DRUID PARK is being built for permanency. It is a constructive development along the lines of a fixed program, with the ultimate ever in view.

Announcements of formal opening will be made in a few days. Reservations are being received at the offices of Britt-Chittenden Realty Company.

A Britt-Chittenden Development

In the opening sale of Davis Shores, checks poured in from every portion of Florida and from many states outside—\$18,405,000 worth — completely exhausting Oceanview Section and oversubscribing the first unit by \$7,137,000.

Another sale of this magnetic Island property will be announced shortly. Keep in touch with our local representative if you would share in the great profits to be made in Florida this winter. See them now if you wish to be certain of securing reservations when the property is again placed on sale. Immediate action is advised. Davis Shores is the most sought property in Florida today.

Ten times the price paid for the entire state of Florida, is now being expended in the development of

Davis Shores
—MAGNETIC ISLAND—
St. Augustine, Florida

THE United States paid the Spanish government \$5,000,000 in 1819 for the entire State of Florida—a stupendous sum in those days. Yet today \$50,000,000—ten times as much—is being expended in the development of Davis Shores, the new 1,500-acre island project of D. P. Davis in the heart of the Mother City of America.

Along the twenty miles of waterfront on the ocean, bay and Venetian waterways will be constructed a massive concrete seawall, providing anchorage for yachts and water craft of all kinds. Beautiful flowers, plants and shrubs will be planted about each home place, along each boulevard, street and waterway. Nothing will be left undone in this \$50,000,000 program to make Davis Shores a tropic resort and home place of wondrous splendor in America's oldest city.

Here on the very sands where early explorers first set foot on American soil, Mr. Davis is building a great modern city and resort center. Virtual armies of workmen have been employed for the construction of fifty miles of wide paved boulevards and sidewalks, and for the erection of ornamental street lights and other conveniences and utilities. Here he will build hundreds of distinguished homes, hotels, apartments, business houses and palatial clubs.

To those who would make a profitable investment in Florida real estate, Davis Shores holds magnetic appeal. Already on purchases made just a few weeks ago substantial profits have been taken. For those who want the quick fortunes that will be made in Florida this winter, one thing alone is necessary. Action! Immediate action! For Davis Shores in its opening sale proved to be Florida's fastest selling property—in greater demand than any other in the entire state. And such demand is making fortunes for those who own!

SHOWER FOR CHILDREN'S HOME IS GIVEN BY SOCIAL DEPARTMENT

Once each year, the members of the Social Department of the Women's Club set aside a day which they devote to the Children's Home at Jacksonville, giving a "shower" of clothing, toys and books, as well as money, with which to help brighten the lives of the little tots who are deprived of a mother's or father's love and care.

In spite of the inclement weather on Tuesday afternoon, quite a large number of members of the Social Department attended this annual shower, generously responding with gifts of all kinds and a goodly sum of money as well. Mrs. C. R. Kirtley, the eldest daughter of the club president, was the charming hostess on this occasion.

The club presented a most picturesque appearance with real holly Christmas trees, loaded with vivid, red berries. These were effectively placed around the large auditorium as well as on the stage. The Christmas spirit was evidenced in every detail throughout the afternoon. Greeting the guests upon arrival was the hostess, Mrs. Kirtley, assisted by Mrs. Theodore Langley, department chairman, and Mrs. E. M. Galloway, a valued member of the children's code commission.

At one side of the entrance a large red covered table was placed, on which little Miss Adelaide Key, the winsome young daughter of Mrs. A. B. Key, received the gifts from the members, placing them into a huge red stocking which hung on the wall at her side.

Following the "shower" an absorbing game of bridge was enjoyed, the prize for top score, a picture, "The Age of Innocence," being won by Mrs. John C. Deen. Miss Emma Owens was consoled with a large angelfood cake for having scored low, when her points and honors failed to score. The prizes were presented by the two teens, Master Billie Kirtley and little Miss Susan Kirtley.

Four of Sanford's future society buds, Misses Julia Higgins, Mary Mahoney, Katherine Meisch and Helen Douglas assisted in serving the refreshments consisting of frozen fruit salad, cheese sandwiches, and coffee. Mrs. Kirtley was also assisted in taking up the scores and cards by Miss Vera Dickerson.

There were 10 tables of players, and the afternoon proved one of exceptional pleasure of the guests, the cordial hospitality of the hostesses being reflected in every detail.

Mrs. Minarik Chosen President Of G. I. A. Tuesday Afternoon

President—Mrs. M. Minarik.
Vice-President—Mrs. A. P. Bandy.
Insurance Sec.—Mrs. J. B. Crawford.
Cor. Sec.—Mrs. A. J. Metcalf.
Treas.—Mrs. F. K. Smith.
Chaplain—Mrs. M. E. Moye.
Guide—Mrs. L. M. Telford.
Sentinel—Mrs. L. Grow.

The appointed officers and special committees for the year will be named by the incoming president, at a future date.

THETA RIBBON SOCIETY INITIATION BALL BRILLIANT COLLEGE EVENT

GAINESVILLE, Dec. 9.—The most brilliant affair of the pre-holiday season was the ball given Friday evening at the Theta Ribbon society at the University of Florida, who were hosts at their "Annual Initiation Ball."

Christmas green in which holly and mistletoe were conspicuous parts, were used for decorating the stand was completely hidden by an interlacement of bamboo and hot house ferns. Draped at the windows were ribbon streamers of green and red, the streamers also forming curtains at the French doors.

During the evening the dance floor was graced with beautifully gowned girls, whose attractive frocks were clever foils for the deep colored decorations. Chili Clough's Collegians gave a feature program of music for the dancers.

Confetti Adds Gala Touch
During the intermission an ice course was served. Noisemakers, fancy caps and hats were given as favors at this time, while the close of the ball found the girls and their escorts dancing under a canopy of ribbon confetti.

Officers of the Theta Ribbon society include Donald Baird, president; J. W. Daniels, vice-president; Harry Watrous of Tampa, secretary and treasurer. William Lake is chairman of the dance committee.

Chaperones for the evening were Mr. and Mrs. W. M. Pepper, Mr. and Mrs. Fal Johnson, Mr. and Mrs. Robert E. Glass, Mr. and Mrs. Jack Stringfellow, Mr. and Mrs. John Powell, Jr., Mr. and Mrs. Harry L. ATLANTA, Ga., Dec. 9.—(AP)—Apples, potatoes, and oranges competed closely for first place in volume of shipments in the fruit and vegetable markets during the first week of December, the weekly review of the U. S. Department of Agriculture says today.

The southern cabbage season opened with two cars from Florida last week, the report says, and movement from the peninsular state and from southern Texas should soon be active enough to offer competition with northern stock from storage.

Potato prices are very irregular, according to the review. Some advance occurred in a few cities but this was partially offset by declines in other sections.

Apples were about steady on all large markets, with western New York Baldwin's advancing last week to \$1.77 and \$1.00 a bushel.

Manatee county, expected to produce 3,000 acres of celery, it was said, may not have more than 300 acres.

County Federation Is Entertained Saturday At Altamonte Springs

The Seminole County Federation of Women's Clubs held a delegation gathering on Saturday when the members enjoyed the hospitality of the Altamonte ladies in the Altamonte Community House.

Many club problems were discussed and plans were formulated for raising funds for development of Federation Park, comprising several acres of tropical land on the Wekiva River, near Sanford, and which was the gift to the clubs from Joe Cameron.

It is planned to keep the tract in almost its primitive state, clearing enough for passable trails and building a fire-place for picnics. Thus some of our Florida's trees and scenery will be preserved for all time.

The following clubs were represented from Sanford, Auxiliary Spanish War Veterans, Sanford Women's Club, Chuluota Parent-Teachers Association, Oviedo Women's Club and Longwood Civic

Mrs. Barnwell Beck Entertains The T.E.L. Bible Class Monday

Mrs. Barnwell Beck was hostess Monday afternoon to the T. E. L. Class at her home on Geneva Avenue. Quantities of narcissus adorned the spacious home, together with numerous potted plants and palms.

The first part of the afternoon was devoted to the regular routine of business, at which time plans were made for the ensuing year. During the social hour a number of humorous readings were given by the members.

Refreshments consisting of fruit salad, chicken sandwiches, fruit cake and coffee were served at a late hour by the hostess assisted by Miss Minnie Beck, Miss Thelma Howell and Mrs. L. B. Hodgins.

About 40 members enjoyed the cordial hospitality of Mrs. Beck. League. The Women's Christian Temperance Union was also received into the Federation.

Reports Read And Election Held At Annual Meeting Of Episcopal Church

At the annual parish meeting of the Holy Cross Episcopal Church, which was held on Dec. 4, the election of members of the vestry, the reports of the treasurer and various committees occupied the attention of members of the parish, according to an announcement made this morning by C. J. Rumph, secretary of the parish.

Following the report of the parish treasurer, came those of the vestry, Woman's Service League, Church School and by-laws committees, each of which was approved and ordered recorded. The election of members of the vestry followed the reading of the various reports and the following members were elected to serve as vestry members for the ensuing year: B. F. Whitner, G. F. Smith, George Speer, A. R. Key, Geo. A. DeCotter, T. L. Dumas, S. O. Chase, Randall Chase, A. P. Connelly, E. D. Mobley, J. R. Stewart and C. J. Rumph.

During the time required by the canvassing committee to determine the results of the balloting for vestry members and announce the result, the Rev. McMiner Glover addressed the meeting. The Rector spoke briefly upon the needs of the parish and of the work which was before the parish for the coming year. He stressed many points of vital interest to the members of the church and asked for co-operation between the vestry and members generally.

It is said that refreshments were served to the assembled members of the parish, which they asserted, were very enjoyable and added

to the pleasure of the evening meeting.

According to the report of the vestry, a loan has been secured from the Jefferson Life Insurance Company with which it is hoped to complete the church building.

Many new features were added to the building during the past year, according to the report, a furnace, electric fixtures, and many small items being included in the list.

The residence formerly owned by the parish, and which was used as a rectory, was sold for \$10,500 it was announced.

Title to two lots on Palmetto Avenue and Ninth Street, was secured from the colored Primitive Baptist church in the sum of \$2,250 it was said, and the building committee is considering plans for the erection of a new rectory on the corner lot, reserving the inside lot for future sale, the report stated.

Women Of State College In Playlet And Pageant Are Complimented On Pretty Presentation Of Stories

TALLAHASSEE, Fla., Dec. 8.—(AP)—The annual demonstration of the Odds and Evens at the State College for Women were the most interesting ever staged for that institution.

The Even demonstration, supported by those students who controlled at the college during even years, was made up of the presentation of a little playlet, with the young women of the institution carrying out in a perfect manner the characterization for which they were cast. The demonstration had for its theme a charming love story, with music and dancing interspersing the program.

Those who took part in the Even demonstration included L. Conradi, Margaret Wells, Emily McPhail, Sam and Russell McCord, Martha Page, C. Flournoy, Margaret Way, Iris Storrs, Mary Ruth Murray, "Shorty" Chapman, Virginia Romph, Grace Morgan, Jack Mizella, Bill McCormick, Annie Lorie Boyd, Lillian Hyde, Mary Sanderson, Gladys Rush, Mary Ernest, Louis Bradford, Kathryn Goode, Gladys Turner, Estelle Jones, Claire Murphy, Maxine McClaren, Mary Latimer, Mary Gill, Billy Gill, Elizabeth Love, Alice Cullen, Lucy Lang, Nancy Stribbling, Lou Cochran, Mary C. Saunders, Wilma Simmons, Nell Steinmeyer, Mary Harrison, Caroline Boykin, Maude Lake and Tippy Sexton.

The Odds demonstration was also notable for its clever and original theme this year. A comparison of the "Spirit of '76" and that of the Odds was presented as a prologue. Those who participated included Mary Clayton, Edith Woodard, Adrienne Waits, Kent McCord, Mary Herbert Gynne, Ernestine Gore, Mildred Bruce, Helen Meldrim, Clarino Runyan, Lolla Holmes, Blanche Ball, Jess DeHon, Elizabeth Fairchild, Margaret Yaryan, Louise Darcy, Edith Wilkinson, Sarah Gunn, Winston Hall and Florentine Holmes.

Many Appointments Sent By President To Senate For Okey

WASHINGTON, Dec. 8.—(AP)—Several hundred nominations to public offices, mostly postmasters, were sent to the Senate for confirmation today by President Coolidge. Many of those named are holding office under recess appointment.

Among the names sent to the capitol was that of one cabinet member, Secretary Davis of the War Department, appointed since Congress adjourned last spring. The president also sent in the names of all members of the diplomatic corps appointed since the recess.

Included among these presented as postmasters were: Delray, Frank Dean; Fort Lauderdale, Fred W. Jacques; Fort Pierce, Wesley S. Moe; West Palm Beach, Geo. W. Smith.

Among the other recommendations were: Ivil o Price to be appraiser of merchandise at Tampa.

Lamar Sarra Is Selected As Football Captain For The Florida Eleven Next Year; Fifth Annual Banquet Held

GAINESVILLE, Fla., Dec. 8.—(AP)—Max Goldstein, for three years All-Southern tackle, Monday night at the fifth annual banquet to be given by Dr. A. A. Murphree, president of the university of Florida, in honor of the football squad was acclaimed the most valuable Gator and was presented with a handsome bronze statue, a gift of Will Culpepper, of Gainesville, to the man chosen by a committee of Gainesville business men.

"Ark" Newton, flash of the Gator backfield in 1924, received the trophy last year. The presentation was made by Norman Parrish of Gainesville.

Goldstein was also presented with a gold watch, a remembrance from Jacksonville friends. It was presented by C. E. Baker, Jacksonville newspaper man.

Ulmer Hawkins of Tampa, presented a cup to the University of Florida upon which the names of all the gator All-Southern men are to be inscribed. Four names have been engraved upon the cup: "Ark" Newton, "Robby" Robinson, Edgar Jones and "Goldy" Goldstein.

Production versus Speculation

We still believe that property will ultimately adjust itself to a valuation based upon its earning capacity. We are not yet convinced that all the people who are coming to Florida, are coming to play and speculate. Millions are coming who want to work and earn and support themselves and their families on what they buy in Florida.

We try to sell the property that will bring an income on the money invested. We believe that this kind of property is more certain to have a speculative value than any other.

If you want to buy property that has intrinsic earning value or can be made to produce an income, we would like to talk it over with you.

We have had 20 years of active practical experience in handling Florida Properties. Our experience and knowledge of values will be helpful to you.

Army's Reply To Mitchell Charges Begin With The Calling Of Many Officers

WASHINGTON, Dec. 8.—(AP)—The army's reply to Col. William Mitchell's charges of incompetency, neglect and near treason in the conduct of aviation, was begun today before the army court martial trying the air crusader.

Maj. Gen. Hanson E. Ely, commander of the Army War College was called by the prosecution counsel to open its counter attack while 10 other major generals and brigadier generals and a squad of lesser ranking officers were held in reserve. They will be thrown into the offensive as the court battle goes on, extending probably next week.

Gen. Ely struck directly at Col. Mitchell's unified air service plan. "I am opposed to the separate air force," he said. "It would take away power from the commander of the whole which he needs to accomplish the best results."

Asked his opinion of the "mob psychology" which the accused

air officer said guided the infant Rhine battle. General Ely answered that he never "heard of the theory in those terms." He added that an aviator could "beat it" in a fight, claiming something was wrong with the airplane and no one could say to the contrary. Asked whether the air forces or some other arm of the service would be used first in time of war, Gen. Ely said: "The infantry would be first. An air force can't hit and hold."

Representative Reid, counsel for Col. Mitchell, asked Gen. Ely if he believed "the development of aircraft indicated that our national defense must be supplemented, if not dominated by aviation."

"No," said the general.

Maj. Gen. Merritt W. Allen, the chief of infantry testified that the Levanworth, Kans. line and command shoot, devoted more hours to the air service operations and training principles than any other single arm of the military service.

Criminal Neglect Of Prisoners Is Charge Against Commission

TALLAHASSEE, Fla., Dec. 9.—(AP)—Responsibility for the alleged neglect of convicts at Osceola was placed upon the shoulders of the Volusia county commissioners and "warden" Sam Brooks, in a report made to the state prison department by T. B. Johns, prison supervisor, who investigated charges that the warden neglected his duty and criminally treated the prisoners.

The supervisor, the report stated, did not find Brooks guilty of cruel treatment.

Mr. Johns, who visited the camp on a cold, rainy day, found the water coming through a leaky roof, and the prisoners insufficiently supplied with the proper clothing, the report stated. Mr. Brooks, Mr. Johns declared, explained that the commission desired to operate the farm as cheaply as possible.

Brooks was removed as county captain of the Volusia convicts on recommendation of the grand jury after a special investigation on November 18.

A copy of Mr. John's report will be forwarded to the commissioners by Judge T. B. Andrews, chief clerk.

16 Appointments Made By Governor

TALLAHASSEE, Dec. 8.—(AP)—Sixteen appointments to various offices of the state were announced by Governor Martin. They included members of the state examining board of nurses; inspector of aircraft and two probation officers.

The appointment of Hugh L. Mayes, of Tallahassee, as aircraft inspector, was in line with the law passed at the special session of the legislature licensing commercial airplanes in Florida.

The other appointments follow: Miss Anna Fetting of St. Augustine; Miss Sarah Spears, Jacksonville; Miss Marcy C. Marshall, Ocala; Mrs. Louisa Van Ham, State examining board for nurses; W. F. Cox, Wabasso, board of control for elimination of mosquitoes in Indian River county.

W. F. Hartschack, Clearwater, probation officer for Pinellas county.

C. L. Weaver, Orlando, Probation officer for Orange county.

Fat Women Usually Have Small "Tootsies"

CHICAGO, Dec. 7.—(AP)—There is a saying that fat women may always expect consolation. The latest is that they have smaller feet than their slimmer sisters, who take great pride in boylike figures.

George M. Spangler, who is arranging the national convention of Retail Shoe Dealers here January 7-9, is responsible for the statement.

"Fat people are usually small boned," he said. "Large boned people have more area over which to spread their flesh and do not show obesity."

All the golfing, health walking and other forms of exercise in which the modern woman is indulging has not enlarged her feet, but has made them smaller and muscular, the shoe man observed.

LIEUTENANT TO MRS. FERGUSON GETS NO NOTICE

Little Attention Paid To The Lieutenant Governor Since The Advent Of A Woman At The Executive's Mansion

DALLAS, Tex., Dec. 8.—(AP)—Limelight during the feminine dynasty in Texas flickers, but faintly, on the lieutenant governor.

So concludes Barry Miller of Dallas, one of the two men in the United States to serve under a woman in such a capacity, after eleven months of the job.

With Mrs. Miriam A. Ferguson as captain and her husband as first lieutenant, Miller can hot hope to claim anything better than third rank in the army of politics. This position, however, has a great advantage, the lieutenant governor avers: No one pays any attention to him.

While Miller finds the office not greatly different from lieutenantancy to a man governor, he nevertheless is undergoing strange reactions. In earlier years, he was a crusader against the woman movement. He never dreamed he would see a woman become governor. Yet, in the autumn of life, he finds himself wholeheartedly supporting one.

In 1917, Miller voted for the impeachment articles against Mrs. Ferguson's husband, then governor. Later, he made a speech attacking Ferguson. When the Farm-Labor Union brought out Miller for lieutenant governor, he was fighting the same opponent, the Ku Klux Klan, and this situation brought them together.

The lieutenant governor believes his captain is making a good governor.

Incidentally, when Miller was a young lawyer, a New York street railroad company offered him a position. He declined on the ground that he always had lived where he could see 60 miles in every direction. He still lives in a country home near here.

American Baseball Is Taxed In Japan

TOKYO, Dec. 9.—(AP)—All professional baseball games in Japan will be taxed in the future, according to a decision of the taxation authorities.

An American girls' baseball team recently played a number of games in Tokyo and the gate receipts were large. Plans are reported under way for the organization of a Japanese National League. So the government intends to get its percentage of the receipts of professional games hereafter.

Southern College Heads Poorly Paid

GEORGETOWN, Ky., Dec. 8.—College presidents of the South are making their contributions to education at average salaries of \$6,101 yearly.

This was learned by James Moreland, registrar of Georgetown College, after making a survey of 44 first rate Southern institutions.

His investigation also revealed that full professors averaged \$3,111, department heads \$3,009, college treasurers \$3,006, registrars \$2,337, executive secretaries \$2,694. Deans averaged \$3,634 while the lowly instructors were at the bottom with \$1,588.

Salaries of heads of departments at the University of Texas showed more than those received by presidents of several colleges. Texas was the highest paying university in the south with \$10,000 for its president down to \$1,900 for instructors.

Ends Predominate In Captains' List

NEW YORK, Dec. 9.—(AP)—Ends predominate in captains so far selected by eastern colleges. A list of 26 compiled today shows eight wing men, six halfbacks, three quarterbacks, one fullback, three tackles, four guards and one center.

Harvard, captained by Quarterback Cheek this fall has returned to a line leader in Clem Coady, while Yale, which was directed by tackle Joss in 1925 will be captained by Phil Bunnell, quarterback. Princeton has continued its custom of several years naming a lineman, Jack Davis, guard to succeed McMillan.

Wheat Unconscious From Head Injury

It was stated this morning at the hospital that the condition of L. W. Wheat, who was injured in an automobile accident last Sunday night, was unimproved and that Mr. Wheat was still unconscious.

Mr. Wheat's skull was fractured when he was pinned beneath his overturned automobile and doctors at first did not expect him to live through the night.

Miss Maude Laury, who was with Mr. Wheat at the time of the accident, is as yet unable to leave the hospital, it was said, and the injuries which she received are reported to be more serious than at first believed.

Mr. Wheat's car is said to have collided with an automobile driven by Fred Shannon, on Sanford Avenue near Highland Street, about 9 o'clock Sunday night.

Old Spanish Ranch With Many Miles Fronting On Pacific Will Be Plated

SANTA MONICA, Dec. 9.—(AP)—Passing of the last frontier in the southern California coast district is heralded in the announcement that the Malibu ranch, near here, consisting of 18,000 acres, is to be subdivided into home sites.

The ranch has approximately 24 miles of frontage on the Pacific ocean and is the only original Spanish land grant of a century and a quarter ago to remain intact.

Strife marked the history of the Malibu since 1804, when the king of Spain set his seal to the first grant. At present more than a score of cowboys ride the range of mountains and bench, caring for 5,000 head of cattle roaming the vast tract.

To whom the king of Spain granted the land in 1804 probably will remain a mystery, for the original grant has long been lost, but authentic records of 1805 indicate that the ranch was given to Don Jose Dartolone Tapia by the Spanish governor of California.

Don Tapia ruled his acreage with an iron hand, frequently driving off invaders. He died in 1828, leaving the ranch to his widow and two sons. His will, containing one of the strangest paragraphs in California's history, declared indebtedness to the padres of San Fernando mission to the extent of \$300 "more or less, or any sum they claim." Directing the payment, he also gave the fathers three pounds of sugar, a valuable bequest in those days.

The Tapia family held the ranch until 1848, when they sold it to Don Leon Victor Prudhomme for \$400, half of which was paid in "metallic currency," the rest in "goods at current prices."

Prudhomme was not satisfied with the title and he reduced his fortune in legal tilts with the United States government until, in 1857, he lost the ranch in settlement of a \$1,400 grocery bill to Don Matio Keller, of Los Angeles.

In 1870, Keller's heirs sold the tract for \$10 an acre to Frederick Hastings Rindge, late husband of May K. Rindge, present owner and director of the property.

Rindge came west in 1870 in search of health. He bought the 18,000 acres amid the jeers of

early settlers, who branded his ranch of mountains and beaches "Rindge's ridiculous purchase."

Regaining his health, Rindge began pursuing a pet vision, now about to be realized—that the huge acreage would become prettily designed home sites—but his struggle to keep the original grant intact forced him to build a \$500,000 railway at his own expense to prevent condemnation proceedings by Western railway lines.

Recently, after a long court battle, 150 acres were condemned for a military highway from the north. Mrs. Rindge bitterly opposed the highway, contending that it would destroy portions of the beach and would not conform to the proposed landscaping design.

VICE PRESIDENT OF REALTY FIRM TO WINTER HERE
Officers Of The Lake Mary Development Company Express Their Satisfaction With The Firm's Progress
C. W. Pennington, Boston, Mass., vice president of the Lake Mary Development Company and C. S. Emerson, Biry, N. H., treasurer, arrived in Sanford Monday.

Undeveloped Tract At Enterprise Sold For A Sub-Division
The City Realty Company acted as brokers in a deal closed Monday whereby a syndicate composed of J. F. Pearson, H. S. Long, and T. L. Long, all of Sanford, became owners of a 25-acre Volusia county tract, formerly owned by E. J. Brown and E. W. Solbeck, according to a statement made at the office of the firm. The selling price of the property was given as \$20,000.00.

Mr. Emerson, with his family, has taken up his residence for the winter, in his new home at Lake Mary, while Mr. Pennington's family will arrive later to spend the winter.
Mr. Pennington expressed himself as being very much pleased with reports on the activities of the company, both relative to sales, building and development activities.
Many sales of houses and vacant lots have been made at very satisfactory prices, he said, and two houses of the Spanish bungalow type are now under construction, which will sell at approximately \$6,000.00, he believes.
He reported that work on street improvements is going forward as well as could be expected, when difficulty in getting materials is considered, and that the curbing is all in, and the clay surfacing about two-thirds completed on Lakeview Avenue.
Mr. Pennington says the new dining parlor is a strong feature, convenient and a good thing for the community, and reports that the new proprietors are well satisfied with the business and prospects.
In summing up the company's prospects, Mr. Pennington called attention to the fact that Lake Mary is famed for its bathing, boating and fishing, in season, is within one and one-half miles of the Country Club, will have an improved road in a short time, and is served with all city conveniences.

Uncle Remus Body To Elect Officers
ATLANTA, Ga., Dec. 9.—(AP) Election of officers of the Uncle Remus Memorial Association was held today at the apartment house of the building of Joel Chandler Harris, which, according to Frank L. Stanton, post laureate of Georgia, "took the lives from the lowly cabins of the Southland and lighted the windows of the United States."
The meeting of the association was held at "Wren's Nest" the Gordon street home of Mr. Harris until his death here July 5, 1908. The residence now is maintained by the association as a shrine.
A romantic feature of the birthday of "Uncle Remus" will be the marriage tonight of his eldest granddaughter, Miss Aileen Harris, daughter of the Lucian Harris, to Edward De Leon Burgess, of Brewton, Ala.
