The Easter Experience

Most area churches will experience a 50 percent increase in attendance at Easter over a typical Sun day. Pastors will embrace Eastern Sunday worshipers knowing that many won't be seen again until Christmas These twice a year worshipers are a big challenge to church leaders who pray they il return to the fold for good "You just keep after them," says the Rev. Robert Doctor, pastor at St. John Metropolitan Missionary Church in Sanford. Hampton quits Oviedo council

From Staff Reports

OVIEDO - Oviedo City Council member Phil Hampton has quit the city commission. Hampton resigned his position to take a job with one of Oviedo's con-sulting firms. This is the second time Hampton has left his seat to pursue other interests.

In 1996, Hampton left his position to run against Tom Feenry for state legislation but lost. Now, Hampton, an independent land surveyor, will become the director of public and government relations for Conklin Porter & Holmes Engineers Inc., a Sanford-based firm. Hampton had to give up his seat because his new job conflicts with it, according to Florida Commission on Ethics staff.

The city is presently accepting applications to fill Hamp ton's spot. Applications must be in by April 24. The council will appoint the position by May 4. This member will sere the commission until the fall elections. Those who wish to apply must contact the City Clerk, and the seat pays about \$300 a month

Hampton made his an nouncement Monday night at the first meeting for the monthof April. It came on the heels of a long, heated debate about the Live Oaks Reserve project, over which the developers and area citizens are in conflict, With Hampton's absence, the new project could face a tougher battle since it will need three of the remaining four council members to pass.

Rotary's Casino Night

From Staff Reports

SANFORD - It's time to spin that wheel and make that bid again. The Sanford Rotary Club is preparing for its annual Casino Night and Stlent Auction on April 24 at the Sanford Marina Hotel.

Silent Auction Chairman Christopher Stubbs said there is a present need for donated items to be used in the silent auction. The Rotary will provide a program guide with names of donors and items donated, and arrangements will also be made for appropriate tax deductions. An additional \$500 in Casino money will also be given to each donor.

Juvenile crime still a major problem

By Nick Pfelfauf HERALD STAFF WRITER

SEMINOLE COUNTY - VIOlent crimes are reportedly diminishing in Seminole County. but juvenile crime is still a matter of serious concern locally as well as statewide.

"We have been realigning our resources to address the issueof juvrnile crime as much as possible," said Sheriff Don Eslinger. Regarding the overall crime figures he added, "I don't know where the county stands in regard to the state average yet, the FDLE hasn't sent us the final figures for last year. but locally, I tend to believe that violent crime seems to be dropping, especially in the unincorporated areas of Seminole County."

The juvenile crime situation however, is giving the sheriff serious concerns. Working on reducing juvenile crime is what I consider an investment in our future," he said. "The way we look at it, the 800-plus adult inmates in our Jail right now. didn't suddenly decide they would become involved in crime when they reached adult age. They had this inbred early in life, and that's what we are trying to deal with."

On the statewide level, the annual "Crime in Florida" report released this week by the Florida Department of Law Enforcement indicates that crime in Florida is continuing a relative decline. In 1997 the overall crime rate dropped by only 2.6 percent compared to 1996.

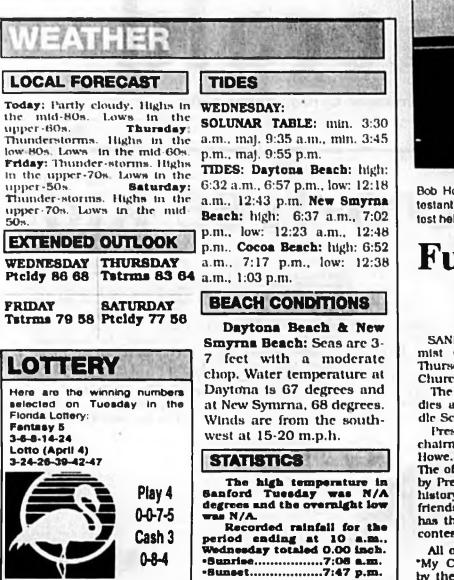

This slight decline marks the sixth year in a row Florida has experienced a drop in the standard crime rate. In addition, the violent crime rate also fell by approximately 2.4 percent making a decrease in this category for the past five years. Please See Crime, Page 3A

Future is theme of Optimist contest

By Marva Hawkins HERALD CORRESPONDENT

SANFORD - The 28th annual Sanford Optimist Club oratorical contest was held on Thursday evening, March 26, at Sanford Church of Christ Education Hall.

The vying contestants were four young ladies and three young men from Sanford Middie School and Seminole High School.

Presiding during the evenings orations were chairman of programs for the Optimists, Bob Howe. Pastor Tony Black gave the invocation. The officers of the local club were introduced by President Audrey Ogden. Howe gave a brief history of the Optimist's success as being friends of youth of the community. The club has the most state winners in the oratorical contest.

All of the contestants spoke on the theme: "My Commitment To The Future". As orated by the eight young people, they gave various ideals and told of what they would do to make theirs and others futures better: We as a people should have positive attitudes. We should think for ourselves, improve ones life, build up others self-esteem, have a dream, have compassion, love, trust, knowledge to help our youth, be kind, and give hope to our community. We must accomplish something great, be a good role model, take charge, help others, be a life long runner.

The competitors and winners in the local contest were: Lairessa Haws, Seminole High, first place, Katte Hoffman, Seminole High, second place, Caitlin Edison, Sanford Middle School, Heather Fore, Sanford Middle School, Cameron Johnson, Sanford Middle School, first place, Jimmy Hoffman, second place; Jeremy Morton, third place, Sanford Middle School. Haws and Johnson went on to enter and win in the zone level contest for girls and boys held earlier this week. They will compete at the district level on April 18 in Lakeland. Karen Chatterson, LMT

Massage Therapist & Independent Herbalife Distributor

Almost every aspect of modern life can cause stress and stress-related physiological symptoms. In the work place, critical delays from supplies, equipment breakdowns, or a difference of opinion with a co-worker can cause neck and shoulder muscles to knot, and pack muscles to bind. Even without stressful circumstances, muscles tire from everyday activities or movements such as long hours before a computer terminal, assembly line repetition, or long-haul driving. These muscular stresses generate other problems including stress headaches, general physical discomfort, and in some cases, carpal tunnel syndrome.

The therapeutic use of massage to manipulate and ease strain in major muscles or muscle groups was known to the ancient Egyptians, and is still in use today. Karen Chatterson, LMT, located in Laise Mary at 127 East Crystal Lake Avenue, phone 330-6807, is a certified massage therapist. His training and certification allows him to use massage therapy techniques to relax, invigorate or stimulate tired or over-stressed muscles or soft tissue injuries. Massage therapy can help ease aches and pains, and help restore usefulness and capacity of movement.

The professional massage therapy techniques at Karen Chatterson, LMT, are available by appointment at reasonable rates. She is also well-known in the area for distribution of *Herbalife* products. Contact her at 330-6807 for further information on the benefits of massage therapy.

Attend next town meeting: Sanford's future is at stake

Nostalgia bound nonrevenue producing white elephant? Tax base windfall waiting to happen? Bold statement of values that says the citizens of Sanford are more important than commerce? Beautiful place where all of Sanford's citizens can gather with each other? What's your feeling about Fort Mellon Park and the pending development thereof?

On January 5, 1998, Mayor Larry Dale signed an agree-ment with PRA Development and Management that states, in part:

development of lakefront property as a hotel/convention center would serve a valid public purpose and therefore hereby agrees that it will allow PRA a period of one (1) year from the date of this Agreement to perform certain preliminary development tasks on the above-described real property. During this one (1) year period, the CITY agrees that it will deal exclusively with PRA in considering the potential development of the abovedescribed real property as a hotel/convention center,

PRA hereby agrees that in the one (1) year period from the date of this Agreement, it will perform the following tasks adhering to the schedule set forth as closely as possible ...

a. Feasibility Study and Appraisal, 3 months

b. Conceptual Design Phase, 6 months

c. Development approvala, including all applicable site plan review and permits, 9 montha

d. Long Term Lease Agree-ment with CITY, i.e., 99 year lease, 12 months e. Securing suitable financing, construction to commence

in stages after financing is obtained...*18 months,

This is the document the Herald reported as "an agreement to conduct a feasibility study." This is the agreement The Mayor and two Commissioners have described in two "town meetings" as "very innocuous," "committing the city to nothing," "not really obligating anyone to anything." and just an exclusive to investigate possibilities." True, later in the document there is what one attorney described to me urtei clai

proval, mudification or disapproval without limitation by the City Commission."

Both attorneys with whom I've reviewed the document have independently opined that this clause is "pretty standard" in preliminary agreement and "the intent of the document clearly is to proceed with full development." There is no lan-guage in this document that stipulates that any portion of Ft. Mellon Park will remain as park land, nothing which precludes the developer from building on every square foot of land between NTM and the Civic Center, First Street and Lake Monroe.

Do you believe Mayor Dale and the Commissioners have been completely forthcoming with the citizens about what is and is not in this agreement?

Though it has been mentioned a few times in the past, does anyone believe it is coincidence (or divine intervention) that the current City Hall location has suddenly been offered for sale to Seminole County just as it was being raised by a number of citizens as a viable alternate location for a hotel/conference center? This location would have enabled Ft. Mellon Park's preservation and, in many aspects is a much better location for a hotel/conference center.

The die clearly has been cast, but has not yet come completely to rest. This freight train, engineered by the Mayor, can still be derailed. The current zoning on Ft. Mellon Park 111

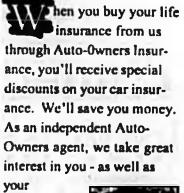

change or stop this madness.

through a developer's eyes. Here is a chance to create something that will draw people to Sanford, that will immediately inject significant funds into the tax base and develop undeveloped land. Could it also be, just perhaps, a way to provide very profitable long-term work for some of the twentyfour development/contractor related contributors who provided some \$7,900 to the Mayor's campaign fund?

As a citizen I am fully supportive of locating a hotel/conference center in Sanford and totally against placing it in Fort Mellon Park. Why? Because having the most valuable/desirable real estate in town dedicated to the people is a value statement I believe is important. Because going to a strictly neighborhood park system will bring de facto segregation of recreation and park facilities, which I believe is absolutely wrong. Because other cities have managed to attract desirable development and preserve their waterfront parks. And, simply because Ft. DICACIVE Mellon Park should be preserved as a historic site, a throwback to times when preserving open spaces meant more than hermetically sealing them in concrete. They paved paradise and put up a parking

Every citizen should have an opinion on this proposed development and, every citizen should make her or his views known. On Thursday, April 9, a third "town meeting" will be held at 7 p.m. at the Chamber of Commerce. Whether you support this proposal or are against it, please come and participate in the democratic process. Questions will be raised, and hopefully answered, about the status of this agreement, the rezoning process, continuation of citizen petitions for a referendum, proposed traffic rerouting, and potential legal action.

at 3 p.m. at the Seminole County Health Department located at 400 W. Airport Blvd., Sanford. Youth, community leaders, and individuals from organizations serving youth are encouraged to attend the meeting. The Partnership will work to develop local strategies for implementing tobacco prevention and intervention programs for youth and promoting a healthy community through a tobacco-free environment.

Prior to October, 1997, in the State of Florida It was only against the law to give or sell tobacco products to any one under the age of 18. Changes to the law now make it illegal for any one under the age of 18 to purchase or possess, or misrepresent their age to obtain tobacco products.

A minor can receive 16 hours of community service or a \$25 fine and be required to attend a school approved anti-smoking program for a first violation. A accond violation within 12 weeks is a \$25 fine. For a third violation within 12 weeks, the court will withhold issuance or suspend the minor's driving

privilegea. The law authorizes counties and municipalities to train special Tobacco Enforcement Officers who, in addition to law enforcement officers, will have the authority to enforce the new prohibition against minors. This provision would wolla achool administrators and others who work with youth to be certified to enforce the new law making it more effective.

When the how versus the why people die is examined, un-healthy behaviors are the contributing factor in 50 percent of premature deaths. Tobacco products are the leading lifestyle factor in these deaths.

The Partnership will look for ways to encourage a smoke free environment and promote healthy choices. For more information call Michael Mobley. **Tobacco Prevention Coordina**tor at (407) 322-2724.

in the overall category of violent crimes, murders are down 5.8 percent from 1996. This represents 6.9 murders per 100,000 population. This is the lowest murder rate recorded for the state since 1933. However, forcible sex offenses rose by over 2 percent.

"While we can be somewhat encouraged by these latest numbers, we must all be aware that our state is constantly facing the challenge of far too many violent criminals and teen offenders, said FDLE Commissioner Tim Moore.

He continued, "In addition, there is an explosion of a new generation of criminals who

are sophisticated in using computer technology and complex fraud scams to victimize our citizens, businesses and the state. We must remain vigilant in our efforts by prioritizing public safety issues in

Florida." In the area of domestic violence, the number of incidents and arrests are up this year. This may indicate that victima are more willing to report abuse to law enforcement. In 1997, domestic violence arresta rose 4.3 percent in Florida and reported domestic violence offenses increased by 2.7 percent. In fact, nearly 41 percent of certain offenses including murder, rape and assault were

domestic violence related. This year's report contains statistics from 377 of Florida's 394 local law enforcement agencies. Of the 17 that did not report, their combined populations represent less than one percent of the total population.

Cooke had been operating on a one- year contract, which would have expired on Sept. 30 of this year. There had been indications during previous Authority meetings that the contract would not be renewed. Cooke said several weeks ago that he was uncertain why there was an effort to have him removed. "What I didn't like." he said, "was that they didn't make it clear regarding what I might have been doing that they thought was wrong." Cooke added that this past year was the best year so far in the history of the airport.

Now, because a new contract to be drawn up. it appears Cooks will remain at his post. The length of the contract

love of baseball motivate Diemer

By Jeff Berlinicke ASSISTANT SPORTS EDITOR

SANFORD _ Andrew Diemer never had a chance.

He was born prematurely, didn't have a chance when he was born, and certainly didn't have a chance to pitch at Seminole High this year. That was the last thing on his mind.

Diemer has never had it easy; somehow he's turned a lifelong series of tragedies into a success story that has him preparing for college - probably Seminole Community College where he hopes to walk on to the baseball team.

The whole story starts when a one-pound." eight-ounce kid was born about 18 years ago, three month premature.

There was a stroke that caused a blockage in baby Andrew.

"It's made me stronger." Diemer said. "I've had to get stronger but it has made me strive to be a better athlete, but even more importantly, a better person."

Diemer struggled at times. He's a lefthanded pitcher for the Seminole High baseball team who got his first start last Friday. pitching three innings in a win over Pine Ridge. He is part of the county's deepest, ro-tation which includes Chaz Lytle, Lance Odom and several relievers who can take over at any time.

It has been a long, arduous journey for Diemer, who doctors said shouldn't have made it past birth.

Now, he's a 3.6 grade-point average student who is ready to take his next step in a life that almost never began. "I'm proud of what I've accomplished,"

Tragedies, Rams take advantage White's double following questionable call gives Lake Mary extra inning softball win over Oviedo

By Dean Smith HERALD SPORTS EDITOR

OVIEDO _ In a close game even the littlest of mistakes can kill you.

Tuesday night at Oviedo High School the two heavyweights of Seminole Athletic Conference softball squared off and the game basically was decided on a mistake.

Whose mistake that was was dependent upon which team you were a fan of.

With two out and Lauren Cooper on first base in the top of the eighth inning, Lake Mary's Lindsay Manz hit a one-hopper back to the mound that Oviedo pitcher Katte Fields made a good stab on and threw to first base for the apparent inning-ending third out.

But the base umpire ruled that the Lions first baseman never touched first base, keeping the inning alive.

Nichole White followed with a booming double to the Leftcenter field fence and the Rams held off an Oviedo threat in the bottom of the eighth inning for a 2-0 victory.

The call, right or wrong, put a shadow on a spirited pitching battle between Lake Mary's Hallie Sowards and Oviedo's Katie Fields.

For five innings no one came close to scoring. in fact, neither team got a nunner past second base.

The Lions' only base runner for the first seven innings was a walk to Allison Parker, the second hitter in the game, but she was gunned down trying to steal second by the Rams' Jill Wolcott.

White led off the second inning for Lake Mary with an infield single and moved to second on a wild pitch, but she too was thrown out, as Parker fired a bullet to third for the out.

The best chance for someone to score came in the sixth as Jeannie Manz led off the inning for the Rams with a double. Cooper then bunted for a single and Yaraha Otero did likewise to load the bases with no one out.

But a fly out to medium left field, and a super throw to the plate by Oviedo's Sarah Reeber, a strike out and a pop up to shortstop ended the threat.

In the fateful eighth, Cooper reached on an infield single. After a pair of pop-up's, Lindsay Manz reached on the error and White followed with her double.

The Lions tried to rally in the bottom of the eight inning as, with one out, Tanya Howard got Oviedo's first hit of the game and Katie Fields followed with another single. But a line drive by Lisa Fields that seemed headed for the right field corner was anagged by Lake Mary first baseman Brie Van Swearingen, who stepped on first for a game-ending double play.

Sowards, who retired 21 straight batters from the first to the eighth inning, finished with a two-hitter, striking out seven and walking only one.

Providing the offense for the Rams were Cooper (2-for-3, run), White (2-for-4 with double, two RBI), Jeannie Manz (1-for-2 with a double), Jackie Crispell (1-for-3), Lindsay Manz (1-for-4, run) and Otero (1-for-4).

Katie Fields ended with an eight-hitter, striking out eight, walking two and giving up no carned runs.

Lake Mary is now 19-3 on the season and will host Winter Springs at 7 p.m. on Thursday. The game will have added incentive for the Rams, as the Bears handed them one of their three losses earlier in the season.

Oviedo fell to 14-5, with three of those losses to Lake Mary, and will be at Apopka tonight.

Diemer said. "Doctors said I'd never be able to walk or even make it through the first few days."

He started playing recreation baseball and said there were coaches who looked at him as a project who required help, but he said the coaches always gave him a chance.

Sometimes his teammates had questions, but Diemer always survived them.

"With kids, you can always tell by their body language and the way they look at you," Diemer said. "I realized that's just the way things are."

Diemer, as a result of the stroke, still

Oviedo High School honored its senior Lacrosse players in a and thrashed West Orange 16-1 at John Courier Field to receremony prior to Tuesday's game, then the Lions went out main one of only two undefeated teams in the state of Florida.

Another lax laugher for Lions

By Jeff Bertinicke ASSISTANT SPORTS EDITOR

OVIEDO_It was Senior Night at Oviedo last night and the Lions girls lacrosse team sent their 14 sentors out on a happy note.

After a pre-game ceremony, the Lions, one of only two undefeated teams in the state, demolished West Orange, 16-1, in a game in which more Lions scored than didn't.

Oviedo is almost starting to get bored. The Lions have rarely been challenged and are just trying to make sure everyone on the team gets playing time. Oviedo coach Lynn Calkin spent the second half letting her players perform at different positions, just as a challenge.

"We are getting a little bored," middle Anna Franz said. "We need a challenge."

"It is starting to get boring," added middle Ann Huggins.

The Lions jumped out early and never looked back.

Jessica McDonald started the scoring, taking a feed from Carrie Wright behind the net, and acored to put Oviedo up. 1-0. A minute later, Kim Carberry scored on an unassisted breakaway and Oviedo barely looked back.

West Orange made it close two minutes later on its only goal of the night, getting a shot past Oviedo's Erika Witherspoon-Casanova, but it was the only time West Orange would get near the Oviedo goal as the Li-ons dominated ground balls.

Wright scored unassisted to give Oviedo a cushion, and fed McDonald for another goal to make it 4-1.

After that, it was a rout. McDonald, Lucy Young. Carberry and Melissa McDermott each had two goals to pace the Lions and Wright led the way wit three. Other scorers were Amy Griffin, Ginny Thompson, Ann Huggins and Kimberly Calkin.

Wright also had three assists.

"We know anybody can beat us," Calkin said. "But we're still looking for a challenge."

knock off

SANFORD _ Visiting Lake Howell jumped on Seminole for three runs in the top of the first inning and Heather Borsum made them stand up as she pitched the Silver Hawks to a 5-1 victory over the Fighting Seminoles Tuesday night.

After scoring the three runs, Borsum went to work and held Seminole to only two singles the reat of the way.

Lake Howell plated its other two runs in the top of the fifth inning and led 5-0 before the Fighting Seminoles scored their lone run in the bottom of the sixth inning.

"We played flat," said Seminole head coach David Rogers. "This is a disappointing loss, we didn't play Seminole softball. We'll have to come back and play hard against Lyman."

Pacing the Silver Hawka offense were Crystal Ritchey and Jenny Rhiner (both 2-for-4 with one RBI) and Jenn Gillespie (two RBI).

Lakeita Bryant was 1-for-2 and Kelley Langton was 1-for-3 for the Fighting Seminoles.

Lake Howell will host DeLand in a Class 6A-District 3 game at Red Bug Lake Park starting at 4 p.m., while Seminole (9-6) will be at Lyman for a 5 p.m. game on Thursday.

Seminole girls rout Pine Ridge in tennis

From Staff Reports

SANFORD The Seminole High School girls tennis team continued its domination of district opponents on Tuesday, whipping Pine Ridge 5-1 at the SHS courts.

The Fighting Seminoles were able to pull off the impressive win despite having to play without No. 3 singles player, Kim Westbrook. The junior is out for the season with an injury so Bethany Klebaum will move up to No. 3 and Sherri Trimble will advance to No. 4, with Patrinia Ramey moving into the No. 5 singles slot.

Kerstin Killmaier and Pasha Baker both won their singles

LCCC (19-19 overall, 5-7-1 in the conference) also won the late game, 7-2, scoring four runs in the bottom of the sixth inning to break open a close game.

The Raiders will host Valencia Community College in a Mid-Florida Conference game at Raider Field at 3 p.m. on Thursday, then host Central Florida Community College from Ocala in a doubleheader at Raider Field starting at noon on Saturday.

Chad Zamlewski proved to be a thorn in SCC's side on Tuesday, as he opened the threerun eighth inning with a double and, following a home run by former Lake Brantley star Bryan Grassing to tie the game, tripled and later scored the game-winning sun in the ninth inning.

Jesse Mario, who had allowed only four hits through seven innings, suffered the loss despite giving up five earned runs on nine hits and striking out 12.

Contributing to a 12 hit Raiders attack were New Smyrna Beach's Kentrelle Evans (3-for-4 with a double,

two runs, one RBI), Sanford's

Phillip Eubanks (3-for-4 with a double) and Johnny Guiseppe

have full use of his right arm and, until recently, would pitch much like one-armed major-leaguer Jim Abbott who delivered his pitches with his glove tucked under his throwing arm and moved it to his left hand upon delivery.

"When I looked at him, it shows you can achieve anything," Diemer said. " I give all of the credit to the glory of God because, without Him, I'd be dead."

His left arm is still much stronger than his right and Diemer continues to work on the strength of his right arm. The right arm was much more weakened than the other, but it never got him down.

"I would get frustrated sometimes," Diemer said. "I just said I would never quit."

Providing the offense for SCC in the first game were Josh Rhodes (2-for-4), Outseppe (1for-4 with a home run, run, two RBII, Evans (1-for-3, run), Denmon (1-for-3), Epperson (1for-4, RBI) and Gamble (1-for-4. run).

Pacing the Raiders attack in the second game were Eppersob (3-for-3, RBI), Evans (2-for-2) and Oviedo's Jay McFarlane (2-for-3).

Poached Monk Fish

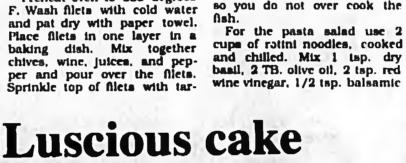

in Citrus and Wine Every once in a while you find yourself walking the store aisles when some item jumps up and says 'take me'. It may be a little over the budget, but you have to treat yourself sometimes. The cost of seafood has sky rocketed over the years so unless you fish yourself, the cost can be higher than good steak. This recipe works well on all types of fish. I just happen to enjoy monk fish when I can find a good freah piece. When we serve this particular recipe we use a cold pasta salad with basil vinaigrette as the side dish. In this way the light flavor of the fish is not over- powered by the side dish. I also enjoy a dark bread and dry white wine with this entree. Ingredients:

Approx. 2 lb. monk fish fillets 1/4 cup chopped chives

lemon

crumbs work well or make your own with one slice of dry bread and 1/4 tsp. of Italian sca-

F. Wash filets with cold water and pat dry with paper towel. Place filets in one layer in a baking dish. Mix together chives, wine, juices, and pepper and pour over the filets. Sprinkle top of filets with tar-

and fresh ground pepper to Fine Dining taste. Lightly toss vinalgrette into the noodles and keep chilled until you serve. When ready, remove fish from pan. Cut into 2 inch slices and place on plate in a fan like pattern. Spoon a little juice from the pan over the slices, around a scoop of pasta salad. Sprinkle the top with

and enjoy. Price Breakdown:

Monk fish, Publix \$5.99/lb. -\$9.64; chives, Publix - \$.40; Lemon, Winn-Dixie - \$.15; Seasonings, wine, etc. Approx. \$2.00 TOTAL: \$12.19.

Tip of The Week

Not only does fish that is not fresh taste terrible, it is also dangerous. Purchase your fish and scafood products only from a very reputable supplier. When selecting your fish make sure there is not a foul odor. slimy or stickiness to the flesh. The meat should have a firm feel and spring back when lightly depressed with your finger. Whole fish should have clear eyes and no dry spots on the meat.

Letters To The Chef

We welcome the addition of your column to the paper. We are vegetarians and would like some new ideas. Erin, Oviedo

Well, I must admit I am a carnivore by choice, however, I have enjoyed many fine vege-

tarian meals. I will try to feavinegar, and a pinch of salt ture a vegetarian meal in the near future. To hold you over until then, here is a recipe from Napa Valley. Calif. that you might enjoy.

Orilled Stuffed Eggplant

Slice eggplant lengthwise into 1/4 inch thick pieces, coat with olive oil and grill on a hot BBQ or sauté in a hot pan for 1 minute on each side. Saute fine chopped ontons, garlic; green peppers and mushrooms until onions are just starting to become translucent. Blanch or fast steam fresh spinach.

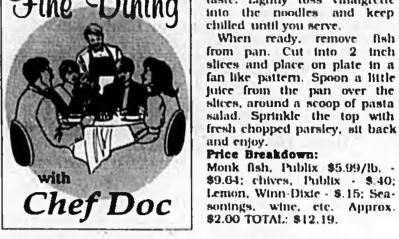

On each slice of eggplant. place a thin layer of spinach leaves, then coat with sauteed veggies approximately 1/4 inch thick. Drizzle dry red wine over each slice and roll up into a cannelloni like shape.

Lightly coat a casserole dish with olive oil and place rolls in one layer into pan. Pour your favorite tomato sauce or pesto over the center of each roll, Bake at 350 degrees covered until sauce starts to bubble about 20 minutes. It if fits your taste, sprinkle with fresh parmesan and oregano and serve with pasta, bread, fine red wine and candlelight.

"It's kind of my job to know the traditions of dessert," explains Junkin. "And the Easter Egg is a tricky one."

The chocolate egg is of much more recent invention. But while Easter eggs may be both traditional and tasty, a little bit can go a long way. With that in mind, Junkin has developed her "Lemon Poppyseed Easter Egg Cake" as a delightful springtime dessert for the Easter meal.

Son's live-in not family

DEAR ABBY: My son is angry. He demands that I apologize be-cause I said his live-in girlfriend is not really family. This is a girl I mould walcome as a daughter-inwould welcome as a daughter-inlaw, but unless they marry. I do not consider her one of the family. They are both divorced and think marriage is just a "cheap license

and a few minutes in front of a minister." I disagree. I think marriage is very important. It shows commit-

ment that living together does not. What do you think, Abby? UPSET IN TENNESSEE

DEAR UPSET: I agree with you. The difference between a live-in arrangement and a mar-riage is the difference between night and day.

Marriage is sanctioned by society and religion in every culture. Living together is not. The right to inherit property, pensions and Social Security benefits applies to spouses not live-ins, as many people have learned to their dismay. As next of kin, a spouse can auto-matically make decisions about medical care should his or her

Seminole Herald, Senford, Florida - Wednesday, April 8,1998 - 7A

Thyroid hormone therapy can help

DEAR DR. GOTT: Blood tests have indicated that my thyroid gland is practically nonfunctioning. What are the risks if I do nothing about this?

DEAR READER: The risks are substantia

The thyroid gland is one of the major organs that control metabolism: too much thyroid hormone speeds up metabolism, too little slows it down. You apparently have this latter condition, called hypothyroidism. The affliction causes lethargy, intolerance to cold, constipation, muscle cramping, loss of appetite, impaired intellect and motor skills, coarse skin and hair, and heart disease. If not treated, thyroid deficiency can progress to coma and death.

cheap and universally successful: thyfollow your physician's advice with respect to treatment. If you don't, you will become very ill.

DEAR DR. GOTT: My granddaughter was recently diagnosed with "sports asthma." I've never heard of this. She is a well-trained high-school athlete in perfect health. Is there 13 Tro treatment?

DEAR READER: Asthma is caused by hyperreactive airway disease, 18 Sor meaning that when the bronchial tubes constrict, not enough air can enter the lungs; wheezing, coughing and shortness of breath soon follow.

Many factors can cause bronchial constriction. The most common is Infection. In some people, bronchitis leads to asthma. In others, pollens and other allergens trigger bronchial constriction. Finally, rapid breathing. especially in cold air, can sometimes initiate asthmatic spasms. Such a reaction may affect athletes, even world class competitors.

Exercise-induced asthma, which can severely hamper athletic performance, has traditionally been treated with inhaled sprays to dilate the bronchial passages. Now sports experts are more commonly relying on a prescription spray (Serevent) that is used as a preventative, before exercise begins. The medicine is safe and, when used properly, usually stops an asthma attack from getting started. Ask your granddaughter's doctor about this.

DEAR DR. GOTT: What do you think about a mother and grandmother who put the baby's pacifier in their mouths before giving it to the baby?

DEAR READER: I don't think much about the practice, because it seems so off the wall. Although it's possible that the adults could spread infection to the baby in this manner, I doubt that this is a serious health considerarespiratory infection.

Ever wondered why by T.K. Ryan

Sometimes grownups do strange things that they believe are appropriate for infants. This is such an instance, in my opinion. The whole ritual is sort of senseless.

DEAR DR. GOTT: What is a "beer Fortunately, therapy is simple, belly" and how can it be prevented? DEAR READER: Beer drinkers are rold supplement pills. I urge you to often overweight and frequently have

enlarged livers. Both these factors can cause the abdomen to pouch abnormally. Thus, the simplest answer to your second question is: "Don't drink beer."

However, the situation is not that simple. Men and women, as they age. tend to develop prominent abdomens. In part, this tendency is hereditary, But it is also a common pattern of fat distribution. Therefore, you don't have to be a beer drinker to get a beer belly; you just have to have the right genes - and the wrong diet.

Of course, the empty calories in alcohol-containing beverages markedly aggravate the situation.

Beer bellies are not common in adults who exercise regularly, maintain an ideal weight, avoid alcohol, and take pains to firm up their abdominal muscles by performing leg-lifts and sit-ups.

THE UNDIES

Teaching bridge is a lot of fun for me. Yet occasionally I set up a prac-tice deal for a particular theme, only to realize, when it is being played by my students, that an alternative line works much better.

Today's deal is an example. Taking the club suit in isolation, what is the right play for only two losers? And how do you play in five diamonds given the full North and South hands?

The bidding is exciting. Despite only nine high-card points, East is right to overcall two spades. Opposite some diamond length, South bids the contract he thinks he can make. But West finds a good vulnerable sacrifice: Four spades doubled is only one down. Yet
