Typhoon Tears Roofs
From Buildings That
Are Flooded By Rain

International News Service
Tidal waves, typhoons and
thunderstorms, a disastrous
triple, swept over Japan
today. Severe rain storms
were also general through the
islands.

More than 1,000 persons
were reported either killed,
missing or injured as the
result of the huge tidal wave
which swept in from the ocean
and struck the towns of Kojima
and Nakamura, prefecture of Kumamoto.

Typhoon which tore through
country adjacent to Sasago
bay, also did heavy damage.
Roofs were blown from buildings.
Buildings were flooded by the
downpour of rains and lines
of communication, rail, telephone,
telegraph, were completely
cut.

Other districts reported vio-
lent disturbances. Thousands of
houses have been damaged by the
typhoon.

KOJIMA, Sept. 13. (INS)—
Typhoon in from the Pacific,
a wave engulfed the town of
Kojima and Nakamura, prefecture
of Kumamoto. Tuesday, and 1,500
persons were killed.

The wave struck the coast with
force. Houses were carried
off and many were killed.
The casualties at Nakamura
were placed at 111,000. Seven per-
cent were known to be dead in that
town.

At Kojima, the casualties were
placed at 150, and many other per-
sons were reported missing.

Other districts reported that
other casualties occurred. Re-
ports reaching here said many
houses were destroyed by the tidal
wave.

late Plans To Ask
for Speedy Trial
for Illinois Youth

OTTAWA, Ill., Sept. 13. (INS)—
Hilling in repeated attempts to
kill Harry Hill into confessing
he had murdered his mother
Elizabeth Hill of Streator, Ill.,
and attorney Russell O. Hand-
cock of La Salle county, today ap-
peared before the grand jury
for the October grand jury
trial.

Meanwhile, young Hill's attor-
neys were carefully mapping out
plans for his defense. Dr. H. C.
Hall, the boy's father, who had de-
clared he would defend his last-
born child to prove Harry's in-
sane, has engaged an imposing
array of legal talent.

While the youthful prisoner
sits out from the harrowing
trial, his attorneys have secured
a 300-mile journey from Seattle,
and soundly in his cell in the
county jail. Dr. Hill conferred with
his attorneys over plans for the de-
fense.

Although neither Dr. Hill nor
any of the attorneys would dis-
cuss the defense strategy, it was
noted emphatically that the plea
would not be insanity. It is gen-
erally believed that construction
of an abbi for young Hill will be
completed.

INSURGENTS TO BLOCK EFFORT TO CUT TAXES

Group Head By LaFollette Is
In Favor Of Passing Flood
Relief Legislation And Then
Taking Up Farm Problem

Independents Have
"Balance Of Power"

WASHINGTON, Sept. 13. (INS)—
The insurgent bloc in the new
congress will battle to sidetrack tax
reduction legislation until after the
enactment of flood control and farm
relief measures, it was learned here
today.

The insurgent program will carry
considerable weight in the next
congress as the independent group
will hold a complete "balance of
power" in the senate. The admin-
istration forces will be helpless
without insurgent support while
the democrats will be unable to
muster a majority if the independ-
ents of both parties vote with the
administration.

In outlining the program, La
Follette renewed his declaration in
favor of a special session of con-
gress. He said the "situation in the
flooded area justifies the calling of
congress now just as much as at
the time of the disaster."

"The first thing congress should
consider is flood relief and flood
control," said LaFollette. "Then
farm relief."

"I think any comprehensive con-
sideration of the flood-control prob-
lem will entail the expenditure of
enormous sums of money and in my
judgment, the American people
will repudiate any party that at-
tempts to make political capital out
of tax reduction before the govern-
ment discharges its duty to protect
the lives and property of the
large number of citizens living in
the Mississippi flood area, when
this duty is discharged and the
farmers are given aid, it will be
time enough to take stock and
with a view to the business trend,
consider tax legislation."

Births Outnumber The
Deaths Two To One

The number of births reported
in Seipinole county for the month
of August totals more than twice
the number of deaths, according to
a statement given out today by S.
L. Bureau of Vital Statistics.

The total number of births was
reported as 43 while there were but
18 deaths. The reports in detail is
as follows:

Number of births: white males
14, white females 2, colored males
18, colored females 6, total 18.

FANNY BECOMES TALKATIVE

CHICAGO, Sept. 13. (INS)—
Fanny Brice, called the "funniest
woman on the stage," today, in her
hotel suite averred she is not a
"bigger sport" in giving Jules
"Nicky" Arnstein or Arnstein, his
freedom; that she was when she
stood by him in his trouble with
the government.

"I don't like to talk about it,"
she said. "I'm giving him the
biggest break he ever got. I feel
that the thing isn't to be talked
about. A divorce is just as sacred,
as personal as marriage."

TO CHECK PARALYSIS

JEFFERSON CITY, Mo., Sept.
13. (INS)—Dr. James Stewart,
State Health Commissioner today
recommended that all schools, the-
atres and other public meeting places
at Keytesville, Chariton county,
be closed to check the spread
of infantile paralysis in that sec-
tion which has already claimed six
lives. Twenty five cases have been
reported from Keytesville, but re-
ports from authorities there today
stated the next epidemic had been
checked.

HAS HEAVY INSURANCE

Some Of Uncashed Vouchers Now Held By Hutton Paving Concern Date Back To April

Following a request made of
the City Commission by Vivian
Sheer, local business man, for cer-
tain information in connection with
a claim of \$20,000 said to be owed
by the City of Sanford to the Hut-
ton Construction Company, The
Herald today received from Mayor
E. F. Housholder an itemized list
showing the number of uncashed
vouchers now held by the paving
concern, together with the dates of
issuance and the amounts.

According to the figures given
out by the Mayor, the Hutton Com-
pany now has in its possession six
vouchers totalling \$217,499.68. Some
of the vouchers date back as far
as April 11 of this year while the
latest one was issued on June 13.
The Hutton claim has come in for
considerable discussion within the
past few days since the City Com-
mission authorized the sale of \$150,000
in bonds to partly reimburse the
paving company by cashing
some of its vouchers.

The largest voucher held by the
company is for \$20,242.09 issued
by the Commission on May 9. The
smallest is for \$3,553 issued on
June 13. Following are the vouch-
ers numbers, dates and totals:

April 11	No. 4190	\$68,598.35
April 25	No. 4221	13,761.84
May 9	No. 4284	90,242.09
May 9	No. 4300	8,632.32
June 13	No. 4400	34,271.24
June 9	No. 4411	3,553.14

At its meeting Monday afternoon,
the Commission was urged by the
Taxpayers League to delay pay-
ment on all of these vouchers pend-
ing a thorough investigation of the
matter to ascertain whether or not
officials of the paving concern have
exercised due diligence in attempt-
ing to cash the vouchers.

18 FOUND GUILTY IN SOVIET TRIAL FOR CONSPIRACY

Three Sentenced To Death And
11 Men And Four Women Re-
ceive Prison Terms; Britain
Is Blamed For Espionage

MOSCOW, Sept. 13. (INS)—
Hysteria in the grim retribu-
tion in the court room here today
at the conclusion of the great con-
spiracy and espionage trial at which
nearly a score of persons were
convicted. Three men were
sentenced to death and 11 men and
four women received prison sen-
tences ranging from one to eight years.

All were accused of espionage or
conspiracy against the soviet union.
Great Britain, it was charged, had
instigated the espionage.

Xenia Chlopuchina, 70, was sen-
tenced to five years solitary con-
finement, while her two sons were
sentenced to death. The old woman
roundly denounced her sons in bold
pleading with the judges to
spare her life.

Eugenie Kunitz also was sen-
tenced to death, while his 15-year
old wife who testified against him
to save her own life, was senten-
ced to five years imprisonment.

Eleven other men and two other
women received prison sentences
ranging from one to eight years.

The public prosecutor, Katanian,
in his plea, bitterly assailed the
British government, declaring that
"with one hand Britain sent notes
to the soviet government protesting
against soviet propaganda, while
with the other hand Britain sent
forces of spies into Russia in an
attempt to destroy the soviet union."

Wreckage May Be That Of Canadian Airplane

LONDON, Sept. 13. (INS)—Air
Ministry and Croydon Airports
officials today began investigat-
ing the theory that airplane wreck-
age washed upon the beach at New
Quay, Cornwall, may be from the
Canadian Trans-Atlantic plane
"Sir John Carling," which disap-
peared while flying from Canada
to England.

Officials declared that no com-
mercial or military planes are
missing, while the wreckage is not
believed to be part of the missing
French plane "White Bird" nor the
lost British plane "St. Raphael."

TARIFF CHANGE WILL BE ISSUE BEFORE SOLONS

Controversy Between U.S. And
France Over Present Duties
Stirs Democrats To Action
For Next Session Of Congress

Western Farm Heads
May Join Movement

WASHINGTON, Sept. 13.—Be-
cause of a tariff war threatening
between the United States and
France, revision of American tar-
iff duties cropped out today as a
major issue for the new congress.

There had been no tariff tinkering
since the Fordney-McCumber
act of 1922.

Spurred by the controversy with
leading Democrats have initiated
a move to revise the tariff duties
downward. This may be seized up-
on by the minority party as a pri-
mary issue for the next presiden-
tial campaign.

Influential western farm leaders
may join with the democrats. Pro-
test have reached Washington
from agricultural circles that some
of the farmers' economic ills are
due to prevailing high rates on
manufactured goods. These spokes-
men maintain that the industrial
east enjoys a privilege from the
government which works a decided
handicap upon the farmer. A coali-
tion of western and southern con-
gressmen would command suffi-
cient strength to slash tariff rates.

Notice of the drive on tariff
rates was given today by Rep.
Celler (D) of New York, who has
returned from Europe as a mem-
ber of the American delegation to
the Interparliamentary Union.

"He said that the American pro-
test against the new high rates
in France 'seems a joke,' because
the United States 'has been the
worst offender when it comes to
setting up high tariff walls.'"

The state Department is seeking
to have the French rates suspend-
ed temporarily pending negotia-
tion of a commercial treaty con-
taining a "most favored nation
clause."

"Retaliatory measures had to
be taken by France," said Celler in
a statement. "The French action
will be followed by other govern-
ments. The advantages of high tar-
iff cannot be on one side."

Mayor Walker Gets Warm Reception On Arrival In Paris

PARIS, Sept. 13. (INS)—"I'm
damned glad to be here," were al-
most the first words uttered by
Mayor James F. Walker of New
York upon his arrival in Paris at 3
o'clock this afternoon.

"I've been here before, you
know," the Mayor added.

The Mayor received a rousing
welcome upon his arrival. He was
greeted by the Prefect of the Seine
Department, M. Boulogne, secre-
tary of the Municipal Council, Mm.
Alda De Camp to Marshall Foch,
and a large crowd.

The New York Mayor motored
from the station to the Hotel Griff-
on where he was assigned to the
top suite occupied by President
Woodrow Wilson during his stay
here in 1919.

In response to the insistent de-
mands of the crowds outside the
hotel, Mayor Walker appeared on
the balcony and waved acknowl-
edgment of the cheers.

"I didn't expect any such recep-
tion as this," he told the crowd.

PARTS OF PLANE
OLD GLORY FOUND
BY RESCUE SHIP

Steamer Kyle, Rented By Hearst
To Look For Missing Airmen
Discovers Drifting Wreckage
Near Scene Of SOS Call

ST. JOHN'S, New Foundland,
Sept. 13. (INS)—The steamship
Kyle, which picked up wreckage
of the lost American airplane Old
Glory in the north Atlantic, con-
tinued the search today for traces
of the three occupants of the plane.

Lloyd Beltaud, James D. Hill,
navigator, and Philip Payne, man-
aging editor of the New York
Daily Mirror.

Part of the Old Glory was picked
up by the Kyle about 100 miles
from the position where the air-
plane had sent out an "S. O. S."
Word of the finding of the
wreckage was obtained in the
following radiogram from Dou-
glas Muir, a newspaper reporter
on board the Kyle, to the Daily
Mirror:

"Located wreckage of Old Glory
in latitude 51°17' north, longitude
30°23' west at 4:30 o'clock Monday
afternoon, no signs of crew. Partic-
ulars will follow."

The Kyle had been chartered
by the New York Daily Mirror to
search for the missing plane. Ac-
cording to the position given by
Muir, it is believed that the wreck-
age drifted northward after strik-
ing the water.

It is generally believed that the
three men were drowned, although
the form hope is still held in
some quarters that they might
have been picked up by a small
fishing boat, not equipped with
wireless.

Hope for the fliers was based
upon the fact that the plane carried
a collapsible life raft. However,
it was pointed out that the plane
crashed at a point where the At-
lantic is always turbulent and it
was feared that the men would
soon become exhausted trying to
remain afloat upon a small raft
in the tempestuous seas unless
they were speedily picked up.

Further word from the Kyle was
eagerly awaited today.

Muir's radiogram did not state
what part of the plane had been
found, but it was supposed that it
was one of the wings. It is believed
that the body of the plane would
have been carried to the bottom
by the motor and oil tanks.

Accident Fatal To Local Man's Brother

W. R. Perkins, 45, brother of B.
L. Perkins of Sanford, was ac-
cidentally killed yesterday in St.
Vernon, Kentucky while on a rail-
road construction job there, ac-
cording to a telegram received here
yesterday by Mr. Perkins. No
particulars of the tragedy could
be learned this morning.

Mr. Perkins in company with his
brother, E. J. Perkins, had been
in St. Vernon for some time in
connection with work. His home is
in Fork Union, Virginia, where his
body is being carried for inter-
ment.

He is survived by his wife and
three children, six brothers and
two sisters.

ON TRIAL FOR MURDER

PHILADELPHIA, Sept. 13. (INS)—
Marion A. Elliott, 29,
went on trial here today before
Judge Harry S. McDevitt, in quar-
ter sessions court for the murder of
Henry T. Pierce, 45 year old fa-
ther of five children, seven years
ago. Pierce was murdered in his
apartment here after being beaten
and robbed.

Elliott alias Smith, alias Mar-

The report was made, however,
before dispatches were received
here telling of the operators' re-
jection of the miners' peace pro-
posal, W. E. Rodgers, a labor de-
partment conciliator in Chicago,
sent the report to Davis.

LOCAL GRIDDERS END 1ST WEEK OF TRAINING GRIND

Squad Smaller Than That Of Last Year But Prospects Are Bright With Capable Veterans Back On Squad

Once again the sound of a cleated foot landing with a smack on a football may be heard by anyone passing the local athletic field at any time after 4 o'clock on any day with the exception of Sunday, for the grid team of the Seminoles High School, laboring under the eye of Coach Hugh Welchell, of University of Georgia fame, are going through preparatory stages of their training for the hard schedule which they will face this year. The squad this year is somewhat smaller than the one of a year ago but with the opening of school today the squad is expected to pick up to more than 30 candidates, according to a statement given out this morning by Coach Welchell, who is rather optimistic regarding the chance of the team this year.

There are many veterans, such as Thompson, Entsminger, Speer, Nordgren, Mobley, Sands, and others, missing from the squad this year, due to graduation last spring but there are still some letter men around whom the coach expects to build his team. Richard Maxwell, playing his fourth year on the team and one of the best backs the school has ever had, will captain the team this year. He was busy all last week getting the squad out on running them through their preliminary exercises. Dick expects the team to be one of the best in the history of the school and is working hard to that end.

Hinsins, triple threat man from last year, will be in the backfield again this year and is faster and heavier than he has been before. He is being tried at quarter and should make a good one, according to his captain and coach, Stoinoff and Stanley at ends will be one of the best pairs of wingmen in the state and will make it very hard on opposing teams when they try and runs and tackle plays. Stoinoff was on the team last year but Stanley was unable to play due to ineffectuality. Both are big men and very fast.

Walker is another man on whom Coach Welchell is building his hopes for this year's team. Hansell is the best for the center position vacated with the graduation of Jimmie Sands and Dan should be

DAVIS HUMBLER ORLANDO COLTS AND MIAMI WINS

Hustler Mound Ace Given Up Get Four Off Barron: Miami Counts Its Fifth And Sixth

MIAMI, Sept. 12.—Davis was invincible Sunday, granting but one hit, and Miami won from Orlando, 2 to 0, in the State League series before the largest crowd ever to see a ball game here. Rain fell nearly all day but crowds flocked to the park and the diamond was ready for play at 4:30.

Barron deserved a shutout too, but his support wobbled around second base. Three times Tinker and Vian had double plays in sight but misplayed the throws and got nobody. The Hustlers got but four hits off the Orlando star.

Miami scored one in the fifth. Keyes singled, stole second and went to third on Hernandez's bunt, which Lehrmann let roll for a base hit. Bingham popped out but Davis hit to Tinker, Keyes scoring. Vian dropped Tinker's toss on the play, Hernandez being safe, but the Hustlers could score no more. Bennis opened the sixth with a single and got around on two more errors by Vian.

Davis seldom was in trouble, having the Colts hitting the ball in the air all afternoon. He walked two in the second, and Vian got a clean hit in the fifth. No other Orlando players got on base except Cox, who was hit in the first inning. Edmondson hit into a double play on the next pitched ball, however. Casares robbed Cox of a hit by a wondrous shoestring catch.

good this year after having been an understudy of Sands throughout last year. He is heavier than he was last season and this added weight should stand him in good stead for the position which is one of the hardest on the team to fill.

The two tackle positions furnish the biggest question as there are very few candidates out that are capable of filling these important positions. Yancey will be a tower of strength at guard and his running mate will have to be developed from some of the heavier candidates.

Altogether the squad looks very good for this early in the year and as the squad enters its second week of practice a spirit of optimism prevails among those who are responsible for the team.

Davis pitched but four balls in the seventh and four in the eighth.

Tagging All Bases

By International News

New York baseball fans were glum today as a result of defeats suffered by the two Gotham teams yesterday. The Giants were clawed by the Cubs again and dropped into a tie with the St. Louis Cardinals for second place, while the Yankees lost a chance to set a world's record when they were defeated by the Browns after having trimmed those worthies in twenty-one straight contests this season.

Thirty-five thousand fans were disappointed when the Yanks were beaten by pitcher Mill Gaston, 6 to 2. Babe Ruth, however, walloped his fiftieth homer of the season, facing him five ahead of Lou Gehrig and only four behind his 1921 record. The homer gave the Yanks 141 circuits for the season, a world's record.

The Hugmen, incidentally, need only two victories to clinch the flag.

The Pirates, idle yesterday, now lead the Giants and Cardinals by two games, with the Cubs half a game further in the rear. The Card-

Net Experts Believe Davis Cup Will Not Return To U.S. For The Next Three Years

By Davis J. Walsh, I. N. S. Sports Editor. PHILADELPHIA, Sept. 12.—No hope for a return of the Davis cup to its rightful American home before 1930.

This today sounded the consensus note of official opinion among the tennis association men with whom the writer has talked since the tragic circumstances of the trophy's passing to France on Saturday.

Bill Tilden will be only one of those grand old men of the courts next year, something of the same kind that Norman Brookes proved to be after the war—dangrous, beautiful to watch but not always effective after the second set. Billy Johnston has passed definitely from big time tennis. Dick Williams is just a doubles player now and Francis T. Hunter is a man who must lean upon Tilden and the latter is getting to a point where he can't very well lean upon himself.

These and other reactions from the French victory were freely aired by various tennis officials during the "wake" over the dead.

inals are playing the best ball in the league, having won seven of their last ten games. The Cubs have won five out of ten, while the Pirates and Giants have won four and lost three. Previous to yesterday New York had won 20 out of 34.

Carlson and Barnes both hit hard in the New York-Chicago game yesterday. Carlson went the route and won, 3 to 5, while Barnes was kayoed in the sixth when the Cubs scored six runs. Hack Wilson hit his 26 homer, gaining a tie with Cy Williams for league home run honors. English fielded like a flash and made two hits in Chicago's big inning.

Fred Frankhouse, St. Louis rookie, won again, blanking Brooklyn 5 to 0 and allowing only four hits of which Hendrick got three.

Dick Rudolph, mound ace of the champion 1914 Braves, pitched two innings as the Beaneaters lost two games to Cincinnati, 8 to 4 and 10 to 5. Two rookies led the Reds in batting, Purdy and Pittenger each getting six hits.

Washington closed in on the third-place Tigers by nosing out the White Sox, 6 to 5, on Bluege's hit in the twelfth. A minute before when a Washington runner scored on a sacrifice fly the fans left the stands in the belief that the game was over, but returned to their seats when the runner was called out for leaving third base too soon. Other teams did not play.

body of American supremacy at the German-Cricket Club on Saturday night. It was agreed then that there was little to be gained by trying to revive the corpse, that it would be much more sensible to let the dead remain dead and try to create another dynasty through the youth of the country.

The American Davis cup team, playing the role of a challenger for the first time since 1919, is likely to be composed next year of one veteran and three freshmen in the school of international play, it was declared.

The veteran, they say, will be Tilden, provided he doesn't turn professional in the meantime, there having been rumors to this effect. The three new members most prominently suggested were John Doeg, 19-year old Californian, E. G. Chandler, former intercollegiate champion, and George M. Lot, of Chicago.

However, it was admitted that if Williams, Hunter and Johnston step down at one and the same time, America must develop another doubles team. But the point was made that America won't win the cup next year, anyhow, so why delay the inevitable moment when the young men of the game must play our tennis for us?

As to that, I think that the United States now is merely where cases parallel rather nicely.

In 1922, France had a team composed of one great veteran, Andre Gobert, and several up and coming young men, the latter including Henri Cochet and Jean Borotra. Lacoste was unknown then.

He was one of the discoveries of the next year when Gobert was bowing himself out in favor of younger, stronger and faster players.

Tilden will do that within a year or so and, when secondary players like Doeg, Dott and Chandler get their chance, it is quite possible that they will develop as did Cochet and Lacoste.

Doeg, in particular looks the part of the best prospect uncovered in the United States since the salad days of Tilden and Johnston. If he really gets around to doing what he should, it may become possible for us to forget the glorious past and remember that we are supposed to have a future.

Dempsey Fails To Show Top Condition That Was Expected

CHICAGO, Sept. 12.—Only 10 days before the flat, frolic and Jack Dempsey seems to be somewhat farther than that removed from top condition.

The ex-champion moves around flat footed as he did for the Sharky fracas. Barring the occasional dings his usual left hook and lonal use of a right hand uppercut, his right cross.

And so far as defense is concerned well Dempsey really has progressed to a point where he stops left jabs with everything but his hands.

The ex-champion is strong, his legs respond nobly to the call for action, but there's nothing else to become rapturous about.

"But," says Dempsey in person "wait a little while. I'm training for a battle on Sept. 22nd—on Sept. 13th or 14th. I know I'll make the grade for Tunney—that's what I was in Philadelphia, and I don't need to improve that much to beat him."

MARTIN MEETS HIERS

TAMPA, Fla., Sept. 12.—(INS)—Considerable speculation was aroused today over the list here of Governor Martin, who made two speeches Friday, and held a long conference with Sheriff Hiers this morning, neither official would give out anything for publication.

Sheriff Hiers said the visit was a social call, and so did the Governor who said he was calling on all the county officials. It was recalled today that the state auditor three months ago reported the Sheriff's office owed the county over \$40,000.

Lacoste Favorite In Singles Tournament

FOREST HILLS, N. Y., Sept. 12.—(INS)—Rene Lacoste, the 23-year-old French youth who by virtue of his astounding victory over Bill Tilden 2nd in the Davis Cup matches, stands as the favorite of the lawn tennis world of 1927, enters the court again today to defend his title of American champion in the men's national singles championships, which begin on the turf courts of the West Side Tennis Club here.

Lacoste, fresh from his triumph over the veteran Tilden in Philadelphia, on Saturday, so far overshadows the 60 other players, drawn from all quarters of the world to battle for the crown of American tennis, that his ultimate victory is conceded on all sides.

Lacoste Downs Bill Tilden In 4 Matches

GERMANTOWN CRICKET CLUB PHILADELPHIA, Sept. 12.—Rene Lacoste, that cool, calculating gambler of the courts, sent the Davis Cup challenge round in the fifth and ultimate match this afternoon when he over Bill Tilden in a great match set by 6-3, 4-6, 6-3, 6-2. Tilden suffering a reaction from his sensational play of the first two days.

YONGE IN TALAHASSEE

Texas Wins Senior Golf Championship

RYE, N. Y., Sept. 10.—(INS)—Hugh Halseell, of Dallas, Texas, the 1927 champion of the United States Senior Golf Association with a score of 168 for 36 holes, Fred Snare, of Garden City, N. Y., was second with 181 and George Dalton, New England Senior champion, was third 183.

Halseell and Snare, both champions were members of the American team which defeated the Canadian Seniors yesterday by a score of 19 to 12.

Hit And-Run-Drivers

Sometimes automobile accidents are unavoidable as far as the driver of the car is concerned. Often a child or grown person steps in front of an approaching car and is killed or seriously injured but yet the driver is innocent of any blame.

But how often these days do we hear that the driver of the car drove off with great speed without offering to render assistance to the injured. The "hit-and-run" driver has few friends and deserves no sympathy.

In commenting on the elimination of drivers of this sort The New York Herald Tribune has the following to say:

"Sentencing the driver of a motor car for the accidental killing of a child to three years in the penitentiary seems severe, but when it is known that he fled from the scene without waiting to learn the result, or to give aid to the victim, it may be looked upon in a different light.

It is quite possible, of course, that blind panic may seize a man after he has run down a pedestrian and that following his first impulse he gets away as soon as he can.

The Problem Of Cleaning Politics

Close upon the release of Warren McCray from the federal penitentiary in Atlanta comes the indictment of Governor Edward Jackson and three others in connection with a bribery conspiracy.

Back of the charges against Jackson, Mayor Duval of Indianapolis and their two assistants, looms the figure of D. C. Stephenson, formerly grand dragon of the Indiana order of the Ku Klux Klan.

The state administration was built upon political patronage with Stephenson wielding a power that would have done credit to Croker or any of the other old time Tammany chieftains.

The whole affair teems with the vilest corruption that has come to light in years and will remain forever as a blot on the history of Indiana.

The Jacksonville Journal ably expresses in a recent editorial its views on a problem which confronts the whole nation today. Says the Journal, "America today faces no more serious issue than that of honesty in office."

CITRUS ARGUMENTS TAMPA TRIBUNE

There are 143 separate shipping agencies handling the citrus fruits produced by the growers of Florida. The results which they have achieved for the growers do not indicate that any of them are the ultimate organization approaching perfection.

Probably the new plan, whatever it is adopted by the majority of growers, will not prove any nearer perfect the first year than the average of all these little agencies.

It is the element of human confidence and trust and co-operation involved that will prove the stumbling block in this, as it has in all other efforts of producers from the soil to work together for the common good.

Vodka and Whiskey. Four Magic Words. Ideas Work Rapidly. Sixty-two and a Star. BY ARTHUR BRISBANE

SENATOR TIDINGS of Maryland, back from Russia, says "Vodka as a drink excels both Scotch and gin."

The best fact about vodka is that it is 60 per cent water, only 40 per cent alcohol.

The czar abolished vodka for a while, gave the Russian people a chance to think, and they abolished him.

MR. SLEMP intelligent student thinks President Coolidge will run again because, says he, "the president might have said, 'I do not choose to run.'"

Had the President said, "I won't run," his enemies might foolishly say, "You are afraid to run, the third term bogie worries you, or you think you might not get the nomination."

President Coolidge expressed his mind when he said, "I do not choose to run."

"I COULD BE NOMINATED and elected by a plurality bigger than the seven millions of last time, but I do not choose to run."

MONEY PLUS INTEREST makes money. Indians sold New York for \$40 to Dutchmen.

IT WAS NOT MR. ANDRUS' thrift that made the money, but the idea of another man putting the eye of the needle in the needle's point.

Be thrifty, save, let interest work for you, by all means. But use your brain for quick results.

Wasting power in waterfalls is as nothing without occupation to give their intelligence full play.

WILLIAM B. LEEDS, young American with a great deal of money, sets a good example. He took out a license as air pilot, flying 35 minutes under inspection.

MR. LEEDS', EXAMPLE is recommended to all rich young gentlemen. If each young sportsman owned a high speed pursuit plane and knew how to manage it, this country would be safer.

Constitution Week reminds us that there had to be something to tack those amendments to.

Lack of trained actors is the stage's chief fault, says a critic, with revenues crowding the playhouses, an actor would be lost in a theater nowadays.

An artist' club in Russia has been fined \$500 for permitting the fox trot to be danced at a public entertainment.

The assistant secretary of the navy in charge of aviation is learning to fly. Maybe that's what led President Coolidge to say the other day that "our air service is being perfected."

seems to be agreement that most of no reason why the majority of citrus leaders can get from this come a workable agreement on details, subject to revision from time to time.

Sanford Garden Club Will Hold Seed and Bulb Sale on Friday

In putting on its first fall sale of flower seeds and bulbs, the Garden Club is accentuated by the desire to give gardeners just the things that should go into the ground right now, in a convenient form, and with information to those not familiar with garden conditions in this section of Florida.

Through a co-operative system of buying it has been possible to secure Burpee's well known product, and while the packets will be no lower in price than those in the catalogues there will be more seed to the packet, and the best varieties have been carefully selected.

There will be seed of the following varieties:—ageratum, alyssum, antirrhinum, calendula, candytuft, delphinium, didiscus, escholtzia, carnation, clarkia, cynoglossum, gilia, gypsophila, hennemania, larkspur, leptosyne, lupin, nasturtium (dwarf only), nigella, petunia, poppy, ranunculus, scabiosa, schizanthus, statice, stocks, sweet peas. Of bulbs, there will be freesias, gladioli, and calla lilies.

The sale will open at 9 o'clock Friday morning in the Melander Arcade lobby near the First Street entrance, and will be in charge of the following ladies: Mrs. C. R. Mason, Mrs. Harry Heeren, Mrs. B. F. Whitner Jr., Mrs. C. E. Myers, Mrs. Hal Wight, and Mrs. R. A. Winston. Mrs. Harry Wight, and Mrs. Harry Heeren expect to be there all day to assist with information, and to help in making out orders for those who may wish some subjects not included in this first order. This sale will be entirely for cash, as will orders for future delivery, as the amount is too small to carry over.

An effort is being made to have Italian Rye on sale also, but if it should fail to arrive in time, orders will be taken for early delivery.

Women's Guild Meets Monday Afternoon As Mrs. Connelly's Guests

An especially interesting meeting of the Women's Guild of Holy Cross Church was held Monday afternoon at the home of Mrs. A. P. Connelly on Park Avenue.

The business session was presided over by the president, Mrs. Connelly. Many matters of importance were brought to the attention of the members. Miss Edith Young was appointed educational secretary for the October meeting to be held in Orlando in October. Mrs. Robert A. Newman was named as chairman for the altar committee.

Mrs. A. P. Connelly announced that the dishes for the kitchen for the new parish house had been ordered, and also announced that a supper will be held in October to help defray expenses of dishes.

It was also arranged to take up the work of serving supper to the Men's Club beginning in October. It was announced that no refreshments would be served until further notice, the cost of refreshments to be given toward the Dishes Fund.

Mrs. Amelia Noble, who has recently returned from Sewanee where she took in a most interesting course, told in a most interesting manner of her work at the Seminary.

At the conclusion of business a social hour was enjoyed. There were 15 members present.

Mrs. John Baker Gives Lovely Bridge Party At First Street Home

Mrs. John Baker was the gracious hostess on Saturday afternoon when she entertained a few of her friends at bridge at her home on West First Street.

The rooms where the guests assembled for play were beautifully adorned with bowls of radiance roses, hibiscus and other pretty cut flowers combined with greenery.

Scores for the games were kept on tallies done in old fashioned girls, and after the fourth progression had been played, scores were counted and it was found that high scores had been made by Mrs. Arthur Vaughan, who received a quaintly embroidered linen guest towel. For having low score Mrs. Ed. Roth was consoled with a lovely linen handkerchief.

After the prizes had been awarded, the bridge accessories were removed and the tables spread with embroidered covers and refreshments of pineapple pudding topped with cherries, cake and punch. The hostess was assisted in serving by Mrs. W. E. Erickson. Favors of rose buds were given each guest.

The players were: Mrs. M. W. Locke, Mrs. Edgar Williams, Mrs. James Huff, Mrs. Arthur Vaughan, Mrs. Ed. Roth, Mrs. D. C. Howard and Mrs. Baker.

Miss Pauline Wallace plans to leave Wednesday to enter Southern College at Lakeland.

Mrs. Clifford W. Baker Hostess on Monday To The Pipe Organ Club

Mrs. Clifford W. Baker was hostess Monday afternoon to the members of the Pipe Organ Club at Edgewater Farm on Celery Avenue.

After a short devotional exercise, Mrs. J. H. Colclough, club president, took charge of the meeting and the usual reports were given. It was announced that a miscellaneous shower would be held for the Christmas Bazaar, on next Monday afternoon at the home of Mrs. Tony Pitchford, 1015 Elm Avenue.

At the conclusion of business, the members repaired to the lawn where a prettily arranged punch table had been arranged and here delicious fruit punch was served by Mrs. H. A. Moreland. Refreshments of a tempting salad course were served by the hostess assisted by Mrs. A. C. Chamberlain.

Two new members were added to the roll, they were Mrs. Francis E. Bolz, Mrs. R. H. Berg, Mrs. Leslie Bryan, Mrs. C. W. Baker, Mrs. B. E. Cooper, Mrs. C. H. Cook, Mrs. J. H. Colclough, Mrs. A. C. City Asked To Delay Payment Of Hutton Bill Pending Probe

(Continued From Page One) Seminole County Bank?" inquired Mr. Woodruff.

"No," chafured Commissioners Chase and Housholder, with the Mayor qualifying this with the statement that in all probability the bonds will be "tied up in litigation as a result of the failure of the Seminole County Bank."

Commissioner Chase explained the presence of the unpaid bonds in the New York bank by saying that at one time \$1,240,000 in City bonds had been placed there until they could be disposed by the Commission. Eldridge and Company, he said, purchased \$500,000 of these bonds and took a 30-day option on the remaining \$740,000. This option was never exercised by the New York concern and the bonds were left in the Chase National Bank. In the meantime the Seminole County Bank had closed its doors and the New York institution, Mr. Chase said, being a creditor of the local bank, took possession of the bonds to secure its loans with the defunct institution.

Mr. Woodruff then wanted to know if the city would be liable for the bonds and the Mayor was of the opinion that it would not be. He followed this opinion with the statement that "we are certainly going to do everything we can to escape the responsibility for those bonds because they were never sold and therefore are not legal obligations."

Mr. Thrasher, again addressing the body, declared to the Commission "that there was still some room for economy in the City government" and specifically mentioned the fact that at present the City operates something like 37 automobiles of various types. Mr. Thrasher particularly mentioned the police department where he said there were more automobiles than the officers needed. Figures for the cost of operation of these vehicles were submitted and the expense was characterized as "out of reason."

Another instance of needless expense as pointed out by Mr. Thrasher was the fact that three men are used on trucks collecting garbage when in his opinion two could handle the work satisfactorily. Mayor Housholder interrupted with a statement that this matter had been considered before but that it was believed that more progress could be made by three men, two to handle the collection and dumping of refuse and the third to drive the car.

"What's the matter with letting that driver help do the work?" challenged Mr. Thrasher, "all of us nowadays are doubling up on our work and there is no reason why the drivers cannot help us we can eliminate one of those men and save that much expense to the City."

E. A. Douglass, another member of the Taxpayers committee, then addressed the Commission with a statement to the effect that the question of "due diligence" should enter into the matter of whether Mr. Hutton's vouchers should be paid by the city. He explained that when the vouchers were issued to cash them before the bank closed, then he automatically became a depositor of the bank and not a creditor of the City. If on the other hand, Mr. Douglass explained, Mr. Hutton had attempted to cash the vouchers and found no funds to pay them, he should then have notified the Commission of his efforts to cash same.

Mr. Douglass also made the statement that he was confident the Commission could "save 50 cents on the dollar" if it contracted for garbage removal, street painting and other similar work. To which Mayor Housholder said that if such were true, the Commission would investigate at once with a view to saving as "much money as possible."

Another matter stressed by Mr. Douglass was the legality of paving work that has been done in Sanford on the "fifty-fifty basis." He declared that under a recent ruling of the Supreme Court, Sanford street paving had been placed in jeopardy and as a result relief should be sought immediately in the form of a friendly suit to test the belief that slow payment of paving assessments could be attributed to the Supreme Court's action and he was of the opinion that the sooner the matter is settled, the better it would be for the city government in working out its problems.

Mr. Woodruff and Vivian Spear, another member of the committee, differed with Mr. Douglass, saying that the matter should rest entirely with the individual and that the paving had been put down with the full knowledge of the property owners that they would have to bear the entire cost. They were satisfied, they said, with the method of apportioning the cost. Mr. Spear believed that it would be especially bad at this time to bring up the additional problem when "ance were facing the City."

Mr. Thrasher again addressed the Commissioners, calling their attention to the fact that there had been an unequal division of city legal publications in the two daily newspapers. The speaker said the Sanford Times had been receiving practically all of the city legal when The Herald was deserving of its share. He expressed the belief that the matter was an oversight but hoped the Commission would take care of the matter properly in the future.

Commissioner Chase said, "The Herald has been getting more than its share until the awarding of the delinquent tax list to The Times and if there has been any unfair handing out of these legal, then it has been because we have been so busy with other matters."

"We cannot believe that the Commission," said Mr. Woodruff, "would thus penalize The Herald, just because it happened to be on the other side of the recent election, but we just wanted to find out for certain. I believe that both Mr. Housholder and Mr. Chase would have been glad if The Herald had only assumed that policy two years ago, it would have saved us a lot of money and would have been a big help to the City."

To which the two Commissioners smilingly acquiesced, but made no further statement. Mr. Douglass then called the Commission's attention to the fact that despite its economy in other transactions, the Commission had seen fit to award the delinquent tax list to The Times when the work could have been done at half price by The Herald by virtue of the fact that The Herald had published the original list and had in its possession the type which had been saved from the first publication.

Mayor Housholder professed little knowledge of the matter, saying that the delinquent list had been awarded during his absence in Tallahassee. The first he knew of The Herald's half price offer, he said, was through a representative of The Newspaper who called him by telephone. Promising to take the matter up immediately, the Mayor said he discovered that the list was already set up by The Times and was published the following morning.

The Mayor did not take the trouble to explain that the Times publication of the list was the second time it had been ordered this year, and that the occasion of the second order was given during August, or since he has been presiding officer of the Commission. The Mayor apparently was not sufficiently concerned to find out how the order had been given, de-

spite the fact that no order of the Commission is supposed to be given without the knowledge of the Mayor.

In response to the Taxpayers Committee's statement on the matter, the Commission promises an equal division in the future of all the legal publications.

During the early part of the session the clerk reported that current bills together with salary accounts now due amounted to over \$7,000 and that the City had on deposit only a little more than \$2,000, to which Mayor Housholder said "that was more than I thought you had." The clerk explained that some \$1,000 was due from the county but that payment of same had been delayed pending legal advice in connection with certain deposits in the Seminole Bank.

The Commission authorized a letter to I. E. Estridge that the body could not act on his demand for damages until it had the advice of its attorney. The case was the outgrowth of an incident in the Municipal Zoo when a little daughter of Mr. Estridge suffered injuries at the hands of a monkey. At the time of the accident, it developed that the City officials had promised to defray all hospital and medical accounts incurred by Mr. Estridge, but Mayor Housholder stated to the Commission yesterday that Mr. Estridge had demanded more damages and had threatened to enter suit against the City unless relief was given by September 13.

J. D. Hood, owner of lakefront property near the business section, appeared before the Commission to ask for relief in the reduction of taxes on his property, saying that it "was too expensive for him to pay." Mr. Hood pointed out that assessments on lakefront property from Mangustine Avenue west to the corporate lines had been reduced 50 per cent and he was of the opinion that the Commission should grant him relief on his holdings.

"The assessments are too high and I cannot pay them," Mr. Hood said in revealing that the amount of taxes on a strip of property between Palmetto Avenue and Park Avenue was placed at more than \$10,000.

The Commission discussed the matter of protecting local laundries against outside concerns who are establishing Sanford agencies, but after some talk on the matter, the question was referred to the City attorney without any action being taken.

The Commission authorized the release of two negro women from the City Jail upon payment of half their fines and their promises to make weekly payments on the balance. The fine of a Mr. Day, resident of Lake Helen who was recently convicted of driving while in an intoxicated condition, was ordered remitted upon consideration of letters received from Volusia county officials testifying to Mr. Day's sobriety and his prominence in the county.

Mr. and Mrs. A. W. Beck announced the birth of a son, Sunday, September 11 at the Fernald-Laughton Hospital.

Does Business Stop When Your Doors Close?

Closing time . . . locked doors . . . help gone
. . . does the public forget you are in business
when you close up for the night?

Or Do You Insure

your business for tomorrow by letting
the public read your message in the
evening paper, the paper that goes
home and stays home? Your doors may
be closed . . . no clerks in the store . . .

Study Of Pollution Of Streams Started In Back Bay Region

BOSTON, Mass., Sept. 13 (INS)—
Research study of the pollution
of streams in Massachusetts has
been started under the auspices of
the Department of Biology and
Public Health at the Massachu-
setts Institute of Technology. The
movement was sponsored by the
Massachusetts Fish and Game
Protective Association.

Professor S. C. Prescott, head of
the Biology and Public Health De-
partment at the college, oversaw
of the work and Dr. J. W. M.
Eunkar is in direct charge.

Dr. George W. Fields, a director
of the Massachusetts Fish and
Game Association, does the nec-
essary traveling to collect infor-
mation which is not near at hand,
while a graduate student at M. I.
T., is assigned to assemble and co-
relate existing data and construct
the necessary maps.

It is estimated that more than a
year will be required to complete
the study, but that in the space of
five or six months sufficient infor-
mation will have been gathered to
point to a constructive program
with respect to this problem
which has assumed large propor-
tions in Southern New England.

Both the state government and
the industries of Connecticut have
spent large sums to endeavor to
deal constructively with the prob-
lem in that state.

New Will Not Run For Governor, Says Report

WASHINGTON, Sept. 13 (INS)—
Postmaster General Harry S.
New will not be a candidate for the
Republican gubernatorial nomi-
nation in Indiana next year, it was
stated authoritatively today.
The Postmaster General, a former
Senator from Indiana and an
important figure in the Republican
organization of the Hoosier state,
regards himself as too old to take
on the rigors of a campaign, it was
said in his behalf.

WINS SWEEPING VICTORY

BELGRADE, Sept. 13 (INS)—
The two government parties, the
"Radicals" and "Democrats," won
a sweeping victory in the Jugo-
Slavian general election according
to the tabulation of votes made to-
day. All members of the cabinet
were re-elected to parliament. The
democrats carried 209 seats out of
a total of 325.

Slain Couple

The Kentucky hills faced a new
murder mystery with the finding
of the body of Fred Russell, 21,
and his dying sweetheart, Pauline
Dearmond (above), in a clump of
bushes near Providence, Ky. Rus-
sell had been shot through the
head, and the girl, while beaten
severely over the head, was still
breathing. The couple had been
sought for five days before the
discovery. Miss Dearmond died
at a hospital.

Here is a photograph of the last
word received from Paul Redfern,
Georgia to Brazil flyer. It was
dropped to the ship Christian
Krogsh, 200 miles off the coast of
Venezuela. Below is Nils Nod-
vadt, who braved a shark-infested
sea to pick up the message from
the flyer.

Bristol, was in the hospital today,
recovering from injuries received
when he was kicked from a fast
moving automobile by two men
whom he was taking to jail. Other
officers in the car overpowered the
men.

Fate Willed Meeting Of Jones And Evans Who Do Not Like Each Other

NEW YORK, Sept. 13 (INS)—
Two of the most personable young
men of the links today are Bobby
Jones and Chick Evans, popular
and well-met with everyone — ex-
cept themselves. It was under-
stood to have been no secret at
Minikahda that Jones and Evans
liked each other with almost a min-
imum of enthusiasm. And fate
willed that they were to meet in
the final round.

It couldn't have been Jones and
Francis Quimet, so friendly that
they lunched together the day
even Evans and Quimet, who con-
trive to enjoy one another's society
without visible strain. No, it had
to be the pair that likes everyone,
except each other.

Therefore, that final round of
twenty-nine holes, lasting well up-
ward of five hours, was conducted
in stony silence for the most part.
The exceptions were supposed to
have been furnished by United
States Golf Association officials
and by an incident in which Jones,
quite within his rights, nested up
Evans holding a put that hardly
could have been missed.

Evans Admonishes
The officials, it was said, thrice
admonished Evans for minor in-
fractions of the playing rules, it
being understood that Charles has
become persona non grata with
the Association. These interrup-
tions were alleged to have thrown
the young man off his game, al-
though it seems possible that Jones
of the morning round may have
contributed in some slight degree

toward this end. As to that, it
may be assumed that both were
well "on" their respective games
and that this was one of the rea-
sons, or possibly all of them that
Jones finally won by 8 up and 7 to
play.

But, anyhow, the official inter-
ference was not inspired by
Jones, who took no part in it and
seemed indifferent as to whether
Evans had teed his ball a half-inch
in front of the line on a certain
tee, as was alleged. Yet it was
quite evident that Bobby was irk-
ed as the match wore on and it
may have been that the partisan-
ship of the crowd, which was
strictly pro-Evans, had something
to do with his fame of mind.

Deafening Silence
In any case, he apparently was in
there to give Evans non-the bet-
ter of it; so that when they came
to a certain green and Evans need-
ed a 15-inch putt for a half, the
silence from Jones' quarter was
almost deafening. This silence
meant that the putt was not to be
conceded, that Evans must hole it
or accept the consequences. He
holed it.

And, as they were walking to-
ward the next tee, the following
dialogue was alleged to have en-
sued:

"You don't like those kind of
putts, do you?"
"I don't like any putts. But
when I'm six down I'm not likely
to worry much about them."
"Well, I wanted to give your
friends a thrill by letting them see
you miss one, if you could."
