Early Passage Of UMT Urged By Marshall

Senator Knowland Urges Better Defense; Bullitt Asks Military Aid for China

WASHINGTON, Mar. 2 (AP)—Secretary of State Marshall urged upon six members of the Senate Armed Services Committee today early passage of a Universal Military Training program for the United States.

Chairman Gurney (R-SD) of the Armed Services Committee said the members went to see Marshall partly because of the Communist seizure of power in Czechoslovakia and Soviet pressure on Finland.

Gurney told reporters: "In view of all the things that have happened lately in the international field, including Czechoslovakia and the critical situation in Finland, our committee decided we wanted to talk with Marshall. We spent the time this morning getting his viewpoint on Universal Military Training and his definite assurance he is for it just as he has always been."

Senator Knowland (R-Calif.) urged Congress to put American defenses "in first class condition" as well as combating Communism through aid to Europe.

"We must have an airforce in being, and not just in blueprint," Knowland told the Senate during (Continued on Page Eight)

Sanford Property To Be Re-Appraised Soon By Engineer

Re-appraisal of Sanford real and personal property will be started in the near future by J. M. Cleminshaw, appraisal engineer of Cleveland, O., and New York, whose bid was accepted yesterday evening by the City Commission in an adjourned session. It was reported this morning by H. N. Sayer, city manager.

The appraisal, upon which the City will base its future assessments for tax purposes, will not be made on personal property in homes, said Mr. Sayer. This appraisal, however, will be made in apartments, he revealed, as these go under the category of commercial property.

Present for the bidding also were Warren P. Hunkler of St. Petersburg and a representative of the Cole-Larner Tremble Co. of Dayton, Ohio.

The Commission tentatively approved the transfer of a beer and wine selling license to J. Waltons from Mary Alexander whose store is at 310 Sanford Avenue, and subject to final approval by Police Chief Roy G. Williams.

A temporary permit, subject to revocation by the Commission, was granted to Charles Gormly to establish a doughnut shop in the metal building formerly used for a fruit stand at Palmetto Avenue and Third Street.

Due to the fact that the Commission offered only a short time lease of the 300 acres of unused land at the north end of the Municipal Airport area, A. C. Merdy, director of the Fellowship Front informed the Commission that he would have to decline the rental of the property for grazing and agricultural purposes.

DESTROYER RETURNS
LONG BEACH, Calif., Mar. 2 (AP)—The destroyer Duncan limped into port today with one man dead, at least six injured and a gaping hole in her side from an internal explosion 200 miles at sea.

A Navy tug brought the 290-foot ship to dock, spectators could see a split more than 30 feet long and three or four feet wide on the starboard side near the stern and along the water line. Steel Deck plates were buckled.

THE WEATHER

LAKELAND, Mar. 2 (AP)—The Federal State Frost Warning Service forecast for minimum Florida tonight and Wednesday was continued warm with scattered showers and thunderstorms in north; partly cloudy in central and south; and no frost seen through Friday.

British Fight Beside Jews In Palestine

JERUSALEM, Mar. 2 (AP)—British troops battled beside Jews today against Arab snipers dug in on hillsides commanding the Jerusalem-Jaffa road, a Jewish Agency source said. The British vowed last night to use their weapons henceforth "impartially" against whatever side is firing. The informant said both British police and Tommies moved into the area, about 12 miles outside Jerusalem. A large-scale battle appeared to be under way, and the Jews were believed to be bringing up mortars.

Red Czech Agent Denies Benes Has Quit Presidency

Telephone Call From Prague Reveals Resignation Of Benes

PRAGUE, Mar. 2 (AP)—President Eduard Benes remains under the care of his personal physician, and his scheduled return to Prague Thursday still is uncertain, the ministry of information said today.

A ministry spokesman termed "stiff and nonresponsive" a London Evening News story that Benes had resigned and that the Communists now in control of the government were keeping the resignation secret.

Benes, 64 and frail, is at the presidential country home at Sedmizovna until, the ministry said, his physician in a Dr. Klinger, who long has attended him.

LONDON, Mar. 2 (AP)—The London Evening News said today Eduard Benes had resigned as president of Czechoslovakia, but a Czechoslovak embassy official speedily denied it. The newspaper's story was telephoned from Prague.

Benes, 64, is in frail health. He acted last week to Communist demands giving Communists complete control of the government under Premier Klement Gottwald.

"Last week he put his signature to a formal declaration relinquishing his title as President of the Czechoslovak republic," the Evening News said.

"Communists have not yet allowed the resignation to be made public for fear of a violent reaction," (Continued on Page Eight)

1573 Fork Is Found At Site Of Fort Reed

A two pronged fork bearing the inscription, May 11, 1873 was recently found by Mrs. John Bennett at 2602 Orange Avenue near the site of old Fort Reed. Mrs. Bennett stumbled upon the fork when she went out to see her husband, a member of the local fire department, working in his garden.

Mr. Bennett today had the fork on exhibit at the Fire Station, and pointed out that a small attachment, that enabled the fork to hang over an iron pot was missing, but said that he hoped to find it, as his children may have gotten it to play with. The handle of the fork is made of deer horn.

EXPENSE MONEY

WASHINGTON, Mar. 2 (AP)—Bertie H. Lamarre testified today before the Senate committee on the money he accepted for expenses from Maj. General Bennett E. Meyers and from the government when he testified falsely about Meyers at a Senate inquiry last year.

Lamarre said he accepted \$500 from Meyers to pay expenses for himself, his wife, and for M. and Mrs. Thomas E. Readower. That was when all four were called to Washington to appear before the Senate committee.

Election Results Of Seminole County Student Candidates Told

Ann Dunn of Junior High School was elected as mythical "Sheriff" of Seminole County in the Jaycee sponsored Youth Governmental affairs election Friday. J. Brailey Odham, Jaycee president, announced today. With 156 solid votes behind her, Ann won with 159 votes to the 141 votes received by Tommy Stringer, 105 of which came from Seminole High School. There were 14 candidates in the running.

Pupils evidently believed that they succeeded in public office, since they elected George Herndon, son of O. P. Herndon, as "Clark of the Circuit Court." George got a solid 174 votes from Junior High School to Glenn McCall's 150 votes, 108 of which were from Seminole High School "precinct."

Steel Price Is Subject Of Senate Probe

Taft Presses Fairless On Effect Of Recent Price Hike On Wage Demands

BOSTON, Mar. 2 (AP)—CIO President Philip Murray said today he had "no comment" on testimony of U. S. Steel President Benjamin F. Fairless before a congressional committee investigating steel prices. The CIO leader is in Boston to address a Catholic conference on industrial problems.

WASHINGTON, Mar. 2 (AP)—Senator Taft (R-Ohio) expressed fear today that the recent steel price increase might touch off new demands for wage boosts.

He said he is concerned that "one of the fundamental industries comes along and increases its prices" despite pleas from President Truman and others to hold down prices generally.

Taft, head of the Senate-House Economic Committee, cited his remarks at Benjamin F. Fairless, president of the United States Steel Corp. Fairless was a witness at a committee hearing on the steel price hike.

Taft asked Fairless if he did not think the increase would encourage every labor union to ask for more wages.

"Isn't that the moral effect?" he pressed. "Isn't it increased the demand for government control?" (Continued on Page Eight)

Pennsylvania Sets New Divorce Rules To Begin June 1st

PHILADELPHIA, Mar. 2 (AP)—New procedural rules aimed at cutting red tape in uncontested divorce actions in Pennsylvania courts become effective June 1.

The rules, prepared by a committee appointed by the State Supreme Court, change neither the requirement for a year's residency in the state, grounds, nor proof, said Roland A. Anderson, committee secretary.

"Pennsylvania courts are not being thrown open to a divorce racket," Anderson emphasized. Anderson explained that the purpose of revised procedures is to bring divorce laws in line with equity and law actions.

It eliminates, he said, "a number of old-fashioned laws." The effect Anderson said will be to cut as much as two months off the time now required in some Pennsylvania courts to obtain a divorce.

As an example, he cited Philadelphia County, where a divorce now requires five to eight months. This period would be reduced to three to six months under the new procedural rules, Anderson said.

In Pittsburgh, Allegheny County Prothonotary David J. Roberts said yesterday the new procedures would enable residents of two Pennsylvania counties to obtain divorces in as little as 46 days.

"That's wrong," Anderson said. Roberts, interviewed in Pittsburgh after Anderson's statement, said the 46-day interpretation was his. "If we've interpreted it (the procedures) wrong, we'd be happy to have them (the Supreme Court) inform us."

Sister Of Sanford Men Died In Miami

FUNERAL SERVICES for Mrs. Frank W. Kraus, sister of Harlow W. Goodspeed and R. A. Goodspeed of Sanford, were held at the Erickson Home Sunday at 4:00 P. M. with the Rev. J. E. McKinley officiating. Interment was made in Evergreen Cemetery.

Mrs. Kraus died suddenly at her home in Miami last Friday. Born in Elyria, Ohio, she had lived in Miami for two years. Survivors include the husband of Miami; one son, Ralph Schnarr and one grandson, both of Miami; two sisters, Mrs. H. F. Roller of Daytona Beach and Mrs. Dan Wing of Orlando; two brothers, R. A. and H. W. Goodspeed.

Seminole County Red Cross Opens Campaign For Operation Funds

The Seminole County Chapter of the American Red Cross opened its county-wide campaign yesterday for funds to advance its operation for the years 1948-49. The drive will last through March.

Kathyle Housholder, chairman for the drive, and A. E. Shubolter, chapter chairman for the county, today united in their request to the people of the county that they give generously to the Red Cross, for which the County has a budget for the coming year of approximately \$7,200.

An effort will be made to solicit individually every person and family within the county, but in the event workers should fail to contact anyone wishing to make a contribution, a worker will be sent to pick up any contribution upon notification at headquarters at 500 Oak Avenue, telephone 80, or the contribution may be mailed direct to headquarters, it was announced.

Mr. Shubolter today pointed out that the work of the Red Cross in Seminole County has been active and varied during the past year and involves such a variety of work that a simple analysis is practically impossible.

In the general line of activity, he said, the local Red Cross has functioned during the hurricane alerts of the fall of 1947 and through its executive secretaries and voluntary services as well as its disaster committees and has functioned by aiding numerous cases of individual families.

There has also been activity throughout the year by the Production Corps and the Junior Red Cross and a program of safety training for accident prevention has been carried out, he revealed.

Forest fires in New England, the hurricane in Florida, the disaster at Texas City in which 500 were killed, 3,500 injured and \$800 million in need of assistance (Continued on Page Eight)

Three Canadians Held In Twelve Burglary Cases

MIAMI BEACH, Mar. 2 (AP)—Three young Canadians captured yesterday in a spectacular "cops and robbers" raid, are being held in city jail while police officers investigate 12 separate burglaries on that detective Lieut. Charles Pierce said they had verbally confessed.

The trio, identified as Roland Abbie, 27; John Rindow, 24, and Nicholas Mautino, 21, all of Windsor, Ontario, Canada, were captured on the stage of the Casino Theater after 20 heavily-armed policemen surrounded the building.

Pierce said 12 burglaries, amounting to nearly \$10,000, are being investigated. He said no formal charges have been filed pending the outcome of the investigations and they are now being held on a vagrancy charge and for investigation.

Pierce said the trio verbally stated that they had robbed safes (Continued on Page Eight)

Finland Reds Begin Organizing Meetings

HELSINKI, Mar. 2 (AP)—Finland's factory and trade union meetings to support a military pact with Russia.

The Communist organ Tyokanas Sanomat said workers favor a friendship and assistance treaty with the Soviet Union because it is the best way to guarantee the interests of Finland and the cause of peace.

The first of the factory meetings being organized by the Communists were held yesterday at Turku and Tampere, two of Finland's most important industrial centers.

The Turku metal workers adopted a resolution recommending acceptance of the military pact. The resolution said "We must take a friend's hand if it is offered."

Sister Of Sanford Men Died In Miami

FUNERAL SERVICES for Mrs. Frank W. Kraus, sister of Harlow W. Goodspeed and R. A. Goodspeed of Sanford, were held at the Erickson Home Sunday at 4:00 P. M. with the Rev. J. E. McKinley officiating. Interment was made in Evergreen Cemetery.

Mrs. Kraus died suddenly at her home in Miami last Friday. Born in Elyria, Ohio, she had lived in Miami for two years. Survivors include the husband of Miami; one son, Ralph Schnarr and one grandson, both of Miami; two sisters, Mrs. H. F. Roller of Daytona Beach and Mrs. Dan Wing of Orlando; two brothers, R. A. and H. W. Goodspeed.

John W. Hanes Favors Income Tax Reduction

Ex-Treasury Official Says Cut Shouldn't Be \$6,500,000,000, But Healthy Sum

WASHINGTON, Mar. 2 (AP)—John W. Hanes, a former New Deal treasury official, said today he favors a "good, healthy" income tax cut.

But the New York corporation executive told the Senate Finance Committee the cut should not be as large as the \$6,500,000,000 voted by the House.

Hanes, Undersecretary of the Treasury in 1938-39, said the House figure should be "somewhat reduced." Just how much, he added, should be left to the "good judgment" of Congress.

Earlier Hanes had predicted that the government will take in nearly \$20,000,000,000 more than it spends this year and next.

He said in his prepared testimony that this would leave "ample room" for a tax cut.

Senator Barkley (D-Ky.) wanted to know whether Hanes was arguing for passage of the House bill.

"I am advocating tax reduction by a good, healthy amount," (Continued on Page Eight)

Snow Covers Parts Of U. S. From New York To Colorado

NEW YORK, Mar. 2 (AP)—Snow covered the New York City area today, bringing the city the second highest winter's total on record—68.1. The inch and a half that fell began melting as the snow turned to rain.

The Weather Bureau, in its 65 years of record taking, recorded more snow only during the winter of 1899-00, when a total of 77.6 inches was reached. The mark set in New York City was snowed out of the Red River Valley of North Dakota and Minnesota and near the Canadian border in the Rocky Mountains. Iowa City, Ia., reported a fall of nine inches in Des Moines, eight inches of snow in New York.

There were a few spots reporting below zero temperatures. The mercury dropped to -8 in Caribou, Me., and below zero near the Canadian border in North Dakota and Minnesota.

Warm weather was reported in parts of the South yesterday. Highs included 84 at San Antonio, Tex., and 78 at Miami and New Orleans.

John William Dorton 74, Died Last Night

John William Dorton, 74 year old resident of Eureka Hammock, died at his home last night at 10:05 o'clock following an illness of more than a year.

A former employee of the Atlantic Coast Line Railroad Mr. Dorton had lived in Sanford for 23 years. He was born Mar. 11, 1873 in Frithurst, Ala.

He is survived by the widow of Sanford; four daughters, Mrs. W. M. Douglas of Winter Haven; Mrs. J. W. Drew, Palatka; Mrs. W. L. Richardson of Savannah, Ga.; and Mrs. James Drew, Sanford; three sons, Charles Dorton and James Dorton of Sanford; W. M. Dorton of Lake Monroe; three step-daughters, Mrs. Pearl Drummond of Jacksonville, Mrs. R. B. Young, Cassanova, Mich.; Mrs. James Hanley St. Paul, Minn.; 27 grandchildren and 14 great grandchildren.

Funeral services will be held at 2:00 P. M. Wednesday at Erickson Funeral Home and interment will take place in Evergreen Cemetery.

Anti-Lynching Bill Approved 18-8 By House Committee

Vandenberg Wont Say He Will And Won't Say "No!"

WASHINGTON, Mar. 2 (AP)—Senator Russell (D-Ga.) today offered to join Republicans in cutting any funds President Truman might spend for his civil rights program. Russell's remarks were made as a Senate Appropriations Subcommittee began studying a House-approved \$91,518,551 independent offices supply bill. The bill provides money for the White House and a score of independent agencies, such as the Federal Communications Commission, included in the White House total is a \$700,000 emergency fund for the President.

Senator Reed (R-Kent) offered a breakdown showing Mr. Truman has spent \$30,000 of a \$200,000 emergency fund this fiscal year for the President's Commission on Civil Rights.

WASHINGTON, Mar. 2 (AP)—Anti-lynching legislation was approved today by the House Judiciary Committee. The action sends the bill—a key one in President Truman's civil rights program—just one step short of the House floor. It must be cleared by the Rules Committee before the House can vote on it. It is one of the measures which has southern Democrats threatening a party revolt.

The Judiciary Committee voted behind closed doors and the vote was not announced officially. However, members said it was 18 to 8.

The bill, drafted by Rep. Clifford Case (R-NJ), declares it to be the duty of the state to protect the life, liberty and property (Continued on Page Eight)

Chairman Thomas Subpoenas Files Of Atomic Official

WASHINGTON, Mar. 2 (AP)—The Commerce Department's Loyalty Board files concerning Dr. Edward T. Condon were ordered subpoenaed today by Chairman Thomas (R-Ill.) of the House Un-American Activities Committee. Condon, 56, an old scientist and head of the government's Bureau of Standards, was accused by a House group of being "one of the weakest links in our atomic security." He also was accused by the group, headed by Thomas, of associating with Communist agents.

As Thomas acted to obtain records in the case, the Atomic Energy Commission told a Senate Judiciary Committee that Condon has had no access to top atomic secrets (Continued on Page Eight)

1,900 Baltimore Vets Stop Loan Payments

BALTIMORE, Mar. 2 (AP)—Nineteen hundred veterans stopped mortgage payments yesterday, and a major loan association said it would grant no more credits to any builder who has been unable to maintain the good will of G.I. home buyers.

Contending they were cheated by contractors who used faulty materials, the veterans said they would halt principal payments on loans acquired under the G.I. Bill. They also charged that contractors had not met the specifications on which the houses were purchased and had not complied with the Baltimore city building code.

Samuel W. Borden, president of the Loyola Federal Building and Loan Association, said his firm would tell contractors it has financed that they they must "do anything, reasonable or unreasonable," to satisfy the complaints. The company has about \$8,000,000 invested in veterans' homes.

FELLOWSHIP FRONT

Former Georgia Congressman William D. Upshaw and Mrs. Upshaw will entertain the tourist colony at the Fellowship Front this evening at 7:30 o'clock with a skit entitled, "John and His Hat and Mary and Her Bonnet." All lovers of wit, humor and "historical talent" in the Sanford area are cordially invited to attend.

The former Georgia lawmaker was in a lecture at Johns Hopkins University before entering Congress in 1916. Mrs. Upshaw is a graduate dramatic reader and is widely known on the Pacific coast.

PARLOR DENIED

TALLAHASSEE, Mar. 2 (AP)—The Cabinet Parlor Board today denied a full pardon to Joseph H. Wilkerson of Alachua county, paroled in November, 1946, after serving part of a two-year sentence on charges of operating a lottery. He was sentenced from Marion county but now is living in Alachua County.

CIVIL SERVICE
Twelve applicants are scheduled to take police patrol civil service examinations today at 2:00 o'clock. N. O. Garner, examiner, announced this morning.

Air Experts Urge Congress To Make U. S. Air Leaders

By JAMES J. STREBIG
AP Aviation Reporter
WASHINGTON, Mar. 2 (AP)—Congress heard a call from its own aviation experts today to make American supreme in the air because the political and industrial phases of "the next war" have already begun.

"Civilization stands vulnerable to annihilation," the 10-member congressional aviation policy board declared.

The six Republicans and four Democrats who reported on a seven month study said this country needs 35,000 fighting planes and must be ready to spend nearly \$10,000,000,000 a year to make air power the "dominating factor in maintaining world peace."

"To defend ourselves in the age of atomic bombs, of radioactive dust, of bacteriological contamination and guided missiles—to mention some of the new and terrible weapons—we must have air power that is supreme," they said. "It is folly to pretend that the world does not live under a sense of impending tragedy. Deliberately and continuously we are faced with the possibility of aggressive attack."

"The political phase of the next war has been actively engaged in since VE-Day—and the industrial phase is clearly recognizable."

The best answer would be a "Magna Carta of world defense written in the United Nations, to whose inspectors modern weapons could be surrendered. However, because it is tragic but true that no such answer is in prospect, the policy board said these first steps must be taken:

1. Immediate action to resolve the conflict that is delaying a unified military plan.
2. Build toward a 70-group Air Force with 20, 541 planes and a Naval air arm with 14,500 planes—about double the present total.
3. Give top research priority to applying atomic power to aircraft.

4. Develop a federal airways system with ultra modern equipment for all weather, large volume flying to serve both civil and military needs.

These are the main proposals among 92 recommendations in the 54 page report. Some of the steps may be put before Congress soon in the form of legislation.

Senator Brewster (R-Ma) was chairman of the board and Rep. Elinor (R-Calif.) was vice chairman. Their report generally agrees with a similar study completed seven weeks ago by President Truman's Air Policy Commission.

The congressional group said it had been unable to learn the air requirement of the Navy and Air Force for a unified plan of action.

"Moreover, there is no present indication that such a plan is in process of determination," the report said.

The board placed the blame largely on the joint chiefs of staff. But it said a conflict between the 1947 National Security (unification) Act and a later presidential order defining the wartime roles of the Army, Navy and Air Force was partly responsible. The report urged immediate clarification of both the law and the order.

FOR HERRLONG
LEESBURG, Mar. 2 (AP)—Joe Sapp, former editor of the Times-Citizen, has been named publicity director for A. S. (Svd) Herrlong, Jr., candidate for Congress from the Fifth District, it was announced this week.

Mr. Sapp is well known throughout the district, having been connected with Florida weeklies for the past nine years. His office is at the "Herrlong for Congress Headquarters," in the First Federal building, Leesburg.

ROT-PROOFED COTTON
Mildew and other forms of rot cause such serious losses of cotton fabric every year that scientists

have long been searching for ways to treat cotton against this damage. The best means discovered so far is to partially convert the fabric or yarn to cellulose acetate, similar to acetate rayon, by chemical treatment, research at the

Southern Regional Research Laboratory of the U. S. Department of Agriculture has shown. Partially acetylating cotton fabric does not change its appearance, "feel," or strength, yet greatly improves its resistance to all

forms of rot and also improves its resistance to heat. After treatment the fabric can be dyed as acetate rayon is dyed. The Laboratory has developed practical and rapid commercial methods for treating cotton this way and fore-

sees many possible uses for it. Cotton bags for water softening systems already are being made of acetylated fabric. In these systems the bag of softener is held in a tank of circulating water. Untreated bags rot and go to

pieces in a month or less, but those from partially acetylated cloth remain in good condition for more than a year. Partially acetylated fish nets and cotton linings for shoes are who being tested commercially.

Other possibilities are: fabric for awnings, tarpaulins, outdoor furniture and tents; sewing thread for shoes and other leather goods; insulation for outdoor electric wires.

FILE VERSE FOR TODAY

MAN IS IMMORTAL TILL HIS WORK IS DONE.—Job 6:26; Thou shalt come to thy grave in full age.

Paul Gallico proposes a "Be Kind to Truman Day". And no doubt he would like to hold it on the 2nd of November.

So much free publicity stuff is coming in from the candidates for state offices that an additional waste basket has been placed in the office—Florida Advocate. How many do you have now?

We see where an American citizen serving with the American embassy in Moscow has decided to marry a Russian and renounce her American citizenship. And believe us, when the man bites the dog, that's news.

"Tragic unpublicized fact about the President's civil rights message is that it's creating just what it is aimed to prevent—a new reign of terror against negroes in some parts of the South," says Drew Pearson of Washington Merry Go Round fame. What did you expect? That's just what some of the real friends of the negroes in the South have been telling you all the time.

Senator Glen Taylor of Idaho, Henry Wallace's running mate, does not believe the Communists are all bad. He would not give them key positions in the government where they could turn over important information to Russia, he says, but he sees no harm in employing them in certain other government positions, such as the Labor Department, for instance. Evidently he does not recognize that a traitor is a traitor no matter where you hire him.

Down at Plant City the other day a 14 year old girl was shot and killed by a 15 year old boy who had been chasing robbers (with a small gauge shotgun) from a strawberry patch. It is too late to do anything about it now. Nothing can bring the little girl back to life. But similar tragedies in the future can be prevented if parents will keep their children away from firearms until they have been properly instructed in their handling.

According to a recent poll conducted among the students at the University of Florida, Colin English seems to be the favorite candidate among the student body for governor of Florida. He received 33 percent of the votes cast, while Fuller Warren was second with 25 percent. Other candidates trailed in this order, Dan McCarty, Tom Watson, Bill Shanda and Bernard MacFadden. Significantly, 22 percent had failed to make up their minds, hence had no favorite. What this 22 percent ultimately decide to do can have a tremendous effect on the outcome of student voting.

We are indebted to the House Judiciary Committee which recently approved the anti-lynching bill for a definition of lynching. We had always wondered, A lynching, it seems, "is an organized effort not only to punish the persons lynched but also to terrorize the groups, in the community or elsewhere, of which the persons lynched are members by reason of their race, creed, color, national origin, ancestry, language, or religion, and thus to deny to all members of such groups, and to prevent them from exercising, the rights guaranteed to them by the Constitution and laws of the United States". In other words, if a group of men take a man belonging to a different race or religion out and kill him, it is a lynching, but if he belongs to the same race or religion, it's just a murder.

Move Against Caste

The draft of a constitution for India contains provisions which are aimed at the destruction of the caste system. Its adoption would be a gesture meaning that the leaders of India are aware that the caste system must be abolished if their new nation is to advance. It would be little more than a gesture.

It is extremely difficult, if not impossible, to fight prejudice effectively with laws. Americans have learned that truth in their own experience. With a basis established in the constitution, there will begin for India the long process of educating the people to erase the lines of caste in their daily living. It will be a process not of years but of generations.

The Hindu caste system is deeply rooted in the historic origins of the people, and is inseparable from Hinduism itself. Caste determines irrevocably the Hindu's religious, family and social life, and means of earning a livelihood. The equivalent of the caste system is found in many non-Hindu groups in the same kind of hereditary social and occupational groups, the lines of which cannot be crossed.

The system strangles and suffocates social, economic and political progress in India. It will not be ended in a day by a new political state and its constitution. But if this enlightened constitution is adopted the millions who labor under the yoke of caste will have a source of hope.

Coal Getting Short

Another problem to worry about is coal. Contrary to popular belief, the United States has only enough coal to last 250 years, and not, as we used to be told, 3,000 or 4,000. In the eastern part of the country, where 92 percent of the coal is produced and used, there is enough only for 90 years' use. So Andrew B. Crichton, a Johnstown, Pa., mining engineer, recently told the American Institute of Mining and Metallurgy.

Use oil or natural gas instead? Oil is getting so many demands now that to increase them seems more than risky, and who can tell how long natural gas will hold out?

"Oh, some other form of energy will be developed," a good many persons say airily, "perhaps sun or tidal power, or atomic energy." All this is possible, but to rely on such possibilities is something like hoping to escape bankruptcy by digging gold out of the back yard.

The situation calls for a fuel survey which would consider the problem at long range, and make recommendations for some decades to come.

Diplomacy Of Sanctions

The economic sanctions of League-of-Nations days are recalled by the suggestions of things the United States might do to express rejection of the new state of affairs in Czechoslovakia. The ideas include denial of credit, freezing of assets, and restrictions on exports of machinery and equipment.

Such steps seem a poor reply to the highly effective measures totalitarian regimes use to obtain their goals. But they appear to be the only ones available to us, and even they are open to question. By its own ideals Democracy is sharply limited in the means it can use to defend itself against other ideologies.

Pack 10 Cub Scouts Have Meet, Feed At Southside School

By WILLARD CONNOLLY. Pack 10 of the Cub Scouts held their monthly pack meeting and supper at the Southside Primary School lunch room at 8:30 o'clock. Fine attendance of Cub Scouts, Friday evening and there was a den mothers also. Mothers who seemed with pride as they presented awards, in some instances to their own sons.

One look at these neat, clean cut lads, many soon to be Boy Scouts, would enable any real American to know why these parents were justly proud of the accomplishments of their sons. The boys were as boisterous and full of fun as any normal boys are, but it was evident that something had been added.

Cub Scouts got up and asserted themselves clearly. The other boys listened respectfully. There were no loud "show offs," no offensive rough house. It was clearly evident that Scout training in the principles of courtesy, self control and manliness were becoming habitual in the boys.

It was also evident that Cubmaster Evans McJury, who had charge of the meeting, held the interest, respect and affection of the boys. He led a rousing song service with a bit of my guitar picking as accompaniment.

Ralph A. Smith, boy scout executive, presented Pack 10 with the presidential award of the Central Florida Council. Individual awards were given to the different dens by Jack Russell, John Krider, Jack Barney, R. W. Smith and Barney Barney.

Mr. Smith announced that March was the month for the Cub Scout competition in South Florida at 3:00 P. M. at Ft. Meade Park. The Cub scouts had various

THE WORLD TODAY

By DEWITT MACKENZIE AP Foreign Affairs Analyst

Britain's sagacious war-time prime minister, Winston Churchill, not long ago advocated in the House of Commons that the Western democracies unite and seek a showdown with Russia before the latter developed atomic weapons. Sound advice—but have we delayed too long? It certainly makes one wonder when a House of Representatives Un-American Activities subcommittee reports that the U. S. Bureau of Standards, which has been working on atomic energy processes, "has become the target of espionage agents of numerous foreign powers."

Not only that, but the subcommittee asserts that Dr. Edward U. Condon, head of the bureau, is "one of the weakest links in our atomic security." The subcommittee charges that he is "knowingly or unknowingly, entertained and associated with persons who are alleged Soviet espionage agents" and "has lent his name and influence to one of the principal Communist endeavors in the United States."

There's a lot more to the report, but that's enough to send a chill down the spine of any loyal citizen. A chill, but not panic! Let us hope that we have been forewarned, for to be forewarned is to be forearmed.

What we need now is energetic action to put our defenses in shape, and quit this bunk about poor Russia being driven to aggression because she is in mortal fear of attack by the United States. The Soviet isn't afraid, but is in process of carrying out a campaign of long-planned world conquest.

The brazen and brutal enslavement of Czechoslovakia by the Reds already had convinced the major Western democracies finally that the time had arrived when it would be flirting with disaster if they let Russia push them about any more. This atomic report ought to put a cap on that decision.

The consensus on both sides of the Atlantic, even before the atomic sensation broke, was well summed up in an editorial by the powerful London Times: "The only way now to settle with Russia—and the peace of the world depends upon it—is to take up the challenge and bring both the recovery program (the Marshall Plan) and western union (of Europe) to a successful outcome."

The Marshall Plan now is before the U. S. Senate, and Senator Vandenberg, chairman of the Foreign Relations Committee, yesterday appealed for approval of the program to "help stop World War III before it starts." He declared that while "any thought of another war is abhorrent to our soul," "peace and appeasement are no on speaking terms."

The project of a Western Eu-

25 Year Old Girl Dies In Fire, 3 Rescued

PHILADELPHIA, Mar. 2 (AP)—Twenty-five-year-old Marion Righter died today in a fire that swept her home, trapping her in a bedroom.

Three others, including a 10-day-old infant, were rescued as the flames damaged two adjoining houses and drove four persons to the street.

Miss Righter's brother-in-law, William Connors, 31, made three trips across the porch roof below his front bedroom window to rescue his infant son, William, Jr., his wife and his mother-in-law.

Connors made his daring rescue by carrying each of the three across the roof and passing them through the next door bedroom of Mrs. Sophia Phillips, a neighbor.

30 YEARS RESTORED TALLAHASSEE, Mar. 1 (AP)—The prison sentence of Armando Alcala for assault with intent to rape in Tampa was restored to its full 20-year term today by the State Pardon Board.

The board withdrew its Jan. 6 commutation of the sentence to five years after curtly refusing to hear a letter in which Attorney General Tom Watson recommended amnesty that action.

The shortening of Alcala's prison term, over objections of the State Pardon Commission has been criticized by the Tampa press.

GEORGIA PAPER SUSPENDED The Albany (Ga.) Morning Herald has suspended publication temporarily due to the newsprint shortage. James H. Gray, who published the paper in conjunction with the Albany (Ga.) Evening Herald, said publication would be resumed as soon as newsprint is available.

Social And Personal Activities

Social Calender

TUESDAY
The Daughters of Wesley of the First Methodist Church will meet at the annex at 8:00 P. M. Hostesses for the meeting are Mrs. J. H. Anderson, Mrs. P. A. Rowland, Mrs. R. A. Futrell, Mrs. Ruth Lunquist and Mrs. M. D. Smith.

The Seminole High School Parent Teachers Association will meet at the school at 8:00 P. M. The theme of the month is leadership and responsibility. Rev. J. E. McKinley will speak to the group on parent cooperation and Rev. W. P. Vesley will have school cooperation as his subject.

WEDNESDAY
The monthly business meeting and luncheon for members of the Sanford Woman's Club will be held at the club house on Oak Avenue at 12:30 P. M. Reservations must be made not later than Tuesday noon with Mrs. Fred Williams, phone 208, or Mrs. J. C. Russell, 107-J.

The Ladies' Auxiliary of the Brotherhood of Railway Trainmen will have a regular meeting at 8:00 P. M. in the L. O. O. F. hall. All members are urged to attend.

The weekly playing meeting of the Sanford Woman's Golf Association will be held at the Seminole Country Club at 1:00 P. M.

THURSDAY
Seminole Chapter No. 2, Order of Eastern Star, will meet at the Masonic Hall at 8:00 P. M. Friendship Night will be observed with chapters of district No. 16 being guests of the local chapter.

The South Side Parent Teachers Association will observe Father's Night at 8:00 P. M. at the school. Following the meeting refreshments will be served.

The West Side P. T. A. will meet at the school at 3:00 P. M. with Judge J. G. Shanon as guest speaker. All members are urged to be present.

The T. E. L. Class of the First Baptist Church will meet at the church annex for a covered dish supper.

FRIDAY
The regular meeting of the American Legion auxiliary will be held at 8:00 P. M. at the Legion Hut. The board meeting will be held at 7:00 P. M. preceding the business meeting.

Club Members Serve At Orlando Fair

Among the members of the Home Demonstration Club and the 4-H club from Seminole County who assisted in serving last week at the Seminole County booth at the Central Florida Exposition in Orlando included Mrs. C. M. Flowers, Mrs. J. P. Thurmond, Mrs. W. B. Brinson, Mrs. E. A. Logan, Mrs. C. A. Oldham, Mrs. R. H. Kietzer, Mrs. Paul Mays and Mrs. Mattie Price.

Also serving were Mrs. Virginia Roach, Mrs. J. E. Robinson, Mrs. H. I. Kubacki, Mrs. V. A. Schley, Mrs. John Powell, Mrs. Elizabeth Harris, Mrs. Ralph Hammond, Mrs. H. C. Green and Mrs. Clara Stum.

There are about 10 billion universes such as that of which the sun is a part.

Two Local Musicians To Play At Festival

Two Sanford musicians will take part in the Bach Festival that opens tomorrow afternoon at 3:00 o'clock in Knowles Memorial Chapel at Rollins College. Miss Anna Lovell will play first violin in the orchestra and Mrs. George Poins will be at the console of the organ.

Miss Lovell, the daughter of Mr. and Mrs. W. V. Lovell of Gentry Avenue, is continuing her studies in music at Rollins College where Alphonse Carlos and Dr. Walter Charnbury are her instructors. Her talents were a feature of the 1948 edition of the Women's Club's Animated Magazine here last week.

Mrs. Touhy, who has established herself as a prominent organist of Central Florida, plays at the First Presbyterian Church here, where she directs the high school choir. She is dean of Orlando Chapter of the American College of Organists.

The Bach Festival is an annual highlight in the musical field of this part of the state and is under the direction of Dr. C. O. Honnas, whose interpretation of the works of Bach have gained an enviable reputation far afield.

The organist, organist, organist and instructor at Rollins, will be at the console of the Skinner organ for the mass. An orchestra of 20 musicians supplements the voice of this instrument.

A choir of 150 voices under Dr. Honnas' baton and four soloists brought to Winter Park from New York for the occasion have been complimented for the excellence of their work, both in the a cappella and accompanied numbers.

First Rounds Begin For Golf Champion

Qualification rounds for the Sanford Woman's Golf Association championship golf tournament started today and will last through Mar. 10, it was announced this morning by Mrs. E. B. Smith, club president. She stated that each of the 60 members are expected to qualify with one round of nine holes before Mar. 10 and to turn in their scores to Clyde Terwilliger, club pro.

At the conclusion of the qualifying rounds the golfers will be divided into the following flights: the championship and first and second flights. Stealing silver trays which will be awarded as prizes to the winners of the championship tournament are on display in Kater's Jewelry Store window.

Room 8 Gives Play At Grammar School

Room 8 of the Sanford Grammar School presented a play, "Mr. Forrester Saleman," in the school auditorium yesterday. Members of the class who took part in the play included Jimmy Butler, Randall Reynolds, Daisy Ann Waldrop, Mary Mikolajcik, James Fortson, Richard Barinow, Randall Ferrell, Jeanette Kinslow and Thomas Bohannon. Two songs were also presented, "The Tree Maker" by Greig and "The Forester" by Lillian Vandever.

Personals

Friends of Dale Scott will regret to learn that he is ill and confined to his home on Park Avenue.

Mr. and Mrs. W. D. Hofmann have returned to their home in Sanford after spending several days in Jacksonville.

Friends will regret to learn that Paula Norwood, daughter of Mr. and Mrs. D. E. Norwood, is ill and confined to her home in Lake Monroe.

Mr. and Mrs. M. I. Raborn had as their guests over the past week-end Mrs. Raborn's sister and brother-in-law, Mr. and Mrs. H. G. Smith of Tallahassee.

Mr. and Mrs. Walter H. Meriwether and son have moved their residence from the home of her parents at 2306 West First Street to their newly purchased home at 828 East Twentieth Street.

Miss Shirley Weiss and Miss Betty Rogers of West Palm Beach, Miss Lois Meriwether and Wayne Tucker, Jr., all students at Stetson University in Deland, spent the past weekend in Tallahassee at the Florida State University.

Mrs. Victoria Hughlett Barnett of Tampa arrived today to attend the entertainment at the Fellowship Front tonight. Mrs. William D. Uphaw was a bridesmaid some years ago at Mrs. Barnett's wedding.

Mrs. Russell Simans left today after spending a week in Sanford with her parents, Mr. and Mrs. Perry N. Whitehurst. She was accompanied by her mother to Savannah, Ga., where they will visit for a few days before leaving for Mrs. Simans' home in Adel.

Among those from Sanford attending the funeral of P. M. King of Lakeland, formerly of Sanford, were Mr. and Mrs. E. C. Harper, Mr. and Mrs. J. E. Couzier, Sr., Mrs. W. W. Warner and R. E. Cameron. Mr. Harper and Mr. Couzier served as pallbearers.

Dr. and Mrs. H. Wayne Rucker and Mr. and Mrs. J. W. Hall spent Sunday in Jacksonville, where Dr. Rucker attended a committee meeting of the State Dental Society. Mrs. Rucker and Mr. and Mrs. Hall were the guests of Mr. and Mrs. Harry Parker while Dr. Rucker attended the meeting.

Circle No. 5 To Have Rummage Sale

Plans for a rummage sale to be held in the near future were made at the monthly meeting of Circle No. 5 of the First Methodist Church held on Monday afternoon at the home of Mrs. J. P. Thurmond. Mrs. J. C. Davis presided over the meeting.

Lovely arrangements of candles and sweet peas were used in decorating the rooms of the Thurmond home and about 17 members attended the meeting. A report was heard on the supper held last Saturday evening at the church annex. At the conclusion of the meeting refreshments were served to the following: Mrs. Zeda Lord, Mrs. M. E. Moye, Mrs. E. C. Williams, Mrs. C. F. Ellis, Mrs. J. J. Carver, Mrs. E. G. Kilpatrick, Mrs. C. C. Priest, Mrs. W. D. Forbes, Mrs. J. N. Arzullo, Mrs. Davis, Miss Ella Holton, Mrs. Modie Williams, Mrs. Ernest R. Doyle, a visitor, Mrs. H. H. McCall, Mrs. R. E. Shindler, Mrs. J. O. Lane and Mrs. Thurmond.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Edward Higgins, Jr., announced this morning the birth of twin sons, Stephen Warren and Scott Easterby, on Feb. 27 at the Fernald Loughton Memorial Hospital. Mrs. Higgins will be remembered by her friends as the former Mary Wiggins.

Nana Gollner, famed ballerina, and her dancing companion, Paul Petroff, who will appear this evening with the Ballet Intime at 8:15 P. M. at the Seminole High School Auditorium under the auspices of the Seminole County Civic Music Association. This is the last in the series of musical presentations of the association for this season and promises to be one of its most beautiful as well as skillful.

Visitors On Review

By Carlin Kay

Of interest to those of our visitors in Sanford and Seminole County who are flower lovers and would like to inspect the gardens of the city is the "Garden Tour" being sponsored by the Sanford Garden Club on Thursday. The group will meet at the Tourist Center at 1:00 o'clock and transportation will be furnished to those who desire it.

Returning last week from St. Augustine, where they spent some time, were Mrs. F. A. Gaddis, Miss Jean Monfette and Mrs. Gus Lovejoy. Mr. Lovejoy drove to St. Augustine to accompany them home. And in Sanford during last week were Mr. and Mrs. Stanley Wildch of Hemingford, Quebec, Canada, who are touring Florida and plan in the near future to make their home in the "sunshine state."

Mr. Armitage reported that the local shuffleboard team won a recent shuffleboard tournament with the Longwood club on the court in Fort Mellon Park.

Ben C. Small, owner-manager of the Valdez Hotel, stated this morning that on Saturday night the entire hotel was filled with a party of American Legionnaires. Others who have registered at the Valdez during the past two weeks included Mr. and Mrs. T. P. Miller, John Island, S. C.; Mr. and Mrs. M. DeHann, Grand Rapids, Mich.; Mr. and Mrs. W. A. Wascenke, Clifton, N. Y.; Miss Rebecca Whitley and party, Goldboro, N. C.; Naomi B. Sahin and Dr. Flora Hoag, Cleveland, O.; Mr. and Mrs. H. B. Sabin, Cleveland, O.; Mr. and Mrs. J. R. Allan, Dearborn, Mich.; Mr. and Mrs. C. Winters, Grandell, N. J.; Mr. and Mrs. L. J. Kinney, Hingham, N. C.; Mr. and Mrs. G. J. Gurey, Ninety Six, S. C.; Mr. and Mrs. W. T. Owens, El Cerrito, Calif.; and Ben and Sheldon Bank, Baltimore, Md.

Also Herman Shumate and party, Ekron, Ky.; Mr. and Mrs. J. H. Cunningham, Roanoke, Va.; Mr. and Mrs. M. Jackson, Durham, N. C.; Mr. and Mrs. A. D. Edens, Durham, N. C.; Mr. and Mrs. H. P. Alkman, Casper, N. Y.; Mr. and Mrs. Jacob Strahm and party, Shellsburg, Wis.; J. J. Gurley and Wynd Allen, Patriot, Ind.; Mrs. Clara Heisey and Mrs. Heisey, Hamilton, O.; Mr. and Mrs. E. M. Kennedy, Blackstock, S. C.; Dr. and Mrs. C. E. Crosby and daughter, Greenwood, S. C.; Mr. and Mrs. Walshaw, Philadelphia, Pa.; Mr. and Mrs. Leo De-

Luncheon Given By Mrs. Fred Williams

Mrs. Fred T. Williams entertained with a luncheon at her country home on Crystal Lake on Sunday afternoon. She was assisted in entertaining her guests by her sisters, Mrs. Christine Hufford and Mrs. John Smith. Following the luncheon moving pictures of the Virgin Islands were shown in the living room by Sidney Smith, who has just returned from spending several weeks in the islands.

Those enjoying the afternoon were Mr. and Mrs. Smith and Mr. and Mrs. Cleve F. Baum of Chicago, Ill.; Mr. and Mrs. Stanley Montgomery, H. C. Trask, Mrs. Bernard Sturm and son, Victor, Mrs. Hiseck and Mr. and Mrs. Hufford, all of Conway, Mich.; Mr. and Mrs. John Smith, moving pictures of the Virgin Islands were shown in the living room by Sidney Smith, who has just returned from spending several weeks in the islands.

Also registering at the Valdez were Mr. and Mrs. A. S. Scott, Salt Lake City, Utah; Mr. and Mrs. C. W. Holclaw, Macon, Ga.; Mr. and Mrs. R. H. Sharp, Brewster, N. Y.; Mr. and Mrs. Hugh P. Ross, Jackson, Tenn.; Mr. and Mrs. W. L. Inghis, Atlanta, Ga.; Mr. and Mrs. Thomas P. Johnson, Lansing, Mich.; Mr. and Mrs. L. Moulton, Osage, N. H.; Mr. and Mrs. Roy Nixon, Charlotte, N. C.; Miss Bernah Hudson, Alto, N. Y.; Mr. and Mrs. H. E. Winch- enbaugh, Chester, N. H.; Mr. and Mrs. George E. Shields, Hampton, Va.; Mr. and Mrs. Charles W. Rogers, Mannassquan, N. J.; Mr. and Mrs. Wesley Rogers, Bradley Beach, N. J.; H. B. Sugg and family, Silver, Greenville, N. C.; H. H. Brewerman, Upper Darby, Pa.; F. S. Mull, St. Louis, Mo.; R. Schiffer, LaFolla, Calif.; Mrs. Frank F. Miller, St. Louis, Mo.; and Sgt. Leon Farmer of the United States Army.

Among the guests at the May fair are Mrs. Rear Admiral and Mrs. R. W. Ryder of Haddonfield, N. J.; Mr. and Mrs. Paul Dale of Kew Gardens, N. Y.; Mr. and Mrs. Charles Reader of Belmont, N. Y.; Mr. and Mrs. MacMahon of Detroit, Mich.; and Mr. and Mrs. Muller of Milwaukee, Wis.

Registered at the Montezuma are R. Harris of Grant, Mich.; Jarrell Fiskbner, Grant, Mich.; Mr. and Mrs. Leo DeVanlee, Grand Rapids, Mich.; Mr. and Mrs. Harry O. Stuber, Wildwood, N. J.; James Cooley, New Albany, N. Y.; Stanley Kansas, Jersey City, N. J.; P. H. Edwards, Bryan, O.; Willis D. Witt, Grand Rapids, Mich.; J. R. Long and Elder Zellers, Tol, Mich.; Dr. Robert C. Robinson, Providence, R. I.; S. S. Harrison, Syracuse, N. Y.; Dr. George VanBenschoten, Providence, R. I.; C. Van Rowe, Dallas, Tex.; J. Norman, Shreveport, La.; C. W. Mudge, New Orleans, La.; Mr. and Mrs. Chit Heisey, Hamilton, O.; L. F. Whitlock, Pichens, S. C.; C. J. Pride, Miami, and Mr. and Mrs. David Hannum.

Interest Created In School Pupils By Red Cross Head

Much interest in the Junior Red Cross was aroused in school pupils of Seminole County during the past week by Miss Jennie Ramsey, field representative for the organization, who made talks to pupils in eight white schools and who conferred with colored school supervisors.

Miss Ramsey was accompanied by Mrs. Ethel Gelsler, Red Cross Chapter secretary, by Miss Ruth Hand, county supervisor of public instruction and by Miss Edna Chittenden, JRC leader.

Junior workers have aided in preparing for the current Red Cross Drive by preparing supplies for distribution and making a house to house distribution of 250 rotogravures and 800 pamphlets as advance publicity for the fund drive.

The Junior Red Cross report for February reveals that 21 schools are enrolled, and efforts are being made to enroll six other schools so as to make a 100 percent total. The sum of \$57 was received in enrollment fees; \$40 was sent to the Area office as a contribution to the National Children's Fund. Miss Chittenden reported. The Service Fund balance of \$256 will be used for Junior Red Cross activities of various natures.

It is estimated that 85 to 90 percent of the diving accidents in many large cities are caused by persons who break traffic laws.

TEEN TALK

AP Newsfeatures
Dear Judy:

Now we'll believe that music can calm the savage beast. It seems to have subdued Master and Miss Bobby Soxer of 1948.

No longer jive mad, the majority of teen agers, which jitter until they turned out the lights, now are teen-hair music fans. It seems they can't get enough Bach, Beethoven and Tebnakowsky, and suddenly they are begging for music knowledge.

This year's teen ager seeks to learn what made these great composers tick. At the RCA Exhibition Hall in N. Y., where schools are invited to make up groups to listen to music recordings in their Little Theater, the place is jammed with young people eager to learn and listen.

Along with the programs of classical music, there are commentaries about the composers, stories and explanations of the story behind the composition. One official of the exhibit, Steve de Saun, said he believes the key to music appreciation as far as the kids are concerned is the commentaries. It is the "something personal" which they learn that makes real music more understandable.

Gilbert and Sullivan is a big favorite with the kids. So is the Nutcracker Suite. Often the schools select their own programs after discussing 'em with the students.

What the kids would like to have more music study periods in the classroom. Then when they gather around for a long-hair session, they can better appreciate to what end the composers were driving.

In case you haven't heard, girl finalists in the science talent search (Westinghouse) are Patricia Lee Childress, 17, of Los Angeles, Calif.; Charlotte Elizabeth Becker, 17, of Chicago, Ill.; Millicent Margaret Sawyer, 17, of West Terre Haute Ind.; Barbara Claire Wolff, 17, of Flushing, N. Y.; Ursel Joyce Blumenheim,

16, of Kew Gardens, N. Y.; Laura Caroline Mauer, 17, of Rockville Center, N. Y.; Nancy Jean Rowe, 17, of Canton, Ohio; Marjorie Ann Gilbert 17, of Broadhead, Wis.

Vivian
It is estimated that 85 to 90 percent of the diving accidents in many large cities are caused by persons who break traffic laws.

The yield of meat, including leg bones from common snapping turtles, is said to be about half the weight of the live specimen.

Giants Sign 50 Players From Baseball School Here

Locals Get Largest List of Players; Eight Other Teams Also Receive Men

By ARTHUR BECKWITH, JR., Herald Sports Editor

The New York Giants signed 50 baseball players from their baseball school held here at their Municipal Airport site for nine of their farm clubs. It was announced today by Carl Hubbell, director of the New York Giants farm system.

The former New York Giants mound ace stated he termed the school a success from every standpoint. "We had some mighty good-looking prospects at the school, and, of course, we had some which were not so good," Hubbell added.

Nick Shlimkoff, agent for the Giants, who is now maintaining the records for the farm club training base, stated that there were over 250 men here at one time last month, but they dwindled to about a dozen in the week. None of the men are here now, he stated.

When asked how many men attended the school, Shlimkoff stated, "There must have been 350."

The Sanford entry in the Florida State League received more players from the school than any other club in the Giants system. Sanford received 14 men.

The Giants signed eight pitchers, one catcher, four outfielders and a first baseman from the school for Manager Hal Gruber's Sanfordites.

Sanford's list of pitchers include Don Umscheid, Jim McKeena, Jerry Crasay, Charles Spinks, Joe Schultz, Bob Peppers, Bob Marshall and Lyman Peck. The outfielders include Frank Giordano, Connie Kavakis, Lester Hooper and Joe Lashley. Len Matto is the catcher and George Street holds down the initial sack.

Chanute, Kas., of the K. O. M. circuit has 13 players assigned; Lawton, Okla., has seven; Sanford, Fla., received four; and Oklawaha, Fla., of the Wisconsin State League obtained one.

Fort Smith, Ark., of the Western Association received eight; Reno, Nev., Trenton, N. J., and Knoxville, Tenn., each received one man.

Twenty-nine of the 50 players were outfielders. The others were infielders and catchers.

Two Outfielders Sign Contracts With Sanford

Manager Hal Gruber of the Sanford entry in the Florida State League today announced the receipt of two additional contracts signed by youngsters who attended the Giants school at the Municipal Airport.

The two are Lester Hooper and Joe Lashley, both are outergardeners.

Hooper is a Pennsylvanian and Lashley makes his home in North Carolina. Both men hit and throw left handed, Gruber reported.

Hialeah Park Ends 40 Day Race Meet With 2 Features

MIAMI, Mar. 2 (AP)—Hialeah Park ends its 40-day race meeting today with a double-barreled feature—the \$20,000 Black Helen and the \$10,000 Juvenile Stakes.

Coming to the final day with pari-mutuel play only 7 per cent below last season, Hialeah officials predicted more than 22,000 would attend the closing day's program, with wagering likely to exceed \$1,000,000 on the eight-race card.

Mrs. Helen K. Haggerty's Ramart will carry top weight of 120 pounds in the Black Helen handicap, chiefly on the strength of the mare's triumph over Armed early in the year.

A. C. Ernest's Alfoxie, in with a featherly 102 pounds, also drew strong support on the basis of three victories in a row.

Of the 13 named in the \$10,000 Juvenile Stakes for two-year-olds, at three furlongs, all except two have won at the Hialeah meeting. Of the exceptions, William Verdemann's Irish Sun was second in two appearances. Victor Emanuel's Kygnos is the other non-winner.

Catholic Basketball Tournament Is Delayed

ST. AUGUSTINE, Mar. 2 (AP)—Dates of the State Catholic High School Basketball Tournament have been set back a week to Mar. 10-21.

The change will give eligible teams a chance to compete in both the Florida High School Athletic Association eliminations and the Catholic Tournament.

St. Joseph Academy of St. Augustine teams were seeded first in both boys and girls divisions. Other seedings among boys teams

7-1 Combination Returns \$242 At Sanford Track

A mutual refund amounting to \$242.20 was returned on the daily double last night at the Sanford-Orlando Kennel Club when the 7-1 combination topped both halves.

The winning greyhounds were Little Wrangler and Blackwell, the victory being Blackwell's first triumph in 16 starts.

Featured in tonight's "hot box" ninth event will be Susan Stavers, who showed a flash of her old form in winning her last out. Several years ago this greyhound was from Ed Brown's Kennel, was one of the track's top runners.

Offering Susan the stoutest contention will be Half Label, Spanish Matron, and Flovine, the latter still leading all entries this season in victories with a total of seven.

Post-time for the first event will be 8 P. M., and it is announced the new automatic time clock will be operated on all 10 events.

Training Camp Notes

PHOENIX, Ariz., Mar. 2 (AP)—The New York Giants, short on pitchers, are planning to convert Jim Gladd, strong-arm rookie catcher, into a hurler.

BRADENTON, Mar. 2 (AP)—Alvin Dark, highly regarded rookie shortstop, up from Milwaukee, was the center of attraction as the Boston Braves began their conditioning for the coming season.

SARASOTA, Mar. 2 (AP)—Ellis Kinder, pitcher obtained by Boston's Red Sox from the St. Louis Browns, was the only absentee as the Sox went through their first workout under their new manager, Joe McCarthy.

Florida High Schools Tangle On Tournament Trail This Week

By F. T. MacFEELEY, Associated Press Sports Writer

Florida high school basketball teams hit the tournament trail this week.

Twenty-one group tournaments, five in Class A and eight each in Classes B and C, will determine the eight teams in each class to vie for state title honors in next week's finals.

This year marks a change to three eight-team state tournaments. In Classes B and C only the winner of each group tournament will advance to the state finals.

Winners and runners-up in three Class A tournaments and winners only at Jacksonville and Panama City will advance. The five-tourney elimination in Class A also is an innovation this year. Group I was divided into Eastern and Western sections to reduce the long distances traveled by competitors in the northern part of the state.

More than 600 teams will compete in the annual hardwood derby. Class A has 29 entrants, Class B 51 and Class C about 110. A few group tournaments, those with the largest number of teams, will begin Wednesday, but most will get under way Thursday. Winners will be named in Saturday night title games.

Tampa and Miami, in addition to Jacksonville and Panama City, will be host to Class A group tournaments. Both Group II and III events are scheduled for Tampa to provide adequate seating.

Seven teams will play in each of those two, Hillsborough being seeded on top in Group III and Jefferson in Group II. Three teams will play in Group IV Western Division at Panama City and four in the Eastern Division at Jacksonville.

Class B tournaments will be played at Marianna, Lake City, Jacksonville Beach, Deland, Vero Beach, Lake Wales, Largo and

Gov. Kim Sigler Of Michigan Calls Pro Hockey Meet

LANSING, Mich., Mar. 2 (AP)—Reports of a betting scandal in professional hockey and hints of new evidence in a long unsolved slaying drew Michigan's top law enforcement officials and leading hockey men to a "tell all" conference with Gov. Kim Sigler today.

Sigler called in police, corrections and hockey officials to pool their information and to decide on a course of action.

The conference resulted from published reports that Detroit Police Commissioner Harry S. Toy had obtained information of gambling by unidentified professional hockey players.

The top of the inquiry broadened, however, to cover the 1945 slaying of the late State Senator Warren G. Hooper of Albion, as well as general hoodlum activities in the state.

Sigler said the officials would be asked to lay on his desk all the information they have obtained on those subjects since he ordered a statewide investigation of hoodlum operations last week.

Toy, former state supreme court justice and attorney general whom Sigler directed to lead the underworld investigation, headed the list of enforcement officials scheduled to attend the conference.

President Clarence Campbell of the National Hockey League, Manager Jack Adams of the Detroit Red Wings, and Boston Bruin Coach Aubrey Clapper also were on hand.

Weston Adams, president of the Bruins, has been quoted as saying that several of his players told him they were acquainted with James Tamer, who is reported to have placed bets on league games for two NHL players while on parole from Southern Michigan prison.

COMMENTS from the SIDELINES

By ARTHUR BECKWITH, JR., Herald Sports Editor

Red Smith, sports scribe for the New York Herald Tribune, is in Florida vacationing and getting ready to make a swing through the Minor League training camps in the state.

Writing from Avon Park last Friday for his "Views of Sport" column, Red gave one of the best accounts of a fishing trip in Florida we have ever read.

He painted pictures with words which were written with elegance, yet simple enough to convey a deep meaning.

He said in part:

"The boat worked along the shoreline, pausing at this likely spot and that one. With three men aboard, two fished and the third handled the boat, shutting off the motor and using a paddle to work along the edges of weed beds. The fishermen tried assorted lures on their flyrods—a tiger-striped popper, a big bucktail, a wooden-bodied frog with tufts of bucktail behind to simulate legs.

"There should have been a vast and congested bass population along the margins of water beneath in the rushes, just off the lough, elephant-eared weasils which they call 'bonnets,' and around the roots and knees of the big cypress trees which stand out in the water like bathers. The lures splashed and popped and jigged on the surface. Nothing happened.

"All of a sudden around a bend, a deep hole was alive with fish. The surface dimpled and swirled, and here and there came a massive splash as a fish rose head-up out of the water.

"There was a moment of panic haste, and a lure got itself hung high in a tree. (The creek isn't wide, and you must watch your back-cast while fishing from midstream.) It was necessary to bring the boat right into the fishing hole to disentangle the hook. But that didn't bother the fish. They continued to make the water bubble and gurgle on all sides. Yet they would take no lures.

"Maybe they weren't bass. They may have been stream, locally pronounced 'trim.' Maybe they were 'speckled perch,' which are like the crappier of the north or war-mouth perch, or stump-suckers or shellcrackers. Anyway, they paid no attention to a meal that should have made any mouth water.

"The trip back to Avon Park finished before evening. The wind died during dinner. The sun is on a hillside overlooking Lake, which was a mirror calm.

"The sun is on a hillside overlooking Lake, which was a mirror calm.

"The sun is on a hillside overlooking Lake, which was a mirror calm.

Greeks, Turks In Dire Need, Say Officials

Marshall, Forrestal Say Nations Can't Be Free If Military Aid Not Increased

WASHINGTON, Mar. 3 (AP)—Secretaries Marshall and Forrestal told Congress today there is "grave danger" Greece and Turkey cannot remain free unless they get more military aid from the United States.

The two cabinet members testified jointly to the House Foreign Affairs Committee in support of the Administration's request for \$275,000,000 to be spent on gun, planes and other weapons for the two nations.

Secretary of State Marshall said that arming the Greeks and Turks would be "discouraging" to further aggression against their countries.

Both Marshall and Secretary of Defense Forrestal left little doubt they were thinking of Russia.

Marshall said there is "clear evidence in Greece and Czechoslovakia of Communist intention against all nations that stand in the way of their expansion."

And as long as threats confront Greece and Turkey, Marshall said, there can be no assurance that American assistance can be stopped.

Forrestal said it is evident that "the military position in both countries must receive our first attention." Both the cabinet members said the guerrillas are getting help from neighbors.

Tobey Raps McCab On Sale Of B-25's To Chinese Agency

WASHINGTON, Mar. 3 (AP)—Senator Tobey (R-N.H.) said today that Thomas E. McCabe ordered the sale of 11 B-25 bombers to a private Chinese agency.

Tobey made this charge as the Senate Banking Committee opened hearings on McCabe's fitness to be a member of the Federal Reserve Board of Governors. McCabe was in charge of war surplus abroad from 1944 to 1946.

The plan was sold to a private firm owned by T. L. Sooner, brother of Premier T. V. Sooner, Tobey said. He continued:

"Testimony will be adduced that when the newspapers broke the story on this deal, Mr. McCabe, with no authority whatever, for such action, ordered the destruction of these bombers by cutting the tails off."

"Evidence will be presented to the effect that Mr. McCabe admitted that his objective was to forestall bad publicity at home. Later McCabe told reporters he has no recollection of ordering the tails cut off 11 nearly-new surplus Army bombers that were sold to China. 'The all new to me,' McCabe said."

Union Is Indicted For Political Work

WASHINGTON, Mar. 3 (AP)—The Justice Department today announced the indictment of an AFL union local in connection with charges of violating the Taft-Hartley Act's ban on political spending.

Attorney General Clark said the indictment was returned by a federal grand jury in New Haven, naming Painters' Local Union No. 481 (AFL), and the local's President, John R. O'Brien.

He said the indictment charges the illegal use of union funds to buy political advertising space in the Hartford Times, and to buy by broadcast time for a political speech over radio station WKNB.

FOR MACARTHUR WESTFIELD, Mass., Mar. 3

(AP)—Joseph B. Ely, prominent Democrat and twice governor of Massachusetts, today came out in favor of General Douglas MacArthur as a presidential candidate because the General is "truly American" and "the country needs a leader."

Ely declared in an interview that he was not for Truman because "he has had political considerations sway his actions."

EAGLES TO MEET

The Fraternal Order of Eagles will sponsor an educational motion picture at the Elmer Center on Thursday evening, to which the public is invited, according to L. E. Whitman, local organizer of the order. He lives at 105 South Palmistia Avenue.

High Catholic Body Pleads For Members To Vote Anti-Communist

VATICAN CITY, Mar. 3 (AP)—The sacred Consistorial Congregation of the Roman Catholic Church issued a decree today informing Catholics that they may vote only for candidates who will "respect and defend the rights of the church."

Throughout Italy Catholic prelates, following the lead of Alfredo delonzo Cardinal Schuster, immediately made clear that the decree precluded a vote by Catholics for Communist or extreme left candidates. The Consistorial Congregation is the high legislative and administrative body of the church.

A pastoral letter by Cardinal Schuster two weeks ago ordered priests in his diocese to refuse absolution to Communists.

The letter was attacked by the extreme left as a violation of Italy's electoral laws. There was a possibility that it might be discussed in today's session of a Central Committee of major political parties formed to help maintain an electoral truce for the Apr. 18 elections.

The decree of the Consistorial Congregation—a body whose functions include discipline and administration—was described by Vatican sources as "normal" guidance for the faithful in political elections.

11 Die, 27 Injured Funds For Red By Dynamite Blast Probe Doubled In Jewish Attack By House Group

JERUSALEM, Mar. 3 (AP)—A truckload of dynamite was exploded in an Arab residential section of Haifa today, and police said the blast killed 11 Arabs and wounded 27.

Police said the extremist Jewish underground, the Stern gang, had taken responsibility for the blast.

Several children were killed. It was the heaviest toll of life from a bombing incident since the blasting of Jerusalem's Ben Yehuda Street Feb. 22, in which 55 Jews were killed.

The seven-story Salameh building, near Haifa's central police station, was wrecked. The explosion also crumpled the front half of a building across the street housing the Arab division of the government welfare office. A wide area was shaken by the explosion.

Army bulldozers and rescue crews toiled at the wreckage, fearing more victims were trapped in the debris.

Two of the dead were Arab policemen, who were walking toward the nearby courts building. The blast coincided with an announcement by Jerusalem police that an advance partition party of the United Nations secretariat had arrived by air in the Holy Land. They are to be quartered in Jerusalem.

Russia's renewed support of partition and a stronger American stance heightened prospects at Lake Success, N. Y., for cutting Palestine into Jewish and Palestinian zones.

GRASSHOPPERS
LAKELAND, Fla., Mar. 3 (AP)—Grasshoppers are on the prowl again in a lush region of Florida citrus and truck crop lands. They are reported in heavy local concentrations in a triangular area roughly limited by Lakeland, Plant City and Wauchula.

Former Solon, William Uphaw, Gives Appealing Talk To Pupils

Gales of laughter and storms of applause from pupils punctuated former Congressman William Uphaw's address at Seminole High School yesterday morning.

Speaking on "Pluck, Purpose and Patriotism," the former Georgia lawmaker caught the students with wit, kept them rolling with laughter, and then suddenly turned into a serious vein, declaring: "There are no doors barred that ought to be opened to the ambitious youth who says, 'God helping me,'"

He told the story of his own struggles after spending seven years in bed from spinal injury received while working on a Georgia farm and fighting his way to Mercer University on a rolling chair at 31. He had the students stand up and repeat his life motto that he said meant he has taught millions of boys and girls in 48 states, "Let nothing discourage you; never give up."

"Thank God for this land of opportunity," he said, "and for the former congressman as he sat on the corner of a table or leaned on his crutches in his more fearful moments."

"From the American log cabin to the White House of the Nation there is a Great Appeal Way

along which the American people ask but three questions of the purposeful boy or girl," he asserted. "Not who was your father, but who are you? Not where did you come from, but where are you going? Not what have you promised, but what have you performed?"

He closed with a baseball story that the students received with enthusiasm.

Mr. Uphaw invited all the students and their parents to be guests at a county-wide patriotic rally to be held Sunday afternoon at 3:00 o'clock at the Methodist Church. He said that will be "The Americans That Will Save America." The school glee club has been asked to furnish music for the occasion.

British Labor Eleven Groups Attacks Pinks In Palestine Hit Partition

LONDON, Mar. 3 (AP)—Britain's ruling Labor (Socialist) Party attacked today the Communist victory in Czechoslovakia would have been impossible without the aid of Socialists who play ball with the Communists.

The party's executive committee issued a statement last night declaring that last week's events in Prague constituted "a warning and lesson to Democratic Socialists."

Lord Pakenham described the Communist coup in Czechoslovakia as "ill-timed in technique and utterly damnable in every way."

The fate of Czechoslovakia "should be a warning to all who put faith in fellow travelers elsewhere," said Lord Pakenham, government spokesman in the House of Lords.

"In Czechoslovakia a revolution has been carried through in a few days," he said. "Now Finland is being approached with the kiss of death."

Meanwhile in Helsinki President Juho Paasikivi was described as impatient to get Parliament's views. Political leaders are to favor opening negotiations for a pact, but they emphasize (Continued on Page Two)

It is our firm conviction, the statement said, "that peace will not be restored, nor would (Continued on Page Two)

Wallace Scornful Of Statement By House Sub-Group

NEW YORK, Mar. 3 (AP)—Henry A. Wallace says a House Un-American Activities Sub-Committee was "stooping a little low" when it said the Communists "got a man as vice-president of the United States, and he is now their candidate for President."

"In other words, the sub-committee is saying that Roosevelt was a Communist when he asked me to run for Vice President in 1940," Wallace told CIO union convention yesterday.

"I think that's stooping a little low," he declared. "I think that's a little lower than the (J. Parnell) Thomas committee ordinarily goes."

The Third Party White House Aspirant, addressing the national convention of the left-wing CIO union office and professional workers in Brooklyn, blamed United States foreign policy for the Communist coup in Czechoslovakia.

"We don't know the full story yet," he said, "but the United States apparently was backing very vigorously the right wing in Czechoslovakia. This wing seized the initiative to precipitate a crisis. They thought they could swing things their way."

"It did not work out that way, so the new government is composed very largely of Communists. We don't like that, but we have to realize we brought it on ourselves."

"We have to realize how we would act if Russia had sent arms to Cuba or Mexico and built airports within bombing range of our factories, especially if they had the atomic bomb and we did not."

"We must realize Russia is terribly afraid. I am telling you these things because the American press only gives us one side of the story."

Costa Rica Head Is Held In Jail

SAN JOSE, Costa Rica, Mar. 3 (AP)—Otilio Ulate Blanco, whose election as president was voided by Congress, is in jail today charged with complicity in the killing of two customs guards.

The two customs guards were shot to death Monday night during the hunt for Ulate. His arrest was directed personally by War Minister General Rene Picado Michalski, who supported him in the turbulent Feb. 8 elections. General Picado is a brother of the present president, Licencio Teodoro Picado Michalski.

OPERATOR SAVES 8
PITTSBURGH, Mass., Mar. 3 (AP)—A telephone operator was credited today with talking a man into saving his own life and that of seven others, including his four children, after they were overcome with gas.

Police reported that Miss Helen Whitney, 23, gave instructions to Leon J. Barab, 37, on opening up his gas-filled house and "kept after him" until he did so.

TRUSTEES TO MEET
The School Trustees will meet at 4:00 P. M. Thursday in the Seminole County Court House. Meetings will be held on the first Thursday in each month at the same location and time.

Deer To Have New Zoo Home

The three deer, now located west of the Sanford Zoo in the rear of the Legion Hut, are to be moved within the next three weeks to the large enclosure which at present houses larger birds, according to Sidney Hirsch, superintendent of the zoo. The deer are to be moved in order that more people may see them. A number of birds will be transferred to new enclosures now being built.

Improvements At Sanford Zoo Are Underway On North Section

A number of improvements are under way at the Sanford Zoo, particularly on the north side, where new additions to the "Bird Fly," as Zoo Superintendent Sid Richard calls it, are being built.

Papa and Mama Deer and the baby Deer will be moved within the next three weeks to the present large screened area now housing larger birds, said Mr. Richard, who pointed out that the deer are seldom seen at their present out-of-the-way location near the Legion Hut. There is plenty of room for the deer in the large enclosure he pointed out.

Other improvements include putting the cages in a larger pen 600 and 600 feet. Other have been quite proud of late of the blooming azaleas planted around the pool and pen.

The concession booth, long a sore to officials due to children standing in the street to buy soda and peanuts, has been moved across the sidewalk to the Zoo proper. An addition to the booth will be made for storage purposes, eliminating an unsightly shelter now used for storage of empty bottles, said Mr. Richard.

The Zoo continues to attract large crowds, especially on Sundays. Many of the visitors are from out of the state.

82 Per Cent Of U. S. War Steel Plants Sold

WASHINGTON, Mar. 3 (AP)—Private industry has taken over 82 per cent of the steel plant capacity built by the government for war, the War Assets Administration reported today.

Of the 120 surplus plants and other units, 113 have been sold or leased. Nearly all the rest are now in process of disposal on under "active negotiations," WAA said.

Among the disposals are coke ovens with a yearly capacity of 1,404,000 tons of coke; blast furnaces with a capacity of 6,418,000 tons of pig iron annually, and open hearth and electric furnaces with a yearly capacity of 4,700,000 tons.

LOCAL RAINFALL

Rainfall during February totaled only 4 inch, H. F. Whitner, weatherman, reported this morning. Normal rainfall for the period is 2.31 inches.

The mean temperature average for February was 64.4 degrees, exactly one degree above normal. Hottest day was the 29th when the temperature was recorded at 87 degrees; lowest temperature was 38 degrees on Feb. 2.

RUSSIAN SHAKE-UP

MOSCOW, Mar. 3 (AP)—The Soviet press announced today that A. V. Lyubimov, minister of trade, had been displaced for unsatisfactory work and a new minister appointed.

Lyubimov had been in charge of most of the Soviet Union's retail network. His successor is V. B. Zhavoronkov, Communist Party leader who made a name for himself in the defense of Tuva during the war.

Britain Uses Up Last Of Its American Loan

WASHINGTON, Mar. 3 (AP)—Britain has exhausted its \$3,750,000,000 loan from the United States with a final \$100,000,000 draft the Treasury disclosed today.

Originally expected to last three to five years, the loan funds held out only 19 1/2 months, Britain checked them out at an average rate of nearly \$200,000,000 a month.

The last withdrawal was made Monday.

Exhaustion of the loan came a short time after a British government white paper declared, in effect, that Britain faces bankruptcy and that it has overspent its income by \$4,000,000,000 in the last two years.

The loan agreement, which took effect July 10, 1946, provides that Britain must begin repaying the money Dec. 31, 1951, and clean it up with payments once a year over a 60-year period unless the U. S. grants waivers.

The annual payment would amount to about \$140,000,000 each (Continued on Page Two)

Country Has Over-
spent Income By 4
Billion In 2 Years

Senator Says U. S. Surplus Should Pay Off National Debt

WASHINGTON, Mar. 3 (AP)—Senator O'Mahoney (D-Wyo.) said today any government surplus should be used to pay off the national debt as long as there is any danger of inflation.

"Until we get the national debt down to the level of national income we are playing with disaster," O'Mahoney told a Senate Finance Committee hearing on proposals to cut taxes.

O'Mahoney estimated the annual national income at \$200,000,000,000. The debt is now approximately \$225,000,000,000.

Senator Taft (R-Ohio) took issue with O'Mahoney and Chairman Millikin (R-Colo.) echoed Taft's views. Taft said a proposal to reduce the debt as much as \$7,000,000,000 in \$800,000,000 annually is a "dangerous theory."

Too large a payment on the debt will make too big a cut in the amount of money available and will have a pronounced deflationary effect, Taft said.

O'Mahoney appeared before the committee to urge restoration of an excess profits tax on corporations. He said such a graduated tax will tend to reduce prices and stabilize the whole economy.

The committee is considering a House-passed bill to cut income taxes by \$8,000,000,000. A prediction by Millikin that the Senate group may limit this by \$2,000,000,000 was termed "politics" by Senator Lucas (D-Ill.).

Meyers Got \$208,000 From Aviation Firm

WASHINGTON, Mar. 3 (AP)—Billionaire H. Lammie told a federal jury today that Mal General Bennett J. Meyers drew a total of \$208,000 during the war years from a Dayton, O., plane parts firm.

Lammie, a former business associate of Meyers, said \$58,000 of the money was repayment to Meyers for loans to the concern, the Aviation Electric Company. The remaining \$150,000 represented profits paid to Meyers, former deputy purchasing chief of the Army Air Forces, the witness testified.

The 36-year-old Lammie added that most of the \$150,000 was concealed, at Meyers' direction, in salary "kick-backs."

\$100,000 FIRE

NORRISTOWN, Pa., Mar. 3 (AP)—Three T-12s in the historic history where George Washington established his headquarters while his army was at Valley Forge, was destroyed in a \$100,000 fire today.

Nine persons were asleep on the upper floor, but all got safely as the blast roared through the three-story hotel in upper Dublin township not far from historic Valley Forge.

There was no immediate report of injuries.
