, 1947, must apply for original airport license before midnight, July 31, on forms to be furnished by the Commission. Lazarus said about 95 established airports and airplane bases are affected.

A fee of \$50 will be charged for the next year if the airport is to be used for commercial operations, \$10 if it is to be used solely by the owner or tenant.

## Dick Aiken Wins Talent Scout Radio Program In New York City

### 24 Are Killed In Florida Over Holiday Weekend

There was an eventful pause on the Arthur Godfrey CBS talent program Friday night, and then over millions of radios came the words: "And the winner is Dick Aiken."

Competing against some very fine vocal and instrumental talent, and handicapped by a cold that had been contracted in New York, Dick Aiken nevertheless captivated a New York audience by his singing of "Gimmie Ma."

Into applauding him into first place, just as on the memorable night of Mar. 21 he won the talent show sponsored by the Orlando Police Reserve at the Orlando auditorium.

Police reservist D. L. Smith of Orlando, who acted as Mr. Aiken's discoverer in the program, told how the Sanford teen had won the Orlando contest. He then was interviewed by Arthur Godfrey.

Tension resolved into joy at the Aiken home at 444 Elliot Avenue where Mrs. Aiken, little Dian and Bedford, Jr., and relatives and neighbors were gathered, when Arthur Godfrey announced Dick as winner. The telephone rang continually as friends called to congratulate Mrs. Aiken.

## Market Reports Volume Increase, Profit Decline

The Sanford State Farmers' Market handled 133,349 more units of fruits and vegetables during the fiscal year ending June 30, than it did during the preceding year, and at the same time received \$331,316 less than last year, it was revealed today by Manager H. J. Lehman in his annual report of commodities sold.

Oranges led in sales value estimated at \$453,954, at an average of \$2.41 a crate. Green beans at \$2.60 average per crate brought \$418,808. Celery at average of \$4.47 a crate brought \$109,300. Cabbage averaged only \$1.07 for a 50 pound sack but since 360,477 sacks were sold the total received was \$392,130.

Tomatoes averaged \$5.97 a crate and brought \$80,953. Tangerines at \$1.85 a crate brought in \$95,799. Iceberg lettuce at average of \$3.20 a crate brought \$33,025. Peppers at \$4.26 average for a bushel hamper had a total value of \$47,920. Grapefruit at \$1.93 unit average brought \$45,393. Yellow squash paid well at \$3.82 a unit for a total of \$32,294. Cucumbers at \$4.74 average brought \$30,408.

Cauliflower at \$2.54 average totaled \$28,087 sales. Red bliss potatoes averaged \$2.49 a unit and brought \$28,075.

Out-of-state products sold during the past season were 130,000 units valued at \$101,631 as compared with 43,211 units valued at \$128,418 during the previous fiscal year. Potatoes valued at \$28,207 and bananas at \$14,538 were the largest imports.

### New Bus Station To Begin Service Tuesday Morning

### Formal Opening And Public Inspection Scheduled Tonight

The Greyhound Bus Line's attractive and modernistic new bus station will be open for public inspection this evening from 7:00 to 9:00 o'clock and for bus service at 6:00 o'clock Tuesday morning. It was announced this morning by William Davidson, former resident of Auburn, Ala., and manager of the station.

Cladding white, and with the traditional blue trim of the Greyhound lines, with all-around canopy and with rounded corners, the one-story building faces 9th Street and Commercial Avenue and is 50 feet deep on the Hood Street side. M. G. Loftin of Auburn is owner and is reported to have invested more than \$45,000 in the project.

While on a visit to Sanford last year, Mr. Loftin, who is the father-in-law of Mr. Davidson, noticed the fine possibilities of Sanford and realizing its need for better bus accommodations, decided to put up a bus station commensurate with the growth of the City, said Mr. Davidson.

For several years the City had been seeking a financial backer for a new bus station, and upon finding that Mr. Loftin's plans fully met expectations for the project, gave him outright the two lots upon which the building stands.

Edward Higgins manager of the Seminole County Chamber of Commerce, personally contacted Greyhound officials in Jacksonville and sold them on the idea of the new station, said Mr. Davidson. He also contacted City officials regarding the matter.

It was a Chamber of Commerce project to secure an up-to-date bus station, declared Mr. Higgins today. "After we had contacted Mr. Loftin and the City had offered the two lots the Greyhound people gave a 10 year contract to the agency," he said.

"It is a very fine bus station and something that Sanford can really be proud of," commented Mayor H. J. Goy, who will officiate at the opening tonight.

Incoming busses will enter from the Hood Street side and stop on the 29 foot wide concrete runway in the rear of the building, and will then make the right turn on the east runway into Commercial Avenue to leave.

Doors from the front, east and west sides access to the large main waiting room which is 48 feet wide and 40 feet deep. It has seating accommodations for 19 persons, and in addition there are 12 stools at the soda and lunch counter where meals will be served on a day and night, 24 hour (Continued on Page Two)

## Mme. Lupescu Said To Have Passed Crisis

RIO DE JANEIRO, Brazil, July 7 (AP)—Ernesto Underann, wife of the secretary of the former King Carol of Romania, said today Elena Lupescu "passed the crisis" of her grave illness last night and "we even hope that the improvement she shows will lead to her recovery."

The 23-year-old woman sought Thursday to legalize in marriage her 23-year old relationship with the former monarch, who twice has retired hastily from the troubled Romanian throne. She has undergone four transfusions for anemia.

Mrs. Underann said "Madame Lupescu this morning is better." "Of course nobody can tell," she said. "Yesterday we thought it would be a matter of hours but during the night, which physicians said would bring the crisis, she showed strength and this morning seemed better."

Harvard University Observatory said none of its trained observers had seen the objects and none of the photographic plates of night skies thus far have recorded them. The Peninsula Airport at Newport News, Va., was taking no chances with the saucers. Plans reporting Sunday to take out planes found this notice on the bulletin board:

"Two thousand feet vertical and horizontal clearance required between aircraft operating from this field and any 'flying saucers'."

LESTER HARLOW, internationally known explosives inventor of Stamford, Conn., expressed the belief that the saucers were man-made, probably radio-controlled flying missiles, and that the reason the great majority of reports of sighting them came from the West was that military authorities preferred to use vast and relatively unpopulated spaces for experiments.

## American Duty Cited As Aid To Emer- gency Problem Caused By War

WASHINGTON, July 7 (AP)—President Truman today asked Congress to admit a "substantial number" of Europe's displaced persons into the United States as immigrants.

In a message Mr. Truman told Congress "special legislation limited to this particular emergency" would be necessary if the United States is to share in offering "an opportunity for a new life to these people."

The President said Congress would be dealing "solely with an emergency problem growing out of the war, the disposition of a specific group of individuals, victims of war who have come into the hands of our own and the other Western Allies' armies of occupation in Europe."

Since the end of the war, Mr. Truman said, the armies of occupation have been able to return to their homes approximately 7,000,000 people. He added:

"But there still remain in the Western zones of Germany and Austria and in Italy close to a million survivors who are unwilling by reason of political opinion and fear of persecution to return to the areas where they once had homes."

"The great majority come from the Northern Baltic area, Poland, the Russian Ukraine and Yugoslavia."

Saying that countries in Western Europe and Latin America have opened their doors to substantial numbers of these people, he said:

"Our plain duty requires that we join with other nations in solving this problem."

"We ourselves should admit a substantial number as immigrants. We have not yet been able to do this because our present statutory quotas applicable to the Eastern European areas from which most of these people come are wholly inadequate for this purpose."

The President did not specify the extent to which he thought the quotas should be broadened but he is not proposing "a general relaxation of our immigration (Continued on Page Two)

## Thirty-Ninth State Reports Observing 'Flying Saucers'

By the Associated Press  
The mystery of the "flying saucers," those whirling, disc-like objects setting through the air at terrific speeds, remained unsolved today as reports were received that they were observed in the 39th state—Massachusetts.

Thirty-eight states, the District of Columbia and Canada previously listed the phenomenon since the saucers first were reported sighted June 25.

The latest report came from a Cambridge, Mass., mother who got up in the early morning to tend her baby and said she saw "a group of white, flying saucers whirling around and going at tremendous speed, like low-hanging clouds before a hurricane."

A Kingsport, Tenn., resident said the flying objects were old stuff to him. He said he observed them over his house two years ago, but kept mum "because of all the rumors going around then about what they were doing down at Oak Ridge." The atom bomb was still a war secret then.

Lester Harlow, internationally known explosives inventor of Stamford, Conn., expressed the belief that the saucers were man-made, probably radio-controlled flying missiles, and that the reason the great majority of reports of sighting them came from the West was that military authorities preferred to use vast and relatively unpopulated spaces for experiments.
