"FURNISHERS TO MEN WHO KNOW"

Florida Produces High Percentage of Staple Foods

TALLAHASSEE, Fla., July 17.—Florida produces more of the staple articles of food used on the tables of the homes of the state than perhaps almost any other commonwealth in the country, according to comparative records.

Comparatively little wheat is grown here, and the same holds true concerning oats, rye and barley. Corn, on the other hand, is produced in great abundance and so are potatoes, both Irish and sweet. All three of these are placed on the market from Florida well in advance of all other states with perhaps a few exceptions from limited territory in the Gulf States and perhaps California.

It is shown from the records, therefore, that of the half a dozen or so crops that are given top place among the world's greatest products that Florida is backward in only four—wheat, oats, rye and barley, and that this backwardness is more than offset by others.

Agricultural records of the state show that should the Floridian decide to confine himself to consumption of home-grown articles he would have a great variety of vegetables and other products from which to choose.

Starting with his morning meal, he would have his choice of grapefruit, oranges, satsumas, bananas or grapes; home cured bacon and hams, etc., and Florida sugar. Coffee also can be produced here, experts have declared.

For the midday meal, his selection of vegetables would be almost unlimited, for peas, beans, cabbage, beets, peppers, tomatoes, celery, lettuce and the like are grown in almost unlimited quantities. Several well established packing houses are to be found from which to buy meat supplies.

Rice is also grown to some extent and grits from home grown corn, syrup, etc.

And Florida is second only to North Carolina in the production of sea foods, with oysters and fish of the highest quality available in all parts of the state.

Lee County Disposes \$1,250,000 Bond Issue

FORT MYERS, July 17.—The county commissioners of Lee county have disposed of the \$1,250,000 bond issue to three large bonding companies at a price of \$98.17 for each \$100 bond. The bonds pay 5 1/2 per cent yearly. Twenty or more out-of-town financiers were represented at the commissioners' meeting when the action was taken.

ST PETERSBURG

ST. PETERSBURG, July 17.—An intensive campaign will be started here early in the fall for the planting of trees throughout the city, with the month of November set aside as Tree Planting Month. Fifteen thousand young trees in Crescent Lake Park nursery await planting in the fall, and Chairman W. F. Smith of the park board states that a budget of \$1,500 has been set aside to cover cost of setting out these trees.

ANNOUNCE REDUCTION

WASHINGTON, July 16.—The Federal Farm Loan Board today announced a reduction from five and a half to five per cent in the rate of interest charged on direct loans to all co-operative marketing associations.

HUNT'S DAILY LETTER

BY HARRY B. HUNT
NEA Service Writer.

NEW YORK—The Good Gray Candidate, is a little likely to be appended to John W. Davis, the Democratic choice for president, before the campaign has progressed many weeks.

For the outstanding factor in Davis' appearance is his crown of snow-white hair. His face is that of the average well-fed, well-kept smooth-shaven man of 61, a trifle florid after exertion, but with not too high a color and devoid of any wrinkling of age. His white hair, however, is that of a patriarch of the seventies.

Davis is a "comfortable" sort of person. Thoroughly at ease himself in any company, he makes those around him feel at ease. He is also easy and comfortable in his clothes, preferring soft-collared shirts and floppy lightweight suits to the more dignified habiliments of many near-great lawyers.

This ease of bearing, which lends him distinction in any earb and any company, once led an English journalist to say of him that, even at court receptions and formal functions which are attended as American ambassadors to Great Britain, where gold braid and glittering uniforms are the rule, and where even our George Harvey appeared in knee pants, Davis in ordinary evening dress carried an air which marked him as one of the striking figures in any group.

NOTWITHSTANDING descriptions by the society writers to the contrary, Davis is not a handsome man. His features are not sufficiently symmetrical for that. His forehead is too bulging, the nose of his checks too flattened, the mouth too thin and restraining, to qualify him in a beauty contest. However, unquestionably a man of striking appearance. Another in picking a man to run against Calvin Coolidge, it was not because he was a beauty that he was picked. Strength and pers-

540 Aliens Captured in Florida in Year

JACKSONVILLE, July 17.—Five hundred and forty aliens were captured in Florida during the year ended June 30 as they were trying to enter the United States, according to figures disclosed in the report of T. V. Kirk, chief immigration inspector for the tenth district of immigration service. The district includes a part of Florida, Georgia and South Carolina. More than three score others have been apprehended so far this month, the inspector states, and he is expecting nineteen more immigration officers within the next few days to take up duty along the Florida coast who will devote their time to keeping the aliens out of the country.

Think Celebration Will Help To Bring New Contributions

TALLAHASSEE, July 17.—Permanent contribution to the history of Florida and its capital is promised as a result of efforts being made by those behind the centennial celebration to be held here next November 9-15. An extensive list of committees has been appointed for the purpose of assembling original documents or copies thereof, not available to the general public, and depositing them in the State College, Supreme Court or City Library, as may be found most expedient for permanent custody and reference.

Such a collection of documents, it has been demonstrated repeatedly, is declared here, will be a valuable addition to the state's archives, for the person in search of information of this character is constantly faced with the fact that the state of Florida is backward in this respect, according to those well informed as to the state's historical aspects.

This will be overcome as far as possible in the brief time at its disposal by the committee which has grouped itself for effective carrying out of its duties. Included among those that will serve are state officials, supreme court justices and others, as follows: CO-ORDINATION—A. H. Roberts, chairman; Mrs. J. B. Darby, Miss Mary L. Davis.

TERRITORIAL AND PRE-TERRITORIAL HISTORY—Mrs. J. B. Darby, Dr. J. O. Knauss, Mrs. N. W. Eppes.

STATE HISTORY—H. Clay Crawford, secretary of state, chairman; W. G. M. Davis, Miss Bett Herring.

MILITARY AND NAVAL HISTORY—Judge J. B. Whitfield of the supreme court, chairman; Major John DeMilly, Miss Sue Archibald.

FRATERNAL, EDUCATIONAL AND RELIGIOUS HISTORY—Dr. W. E. Lewis, chairman; Dr. J. B. Game of the State Woman's College, Mrs. David D. Drake.

DISTINGUISHED FLORIDIANS—Judge George W. Walker, chairman; Mrs. Cary A. Hardee, Miss Mary D. Lewis.

HISTORICAL BUILDINGS AND SITES—Mrs. Albert M. Williams, chairman; Mrs. Alex McDougall, Judge G. W. Walker.

LITERATURE AND ART IN FLORIDA—Miss Mary D. Lewis, chairman; Mrs. J. B. Darby, Mrs. B. C. Whitfield.

HISTORICAL EXHIBIT—Dr. J. B. Game, chairman; Mrs. Edwin Barnes, A. H. Roberts.

LONDON, July 17.—The Princess Royal, mortgagee of Princess Arthurs of Connaught, has joined those people who have been turning their treasures into hard cash. The princess has ordered about 40 pictures, including some old masters, to be offered at auction next month.

ally were much more desirable qualifications, and Davis supplies both of those in good measure.

IN picking Governor Charles Bryan of Nebraska, the Democrats added a touch of color to the campaign. Charles, who for many years edited the publication of his famous and much-nominated brother, William Jennings, "The Commonwealth," has a shining bald head which he hides under a little black skull cap. Can't you just imagine what the Republican cartoonists will do to that?

Charles came to the convention and occupied a room at the Waldorf with his brother Bill. He was not a delegate, and therefore kept off the floor of Madison Square Garden, but he spent much time in the runway under the speaker's platform, listening to the proceedings and waiting for something to turn up. Perhaps the nomination was the reward for his patient persistence.

OTHER considerations than his persistence, however, had the deciding hand in placing him as second man on the ticket. William Jennings Bryan is still a tower in the party. Even his bitterest enemies admit that. And to the speech by which he sought to break the deadlock after the first five days of balloting, Brother Bill enumerated half a dozen candidates whom he considered as good timber for the nomination. In this list he did not include Davis. Davis, he was frank to say to any who asked, he considered too close to Wall Street.

After Davis had been nominated, the question then came of picking a running mate that would hold Bryan—William Jennings Bryan—to the ticket.

The obvious answer was "Another Charles." With Brother Charles on the fall end of the ticket, Brother Bill certainly would trail along for the rest of the campaign. It was not because he was a beauty that he was picked. Strength and pers-

Twin and Twin to Marry Twin and Twin

Vera and Verna Scoville are 21-year-old twins of Omaha, Neb., Loren and Lawrence McKie are 22-year-old twins of Lincoln, Neb. Vera, or maybe it's Verna, is going to marry Lawrence, or maybe it's Loren. All four are going to be married at the same time. Each girl says she knows her fiance from his twin. They met at a dance when partners were chosen by lot. Each girl drew the girl he is to marry. On the left are Vera and Lawrence, and on the right are Vera and Loren.

VICTORIES that build

Firestone

LEADERSHIP

Firestone Leads on Speedway with Five Record Breakers

When the race driver selects his tires he does so realizing that his life and chances for success depend upon them. It is significant that all of the ten money winners in the Indianapolis race were Firestone shod. Firestone, using gum-dipping and other special processes, has developed tires to such a high degree of efficiency that at Indianapolis, May 30th, the following drivers broke the world's record for 500 miles over the brick track, making many rounds at over 100 miles per hour.

Never before were tires put to such gruelling service, where it was necessary for every ounce of rubber and every fibre of fabric to work in perfect unison with every other part.

Driver	Time	Miles per hour
Joe Boyer—L. L. Corum	5:05:23.91	93.24
Earl Cooper	5:08:47.13	97.89
Jimmy Murphy	5:10:25.39	97.27
Harry Harts	5:11:44.29	96.55
Bennett Hill	5:11:07.00	98.48

Leadership in Everyday Service

Millions of motorists are profiting by the lengthened service of Firestone tires. Scores of unsolicited testimonials emphasize the long mileage Firestone Gum-Dipped Cords deliver—which builds leadership in service, safety and economy.

Leadership on Cabs, Buses and Trucks

The largest taxicab companies in the five largest cities in the United States use Firestone Gum-Dipped Cords exclusively. One fleet alone, the Yellow Cab Co. of Chicago, uses over one-half million tire miles per day.

Leadership Against British Rubber Restriction Act

Attacking the unsound and uneconomic character of the British Rubber Restriction Act limiting the exportation of rubber from the Far East, Firestone was the one large tire manufacturer to take up the cause for the car owner. Soon after the agitation was started for America to produce rubber under its own control, the cost of crude rubber was reduced and tire prices brought back to normal.

Dealer Leadership Through Tire Quality and Service

Through Firestone dealers you can obtain organized service and the soundest values on the market, whether you need a Ford 30 x 3 1/2" Fabric, a set of full-size Balloon Gum-Dipped Cords or a 10-inch truck tire.

AMERICA SHOULD PRODUCE ITS OWN RUBBER

FINDING OF PAIRING
DUBLIN, July 16.—The Free State civic guards have raided a number of farmhouses in County Longford and discovered in them many articles of antique silverware bearing the crest of the Mackey-Wilson family. They were looted from the Currygrane which was destroyed by fire. This was the home of Field Marshal Sir Henry Wilson, the British army chief of staff in the European war, who was assassinated on his doorstep in London.

POLITE CABMEN
BERLIN, July 16.—Cabmen and auto chauffeurs should be polite toward each other, says the chief of police of Berlin in a new order to be issued in the city. The subject of proper behavior toward passengers.

MOTOR TRAILS COUGAR
VISALIA, Calif., July 16.—O. W. Lovern, pack train concessionaire in the Sequoia National Park, recently trailed a six-foot mountain lioness through the night by the lights of his automobile. When the car got close to the lioness, she came directly into the glare of the headlights. In his haste Lovern shot through the windshield, but killed the beast. The lioness had the characteristic of her kind to their consternation.

MINING DISK IN
SEWARD, Alaska, July 16.—The revival of mining, which has been reported on the Kenai across whose neck the men's Alaska railroad from this city. Many have been attracted to the Bay section, 50 miles Seward, where a diamond said to have been found close of last season quartz properties are in have been sold.

Suits—Men!

AMERICA'S AMAZING PROGRESS IN THE PAST HUNDRED YEARS

Progress Staggers the Imagination, but Real Wealth Is in the Character of the People Inherited From the Pilgrim Fathers.

ALTER W. HEAD, President The American Bankers Association
One hundred years ago when Lafayette revisited this he found the United States a nation of little more than ten million people—less than one-tenth of the present number. The territory embraced less than 1,800,000 square miles instead of the present 3,700,000. Half was still a wilderness of unsettled plain, plateau and mountains.

Only one hundred years ago the world was still agog over the recent passage of the "Savannah," an American sailing vessel equipped with paddle-wheels propelled by steam, from New York to Liverpool in six days. Today we boast of a trans-Atlantic air-crossing that required but few more hours than the "Savannah" required days.

One hundred years ago the total wealth was less than a dollar, less than \$100 per capita; today the national wealth is 300 billion dollars—an increase of almost \$3,000 per capita. There were ten savings banks with 2,635 depositors, with \$100 on deposit; one hundred years later—more than thirty million depositors had more than \$18,000,000,000 in savings deposits. The receipts of the federal government in 1923 were \$20,500,000,000. Last year our national income and expenditures each exceeded \$35,000,000,000.

One hundred years ago there were no railroads, no automobiles, no telegraph lines, no gasolines, no airplanes. There were no telephones, no telegraphs, no airplanes.

There are those among us who are present as a period of unprecedented progress, but there are those who are present as a period of doubt. There are those who are present as a period of progress—some who profess to foresee the future and disintegration of the political and economic order. In the light of achievement that have been wrought in the past, in the light of the tremendous resources our country controls, what justification can we have today for expressing doubt of America's future?

Our Resources Today
We have today 110,000,000 people. Our total bank deposits are approximately 40 billion dollars. Outstanding life insurance policies amount to more than 70 billion dollars. Our 500 million acres of farm lands are valued at \$100 billion dollars. We have wealth in our forests, in our mines and coal. We have more than 25,000 miles of railroad with 250,000 miles of commerce; we have 250,000 miles of commercial telegraph lines and 800,000 miles of telephone lines to afford communication; we have 20,000 weekly newspapers to disseminate information and to unite people together by ties of common knowledge and for a common purpose. We have resources of labor so abundant that we have placed an artificial check upon immigration.

These things are our material resources. They constitute the basic material element—but the real foundation of our progress is not material. It is that other, more valuable resource—the capacity and character of our people. To that we owe the discovery and development of our natural resources, their use and their conservation; to that we owe the establishment and development of a nation founded on ideals of equal rights, ideals of equal opportunity, ideals of equal responsibility, which remain today unattained, which now shine forth with greater luster than ever before.

The Character of Our People
From it have come the patience and the wisdom which have reconciled effective authority and adequate liberty. From it has come the tolerance which has preserved freedom of speech, of press and of pulpit. From it has come the foresight which established free public schools. From it has come the courage which commanded adherence to principle at the cost of selfish gain, even at the cost of life itself. From it has come the respect for the rights and privileges of one's fellow man which has found expression in guarantees of equal representation and universal suffrage.

The character of our people is a spring which has never run dry. It has had its source ever and always in the stern and firm faith of the Pilgrim fathers—a political faith based upon and grounded in the tenets of the Christian religion. Despite every other influence, the strong and steady current of the Pilgrims' faith has persisted through generation after generation. It is this invaluable resource—the capacity and character of our people—that has made America great in the past, that will make America greater and more powerful in the future. As long as we uphold our established standards of belief and conduct, we need have no fear for the future of America.

Newspapers Bridges A Copy Every Home
LONDON, July 17.—Reviewing the development of the American newspaper before the convention of the Associated Advertising Clubs of the World today, Louis W. Head, business manager of the New York Times, emphasized the importance of the part The Associated Press has played in that development.

Head traced the development of American newspapers to the period prior to the American Revolution, when weekly newspapers were scattered and badly printed, down to the present time, when he said there are in the United States 2,026 daily newspapers, including 426 morning and 1,610 evening editions. American newspapers he declared now sell an average of 1,000 copies a day, which is one copy of a newspaper every home in the United States.

To Decide Right of Way of Ambulances

TAMPA, July 17.—The state courts will be called upon to decide whether the time-honored custom of giving ambulances the right of way over city streets is legal. The appeal arises from the trial here of Frank Daniels, who was fined \$30 in municipal court for reckless driving of an automobile, the charges against Daniels resulting from a collision between his machine and an ambulance driven by William Chavez, a negro, who was acquitted. The speeding ambulance was rushing to a hospital with Mariano Valdez, 18 year old youth, who had attempted suicide.

Plan Eleven-Story Miami Apartment

MIAMI, July 17.—Announcement is made here of plans for an eleven-story apartment house to be constructed at a cost of approximately \$700,000. The entire investment in the project will be more than \$1,000,000, it is stated. The building will be located on the old John Brand home site east of the entrance to Fort Dallas Park on South First Avenue. It will cover ground space of 100 by 104 feet.

BRITISH PRISON REFORM

PORTSMOUTH, Eng., July 17.—Another step toward improving the morale of prisoners has been taken by the British authorities. It has been decided to abolish the "broad arrow" from prison clothes and to provide ordinary lounge suits for the inmates.

Weather Bulletin

Heavy rains flooded some low lands, and delayed work over portions of the division. Peanuts, cane, and minor crops are getting grassy. Young corn on low lands was unfavorably affected by heavy rains. Grapes and figs are ripening, and citrus fruits are doing well. Some grown cotton bolls are reported from Sumter county, where small farms were planted to cotton; no weevil is present.

Jacksonville Toll Records Are Broken

JACKSONVILLE, July 17.—All records were broken in June for tolls collected on the municipal bridge across the St. Johns River to South Jacksonville, when the receipts totaled \$25,334.48, according to a report to the county commissioners by Frank Brown, clerk. Since the bridge was opened in 1921 the receipts have totaled \$606,915.01, while operating costs have been \$101,748.30 and maintenance and repairs \$25,586.32. This leaves a total of \$479,580.39 that has been paid to the trustees on interest and sinking fund.

Hemorrhoids - Piles Cured or Nothing to Pay

No man or woman need suffer another day from any pain, soreness or distress arising from Hemorrhoids or Piles, now that a Rochester doctor's prescription, known to druggists as MOAYA SUPPOSITORIES, can be obtained for a moderate price. You'll be amazed to see how quickly they act even in long standing cases. All good druggists will supply you on the money back if dissatisfied plan.

Dr. Miller Opens Yearly Convention Lutheran Church

ST. PAUL, July 16.—There should be lay leadership not only in "serving tables" but also in "judging as to correct doctrine, correct practice, correct discipline, and correct church government," Dr. Charles A. A. J. Miller, of Baltimore, told members of the Waltham League, Evangelical Lutheran church, assembled here today in annual convention.

Administering his church workers "to strengthen your battle lines," Dr. Miller said: "In these days of wild assertions of the advocates of the common people's rights, your league promotes balance, poise, and clear thinking when social questions of the day are discussed. It helps in conservative reform wherever they are needed and it aids us to hold fast to the good things which fathers and forefathers fought for and stood for."

"Only indolent, inert, untrained, uninformed, lukewarm members do not long for such leadership. Therefore they unwittingly work into the hands of the church's enemies, who well know that without lay leaders the church will soon lose its priceless treasure, the open, unadulterated Bible, and be stricken either in superstition or infidelity."

"There are those who maintain that wherever the Christian church became corrupt the fault was to be found at the door of the laymen who had tired of leadership. Nor has the church of the twentieth century any special promise that history will not repeat itself, if it ceases to watch, and pray, and search."

The world stakes its hopes and the future of society and state upon education. Personal pride and jealousy are the greatest foes to lay leadership. All the dissensions and schisms in the church are traceable to pride, and many of the troubles between layman and layman, clergy and clergy, and laity and clergy, have their origin in jealousy. Therefore, not enough emphasis can be laid upon Christian education and growth in grace. They and they alone will keep men humble, and humility is the best antidote to pride and jealousy."

They're Youngest Farmers

John McKenna, 14, credited with being America's youngest agriculturist. For three years he has operated a nine-acre farm near Jordan, N. Y., assisted by his little brother Harold, aged seven.

Bank Advertising Is Public Educator Says Big Financier

LONDON, July 17.—Every dollar spent for advertising space adds to the necessity for exactness of statement and integrity of product, Francis H. Sisson, vice-president of the Guaranty Trust Company of New York, said in an address today before the annual convention of the Associated Advertising Clubs of the World. His topic was "Advertising as a Creator of Public Standards in Business."

"The standards fixed by the merchant or manufacturer in public statement and printed word must become the standards of distribution and production," he added, "or the inevitable loss of public confidence and good will spells bankruptcy, moral as well as financial. Good will is the joint product of good goods, good service and good advertising. Protected, it is an invaluable asset, but violated in either of its essential elements, a fatal liability. It is business insurance. It protects the public and provides the buyer of an advertised trademarked article with a triple guarantee of quality—from the merchant, the manufacturer and the publisher. It fixes the standard which maker and distributor must meet and

Edwards Designated To Hold Circuit Court

TALLAHASSEE, July 16.—Governor Hardee has designated Judge John S. Edwards of the Tenth Judicial Circuit to hold court at Arcadia Monday, July 14, in the trial of the State vs. John L. Jones, on account of disqualification of Judge George W. Whitehurst of the Twelfth Circuit.

modities," the next step would be that the use of advertising in merchandising ideas is quite as proper as its use in the sale of goods and services." He asserted the development of a new relation to the public through advertising has led in the banking business to higher ideals and to far broader conception of its opportunity for useful service to the community.

"Thus today, the great American banks in their advertising are doing much to combat economic fallacies and to instruct the public in the field of sound finance, and there can be no doubt of the usefulness and effectiveness of this propaganda for higher economic and financial standards. This positive reflex action of good advertising upon the advertiser himself which has taken place in banking, is also evident in many other industries and activities."

That periodic touch of biliousness

—W. L. H.

Mothers, what would you give to ease when your little one begins to show signs of biliousness? It is customary to think that you ought to use calomel and castor oil you dread giving these doses as the child fears to take them. Still, you dread what may happen if you use just the ordinary child laxative.

It was to meet this very situation I invented Liv-o-lax, and if you're once, you won't think of using calomel again.

Liv-o-lax cleanses liver and bowels, and still it is a pleasant liquid, entirely vegetable, which causes no distress, serves equally well in constipation and indigestion and is as good for adults as it is for the children—who really love to take it.

MOM'N-POP "The Mystery Deepens For Pop." By TAYLOR

The Sanford Herald

Published every afternoon except Sunday at Sanford, Florida. Entered as Second Class Matter, October 27, 1919, at the Postoffice at Sanford, Florida, under Act of October 3, 1917.

Subscription Rates: Yearly, \$7.50; Six Months, \$4.50; Three Months, \$2.50. Single Copies, 10c.

Special Notices: All ordinary notices, such as marriages, resolutions, notices of entertainments, etc., are made up and charged at regular rates.

Thursday, July 17, 1924. There is no discharge for today. There is no man that hath power over the spirit to retain the spirit; neither hath he power in the day of death; and there is no discharge in that war.—Ecclesiastes 8:8.

An Ode: The merchant, to secure his treasure, Conveys it in a borrow'd name; Euphelia serves to grace my measure, But Chloe is my real flame.

The town that is prosperous talks prosperity. One thing certain, Governor Bryan will never get the support of Standard Oil Company.

The sheriff is in town—also the other strangers, remarks a Collier County News.

John W. Davis is the latest person to heed Horace Greeley's famous saying, "Go West, young man."

Did you know that radio waves travel one hundred sixty-five thousand miles per second?

In the last ten years the rents in forty-six cities of the United States show an increase of one hundred per cent.

Coolidge is now giving his impression of Heaven. His impression of Hell probably would be defeat in November.

Legislation ought to be passed making it compulsory for miscellaneous growers to be given a prospective shower.

The meanest man in the world lives in Texas. He gave his son a dime not to eat any supper then stole the dime and whipped the youngster for losing the money.

LaFollette will not be formally notified of his nomination. Now he is turning down the opportunity to get the only real "kick" out of the campaign.

The little girl down the street wants to know whether a man who loses all of his money in one hand of poker, is entitled to membership in the "hole-in-one-club."

A Constantinople judge has decided that playing poker is not gambling. Some city treasurers would be bankrupt if we had justices of that kind in this country.

We might get a few lessons from Japan when it comes to building houses. Since the earthquake recently more than twenty thousand houses have been constructed in Yokohama.

This afternoon the Sanford-Kiwanis baseball team is playing the team from Leesburg. Should the Sanford men continue to win, we might enter them in the state leagues.

In 1857 it required two hundred seventy-four hours to grow a bushel of corn including the preparation of the ground, the sowing, care and harvesting. It can now be done in about twelve minutes of labor. How long will it take fifty years hence?

Another evidence of the growth of this section is the announcement of the Clyde Steamship Line that a one hundred foot addition to their docks is necessary on account of the increased business, and heavy freight being handled.

Nobody will regret to learn that work on improving the road between Sanford and Orlando will begin at once. It is remarkable that there has been no serious accident due to the condition of this main highway. It should be the best road in the state.

And now they have begun to sell automobiles by the pound. An advertising dealer at Winston-Salem, N. C. is advertising his wares at thirty-three and a third cents per pound. In his ad this dealer sets forth the total weight of his cars, together with the total price at so much per pound and compares the same with that per pound of other everyday necessities of life. It is said he is finding this method of advertising to be very successful.

Talk Prosperity and Good Times

Do you realize the power you hold in your hand? Have you stopped to consider the influence you have in the community? Then why is it you sometimes complain because your business has fallen off a bit?

Business conditions can be made what you want them to be. If you think things ought to slow up, if you wish buyers to hold off, if you want collections to drag, all that is necessary is for you to pass the word around that "business is slow."

On the other hand, you have it within your power to make business the best it has ever been. Optimistic remarks about how quickly the city is growing, how rapidly property is increasing in value, how good your business is as compared with last year, how much better collections are than they used to be, how promising the coming weeks look, what a fine summer Sanford is having, how much better conditions are here than in other Florida cities.

Don't be a pessimist. Don't be a grouch. Don't be looking for and encouraging bad times. Don't be a chronic complainer.

Talk good times. Act good times. Believe in good times. Tell your friends "Business is good." The result will be that Sanford will have such a summer it never before experienced.

You have the power in your hands to make conditions what you want them to be. If you want them to be good and if you want money to be plentiful, you will talk prosperity and good business.

For Attractive Surroundings

In an effort to improve the general appearance of the city the Junior Chamber of Commerce is endeavoring to secure the co-operation of property owners and city officials in cleaning up vacant lots and removing trash which has accumulated in various sections of the city.

A drive through the city will reveal many lots requiring attention. Right in the downtown business district can be seen junk piles which are eyesores. Old automobiles and miscellaneous junk are allowed to remain indefinitely in conspicuous places without any attempt being made even to hide them from view.

The Junior Chamber of Commerce is requesting owners of property to clean up their premises and if they cannot do so the organization hopes some scheme can be worked out so that the trash can be hid from the view of passersby. It has been suggested that flowers or trees might be placed along the front side of the property where it is impossible to remove accumulations. In this way, as it has been pointed out, the general appearance of the city would be greatly improved and the visitor would not be forced to stare at unkempt surroundings.

But why atop with the downtown section? There are innumerable pieces of vacant property scattered all over the city which should have attention. In the residential districts there are vacant lots full of undergrowth and weeds which should be cleaned up in fairness to those who have seen fit to beautify and improve their property.

A city-wide beautification movement is a good movement and will mean much to the city. The committee in charge will do well to keep emphasizing the importance of making Sanford not only a city substantial but a city of beauty which will attract and hold those persons desiring to live in attractive surroundings.

VENGEANCE COMES NOT slowly either upon you or any other wicked man, but steals silently and imperceptibly, placing its foot on the neck.—Euripides.

A QUARREL IS quickly settled when deserted by one party; there is no battle unless there is two.—Seneca.

IF WE ENCOUNTERED a man of rare intellect, we should ask him what books he read.—Emerson.

HE WHO HANGS on the errors of the ignorant multitude, must not be counted among great men.—Cicero.

FOR THE RAIN it raineth every day.—Twelfth Night.

MUST PAY NATURE

TAMPA TIMES

It is said that flowers are losing their scent, and that the loss of floral fragrance is increasing at such a rate as to alarm the botanists. There are 4,300 species of cultivated flowers, but only 420 of them have an agreeable odor. Of the 308 varieties of violets only 13 emit perfume.

The fact is that nature always demands her penalty—her price. When we make the flowers what they were not intended to be, in some respects, we prevent them from being what they were intended to be in other respects.

WE DO NOT SLEEP ENOUGH

GAINESVILLE SUN

The class of people we have in mind, in the use of the foregoing head line, is our so-called "society" folk. And, of that class, we more particularly refer to our younger set. They do not sleep enough to enable them to grow into strong and healthy manhood and womanhood.

Every calendar day consists of twenty-four hours and includes a day and night. The wise King Solomon divided the twenty-four hours for three things: eight hours for labor, eight for recreation, and eight for slumber.

THE WAYSIDERS

WAYCROSS JOURNAL-HERALD

Have you ever observed closely the man who starts something only to quit before it is finished? These are the waysiders.

A month or two, commence skipping meetings and finally must be dropped from the rolls. The trouble is not with the organization.

As Brisbane Sees It

Optimistic smile on your face. Or will you let it be a frowny nation. (Copyright 1924 by Star Co.)

THE UNITED STATES flyers "hopped off" from the edge of the Bosphorus. They were watched by wondering dwellers in Constantinople, once the hub of the round world, now seeking a return to civilization via the modern Tars.

JOHN W. DAVIS played golf in Long Island with a secret service agent. Unwilling to change costumes because he is a candidate, he wore fancy knickerbockers. Coolidge and LaFollette own no such clothing, and probably wouldn't wear them if they did until after next November.

GOVERNOR BRYAN was in Washington consulting with his brother. He went home to Nebraska, and his brother, W. J., went to St. Louis to rejoin his wife.

GOVERNOR BRYAN may find himself president of the United States after this election. In fact, the betting is only 8 to 1 against it. LaFollette's vote might cause the election to be thrown into the house of representatives.

THERE WILL BE no more agitation among our good friends in Japan. The department of justice issued orders forbidding all Japanese residing in Hawaii, of whom there are 10,000, to enter the United States territory.

THE OLYMPIC athletes are breaking world records. Read details in sporting columns. Henry Ford, breaking his own records by selling 1,036,978 automobiles in the first six months of 1924, makes swift runners less important than they used to be.

THE PROSPERITY outlook is cheerful, even for farmers, something that couldn't be said a few weeks ago.

"Ten-dollar pork," which means \$10 a hundred for hogs on the hoof, is in sight. That's due to the high price of corn. Pork is corn transformed in the pig's digestive apparatus.

THE WHEAT FROM Kansas, like a stream of pure gold, is pouring into the banks in the shape of dollars, and bankers feel happier, with four hundred car loads of wheat a day rolling into Kansas City against two hundred cars last year.

RETAIL TRADE, according to Bradstreet's and government reports, has been picking up and is holding the gain.

ARTHUR W. CUTTEN, of Chicago, controls a great deal of corn and is said to be making millions out of it, although he probably hasn't seen a cornfield, except from a railway car, for several years.

THERE IS COMFORT for people in all lines of business, even for the mildly harmless goose brigade called "society."

EVEN COFFEE and sugar men are happy. More coffee than ever is being used by millions of pounds and in the first six months of this year the United States consumed more than 134,000,000 pounds than in the first six months of last year.

THAT PROBABLY means a falling off in the use of bootleg whiskey. When men drink LESS alcohol, they eat more sugar.

HERE AND THERE oil companies are cutting the price of gasoline, thanks to Attorney General Stone, who means business.

WE HAVE two perfectly good, estimable, polite and trustworthy conservatives running for president in the two old parties.

ALL THINGS considered, foolish pessimism ought to die. This nation like King Kamahameha, on the green mountain top, is "sitting pretty."

Really and truly, "No hash and deal" with any nation, and to furnish arguments they have never known them. Praise ye the Lord.

A ROUGH JOURNEY

DO AUTOS LESSEN POLITENESS

PALATKA DAILY NEWS

Along some lines it is a matter of congratulation that drivers are becoming more considerate of the rights of others. Only a few years ago there was a practice among drivers of fast-traveling cars to hold the center of the highway upon approaching another machine until the last possible second, frightening the careful driver into many kinds of spasms.

There is, however, one distressing point about the drivers of cars that should be abolished. That is the practice for a driver to halt his car before a home or a business office where he is to "pick up" some person, either for pleasure of business, and blow his horn until the entire surrounding neighborhood is alarmed.

There is also an apparent desire upon the part of the general driver to stop his car at signal and learn if aid can be extended to any auto parked alongside the road. Few are to be seen when an appeal is made, and there are fewer still who will refuse to "give a tow" when a car is crippled, always provided that the proper necessities are at hand.

No matter how polite the drivers of cars may be towards each other it is certain that there has been accumulated a freedom in the honking line that is fast becoming unbearable. There are times when omissions to honk cause disaster, as the sound is needed to warn others; but to honk for a wife or a sweetheart or a business partner is really the height of impoliteness and the mark of familiarity that is liable to breed much adverse comment.

THE OLYMPIC WINNERS

NEW YORK HERALD-TRIBUNE

The all-round strength of the American Olympic team won the track and field sports, the true indicators of the classic Olympics, by a substantial point margin. Only three of the twenty-six contestants did the men from the United States fail to score.

Finland is, indeed, the hero of the 1924 Olympics. A mere handful of her men all but ran away with the track games. Beyond dispute, Paavo Nurmi, winner of four first places, man of incredible endurance, is the greatest distance runner known to modern sport.

EYES FLORIDA WARD

FORT PIERCE NEWS-TRIBUNE

Involuntarily the command now changing the attention of thousands in the east and north is, start for Florida. Those who in the past have enjoyed the winters in this state are preparing to return.

east are telling the truth about Florida, this is by far the most valuable and productive advertising which can be done. Every town, city and section will have its quota this winter of those who are potential citizens.

DAN DOBBS SA

Expecting nothing in a lent way to get nothing. A lot of folks would have a map of the road to the man who gets by looks isn't going far. Be careful what you put faith in or you will get it. It is a wise young man dances with the chaperon. Many men claim they give wives everything, when they even know it. Straw lids are top piece look bad by the time the good. Three cheers for the flit that furnishes water without mixing them. The girl who buys a suit often wants the least get for her money. It's a natural mistake housewife to blame a balance on the cook-book. Sad thing about feeling you can't leave and get from it.

She Can Show Mr. Cupid Tricks

Outscoring all competitors in a recent meet Ruth Kent of Kingston, Pa., won the right to be known as the champion archer of Wellesley College, a fashionable girls' school in the east.

Mrs. Langley Gives Bridge Party For Miss Edith Teague

Mrs. W. T. Langley was the clever hostess at a bridge party last night, honoring her niece, Miss Edith Teague of Mountville, S. C.

The entire lower floor of the spacious home was decorated with red cannas and roses used in tall vases.

Miss Bertha Synder of Jacksonville was found to hold high score among the ladies and was presented with a hand painted scoring slate.

H. S. Pond, holding high for the men, was given a silk tie. Mrs. H. S. Price was given a Martha Washington telephone screen for consolation.

Miss Teague was presented with a lovely bottle of Houbigant perfume as a guest prize.

Mrs. Langley was assisted in serving dainty refreshments of peach cream and lady fingers by Mrs. Edward Meisch and Mrs. Arthur Hazzard.

Those present were: Mr. and Mrs. Edward Meisch, Mr. and Mrs. H. S. Price, Miss Edith Teague, Miss Katherine Teague of Orlando, Miss Bertha Synder of Jacksonville, Miss Sarita Lake, Miss Fern Ward, Mrs. Arthur Hazzard, Robert Deane, H. S. Pond, Hodgson Ball, Ned Chittenden, Frank Markwood and Mr. Hardee.

Friloha Bridge Club is Entertained

The Friloha Club was entertained most charmingly Wednesday afternoon by Mrs. Iwona Stander at her apartment on Park Avenue.

On account of a number of members being absent only one table of bridge played.

Cut flowers in vases and potted ferns were used as decorations. A dainty salad course was served by the hostess who was assisted by Mrs. F. J. Gonzales.

Mrs. Percy Mero held high score and was presented with a box of linen handkerchiefs.

Those present were Mrs. L. H. Connelly, Mrs. Ed. Bett, Mrs. Emmett Hunt, Mrs. Percy Mero and Mrs. F. J. Gonzales.

Will File 3 Mandamus Writs Against Nolan

JACKSONVILLE, July 17.—The county commissioners have instructed John E. Matthews, county attorney, to file three mandamus writs against Oscar H. Nolan, county tax assessor, to test validity of the salary basis law for county officials passed by the legislature.

It is stated that the courts will be asked to order Nolan to turn over to the general revenue fund of the county all funds collected by his office since the act became effective above the \$6,000 salary allowance, and also to file reports as required by the law and which it is said Nolan has not done.

To Hold Hearings On Waterways Question

JACKSONVILLE, July 17.—Lt. Col. Gilbert A. Youngborg, United States district engineer, announces that he has received instructions from Washington to hold a series of hearings at points along the Florida East Coast in connection with the establishment of harbor lines on inland waterways.

Dates of the hearings, which will be public, are to be announced later. Surveys for establishment of the harbor lines have advanced to the point where, it is stated, final preliminary work is approaching its final phase.

Begin Work First Unit Bradentown Building

BRADENTOWN, July 17.—Construction of the first unit of a modern skyscraper is to begin here this week, it is announced by R. D. Aldrich and associates, who will start actual work of construction on a modern business block in the heart of the city.

The building will be located at the corner of Washington and Main Streets, facing the court house, and additions are contemplated as conditions justify.

WASHINGTON, July 17.—The federal government has \$1,542,655,511.81 invested in real property, it has been found by the Federal Real Estate Board named by the Budget Bureau to appraise the holdings.

The public domain and the national parks are not included in the appraisal.

Hotel Clarendon

MAGNIFICENT 18 HOLE GOLF COURSE WITH GRASS GREENS. AUTOMOBILES WELCOMED. Rates reduced during summer season. American plan \$6 a day and up. European plan \$3 per day and up. E. L. KINCAID, President. Wire, Phone or Write for Reservations.

Kid for Comfort

Kidonia itself to every style and to every occasion. It is rapidly coming to the fore as the best leather because it is porous and permits perfect ventilation, expanding and contracting with the foot, and thereby affording the utmost in health and comfort as well as style. The three-layered outer sole of Oriental gray kid, with an in-step strap and side support. The heel is comfortably low and ideal for daytime wear. The sole is made of the finest leather, keeping with the new note of fashion that brings the harmony of beauty and shoes at all times.

To Conduct Farmers School at Samsula

NEW SMYRNA, July 17.—A two-day school for farmers will be conducted at Samsula, in the trucking section eight miles west of here, on Wednesday and Thursday of this week.

L. M. Rhodes, state market commissioner, will be one of the principal speakers. Other speakers will include state agricultural and home demonstration specialists. A big free barbecue will feature the meeting Thursday at noon.

May Rename Many Of Tampa's Streets

TAMPA, July 17.—So much similarity has been found in the names of streets in Tampa that the civic bureau has recommended the renaming and renumbering of all streets in the city.

Duplication of street names has caused much confusion here, it is declared, and the organization announces its determination to remedy the existing conditions. Recommendations that streets run in one direction and avenues in another, the streets to be numerically named and the avenues to be alphabetically named, and also that names of states be used in the selection of street names, will be suggested.

STILL FISHING AT 101.

CLARION, Pa., July 17.—Clarion county assessors usually list men of advanced age as "invalids," but when William Kratzer, of St. Petersburg, aged 101, was granted a fishing license the assessor decided a change in the man's status was necessary. Kratzer is now listed as a "retired gentleman." The assessor ruled that a man of 101 years who could fish was not an invalid.

BARBECUE

INDIANS HAVE PRIMER

SITKA, Alaska, July 17.—Miss Zoe Porter, primary instructor here, is preparing a special primary text book for Indian children.

"The present accepted method of teaching," she said, "does not appeal to Indian children, who have never heard its topics before and do not understand; so I am compiling a book telling of their daily life, which they will understand and enjoy."

PERSONALS

Mrs. F. B. Robins is spending the day in Eustis. Mrs. A. M. Maddox and daughter, of Fort Meade, are the guests of Mrs. J. S. Moore. H. H. Hyman, of Miami, spent Wednesday in the city, the guest of the Valdez Hotel. A. Baffled motored to Orlando Wednesday afternoon attending to business. Mr. and Mrs. R. R. Wright, of Oviedo, motored to Sanford to attend the marriage of Miss Kathleen Brady to Mr. Arthur Moore. Mrs. J. T. Watkins, Mrs. R. T. Stewart and Mrs. Lenora Hamlet, of Orlando, spent Wednesday in the city, shopping. Mr. and Mrs. H. I. Gibson returned Wednesday from an extended trip to California for the past six weeks. Miss Julia Laine and Burke Steele motored to Leesburg to attend the Kiwanis ball game this afternoon. H. S. Baird, of Jacksonville, is spending a few days in the city, on business, stopping at the Montezuma Hotel. Miss Florence Bumby, of Orlando, is the guest of Mrs. J. S. Moore, coming up to attend the Moore-Brady wedding today. Mrs. C. H. Walsh and daughter, Mrs. Louise, of Wilmington, N. C., arrived recently to be the guests of the former's mother, Mrs. Mary Leonard, for the summer. For Sale—Seerucker Suits, black and brown pin stripes, \$12 value, at \$6.95. Fla. Cash Salvage Co.

Daily Fashion Hint

Both pleasing and appealing are these frocks for the vacation wardrobe. To the left is a cape model in moss-green flat crepe, which may be reproduced in flannel, alpaca, wool crepe, etc. The detachable cape is an especially attractive feature of the dress, which is fastened upon straight slender lines. Medium size requires 1 1/2 yards 40-inch material.

As the original of the second design was carried out in Chinese red flat crepe one could not make a smarter suggestion for its reproduction. Powder-blue and almond green, cinnamon, cocoa and dawn are other colors in which this dress could be effectively carried out. The fronts are underlaced and turned back to form revers, and the collar has tab ends. Medium size requires 4 1/2 yards 36-inch material.

First Model: Pictorial Review Dress No. 2119. Sizes, 16 to 20 years and 34 to 48 inches bust. Price, 40 cents.

Second Model: Dress No. 2176. Sizes, 16 to 20 years and 34 to 44 inches bust. Price, 40 cents. Monogram 544. Any three-letter monogram, 3 inches high, 60 cents.

Fort Myers To Have Park, Street Board

FORT MYERS, July 17.—City ordinance has been adopted here giving general supervision over beautifying all parks, parkways, streets, alleys and sidewalks to a board. It is provided that the board shall designate and plant all trees, shrubs, grass and flowers which shall be placed along all streets, parkways, alleys and sidewalks and shall have the right to condemn and remove any such trees, plants or shrubs that are diseased or are detrimental to the beauty of the city.

To Double Electric Capacity Before Fall

NEW SMYRNA, July 17.—Capacity of the municipal electric light plant here is to be doubled under provisions of a contract signed by the city commission with an Auburn (N. Y.) concern which will install a 600 horsepower oil burning engine at a cost of \$50,000. Contract for a complete switchboard and motor generator for installation of a complete plant at a cost of \$5,500. The work is to be completed before fall, it is stated.

To Move Apartment House Across River

MIAMI, July 17.—The unusual engineering feat of moving a good-sized apartment house across the Miami river on a raft is to be undertaken here, according to plans announced by Dr. A. O. Yenian. The house, known as the Alhambra apartments, is located in Fort Dallas Park, and is to be moved to make room for the two-million-dollar Miami. It is planned to nick up the Alhambra, place it on a huge raft and set it down again on the south of the river.

TIYPIFYING THE PARISIAN MODE

In The World of Sport

Growers Defeat St. Petersburg 4 To 1 On Wednesday

BRADENTOWN, July 17.—Boone hurled excellent ball here Wednesday and the Growers defeated the Saints 4 to 1 in the final game of the series. Tilton's great throw to the plate to catch Pick scoring in the eighth was the feature of the game.

Score by innings:
St. Petersburg 100 000 000—1 6 0
Bradentown . . . 100 001 020—4 13 0
Dibut, Wolfe and Moore; Boone and McDaniel.

Tampa 4; Orlando 3
ORLANDO, July 17.—Orlando lost to Tampa 4 to 3 here Wednesday in a hard fought game.
Score by innings:
Tampa 210 000 100—4 9 0
Orlando 020 010 000—3 8 1
Lane and Gomes; McClanahan and Francis.

St. Lucie Property Shows Large Gain

PORT PIERCE, July 17.—A gain of about \$2,000,000 in the valuation of St. Lucie county property is shown for the fiscal year 1924 as compared with the preceding year, it is shown by the county tax assessment roll. The roll will be given final inspection next Tuesday, the commissioners state, and the millage for the year probably will be fixed at that time.

Snake Depletes Trout.

PORT ANGELES, Wash., July 17.—Because trout had been missing from their fountain pool, members of a club here hid and watched. A huge garter snake emerged from the pool looking well fed. He was caught, killed and a post mortem held. It developed he had swallowed a six-inch trout.

American Engineers To Meet In Ocala

The American Association of Engineers will meet in Ocala at 8 o'clock on Saturday night, July 19, according to a notice received here today. The following is said on the announcement:
"Roscoe Kent will tell us all about how Orlando got the convention and all about methods and customs in use in California.
"Bring your wives and sweethearts and friends.
"While Kent is talking we will not so notify J. E. Walker, Ocala, if you are coming."

Water Cycling Is Season's Fad

The water bicycle is all the rage at Atlantic City this season and Miss Marie Davis seems to be having a lot of fun at it.

DODGERS SPLIT WITH RED SOX IN DOUBLE BILL

PHILLEN TRIM CUBS, 3 to 2—Cardinals Take Two From Boston Braves—Giants Best Pirates 8 to 7

CINCINNATI, July 17.—Cincinnati and Brooklyn broke even in a double header Wednesday, the visitors winning the first game, 5 to 4 and the home club capturing the second, 9 to 6. Both contests were close and were marked by hard hitting by both teams.

First Game
Score by innings:
Brooklyn 101 000 210—5 14 3
Cincinnati 100 200 001—4 9 0
Vance and DeBerry; Benton, Sheehan and Hargrave.

Second Game
Score by innings:
Brooklyn 111 010 200—6 11 0
Cincinnati 000 004 23x—9 14 2
Osborne, Henry and Taylor; Hargrave; Donohue, May, Sheehan and Wingo, Hargrave.

Philadelphia 3; Chicago 2
CHICAGO, July 17.—Chicago staged a rally in the ninth inning, knocking Ring out of the box, but fell short by one run, Philadelphia winning 3 to 2. Joe Bush, just in from the Texas League, pitched eight innings for the Cubs.

St. Louis 7-11; Boston 4-3
ST. LOUIS, July 17.—Bunching their hits off Jess Barnes in the first game and driving in four runs for a safe lead off their former teammate, Lou North, in the second, St. Louis won both games of their double header with Boston here Wednesday, 7 to 4 and 11 to 3.

First Game
Score by innings:
Boston 010 100 011—4 12 0
St. Louis 300 200 11x—7 12 0
Barnes, Stryker and O'Neill; Dyer and Gonzales.

Second Game
Score by innings:
Boston 000 300 000—3 6 5
St. Louis 000 403 12x—11 13 1
North, Yeargin, Stryker and Gibson; Stuart and Neiberger, Gonzales.

New York 8; Pittsburgh 7
PITTSBURGH, July 17.—New York defeated Pittsburgh 8 to 7 in the opening game of the series Wednesday. The Giants obtained the lead by scoring five runs in the first inning and were never overtaken. Cuyler drove in four runs for Pittsburgh in the seventh.

Score by innings:
New York 510 000 200—8 8 1
Pittsburgh 120 020 101—7 12 1
Watson, Ryan, Jonnard and Gowdy; Cooper, Kremer, Stone and Smith.

GOLDSTEIN RETAINS TITLE

NEW YORK, July 17.—Abe Goldstein, world's bantam-weight champion, successfully defended his title in a tame, uninteresting 15-round exhibition against Charles Ledoux of France at the Veldrome A. C. Wednesday night.

BERLINERS TURN DRY

BERLIN, July 17.—Temperance restaurants are on the increase in Berlin. Whether this is due to the high price of beer and other alcoholic drinks or to an increase of the population which desires meals without drinks, the authorities do not agree.
Proprietors of the alcoholless restaurants say the majority of their customers are total abstainers and are very much interested in the prohibition movement in the United States and other parts of the world.

DETROIT TAKES TWO CONTESTS FROM BOSTON

Cleveland Beats New York And Reduces Yankees' Lead—Philadelphia Wins Double Bill From Chicago

BOSTON, July 17.—Detroit advanced to within a game and a half of the league leadership Wednesday by defeating Boston twice, 5 to 4 and 11 to 3. Cobb went hitless but his mates batted firely. In the seventh inning of the second game when Detroit made eight runs, Burke doubled off Piercy and tripled off Workman.

First Game
Score by innings:
Detroit 041 000 000—5 8 0
Boston 000 200 002—4 8 1
Whitehill and Bassler; Ferguson, Ross and Heving.

Second Game
Score by innings:
Detroit 012 000 800—11 13 0
Boston 000 000 030—3 9 2
Stoner, Pillette and Bassler; Woodall; Piercy, Workman and Picinich.

Cleveland 4; New York 3
NEW YORK, July 17.—The Cleveland Americans won the first contest of a six game series from New York 4 to 3. The defeat reduced New York's lead in the American to a half game. Hoyt, who was knocked out of Tuesday's game, started again yesterday and was knocked out in the sixth. Shante, Cleveland's left hander, was effective in the pinches. He walked Ruth three times.

Score by innings:
Cleveland 010 003 000—4 13 2
New York 100 001 001—3 9 1

EVERT TRUE BY CONDO

Shaute and Myatt; Hoyt, Jones, Shawkey, Gaston and Schang.

Philadelphia 5-6; Chicago 0-5
Philadelphia, July 17.—The Philadelphia Athletics took the Chicago White Sox into camp Wednesday for a double victory, winning the first game 5 to 0, and the second 6 to 5. Sam Gray's elusive pitching proved too much for the White Sox in the opening engagement, the youthful Texan holding the mto four scattered safeties. Chicago piled up a five run lead in the second inning of the closing contest on Heimach, but was helpless against the relief hurling of big Bob Hasty.

First Game
Score by innings:
Chicago 000 000 000—0 4 3
Philadelphia 001 020 20x—5 12 2
Connally and Crouse; Gray and Perkins.

Second Game
Score by innings:
Chicago 050 000 000—6 8 0
Philadelphia 010 201 002—6 9 1
Lyons, Connally and Grabowski; Heimach, Hasty and Perkins.

LAKELAND, July 17.—"Rube" Ehrhardt, giant pitcher of the Lakeland baseball team, has been sold to Brooklyn, of the National League, and has been ordered to report to the Ebbets clan at Cincinnati on Wednesday. It is announced here. Ehrhardt has been the leading pitcher of the Florida State League this season. Financial details of the sale were not disclosed.

Lakeland Will Build Fifty Miles Sidewalks

LAKELAND, July 17.—Approximately fifty miles of sidewalks are to be built in this city. The city commission has awarded a contract for \$123,500 to a local concern for construction of 700,000 square feet of paving, and in addition to this private owners will build additional sidewalk to bring the mileage to the fifty-mile mark, it is stated.

Good Georgia peaches, found in any quantity at the right price. H. L. Duhart, cor. 4th and Sanford.

COURTING BLINDNESS

Is what you are doing when you neglect twitching, watery, bloodshot, sore eyes. Leonard's Golden Eye Lotion cures nearly every eye disease. Cools, heals and strengthens. Get "Leonard's." It makes strong eyes. At all druggists.

A CLEAR SKIN

Bright, sparkling eyes, cheeks with the glow of health, a skin as smooth as velvet, the ideal we all strive to attain. No blemishes, no eruptions, no blackheads, no marks to destroy the even texture of healthy skin. The secret is pure, red blood free from poisons and impurities, blood that makes the body glow with health, blood that drives pimples, boils, eruptions, eczema and skin blemishes from the system. LEONARD'S ELIXIR FOR THE BLOOD makes rich red blood, drives the impurities out, brings the glow of health. Use it now. Insist on LEONARD'S. Refuse substitutes. At all druggists.

NOTICE

Help Wanted

IN BUILDING HOUSES in Sanford the Sanford Building and Loan Association needs help. We have people wanting to borrow money from us so that they can build. We can place \$150,000 right now. If you want to make eight per cent interest and be absolutely safe in your investment by preferred stock in a substantial Sanford institution. Consult your banker. Then call and we'll explain the matter to you. Sanford Building & Loan Association, A. P. Connelly, Secretary.

OLD COLONY Life Insurance Company of Chicago, Illinois, offers agents a wider field and increased opportunity by writing man, woman and child from ages 0 to 60 on the annual or quarterly premium plan, for amounts going up to \$3,000 as regards children, while for adults the limit is \$30,000. As the Company writes all sub-standard risks our agents have very few rejections. The Company just entered Florida and is looking for a good producer in this locality.

PUBLIC STENOGRAPHER phone 470. Jessie D. Kleinman. Office up-stairs Court House.
