RFC CONTINUES TO RAISE PRICE FOR NEW GOLD

Another High Mark Reached At \$33.45; Roosevelt Probes Effect Of Policies

WASHINGTON, Nov. 13.—(A.P.)—Daily increases in the RFC price for domestic gold proceeded as usual today after last night's White House conference at which developments in the monetary program were reviewed by the Chief Executive and his advisors.

Thirteen cents was added to the Federal corporation's quotation for gold newly minted in United States or its territories, carrying the figure to a new high of \$33.45.

One thing the administration is checking closely is the effect of dollar depreciation in the international exchange on government bond prices.

The President has made known that he has no concern over government bonds and a rally in their day in these prices seems to have allayed administration fears in this respect.

The conference said just enough to indicate that no new move or policy in the monetary field was in prospect as a result of the meeting.

This was interpreted to mean that purchases by the Reconstruction Corporation of gold in the domestic and foreign markets would be continued.

Congressman Sears To Speak Before 50 At Breakfast Meet

An audience of more than 50 persons will greet Congressman W. J. Sears of Jacksonville when he delivers a scheduled address here tomorrow morning before members of the Central Florida Council of Chambers of Commerce as they gather in the Celery Club to observe the second anniversary of their organization.

Congressman Sears is to speak on "The Chamber of Commerce and its place in the Community." He will motor back to Jacksonville later in the morning after paying a visit with Sanford friends.

G. E. Gilliland, secretary of the Deland Chamber of Commerce, who will preside over the breakfast session which gets under way at 8:30 o'clock, Harry F. Peacock of the local trade body will do over an address of welcome while B. C. Webb of Okaloosa and M. P. Youell, head of the Orlando Chamber of Commerce, will deliver the invocation.

This organization, comprising membership of all trade bodies in an area bounded by St. Augustine and DeLand on the north and Winter Haven and Vero Beach on the south was created in Sanford two years ago. It holds monthly breakfast meetings which are addressed by well-known speakers, and it aims at furthering the area in which it operates.

20 Tourists Register At Zoo Booth Sunday

Twenty persons among the several hundred who visited the Sanford Municipal Zoo yesterday afternoon between 1:00 o'clock and 5:00 o'clock, took time to visit the new trade body registration booth near the deer run, and give their impressions of the son and Florida on a card which was offered each visitor by Scouts Billy Zachary and John Morgan.

The data thus gathered reveals that the 20 registrants are from 14 different states other than Florida. All expressed pleasure and surprise over the size and variety of the men, and almost all of them declared Florida's climate to be ideal.

Each person also set down the name of his home town's leading newspaper and the name of its editor, and within a few days, these editors will receive an attractive folder advertising the zoo as well as Sanford, and a letter from the local trade body, saying that residents of the city in which the paper is published visited the con-

WIGGIN NAMED IN HUGE SUIT AGAINST BANK

Group Seeks To Recover Losses Claimed At \$100,000,000 Laid To Mis-Management

NEW YORK, Nov. 13.—Albert H. Wiggin, former chairman of the board of the Chase National Bank and 135 directors of the bank were made defendants yesterday in a suit filed in supreme court to recover \$100,000,000.

The suit is to recover losses said to have been sustained by the bank as the result of alleged negligence, waste and mismanagement.

Wiggin, who received a pension of \$100,000 annually until he evidently gave it up at the time of his recent testimony in the Senate committee investigation, was specifically charged with having utilized confidential information and given it to chairman of his own board, which obviously without cause favored the interests of stockholders.

It was claimed that a series of stock options were entered into by bank officials for their own benefit and to the detriment of the interests of stockholders.

It was claimed that a series of stock options were entered into by bank officials for their own benefit and to the detriment of the interests of stockholders.

Administration Pushes For Individual Pacts For Each Industry

Farish Finds Brick Relic Of Decisive Civil War Conflict

WASHINGTON, Nov. 13.—(A.P.)—The administration has announced its plan for promotion of a more flexible code and at the same time announced dissolution of the food industry's advisory board, an unofficial group consisting of representatives of distributing and processing industries.

Instead of one national code, the administration will direct districts toward greater reliance on a branch of the food industry with separate time for many factories, wholesale and retail.

It is interesting because

one of the first things done

was to start soon new surveys were more cheerful than recently.

A civil rights commission had been established in the fall of 1932, and was organized by Charles T. Farish, former congressional representative of the South, who resigned after being selected as chairman of a panel organized to study the Negro problem.

Farish, Atlanta, Georgia, planned through his wife, Mrs. Farish, that she would go to the South to study the Negro problem, and that she would be received by the Negro delegation to the Conference of the Southern Association of Negroes.

SHOLTZ SAYS STATE AGAINST SALOON OF OLD

**Repeal Delegates Hear
Governor Express
Unalterable Oppo-
sition To Past Era**

TALLAHASSEE, Nov. 14.—(AP)—Unalterable opposition "to the return of the old-time, swinging-door saloon" was voiced by Governor Sholtz in addressing delegates of a convention assembled here today to cast the state's vote for repeal of national prohibition.

The Governor said "I believe our people want temperance, and that they themselves will bring about that desired goal, and I believe that the recent election result was an outburst against what people considered an invasion of their personal liberties and rights." Robert H. Anderson, Jacksonville, was unanimously elected president, and Mrs. Rebecca A. Camm-Osala, as secretary of the convention.

The repeal convention of 63 delegates, elected by state wide vote on last Oct. 10, convened in the hall of the House of Representatives.

Secretary of State Robert A. Gray called the convention to order, acting in that capacity because a chairman must be elected by the convention itself.

Mr. Anderson, Jacksonville attorney, who led the repeal fight through the election, was the only candidate for chairman.

No other business except that of repeal was considered by the delegates. The state law specifically limits the convention to that topic.

SCIENTIST DEVELOPS NEW EAR DRUM IN FROG FROM ITS SKIN

NEW YORK, Nov. 14.—(AP)—A discovery in regeneration, by which a new ear drum was grown in a living frog out of skin from his own or another frog's back, was described to the New York Academy of Sciences last night.

The frog operation is of much theoretical interest to plastic surgeons and medicine. For the skin which changed into an ear drum was already "adult" when taken from the back.

The plant of The Journal was bombed two years ago, and shortly thereafter a smoke bomb was exploded in the building occupied by The News. Since that time the papers were merged into The News-Journal.

Although there is not yet any human parallel, the new ear drum is a long advance over previous similar scientific operations. Heretofore missing organs of small animals have been regrown out of tissues taken from some other portion, but this work has been done with embryos.

In this egg stage, embryonic skin has been changed into brain. But scientists believed that after the embryonic stage body structures became "fixed."

"This experiment indicates," Dr. Holtz said, "that many fully-formed adult structures are possibly not unchangeably 'set' but require a constant chemical, hormonal, or some other type of regulation to maintain their structure and those characteristics."

RESTAURANT OWNERS TO ORGANIZE AT ORLANDO

The organization of a state restaurant association will be performed at the Bay Juan Hotel in Orlando, tonight, at a meeting which is to start at 8:00 o'clock. Telegrams received at the Chamber of Commerce today from E. J. Wilson of Miami, chairman of the National Code Committee, representative Southern States and the National Restaurant Association.

Mr. Wilson urges all Sanford restaurant owners and members of associations, if any, to attend this meeting. The organization he said, is to be perfected in accordance with the national code now under consideration in which the state association, as an affiliate of the national association is given an extensive authority.

Rapping State Relief System, Bristley Resigns As Member Of Volusia County Council

NEW SMYRNA, Nov. 14.—(AP)—Frank B. Bristley of New Smyrna yesterday resigned as a member of the Volusia county emergency relief council, of which he was vice-chairman, and as chairman of the county and local work committees, at the same time voicing his disapproval of methods of the state relief administration, its "red tape," and "rate of extravagance."

Bristley, former president of the American Grocery Products Manufacturing Association of America, who retired six years ago to come to Florida, asked that the resignation take effect on or before Nov. 20.

"I have greatly enjoyed the association and co-operation of the splendid men who make up the Volusia county council and

ROAD BUREAUS URGED TO LIST NEEDS QUICKLY

Administration Moves To Pump Money Into Hands Of Jobless As Rapidly As Possible

WASHINGTON, Nov. 14.—(AP)—While continuing to hike the price of gold in accordance with a previously announced effort to raise commodity prices, the administration yesterday turned intensively to an endeavor to pump money into the hands of the unemployed.

In line with the President's avowed determination to place 2,000,000 men now on work relief on "regular work at regular wages" by Nov. 1, with another 2,000,000 unemployed to be absorbed as soon as possible, administration officials announced several new moves.

The bureau of public roads invited State highway commissioners to let immediately at least six projects for each of the 3,000 counties in the country on which maintenance expenditures of not more than \$5,000 might be made immediately. The projects would be financed in the proportion of 65 percent relief funds and 35 percent Federal aid funds. At the states, it was said that \$100,000,

BRITAIN SEEKS GERMAN RETURN TO ARMS CONFAB

MacDonald Tells Nazi Heads That Their Presence Is Vital

LONDON, Nov. 14.—In a desperate effort to save the tottering world war conference, Prime Minister J. Ramsay MacDonald last night invited Germany to return to the parley.

The prime minister, in a stirring speech before the House of Commons, said:

Bomb Tossed In News Plant After Warning

MANSFIELD, Ohio, Nov. 14.—(AP)—The plant of the Mansfield News-Journal was bombed early Sunday, eight hours after the editor of the newspaper received a racketeer warning to "lay off or you'll get yours."

The bomb exploded in the mailing room at 4:00 A. M. The floor was ripped up and windows in the plant and in nearby buildings were shattered.

G. J. Kochenderfer, editor of The News-Journal, has been a consistent crusader against racketeering of all kinds. In frequent editorials he has called for stricter law enforcement and for the eradication of bootlegging, slot machine and other rackets.

The plant of The Journal was bombed two years ago, and shortly thereafter a smoke bomb was exploded in the building occupied by The News. Since that time the papers were merged into The News-Journal.

CROP PRODUCTION LOAN ORGANIZATION WILL BE CREATED AT CITY HALL

Every farmer and grower in this country is invited to attend a mass meeting which is to be held at the City Hall tomorrow morning at 11:00 o'clock before which Kenneth G. Murphy, representing the Production Credit Corporation of Columbia, S. C., will appear to assist in the organization of a local Production Credit Association.

Mr. Murphy will explain the steps necessary in securing Production loans for crop production purposes. He also will explain how the Production Credit Corporation fits into the picture of farm relief as it is conceived by the Administration.

DOLLAR DROPS BUT RFC GOLD PRICE IS HIGHER

WASHINGTON, Nov. 14.—(AP)—The dollar dropped to new low levels again today while the Administration, undeterred, advanced the price for RFC purchases of domestic gold to another new high.

Meanwhile, officials kept a close watch upon the market for government bonds, bearing in mind that if any, to attend the meeting to be held at the Bay Juan Hotel in Orlando, tonight, at a meeting which is to start at 8:00 o'clock. Telegrams received at the Chamber of Commerce today from E. J. Wilson of Miami, chairman of the National Code Committee, representative Southern States and the National Restaurant Association.
