Dimitrov Says U.S. Is Reds' No. 1 Target

House Un-American Group Is Checking On Anti-Communist Oaths Of Unionists

WASHINGTON, Feb. 19 (AP)—George M. Dimitrov, a Bulgarian political leader, said today that "American traitors" are being trained right now in Russia for eventual duty in this country.

WASHINGTON, Feb. 19 (AP)—George M. Dimitrov, an anti-Communist refugee from Bulgaria, told Congress today that "America is Communist target No. 1."

Dimitrov testified to a House Un-American Activities Subcommittee. The committee is gathering information to use in drafting legislation to curb Communists in this country.

Members said one of the things the group wants to find out before it completes its investigation is whether any American labor leaders have lied when swearing they are not Communists. Any leaders who did could be prosecuted and jailed.

Dimitrov said that as soon as the first victories were scored against Germany, Communists be-

(Continued on Page Eight)

Observers Believe Ball Of Fire To Be Exploding Meteor

KANSAS CITY, Feb. 19 (AP)—Observers today sought further explanation of a strange "ball of fire" possibly a disintegrating meteor, seen in six states.

The brilliant explosion thousands of feet in the air was observed in Kansas, Missouri, Nebraska, Oklahoma, Nebraska and Colorado yesterday.

Oscar Mondak, secretary of the National Meteorological Society, said at Fort Worth, Tex., he felt sure the fire ball was a meteor or disintegrating.

Officials of the Chamberlin Observatory at the University of Chicago, however, could offer no explanation. Director A. W. Reicht said there was "no meteor shower and no other known phenomena in the sky to explain it."

At the University of Nebraska, Professor of Astronomy Oliver C. Collins said it might very well have been a meteor.

After the flash civil aeronautics and state highway patrol officials received reports of flaming plane crashes from widely scattered points. All reports proved groundless.

2 Near Death, 3 Hurt In Laboratory Blast

PRINCETON, N. J., Feb. 19 (AP)—Two men were killed and three others slightly injured today when a storage tank failed and flooded Princeton University's Frick chemistry laboratory with hydrogen sulfide.

A police report earlier had listed the two men as dead. Both were employed by Princeton University as laboratory maintenance men and were overcome while refilling the tank for use in a class demonstration scheduled for the afternoon.

Official Says Policy Move Is Truman Aid

WASHINGTON, Feb. 19 (AP)—Rep. Badowski (D-Mich.) said today "the only thing that can save President Truman is to change our foreign policy and nominate Senator Pepper (D-Fla.) for vice president."

The Detroitite told a reporter that is what he thinks in view of Tuesday's special congressional election in New York in which a candidate supported by Henry A. Wallace was the winner.

"The administration has been trying to scare Joe Stalin but instead has scared h-out of our own people," Badowski said.

Senate Group Asks Whisky Grain Curb

WASHINGTON, Feb. 19 (AP)—A Senate Banking Subcommittee voted 4 to 0 today for rationing grain to whisky makers through Oct. 31.

The subcommittee recommended that the liquor industry be allotted not less than 2,500,000 bushels of grain a month.

An Agriculture Department official said the industry now is using 6,200,000 bushels a month.

President Truman has asked that grain controls be put back on. They expired Jan. 31.

Mr. Truman acted under a provision of the Republican-backed anti-inflation bill passed last fall.

Maddy Explains Front Program At Jaycee Meet

1,200 Guests Are Expected To Make Winter Homes Here

C. A. Maddy, director of the Fellowship Front at the Municipal Airport, told the Seminole County Junior Chamber of Commerce of the activities of his organization at the airport at the noon luncheon of the Jaycees today at the Mayfair Inn.

Maddy stated that repairing and rebuilding of the structures under his supervision has been started and there are 25 carpenters and five painters renovating the buildings.

He praised the work of the City officials in assisting with the establishment of the Fellowship Front. He said it has been a long and difficult process in which the U. S. Government, State, City and Chamber of Commerce worked jointly together to assist in becoming established.

He stated that by next year nearly 300 students will be enrolled in the school and 1,200 guests will make their winter home at the Fellowship Front Hotel.

"Sanford offers tourists more than just a winter home," Maddy said.

Negro Association Hits Regional Plan

COLUMBUS, S. C., Feb. 19 (AP)—The South Carolina Conference of the National Association for the Advancement of Colored People said today it opposed any regional education plan entered into by this state.

J. M. Hinton, conference president, wrote Governor J. Strom Thurmond that, in the opinion of his organization, the regional education plan proposed by southern governors did not meet requirements of U. S. Supreme Court decisions.

Thurmond submitted yesterday to the legislature a tentative compact entered into by southern governors. This compact called for regional operation of the Meharry Medical College for negroes at Memphis, Tenn.

"The general plan has considerable merit," Thurmond told the assembly.

Trailer Tax Is Set At \$10 Yearly

John Kilgore, state motor vehicle commissioner, recently announced that winter visitors with auto trailers used for housing purposes do not have to pay the \$10 yearly trailer tax provided the trailers carry current, valid tags from home state, also provided that they are not working or do not have children in school.

Otherwise, according to Attorney General Watson, trailers are subject to the \$10 tax when permanently or semi-permanently parked in the state and carry no current license tag.

Cuyler Smith is deputy with the motor vehicle commission in Orange, Seminole, Ocala and Lake counties.

Florida law states in part that "in every case where a non-resident shall accept employment or engage in any trade, profession or occupation or shall enter his children to be educated in the public schools of the State of Florida, such non-resident shall be required to register his motor vehicles in this state."

Income Tax Probe Ordered In Louisiana

Two Candidates For Governor Involved In Charges Of Income Tax Evasion

WASHINGTON, Feb. 19 (AP)—A move for a congressional investigation of income tax returns of some leading Louisiana politicians today was blocked until at least early next week.

That means an investigation and report is almost impossible before the Louisiana gubernatorial primary on Tuesday. Two candidates for governor are among the individuals it is proposed to investigate.

The developments came in this order: First, the House Rules Committee approved a resolution calling for the investigation. This sent the resolution to the House floor. When the House met, Republican Leader Halleck of Indiana told it there could be no vote today.

The delay, Halleck explained, was caused by several factors. The death of Rep. Robinson (R-Ky.) and insistence of Rep. Herbert (D-La.), opponent of the investigation, that there be a roll-call vote on the resolution.

Since the House is under a "gentleman's agreement" that (Continued on Page Three)

County Prosecutor Geo. A. Speer, Jr. Asks Re-Election

Continuing his pledge of service to the people, George A. Speer, Jr., County Prosecuting Attorney, qualified and announced his candidacy for re-election today.

In making his announcement Mr. Speer pointed out that when he first ran for this office he promised to fulfill his duties efficiently, fearlessly and economically. He then added: "I am seeking re-election on my record of services performed. Should the people of this county honor me by re-election, I shall continue to faithfully, impartially and conscientiously perform the duties of this office, striving at all times to increase its efficiency and economy."

Mr. Speer is a descendant of a Seminole County pioneer family, attended the local schools, and was in the first graduation class from Seminole High School; he then entered Washington & Lee University from which he graduated in 1932 with the degree of Bachelor of Laws and where he became a member of Phi Delta Phi, international legal fraternity. He has practiced law in Seminole County since his graduation.

He is a director of the Seminole County Chamber of Commerce, a member and past president of the Sanford Rotary Club, recording secretary of the Florida Wildlife Federation, a member of the Seminole County Junior Chamber of Commerce, Seminole County Sportsman Association, Seminole County Association and the Florida State Bar Association. He is a Junior Warden of the Holy Cross Episcopal Church.

He is married to the former Rose Hurt and has two children, Tommy, age 12, and Mary Rose, age 9.

Rent Control Bills Are Making Progress

WASHINGTON, Feb. 19 (AP)—Bills to extend rent control made progress in Congress today.

The House Rules Committee cleared the way for a vote by the House next week on a measure which would continue rent controls through Mar. 31. The present rent control law expires Feb. 29.

The Senate Banking Committee has recommended a 14-month extension, but the Senate itself has not yet acted. The final measure may be a compromise between the Senate and the House.

KILLED IN RIOTING THROUPE, Libya, Feb. 19, (AP)—

The president and the secretary of the Arab Khuda Party and 50 others have been arrested as a result of rioting Tuesday in which five persons were killed, the British Military Administration announced today.

Those arrested, including a doctor and members of the Arab Nationalist (Hutla) Youth Organization, were charged with acts of violence. The British lifted a curfew which had been imposed after the rioting.

Sleepwalking Woman Wanders Through Traffic

CLAD IN NIGHT CLOTHES, with one shoe firmly in her hand, Mrs. Anna Bogdanoff, 30, of Los Angeles, walks in her sleep across one of the city's busiest intersections at Beverly Boulevard and Hampden Street. While motorists stop their cars (top, left), she starts across the street. Bottom, left, she is halfway across the street, with traffic at a complete halt. Top, right, police officers gently guide her in their car and finally across the street. Bottom, right, from the somnambulant trance as they get her into the vehicle. (International)

State May Step Up Spending By \$5,000,000 In Next 4 Months

TALLAHASSEE, Feb. 19 (AP)—The State of Florida might safely step up its spending by about \$5,000,000 in the next four months, but that won't meet the demands of its agencies and institutions for full fulfillment of their legislative appropriations.

Comptroller Clarence M. Gay looked over the general fund books yesterday and forecast an unnumbered balance of \$27,000,000 when the fiscal year closes on June 30.

He warned, though, that \$25,000,000 of the balance must be set aside to finance the school and welfare programs in the months while they are waiting for their own money to come in from automobile license tags and racing taxes next winter.

After looking that away, there would be about \$2,000,000 left. In making up his estimate of unnumbered balances, Gay anticipated that the Budget Commission sometime before the end of the fiscal year will release about \$7,000,000 it had been withholding as reserves.

The balance and the reserves make the \$5,000,000 which the comptroller's report indicates may be available for extra spending.

The cabinet won't have any trouble disposing of it. Legislative appropriations already on the books authorize expenditure of far more than that.

There are demands right now for release of \$3,000,000 that has been held back from the school foundation program capital outlay appropriation, for all or part of a \$2,500,000 allotment for construction of tuberculosis sanatoria, \$800,000 for new University of Florida dormitories, and several million more in operating reserve funds of agencies and institutions.

The estimated balance of \$27,000,000 at the end of this fiscal year would compare with an unnumbered general fund of \$32,407,000 at the beginning.

General revenue receipts during the first six months of this (Continued on Page Three)

Methodist Bishop Raps Medical Profession For Doctor Shortage

CINCINNATI, Feb. 19 (AP)—A "closed union" operated by the medical profession is to blame for a serious shortage of doctors, says Methodist Bishop G. Bromley Oxnam of New York.

The profession, he declared last night, controls the number of students entering medical schools and, as a result, the number of physicians in the United States increased only from 120,000 in 1920 to 175,000 twenty years later.

The shortage, he said, costs the nation 1,000,000,000 days of labor each year due to sickness and accidents.

Little Assembly Warns Coming Of Korean Explosion

Henry Ford Sees U. S. Price Break As Normal Action

Heavy Demand Makes Depression Impossible At Present

PARIS, Feb. 19 (AP)—Henry Ford said today he sees the price break in the United States as "just a normal straightening out of our cash prices."

He told a press conference emphatically that he did not think it means a depression.

"People need so many things," he explained.

Ford said that on Jan. 1, 1947, the Ford plants had 1,700,000 orders. That was his reply to a question on a possible "boon, power crisis" in the U. S.

He added that his factories had plans to produce 30 percent more units this year than in 1947.

"Whether we can do it or not depends on the steel supply," he said.

Ford and American Labor had "an intelligent attitude" toward wage increases.

"I think they see the fact of a third round of increases would have," he said.

A questioner told him Walter Reuther of the United Automobile Workers (UAW) had said the price drop would make no difference in labor's demands. Ford answered:

"Sometimes they say things they don't really mean. We'll see what they say in July, when the actual negotiations start."

He explained that the Ford contract with the UAW expires July 15.

Gen. Wilhelm List Is Convicted For Humanity Crimes

Records Show Armies Killed Beyond Limits Of Military Law

MUENSTER, Feb. 19 (AP)—Field Marshal Wilhelm List, whose German armies killed hostages by the hundreds, was sentenced today to life imprisonment.

Seven Nazi generals tried with him also were convicted of war crimes. They drew sentences ranging from seven years to life. Two generals were acquitted.

MUENSTER, Germany, Feb. 19 (AP)—Field Marshal Wilhelm List, a grim-faced Prussian of the old German officer school, was convicted of war crimes and crimes against humanity today by an American tribunal.

He was convicted for his conduct as commander-in-chief during the Nazi occupation of the Balkans.

General Walter Kuntze, one of List's army group chiefs, also was found guilty by the tribunal, which ruled in the course of its final judgment that these men should (Continued on Page Three)

Citrus Mutual Meets On Valencia Prices

LAKELAND, Feb. 19 (AP)—A special committee of the Florida Citrus Mutual will meet here tomorrow to determine whether enough of the new Valencia orange crop has been "signed up" to warrant establishment of prices for that crop.

The Valencia control plan is a sideline from the mutual itself which is being set up as a price-making agency.

Members of the committee said it all depends on how much tonnage of Valencias would be handled by the mutual as to whether the group will tackle the proposal of setting prices for the crop.

Under by-laws the mutual can not become a pricing agency until handlers of at least 75 percent of last season's utilized crop sign with the mutual.

FUNERAL RITES
VATICAN CITY, Feb. 19 (AP)—Pope Pius XII administered final absolution today in funeral rites for the Dean of the College of Cardinals, Gennaro Cardinal Granito-Pignatelli di Belmonte.

The prince of the Roman Catholic Church died Monday at the age of 96.

The body lay in state in St. Peter's Basilica, under the recently erected statue of St. Francis Xavier Carrini (Mother Cabrini).

Herndon To Run For Re-Election As Clerk Of Court

O. P. Herndon today announced that he has qualified as a candidate for re-election as Clerk of the Circuit Court, an office he has held since 1935.

Mr. Herndon has studied law and has had considerable experience both in business and in the administration of the law. His legal knowledge and special training, plus more than 12 years of experience, are of great help to him in his office, he says.

During his terms of office, Mr. Herndon has used excess fees for improvement and better lighting facilities in his office. Photostatic equipment has been installed in the basement and this is used to record legal documents and vet. records change papers.

Born in Seminole County he received his education in local schools, later attended the University of Florida and engaged in business and in farming. He has served as a Justice of the Peace and as a representative in the State Legislature.

Mr. Herndon served the Elks Lodge three times as Exalted ruler, and was vice-president of the (Continued on Page Three)

Oil Explosion Rocks New York Harbor

RAYMOND, N. Y., Feb. 19 (AP)—An explosion in a grease mixing plant of the Tule Water Association today rocked New York harbor today but resulting flames were extinguished before reaching any of the extensive petroleum works on the waterfront. There were no reports of casualties.

The blast occurred in the ground floor of a three-story compound building located in the heart of the vast petroleum processing plant. The building is near the vast oil storage tanks of the Esso Standard Oil Company.

The blast shook the entire waterfront area and sent a column of black smoke mushrooming into the air. Two alarms were sounded, summoning most of the city's elaborate fire-fighting apparatus, designed especially to cope with petroleum fires. Firemen brought the blast under control within half an hour.

Former ACL Head Dies In Wilmington

WILMINGTON, N. C., Feb. 19 (AP)—George H. Elliott, 74, former president of the Atlantic Coast Line Railroad, died today after a long illness. Elliott was ACL president of the Atlantic Coast since 1942.

He was born at Norfolk, Va., March 22, 1873, and was graduated from Virginia Military Institute in 1892 with a civil engineering degree. After practicing engineering several years, he entered Harvard University and was graduated with a law degree in 1896. He was employed shortly afterward by the ACL in New York as a lawyer. He became the road's general counsel in 1916 and was made a vice president in 1918. From 1942 to 1946 he was chairman of the railroad's executive committee.

WHITE DEMOCRATS
JACKSON, Miss., Feb. 19 (AP)—It is up to the chairman of the Mississippi Democratic State Executive Committee to set the date of a nationwide meeting of "true white" party members.

The committee today gave that authority to the chairman, Judge Herbert Holmes. The committee decided to invite "true white Jeffersonian Democrats" from all 48 states.

The committee acted today on a mandate from approximately 5,000 Mississippi Democrats who met Feb. 12 to protest the national party's sponsorship of "anti-Southern" legislation.

KING DIES

CARLO, Feb. 19 (AP)—A cable from Yemen today said King Zaidi Iman Yahya and three of his sons died there yesterday. The King was 82.

The advice was received by an Egyptian engaged in trade with the Arab kingdom. It said Relf El Hak Ibrahim, one of the King's 16 sons who had opposed the King's regime, was appointed head of a "constitutional government" with an advisory council.

Korean Situation

(Continued from Page One)

At the same time, Menon said the commission had received "masses of evidence" regarding "restrictions on, or deprivation of, civil liberties" in the U. S. zone. This, he said, raised a question whether elections could be carried on in a free atmosphere.

"This is a state of affairs," Menon said, "which calls for redress, and I am glad to say that the military authorities and the interim government of South Korea have expressed their readiness to adopt all possible methods of ensuring free elections and have, in fact, issued preliminary instructions to that effect."

"The commission is unanimous in thinking that they must go on functioning as long as there is a shred of hope that a unified independent government of Korea can be established with the good will of all concerned. The United Nations cannot leave Korea in the air."

General Dodge

(Continued from Page One)

no action, although they know that you are responsible for the protection of my nation's officers from all manner of embezzlement. I insist that you immediately make an investigation of the conduct of Kuntz and report on the personnel involved and punish those who are guilty.

"I further insist that you give me adequate assurance such incidents will not happen again."

"It constituted an insult to the United States army as well as to its accredited representatives."

"In the meantime, this matter is being referred to my government for appropriate action."

Chamber of Commerce With his family he lives in his home at 1800 Sanford Avenue.

Formation of the Coast Guard in 1915 involved the merger of the Life-Saving Service and the Revenue Cutter Service.

Bob and Lon McCallister searching for Peggy Ann Garner, in the Technicolor hit, "Thunder in the Valley," with Edmund Gwenn, showing at the Ritz Theater Thursday and Friday.

Gen. List Convicted

(Continued from Page One)

have known better than to carry out orders to slaughter hostages beyond the limits allowed by military law.

In the trial, the records showed that List's armies killed a hundred Serbs or Greeks for each German killed by Partisans, and at least 50 for each Nazi wounded.

Indicating that List's penalty for his guilt may not be harsh, the court said "his orders and directives were more moderate than his superiors." Kuntz was compared to List in this respect, with mitigation apparently part of the sentence to be handed down later today.

The court said Partisans killed during the German occupation were mostly illegal units which deserved no protection from international law.

Despite conviction of the two top men in the dock, the court placed much of the blame for the terror campaign in the Balkans on Field Marshal Wilhelm Keitel, who was hanged by the verdict of an International Military Court.

The court found some mitigation for the field commanders, noting that List was anti-Nazi, that he protested the severity of some measures, and that his demand for more troops to insure a peaceful occupation were met only with refusal and the substitution of terror tactics by Keitel and Hitler.

Doctor Shortage

(Continued from Page One)

tures for hospitals used exclusively for veterans.

"It would be far better," he said, "to follow the hospital construction program now in progress, whereby hospitals for all will be available on the citizen level."

"The Veterans Administration now has 180,000 beds and only 31,000 service-connected disability cases in them. It therefore seems unnecessary to proceed in this vast expansion and spend the taxpayers' money in this fashion."

State Spending

(Continued from Page One)

fiscal year totaled \$20,628,344, which was only \$188,244 above the same period of the previous year.

Other treasury funds did much better. Gay said the total state receipts for the first six months topped the same period a year ago by \$14,219,000. However, nearly all that money is earmarked for special uses and cannot be spent for general state operations.

and unlawful orders as well as a want of direct evidence placing the responsibility on him leads him to conclude that no overt act from which a criminal intent could be inferred has been established."

Von Götter was more or less a lucky in spite of his high rank, and he was innocent of responsibility, the court held.

More than 1,000 widows were caught by licensed California trappers last year, according to state figures.

Louisiana Probe

(Continued from Page One)

there will be no congressional legislation taken up before next week, Halleck said the tax investigation could not be considered today.

The Rules Committee's action came after a special session during which charges of "steal piggery" and "informer" flew hot and fast.

The investigation could be made by a special committee under terms of the resolution.

It was Herbert who told the Rules Committee that the original information on Alvin Karpis' alleged base in Bogalusa, La., was furnished by a "mail pigeon" and "an informant" in the Internal Revenue Bureau.

The number of people living in cities over 100,000 population increased from 42,000 in 1930 to 109,000 in 1935, and to 149,000 in 1940, according to the census.

Jaycee Meet

(Continued from Page One)

advantage than any city on either coast of the state. You have fellowship and real living here. We have a lot of things in common with the people of the vicinity and thank them for their spirit of cooperation and unselfishness toward us," he declared.

Secretary Gordon Bradley stated that Alvin Odham has accepted the chairmanship of the committee to complete plans for the annual Jaycee beauty contest. President Bradley Odham stated that the contest will be held during the week before or the week after Easter.

President Odham told the organization of the plans for the youth government project being sponsored by the Jaycees, and stated that he has contacted all school principals in schools with grades between 7 and 12 and each of them has expressed approval of the plan.

Sam Matting was in charge of today's program.

The Jaycee is a playful little whale, trying to seem everything to a supposedly sophisticated audience.

California leads in the fourth, fifth and ninth grades, with a range from 500 to 11,000 per high.

THE WEATHER

LAKELAND Feb. 19 (AP)—The Federal State, Frost Warning Service forecast for peninsular Florida was partly cloudy and cold tonight and warm Friday.

The outlook was cooler in extreme north and continued mild in south and central districts Saturday with no frost seen through Sunday.

BIBLE VERBS FOR TODAY

YES, WE CAN INVITE ALL
OUR FRIENDS TO OUR FATH-
ER'S HOUSE. THERE IS ABUN-
DANCE OF ROOM.—Gen. 24:23
Is there room in thy father's
house for us to lodge in?

The Municipal Zoo continues
the biggest single attraction for
visitors that we have in San-
ford.

Henry Wallace says he is not
worried about the Communist
Party, because it has not yet been
proved to his satisfaction that they
are trying to overthrow the govern-
ment of the United States by
force. By the time he has been
fully convinced, no doubt, most
of us will have been guillotined.

While President Truman is ask-
ing Congress for over half a
billion dollars to fight Commu-
nism in China, American Commu-
nists capture a New York con-
gressional district in Tuesday's
election. It might pay this coun-
try to extend aid to China in
the same proportion that it is
helping Greece, Turkey, and other
points north, east, west and south,
but it might be a lot better to
reduce sales taxes, curb inflation,
promote better schools, housing
and hospitals, and root out Com-
munism in our own country. It
is sad to think of China going
Communist, but it is sadder to
think of that happening in this
country.

What happens to a person when
he carries his talent in "One
World" to its logical conclusion
is currently being illustrated by
Henry Martyn Noel, Jr., former
Harvard student, who has re-
nounced his United States citi-
zenship, becoming a "man with-
out a country" in order to be
"a citizen of the world." He has
gone to Germany where he has
taken a job as a day laborer for
which he is paid in that country
the munificent salary of 25 marks
(about \$2.50) a week, after tax
reductions. It may be that there
is idealism, or something, in his
gesture. But think of what he is
doing to his wife and children,
if he has any.

We may not think much of
Bernard MacFadden's chances for
governor of Florida, but we do
admire his vigor, enthusiasm and
lively interest in public affairs
which prompt him to run for gov-
ernor. When we read in the paper
the other day of a 34-year-old man
who had experienced everything,
had nothing else to live for and
so committed suicide, we thought
of the 74-year-old MacFadden,
who has not only lived long but
well, campaigning for governor
of Florida and making plans on
how he will run it for the next
four years. Then, no doubt, he
will run for the United States
Senate and serve his adopted state
with distinction for at least three
or four terms. That's the way to
live.

The old row between
mother and daughter over whether
she should go out with the boys
rages on, regardless of all efforts
of the United Nations and the Se-
curity Council to bring peace on
earth. Mrs. Lillian Russo of Frank-
lin, N. J., was trying to explain
to her daughter the evils of junior
proms and why she should not go
to one on Valentine's eve. Lack-
ing words to express herself ade-
quately, the mother picked up a
lead pipe and crowned her daugh-
ter over the head with it. Where-
upon the daughter, still uncon-
vinced, grabbed a beer bottle and
let her mother have it. They
battled for a while. And the daugh-
ter, a 15 year old girl, is
now in jail facing a murder
charge. Yet there are those who
see such a thing as a World War.

Food For The Future

The Census Bureau estimates that by 1960 we will have a population of 155 millions, and by 1990 it will be 165 millions. We have been having a little difficulty in feeding 142 millions. How shall we feed the 165 millions?

One might think that since the population is increasing continuously, the amount of land in production of crops to feed and clothe the people also would be increasing. It is not so. There was an increase during the war, but before the war the trend was downward, and now it has turned downward again. Secretary of the Interior Julius C. Krug says the nation is losing 500,000 acres of topsoil each year through erosion alone.

Krug says we must take better care of the cropland we have, and must add to it by reclaiming land now useless because of too little or too much water. The water that now flows to the sea in the great rivers can help make dry soil grow crops. The land already in use is more productive than it was a decade or two ago, because research has found ways to increase the amount of a given crop an acre will yield. Slowly we are learning how to keep the soil from being washed away in rain storms. With eternal vigilance perhaps coming generations will not fare so badly, after all.

The New York Heart Campaign

The New York Heart Association this week started a campaign to raise the sum of \$500,000 to expand the association's program of fighting heart disease in this city where, in 1947, diseases of the heart and circulation accounted for 41 per cent of total deaths. This percentage represented twice the number of deaths by cancer (14,612) and ten times as many as those from tuberculosis (3,105). Leading cardiologists believe that something must and can be done to reduce this heart disease mortality.

It is too generally taken for granted that heart disease is a condition of middle life or later years. But in 1946 heart disease killed more children in New York than polio, measles, whooping cough, scarlet fever and diphtheria combined. The heart disease death rate for all ages in New York, according to official city records, was 118.1 per 100,000 in 1900; in 1947 it was 400.2. This increase is indeed alarming and gives call to action in such a campaign as the association has commenced.

It is justly believed that the heavy toll taken by heart disease can be greatly reduced if the medical profession can win the support of an enlightened and alerted public. In a "cardiac crusade," which means aid, research and education, the New York Heart Association deserves the support it asks for a program which will give the community improved diagnostic and treatment methods. Contributions to so important and vital a cause should be sent to the association's headquarters, 270 Park Avenue, New York, 17.

—New York Herald Tribune

Again: Those Rights

Article X of the so-called Bill of Rights—Tenth Amendment of the Constitution—clearly defines the states-rights principle:

"The powers not delegated to the United States by the Constitution, nor prohibited by it to the states, are reserved to the states respectively, or to the people."

Under the title "To Secure These Rights," President Truman's Civil Rights Committee recently outlined a series of proposals which it urged be written into law. It did not propose to accomplish that by amendment of the Constitution, note it, but by legislative enactment.

It wants a "Fair Employment Practices Commission," abolition of all poll taxes by federal decree, a federal anti-lynching law, etc. It also wants complete abolishment of "segregation," what it calls "discrimination," et cetera. In fine, it advocates federal laws to accomplish by fiat what cannot be accomplished by fiat; and it also advocates federal laws encroaching directly on a domain of private and public affairs fixed by the Constitution beyond the legitimate reach of federal authority.

The South — against which most of these legislative shafts are launched — hasn't forgotten the states rights principles. It doesn't regard the Constitution as a "horse and buggy" contrivance. It will have its own answer to these proposals from the left, both on the legislative floors and at the polls next November.

—Nashville (Tenn.) Banner.

FEDERAL AID TO SCHOOLS
ST. AUGUSTINE RECORD

The current expenditures for public school education per child, between the ages of five and seventeen throughout the country averages \$71.15 per year, according to statistics.

There are nine states that spend less than \$45 per child, and six states that spend more than \$92 per child.

The State of Arkansas is 47th in per capita income (\$512) and is 46th in value of school property per pupil in attendance (\$116). It is 47th in per capita expenditure per student enrolled in the public schools, the figure being \$26.22.

However, it is with Arkansas, as with some other states, more a lack of interest in education than in their financial ability to provide better schools, we are told.

Dr. George S. Benson, president of Harding College, in Searcy, Ark., in recent testimony before a Congressional committee, said that, despite the poor showing made by his state, he was there to testify that "the members of the Arkansas Public Expenditure Council believe Federal aid to education is neither necessary nor desirable."

"As taxpayers in Arkansas we are fully aware that Arkansas educational advantages are inadequate. We are determined that they shall be improved. We believe the greatest obstacles to be overcome in Arkansas, however, are political, not financial. We believe that federal aid to edu-

THE NATION TODAY

By JAMES MARLOW

WASHINGTON, Feb. 18, (AP)—In Congress Alaska has been given its first push toward statehood.

That doesn't mean it will become a state this year or next. But any push in that direction is more than it's had before.

Alaska, twice the size of Texas, has a population of about 90,000—60,000 whites and 30,000 Eskimos and Indians.

It's 59 times bigger than Hawaii which has a 50,000 population. Hawaii may have a better chance of getting statehood this year.

That's partly because the House has approved Hawaiian statehood. Now it's up to the Senate. Neither House nor Senate has yet acted on Alaska.

But yesterday a congressional group, the subcommittee of the House Committee on Public Lands, told the full committee it thinks Alaska should be a state.

This subcommittee held hearings here and in Alaska last year on the question.

Bills to make Alaska a state have been kicking around in Congress for years. This is the first time a hearing ever was held on one of them.

Now if the full committee approves, and tells the full House, and if the House approves, then it's up to the Senate.

Alaska would be needed to make Alaska a state is an okay by both Houses. But the Senate may not approve, even if the House does.

The Senate has a busy year. None of its committees has held hearings on Alaska. And, besides, the senators may think twice about this.

Statehood means Alaska's 90,000 people would have two senators in Congress, the same as, say, New York State's 13,000,000 people.

Since the Senate has only 96 members now, two more would be important in any close vote.

Alaska would be entitled to one representative in the House. But since there are 435 house members, one more wouldn't make much difference.

About one-third of Alaska's voters are against statehood now. The reasons for this will be gone into later in this story.

The United States bought Alaska from Russia in 1867 for \$7,200,000. But this government didn't do much to bring law and order there until 1898.

Then it sent in a federal judge and some other officials. The Klondike gold rush of 1898 drummed up interest in the place. Settlers followed the miners.

In 1912 Congress made Alaska a territory. Which meant the President appointed a governor and the people could elect their own legislature, House and Senate.

And the territory has a delegate to Congress. He can't vote, but he represents the people of Alaska.

Output of industry runs over \$70,000,000 a year. It's concentrated mainly in three businesses: Fur, fishing, mostly salmon, and mining—gold, coal, platinum.

The people pay federal income taxes but Alaska has no income taxes of its own, for persons or corporations, and no general property tax.

The territory has one railroad, owned by the U. S. government. It was opened in 1923.

Some of the arguments against statehood for Alaska—a number of Alaskans have protested to Congress—go like this:

The population is too small now for statehood. The majority of the 90,000 white people live in the towns and cities. Alaska, which gets a lot of money help from this government while it's a territory, couldn't afford to run itself as a state. Alaska is too far from the United States to have the same interests and problems.

The House Subcommittee listened to all those arguments against statehood and brushed them aside. Some arguments for statehood go this way.

The small size of the population is no argument against statehood. Twelve states had smaller populations when they were admitted to statehood. Alaska now is a strategic part of the United States.

As a territory, Alaska is subject to the whims of Congress which can pass any law it wishes.

HOT AIR FOR COLD FLORIDIANS
DELAND SUN NEWS

It's a mighty cold wind that doesn't blow some politician good. President Truman last week took advantage of the icy winds that have been plaguing Florida

about Alaska. As a state, Alaska would have to be treated by Congress as any other state.

The subcommittee says other territories were able to raise money to pay their way when they became states so there's no reason why Alaska couldn't.

to get in a good plug for his party. He told the delegation of Florida mayors and congressmen that the solution to the fuel oil problem was simple. Just elect a Democratic Congress, he said, and all would be right with the world.

Which is a little like scalping new handkerchiefs at a funeral. Florida's cold people don't want politicking, they want something done about getting sufficient oil at a reasonable price. The situa-

tion is not one to be considered lightly. People are just plain cold. Some who depend on oil for cooking are going without hot food.

Somehow, the impression was held by many that the President, supposedly the strongest man in the nation, would be able to do something to ease the situation. Or at least he could recommend a course for the people themselves to pursue. But apparently the only aid to be expected from the President is a sermon on how to vote at the polls.

Louis Wants Joe Walcott To Make Decision On Tiff

NEW YORK, Feb. 19, (AP)—Joe Louis, his patience wearing thin, says he'll give Jersey Joe Walcott just two weeks to sign for a return shot at the heavy-weight boxing crown.

If the Camden, N. J., veteran doesn't come to terms by then, the champion adds, then he'll make his last fight against somebody else — "probably Gus Lesnevich."

"You'd think Walcott was the champion the way he wants to call the shots," the Brown Bomber declared last night on the eve of his departure for a series of exhibitions in England.

FRANKLIN DIES

KANSAS CITY, Feb. 19, (AP)—Joseph A. Franklin, 79, veteran labor leader and president emeritus of the AFL International Brotherhood of Teamsters, iron shipbuilders and helpers union died last night.

VITAMINS for CHILDREN

THE ANSWER TO THE VITAMIN PROBLEM OF 2-12 YEAR OLDS

Introducing
JUNIOR AYTINAL
(8-IN-ALL)

100 DAY SUPPLY **1.89**

Eight vitamins in each capsule specially made SMALLER and TASTELESS so that children will take them just like grow-ups. Each capsule contains the correct potency for children... safe, economical and priced low.

WHAT VITAMINS DO!

- A helps build resistance to infection by building healthy tissues. Very essential to growth, especially in children.
- B (or B1) has its chief effect on the nerve tissues. Deficiency of vitamin B1 may result in general weakness and nervousness, poor appetite, or tend to disturb your digestion.
- C helps build strong bones and teeth. Aids in keeping blood vessels healthier.
- D the "Sunshine Vitamin"—helps maintain the proper level of calcium in the blood.
- E helps proper digestion. Serious lack causes pellagra but lesser deficiency tends to upset your digestion, your nerves and your skin.

THURSDAY
Seminole Chapter No. 2, O. E. 3, will meet at the Masonic Hall at 8:00 P. M. Election of officers will be held.

FRIDAY
The Sanford Grammar School P. T. A. will observe Fathers and Founders Night at the school at 8:00 P. M. Rev. Douglas E. Charles will be the guest speaker with his subject being "Guidance and Leadership". Refreshments will be served following the meeting.

SATURDAY
A buffet supper will be held from 8:00 to 9:30 P. M. at the Seminole Country Club. Reservations should be made as early as possible, according to Charles Potter, manager of the club.

SUNDAY
The Sanford Story League will meet at the First Baptist Church at 8:00 P. M. to be preceded by the executive board meeting at 7:30 P. M.

A Book Box exhibit will be held at the South Side Primary School. 800 books will be on exhibit and the public is cordially invited to attend.

The Board of Avenue Circle will meet at the Chapel at 1:00 P. M. for a luncheon. Mrs. Kirby Fite, chairman, urges all members to be present.

The Truth Seekers Class of the First Methodist Church will meet at 3:00 P. M. at the church annex.

The W. M. U. of the First Baptist Church will have a mission study class at the church at 10:30 A. M. The topic of the study will be "Spiritual Frontiers" and has been arranged by the mission study chairman of each circle. A covered dish luncheon will be held at noon.

TUESDAY
The Intermediate G. A. S. will meet at the home of Mrs. H. M. Pearce, 712 West First Street.

WEDNESDAY
The Literature Division of the Fine Arts Department of the Sanford Woman's Club will present the eighteenth edition of its annual magazine. The public is cordially invited to attend.

THURSDAY
The American Home Department of the Sanford Woman's Club will meet at 8:00 P. M. The program will be "Flower Arrangement" and will be conducted by Mrs. H. H. Coleman.

FRIDAY
The Intermediate G. A. S. will meet at the home of Mrs. H. M. Pearce, 712 West First Street.

SATURDAY
The Literature Division of the Fine Arts Department of the Sanford Woman's Club will present the eighteenth edition of its annual magazine. The public is cordially invited to attend.

SUNDAY
The American Home Department of the Sanford Woman's Club will meet at 8:00 P. M. The program will be "Flower Arrangement" and will be conducted by Mrs. H. H. Coleman.

Supper Given By Legion Auxiliary

About 60 members and guests enjoyed the regular covered dish supper given at the Legion Hut on Tuesday evening by the American Legion Auxiliary. Special guests for the evening included the young men and their wives from the George Barr Empire School. Mrs. Seth Woodruff, vice president, stated that the auxiliary contributes to city and county welfare work and aids in the local program for high school boys and girls. She further stated that over \$850 was distributed last year for local use by the auxiliary for these uses. The covered dish suppers are a monthly event being given on every third Tuesday in the month by the auxiliary.

Circle No. 6 Met At Baptist Church Mon.

The W. M. U. of the First Baptist Church met at the church at 3:30 P. M. on Monday afternoon. The topic of the program was "The Unfinished Task" with Mrs. E. M. Carroll, Circle No. 6 program chairman, in charge. Those participating in the program were Mrs. W. L. Vance, Mrs. Roy Reel, Mrs. M. Cunningham, Mrs. Fred Godwin and Mrs. Roy Hitt. About 75 were present for the meeting.

Personal

Mrs. R. L. Shipp and son Bobby of Ft. Walton are the guests of Mr. and Mrs. George Shipp.

Friends of E. C. Echols will be glad to learn that he is able to be out again after a recent illness.

Mrs. O. W. Douglas is expected to arrive this weekend to visit with her parents, Mr. and Mrs. A. C. Williams.

Bill Earle of Southern College in Lakeland was recently elected to Kappa Delta Pi, teachers honorary fraternity.

Mr. and Mrs. Andrew Carraway left yesterday by plane for Washington, D. C. They plan to return to Sanford on Sunday.

Friends of Robert Lippincott will regret to learn that he is confined to his home, 2465 Palmetto Avenue, because of illness.

Friends of Mrs. Mary Hall will regret to learn that she is seriously ill and confined to the Fernald-Laughton Memorial Hospital.

Mrs. Arthur Branan and Miss Naomi Zittrower plan to attend the "Emory Night Dinner Party" tonight at the Orange Court Hotel in Orlando.

Friends will regret to learn that Mrs. Carl H. Harris of 1020 Myrtle Avenue underwent an operation on Tuesday in the Florida Sanitarium in Orlando.

Friends of C. L. Redding will regret to learn that he is confined to the Fernald-Laughton Memorial Hospital and will undergo a minor operation tomorrow.

W. B. Cullum, storekeeper, second class, USN, is serving aboard the destroyer escort USS Coolbaugh which visited New Orleans, La. during the Mardi Gras festivities.

Mrs. J. W. McGillem of Coral Gables is visiting with her mother and sister, Mrs. Ella Ward and Mrs. R. R. Deas, at their home in Rose Court. They also had as their guest yesterday Rev. Carol Varner of Miami. Rev. Varner is the pastor of the South Miami Methodist Church.

Overstreet Speaks To Civic Department

Murray Overstreet, state attorney of the Ninth Judicial Circuit, was the guest speaker for the regular meeting of the Civic Department of the Sanford Woman's Club yesterday at 12:30 o'clock at the club house on Oak Avenue. The meeting was in the form of a covered dish luncheon and officers for the new year were elected following the luncheon.

The club house was attractively decorated with lovely arrangements of flowers, azaleas and the luncheon was served at individual tables centered with arrangements of the flowers. Hostesses for the meeting were Mrs. E. A. Londenberg, Mrs. O. M. Harrison, Mrs. W. B. Ellerbe and Mrs. W. P. Fields.

Mrs. Overstreet is from the Ninth Judicial District and spoke to the group on the duties of an State Attorney. During the business session following the luncheon new officers elected included: Mrs. C. R. Dawson, chairman; Mrs. Robert Cobb, vice chairman; Mrs. J. C. Bennett, secretary; Mrs. James Moughton, program chairman; Mrs. George Wells, finance chairman and Mrs. H. J. Lehman, membership chairman.

The beautification committee consisting of Mrs. R. R. Beck, Mrs. J. T. Newby and Mrs. C. E. Ginn reported that the beautification program for the club house lawn had been completed and azaleas, geraniums and gardenias have been added to the basic planting. About 30 members were present for the meeting.

DELAND, Feb. 19, (Special)—Dorothy Thompson, journalist, author, radio commentator, will deliver three lectures on Current Problems at Stetson University Monday, Tuesday and Wednesday nights of next week. While the lectures are free, Stetson officials have announced that admission will be by ticket. Students are being given first chance to hear the speakers, and a limited number of tickets for use of the public may be obtained at the President's office between 3:00 and 5:00 on the day of each lecture.

Baptist YWA Enjoys Banquet, Program

The Y. W. A. of the First Baptist Church enjoyed a banquet recently at the church commemorating its baby anniversary of 40 years of organizational work. A Valentine theme was used in decorating and throughout the program. In the center of the long table were red and white azaleas and carnations interspersed with Valentine fern. Valentine placecards were used to mark the seating arrangement.

Those taking part in the program included Miss Anita Aiken, Miss Mildred Turner, Miss Ellen Westmoreland, Mrs. W. D. Gardner, Mrs. W. F. Brooks, Mrs. Joe Wright, Miss Hazel Routh and Mrs. T. H. Groves.

Those attending were Mrs. H. W. Tucker, Mrs. Fred Harrison, Mrs. W. A. Routh, Mrs. Mamie Groves, Mrs. John Vann, Mrs. W. P. Westmoreland, Mrs. A. Wright, Mrs. Gardner, Mrs. Brooks, Mrs. Groves, Mrs. C. A. Anderson and Mrs. John Miller. Also the Misses Barbara Rucker, Freda Harrison, Hazel Routh, Martha Grogan, Jean Vann, Ellen Westmoreland, Mildred Turner, Betty Sheppard and Anita Aiken.

There were about 375 million dwelling units in the United States in 1940—more than double the 179 million units in 1900.

Hollywood

HOLLYWOOD, Feb. 19 (AP)—Marlene Dietrich, a gal who gets around, comes up with a list of the 10 most fascinating men she knows.

This was no small chore for Marlene, who has known a lot of fascinating men. I mentioned the list to her on the "A Foreign Affair" set, suggesting "the 10 most fascinating Americans." She pondered long and hard.

"How about some of the noted generals?" I suggested.

"Army men are very dull," she answered, "except during a war." I mentioned a few Hollywood actors and got nothing but a shrug.

"Maybe you could include men you would like to meet," I suggested.

"I don't want to meet anybody," she answered.

Marlene took the matter under advisement and five days later submitted a list, broadened to include men of other nationalities. Two factors might be pointed out: 1, only three are Americans; 2, only one is an actor. Here's her list in order of fascination:

Ernest Hemingway, novelist.

Ernest Hemingway, novelist.

Ernest Hemingway, novelist.

Ernest Hemingway, novelist.

Ernest Hemingway, novelist.

Ernest Hemingway, novelist.

Ernest Hemingway, novelist.

Ernest Hemingway, novelist.

Ernest Hemingway, novelist.

Grammar School To Have Father's Nite

The Sanford Grammar School Parent Teachers Association will celebrate Founder's Night and honor the fathers on Friday evening in the school auditorium at 8:00 P. M. Mrs. W. S. Humley, program chairman, has planned a varied program for the evening with Rev. Douglas E. Charles as the guest speaker. His subject will be "Guidance and Leadership in the Home." Under the direction of Mrs. J. L. Thornley, fifth grade teacher, the pupils of each room will be presented.

Following the program an informal reception will be held in the newly furnished and decorated library which has been the project for the year of the P.T.A. Mrs. J. M. Simeon, president, urged all members to attend this meeting.

Father Of Umpire School Instructor Dies In Oklahoma

F. C. Terry, instructor at the George Barr Empire School at the Municipal Airport, received notice yesterday of the death of his father, it was reported by George Barr.

Terry makes his home in Bixby, Okla., and umpires in the Georgia-Alabama League.

Barr reported that Terry left yesterday afternoon by plane for Tulsa, Okla. He will then go to Bixby, which is only a short distance from Tulsa.

St. Mark's Chapter Has February Meet

St. Mark's Chapter of the Women's Auxiliary of Holy Cross Episcopal Church held its February meeting in the Parish House recently. A short business meeting was held after which the group then adjourned to the Church where a program on the following subjects was presented: the Altar, Mrs. Troy Ray; the Cross, Mrs. W. A. Lee; the Burning Bush, symbol of God, The Father; 1. Ten Commandments, Mrs. George Bower; 2. The Tabernacle, Mrs. Roy Bymes; 3. The Priesthood, Mrs. Ruth Scott; the Pelican, symbol of God the Son, Mrs. Amelia Noble; the Dove and the Flame, symbol of God the Holy Ghost, by Mrs. Martha Coleman. All chapter members were present except two members. There were also several visitors present.

Trophies Shown At Association Meet
Trophies were displayed which will be given in the Woman's Golf Association championship tournament at the regular luncheon meeting of the group held yesterday at the Seminole Country Club. The trophies include five sterling silver trays and were shown by Mrs. W. G. Fleming who urged that all members participate in this tournament regardless of handicaps as there will be prizes awarded for all classes of golfers.

Mrs. E. B. Smith, president, presided over the business session and Mrs. John Ivey told of the conveniences of the playground each Sunday. Mrs. Earl Higgenbotham said that on Mar. 16 all women from the local organization are invited to play on the Orlando Country Club course and attend the Woman's Golf Association meeting in Orlando. This is being done to orient members with the course as the state tournament will be held in Orlando. About 26 members were present for the luncheon.

The tournament in the afternoon was in the form of a two-ball-outcome and was won by Mrs. Smith and Mrs. Clyde Terwilliger. Tied for second place were Mrs. Ivey and Mrs. George Thurston who made up one team against Mrs. E. C. Hayman and Mrs. Harold Kastner. Mrs. Kastner was the winner of the putting contest with 16 putts for nine holes.

Those playing during the afternoon were Mrs. John Eick, Mrs. Higgenbotham, Mrs. Robert Art, Mrs. Richard Elsberry, Mrs. Harry Woodruff, Mrs. Phil Grogan, Mrs. J. B. Cogburn, Mrs. W. R. Williams, Mrs. Bayston, Mrs. Kastner, Mrs. Smith, Mrs. Ivey, Mrs. Thurston and Mrs. Terwilliger.

Great NEW Colgate-Palmolive-Peet product cleans cleaner, faster than soap... is **MILDER** to hands!

VEL cuts dishwashing time in half!

Dishes, glassware gleam without wiping!

● Wash dishes with Vel... then just rinse. Even glassware will dry sparkling clear without wiping! This great Colgate-Palmolive-Peet suds leaves no soap scum or streaky film to polish away. Pots and pans get clean with much less work... for Vel removes grease faster, more completely than soap. Leaves no dishpan ring to scrub out. Vel cleans dishes cleaner than soap; saves up to half your dishwashing time!

Actual skin tests made by an independent laboratory—name on request—prove Vel milder to hands than any other leading product made for washing dishes and fine fabrics.

CIO Official Says Labor Leaders Are Much Too Powerful

WASHINGTON, Feb. 19 (AP)—A CIO official said "there is considerable truth" in the statement that "labor leaders are too powerful and rank and file workers too subservient."

"There is similar truth in the assertion that political bosses, likewise, often have too much power," Kermit Eby, the CIO's research and education director, told a Senate Labor Subcommittee. He added:

"The remedy, furthermore, in both cases is the same—an educated membership or electorate stimulated to take their rightful part in the organizations of which they are members."

Eby and CIO President Philip Murray both urged passage of a bill to set up a government education program for workers.

Murray, in a statement read to the subcommittee, said labor needs education to keep up with management in collective bargaining.

"Management has more and more turned to our universities and colleges to employ trained industrial relations specialists as its representatives," he said.

"Across the bargaining table however they meet with men and women who often have gained knowledge and leadership only through the school of experience."

Dimitrov Testifies

(Continued from page 7) gan criticizing the United States and Britain, Russia's wartime allies.

He said a Russian representative in Bulgaria told him: "The end of the conflict with Germany means the beginning of another with the western plutocrats. No victory will have been won by us until the heads of the British and American imperialism have been smashed."

Therefore, Dimitrov said, this country is the top target for the Reds.

Dimitrov is a 49-year-old doctor who headed the anti-Communist Bulgarian Agrarian Party before he had to flee his country. He left because Communists had gained control in Bulgaria and he was afraid they would kill him.

Dimitrov told of being arrested in 1945, escaping from the Communists and being sheltered for three months at the home of "the courageous and valiant Mr. Maynard Barnes," then U. S. political representative in Sofia.

Finally, he said, he flew to Italy in Barnes' plane and then came to this country early in 1946.

He said the Communists intend to take over the countries of Europe and the Middle East and build them into an "iron wall" against American and Britain.

The idea, he said, is to protect Russia so that this chief base of Bolshevism can prepare for future

Advice Given By Marshall On China Aid

Row Develops In Congress Over Whether To Call MacArthur Back For Testimony

WASHINGTON, Feb. 20 (AP)—The proposed China aid program has touched off a behind-the-scenes row in Congress over whether General Douglas MacArthur should be called home to give his advice about it.

It cropped out today while Secretary of State Marshall was before the House Foreign Affairs Committee discussing the \$570,000,000 aid proposal.

Chairman Eaton (R-N.J.) asked Marshall how to go about bringing MacArthur back from Tokyo. Marshall said he didn't know. He said such a request might be made to President Truman, maybe to Secretary of Army Royall.

On the side, a committee member told a reporter there is something about MacArthur's appearance. The thing of a row going on over it is said there is a definite split, with several Democrats strongly opposed to calling in the General, and a majority of Republicans equally as strong for hearing MacArthur. Eaton was described as doubtful of the advisability of summoning the Supreme Allied Commander in Japan.

Sen. Lawrence Smith (R-Wis.) on the other hand said he definitely is for it.

Cabinet Abandons Communist Party In Slovak Election

PRAGUE, Feb. 20 (AP)—The Czechoslovak cabinet today abandoned its policy of non-interference in the election of the Communist Party in Slovakia.

The trump card was played last night by the Social Democratic Party, whose balance of power support hitherto has given the Communists the margin they needed to enact steps in their long range program.

The Social Democrats drafted a declaration of independence from the Communist Party and the Slovak Democrats on broad issues where Communist domination threatened.

How soon retaliation would come and what form it would take was the big question as the cabinet met. Some predicted the Communists would back down in their move to purge the security police of non-Communist officers. The Social Democrat decision was taken after President Edouard Beneš had conferred with his right wing leaders and with the Communist Premier on Communist in the anti-Communist press today.

Georgia Congress To Boycott Demo Dinner

WASHINGTON, Feb. 20 (AP)—Georgia's congressmen will be conspicuous by their absence from the Democratic Jefferson-Jackson Day Dinner at Atlanta March 9—unless there is a changing of minds.

It is conceded within the delegation that there's about as much chance of the Stone Mountain monument walking off as there is of a single member's changing his mind.

Reason: The dinner has Democratic Party factions led by Gov. M. E. Thompson and former Gov. Herman Talmadge another chance to call each other names. They've taken full advantage of it, as usual.

Thompson's faction, currently recognized by the Democratic National Committee, is sponsoring the money-raising dinner. Talmadge's faction is boycotting it.

No Georgia senator or representative wants to get caught in the cross-fire.

GRAIN NATIONS WASHINGTON, Feb. 20 (AP)—A bill to ration grain to wheat makers through Oct. 31 advanced a step in the Senate today.

The Banking Committee approved the measure unanimously. It made no change in the bill's original 4 to 0 by a subcommittee yesterday.

The bill provides that the liquor industry should be allotted no less than 2,500,000 bushels of grain a month. Each plant would receive at least 6,000 bushels a month.

SANFORD'S NEWEST CELERY PACKING PLANT

Photo by Jameson

Workers are shown at the new Grapeville Avenue plant of American Fruit Growers Inc. on the west side which was recently completed and put into operation. Workers in the foreground are stacking the washed and packed celery. From there it will go on

belt lines to the pre-cooler and to refrigerator cars. The crates for packing are shown on overhead racks to where they roll from an overhead station. On the other side of the building is a like scene of packing activity.

Fruit Growers Operating New Packing House

Opening Of New Plant Increases Facilities To Process Large Local Crops

The American Fruit Growers Inc., prominent growers and shippers in Seminole County for 25 years and one of the largest distributors of fruits and vegetables in the United States, recently started operations at their new packing house on Grapeville Avenue, west of the city.

There has been much favorable comment during the past few weeks by visiting celery growers and others of Sanford concerning the new packing house and processing plant, which is well equipped not only because it offers added facilities for proper processing of the local 4,000 to 4,000 car celery crop, but also is a "healthening" expression of confidence in the future of the vegetable industry of this section.

The plant was built by the "Blue Goose" concern after a thorough study of processing plants of this kind in Florida and other parts of the country. Before competing the plans, H. C. Hetzel, district manager for the company, made a trip to the Pacific Coast for a careful survey of vegetable packing houses, especially those in California.

The main building is a double quonset, 220 by 60 feet in size. This type of steel construction, developed during the war, is admirably adapted for the purpose. According to Mr. Hetzel, it gives a new look to the vegetable processing business, providing adequate space and light some times lacking in older plants.

In another 60 by 40 foot quonset east of the main building, the celery crates are stored and assembled. An overhead conveyor brings the made up wire bound crates to the packers in the main building. Fluorescent lighting throughout gives day light conditions for night work which is usually necessary during the shipping season.

Labor saving devices and installations to handle the vegetable crop more carefully are interesting features of the plant. The celery after having been brought from the field and into the plant in hand trucks is dropped in water (Continued on Page Two)

Truman Declares Russian Refusals Create Problems

Threatened City Snug Behind Levee

GREENWOOD, Miss., Feb. 20 (AP)—Snug behind an ever-rising levee, Greenwood today awaited the crest of a flood wave which has inundated 100,000 acres of Mississippi bottom and timberland. Sandbags have been packed in at dozens of points throughout the town and National Guardsmen are patrolling the levees to spot any breaches. A predicted crest of 40 feet here Saturday will threaten the town that had a 1945 record high water mark. Relief preparations are well under way.

South's Solons Declare War On Truman Program

Resolution Adopted Pledging Co-operation Against Bill

WASHINGTON, Feb. 20 (AP)—About 50 Democratic congressmen from 11 Southern states formally declared war today on President Truman's civil rights program.

They met and adopted a resolution pledging "cooperation" with Southern governors opposing the President's program for anti-lynch, anti-poll tax and anti segregation legislation.

Rep. Comer, of Mississippi, chairman of the group, said a resolution of opposition to the President's program was adopted unanimously.

The Southerners met behind closed doors of the House Banking Committee room.

Those states were represented: Georgia, Florida, Alabama, Tennessee, Mississippi, Arkansas, Texas, Louisiana, North Carolina, South Carolina and Virginia.

But not the entire membership of each delegation was present. For example, only Rep. Smith was there from Virginia.

The group authorized Colmer to appoint a committee representing each state to "cooperate" with the Southern governors.

For themselves, the congressmen pledged to "oppose to the furthest extent of any such legislation" that proposed by the President.

Their resolution also: 1. Urged, and respectfully but firmly cautioned, leaders of the Democratic Party "against putting into its platform that which would seriously jeopardize its support in the South, where it has been nourished and sustained throughout its existence."

2. Declared "either one or all" of the President's proposals "would constitute an invasion of the sovereignty of the states and would most unfortunately interrupt the progress being made by the several states in the adjustment of difficult and troublesome problems naturally arising from inter-racial differences."

Colmer told newsmen there was "free discussion of the whole subject" during the meeting, which lasted almost two hours.

The delegation elected Rep. Harris of Arkansas as its secretary.

Among those who did not attend the meeting was Sam Rayburn of Texas, House Democratic leader.

President Persists In Strengthening U.N. As Cornerstone Of Peace

WASHINGTON, Feb. 20 (AP)—President Truman's call for the common man to rally for political battle against "the privileged few" was branded by the GOP high command today as a bid for Henry Wallace's support.

Carroll Reece, Republican national chairman, said in a statement that Mr. Truman's address to a Jefferson Jackson dinner here last night "should have been set to music under the title 'Old Henry, Won't You Please Come Back?'"

WASHINGTON, Feb. 20 (AP)—President Truman left by plane at 10:32 A. M. today on a 14-day trip to Florida, Puerto Rico, the Virgin Islands and Cuba. His first stop is the Boca Chica Airport near the Key West submarine base where he will spend the night. The flight was expected to take about four hours. He will visit in San Juan tomorrow with Puerto Rico's first native-born governor, Jesus T. Piñero, and on Sunday with William H. Hastie, negro governor of the Virgin Islands.

President Truman said today Russia's refusal to carry out United Nations decisions has raised a "disturbing" new problem.

But despite the failure of the Soviet Union and its satellites to cooperate, "the United Nations is making headway," the chief executive told Congress. He added "The strengthening of the United Nations continues to be a cornerstone of the foreign policy of the United States."

Mr. Truman outlined his views in a 359-page report on the work of the world agency during 1947. The report had been given first to the President by Secretary of State Marshall.

Marshall said "The record offers no basis for complacency," but also "no basis for pessimism."

"Some of the accomplishments noted in the report," the cabinet officer wrote, "were made despite the intransigence of a numerically small minority which has extended to a refusal to carry out certain major recommendations."

In the formal letters of transmittal (Continued on Page Four)

Lion's Club Plans Junior Ball League At Luncheon Meet

Plans for the Lion's Club's "Junior Baseball League" were today discussed at the meeting at the Tourist Center. Richard Davis presided.

It was announced that the season will begin in April, according to Harry Robson, the league's president in the past, will again comprise four teams of boys. The boys are trying to get another local civic organization to sponsor another similar league, he stated.

Fred Ganas was appointed as head of a committee to decide on the nature of a fund party or outing.

Eugene F. Paulson, visitor from Liberty, Mo., and "club" chairman, of Boy Scouts activity of the Lion's Club of that city, told of promotion of a recreation center in Liberty among youth. He said that he was impressed with the local club's Junior Baseball activities, as briefly outlined by Vice-president Deas and would present the idea to his home club. Another visitor was G. L. Esterline, buyer of the Kroger Grocery Company of Chicago, Ill.

Jesse C. Lodge, Wallace Phillips and Robert LeFils were introduced as Lions by Dick Esterline. Clyde Ramsey added the offer touch of warning against the "dime collecting" Tail Twister.

NO NEGLIGENCE
A coroner's jury, summoned by County Judge R. W. Ware at the request of State Attorney Murray Overstreet to investigate circumstances attending the death in an automobile accident last November of John Frances Platt, gave a decision that there was no criminal negligence in connection with the accident, which occurred on the Orlando Highway. It was reported by Judge Ware's office.

Bureau Seeks Cut In GI Training Of Fun-Seeking Vets

Report Points Critically To Dancing, Music And Others

WASHINGTON, Feb. 20 (AP)—The Administration called today for a \$200,000,000 cut in GI training-for-fun.

The Budget Bureau asked Congress to rewrite the so-called GI Bill of Rights to let the government weed out hobby-seeking veterans.

A report to the lawmakers pointed critically to courses in such things as flying, dancing, music, photography and horsemanship training by mail.

The GI Bill allows veterans to go to school or take special training at federal expense. Some 4,500,000 have taken advantage of the measure.

President Truman first called for a study of the law in his (Continued on Page Seven)

School Principals Outline To Pupils Youth Government Plan

School principals yesterday outlined to pupils a plan for a Youth Government week, sponsored by the Seminole County Junior Chamber of Commerce. This project will deal with the election of County officials, their qualifications and duties.

Teachers have been presented with an outline of the duties and qualifications of each elective County officer. Each Principal has been requested to appoint a Registrar who will set up books to register each student as a voter.

"The purpose of this project is to educate students so that they will include the active participation of all white students between the 7th and 12th grades. These students will register and qualify as candidates, will campaign and elect their own County officials who will take over our government."

This program, he pointed out, is to be conducted throughout the schools of Seminole County, and it is desired that students may be better prepared to accept future responsibility as citizens and take an active interest in the affairs of County government, also through the students to reside and interest the adult citizens in the affairs of our government.

"The purpose of this project is to educate students so that they will include the active participation of all white students between the 7th and 12th grades. These students will register and qualify as candidates, will campaign and elect their own County officials who will take over our government."

Ten Percent Tax On Utilities Is Levied In Oviedo

New Fire Truck Is Purchased At Cost Of \$3,500 To City

Oviedo citizens are a bit excited over the 10 percent utility tax bills now being received which are added to electric, telephone and (bottled) gas bills. It was announced by Thad L. Ling, town clerk, he declared, however, that he had received but a few protests so far. The taxes are collected for the city by the different utility companies.

He pointed out that the tax, which Sanford and many other Florida municipalities have also imposed, was approved by the Town Council at its last meeting because of the need of city funds for improvements, and also the fact that with homebased exemption, tax receipts have been curtailed.

New fire fighting equipment, (Continued on Page Four)

Patterpad Plant Is Damaged By Fire

A small amount of damage to the Patterpad Plant, makers of pads and panties for babies, resulted from fire that broke out at the plant shortly after 1:00 o'clock yesterday afternoon. It was reported by Fire Chief M. N. Cleveland.

Much cotton is used in the manufacture of the products, and it is believed that static electricity caused the fire, he declared. Most of the fire had been put out by chemical extinguishers at the plant by the time the Fire Department arrived, he said.

FIREMAN KILLED
PORTSMOUTH, O., Feb. 20 (AP)—The steamship "Powhatan Arrow" of the Norfolk & Western Railroad jumped the track today, killing a fireman and seriously injuring the engineer.

The railroad's office here said that so far as it knew no passengers were injured.

The accident occurred at Genett's Creek, near Franklin Furnace, 15 miles east of here.

The fireman killed was Robert F. Maiden, 57, of Portsmouth.

The Den Mothers and the Advisory Board of the Cub Scouts met tonight at 7:30 in the Methodist Annex to discuss plans for a covered dish supper and jamboree to be given for the Cuba and their parents at the South Side Primary school next Friday. It was announced by Robert Reilly today. Members of the Board and all mothers are urged to attend.

PUEL OIL
WASHINGTON, Feb. 20 (AP)—The Commerce Department today banned export of crude oil without a license to any foreign country except Canada.

It was the first peacetime action in as many days to bolster imposition of license controls on crude oil. It was also the second source supply of fuel at home action in as many days to bolster by squeezing foreign receivers.

New Trial Denied In Dollison Case

Judge Millard Smith today denied a motion made by Fred R. Wilson as attorney for Mr. and Mrs. T. M. Dollison for a new trial in the case of Frank Russell vs. T. M. Dollison and Ellen M. Dollison his wife and on motion of Geo. A. Speer, Jr. entered a final judgment in favor of Mr. Russell.

Last week a Circuit Court jury rendered a verdict in favor of Mr. Russell in an action of ejectment growing out of a dispute over the ownership of an acre and a quarter of land on the Orlando Highway and the dwelling located on it. Mr. Russell and the Dollisons both contended that they owned this property and built the house.

PHILIP MURRAY
WASHINGTON, Feb. 20 (AP)—CIO President Philip Murray today pleaded innocent to charges of violating the Taft-Hartley Act's ban against union political expenditures.

Murray's attorneys then moved that the charges be dismissed. They argued that the ban violates freedom of the press and is unconstitutional.

The delegation elected Rep. Harris of Arkansas as its secretary.

Among those who did not attend the meeting was Sam Rayburn of Texas, House Democratic leader.

The Division consists of clubs with 51 to 75 members, and is composed of 25 Florida cities of which some of the larger are: Clearwater, Coral Gables, Daytona Beach, Ft. Myers, Ft. Pierce, Lake City, Miami Beach, Ocala, Plant City, St. Augustine, Sanford and Winter Haven.

Eustis placed first in the division. Nearby cities such as Mt. Dora, Leesburg, Tavares and Winter Park are among the 24 cities in this Kiwanis division.

Mr. Stinecoper was recently informed by C. Harold Martine, Kiwanis governor of the Florida district, that the Florida district

has gained first in sending in its achievement reports.

One of the high lights of Sanford Kiwanis during 1947 was its work among boys and girls. Mr. Stinecoper pointed out. The club continues to sponsor Boy Scout Troop No. 5, one of the oldest in the Central Council. Scoutmaster Capt. Byrd Hudson and Assistant Scoutmaster H. E. Morris are both Kiwanians. Sanford Kiwanis Club Receives High Rating for Year's Program

By WILLARD CONNOLLY

The Sanford Kiwanis Club has received a high rating by placing second in the Orange Division of the Florida District for its achievements during the year, 1947. It was reported today by J. Martin Stinecoper, secretary of the club. Lester Tharp was president and Ralph A. Smith was secretary during 1947. Frank Lamson is now president.

The Division consists of clubs with 51 to 75 members, and is composed of 25 Florida cities of which some of the larger are: Clearwater, Coral Gables, Daytona Beach, Ft. Myers, Ft. Pierce, Lake City, Miami Beach, Ocala, Plant City, St. Augustine, Sanford and Winter Haven.

Eustis placed first in the division. Nearby cities such as Mt. Dora, Leesburg, Tavares and Winter Park are among the 24 cities in this Kiwanis division.

Mr. Stinecoper was recently informed by C. Harold Martine, Kiwanis governor of the Florida district, that the Florida district

has gained first in sending in its achievement reports.
