THE DEVIL THUMB A RIDE LAWRENCE TIERNEY

Forrestal Warns

(Continued from Page One)

sparked with a full peace-time program of parades, parades, parades, and the bestowing of honors.

Old Dahlgren was packed with dotting parents, seethearts, and the gold braid of high rank as 471 graduates rose in a body and took their oath of office from Vice Admiral W. H. P. Blandy, director of last summer's atomic bomb experiments at Bikini and now Atlantic Fleet Commander.

Among the middies was his son, William Purnell Blandy.

Secretary of the Navy Forrestal said today the United States, to avoid another war, must solve "political, economic and security problems such as the nation has never faced."

This country is the "principal core of stability in a world shaken by six years of bitter and destructive fighting," Forrestal said in an address prepared for the graduating class of the Naval Academy.

He predicted that the years ahead will be "more deeply vexed and troubled" than those which have confronted any generation since the start of the Civil War.

"Today the foundations of control and authority are shaken," Forrestal continued.

"Economic stagnation of Germany and Japan enforces a substantial drain upon our own economy. We cannot exterminate, nor permit to starve, these millions of human beings.

"But we shall have to watch most carefully against a rejuvenation of the conditions which were Hitler, conditions which were largely the result of divergent policies among the victors after World War I had been won.

"In all of the great continents there are vast areas of unrest and of hunger which can develop into political chaos.

"There is no formula, no magic blueprint which can provide the solution to problems that have been centuries in the making and come from bitterness, from friction between races, and hatreds that have existed over the centuries.

"But we have made a beginning in the Charter of the United Nations and the meetings of the council of foreign ministers. However, acrimonious these discussions may be or become, they are better than resort to arms.

"It took 150 years before the concept of our federal government became fixed. Should we despair because the ideals contained in the United Nations Charter and the sincere aspirations of the statesmen who participated in its framing are not realized by Monday morning?"

U. S. Note To Russia

(Continued from Page One)

Rovlet involvement in the ousting of Nagy become of great importance, since these might be made the basis for a broader charge of Russian political aggression against Hungary.

The second point is the belief

Indian Situation

(Continued from Page One)

concerned but, at the moment, inconclusive study in Washington. Nobody knows what may happen. Some people hope nothing sensational will. But there is apprehension behind the State Department's calm facade.

As the Americans see it, the potential trouble arises from the relationship of Russia to India, the fact that they are Asiatic neighbors. The questions being asked by authorities are these:

1. Months hence, when India's links with Britain are cut to a minimum and Britain's direct responsibility for India slacks off, will the Soviets try by political or other means to take over?

2. If they do try, can the United States afford to let them succeed?

3. Might India become on a huge scale another Greece or Turkey?

4. If so, under what circumstances might the Truman Doctrine apply?

Most responsible officials here believe that at a strategic time the Soviets may enter the Indian situation just as they are already politically active in all their neighboring countries.

In general the American government is reported quite pleased with Britain's moves for India's freedom. There is some disappointment at what appears to be the need for dividing India. But authorities here say if that's the way the Indians want it, that's the way it has to be.

Nonetheless it is a reverse for American policy insofar as America had any Indian policy other than encouraging the freedom idea.

The American government has always talked in terms of a strong India and a strong China stabilizing peace in Asia. China at the moment is anything but strong, India divided will be far weaker than India united would have been.

The most authoritative American estimate is that the period of local and not snowball into anything like civil war.

Communists, of course, can aggravate natural conditions of unrest at such a time. American Party numbers about 50,000 members, not large among India's millions, but energetic and resourceful.

In the American view, what India needs is an uninterrupted opportunity to work out her own destiny. This means the outset rapidly decreasing interference in Indian affairs by Britain; no interference by America and none by Russia.

Nationalists Start Counterdrive In China

PEIPING, June 6 (AP)—The government poured new reinforcements into Manchuria by rail and sea today, and one Chinese press report said nationalist troops had launched a counterdrive in a strategic sector of the battle with Chinese Communists.

Red troops continued to menace Mukden, but Chinese dispatches reported a noticeable slackening of pressure on Kaiyuan and Changtu, 50 and 70 miles northeast.

Arrested Students In China To Be Freed

SHANGHAI, June 6 (AP)—Hsiao Tieh-Wu, commander of the Woosung garrison, promised today to release shortly Shanghai students and newspaper reporters arrested in a recent roundup if there was no substantial evidence they were Communist agents.

Several colleges and universities already had resumed classes following a four-week strike for more food, curriculum changes and an end to the civil war, which led to the arrests. Other schools were expected to reopen within a few days.

Legal Notice

IN COURT OF THE COUNTY JUDGE, SEMINOLE COUNTY, STATE OF FLORIDA.

IN THE ESTATE OF LITTLE S. BEASLEY, Deceased.

To All Whom It May Concern: Notice is hereby given that MARIE S. GLADDEN filed her final report as Executrix of the estate of the late Little S. Beasley, deceased, and that she will apply to the Circuit Court in and for Seminole County, Florida, on the 8th day of July, 1947, for approval of same and for final discharge as Executrix of the estate of Little S. Beasley, deceased, on this 8th day of June, 1947.

MARIE S. GLADDEN, Executrix of the estate of Little S. Beasley, deceased.

CITATION

THE STATE OF FLORIDA, TO: THE HONORABLE HENRY W. WARD, County Judge of Seminole County, Florida, in and for Seminole County, Florida.

A sworn bill of complaint having been filed in the Circuit Court in and for Seminole County, Florida, in Chancery, by Fatima Fawcett Hardwick against you for divorce, these presents are therefore to command you to be and appear before said court on the 8th day of July, A. D. 1947, otherwise a Default Pro Confesso will be entered against you.

It is further ordered that this citation be published in The Sanford Herald once each week for the period of 21 days, the first day of publication to be on the 1st day of June, A. D. 1947.

O. P. HERNON, Clerk of the Circuit Court (SEAL)

CERTIFICATE OF CORPORATE DISSOLUTION

In The Name and By The Authority

Of The State of Florida To All To Whom These Presents Shall Come, Greetings: This is to certify that whereas, James H. Dyson, Sanford, Fla. Clarence A. Vincent, Jr., Sanford, Fla. Margaret W. Dyson, Sanford, Fla. did on the 13th day of February, A. D. 1946 cause to be incorporated under the provision of Chapter 10094, Laws of Florida, Acts of 1925, STONE TOWER INDUSTRIES, INC., a corporation, with its principal place of business at Sanford, Seminole County, in the State of Florida; and whereas the proper officers of such corporation did on the 2nd day of June, A. D. 1947, cause to be filed in the office of the Secretary of State of the State of Florida, a duly authenticated resolution adopted by the stockholders under the provisions of said Chapter 10094, Laws of Florida, Act of 1925, showing the dissolution of such corporation, and the Secretary of State is satisfied that the requirements of law have been complied with.

IN WITNESS WHEREOF, I

WHY CARRY INSURANCE?

If you drive an automobile and carry insurance you should remember that the company taking your risk makes a profit on the premium you pay, or at least expects to make a profit, so why not carry your own insurance and save the premium? Suppose you do meet with an accident (hundreds do every day) involving liability and property damage, possibly serious injury or death to one or more persons; all that is necessary for you to do is to employ a good lawyer, take the case to court and enjoy a good verbal fight, and if you lose pay your lawyer, court costs and the judgment (seldom over \$25,000). In that way you will save the profit the insurance company expected to make on your policy. B. U. T. If you do not like this idea of saving money and the right to operate your car, phone 104, and find out about our profit-sharing policies for careful drivers.

NO. 158

Home Agency Is Ordered To Close Up Shop

**Government Program
Is Branded Failure;
Bulwinkle Railroad
Bill Is Considered**

WASHINGTON, June 9, (AP)—The government's program to speed the construction of homes was branded a failure today by the House Appropriations Committee, which called for Expediter Frank R. Crendon to close up shop.

The committee allowed only enough funds to liquidate the Office of Housing Expediter within a year, stipulating that no new business be undertaken after June 30. Its action will have to be backed up by the House and Senate, however, before it will stick.

The Housing agency was set up in 1945 with powers to control use of building materials and to make government payments to producers who would increase their output of such things as brick, tile, lumber and other building materials. The idea was to see that more materials were produced and that they were used to best relieve the housing shortage.

Accused By Picket

SON of the late President, John Roosevelt removes his dark glasses during a hearing in the City Attorney's office in Los Angeles.

At the hearing, George Harby, a strike picket, charged that young Roosevelt, who was seen on the picket line, was picketing a department store, of which Roosevelt is an executive. Harby wants Roosevelt charged with assault and battery. (International)

Court Denies Freight Rate Case Review

**Ruling On Search And
Seizure Guarantee
Will Not Be Re-
considered By Tribunal**

WASHINGTON, June 9, (AP)—The Supreme Court today refused to reconsider its approval of a 10 per cent increase in railroad class freight rates in the industrial north and east.

The court in approving the increase on May 12 also approved a 10 per cent cut for the rest of the country east of the Rockies. The tribunal voted 7-2 in upholding ICC orders requiring the rate changes.

Governors of the New England states and attorneys general for nine other states urged the Supreme Court to reconsider its action.

City Recreation Program Opens Summer Season

Baseball, Swimming
Among Projects
Offered Children

The City Recreation program started this morning at the Grammer School, which will have a number of boys' and girls' baseball practice and general organization under way of interesting recreational activities for Sanford children of school age under the direction of Mrs. Nancy Brock, Herman Brunley and Miss Barbara Dampier.

Need For Military Training Stressed By Gen. J. Devers

NORTHFIELD, Vt., June 9, (AP)—General Jacob L. Devers today told the Norwich University graduating class of 132, all of World War II veterans, except one, that without universal military training "defeat for the United States and the world, at the hands of a conquering foe is not inconceivable."

Asserting there were only two and one-third regular Army divisions within the United States itself "to resist any attempt at invasion," the Army ground forces commander said: "We have a regular Army of a million men. But the bulk of this force is overseas on occupation duty, garrisoning our territories, and maintaining our lines of communication."

Allen Powers Buried With Military Honors

Allen F. Powers, World War II veteran who met death by automobile accident in Sanford on May 31, was accorded military honors at burial services at Evergreen cemetery Saturday afternoon through the courtesy of members of Campbell-Loomis Post 83 of The American Legion.

Funeral Service For Mrs. Root To Be Held Tuesday

Mrs. J. Bernard Root, wife of the Rev. J. B. Root, pastor of the Congregational Church, died Friday night at Johns Hopkins Hospital in Baltimore, Md., after an illness of several months.

Milk-Passenger Train Crash Injures Fifty

POTSDAM, N. Y., June 9, (AP)—A milk train crashed head-on into a New York Central passenger train today at Eden Station, four miles south of here, and about 50 persons were taken to Potsdam General Hospital. None of the injured was reported in critical condition.

Jewish Agency Hits Trygve Lie's Action

LAKE SUCCESS, June 9, (AP)—The Jewish Agency for Palestine charged today that Trygve Lie, secretary-general of the United Nations, had "gone outside and beyond his own jurisdiction" in his failure to insist on the Holy Land.

Group To Investigate Housing Program

WASHINGTON, June 9, (AP)—Chairman Hartley (R-N.J.), said today the House Labor Committee will investigate reports that building trades unions have organized a "deliberate slowdown" against the housing program.

Sanford Jaycees Take X-Ray Tests

Members of the Sanford Junior Chamber of Commerce gathered as they lined up on June 3, prepared to take X-ray tests currently being given at the Seminole County Health Unit in connection with the State Board of Health's tuberculosis test survey.

Weather During Celery Season Worst In History

Prices Maintained In
Spite Of Sensitive,
Hectic Marketing

The Florida celery growing season is reported by growers to have been the most unfavorable from a weather standpoint since Florida celery first moved to market in 1899, yet was profitable to many growers, according to Ralph G. Risser, who has concluded his season's work as director of the Federal State Market News Service at the Sanford State Farmers Market.

Grand Jury To Investigate Case Of Oviedo Chief

A grand jury investigating a charge of first degree murder against Barnett Smith, 24 year old police chief of Oviedo in connection with the fatal shooting May 30 of Robert Ruffin, Oviedo negro, will take place during the fall term of Circuit Court, it was announced today by County Judge R. W. Ware who on Saturday conducted a five hour preliminary hearing on the case, and set bond at \$5,000 for Chief Smith who has been held here a week pending action.

Truman Greeted New Ambassador From Greece

WASHINGTON, June 9, (AP)—President Truman today expressed hope that the \$300,000,000 United States intends to send to Greece will help bring about "national unity" in that country.

John W. Hoard, 83 Dies In Tallahassee

John William Hoard, 83, father of Mrs. Robert W. Lord, of Sanford Avenue, died early Saturday morning in a hospital at Tallahassee, following a heart attack. He had been ill for some time.

Recreation Program Explained To Rotary

Mrs. Nancy Brock, Herman Brunley and Miss Barbara Dampier, who have charge of the city's recreational program this summer, appeared before the Rotary Club at its regular weekly luncheon today and explained their plans for the summer. They were introduced by Orville Fenchell.

10,000 Miners Idle In Protest Over Bill

UNIONTOWN, Pa., June 9, (AP)—Another 3,000 miners joined a work stoppage in the northwestern Pennsylvania bituminous fields today, raising to nearly 10,000 the number idle in what some described as a protest against the union-curbing bill adopted by Congress.

Herald To Publish Radio Programs

Beginning today The Herald will publish as a regular feature the daily radio programs of Station WFRB—broadcasting on a wavelength of 1400 kilocycles. In today's issue they will be found on Page 4. The schedule includes tonight's programs and tomorrow's up to 6:00 o'clock.

Gainesville To Get New A. C. L. Station

WILMINGTON, N. C., June 9, (AP)—F. L. King, vice president for operations of the Atlantic Coast Line Railroad with headquarters here said a \$10,000 contract for a new passenger and freight station in Gainesville, Fla. has been let to the Paul Smith Construction Company of Jacksonville and Tampa.

Tim Tyler Signs To Play For Celery Feds

Tim Tyler has signed a Sanford Celery Fed contract for a five day trial period. It was announced today by George Stine, president of the Sanford Baseball Association.

RATE HEARING

TAMPA, June 9, (AP)—Hearing began today before C. W. Griffin, examiner for the Interstate Commerce Commission, on the petition of Tampa and Miami to lower freight rates to the level of other Gulf and South Atlantic port cities with which they compete.

Independent State Receives Approval Of Moslem League

**12,000 Driven
From Homes In
Flooded States**

**Damage Is Expected
To Run Into Mil-
lions Of Dollars**

By The Associated Press
The American Red Cross estimated more than 12,000 persons in a four state area were driven from their homes by floods on the Mississippi and its tributaries today as the death toll from the week-end floods and tornadoes reached at least 23.

**Council Hearing Is
Disrupted By At-
tack Of Dissident
Moslem Raddars**

NEW DELHI, June 9, (AP)—The Moslem League voted tonight to make Moslem India a new nation, a move which would bring about the disintegration of the League's Pakistan plan after a preliminary period as a British dominion.

On Monday, the Red Cross estimated that in a four state area were driven from their homes by floods on the Mississippi and its tributaries today as the death toll from the week-end floods and tornadoes reached at least 23.

Several league councilmen who acted as traffic patrolmen were cut and wounded. One said he was stabbed in the face by a Khakasi, one of a group who had newly demonstrated in front of the hotel during the riotous opposition.

At Hannibal, Mo., the Red Cross said 400 families were affected and 350 families still homeless in six Illinois counties in the Quincy area.

British Envoy To
Get Clarification
On Hungary Coup

LONDON, June 9, (AP)—The British Ambassador to Moscow has been instructed to obtain clarification of Soviet policy towards Hungary, the House of Commons was informed today.

At Hannibal, Mo., the Red Cross said 400 families were affected and 350 families still homeless in six Illinois counties in the Quincy area.

The Mississippi swollen by high water from the Des Moines, rolled on over thousands of acres of Illinois and Missouri farm lands after breaking its levees and inundating a large area.

Any such developments could not fail to have serious repercussions upon Anglo-Hungarian relations, he added in a written reply to questions.

Lt. and Mrs. A. K. Powers and son Alex, after visiting historic sites in western France, Belgium, Holland and Luxembourg in company with a party of American officers and their wives, recently wrote that stores in Belgium were full of American-made items.

2 British Policemen
Kidnaped In Palestine

JERUSALEM, June 9, (AP)—A British police sergeant and a British police constable were kidnaped from a swimming pool at Ramat Gan near Tel Aviv tonight by twelve armed Jews, it was officially confirmed. The 12 entered the pool and ordered the policemen to "come with us." One resisted and was struck on the head. A woman was injured by a small bomb tossed into the water.

At Hannibal, Mo., the Red Cross said 400 families were affected and 350 families still homeless in six Illinois counties in the Quincy area.

Political Fund Drive
Opened By Wallace

NEWARK, N. J., June 9, (AP)—Former Vice President Henry Wallace will make four speeches, confer with the press, church and labor leaders, and attend a 225-plate dinner in his honor here today as part of a drive for what the sponsors say will be a political fund to back a "progressive candidate for president in 1948."

At Hannibal, Mo., the Red Cross said 400 families were affected and 350 families still homeless in six Illinois counties in the Quincy area.

At Hannibal, Mo., the Red Cross said 400 families were affected and 350 families still homeless in six Illinois counties in the Quincy area.

Getting The Evidence.

No more serious charges of war guilt have been aired anywhere than those in a recent startling report by the Labor Committee of the House of Representatives which states that the 70-day Allis-Chalmers strike early in 1941 in Milwaukee was called by Communists to sabotage the plant's 45 million dollar machinery order for the Navy. The committee claims the strike instigator was Harold Christoffel, president of a CIO local of the United Automobile Workers, who manipulated workers' votes by use of 2,000 fraudulent ballots.

The report further asserts that Christoffel gave false testimony under oath, as did his successor, the then local union head, Robert Buse, viewed by the House committee also as a Communist and as responsible for the 329-day strike that ended last March. Both men denied they were Communists.

If these grave charges stand, they clear up certain mysteries as to strikes which seem to have been made without sufficient grounds and to have been prolonged without reason. It is certain that if the committee can get actual evidence in these matters, it will render the nation a service. There is too much witch-hunt stuff in the air, too many accusations going around without foundation. Straight and incontrovertible evidence in these cases is needed.

Anyone in America has a right to approve the theory of Communism and to express such views in any public or private place. No one has any right to plot against the United States government. The distinction must always be kept clearly in mind. Men against whom there is definite evidence of crime must be treated accordingly.

Homeless Millions

In Europe and the Far East there are almost a million and a half people living in camps and barracks. These are the DPs, the Displaced Persons of the world, who either will not or cannot return to their former homes. Among them are Poles, Balts, Ukrainians, Yugoslavs, Germans and Lithuanians, all without countries.

The UNRRA, which has cared for them for two years, ends the last day of this month. The International Refugee Organization was set up by the United Nations to take over under a charter now signed by 16 nations and with a budget of \$161,000,000. The U. S. Senate already has approved America's contribution of \$73,500,000, and the House is expected to pass it, too. Indeed it may have done so before this is in print.

This action by Congress will not smooth the way for those of the refugees seeking residence in this country, since riders have been attached restricting immigration to quotas based on proportionate nationalities here in 1890.

Many arguments are presented for the lowering of immigration quotas by the United States, a step, it is thought, that would be followed by other countries. In the meantime, the homeless ones remain homeless, some of them so crowded in their makeshift quarters that 20 live in a single room. They indeed are among the most cruelly suffering victims of the war.

Abd-el-Krim

Abd-el-Krim has been released. Though many may have forgotten him, 21 years ago he was on the front page of almost every newspaper. That was the culmination of his eight years and more as a leader of the mountaineers of the Rif, Northern Morocco.

He had driven the Spanish almost out of Morocco, and forced them to appeal to the French for help. At first he beat even the French, but finally their superior resources were too much for him. In May, 1926, he surrendered, and till the other day was an exile on the French island of Reunion, in the Indian Ocean. It is to be hoped that its volcanic crags consoled him for the loss of his native mountains.

The French thought it safe to free him. They had treated his Rifians with justice, and believed that nothing was to be feared from him. So they provided him with a villa in the lovely Rivieras.

Abd-el-Krim seems to have scorned the villa. He escaped from the boat bringing him back, and took refuge in Egypt. Now France, which has enough other troubles, is wondering whether he plans to stir up unrest in French North Africa.

Celery Report

At times the market was sensitive and quickly responsive to developments. Trade was sometimes jittery. The strain on those handling sales was trying.

Conditions were so out of the ordinary that previous experience could not help much, he commented. For the spring crop, light shipments were expected in April, heavy shipments in May. However, the crop was moved so rapidly that April shipments were heavier than expected.

Even after this occurred, the remaining crop was so small salvaged that May shipments were frequently heavier than anticipated. "It was surprising how much punishment the crop could take and yet with smaller average planted more within 2,400 to 3,000 cars of the previous season," he pointed out.

The punishment referred to was caused by exceptional weather. Abnormally high weather of November through January resulted in subnormal yields, quality and sizes, some plantings were abandoned and sandlot crops looked very unpromising, low in vitality and unresistant to further damage.

In February and early March celery crops generally arrived cold spells as low as 20 degrees or less, while many fields of tender vegetables were destroyed or seriously injured. Much blightiness developed in celery due to the cold which in some fields caused enough dormancy to produce dead stalks, commonly accompanied by black heart. Premature cutting of affected crops made small sizes and short growth. The effect of the frozes was spotty, according to Blesser. With a high market following, special efforts were made to salvage the crops. Many fields produced very light yields due to the heavy stripping needs necessary.

Although some of the weather following the freeze was favorable to crop recovery, there was also some unseasonable weather during the spring, he pointed out. There were heavy rains with some

Gasoline Truck Crash Starts 6 Home Fires

PHILADELPHIA, June 9 (AP)—A truck hauling more than 7,000 gallons of gas crashed into a power line pole today and sparked ignited the gasoline, injuring five persons and setting fire to six houses.

A huge ball of fire rose approximately 100 feet in the air after the accident after sparks ignited the gas leaking from the truck and trailer tanks behind the truck. Flaming gasoline set fire to six houses, forcing 22 persons to flee.

Firemen battled the blaze for nearly three hours before it was brought under control. Burning with a series of blasts, the gas-

Allocation Of Extra Sugar Is Proposed

WASHINGTON, June 9 (AP)—The Agriculture Department proposed today that an additional 15 pounds of sugar per person be allocated this year exclusively for home canning instead of lifting household rationing, immediately.

Last Graduation Of All-Women Class Is Held At Tallahassee

TALLAHASSEE, June 9 (AP)—Florida State University graduated probably its last all-women class today when it awarded diplomas to 291 candidates.

The diplomas, which bore both the name Florida State College for Women and Florida State University, were presented by President Doak S. Campbell.

The Legislature recently made the institution co-educational and changed its name from Florida State College for Women to Florida State University.

Dr. Charles E. McAllister, dean of the Cathedral of St. John the Evangelist in Spokane, Wash., and a member of the Board of Regents of the State College of Washington, made the graduation address.

Dr. Millard J. Berquist, pastor of the First Baptist Church of Tampa, delivered the baccalaureate sermon Sunday.

Among the graduates was Mary Groover Holland, daughter of U. S. Senator and Mrs. Spessard L. Holland of Bartow.

UAW Call Strike At Packard Body Plant

DETROIT, June 9 (AP)—The Briggs manufacturing Company today reported that members of the CIO, United Steel Workers walked out of the Connor plant which produces bodies for Packard motor cars.

The action, affecting more than 2,000 workers, was confined to the plant which said pickets already were patrolling the plant entrances while a meeting of union officials was under way. There was no explanation from the union.

James H. Marshall, chief of the sugar branch, told the House Banking Committee that sugar supplies are still not sufficient to meet all demands and that removal of household controls might "make rationing ineffective for small industrial users."

TOUCHTON DRUG CO.

DIZZINESS
 By W. V. BITTING
 Touchton Drug Co.

Dizziness is a symptom of various ailments, but most of them can be traced to a tiny bodily mechanism—the labyrinth of the inner ear.

It is no larger than our smallest fingernail, yet it controls our entire sense of body balance. Any disturbance of the organ results in dizziness. Perhaps almost everyone has experienced a sense of dizziness at one time or another. It is an indication that something is wrong and repeated attacks should be diagnosed by your doctor.

He may prescribe medication, if so you will want fresh patent drugs. Let your doctor recommend the pharmacist who can supply them.

Buddy Lake Turns In 4 To 1 Victory Over Senators

Locals Win Two Tilts And Drop One Over Weekend; Tomat To Hurl This Evening

By ARTHUR BECKWITH, JR.
Herald Sports Editor

The Sanford Celery Feds resumed their winning ways over the past weekend as they tripped the St. Augustine Saints and the Orlando Senators while dropping a tilt to the Saints in the Ancient City.

Friday night the locals tangled with the St. Augustine aggregation and played superb ball as the Feds nipped the visitors by a 1 to 0 margin behind the four hit outburst of Charlie Bissen. The Sanford nine dropped the return engagement to the Saints at Francis Field by a 10 to 5 score.

Yesterday Buddy Lake went the entire route and allowed the Orlando Senators but six singles as Sanford unleashed an eighth hit attack on Gene Major to record a 4 to 1 victory over the Orange County rivals.

Sanford placed yesterday's contest on ice in the initial frame when they scored a pair of markers.

Johnny McManus opened the inning by working Major for a free ticket. Manager Don Murray singled to right field and McManus pulled up at third. Dave Bride slashed a single into left field. On the play Garrison allowed the ball to slip through and roll to the left field wall. McManus and Murray scored.

The Senators bunched two hits, coupled with a Fed miscue, in the sixth frame to score a single marker.

The locals chalked up two more tallies in the bottom of the sixth on an error, a two-base throw by Tim Tyler and a pair of infield outs.

The local aggregation invades Tinker field for a single contest tonight. It is likely that Manager Murray will name Johnny Tomat to handle the mound assignment.

Trippi To Pinchhit As Shoulder Better

ATLANTA, June 9 (AP)—Charlie Trippi, hard-hitting Atlanta centerfielder, is a doubtful starter in tonight's game with Nashville here, but is sufficiently recovered from a shoulder injury to appear in a pinchhitting role.

Trippi, third among Southern Association batting leaders with a .336 average in 40 games, was hurt eight days ago when attempting to make a diving catch of a line drive.

He appeared in the lineup yesterday as a pinchhitter for the first time since the accident, and lashed a triple against the fence to drive in a run, but the effort went for naught as the Crackers lost, 8 to 12, to Nashville, after winning the first game.

Trippi is to leave the club in mid-August to begin football workouts with the Chicago Cardinals.

Scramble Foreseen For Titles In Ranks Of Women's Tennis

NEW YORK, June 9 (AP)—With Pauline Betz out of the way, the battle among feminine tennis stars for the major titles of the world will be as wide open as a rummage sale, and twice as interesting, in the opinion of Doris Hart, Florida's No. 1 candidate to become the new queen of the amateur.

"There'll be four American girls at Wimbledon and any of us could win the women's singles championship," said the 21-year-old University of Miami student who took over the No. 3 spot in the U. S. rankings when Miss Betz vacated the thrones on both sides of the Atlantic to turn pro.

"And it's likely to be that way all summer," she continued, "both at home and abroad. Pauline could beat any of us, but since she won't be around, every tournament is going to be a scramble."

Miss Hart, who arrived from Miami last week to get in some practice on grass before departing for England, looked dejected by out the window of her Forest Hills hotel room at the rap which kept her off the turf courts of the West Side Tennis Club for the second straight day.

"I've been playing a lot on our clay courts in Florida the past two months," she said, "but I had hoped to practice on the grass courts here and came up a week ahead of my departure for that purpose. This rain is terrible."

Babe Didrikson Wins 1st Round In British Game

GULLANE, Scotland, June 9 (AP)—Babe Didrikson Zaharias breezed through the first round of the British Women's Amateur Golf Championship today, whipping a tall local lass, Miss Helen Nimmo, six and five.

Fighting a cold, inner-stiffening west wind, Babe had difficulty on the first two holes and confessed later, "I was trying to punch them too hard." She began to relax on the third hole and to swing more deliberately.

The calmer approach paid dividends for the American champion, winner of 15 successive tournaments before she came to Scotland in quest of the big British prize. She reached the turn three and closed the match in the next four holes.

Her slick four on the twelfth was the kind of golf that any male champion would have been proud of. Although her second round was in the rough, she succeeded in chipping to within ten feet of the cup, then dropped the putt.

"I'm glad the first round's over with," she commented as she hiked more than a mile from the thirteenth green. "That's always the tough one. From then on it's easy."

The Babe started out after the championship well-wrapped up against the piercing wind from the Firth of Forth. Over a cotton blouse she wore a wool shirt and checked sweater. Faded, corduroy blue slacks covered her legs, and for a while she had the bottoms tied with string to keep them from whipping in the breeze.

Final Tennis Clinic Held At Mayfair Inn

The final session of the tennis clinic sponsored by the Sanford Bath and Tennis Club at the Mayfair Inn courts was held Saturday morning under the direction of Charles Morrison, the club's tennis advisor, assisted by Miss Barbara Damphier who will have charge of tennis activities during the summer as one of the three local recreation directors.

Twelve teen-agers were on hand for beginners and review instruction. Newcomers, out for the first time, were: Sidney Chase III, Jack Shirard, Patty Ratigan, Patty Shroner, Yvonne Fraser and Jack Thomas, the last named from Pahokee, visiting relatives, the E. G. Kilpatrick's for a few days.

Among the youngsters who had attended former sessions of the clinic were: Frances Cobb, Frances Moore, David Hester, Edwin Varner and Bill and Bob Kilpatrick.

Mr. Morrison expressed himself as being pleased with the progress the group had made during the past three weeks and offered his continued cooperation to the City Recreation Department in helping to stage a tennis tournament later in the year.

Parker And Mulloy Cop Tennis Doubles

KANSAS CITY, June 9 (AP)—Frank Parker of Los Angeles and Gardner Mulloy of Coral Gables, Fla., third and fifth ranking U. S. amateurs, respectively, monopolized the titles in the Heart of America tennis tournament.

Parker whipped Mulloy, 8-6, 6-2, 6-0, in the men's singles, then paired with his victim to beat the double team of Francisco, (Pablo)—Segura, Ecuador, and Bob Falkenberg, Los Angeles. The doubles, which provided the best tennis of the week-long tournament which ended yesterday, went 8-6, 4-6, 7-5, 0-6, 6-1.

Mrs. Morey (Baba) Lewis, Boston, provided the only upset of the finals in defeating Laura Lou Jahn, Ft. Lauderdale, Fla., 6-0, 6-1, in women's singles. Miss Jahn, a 14-year-old high school freshman who holds the Florida women's singles crown, had earned the role of favorite by defeating top-seeded Doris Jensen, Des Moines, Ia., for the junior girls' title Friday.

Mrs. Lewis, Canadian women's champion, played a flustered game in turning back the Florida girl who was hitting poorly and was unable to stand the pressure turned on by the speedy Bostonian.

The Japanese oil yield in pre-war years amounted annually to less than the daily output in the United States.

COMMENTS from the SIDELINES

By ARTHUR BECKWITH, JR.

FED SKIPPERS

"Buddy never should have taken the job from the very start," "Buddy had no business trying to manage his home town club." These are typical phrases that have been spoken from the lips of many Sanford Celery Feds. Prior to the naming of Don Murray as skipper of the local entry in the Florida State League.

Most people do not know the circumstances under which Buddy accepted the manager-ship of the Celery Feds. In fact most people just think that he was the man that the Sanford Baseball Association wanted for the job, but this is not true.

The Sanford Baseball Association as well as Lake realized that he was not the man to manage the Sanford team, not because he did not have the ability, but because he had no business bossing his home town team.

Let us turn back the pages of time and reiterate the actions of the Sanford Baseball Association.

Last fall the local Association heads were looking for an experienced catcher or infielder for a manager. Several men were contacted and the best prospect was Johnny Pare, a catcher.

Pare continued negotiations until the Feds could wait no longer.

Pare notified the locals that he was accepting a job in the Carolina League, therefore the Feds were caught short and the time for Spring training was upon them.

Buddy Lake was approached to take the aggregation into hand. Lake agreed that he would take the job temporarily and that he would step down in the event that a capable catcher or infielder could be found to manage the club.

It is indeed unfortunate that the Feds were in a slump at the time that Don Murray was appointed. The miscues and the erratic play of the locals was no fault of Lake's.

Sanford was lacking the services of several players at the time Lake stepped down. Silverman was out with a severe leg ailment. Langston was suffering a pulled muscle, Edwards was laid up with a sore arm, and Martin Zuba was suffering a sprained ankle.

With the player situation as it was, and with the wolves howling at Lake, it was nothing short of miraculous that the jovial left fielder did not throw in the sponge and say "If the Bleachers Master-mind can do better, let them have the job."

We hail the fine sportsman like conduct of Buddy Lake and wish him continued success in his baseball career with the 1947 edition of the Sanford Celery Feds.

Chris J. Bucurel, Recruiting Sergeant In Marines, Re-enlists

JACKSONVILLE, June 9, (Special)—Marine Staff Sgt. Chris J. Bucurel, 24-year-old native of Sanford, Fla., is once again recruiting sergeant who really believes his own recruiting spiel.

and then his travels began. From South Carolina he went to Iceland; from Iceland he came back to the United States, to Norfolk, Va., where he embarked for New Zealand. After a very short stay in New Zealand he went to the British Solomon Islands to participate in the Guadalcanal campaign.

Bucurel back to his native Sanford where he was stationed at the Naval Air Station as a member of the Marine Detachment. Fourteen months in Sanford saw him leaving for Charleston, S. C. A very short stay there and he was transferred to recruiting duty in Jacksonville, where he has been stationed for the past 13 months.

FLUSH OUT KIDNEYS THIS DOCTOR'S WAY

Backache, loss of the old pep, getting up nights, and headache are often caused by clogging more than improper kidney action due to excess acid in the urine. The kidneys are one of Nature's ways of removing impurities from the blood.

AMERICAN HOUSEWIVES ARE THRIFTY

The buying procedure of the American housewife could well be an example of intelligent purchasing to the country over. They are out to get the most for their money and "shop around" until they find the best buy—in quality and price.

Boyle Urges Revamping Of State Taxes

No Need For Special Session Foreseen; French Avenue Project Starts Soon

Senator Lloyd F. Boyle said today that the failure of the Legislature to enact a tax bill at its recent session only serves to indicate the need for a complete revamping of Florida's tax structure. Although he added that he did not consider a sales tax advisable at this time and expressed the opinion that the Governor would not find it necessary to call a special session.

"There will be sufficient revenues to operate the state and provide for increased appropriations throughout the coming year," Senator Boyle stated, "and if any deficit occurs it will be some time in 1949 and by that time another Legislature will have been elected and another regular session will have the responsibility of providing funds."

Immediate revamping of French Avenue is in prospect, Senator Boyle stated, as he pointed out that a bill designating that thoroughfare as a State Road was successfully maneuvered through the Legislature. He quoted Chairman Elgin Bayless of the State Road Department to the effect that contracts for the improvement of this road at a cost of approximately \$50,000 will be let in July.

Although Senator Boyle opposed the bill to open the St. Johns River and Lake (Chasco) to commercial fishing, he assented to a provision that the bill be finally enacted in unconstitutional and will be so decided by the Supreme Court. The State Game and Fish Commission is preparing a constitutional body, he pointed out, and is vested with complete authority to control fishing in Florida's inland lakes and streams.

Among the most important laws enacted by the recent session, Senator Boyle said, was the Citizens' Committee's Educational Bill designed to increase teachers' salaries and improve the standards of Florida's public schools.

Rep. Smith Sees No Need In State For More Taxes

Representative M. B. (Tom) Smith, who has been getting a good rest after his term in the Legislature at Tallahassee, today said that he was satisfied with the action of the Legislature in avoiding levy of new taxes.

"We didn't see fit to levy any new taxes as we knew we had enough to operate on without them," he declared. He pointed out that his opinion was based on a report of the House Finance and Tax Committee of which Percy Murray of Frostproof is chairman, and of which Representative J. Bentley Odham is a member.

Representative Smith trained the work of Mr. Odham in his first session at Tallahassee; also he pointed out favorable legislation obtained for Seminole County, including the designation of French Avenue as a state road; the appropriation for the Central Florida Employment Station, and extension of the City limits at the Municipal Airport.

He declared that he had voted for House Bill 318, which Governor Caldwell is reported intending to veto and which relates to reducing county share in maintaining state tuberculosis sanatoria.

After the Legislature adjourned Rep. Odham motored to Pineville, La. for a visit with his wife and his father and mother-in-law, Mr. and Mrs. S. W. Tudor. He expects to return this week to Sanford, according to Mrs. H. B. Odham, his mother.

Public Officials Talk To "Boys State"

TALLAHASSEE, June 10. (AP)—Members of Florida "Boys State" heard talks by city and county officials here today as they began their annual five-day conference.

Indian Delegates To U N Hope For Eventual Unified Nation

Japanese Surgeon Brought To Trial In Atrocity Court

U. S. Prisoners Were Injected With Bacteria At Truk Base

GUAMI, June 10. (AP)—A new little Japanese fleet surgeon charged with using American prisoners for inhuman medical experiments went on trial before a military commission today with 18 subordinates accused of spearing, strangling and beheading ten of their captives.

Frank, middle-aged Capt. Hiroshi Iwanami, who allegedly ordered prisoners injected with virulent bacteria on the sea batten of Truk, squirmed and licked his lips as the charges were read.

After this preliminary was completed, the commission recessed until June 24 to give Japanese defense counsel from Tokyo time to prepare their case.

The U. S. Army, which is conducting the trial, charges that bacterial injections killed four American prisoners. Experiments with tourniquets took the lives of two men, the charges state, and two who survived were injected with mophine. When that did not kill them, they were strangled, the prosecution asserts.

Two other Americans allegedly were strung up like football dummies on Iwanami's orders. One of them was strangled with bamboo spears to test the value of spears as weapons while the other was bayoneted.

The Navy contends bodies were dumped near the hands buried and then sent to Japan for study. A persistent search in Japan has failed to locate the hands. The corpses, buried on Truk, reportedly were dug up at the end of the war and hurried into the sea.

Three charges of murder and six of violation of the laws and customs of war describe the ten American victims as unidentified. All efforts to learn their names have been frustrated because the Japanese destroyed all records.

Lieut. Comdr. Joseph A. Regan of Brooklyn, prosecutor, told the tribunal that other Japanese were involved but that Navy investigators had been unable to learn their identity.

Group Approves Bill Ending Sugar Ration

WASHINGTON, June 10. (AP)—The House Banking Committee approved today a measure to end sugar rationing for home consumption. Chairman Wolcott (R-Mich.) said that the decision was by an "overwhelming" vote although not unanimous.

The bill was introduced by Rep. Goswami (R-N.Y.). It would have no effect upon price control of sugar, nor would it directly affect rationing of sugar for industrial use.

Under the present law, rationing of sugar would expire October 31. However, the existing statute authorizes the Secretary of Agriculture to continue inventory control of sugar until March 31 if he deems it necessary.

Budget Group Aims To Block State Deficit

Commission Imposes Four-Way Check On Funds Of Federal Revenue Departments

TALLAHASSEE, June 10. (AP)—Florida State Departments were instructed today to hold their budgets for the new fiscal year at recommendations of the Budget Commission, rather than the higher appropriations granted by the Legislature.

Asking to forestall the general fund deficit, Governor Caldwell said the Legislature left in prospect by failure to levy new taxes, the Budget Commission imposed a four-way check on funds of agencies which are supported by general revenue.

Preparatory to reviewing the first of the budgets for the 1947-48 fiscal year which begins July 1, the cabinet board set out instructions to all agencies that:

1. All budgets shall be based on the Budget Commission's recommendations to the Legislature. This would mean the total 1947-48 year-outlay \$52,152,870 instead of the \$53,391,000 authorized by the Legislature.

2. Each budget shall not exceed 10 percent of the 1946-47 total for that agency. The Budget Commission will determine the amount to be released by the Budget Commission for the year may be spent or obligated within each quarter.

3. Each budget year will be divided into four quarters, and no more than one-fourth of the amount released by the Budget Commission for the year may be spent or obligated within each quarter.

4. Contingent funds will not be included in budgets but will be budgeted separately. Budget Commission funds are unavailable. That strikes out, temporarily at least, about \$5,500,000 in contingent funds the Legislature included in the general appropriations bill. Governor Caldwell already has said he will refuse to sign his name to checks on any of those funds.

Attorney General Tom Watson, who arrived at the meeting just before the meeting closed.

Ramadier To Call State Of Siege If Strike Continues

PARIS, June 10. (AP)—French leaders today urged workers to order the 700,000 striking workers of the socialized French railroads back to work, the deadlock remained complete.

PARIS, June 10. (AP)—Well-informed sources said today that Premier Paul Ramadier was ready to ask the National Assembly to vote a state of siege in France if parleys with railroad union officials fail to halt by this afternoon a five-day-old French rail strike.

Ramadier, flanked by his transport minister, Jules Moel, conferred throughout the morning with a delegation of union workers from the state-owned railroads, headed by Raymond Touraine, their secretary-general, who said he would return to work if the government would raise wages, in short order if he wanted to.

Ramadier has been insistent that the strikers go back to work before the government considers their demands.

There was no official confirmation for the state siege threat, but the Premier has announced his intention of appearing before the Assembly some time today and announcing what he might ask a vote of confidence.

No further progress was reported in halting the new strike of electricity and gas workers, thus far. There were predictions, however, that the lighting gas fuel strike might be extended tomorrow.

Representatives of the lighting union conferred with Robert LaCoste, industrial production minister, today.

Mississippi River Flood Waters Recede

HANNIBAL, Mo., June 10. (AP)—The swirling Mississippi River began receding slightly today along a flood-ravaged, 80-mile stretch in eastern Missouri and north central Illinois where the evacuation of an estimated 3,500 persons ran the number of homeless from high water in a four-state Midwest area to more than 22,000.

"The rather long crest" of the Mississippi rose slightly overnight but with a slight fall noted today rivermen and U. S. Army Engineers expressed belief that only further rains would aggravate the situation.

United States Of Europe Endorsed By Secretary Marshall

Pravda Attacks Americans Over Hungarian Issue

Approval Written To Sen. Vandenberg; Need Of Foreign Broadcasts Cited

WASHINGTON, June 10. (AP)—Efforts in Congress to promote the idea of a "United States of Europe" won conditional approval of Secretary of State Marshall today, along with an endorsement by Winston Churchill.

Marshall is "deeply sympathetic towards the general objective," he wrote, "but we should make it clear that it is not our purpose to impose upon the peoples of Europe any particular form of political or economic association."

Churchill, wartime Prime Minister of Great Britain, radioed "I have been encouraged by the evidence of support for United Europe in America."

Both leaders addressed their comments to a resolution pending in the Senate and House Foreign Committee which would put Congress on record as favoring the creation of a United States of Europe within the framework of the United Nations.

WASHINGTON, June 10. (AP)—Secretary of State Marshall has expressed general approval of a resolution to put Congress on record as favoring creation of a United States of Europe within the framework of the United Nations.

The course the United States wants a Europe which is not divided against itself, a Europe which is better than a Europe which is worse, and which we can insure here of what we expect to gain in the great efforts which will be made if wars are to be avoided and civilization is to survive in Europe.

But we should make clear that it is not our purpose to impose upon the peoples of Europe any particular form of political or economic association.

Vets Of Foreign Wars Hold Dinner Meeting At Hut

Planning of a weekly broadcast over radio station WTRR and participation in the summer State VFW convention at Sarasota, Fla., are the topics of discussion at a dinner meeting of Post 3282 of the Veterans of Foreign Wars.

John Pope, Douglas Starnstrom, W. G. Fleming and Melvin DeKle, were the new members taken in according to the Veterans of Foreign Wars. The meeting was held at the Post 3282 of the Veterans of Foreign Wars.

Portion Of Albania Banned To Planes

BELGRADE, June 10. (AP)—The Albanian telegraph agency said today the Albanian Ministry of National Defense had issued a communique to the effect that "fire will be opened on all military planes, regardless of their nationality," flying over a portion of southern Albania close to Greece.

The agency said the step was taken in reply to "constant provocation" by Greek military aircraft flying over Albanian territory, of which there were 18 in May alone.

The board of directors of the San Diego County Chamber of Commerce will meet tonight at 8:00 o'clock at the Tourist Center.

Fed Skipper Signs Contract

Don Murray, seated right, is shown signing a Sanford Herald contract to manage the local radio in the Florida State League. Murray, a second baseman came to Sanford from Parklands, Va., in the Piedmont League where he is holding down the left field sack and hitting at a .310 clip. The former Fed manager, Budie Lake, is standing behind Murray. Seated at the left is George E. "Red" Davidson, the Sanford Baseball Association's president. Behind him is Business Manager George Imby.

Sanford Nursery Power Company School Proves Aid To Mothers

Thirty Children Enjoy Facilities Provided, Daily

MRS. EVELYN BERGH, upon her year-round school, is a special interest representative in the summer, the Sanford Nursery school daily takes complete charge of approximately 30 youngsters between the ages of two and ten years. The school, located at the corner of South Street and Palm Avenue in the local business district, is operated by the Sanford Nursery School, Inc., which is under the direct supervision of T. W. Lawton, County School Superintendent.

The children, notably enjoying the excellent playground equipment, intently listening to the story of Peter Rabbit during the year-long of learning history.

Red Hats Deny Steinecke Resignation

The Deland baseball fans were slated to hold a meeting at 3:00 o'clock to determine Bill Steinecke's position with the Deland Red Hats, it was announced in the University City this afternoon. Steinecke, it is reported, has the complete support of the Deland fans and has been requested to remain with the team.

DELAND, June 10. (AP)—Management of the Deland Red Hats of the Florida State League said today it had received an official notice of Manager Bill Steinecke's resignation.

Bill Pace, business manager, said he knew nothing of any such action by Steinecke but added he would appoint an acting skipper if he did not hear from Steinecke later today.

Asked if the club was looking for a new manager Pace replied, "Not yet. We do not even know if Bill has quit yet, but if he does not get in touch with us soon, a manager will be appointed for the 'game tonight'."

The business manager denied any friction between Steinecke and club officials that would cause the manager to resign.

BRITISH RELEASED

JERUSALEM, June 10. (AP)—Yesterday by extremists were released unharmed today at Kiryat Shaul as a British military column prepared to search that Jewish colony.

KIWANISMEET

James Rivers, owner of Radio Station WTRR, will address Kiwanis at their Wednesday luncheon at the Tourist Center, it was announced today by Lester Sharp, president.

STATE PRISON FARM

TALLAHASSEE, June 10. (AP)—The cabinet agreed today to designate the State Prison Farm at Belle Glade as "Florida State Farm Number 2" through Governor Caldwell commented it wasn't a very impressive name.
