filed." Rolleston stated. There are those among us who are trying to destroy our democracy. Those are the people to whom we have to sell democracy. Let's sell America to Americans, and if anyone does not love America, let him leave. We have no place here for those who do not love America," Rolleston asserted.

Roy Powell, state executive vice president of the Junior Chamber of Commerce, congratulated Sanford for taking progressive steps and for the completion of radio station WTRR. "Such projects are worth while and should be brought to the front in every Florida city," Powell added.

Rep. Bryant advocated direct participation in the state and national governments. He also stated that several projects involving the state government should be undertaken by the Florida Junior Chamber of Commerce.

"A close scrutiny of the state welfare organization is needed. Politicians are prone to leave welfare organizations alone. These organizations need supervision to see that those who need help are getting it, and those who need no help do not get it. We should take it upon ourselves to see that the problems of tax exemptions are properly completed. The laws restricting the invasion of professional men into the state should also be looked into," Bryant added. He also said that highway beautification in the state of Florida is of prime importance.

President Bralley Odham stated that the Seminole County Jaycees have already sponsored and have state funds to beautify the Lakeshore Drive. Odham stated that \$10,000 has been appropriated for this beautification project.

D. J. Lyons, Bob Eubanks, Sam Hendrick, Ernest A. Roulen, Douglas Charles, A. L. Lyons and R. L. Dean were introduced to the group as guests. J. L. Fields, a new member, was also introduced.

Coal Pact

(Continued from Page One)
thought some provisions indicated that Lewis and the operators "entered into a conspiracy to thumb

SEATED AT HIS DESK in the White House, President Truman is shown as he signed into law a resolution making the United States a member of the United Nations International Refugee Organization. The measure authorizes a \$73,500,000 contribution towards care of Europe's 900,000 displaced persons in the next twelve months. At the signing ceremony are (l. to r.): Assistant Secretary of State John Hildring, Rep. Bol Bloom of New York, and Goldthwaite Dorr. (International)

their noses" at the act. "I don't agree," Taft replied. "The theory is that the employers and employees should be able to make any contract they want to in free collective bargaining. Whatever the employer and employee want to agree it is all right with me. I don't think it is in any way a violation of the law."

Later, in response to questions, Taft told reporters there may have been a violation in the provision for fee collections but said this "is only a minor item." He added:

"As far as the employer is concerned it is up to him to protect himself when he makes a contract. They are free to make any contract they wish to make." Hartley had contended that only

union dues may be withheld from workers' paychecks and that in going beyond that field "the operators agreed to pay money for an illegal reason."

Eighteen major commercial products are made from apples, and at least three more are in the offing, according to reports from the Eastern Regional Laboratory.

Eggs, like all other ingredients used in cake-making, should be at room temperature—about 70 degrees Fahrenheit—to combine well.

Which hazel comes from the hamamelis shrub. The same hamamelis comes from the Greek meaning "flowers and fruit on one tree."

Tax Bid

(Continued from Page One)
ing Democrat on the Finance Committee, told a reporter the situation may be different by the time the bill reaches the White House.

"I think the individual income tax payer is entitled to some relief," George said. "We are likely to get him into a squeeze, play unless something is done now. A tightening of the economic conditions would make it impossible to give him relief."

George voted for the bill in committee yesterday. The three negative votes were cast by Democratic Senators Barkley (Ky), Connally (Tex) and Lucas (Ill). If enacted, the bill would grant tax reductions ranging from 30 percent on taxable incomes, after exemptions and deductions, of \$1,000 or less to 10.5 percent on incomes above \$302,000.

WASHINGTON, July 10, (AP)—President Truman told a news conference today:

1. He has no thought at this time of calling Congress back into special session this Fall to consider European aid legislation. He added, however, that if the necessity arises he will take whatever steps are necessary. 2. He has no intention of sending a special message to Congress on Secretary of State Marshall's plan for European economic recovery. He said he can not make recommendations until after the Paris conference on the "self-help" proposal. 3. He has no plans now for a cross country trip this Fall, as urged by officers of the Democratic National Committee. Moreover, he added, he has no plans for a trip anywhere.

4. He still favors the proposed Missouri River Valley Authority patterned after the TVA, but said this would not take care of the immediate problem of flood control in the Midwest. 5. He has no intention of naming John R. Steelman, his assistant, as head of the new conciliation service under the Taft-Hartley Labor Act.

Soft pine supplied for many years the major lumber requirements of the United States.

Paris Meet

(Continued from Page One)
minister, V. M. Molotov, opposed the plan for economic cooperation in three-power talks last week. Observers last night said there was only a 50-50 chance that Finland would accept.

Hungary's Council of Ministers announced after a long session this morning that "Hungary regrets it cannot participate in a conference in which all the big powers do not take part together." To some observers, the decision was a surprise, because of Hungary's grave economic condition. A Polish government spokesman in Warsaw, commenting on Poland's rejection of the bid, told a news conference the Poles still looked to the United States, principally, to supply what would be necessary to rebuild the ravaged nation. Poland recently sent notes to envoys of the four big powers expressing Poland's willingness to participate in European reconstruction through coal deliveries, but regretting that the nations invited to the Paris conference would be excluded from making amendments and changes in the Marshall proposal.

Switzerland, meanwhile, announced three conditions for her participation. The government announced that the Swiss would assume no obligations contrary to Switzerland's traditional status as a neutral; that the conclusions reached at Paris concerning Swiss economy would be subject to Swiss government approval; and that the Swiss reserved the right to maintain trade agreements with nations not represented at the conference.

Facès Scandal (Continued from Page One)
which, at the same time, has certainly adversely affected the political fortunes of the man who made the admission. The former congressman continued: "The joint venture of Messrs. Truman and Pendergast proceeded according to schedule and was

apparently successful. Postmaster General Hannegan applauded the results achieved. But like their cohorts of 1936, the political roustabouts of 1946 became carried away with their enthusiasm and simply failed to take into account the mathematical improbability of the returns which they concocted. So sure were they of the ground on which they stood, that they did not even bother to make the ballots and the count check." Slaughter traced developments which ultimately led to the return of some 70 indictments for alleged vote irregularities in the 1946 primary election, and mentioned the theft from the Kansas City election commissioner's vault of ballots to be used in prosecution of the cases. Aging wine in bottles before releasing it for sale is called "blinking."

Fine Tobacco is what counts in a cigarette

LUCKY STRIKE presents THE MAN WHO KNOWS— THE TOBACCO AUCTIONEER!

I'M A TOBACCO MAN... born and raised in the tobacco business, and season after season, I've seen the makers of Lucky Strike buy tobacco that's mild, ripe and mellow... fine tobacco that tastes good and smokes good."

D. H. Huffines, Independent tobacco auctioneer of Reidsville, North Carolina, has been a Lucky Strike smoker for 25 years

Remember... L.S./M.F.T. LUCKY STRIKE MEANS FINE TOBACCO So Round, So Firm, So Fully Packed—So Free and Easy on the Draw

Looks that stay looked at

-and Ability to match

Give yourself five seconds, and you know that here's a car styling as up to the minute as the time of day. Spend a few fast minutes to see why—and you spot both smartness right from tomorrow's designing boards and everything that should go with it. Measure the reach and spread of that Buick bonnet, brim-filled with Fireball power... Sweep your glance over the broad beam that spells room, the stretch that means easy-riding wheelbase, the size that tells of enough roadweight to end jounce and jitter. Here, you tell yourself, is something to see: Here are looks to hold the eye for seasons to come—and lively, durable ability to match... Rich abundance of smooth, hushed Fireball horsepower from a straight-eight kept young and lively by Accurite cylinder finish. Tireless coil springing on all four wheels, leveling all roads to boulevard smoothness. Riding poise from two steadying tons of roadweight—ease of handling from balance to draw a ballet dancer's envy. Soft, roony cushions seating three apiece—finish that's the very last word in richness and taste. Yes, it takes no time at all to show that you and Buick belong together, should go together steady—so what's holding you back? Alter all, we can't do much about getting one to you till you make your wishes plain. You do that simply by placing your order—which will get equal consideration whether or not you have a car to trade.

14 Countries Ready To Open Paris Meet

Nations Representing Population Total Of 212,506,130 Are Ready For Talks

HELSINKI, July 11, (AP)—Finland regretfully declined tonight her invitation to the Paris economic conference, stating that she would "stay outside world political conflicts."

The government's communiqué said Finland unfortunately found it impossible to participate in the conference, opening tomorrow. The Finnish radio announced the decision earlier tonight.

By ASSOCIATED PRESS
Countries representing a total population of 212,506,130 will meet tomorrow in Paris to consider the Marshall proposal for European reconstruction.

Seven nations with a total population of 85,903,861 rejected the invitation. An eight country, Finland, (pop. 3,887,217) had not been heard from.

The United States, with an estimated population in July, 1945, of 139,682,000, was not listed among the participating nations, which were to act on the American proposal.

Russia, with an estimated 193,000,000, walked out on the plan before invitations were issued.

All the Slav states were lined up solidly with the Soviet Union in boycotting the European recovery conference but tonight, on the eve of the Paris talks, Finland still had no formal reply to the British-French invitation.

The Moscow radio said this morning the Finnish Cabinet had decided unanimously to reject the aid, but the French Foreign Ministry said late today word from Russia's Scandinavian neighbor still was lacking.

The Finnish legation said it has been informed a reply would be made before the opening of the conference.

Couple Injured In 3 Car Wreck On Highway 17

Mr. and Mrs. Norman Atkinson of Houston, Texas, who were involved in a three vehicle wreck at 8:20 o'clock yesterday afternoon on the Orlando Highway near Rutledge's place narrowly escaped injury when their 1941 Studebaker sedan crashed into a south bound semi-trailer used for hauling bulldozers and road machinery, which had jack knifed into their path when the driver of the tractor, Cecil L. Sheroose of Lakeland, applied brakes to the tractor hauling it. It was reported today by State Highway Patrolman L. C. Bender, a 1947 Oldsmobile driven by Capt. John W. Knowles of the Orlando Air Base, was proceeding north ahead of the Studebaker and first hit the swinging trailer. The Oldsmobile was badly damaged on the left front, but Capt. Knowles received only minor injuries, according to Patrolman Bender.

Mr. and Mrs. Atkinson suffered from shock and bruises when their heads hit the windshield of their car. Both were taken by ambulance to Fernald-Laughlin Memorial Hospital where it was found that Mrs. Atkinson had a broken left finger.

Patrolman Bender, who arrived at the accident scene three minutes after, he was notified reported that no arrests or charges have been made in connection with the accident, which tied up traffic for a while. The damaged Studebaker and truck were taken to Rutledge's and the Oldsmobile was taken to Holler Motor Sales in Daland.

Britain Tightens Up On Atomic Precautions

LONDON, July 11, (AP)—Authoritative government informants said today British and United States occupation authorities in Germany had divided seriously over an American proposal that British rules for nationalization of the Ruhr coal mines be deferred for five years. The deadlock came after nearly 2 months of discussion.

The British and U. S. governments now have agreed to continue their search for a compromise formal over the question at a conference to be held in Washington shortly, the sources added.

STRIKE ACT OUTLAWED
ATLANTA, July 11, (AP)—A law passed by the recent general assembly requiring 30 days notice of a strike in a labor dispute was held unconstitutional today by the Georgia Supreme Court.

Arthur Godfrey Admits Error Regarding Aiken's Home Town

Europe Divided Into East-West Blocs By Soviets

Russia Seen As Preparing Counter Economic Program

Radio announcer Arthur Godfrey, who on Wednesday morning announced talent contest winner Dick Aiken as from Orlando, instead of Sanford, apologized for this error, prior to introducing Mr. Aiken this morning on his final CBS Chesterfield program, told of the bunch of telegrams from Sanford residents pointing out his error, and filled the ether with information concerning Sanford as Mr. Aiken's home.

Mr. Aiken is reported to be leaving New York today and is expected to arrive aboard the Champion at the Sanford depot at 1:05 tomorrow afternoon.

Mrs. Aiken revealed this morning that D. L. Smith of the Orlando Police Reserve, who has returned from New York where he was sponsor for Mr. Aiken on the Godfrey contest, conferred in Orlando at once with CBS official Bill McBride after the Wednesday broadcast and they both telegraphed Mr. Godfrey, urging him to correct his statement about Mr. Aiken's residence in the next broadcast.

The telegrams had their effect. Mr. Godfrey mentioned Sanford about 16 times and wound up by saying to Mr. Aiken: "When you go back to Sanford, give my regards to Lester Trump of Western Union, and tell him I didn't mean it" (referring to his Wednesday statement).

Among the telegrams read by Mr. Godfrey was one by Father William Nachtraf which stated, "If you don't establish that Dick Aiken is from Sanford, will stop smoking Chesterfields."

He started reading one from Lind Weber stating that "Thousands of people in Sanford were disappointed when you mentioned Orlando as Dick Aiken's home," then stopped and asked him, "How many people are there in Sanford?"

Fifteen thousand, volunteered Dick, who went on to describe Sanford as the largest celery shipping point in the world. He revealed that he was born in Rocky Mount, N. C. home town of Klay Kyser. He then described Sanford as one of the nicest, homiest towns he had ever been in, where everybody knows what everybody else has for breakfast.

"Where is Sanford?" asked Mr. Godfrey, who mentioned in his broadcast that the only trip he had made to Florida had been a flying trip to Naples on the West Coast.

"Twenty miles north of Orlando," he replied.

Judge Considers FEC Bond Holders Plea

JACKSONVILLE, July 11, (AP)—Federal Judge Louis Strum today took under advisement a plea of first and refunding bond holders of the Florida East Coast Railway for payment of interest coupons but said he would protect them on certain funds spent by the FEC for improvements.

Acting, giving the ruling Judge Strum reserved until further notice the hearings which started yesterday.

He told FEC trustees they should spend some \$600,000 this year for additions and betterments as they asked in a petition yesterday, then said he would order a lien protecting the first and refunding bond holders to the extent of this sum which was not included in the Interstate Commerce Commission plan for reorganization.

Coal Contract Signed By Tennessee Union

KNOXVILLE, Tenn., July 11, (AP)—The Southern Appalachian Coal Operators' Association agreed today to John L. Lewis' new contract demands.

"We decided we would be within the limits of Tennessee's anti-closed shop law in signing the contract," L. C. Gunter, president of the association, announced after a meeting of the group's operators.

REDS IN JAPAN

TOKYO, July 11, (AP)—The question of Communist influence on Japanese labor organizations got a brief airing before the agrarian convention of Japan's Congress of Industrial Unions today.

RUMOR DENIED

BERLIN, July 11, (AP)—Gen. Lucius D. Clay, U. S. military governor, today denied reports published in London which stated that he had "refused" a State Department request to attend conferences in Washington to solve the question of nationalization of the Ruhr coal mines and industry.

Blanket Tax Increase For City Proposed

10 Per Cent Hike In Assessments Tentatively Decided On By Commission

A blanket increase of 10 percent on all Sanford assessments was tentatively decided upon last evening by the City Commission, which met as an equalization board, it was announced today by City Manager H. N. Sayer.

Next Monday evening the Commission, in regular session, will decide when to meet again as an equalization board, and the public will be notified of the date in order that complaints can be presented, he declared.

He pointed out, among the main reasons as to why the valuation should be increased, the fact that after making comparisons, the Commission found that assessments were only about 40 percent of the cash value of property.

Need of increased City revenue was also pointed out, especially since on Sept. 1 the interest rate on Sanford's bonded indebtedness will be increased from 1 percent to 1 1/4 percent. Total City bond indebtedness is now \$4,884,000 of which \$4,359,000 is in general bonds and \$525,000 in water bonds, Mr. Sayer revealed.

The total City assessment for the calendar year of 1946 was \$7,612,405. The 10 percent increase for 1947 will bring this assessment up to \$8,373,245. However, said Mr. Sayer, the increase in valuation will bring only an approximate revenue increase of \$12,000 to be applied to interest.

Pineapple Workers In Hawaii Go On Strike During Harvest Peak

HONOLULU, July 11, (AP)—CIO workers struck the multi-million dollar pineapple industry today at the harvest peak, but negotiations on the deadlocked wage issue continued.

Representatives of the pineapple companies and Harry Bridge's International Longshoremen's and Warehousemen's Union conferred today on the dispute late last month when some 42,000 union members.

Nathan P. Feinsinger, U. S. Labor Department conciliator, kept the negotiations going in renewed efforts to settle the long-threatened walkout in Hawaii's pineapple plantations and canneries, which employ 90 percent of the world's supply.

Acting Governor Owen E. Long announced he will appoint a fact-finding board, which, under territorial law, can do just that and no more; it has no powers to halt the strike. Long stepped out of the dispute late last month when three U. S. Cabinet members requested continued production until Feinsinger's arrival.

The ILWU said over 50 men in the warehouse and transportation division at Hawaiian Pineapple Company, Honolulu, planned a picket out at 12:01 A. M. first to answer the strike call.

General Calls Meet On Manchurian Crisis

PEIPING, July 11, (AP)—General Chen Cheng, Nationalist chief of staff, summoned North China military commanders and political leaders to a meeting today, and the Chinese press speculated that fighting in Manchuria will take a new turn.

Chen called the meeting ostensibly to outline the government's recent general mobilization order in its fight against Chinese Communists. Perhaps significantly, however, he is due to leave tomorrow for Manchuria to visit Mukden and Sipingkiang.

The situation in Manchuria has been quiet in the past week. One of the few reports of action was the Nationalist recovery of Hai Feng, 42 miles southeast of battle-torn Sipingkiang and one of two major points to which the Communists had withdrawn.

OPERATION SEMINOLE

SAN ANTONIO, July 11, (AP)—Florida will be the "enemy beachhead" when the Army, Navy and Marine practice maneuvers "Operation Seminole" gets under way in the fall.

Military commanders in conference here yesterday said that Florida would get a taste of the mock-war exercises as landing forces smash into the Gulf of the state. The operation will be a land, sea and air onslaught, with participation of the Atlantic fleet participating.

Dennis Given Year For Contempt

SECRETARY of the American Communist Party, Eugene Dennis (left), is pictured in Washington with Sigmund Eisenber, Milwaukee County Communist chairman, shortly before the former was sentenced to a year and fined \$1,000 for contempt of Congress. A decision by a Federal Court judge that grand jury witnesses might refuse to say they were Communists on grounds of self-incrimination has blocked efforts of the Justice Department to get testimony from Eisenber on the 1941 Allis-Chalmers strike near Milwaukee, Wis. (International Soundphoto)

LAKE SUCCESS, July 11, (AP)—Bulgaria accused the United States today of imperialism seeking to establish a United Nations border watch over the Balkans.

Dr. N. Mavorah, Bulgarian representative told the Security Council that such a commission as proposed by the United States would place Greece, Yugoslavia, Bulgaria and Albania "in a state of trusteeship which contradicts the principle of sovereignty."

By MAX HARRISON
LAKE SUCCESS, July 11, (AP)—Egypt demanded formally today that the United Nations Security Council order "immediate and complete" withdrawal of all British troops from Egypt and the Sudan.

At the same time the council was asked to terminate the present British "regime" in the Sudan, which long has been a source of friction between Egypt and Britain.

The Egyptian complaint was signed by Prime Minister Nokrasy Pasha and dated July 8. Nokrasy Pasha was expected to arrive here over the weekend to argue next week to present Egypt's argument personally before the council.

United Nations officials said the council could not take up the case before Tuesday at the earliest because of council rules.

The British were understood to be ready to begin the discussion immediately.

The document was handed to Ivan Kerno, assistant secretary general of the United Nations, by Egyptian ambassador to the United States. Its text was not immediately made public.

Hassan Pasha said the complaint was based on Article 35 (Continued on Page Two)

Indonesians Urged To Accept Dutch Plans

BATAVIA, Java, July 11 (AP)—Under General Hubertus J. Van Mook demanded today that the Indonesian Republic accept in full all the proposals of the Netherlands for establishing an interim government for a United States of Indonesia.

The time for decision has come," the governor general said in a radio address.

The Indonesians have accepted four of the five principal Dutch proposals, but have demanded that Indonesian police within Republican sectors be assigned to Republican agencies. The Netherlands has proposed a force of Indonesian and Dutch.

TENNIS LESSONS

Tennis instruction, provided under the City Recreation Program, will be held at the Junior High School beginning Monday morning at 10:00 o'clock it was reported today by Miss Barbara Dampler, instructor. Lessons had been given previously on the courts at the Municipal Park.

Truman Will Send Congress Special Economic Report

U.S. Shipments Of Military Supplies Start For Greece

Army, Navy Surplus Equipment Sent On "Anti-Bandit" Basis

WASHINGTON, July 11, (AP)—Dwight Griswold, chief of the American aid mission to Greece, said today military supplies valued at \$35,000,000 already are en route to equip the Greek Army and Navy on an "anti-bandit" basis.

Griswold told a news conference that the equipment now moving to U. S. ports for shipment is largely from United States Army and Navy surplus. It includes light mountain pack artillery, mules, food for troops, ammunition, and some trucks and jeeps.

Shipments of military supplies, scheduled to comprise half the \$300,000,000 aid program, probably will continue into the fall, Griswold said.

Describing the efforts to maintain security as an essential part of economic recovery, Griswold said that "it would be hard to build a bridge and have it blown up right away."

"We believe the reconstruction program will help break up the guerrilla bands," he added.

In the first break-down of aid plans, Griswold said that it is proposed to spend about \$19,000,000 for agricultural rehabilitation, \$14,000,000 for rebuilding ports, highways, and industry, \$75,000,000 for food, clothing and other civilian goods, \$3,000,000 to cope with malaria, tuberculosis, and other health problems, and \$1,500,000 to train Greek nationalists.

These amounts, Griswold said, represent contemplated dollar equivalents.

Mrs. M.E. Manning, 81 Dies In Hospital

Mrs. Mary Emma Manning, 81, died at a local hospital early this morning following a lingering illness. Mrs. Manning had been a resident of Sanford for 34 years and had made her home with her daughter, Mrs. E. A. Dobbins, on East First Street for the past seven years. She was a member of the First Baptist Church.

Mrs. Manning is survived by five children: Mrs. Dobbins, and H. A. Manning of Sanford, J. M. Manning of Chattanooga, R. A. Manning of Belle Glade and J. E. Manning of Havana, Fla., and a number of grandchildren and great grandchildren.

Funeral services will be held in the chapel at the Erickson Funeral Home on Monday afternoon at 3:00 o'clock, with Rev. W. P. Brooks, Jr., officiating. Interment will be in the Lakeside Cemetery.

Britain-U. S. Differ Over Ruhr Proposal

LONDON, July 11 (AP)—Britain tightened her atomic search precautions today.

The Ministry of Supply announced that three atomic experimental centers would henceforth be "prohibited areas" as defined by the official secrets act. Other such "prohibited areas" include the royal arsenal at Woolwich and other military establishments.

"This does not mean that we are pursuing military atomic research in these centers," a ministry spokesman explained. "However, everyone knows there is an atomic pile at Harwell and the pursuit of any atomic energy experiments leads to the production of plutonium which could eventually be put to military use."

CHINESE ELECTION

NANKING, July 11 (AP)—China's voters will cast ballots Oct. 21 through Oct. 23 for members of the National Assembly, which will inaugurate constitutional government Dec. 25, the general election office announced today. Dec. 21-23 was set for election of legislative Yuan members.

Council's Comments On Coal Contract

Effecting Living Costs Are Included

WASHINGTON, July 11, (AP)—President Truman today decided to send Congress within the next ten days a special mid-year report on the economic outlook, including the possible effect of John L. Lewis' new coal wage gains on living costs.

Presidential Secretary Charles G. Ross said this was decided at a meeting of Mr. Truman with his Cabinet. He said the consensus of the meeting was that there has been "a tendency to exaggerate the importance of the coal settlement on the overall wage picture."

Ross would not confirm reports that the council still expects, as it did in March, that a business downturn threatens, and that a noticeable decline in consumers' disposable income will have an adverse effect on jobs and production when present-breaking exports fall off.

Ross also would not confirm reports that the council advised Mr. Truman the new coal wage agreement is not far out of line with the 15-cent "pattern" established by other unions this spring, and that it need not necessitate large increases in the price of steel and other coal-dependent products.

Lewis' new contracts with bituminous coal operators, giving his United Mine Workers the highest pay in their history, were extended last night to cover anthracite mines.

The agreements provide \$1.20 a day pay boosts for 400,000 soft coal miners.

School Board Acts On Bids, Appointments

Three bids for re-roofing the Lyman School at Longwood and for converting its former work shop into a lunchroom, were yesterday received by the County Board of Public Instruction at its meeting, but were all rejected as being too high, it was reported today by Supt. T. W. Lawton.

He announced that the board will meet again next Thursday morning to review bids for this work, under revised specifications. The bid of W. T. Irwin for painting of the Hopper Academy, negro elementary school, was accepted.

Kenneth Eaddy of Bushnell was appointed as instructor in agriculture at Seminole High School, a post vacated by Alex R. Johnson, who is on leave of absence due to ill health. Mr. Eaddy is a graduate of the University of Florida.

The resignation of Edward Marshall, history teacher at Sanford Junior High School, who has accepted a teaching post in Idaho, was accepted with regret by the Board, said Supt. Lawton.

Ulray J. Thompson of Sorrento, a University of Florida graduate, was appointed to the Junior High School post vacated by Mr. Marshall.

Miss Jean Harper of Sanford, who recently graduated from Stetson University, was appointed as a South Side Primary teacher. Miss Mary Jean Bailey, also a Stetson graduate, was appointed to teach at this school, Mr. Lawton announced.

Civilian Employment Total Breaks Record

WASHINGTON, July 11, (AP)—The Census Bureau reported today that 60,000,000 civilian jobs have become a reality for the first time in American history.

The number of civilians employed, the bureau reported, jumped 1,730,000 during June over the previous record set in May to reach a total of 60,055,000.

The main reason cited was the customary upswing in farm work during the summer. The number employed in agriculture increased 1,420,000 to a total of 10,577,000. But there also was a rise of 310,000 in non-farm workers, lifting the total outside of agriculture to 49,578,000.

JENNEY'S YOU CAN AFFORD GOOD QUALITY. Some people still have the strange idea that small budgets don't entitle them to good quality. Jenney's is the very people who want ANY quality. What they want is good and satisfactory service. Every thing they buy at Jenney's is tested to make sure it will give you every day's worth of value for what you spend—less, and more!

OVER 4,000 PAIR ON SALE. NEEL HAD LOST 35 LBS. GAINS 25 ON RETONGA. 'If People Knew What Retonga Did For Me, They Couldn't Make It Fast Enough.' Decker, Will Kawan Home Owner. Talks About His Case.

At THE CHURCHES. FIRST METHODIST CHURCH. 6th Sunday after Trinity. 9:30 A. M.: Holy Communion, and sermon. The Rt. Rev. Charles H. Calhoun, retired Bishop of Puerto Rico, will minister. Holy Communion in the absence of the Rector.

Union Services. FIRST METHODIST CHURCH. A FRIENDLY CHURCH IN A FRIENDLY CITY. SUNDAY, JULY 13th — 8:00 P. M. Sermon Topic — "WORSHIP GOD" SPEAKER — REV. J. E. MCKINLEY. SPECIAL MUSIC. We invite you and your friends to call and inspect this new enterprise. OPEN FROM 8:00 A. M. TO 8:00 P. M. DAILY SECOND STREET AND OAK AVENUE

NEEL HAD LOST 35 LBS. GAINS 25 ON RETONGA. 'If People Knew What Retonga Did For Me, They Couldn't Make It Fast Enough.' Decker, Will Kawan Home Owner. Talks About His Case. Every day brings new patients for Retonga. Among the latest to give this famous medicine is Mr. W. E. Neel, who had lost over 35 pounds of his 304 East Lake Ave., Tampa, Fla. 'If people knew what Retonga did for me they could not make it fast enough,' declares Mr. Neel. 'It seemed to me that every meal I returned me with added indulgence. I would look up a hot liquid, and when I would swallow it, I would feel a warm, tingling sensation in my stomach. I sometimes felt like I would choke. I felt high strung and I got little sleep. I had to take a strong laxative every day, and often my muscles felt sore from head to foot. I lost 35 pounds and it looked like I was in bed. Retonga brought me wonderful relief. My appetite is fine, I eat everything and have regained 25 pounds. The constipation and aches in my muscles are relieved. My friends say I look like a different person. They say I look like I know about Retonga, tell them to see me.' Retonga is intended to relieve distress due to indigestion, flatulence, gas, and to soothe the stomach. It is a natural, safe, and effective remedy for all these conditions. It is sold in 25-cent and 50-cent bottles. Write for a free trial bottle to Retonga, Inc., 1111 N. Broadway, Tampa, Fla.

FRIDAY, JULY 11, 1947

BIBLE VERSE FOR TODAY

COULD THOSE WHO KNOW
YOU BEST HONESTLY COM-
MEND YOU TO GOD OR MANT
COULD YOU COMMEND YOUR-
SELF? Brethren I commend you
to God.—Acts 20:32.

Phil Barney suggests that may
be some of these Flying Saucers
we've been seeing over here lately
were Soviet Satellites.

Did you see where Enrique
Buse of Rollins captured the na-
tional inter-collegiate singles ten-
nis championship.

The Senate approves the unif-
ication of the armed forces. And
one of the best things about the
bill is that it gives the air forces
equal rank with the Army and
Navy.

We see where Princess Elizabeth
is going to marry Lieut. Philip
Mountbatten. Time was, before
the Century of the Common Man,
when folks would have been in-
terested in news like that. Or are
they now?

Someone told us the other day
that the reason the City has so
much trouble making both ends
meet is because the value of the
real estate exempt from taxation
is greater than the value of the
real estate on which taxes are
levied.

The best Flying Saucer story
we have heard yet was about the
Chicago drunk hanging on to the
corner lamp post. When asked by
a cop what he was doing, he re-
plied, "I'm waiting for that dang-
ing Flying Saucer that brought me
here to come back and pick me
up."

Thirty-nine nations have gath-
ered in Paris to study the cereal
situation throughout the world.
But our idea is that if more time
were spent in producing cereals
and less in studying how to sell
them without producing them, the
whole world would be better off.

The first worthwhile remark we
have ever heard attributed to
Andre Gromyko has to do with
Flying Saucers. He suggests they
probably come from "some Rus-
sian circus thrower training for
the Olympic games who does not
realize his own strength." We are
glad to learn the Soviet delegate
can smile.

Remember how mad we all got
when we learned for the first
time that scrap iron sold to the
Japs for years before the war
was coming back at our boys in
the form of bullets and bomb
splinters. Wonder if we'll feel the
same way about it when the oil
we are now shipping Russia is
used to fly planes over New York
harbor.

We are glad to see someone
with the courage to point out that
the more food we send abroad the
higher food prices are going to
become in this country, and the
higher food prices in this country
become the more Big Labor is
going to demand higher wages.
Emerson Schmidt, nationally fam-
ous economist, says that if the
Marshall Plan is put into effect,
"The American people have got to
recognize that through one
means or another their standard
of living must shrink." American
Liberals usually get simply furious
when anyone suggests that if we
send food to Europe, it will lower
the American standard of living.
"What do you want to do?" they
shout. "Let those poor devil
starve." No, we don't want to let
them starve, but we think we
ought to know that we can't give
away our take and have it too.

A Popular Attraction

In a recent issue of Time magazine was an article
about American zoos which we think everyone in Sanford
ought to read. Part of it is reprinted today in other columns
of this page. We think everyone ought to read it because
Sanford also has a zoo which is perhaps one of our out-
standing attractions and one which could easily be de-
veloped into one of the most popular spots in Central
Florida.

The popularity of zoos is emphasized throughout the
article when it says, "One of the biggest crowds of all
will go (on the Fourth of July) to Chicago's Lincoln Park
Zoo." "Even when the Cubs are as determinedly in the
penultimate race as they are this season, Lincoln Park has
bigger crowds than Wrigley field." "Its 1947 attendance
will probably hit 3,000,000—a new high," the United States
has "the best zoos in the world," but even before World
War I "American zoos outstripped them (the German zoos)."

The appeal of a zoo is not alone to little children. "A
zoo is many things," says Time, "For some it is still an
"intelligence park". The zoophilist can learn about the
world from the animals he sees. For others it is a menagerie
and circus.

"It is a place for lovers, walking in hand; a place for
old men to sit in the shade; a place for children and
their inextinguishable search for knowledge."

"On a hot summer day, it is a place to feel cool by
watching the seals slither through the blue water. Looking
at the monkeys, a zookeeper can conclude that they resemble
the family in the apartment downstairs—or a family un-
comfortably like his own. Looking at a tiger, he can feel
weak, unarmed and humble; at a gorilla, helpless; at an
echidna, vastly superior. Zoo men have their exhibits on
the proposition that if the proper study of mankind is man,
a subsidiary and equally wholesome occupation is the con-
templation of the lower animals."

Sanford has a creditable zoo already. In winter, visitors
throughout this part of the state often drive many miles
to spend an hour or two watching the animals. But it could
be vastly improved at very little expense. Adjacent land
could be added to it, doubling its present size. A lion island
could be built, much like Monkey Island, but larger, so
that the lions would not have to be kept in cages but could
be seen at large almost as if in their natural habitat. Many
strange and interesting animals which the present zoo
does not have could be procured.

Sanford could easily develop its zoo into a tourist
attraction comparable to Silver Springs at Ocala or the
Marine Studios at Marineland where many thousands of
winter visitors stop each year.

Inviolable

The permanent capitol of the world, otherwise known
as UN Headquarters occupying a site covering six blocks
in New York City, has been granted inviolable status, Sec-
retary of State Marshall having signed the agreement with
the United Nations.

This means that this district will be like the foreign
embassies in Washington in that it is outside the legal juris-
diction of the United States. Unlike the embassies, which
are controlled by their respective nations, UN Headquar-
ters is under the jurisdiction of the secretary-general of
the United Nations. This agreement is subject to approval
by the General Assembly of the UN and by the United
States Congress. It also provides that the UN "shall prevent
the Headquarters district from becoming a refuge for per-
sons seeking to avoid arrest, extradition, or service of legal
process."

In a practical sense the inviolability of the district
consists of the fact that the Headquarters has its own
police and other law-enforcement agencies, and that no
official duties may be performed there by Federal, state
or local enforcement agencies except by permission of the
secretary-general.

The center of gravity of the political and economic
world has shifted to the western hemisphere. However
inviolable the status of the UN Headquarters may be,
the mere physical fact of its establishment here has great
weight and influence.

Dewey And Blaine

That Gov. Thomas E. Dewey of New York is a candi-
date for the Republican presidential nomination, is hardly
news. Almost as well advertised is the fact that the
Republicans have never renominated a defeated candidate.
The argument is then advanced, "What has been, will be,"
which would give Dewey no chance.

There was one case, however, when the Republicans
were anxious to rename their defeated nominee of four
years before. In the '80's James G. Blaine of Maine was
the party idol. Twice almost nominated, he made the grade
in 1884, only to lose the election to Grover Cleveland.
When the 188 convention approached, Blaine could have
the nomination for the asking.

His party enemies had become silent, and no other
candidates had more than local support. All that was
needed was Blaine's own consent, but that was lacking.
Always anxious over his own health and chagrined over the
widespread bolt that had beaten him in 1884, Blaine refused
to try again. All efforts to move him failed, and finally his
friends reluctantly adopted his suggestion that they choose
Benjamin Harrison.

The supposed Republican precedent of never wishing
to renominate a loser has therefore not always operated.
Dewey, however, is not so clearly head of the party as
Blaine was; he may find the 1948 going hard.

American Zoos TIME MAGAZINE

If the weather this Fourth of
July weekend is warm and sunny,
the U. S. people will go to their
zoos by the hundreds of thou-
sands. From New York's 281-acre
Bronx Zoo to San Diego's mag-
nificently landscaped Balboa Park,
they will wander along the tree-
shaded walks, peering into cages,
gawking over moats, throwing
peanuts to the elephants and pop-
corn to the bears, jolling, sweat-
ing, drinking, eating—enjoying, in
universal of summer pastimes.
sum, what is one of the most
One of the biggest crowds will
go to Chicago's Lincoln Park Zoo,
a 19-year-old institution, rich in
legends of staged animals (two of
its sea lions once flopped into a
North Clark Street saloon), and
one of the chief ornaments of
Chicago's lake-land front. The
Lincoln Park Zoo is not the na-
tion's biggest, or even its best.
But it has one great advantage:
it is small, compact, set off by
lawns and gently rolling lawns,
and is easily accessible because
of its location, it consistently out-
draws Chicago's bigger, more mod-
ern Brookfield Zoo, which lies 13
miles southwest of the Loop. Even
when the Cubs are as determined-

It is a place for lovers, walking
hand in hand; a place for old
men to sit in the shade; a place
for children and their insatiable
search for knowledge.

On a hot summer day, it is a
place to feel cool by watching the
seals slither through blue water.
Looking at the monkeys, a zoo-
keeper can conclude that they re-
semble the family in the apart-
ment downstairs—or a family un-
comfortably like his own. Look-
ing at a tiger, he can feel weak,
unarmed and humble; at a gorilla,
helpless; at an echidna, vast-
ly superior. Zoo men have vast-
ly their exhibits on the propo-
sition that if the proper study of
mankind is man, a subsidiary and
equally wholesome is the contem-
plation of the lower animals.

Across the Land, U. S. zoo-
keepers are lucky; they have the best
zoos in the world. Once the Ger-
mans ranked the field, but before
World War II the Americans had
outstripped them. Few cities of
any size are without a zoo of
some sort and even the whistle
stops have their single cages with
a moth-eaten bear or a few mon-
keys.

Of the big zoos, each has its
points of superiority. The Bronx
is the biggest anywhere. Little
open-air tractor trains, salvaged
from the 1939 World's Fair, help
visitors get around its spacious
preserves. The Bronx has the great-
est variety of species, and some
of the greatest oddities. Its hon-
oring a reddish antelope with white
rings around its middle, is the only
one in captivity. Its okapi, built
like a giraffe in front and a zebra
behind, is the only one in the U.
S. This spring the Bronx made
a big splash with the importa-
tion of three duck-billed platy-
puses, the first to be brought to
the U. S. from Australia since
1922.

Philadelphia's zoo, founded in
1859, claims to be the oldest in
the land. Chicago's Brookfield,
opened in 1934, is the newest of the
big zoos; it emphasizes quantity
—49 kangaroos and an antelope col-
lection of 29 species. St. Louis,
where Perkins was trained, has
the most showmanlike zoo, with
elaborate daily performances by
trained chimps, elephants and li-
ons.

At the Cincinnati Zoo, over the
din of squeaking birds and roar-
ing cats, grand opera is performed
nightly in midsummer. Washing-
ton's National Zoo is notable for
the contributions it gets from the
White House—Teddy Roosevelt
gave it a Somali ostrich, Calvin
Coolidge a pigmy hippo, Franklin
D. Roosevelt an Archangel pigeon.

The San Diego Zoo permits wal-
king through its exhibits. It has
the most showmanlike zoo, with
elaborate daily performances by
trained chimps, elephants and li-
ons. At the Cincinnati Zoo, over the

Social And Personal Activities

Social Calender

FRIDAY
The Townsman Club will meet in the Tourist Center at 8:00 P. M. with H. G. Lundquist, president, presiding. Buddy Hayes of Orlando, president of club No. 2, will be present and speak of the convention held in Washington. All members and friends are invited. Refreshments will be served.

MONDAY
Circle No. 10, Women's Society of Christian Services, of the First Methodist Church will meet with Mrs. L. M. Swain, 1109 East Fourth Street, at 8:00 P. M.

The circle of the Women's Missionary Union of the First Baptist Church will meet at the following places at 3:30 P. M.: No. 1, church annex, Mrs. C. S. Shepard and Mrs. C. A. Anderson as hostesses; No. 2, Mrs. A. K. Rosetter, Celery Avenue; No. 3, Mrs. A. C. Madden, 701 Magnolia Avenue; No. 4, Mrs. S. C. Dickerson, South Sanford Avenue; No. 5, church annex; No. 6, Mrs. Joder Cameron, 714 Laurel Avenue.

Circles of the First Presbyterian Women's Auxiliaries will meet as follows at 3:30 P. M.: No. 1, Mrs. W. E. Dodson, chairman, with Mrs. H. C. DuBose, 600 Oak Avenue; No. 2, Mrs. C. E. Ginn, chairman, with Mrs. J. E. Munger, 917 Geneva Avenue; No. 3, Mrs. W. D. Hoffman, chairman, with Mrs. Edward McCall, 606 East Fourth Street; No. 4, Mrs. J. C. Hutchison, chairman, with Mrs. J. C. Hutchison, Indian Mound Village; No. 5, Mrs. D. B. Middleton, chairman, with Mrs. Charles T. Lawson, Cameron Avenue; No. 6, Mrs. H. H. McCall, chairman, with Mrs. Harry Woodruff, 519 Oak Avenue; No. 7, Mrs. W. J. Roche, chairman, with Mrs. Arthur Moore, 1218 Oak Avenue.

TUESDAY
The R. W. Ware Bible Class of the First Methodist Church will meet at the home of Mr. and Mrs. H. T. Warren, 1012 Magnolia Avenue, at 7:00 P. M. Each lady is asked to bring a covered dish. Meat, rolls and drinks will be provided by the hostesses, Mrs. Warren, Mrs. C. E. Williams and Mrs. C. L. Wynn.

Terwilligers Honor George D. Bishops

Mr. and Mrs. George D. Bishop, Jr. who were recently married, were honored last evening at 7:00 o'clock with a buffet supper given by Mr. and Mrs. Clyde B. Terwilliger, Jr. at their home in Loch Arbor. The rooms of the Terwilliger home were decorated with large arrangements of vari-colored sinlans.

Guests gathered in the living room and the long porch overlooking the lake and cocktails were served preceding the supper.

Mr. and Mrs. Terwilliger presented the honored couple with an attractive aluminum and china supper tray.

Those invited to be with Mr. and Mrs. Bishop were Mr. and Mrs. Douglas Stenstrom, Mr. and Mrs. Henry Wight, Mr. and Mrs. L. B. McLeod, Jr. of Orlando, Mr. and Mrs. Peter Tepsir, Mr. and Mrs. L. B. Michaels of Orlando, Mr. and Mrs. Dale Scott, Jr. Mr. and Mrs. David Smith, Mr. and Mrs. Sam Martina, Mr. and Mrs. B. L. Perkins, Jr., Dr. and Mrs. Clyde Terwilliger, Sr., Capt. and Mrs. Frank Ray, Mrs. M. S. Nolan, Miss Elizabeth Whigham and Lester Guthrie.

Personals

J. W. Minarik of Miami is visiting Mr. and Mrs. Michael Minarik at their home on Park Avenue.

Mr. and Mrs. Harry Joe Minarik and young daughter, Ann, of Atlanta are the guests of Mr. and Mrs. Michael Minarik.

Dick Aiken will arrive tomorrow from New York City where he participated in and won first place on the Arthur Godfrey program.

Mrs. E. B. Taylor and granddaughter, Sheryl Hodges, have returned from various points in Alabama where they spent about 12 days.

Mrs. G. H. Wynn and daughter, Patricia, Mr. and Mrs. Paul Gill of Jacksonville are the guests of Mr. and Mrs. Harry Woodruff.

Charles Ryan of Palatka is the guest of Mr. and Mrs. A. B. Mahoney at their home on Park Avenue.

Friends will regret to learn that Victor Green received word today of the death of E. D. Green in Nashville, Tenn. He had lived in Sanford from 1923 to 1930 and was a World War I veteran and a member of the American Legion. His death followed a long illness.

Dr. and Mrs. Clyde Terwilliger of Del Ray Beach and Mrs. Terwilliger's sister, Mrs. M. S. Nolan, are the guests of Mr. and Mrs. Clyde Terwilliger, Jr. at their home in Loch Arbor.

Friends will regret to learn that Mrs. Lind Weber is confined to her home at the Mayfair Inn with a broken foot. Her children, Dickie and Lind, Jr. are also ill with influenza.

Tyrone Power isn't set on where to vacation after "Nightmare Alley," but he thinks he'd like to devote to his other activities.

Alan Ladd fans will be surprised to hear him sing "Tillhance" in "Variety Girl" with Dorothy Lamour. The Ladd has a fine voice but Paramount has never let him exploit it because it might detract from his rep as a tough guy. The studio doesn't want to risk the high-earning power of his hard-boiled films.

George Jessel and 20th-Fox signed a new deal with which the producer is very happy. It gives him six months off each year to devote to his other activities.

Joan Crawford goes back to Warners after "Daisy Kenyon" for one of three stories Jerry Wald is preparing for her. "I'd like to do something very dramatic," she said as she went riding away in her portable dressing room.

Frank Sinatra drops the interesting news that "Miracle of the Bells" will be the first picture he has started with a finished script. His current epic, "The Kiss of Bandit," has been shooting 50 days and still is in the writing mill.

Dorothy Lamour is pleased with her Sunday air show for Army recruiting and would like a regular program after her 13-week stint for Uncle Sam. That would be a headache for the production boss of a "Road" picture, three stars with radio shows.

Shirley Temple wants to do a musical but boss Selznick says nix. Sonja Henie's latest date is Michael North. Tex Beneke is talking about making his own film.

Robert Taylor reports he was up saucer-searching in his plane. He thought he spied one and fired up the coast to find a cloud.

"The Hucksters" is a good movie from a mediocre novel. The tale has been vastly improved and it becomes a logical love story as well as a lusty exposure of public advertising. It is a thorough delight to see such good pictures making again. Clark Gable gets the kind of role and pictures he deserves, and he's aided by the coolly beautiful Deborah Kerr. The part of soap tycoon Evans J. Evans is tailor-made to Sydney Greenstreet's ample measurements.

Lad, Expected To Die, Has Sixth Birthday

CHIEYENNE, Wyo., July 11 (AP)—Forest (Nubbins) Huffman, who touched the heart of a nation at the 1944 Christmas season, is six years old today.

His mother baked a cake, but here was no party for the youngster who celebrated his Christmas Nov. 19, 1944 for fear he would not live until Christmas day.

"Yes, Nubbins has a cake, but he still isn't able to play with other children," said his mother, Mrs. Marshall Huffman. "His physical condition doesn't improve much and he just can't stand the excitement of a party or other youngsters."

An operation for relief of a bladder obstruction gave the child a chance to enjoy the presents received from all parts of the United States at his early Christmas three and a half years ago.

Mrs. Huffman said, however, that Nubbins' blood pressure continues high and he must be kept on a strict diet. He is checked by a physician once a month.

"He's happy, though," Mrs. Huffman said, "and has learned to play well by himself. He insists he wants a sister and we're hopeful that some day he will have one."

LITTLE Joanne Messer, 2½, Newark, N. J., hugs her baby sister, Sharon, four months old, as her mother, Mrs. Catherine Messer, fondly watches. Joanne, sensing something amiss when Catherine suddenly stopped crying, rushed to the infant's crib to find her smothering under the blankets. The fast action of a police officer in applying artificial respiration restored the baby to consciousness. (International)

America Scene Is Highlighted By Contrasts

By HAL HOYLE
NEW YORK (AP)—If you aren't taking a vacation in America this year you're missing the biggest sideshow in the world. It's a 48-ring show without tents.

For eight months I've been going around the country with red and reel and a two-fingered typewriter, and had more fun than a duck in a cloudburst. I've come across about everything but a "For Rent" sign.

You don't have to leave America to see the world. It's got all the postcard material the rest of the countries have, put together, all the languages, all the landscapes. And the tourist enjoys one pleasure he won't get abroad. If he's gyped, it's in his own slang. It's more fun to know how it happened.

The mountains, the deserts and the plains of this vast country may wear you down, but you never can get tired of the people. Not if you keep moving anyway. There is always a different breed with a fresh accent and viewpoint down the road a piece.

And you learn all manner of odd things, whether you hitchhike or go by your own airplane. For example:

There are better yodelers in Wisconsin than Switzerland. (The Swiss in Switzerland are going in for dance bands.)

You can get a "Kansas City steak" easier in New York or San Diego than you can in Kansas City.

"If you ask for orange juice in St. Louis, they squeeze it out of the orange. But if you ask for it in Florida or California, where oranges grow, they are more likely to pour it out of a can."

The best way to tell a good hotel is to ask: "Do you have one-day laundry service?"

Long distance bus drivers are pretty courteous to women passengers, but have few kind words for men riders.

The things a pullman conductor hates worst for you to ask are: (1) "Wind down in this," and (2) "Are we in time?"

Mockingbirds stay up later than the millionaires in Santa Barbara. Sing better, too.

There is no such thing as a perfect climate. The best place for all-around living is where you can find the most friends.

The people love to eat in North is the habitat of the Venus flycatcher, nature's own DDT against insects.

Kansas is exporting her sons as well as her wheat to other states. The government wants to keep the sons at home.

The most helpful taxicab drivers are in Los Angeles, where they earn their tips by service. The

least helpful to a customer with luggage are Manhattan cabbies. They think their conversation is worth a tip. Often it is.

The most genteel agriculturists are the movie producers in San Fernando Valley. "Tomatoes cost a buck apiece to grow," one told me proudly.

But what interests you most about travel in America is the pattern in perpetual flux, is the endless incongruity you meet.

Let me give you an example. If England, Germany or Russia passed a prohibition law, a certain percentage of people still would drink, whether or not heads rolled in penalty and prisons filled. But I doubt if they'd get around the statute this way:

In dry Oklahoma I saw a prominent host whose supply of liquid refreshment party was running low go to the phone and call up the chief of police.

"Chief, where's the best place in town to buy a quart?"

And he got the answer he was after. That may be a bad moral situation, but it points up one thing in America. Folks largely get what they want, whether it's good for them or not.

During World War II four out of five cotton spinning machines outside the United States were either cut off from cotton supplies entirely or reduced to producing a mere fraction of their capacity.

Hollywood

HOLLYWOOD, July 11 (AP)—John Garfield is completely free to set his own course these days and among his ambitious plans is the filming of "Volpone" in its authentic setting, Venice, Italy.

John is leaving for Europe after he finishes "Gentlemen's Agreement" and he told me his prime mission is to make arrangements for shooting the Ben Jonson classic abroad. John will play Mosca in the Enterprise film and he hopes to get Charles Laughton for the title role.

Garfield said Enterprise officials consider him as the "Deanna

Durbin" of the new company. That means they think his film, "Body and Soul," will pull the studio out of the red, as the chipper did for Universal years ago.

George Jessel and 20th-Fox signed a new deal with which the producer is very happy. It gives him six months off each year to devote to his other activities.

Alan Ladd fans will be surprised to hear him sing "Tillhance" in "Variety Girl" with Dorothy Lamour. The Ladd has a fine voice but Paramount has never let him exploit it because it might detract from his rep as a tough guy. The studio doesn't want to risk the high-earning power of his hard-boiled films.

Tyrone Power isn't set on where to vacation after "Nightmare Alley," but he thinks he'd like to devote to his other activities.

Joan Crawford goes back to Warners after "Daisy Kenyon" for one of three stories Jerry Wald is preparing for her. "I'd like to do something very dramatic," she said as she went riding away in her portable dressing room.

Elizabeth And Philip Relax After Furor

LONDON, July 11 (AP)—The world's most celebrated engaged couple, Princess Elizabeth and Lieut. Philip Mountbatten, relaxed in typically sedate English fashion today after the strenuous social whirl that followed the announcement of their betrothal.

With the King, Queen and Princess Margaret, Elizabeth and Philip went to see the annual Harrow vs. Eton cricket match.

Mountbatten, who has been staying at Buckingham Palace since shortly before the engagement was announced Wednesday night, was expected to spend the weekend with the royal family at Windsor castle.

BIBLE SCHOOL CONTINUES

The "Troop School For Christian Soldiers," Vacation Bible School now being conducted at the Christian and Missionary Alliance Church, will continue through Friday of next week. Classes are held daily 9:30-11:30 A. M. Children, not enrolled for the first week, are invited to enroll on Monday for the second week of the course. More than 90 have been enrolled during the past week, according to the pastor, Rev. Glenn E. Smith, who directs the school.

WTRR Will Broadcast Neill Powell's Music

The music of Neill Powell and his orchestra will be broadcast over station WTRR during the dance being held by the Sanford Bath and Tennis Club on Saturday night at the Mayfair Inn. Dancing will begin at 9:30 and last until 1:00 A. M. and members and their guests will be interviewed over the station during the evening. Following the dance an early morning swimming party will be held and breakfast served.

Celery Feds Move Into Fifth Place In League Standings.

Bill Stanton Hurls 11 To 2 Victory Over G's; Pirates Play Here Tomorrow

By ARTHUR BECKWITH, JR., Herald Sports Editor.

The Sanford Celery Feds are really soaring in fifth place in the Florida State League standings as the result of last night's 11 to 2 victory over the Gainesville G-Men.

A check of the Celery Fed records yesterday afternoon proved that the Feds had won one more tilt than was credited them in the standings, and they had lost one less than had been chalked up, therefore before last night's tilt the locals had won 85 games and lost 44 instead of having won 84 and lost 45.

The victory over the G's placed the Murawmen two full games ahead of the sixth place sagging Leesburg Pirates who dropped a tilt to the Orlando Sena yesterday.

Mason Leeper, G-Man port-lidger, issued 19 free tickets to Sanford batters to chomp up a new league record for bases on balls issued by State League chumps.

Big Bill Stanton worked on the hill for the Sanford aggregation and scattered effectively eight Gainesville bingles and was in trouble only once, in the sixth frame, when the G's scored their only two runs.

Leeper was in hot water from the opening gun. He issued three free tickets in the first frame, and coupled with two safeties, one by Ralph Batterfield and another by Martin Zuba netted the Sanfordites three tallies and the ball game.

The Gainesville left-hander's own wildness was a large contributing factor to his downfall. In the fourth canto he issued two walks and was nicked for a base knock while he was uncorking two wild pitches allowing two runs to cross the platter.

Tonight the Feds meet the University City nine at Harris Field for a return engagement.

Tomorrow evening the Feds entertain the Leesburg Pirates at the Municipal Park in a single tilt.

No scheduled contests will be played Sunday afternoon since the Florida State League All-Star team will meet in St. Augustine at 3:15 o'clock.

Monday evening the Orlando Senators will invade the local ball orchard for a possible double header, since the Senators and the Feds have two rain-out tilts to be played at the Municipal Park.

Ancient City Nine Increases FSL Lead By Win Over Deland

The St. Augustine Saints increased their lead in the Florida State League standings last night, when they trimmed the collar-dwelling Daytona Beach Islanders by a 6 to 4 margin.

Joe Jones, Orlando Senator right-hander, limited the hapless Leesburg Pirates in two bingles in coping a 6 to 1 decision to speed their dive down the ladder in the State League.

The Palatka Azaleas were forced into the tenth canto to edge the Deland Red Hots, 4 to 3.

Bill Steinecke Names Tom Hyde To Start For Vets

SILVER SPRINGS, July 11, (Special)—Tommy Hyde, Orlando's prize left-hander, will start against Grover Hartley's "All-Rookie" all-stars at Francis Field next Sunday afternoon for Bill Steinecke's "All-Veteran" all-stars. It was announced at league headquarters here this morning.

Steinecke, whose personal popularity around the Florida State League was attested by the fact that he won top honors in the fans' balloting for three positions, selected Hyde over Gainesville's sensational Mason Leeper, the G-Men's George Felix and Jack Bumgarner of Leesburg, but indicated that the latter three "will work the moment they're needed."

As was expected, Steinecke handed the clean-up slot to Myril Hoag, currently the hottest player in the circuit. Hoag was leading the league at midnight Wednesday with a .358 average, and had won 11 out of 18 starts to top the pitchers. Unless the roof falls in on Steinecke's staff of four, Hoag will confine his all-star game activities to the outfield, perhaps turning part of the job over to utility player Johnny Theald, one of the most popular all-around players in the league.

Lyle Judy, St. Augustine second-batter and his club's only .300 or better batter, will lead off as has been his custom for the Saints all season.

His team-mate, Art Stillwell, will follow him as catcher, and a third Saint, the ever reliable Jack Wilkes will hit third. Wilkes has had few equals in league history, Steinecke claims, and he anticipates that the burly veteran will be at peak form for the only exhibition contest of the loop season.

Ever popular Buddy Lave, the 1941 batting champion, will follow

Hoag, and will play right-field, while Mario Perez, Deland first-sacker will hit behind Lave.

Leeper is the only other all-star representative, Bill Good, will play short and but seventh, followed by Stan Karpinski, St. Augustine's fleet-footed veteran who will patrol left field. Hyde will hit ninth.

Wednesday midnight, the veteran all-star starters had a season's average of .284, compared with the rookie all-stars' season average of .275. Hoag was hitting .367, Judy .319, Lave .290, Perez .279, Stillwell .277, Karpinski .274, Wilkes .263, Good .252. Utility man Theald was hitting .218.

An unscheduled factor that this morning had some observers believing that the "rookies" would more than hold their own with the "veterans" is the fact that Gainesville and St. Augustine, now waging a bitter fight for first place, are slated to meet in a double-header in Gainesville tomorrow. One game will start at 3 and the second at 8:15.

Whether or not the all-star "veterans" Judy, Wilkes, Stillwell, and Karpinski, will have recovered from that ordeal in time to be at their best against such young "rookie" stars as Gainesville's Dave Burke, Bob Thorpe, Glenn Lophart and Tom O'Callaghan, not to mention any of the other all-star "rookies" is a matter that won't be settled until late Sunday afternoon at St. Augustine's Francis Field. Game time Sunday is 3:15, and in case of rain, it will be played Sunday July 20 at 3:15.

President Al Combs announced last night that the umpires for the All-Star tilt would include Winston Hillion contest of the loop season.

Ever popular Buddy Lave, the 1941 batting champion, will follow

Connie Mack Praises "Comeback" Of Black In Tossing No-Hitter

By LARRY MARTHEY CLEVELAND, July 11, (AP)—The motto of the baseball world today should be "Hate off-to-whoever was responsible" for Don (No-Hit) Black joining the Alcoholic Anonymous, declares venerable Connie Mack of the Philadelphia Athletics.

The Cleveland Indians hurler, who soared to diamond fame last night with a 3-0 no-hitter over his former Philadelphia teammates, was "at the end of the baseball trail a year ago, cast off to the minors for keeps, before he joined that fine organization, said Mack's former boss.

"He pitched a wonderful game," Connie smiled, adding with a calm smile, "As we didn't make any runs, I'm rather pleased that he was able to pitch a no-hitter."

"I was especially glad for Don because, well, you know, he's taking better care of himself these days," Connie smiled, adding this masterful understatement: "He dissipated quite a little when he was with us."

"Whoever was responsible for Don joining the Alcoholic Anonymous, I say 'all hats off to him.' In the dressing room at the other side of Cleveland's huge stadium, Mack was the first to surge with his grey-thatched former manager.

"If it wasn't for joining the A.A.s," he said, after the first happy moments of celebration had ticked away, "I never would have pitched that game."

In hurling the first no-hitter in his career in the American League since his teammate, Bob Feller, held the New York Yankees hitless and runless, April 30, 1946, Black fanned five A's, issued six bases and faced 32 batters.

Joe (Clash) Gordon moved into a corner of Mack's spotlight, with a sensational running catch in the third inning which eventually saved the no-hitter.

For a flakier pie crust, give pastry dough the "chill" treatment. Not only should shortening be cold and water ice cold, but chill the dough before baking.

Another quarterfinal will see Sidney Schwartz of Brooklyn of a third round match between Billy Long and Marvin Martin of New York.

RAY ROBINSON HAS FOUGHT OUT OF COMPETITION

WASHINGTON, July 11, (AP)—The National Boxing Association said today that welter champ Ray Robinson has joined Joe Louis in fighting himself plumb out of competition.

The NBA's quarterly ratings listed "none" after "logical contenders" in both the heavy weight and welterweight divisions.

The ratings follow:

Heavyweight: Champion, Joe Louis; logical contenders, none; outstanding boxers, Joe Walcott, Tony Lister, Elmer Ray, Tami Mauriello.

Light heavyweight: Champion, Gus Lesnevich; logical contender, Eszara Charles; outstanding boxers, Billy Fox, Archie Moore, Tommy Yarro.

Middleweight: Champion, Tony Zale; logical contenders, Rocky Graziano; outstanding boxers, George Abrams, Bert Lottel, Steve Belloche, Chuck Hunter, Charlie Lulev.

Welterweight: Champion, Ray Robinson; logical contender, none; outstanding boxers, Jimmy Bell, Tony Felton, Tony Feltone, Charles Fusari.

Lightweight: Champion, Leo Williams; logical contender, Bob Montgomery; outstanding boxers, Enrique Bolanos, Gene Burton, Larry Cisneros, Vic Patrick, Johnny Bratton.

Featherweight: Champion, Willie Pep; logical contenders, Miguel Acvedo, Carlos Chavez, Charles Riley; outstanding boxers, Phil Terranova, Jack Leslie, Al Phillips, Cliff Anderson, Joe Sandy Sandler.

Bantamweight: Champion, Manuel Ortiz; logical contender, Harold Daulton; outstanding boxers, Koi Kong Young, Peter Kane, Luis Galvani, Luis Castillo, Theo Medina.

Flyweight: Champion, Jackie Paterson; logical contenders, Dado Marino, Rinty Monaghan; outstanding boxers, Emilio Farneson, Joe Curran, Mickey Mill, Dickie O'Sullivan.

A shortage of Vitamin A in the diet weakens eyesight and increases night blindness.

Sewanee Gets New Assistant Mentor

SEWANEE, Tenn., July 11, (AP)—John Bridgers, of Auburn, Ala., will come to the University of the South, Sewanee, in September as an assistant football coach, Athletic Director Clark said today.

Bridgers, an army veteran, was an outstanding athlete at Ramsey High School, Birmingham, and at Alabama Polytechnic Institute.

Eastern Boys' Tennis Tourney Will Begin Again This Afternoon

BROOKLYN, July 11, (AP)—The rain-plagued Eastern Boys' and Juniors Tennis Tourney at Poly Frey was scheduled to resume today, with two Floridians emerging in one of the top-notch junior singles quarterfinals.

Buddy Behrens of Fort Lauderdale, seeded no. 1, will play Gerald Montsalvatge of Coral Gables, Fla.

Another quarterfinal will see Sidney Schwartz of Brooklyn of a third round match between Billy Long and Marvin Martin of New York.

22 No-Hitters Have Been Tossed In 1947

COLUMBUS, O., July 11, (AP)—The 52 Minor League baseball clubs in the United States have produced 22 no-hitters this season, nine of them in June, the National Association of Professional Baseball League's office disclosed today.

Public Relations Chief Roger Nelson listed the "perfect game" by Carl Deroso of Kansas City's American Association club as the headliner, although two other "perfect" tilts had been turned in previously.

Deroso's performance against the Minneapolis Millers, June 26, marked the first in Association history that a pitcher faced only 27 batters and didn't permit a man to reach first.

Czech Withdrawal From Meet Seen Not Surprising

By J. M. ROBERTS, JR.
AP Foreign Affairs Analyst

Indications that the Czechs suddenly underestimated their ability to independently of Moscow when they said they would attend the Paris economic conference comes as no great surprise. Explain what imagination to explain what happened. Although there have been heavy statements in Prague, recently how there would be no point about how they are getting along all right with Russia, how there would be no point in Russian interference with their internal affairs and how they could associate normally with the West without interfering with their loyalty to their Russian neighbors, everybody knew better. As I said Tuesday, the captive states could not have met the cooperative requirements to be laid down in Paris without disrupting the Russian bloc.

There never was any chance that Russia would let them participate, except the slight one that she might keep one finger in the Marshall plan for disruptive purposes. The Czechs are too honest to be useful in such a scheme. If Russia intended something like that, Poland or Yugoslavia would have been a better agent.

Just as Berlin used to call the central European diplomats in to get their directions during the heyday of Adolf Hitler, so the Czechs were summoned to Moscow for a "conducted tour" led by their Communist premier. The idea conveyed to them probably went something like this:

"Don't you know those western powers intend to enslave you. They'll lend you money so you can buy their goods at a nice price and then let you repay the money with interest. On the other hand, we're going ahead with the 'Molotov plan' for Eastern Europe. There'll be pie in the Eastern sky bye and bye, but these

Reporter Discovers Official War Secret In California Resort

OAKLAND, Calif., July 11 (AP)—One of the best kept secrets of the war, almost within sight of the skyscrapers of Oakland and San Francisco, came to light yesterday.

It was a prisoner of war interrogation center for high ranking German and Japanese officers at the widely known resort of Byron Hot Springs, 14 miles from Tracy in neighboring Contra Costa county.

Not even now, three weeks after the resort was turned back to its original owners; would the Army or Navy do more than admit hearing of the interrogation center.

It was learned officially, however, that the entire operation was directed from Washington, with district intelligence officers barred.

Since 1942 the concrete and brick hotel had been isolated, and all traffic on the Byron-Tracy highway carefully screened.

The top two floors of the resort hotel offered eloquent testimony of their use as the grounds were again opened following the recent withdrawal of military guards.

Gaping holes in false ceiling disclosed a network of wires, ostensibly for concealed listening devices, while false partitions provided listening space behind walls.

Windows were of barred steel and wired glass construction. Doors carried heavy locks and bolts. It was understood that there were never more than 90 prisoners at any one time. The Japanese officers, it was indicated, were permitted to make use of the hot mud baths for which the resort is famed.

So secret was the center that not even neighboring ranchers and residents knew about it.

Its disclosure came when a newspaper reporter for the Oakland Tribune passed the report and noted the open gates. Driving in to see if the resort was to reopen, he was told by caretaker Earl T. Orrer that he was the first casual visitor to enter "since 1941."

Orrer said the military guards had departed only recently and that the original owners had taken over just three weeks ago.

Joining hands and smiling jovially at Lake Success, N. Y., are (l. to r.): Andrei Gromyko, U. N. Soviet delegate, Henry A. Wallace, former vice president of the U. S., and Herschel Johnson, U. S. delegate to the U. N. Speaking to the Security Council, Gromyko asked that all foreign military personnel and troops be withdrawn immediately from Greece. (International)

7 Nazi Scientists Working For U.S. Navy

LOS ANGELES, July 11 (AP)—The Los Angeles Times published a story today saying that seven German scientists, experts on Nazi secret weapons in World War II, are now working for the U. S. Navy under voluntary contracts at the guided missile test center at Point Mugu, Calif.

The Times said that the exact nature of their work was not disclosed but that they are completing wartime projects begun for Hitler. They are not permitted to work on new Navy developments in the field of "push-button" warfare, the story said.

The application of the science of chemistry to glass making dates back less than a century.

Yearly Citrus Report Made By Department

WASHINGTON, July 11 (AP)—Growing conditions for the 1947-48 citrus crop have been "satisfactory" in most citrus areas, the Agriculture Department said today.

The reported conditions of oranges average 71 percent for the United States on July 1 compared with 80 on the same date in 1946 and the 10-year average of 74.

Grapefruit condition averaged 69 percent on July 1, 67 percent last year and 64 percent for the previous 10 years.

June weather in Florida was favorable for development of the new citrus crop Texas citrus crops were in generally good condition on July 1, and California conditions are generally favorable for the new crop.

The department said total orange production from the 1947-48 crop estimated at a record of 13,000,000 boxes 13 percent more than the 1945-46 crop. Early and mid-season varieties totaled 53,000,000 boxes and Valencia 60,000,000.

Grapefruit production for 1947-48 is estimated at 61,410,000 boxes and lemons at 14,100,000 boxes.

CURFEW CONTINUED

MANILA, July 11 (AP)—A ban on all U. S. Army personnel movements in and out of Clark Field here and Camp Angeles in Pampanga between 7:00 P. M., and 6:00 A. M. imposed after shooting incidents, will continue for an indefinite period, the Philippines-Ryukyus command announced today.

Other fellows are heading for a big bust. And just for emphasis, there may have been something in the Kremlin air that whispered:

"And don't forget, we've been letting you boys parade around in the clothes of independence. But if you're going to start breaking windows it'll be stripes for you, and a seat with the Hungarians."

This may, of course, be unjust. The Czechs might have been given huge new Russian orders for their products, might have been convinced that their new economic ties with the Soviet are more profitable than resumption of the rich trade.

Senate Approves Income Tax Slash Measure By 60-32

Two-thirds Majority Falls By 2 Votes: Special Session Is Not Anticipated

WASHINGTON, July 14 (AP)—The Senate passed the \$4,000,000,000 income tax reduction bill today, sending it to the White House where a certain veto awaits it.

The vote was 60 to 32, which was two short of the two-thirds margin the supporters of the cut would have to run up in order to make the bill law over President Truman's objections.

WASHINGTON, July 14 (AP)—The Senate today rejected a proposal to amend the \$4,000,000,000 income tax cut bill by permitting husbands and wives in all states to split their income tax purposes.

The amendment, offered by Senator McClellan (D-Ark.) and 23 other senators, lost 52 to 40 on a roll call.

Several other amendments remained to be disposed of, but Senator Millikin (R-Colo.), manager for the bill, said he is hopeful that a final vote can be reached during the day.

Arguing for his amendment, McClellan shouted that it is an "indefensible injustice" for taxpayers in 35 states to have no opportunity to participate in the community property plan.

The Arkansas Senator said that while he regards the issue as nonpartisan, "The Republican Party has the primary and major responsibility to pass the amendment because it is now."

Members today fore-saw nothing to interrupt full session on page 11.

Dick Aiken Rests At Home Following Radio Triumph

Dick Aiken, winner of the Fourth of July Arthur Godfrey talent contest, who also appeared on the CBS Chesterfield program conducted by Mr. Godfrey on Monday, Wednesday and Friday, arrived home Saturday afternoon and was visited and telephoned by many friends who offered their congratulations.

He revealed that he had nearly recovered from the cold contracted in New York two days before his broadcast, which he attributed to the "icebox cold" of the air conditioning in Radio City Music Hall, which he visited.

At present he is resting up and enjoying the companionship of his friends and family. He revealed, however, that he is negotiating with the Columbia Broadcasting System for a contract, and that details of this will be announced later.

He declared that on the evening of the big broadcast he was dictating to his cold and that afterward he stayed in bed through Sunday at his hotel. On the first two Chesterfield broadcasts in New York he was introduced by Mr. Godfrey by remote control from the latter's home in Virginia, but the latter appeared personally at the New York studio on the Friday program.

The episode of the reading of telegrams from Sanford residents protesting that he was from Sanford and not Orlando was very amusing, he said. Mr. Godfrey shouted the word, "Sanford, Sanford," he flung telegrams into the air, and the audience laughed in delight.

Only five out of 400 applicants are chosen for the talent show each week, said Mr. Aiken. His new wife, Mrs. Aiken, is a representative of Orlando station WDBO much credit for getting him on the program, and pointed out that he had sent a recording of his wife to New York, and contracted CBS officials personally on two trips there. He likewise said he was grateful to the Orlando Police Bureau for backing him on the program, and pointed out that he had sent a recording of his wife to New York, and contracted CBS officials personally on two trips there.

Caldwell Urges Strong Federal, State Relations

Opposition Cited To Weakening Of Government Structure

SALT LAKE CITY, July 14 (AP)—Governor Millard F. Caldwell of Florida today told delegates to the National Governors' Conference here the states should "continue to oppose every move calculated to weaken our governmental structure."

Caldwell, chairman of the conference, said there is "a widespread conviction in the past of both federal and state officials that relations between the national and state governments stand in need of thorough-going redefinition."

"There is general agreement on the principles which should govern but not as to the manner in which they may be applied in practice. Some spots usually develop in connection with federal state grants-in-aid. The airport development program, the federal hospital-aid program and the perennial question of federal assistance to public schools are representative of the difficult problems which must be faced in the coming months and years."

He reported the "issue of state title to tidewater lands is not yet settled," but said it seems probable to expect the Congress to enact legislation clarifying and confirming the titles of states to these lands.

The United States Supreme Court recently ruled California oil-rich tidewater lands are the property of the federal government.

Caldwell's address opened the conference of state executives. He said the future was uncertain because of shifting economic policies.

Warden Said Sober During Mass Killing

ATLANTA, July 14 (AP)—A state investigator said today he did not believe Warden W. G. Worthing was drunk or had "been drinking" when he opened fire with a pistol in last Friday's mass convict escape attempt at Brunsvick, Ga., in which seven prisoners were shot to death.

J. B. Hatchett, assistant director of the state department of corrections, said his investigation at the scene indicated Warden Worthing's actions throughout the escape, troubled day were those of "a sober man trying to deal with a difficult situation."

He said he and Chief Prison Inspector Walter Matthews would report findings in their probe of the incident to a meeting of the board of corrections later today, but no announcement of action was likely until after a grand jury investigation beginning in Brunswick Wednesday.

Television Set To Be Placed In White House

PASSAIC, N. J., July 14 (AP)—President Truman is having a television set installed at the White House, a spokesman for the Allan B. DuMont Laboratories, Inc., said today.

The set, which the President ordered but which the company said it plans to present as a gift, is to be delivered at the White House by truck today.

Coal And Steel Urged To Wait On Price Hikes

Truman Asks "Fair Test" Of Effects Of Wage Contract Prior To Action

WASHINGTON, July 14 (AP)—President Truman appealed to coal and steel producers today to wait until a "fair test" has been made of the effects of the coal wage settlement before making price increases.

The President, in a statement, said the effect of the wage settlement "is badly misrepresented by the bare statement that it amounts to an increase of about 45 cents per hour in the wages of miners."

"It is only reasonable to ask coal and steel producers to wait until a fair test has been made of the actual effects of the wage advance under conditions of maximum production," the President asserted.

"If prices are raised at once, and a wave of increases in related prices upsets our economy, we never will know what would have happened if the coal and steel managers had been willing to wait."

"The risk involved by continuing present prices of coal and steel long enough to learn what the increased costs of production will actually be under the new wage agreement is not serious, especially in view of the fact that such action will greatly reduce the hazards of renewed inflation."

Saying the producers of coal and steel "have been enjoying their full share of high profits," he concluded: "I am sure that they, as responsible leaders of industry, will want to invest a portion of those profits in the maintenance of business stability and prosperity for all our people."

The resident spoke of "deep concern" being expressed in quarters over the results of the recent settlement between John L. Lewis' United Mine Workers and the coal operators. He mentioned widespread fear that it might lead to substantial increases in coal and commodity prices as well, resulting in renewing "the inflationary spiral."

"This would be a serious blow to our economy and to the continuance of the present high level of production and employment," Mr. Truman said. "But such a blow need not fall upon us."

Retail prices of coal to household users in Pittsburgh today rose \$1 to \$2 a ton. There has been speculation that the price of steel might go up as much as \$5 a ton. These were other reports of retail price hikes.

The President said: "It is unfortunate that the public does not yet fully understand the details of the agreement, what it means to the economy, and what it means to the coal and steel industries."

He mentioned the newly established "Legion Auxiliary" for a long time, he said, he had looked forward to being selected to attend Boys' State, and he stressed the democratic basis of the project in which he had taken part.

W. O. Livingston, recently installed King Lion, presided for the first time and gave a description of the Florida Lions Magazine to which he said, all Boys' State should subscribe.

Jack Morrison reported that all Lions signs will be on highways by the end of the week. R. L. Reely was granted a leave of absence until Fall. Richard Dean, chairman of the membership committee, reported favorably on the application of Dr. Frank Quilman for membership. Morris Perkins of Jacksonville was the guest of Cliff Ables at the meeting.

Five Nations To Supervise Operation Of Marshall Plan

As Czechs Withdrew From Marshall Plan Parley

SHORTLY AFTER THE CEREMONY shown above was staged in Moscow, the Czechoslovakian Cabinet in Prague, acting on phone instructions from Premier Klement Gottwald, withdrew from an earlier decision to attend the Paris conference at which the Marshall Plan will be acted upon. The presence of Soviet Foreign Minister Molotov (left) stressed the importance of the occasion. Foreign Minister Masaryk (right) stands by with members of the Czech group as Premier Gottwald talks into microphone. Behind Molotov (in cap) is Deputy Foreign Minister A. V. Vishinsky.

12 Victims Of Plane Crash Are Still Unidentified

WASHINGTON, July 14 (AP)—Municipal Judge Allen K. Brady today ordered a coroner's examination for William F. Kates, former Capital policeman charged with firing two shots Saturday at Senator Bricker (R-Ohio). An Associated States Attorney John H. Brannon asked for the examination.

Kates is to be held without bond. The examination will be given at Gallinger Hospital here. Judge Brady directed that the findings be brought to the court to a hearing on Aug. 14.

Diamond disclosed the Kates case to two separate charges in connection with shooting which occurred in the Senate subway. One is accused of intent to kill; the other carrying a deadly weapon. Kates had 18 months on the United States Capitol Police.

Bricker, target of two 22-caliber pistol shots that missed, did not appear at today's first hearing. He previously told a reporter he would be present.

Kates appeared dazed and swayed when he was led into court for his appearance before Judge Brady. The session lasted less than a minute. Kates stumbled a little as a policeman took him out of the room.

Assault with intent to kill is a felony. To prosecute this charge requires an indictment by a grand jury. The maximum penalty is 15 years.

Carrying a deadly weapon is a misdemeanor, with a maximum penalty of one year in jail and \$1,000 fine. This offense can be prosecuted by the maximum penalty if given and the fine is unlimited.

Bricker, the 1948 Republican vice-presidential nominee, in stepping before the hearing, said the officers have all the information they need but that he would be available if required.

Similarity in the Spanish names of the Puerto Ricans, a number of whom were young children carried in the arms of parents and not listed as passengers, and the inability of the survivors to speak English, hampered identification of the dead.

Dutch Advocate Inclusion Of Western Germany In Recovery Program

PARIS, July 14 (AP)—France, Britain, Italy, Norway and the Netherlands were chosen by the 16-nations rules committee today as members of an executive committee to supervise the operation of the Marshall proposal for European recovery.

The rules committee completed a draft plan for organizing the economic recovery along the lines laid down by the U. S. Secretary of State. The recommendations will be submitted to a plenary session of the conference at 4:00 P. M. (10:00 A. M. EST) tomorrow.

The rules committee also named four technical committees which will advise European resources for self-help before making a bid for U. S. financial aid. The committees were:

- Food and agriculture: France, Britain, Denmark, Greece, Eire, Iceland, Italy and the Netherlands.
- Steel and iron industries: France, Britain, Luxembourg, Belgium, Norway, Portugal, Switzerland, Norway and Turkey.
- Coal and power: France, Britain, Austria, Belgium, Denmark, Greece, Italy, Sweden and Switzerland.

Flordians Urge Bill Of Authority For Glades Park

FLORIDA'S congressional delegation and five members of the Governor's cabinet urged a House Public Lands subcommittee today to approve legislation which they said would give the Secretary of Education "unquestionable authority" to acquire 2,000 square miles in South Florida for inclusion in the Everglades National Park.

Attorney General Tom Watson, a member of the governor's cabinet, and Mrs. Elfre Knowles, a Florida landowner employed by the Justice Department, appeared to oppose the legislation but did not take the witness stand before the subcommittee.

Senator Holland (D-Fla.) told the subcommittee that Secretary of Interior J. A. King has authorized the governor's cabinet.

Mr. Farnell died at his home in Ovidio Thursday morning at the age of 54. He was born in Ovidio and had lived there his entire life. He was a grocer and was a member of the Baptist Church, the Masonic Lodge and a veteran of World War I.

He is survived by the widow, three sisters: Mrs. J. E. Parin and Mrs. Stella Farnell of Ovidio and Mrs. W. M. Harris of Ovidio, Ga.; two nieces: Mrs. C. T. Niblack of Ovidio and Mrs. Georgia Stone of Detroit; three nephews: James Parin of Ovidio, Marshall Brown of Ovidio and Alton Farnell of Jacksonville.

The pallbearers included R. W. Lawton, J. L. Malcolm, W. T. Chimes, L. E. Jordan, A. M. Jones and J. B. Jones.

Funeral services for Carl M. Farnell were held yesterday afternoon at 4:00 o'clock at the Ovidio Cemetery by the Masonic Lodge assisted by Rev. H. H. Link and Rev. Lionel Nelson, who was reported today by the Erickson Funeral Home.

Mr. Farnell died at his home in Ovidio Thursday morning at the age of 54. He was born in Ovidio and had lived there his entire life. He was a grocer and was a member of the Baptist Church, the Masonic Lodge and a veteran of World War I.

HAIRING DOGS JOB

Two dogs out of a 18 dog pack which were raiding a chicken coop in West Twelfth Street were shot by police summoned to the scene Friday morning. Six chickens were killed by the dogs. Later, police killed another of the raiding dogs. The coop belongs to "Daddy" Burke, according to police.

Mental Exam Of Bricker Assailant Ordered By Judge

WASHINGTON, July 14 (AP)—Municipal Judge Allen K. Brady today ordered a coroner's examination for William F. Kates, former Capital policeman charged with firing two shots Saturday at Senator Bricker (R-Ohio). An Associated States Attorney John H. Brannon asked for the examination.

Kates is to be held without bond. The examination will be given at Gallinger Hospital here. Judge Brady directed that the findings be brought to the court to a hearing on Aug. 14.

Diamond disclosed the Kates case to two separate charges in connection with shooting which occurred in the Senate subway. One is accused of intent to kill; the other carrying a deadly weapon. Kates had 18 months on the United States Capitol Police.

Bricker, target of two 22-caliber pistol shots that missed, did not appear at today's first hearing. He previously told a reporter he would be present.

Kates appeared dazed and swayed when he was led into court for his appearance before Judge Brady. The session lasted less than a minute. Kates stumbled a little as a policeman took him out of the room.

Similarity in the Spanish names of the Puerto Ricans, a number of whom were young children carried in the arms of parents and not listed as passengers, and the inability of the survivors to speak English, hampered identification of the dead.

Porter Lansing, Jr. Tells Lions Club About Boy's State

Porter Lansing, Jr., who was recently sent to the Sanford Lions Club by the American Legion, sponsored today at Tallahassee, Fla., the 1947 Boys' State. He addressed the club Friday at the Tourist Center, which he said, was the finest in his experience.

He mentioned the newly established "Legion Auxiliary" for a long time, he said, he had looked forward to being selected to attend Boys' State, and he stressed the democratic basis of the project in which he had taken part.

W. O. Livingston, recently installed King Lion, presided for the first time and gave a description of the Florida Lions Magazine to which he said, all Boys' State should subscribe.

Jack Morrison reported that all Lions signs will be on highways by the end of the week. R. L. Reely was granted a leave of absence until Fall. Richard Dean, chairman of the membership committee, reported favorably on the application of Dr. Frank Quilman for membership. Morris Perkins of Jacksonville was the guest of Cliff Ables at the meeting.

Hunt For Florida Oil Shifting Northward

TALLAHASSEE, July 14 (AP)—The hunt for Florida oil, heretofore centered largely around the state's only producing field at the edge of the Everglades, appears to be shifting north and westward.

State Geologist Herman Gunters' periodic report on oil operations showed today that only two of the eight wells now being sunk in the state are in the extreme southern portion, and three of the week marked for early drilling are in the northern tier of counties.

"There seems to be a play to ward West Florida, to prove or disprove possibilities there," Dr. R. O. Vernon, associate state geologist, commented.

Inside Improvements Announced By Hotel

The lobby and halls of the Valdes Hotel have been repainted and revamped, new draperies have been ordered and new stair and hall carpets are to be laid, according to Ben Small, manager.

The work of the lobby has been painted moss-green, and woodwork is finished in a contrasting dark color. Rooms are being given a very thorough cleaning, and many are being redecorated. Many new beds are being provided and all beds will have box springs and insulating mattresses, said Mr. Small. Floors are being revarnished.

This is a continuation of improvements started last year when the outside of the building was given a new coat of white paint, said Mr. Small.

Bath House Finished At Lake Mary Park

A six room concrete block bath house was completed Saturday at the PTA sponsored park at Crystal Lake in Lake Mary by Robert H. Eubanks, who has devoted his vacation time to this work.

Last month, during a vacation period, he built a pier into the lake.

Many picnics of Sanford people, including Thursday afternoon outings of the Youth Recreation Center, are being held at the park, Mr. Eubanks reported. He is serving as caretaker of the park and facilities.

Optometrist Opens Offices In Sanford

Dr. Charles L. Persons, optometrist, will open a suite of offices Thursday on the fifth floor of the Sanford Atlantic Bank Building, he announced today.

A graduate in 1940 of the Northern Illinois College of Optometry, he practiced one year before going into the service. He received his discharge from the Army medical corps a year ago after serving 14 months overseas and in England and has since been affiliated with Dr. J. R. Keen in Orlando.

Dr. Persons is a member of the American Optometric Association, the Florida Optometric Association and the Omega Epsilon Phi Optometric Fraternity. He was born in Ft. Myers where he attended school and high school.

He now lives at the San Lanta Apartments.

Danny Dondero Signs To Play For Sanford

Danny Dondero, an infielder who has been playing for Hickory, N. C. in the North Carolina League has reported to the Sanford Colley Feds. It was announced by Manager Don Murray today.

"He is a well built young player and is just 19 years old," Murray stated. "He will not be able to get into the game tonight because he has a pretty bad cold," Murray added.

\$1,208,000 Received For School Lunches

TALLAHASSEE, July 14 (AP)—Florida's county schools received more than \$1,208,000 in federal funds for lunchroom expenses during the 1946-47 school year, State Supt. Colin English reported today.

The federal money is distributed through the State Department of Education. Twenty counties will receive a total of \$24,725,044 next year, State Supt. Colin English reported today.

MEET POSTPONED

Due to the illness of two City Commissioners and the fact that another is out of town, the regular meeting of the Commission has been postponed from tonight until Wednesday evening. It was announced this morning by H. N. Sager, city manager.

CITY PERMIT

The Seaboard Oil Company has secured a City permit for remodeling a canopy and repairing its building at First Street and Elm Avenue.

Brisson Wins First In Story Contest

Gordon Brisson won first prize in a short story telling contest conducted by Charles Morrison at the regular weekly luncheon of the Rotary Club at the Tourist Center today. G. W. Spencer won second prize and Dr. C. W. Baker and S. G. Gray tied for third.

At the suggestion of Joel Field, the Rotary Club authorized the secretary to write a letter to State Headquarters of the American Legion at Tallahassee urging favorable consideration of Sanford as the site for the proposed Memorial Building.

Others participating in the contest were Frank Evans, Fletcher Rolfe, W. A. Lettier, W. A. Kader, Harry Kudell and George Touhy. Visitors at the luncheon included Clark Rolfe of DeLand and Charles Luke and James Holteclaw of Sanford.
