

Fire Chief Presents Program For CTP

By Jane Casselberry
Fire Chief Paul Bates of the Casselberry Volunteer Fire Department presented a program on fire prevention and artificial respiration at the regular monthly meeting of the CTP of the South Seminole Elementary School held Tuesday night in the school auditorium.

He unfortunately was unable to complete the showing of the American Red Cross film, "That They May Live," because of a break down in the projector. The fire department's realistic dummy "Resuscit-Ann" was used in demonstrating mouth to mouth resuscitation.

Elected to serve on the nominating committee to recommend a slate of officers for the coming year were Mrs. Beverly Miller, Mrs. Dorothy Birkheimer, Mrs. Eva Moore, Mrs. Marion Eggers and Mrs. Margaret Durance.

The group voted to give \$25 to the beautification chairman, Mrs. Joseph Laird, for the purchase of podocarpus trees for the school grounds.

Principal Christy Harp submitted a list of needed equipment for the school that could be donated by the CTP, but action was tabled until the next meeting on which items should be purchased.

The second session of the Readiness Clinic for parents of children entering school next fall for the first time will be held Tuesday at 8 p.m. at the school. Mrs. Donald Fensler will speak and demonstrate many worthwhile activities parents can plan for their pre-schoolers to help prepare them for entering school.

It was announced that there will be no school on Friday, March 13, as it is conference day.

Mrs. Eva Moore, ways and means chairman, announced plans for the Spring Festival scheduled for April 18.

The room count awards went to Mrs. Edwina Hall's fifth grade room and Miss Virginia Neale's first grade room.

Following the meeting refreshments were served by the second grade room mothers in the cafeteria.

Film-Talk On Bahamas Given

A short talk and a color film on the Bahamas were presented Thursday noon at the Sanford-Seminole Jaycee luncheon in the Civic Center.

Offering the program was M. E. Johnson, chief liaison officer for the Bahamas government.

The population of about 150,000, he said, is spread out over an area of 7,000 square miles. The government is run almost completely independent of Great Britain with the exception of defense and a few imported items, Johnson added.

The government boasts a balanced budget, the speaker noted, simply because it spends only the money it has. It cannot, by law, go in debt.

The population is about 80 per cent Negro, yet it has no racial problems — except those introduced by Americans, Jaycees were told.

Johnson reported on a visit to his country by an official of the NAACP and also by U. S. Rep. Adam Clayton Powell of Harlem.

"Both," he said, "were requested to leave."

Pvt. Whitten Finishes Course

LENGGRIES, Germany (AHTNC) — Army PFC Harry D. Whitten Jr., 19, whose parents live at 1008 French Ave., Sanford, completed a field radio equipment repair course at the U. S. Army School, Europe, in Lenggries, Germany, Feb. 7.

During the course Whitten received instruction in the principles of electricity, radio fundamentals, procedures of alignment and general trouble shooting of AM and FM radio sets.

He is a member of Company B, 2nd Battalion in the 4th Armored Division's 51st Infantry in Germany.

The former Seminole High School student entered the Army in January 1963 and completed basic training at Fort Jackson, S. C., before arriving overseas last September.

BENEFIT CAR WASH is planned by members of the Seminole High School Glee Club to defray expenses to the District Music Contest at Ocala March 20 and 21. The car wash will be staged Saturday from 9 a.m. to 6 p.m. at the Gulf Service Station at E. First Street and Sanford Avenue. At the same time a bake sale is planned for in front of McCrory's. Practicing above for the Saturday chores are April Whittington, left, and Jean Yates, Glee Club members.

Longwood HD Club President Names Nominating Committee

By Donna Estes
A nominating committee was appointed by Mrs. Felix Mege, president of the Longwood Home Demonstration Club, at the regular meeting of the organization held Thursday at the Civic League Building on Church Street.

Members named were Mrs. Frank Steudie, chairman and Mrs. W. J. Krohne and Mrs.

Arthur Putman who will report their recommendations at the April meeting.

Mrs. E. P. Richards gave the devotion entitled "Nature's Story" to open the meeting which was attended by 30 members and five guests. Miss Elizabeth Abbott led the salute to the flag.

Mrs. Ralph Newcomer, health and safety chairman, informed the group concerning services provided by the Seminole Public Health Home Nursing Service.

Mrs. Steudie again stressed the importance of five donors to represent the club at the Old Glory Community Blood Bank Donor Day scheduled for March 12 from 4 until 7:30 p.m. at the American Legion Home on Prairie Lake. She asked members wishing to donate blood to contact her.

Reports on refinishing home furniture were given by Mrs. Richards who was assisted by Mrs. Putman. Mrs. Richards explained that many pieces of furniture may be improved by refinishing and thus made to serve a useful purpose in the home.

A workshop on refinishing home furniture was held following luncheon.

Miss Myrtle Wilson, agent, announced dates for this month's events to be: March 10, cooking school, 7:30 until 9:30 p.m., Sanford Civic Center; March 24, water system clinic, 7:30 until 9:30 p.m., Home Demonstration Center in Sanford; March 25, food demonstrations, 10 a.m. until noon, Home Demonstration Center, Mrs. Sue Kemp, home food specialist from Tallahassee in charge.

Tables were decorated for the meeting with Easter arrangements of bunnies and colored eggs by the hostesses, Mrs. Putman, and members from the Sandalwood Springs Trailer Park.

The next meeting will be April 2 with Mrs. Newcomer and ladies of Fern Park as hostesses.

Students Of Southside Get High Rating

Southside Elementary School has had the lowest number of students to appear before the Juvenile Court during the past four years," said County Judge Vernon Mize as he spoke before the Southside P-T-O Tuesday night.

In pointing out this county record, Judge Mize commended the parents and teachers of Southside, stating that it shows both are working to build good citizens of the community.

The retiring county judge declared that the local juvenile court is in dire need of more court counselors and some means of psychological testing for emotionally disturbed children. On the state level, he listed the most pressing need as aftercare. The latter, he stated, will keep former juvenile offenders from getting into future trouble with the circuit court.

Frank Mebane presided over the session at which time it was reported that Hallway's Carnival funds would be used to purchase fans for the auditorium and lunch room.

The group also approved the use of membership dues to be put with previous funds of last year and be used for redecorating the principal's office and making other minor repairs in the school. Miss Marguerite Dotson was appointed chairman of this project.

Appointed by the president to serve on the nominating committee were Mrs. Donald Jones, chairman, Mrs. Bob Crumley, Mrs. Arthur Beckwith, and Mrs. Velma Mitchell.

In other action, Mebane commended school principal, Mrs. Mitchell and the faculty for the patriotic programs held at the school last week.

Announcement was made of a spring style show to be held at the school on April 3, with all students participating.

Mrs. Bob Crumley gave the devotional and room count was won by the third grade.

GEORGE TOUHY

Touhy Named To FSLIC Group

CHICAGO, Ill. — George Touhy, executive vice president of the First Federal Savings and Loan Association of Sanford, has been appointed to the 1964 Committee on FSLIC Law and Regulations of the United States Savings and Loan League.

The appointment was announced today by Eugene M. Mortlock of New York City, president of the League, which is the nationwide trade organization of the savings and loan business and represents more than 5,000 savings associations and co-operative banks.

The Committee on FSLIC law and regulations is charged with the responsibility of studying the current legislative proposals and regulations affecting insurance of accounts and those associations which have their savings accounts insured by the Federal Savings and Loan Insurance Corporation.

To clean leather upholstery use mild soap and a damp cloth. Don't use furniture polish.

Ton Of Cargo Worth \$16.21 To Community

By Harry Johnson
Every ton of cargo handled in a local port brings \$16.21 into the local economy. And \$7.14 of that would go in the pockets of laborers.

This was one of the many factors pointed out Wednesday at a conference in Jacksonville between Sanford and Seminole officials and heads of the Jacksonville Port Authority.

Local leaders were there to get background advice on how to create a Sanford Port Authority.

Jacksonville leaders told of the formation of their authority. They said the board consists of seven members, each appointed by the governor on the recommendation of Jacksonville and Duval County civic groups and other organizations.

It was suggested that the local committee follow this procedure.

James P. Avery Jr., County Commission chairman, told Jax officials that the local operation is about 80 per cent effective. The commission, he said, is pushing the project.

Seminole officials were given copies of the legislative act drawn up by the Jacksonville group and this will be pondered at great length and could serve as a pattern for the local operation.

The advice offered the local delegation is fantastic in its value to the Sanford project. It was pointed out that should the data be obtained from professional services it would cost thousands of dollars.

There were topics such as whether to build piers for the barges or bulkheads. From Jacksonville's experience it was learned that the cost of placing a bulkhead is \$100 a lineal foot. It's a safe bet the local operation will put in piers, or ship around for some other means of cutting that cost.

An example was given on how the barges could cut the cost of one industry in the area. It involves shipping of newsprint.

One Central Florida publisher predicts his cost of hauling newsprint would be reduced by \$100,000 a year.

SPECIAL AWARDS have been received by two Lyman High School girls. Glenda Payne, left, has been named winner of the DAR Citizenship award at Lyman and Alice Hall, right, has won the title of Lyman's 1964 Betty Crocker Home-maker of Tomorrow. (Herald Photos)

Wasn't that CPO Jim Edge in downtown Sanford the other day? He's been at Gitmo, it seems, but he doesn't look as though he's been suffering from any water shortages.

The grapevine says Jim's headed for retirement, and that Sanford will be his "permanent base." That's good news to lots of folks, especially the Boy Scouts and other youth workers. The Chief was always a fine participant in this type of leadership.

And speaking of retirement, there's another top addition to Sanford's "boys in blue" colony. Capt. James Vose, who once was commanding officer of our NAS, is interested in getting a home built on the story house. He'll be a welcomed co-worker (again) for the advancement of Seminole's interests.

When that ACL crossing at Fifth and Elm is a dilly! It's so rough that it almost keeps the ol' wagon jumping for a block — a real springbuster! Maybe Lefty Anderson and his cohorts could fix these "shockers" so the crossing would be as smooth as his train-traveled roadbeds.

From January's cigarette tax collections Sanford got \$10,496; Altamonte Springs, \$2,146; Casselberry, \$489; Longwood, \$2,698; North Orlando, \$250; and Oviedo \$1,424.

Jim Coleman, former president of the Celery City Printing Co., has recently purchased the Commercial Press of Miami and has left Sanford to take over and operate the south Florida firm. We wish Jim the best.

The Sanford Woman's Club presentation of the film "Color Newswear" — originally scheduled to be shown at 7:30 Tuesday — will be shown instead at 7. It'll be presented at the Woman's Club building on Oak Avenue.

One Clock Watcher is of the opinion that the Central Florida Fair has a long way to go before the forces behind it can make it of state fair quality. The watcher had two major objections — the lack of adequate parking and the unreasonably high prices for kids on closing day. More parking is a must!

Last Friday one Sanford employee couldn't understand why his weekly paycheck was not increased along with checks of other employees. A hurried investigation revealed he had so many children he wasn't paying anything to begin with.

The local police blotter reports a man phoned to say his car had been stolen from a parking lot. Later he phoned police again to say — "Never mind, my wife took it home."

Reminds us of the time we were enroute from Florida to California and ran into this story. A hubby, with his wife asleep in the back seat, rolled into a service station about 3 a.m. While inside the station his wife awoke and went to the rest room. Hubby got back in the car and drove away. Eighty miles away an Arizona Highway patrolman stopped him and told him his wife was not asleep in the back seat but back at his last auto service stop.

And today's chuckle — Bob Shadden reports a cartoon of a woman in a voting booth while an election clerk says, "Lady, there's a space for yes, another for no. But there's no space for 'I don't give a hoot!'"

Eight Killed
MIAMI (UPI) — At least eight persons died this week-end from the results of automobile accidents on the state's highways.

County Registration Locations Announced

Residents of Seminole County who have not registered are urged to do so at once as they will be qualified to vote in the Democratic and Republican primaries in May. Registrations may be hand-

ed by one of the persons recently deputized by the supervising registration, Mrs. Camilla Bruce.

Registration sites set up are as follows:

HAL COLBERT

Railroad Man In District 1 Board Contest

Tossing his hat into the political arena for the first time, Hal (Bill) Colbert, a native of Seminole County, has qualified for county commissioner for District 1, subject to the May 5 Democratic primary.

Presently a real estate broker and cattle raiser, Colbert has been employed by the Atlantic Coast Line Railroad since 1947 but is on medical furlough.

He is chairman of the Seminole County board of adjustment, having been appointed a member in February 1961; is a member of the advisory board of the Salvation Army, and is a member of the Order of Railway Conductors and Brakenen.

He is married to the former Lillian Cameron and they reside with their sons, William L., 20, and Hal Edward, 14, on South Cameron Avenue.

Meridian Stores Left In Ashes

MERIDIAN, Miss. (UPI) — A fire swept along by 20-mile-an-hour winds levelled a section of this Old South city Sunday and damage estimates were placed at more than \$2 million.

Two firemen suffered facial burns and a spectator was overcome by smoke.

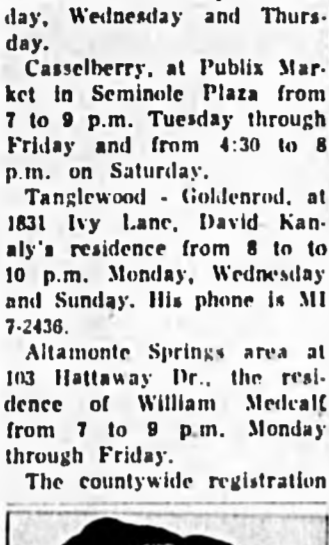

Residents called it the worst fire to hit the city since General Sherman and his Union forces burned it down on Feb. 14, 1864. The city was hit by a tornado in the early 1900s.

Seven stores on Front Street were destroyed and many adjoining businesses were damaged.

"Those stores weren't just destroyed," a fire department official said. "There's just nothing left there at all."

Escort Plane For McNamara Bagged By Reds
SAIGON, South Viet Nam (UPI) — An armed American helicopter escorting U. S. Defense Secretary Robert S. McNamara on a jungle battlefield inspection crashed today, killing two crewmen and injuring three others.

Club To Meet
The weekly luncheon meeting of the Deltona III-12 club is scheduled for Tuesday at the Deltona Community Club. The club, a Masonic Blue Lodge unit, will host the organization's international president.

E. P. BASSETT

Board Race

Casselberry, at Public Market in Seminole Plaza from 7 to 9 p.m. Tuesday through Friday and from 4:30 to 8 p.m. on Saturday.

Tanglewood - Goldenrod, at 1831 Ivy Lane, David Kanaly's residence from 8 to 10 p.m. Monday, Wednesday and Sunday. His phone is MI 7-2436.

Altamonte Springs area at 103 Hattaway Dr., the residence of William Medcalf from 7 to 9 p.m. Monday through Friday.

The countywide registration drive has been officially endorsed by the Republican Executive Committee of Seminole County. Many of the deputies conducting the registration are members of the Seminole County Young Republican Club.

Seminole I-4 Completion Due In Two Months

Interstate 4, destined to cut down the travel time considerably between Daytona Beach and Tampa, should be completely open by the end of this calendar year.

That's the opinion of William Bush, Seminole County engineer. He made his prediction Friday noon at a luncheon meeting of the county's Long Range Planning Committee in Jim Spencer's Restaurant.

Bush said he expected the Seminole County portion to be completed in about two months. He said workers are currently sprigging the shoulders in the Seminole section of the highway.

Other areas getting concentration from the highway builder are in Orange County, principally in Orlando, and portions in Tampa.

The highway, when completed, will make traveling a clear shot from Daytona Beach to Tampa and will continue to St. Petersburg.

Suspect Held In Slaying
James Nelson, Negro, of William Clark Court, is being held in county jail on a charge of suspicion of murder in the death of Luke Green, Negro, of Southwest Road, police reported today.

School Looted
A breaking and entering at Longwood Elementary School is being investigated by sheriff's deputies. The entry was discovered at about 3 a.m. today. The building is being checked to see if anything is missing.

B. A. JOHNSON

Board Race

Today formally announced his candidacy for the Republican nomination for county commissioner District 3.

Bassett, a native Floridian, opened his law office in Maitland in 1960, and in 1961 became a partner in the Maitland firm of Bassett and Tuck. Since that time he has been a director and secretary of the Maitland Rotary Club for two years, city prosecutor of Maitland for three years, and is presently serving his second term as president of the Maitland Chamber of Commerce.

Bassett received his B. A. degree in 1956 and his law degree in 1958 from the University of Richmond, where he was president of Sigma Phi Epsilon fraternity, a member of Omicron Delta Kappa and Tau Kappa Alpha honorary fraternities and the winner of numerous debating and public speaking trophies.

He is a member of the Florida Bar and the American Bar Association and has been active in the Republican party for several years. He is now serving his second term as first vice president of the Seminole County Young Republican Club and is conducting a precinct education course for potential Republican precinct workers.

Bassett is married to the former Ann Bickerstaff, of Richmond, Va., and resides with his wife and two children, Douglas, 2½, and Cindy Lee, one, in Druid Hills. He was active in the 1963 Maitland United Appeal drive and is a trustee of the First Presbyterian Church of Maitland.

Bassett has designated the South Seminole Bank as his campaign depository and expects to file his qualifying papers within the next few days, at which time he will make a statement concerning his candidacy. He is the third Seminole County Republican to announce for office.

2 Businesses Burglarized
Two Sanford business houses were burglarized over the weekend, according to police.

Thieves opened a safe at Railway Express, West Ninth Street, and took \$600 in travelers checks, \$500 in money order, \$15 in coins, a .38 caliber revolver and an electric shaver. An unlocked second safe was empty and the thieves failed to pry open a money box.

Thieves also tampered with a safe at the Texaco plant on McCracken Road but failed to open it.

Board To Meet At Casselberry
The March meeting of the Casselberry Board of Aldermen will be held at 7:30 p.m. today at the Women's Club on Overbrook Drive.

Items on the agenda include discussion of the cemetery contract, paving of Winter Park Drive, a report on adopting a building code for the town and discussion of voter registration.

Fleet Reserve Meets Tonight
The local branch of the Fleet Reserve Association will meet at 8 p.m. today. The regular business meeting will be followed by an organizational session of the branch Home Association with election and adoption of the constitution and by-laws.

The group meets at 219 Seminole Blvd.

The Sanford Herald

WEATHER: Fair and continued warm through Tuesday; high today in 80s; low tonight near 70.

Loan Ok Will Signal Canal Work

Public Invited To Creative Cooking Bee

The general public is invited to attend the first annual Mr. and Mrs. Creative Cooking School at 7:30 p.m. Tuesday at the Civic Center.

The school will be presented by the Seminole County Extension Service, in co-operation with Public Super Markets, Swift & Company, Florida Power and Light Company and The Sanford Herald.

Miss Myrtle Wilson, county home demonstration agent, will present a running commentary and will introduce Ralph Bloodworth, of Public; Dick Prince, of Swift & Company, and Miss Lucy Nowlin, home economist of Florida Power and Light Company. She also will present door prizes.

Sanford appliance dealers will have latest appliances on display. Admission is free.

news... BRIEFS

First Of Kind
MIAMI (UPI) — The University of Miami is establishing the world's first school of outer space sciences, President Henry King Stanford announced this week-end.

For Tag Cut
CYPRUS GARDENS (UPI) — gubernatorial candidate Haydon Burns said Saturday he would oppose any change in honest exemptions and would fight to lower the cost of car licenses.

Held On Threat
NASHUA, N. H. (UPI) — A 32-year-old former Marine "sharpshooter," Norman J. Estes of Nashua, was being held today on a charge of threatening to assassinate President Johnson.

'Black Party'
NEW YORK (UPI) — Malcolm X, suspended official of the Black Muslims, said Sunday night he was forming a "black nationalist party" to lead Negroes in active self-defense against white supremacists.

Pentagon Mum
WASHINGTON (UPI) — The Pentagon withheld comment today on a published report that the supersecret 2-300-mile-an-hour A-11 plane has flown long-range reconnaissance missions over Communist territory.

Island Oranges
ST. JOHN, Virgin Islands (UPI) — The Virgin Islands Corporation (VICORP) has scheduled another meeting Friday to discuss further an insular government proposal to convert 1,700 acres of sugarcane land to orange groves.

Bandits Vanish
NASSAU, Bahamas (UPI) — Authorities feared today that four hunted bandits managed to flee the Bahamas shortly after they ambushed six American tourists and robbed them at gunpoint of \$500,000 in jewels.

37 Democrats Are Qualified
Thirty-seven Democrats now have qualified for county offices in the May 5 primary. It was reported this morning by Clerk of Courts Arthur H. Beckwith Jr. No Republicans have qualified, as yet.

Latests to qualify, as of noon today, are the following: (*) indicates incumbent.) James P. Avery Jr., for tax collector; J. L. Hobby (*), for sheriff; B. A. Johnson, justice of the peace, district 3; W. Hugh Duncan (*), justice of the peace, district 4; Charles Thomas, constable, district 4, and Mary Earle Walker (*), assessor.

MR. AND MRS. Creative Cooking School will be presented for the public at 7:30 p.m. Tuesday at the Civic Center by (from the left) Miss Myrtle Wilson, Miss Mary Meyer and Miss Lucy Nowlin (Herald Photo)

Southerners Go Into Filibuster Caucus

WASHINGTON (UPI) — Southern senators went into a closed-door caucus today to complete plans for a filibuster against the civil rights bill that could tie up the Senate for a week or more.

The meeting was called in the office of Sen. Richard Russell, D-Ga., southern strategy leader at 10 a.m. EST, two hours before the scheduled noon EST meeting of the Senate.

Senate Democratic whip Hubert H. Humphrey, Minn., floor manager for the bill, said there would be "no wheels and no deals and no compromise" to weaken the measure passed by the House a month ago.

The Senate battle was to start at noon EST when Democratic leader Mike Mansfield, Mont., attempts to call up the legislation to ban racial discrimination in voting, education, employment, unions, public accommodations and use of federal funds.

Southerners planned to lay siege immediately. The Southern forces indicated they might talk for a week or more on the debate table to make the bill the pending business.

President Johnson told his news conference Saturday he considered the House measure a "good" bill and hoped it would be passed by the Senate.

Fire Destroys '59 Convertible
By Donna Estes
Total destruction by fire of a 1959 convertible automobile at 242 E. Bay Avenue in Longwood at about 3 a.m. today was reported by Chief Claude Lajo of the Longwood Volunteer Fire Department who said that firemen were called too late to prevent the loss.

The fire was thought to have resulted from faulty wiring. Owner of the automobile was reported as J. C. McCarty, a Navy man home on leave to visit his family.

Three Marines Killed By Dud
TWENTYNINE PALMS, Calif. (UPI) — One thing they always tell the troops before sending them out on a live-fire training exercise is "don't pick up a dud."

Five Marines participating in a desert counter-insurgency maneuver here apparently violated this cardinal rule of "the book" and it cost three of them their lives.

A "dud" — a live round which failed to explode when fired — went off while the five Marine artilleymen were examining it Saturday. Three were killed and two others were injured seriously.

ONLY 22 Days to Register For the Primaries

80 Percent Of Rights Of Way Now Assured

A loan in "excess of \$50,000" now being sought of the Housing and Home Finance Agency would signal the first physical work on the canal linking Sanford with the Atlantic Ocean.

Directors of the St. Johns-Indian River Canal District approved application for the loan at a Friday afternoon meeting in Titusville.

The money would be used for a feasibility study and construction plan, the district chairman, John Krider, said today.

It would permit engineers to move into the canal site and stake out the route, he added.

Meanwhile, Krider reported that about 80 per cent of the rights of way have been assured for the canal. The rest, he adds, will be forthcoming as soon as the "mechanics" have been worked out.

The Miami Corporation, with huge holdings in the proposed canal area, has agreed to make available 8½ miles of the needed rights of way.

Krider pointed out the canal will take up 250 feet of the strip. On the north side of the canal, and 500 feet from it, will be constructed a four-lane highway, the chairman said.

On the south side, 500 feet away, will be a two-lane highway.

The 500-foot strip would be left for development of industry, Krider pointed out. Slip docks could be constructed in this area.

"Everything will be ready in two years," Krider predicted.

An amazing sidelight to the project, the district chairman said, is that the group has to deal with only five property owners to get the rights of way.

All, he added, have agreed to cooperate.

The feasibility study will give the district the material needed to be presented to the next session of the State Legislature, Krider reported.

Meanwhile, the proposed Sanford Port Authority Committee is continuing plans to tour the Brunswick, Ga., barge facility. The trip will be made as soon as a firm date can be determined and one which is most convenient to the membership.

Theft Probed
Theft of some coins from a cigarette machine and pay telephone at Clanton's service station, Highway 17-92 and State Road 434, is being investigated by county deputies. The theft occurred early this morning, they report.

Mr. & Mrs. CREATIVE COOKING SCHOOL

Dear Abby: By Abigail Van Buren

DEAR ABBY: What would you do about a friend who says, "I heard something terrible about you yesterday, but I can't tell you what it was because it would only upset you?"

GOSSIP TOWN, USA
DEAR GOSSIP TOWN: I'd send her a "get well" card!

DEAR ABBY: I can't expect you to solve my problem, but I am interested in your opinion. Our school has just installed a swimming pool, and the boys have been informed that they must swim nude. Some of the boys did not approve of this, but they didn't object because they were afraid of the coach. (My son was one, that's how I know.) I think this should have been decided by the parents as it is a public, educational school built with taxpayers' money. What do you think?

TAXPAYER

DEAR TAXPAYER: I agree that this decision should have been left to each parent. But your boy had better overcome his shyness about nudity in the presence of other boys or he is likely to be miserable much of his life.

DEAR ABBY: My husband says I am unreasonable because I do not approve of his having one night a week "out with the boys." Before you tell me off I want to explain what his "night out with the boys" entails. First of all, these "boys" have no names or addresses. They just "bum around." I wouldn't object if he went bowling with the boys, went to a movie or had dinner with the "boys," or even if he played cards—if I knew the "boys" and where they went. I think you are beginning to get the picture. How do I handle this? I hate to call it quits and throw him

out because we have a family.

FED UP
DEAR FED: Your husband is restless, immature, slippery and in need of some straight talk. For the sake of your family, insist that he give up his next night out with "the boys" and spend it with a man of the cloth, or a marriage counselor.

CONFIDENTIAL TO "A FRIEND IN DES MOINES": Urge him to put his affairs in order. He may live.

Get it off your chest. For a personal, unpublished reply, write to **ABBY, Box 3363, Beverly Hills, Calif.** Enclose a stamped, self-addressed envelope.

Hate to write letters? one dollar to **ABBY, Box 3363, Beverly Hills, Calif.** for Abby's new booklet, "HOW TO WRITE LETTERS FOR ALL OCCASIONS."

Jacoby On Bridge By Oswald Jacoby

The newest bridge magazine is Modern Bridge published in Atlanta by Hampton Hume and edited by Dick Freeman who is certainly the best bridge player among magazine editors and may well be the best editor among the bridge players. It has started out with a bang.

In "Chalk Talk" Margaret Wagar, a leading teacher and one of the four greatest women bridge players of all time, discusses the takeout double. Today's hand is given as a horrible example.

The game was duplicate, and normal defense by East and West set South two tricks and resulted in a top score for East and West.

Mrs. Wagar points out that

NORTH
 ♠ 7
 ♥ K Q 10
 ♦ A J 8 6
 ♣ K J 7 6

EAST (D)
 ♠ K 5 4
 ♥ Q J 8
 ♦ 10 9
 ♣ Q 7 6

SOUTH
 ♠ Q 5 3 2
 ♥ 10 6
 ♦ K 10 8
 ♣ 5 4 3

No one vulnerable

Deal South West North
 Pass Pass 1♥ Double
 2♥ 3♠ 3♥ Pass
 Pass 3♠ Pass Pass

Opening lead—♥A

If South had let West play three hearts, the contract would probably have been

set. She further points out that North felt strongly that South should have passed.

North is right from a result standpoint but from a practical standpoint North had made a bad double. Good players just don't ever make a takeout double of one major suit without good preparation for the other. If North had good preparation for spades, then it was up to South to complete further.

Just change the North hand a trifle. Add the king of spades and subtract the king of hearts. He would have the same 13 high card points, and he would also have adequate spade support and less defense against hearts. South would be able to make three spades; East and West would be able to make three hearts.

We The Women: By Ruth Millett

Here is a good news for young marrieds. Dr. Ruben Hill, sociology professor at the University of Minnesota and director of its family study center, says that "Marriages are seen together by successful conflicts: fighting, ventilating differences, listening and making-up."

So that first fight—far from being the tragedy a young married couple might shamefacedly consider it to be—is just a first step in really getting acquainted.

And if both husband and wife are to maintain their individuality through the years there will be many more fights, as each stands up for what he thinks is right and draws a line beyond which he will not be pushed—even in

the interest of marital harmony.

In time, all happily married couples learn for themselves that a good marriage can stand—and actually thrives—on an occasion honest airing of grievances and differences of opinion.

But the young-marrieds need to be assured that this is so. Being both young and romantic, they may think that if hostility sometimes drives a wedge between them, if they are aware of each other's faults and shortcomings—marriage was a mistake.

Many divorces that occur before a young couple has really given marriage a chance to work are the result of such romantic nonsense.

No matter how much in love they are, no man and woman think alike about everything. No matter how much in love they are, no man and woman can live together for any length of time without discovering each other's faults. No matter how much in love they are, no two people can live together without hidden resentments, unless they occasionally clear the air with a quarrel.

What a couple must remember is that marital discord is natural and to be expected, and is no excuse for calling a marriage a mistake.

"LET'S TALK DRY CLEANING"
 By - WOODROW CABH

Say, people are talking! ... talking about an amazing, modern dry-cleaning treatment called Style-Set. Style-Set does a wonderful job of restoring freshness, body and shape to your wilted summer clothes ... including those so-called wash 'n' wear garments. You can get "Style-Set" at DOWNTOWN CLEANERS.

This Style-Set is a special fabric finish, that's part of the advanced Santone drycleaning procedure used by DOWNTOWN CLEANERS. DOWNTOWN CLEANERS amazing Style-Set restores body to the fabric without making it "stiff". You are, stretching summer clothes clogs the fibres, prevents air from passing freely through the cloth. But DOWNTOWN CLEANERS amazing Style-Set adds "body" to garments without clogging or filling the fibres. Style-Set allows the fabric to "breathe" freely ... keeps your clothes cooler and milder in hot weather. You'd like to keep all your family's summer clothes looking and feeling fresh as new ... including your wash 'n' wear garments, so ... send them to DOWNTOWN CLEANERS today ... for their Santone dry-cleaning with the Style-Set treatment. There's no extra charge for Style-Set and you'll be delighted with the results.

Film Showing For Little Red School Slated

A double feature of family-type movies will be presented March 31 when the Future Farmers of America, Seminole High School Chapter, holds a benefit for the Little Red Schoolhouse.

The program will be held at the Movieland Drive-In Theater, starting at dusk.

A first run film, "The Yellow Canary," starring Pat Boone and Barbara Eden will share the billing with "Follow the Boys," a sequel to the popular "Where the Boys Are." The latter film stars Connie Francis and Ron Randall.

Proceeds from the movies will be used to continue operation of the Little Red Schoolhouse which cares for exceptional children in the area.

Tickets will go on sale in mid-March.

Area merchants are cooperating in the venture by supplying many gifts which will be given away at the movie.

Florida San To Expand

The rapid growth of the Florida Sanitarium and Hospital has called for an expansion drive by that institution.

Total number of patients cared for in its 55 year history is 153,600 Central Floridians. Last year alone, the hospital cared for 8,154 patients.

The rapid growth of Central Florida and the goals of the Seventh Day Adventist Church and hospital administration to serve the entire community has prompted the organization to set up a building fund.

The fund will be used to add more modern facilities, it was pointed out.

Pvt. Brown Ends Training

FORT SILL, Okla. (AP)—Pvt. Doyle R. Brown, son of Mr. and Mrs. Joe M. Brown, 202 Palmetto Ave., Longwood, completed advanced training as an artillery surveyor at the Army Artillery and Missile Center, Fort Sill, Okla., Feb. 28.

During the course Brown received instruction in the accurate mapping of areas of fire for artillery and to provide target locations.

He entered the Army last October and completed basic training at Fort Gordon, Ga. The 23-year-old soldier is a 1958 graduate of Lyman High School.

Water Systems Clinic Planned

A water systems clinic is planned for March 24 at the Home Demonstration Center, 401 E. 23th Street, at which time advice will be given on home or yard water systems. The two-hour program will open at 7:30 p.m. Those attending are advised to bring a water sample which will be tested by members of the Seminole County Extension Service. Problems generally found in this area include too many minerals, too much iron, hard water, sulphur, salty, inadequate wiring. On hand to assist in the program will be the county agricultural and Home Demonstration agents, county health officials, an extension specialist from the University of Florida, local power representatives and an aide from the National Water Purification Foundation in Atlanta, Ga. Topics to be discussed include: Importance of running water, water for drinking purposes, types of pumps, water problems in the home, water good wiring for pump motors, causes of minerals in water and the method of removal and treatment, and testing of water samples. Those bringing water samples from wells are urged to get the water from the pump before it goes through the pressure tank. If this is not possible, it is urged to allow the water faucet to be turned on for five or 10 minutes until the tank has been emptied.

POLIO CLINIC plans were started by members of the Sanford-Seminole Jaycees this week, with the clinic slated for next month. Oral vaccine will be supplied at 12 locations throughout the county so that all persons possible will be able to receive it. Checking plans are, from left, Frank Finch, Charles Tetenbaum, Jim Smith, Jaycee president, Clyde Long, Philip Skates, Way Peacock, project chairman, Jim Jones and Chuck Roberts. (Herald Photo)

PTA Program Announced

An adult fun show, "Lucky 13," will be presented by the Lyman High School PTA in the school auditorium on Friday, the 13th, at 8 p. m. to raise funds for the school beautification project and senior scholarships. Many prominent Seminole County educators as well as Lyman parents will be among the performers and the public is invited to come out and enjoy this comic production.

Mrs. Pauline Stevens, director of the show, promises a program of varied entertainment and she is well pleased with the array of talented performers who have auditioned for the show. Some of the acts participating include "The Blue Flames" (C. L. Cooper, Bob Williams, Roy Paillo, and Alice Connors); an African Ballet by Rae and Judy Lambert; Evelyn Birkenmeyer and her performing chihuahua, "Tia"; Dick Copeland, soloist; Dixieland Duet (Merle Kent and Ed Nagle); Sanford Junior High Quartet; Don Reynolds' magic act; Echoes of the '20's by the Rhythmettes (Joan Voskan, Mary MacIntosh; Mary Rowell, Rae Lambert, and Margaret Stevens); Dreamer's Holiday, Elda Nichols and Kathy Kent; "The Grey-bounds"; the "Bunnies"; "Mr. Muscles"; Piano Roll Blues by Al Lormann; Irish Melodies by Joannie Gray and "Harp Presents."

MARY ROWELL of the Rhythmettes poses in the flapper costume she will wear in the Lyman PTA's Variety Show, "Lucky 13," to be presented Friday night in the school auditorium at 8 p.m. Merle Kent is at the piano. (Herald Photo)

Wanted: Airline Pilots

For years, one of the most exclusive professions in the world has been that of airline pilot.

Unless a man was fortunate enough to get his training at government expense or was rich enough to buy the equivalent, he had little chance of taking up this career.

Air travel came into its own after World War II and the airlines drew heavily from a reservoir of thoroughly trained and experienced ex-Air Force pilots. The same held true with the coming of the jets after the Korean War.

Now for the first time, a young man need not have thousands of multi-engine hours in his log book be-

fore applying. He must be a licensed pilot, for the airlines do not yet give primary training, but he can have as few as 200 hours.

The airlines will need more than 1,000 new pilots within the next few years and they are prepared to spend \$10,000 to \$20,000 on advanced training for every one of them.

The reason is twofold: More new planes are going into service, especially the smaller, short-haul jets; and the veterans are aging. (Mandatory retirement age is 60; one airline alone will lose over 200 senior pilots within the next eight years.)

Cost of obtaining the necessary couple hundred hours is not small, but the investment is sound. Senior jet captains can make more than \$30,000 a year.

Rules On U.S. Spending

A recruiting advertisement recently placed in the New York Times by the U.S. Naval Laboratories in Washington promised qualified scientists and technicians and others a future "free from the job-permanence worries that plague the defense industry these days."

Missiles and Rockets, a magazine devoted to the missiles and space fields, hit the ceiling:

"We suggest that the Navy, engaging in the manufacture of missile propulsion units while attempting to lure talent from industry with promises of freedom from the 'job-permanence' worries plaguing that same industry is perverting the free enterprise system it serves."

The magazine cited the \$50-million electronics research center proposed by the National Aeronautics and Space Administration for the Boston area as another example of the "swollen parasites on the free enterprise system" that should be given the ax.

elementary economic fact of life that "the necessity of staying in business, and showing a profit, is a powerful motivating force toward an economic and effective operation."

This is certainly true, at least in theory. It must be remembered, though, that some lucky manufacturers have had the law suspended in the past and have merely milked the defense cow for all it was worth with their cost-plus contracts, with never a cry raised against government waste or "perversion" of the sacrosanct free enterprise system.

There is room for soul-searching on both sides. It is time industry and government sat down together to try to arrive at some kind of permanent guiding philosophy for insuring that everyone—Private industry, public servant, private taxpayer—gets the maximum benefit from every single dollar of the billions spent on space and defense—and everything else, for that matter.

Since the start of the cold war, particularly since the addition of the space-race factor, there has been a proliferation of organizations—universities, non-profit, quasi-government groups—doing work which the magazine alleges could be done more effectively by private industry.

The magazine also reiterates the

Thought For Today
I thank my God always when I remember you in my prayers.—Philemon 1:4.

Certain thoughts are prayers. There are moments when, whatever be the attitude of the body, the soul is on its knees.—Victor Hugo.

Dick West Says

The Lighter Side

WASHINGTON (UPI)—All signs indicate that members of Congress are getting ready to vote themselves a \$10,000-a-year pay increase.

As they go about preparing for this painful ordeal, I would like for them to know that they have my full sympathy and understanding.

Next to voting to declare war on somebody, voting themselves a pay raise is probably the most wrenching duty that congressmen are called upon to perform.

They approach the task gingerly, as though walking on a egg shell. Reluctance is etched in the lines of their faces. Plainly, it is not something they want to do.

But sooner or later they must face the moment of truth.

Each member, acting according to the dictates of his own conscience, or pocketbook, will have to stand up and be counted—provided they are unable to get the thing through by voice vote.

Actually, in my view at least, the pay of a congressman is not as important as

his perquisites. Or, to use a more familiar term, the fringe benefits.

One of the most scholarly dissertations on congressional perquisites that I have seen was composed by Rep. Otis G. Pike, D-N.Y., who was started to find upon arriving at the Capitol that he was entitled to a free cuspidor every year.

"In addition to the cuspidors, which make nice flowerpots for us effete youngsters who don't clean, we are presented at the start of each Congress with one comb and one hairbrush," Pike reported.

"Such are the glorious traditions of our Republic that this presentation is made without regard to the question of whether the member possesses any hair."

He also observed that a lawgiver can annually avail himself of a footlocker, a throwback to the days when congressmen at the end of a session sent their belongings home by stagecoach.

"Those who have been here as long as the chairman of

my committee could build a pretty good-sized wall with all the trunks he's entitled to," Pike commented.

"I get haircuts for only 75 cents in the House barber-shop," he continued. "They are subsidized. The meals in the House cafeteria are at cost, which makes them very reasonable."

"When you're a senator, you have a pool to swim in. The House of Representatives hasn't a pool, but they're building to erect this obvious oversight."

I suppose that many members of Congress would resent my move to deprive them of these perquisites. In Pike's case, this would be known as Pike's Pique.

Greenstones found on the Vermilion Iron Range of northern Minnesota are among the oldest rocks in the world, being about two billion years old.

NOW THAT THE SHACKLES ARE OFF—!

Dr. Crane's Worry Clinic

Please contrast Napoleon's congealed mind with the alert thinking of Mr. Wrigley. A rigid mind is often an index of senility whereas an open mind is typical of the true scientist. Send for the Rating Scale below if you wish other signs of executive genius.

CASE #407: Arnold B., aged 27, was one of the students in my course at Northwestern University on "Business Psychology."

"Dr. Crane," he asked, "what is one of the chief signs of a 'big shot' or successful executive?"

Well, among the many traits of topnotch leaders, you will find that a fluid or open mind is one of the most striking.

For example, most of you readers associate the name "Wrigley" with chewing gum. But Wrigley originally was a big soap company. It rewarded its star salesman and distributors with premiums of some sort.

So it decided to distribute chewing gum as prizes.

Soon the chewing gum became so popular that the Wrigley Company switched over to producing chewing gum as its major product.

And later it even used soap as a premium for the gum, which was thus a complete reversal!

Contrast this sign of leadership with the behavior of Napoleon.

Our own Robert Fulton, inventor of the steamboat, journeyed to France to "sell" Napoleon on the first successful submarine.

Robert Fulton actually made a demonstration of his new

Political Notebook

WASHINGTON (NEA)—The power of the rural Old South to stand out against economic and racial policies it dislikes is being slowly eroded.

If you place a map of still-segregated southern school districts over one marking out the Old South's "most rural" areas, you find the overlay almost perfect.

These largely co-extensive zones form an arc ranging down from the Carolinas through Georgia, Alabama, and Mississippi, into Arkansas and Louisiana.

It is in these sectors that heavy impact will be felt from the U. S. Supreme Court's recent decision calling for congressional districts to be made nearly equal in population.

Even if a "less than ideal" standard of balance is applied, the 11 Old South states would see from six to eight rural districts vanish from the map in a major congressional re-apportionment.

The benefits in fuller representation would go, of course, to the South's growing cities. Atlanta already has gained from action by the Georgia legislature. Dallas, New Orleans, Little Rock, Birmingham, Miami and other Florida cities are among those in line.

The outlook in Georgia is that Atlanta will most likely send to Congress a new lawmaker roughly paralleling the moderate stance of its present lone spokesman, Rep. Charles Weltner, Democrat.

Assuming other states act within the next two or three years in response to the Supreme Court's edict, a consid-

erable cluster of new Walters could be added to the congressional roster at the expense of more conservative rural legislators.

But these indicated power shifts from rural zones to city and suburb within the Old South are not the entire story.

Some of the states which encompass the South's rural "area of resistance" are losing congressional seats altogether, as booming places like California carve out huge gains.

After the 1960 census, Arkansas lost two seats, while Alabama, Mississippi and North Carolina each lost one. Only the increases in relatively untypical Florida (4) and Texas (1) prevented a substantial net loss to the South.

Moreover, the 1970 census will be rapidly upon us, with striking new changes indicated by current population trends. There have been estimates that California, which picked up eight new seats in the last redistricting, might gain as many as 10 more after 1970.

The state-to-state seat switches which will occur then will not chop away representation only from the South, or even the rural Midwest and Plains states. After all, this time urban New York, Pennsylvania and Massachusetts between them suffered a loss of seven seats.

But the congressional voice of the Deep South's conservative strongholds, rooted in

rural territory, will nevertheless diminish in volume.

Another thing: In the inevitable redistricting which will follow the next census, further intrastate shufflings unfavorable to rural zones can be expected. For in the re-mapping, the drafters will have the 1964 Supreme Court ruling hanging over their heads. And by 1971-72, an even higher proportion of people—in the South and elsewhere—will be living in cities and suburbs.

As these changes go on, the South's conservative forces presumably will focus their efforts more and more in the U. S. Senate, the steady citadel beyond the reach of the shifting winds of population growth.

Letters

The Herald welcomes letters from its readers on public affairs. The writer may use a pen name provided the letter does not contain the writer's name and address. Letters of fewer than 200 words will be given preference. Letters are not published if they do not deal in presentation. Poetry is not published by The Herald.

Editor, The Herald:

We have had many occasions, in the past, to use your services and found the response satisfactory. Your newspaper is of great assistance to us in spreading information on health education, preventive medicine, and new health services and programs to the people of our County.

The Staff at the Health Department joins me in expressing our thanks to The Sanford Herald.

Frank Leone, M. D.

You may be qualified for life insurance... you will not burden your loved ones with funeral and other expenses. This NEW policy is especially helpful to those between 40 and 90. No medical examination necessary.

OLD LINE LEGAL RESERVE LIFE INSURANCE... No agents will call on you. Free information, no obligation. Tear out this ad right now.

Send your name, address and year of birth to: Central Security Life Insurance Co., Dept. E-112, 1418 West Koopdale, Fort Worth 4, Texas.

Fact

The source of confusion over the authorship of "Shakespeare" lies in the disparity between the greatness of Shakespeare's literary achievement on the one hand and, on the other, his humble origins, the supposed inadequacies of his education, and the obscurity and ordinariness of his whole life. Most authorities agree, however, that Shakespeare—who was born 400 years ago this year—was the author.

C. Of C. Adopts Projects To Present To State Road Board

Bush Briefs Committee

A solid front in pushing for road improvements in Seminole County was assured Friday afternoon when the Chamber of Commerce Long Range Planning Committee met in Jim Spencer's Restaurant.

The group decided to convene on DeLand Tuesday afternoon when the State Road Board meets to consider requests from Central Florida counties.

Committee members were briefed on the projects by County Engineer William Bush. Each item of primary and secondary road projects was analyzed and then informally approved by the body.

Chamber President Kurlyle Housholder opened the luncheon and announced that Francis Roumillat had offered a letter of resignation as co-chairman of the committee.

Roumillat cited his other duties, including the chairmanship of the Chamber's Port Authority Committee. His resignation was accepted by Housholder who appointed County Judge C. Vernon Mize as his successor.

The other co-chairman is Byron Kimball who conducted Friday's meeting.

Kimball called for a concerted effort to get a major, limited access highway to the new university site, in Orange County, bordering Seminole.

He asked that it be made known as soon as possible that the highway would be built; that it would be designated a limited access road.

This, he added, would keep it from sprouting hot dog stands and service stations and would assure a clear route to the university once it is built.

"We'll have major football games there in a few years," Kimball said, "and we've got to be prepared to make it easy to get there."

His thoughts were endorsed by the group and further study of the project was assured.

Primary projects, as drawn up by the Seminole County Commission this past week, were divided into eight categories.

Topping the list was the four lane widening of State Road 40 from State Road (SR) 15 and 600 east to Mellonville in Sanford.

Second was maintenance and resurfacing of SR 415 from SR 15 and 600 east to the Sanford city limits.

Third, construction of an interchange at Interstate 4 and Lake Mary Boulevard.

Fourth, widen abutments of SR 419 at the Gee Creek box culvert.

Fifth, four laning of SR 46 from I-4 west to the Lake County line.

Sixth, two lane construction of SR 426 from Goldenrod to SR 46 in Geneva.

Seventh, four lane construction of SR 46 from Mellonville in Sanford east to the proposed Osteen Bridge approach.

Eighth, designation of a primary road from Sanford to the state university as a four lane highway and using SR 425, 419 and 520.

Resolutions on secondary projects and the use of such funds included:

Two lane rights of way and construction of SR 427, from SR 436 to SR 434; four laning and acquiring rights of way from SR 46 from SR 15 and 600 east to Mellonville in Sanford; two lane rights of way and construction of SR 427 from SR 434 north to the Atlantic Coast Line Railroad at General Hutchison Parkway.

Also, two lane rights of way and construction, to eliminate dangerous curves on SR 420 from Goldenrod north to Oviedo; two lane rights of way for SR 415 for realignment for the new Osteen Bridge; four lane rights of way for SR 436 near Lake Howell south to the Orange County line.

Also, construction of signals at the ACL Railroad on SR 15 in Lake Mary; similar project at 25th Street at the ACL and at SR 15 and 600 in Sanford; also construction of signals at O'Brien Road at ACL and SR 15 and 600 in Altamonte Springs.

And, two lane rights of way for maps on SR 426 through Oviedo north to SR 46 at

Geneva; survey, engineering study and rights of way locator for maps only of SR 425, 419 and 520 from the intersection of SR 425 and SR 427 south across Lake Jessup, via Oviedo to SR 520 at the Orange County line.

Also, four lane rights of way for maps of SR 46 from I-4 west to the Lake County line; four lane rights of way for maps of SR 46 from Sanford east to Volusia County; widening to 24 feet and resurfacing SR 15 from ACL Railroad in Lake Mary north to the terminus; survey to determine the rights of way needs and future railroad overpass of SR 46 from ACL Railroad at 46th crossing west to Sanford.

Committee members were briefed on the projects by County Engineer William Bush. Each item of primary and secondary road projects was analyzed and then informally approved by the body.

Chamber President Kurlyle Housholder opened the luncheon and announced that Francis Roumillat had offered a letter of resignation as co-chairman of the committee.

Roumillat cited his other duties, including the chairmanship of the Chamber's Port Authority Committee. His resignation was accepted by Housholder who appointed County Judge C. Vernon Mize as his successor.

S. C. ZIMMERMAN E. B. MCKINNEY

Southern Bell Names Manager

C. J. Yates, vice president and general manager for Southern Bell of Florida, has announced the appointment of E. B. McKinney, as general plant manager, replacing S. C. Zimmerman who has accepted a position with the company in Atlanta, Ga.

McKinney, presently assistant vice president - personnel in Atlanta, joined Southern Bell in 1937 as a switchman in Nashville, Tenn. After holding other assignments in Tennessee and Atlanta, he was appointed district plant manager at West Palm Beach.

He was appointed Florida personnel manager in 1955 and general personnel supervisor in Atlanta, in 1957. He assumed his present duties in 1958.

Zimmerman began his telephone career in Kentucky as a lineman in 1927. He held numerous assignments in Kentucky, culminating in district plant manager in Louisville in 1948.

Zimmerman came to Florida in 1952 as district plant manager in Miami. He became South Florida plant manager in 1953 and went to Jacksonville as general plant manager in 1962.

New Hampshire Sweepstakes OK Seen

CONCORD, N. H. (UPI)—New Hampshire sweepstakes officials predicted today the lottery will pay off in a four-to-one vote Tuesday in the New Hampshire primary.

A referendum on the sweepstakes will be held to decide in which communities the tickets can be sold.

Officials said there was little chance that anti-sweepstakes sentiment that has been stirred up by a "Committee of 100" would jeopardize final approval of the controversial gambling project.

Edward J. Powers, a former FBI agent who is executive director of the sweepstakes,

said he felt "the overwhelming majority" of voters in 43 towns where the tickets will be sold at liquor stores and race tracks would allow their votes in the balloting.

Powers, Gov. John W. King and other sweepstakes officials have carried on a well-planned campaign to offset

opposition to the sweepstakes by the "Committee of 100," a group of clergymen, educators and businessmen.

Powers said he has made nearly 70 speeches and broadcast appearances in behalf of the sweepstakes since he took over last Sept. 24.

The tremendous attention that's been paid to the sweepstakes in New Hampshire, partly because of this opposition from the committee," Powers said.

Powers said the sweepstakes should bring in \$20 million in revenue for educational purposes in the next three years.

Ethical Hypnotist Is Speaker For Oviedo Awards Dinner

ETHICAL 2-24 Co Mon Mary
By Bernice Kelsey
The subject of "hypnosis," as outlined and explained by Joe B. McCawley, ethical hypnotist of Orlando, provided a

Cruise Offered New Reservists

An 80-day accelerated recruit training cruise is available this summer for qualified high school students of Central Florida who enlist in the U. S. Naval Reserve during March and April.

The cruise will start in June and end in August. Accepted students will be sent by commercial airline to Chicago, Ill., and will be paid full wages and allowances, and will be promoted to an advanced rate which normally is attainable only after six months of service.

Applicants must be U. S. citizens, at least 17 years old and in good physical health. Further information may be obtained at the Naval Reserve Training Center, Livingston and Parramore Streets, in Orlando.

Farm Brief

There will be more dried fruit but less canned and frozen ones in 1964 predicts the U. S. Department of Agriculture.

According to figures of the U. S. Department of Agriculture farm employment was down during the late fall months to a point seven per cent below last year. This was due to earlier than usual completion of fall harvest.

most interesting program for those attending last week's Science Club Award dinner in Oviedo.

McCawley was the first licensed ethical hypnotist in the United States, the first certified hypnotic technician in the Southeast and was named "Man of the Year" in 1962 by "Hypnosis Quarterly."

Giving a brief history of the practice of hypnosis, McCawley explained that before he can work with a subject he must have a referral from the patient's physician or dentist.

Everyone, unless abnormal, can be hypnotized. Insane persons or children under six years old are not considered to be subjects.

The doctor explained that hypnosis is a wakeful state, not a type of sleep and that those in a hypnotic state will not lose will power. He emphasized that no factual case has ever been reported in which anyone has been known to commit a crime or immoral act while under hypnosis.

Citing advantages of its use in the field of medicine, education and law enforcement, he told that one of his patients had 21 teeth extracted with

no bleeding while under hypnosis. It also has worked with patients in hospitals who underwent surgery or childbirth without aid of any anesthetic.

McCawley said that all law enforcement officers and others attending the Police Academy in Orlando are being instructed in hypnosis in order that they may quickly recognize one in a hypnotic state. The program was climaxed with a most impressive demonstration when the doctor placed Diane Boyd, his assistant, under hypnosis, illustrating all six stages.

Bear Lake PTA Goes Country

By Maryann Miles
 Many members of the Bear Lake Elementary PTA showed up in old fashioned dress for Tuesday night's meeting of the group as a means of promoting their Country Fair scheduled at the school for April 18. Committees reported that plans are progressing nicely for the event which promises to be a highlight of the year.

Richard Lashley, president, conducted the business meeting held following a 30-minute refreshment period during which coffee, punch and cookies were served.

Opening devotions were given by Rev. Hubert J. Reason of the Altamonte Springs St. Mary-Magdalen Catholic Church.

Announcement was made that Mrs. Marty Tomlin needs assistance from at least six clinic mothers who could serve one day, every other week, until school is out.

Named to serve a nominating committee were Mrs. Doris Doss, from the executive board, and Mrs. Bea Pelquin and Mrs. Jean Riley from the general membership.

Members voted to join the Old Glory Community Blood Bank and were advised that the next Donor Day has been set for this Thursday, 4:30 until 7 p.m., at the American Legion Home on Prairie Lake in Fern Park.

Third grade classes presented the play, "A Little Bit of Ireland," under direction of their music teacher, Mrs. Mary Frances Holton, and their teachers, Mrs. Joanne Bolander, Mrs. Margaret Harding, Mrs. Betty Dudman and Mrs. June Griffith.

Douglas Dane and Steven Nolder were masters of ceremonies. Leprechauns were played by Tim Bowser, Roddy Hall, Danny Hugar and Billy Klinger and young ladies in the program were Jean Schultz, Melanie Cox, Allison Richmond, Cheryl Lashley, Wanetta Knight and Harky Mueller.

The entire third grade sang a number of Irish tunes. The stage was decorated in the appropriate St. Patrick's Day theme with large four leaf clovers pinned to the curtain backdrop. Attendance banner for the meeting was won by Mrs. Bolander's third grade class.

Keep a credit rating good. Pay a little on each bill to show intent. The scenic, scenic system of paying eventually backfires.

Homemakers Corner

Willa Martin says she can prepare this meal real quick for her children's dinner when they come in from school for their noon meal.

FRANKFURTERS AND POTATOES

1 lb. frankfurters
 1 pkg. (3 to 3½ ozs.) instant mashed potatoes
 ¼ cup grated American cheese
 prepared mustard
 5 to 6 tomato slices cut ½ in. thick
 Prepare instant potatoes according to pkg. directions. Add cheese and stir until melted. Cut frankfurters lengthwise almost through and spread lightly with mustard. Fill frankfurters with potato mixture. Place frankfurters and tomato slices on broiler rack. Place broiler pan and rack in oven so the meat is 3 to 5 inches from the heat. Broil 5 to 6 minutes or until potatoes are lightly browned. Serves 5 to 6.

I like the sound of Evelyn Chandler's cookie recipe for CORNFLAKE COOKIES. I think you will want to try them real soon.
 2 egg whites
 ¼ tsp. salt
 ½ cup sugar
 ½ cup chopped walnuts
 1½ cups crisp cornflakes
 Beat egg whites and salt until just enough to hold moist peaks; then add sugar gradually, about 1 heaping tablespoon at a time, continuing to beat after each addition until

cookies are stiff. Mix in walnuts, using a fork, then fold in the cornflakes. Drop by teaspoonfuls onto ungreased unglazed brown paper on a dozen.

Attractive molded desserts or salads can be made by heating the jelled applesauce to liquefy it and pouring it into a mold dish over pieces of fruit, berries, vegetables, nuts, raisins or meat.

Another no-bake cookie: CHOCOLATE NUT CHEWS

Mix in heavy 2 quart saucepan:
 ½ cup butter or oleo
 1½ cups sugar
 ¼ cup cocoa
 ½ cup Pet milk
 Stir over medium heat until mixture bubbles all over the top. Boil and stir 2 minutes more. Take off heat. Stir in (until melted):
 ½ cup peanut butter
 Stir in 1 tsp. vanilla
 1½ cups uncooked quick rolled oats
 ½ cup salted peanuts or broken nuts
 With 2 teaspoons drop on waxed paper. Let stand until set. Makes 36 cookies.

If you wear a half size! A handsome side buttoning frock that is pencil-slim and designed to grace many an occasion from now till fall. Meat School To Show Methods For Shopping

By Myrtle Wilson
 Shopping for meat is no simple job. You have to remember that some meats have more bone, gristle and fat than others. Some yield less cooked meat. And some have less protein value.

Take round steak and pork roast as an example. At the meat counter, one is marked \$1.11 a pound, and the other 67 cents. Which is the better buy?

According to food economists of the U.S. Department of Agriculture, you can have your choice. You'll get about the same amount of cooked lean meat and protein for each dollar spent.

That's because the round steak, which sells for \$1.11, has the bone cut out; it has little excess fat. The pork roast, on the other hand, has the bone in and considerable fat.

So don't let the price of a pound of meat mislead you. Check the amount of bone, gristle and fat you're selecting.

Visit the Meat School March 10 at 7:30 p.m. and learn new methods of meat cookery. It will be held at the Sanford Civic Center.

JELLED APPLESAUCE

Jelled cranberry sauce is popular with turkey. Why not jelled applesauce with pork or other meat, in salads, as desserts?

This intriguing idea has prompted engineers M. E. Lazar and Arthur I. Morgan Jr., at the Western Utilization research laboratory in Albany, Calif., to devise a processing method for Golden Delicious apples that produces a tasty, firmly jelled applesauce with a crunchy texture and an attractive golden yellow color.

Unlike products made with gelatin, this jelled applesauce keeps its firmness at temperatures up to 120 degrees F. It can be served on the same plate with other foods, even warm foods, without spreading.

Attractive molded desserts or salads can be made by heating the jelled applesauce to liquefy it and pouring it into a mold dish over pieces of fruit, berries, vegetables, nuts, raisins or meat.

Miss Howell Engaged

MISS SHARON LEE HOWELL

Mr. and Mrs. Wendell M. Howell, of 511 East Third Street, Chuluota, are announcing the marriage of their daughter, Sharon Lee, to PFC, USMC, Ronald E. Tussey, son of Mr. and Mrs. Jacob Tussey, 21480 Hamilton-Mason Road, Hamilton, Ohio.

The double ring ceremony will be performed on March 29 in Santa Ana, Calif. The couple will reside at 441 South Birch Street, Santa Ana.

Luncheon Held For Berean Class

The Berean Sunday School Class of Pinecrest Baptist Church held a covered dish luncheon recently at the home of Mrs. Helen T. McMullan, 127 Club Road.

The guest of honor for the occasion was winter visitor of Sanford, Mrs. Walter L. Haly, of Ocean Grove, N.J. The ladies enjoyed a meal of chicken and dumplings, meat loaf, potato salad, green beans, baked beans, and strawberry shortcake.

Mrs. Lucille Abrams, class teacher, Mrs. Williams Kader, Mrs. Lucille Revell, and Mrs. T.P. Ball also attended.

Pastor Away

Rev. B. Hamilton, pastor of the Orange City Baptist Church, is now holding revival in the Orange Lake Church in Chipley. He will return March 15, meanwhile Rev. Frank Jessup, the former member of the Elder Springs Baptist Church, is conducting the service.

Peach Sour Cream Coffee Cake Newest In Desert

By Beatrice Cooke

Coffee cake is a delightful sweet that can be served in many ways, in many shapes and at many, many occasions. It is delicious for breakfast, coffee klatches, tea, or evening bridge parties.

A real "peach" of a coffee cake is this "melt in your mouth" Peach Sour Cream Coffee Cake developed in the Meadow Gold kitchens. Its velvety smooth texture has the richness of sour cream blended into it.

The coffee cake is crowned with sliced peaches and a crumbly buttery topping. Serve this coffee cake warm.

Peach Sour Cream Coffee Cake
 ¼ cup butter
 1 cup sugar
 2 eggs
 1 tsp. vanilla

1 cup dairy sour cream
 2 cups sifted flour
 1½ tps. baking powder
 1 tsp. salt
 1 cup chopped walnuts
 Topping:
 1 cup canned sweetened sliced peaches
 ½ cup flour
 ½ cup brown sugar
 3 tps. butter

Cream together butter and sugar until fluffy. Add eggs and vanilla and beat well. Blend in sour cream. Sift together two cups flour, baking powder, soda, and salt. Add chopped walnuts and stir into creamed mixture. Spread in greased 9 inch square pan.

Arrange sliced peaches on top of batter. Mix flour and brown sugar. Cut in butter until crumbly. Sprinkle over peaches. Bake at 350 degrees for about 40 minutes. Serve warm.

Garden Chosen

The Garden of the Month, chosen by the Central Circle of the Sanford Garden Club, is the residence of Mr. and Mrs. Quinten H. Lacey, 405 W. 20th Street. This garden was chosen for its overall beauty. Mrs. A.F. Collum, chairman, said that it was the custom of the club to select a garden at the beginning of each month.

Two SHS Gridders Sign With Colleges

Glad Going To Tech; Touhy To Furman

By Julian Stenstrom

Two members of Seminole High's championship football team of last fall have been awarded academic scholarships on the basis of their gridiron performances during the past season.

Mike Glad, a Seminole tackle, will be attending and playing football for Coach Bobby Dodd at Georgia Tech, and Jim Touhy, another tackle, will be attending Furman University in South Carolina and playing football there.

Glad is the son of Commander and Mrs. Hugh O'Hara who reside at 114 North Virginia Avenue. He was born in Pensacola and played both junior varsity and varsity football at Seminole High. He played one season of varsity basketball. Glad weighs 200 pounds, stands 6-foot-3, runs the 100 yards in a football uniform in 11.2 seconds and plays both offensive and defensive tackle.

Glad, during his Seminole High days, has been a member of the Spanish Club, Future Teachers, the Youth Council and the Lettermen's Club.

During the past football season he earned honorable mention on the all-state team, made the first eleven of the little all-state team, also made first string on the all-mid-state team, was a first choice tackle on the all-Orange Belt Conference team and was named to the all-county eleven.

Glad's hobbies are albums, both music and stamp. Touhy, son of Mr. and Mrs. George Touhy of 201 West 16th Street, is a native of Sanford. He played the past two seasons on the SHS varsity squad and participated last year in track.

Jim hits the scales at 190, stands 6-foot-2 1/2, and covers the 100 yards in full grid uniform in 11.1. During the past season Jim was the team's chaplain. He plays both offensive and defensive tackle.

Touhy is currently serving as president of the Lettermen's Club and is a member of a host of other school organizations. He also is presently the president of the Youth Group at the First Presbyterian Church in Sanford.

Jim is an artistic sort of a fellow. He painted the seven-foot Indian symbolic of the Seminole in the Fleming Gymnasium in addition to several other items.

Not too long ago Jim, also interested in music, was a member of the local Wayfarers' group of folk singers. His other hobbies include cars, drawing and water sports.

Leesburg Beats Tribe Golfers

The Seminole High golf team dropped a 4 to 3 decision Friday afternoon to the Leesburg Yellow Jackets.

Ray Bradford of Seminole dropped his match to James Hoy 3 and 1 while James Keedy of Leesburg beat Larry Sherwood of Seminole, 3 and 2.

Jeff Williams and Tom Frisch halved their match and George Crau defeated Tommy Todd of Seminole, 3 and 2.

In the first match the best ball was halved. In the second, Leesburg took best ball honors, 2 and 1.

Tuesday afternoon Seminole plays Winter Park High at Rolling Hills Country Club.

About Sports

Thinking Out Loud

BY JULIAN STENSTROM

South Seminole Little League
Officials of the South Seminole Little League baseball activities this season are planning to light their field and play two games a night. The field will be located centrally among towns such as North Orlando, Casselberry, Longwood, Altamonte Springs and others in the area.

However, one problem must be settled first. The league is desperately trying to locate a place to put the park. They are willing to spend in the neighborhood of \$3,700 to build the stands, dugouts, install the diamond, and light the arena.

They're going to pay for this from donations and promotions. But they still need a spot for the park. They have approached the Casselberry councilmen and also the town fathers at Altamonte Springs.

Casselberry has a site but it is currently being leased from a local citizen. If Casselberry can get an extension on the present lease it would be willing to sublease the 10 acres to the Little League for a period of 10 years. But renegotiating the lease could pose a problem because of the growth in the Casselberry area.

Meanwhile, Altamonte Springs' city dads, also sympathetic to the cause, would like very much to cooperate. However, there's not a 10-acre site in the city limits for such a venture.

Little League officials are now considering the possibility of appearing before the county commission to see if land can be leased for the project.

We certainly hope that something can be worked out. This would be an ideal situation for the benefit of the boys and their families plus other fans in the area.

Longwood's City League Entry

Speaking of sports in the South Seminole area, we understand that the Longwood entry in Sanford's (slow pitch) City League, sponsored by the Sanford Recreation Department, is also in need of assistance.

Last year the club was sponsored by Grant's Track Repair, a Longwood business firm. This year, however, the club will be officially sponsored by Longwood itself. They're in need of funds with which to purchase uniforms and making payment of the entry fee—which we understand is somewhere in the neighborhood of \$5.

Harold Helms will be managing the Longwood entry this season.

It's About Time

New Floyd Patterson wants to get in the act. He's offered to tangle with Cassius Clay gratis, and even donate a few nickels to get the new heavyweight champ into the square circle.

Don't look for it to happen. At least not this year. Cassius, the Quince, wants to rest on his (pardon the expression) laurels.

He's also got Uncle Sam on his mind—taxwise, that is. Another best this year and he'd probably end up owing the government more than he could grab from the Patterson bout.

Patterson has been described by many as a real nice guy but not much of a fighter. Clay probably would fit in that category too, if you erase the "nice guy" adjective. He's not much of a fighter, at least when you recall guys like Henry Armstrong, Barney Rees, Fritzie Zivic, Jack Dempsey or Joe Louis, to name a few.

Each of them won their titles in the ring. Each lost it in the ring. Not sitting on the milkstool as did Sonny Liston.

Where has this fight gone? Let's call it what it really is—an exhibition. Let's let them have the bellyhoo; let those who like that type of thing pay for their seats as do wrestling addicts.

But, Cassius and Floyd should spare those of us who remember the fighters of yesteryear. Call off the blessing and give us some fights.

SOKC Track Entries

Today's Entries:
5000 METER — 8:15 Mile — 1. Fabulous Fox, 2. Bur's Mac, 3. Ruby Keeler, 4. Hurry Home Gladys, 5. Treeseppa, 6. Soft White, 7. Keltos Green, 8. Eana Terry

SHS-Lyman

Seminole and Lyman High this afternoon play an interscholastic Bowling League engagement at the Medallion Lanes in Maitland.

Track Meet

Seminole High's track team will meet the Edgewater Eagles Wednesday afternoon in a dual meet at the Tribe's oval here in Sanford at 4 p.m.

Can Clinch Title

NEW HAVEN, Conn. (UPI) — Yale will clinch the championship of the Eastern Intercollegiate swimming league if it beats Harvard at the Yale pool next Saturday. The Elis have won all seven meets in which they've engaged while second place Army is 6-1 prior to next Sunday's meet with Princeton.

Sells Stables

BOWIE, Md. (UPI) — John Murrell of Dallas, Tex., sold Sunrise Flight Thursday to a group of breeders from Maryland and Pennsylvania for approximately \$600,000. Murrell retained one-third interest in the five-year-old son of Double Jay, who will race under his colors until he is retired to stud next year.

THE SHAD are still running in the St. Johns River. Numerous fishermen and fisherwomen were seen Sunday pulling them in. Pictured here with a catch of 24 are (from the left) John Brokaw Jr. and Sr., of Orlando, and Erwin Moore, of Apopka. (Herald Photo)

Sanford JH Wins Title

The Sanford Junior High School Braves captured the Seminole County Junior High basketball title Saturday night with a 35 to 31 decision over the South Seminole Junior High Hurricanes.

Also Saturday night, the local junior high's junior varsity racked up a 37 to 25 victory over the Hurricane Junior varsity to take the eighth grade county title.

The county tournament, played at Seminole High's Fleming Gymnasium, opened Friday night with the junior varsity Braves winning a 5 to 27 contest from Slavia.

Bruce McKibbin was high point man for the Little Braves with 12 points. Mike Long was right behind McKibbin with 11 points and Mark Carlo had eight. Brad Hollingsworth came up with six and Ira Abramson had five.

In the varsity finals, the Big Braves—fresh from a victory over Oviedo Junior High Friday night—were paced by Chuck Pigott with 10 points. Ralph Stumpf had nine, Gary Martin was next with six, and Lamar Oxford and Frank Whigham had four apiece.

The contest was knotted at 29-all with only a minute remaining. The Braves registered a basket for a two-point lead, and with seven seconds left Greg Ganas sank a pair of charity tosses. Bruce Stuart led the Hurricanes with 10 points and West was second with nine.

Not too long ago Jim, also interested in music, was a member of the local Wayfarers' group of folk singers. His other hobbies include cars, drawing and water sports.

Athletic Director Fred Ganas and coaches Jim Pigott, Jim McCoy and Dick Williams agree that Glad and Touhy have the stuff to make the grade in football and in scholastics.

Patterson, only man to win the heavy crown twice, would be fighting "for no purse" — just for the opportunity of "wrestling the title away from Cassius X and the Black Muslims," the promoter explained.

Jeff Williams and Tom Frisch halved their match and George Crau defeated Tommy Todd of Seminole, 3 and 2.

In the first match the best ball was halved. In the second, Leesburg took best ball honors, 2 and 1.

Tuesday afternoon Seminole plays Winter Park High at Rolling Hills Country Club.

Ray Bradford of Seminole dropped his match to James Hoy 3 and 1 while James Keedy of Leesburg beat Larry Sherwood of Seminole, 3 and 2.

Jeff Williams and Tom Frisch halved their match and George Crau defeated Tommy Todd of Seminole, 3 and 2.

Lyman Season Ends In Loss To Apopka

Lyman High's bid for a shot at the state Class "B" basketball title was stopped Friday night at Apopka when the Greyhounds went cold during the late minutes of the third period and could not get warm enough in the fading moments of the contest to make up the difference.

The Blue Darters posted a 36 to 43 victory and Lyman's loss closed out the high school basketball season for the Seminole County.

Lyman fought the Darters on even terms during the better part of three periods but in the stretch the 'Hounds ran out of gas.

Lyman pounced into a 6 to 2 lead before the Blue Darters knew what had happened. But Apopka fought back and near the close of the initial stanza they led the Greyhounds 31 to 10. With only seconds remaining, Apopka fired in five points while Lyman got two and the Blue Darters ended the period leading 15 to 12.

Lyman stayed right on Apopka's heels during the second period but the Darters closed out the frame heading the 'Hounds 29 to 23. Both clubs battled on even terms during the third period — that is until Lyman hit the skids with a couple of minutes remaining. Apopka held a 37 to 31 lead at the close of the period.

But in the finale, Lyman was held to only one point during the first four minutes of the period while Apopka breezed into a long lead.

Bill Shppard paced the Blue Darters with 14 points and Steve Sabados came up with a dozen. However, Lyman's Dennis Smith took the tilt's high point honors with 15.

Lyman's shooting percentage was high. However, the Greyhounds found it difficult to cope with Apopka's defense and did not get off too many shots.

Saturday night the Darters dropped a decision to Daytona Beach Seabreeze. The Sandcrabs will represent this region in the class "B" state tourney next week in Gainesville.

Meanwhile, Lyman's defense broke down at times and the 'Hounds' rebounding game was off most of the contest.

Saturday night the Darters dropped a decision to Daytona Beach Seabreeze. The Sandcrabs will represent this region in the class "B" state tourney next week in Gainesville.

Mays Hits First Homer

United Press International
Willie Mays had a "easy hey" left over from last season.

Mays, who clouted 38 home runs in 1963, celebrated the opening of the new Phoenix, Ariz., Municipal Stadium Sunday with a 425-foot shot over the centerfield wall as the San Francisco Giants defeated the Cleveland Indians for the second straight day, 6-2. Willie drew the cheers of

game with a pulled groin muscle.

Jack Sanford went the first three innings for the Giants and they were perfect frames. 8,582 fans as he laced a double and smashed the park's inaugural homer.

Orlando Cepeda doubled and tripled for San Francisco, Tom Haller drove in two runs and Willie McCovey doubled before he left the

The New York Mets departed from a three-game visit in Mexico City with a 9-4 victory. Bob Taylor's single broke a 4-4 tie in the seventh inning and Frank Thomas added the clincher with a grand-slam homer in the eighth.

George Altman also connected for New York with a man on as the Mets took the Mexican series, 2-1.

Choraliers To Present Concert

The Chandler Choraliers, a choral group from the Methodist School of Theology at Emory University, will present a concert at the First Methodist Church of Sanford at 7:30 p.m. Thursday.

Directed by George R. Dunbar, the Choraliers regularly provide the choral music for worship services conducted on the University campus. Several members of the group majored in music in their undergraduate studies and others have performed professionally.

The singing ability of this group of ordained ministers has earned them world wide fame. They have sung for the Methodist Series of the Protestant Hour, heard around the world; performed on both radio and television in Atlanta; have produced a longplay record album entitled "Songs of the Spirit" and have appeared for many special services and functions in the Southeast.

During their overnight stay in Sanford they will be guests in the homes of a number of the local congregation.

WCSO To Meet In Casselberry

By Jane Casselberry
The WCSO of the Casselberry Community Methodist Church will meet at 2 p.m. next Wednesday, Mrs. Delmas program on the topic "The Copeland will conduct the Cross and the Resurrection." Hostesses for the meeting will be Mrs. Harold Wood, Mrs. Harry Wood, Mrs. George Keller and Mrs. T. Dahl.

'THE HAT' himself, was one of the guests at the Chamber of Commerce membership committee steak cook-out last week at FP&L recreation center. Enjoying the evening's festivities were (from the left) W. A. Adams, president of the Sportsman's Club; Bill (The Hat) Stemper, Mrs. A. L. Wilson, wife of Sanford's mayor, and Howard H. Hodges. (Herald Photo)

Good Shepherd Names Speaker

Rev. Alan Scott, pastor of Ward Chapel Methodist Church in Winter Park, will speak on "Christianity and Race" at Good Shepherd Lutheran Church, Sanford, in the fourth of a series of mid-week Lenten Services.

Pastor Scott, vice president of the Ministerial Association of Winter Park and active in the Urban Renewal Program of that city, is well qualified to speak on the subject of Christianity and Race as he is a crusader for the rights of his own people.

Friends of Good Shepherd are invited to attend these services, held each Wednesday during Lent at 7:30 p.m. The services are designed for congregational participation and are informal and informative.

The watchword for Lent is "Be the Church — Come to Church."

ALL ABOARD might have been the thoughts of these two Seminole County commissioners as they stood beside a gangway leading to a freighter at Jacksonville's port. They inspected the port as guests of the Port Authority and analyzed the needs for a similar installation in Sanford on the St. Johns River. From left are John Alexander and Commission Chairman James P. Avery Jr. (Herald Photo)

Tickets Sales Good For Longwood Firemens Dinner

By Donna Estes
Brian Snow, ticket chairman for the annual Southern Fried Chicken Dinner to be sponsored by the Longwood Volunteer Fire Department this Saturday reported at last week's meeting of the group that

ticket sales have been excellent to date. The dinner will be served from 4 until 8 p. m. at City Park or, in the event of inclement weather, in the new Fire House adjacent to the new City Hall at the corner of Wilma and Warren.

Permit Granted

The Andrews Trucking Co. Inc., operated by Burke G. Andrews, has been authorized to operate in several Florida counties, including Seminole, by the Florida Public Utilities Commission.

Included on the menu with the chicken will be mashed potatoes and gravy, peas and carrots, coleslaw, rolls, coffee and cupcakes.

Takeout dinners and delivery services will be available at no extra charges. Tickets may be purchased from any

member of the fire department or auxiliary or at the dinner.

Scouts To Tour Air Force Base

Bear Lake Girl Scout Troop 111 will go on a tour of Orlando Air Force Base Tuesday. The girls, who are working on their photographer's badges, will be shown the correct method of taking pictures and also will be shown photographs of important events which have occurred in the area.

Proceeds from the project which is to provide a monitor for each fireman's home.

Oviedo Acts To Meet Impact Of New University

Trophies which will be awarded to winners of Heavy Attack Wing One's 10th Annual Bombing Derby are now being displayed in Penney's windows on Sanford's First Street.

The old town will be filled with brass next week when dozens upon dozens of top-ranking officials — including no less than 11 flag officers — are expected to see the competitions. Heading the list will be the commander-in-chief of the Atlantic Fleet, Adm. Harold P. Smith.

Newspaper people are not savants . . . but we do get the strangest questions. Like this young man who came in, laid a piece of paper on our desk, and asked: "Can you find out if this is any good?" The wording was that the paper was a \$100 bill, backed by the U. S. Government and issued by the First National Bank of Owensboro, Ky., during September of 1921. We checked, and the bill is good. The young fellow said a friend of his was rummaging through some old papers in her attic and found 30 of them. Now, check your attic.

Twelve sites have been set by the Junior Chamber of Commerce for the first doses of SOS — "Sabine Ori" — Sunday against polio. Doses will be given between noon and 5 p.m., April 12, at the following places: Florida State Bank, Crooms High School, A & P Store in the Pinecrest Shopping Center, Midway School, Lake Monroe School, Lake Mary School, Movieland Drive-In Theatre, Geneva School, Oviedo City Hall, Jai Alai Fronton, Stubbs Pharmacy at Forest City and Winn-Dixie at U. S. 17-82 and Sit 434.

Friday's conference day plans at Seminole High have been completed. During the day teachers will meet in their respective departments with committee members and will also be available for parent conferences from 10 a.m. until noon and from 1:45 to 2:45 p.m. Parents are being urged to call the school for appointments.

By the way, parents of children who will be entering school next fall will be able to get a lot of information today on preparing the child for school. Mrs. Donald Fenstermaker will conduct the second session of a Readiness Clinic at South Seminole Elementary in Casselberry. The program will get underway at 8 p.m.

Another major school event is taking place in Casselberry. It's South Seminole Junior High's Science Fair which is open to the public through tonight's PTA meeting. Parents will be able to view the exhibits after the meeting during which the department's teachers will be introduced.

Have you driven around Sanford and other Seminole County areas to marvel at the great gift of beauty the good Lord has bestowed on us? Azaleas are at their best and there's a host of other blossoms that supplement their gorgeous colors. One of our buddies tells us that 16th Street from Park Avenue to Elm in Sanford is lovely. And then at Oak Avenue and the ACL tracks at 15th Street, have a look at the bank of azaleas with the backdrop of dogwood trees as you gaze to the southwest from near 14th Street. You'll find it's just another good reason to live here — truly, the garden spot of America!

The Sanford Herald

Famed Navy Pilot To Fly In Bombing Derby

An acrobatic demonstration by famed test pilot Robert (Bob) Hoover in a World War II F-81 Mustang fighter will add color and thrills to an air show climaxing Heavy Attack Wing One's Youth Annual Bombing Derby March 21 at the Sanford Naval Air Station.

The air show crowns the week of weapons handling and delivery competitions held annually by the Navy's all-weather bombing and reconnaissance forces based here.

Thousands are expected for the event as the air station throws open its doors on a sampling of its global operations.

Although Hoover's demonstration is not an integral part of these operations, many of the maneuvers he will perform are essential in the testing of Navy combat aircraft for carrier operations.

Hoover, now an executive at North American Aviation's Los Angeles Division, is best known for his experimental work with early U. S. jets, including the Navy F-8J Fury and the Air Force F-86 Sabrejet.

The F-81 he flies is one of more than 15,000 which saw service in World War II and the Korean conflict and is used to speed records for prop-driven aircraft.

In recent years Hoover has entertained crowds all over the country with the demonstration of split-precision aerial maneuvers he will bring to Sanford.

Seconds after take-off he will roll the plane while still within shouting distance of the ground. Then the Hoover/Mustang team will proceed into a series of loops, rolls and Cuban Fighter Eighties, ending the demonstration with the famous one-wheel landing sequence and touchdown-pullup-roll-and-touchdown combination.

Preceding Hoover on the agenda will be demonstrations of bombing, in-flight refueling and low-level performance by Navy aircraft.

Mrs. Oswald
DALLAS (UPI) — Mrs. Marguerite Oswald, mother of the slain accused assassin, today was subpoenaed as a state witness in the Jack Ruby murder trial.

MEATS TO BE featured in tonight's Creative Cooking School at the Civic Center were obtained this morning at the Publix super market, Seminole Plaza. Pictured from the left: Miss Myrtle Wilson, home demonstration agent, of the agricultural extension service, sponsors of the school, starting at 7:30 p.m.; Paul Maloney, Publix assistant market manager; Miss Mary Meyer, a "Martha Logan" home economist of Swift & Company, Chicago, and Miss Lucy Nowlin, home economist of Florida Power and Light Company. The public is invited to the cooking school. Door prizes will be awarded. (Herald Photo)

County Acts On Water, Traffic, Road Items

Water, roads and traffic problems dominated a relatively routine County Commission meeting this morning in the county courthouse.

Accepted, subject to the working out of legal and physical mechanics of the project, was the Town of Casselberry's offer to pay for construction of Winter Park Drive.

Casselberry offered to put up \$20,700 for cost of the project with the county crews doing the work. No additional county funds would be expended during this fiscal year but the construction would be considered in the next year's road program, it was emphasized.

The county would perform the work on a cooperative basis, with the understanding that the road would service schools and other public institutions in the area.

Commissioner Lee Gary said the agreement should be completed in 60 days. He added that it be contingent upon completion of Triplett Drive which connects with Winter Park Drive.

All of the action is subject to the approval of County Attorney Harold Johnson, commissioners said.

Also approved was the purchase of flashing signals for the Altamonte Springs school crossing at Highway 32A. Cost limit was set at \$1,000.

Local Harvester of the Federal Housing Authority might help from the commission in easing a water problem in Chulota. He said irresponsible bulldozing has created the problem and made it difficult for FHA to resell the homes.

The county engineer, William Bush, reported his office has completed a survey in the area and determined that the source of responsibility for the condition is in question.

It was suggested that Shaver confer with the developers to determine the proper course of action.

The commission also denied the closing of Pearl Street between Highways 434 and 436; denied the change of an easement in Forest Heights from 25 feet to 14 feet, citing the substandard plan.

It also tabled for legal opinion a request for permission of an evangelistic group to erect a tent on property near the county jail.

W. R. HOBERG

Educator Enters Dist. 3 School Board Contest

Among those who announced today for office was Walter R. Hoberg, Altamonte Springs Republican, for the Seminole County Board of Public Education, District 3.

Hoberg has been an instructor in government and history at Orlando Junior College since 1938. He holds degrees from Ohio Northern University and University of Pittsburgh and has done advance work for the Ph. D. degree at Columbia University, New York City. He has taught at Pitt, Carnegie Tech, and Long Island University, New York City. He came to OJC with recommendations from Yale and Michigan State universities. He was born in Mekepsport, Pa.

During World War II he served three years with the Army Engineers and two years with Military Intelligence. After the war he did technical writing under contracts with Pitt, the Army Engineers, and Naval Research Laboratories in the field of electronics. He also worked with the U. S. government as an intelligence analyst for 10 years in the Washington area.

Hoberg has taken an active part in church work and is a deacon in Forest City Baptist Church.

Mrs. Hoberg, the former Evelyn Gordon Massey, was born in Weldon, N. C. Their three children, a girl and two boys, are married; two live in Virginia, and the third is with the U. S. Air Force in Goldsboro, N. C.

McCarthy Dies
JACKSONVILLE (UPI) — Raymond A. McCarthy, one of the founders of the Gator Bowl football game, died Monday after an extended illness. He was 66.

Rains Flood Many Areas Across U. S.

By United Press International
Record downpours sent rivers and streams sloshing out of their banks from Arkansas to Pennsylvania today and heavy snow from the same storm front blocked roads from Missouri to New England.

Hundreds of families fled before the rising water in the Mississippi and Ohio valleys. Schools were closed. Highways were inundated. A Missouri town was isolated.

The Ohio National Guard was alerted to provide aid to Athens, where college students were evacuated from their dormitories.

Cincinnati reported the worst flood on the Ohio River since 1943 and 300 persons were evacuated to Red Cross shelters.

Harvell, Mo., was completely cut off with Missouri 158 covered by up to four feet of water.

Three hundred persons were evacuated in southeast Missouri, where eight inches of rain fell in three days.

At Louisville, Ky., there was a record 6.28 inches of rain. Northern Arkansas reported five inch rains which closed schools.

A one-year-old boy died today of injuries received when his home was hit by lightning at El Dorado, Ark.

Indiana reported 51 roads blocked by high water.

Fort Wayne, Ind., got seven inches of snow in six hours. Up to 10 inches of snow fell in Missouri's St. Charles and Warren counties, stalling 30 trucks on Interstate 70 near Warren.

Snow began falling in New Hampshire at daybreak and threatened to reduce voting in the nation's first presidential preference primary.

Parts of Mississippi, Alabama and Tennessee mopped up damage from tornadoes which flattened homes and killed two persons.

Evansville, Ind., had 4.32 inches of rain and Columbus, Tenn., and Pittsburgh, Pa., each got more than 1.5 inches. Little Rock, Ark., had 2.39 inches. Paducah, Ky., had 3.02 inches.

Dickinson To Speak Here

State Sen. Fred O. Dickinson will bring his campaign for the Democratic gubernatorial nomination to Sanford Wednesday where he is scheduled to deliver an address on the corner of First Street and Magnolia Avenue.

The candidate and Mrs. Dickinson, plus the senator's party, will arrive in Sanford at 4 p.m. Dickinson will tour downtown Sanford until 5 p.m. when he is slated to make his speech.

Local supporters announced today that the Seminole County Dickinson for Governor headquarters is now open at 201 North Park Avenue. Mrs. Carl Williams is in charge of the office.

Fagan Runs For Constable

Charles Fagan, Longwood, today qualified as a candidate for constable, District 6, for the May 5 Democratic primary. A total of 38 Democrats now have qualified, and no Republicans. Tuesday noon, March 17, is the deadline for candidates to qualify for county offices.

Water System, Sewage Plant Plans Revived

By Fred Van Pelt
Impact of the new state university on the Oviedo area was recognized Monday evening when the Oviedo City Council revived plans for installation of a water system and a sewage disposal plant.

OVIEDO HIGH SCHOOL students will "take over" the city government of Oviedo on April 6 in an annual "student city government appreciation day" program. Police Chief George Kelsey will be "succeeded" that day by Acting Chief Tommy Partin. (Herald Photo)

City Votes Fund For Derby Entertainment

City Commissioners Monday night approved the awarding of \$500 to entertain Navy dignitaries next week at the 10th Annual Bombing Derby.

The request was made by Mack N. Cleveland Jr., chairman of the Armed Forces Committee of the Seminole County Chamber of Commerce.

Cleveland, along with John Krider, chamber manager, pointed to the importance of the Naval installation and urged the commission to approve the expenditure.

It passed without a dissenting vote in one of the infrequent appearances of solidarity at Monday night's meeting.

Otherwise, the meeting, which lasted till around midnight, was a series of conflicts over a number of items including connecting potential water users to the city lines even though the prospects are outside the city.

Commissioner Earl Higginbotham pushed for the connection to a home being built east of the city. He was opposed by many of the commissioners and his motion finally died for lack of a second.

It was decided instead to establish a set policy which would be followed in all instances when requests for city water are made. Commissioners also indicated that such installation would be contingent on the parties agreeing to annexation into the city.

Higginbotham argued that a two-inch line is in place right at the new home's site and that the installation would cost the city nothing. The owner, he stated, has agreed to pay the costs.

He insisted that the water department could realize up to a \$30 a month in revenue once the line is connected.

Mac Improving

WASHINGTON (UPI) — General of the Army Douglas MacArthur is continuing to make "very satisfactory progress" recovering from his gall bladder operation at Walter Reed Army Medical Center.

Barry Confident

CONCORD, N. H. (UPI) — Sen. Barry Goldwater, the only candidate to predict victory in the New Hampshire presidential primary, maintained his confidence today as he awaited the voters' verdict.

Tests For Glenn

SAN ANTONIO, Tex. (UPI) — John Glenn, the "darling" of the Mercury astronauts and the first one to orbit the earth, today underwent tests to see how long it will take him to get his equilibrium back.

Water System, Sewage Plant Plans Revived

The university—now planned for opening in 1968—will be located three miles from Oviedo city limits on SR 520 in Orange County at the Seminole County line.

A Miami engineering firm some time ago prepared a feasibility study for water and sewerage systems. The U. S. Housing and Home Finance Agency approved a loan of \$2,500 (yet to be forwarded) to finance this feasibility study. However, City Council decided the city was not yet ready for such an expensive program and tabled it.

Mayor M. L. Gary pointed out to City Council Monday evening that with the university entering the Oviedo area the city must prepare now for a boom in the next decade.

It was decided to request a representative from the IIIFA area office at Titusville meet with Council next Monday evening for a preliminary conference on resolving the water and sewerage plans.

Gary further pointed out that it is possible IIIFA will consider plans for expanded water and sewerage systems, serving the Oviedo area and the university. This would more than double the original planning.

Gary informed the Council that County Commissioners are meeting late this afternoon with State Road Department officials at DeLand to recommend Seminole County road improvements, including expansion of roads in the Oviedo area serving the university site, along with the 10-year plan for a causeway across Lake Jessup connecting Sanford Lake Avenue (SR 425) with SR 410. He added that it is expected the state will let contract in August for improvement of the Goldenrod-Oviedo road.

Oviedo Council also will ask for a conference with County Commissioners for a briefing on road improvement plans.

City Votes Fund For Derby Entertainment

City Commissioners Monday night approved the awarding of \$500 to entertain Navy dignitaries next week at the 10th Annual Bombing Derby.

The request was made by Mack N. Cleveland Jr., chairman of the Armed Forces Committee of the Seminole County Chamber of Commerce.

Cleveland, along with John Krider, chamber manager, pointed to the importance of the Naval installation and urged the commission to approve the expenditure.

It passed without a dissenting vote in one of the infrequent appearances of solidarity at Monday night's meeting.

Otherwise, the meeting, which lasted till around midnight, was a series of conflicts over a number of items including connecting potential water users to the city lines even though the prospects are outside the city.

Commissioner Earl Higginbotham pushed for the connection to a home being built east of the city. He was opposed by many of the commissioners and his motion finally died for lack of a second.

It was decided instead to establish a set policy which would be followed in all instances when requests for city water are made. Commissioners also indicated that such installation would be contingent on the parties agreeing to annexation into the city.

Higginbotham argued that a two-inch line is in place right at the new home's site and that the installation would cost the city nothing. The owner, he stated, has agreed to pay the costs.

He insisted that the water department could realize up to a \$30 a month in revenue once the line is connected.

Big Water Users Get Rate Raise

Twenty-six major users of city water will pay a larger fee as a result of City Commission action Monday night in City Hall.

The rate change will affect the 26 plus the Sanford Naval Air Station, all of which consume more than 250,000 gallons monthly. The new rate will be 17 cents per thousand gallons.

City Manager Warren E. Knowles reported the increased revenue would not affect the rest of the 3,500 accounts of the water department.
