Voters stay the course with Morris & Morris

By Dan Ping

SANFORD — Seminole County voters were satisfied with their representation on the county commission and school board, re-electing the incumbents overwhelmingly.
With 98.45 percent of the precincts report-

ing, District 2 Seminole County Commissioner Randy Morris outpaced challenger Bill Daniel by 20 percentage points. Morris received 11,448 votes, representing 60 percent of the ballots cast, while Daniel earned 7,837 votes.

City OKs Wharton's bid for Riverwalk

By Den Ping

SANFORD - After shaving \$800,000 in costs, city commissioners awarded a contract to Wharton-Smith Inc. to build Phase 1 of the Sanford Riverwalk.

Wharton's base bid was \$11.4 million, nearly a million dollars more than the city has in state and federal funds for the project.

The by cutting portions of the project, primarily decrotive features, the city reduces the amount needed from general fund reserves to \$91,800 in order to complete the project.

The major cost savings include:

• Removing some decrotive features from the actual seawall panels. Originally the seawall was designed with arches imprinted in every panel. Commissioners noted that the impressions would be seen primarily from passengers in watercraft, and then only when water levels were low. By alternating the decrotive panels with plain panels, the city saves \$234,000.

tures along the acutal Riverwalk. Designs call for 14 trellises along the 1.2 mile stretch of Riverwalk. By installing 11 and pouring the foundations for future installation for the other three small trel-

lises, the city saves \$185,000. Coating the trellises with a less durable finish, saving \$56,000.

· Delaying installation of a traffic signal at Sanford Avenue and Seminole Boulevard until a need is documented, saving \$57,500.

 Participating in a direct owner purchase program allow-ing the city take advantage of its tax exempt status, saving \$182,600 in sales tax on the purchase of materials.

 Revising the requirements for the seawall tie-back system. New technology will allow the city to save \$110,200 in materials and installation of the seawall support system.

Though the use of gerneral fund reserves is minimal, City Manager Tony VanDerworp noted that the \$10.5 million project has no contingency funds to cover change orders.

"I will guarantee any change orders that substantially change the budget, you will see before we approve it," VanDerworp

There was only one problem - church members determined they needed more than one evening to recognize everyone on their list.

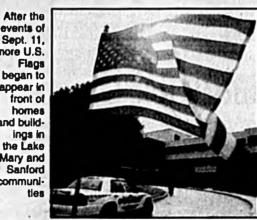

"We decided we wanted to honor our public servants," the Rev. Jimmy Dale Patterson said. "There is so many, we didn't think we could do it all in one night. So, we decided to have a week of reflection and remembrance.

The church's "Week of Remembrance," began Sunday with Law Enforcement Appreciation Night. More than 250 officers from Seminole County's law enforcement agencies attended the event, which included a service and recognition ceremony and dinner banquet.

Pancakes, prizes to highlight Missing Link's grand-opening celebration

From Staff Reports

Florida's Tumpike will host a huge grand opening celebration for the "Missing Link" of the Seminole Expressway II/Central Florida GreeneWay (Toll Road 417) on Saturday, Sept. 14, from 8 a.m. to 1 p.m.

The theme of the event is "Building Bridges to Communities," and will include all of the communities in Osceola, Orange and Seminole counties

along the entire 56-miles of Toll Road 417, from the I-4 connection on the southern end to the new I-4 connection on the northern end.

"This is a great day for Florida's Tumpike and a great day for Central Florida motorists," said Jim Ely, executive director of Florida's Tumpike. "This section of roadway finally completes the loop around eastern Central Florida, giving motorists unprecedented access to the Orlando area and an alternate to the busy I-4 cor-

The event will be held on the new section of roadway between Towne Center Boulevard and Interstate 4 in Sanford. Parking is available at Seminole Towne Center by Burdines with free shuttle service by Lynx to the event site.

The grand opening kicks off with a \$1 All-You-Can-Eat pancake breakfast sponsored by Cracker Barrel Old Country Store® from 8 to 10 a.m. All proceeds will benefit the Goldsboro Front Porch

Education Initiative, part of a community revitalization project aimed at making disadvantaged neighborhoods an exciting place to live, work and play. The program is part of Gov. Jeb Bush's Front Porch Florida project and is one of 16 in the state.

A ribbon cutting ceremony is scheduled for 10 a.m. featuring Congressman John Mica and Congressman Ric Keller, as well as Speaker of the House Tom Feeney. Other speakers include Jim Ely,

executive director of Florida's Tumpike; Allan Keen, chairman of the Orlando-Orange County Expressway Authority; Randy Morris, chairman of the Seminole Morris, chairman of the Seminole County Expressway Authority; Daryl McLain, chairman of the Seminole County Commission; and Brady Lessard, mayor of Sanford. SEMINOLE SUMMARY

A GLANCE AROUND OUR COUNTY

Daughter now in good hands because mom planned ahead

DEAR ABBY: I am a 14-year-old girl whose mother died 10 days after the attacks of Sept. 11. I never knew my father, so after Mom's death, I moved to Utah to live with my guardians and their three children.

My new family makes me feel comfortable and safe. I feel very lucky. The children are like my siblings. We all get along well, and I feel a real sense of

belonging.

Recently an adult friend asked me for advice regarding her own children. She was worried that if anything happened to her and her husband, the kids would end up in foster care.

My recommendation to her and to any parent is this: If at all possible, find a place with family or friends that you know your kids would feel safe and comfortable. Let them know that they would live there and be taken care of if anything happened to you. Above all, let the kids know how much they are loved.

Thanks for letting me share this with your readers, Abby. I love your column.
ALL SETTLED IN, SALT LAKE CITY

DEAR ALL SETTLED IN: You are a courageous and mature young woman who has written a letter addressing a subject that's not often discussed because it's too painful. Your story is an important one. Sept. 11 has brought into focus the fact that the unthinkable CAN happen. All of us need to put our house in order - especially if the household contains children.

Parents who haven't already done so should see an attorney to put their child custody plans in writing.

DEAR ABBY: On Sept. 11, 2001, our granddaughter, Christine Morrison; watched the tragedy unfold on television with the twin towers collapsing into heaps of dust. She went into her bedroom and wrote the poem that I have enclosed.

Her fourth-grade teacher thought it was so special she sent a copy to President Bush. Christine received a very special letter from Mrs. Bush thanking her for the poem.
We are proud of our talented granddaughter

and hope you will find her words meaningful. LARUE AND HERB MORRISON, SALEM, OHIO

DEAR LARUE AND HERB: Your granddaughter embodies the determination of all our citizens to rebuild — both physically and spiritually — from the rubble of that horrific day. She's a strong and talented young girl |who has already made a difference. Read on:

DEAR READERS: If Sept. 11 has taught us anything, it is how strong the people of this great country can be when they are called upon. To the families and friends who lost loved ones a year ago today, you are in the hearts of all Americans. Our prayers are with

COE completes 'model' assignments for apartment clients

Creative Environments (COE), a multifaceted business support company that has curried much of its success over the years in the professional office arena, has begun tapping into the area's burgeoning residential real estate market.

COE, a 13-year-old company specializing in the installation and reconfiguration of office work environments, recently completed three key rental apartment assignments in MetroWest, Innisbrook and Coral Gables for The Design Resource Group, Inc. (DRG), an Altamonte Springs-based architectural and interior design company with projects

nationwide. Two of those projects included major rental apartment developments for ment giant Trammell Crow

Residential. COE was responsible for receiving, warehousing and installing all furniture and decorative furnishings valued in excess of \$200,000 for all three projects, says DRG Vice President Donna Young.

Those projects, which included COE's expansion into the south Florida market, included:

Alexan at MetroWest - a 500+ rental apartment complex by Trammell Crow Residential that involved the setup of two townhome models, two garden apartments and the community clubhouse:

Alexan at Coral Gables - a 200+ high-rise apartment complex also by Trammell Crow Attorney's Title & Trust.

Office that included the setup of two model apartments, clubhouse and lobby interior;

Park Crest at Innisbrook - a 200+ rental apartment complex in one of the country's premier resort communities that involved the setup of townhome models and a garden apartment model.

The value of the contract was not disclosed but COE President Paul A. Whiting says his company plans on doing other projects of similar nature for other interior design firms locally, as well as around the state.

Whiting says COE is one of the few companies of its kind that has the capabilities to comfortably service both the residential and commercial real estate markets.

"For years, the focus of this national real estate develop- company has been on the commercial sector but we've discovered that there is both a need and a demand for the kind of full-services we provide in other sectors of the market that we are going to address," says Whiting.

COE primarily services a five-county Central Florida market that includes Orange, Seminole, Osceola, Lake and Volusia counties but routinely travels outside that central core to meet client needs. Currently, it is the only company of its kind in the area that installs all name brands of workstations, moves furniture and provides warehousing.

COE's current roster of clients includes Florida Hospitals, Sprint, SunTrust, Hilton Grand Vacations and

was double out personnel at the schools because frightened parents would be taking their children home, and we increased our visibility around the county as much as possible."

"A week later," he continued, 'we were contacted by New York, and subsequently, seven deputies and I went to New York to assist that police department and citizens.

Eslinger said in the year since the 9-11 tragedy, the manner in which his department communicates with state and local law enforcement agencies has greatly improved and increased.

We know there is now a threat of another attack, and while our role as a law enforcement agency hasn't changed, our awareness has increased drastically. We don't want to see anything like that happen again, and we are continuously vigilant."

The events in New York City had a special meaning for Sanford Chief of Police Brian Tooley. He not only grew up in New York City but his father wore the NYPD blue..

"I was at the station that day," he began, "when a phone call came in to turn on the TV set. We immediately did, and were dumbfounded at what we saw. When the second building was hit, we first thought it was a TV replay of the first building from a different angle, then we realized what was happening and knew it was no accident."

He said talk around the police station immediately turned to possible terrorist activities that could expand and possibly even involve Central Florida.

"We contacted the airport (Orlando-Sanford International) and immediately deployed a number of officers out there," he said. "I met with airport security, operations and officials to formulate plans to secure the entire airport. We didn't know at that time how vast this may become and we wanted to be on the alert in case there were more terrorist

attacks." Tooley said he and his officers spent most of the day at the airport, making it as safe as possi-

"Now," he said, "all our officers are more attuned to potential threats. We work closely with the Regional Terrorism Task Force in Orlando. In fact, we even sit on that board and obtain a great deal of intelligence from them.

"We also are doing whatever possible to avoid the threat of anthrax poisoning, and determine how we would respond. We have greatly enhanced security at all points and are continu-ously working with the Federal Government and the Airport Authority."

He said one of the TV reports that hit him the hardest was the video in one of the hallways in the World Trade Center. "There were people rushing down the stairway trying to get out, but there was one man, a fireman, going up the stairs. He had this determined look on his face, one I'll never forget. I doubt if he got out alive, but that's the kind of people we have in our firefighting and law enforcement depart-

Although the trial continued until 6:30 p.m., that Tuesday, Greene was able to call Lake Mary City Hall to make sure everything was OK within the city. He realized, from that day forward, things were going to change, not only in the northern Seminole County, but also throughout the nation.

"I think there was a loss of innocence that day," Greene said. "Even though we were in Florida, we realized anybody, anywhere can be a victim of terrorists. It doesn't matter where we live. We know that now."

Like many cities, Lake Mary began implementing new security policies. Money was budgeted for additional security cameras and fencing was built around the water plant.

"At City Hall, we began locking some doors that weren't locked before," Greene said. "Generally, we tried to make the building more secure. We wanted to prevent something from happening, and we wanted our citizens to know we were making attempts to protect them."

The tragic events of Sept. 11, have brought the Lake Mary community closer together in their support for the city's public servants.

"I've seen more appreciation for the police and fire departments," Greene said. "And, I've seen more people with flags, which shows our appreciation for the country and what it stands for.

the boys ready for pre-school," Lessard said. "A guy who works for me called me and told me the tower had been hit. We immediately turned on the television to see what was happening."

A short time later, as he drove his boys to school, Lessard received a second call, this time from his wife.

Lisa told me the tower had just collapsed. I was stunned," Lessard said.

Throughout that unforgettable Tuesday, Lessard stayed in touch with city officials to monitor developments. A ceremony had been planned for Thursday to celebrate the grand re-opening ceremony Historic Sanford Memorial Stadium. Lessard had hoped to forge ahead with the event as a chance for community healing, but out-of-town dignitaries and softball teams who were to be a part of the ceremony could not get to Sanford country in the world."

because all air travel was halted. Since Sept. 11, Lessard said he hasn't experienced a drastic change in his role as mayor. He did notice "citizens leaning on City Hall a little more" in an

effort to find reassurance. "Particularly when anthrax scares were occurring, citizens would call wanting to know everything was OK," Lessard said. "Beyond some general security measures, there is not a lot the city can do about global terrorism. At a time like that, we try to assure our citizens as best we can that their city government is functioning."

Lessard, a frequent speaker at veteran's events since before he was mayor, said the events of Sept. 11 haven't profoundly changed him.

The communitywide event has included patriotic music and inspirational messages to raise the morale of people who may still be suffering from the events of Sept. 11.

"We have one family in the church who has a relative serving in Afghanistan and was seri-

"And, there are many people who have suffered financially since last year," he said. "Some have lost their jobs, their investments or even their savings. We need this time for healing and

hope."
The most important reason for a week of remembrance, however, is remembering God, Patterson said.

"I think, many have forgotten God," the reverend said. "We've remembered the tragedy and the heroes, but we've forgotten God."

In the days following Sept. 11, many people turned toward religion for guidance and support, Patterson said. Churches began to see a decrease in attendance during the weeks and months

media was predicting an increase in church attendance that would last," he said. "And, we did have that during the week following Sept. 11. We had more than 200 additional people at our church. But, that didn't sustain.

Allen arrested in Friday shooting

From staff reports

Milton Roebuck, 26, was shot in the stomach Friday, in the 1000 block of Locust Avenue in Sanford. The wounds however, were not fatal and Roebuck was reportedly released from the hospital by Monday morning.

According to a report from Sanford Police, when officer Troy R. MacDonald arrived, he saw Roebuck laying down on his left side in front of a residence at 1016 Locust. He said all Roebuck would say was a possible suspect's name. He also said he believed he was shot with a .38 caliber revolver.

Two witnesses were inside the residence at the time and they said they heard three shots, coming possibly from the area of Orange Avenue. One said she observed Roebuck running to the west from behind the house across the street from her residence, that he fell down once, began running to her residence again, and finally collapsing on the sidewalk. The other witness said she heard one shot fired, than three more.

Police obtained information that the suspect was a black male with no shirt, who was last seen driving a white Cadillac in an unknown direction on Celery Avenue.

Monday morning, a man identified as William Allen, Jr., 29, of Lake Jennie Drive, Sanford, turned himself in at

the Sanford police station. Police questioned him, and subsequently arrested him on charges of attempted murder, and the use of a weapon during a felony.

Westervelt honored again

Named Summer All-American by Baseball America

From Staff Reports

DeLAND — A big year got even better for Chris Westervelt recently.

The junior catcher for Stetson University has garnered All-American honors for the second time this year, being named a second-team summer All-American by Baseball America.

Junior third baseman Brian Snyder

(Wellington) did his Hatter teammate one better, being named a first-team summer All-American by Baseball America.

Westervelt, who played in the Longwood Babe Ruth League and was at Lake Mary High School before his family moved to Batesville, Arkansas, batted .336, second in the league, with two home runs and 28 RBI, sixth in the league, for the New Market Rebels of the wooden bat Valley League. He was named to the all-Valley League team and he ranked second among BA's Top 10 Prospects from the league.

He was also second in the league in doubles (13) and on-base percentage (.414), third in slugging percentage (.471) and seventh in hits (47) and total bases (66). For good measure he also had two triples, 18 walks and was 3-for-4 on

Snyder batted .294 with four home runs, 21 RBI and 15 stolen bases for the Cotuit Kettleers of the Cape Cod League. He was selected the Most Valuable Player of the league's All-Star game after going 3-for-4 with a home run and three RBI for the West All-Stars. Baseball America also ranked Snyder eighth among its Top 10 Prospects from the Cape Cod League. With the naming of Snyder and

Westervelt as summer All-Americans, Stetson was represented by two of the 18 position-players selected. Overall, only Stetson and Wake Forest saw two of its student-athletes selected to BA's summer All-America teams.

Lions move on up

Oviedo up to sixth in Class 6A state poll

By Dean Smith Sports Editor

OVIEDO — Things went pretty much as expected on the first week of the High School football season. Oviedo, Lake Brantley and

Lake Mary, three teams that went to the playoffs last year and have a good nucleus of players returning, all won handily and made statements

that they intend to compete for the playoffs again.
Winter Springs, the fourth
SAC squad to carn a playoff spot in 2001, showed signs of being good again, but the Bears must find ways quickly to improve on defense as their opening three games on the schedule are murder.

Seminole and Lake Howell are both young squads trying to get used to new quarterbacks in a tough league, but both hung in their respective games against Lake Mary and Oviedo until the final quarter.

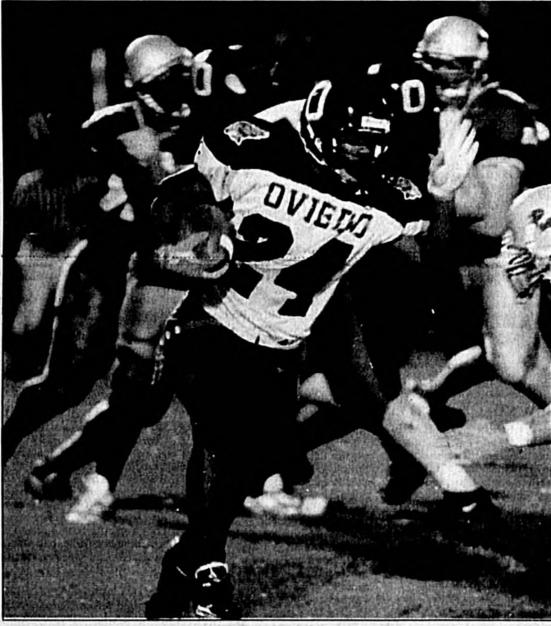

The only surprise was Lyman failing to get untracked against Boone.

Oviedo was rewarded for its second straight impressive shutout, the Lions also blanked Lake Mary in the preseason Classic Game, as it moved up to No. 6 in Class 6A in this week's PSWA (Florida Sports Writers Association)
State Football Poll.

Amazingly, unless you have followed SAC football and know it gets very little respect from the voters, neither Lake Mary, which got votes in the pre-season poll, or Lake Brantley received votes.

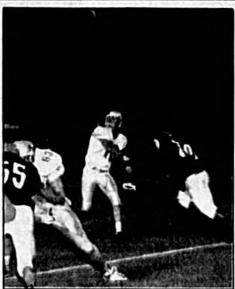

Of local interest there was one huge upset in the state this week as Palm Bay, which is a member of Lake Howell's district and has Seminole on its schedule also, was upset in

LaDarian Rudolph (No. 24, above) rushed for 54 yards on only three carries and set up a crucial touchdown with a 42-yard run to help the Oviedo Lions shutout Lake Howell, 30-0, in the season opener for both teams last Thursday. The Lions' fast start got them 65 points from voters as they moved up to No. 6 in this week's FSWA Florida Class 6A Top 10 Football Poll. Meanwhile, Lake Mary also got off to a good start as junior quarterback Jon Clark (No. 10, right) threw for 74 yards, including a 24-yard touchdown pass to Carl Bulord, and ran for nine more as the Rams topped Seminole, 27-6. Oviedo (1-0) plays its first home game this week, hosting Winter Springs (0-1) at Jon Courier Field, while Lake Mary (1-0) heads to Kissimmee (1-0) for a matchup with Class 5A No. 2 stateranked Osceola. The Oviedo-Winter Springs game will also be the WORL-AM 660 game of the week with broadcast beginning at 7 p.m. Other games this week have Seminole (0-1) at Lake Howell (0-1) and Lake Brantley (1-0) at Lyman (0-1). All of the games will be played on Friday and are set for a 7:30

Field set for ASA National Championships

Sports Editor

SANFORD — Historic Sanford Memorial Stadium will be rocking again tomorrow (Thursday) night when the ASA/USA Softball Men's Super Slow Pitch National Championships begins its three-day run.

This year's event should be very exciting, as all nine teams are either ranked or receiving votes in the most recent National Top 20

The tournament will also see a return to the more normal big tournament, unlike last year when the event was plagued by rain and low team turnout because of the events

of 9-11, which forced a postponement of the tournament until late October.

All of the opening night activities are free to the public with the ooh-and-awe inspiring Home Run Derby kickoff the ceremonies at 6:30 p.m.

Following the 'blast off', the Opening Ceremonies will be held, which will lead into a huge fireworks display at around 7:30

The night will then be capped by the opening game of the tournament at approximately 8 p.m., which will feature defending tournament champion Long Haul/Taylor Brothers/Shen Corp./TPS, currently ranked No. 3 in the nation, against New

Construction, which is ranked No. 9 in the

The double elimination tournament will then resume at 9 a.m. on Friday with No. 15 ranked Team Mizuno, from Ft. Pierce, taking on No. 10

Phonemaster's/K&G/Schwinng/TPS. At 10:30 a.m., No. 4 ranked Mid-South Mizuno tackles Team AH/TPS, followed by No. 13 WW Gay/Aubrey's/TPS and No. 2 Hague/Resmondo/Walser/TPS at noon and the 10:30 a.m. winner against No. 1 ranked Backman/Dan

Knights struggle in desert

Special to the Herald

TEMPE, AZ. — The University of Central Florida football team did all it could to overcome a sloppy first half, but turnovers and a 29-point third quarter by Arizona State sent UCF to a sound 46-13 defeat at Sun Devil Stadium Saturday evening.

The flood-gates opened in the third quarter with ASU receiver Shaun McDonald catching two of his game high three touch-downs less than four minutes apart and the Sun Devils defense returning two interceptions for touchdowns.

McDonald's second touchdown of the quarter, and third of the game, was set up by a fake punt when the snap went to up back Riccardo Stewart who scampered 28 yards to the UCF 26. Replacement quarterback Andrew Walter hit McDonald from 26 yards and, after the two-point conversion failed, ASU led 25-13.

The third quarter woes continued as UCF quarterback Ryan Schneider, who left in the third quarter with bruised ribs, was picked off by Josh Amobi who ran it back 21 yards for a touchdown. The Sun Devils added another defensive touchdown when Connor Banks picked off backup quarterback Brian Miller and lumbered nine yards into the end zone.

Both teams had problems hanging on to the football as they combined for nine turnovers. Penalties also hampered both sides as UCF had 17 for 133 yards and ASU was penalized nine times for 96 yards. Another telling tale for the Knights was the fact that they finished the game 0-for-11 on third down conversions.

Senior defensive back Asante Samuel forced one of two first quarter turnovers by the Sun Devils. The first coming after his hit on tailback Mike Williams caused him to cough up the ball. The fumble was recovered by UCF linebacker Chad Mascoe at the ASU 31 yard line. The Knights offense stalled, but freshman kicker Matt Prater, connected on the first of his two first half field goals, the first from 48 yards for a 3-0 UCF lead with 12 minutes and 48 seconds remaining in the quarter.

With the score tied 3-3 and the first quarter winding down, UCF got the ball back after an ASU punt. The quick-strike combination of Schneider and receiver Doug Gabriel went to work, as on the very next play they hooked up for an 80-yard score, the fourth longest pass play in UCF school history.

Turnovers continued to dictate the first half as UCF muffed a punt deep in their own end,

Preps -

Continued from page 1B overtime by Edgewater last Thursday.

Palm Bay was second in the state last year and was pre-season No. 2 in the country. By pulling off the upset the Eagles are ranked No. 1 in the 6A Poll this week.

The seven county high schools will play one more week of nondistrict games before getting down to the games that really count starting next week.

The biggest game on this Friday's schedule is the only non-Seminole Athletic Conference game as Lake Mary will travel to Kissimmee to take on No. 2 Class 5A State Ranked Osceola. The Kowboys are always, lough and several pre-season polls had them tabbed as being abla tachallange Palm Bay and Tallahassee Lincoln for Class 5A state honors.

In SAC games this week, Seminole will travel to Casselberry to take on Lake Howell at Richard L. Evans Field, Lake Brantley heads to Longwood to challenge Lyman at the Carlton D. Henley Sports Complex, and Winter Springs has to go to Oviedo to tackle the Lions in the their home opener at John Courier Field.

All of the games are set for a 7:30 p.m. kickoff.

If you cannot get out to Oviedo, you can still enjoy the game on AM 660 as the Bears-Lions clash will be its game of the week. Air time is 7 p.m.

SEMINOLE, BRANTLEY **SWEEP IN SOFTBALL**

Seminole and Lake Brantley have gotten off to a fast start in Slow Pitch Softball.

After getting rained out of the first night's scheduled action, the Fighting Seminoles defeated Winter Springs 8-1 last Wednesday at the Seminole High School Softball Complex behind the hitting of Megan Pickren (double, two RBI) and Kara lively (RBI) and the defense of Sheena Ware, who made several nice plays in the outfield.

In the only other game that was played that night before the rain's moved in, Lake Mary edged Winter Springs, 5-4, in a

contest stopped after five innings by the rain. In make-up games Monday night at Oviedo, the Tribe won two more games, trouncing Winter Springs, 10-0, on a twohitter by Mindy Duvall with Lively (3-for-4 with a home run and four RBI) and Ware (3-for-4, two RBI) providing the offense, and outscoring Oviedo, 11-7. The Patriots also got off to a good start on the season Monday at Oviedo, sweeping a doubleheader from Winter Springs (7-2) and the host Lions (6-5).

The winning pitchers were Jessica Tomaselli (Winter Springs) and Nicole Richard (Oviedo); both of them pitched complete games.

Key hitters for Lake Brantley... were Valeries Dickson (two-run homer vs Oviedo), Jessie Sadlowsky (3-for-3 vs Oviedo), Cassie Mier (double vs WS), and Nicole Hall (double vs WS).

The end of the Oviedo game was very exciting as the Lions had runners on first and second with two outs and got what appeared to be game-tying a base hit into left. But Patriot leftfielder Natalic Ruff threw a perfect strike to nail the tying run at the plate and end the game.

ionight's (Wednesday) schedule has Lake Howell and Winter Springs playing as hosts.

At Winter Springs, Winter Springs plays Lyman at 5 p.m. and Oviedo at 7 p.m., while Lyman plays Oviedo at 6 p.m.

At Lake Howell, Lake Mary takes on the Silver Hawks at 4:30 p.m., then Seminole plays the Rams at 5:30 p.m. and Lake Brantley at 6:30 p.m., and the Patriots stay on the field to take on Lake Howell at 7:30 p.m.

CROSS COUNTRY

It was not the best of week's for the team's this week as Lake Brantley's girls' team's third

for second in wins with five and

place finish in their own meet was the highest finish by an SAC squad in either the Lake Brantley Open or Astronaut Invitational.

It was good for a couple of individuals, however, as Lake Mary's Jessica Zabel and Lake Brantley's Amanda Hintze were the top two finishers at Lake Brantley.

All of the SAC teams are scheduled to head to Orlando this Saturday morning at 8 a.m. t take part in the Edgewater Invitational at Cypress Grove

Gospel choir banned from church event

Staff Writer

The evening prior to the scheduled 9-11 memorial service at Central Baptist Church in Sanford, officials of the Seminole County School District banned the participation of the Seminole High School Gospel choir from singing, because the event was held in a

Superintendent Paul Hagerty and School District Attorney Ned Julian made the decision to permanently ban the choir from singing at any event conducted at a church. District attorney said decision based on firm's legal recommendation

Choir Director Bob Maguire and students in Independence and the blessings of freedom the choir were reportedly disappointed at

The speaker at the church event was Mathew D. Staver, president and general council of Liberty Counsel, located in Orlando. Staver commented, "The essence of my message centered around the theme of liberty flowing from the Declaration of that have made America a great country. I was saddened and dismayed that during a memorial service to celebrate freedom and to honor those who died on Sept. 11, a public school would have the audacity to ban a choir from singing at the event solely because it was conducted in a church."

After learning that the gospel choir had

been banned by the District, Liberty Council faxed a legal opinion outlining three federal court of appeals cases that ruled school choirs may sing religious songs, and that barring the group from singing at a church was not only unconstitutional, but also imprudent in light of the Sept. 11 memorial.

Staver said Liberty Counsel is considering a federal lawsuit concerning the matter.
"If this is pending a suit," said Attorney Ned Julian, "I cannot say anything about the situation." He did add however, that the

Geneva resident accused of hate crime

From staff reports

GENEVA - A 40-year-old Geneva man stands accused of aggravated battery/hate crime and hit and run, after he allegedly struck another man and his child with his motor vehicle, then drove off. The incident occurred Thursday night in Geneva.

According to the incident report, 26-year-old Therisco Jordan was walking along a 2nd Street in Geneva with his 5- year-old son on his shoulders, when the suspect alleged-ly aimed his vehicle at Jordan and struck him. The suspect, identified as Charles Lindsay Summersill, 40, of Geneva, then fled from the scene.

Jordan was seriously injured and the child was less injured!

After the alleged hit and run, Summersill drove into Sanford and approached a Sanford police officer at 6th Street and Park Avenue, telling him what had occurred. The incident report says Summersill told the officer, "I think I killed someone with my car in Geneva." Deputies were then notified.

Summersill reportedly accused Jordan of "ripping him off" (at an earlier time) and then Summersill allegedly went into a rant about Jordan's race (Jordan is of African American decent). Summersill also allegedly said he borrowed his mother's vehicle, a 1994 Jeep, because it sits higher off the ground and thereby stood a better chance of running over Jordan.

Summersill has charged with aggravated batusing deadly weapon/aggravated battery with a motor vehicle (hate crime), and hit and run, failing to remain at a crash involving injury and hit & run involving

At press time, Jordan was at the Orlando Regional Medical Center, where he was listed in serious but stable condition with possible internal injuries. The son, Anthony, was taken to Central Florida Regional Hospital by his mother for treatment.

Due to the hate crime status of the incident, it was recommended that Summersill be placed on a no bond status pending first appearance.

County plans overhaul of codes

By Nick Pfeifauf Staff Writer

Seminole County Planning and Development director Don S. Fisher made an exquisite, and apparently effective video presentation before the Seminole County Commission meeting last week.

"This is how it has been with our department," he said, then proceeded to show the tape. It featured a fictitious customer he called "Jeannie," in the Planning and Development offices, seeking to find information on a certain piece of property. Each time she went to a desk in the department, the clerk was seen directing her to a different clerk. This happened approximately five times, and poor little Jeannie became flustered.

"People certainly know what this is like," Fisher said. "It seems you are always in the wrong department or at the wrong

Fisher then went on to explain that Planning and Development is suggesting an overhaul of the Land Development Code, and recommended the county put out an RFP (Request for Proposal) to take on professional services to enact the overhaul.

"As the code stands now," he said, "it has been amended 18 times since 1999."

During his talk, County Planner Matt West put out a display of code books which, all together, exceeded two feet in

Fisher explained that the department has served more than 5,000 customers since February of this year, and he questioned how many may have gone away disappointed in their results, or unable to have their questions answered.

Now he is proposing all four divisions be in one location, rather than spread through the county facilities. Each clerk will either be able to answer questions, or call someone to that office who will have the correct answers. "We want to update our web site, so people can call us up at home, and by calling up certain information, find practically everything they want to know such as setback dimensions,
