14 Injured In Wreck

One man remained in critical condition today at Seminole Memorial Hospital with injuries received in the wreck of a small van Thursday afternoon in which 14 men were hurt.

Suffering from a broken leg, possible concussion and internal injuries is Willie Dennard, 1805 South Park Avenue.

Dennard and the others were hurt when the small van in which they were returning from work at Cape Kennedy blew a tire, went out of control and turned over twice on SR 46, between Geneva and the Mims bridge. All the injured men were treated and released at the hospital.

The accident occurred about 3:30 p.m. and the truck was dropped from 21 to 28 p.m. 1,000 population. In 1955 there were 25,000 marriages and 44,676 in 1964. Grooms average about three years older than brides. There were 21,335 divorces in 1964—an increase of 19 per cent over 1963.

City Manager W. E. "Pete" Knowles has discovered a removable plastic traffic marker that seems ideal for changing parking stalls. It can be stuck to the street and then pulled up if changes are desired. "Is this a joke?" asked commissioners when a sample was displayed at the Thursday meeting. "Nope, it's for real — thought it might come in handy," replied Knowles with a grin.

The number of marriages in Florida rose 60 per cent during the past 10 years but dropped from 81 to 78 per 1,000 population. In 1955 there were 25,000 marriages and 44,676 in 1964. Grooms average about three years older than brides. There were 21,335 divorces in 1964—an increase of 19 per cent over 1963.

U.S. Prisoners To Be Freed

SANTO DOMINGO (UPI)—The Dominican rebels are expected today to release two U. S. paratroopers taken prisoner when they stepped into rebel territory Thursday.

The capture of Pfc. Larry Lee of Conestoga, Pa., and Sgt. Donald Jones of Pomona, Calif., had no connection with the fighting Tuesday and Wednesday in which U. S. forces seized 40 square blocks from the rebels.

Rebel spokesman Hector Arley said the two men were taken prisoner when they accidentally drove their jeep down a water trailer into rebel territory during a routine supply run. It was the latest of a number of such incidents.

The giant booster, producing the greatest show of power ever witnessed at sea, raced into the sky on the awesome fury of two solid rockets and reached its orbit 12 minutes later.

Stone Island Youth Seriously Hurt In Fall

Robert Flapp of Stone Island who suffered multiple injuries in an 80-foot plunge June 9 into a canyon at Osceola National Park was reported this morning still in very serious condition by his mother, Mrs. Herbert C. Flapp.

The youth, a 1964 graduate of Deland High School, is reported to have received head injuries, a fractured vertebra, two broken ankles, a fractured wrist, and possible serious internal injury.

Attention: Enlisted wives of NAVY-12: First official meeting of your club is 7:30 p.m. June 23 at the Wives Club meeting room at Sanford NAS ballroom. Organizational matters will be discussed and squadron officers and their wives will be present. For further information call Vicki Hubbard at 322-7000 after 6 p.m.

The accident occurred as young Flapp and Donald Cross of Deland were hiking in the park where both boys are working for the summer. Cross managed to climb down the canyon and remained at Flapp's side until rescue the next morning.

Now that NAVY-12 is shaping up for commissioning at NAS, does anyone want to help? They're looking for more than that would be "Tender Trivia" with an emphasis on background. Like the top pin. But you may be sure that the ladies in "Tender" will come with a tag that will match the other squadron symbols of Wing One.

LBJ Predicts Drop In Deficit

WASHINGTON (UPI) — President Johnson, predicting a \$2.6 billion drop in this year's estimated budget deficit, says the American economic climate is continuing to improve.

Johnson unveiled a valley of facts and figures to show the economy's condition Thursday during a long news conference which ran the gamut of issues in the news both foreign and domestic.

The late afternoon conference, with newsmen gathered around the desk in the President's oval office, evoked memories of the late President Franklin D. Roosevelt's informal chats with reporters.

Four Senators Seen For Orange, Seminole

Cleveland Gives Support To Coalition

TALLAHASSEE (UPI) — A surprise 50-senator compromise reapportionment plan which could combine Seminole and Orange counties into four districts with four senators was introduced this morning in the Florida Legislature.

A coalition group working on the proposal, which would increase the Senate from 44 to 58 members, called down 25 supporting votes, the exact number needed to pass a reapportionment bill.

Offering of the 50-senator plan as an amendment to the small county bill for 130 senators that would save the seat of every member from a rural area was not a surprise.

But the size and identity of the coalition bloc behind it caught the small county bloc by surprise. The bill on immediately went into a one-hour recess to study its implications.

SAC Planes Dump Explosives On Viet

SAIGON (UPI) — Twenty-seven U.S. Air Force B-52 bombers from Guam dumped tons of explosives today on a suspected Communist stronghold north of Saigon.

Two other Americans were killed today in South Vietnam and seven were wounded.

While the B-52s attacked north of Saigon, other American planes pressed the air war against North Vietnam. The biggest raid was a strike by 18 Air Force jets on the Hanoi area, dropping 115 tons of bombs.

Returning pilots said three buildings were destroyed. Although the massive long distance attack by the B-52s failed to achieve the hoped-for heavy casualties, it served notice on Asian Communists that the United States is prepared to use whatever means are necessary to stem the tide of Red aggression.

The attack raised the possibility that B-52s may be used against North Viet Nam.

President Calls Cabinet Into Session

WASHINGTON (UPI) — President Johnson called his cabinet into session today for a thorough review of the world situation and discussion of "steps for peace" which are being evaluated and considered.

Johnson said that the 11 a.m. EDT meeting at the White House would include reports from Secretary of State Dean Rusk and Defense Secretary Robert S. McNamara.

The President made the announcement of the extraordinary cabinet session at a news conference late Thursday in which he flatly rejected any negotiations with the Communist Viet Cong guerrillas in South Vietnam because they represent no government.

He also disclosed that a source who had talked with North Vietnamese leaders in Hanoi was "completely persuaded" from his conversations with the officials that they are not now interested in any negotiation of any kind.

Longwood Hires Fulltime Officer

At a special meeting of the Longwood City Council called to order Thursday at 9:35 p.m., the board voted three to one to hire Jack Busher as full time police officer on six months probation. Registering a "no" vote was Councilman P. W. White as to the abilities and ages of the present city maintenance crew. Maintenance Superintendent John Farina answered that age of the men are 24 years, 27, 30, and 31. The 24-year-old man has been working for 13 years with the crew.

Council had agreed at a previous meeting to hire a night-time patrolman at Mayor David R. Wentworth's recommendation. Police Chief Claude Lays announced at last night's meeting that other qualified men who had inquired about the position were no longer interested when they were informed that the city provides no sick leave, no paid vacation, and no hospitalization or retirement plan.

The accident was a dog business a dog clinic was set for June 23, 7 p.m., at the city hall. Babes shots will be available for a nominal charge by coming up with the plan that could attract the necessary majority.

Zoos Are Not Just For Kids, As Sanford Knows

By Barry Lewis

Who says zoos are for children? Any given day of the week, Sanford's Municipal Zoo is a big attraction to "kids" from 6 to 90 (and over)—and the "older kids" sometimes seem to get a bigger thrill from the animals than do the children.

Of course, there's something about an animal—whether it be a rabbit or a lion, a white rat or a chimpanzee—that attracts young and old alike; for an animal is a natural clown.

Sheila is a beautiful lioness—lovely, cultured, friendly... and kittenish. She is almost five years old (her birthday will be next July) and she is perhaps the most popular animal in the zoo.

At any rate, she is the favorite of Mrs. A. L. Hood, the zoo director, who rescued her from the time Sheila was born.

"There were three lions in the litter," Mrs. Hood recalled, "two males and Sheila. But we lost the two males to an infection. Sheila got sick, too, and we thought we'd lose her, but we didn't."

Sheila and her two brothers were born at the Sanford Zoo, and her parents still reside there.

Mrs. Hood's little 4½ old Sheila, and her parents still reside there.

Mrs. Hood hastens to point out, "but the city manager (W. E. (Pete) Knowler) has forbidden it because she is so big. He's afraid I might get hurt."

The cats (lions and tigers) aren't dangerous if they are fed well, Mrs. Hood says. "Except for their size," she says, "they are as gentle as domestic cats. It's their size which they don't understand."

In addition to Sheila and her parents, the only other large cats currently in the zoo are two Bengal tigers.

THIS GATEWAY LEADS into one of the largest zoos in Florida... a world of fun and excitement. Kids, both young and old, daily traverse the pathways of Sanford Municipal Zoo, laughing and marveling at the antics of the inhabitants within. (Herald Photo)

LIKE THE QUEEN she is, Sheila the lioness regally surveys her world at Sanford Municipal Zoo. Rescued from a cub by zoo director Mrs. A. L. Hood, Sheila is perhaps the most popular zoo resident.

They don't belong to the zoo, and will be reclaimed by their owner, an animal trainer, in October.

"We need a tiger," Mrs. Hood says, "but they are very expensive. A Bengal cub costs about \$1,500. Operating budget for the zoo only includes \$50 annually for the purchase of new animals."

Most of the animals in the zoo have been donated. Like Wall, at present it is doubtful that Mrs. Hood will get her elephant anytime in the near future. But she will have more room for her charges, and, hopefully, within two years.

Plans have already been drawn for a new nine-acre zoo and zoological garden further west on Seminole Boulevard, facing the lake front.

Preliminary funds will be included in the new fiscal budget for the year beginning in October, and this will get the start underway on the project.

435 Enroll In Longwood Bible School

By Donna Estes

Rev. Jack Lindsay, pastor of the First Baptist Church of Longwood, reports a record enrollment during the first four days for the Vacation Bible School currently being held at the church.

Enrollment has reached 435 students with top attendance so far being 400 children. Average daily attendance during the four day period was 371.

The Bible School, staffed by 30 workers, is running at a smooth pace despite crowded conditions, Rev. Lindsay said. Commencement ceremonies are planned for next Friday at 7:30 p.m. Parents and friends are invited to attend.

Southern Solons Regard Klan With Contempt

WASHINGTON (UPI) — Southern and border state senators regard the Ku Klux Klan with contempt.

A survey by United Press International among senators from the region where the klans once flourished and now threaten a revival indicates a clear distaste for the activities of the hooded apostles of white supremacy.

At the same time, there was overwhelming opposition to any federal legislation to deal with the Klan, and a similar sentiment being that state and local authorities were doing their job.

The survey also showed that many of the senators feel that the modern-day Klan is very small, is politically important and feeds on publicity.

Only one senator thought that reputation of the Klan during an election campaign might cost him votes.

Most of the senators from the 22-state area participated in the survey, although some declined to answer all the questions and others insisted on replying off-the-record. There was some resentment, and even touches of anger, at being approached with questions about the Klan.

In discussing the Klan, such words as "wicked," "irresponsible," "troublemakers" and "crackpots" were used by some.

Sen. Robert C. Byrd, D-W. Va., was the loudest critic of the Klan in the Senate.

Sen. Spessard L. Holland, D-Fla., said private citizens were active in Florida to discourage Klan activity but said they could do more. Then added, "But there is a great feeling in the South against the Klan, and it is a feeling of the race, with or without the Klan."

Sen. George A. Smathers, D-Fla., said "the Klan is falling of its own weight in Florida."

Sen. Richard B. Russell, D-Ga., said "citizens and citizens' groups should, of course, be in the law whether they are in the Klan or opposing it."

Sen. John J. Sparkman, D-Ala., said citizens should do everything they can to discourage and prevent violence and the threat of violence. "That applies across the board—not just to the Klan," he said.

Sen. Allen J. Ellender, D-La., disagreed. In reply to the question, he said, "I think the Klan has as much right to exist as the NAACP or any other group."

Racial Moderate New Appeals Judge

WASHINGTON (UPI) — The University of Mississippi where he had offered to trade a load of sweet potatoes for his tuition. The university turned down his offer but the enterprising young man took jobs waiting on tables and sweeping floors to pay his way.

He later went to Washington, where he worked as a full-time congressional aide. President Johnson also was working in the White House.

Coleman served as district attorney from 1946 to 1948, and as a circuit judge from 1948 to 1950. He then was named state supreme court commissioner before the office was elevated to status of justice.

He was appointed attorney general at the age of 36 and then elected to a full term in 1951.

Coleman is one of the operation representing Mississippi's five congressmen in a challenge of their seating filed by the Mississippi Free-Press-Democratic Party, a predominantly Negro group. The case is still pending.

House Probes Loan Company

WASHINGTON (UPI) — House investigators today called Alies to testify about his stock holdings in a loan company accused of charging excessive interest.

Alies was to appear before the House domestic finance subcommittee which is investigating charges against the Federal Reserve Finance Corp. According to the Defense Department, Alies acquired 25 shares of stock in the company in 1956 for his four children.

The Pentagon has said the Army secretary had at no time participated in the Washington-based company.

President Johnson Thursday announced Alies resignation, effective July 1, to return to private law practice. It had been reported several times in recent months that Alies planned to leave government service.

In addition to Alies, other high Pentagon officials have been called to testify at the hearings. Earlier this week Rep. Carl Albert, Ark., and Sen. Dan Rostenkowski, Ill., were not on hand for the ceremony although there had been speculation one of them might visit their 21-year-old daughter during her two-week stay here.

Lynnda received numerous gifts, including two beaded necklaces, a tribal membership certificate and a red, white and blue Apache "stamp dress" made by hand.

"We want to show Miss Johnson what a wonderful thing her father has done for us through the poverty program," said tribal Chairman Lester Oliver as he presented her the certificate. "This is the first time we've been able to employ over 60 Apache young people between the ages of 16 and 21 on our reservation."

"These young people are happy for the opportunity to work and learn. To know she will tell her father how much we appreciate what he has done for us."

Oliver returned to read improvement and complete projects in this area.

1 Millionth Visitor Sees Busch Gardens

TAMPA (Sp.) — Busch Gardens, Florida's No. 1 tourist attraction located at the home of Anheuser-Busch Inc. in Tampa, recorded two millionth visitor this week when the 1 millionth visitor of 1968 and the 8 millionth visitor since the gardens were opened passed through the gates.

Thomas J. Pinta, manager of the gardens, said the one-million mark was passed shortly before noon. A late surge of visitors during the closing hours of Busch Gardens sent total attendance to 8 million since June, 1959 when Anheuser-Busch opened the free attraction.

Pinta said attendance for the first half of 1968 was up nearly 30 per cent over the corresponding period a year ago.

"Barring inclement weather or any serious economic problems," Pinta said, "we certainly should end the year with more than 2 million visitors."

Pinta said construction of the mile-long monorail, located between the Old Swiss House and the brewery, was proceeding on schedule and should be completed by Oct. 1.

Completion of the Carillon Tower and elevator at the Swiss House is expected to be finished in three weeks, Pinta said.

Richard G. Naegeli, zoological director of Busch Gardens, returned today from his safari in the bush country of Africa where he spent several weeks hunting various breeds of rare animals for propagation at Busch Gardens.

Following the quarantine period, Naegeli will have the animals shipped to the Gardens where they will make their home in the Wild Animal Kingdom.

Epworth League Fetes Graduates

The Epworth League of Southern Methodist Church, Sanford, honored members who recently graduated with a party Tuesday at the home of Mr. and Mrs. H. M. James.

Guests participated in games led by Mrs. B. D. Priest. Sponsor of the youth group, R. D. Priest, presented to Miss Glynis Gommel and Miss Lawana Williams, a book for daily devotions in appreciation for their services during the year.

Refreshments of decorated cakes and punch were served to the honorees and other members and guests. Enjoying the occasion were Gene Jameson, William Talmadge, James Talmadge, Elizabeth Priest, Daniel Priest, and Steve Duffey; also, J. T. Talmadge.

The church will hold its regular evening service this Sunday at 7:30 at the Sanford Woman's Club.

Legion Post Installs Officers In Chuluota

Installation of new officers was conducted Tuesday evening for Chuluota American Legion Post 255 by District Commander Julian Fuesell and his staff.

Installed were Malcolm McCullough, commander; Abe Goldman, first vice commander; Robert Jones, second vice commander; Manuel Melio, finance officer; W. M. Japan, chaplain and historian; Al Phillips, sergeant-at-arms; Andrew Volchik, judge advocate, and Wallace Adams, service officer.

One of Commander McCullough's first official acts was to present Past Commander Robert Boye with the past commander's badge.

Guests present for the occasion included Mr. and Mrs. Arvid A. Anderson, Mr. and Mrs. Thomas Vanzo, and Wallace Lynch.

A buffet supper was served following the installation.

In the five hours following, they will hit and will drop a total of over 2,000 balloons with prizes ranging from \$50.00 Top Value Stamps in one, to food baskets, from a \$50 savings bond in another to coin purses. Cameras, beauty treatments, dress fabrics, Shazzer Pen & Pencil sets, executive gifts, cosmetics and many other items will be awarded from numbers found from each TV notebank as Mickie Evans, popular country music singer and Pam Carlton, who has a TV "Excuse for Fitness" show.

Participating in the grand opening will be the Winn-Dixie Store, Deltana Rexall Drug Store, Deltana Seven-Eleven Store, Margie's Fabric Store, Deltana Barber Shop, High Mechanical Contractors, Deltana Utilities and Deltana Hardware Store.

After ribbon cutting ceremonies at 10 a.m., by county officials and representatives of The Mackie Company, the first of ten "bombing raids" will drop 200 balloons, each with a valuable prize, over the parking lot area every 30 minutes.

Come to Church Every Week

BEEN SHOPPING LATELY?

Sure! People go shopping for many things. Even a Church! But, then, they take God along!

Before you go shopping for a Church, make sure you know what you're looking for. For a Church isn't a theatre to provide entertainment, nor a club to loaf in. For a Church is a SCHOOL that trains whole families in spiritual perception.

It is a FACTORY that makes earnest Christians. They're in evidence all over town. A Church is a TOWER, giving a glimpse of life's horizons, far beyond the petty problems of each day.

A Church is a WORK-SHOP where one volunteers his talents in the most challenging tasks that confront humanity. And, of course, a Church is HOME — the place where we're appreciated, where we're one of the Family!

But it doesn't hurt to admit that in one respect our churches are like our stores: There wouldn't be one in town if we didn't need what they offer!

ALL FOR THE CHURCH FROM ALL! The Church is the greatest blessing and good blessing. It is a storehouse of spiritual riches. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his family. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Cuban Exiles Out Of Jail In Orlando

ORLANDO (UPI) — Four Cuban exiles, including Dr. Orlando Bosch, head of the anti-Castro Revolutionary Insurrectionary Army, were freed today and their four-day fast was ended.
 The four, charged with conspiring to illegally export weapons to the United States, were released on \$1,000 recognizance bonds each Wednesday.
 The bonds were signed in the presence of federal Judge George C. Young, who granted the Cubans a two week continuance in their arraignment. Moments later, Bosch called a press conference from the Federal Office Building and was taken to the Orange Memorial Hospital emergency room by private car. He was treated for what hospital authorities called "simple malnutrition" and released.
 Bosch is reported to suffer from a stomach condition. The other Cubans, identified as Jose Diaz Morjon, Gerardo Gutierrez and Marcos Rodriguez Ramon, apparently were not affected by the lack of food.
 The four Cubans were arrested last Thursday night along with two Americans.

Area Men In Service

Aviation Machinist's Mate First Class James R. Lee, USN, son of Mrs. H. Taylor of Sanford, is serving with Attack Squadron 106 aboard the attack aircraft carrier USS Shangri-La, currently operating with the U. S. Sixth Fleet in the Mediterranean Sea.
 He will be in the Mediterranean area for approximately six months and have the opportunity to visit cities in France, Italy, Greece and Turkey.
 Cadet George E. McCall, son of Mr. and Mrs. H. B. McCall, 2317 Melville Ave., will begin an intensive six-week training program at Indiantown Gap Military Reservation, Pa., June 18.
 The program is an important part of Cadet McCall's participation in the Reserve Officer Training Corps (ROTC) at the University of Kentucky in Lexington.
 While in Indiantown Gap, he will have the opportunity to take part in field exercises, learn how to handle the newest Army weapons and equipment and receive instruction in officer leadership responsibilities.
 Those cadets who have already received college degrees will be commissioned second lieutenants upon completion of the summer training.
 The remainder of cadets will return to their universities.

Spencer Named SNA Commandant

The appointment of Captain J. C. Spencer, U. S. Navy, as Commandant of the Naval Academy following his retirement from the Navy on July 1, was announced today by Lt. Col. H. J. Farnham, superintendent.
 Captain Spencer, a native of Richmond, Virginia, is a graduate of the United States Naval Academy, Class of 1938. He received his Master's Degree from the University of North Carolina.
 During his naval career, Captain Spencer has had several assignments in the field of education. From 1949 to 1958 he served as associate professor and instructor of the University of North Carolina. During his tour of duty at the University of North Carolina, he was head of the Naval Reserve Department at New York State Maritime College. From 1950 to 1958 he was Professor of Naval Science at the University of North Carolina.
 During his tour of duty at the University of North Carolina, he had command of five ships, plus a squadron of nine Destroyer Escorts.
 He is now assigned at Norfolk, Virginia, as Assistant Chief of Staff for Operations and Plans on the staff of Commander, Service Force, U. S. Atlantic Fleet.
 The Spencer have two daughters. One is doing graduate work at Columbia University under a Woodrow Wilson Scholarship. Their younger daughter is a junior in high school.

LBJ Signs Excise Tax Bill Today

WASHINGTON (UPI) — President Johnson today signed a bill repealing or reducing long-time federal excise taxes on a long list of consumer products ranging from automobiles to lipstick.
 The President also was expected to sign a report from Vice President Hubert H. Humphrey on the views of French President Charles de Gaulle. Humphrey spent about an hour and a half with De Gaulle Sunday in Paris before flying back to Washington with America's new space heroes.
 Johnson signed a lengthy long-awaited bill at the presidential retreat at Camp David, Md., in the mountains near Thurmont, Md. He had planned to confer with Democratic congressional leaders for a regular weekly session early this morning but postponed the meeting until Tuesday.
 After three nights and two days at Camp David, the Chief Executive and Mrs. Johnson returned to the White House by helicopter from Camp David this morning, arriving at 8:45 EDT.
 The President arranged a ceremony today to sign the 4.7 billion excise tax cut bill.
 The signing was scheduled for 4 p.m. EDT.

University Chancellor To Be Named By Regents

TALLAHASSEE (UPI) — The Board of Regents began meeting today to implement several innovations in Florida's higher education program, including naming a chancellor to oversee the university system.
 The meeting, first since the regular session of the Legislature adjourned, is expected to last two days.
 Also expected to be discussed are the reorganization of the self-study education program, a law school at Florida State University and progress being made on new universities at Pensacola and near Orlando.
 The job of university chancellor is a newly created position. The Legislature is also expected to go to Dr. J. Howard Culpeper, the 56-year-old executive director of the regents.
 Culpeper has been director of the regents since 1963 and is the predecessor of Dr. J. Howard Culpeper, who was named in 1964. He is Gov. Baydon Burns' choice for the position.
 During his 25 years in the education field, which began as a social studies teacher in Leansburg, the silver-haired Leansburg.

Collins Gets Commerce Post

WASHINGTON (UPI) — LeRoy Collins, a long government civil rights arbitrator, was chosen today by President Johnson to become new under-secretary of commerce.
 The former Florida governor is now director of the Commerce Relations Service and set up within the Commerce Department in the new post. He will succeed Franklin D. Roosevelt Jr. who resigned recently.

Rhee Is Better

HONOLULU (UPI) — Former South Korean President Park Chung-hee is now even better for the better today, but doctors were not optimistic about the condition of the ailing "Tiger of Korea."

Commission Recommends Old Delinquent Taxes Be Struck From Records

Hundreds of irate and bewildered Sanford citizens, tax bills in hand, advanced en masse on City Hall today after having received notices over the weekend that they owe the city money, some as back as far as 34 years.
 At a called meeting at 10 a. m. City Commissioners voted to recommend that all taxes except those delinquent since 1962 be struck from the records. Official action on the motion cannot be taken until the regular meeting of the commission on June 28. Present at the called meeting were Commissioners M. L. Raborn, A. L. Wilson and Mayor J. H. Crapps. The meeting was conducted by Acting Mayor Raborn.
 Approximately 600 delinquent tax bills, some for as little as \$1.50 and some for as much as \$50, were sent out Friday from the office of City Finance Director Howard Whitchell, on direction of the City Commission, on delinquent taxes back to 1931.
 Mayor Crapps, whose signature was on the notices, made his first public appearance in three months at a called City Commission meeting to "try to straighten out this mess."
 "I've been besieged with telephone calls and visitors all weekend, and I don't know what to tell these people," Mayor said.
 (Whitchell commented to the press that the people who descended on City Hall today "looked like a Who's Who of Sanford.")
 Commissioners searched the minutes of past meetings and listened to a recording of the April 25 meeting to recall exactly what their instructions to the finance office included. Verbal and written minutes revealed that Commissioner (and Acting Mayor) M. L. Raborn Jr. had made the motion to instruct the finance office to send out notices to all delinquent tax payers, signifying the amount due, plus not more than five years interest. The motion was seconded by Commissioner Joe Baker. Considerable discussion followed the motion, including advice from City Attorney W. E. Hutchison on the possibilities of being able to collect the back taxes without running into trouble from the auditors.
 "Everyone is required to keep their Federal income tax returns for three years and these give some indication of whether or not city taxes were paid, or claimed to be paid," Hutchison said.
 Mayor Crapps moved that the bills be struck from 1931 up to 1962 and itemized statements of delinquent taxes and interest due since 1962 be sent. All before that are to be cancelled. Motion was seconded by Commissioner Wilson. Commissioner Earl Higginbotham and Joe Baker were unable to be present at today's meeting. The motion was in the form of recommendation to be considered at the regular meeting of the commission on June 28. Persons who have received notices were instructed to check with the city finance office for an itemized bill.

Burns May Call Another Session

TALLAHASSEE (UPI) — Gov. Harold Burns said today he will call another special session of the Legislature Friday if reappointment is not accomplished before and the leadership thinks there is the "slightest" chance of getting something done.
 Burns, back from a 10-day tuna fishing vacation in the Bahamas, said he was frankly disappointed that the lawmakers have not achieved anything more than they have since he convened the current 20-day session on June 5.
 Both houses are scheduled to meet Friday and Saturday in a bill passing by midnight Thursday when the session expires.
 Burns said he'll counter with the leadership this afternoon to accelerate the prospects for accomplishment.
 "The Legislature must look at the July 1 deadline of the federal court with a full degree of realism that if it does not accomplish reappointment, it will be done by the courts," he said.
 But the governor quickly added that he still feels the court would extend the deadline if the lawmakers are working and there is a showing they intend to do the job.
 "The court prefers that the Legislature accomplish reappointment," he said.
 But, the governor said, "if the leadership feels there is no chance of doing the job, it would be foolish to continue the expense of a session."
 He would, however, make them stay in Tallahassee long enough to redraft congressional legislation to meet the court's population tests, he said.

Linton Allen, Noted Orlando Banker, Dies

Linton E. Allen, 76, Orlando banker, philanthropist and civic leader, died today in the apartment he shared with his wife, Mrs. M. M. Allen, in the Westwood Hotel in Orlando.
 Mr. Allen, a native of Georgia, lived and worked in Sanford during the 20 years in which he was president of the bank. He was a member of the board of directors of the bank and was a trustee of the bank's foundation.
 Mr. Allen was a member of the First Presbyterian Church and was a member of the board of directors of the bank. He was a member of the board of directors of the bank and was a trustee of the bank's foundation.

4 Sanfordites 'Critical' After Kentucky Wreck

Two couples from Sanford are in critical condition in a Kentucky hospital following a wreck last week in which two persons were killed.
 Seriously injured were Mr. and Mrs. Myron Smith and Mr. and Mrs. C. J. Coleman, all of the Palm Heights section of Sanford. They are in Community Hospital in Glasgow, Ky.
 An elderly couple from Tennessee was killed in the three-car accident on U. S. 42. They were Everett E. Christman, 71, and his wife, Ledia Kay Christman, 66, of Humboldt, Tenn.
 The driver of a third car, Joe Garnett of Cove City, Ky., was not injured, according to reports from the state police.
 Not so long ago those who lived on lakes took the friendly neighborhood gate for granted, but in recent years they have become scarce and their appearance triggers a wave of complaints to law enforcement officers.
 The Regent and Erin Club of Sanford is now officially open at the Regent Hotel. Membership applications are being accepted. The club is open daily from 10 a. m. to 4 p. m. and features a week. Qualified instructors and a life guard are on duty.
 Considerable help is being given to the possibility of acquiring a lot of land on Lake Okechobee for a recreation and administration center. The first step will be to remove the

Presbyterians Vote To Build New Sanctuary

The congregation of the First Presbyterian Church Sunday morning authorized the Planning Committee to proceed with development of plans for a new sanctuary and expansion of the church's educational facilities. A ceiling was established under which the program was to be planned.
 The minister, the Rev. Grover C. Sewell Jr., pointed out that the building in which the service was being held had served a growing congregation well, but larger and more modern facilities would be in keeping with the expanding population and the opportunity and challenge of the future.
 It was brought out in the discussion that it would be over buildings would be in use, because opportunities have proven that the planning and construction take this many months.
 The pres. and con's of the church were asked to present the minutes of the outcome of the vote. The congregation was asked to be united in carrying out the will of the majority. The pres. and con's of the church were asked to be united in carrying out the will of the majority.

Opening Of Deltona Plaza Attracts Crowd Of Thousands

Several thousand persons attended the grand opening Saturday of the second stage of the Deltona Shopping Plaza.
 The shopping plaza is located on Deltona Boulevard on a 36-acre site. The eight units in the second stage of the plaza represent an expenditure of \$500,000.
 The largest store in the landscaped plaza is the Williams Dixie Super Market with 11,500 square feet of shopping facilities. In addition to the market, other units include a drug store, barber shop, fabric shop, plumbing and electrical contractor, utilities office, doctor's office, hardware store and 7-11 Food Market.
 Frank E. Marks, Jr., president of Deltona Corporation, said the current population of Deltona is now over 1,255. There are 856 families in residences in Deltona and 750 homes have been completed or are under construction.

Homicide Suspected In Death

By Barry Lawton
 "A strong suspicion of homicide" surrounded the Saturday night death of Mrs. Rachael Wilson Moughton, 47, 806 W. 18th St.
 The "strong suspicion of homicide" was voiced this morning by Coroner W. Hugh Duncan and Sanford Police Chief Arnold Williams. Duncan has requested the coroner's jury and scheduled a hearing June 28 in the death.
 According to Chief Williams, Mrs. Moughton's body was found lying in her bedroom in the apartment above a printing company. The corpse was found by Chester Venable, listed as tenant of the apartment.
 Williams said Venable stated he returned home about 10:30 a.m. Sunday morning and found Mrs. Moughton lying on the bed, apparently seriously hurt. Venable called the police and Mrs. John Carson, who called the police. Police reports indicate the police were notified at 1:05 a.m.
 There were no signs of a struggle in the apartment, although there was evidence of heavy drinking had taken place during the day, Saturday, according to Williams. There were traces of blood in the bathroom of the apartment and on the bed on which Mrs. Moughton lay. Mrs. Moughton had no known visitors during the evening, according to Williams.
 An autopsy was performed, and according to Coroner Duncan preliminary reports indicate Mrs. Moughton died from loss of blood. The dead woman had several broken ribs and a deep gash on her forehead, but according to Williams most of the bleeding was apparently internal.
 Although the body was reportedly discovered about 10:30 a.m. and the coroner did not view the corpse until about 1:00 a.m., time of death was tentatively placed at 10:30 p.m.
 Sanford police are investigating.

New Viet Nam Administration To Seek Victory

SAIGON (UPI) — South Viet Nam's new military government formally took over today with a pledge to prosecute the war against Communist rule and to seek victory in the south.
 Nguyen Cao Ky, commander of the air force, was installed as president of the new government. He was the chairman of the military junta at a time of increased fighting on the ground and in the air.
 U. S. Navy planes tangled with Communist guerrillas over the sky. It was the third confirmed "kill" for American aviators in the air war against the Communist north.
 In ground fighting Sunday, Vietnamese troops killed 40 Communist guerrillas in a pre-dawn attack on a Viet Cong stronghold 10 miles north of the American air base at Da Nang. A spokesman said 28 Viet Cong were killed and seven captured in a battle that lasted 18 minutes northeast of Saigon.
