TAMPA (UPI)—Democratic primary foe Claude E. Pepper and Sen. Spencer L. Holland worked both sides of the street here today in a vigorous bid for Hillsborough County's heavy industrial vote.

Pepper, who is in the city on a campaign to win the "hard sell" vote, cranked up his "hard sell" voice at a breakfast session, two hours before Holland arrived here from Barrow for a similar meeting with campaign advisers.

Pepper's handshaking itinerary carried him to each of Tampa's famed cigar and tobacco factories for face to face meetings with workers.

He topped his morning stump with a luncheon at Las Novedades Restaurant in the heart of predominantly Latin Tampa. City, then rushed to make a brief local television appearance.

Holland, in the hands of his Hillsborough County campaign managers, visited city officials and met with his supporters throughout the city before swinging back to Barrow late today to put finishing touches on a Wednesday night television talk.

Holland will deliver his TV talk on state radio (WFLA-TV) here at 8:30 p. m. The message will be telecast to nine major Florida cities and also will be beamed over a broad area by radio.

It will be the first of two major addresses by Holland this week.

## Local Congregation Plans To Attend Summer Confab

Jehovah's Witnesses from the local congregation today announced plans are under way to attend an international convention of Jehovah's Witnesses in New York City this summer.

Mr. R. N. Stafford, presiding minister of the local group, said the convention could well be the largest in the history of Jehovah's Witnesses. It is scheduled for July 27 through August 3 and will be held in Yankee Stadium and the Polo Grounds simultaneously.

The last international convention, attended by many Sanford Witnesses, was held in 1953 in Yankee Stadium and reached a peak attendance of 185,000 including the overflow audience.

The Watchtower Bible & Tract Society, governing agency for Jehovah's Witnesses, has been making special travel arrangements for foreign delegates. Many missionaries who have served in other lands will also be brought to the United States for the Bible convention. Purpose of the gathering is to provide stimulus for New World society of Jehovah's Witnesses in Christian association.

Bible institutes and ministerial training. This, Mr. Stafford said, is in accordance with provisions made for God's people in Bible days.

Mr. Stafford stated that it is not yet known how many Witnesses from the area will attend, but he added, special travel arrangements are being made (by plane, train, bus, etc.). He said further it may be necessary to make limited meeting arrangements or cancel local meetings altogether during convention time.

Zoologists estimate there are about 900 thousand species of animals, of which 675 thousand are insects.

## Floridians Urged To Get Polio Shots

By JAMES C. WARTERS United Press International JACKSONVILLE (UPI)—State health officials strongly urged Floridians to get their anti-polio Salk vaccine shots in the wake of a steadily rising polio toll.

Dr. J. O. Bond of the State Board of Health has disclosed that Florida has more cases of polio per 100,000 persons than any other state. He pointed out, however, that the peninsula state is also among the leaders with a high number of persons unimmunized with Salk vaccine.

Bond said Florida also leads the nation in polio increases this year with 108 compared with only 66 last year. One of the biggest reasons why Florida has had so many occurrences of polio this year is that it went into this season with about a million people unimmunized, he said.

He attributed part of Florida's polio increase to the fact that this is the year for a normal upswing in the polio rate to occur. He said another reason for Florida's high polio rate is that many of the cases listed so far as polio may turn out to be another, but very similar, virus infection.

Bond said, "you would expect the polio rate to go up this year normally if we had no vaccine because the disease goes in cycles." He noted that the biggest

## Lt. Jake L. Fleming Buried in Georgia

WAYCROSS, Ga.—With full military honors First Lieutenant Jake L. Fleming Jr., Moody Air Force Armyman, was buried here yesterday in the Georgia soil he loved while hundreds of mourners stood in silent tribute to the gallant pilot who lost his life in a plane crash.

An honor guard salute, military rites by Moody Air Force Chaplain, Maj. Raymond Horner, over the flag-draped casket and tape, played by an Airman comrade, made the final requiem for the beloved Waycrossan.

Earlier at funeral services at the First Methodist Church, Dr. A. Barnum Hawkes, Pastor, First Baptist Church, had described the 29-year-old Airman as a "hero who died in service."

He said further "His life is not spent in vain, the scope of his influence is beyond our ability to compute."

Lt. Fleming lost his life 11 days ago, July 10, in Oketoneke Swamp in a jet collision on a routine training flight from Moody Air Force Base.

Since the day Lt. Fleming was reported missing hundreds turned out in a search for the popular Waycross athlete.

Lt. Fleming was born Dec. 13, 1924 in Sanford, Fla. A resident

of Waycross, Ga., the family had lived in Valdosta, Ga. where the Airman attended elementary and high schools. He was a star of the football team of 1949 and 1950. He attended Vanderbilt U. and the U. of Georgia.

## Legion Committee Appointed For Fair Grounds, Building

Legionnaire Russell Spencer was elected second vice commander of the Campbell-Losing Post, American at a dinner meeting held last night at the Legion Hut.

Spencer fills the vacancy created by the resignation of Jesse Lodge.

By motion of the membership at last night's meeting, a new committee was authorized to be known as the "Legion Fair Building and Grounds Committee."

Members named to the committee were: George Mayberry, chairman; R. E. Johnson; J. Q. "Slim" Galloway; Denver Correll; and Robert Mahan.

The first meeting of the new committee will be held next Monday night, 7:30 p. m. at the Legion Hut.

It was reported by Galloway that the Legion Fair Grounds has been filled and graded since the last meeting and it is now ready for the Fair Building to be started as soon as plans have been provided and financial arrangements have been completed.

PROPOSED SEMINOLE COUNTY HEALTH CENTER

THE PROPOSED SEMINOLE COUNTY HEALTH CENTER sketch presented yesterday to the Board of Seminole County Commissioners. Cost of construction and furnishing the building was estimated at \$100,000. It contains approximately 20 rooms. Sanford Architect Hal Harris made the presentation. Location of the center was proposed for an area directly to the rear of the present Seminole County Court House.

Commission Approves Further Investigation Of Proposed Seminole County Health Center

A Seminole County Health Center was proposed at yesterday's meeting of the Board of Seminole County Commissioners. Dr. Terry Bird told the commissioners, before preliminary plans and sketches were presented, that "I have been working on these plans for a long time." Hal Harris, local architect, presented a sketch of a proposed Seminole County Health Center and a preliminary floor plan of the building and its offices. The 20-room center "could be built and equipped for \$100,000," Harris told the commissioners. "You need it you ought to put it on and get it," Dr. Bird said. The commissioners as they considered the plans submitted by Harris. Harris explained that the cost included construction and complete equipment including x-ray machines and office furniture. Commission Chairman John Krier stated "This is serious enough for the commission to take some action on." Commissioner Lawrence Swafford proposed that Chairman Krier proceed to see if money is available through the Hill-Burton Act and if Seminole County is eligible. The proposal was unanimously approved by the board of commissioners. Architect Harris provided forms through which additional information could be obtained on available money and other details concerning the federal share of the construction plus the fact that allowance would be made for property on which the center would be built. Harris proposed that the building be placed on county property immediately to the rear of the Seminole County Court House and across from the municipal parking lot.

REV. HERBERT W. GOERSS; becomes full time pastor at Lutheran Church of the Redeemer.

Installation For Lutheran Pastor Club Presents

Rev. Herbert W. Goerss will be installed Sunday, at special afternoon services, at the full-time pastor of the Lutheran Church of the Redeemer.

The installation service will take place at 3:30 p. m. in the church building, 103 West 25th Place.

The Rev. Goerss arrived in Sanford on July 14 with his family and has been preparing to take over here when Rev. Phillip Schlessmann goes to Eustis to become the full-time pastor of Faith Lutheran Church.

Rev. Fred W. Lorberg, president of the Florida-Georgia District, Lutheran Church-Missouri Synod, will be in Sanford for the installation service and will take part in the afternoon installation.

Rev. A. H. D. Bealaki, pastor of Trinity Lutheran Church, Orlando, will deliver the installation service sermon.

Rev. Phillip Schlessmann, who for five years has served as pastor of both the Lutheran Church of the Redeemer and Faith Lutheran Church will take the liturgy in the installation service.

Rev. Goerss came to Sanford from Springfield, Mass. where he was pastor of Trinity Lutheran Church for nine years. Earlier, Rev. Goerss had served as pastor of Lutheran Churches in Lockhaven, Pa. and Youngstown, N. Y.

Born in India, the son of Lutheran missionaries from New York state, Rev. Goerss was educated in a mission school in India and in North Tonawanda, N. Y. high school.

He attended Concordia College in Fort Wayne, Ind. and received his bachelor of divinity degree in 1940 from Concordia Theological Seminary in St. Louis, Mo. Among many church activities, Rev. Goerss was serving in Springfield, Mass., as Zone Advisor (Continued on Page Two)

Entry forms for the swim meet are available at the municipal swimming pool with the deadline set for 4 p. m. tomorrow afternoon.

The public is invited to both events performed by the youngsters of Sanford and sponsored by the Sanford Recreation Department.

Events in the swim meet are: For 10 and under group: 25-yard freestyle; 25-yard backstroke; 25-yard breaststroke; 25-yard butterfly; 200-yard medley relay.

For 11 and 12 year olds: 50-yard freestyle; 50-yard backstroke; 50-yard breaststroke; 50-yard butterfly; 200-yard medley relay.

For 13 and 14 year olds: 50-yard freestyle; 100-yard freestyle; 100-yard backstroke; 100-yard breaststroke; 100-yard butterfly; and 200-yard individual medley relay.

For 15 and 16 year olds: 50-yard freestyle; 100-yard freestyle; 100-yard backstroke; 100-yard breaststroke; 100-yard butterfly; and 200-yard individual medley relay.

Each contestant is limited to three entries.

Local Architect Makes Statement Concerning Fees

Subsequent to yesterday's meeting in regard to the proposed Seminole County Court House and Jail Facilities, and considering that so much discussion centered around architect's fees, the paper will do the same and specifications if they are approved. "We appreciate the interest of the paper in requesting a statement from us in order that certain misconceptions apparent in yesterday's public meeting can be cleared up."

"The first and foremost item seems to be that many persons were under the impression the County Commission had intended to plan a contract with this office in the amount of approximately \$17,000 for plans and specifications. Such is not the case. The contract as proposed to the Commission called for the standard 6 per cent architect's fee of which 1.5 per cent is for preliminary plans, specifications, and estimates, and 4.5 per cent is applicable if complete plans and specifications to secure construction bids were drawn."

"All of these percentages are based upon what the building costs, the cost of the building is determined by the site of structure and budget therefore as approved by the County Commission after preliminary plans are completed. The \$17,000 figure quoted was a result of one Commissioner's asking the architect what his fee would be under this contract. The complete plans and specifications were drawn and the building, as finally approved by the Commission, costs \$1,500,000."

"The point to be made here is that the Commission has complete control of what size structure will be built and the amount of money to be expended for the structure. The proposed contract also provides that the Commission can terminate the architect's services at any stage of work it so desires."

"Another point brought out in the above-referred to meeting was that the Commission should secure an architect who would furnish them preliminary plans and renderings for nothing on the hope that they might get the job. In this light, we should like to point out that there is no criterion at this time to establish what size court house is needed if a new one is to be built."

"In order for any architect to furnish the Commission preliminary plans and renderings of their proposed building it would take months of detailed study merely to arrive at the square footage needed and the number and arrangement of offices, etc. Such work calls for the expenditure of large sums of money on the part of the planner and no legitimate Architect will furnish services of such magnitude free to anyone."

Holland-Pepper Step Up Campaign Tempo

TAMPA (UPI)— The Holland-Pepper campaign for the Democratic senatorial nomination built up its promised heat today as both candidates squared off in an all-out drive for votes. Sen. Spessard L. Holland, seeking his third six-year term in Washington, makes his first major statewide address of the campaign tonight on a television-radio hookup of nine large cities. He opened with a visit to Tarpon Springs, then planned to hit Palm Harbor, Dunedin, Clearwater, Largo, the Gulf Beaches and Windup at St. Petersburg. Receptions were planned at Clearwater and St. Petersburg. Both Loose Salvo Both candidates struck major blows against each other here Tuesday. Holland got in the first blast. He accused Pepper, during his 14 years in the Senate, of selling himself with forces that would break down "Southern tradition." Pepper, Holland charged, voted for the Dixie hated Fair Employment Practice Commission (FEPC) proposal and opposed Marshall Plan aid to save Greece and Turkey from Communism. He said Pepper proposed instead to spend "25 billion dollars through the United Nations in aid to all countries, including the Russian satellites."

Holland said he considered it "inconceivable" that Florida voters will return Pepper to Washington on the basis of Pepper's 14-year record in the Senate. Foresees No Tax Cut Holland said in an interview that he could foresee no tax cut this year despite Pepper's claim Pepper would vote for one. "Nothing would make us happier than the chance to vote a tax cut in an election year," Holland said, "but the cost burden of meeting military, domestic and foreign obligations overrule a general tax cut at this time." Pepper boomed more barbs at his white-haired opponent during a news conference here after Holland returned to Tarpon. "In view of my opponent's Republican voting record," Pepper said, "it would have been better if he had been absent more often himself." Saying it is time for a new administration in Washington, Pepper attacked a Republican foreign and domestic policies for overlooking the needs of "the little people."

Loans, Not Giveaways Pepper said he particularly wants to install "a lasting and effective program of mutual assistance" for Latin America. If elected, he said he would urge Latin America to "meet the people." He suggested aid in the form of long term loans to Latin American nations, "not as a giveaway, but as a sound investment." "We must make it clear the policies we adopt are for the people and not for the cliques and oligarchies," he said. "Our motive cannot be political, but must be those of a good neighbor." Pepper said Holland had taken a hand in two or three Latin American projects but added "he has never come to grips with the problems that must be met to work out a lasting solution." Pepper said he supported the FEPC program "purely as a wartime measure." He opposed the aid to Greece and Turkey as a military mission. Pepper said the U. S. should "avoid unilateral action" and channel its aid through the United Nations. Holland defended his voting record and his support of the Democratic Party. But he said he was no "rubber stamp senator."

Two automobiles, reported to be drag racing on West First St. two miles west of Sanford on State Road 46, ended up in a three-car collision shortly before 4:30 yesterday afternoon.

Taken to Seminole Memorial Hospital were Henry Cecil Lee, 19, of Rt. 1, Box 169, Sanford, driver of one of the cars reported racing and Ralph W. Hartman, 22, operator of a Sanford Herald route.

Lee is said to have a bad head injury and lacerations of both shoulders. Hartman was not injured according to x-rays and examinations.

A number of witnesses are reported to have seen the racing cars traveling west in both lanes of the highway. One witness said "They were traveling at a high rate of speed estimated to be over 75-miles-per-hour."

The accident occurred in a 40-mile-an-hour zone, said Florida Highway Patrolman J. L. Sikes who investigated the accident.

Lee, driving a 1954 Buick sedan, went to the left of Hartman's panel truck which moments before had backed into the highway after delivering a paper, and struck the left front fender. Lee's car ricocheted to the left into a ditch, skidded and turned over possibly end over end and then rolled for a distance of 250 feet from the point of impact before stopping.

Robert E. Burns, 24, a Navy man of 3515 Orlando Drive, operating a 1956 Chevrolet went to the right of Hartman's panel truck and into the ditch for a distance of 144 feet before smashing sideways into a telephone pole.

Patrolman Sikes said that the Buick automobile was a total loss with damage estimated at \$1,200. Damage to the Chevrolet was estimated at \$700. Hartman's 1947 Ford panel truck was a total loss, he said.

Burns was lodged in the Seminole County jail on a charge of reckless driving willful and wanton, said Patrolman Sikes. Lee will be charged with reckless driving willful and wanton, he said.

Witnesses to the accident, and to the drag racing, said that Burns and Lee started racing at the city limits.

Assisting Patrolman Sikes in the investigation were Sheriff J. S. Hobby, Constable J. Q. "Slim" Galloway, and Deputy Sheriff Marion Dreggers.

DR. JOHN H. THURMOND new Seminole County Health Doctor.

Dr. J. H. Thurmond Appointed County Health Doctor

A new County Health Doctor for Seminole County was employed yesterday following the "acceptance with regret" of the resignation of Dr. Terry Bird.

Dr. Bird terminates his duties here on August 1, he said, and the new doctor will take over immediately.

Following the interview of two applicants for the position of County Health Doctor, the Board of Seminole County Commissioners selected Dr. John H. Thurmond, Dr. Thurmond, 32, of Palm Beach, Fla., is married and has one child. His wife accompanied him to the meeting and interview.

The new doctor will return to Sanford to take up his duties on August 1.

The appointment of Dr. Thurmond will be approved by the State Board of Health. Both applicants were introduced to the board of commissioners by Dr. Terry Bird.

Important Jaycee Meeting Tomorrow

The Sanford-Seminole County Jaycee Chamber of Commerce will hold what has been termed "an important business meeting" tomorrow at the Sanford Civic Center.

The luncheon meeting will be geared over to business of the organization to discuss the club's summer projects.

A meeting of the Jaycee School Bond Issue Committee will be held tonight at 8 p. m. at the Jaycee Booth in order to discuss important plans for the public meeting scheduled to be held on July 28 at the Sanford Civic Center.

Jaycees are also announcing that the Fourth District Fall Caucus will be held in Sanford in late October. This is the first caucus that has been held in Sanford in 2 1/2 years, according to the Jaycee Journal.

Children from the ages of 3 to 15 are invited to attend. The day's program will consist of an opening worship service, Bible lesson, memory gems, singing, recreation, refreshments, and handicraft. A closing program and exhibit of work done is planned for Friday evening August 8. Transportation to and from the school will be provided by bus.

ACL Employee Killed Operating Tractor

An Atlantic Coast Line Railroad employee, operating a tractor along the ACL right-of-way near Little Soldier Creek, was killed yesterday when the tractor crushed him to death as it turned over.

James Wesley, 55-year-old Negro, of 1914 Holly Ave., was apparently killed when his tractor turned up-side down landing on the man's body. He was mowing an embankment when the big machine capsize and went into a ditch on top of its operator.

Location of the accident was approximately a half mile west of Sanford Ave. along the ACL right-of-way.

A spokesman for the Seminole County Sheriff's Department said the man had apparently been dead several hours.

Wesley, said the spokesman, was assigned to the mowing job and was in report to the Section Foreman at Sanford Ave. When he did not report at 3:30, the foreman became concerned and started to search. He was found about 4:30 under the tractor.

Employees of Dr. C. W. Baker, dairyman, transported the coroner, Judge Wilson Alexander, and coroner Jerry, in a pickup truck through pastures to within 150 yards of the scene of the accident.

The coroner's jury which viewed the body and scene of the accident were: T. V. Brown, foreman, R. P. Goodspeed, Robert Nichols, John Higgins, Buford Carroll, and Leon Swain Jr. No verdict was returned by the jury.

Longwood Wins Babe Ruth Series

The Oviedo Babe Ruth baseball league lost the championship to Longwood Monday by a score of 14 to 8.

Coach Mikler said the game became quite thrilling in the sixth inning when Jerry Utrey knocked a homerun with Johnny Mogus on base. Mikler said it "was a really hard-hit ball."

The homerun put Oviedo out in front but the lead did not last. Oviedo had 8 runs, 8 errors and 7 hits. Longwood had 14 runs, 5 errors and 7 hits. Krascot and Hitchcock were batteries for Longwood; Courier and Olliff for Oviedo.

Coach Mikler said today that the All Stars team of the South Seminole League, composed of Longwood and Oviedo players, are playing in Leesburg today.

Recreation Group Goes Into Final Week Of Activities

With 140 youngsters of the playground program on hand to cheer their teammates, the Sanford Recreation Department staged a Water Carnival yesterday at the municipal swimming pool.

Fort Mellon Park came out on top as the winner in team points, but all playgrounds produced winners for the event.

In the participating group of youngsters under nine years old the Dog Paddle race went to David Richards and Wayne Scott of the Fort Mellon Park playground. The Spoon and Egg Relay race was won by Fort Mellon Park youngsters Wayne Scott, Mitch Meltzer, Raymond Pivic and Paul Pivic.

In the Underwater Swim event, David Richards was named the winner. Paul and Raymond Pivic of Fort Mellon Park were the winners in the Hammock race. Terry Hirlman of Pinecrest School playground was the winner of the Clown Diving event. Mitch Meltzer, David Richards, Paul and Raymond Pivic emerged as winners of the Ping Pong relay and Jannie Hensley won the Tub Race.

In the over nine years old group, Cliff Benedict, Leslie Carlin, Tommie King and Bonnie Alfred own the Handicap Race. Dan Clemens, Robert Nilmas, Wayne Clemens and Buddy Burton came out ahead in the Spoon and Egg relay. Invi Scott was the winner of the Underwater Swim. Freddy Meltzer and Sandy Richards were winners of the Fan Race.

In other events for the group Sandy Richards won the Clown diving. Kenneth Black, Cliff Benedict, Donnie Sipes and Ross Alken won the Ping Pong relay. And Terry Gerald, Helen Mann, Kenney Hopkins and Donna Ashby were winners of the Inner Tube relay.

The citywide summer recreation program enters its final week of activities with a playground finale of various activities starting next Monday.

A tennis tournament will be staged; golf tournament takes place on July 29, a bowling tournament on July 29 and a natchery tournament on July 25.

There will be a water skiing show at 10 a. m. Wednesday, a horseback riding show at 2 p. m. Wednesday, a gym show on Wednesday, a music show at the Youth Wing of the Sanford Civic Center and an arts and crafts show staged on one evening.

One more point which should be made clear is that the Commission and the architect had agreed, even though it was not specifically made a matter of record, that in compiling the study of needs for the Court House, such study would include the needs of all agencies housed in the County whether presently in the County House or not.

## Altamonte Council Studies Street Bids Last Night

By Lucy Cady

ALTAMONTE SPRING—Town councilmen studied bids for the improvement of five streets at the special meeting held last night at the Town Hall. All bids were carefully considered, and it was decided to accept the bid of the Seminole Engineering and Construction Co. of Sanford, with certain provisions added to the guarantee they will provide for workmanship.

This bid, plus the necessary advertising fees and legal fees, will be made public as soon as the total is tabulated. The public will then have ample time to judge whether they have any objection for the work to be done. Upon publication of the bid there will be ample time, for all interested, to give it complete study.

Further discussion took place regarding the new subdivision planned for the south east portion of Altamonte by the Semons and Langford Co. New zoning laws, just recently put into effect, were upheld and Mr. Semons agreed to abide by them. The council voted down any variance in the side lot-line restrictions, believing that the general well-being of residents is best served by having as much space as is reasonably possible between homes.

It was agreed to ask for bids for a system of air conditioning for the Town Hall. Five bids will be sought before any decision is made as to how extensive this work will be.

A special meeting will be held the night of July 30 to discuss the budget, only for the next year. It was hoped that this matter could have been done last night, but due to other unexpected business time did not permit. It was understood that no action will be taken at the July 30 meeting. It is primarily a preview of things to come.

## Pilot Club Meet Held At Lake Mary

Stizzling charcoal broiled steaks were the order of the day when the Pilot Club held its regular meeting at the home of Mrs. Raymond M. Ball, at Lake Mary, yesterday. Each Pilot brought her own steak and it was her responsibility to cook it. The hostess furnished the trimmings.

After the outdoor supper, Mrs. Carolyn Higgins talked to the Club about the work she hopes to do for the USO. Mrs. Higgins, staff aide, asked for the continued cooperation of the Club and plead for Junior hostesses on Wednesday, Friday and Sunday night.

The three Seminole County representatives to Gilh's State, Tallahassee, told of their experiences at the Convention and why they thought the project was so worthwhile. The three representatives were Peggy Westgate, Lynda Yeackle and Audrey Bolger. In their talks the girls brought out the fact the governor was interested in forming a Youth Advisory Council from Gilh's and Boys State Ball, first vice president of the youth or FF rollad adolescent youth of Florida.

The next meeting of the Sanford Pilot Club will be held during August at the home of Mrs. Letha Fowler, Lake Mary.

The short business meeting was presided over by Mrs. Raymond Ball, first vice president of the club in the absence of the president, Mrs. Walter Carter.

## Hobo Party Set For Recreation Group

The Sanford Recreation Department is staging a "Hobo Party" still! The Sanford Recreation Department is staging a "Hobo Party" still! The Sanford Recreation Department is staging a "Hobo Party" still!

The event will get underway at 7:30 with youngsters dressed as hobos competing for a prize for the "best dressed" hobo.

Games and dancing will make up the entertainment for the evening with the program under the direction of Miss Judy Benedict.

# Koreans Say Reds Shift Spy Tactics

By SAMUEL KIM  
United Press International

SEOUL (UPI) — North Korean Communists have changed their espionage tactics against South Korea, from the so-called "gentleman-spy" method to more subversive activities, according to national police authorities.

This switch was brought to light after a Communist espionage agent stabbed an ROE police detective to death in Seoul when the detective attempted to arrest him. Police later arrested 31-year-old Pak Sul Won, who is believed to have been sent south recently as a spy under the new Communist campaign.

Immediately following the incident, police stepped up their anti-spy surveillance and planned a special mobile anti-surveillance force.

President Syngman Rhee meanwhile called on the people to cooperate with police in countering intensified Communist espionage. Home Minister Lee Kwon Jik reported at a cabinet meeting that objectives of Communist espionage in South Korea have apparently changed from "propaganda offensive for peaceful unification to the destruction of political and economic order in the Republic of Korea." He said the Communists are now sending armed spies south.

Association Plans  
Police officials said they had obtained information that the Communists have been conducting special espionage training for a battalion of agents for the past six months. Training included use of knives, pistols and automobiles. They said some of these spies already have been sent here and about 10 of them have been arrested.

Almost all of the arrested spies carried Russian-made pistols and were to carry out various subversive activities, including assassination of South Korean leaders, police said.

A secret document found hidden in the casing of a knife Pak Sul Won left at the scene of the

stabbing showed that Pak was under instructions to assassinate 18 leading South Korean political and government leaders, according to police.

Police intelligence officials said the switch in the Communist espionage tactics came as a result of failure of the "gentleman-spy" method aimed at quietly infiltrating into various fields of South Korea and spreading covert propaganda for the so-called peaceful unification of Korea.

**Actor Praises Maturity, Truth of U. S. Films**

**JAMES L. HILGALLEN**  
United Press International  
HOLLYWOOD (UPI) — Motion pictures in America have matured in the opinion of Glenn Ford, a top box office draw in the movies and one of the most versatile actors in the business.

He told United Press International American movie producers "are not afraid to face a social problem," and he expressed the opinion that as long as pictures depict the truth they should not be criticized.

Ford therefore sees no harm in Westerns or, for that matter, jazz or rock 'n' roll pictures.

Having completed 64 pictures since becoming a movie star in 1939, Ford, who is a young-looking 40 years old, is qualified to discuss the subject.

"How can you criticize the truth?" he asked. "We in America are no afraid of controversy or afraid to bring out a social problem before the eyes of the world."

"In Russia it's different. Russia has no freedom of expression. Its cinema is not free. Russian pictures I have seen are angled to contain a slanted message. They've got to sell Communism and that interferes with the picture."

Who one wants to see a picture when the guy is in love with a woman?

"Westerns and jazz are 'a part of Americana,'" he declared in refuting the suggestion that certain pictures might have an effect on contributing to juvenile delinquency.

"The Westerns portray one of the most colorful and exciting periods of our country," said Ford. "I don't think you can criticize a good Western."

"It's like criticizing folk music, or jazz. And jazz is part of the cultural background of the country. I'm fond of jazz."

"When I did 'Blackboard Jungle' in 1954, it started the rock 'n' roll business. The picture made a lot of money and a flock of similar pictures followed. But that picture was telling the truth and when I say truth it is an understatement. We were not painting a false picture."

"Actors are privileged to live many lives in a lifetime," Ford said. "You must absorb the part you play. If you play a doctor you should learn something about medicine; if you play a lawyer you study courtroom procedure—"

and so on.

"I think producers, directors and actors in these days must have integrity and a drive for the truth."

Ford is a pleasant, personable fellow, 6 feet 1. 165 pounds. Now fellow contract to MGM, he has appeared in an unprecedented series of hit pictures among them "The Technique of the August Moon," "Don't Go Near the Water," "Cowboy," "Imitation General," and now "Torpedo Man," his latest.

He was born in Quebec, the son of Newton Ford, a railroad executive, manufacturer and mill owner. He is a nephew of Sir John Macdonald, former Prime Minister of Canada. He was educated in Santa Monica, Calif.

Ford's wife is Eleanor Powell, formerly one of the screen's outstanding dancing stars. She reigned at the peak of her career to devote herself to her home, her husband and their son Peter, now 13.

The Fords live in Beverly Hills, where the actor devotes a lot of his time to civic affairs. He and Mrs. Ford were active in helping the local chapter raise \$25,000 for the National Home for Asthmatic Children in Denver.

## Men's Mayfair Golf Association To Stage Month - Long Tourney

### Today's Sports Parade

HAVERTOWN, Pa. (UPI)—Tommy Bolt walks a temperamental eight year old because of a golf course built by 500 pounds of meat and the breaking of a new club fashioned from a tank's boiler.

There are other ingredients which contribute to Tommy's reputation as a "Thunder" Bolt. They are two five gallon oil cans which were filled with golf balls, a dozen and a half number 10 tennis rackets and the partitioning of a herd of Italian fairway enthusiasts.

All of them were concerned in the branding of Bolt as "terrible temper" Tommy.

The story of Bolt's tribulations started when Dugan Aycock, golf professional at the Langston Country Club in North Carolina, swapped his clubs for khalil and shipped out as sergeant in the 7th Army. Aycock managed to crowd five sets of golf clubs into the duffie and packed 400 golf balls into the picnic pail.

Then came the day when a comb of peace reigned in Conabance and Aycock set about building a golf course even though he had nothing to do with Special Services. Dugan laid out highways and, paying the Arab shavers off in sugar, used 500 pounds in getting his fairways mowed by hand. The tomato cans from the mess shack were used for cups and sand greens were dressed up with motor oil and ground cork.

The course was such a smashing success that when Aycock's outfit finally moved on to Rome, he was given permission to build another course. The greens were there, this time, but the fairways had grown wild. Equipment was getting scarce, too.

"We finally got the course into some kind of shape," he recalls, "and had a windfall when we found 500 putter heads in a bombed out building near the course. But we had a maintenance outfit which could do anything and it fashioned shafts out of tank radio antennas."

Tommy Bolt is a young GI named Tommy Bolt who was awaiting replacement with an infantry outfit.

"We also let in a few of the top Italian players," Aycock recalls. "One of these was a fellow named Ugo Grassopoli. Naturally the Italians wanted him to win the tournament and they were as excited as chickens with a wasel in the henhouse when it looked like he would. So, when Bolt began to close in on Ugo, they began to give Tommy all the hecking they could."

Bolt blew his stack. On one green he snapped one of those precious putter shafts made out of a tank antenna.

A writer with Stars and Stripes saw him do it and "Thunder" Bolt was born. When Tommy marched home it was his misfortune to play in a tournament covered by the same writer, now back on the home front sports beat. "Thunder" hit the headlines to stay and people have been heckling him to explode and "throw it" ever since.

"Tommy's temperament made it easy for him to oblige them," Aycock says.

Now he'll have to control himself, however, for he is under indefinite probation for "conduct detrimental to the game."

"If he's smart and controls himself, he'll be one of the most popular players since Walter Hoge," says Aycock. "But he proved to me when we were in service, and I gave him what for because he broke that precious

### Resignation Maybe Caused By League President Harridge

WASHINGTON (UPI)—The resignation of C. Leo Deorsey as a director of the Washington Senators apparently was prompted by a warning from American League President Will Harridge that baseball's most outspoken individual be silenced or fired.

Deorsey, one of baseball Commissioner Ford Frick's severest critics, tendered his resignation in a letter to Calvin Griffith, the Senators' president, July 11 but Griffith withheld the announcement until Monday.

Meanwhile, United Press International learned that Harridge sent Griffith a telegram last April accusing Deorsey of an "unwarranted and unjustified" attack on Frick and demanding that Deorsey cease or desist.

Deorsey, confirming that Harridge had sent such a warning, denied any suggestion that he had quit under pressure or was fired.

Both Frick and Harridge, when informed of Deorsey's resignation, declined comment.

"I have never met Mr. Deorsey and don't care to comment on his resignation," said Frick.

"He's retired and I'd just as soon leave it at that," added Harridge.

Deorsey accused Frick of "unwarranted meddling" in the Washington club's internal affairs last May. At about the same time, he charged that baseball is being "murdered" by the big leagues; that unless Congress acts quickly, "the greed and public-damaged attitude of a few club owners and officials will destroy" baseball.

As a parting shot, Deorsey Monday assailed the house passed bill to exempt professional sports from anti-trust regulations as "a private bill to the benefit of 16 big league club owners." The bill is pending before a Senate antitrust subcommittee.

### Two New Entries For Famous Labor Day NASCAR Race

DARLINGTON, S. C.—Buck Baker, Spartanburg; Johnny Macklin, Delta, Pa.; Bill Rafter, Niagara Falls, N. Y. and George Dunn Raleigh, N. C. are the latest to sign for the Labor Day Southern 500-mile stock car race at Darlington Raceway.

For the 36-year-old Baker it will be his ninth try for the pot of gold. The national champion won in 1949 and as fifth last year in a Chevrolet. Baker also won the national title in 1950, making him the only driver in history to cop the crown twice in succession. He will drive a Chevrolet.

Macklin made his first appearance at Darlington last year and won a loyal following by finishing a stout eighth. The Pennsylvania driver will drive a Mercury, as will Dunn.

The Raleigh star has never driven at Darlington and must pass a drivers test prior to qualifications. Rafter, too, will be making his bow in 500 competition but passed his test this spring before the Rebel 300 convertible race at Darlington. Rafter will join Ford forces for the 500.

The popular Baker is the third driver to enter the Labor Day contest who has started in all eight previous Southern 500s. The others, Fireball Roberts and Lee Petty have already entered, leaving only Curtis Turner and Jim Paschal unreported. Turner had signified an entry of a Ford Thunderbird sports car but was turned down by NASCAR officials Saturday.

### Promoter Proposes To Stage A Return Bout For Monday Fight

NEW YORK (UPI)—Promoter Teddy Brenner said today he would like to stage a return of Monday night's wild, rough-house fight in which referee Teddy Martin was pummeled.

Martin was banged around by two angry New York welterweights, Billy Flaminio and Eddie Lynch, when he tried to break them out of a clinch in the seventh round of their TV 10-rounder at St. Nicholas Arena.

Stubby Flaminio, weighing 167½ pounds to Lynch's 160, won the unanimous decision after a fight so rough that it threatened at times to provoke a riot among the 1,800 fans.

Each boxer was warned repeatedly for rough tactics by the referee who penalized Lynch the sixth round on a foul for holding and Flaminio the eighth on a foul.

The peak of excitement came in the seventh when husky Martin tried to break them from a clinch in a corner. Both were so angry at each other that they kept punching for about 30 seconds, with Martin in the middle — before the bell rang to end the round.

"They didn't hurt me any," said Martin. "They lost their heads—particularly Lynch."

"I lost my head because Martin kept shovin' me and threatenin' to hit me," explained Lynch, a West Side warehouse worker.

"I didn't threaten to hit him," Martin defended. "When he kept punchin' I just told him to cut it out because I'm a pretty good boxer myself."

### Swimming Classes For Intermediates Ended Last Week

Swimming classes for intermediate and swimmers ended last week with 23 completing the course. Thursday evening a Senior Life Saving class was completed and a Junior Life Saving class started. Up to this date over 100 have passed Red Cross requirements in the different swimming skill courses held at the Municipal Pool under the sponsorship of the Sanford Recreation Department and the Seminole Chapter of the American Red Cross.

Classes of instruction have been held for children and adults, beginners and Senior Life Savers with a total enrollment of over 300. A program of instruction is being held at Goldboro Pool and over 500 are currently taking lessons in the beginners course of instruction. Harold Smith, Swimming Pool Manager, a qualified water safety instructor, is conducting these lessons each morning.

The Sanford Recreation Department has organized a swimming team which competed Thursday in a practice swim meet at Eustis, in preparation for entering the District Junior Olympic Eliminations at Eustis, July 24, 25, and 26.

The local group has organized a swim club and will be a member of the Florida A.A.U. The club will be known as the Seminole Swim Association and has 31 charter members. All interested swimmers are welcome to join the

club at its practice session thru Friday at 12:30 at the Sanford Municipal Pool.

### Player Of The Day

MILWAUKEE, Wis. (UPI)—Night-hander Bob Buhl of the Milwaukee Braves figures he will know within seven to 10 days whether the pain in his pitching shoulder has disappeared and he again can take his place on the mound for the world champions.

But the tall, well-built hurler who will be 30 years old next month makes it clear he'll take all the time he needs to try and return to form without undergoing surgery because of the possible consequences to his career.

Buhl threw Monday night for the first time in a month. The pitcher was easy to catch, a catch that Buhl said his arm "felt pretty good" after the short exercise.

However, the Saginaw, Mich., hurler, whose last ball won him 18 games both in 1950 and 1951, said he can't be too encouraged until he throws full speed. He'll increase the tempo of his pitching until he reaches the maximum within seven to 10 days.

"Only then will I know whether my arm is okay," said Buhl, who has been on the disabled list 30 days with bicipital tendonitis, a muscle injury which first bothered him late last season.

"I'm not anxious to have them put a knife in my shoulder," said Buhl. A Philadelphia orthopedic surgeon has told Buhl he'll have to undergo an operation if the pain in his shoulder persists. Such an operation, according to several doctors, might impair pitching effectiveness.

...CESS VISIT HOSPITAL—Princess Margaret of Great Britain being escorted by Major J. A. McKinnon during visit to the veterans' hospital at Victoria, British Columbia. At bottom, a youngster took no chances on missing the Princess, shown leaving the hospital. He brought his lunch along and was prepared to stay all day for a glimpse of Meg, who walks with the hospital's director.

### Oviedo News

**By Marion Jones**

**OVIEDO**—Three of the members of the M.P.F. of the First Methodist Church, accompanied by Mrs. Madeline Lattrell and Lucille Brown, enjoyed a beach party at New Smyrna Beach Saturday. Mr. and Mrs. Joe Falreth are home after a nice vacation trip to Mississippi and other points of interest.

Mrs. Geneva Abell and son, Willie, took advantage of being off duty by taking off for Gainesville, where they visited Mr. and Mrs. Edwin Abell and son, Scott; continuing on from there they went to Polkton, Ga. to visit with Mrs. Abell's brother, Woodrow Buchanan.

Short Olliff's smile will greet you now at Roy Albert's Red and White. He is working in place of Albert Myers, who is off first enjoying a trip to New Smyrna Beach, where his parents, Mr. and Mrs. A. A. Myers, have been vacationing, then on to Camp Palmetto via Camp La-no-che Sunday.

Ann Reynolds is back on the job in the Oviedo Drug Store, but Miss Fleming is off for this week. It did not look right to see Elsie "on the outside looking in" (sitting down to be waited on) this morning.

Mr. and Mrs. A. M. Jones enjoyed the company of their uncle and aunt, Mr. and Mrs. Bill Mitchell this past week.

Oh, by the way, Ladies! Hold on to your beauty treatments good. Lots, our beautician, is on vacation—a well deserved one. She tells us that their plans have been changed to include a complete

### Daredevil Pilot Corrigan Is Now Citrus Rancher

**By JACK DUBROW**  
United Press International  
SANTA ANA, Calif. (UPI)—Twenty years ago, a grinning, red-haired young Irishman climbed aboard a dilapidated old monoplane at Floyd Bennett Field in Brooklyn and announced his destination as California.

Twenty-eight hours and 18 minutes later, the same Irishman, wearing the same grin, landed his antiquated craft at Maldonnell in Dublin, Ireland, and inquired of astounded officials:

"Is this Los Angeles?"

Thus was born the legend of Douglas Wrong Way Corrigan—a legend whose most tantalizing aspect has never been explained to complete satisfaction, namely: Which way did Corrigan mean to go?

The daredevil pilot, now 61 and a citrus rancher here, has maintained for two decades that he really aimed for Los Angeles. But he adds with his impish grin:

"That's my story. I've been telling it so long I'm beginning to believe it."

**Red Compass Wrong**

To historians, this statement is something of a major concession, because at the time of his achievement, Corrigan said:

"I set that compass wrong or I would have got to California. Honest, I meant to go there. It was just dumb luck that I got to Dublin."

Life to Corrigan is a good deal quieter now than in the tumultu-

August Proclaimed Boy's Ranch Month

The month of August has been proclaimed "Florida Sheriff's Boys Ranch Month" said Sheriff J. L. Hobby yesterday. Sheriff Hobby pointed out that Gov. LeRoy Collins set aside the month to focus the entire state's attention on the ground breaking ceremonies on Aug. 1 at the Florida Sheriff's Boys Ranch near Live Oak and the month-long "Build The Ranch" campaign which is to be launched by the Florida Sheriff's Association. The association, said Sheriff Hobby, will attempt to raise funds for completion of a \$250,000 building program. The Governor has urged all citizens to support the sheriffs in their efforts to help needy and neglected boys, said Hobby. "Up until this time," said Sheriff Hobby, "I have received assistance from just one local citizen in certificates for our Boys Ranch."

FASRON 51 Wins Traffic Safety Award For June

Capt. J. D. Ramage, USN, Commander Heavy Attack Wing One, presented the "John H. Bear Memorial Plaque" for the month of June to Fleet Aircraft Service Squadron Fifty One on Tuesday, July 22. This safety award is presented monthly to a Squadron based at NAS, Sanford, which presents the best traffic safety record. The John H. Bear Memorial Plaque is named in memory of CDR John H. Bear. The plaque is retained by the squadron having the best monthly record until it is received by another squadron presenting a better traffic safety record for the succeeding monthly period. CDR H. A. Pahl, USN, Commanding Officer of FASRON-51 received the award in behalf of the squadron.

Farmers' Market Gets Restaurant

TALLAHASSEE (UPI)—The Agriculture Marketing Board today authorized more than 100 thousand dollars in construction and maintenance projects at 17 of the state's farmer's markets. The greater part of that amount, \$29,350, will be spent on new construction at Arcadia, Jay, Fort Pierce, Sanford, Palatka, Fort Myers, and Florida City. The rest, \$38,810, will be spent for maintenance at 13 markets, including some of those where new construction will soon be started. Consisting of the governor, agriculture commissioner and the state marketing commissioner, the board authorized Director L. H. Lewis to advertise for bids on the new projects. Among the new construction projects will be a \$18,500 unit, less livestock pens, at Arcadia; an addition to the Jay unit, costing the same as the Arcadia building; a \$26,800 building at Fort Pierce and a restaurant at Sanford, to cost some \$22,000.

Confidential Plans For Bolita Racket Crackdown Studied

Representatives of Gov. LeRoy Collins yesterday told some 35 sheriffs and law enforcement officers, including Sheriff J. L. Hobby, Deputy Sheriff James Singleary and Sanford Police Lieutenant Jack Hickson, confidential plans for cracking down on Florida's giant bolita racket. The meeting, held in Orlando, was the second of a statewide series of information swapping conferences on the gambling problem.

Capt. S. D. Brown At SNAS Recently For Conference

Captain Samuel D. Brown, Assistant Chief of Staff for Readiness, on the staff of Vice Admiral W. L. Rees, Commander Naval Air Force, U. S. Atlantic Fleet, arrived from Fleet Headquarters at Norfolk, Va. for a conference at the Sanford Naval Air Station. The purpose of his visit was a conference with Captain James Ramage, Commander of Heavy Attack Wing One at Sanford. Navy authorities termed Captain Brown's arrival as a routine visit. Immediately after the conference Captain Brown departed for the Naval Air Station at Key West.

Leslie T. Bryan Appointed FHA Committeeman

Leslie T. Bryan, of Altamonte Springs, has been appointed as a member of the Seminole County Farmers Home Administration committee. Curtis J. Green, the agency's supervisor, announced this week. The other two members serving with Bryan are William P. Chapman and William G. Kilber. Bryan succeeds Henry Schumacher Jr. whose 3-year term expired this year.

Longwood Jaycee Directors Visit Sanford Meeting

LONGWOOD—The directors of the Longwood Jaycees visited the Sanford Jaycees directors meeting Tuesday night, when the Sanford Jaycees met in the president's office. Several suggestions have been made for projects to be worked on in the ensuing year. The Ways and Means Committee, under the chairman, Tyrus Hicks, will examine these suggested projects for possible use. The Longwood Jaycee Directors meet in the Longwood Park the first and third Tuesday evenings. The regular membership meeting is held the second Tuesday night, also in the Park, weather permitting. There are 40 members of the Jaycees, but it is expected that this number will be more than doubled at the close of the membership drive now underway. Dick Zartman is chairman of the membership committee, ably assisted by Carlton Troner, Co-Chairman. Studying county-wide methods of conducting business, and ways of putting over selected projects were: Fred Eriavon, president; Kirby Sutton, 1st. vice pres.; Tyrus Hicks, 2nd vice pres.; Eugene Grant, secretary; Bill Laibree, treasurer; Dick Zartman and Carlton Troner, publicity and membership chairman.

Ike, Dulles At Work On Reply To Khrushchev's Summit Meet

WASHINGTON (UPI)—The United States today began drafting for submission to its allies a proposed note to Nikita Khrushchev on an East-West summit conference. White House Press Secretary James C. Hagerty said President Eisenhower and Secretary of State John Foster Dulles were at work on a reply to the Soviet Premier's conditional agreement to meet with the West at the United Nations in New York. Hagerty would give no hint as to the draft's contents. He said he did not expect "any immediate answer" to Khrushchev because this country intends to consult its allies, principally Britain and France, before dispatching a message to the Kremlin. The general belief here was that a summit meeting will be held but that issues of participation, timing, and subject matter remain to be settled. It appeared that Khrushchev's proposal that the meeting start Monday was out. Both in London and Washington the belief was that all the necessary arrangements could not be made by then. Developments elsewhere: London—Britain welcomed Khrushchev's acceptance, but said Monday is too soon. A government statement said, "We are prepared to meet as soon as a special meeting of the Security Council can conveniently be arranged." Paris—Premier Charles de Gaulle, who had objected to a summit meeting in New York, was expected to announce his final decision later today. New York—Khrushchev in answers to questions submitted by Kingsbury Smith, United Press Nationalist China probably will approve any summit conference formula accepted by the United States. Nationalist China is a permanent member of the Security Council. Diplomatic authorities in Washington said the summit meeting might get underway in two weeks. First, however, the Allied governments must reply to Khrushchev's demand that India and the Arab states participate.

Speaking, Handshaking Tops Campaign Trail Today

By VERNON FREWELL BARTOW (UPI)—The hometown voters turned out en masse today to hear Sen. Spessard L. Holland in Bartow while his opponent Claude Pepper marched on Orange County in another quick handshaking tour. Today was "Holland Appreciation Day" in Bartow, and large crowds were expected to hear Florida's white-haired senior senator give his second major address in two days. Wednesday night, Holland underwent a scathing attack on Pepper's 14-year Senate record. Speaking from Tampa over a television-radio hookup of nine major cities, Holland accused his Democratic primary opponent of "straying far from the thinking of the people of Florida and the nation." He added he had "seen nothing which causes me to believe he (Pepper) has changed his attitude." Pepper hit back quickly. He replied that Holland's address "lulled the voters to sleep" with his half hour "television version of his 'Legend of Sleep Holland'."

And Pepper added: "He (Holland) didn't say whether he is a Florida Democrat or a Washington Republican." "My opponent has said he will represent the people of Florida as he has in the past," Pepper said. "They now have his admission that he will give no tax relief or help the small businessman or the low income groups, no program to bring new industry or payroll into Florida, and no advance in social security programs to aid our thousands of senior citizens. While Holland was making his annual report of Washington activities to the home folks today, Pepper was off on another campaign swing, this time hitting Winter Park, Winter Garden and Orlando. A reception was planned this afternoon (4-7 p. m.) in Orlando. Holland was due to hold a press conference here with his speech at Peace River Park at 5 p. m. He planned to visit Orlando Friday, and Sanford, Oviedo and Deland Saturday. Pepper will visit Palm Beach County Friday, then go to Polk County Saturday. He is scheduled to address a Young Democrats dinner in Miami Saturday night. In his Wednesday radio-TV address, Holland charged that Pepper's judgment of Russian actions after World War II was "woefully wrong." He said Pepper was "about the last person in Congress to understand that Russia strictly follows the Communism line and seeks constantly to destroy us as a leading democratic nation."

Holland also repeated his criticism of Pepper for voting against Marshall Plan aid to Greece and Turkey and for backing the Dixie-opposed Fair Employment Practices Commission (FEPC) proposal. Departing from his prepared speech, Holland elaborated on his role in the fight for a Tideland bill which gives the states control over submerged off-shore lands. He said it was "the most important piece of legislation in decades toward restoring the rights of states," and was especially important to Florida because of the state's long coast line. Pepper, who confined his campaigning to Pinellas County, concentrated on presenting his program of increased social security benefits. He called for abolishing the \$120 maximum on earnings of those eligible for social security to "let our elder citizens with experience and ability keep working without restrictions on their income."

Of Holland's speech, Pepper said he was "surprised he (Holland) did not take credit for the Republican recession and the foreign policy mess since he voted three out of four Republican proposals. "I am amused that he took 'coattail credit' for the many federal and military projects around the state, most of which I initiated even before he came to the Senate. I also was struck with the few he mentioned that were started after he came to the Senate in 1964."
