TIED UP AT A DOCK in Hong Kong, China, the British sloop Amethyst is shown after making her spectacular Yangtze River dash past menacing Communist Chinese batteries to reach the open sea. The ship, its exploits already one of the heroic epics in the Royal Navy records, had run aground in the river, with dead and wounded aboard. Managing to work her way free, and minus a river pilot, the Amethyst took off on her daring 140-mile run down shoal-filled waters under fire. She made it in about seven hours. (International)

That the judges who awarded her the pulchritude title used Venus as their criterion, is not overlooked by the American beauty as she carefully studies the work of art. (International)

ALL FIVE of these attractive semi-finalists in the "Miss Washington" beauty contest, Washington, D. C., should "win in a breeze" when the big day comes. Mundt Accuses Gen. Vaughan Of 'Finagling'

Indictment For Perjury Is Asked For Maragon As Sugar Rationing Probed

WASHINGTON, Aug. 17.—(AP)— Senator Mundt (R-SD) today denounced Maj. General Harry H. Vaughan as a "finagling bargainer" who applied "pressure, intimidation, bluff and bluster" in an attempt to get a government worker to violate the law.

Mundt's bitter criticism of Vaughan, President Truman's military aide, drew a sharp reprimand from Senator Hoey (D-NY), chairman of the Senate's Special Investigations Subcommittee.

Hoey said that if Mundt had made such remarks at a court trial, the case would be thrown out of court. But Mundt demanded that his remarks stay in the record.

The sharp exchange between Mundt and Hoey at the five percent inquiry came after these other developments:

1. Senator McCarthy (R-Wis.) demanded that John Maragon, key figure in the investigation, be indicted for perjury.

2. Milton R. Pollard, a Milwaukee insurance man, testified he paid \$1,000 to Maragon for trying to get a sugar rationing suspension order lifted against the Allied Molasses Company of Perth Amboy, N.J., in 1946.

3. Herbert C. Hartman, a former Agriculture Department employee testified that Vaughan was "a little rough" on him in trying to get him to grant an allocation of sugar to the New Jersey firm in 1946.

4. The committee got testimony that Maragon, in trying to get a sugar rationing for the same firm, represented himself as a "White House liaison man when he went to the Agriculture Department."

Harman Proposes Moderate Construction Increase \$58,000 Building Is Predicted By Federal Reserve For Civic Groups

By CHARLES MOLONY

WASHINGTON, Aug. 17.—(AP)—A forecast of further moderate increases in construction work in the near future came from the Federal Reserve Board today.

Because construction is one of the main bulwarks of business activity and employment, this furnished some backing for a prediction by Secretary of Labor Tobin that employment will go up by 1,000,000 in the rest of this year.

A proposal that civic groups unite in a campaign to finance and build a \$58,000 civic and youth recreation center in Fort Mellon Park between the swimming pool and the tennis court was made by Milton Harman of Radio Station WTRR at the Kiwanis Club meeting today. Mr. Harman was introduced by the Rev. J. E. McKinley.

At the suggestion of Karlyle Housholder, the club voted to contact other civic clubs to promote the program. Mr. Harman was appointed by Vice President Ralph A. Smith as chairman of the Kiwanis committee to contact the other groups with the idea of setting up a promotion committee with two members from each club.

Describing the proposed civic center as a building in which civic clubs could meet in leisure and comfort, Mr. Harman also stressed its need as a year-around recreation center for young people when they can dance and hold parties.

He exhibited tentative plans for the building as drawn up by Elton J. Moughton, architect, with the assistance of P. A. Gingles. Shown was a building 112 feet long and 40 feet wide with wide porches at the front and rear. It would include an auditorium of 400,000 square feet with a seating capacity of more than 400, and having a ceiling 17 and a half feet high. It would be acoustically treated for better hearing.

Two balconies, one on each end of the building would provide additional space for committee meeting rooms, and rooms for ping pong and other recreational activities.

In the auditorium would be a stage for speakers, dance bands and entertainment. Room would be provided for a concession room, offices, and a restaurant.

Both had been married previously. One of Mrs. Lippy's two sons is married to Lippy's daughter, Mary. Lippy also has a son, C. Edward Lippy, Jr., in Boston, Mass.

FUNDS FOR BASE

WASHINGTON, Aug. 17.—(AP)—The House Appropriations Committee yesterday approved funds for a long range guided missile proving ground to be built at Banana River, Fla.

The committee recommended \$2,000,000 to start the project. In addition it approved the transfer of \$1,500,000 to the project from funds previously given the Air Force.

Congress recently authorized a total ultimate expenditure of \$7,500,000 on the project.

RATE INCREASE

TAMPA, Aug. 17.—(AP)—The president of the Peninsula Telephone Company today told an FBI-labeled public enemy charged here with the murder of a patrolman, after they came up with a \$7,500 cache.

Mrs. June Bircham, 26, wife of the accused slayer-bank robber, last night led officers to a farm hideaway—and the money—after telling of a series of holdups in several states.

Officers said the former Transocean farm girl told them the money was part of the loot taken from the centennial branch of the American National Bank, Jacksonville, Aug. 1.

NOTES

PHOENIX, Aug. 17.—(AP)—The House Appropriations Committee yesterday approved funds for a large number of cases diagnosed as poliomyelitis. This may actually be attributable to a new and apparently non-virulent virus.

The group numbers many Florida's small, independent growers. The association rejected its president, Joseph Couch of Clearwater, and all other officers.

Murder Charges Lodged Against Mitchell Slayer

ATLANTA, Aug. 17.—(AP)—Murder charges have been placed against the two brothers who fatally injured Major General Mitchell Slayer during the shooting of the Voice of America radio broadcaster.

Secretary Acheson said that when Kirk called on the Soviet Ambassador Monday night, it actually was a courtesy visit and was limited almost entirely to an exchange of courtesies between the American ambassador and the Russian premier.

Meanwhile it was disclosed that S. A. Ambassador Alex Kirk asked Premier Stalin to spend a week in Moscow. Kirk protested a special session of the Voice of America radio broadcast.

Secretary Acheson said that when Kirk called on the Soviet Ambassador Monday night, it actually was a courtesy visit and was limited almost entirely to an exchange of courtesies between the American ambassador and the Russian premier.

However, he added, Kirk did mention to Stalin two points cutely as "an issue in Soviet-American relations." These were, Acheson said, the Russian

Man Kills Wife Who Sues For Divorce

MIAMI, Aug. 16.—(AP)—A North Miami man killed his estranged wife and then committed suicide tonight after he learned she intended going through with a divorce.

North Miami Police Chief Karel Engel identified the dead as Edward Lippy, 61, trille-

ral real estate dealer.

Engel said Mrs. Lippy was shot through the chest and died in north Miami hospital. Her husband died with a bullet in his brain.

When Mrs. Lippy filed for divorce, the court issued a restraining order to keep her husband from the house. It was there that the shooting took place.

Both had been married previously. One of Mrs. Lippy's two sons is married to Lippy's daughter, Mary. Lippy also has a son, C. Edward Lippy, Jr., in Boston, Mass.

TODAY'S BIBLE VERSE

Wicked people may make trouble for us here, but they will be excluded from contact with the redeemed. Be patient. There the wicked cease from troubling, and the weary are at rest.—Job 3:17.

One nice thing about General
Waitt, he admits he's good.

Now that Margaret Mitchell is
dead, imagine how you would feel
if you had been driving the car
which ran over her!

There had been a shooting
scare at the Bunc home, the
sheriff at Lyons, Kan., was notified
the other day. When he arrived at
the scene, he was greeted by a seven-year-old, the eldest of four chil-
dren who said, "Daddy shot Grandpa
and Grandma and Mommy, and
now Daddy's dead, too." Just one
big happy family!

The next Republican candidate
for President may be General
Dwight D. Eisenhower, America's
chief military leader during the
war which may have been the Re-
publican candidate last year if he
had wanted the job. So too might
he have been the Democratic can-
didate, if Democratic opposition to
President Truman at that time
can be accepted at face value. Bu-
t then the General would not have
the job if offered to him on a sil-
ver platter. Since then, according to
his old friend, Senator Styles
Bridges of New Hampshire, he may
have changed his mind. He would
make a formidable candidate in
1948.

The Woman's Christian Tem-
perance Union lays before Con-
gress a bill to prohibit newspaper
from accepting liquor advertising
recognizing that a product which
is not advertised cannot be sold.

Further, the WCTU testifies to the
potency of newspaper advertising
by pointing out that American
people spent \$8,000,000,000 last
year on whiskey, wine and beer.

Unfortunately this liquor consump-
tion produced 4,000,000 chronic
alcoholics, and several hundred
thousand psychopathic patients.
However, more effective in reduc-
ing liquor consumption than ban-
ning liquor advertising would be
to prohibit its transportation on the
nation's railroads or trucking lines.

Governor Warren has limited
himself for a special session strictly
to revenue bills. The returning legis-
lators may not even consider
raising appropriations. They must
give up, or else. They will be com-
pelled to levy new taxes, no matter
how much of our present tax man-
y is going down the drain. It may
well be that some departments of
government do need more money,
but there is some waste and
lavagance in other boards,
commissions and commissions. Almost
everyone recognizes that this is
true. Yet the Legislature will not
be allowed to consider such
inefficiency. They must vote ad-
ditional taxes, or else. Well, if we
were going back up there, it would
be else.

Margaret Mitchell is dead but
"Gone With The Wind" will live
ever in the minds and hearts of
millions. Many who did not
see the book have seen the movie.

No one can deny that Miss
Mitchell has done more to explain
South's particular point of
view than many hours of political
speeches delivered before and since
the inauguration of her book. The

book is told of a little old New
England lady sitting quietly in a
chair in a massive Connecticut
home described in "Gone With
The Wind". When she came to
the South where General Sherman
had come and burned it to the
ground, she got up from a chair and

Hollywood

By BOB THOMAS
HOLLYWOOD, Aug. 17.—(AP)—Teresa Wright, who split with Producer Sam Goldwyn because she wouldn't make an appearance tour, says she's willing to meet the public now.

The star's contract with Goldwyn ended when he claimed she was uncooperative about making a publicity tour. She countered that he gave her only two days notice before she was to leave—at Christmas time.

Miss Wright is now working in "Paybreak," her first film since the Goldwyn break. Will she make an appearance tour? "I certainly," she answers. "If the producer will give me more than two days notice—not at Christmas time."

The actress will probably get her chance. The producer is Niven Busch, who also happens to be her husband.

Roslyn Russell and Freddie Brisson take off for Nassau after she finishes "Woman of distinction." They'll visit her mother for a couple of months, then go to New York for the show. Her next picture is at Paramount next spring, after which she and Brisson return Europe with the Williams family.

"Calling Dr. Kildare!" this familiar call will again ring forth—but on the air, not the screen, MGM, which has gone into the business of packaging air shows has made a deal with Lew Ayres to repeat his famous medical character for radio. But the film version won't be revived. Lew feels he would be going back to the screen to return to the B-picture series.

"Mrs. Miniver," the pillar of virtue in the famed war-time movie, will shock her fans in the forthcoming sequel. She will have some extra-marital romance in the plot of the new film which stars Greer Garson, Walter Pidgeon and John Hodiak.

Vanessa Brown isn't going to let her new role as Lazarus's Jane interfere with her education. She lost out in A.B. at UCLA, and figures the film series will give her plenty of time to get an M.A. she has earned again.

Ether Williams received enough flowers at the birth of her baby to supply the whole floor at St. John's hospital, which she did. Prize display was a floral swimming pool with a replica of herself on a diving board. It came from her boss, Louis B. Mayer.

The Mickey Rooney (Martha Vickers) and the Wally Cassells (Marcy) marriage are expecting triplets, although the same time in January. Costell is Rooney's protege and was best man at the half-pint star's wedding.

Bob Hope will return to his old-style monologue on his air show this fall, he says... this shows you how little film titles mean: "Interference" is now called "Easy Living." Don't ask me why.

Miss Olive Chapman Honored With Shower

Mrs. E. T. Chapman and Mrs. L. M. Swain entertained with a musical shower at Monday night honoring Miss Olive Chapman, whose marriage of John E. Bowler, Jr., of Berwick, Pa., will take place on Friday at the First Methodist Church. Mrs. Chapman's home on West First Street was beautifully decorated with gladioli, roses and tuberoses.

A prize for games played during the evening was won by Mrs. R. W. Apelbeck. The most lovely gifts were presented in the form of a large decorated basket.

Refreshments consisting of punch and cake were served by the hostesses to the following guests: Mrs. Rudolph Lloyd, Mrs. Ellis Lloyd, Mrs. Gretchen Cruewell, Mrs. R. U. Hutchison, Mrs. Lipincott, Mrs. Ashby Jones, Mrs. Blake Sawyer, Mrs. Mildred Lovre, Mrs. R. W. Stuverud, Mrs. Jimmie Moore, Mrs. H. H. Johnson, Mrs. E. McKinley, Mrs. W. Hunter and Mrs. William McAlpine.

Also Mrs. J. T. Bombley, Mrs. R. D. Priest, Mrs. W. P. Chapman, Mrs. J. N. Azurrolo, Mrs. A. L. Myers, Mrs. M. V. Wilkins, Mrs. C. F. Branan, Mrs. C. R. Hooleman, Mrs. L. M. Swain, Alice Chapman, Mildred Axcott, Virginia Chapman, Betty Bryan, Lucille Anderson, Anne Lovell and Mrs. R. Z. Holton of Miami; Mrs. J. A. Rumbold of Bradenton, Mrs. W. L. Reinard of Palmetto, Pa., and Mrs. Paul C. Hoyt of Ames, N. Y.

Miss McDonald Given Party By Miss Bisbee

Among those who attended the annual Normal School and Convention of the Dance Masters of America held recently in Washington, D. C. at the Shurham Hotel was Mrs. A. B. Duxbury. The dancing teachers underwent extensive courses in tap, ballet, acrobatics and ballroom dancing conducted by outstanding dancers in those fields.

The week's schooling was supervised by Mrs. LaRue C. Hope, president of the national organization and state-instructor.

Likewise, he was a difficult man to hold still for a photograph, and he was no favorite with lensmen and cameras. He was a difficult interview.

He could knock the famous, as when he said about President Coolidge, "I never knew a Vermonter to do any tremendous amount of working on \$75,000 a year." But he never picked on anybody small. He liked to finish his pictures ahead of schedule so he'd have a day-day job to work on when the last day was finishing summer.

At 3:30 in the afternoon, he'd begin twirling his baton nervously on the set. At five, nothing could keep him from heading for his canyon home and his family.

He once gave his secret of success as "gum and gumption." But to most of his countrymen it was because of his warm, human touch.

Miss Bisbee presented the honor with lingerie as a farewell gift. Those invited to be with Miss McDonald were her mother, Mrs. Jack McDonald, and the Misses Patty Rutledge, Ellen Duggar, Connie Ludwig, Carolyn Hudson, Ann Whitaker, Ann Dunn, Mildred Miller, Miriam Moye, Mary Carlton, Mary Jo Hayman, Joan Humphrey, Donna White, Ada Adams, Jean Wilson, Flo Metcalf and Shirley Thomas.

He Travels Best Who Travels Refreshed

To keep a green salad crisp add the dressing at the last minute and toss only enough to coat the greens with mixture of vinegar and oil. If you want to vary a basic French dressing for the salad add a few tablespoons of catsup or chili sauce, a few sliced anchovies, or a little crumbled blue or Roquefort cheese.

Tomatoes for summer salads are often nice peeled. To do dip them whole in hot water for a few minutes, then plunge them into cold water (or hold under the cold water tap) and strip the skin off.

Army slouch to track down a jewel thief. Montgomery, who also directed, provided many funny moments, if too much talk. Ann Blyth shows undiluted comedy talent in a screwball deb. A likable farce.

Saints Costly Errors Help Giants Pile Up Big Lead In St. Augustine

The Sanford Giants, in good hitting form, downed the St. Augustine Saints 10-4 last night in the ancient city.

Tonight Sanford will play a double header here with St. Augustine. The first game will start at 6:30 P.M.

Each team garnered 13 hits, but five costly errors by the Saints

helped pile up the Giant margin.

In the fifth frame, and with the score at 3-all, the Giants scored five runs on five hits.

Butler, who is relief pitcher, held St. Augustine to the minimum in the game.

The Saints greeted Charlie Rose, Sanford's starting pitcher, with four hits that netted three runs in the first inning.

FRIDAY FARE

Crabmeat Couilles* Shredded Potatoes, Individual Salads of Shredded Lettuce, Sliced Beets and Hard Cooked Egg, Brown Butter, Gingerbread with Ice Cream and Chocolate Sauce. (Recipe for Starred Dish Follows)

CRABMEAT COUILLLES

Ingredients: 1 four-ounce can sliced mushrooms, 3 tablespoons butter or margarine, 3 tablespoons flour, 1 and two-thirds cups milk (about), 1/2 teaspoon salt, dash pepper, 2 teaspoons chopped green pepper, 1 six-ounce can crabmeat, 2 tablespoons finely crushed bread crumbs.

Method: Drain mushrooms; re-

serve liquid. Add milk to mushroom liquid to make 2 cups (about 1 and two-thirds cups milk). Melt butter or margarine in a saucepan. Remove from heat and add the flour. Blend well with spoon. Add half the liquid, a few tablespoons at a time, mixing until smooth after each addition; add remainder of the liquid and mix until smooth. Return to low or moderate heat and cook until thickened and bubbly, stirring often. Let sit for 2 minutes to cool flour thoroughly. Add mushrooms, salt, pepper and green pepper. Remove from heat. Remove hard fiber from crabmeat; flake; add to crab sauce. Pour into individual shells or medium-sized baking dish; top with bread crumbs. Bake in a moderate (375 F.) oven about 20 minutes. Makes 4 to 6 servings.

**FARMERS OPTIMISTIC
ABOUT PROSPECTS AND
CROPS AT THIS TIME**

Texas and the prospect of the frozen concentrate and other processing industries taking more of their oranges and grapefruits than ever before.

Vegetable growers are getting

to work on their fall crops, and they have hopes of finding a good strong market for them.

Weather and other factors must, of course, be taken into consideration, for the weather can "do practically anything" before the fall and winter crops mature, but, anyway, farmers and growers are feeling optimistic about the outlook now.

Dragonfly in the year had citrus growers worried about their fruit not taking place from blossoms, dried up crop buds and made life difficult for cattle and held back field crops.

When the rains came, however, most trees and crops perked up and came back strong, and the results were setting of a heavy crop of citrus, a good crop of bright leaf tobacco, a good growth of pastures and subsequent fattening of cattle, good growth of corn and peanuts, and excellent growth of field crops.

The 1949 part of the citrus season was first-rate insomuch as crops and prices were concerned. Farmers have gotten good prices for their tobacco, although for a while some of them were not sure they would get a crop at all before the rains came. Cattle have fattened up fast on the good pasture growth, and many are going to market and bringing good prices. The corn crop this season has been good, which means there will be more feed for hogs and chickens and other livestock. And cover crops such as soybeans and hairy vetch have made excellent growth.

Perhaps the hog market will drop some in the fall, but most farmers are expected to make money on their porkers.

Citrus growers feel the market for their fruit will be good in the 1949-50 season as a result of greatly reduced production of

Dixie Runner peanuts have yielded 30 percent more than Florida Runner, and have less seed damage. Seed of the variety should be kept pure.

When ice is frozen without being agitated, it usually is cloudy or white.

St. Matthew Church Has Revival, Baptism

Last week the Rev. Griffin from Americana, Ga., cousin of Rev. H. J. Robinson, pastor of St. Matthew Baptist Church, Canaan City, preached Monday through Friday at a revival meeting. Each night the church was filled to its capacity and his sermons were soul stirring. Thirty-four converts were the result of the meeting.

On Sunday morning at 11:00 o'clock Rev. Robinson preached the baptismal sermon and the congregation gathered at the Osteen bridge where the 34 candidates were baptized. About 150 cars attended with the people numbering about 500 colored and white, who witnessed the baptism. The service was impressive. Deacon H. Burns led hymn 661

from the Baptist hymnal. As the congregation sang the Rev. Robinson entered the water assisted by Deacons Young, Houston, Reddy and Grice in carrying on the baptism. It was a great affair.

At 6:00 P.M. the evening service began with devotion led by Rev. Grice. Then the 34 candidates were fellowshiped after which the Covenant was read and each was assigned to various wards. Three were given letter transferring, one to Rev. S. Spilin's church on Sipes Avenue and two to Pendleton and Cole to New Bethel A. M. E. Church, Canaan City. Then refreshments were served after a brief but inspirational sermon was preached by Rev. Robinson. The attendance was large.

On Aug. 21 at 3:00 P.M. all the young folk of the church will be organized by the pastor with Mrs. Williams, Mrs. Vateman and Mrs.

FCC Puts Curb On Give-Away Radio Shows

Radio Station Licens-
es To Be Revoked
After Oct. 1 If Lot-
tery Laws Broken

WASHINGTON, Aug. 19.—(AP)—The government today slapped a temporary new rule on radio and television giveaways. They may knock out most of the prize programs. The Federal Communications Commission said it's effective Oct. 1, dependent in whole or in part upon lot or chance." The penalty will be the loss of a broadcast license.

WASHINGTON, Aug. 19.—(AP)—The Federal Communications Commission today announced sharp curbs on radio prize programs.

The Commission said that, effective Oct. 1, it will invoke new rules under which it will refuse licenses or renewal of licenses to broadcasters "following a policy or practice" of advertising lotteries or "offering prizes dependent in whole or in part upon lot or chance."

The action, regarded as reaching many cash and merchandise giveaway programs now on the air, grows out of an investigation in progress for more than a year.

The proposed regulation was fought vigorously by most of the radio industry, on grounds that the FCC lacks authority to censor program content.

The Commission's reply was that it is empowered to forbid the use of the air for promoting a lottery.

The Commission said in today's order, covering standard, FM and television stations, that whether a given program violates the lottery section of the Communications Act "depends on the facts of each case."

Tennis Tourney To

All applications for the senior tennis tournament, which starts Monday morning at 9:00 o'clock at the Mayfair Inn Courts should be made not later than midnight Saturday. Mrs. P. M. Gingles, City recreation director, announced this morning.

Entries may be made by addressing them to "Senior Tennis Tournament, Chamber of Commerce Building, Sanford." The tournament is open to tennis-players and to singles and doubles throughout the week with finals Sunday afternoon at 2:30 o'clock.

"When the names are received the brackets will be drawn up and will be posted at the Mayfair Court on Monday morning," said Mrs. Gingles today. "This will list all players and their opponents for their first round matches."

Trophies and cups will be presented to the winners and runners-up in the men's singles division, and in doubles competition. In the 80-year old group and over, singles winners will receive cups in both the men's and women's groups.

Barbara McNab, runner up to Joan Dampier, winner of last year's junior tennis title, and Shelia Moore, recent winner of a tournament in Orléans, advanced to the final in the girls' singles in the senior tennis tournament yesterday.

The Misses Moore and McNab will play Joan Wright and Janice Reel in the final match of the girls' doubles on Sunday afternoon.

George Herndon yesterday defeated George Hardin, runner-up in last year's tourney, to gain the quarter final of the boys' singles. David Hester, junior title holder last year, is expected to win in the singles division.

Final matches of the girls' singles, boys' singles, girls' doubles and boys' doubles will be played Sunday afternoon at 2:30 o'clock at the Ft. Mellon Park court. The Business and Professional Women's Club is sponsoring the games.

Finland Pictured As Sore Thumb On Doorstep Of Communist Russia

HELSINKI, Aug. 19.—(AP)—The Finnish government moved swiftly today to smash a growing Communist offensive as police nabbed Red leaders in Helsinki, scene of yesterday's strike violence which left one dead and nine injured. Among those arrested was the chairman of the Kent city council, Laija Heikkilä, who was described as one of the leaders of yesterday's strike call. Another city council member also was reported arrested.

Finland, on Russia's doorstep is a constant source of annoyance to the Soviet Union.

This naturally raises the question whether the current Communist-inspired wave of strikes in Finland is aimed at softening the plucky little country for a coming peace which could end her existing neutrality of "people's democracies."

Finland's Social Democratic government charges that this is the case—that a coup d'état is being planned. It has cause for such reasoning:

With unvarying monotony, the Soviet press has been sniping at the Finnish government. It has accused Finland of fostering "dark forces of reaction." It has accused the Finns as tools of "Anglo-American warmongers." It has charged that "pro-Fascist and militarized organizations" are plotting inside Finland for war on the Soviet Union. Finland, it says, is overrun with American spies.

It went so far as to say that a Finnish wolf-hunt actually was a hunt for a suitable military base in Lapland, and that Mormon church missionaries in Finland really were American agents.

Deficit Reported 26 Britons Die By Motor Vehicle In Two Airplane Department Chief Accidents Today

Agency Is In Debt By Nearly \$75,000 For Year's 1st Quarter

TALLAHASSEE, Aug. 19.—(AP)—Motor Vehicles Commissioner Arch Livingston said today his department will not be able to operate in September unless more money is provided.

Livingston said the department will be between \$60,000 and \$75,000 in debt at the current state of operations for the first quarter of the new fiscal year. It took about half of the department's three month allotment to operate one month.

He said he will appear before the Budget Commission to ask for more money.

"The Budget Commission is fully acquainted with the situation, and if we can't get any more money, we just can't operate," the commissioner said.

The 1949 Legislature cut the department's appropriation to \$2,500,012 for the biennium—\$329,308 below actual expenditures for the past two years.

A further cut of 26 percent applied by the Budget Commission trimmed the department's release to \$2,620,000 for the first three months of the year.

Salaries and expenses for the month of July totaled \$116,335, leaving only \$118,000 for the

STOP! TRAFFIC!

BOSTON, Aug. 19.—(AP)—A pretty blonde—nude except for white panties—stopped traffic at Beacon Street and Massachusetts Avenue. Some sounds of mortal whistled. Then traffic official, Captain Ahern, took her to the Back Bay police station.

There she explained after much prompting—that her name was Bridget McHugh of Cambridge, daughter of Massachusetts Institute of Technology student.

She was hustled home—some distance from the scene of her traffic conquest.

On, you, her age—five years old.

She worked hard and done it.

Her parents had said there it had been in effect.

At the Legion Hut, Charles Vodopich, commander of Seminole Chapter 30 of the DAV, announced:

The DAV, he stated, has on hand the necessary application blanks and trained assistants will help in preparing the applications.

He urged that veterans make application as early as possible. Dividends will be up to \$600 according to amount of policy and the time it has been in effect.
