Miss Siczkowski, Richard Morgan Wed At Double Ring Nuptial Mass

Miss Anna Lorraine Siczkowski, daughter of Mr. and Mrs. J. J. Siczkowski, 2335 El Capitan Drive, and Richard Blaine Morgan, son of Mr. and Mrs. W. Morgan, all of Sanford, were united in Holy Matrimony, Oct. 18 at 10 a. m. in All Souls Catholic Church, Sanford.

Fr. Joseph Keit officiated at the double ring nuptial mass and serving as altar boys were David and Martin Roberts. Mrs. F. E. Rounhill Sr., organist, presented appropriate nuptial selections and accompanied soloist, Mrs. Alan Bergman, who sang "Ave Maria" by Schubert and "O Promise Me."

During the offertory, the bride and her attendants sang "The Father" accompanied by Coleman Harrison, on her guitar. Church decorations included two Altar vases of white pom-poms with jade foliage, two standing basket arrangements and potted palms. Family pews were marked with white satin ribbon bows and green foliage.

Given in marriage by her father, the bride was radiant in a formal long gown of white silk illusion, over tulle with imported lace bodice, picture neckline and fingertip sleeves with sequin trim.

It featured an empire waist line and skirt with chantilly lace panels and Cathedral train. Her fingertip veil of imported silk tulle with chantilly lace and pearl embroidered border, was attached to a headpiece of white satin ribbon and tiny seed pearls. She carried a cascading bouquet of yellow roses, white carnations and feathered Fuji mums with trailing ivy.

Her sister, Miss Melony Siczkowski, was maid of honor and bridesmaids were Miss Colleen Harrison and Miss Jennifer Burke. They wore identical gowns of yellow polyester sheet knit, empire waist, long sleeves and matching velvet sashes. They wore hairpieces of yellow daisy mums with natural foliage and long yellow satin streamers.

Best Man, Fritzell was best man and serving as ushers were Kenneth Waters and Edward Michael, Groomsman were Ernest Rowe and Gregory Thomas Grant.

Little Miss Lisa Harrison, flower girl, was adorable dressed in a yellow formal length frock identical to the other attendants and carried a white Bou-Pep basket of yellow and white rose petals which were strewn in front of the bridal party.

Master Michael Morgan, ring bearer, dressed in all white, carried the rings on a tiny white satin pillow. The bride's mother wore an ice blue satin crepe dress featuring long sleeves, harmonizing accessories and a beautiful ice blue and white hair arrangement. The groom's mother wore a navy blue knit suit, white accessories and a white carnation corsage.

Following the ceremony, a reception and buffet luncheon was held at the Police Benevolent Association Building on the lakefront. Individual tables were overlaid with white cloths and the yellow and green color theme of the bride was carried out.

An artistic fresh fruit center piece graced the buffet table flanked by tall yellow tapers in milk glass holders decorated with yellow daisies.

The bride's table, overlaid with a white cloth and draped yellow table and bows arranged along the edges and held the four tiered wedding cake and punch bowls. The cake decorated with tiny yellow roses was flanked by two tall white tapers in low silver holders. The bridal bouquets of the bride and her attendants were placed on the bride's table.

Miss Bambi Chesser cut and served the cake and pouring were Mrs. Edward Reagan and the Misses Marie Smith, Marie Collins, and Helen Siczkowski.

MRS. RICHARD BLAINE MORGAN

Mr. and Mrs. E. L. Ley, 118 Elm Ave., Sanford, announce the engagement and approaching marriage of their daughter, Linda to Jerry Wayne Menke, son of Mr. and Mrs. Kenneth W. Menke, Sheridan, Ind.

Miss Ley, born in Green Cove Springs is a graduate of Seminole High School and the University of South Florida. During her high school years she was vice president of FTA, a member of Tri-Hi-Y, Latin Club and secretary of her sophomore class.

She received a B.A. Degree in Sociology in 1969 from the University of South Florida where she was a member of Alpha Delta Pi Sorority. She also served on the dormitory board of standards, the university Center Committees and participated in the tutorial program for culturally deprived youth.

She has been employed by Florida State Employment Agency in Daytona Beach and the Avis Co. in Atlanta, Ga.

The future groom, born in Indianapolis, Ind., received a B.A. degree in business administration at Northwestern University, Colorado. He has also participated in football, baseball, track, and basketball and is presently vice president of Finco Environmental Marketing Inc. in Dallas, Texas.

The wedding will be an event of Dec. 4 at 7:30 p.m. at First Methodist Church, Sanford.

The couple left for a wedding trip to Lake George Resort and when they return will be at home at 2446 Orange Ave., Sanford. They will resume their education at Seminole Junior College and the groom is employed with Conrill Construction Co. of Orlando.

Out-of-town guests included Mr. and Mrs. Thomas Lane, Cous. Beach; Mr. and Mrs. Wayne Williams, Rockledge and Helen Siczkowski, Daytona Beach.

Captain Lyons Gets Welcome

The Sanford Business and Professional Women's Club recently held a business dinner meeting at the Troop Lodge. After enjoying a delicious buffet dinner, the business meeting, was presided over by president June Foley. First on the agenda was election of the newest member, Capt. Rosella Lyons of the Salvation Army. A hearty welcome was extended by all the members to our newest recruit, Rosella who made a happy addition to the club.

Plans were made regarding the rummage sale that was held at the old Party Two building on Oct. 8 and 9. It proved to be a rewarding work experience with the help of all the members to our newest recruit, Rosella who made a happy addition to the club.

A special note for Penny Feback: Penny presented each officer with a beautiful mug inscribed in gold with the officer's name and position along with the B.P.W. insignia. She also presented the mugs to the members and all the officers appreciate her gift — and are very proud of the mugs.

While the drouths are making headlines by flaunting almost every known tradition, it's reassuring to hear that a great assurance to the under-25 age group is still of a more conventional mind.

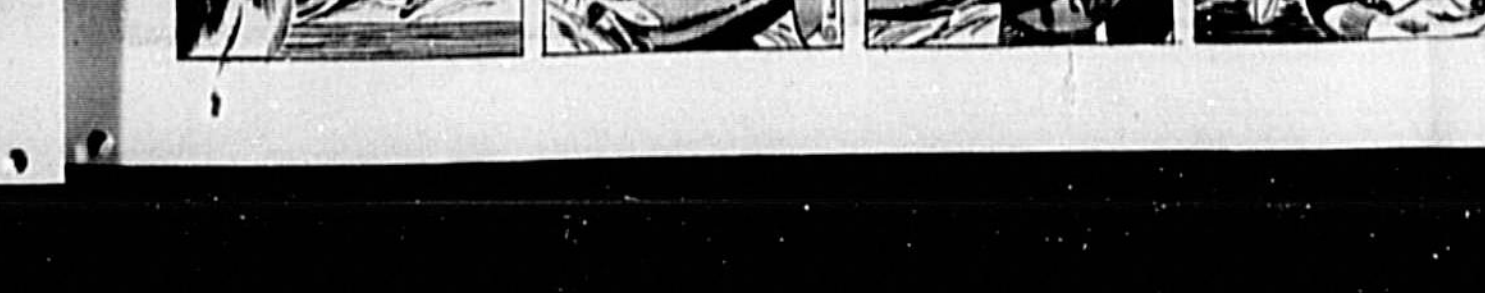

They're still marrying at the rate of more than two million a year, and they take their home decorating plans very seriously, noted Barbara Brody, style consultant to a major manufacturer of dining furniture.

Choose a round or octagonal shape, table that will lend itself to a game of bridge as well as to a Sunday breakfast or a beef fondue supper.

A laminated plastic table top makes good sense in terms of easy housekeeping, and so does vinyl upholstery for its resistance to spots and stains.

"Most brides — and a growing number of grooms, too — would far rather spend their time perfecting a gourmet dish than polishing furniture just before guests arrive."

Because metal dining sets have proven so popular among younger shoppers with limitations of budget and space to consider, Brody has developed a full range of pedestal styles to harmonize with almost any decorating scheme.

Pilot Club Members Have Busy Month

October has been a busy month for Sanford members of Pilot International. The regular business session met Oct. 12 and chairmen of all standing committees were briefed on work to be done this year, foremost of which was the annual, Easter Egg project.

Several members attended a workshop in Bartow along with 106 Pilots and nine district members in attendance. A new member of the Sanford club joined the group and found the work very informative and enjoyable.

They plan to join other Pilot clubs in a Founders Day dinner meeting by invitation of the South Seminole Club. Founders Day worship service will be held at the Temple of Liberal Judaism, the church of president, Mrs. Doris Sten.

Several members also attended sessions at Seminole Junior College conducted by Mrs. Duane Harrell which was well attended. Door prize awarded at the business meeting was won by Mrs. Louise Nelson.

The next business session is scheduled for Nov. 8 in the Lounge of Florida State Bank with board meeting at 7 p.m. followed by the business session at 8 p.m.

Art Show Planned Friday

The 6th Annual Central Florida Art Association Show will be held Friday and Saturday, Oct. 22 and 23, in the Winter Park Mall.

The group, formerly known as the Albion Pottery Art Association, promotes realistic representation of painting as opposed to modern abstract.

The public is invited to view the show from 10 a.m. to 5 p.m. on Friday and Saturday. For further information contact Mrs. Everett B. Hales, president, Central Florida Art Association at 644-3730.

The city Anchors Toastmasters Club held its regular meeting at the Chamber of Commerce building on Thursday night, Oct. 15, at 8:30 p.m.

President, Ed Fitzpatrick called the meeting to order. Plans were finalized for the membership buffet to be held on Oct. 28, at 7:30 p.m. at the home of Mrs. Gonzalo Husman.

Anyone interested in attending should contact Mrs. Peggy Conrad, membership chairman, at 322-9729.

Evelyn Alpaugh, toastmistress for the evening, introduced Mrs. Sara Bildebeck, member of the League of Women Voters, who spoke on the Corporate Profits Tax. A discussion was held immediately following.

Mrs. Cecil Thomas, local club president, will welcome the visiting delegation and entertainment will also be provided at 1 p.m. by the Moderators.

Many other exciting things will be on the agenda along with all the VIP's and luncheon during the day, so all members are urged to attend.

5-Day Plan Offered On Smoking

FOREST CITY—Smokers who want to "kick the habit" will have their chance Oct. 24-28 under a special five-day plan by a physician-chiropractor team in Forest City. Elementary School on Sand Lake Road (between West Lake Brantley Road and SR 44).

The plan consists of regular evening group therapy sessions, films and a daily personal control program for home or work. It has been successful over a period of more than eight years in major cities.

This particular program was organized by the temperance leader, Don Yukush and is sponsored by Forest City Seventh-Day Adventist Church in Forest City as a community service. The five-day plan aims to help improve the health of the community and to counter the national physical fitness program, Yukush explains.

Already held successfully in cities all across the United States and Canada, the five-day plan to stop smoking features such topics as the psychological and physical aspects of the habit, how craving can be lessened, how will power can be strengthened, physical effects of smoking, organizations of a "buddy" system and many other techniques designed to break the habit within a five-day period.

Pastor C. R. Nell will be in charge each evening and those physicians taking part with Pastor R. J. Ulmer are C. L. Fausnaugh, T. A. Beckner, J. P. Facundus, and E. J. Stevens.

PASTOR R. J. Ulmer, who will be participating in the five-day course for those wishing to kick the smoking habit, demonstrates how the jars act as lungs when the manikin, Marjorie Miller, smokes a cigarette in the jar.

Shiloh Baptist Host To Women's Meeting

By MARVA HAWKINS (322-5418)

(Editor's note: The Herald's regular correspondent for many years, Doris Thomas, is suffering a siege of illness. Pending her recovery, Marva Hawkins is substituting in writing this weekly column.)

The theme for the Women's Day observance last Sunday at Zion Hope Missionary Baptist Church was "A Challenge to Christian Women: Build A Life of Worth."

Those present at this great Women's Day service enjoyed the spirited program. Mrs. Ethel Mae Freeman, a member of First Shiloh Missionary Baptist Church, principal of Gibson Street Elementary School, Barrow, was the guest speaker. She spoke on "Women Who Sowed First."

The five women of the Bible were Eve, Sarah, Hannah, Ruth and Mary, the mother of Jesus. Truly those present were greatly inspired.

Mrs. Betty H. Washington and Mrs. Betty H. Washington are the Women's Day committee and wish to thank all who helped to make this day successful.

Ranchland Lake Project OK'd By North Orlando

By MARION BETHA

NORTH ORLANDO—Village Council has granted permission to Mrs. Barbara Christensen and Leonard Casselberry to clean, clear and deepen a lake in the Ranchlands in accordance with criteria set forth in a letter by Casselberry. The permission is contingent upon the approval of City Engineer B. C. Conklin.

Village Attorney Thomas Freeman told Council that it should get in the habit of referring such items to Conklin. Casselberry told Council it would approximate three months to complete the work on the lake, which is unnamed. Mrs. Christensen had requested that she be permitted to name the lake "Shesah" but was reminded that plans have been initiated to give a golf course in the area the same appellation. Casselberry equipped. "Anyway it will take a while until we have any water to name."

Casselberry told Council that in representing the property owners around a dry pond in the Ranchlands between Fisher Road and Sunrise Avenue he planned to clean, clear and deepen the pond six to 16 feet. Casselberry will remove all bushes, muck and dry weathered slabs. Casselberry said and will stay within the established banks of the pond and continue the slope of the bank to the bottom.

Casselberry said the amount of dirt in the estimated five-acre pond, if deepened six feet, would approximate 50,000 yards.

any water coming into the excavated area, to the other side of the same pond, and thus not affect any drainage of lakes in the area.

He continued the aquatic ecology of the pond, since it has dried during the past dry spell, is still and that parts of the pond bottom has two or three feet or more of muck on it.

Brewer, Casselberry said, will dig across the pond between ditch lots and this will permit him, if necessary, to transfer water coming into the excavated area, to the other side of the same pond, and thus not affect any drainage of lakes in the area.

Longwood To Act Thursday \$314,285 Budget Is Set

By DONNA ESTES

LONGWOOD—City Council in a marathon five-hour work session Tuesday night that ended at midnight, completed major work on its budget for the 1971 fiscal year. Only minor details were left to be ironed out before schedule adoption by ordinance on first reading tomorrow night.

Tentative totals for the general fund are \$210,485 and \$102,800 for the water department for a grand total of \$314,285. Discussion among members of the council was that sums totaling in excess of \$30,000 may be allocated to a new sewer construction account as well as \$6,588 currently in certificates of deposit and \$900 in anticipated income for the cemetery fund. It is expected estimates for operation of the cemetery in the new year will total \$500. Also to be added to the budget are figures for the revolving paving fund. The overall budget will be in excess of \$350,000 when all items are tallied.

Police Chief R. E. Sweat, and money to begin a cadet program for police dispatching to be funded 75 per cent by the federal government.

Addition of the patrolman will bring number of full time personnel in the police department to 13. Sweat said he was willing to forego the third new patrolman this year although he had hoped to use him for full-time plain clothes investigation work. When asked if the sheriff's department can be called upon in investigation, Sweat said the county agency "doesn't take up much time in the city."

When possibility of delaying adoption of the state retirement plan for another year was considered, Councilman Sandra Thompson said she would prefer to delete one new patrolman and fire department personnel salaries with a matching amount from the city.

Largest budget in the general fund tentatively approved is for the police department at \$98,727.13. Tentative approval was also given to streets and maintenance at \$48,544.52; fire department, \$28,303.80; city clerk, \$7,819.50, and other departments, \$27,000.

Fire Funds

Fire department budget permits hiring one full-time fire-fighter and allocates \$2,400 for reimbursement of volunteers in the department for time spent fighting fires and attending drill.

In addition the fire chief was allowed reimbursement of \$700 rather than the \$1,800 he requested. New equipment approved for the fire department included three radios, 15 piezotone fire alert devices for homes of the firemen, a new \$3,500 emergency vehicle, fire hose and suction hose.

Other departments retained expenses for council and mayor at \$100 each, monthly, and municipal judge, \$1,200; assistant city prosecutor, \$600; city attorney, \$4,500; building inspector, \$4,800; and dog catcher, \$600.

The overall budget including the water department is up 50 per cent over the current year.

New Drive Opens To Cut Off War \$

By JIM ADAMS

WASHINGTON (AP)—Anti-war senators mounted a new drive to cut off money for the Indochina war today after House leaders blocked a year-old vote but claimed House rejection of a Senate six-month war deadline.

House Senate conferees immediately set to work trying to compromise a \$21 billion war bill containing the deadline after a fiery House battle Tuesday.

Previous efforts similar to the one by Sens. John Sherman Cooper, R-Ky., and Frank Church, D-Idaho, to cut short the war by halting funds have been rejected by both House and Senate.

House Republican Whip Les C. Arends of Illinois said he tracked a direct vote in the Senate's six-month deadline Tuesday by moving that the House reject five Senate amendments including the war they violate House rules requiring that amendments be pertinent to the bill under debate.

"Young Americans are getting their guts blown out in Vietnam," said Rep. Charles W. Whalen Jr., R-Ohio, "and we're sitting here in the House debating germaneness."

Kosygin Is 'Bearing Up' Under Canada Hecklers

By WILLIAM L. RYAN AP Special Correspondent

OTTAWA (AP)—Premier Alex N. Kosygin seems to be bearing up well under the strain of constant harassment by demonstrators. So, apparently, is the public in Canada's capital.

Despite the uproar produced by protesters, the people of Ottawa managed to appear completely indifferent to it all. But surely there would have been no such indifference if Kosygin were the same sort of domestic thorn as his predecessor, the late Nikita S. Khrushchev.

Had it been Khrushchev subjected to such harassment, the sparks would have flown in all directions and people would have turned out in droves to watch in awe.

Harassing Kosygin seems somehow like kicking an inflexible old grandpa in the shin. He has none of the dynamism that made Khrushchev a magnet for crowds. When anybody heckled Khrushchev, as happened during his stormy tour of the United States in 1959, Khrushchev heckled back with scorching blasts of peasant wit.

Kosygin's personality and background are unsuited to that sort of performance. He came up through the ranks of solid Communist party "apparatchiks"—functionaries who plodded through their duties faithfully.

Kosygin did get one small break Tuesday night as he was driven to the National Arts Center, only a short distance from his hotel, for a gala concert in his honor.

Water Storage Tank's Site Stirs Hassle At Altamonte

ALTIMONTE SPRINGS—Director Robert Crown had said the area always would be R.I.A. Swofford noted when Musgrove petitioned for annexation he wanted R-3 zoning and no one suggested, as Musgrove alleged, that he ask for R-3 zoning.

Swofford maintained Musgrove was "speculating" with the zoning and then "got in trouble with his neighbors."

Swofford went on to say Musgrove had threatened to seek court redress and suggested he initiate this action.

Swofford told the complainant, "I'd just as soon have a water tank as some of the neighbors from R-3 back to R-1A since the people feel R-3 is detrimental to the property."

Other site would result in a 10-foot loss in elevation, even in going 100 yards. Radloff estimated the preliminary estimate for cost of the tank is \$235,000, and every additional foot would cost \$5 as well as \$500 for new borings.

Swofford said the project is in an advanced stage, not feasible to move, to which Musgrove pleaded, "Just move it 25-100 yards... just get it from over my house."

Musgrove read a letter from an appraisal firm noting that the tank would be detrimental to his property, with a result of 20 per cent loss in valuation.

Musgrove continued that a similar tank had ruptured in the middle and killed six persons, and as a result he was unable "to eat or sleep."

Mayor Lawrence Swofford questioned Musgrove if he were willing to pay the cost of moving the tank, which he cited would be \$6 per foot for the pipe, in addition to test borings, etc.

City Engineer Harold Radloff said the site was donated to the city by the developer and he did not know if the developer would be willing to donate another. Further, he said, another.

15 Perish In Fire At Nursing Home

By LARRY THORSON Associated Press Writer HONESDALE, Pa. (AP)—Fifteen elderly persons, most in their 80s and 90s and many of them bedridden, perished Tuesday night in a fire that swept rapidly through a private nursing home near this tiny northeastern Pennsylvania community.

Wayne County Coroner Robert Jennings said he would ask for a state investigation.

All of the victims, trapped in their rooms on either side of a corridor, were believed to have died of smoke inhalation, Jennings said.

Only a licensed practical nurse, on duty alone at the time, escaped the blaze as it filled the residential wing of the Geiger Nursing Home with thick, black smoke.

"I intend to request the state Department of Labor and Industry and the Department of Welfare to conduct an immediate investigation at the state level," Jennings said.

"The entire area was engulfed with smoke, there wasn't too much flame," Jennings said. "It was very dense smoke and you could see it for a mile."

Jennings said the fire was believed to have started shortly before 8 p.m. in a laundry room at the rear of the residential wing of the L-shaped, one-story frame structure. "There's almost no question of that," he said. "Physical evidence shows that."

The fire was discovered by the nurse, Vaudine Lyon, 41, of nearby Hawley.

The coroner said Mrs. Lyon reported she had gone to check clothes in a dryer and found they were still damp.

"She said she then went back to the office area and a little later heard a noise like glass breaking," Jennings said.

"She then started down the hallway and that's when she saw the flames in the laundry," he said.

"When she discovered the fire it was too late," he said.

Industrial Committee Proposal Is Expected

By BILL SCOTT

It has been reliably reported that Reg Howe, president of Sanford's Home Industries and past appointee as chairman of the Greater Sanford Chamber of Commerce's industrial committee of 25 will propose at a Friday noon organizational luncheon that a committee be selected from the four Seminole County industrial groups to coordinate the county's various industrial endeavors.

Efforts to reach Howe for comments on the report were unsuccessful, since his office reported he was in Atlanta on business and would not return until late Thursday.

Presumably Howe will seek to form a group consisting of a representative from each of the following county industrial seeking bodies: Greater Sanford Industrial Committee, Seminole County Port Authority, Sanford Airport Authority and Seminole County Industrial Development Board.

Howe is also expected to name an executive committee consisting of one member from each of the seven chamber industrial sub-committees. Those titles, Transportation, Technical Training, Finance, Construction and Industrial Sites.

In a statement given a week ago in The Herald, when news of the industrial committee of 25 was announced, Howe said, "I am firmly convinced that the future growth and prosperity of Sanford will be proportioned to the industrial development of our community."

He continued, "Therefore, I feel a tremendous responsibility as chairman of the industrial committee of the Greater Sanford Chamber of Commerce and I will be most grateful for the help and cooperation of all Sanfordites."

NEIL PRUDEN

Capt. Neil S. Pruden (USN Ret.), a longtime Sanford resident, has received a Gold Star in lieu of a second Navy Commendation Medal in ceremonies at Orlando Naval Reserve Center.

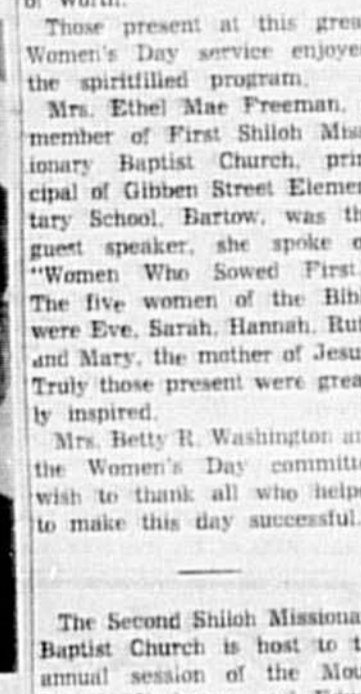

Pruden, co-owner of the Wallis Cabinet Shop in Sanford, received the award citing "meritorious service" aboard the aircraft carrier USS Saratoga from January, 1966, to October, 1970.

During that tour, Pruden was the officer in charge of all aircraft aboard the carrier and the support equipment, a responsibility exceeding a quarter of a billion dollars in material value.

The citation also noted his initiative in implementing an electronic data processing system streamlining the ship's inventory system. It concluded Pruden's "leadership and skillful development of this program inspired all who observed him and contributed significantly to the accomplishment of the ship's mission."

Pruden settled in Sanford in February, 1953, moving from Sandusky, Ohio, and now lives at Route 2. He and his wife, Jane, have three children. Brad, 24, who is married and lives in Atlanta, Lynn, 16, and Lori, 12.

Bowling 'em Over

Shooting Stars
Brosson's arms increased its lead to four full games in the Shooting Star League by winning three of four in last week's action. Also making a leap last week was State Farm Insurance who won three and is now tied for third along with Carroll's Furniture.

Bonnie Link was top knugler last week with her 382/497. Dottie Hogan had high single game with a 381. She finished with a 461 set. Nancy Rivers unloaded a 390/420.

Other high were by Kathy Cooper 361/426, Elvise Olsen 354/400, Audrey Bolger 378/422 and Pave Carroll 362/420.

Recording turkeys last week were Pave Carroll, Audrey Bolger and Polly Snyder. Pearl Homman and Rose Patrick both had the 3-7 split while Dottie Hogan brought the 4-30 to end Wanda Hubbard the 3-7.

Hi Nooners
The league leaders in the Hi Nooners loop increased its lead to five games last week by winning four games. Pauline Bushart 371, 362/470 and Pearl McKimley led the first place team while Elvise Brooks had a 361 for the hosts.

Joe's Laundry moved into second place by brooming the Steamtown Realty speakers. Edna Burns 371, 370/463 led Joe's Mary Elmore 353 led Steamtown.

In the other game Millie Rogers 354, 350/445 led Lams of Winter Park to a sweep of Pinesrest Kidde Korner. Diane Dives helped Lams with a 190.

In the tough spare dept. it was Libbie Whitehead converting a 4-7-30 and Mary Elmore a 5-4.

Seminole Printers
The Type Setters continue to hold the lead in the Seminole Printers league despite winning only two games last week. Pacing the Type Setter effort last week were Frankie Kaiser 355, 346, 370/487, Paul Varner 380, 392, 390/531 and Alice Livingston 350.

Vaulting into second place with three wins last week were the Posters who were led by Eddie Myrtle's 232/502. Eddie's 212 is high scratch game in the league this year. Betty Laecker had a 153 for the Posters also.

The third place Business Cards won only one game last week despite the showings of Rose Haysmer 358, 351/465, Barbara Clark 357, 359/451 and Sue Heaver 351.

Making a bid to stay out of the cellar the Officers won three games behind the efforts of Francis Wood 349/425, and Doris Johnson 346.

Sue Williams of the Rubber Stamp had a night worth remembering although it was not one of her best efforts. Sue had triple 120's and will receive a patch for her effort. Elva Hitchcock of the Stamp had a 235.

Les Harris had 373, 388/481 and Lu Graham a 350 for the Informals who split last week.

Other high games last week were turned in by Mite Ketur 347, Millie Garner 346, Shirley Barbour 336 and Heleg Barbour 336, 344.

Late Toyota
For the first time in a month there is a new leader in the Late Toyota Ten Pin League.

The B's & J took over the lead in the league which bowls at the J.C. Lanes as they won three games while the former leader were splitting.

Johnny Jaso 184, 177, 367/528, Bob Barbour 175, and Shirley Barbour 177 led the B's & J to their three wins over the Miss 371. Jessie Dixon had a 160 for the hosts.

The B's appeared to have a "pat" last week as they took on the little Tinker Toys. But the handicap of the Tinker Toys proved a little too much and the B's had to settle for a split. Chuck Baker led the B-Ser's with a nifty 182, 172, 172/538 while teammates Ed Snyder 174 and Polly Snyder 167 had other fine games. Bob Sheldon 160 and Bob Johnson 159 led the Tinker Toys.

Retaining their third place position last week were the Celicas who won three from the Four Pugs. Skip Senkirk 235 led the Celicas while George Furnham's 306 was high for the Four Pugs.

The Sedans continued to climb and the Beep Beeps continued to slide as the former blanked the latter in last week's meeting.

The V's was the talk of the league as he led the Sedans with his booming 184, 241/566. Eddie Adams was his usual self for the Sedans as he unloaded games of 232 and 200 for a 379 set. Ed Lee also helped with his steady 166, 167, 367/502. Leon Arthur tried his best to keep the Beep Beeps in the thick of things as he fired his best series of the year. Leon opened with a 235 and followed it up with a 212 and 186 for a 613 set. Kathy Arthur had a 176 in a losing effort.

Moving into a tie for fifth place last week were last year's champs, the Radiators (G) Fieger had a 196, 172 and Mike Hartsch a 176 in the Radiator win over the Four Hoops. Roger Larsen's 160 was single game for the Hoops while Marge Augusta had a steady 167, 170/450.

Sharing fifth place with the Radiators are the PCW's who divided their match with the Soapboxes last week. John Wright 172, 164/491 led the PCW's and Berny Hudley 186 was high for the Soapboxes.

Johnny Jones returned to action for the Big Wheels and his 180/181 (57) led his team to three wins over the Fiat Tires. Helping the Wheels were Pat Santall 184 and Dick Spencer 177. For the Tires it was Park Rogers 202/334 and Millie Rogers 170, 161.

The Tankers were three-time winners last week and evened their record for the season at 15-22. Jerry Lee 172 and Marny Minnesota 182 led the Tankers in their win over the Hibcaps. Charlie Miller 181 was best put forth by the Hibcaps.

Mike Kent's 182, 164 helped the Mini Wheels to three wins over the Four Pistons and stay a game and a half away from the cellar. Walt Wade 186 led the Pistons.

In the other match Barney Headrick 171 and Erma Thury 165 led the Gascape to two and a half win over No Way. Jim Brown 181, 174/312 was No Way's leader.

Generation Gap
Alice Homan established a new high scratch game and sparked the Spence knuglers to a clean sweep of the Florida Convoy White outfit.

Alice fired a 217 and also had games of 346 and 200 for a nifty 362 set.

Millie Brown was three from the league leader, Stephen Chemical team as Rochelle Whitler's 180/170 was top.

The Southern Louisers and Brown Owl Ceramics split last week with Ann Solomon leading the Southern Louisers with a 334 and Joan Fryman 330 high for Ceramics.

Mary Henderson's 174/444 led Able Best-all to three wins over Care-De-Bell Pet Palace. Amette Wallstedt's 340 boosted Florida Convoy Blue to a trio of wins over Bettle Pup painting.

Mid-Florida Dodge won two and a half games from Fausta with Terry Rowland 197 leading the Dodge team and Pat Doctes 178 198 high for the Dodge.

Converting nugs last week were Frankie Kaiser who pulled in the 5-7, Ann Coleman the 5-4-7, Dottie Tills 5-6-10, and Nancy VanDusen the 4-6.

Homecoming In Sanford Seabreeze In Town This Friday Night

By GARY TAYLOR
Herald Sports Editor

The Seabreeze Sandcrabs come to Sanford this Friday night when Seminole High School will stage their annual Homecoming tilt. Game time is 8 p.m. at the Sanford Municipal Stadium.

The Seminoles, currently sporting a 5-1 record, have not lost a game on their home field this season, and their home record was also spotless last year.

Clifford Martin is the key to the attack as the carries. He has been regular from his fullback position. Last week he carried 12 times against Evans, picking up 335 yards of real estate. In addition, he caught a pair of passes good for a total of 33 yards.

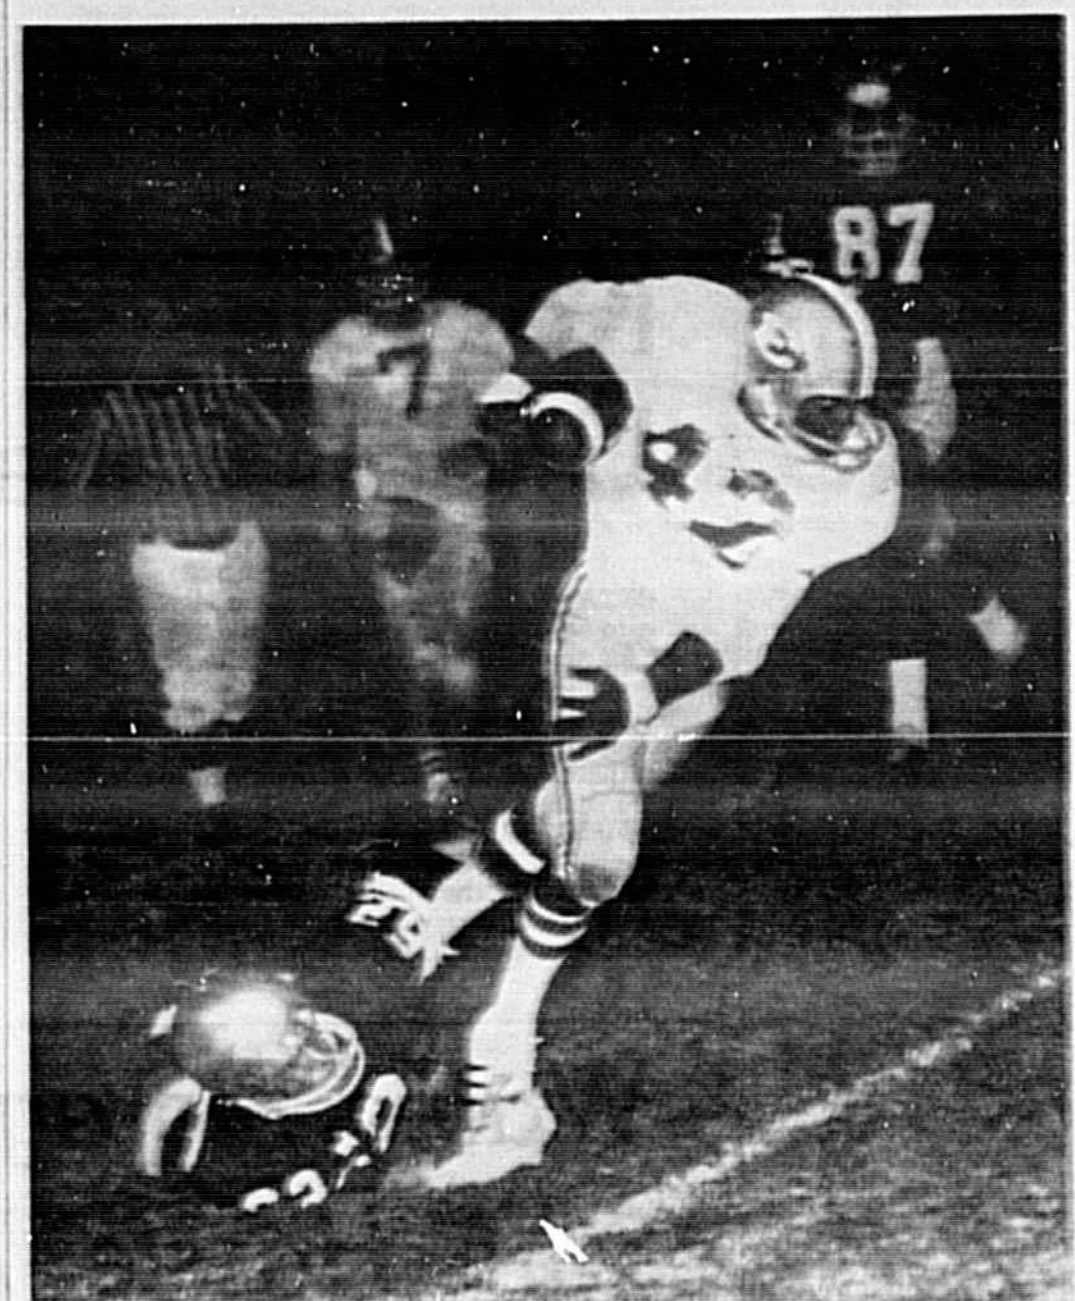

Martin has scored 56 points in five games, including nine touchdowns. His average was hurt considerably when he didn't score any points against Sarasota.

But two other players have played key roles in the running attack. Mark Carl has proved that he can do the job when carrying the pigskin. His specialty is when the ball is pitched out to him and he sweeps around the end.

Though the Seminoles lost to Vero Beach, Carl had an outstanding night, picking up 76 yards in a dozen carries. He averaged 34.7 yards per carry that game. Carl is also capable of throwing an aerial on the halfback pass.

Bill Jimenez also proves a threat for the Seminoles. He can pick up the big yards when they are needed most. Though some of his performances haven't been quite spotless, an important fact to remember is, like Carl, Jimenez is only a junior.

Defense has been an important factor in the success of

the Seminoles. They are averaging 6.6 points given up per contest. The defense also owns a pair of shutouts.

One of the key members of the defense is Chris Daum. Daum has been in the right place at the right time on several occasions this far this season. His 100 per cent effort has paid off for the Tribe.

The key to the Seabreeze running attack is Billy Glenn. The running back had no success at all against the Seminoles last season. Winter Park has also stopped this season. The Wildcats keyed on Glenn for the first few times he carried the ball and struck him. When this happened, many others got a chance to carry the ball, since it seems Seabreeze would rarely not have a team mate Glenn look for.

If the Seminole defense has one weakness, it's stopping pass attacks. Once an opponent catches a pass, he doesn't usually get too far before he is met by a Seminole, but the Seminoles have had far too many occasions when overthrown passes or dropped footballs came when a receiver was wide open.

There seem to be a few "easy" games on the Seminole schedule, but if there are, Seabreeze is probably the last. Upcoming are tilts with Bishop Moore, Lyman, Tampa Hillsborough and DeLand. All but the Lyman game are on the road. It really doesn't matter what the records are when Seminoles tangles with Bishop Moore, Lyman or DeLand. As for the Tampa game, for the Seminoles to win it will take a spectacular performance. Tampa is currently ranked third in the state while Sanford is 10th.

Kowboys Next Opponent For Ailing Oviedo Lions

By LARRY NEELY
Herald Sports Writer

Oviedo was again troubled with pass interceptions and fumbles in last Friday night's contest with Winter Garden Lakeview which resulted in the Lions being handed their third blanking of the season. The Ted Devils 2-0 triumph over Oviedo was the Lions fourth loss in five games.

The Lions are yoked at the bottom of the Orange Belt Conference, with several other losers, including the Oviedo team's opponent Friday night, Kissimmee Osceola High School.

The Kowboys have been able to manage only a two way against three losses late. The Osceola team has recorded a 2-2 triumph in OHC competition over New Smyrna Beach with their only victory of the season in coming 34-0 over Lake Wales this past weekend. The Kowboys started the season with losses 4-10 to Haines City, 2-24 to Lakewood, and 3-24 to former Orange Belt contender, Leesburg.

Future Oviedo opponents Ocoee and New Smyrna Beach have also had problems this season. New Smyrna Beach is

winless in four tries while Ocoee is only in slightly better position with only one win against two losses and a tie.

The Lions have reached the mid-point in the season and will have to have quality performances if the Oviedo record is to stand. The remainder of the season, Ocoee City (4-2) and Leesburg 5-0 remain as the toughest foes on the Oviedo schedule with the potential of an upset time with Kissimmee (2-3), Ocoee (2-2) and New Smyrna Beach (0-4).

Friday night's contest with the Kissimmee stevedores is the start of three game home stand for Oviedo. Only the Leesburg contest remains as a road game for the Lions.

The probable key to controlling the Kowboys offense is in containing senior backfield ace Calvin Brown. The total Kissimmee offense has scored only 8 points with Brown scoring 42 of those points. The offense of Brown has been the most important factor in the three defeats suffered by the Osceola team this season.

Oviedo has all the potential for getting points on the scoreboard.

With your view on things, I think you should quit your job as a sports writer and get into the coaching end of football. Maybe you would just feel sorry for the other team, and they might surprise you by making more points than you. Then you could be the goat to all loyal fans who want to see the boys make the touchdowns!

(Editors Note: I think you hit the nail on the head when you wrote of Carl's very little experience. In the final minutes of that game Friday night, maybe someone should have worried a little more about getting inexperienced players in the game, instead of just substituting in one or two players and trying to run up the score. It would have been a different matter if the boys had tried to score a touchdown when they had the ball the last time, it's only natural. But why call for a split decision with nine and two seconds on the clock. As for Carl's remarkable job of just hanging on the ball and getting it to the running back, I think he did an outstanding job. And as for that "morale" as-pointer, it's hardly so awesome as Carl was calling the signals while 22 of Sanford's 35 points were scored. The split-half compared to the second half was like night and day. I'll look to see you smiling next time "your" team has their noses rubbed in the mud.)

Lakers Bounce Braves In Tuesday's NBA Play

By THE ASSOCIATED PRESS

The Los Angeles Lakers bounced the Atlanta Braves Tuesday night.

The Lakers won 123-106, New York downed Golden State 83-84. Boston trounced Baltimore 34-114, and Detroit bested Portland 101-99.

In the ABA, it was New York 62, Pittsburgh 122; Utah 150, Carolina 93, and Indiana 122, Denver 117.

Sharmar, trying to accomplish what he did last season, Breda Koffler Joe Mullany joined the team in 1969, has led the Lakers to victories by 20 points over Detroit, 15 over New York and 17 over Buffalo. What has made his big edge is having his big three easier in each game. In the previous two seasons, Baylor, Chamberlain and West had played together in only 13 games because of injuries.

Against the Braves, Chamberlain collected 28 points. West had 18 and Baylor contributed 14. Gail Goodrich led the balanced Los Angeles at

Court To Hear Flood

WASHINGTON (AP)—Curt Flood's two-year fight to make baseball subject to antitrust laws may be settled finally at the middle of next year by the U.S. Supreme Court.

For the first time since 1953 the high court agreed Tuesday to hear arguments on a legal attack on the structure of professional baseball.

In 1922 the court decided baseball is essentially a sport and not a business. In 1953 the court said any change in baseball's status should be up to Congress.

Flood's case may be delayed by two court vacancies, but a final decision is expected by June, former Justice Arthur J. Goldberg will argue for the one-time all-star centerfielder at a hearing tentatively set for mid-January.

Flood and Goldberg objected in their suit mainly to the "reserve system," which binds a player to the team that holds his contract.

Baseball commissioner Bowie Kuhn and other baseball officials have argued successfully in lower courts that it should be left to Congress to make any change in baseball's status.

Kuhn said Tuesday that the court's decision to hear arguments "does not affect the merits of the case. We have complete confidence in the fairness of the court's ultimate decision."

Richard Moore, counsel for the Players' Association, said: "We are very gratified that the court has seen fit to review the case on its merits."

Flood filed suit after the St. Louis Cardinals traded him in 1969 to the Philadelphia Phillies. He refused to report and sat out the 1970 season while two lower federal courts rejected his claim.

Alston NL 'Manager Of The Year'

By BERT ROSENTHAL
Associated Press Sports Writer

NEW YORK (AP)—Veteran Wall Alston of the Los Angeles Dodgers, who says, "I can't think of anything I'd rather do than manage," was named today as The Associated Press Manager of the Year in the National League for the fifth time.

The 59-year-old Alston, in his 18th season as manager of the Dodgers, piloted Los Angeles to a second place finish in the

NL's West Division. Los Angeles won one game behind San Francisco after trailing the Giants by eight games going into the final month of the season.

Alston, whose 18 consecutive seasons with the same club are tops among active major league managers, received 72 votes from a nationwide panel of sports writers and sportscasters.

Charlie Fox, in his first full season as San Francisco manager, was a close second with 63 votes. Danny Mortangh, the 1970 Manager of the Year who led the Pittsburgh Pirates to the National League championship, was third with 52 votes.

The modest, effable Alston, however, paid tribute to Mortangh's effort. "That guy in Pittsburgh did quite a job," said Alston from his home in Dartmouth, Ohio.

But the Dodgers' pilot also was grateful to receive the award again. "It's quite an honor," he said. "I really appreciate it."

Alston also was named NL Manager of the Year in 1955, 1959, 1963 and 1966, all seasons in which he guided the Dodgers to the league championship. He also took them to the NL title in 1956 and 1963.

Asked about the Dodgers' near-miss this year, he said, "We were all disappointed that we didn't win after getting so close. But you've got to give the players credit, from the youngest rookie to the oldest veteran. Nobody quit. They all gave 100 per cent, and that's all I could ask."

Alston, a former school teacher, has been working on one-year contracts since he succeeded Charlie Dressen as Dodger's manager in 1954. Apparently that's the way he wants it. "I'm satisfied, and I hope they are," he said.

Dick Williams of the Oakland Athletics was named earlier in the week as American League Manager of the Year.

Nebraska Gets The Nod Over Oklahoma State

By HERSCHEL NISSENSON
Associated Press Sports Writer

NEW YORK (AP)—This week it looks like the Associated Press' top ten teams will keep on winning.

Nebraska at Oklahoma State—State's Floyd Gass says the Cougars will "play well against Nebraska," but he doesn't say which year. The fine sophomore may be in over their heads against the Cornhuskers, ranked by the AP as the best team in the nation. Gass isn't from Brooklyn but won't let next year, anyway.

NEBRASKA

Oklahoma at Kansas State—Everything may be up to date in Kansas City but things aren't even up to last year at Kansas State, when the Wildcats looked off.

OKLAHOMA

Michigan at Minnesota—Oklahoma just got through playing Ohio State and Michigan. Now it's Minnesota's turn to tangle with Michigan and Ohio State.

Houston at Alabama—Beyran is running Bill Vean's triple option disguised as the Wildhoney. An upset is possible, such as last year's 30-21 "Bama victory over the favored Cougars. Surprise, surprise! Nope. ALABAMA.

Clemson at Auburn—Clemson has come alive the last two weeks but the reorganization has to stop somewhere. Hold That Tiger is the theme, since both teams are nicknamed Tigers. Being the legal holding... AU BURN!

Southern California at Notre Dame—the Irish were 10-1 last season and the 1 was named Southern Cal to the tune of 38-28. It cost Notre Dame the national championship and, even though there's a freeze on the Trojans will pay through the nose. NOTRE DAME.

Texas Christian at Penn State—the Christians and the Beavers have had their fling and the Huskies have had their slump. WASHINGTON.

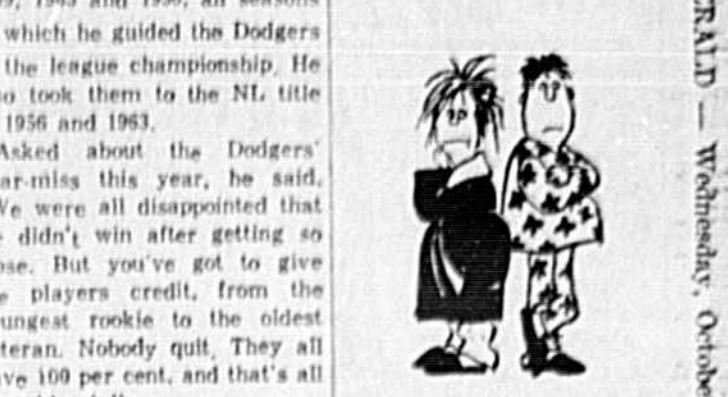

Lockhart Team Falls To Saint Tanksters

The Trinity Prep junior varsity tanksters scored a handy victory over the Lockhart Junior High School swimmers of Orlando. The Saint swimmers took home a 102 to 88 win from the Land O Lakes Country Club pool Monday afternoon.

The Saint boys team assured their team of victory by sweeping all but one of the first place positions as they took the Lockhart team for a 74-21 ride. The 100 yard breaststroke event, Bartholomew Fritsch had first in the 200 yard individual medley and second in the 100 yard breaststroke for Trinity while Jimmy Rosemond capped a second in the 100 yard butterfly event.

The Saint swim team was enough to assure the Saints of this win. The Saint swim team has been bolstered this year by the addition of several Sanford swimmers, all former members of the Sanford Swim Association. David Parker added to the first place finish by Trinity in the 200 yard freestyle event with a second place showing. Parker also finished second in the 100 yard freestyle event. Bartholomew Fritsch had first in the 200 yard individual medley and second in the 100 yard breaststroke for Trinity while Jimmy Rosemond capped a second in the 100 yard butterfly event.

Halloween Is On The Horizon

By AILEEN CLAIRE
NEA Food Editor

Hearty, bite-sized sandwiches with loads of flavor are just right for the hostess with children running in and out of the house. With Halloween on the horizon Party Petit Fours and Apple Faced sandwiches serve a dual purpose—for bride and groom nibbling and after trick-or-treating visits of young in the neighborhood. These can be made ahead and kept refrigerated until time to serve.

PARTY PETIT FOURS
12 slices white bread
Mayonnaise
1 (4½-ounce) can deviled ham
1 tablespoon minced onion
10 thin cucumber slices
3 hard-boiled eggs, chopped
1½ tablespoons mayonnaise
6 slices bacon, cooked and crumbled
2 tablespoons chopped green pepper

1 (8-ounce) package cream cheese, softened
2 tablespoons sour cream
1 (5-ounce) package cream cheese
Red and green food coloring
Trim crusts from bread slices. To make petit fours spread four slices lightly with mayonnaise and a mixture of deviled ham and onion. Add thin cucumber slices and second bread slice. Spread with mixture of egg, mayonnaise, bacon and green pepper. Top with third bread slice. Chill. Cut each sandwich in quarters. Combine 8-ounce package cream cheese and sour cream. Spread over sides and tops of the sandwich quarters. Mix 1½ ounces of cream cheese with the red food coloring to make pink flowers and 1½ ounces of cream cheese with the green food coloring to make leaves for the top of the sandwiches. Makes 16 petit fours.

APPLE-FACED SANDWICHES
1 (4½-ounce) can corned beef spread
¼ teaspoon cinnamon
¼ cup minced apple
8 slices whole wheat bread
Slices of apple, parsley to garnish
Mix together corned beef spread, cinnamon and minced apple. Spread half this mixture on four slices of bread. Cover with remaining slices of bread. Spread tops with remaining corned beef spread mixture. Trim off crusts. Cut diagonally into four triangles and decorate each with small triangles of apple and sprigs of parsley. Makes 16 sandwiches.

CHICKEN BOMBAY
The happy blend of spice comes from the cuisine of India.
3 pound frying chicken, cut up
1 teaspoon salt
¼ teaspoon ginger
¼ teaspoon cardamom
¼ teaspoon chili powder
¼ teaspoon turmeric
3 tablespoons butter
1 large clove garlic, minced
2 small onions, sliced thin and separated into rings
Wash and dry chicken. On a sheet of wax paper mix together the spices; press out; roll chicken in spice. In a 10-inch skillet melt butter; add chicken and brown over moderate heat. Sprinkle with garlic and onion. Cover tightly and simmer until tender—about 30 minutes. Turn chicken once or twice during cooking, mixing onion with drippings in pan. Makes 4 servings.

SUNDAY BRUNCH
Fruit Cup
Bacon and Eggs
English Muffins with Lemon Spread
Beverage
LEMON SPREAD
Adapted from British cuisine.
½ cup sugar
1 large egg, well beaten
3 tablespoons lemon juice
2 tablespoons butter
6 English muffins
In a small saucepan stir together sugar, egg, lemon juice; add butter. Without letting mixture boil, cook over moderately low heat, stirring constantly, until mixture thickens—about 5 minutes. Cover and chill about 1 hour or store for several days. Mixture thickens more as it cools. (Makes 2-2½ cups.)
Split English muffins by scoring with fork tines and then gently pulling apart; toast; top with lemon spread. Serve at once.

Festive Apples On Halloween
By CECILY BROWNSTONE
Associated Press Food Editor

Restaurants all over the country that specialize in American-style cooking like to decorate a plate that holds meat or poultry, potatoes and a green vegetable with a rosy poached apple. Because the color combination is so attractive and flatters like the added flavor, many cooks have duplicated this practice at home. Often these apples are made by poaching them with red cinnamon candy syrup.

Now comes a new idea—and a good one. Originated by a friend of ours who is an exceptionally good cook, these apples are poached in a syrup that features cranberry juice cocktail. The appearance and flavor of these cranberry apples are great.

Then, as an extra touch, our friend uses the poaching syrup to prepare baked apples for another meal for her family. Tried at our house, this double-duty practice worked well and you might like to follow suit. We used McIntosh apples for the poached recipe, Rome Beauties for the baked recipe. But you can of course use other varieties.

POACHED CRANBERRY APPLES
4 small (about 1½ pounds) cooking apples
2 cups cranberry juice cocktail
1 cup sugar
3 slices lemon
1 (3-inch) stick cinnamon
½ teaspoon red food coloring
Rinse apples. Select 4 saucepans in which the 4 apples will fit stem side up and side by side. See apples aside.

Into the saucepan turn the cranberry juice cocktail, sugar, lemon, cinnamon and food coloring. Over low heat stir until sugar dissolves; bring to a boil; simmer 10 minutes.

Meanwhile core and peel apples. With a spoon lower apples into simmering cranberry juice mixture. Bring juice to a boil. Reduce heat and simmer, hasting often with a bulb-type baster, until apples are cooked through but still hold their shape—8 to 10 minutes. With a large perforated metal spoon carefully lift apples from syrup and chill apples.

Pour leftover syrup (about 2 cups) into a jar, cover and refrigerate. Use syrup for Baked Cranberry Apples (recipe below) or as a glazing syrup for ham.

Served Poached Cranberry Apples with roast pork, pork chops or baked ham.
Makes 4 servings.

BAKED CRANBERRY APPLES
4 medium (about 1½ pounds) or large (about 2½ pounds) baking apples
2 cups (about) cranberry syrup (left from Poached Cranberry Apples)

Wash and core apples. Starting at stem end, peel apples about 1/3rd of the way down. Stand apples, peeled side down, in a shallow baking dish. For the medium apples use a 1½-quart oblong glass baking dish (10 by 4 by 1½ inches) or similar utensil. For the large apples use a 2-quart square glass cake dish (8 by 8 by 2 inches) or similar utensil.

Heat cranberry syrup; pour over apples. Bake in a preheated 350-degree oven for 30 minutes. Turn apples, peeled side up and continue to bake, basting often with syrup in dish, until apples can be easily pierced at center with a fork—about 30 minutes longer for medium apples and about 45 minutes longer for large apples.

Serve warm or cold. Accompany, if you like, with custard sauce.

Makes 4 generous servings. If large apples are used, they may be cut in half to make 8 servings.

Free Rides For Cyclists
TORONTO (AP) — The city has provided free bicycle transportation for at least two of the two million people living in this area.

Mayor William Dennison decided that two bicycles presented to the city by a CBC television program would be left in the streets for public use.

"I've got great faith in the honesty of Toronto people," said the mayor.

Barbecued Short Ribs With Yams

By AILEEN CLAIRE
Nea Food Editor
Short ribs remain good buys and make a tasty family meal. Next time around try barbecuing short ribs and serving them with yams.

BARBECUED SHORT RIBS WITH YAMS
Meat tenderizer
4 pounds short ribs of beef, cut in serving pieces
1 can (8 ounces) tomato sauce
1 small onion, finely chopped
2 tablespoons brown sugar
2 tablespoons water
1 tablespoon each: vinegar, salad oil
1 teaspoon salt
2 teaspoons Worcestershire
Dash garlic powder
2 cans (16 ounces each) Louisiana yams, drained
Sprinkle meat tenderizer on all sides of short ribs, pricked with fork and let stand 1 hour. Meanwhile, in small saucepan mix together tomato sauce, onion, oil and seasonings. Cover and simmer 30 minutes, stirring occasionally. Place ribs on grill or broiler rack. Cook 4 inches from source of heat 10 minutes; turn, brush with barbecue sauce and grill about 5 minutes. Skewer yams. Turn ribs again and arrange yam kebabs on grill, cook 3 minutes, or until yams are hot and meat browned. Serve with remaining sauce. Makes 4 servings.

3/4 cup prepared yellow mustard
3 tablespoons sugar
2 tablespoons distilled white vinegar
1/2 cup salad oil
Into a small mixing bowl turn the mustard, sugar and vinegar; stir until smooth. With a rotary beater, beat in the oil, 1/4 teaspoon at a time, making sure oil is combined each time it is added before beating in more. Store in a tightly covered container in the refrigerator. Makes about 1/2 cup. It helps to have one person add the oil while another person does the beating.

AFTERNOON COFFEE PRUNE SPICE CAKE
A substantial dessert.
2 cups unsifted flour
1 teaspoon baking powder
1 teaspoon baking soda
2 teaspoons cinnamon
1/2 teaspoon nutmeg
1/4 cup vegetable shortening
1/2 cup sugar
3 eggs
1 cup buttermilk
1 cup finely chopped pitted prunes
1/4 cup finely chopped walnuts
On wax paper thoroughly stir together the flour, baking powder, soda, cinnamon and nutmeg. In a large mixing bowl cream shortening and sugar; beat in eggs 1 at a time. Stir in flour mixture alternately with the buttermilk, until smooth each time. Fold in prunes and walnuts. Turn into a greased and floured 13 by 9 by 2 inch cake pan. Bake in a preheated 350-degree oven until cake tester inserted in center comes out clean—1 hour. Turn out on a wire rack; with another rack turn top side up. Cool. Cut in squares to serve.

WEEKDAY SUPPER
Ham and Egg Cups
Sautéed Bowl
Gingerbread with Appliance
HAM AND EGG CUPS
Two pantryshelf ingredients are used
4 hard-cooked eggs
1 can (4 1/2 ounces) deviled ham
1 can (10 1/2 ounces) condensed Cheddar cheese soup
1/4 cup milk
2 tablespoons minced parsley
8 slices bread
Cut eggs in half lengthwise and remove yolks. Place whites in a buttered shallow baking dish into which they just fit. Mash yolks with deviled ham and fill cavities of egg whites with mixture. Beat cheese soup, milk and parsley; cover eggs with 2-3rds of this sauce. Bake at 350-degrees until eggs are hot—about 15 minutes. Make toast cups of bread by cutting off crusts and fitting into muffin-pan cups. Bake at same temperature as eggs until tips of cups are browned—10 to 15 minutes. Place toast cups on plates; spoon remaining hot cheese sauce into cups and add eggs. Makes 4 to 8 servings.

ANSWERS TO TURKEY QUESTIONS

Q: What is the best way to thaw a frozen turkey?
A: Thaw in the original bag on a tray in the refrigerator. A 12 lb. bird will take 2 or 3 days. For faster thawing the bird may be placed in cold water. Change water frequently. Do not use hot water. The giblets and neck and giblets be removed before the bird is completely thawed.
Q: How can the neck and giblets be removed before the bird is completely thawed?
A: The giblets and neck for all Deep-Dish Butterball Smith's Premium Turkeys are placed in plastic bags which can be removed from the neck and body cavities respectively without waiting for the bird to thaw completely. Floating directions are printed on the giblet bag for cooks who know all about turkeys and especially for those who don't.
Q: Are hen turkeys more tender than tom turkeys?
A: No. Tenderness is primarily a function of the age of the bird. Turkeys designated as "young" on the wrapper are usually tender whether tom or hen.

Welfare Checks Probed By State

TALLAHASSEE (AP) — Secretary of Health and Rehabilitative Services Emmett Roberts today said his department will take immediate steps to correct excessive welfare payments being made by the state. "Any time we discover something of this sort, we are concerned," he said.

A state survey shows that excessive welfare payments and payments to ineligible persons are costing an extra \$13 million to \$37 million in Florida.

Seventy-five per cent of the welfare moneys are federal funds, which means the annual loss to Florida is between \$2.5 million and \$8.75 million, if the survey's projections are accurate.

Roberts, whose department includes the Family Services Division which dispenses welfare, said there is bound to be incorrect payments in a system which includes thousands of recipients.

If his agency were to audit each and every payment on a monthly basis to guarantee that the claimant is entitled to the money, he said, "It would take 16,000 workers and millions of dollars."

A new quality control program, operated by Roberts' department, reported that:

- 7.2 per cent of all recipients of Aid to Families with Dependent Children (AFDC) payments and 6.7 per cent of all other welfare recipients actually are ineligible for payments. AFDC is by far the largest source of welfare in Florida.
- 27.6 per cent of all AFDC payments and 16.5 per cent of other payments are too large.
- 13.1 per cent of all AFDC payments and 6.7 per cent of all other payments are too small.

The report said nearly 70,000 of 170,000 Florida welfare cases contain errors.

PURELY PERSONAL — I wonder how "old" those University of South Florida students (and I question that identification, too) actually are who look like they're in their 20s, and are covered with a tight roof. The next step is to lay a concrete floor, along with plumbing and electrical facilities. We also must have the windows installed," he continued.

It is estimated that \$10,000 minimum is required to have the necessary work done so that the residents of the existing structure may be moved into the new facility. This would mean that the laundry and kitchen facilities would still be open in the old building.

"But it would mean that those people would be taken care of as they should be and we would have time to raise the money to complete the construction of the new building," Krider explained.

"With enough faith, we will succeed," Krider and Mrs. Ruby Wilson said. "God has never let us down. He won't let us down now," Mother Wilson continued.

On a motion by Mrs. Julia Chase, it was decided to proceed with the installation of the floor, using the \$4,600 cash on hand in the building fund account.

Deadline Is Set On Sanford Home

By ANN SUCZKOWSKI

State authorities have served notice a fireproof building meeting all statutory requirements, must be provided immediately to replace the present frame structures of Good Samaritan Home, it was revealed by John Krider, acting chairman, to the home steering committee Wednesday.

Krider said, "We absolutely must remove those people into a new building before Dec. 31 or I have no doubt that home is going to be closed."

"The walls are in place and are covered with a tight roof. The next step is to lay a concrete floor, along with plumbing and electrical facilities. We also must have the windows installed," he continued.

Robber Caught In Daytona

ORLANDO (AP)—A 16-year-old boy was arrested in Daytona Beach on the railroad fence robbery of an Orlando bank, Police Lt. C. H. Van Meter said today.

The First National Bank in Orlando's College Park section was robbed Wednesday by a youth who threatened a teller with what he took to be a dynamite bomb.

Van Meter said \$5,000 was taken. It had not been recovered as yet.

Van Meter identified the boy arrested on a Daytona Beach street as Martin Lacey. Details of the arrest were not given.

State Team Here School System Studied

A 12-member team from the State Education Department is conducting, at the request of School Supt. John Angel, a study of Seminole County's school organizational and administrative staffs.

According to Charles E. Chick, Bureau of School Facilities chief, the study will analyze and insure that all school functions which should be performed here are being accomplished with an eye toward revision of business and accounting techniques that will be implemented on a state-wide basis starting in the 1972-73 school year.

Chick, who is heading up the state team now in Seminole County, said the study also will look at instructional staffing as well as the advisory of the staff to carry out the duties and responsibilities that are required.

"This is especially true as it relates to the continuing county pupil population increase, since this will affect the instructional staffing by the county," Chick added.

He explained that Seminole and other Florida counties earn instructional or teacher units based on growth. "For each 27 students increase in average daily attendance, the county earns one instructional unit," he said. "For every 100 teachers or instructors, the county earns an additional supervisor, he disclosed. "As the county grows, we want to determine how best to utilize the various teaching units," Chick said.

The team is expected to finish its field work today. Then will come the necessity to prepare a final report, which will be made available to county educators several weeks from now, he said.

Chick added, "To my knowledge there has never been a plotting projected growth for facilities planning, staff development and management planning."

Family's Eviction Taken In Study

Sanford City Commission, sitting Wednesday as the Sanford Housing Authority, referred the eviction of a family of 11 persons of three generations to a local grievance committee.

For the first time in Florida, the governing group of a municipality acted in lieu of an appointed authority in handling the affairs of its public housing.

With Mayor Lee P. Moore acting as chairman, the group named Commissioner W. Vincent Roberts to serve as vice chairman and chose Gordon Bradley and G. Andrew Speer to continue their posts as authority executive director and attorney, respectively.

At Wednesday's session, tenants council representative Rutha Riggins complained that a family came after \$319 in back rent was based on potential income, a system of determining rents an occupant should pay based on what he should be earning as opposed to actual income earned.

Bradley said the family has a total income of over \$400 a month and said the rental is set at \$102.50 a month for the family.

Mrs. Riggins said the family does not now have this high income, explaining that these figures were based on an examination made a year ago.

A new rental examination was conducted Oct. 12 and, according to Mrs. Riggins, the family received an eviction notice on Oct. 13, just three days after the evaluation.

"The tenant council member accused the three-man grievance board of being contrary to the U.S. Department of Housing and Urban Development (HUD) requirements.

She said the board should consist of one housing authority member, one tenant council member to be selected by agreement of the first two.

Furniture Theft Ring Is Dealt A Smashing Blow

By BILL SCOTT

A combined team of Seminole County and Sanford police Wednesday recovered thousands of dollars worth of stolen household furnishings and other belongings in a smashing blow to a Sanford-based burglary ring that had been operating in all areas of the county.

At least one man in the ring is being charged and authorities are searching for possibly two other men believed to have been involved in the thefts of furniture from a home located on 17-92 south of Sunland Estates, according to Sanford Det. Sgt. Gary Swain, who, with fellow officer Det. Sgt. Roy Williams, joined with Fred Respress and George Abby, sheriff's investigators, in recovering two bed room suites, air conditioners, bunk beds, mattresses and box springs, dining room sets, night tables and stands, two TV sets and numerous other items.

The property was recovered by authorities in raids on the home of Kent D. Stephens, 22, 114 Garrison Drive, and the domicile of another suspect on Magnolia Avenue in Sanford.

Stephens was already jailed on possession of burglary tools and breaking without entering charges brought against him by Det. Swain, after he was caught by Sanford police with burglary tools in the aftermath of the early Sunday theft of \$300 cash from several vending machines at Harry's Bar, 113 South Park Avenue.

A warrant charging Stephens with possession of stolen property will be taken today, county investigator Respress said.

At least one other man is being sought in connection with the thefts.

A residence on Magnolia Avenue also yielded more stolen property and according to Respress, furniture, including a carpeting believed to have been taken from homes under construction in South Seminole, was also recovered.

Det. Swain said he obtained information from an informant that Stephens had \$3,000 worth of stolen furniture stored in three separate places. The investigation is continuing today, the detective added.

In another action, Swain has arrested Dennis Ray Maddox, 805 East 26th Street, on grand larceny of motorcycle, no driver's license and improper tag charges after police stopped him on a cycle stolen from Indiana, in the recent investigation, a second stolen motorcycle was discovered at Maddox's home. Det. Swain added.

TAKING 'INVENTORY' OF HOT GOODS

Household furnishings estimated to be worth thousands of dollars were recovered Wednesday by a combined Seminole County-Sanford Police team composed of (from left) Fred Respress, county investigator; Det. Sgts. Roy Williams and Gary Swain, Sanford police and Det. Sgt. George Abby, county investigator.

Apology

The Sanford Herald apologizes to Roger Ray Webb, who in a story on Page 1 of the Tuesday, Oct. 19, issue identified him in a headline as "Five Years Meted To Drug Addict."

The contents of the release are essentially correct, in that he was sentenced by Circuit Judge Dominick Salfi to hard labor with the State Division of Corrections for a period not to exceed five years.

However, it was in error to identify Webb as an addict, and for this The Herald offers an apology to Webb, his family and friends.

Bulletin

WASHINGTON (AP)—President Nixon has made his selection of nominees to fill two Supreme Court vacancies and will announce them to the nation in a live television address at 7:30 p.m. tonight.

The White House announced Nixon's plans within hours after the Washington Post published a story saying the president had named two nominees to the federal judiciary had withheld its endorsement from two potential nominees who were regarded as frontrunners for the positions.

Bradley said the family does not now have this high income, explaining that these figures were based on an examination made a year ago.

A new rental examination was conducted Oct. 12 and, according to Mrs. Riggins, the family received an eviction notice on Oct. 13, just three days after the evaluation.
