Burglary Suspect Found With Cash

Sanford Det. Sgt. Gary Swaim has charged a 22-year-old Sanford man with breaking and entering with intent to commit a felony after Lt. Charles Fagan and Sgt. Richard Nooney arrested Kent D. Stephens, 114 Garrison Avenue, on a charge of possession of burglary tools. Swaim said Stephens was charged in the theft of $330 in silver from several vending machines at Harry's Bar, 114 South Park Avenue.

According to the detective, the accused reportedly stayed inside the bar until it closed early Sunday, then "broke out" after rifling several machines for coins.

Fagan and Nooney sighted the man after receiving a call from a witness and arrested Stephens. Stephens was to be arraigned today before Justice of the Peace Robert Carroll.

Swaim, in another report, said a 10-year-old boy had been charged with break-in and a $90 theft a week ago at B&W Market. The case was investigated by Sgt. Roy Williams. Swaim said he arrested the suspect.

Another youthful suspect is being held for burglaries at Wilson's beer garden and Lucille's cafe, West 13th Street, Swaim disclosed. Both break-ins occurred during the weekend.

Don Tyler, 1801 Summerlin Avenue, reported to police the loss of model train equipment with a $3,000-$2,500 value from his house.

AROUND THE CLOCK

By JOHN A. SPOLSKI

Tell you zactly how I feel about the subject . . . if it nad happened following a HIGH SCHOOL athletic contest, we adults would be all for closing the school, putting those 'trouble makers" in jail, plus any number of other intrepid suggestions.

If that's the way adults show happiness and joy in Pittsburgh . . . then I hope it's another 30 or 40 years before they set another example for the youngsters.

I can understand those "hot headed" Latins down in South America having their riots on the conclusion of their soccer games, or those Spaniards yelling for "more blood" at a repulsive bull fight . . .

But, for we upright, law-bidding, intelligent American citizens to behave like idiots . . . shame, shame, shame!

• • •

I just knew there was going to be something like this happen, though . . . cause after all those days following all of those Baltimore players and not seeing Johnny Unitas make one pitch—well sir, I just knew something was wrong!

• • •

There've been other "black" Mondays before and I guess I'll have some more before I write my last "exclusive" . . . but, for the record, look at the story we have at the bottom of this page.

I have a book of synonymns in front of me . . . and I still can't come up with the right word to express my utter contempt for this senseless Vietnam war!

• • •

If you're slightly confused about the pros and cons of the proposed corporate tax, then take time to listen to both sides on Wednesday, Oct. 20 at 8 p. m. at the Sanford Women's Club, "For" will be a representative from the League of Women Voters while the "Against" views will be expressed by Rep. Lewis Earle.

• • •

Wonder how many more weeks we taxpayers will have to wait before the traffic signal is repaired at 25th Street and Highway 17-92?

And that goes for the signals to be installed at the dangerous railroad crossing on the new Onora Road extension? Understand that they were ordered eons ago. . .

• • •

Would someone clue me on why it's necessary for three stop signs . . . within a space of about 100 feet . . . need to be there on the same street adjoining the Jai Alai property in Fern Park?

VFW Buildings Damaged

Fire Loss At $50,000

By DONNA ESTES

LONGWOOD — State Fire Marshal Hugh Bethea and the sheriff's crime team continued possibility of arson being the cause of a blaze early Sunday which left an estimated $50,000 in damage to two buildings of South Seminole Veterans of Foreign Wars Post 8207 and the private residence of the immediate past commander of the post.

Lt. Charles Nield, of the Longwood Vcluntcer Fire Department, said the firefighters received the alarm at 4:57 a.m. Sunday and were on the scene on the Old Dixie Highway, north of Longwood, at 5 a.m.

Nield said that several couples had returned to the post home at 4:30 a.m. to pick up cars following a late gathering and noted no signs of fire. When the fire department arrived all three buildings were burning out of control.

The residence of Mr. and Mrs. Merle Harris was gutted and all furnishings destroyed. Neighbors said that shortly before the fire alarm they heard a small explosion.

Harris recently resigned as commander of the post. Mrs. Harris is president of the Longwood unit of the VFW Auxiliary. The Harrises left last week on a motor trip to Maine. They were notified of the fire early Sunday and are returning.

Nield said one VFW building was a total loss while the other received moderate damage. The major loss was in equipment in the buildings, which included pool tables, pinball machines, a completely remodeled and refurnished kitchen, ice making machine and bar.

Assisting Longwood with the fire were the departments of Altamonte Springs, Forest City and Lake Mary.

Two years ago a fire destroyed another building of the post at the same site. Arson also was suspected in that fire.

According to Nield, reports are that both the post building and Harris home were insured. Firemen remained until the scene until 12:30 p.m.

A house fire on Georgia Avenue was extinguished by the Ginderville Fire Department as was a fire at the APEX Barn. Ginderville was aided by the Sanford Fire Department when a house trailer caught fire on Sanford Avenue.

In addition to helping Ginderville, Sanford answered two other calls.

An automobile ran into a gasoline tank at the Colonial Oil Station at 1501 French Avenue causing a fire which was doused by the Sanford firemen. A cigarette was cited as the cause for a chair to catch afire at a house on Sanford Avenue.

Altamonte Springs Fire Department saved an automobile from extensive damage when it put out a fire which originated in the car's gasoline line.

ARSON was suspected in fires that destroyed the South Seminole VFW Post Home (top photo) and nearby home (bottom photo of Mr. and Mrs. Merle Harris on Old Dixie Highway, Longwood, early Sunday. Shown inspecting ruins are left to right Longwood Fire Captain Robert Widdis, State Fire Marshal Hugh Bethea, and Fire Chief Carl Lommler. (Photos by Donna Estes and Ann Riley)

Abortion Hearing Is Slated

By MARION BETHEA

Lucille Payne, charged with performing an abortion, will be arraigned before Circuit Judge Dominick Salfi tomorrow. Mrs. Payne, originally held in county jail in lieu of $10,000 bond, has been released on bond, according to the arraignment docket.

Mrs. Payne was arrested Thursday following a six-week investigation by Detective Fred Respress on a capias issued in Circuit Court. She is accused of performing an abortion in July at Altamonte Springs.

Also facing arraignment are Freddie Brown and Lindsey Taylor Jr., charged with breaking and entering a vehicle and larceny. The two were docketed for arraignment last week but Assistant State Attorney William Eaton told the court he would not move to estreat the bond of Brown, who did not appear, until he had spoken with Brown's attorney. Taylor, Eaton said, is incarcerated in Orlando city jail and an order of transfer could not be obtained. Both are charged with breaking and entering a 1968 Plymouth on July 27 and taking two pant suits, slacks, a housecoat and shorts.

Also scheduled is sentencing by Judge Salfi of Roger Ray Webb, charged with possession of a narcotic and possession of a hallucinogenic and docketed for trial on May 24. Webb entered a guilty plea to the charges of possession of a narcotic drug and the state nolle prossed (dropped) charges of possession of a hallucinogenic. Webb has been in custody during pre-sentence investigation since June 29.

WHAT MORE CAN BE SAID?

Total loss to this two-story frame house on Georgia Avenue in Sanford came after a fire engulfed the structure inhabited by the T. B. Hasting family. Hasting had to be restrained by police from entering the burning dwelling early Sunday; his wife and three children were unharmed and spent the night at a neighbor's house. Thus far, there has been no information relative to the cause of the inferno. (Bill Vincent Photo)

City-Owned Property Tops Quarter Million

By BILL SCOTT

Two appraisers have placed a $275,000 value on the approximate 14 acres of city-owned property located west of French Avenue, between Seminole Boulevard and Fulton Avenue, along the lakefront in Sanford.

This was divulged by City Manager W. E. Knowles to the City Commission at a special meeting.

The Commission had directed the city manager to obtain two appraisals of the property after a private group had expressed interest in purchasing a portion for construction of an apartment complex.

The appraisers certified the property may be subject to unstable sub-soil conditions due the varying depth of sanitary landfill, for which the property had been used in the past.

No test borings or engineering data was used in the report. Therefore the appraisers could not estimate the cost of removal and back-fill, or of increased cost of construction on the land due to the unstable soil conditions.

The appraisal was made, therefore as if the land was stable and could support within reasonable limits construction and development which would bring the land to its highest and best use but taking into account that a reasonable amount of refill is necessary for construction of multi-storied buildings on most of the lakefront area.

In placing the total value at $275,000, the appraisers listed $185,000 as worth of an 8.172 acres with frontage on Seminole Boulevard. A second parcel consisting of 1.98 acres with frontage on Fulton Street was estimated to be worth $15,000 and the remaining 3.96 acres with frontage on both Seminole Boulevard and Fulton Street had its valued placed at $75,000.

A private investors group previously had indicated an interest in a portion of the property but not at the appraised figures.

Greater Sanford Chamber of Commerce banker's committee is expected to discuss the latest developments.

In another action, the City Commission became the acting Sanford Housing Authority until a new five-member board is named.

The City Commission took the action after the previous housing board resigned after disagreement with tenants of the city's 280 public housing units.

(Continued on Page 3A, Col. 1)

He's First

David McCoy today became the first mayoral candidate to qualify in Casselberry for the Dec. 7 municipal election.

Filing for council thus far have been Dr. John Zacco and Incumbent Dr. Edith Duerr. The other incumbent Bill Grier confirmed to the Herald today he will seek re-election.

Sanford Navy Flyer Lost In Gulf Of Tonkin

Lt. Cdr. Paul A. Stokes, USN, 45, of 2442 Washington Court, was lost at Sea Sunday in the Tonkin Gulf off Vietnam, the Navy has notified his family here.

Commander Stokes was bombardier-navigator of a Vigilante reconnaissance jet assigned to the USS Enterprise aircraft carrier and land-based at Albany Ga. The pilot, Cdr. Lauren R. Everett, of Albany, also was reported lost.

Commander Stokes and his family resided in Sanford at intervals for 17 years, during his Navy career. The family continued its home here when the Navy transferred its air operations from Sanford Naval Air Station to Albany.

Surviving the flyer are his wife, Mrs. Betty Stokes, and four children, Jay Logan, FSU football player; Jan, Jill and Mrs. Joy Webb, all of Sanford; his parents, Mr. and Mrs. Lee Stokes, of Fort Smith, Ark.; two brothers and a sister.

Memorial services will be conducted at 3 p.m. Tuesday at Holy Cross Episcopal Church.

TWO PERSONS suffered burns when they were trapped inside this small trailer, located off South Sanford Avenue. Donald Keach, 21, was admitted to Seminole Memorial with second degree burns, lacerations and smoke inhalation. His 11-year-old brother, Steven, was treated and released. Herald staffer Gary Taylor is shown here helping with the hoses while Ginderville fireman Joe Hart sprays water into the burning trailer. Ginderville was assisted by the Sanford Fire Department (Bill Vincent Photo)

Grand Jury Indicts 12

16 Persons Charged With Drugs

As many as 16 persons were charged for alleged drug violations in three separate actions by federal, county and police authorities during the weekend.

Included in the number were 12 persons indicted by an Orlando federal grand jury at Orlando Friday afternoon.

The 12 were charged after an extensive investigation by U. S. Customs agents into the attempted July 29 "drug drop" at Seminole County's Osceola Airfield.

U. S. Customs agents charged Doyle Ray Henderson, Ralph Thomas Malock, William Furman Patterson, James Edwin Stephens, Jesse E. Farris, Lemuel H. Stockmar, Bobby C. Wells, John F. McCormick, James Wollweber, Brenda B. Kindley, Barbara Anne Greer and Bebe Weinhein as part of the $1.5 million marijuana smuggling plot.

Seminole Deputy Raymond Parker arrested three Sanford area men on possession of marijuana charges after he found the three in a secluded area west of Highway 17-92 and south of Onora Road.

Charged were William Frederick Miller, 21, of 1208 19th Court; George A. Prosser, 18, Ranvensbrook, and James H. Lee III, 20, of 510 East 14th Street.

The deputy reported he found a plastic bag believed containing marijuana.

The federal agents conducted the investigation into an attempt by a rented two-engine plane to fly almost 800 pounds of uncut marijuana into the deserted Osceola Airfield for transfer to a camper type truck driver by Patterson and Mrs. Weinheim, the indictment stated.

Patterson and Malock, both from Atlanta, were arrested when agents leveled a shotgun blast at the plane after it tried to escape when surrounded by a combined force of Seminole County, Sanford police and federal agents.

Malock, a pilot, was charged with flying the plane from a Caribbean island to Florida.

Customs agents learned of the attempted drop and were waiting at the airfield when the plane arrived with its drug cargo.

A companion of Patterson, thought at the time to have been a male, managed to escape after authorities set up road blocks on all throughfares leading from the area.

Ten of those charged are from areas around Atlanta, Ga., and these were served Friday and Saturday by federal agents armed with warrants who methodically set about rounding up the accused after the indictments were announced.

Malock is still at large having posted bond upon his arrest, but Patterson is still confined to the Orange County jail. All 12 are expected to be returned to Orlando for trial in federal court.

In an unrelated arrest, a Sanford man, Frank Lee Gilbert, 18, of 601 Palmetto Avenue, was charged Friday with possession of narcotic drug. Gilbert was arrested by Sgt. Charles Tate and Patrolman Jack Petrunic and a quantity of hashish reported to have been confiscated.

Auto Insurance Is Now Compulsory

TALLAHASSEE, Fla. (AP)— Florida's changeover to no-fault auto insurance has been fairly well publicized but another section of the new insurance law has been somewhat obscure. Insurance is compulsory.

Every Florida motorist must have no-fault auto insurance by Jan. 1.

"This is the first time the state has ever had compulsory insurance," said Jerry Davies, information officer for State Insurance Commissioner Tom O'Malley.

The insurance industry estimates there are between 600,000 and 700,000 uninsured motorists in the state who now must buy policies.

And if you're caught driving without insurance after Jan. 1 it could mean automatically losing your driver's license license plates and automobile registration for up to three years.

Davies says the law will be enforced by state, county and local police.

"Everytime someone is stopped for a traffic violation, he will be asked to show proof of insurance," he said. "Anytime there's an accident, this will be one of the first things the officer will check. And don't be surprised if motorists are asked to show their insurance cards when they get their cars inspected."

Davies says if a person tells a law enforcement officer he has insurance when he doesn't, "Then he'll be guilty of a misdemeanor as well."

If you're in an accident without insurance, you're out of luck —even if the other driver is at fault.

"You could be just sitting at a red light, obeying all the traffic laws and have some other car with a drunken driver smash into you," said Davies. "You wouldn't be able to collect because the other driver, most likely, would be covered by no-fault insurance, and exempt from being sued."

St. Pete Jurist High In Nixon's Nominees

ST. PETERSBURG, Fla. (AP) — Paul H. Roney is a judge on the rise. Although Roney's worn a jurist's robes for only a year, President Nixon is considering naming him to the highest court of the land.

It was disclosed last week that Judge Roney is one of six persons still being considered by Nixon for one of two vacancies on the Supreme Court.

The 50-year-old Roney had spent almost half his life as a practicing attorney before Nixon last year named him to a federal appeals court seat vacated by G. Harrold Carswell, who wanted a seat in the U. S. Senate instead.

Carswell lost and went back to practicing law while Roney donned his black robes and cut all his professional and civic ties.

He resigned from his prosperous law firm here and withdrew from all his civic activities, thus becoming "strictly nonpartisan."

Roney was recommended for the 5th Circuit Court of Appeals in New Orleans by Sen. Edward Gurney, R-Fla., whose 1968 Senate race he successfully managed.

His managing ability had already been proven when he headed the Human Relations Council and later the Community Welfare Council here. He also was instrumental in integrating the local chapter of the Bar Association.

Although his judicial predecessor found his path to the Supreme Court an impassable one when it came to Senate endorsement, Roney may find the going easier — at least that's what his former colleagues say.

Grand Jury Indicts 2 Men For Murder

Two murder indictments were returned Friday afternoon by the county grand jury charging Dock (Mississippi) Cole, 54, Midway, and Ewing Williams, 40, Knoxville, Tenn., in the deaths of two Sanford area men.

Indicted in separate true bills in the aftermath of the knife slaying of 79-year-old John Sechrist, 2418 Cedar Avenue, was Avenue, was Williams, who is jailed in Tennessee on federal interstate transportation of stolen car charges, and Cole, who was arrested by county authorities for the Aug. 30 shooting of J. C. Cummings, 60, another Midway resident.

Sechrist's body was found Feb. 10 by police in his home after he was reported missing and Cummings' body was discovered in his car parked on General J. C. Hutchison Parkway near the entrance to Big Tree Park.

Sechrist died as a result of massive internal bleeding from a knife wound in the shoulder and Cummings was killed when five bullets were fired into his head and neck as he sat in his car, which was found parked along the lonely county road.

Williams was arrested after he was found in possession of Sechrist's 1966 automobile in the Tennessee city and was charged by federal authorities after he said he drove the car to Knoxville from New York.

Sechrist's car and wallet containing an undisclosed amount of money were listed as missing by Dets. William Lykens and Roy Williams, Sanford officers, who conducted the investigation into Sechrist's death. Cole's arrest came after an investigation by Lt. L. J. Kriz, county detective.

State attorney officers are expected to contact federal authorities to ask that Williams be brought to Sanford to face trial on murder charges.

McGovern Supporters Woo Bayh

ORLANDO, Fla. (AP) — Sen. George McGovern's presidential campaign supporters from throughout the state held a strategy meeting here Sunday and tendered a invitation to Sen. Birch Bayh's followers to join ranks.

State Rep. Talbot "Sandy" D'Alemberte, D-Miami, state chairman for the McGovern campaign, said the gathering of 250 supporters was "a good example of the statewide support that the senator has. We've got representatives here from Perrine to Pensacola."

The delegates agreed to work on a precinct-by-precinct campaign for the South Dakota Democrat which would include blacks and whites, men and women.

Leaders said McGovern's Florida campaign was rapidly gaining strength and former Bayh supporters had begun to join since the Indiana Democrat withdrew from the presidential sweepstakes.

Traffic Signal At Altamonte Will Highlight County Meet

By LARRY NEELY

County Commission Chairman Greg Drummond will present a report concerning the proposed modification of the traffic signal at the SR 436 and Maitland Avenue intersections in Altamonte Springs. The estimate for changing the existing three-way light to a four-way light is $15,000. The report will be made at Tuesday's Commission meeting.

Developer Wilson Knott is constructing professional buildings on the north side of the intersection. The Commission has maintained it will not foot the total bill for the modification which is needed as a result of Knott's development.

The Commission also will consider the budget for the recently established Seminole Development Board.

A resolution in support of the establishment of a U. S. Customs office at Sanford Airport is also on the agenda for consideration by the commissioners.

Pollution Control Officer Langly Adair will report to the Commission concerning the agreement with Seminole Junior College for leasing laboratory and office space for the pollution control section of the planning department.

Utility control Administrator William Pinch is scheduled to report to the commissioners concerning the area of certification of General Waterworks in the South Seminole area for sewage treatment.

Bids will be accepted at 7 p.m. for miscellaneous pollution control laboratory chemicals, glassware and equipment. The Commission also will be accepting bids for an atomic absorption spectrophotometer for the pollution control laboratory.

In public hearings at Tuesday's Commission meeting Richard Bond will present a request for planned unit development (PUD) zoning for an area north of Red Bug Road, southeast of Casselberry and west of Tuskawilla Road which is currently zoned A-1 agricultural and R1-A residential.

The Commission will consider a request by the Planning and Zoning Commission for rezoning of phase 1 of Sanlando Springs area north of Altamonte Springs, west of Steele Avenue, south of East Nobel Street and east of Allison Street.

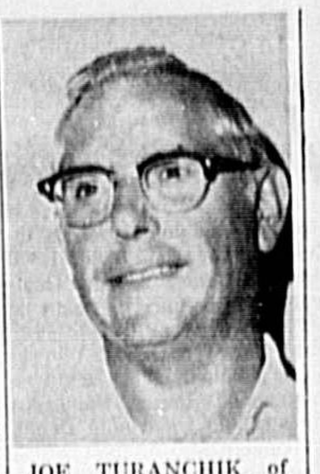
Also under consideration will be four requests of vacating and abandoning road rights-of-way. Dr. J. W. Hichman is requesting vacation of the right-of-way west of Elder Road and east of Interstate 4 in St. Joseph's subdivision.

The road rights-of-way vacation in Willow Run flat of the springs is being requested by LNC Land Sales, Inc.

T. F. Ferrell is requesting of an unnamed street between the vacation and abandonment lots 3 and 4 in Miscous subdivision.

Epoch Properties, Inc., is requesting the Commission to abandon the rights-of-way of Glenwood Village plat of the springs.

Also under consideration during the public hearings will be a proposed dredging ordinance.



JOE TURANCHIK of Apopka has been named chief inspector for Seminole County. He has been serving as building inspector for Altamonte Springs and prior to that was a TWA supervisor for electrical, mechanical and plumbing work. He is originally from Akron, Ohio, where he was in construction work and he has 20 years experience in electrical work.

City-Owned Property Tops Quarter Million

* Continued From Page 1

The Commission indicated it would adhere to the wishes of the tenant council and name three Negroes to the new housing board, which would give the blacks the majority membership in the authority set up by U.S. Department of Housing and Urban Development (HUD) to operate the city's housing. Two whites will be named to the board under a new organizational set-up expected to be completed in the next month.

Mayor Lee P. Moore expressed the view that since the housing units' business must proceed it is necessary the Commission become the temporary board.

Deaths In The Area

LOFTON CARR

Lofton (Buster) Carr, 55, of 818 S. Palmetto Avenue, Sanford died Sunday morning. Born in Lineville, Ala., he lived in Sanford for the past 15 years and was a Baptist. He was a member of Electricians Union Local, 349 of Miami.

He is survived by his wife Mae Carr, Sanford; two daughters, Mrs. Gwenn McCook, Key West; Mrs. LaQuita Davis, Sanford; sons, Larry, North Miami; David and Norman of Miramar; two sisters, Mrs. Lola Stone and Mrs. Lecta Andrews both of Lineville; four brothers, Leon of Talladega, Ala.; Luther of Birmingham; Landel of Cullman, Ala. Leroy of Byman, Ala. and five grandchildren.

Brisson Funeral Home is in charge of arrangements.

JAMES WILSON

Funeral services for James Wilson, 73, of 6535 Lake Charm Circle, Oviedo, were conducted by Rev. Bradford Dinsmore this morning at First UM Church, Oviedo. Mr. Wilson, a retired celery grower, died Friday. He was a native of Dravosburg, Pa., and had resided in Oviedo since 1933. He is survived by his wife, Louise K. Wilson, and a brother, Dr. Dwight B. Wilson, of Connecticut.

CHARLES ROSZELL

Charles (Bud) Clifford Roszell, 58, of 248 South Third Street, Lake Mary, died Thursday night in the Gainesville VA Hospital.

He was a native of Cincinnati, Ohio, and former owner of Bill and Bud's Tavern in that city. He came to Lake Mary a year ago.

He is survived by his wife, Hilda A. Roszell, Lake Mary; three sons, Charles C. Roszell Jr., Cincinnati; Terry and Richard, both of Lake Mary; two daughters, Mrs. Dorothy Lee Agricola, Cincinnati, and Mrs. Sandra McGaha, Lake Mary; three brothers, Earl, Ft. Myers; William and John Roszell, both of Cincinnati; a sister, Mrs. Martha Zimmers, Lake Mary; mother, Mrs. Mary Roszell, Longwood.

Gramkow Funeral Home is in charge of arrangements.

CLYDE C. MUSE

Clyde C. Muse, 67, West First Street Sanford, died at his home at 1 p.m., Sunday. Born in Lawtey, he lived in Sanford for the past 64 years and was a retired farmer. He was a member of the Church of God of Prophecy. He was a deacon in the church.

Survivors include his wife, Mrs. Mollie Muse of Sanford, four sons Clyde S. of Sanford, Donald of Jacksonvile, Rev. Joe Muse, Punta Gorda, Luther, Sanford; two daughter, Mrs. Elizabeth Griffith, Mrs. Wilma Oglesby, both of Sanford; stepmother Mrs. Sally Muse of Sanford; two brothers, Curtis and Jefferson both of Sanford, two sisters Mrs. Charise Comstock, Daytona Beach, Mrs. Bernice Dyce, Sanford; 25 grandchildren and 11 great grandchildren.

Brisson Funeral Home is in charge of arrangements.

JAMES BRYAN

James (Jim) Bryan, 81, original owner and operator of the Pig 'N' Whistle restaurant in Sanford, died Sunday, Oct. 10, in Macon, Ga. Born in Orlando, he is a former Sanford resident. He was a member of the Elks.

Survivors include his wife, Gladys Bryan; two sons, Bobby, Macon, and John, Mimia; daughters, Mrs. Joyce Gustavson, Sanford, and Grace Garbade, Macon; 19 grandchildren; 10 great grandchildren; brothers, Matt and Ed Bryan, Tampa.

Funeral and burial were in Macon Tuesday.

Funeral Notices

CARR, LOFTON (BUSTER) — Funeral services for Lofton (Buster) Carr, 55, of 818 S. Palmetto Ave., Sanford, who died Sunday will be held at 2:30 p. m., Wednesday at Brisson Funeral Home with Mr. Ralph Brewer of Church of Christ of Geneva officiating assisted by Rev. Joe Chambers, Lake Mary. Burial in Evergreen Cemetery. Brisson Funeral Home is in charge.

ROSZELL, CHARLES C. — Funeral services for Charles (Bud) Clifford Roszell, 58, of 248 S. Third St., Lake Mary, who died Thursday in Gainesville will be held at 2 p. m. today at Gramkow Chapel with Fr. William Neidert officiating. Burial will be in Oaklawn Memorial Park. Gramkow Funeral Home in charge.

Foster Named By C of C

By DONNA ESTES

GEORGE FOSTER

MAITLAND — George Foster, president of Barnett Bank of Seminole County N.A., Altamonte Springs, was appointed to serve the remainder of the term of board member Gary Anderson of the Maitland-South Seminole Chamber of Commerce.

Foster subsequently was elected to a seat on the board of directors for a full one-year term to begin in January.

Others elected unanimously to the board of directors were Mrs. Betty Cass, one year; William Halley, James McGuinness, Raymond Mensing, Vivian Morris, Ronald Smith and Ashley Woodburn, two years.

Richard Smith, president of the Chamber, announced McGuinness was appointed to the Seminole Development Commission by the Board of County Commissioners. McGuinness joins the other Chamber recommendation on the commission, John Cather.

Plump peanut now 66 lbs. lighter

Glenda Reynolds' father is a peanut farmer in Clayhatchee, Ala. And, until she tried Ayds®, Glenda was the fattest peanut in his crop. 197 pounds of meat with very little shell. Then one day, after she married, she sat down in her rocker and it cracked right in half. Her husband broke up, too. But she didn't think it was funny. So she bought a box of Ayds Reducing Plan Candy. Contains no drugs, no artificial sweeteners. Taken as directed, Ayds helps curb your appetite, so you eat less and lose weight. Glenda lost 66 pounds on the Ayds Plan. Why don't you try it? Ayds now in four delicious flavors.

Editorial Comment

Influx Of Young Voters Making '72 A New Game

Who would expect that the newly enfranchised voters 18-21 in Florida would be hmesitant or bashful or unconcerned about registering to vote?

We didn't.

Yet reports from registrars say that they are, that this opportunity to do something instead of hollering about government has not produced the action in the Sunshine State it has elsewhere.

According to responsible statistics there are 345,000 such newly eligible voters in Florida. In California there are 1,169,000 and in New York 954,000 as an example of where the numbers are important.

Registrations are closed now until after the Nov. 2nd election in Seminole County with the exception of those young people who live in the cities of Sanford, Altamonte Springs, Casselberry and Longwood where municipal elections will take place on Dec. 7th. In those cities the cut-off date is Nov. 5th.

Seminole County's record for young voters involvement is noteworthy. For of the about 1,000 eligibles 700 have registered. Of these 396 are Democrats, 278 are Republicans, the balance chose to be independant.

Elsewhere in the state, however, the job of registration has not been so commendable. Seminole County, it must be recognized, is one of the areas where the young Republicans and the young Democrats have shown an involvement and interest which came to full flower during the four years when Republican Claude R. Kirk, Jr. was governor and patronage for GOPsters became a reality for the first time.

What is taking place here, however, gains importance when it is projected against a background the chief feature of which is a Gallup poll made public this month which showed the 18-21 voters choosing the Democratic party over the Republican and giving the independents a very respectable 31 per cent.

The message of this poll, which is undergoing the intimate scrutiny which the political leaders of each party must give, is that the entire political picture is changing and changing fast.

With the presidential election of '72 exerting its pressure and the field of Democratic hopefuls covering the waterfront of political positions, the wooing of the young voters by those managing the Nixon bid for a second term is seen as not only important but, very likely, critical.

This situation is not at all lost on the young voters in whose ranks are now listed many of those who, a year or so ago, were the disrupters.

The climate of street demonstrations, heated displays of anti-administration feelings and the like has cooled off. This is all to the good. But it does not mean that those who are in charge of the presidential campaigns in both major parties can properly deduce that the challenge to established authority has ended.

Far from it. It now is contained in the statistical facts which such research endeavors as the Gallup poll revealed. When the 26th amendment to the constitution was finally approved by the needed number of state legislatures this element of the new voter was introduced.

Democrats are the immediate beneficiaries. But the change in GOP attitudes towards the young, even the college campus groups, is a sign that the Nixon strategists know that theirs is a minority party, that the Democrats still have a resistered majority and that the battle for the new young voters has only begun.

Let the Florida energy, the Florida enthusiasm, the Florida vigor be shown by the 18-21 voters in registering and voting in every county. As for Seminole, that is a start which gives hope to every conscientious citizen. Keep it up!

Joke Wears Thin

Critics of "big government" have traditionally aimed their sights at Washington and the growing federal bureaucracy. Now the Tax Foundation, Inc., has come up with some statistics showing that our state and local governments have not exactly been dying on the vine.

Since 1951, the number of people employed by state and local governments has more than doubled. The size of their payrolls has risen by a spectacular 486 per cent. The Foundation figures that one out of three Americans is now working for the government — federal, state or local — or is deriving at least part of his income from a government source.

It was always good for a laugh to say that someday there would be more people working for the government than not. Somehow the joke is wearing thin. — Gastonia (N.C.) Gazette

Whence Cometh?

We miss a lot of features of the old style postal service (and in saying "old style" we harken back to 20 years ago, not just to the days before the new postal corporation took over).

Realistically, we hardly expect to resurrect the three-cent stamp or twice-a-day deliveries. But we would like to see a return to the cancellation stamp which indicated a letter's point of origin. Of course, there IS a ZIP code number on the current cancellations, but who has a ZIP directory at hand?

It was bad enough when Uncle Sam stopped showing the time of cancellation (perhaps to fuzz up the time required for delivery). But it doesn't seem unreasonable to have the cancellation at least show the city where the letter was posted. That bit of information comes in handy when addresses are sketchy or memories faulty. — Columbia (S. C.) State

Education Notebook

Americans Want School Proof

By KENNETH J. RABBEN
Copley News Service

Rabben

A new Gallup poll indicates Americans want public schools to get busy proving they are doing the job they claim to be doing.

A majority of more than 1,500 adults nationwide said, in effect, they are not inclined to spend a penny more for education until they see evidence of adequate performance and improved schooling.

The "Third Annual Survey of the Public's Attitudes Toward the Public Schools, 1971" was conducted by Gallup for CFK, Ltd., a Denver-based philanthropic foundation.

The survey provides a wealth of material on which to speculate about possible changes ahead in education. Here are some of the things the public seems ready to accept and might soon require.

The demand for accountability will bring about increased use of performance contracts providing payment for proved educational results.

Management firms will recommend solutions to school problems.

Cash vouchers or similar financial credits initiated and largely financed by the federal government will allow more children to attend the school of their choice, public or private, including parochial. This will introduce hitherto unknown and unwelcome competition into public schools.

Parents will be able to compare their youngster's progress with their contemporaries using improved national standardized tests accounting for racial, cultural and geographic differences.

Full education programs will be available throughout the year in cooperation with business and industry.

Together with performance contracts and cash vouchers, this will create the greatest change in schools since compulsory education became law. Public schools will continue to exist for political and traditional reasons but they will lose their monopoly over millions of minds.

Property, income and sales taxes will be levied statewide and will increase sharply to finance education, reducing current reliance on local property taxes. Relief will be illusory. Taxpayers will pay the same amount or more for schools, since the money comes from the same pocket.

Local governments are certain to find pressing need for additional revenue that will equal and soon exceed the amount supposedly saved by kicking school taxes up to the state level.

Dramatic improvements will be made in teacher training, beginning with tougher entrance requirements. A new breed of instructor will owe allegiance only to himself, his pupils, his employer and the public. He will welcome compensation based solely on competence, asking that he be retained only as long as his performance warrants.

He will join with others to seek an end to tenure and restrictive certification requirements.

When Gallup asked adults how to cut local school costs, their list included, in this order: cancel subjects without a minimum number of pupils; reduce the number of administrators; operate complete educational programs the year round with three-month vacations; make parents responsible for pupil transportation (busing advocates take note); rent textbooks instead of providing them free and reduce the number of counselors.

There are problems aplenty today, according to the survey. Paying for public schools replaces discipline as No. 1. Integration and segregation retain second place. Discipline ranks third. Lack of schoolrooms and facilities is fourth. Adults rate drug abuse fifth but a separate sample of 229 high school juniors and seniors places it first. Poor teaching is sixth.

These problems and all public school difficulties are rooted in a philosophy that surveys such as Gallup's and mountains of additional evidence show is bankrupt.

Global View:

U.S. Must Raze Trade Barriers

By RAY CROMLEY

Cromley

WASHINGTON (NEA) — The success or failure of the talks President Nixon's men are now holding with the world's major trading nations will have an important bearing on our economic security in the years ahead.

For the position in which this country finds itself is serious. Like a family living beyond its budget, judicious borrowing here and there postponing payments and drawing on accumulated savings can stall off the creditors. None of this first aid changes the eventual, final results.

There is a subtle and not so subtle complex of discrimination against U.S. goods—quotas, hidden, and open, special taxes and duties, subsidies and bureaucratic techniques not written into law which can delay and hamper U.S. sales. They insure a steadily worsening U.S. ability to pay its foreign debts.

The problem came about because of the great destruction of World War II. The countries of our allies and enemies alike lay in ruins. The United States poured in billions to help.

But we wanted to get these nations off aid and on their feet. The way to do this was to encourage trade. Since dollars were what every ailing country needed, this meant enabling them to sell more to the United States and helping their manufacturers and farmers so that these lands would be less dependent on U.S. goods — for which they did not have the dollars to pay.

But even as European and Far Eastern recovery progressed, we continued to give trade concessions for promises.

In addition, postwar Western Europe had to be armed to protect itself. The West Europeans were unable to meet the full tab for rearming. So the United States helped. But then as their prosperity grew, the Europeans were curiously unwilling to assume their full share of the defense costs. We made up the difference, directly, and indirectly.

At a series of world tariff cutting conferences over the past 2½ decades, the United States regularly made real reductions to trade, largely in return for promises by other nations that they would reduce special unfair regulations. Even where real cuts were made as promised, the original barriers on which the cuts were levied often were so high that U.S. goods still were left in an unfavorable position in most world markets.

Thus, while the U.S. balance of payments grew steadily worse, the rich European countries and Japan continued to receive this direct and indirect military and economic aid. To some extent, their new found prosperity was dependent on this indirect aid.

Don Oakley Says:

Arms Superiority A U.S. "Must"

By DON OAKLEY
NEA Editorialist

Oakley

If another Cuban missile crisis or its equivalent were to occur in this decade, it could very well be the United States that would have to back down.

The authoritative Jane's Fighting Ships reports that Russia is now a first-class seapower, equalling if not surpassing the United States with its aging fleet. That well-known gadfly, Adm. Hyman Rickover, complains that for the first time a world leader, the United States, is deliberately adopting a posture of weakness.

The International Institute for Strategic Studies reveals that the U.S.S.R. now exceeds the United States in inter-continental ballistic missiles, military manpower and defense spending (15 to 20 per cent of its gross national product compared to a 4 per cent for the United States; China spends 12 per cent).

Other quarters point to a growing antitechnology spirit in America by the defeat of the supersonic transport and opposition to a space shuttle, as well as congressional resistance to funding advanced weaponry, such as the B-1 bomber.

Aviation Week & Space Technology magazine has begun a special five-part series "detailing the growing nature of the Soviet Union's techo-military threat."

For the past decade, says editor Robert Hotz, we have basked in our Cuban missile triumph in which Russia retreated in the face of the superior strategic power of the United States. We have been further soothed by the success of great technological plunges that produced the Minuteman and Polaris missile forces and the Apollo manned moon landing.

But during the last half of the 1960s, he says, U.S. technological effort diminished substantially, "primarily because of the insatiable financial demands of the war in Southeast Asia but also because of some incredible top-leveled management decisions by Defense Secretary Robert McNamara and his 'whiz kids.'"

Point Of View

How To Be All-Points Expert

By DON FREEMAN

Freeman

HOLLYWOOD— As everyone knows by now, David Frost ranks among the ultimate in authorities, with his impeccable manners and the clipped Cambridge accent and that worldly demanor. Now, in his own airy way, Mr. Frost is introducing Americans to the art of "instant erudition," in his apt phrases.

Under the imprint of Crown Publishers, a new edition of the "Bluffer's Guide to Opera, Music, Cinema, Wine, Art and Literature" has just been issued. It's an English book, a big hit over there, and it has been revised for American audiences with lengthy introductions on topic by Mr. Frost.

Here we have the old one-upmanship game wherein Frost issues valuable advice on how to squelch the bores. In "The Bluffer's Guide to Art," for instance, Frost tells us: "Be vague. And if you can't be vague . . . then be as frightening articulate as you can."

If, Frost warns in "The Bluffer's Guide to the Cinema," you should find yourself standing next to a film buff while buying tickets to a Bulgarian musical comedy film, confound him thoroughly with such lines as, "'Love Story,' you know, is simply a remake of 'King Kong' without the gorilla."

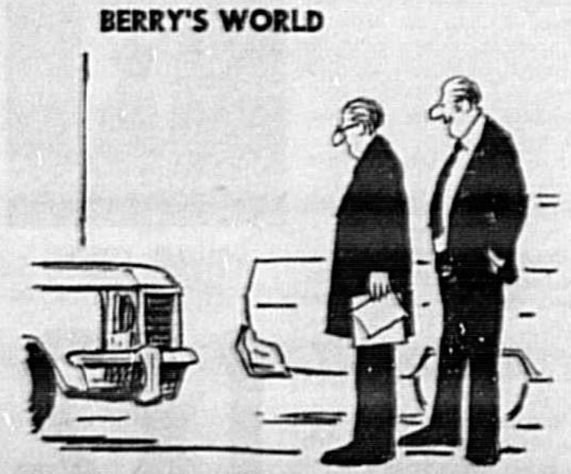
And in "The Bluffer's Guide to Music," Frost advises the novice who hasn't attended many concerts: "When you attend your first piano recital by Arthur Rubinstein . . . it is not the done thing to call out at the end of Beethoven's 'Moonlight Sonata' — 'One more time, Rubie, baby!'"

It is nice, I think, that everyone is trying to help us. I can point also to "A Snob's Guide to TV," in Playboy, wherein author Larry Tritien notes at the outset: "If you are a regular viewer of a program to whose audience you do not property belong you are helping to louse up the reliability of the polls."

This is, of course, an irrefutably sound observation. A hipster shouldn't rightfully be watching Lawrence Welk and your big city sophisticate has no business being around while "Hee Haw" is on the tube.

Accordingly, the public-spirited "Snob's Guide to TV" tells us how to watch "Gunsmoke" with authority: "Whittle . . . Stand around tight-lipped . . . Shave with a straight razor, even though you cut yourself a lot . . . Know what fetlocks and withers are and refer to your girl friend as 'my little filly' . . . Wonder whatever happened to Lash LaRue . . ."

BERRY'S WORLD



". . . and this is the super new high-impact bumper. A word of warning, though—don't have anything over a five mile-an-hour crash!"

MRS. ALLEN McKELVEY, left, gave a demonstration on ceramic making at the October Fine Arts Department meeting of the Sanford Woman's Club. She is holding a Grecian urn that she made. Mrs. Kenneth Copeland, center, department chairman, admires one of the several paintings by E. B. Stowe, which were also on display at the meeting and Mrs. James Reddick, vice chairman of F. A. Department, holds a ceramic poinsettia plate.

Social Department Begins Season

Art, Ceramics Spark Club Luncheon

Two departments of Sanford Woman's Club combined talents for the opening of the season, Wednesday, at the club house on Oak Ave.

The Fine Arts Department presented a program at 11 a.m. Mrs. Allen McKelvey displayed a large assortment of ceramics on two tables and demonstrated how she made them. She poured a slip (the liquid clay which is the first step in ceramic making) into a mold, which when hardened made a piece of greenware in the shape of a low candle holder. After baking the greenware in a kiln it is painted and decorated to produce the lovely finished product.

Mrs. McKelvey also described various techniques used in designing. Among the many beautiful items she had on display were two Christmas trees (complete with lights), a Grecian urn and a replica of an antique vase.

Artistically displayed on the stage were several paintings by a local artist, E. B. Stowe. Mr. Stowe was unable to be present to discuss the paintings but they were arranged by Mrs. D. W. Kickliter and remained during the entire day for members to enjoy. Fine Art hostesses who assisted during the day were Mrs. Kenneth Copeland, department chairman; Mrs. James Reddick, vice chairman and Mrs. Myron F. Smith.

A covered dish luncheon was served at noon by hostesses, Mrs. S. G. Harriman, chairman; Mrs. J. E. Baker, Mrs. F. T. Meriwether and Mrs. Roy Tillis. A Halloween theme was carried out in decorations.

Six tables of bridge and one of canasta were in play during the afternoon, under the direction of Mrs. James H. Wade, chairman and Mrs. George E. Wells.

Mrs. R. W. Graham won the high score award in bridge and Mrs. Mildred Babcock won high in canasta. Mrs. A. F. Ramsey won the screeno and Mrs. D. W. Hofmann the door prize.

Shower Honors Billie Norden

Mrs. J. A. Edwards and Mrs. J. M. Fahey entertained in honor of Billie Lynn Norden who will become the bride of John Sansbury in November.

The Fahey living room was decorated with a ribbon and a rosebud covered umbrella, suspended from the beamed ceiling. Underneath were many tiny umbrellas hanging over a huge pile of gifts.

Billy Lynn gave each guest a tiny umbrella and card getting a promise from her to return the card with her friends favorite recipe for her collection.

Everyone enjoyed cake, punch, nuts and mints, sprinkled with all kinds of advice and plenty of teasing for the bride-to-be.

Those attending were Mrs. Marie T. Sansbury, Mrs. Olive Rizkalla, Mrs. Carole Palmer, Mrs. Martha Riley, Mrs. Leonora Green, Mrs. Pat Wright, Mrs. Millie Schweickert, Shirley Smith, Kathy Avenel, Sue Ceynowa, Darlene Horn, Mary Greenwood, Tess Batterson, Dorothy Edwards and Mrs. Marie Fahey.

MISS BILLIE LYNN NORDEN, seated, honoree at a bridal shower, poses with (from left) Mrs. J. A. Edwards, hostess; Mrs. J. M. Fahey, hostess; and Mrs. Marie Sansbury, mother of the bridegroom-to-be, John Sansbury. (Staff Photo)

Garden Confab Slated

DELTONA — The planning board for Florida Federation of Garden Clubs District 6 Fall Conference held the final meeting at the home of Mrs. Harry Durand, District 6 director, recently.

The conference will be held Oct. 21 at the Deltona Woman's Club, 1049 Normandy Blvd., with registration at the Methodist Church Fellowship Hall.

Mrs. McLean Post, general chairman, presided at the board meeting. The following chairmen and their assistants were appointed: book of information, Mrs. Charles Bolles and Mrs. Leroy Roth; coffee hour, Mrs. William Scherertz; courtesy gifts, Mrs. Alex Thomson; credentials, Mrs. Albert Croninger; favors, Mrs. Herman Wagner; FFGC sales, Mrs. Kenneth Boyden.

Hospitality courtesy dinner and breakfast, Mrs. Omar Robertsen, Mrs. R. Wright, Mrs. R. Thomas and Mrs. A. Wisenewski; hospitality decor, Mrs. E. Shinten; Ikebana arrangements, (Mrs. Kenneth Davis, consultant) Mrs. W. W. Hopton, Mrs. A. Kroninger, Mrs. M. Rees and Mrs. A. Schreck.

Bonsai exhibition, Mrs. Cecil Halbert; luncheon, Mrs. Wm. Scherertz; luncheon decorations, Mrs. Cecil Halbert; name tags, Mrs. R. Phillips; pages, Mrs. A. Parker; program, Mrs. R. Wright; publicity, Mrs. Lewis J. Bucher; registration, Mrs. A. Croninger, Mrs. Arthur Anderson, Mrs. George Notarpole, Mrs. Ray Phillips, Mrs. J. F. Gering and Mrs. Harry Langknecht.

Resolutions, Mrs. McLean Post; timekeeper, Mrs. Harry Langknecht and trees, Mrs. Ewald Kerth.

BAZAAR PREPARATIONS — Members of the Deltona Woman's Club have been busy preparing for its Fall Bazaar to be held in its clubhouse on Normandy Boulevard, Friday, Nov. 12, from 10 a.m. to 8 p.m.; and Saturday, Nov. 13, 10 a.m. to 5 p.m. Mrs. Florence Groff, booth co-chairman, displays some of the more than 30 handmade aprons that she and her co-chairman, Mrs. Ellen Grieves, have served to date.

SHOE CLEANER

Heavy duty cleansers may be used to clean light-colored leather shoes, bags and belts. After you've cleaned the article, allow time for it to dry, then apply olive oil or saddle soap to keep the leather in good condition.

Garden Circles

Green Thumb Set

GENEVA GARDEN CLUB
By LIZ MATHIEUX

Geneva Garden Club met at the Geneva Community Center, Oct. 6 to inaugurate their Fall season with the club president, Mrs. V. M. Smith, presiding.

Mrs. D. M. Ladd, Mrs. Fred Lingenfelser Jr., and Mrs. Linda Stewart were welcomed as guests.

Plans were announced for the forthcoming dedication of a plaque in memory of the late Kathrine Flynt Kilbee and Helen C. Cole to be placed in the community center as a perpetual memorial to these two women who gave so unselfishly of their time and talents to help Geneva to grow to become the friendly little village it enjoys today.

A proposed "Garden Run" scheduled for early April was suggested and for all interested friends and Garden Club members upon the boat "Noah's Ark." Final plans for this adventure shall be completed at a later date.

Guest speakers for the day were Mrs. Henry A. Simpson who showed some lovely orchid plants raised by Mr. and Mrs. C. C. Holzer and spoke on the care and attention required to achieve a healthy specimen. Miss Rose Levy showed some very beautiful color slides which she made on her recent trip to Europe.

Club members were reminded of the plant sale scheduled for Nov. 3 meeting and were further reminded that all donations to this sale would be appreciated. Twenty members were present.

After the meeting was adjourned delicious refreshments were served by the hostesses, Mrs. E. W. White, Mrs. John Thomas and Miss Rose Levy.

PALM CIRCLE

Palm Circle of the Sanford Garden Club met Thursday, Oct. 7 at 1:30 p.m. at the home of Mrs. B. R. Carrol.

President, Mrs. Blanton Owen, opened the meeting with the meeting with the Lord's Prayer. Minutes and treasurer's report were heard. Miss Lucille Campbell gave a report on conservation and Mrs. Ned Julian presented the horticulture report.

Plans for the Christmas bazaar were discussed and Mrs. James Wallin showed many crafts and beautiful flower arrangements that she had made.

Refreshments were served by the hostess and her lovely daughters, Debbie and Donna Hansen, to members attending.

OVIEDO GARDEN CLUB
By LIZ MATHIEUX

Oviedo Garden Club conducted the first meeting of the new season recently at the spacious Lake Charm Drive of Mrs. Aubrey Myers with Mrs. Charles Niblack assisting as cohostess.

Lovely arrangements of Fall flowers were placed at vantage points throughout the lovely home.

Members who were present dicussed plans for year and then conducted a brief business meeting.

A program presented by Mrs. William McGee and Mrs. George Means dealt with a display of containers which could be candies and cookies. This is to be one of the club projects in a future workshop. When completed these containers will be filled and distributed to the residents of nursing homes throughout the area.

Apple cake and coffee were served to the guests in attendance.

Dear Abby: By Abigail Van Buren

DEAR READERS: Now DEAR ABBY has a problem! I received a letter signed "CAUGHT IN A BIND" and never before have I pondered so long over a reply. I asked my husband how he would answer it. First he took one side. Then the other. I found myself doing exactly the same thing.

I shall set down two considered answers. Please send me a postcard indicating which answer you would use if YOU were Dear Abby. You need not sign your name. But please indicate whether you are a male or female. Thank you. ABBY

(THE LETTER)

DEAR ABBY: We have an awkward problem at our house. My husband's boss has invited us to a "housewarming party," which my husband feels we must attend. I disagree.

His boss' wife had surgery recently and was found to have inoperable cancer. (The wife doesn't know this.) The boss sent her to Europe (where she came from) to be with her mother while she's "recuperating." He told her he'd join her in three months and bring her home. But it's obvious that he's banking on her not lasting that long, because the day after she left he moved his girl friend into their home and they've been living together ever since. (She's a divorcee whose husband got custody of their children, so you know what she's like.)

This unmarried team goes everywhere together, knowing that nobody is going to tell his dying wife what's going on. They have now moved into a deluxe high rise apartment furnished with the European wife's generous dowry, and we are invited to the housewarming.

My husband says if we don't attend it will mean his job, and jobs aren't exactly hanging on trees these days. Am I wrong for refusing to go? Or is my husband wrong for insisting that we do?

CAUGHT IN A BIND

1. DEAR CAUGHT: Your first consideration is to your husband. If he feels his job depends upon it, close your eyes, hold your nose, and go!

2. DEAR CAUGHT: Tell your husband that he can help "warm" their house if he wants to, but the setup leaves you cold, and you're not going!

(Well, readers, how would YOU vote?)

DEAR ABBY: A girl friend of mine called me and asked if she could spend Christmas week with me and my family. (She lives 300 miles away.) I had plans of my own but had forgotten about them at the moment, so I said okay.

Two weeks later she called to say how happy she was about coming, and then I explained that I had planned on going away myself that week. Then this "friend" proceeds to tell me her ex-boyfriend was coming home that week and she admitted she still liked him and she wanted to see him. (He lives in my city.) I am hurt to think that she would use me just to see him. Also, she ruined my plans for going away Christmas week.

What is your opinion of this situation?

"USED"

DEAR USED: I think you are angry with yourself for lacking the courage to tell this girl you couldn't accommodate her, so you're blaming HER.

DEAR ABBY: I would like to comment on the letter signed "BURNED UP." The writer didn't know why it was necessary to mention in the obituary column that the deceased was survived by his fifth wife.

Why not mention it, if it is true?

I am 84 years old and have buried five wives. I loved each one of them, and was proud of all of them.

I am not looking for another mate, but if I should find one with similar interest who wants companionship for our remaining years, I just might go for Number Six.

You may sign me just as they might in the obituary column.

"SURVIVED BY ONE BUT LOVED BY SIX"

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

For Abby's new booklet, "What Teen-Agers Want to Know," send $1 to Abby, Box 69700, Los Angeles, Cal. 90069.

Jacoby On Bridge Jacoby and Son

Oswald: "Your grandfather used to say that bad cards made bad players."

Jim: "I guess he meant that when you hold bad cards you tend to get careless and give up."

Oswald: "Partly that — partly that a man who has been holding bad cards is likely to go berserk when he finally picks up a decent hand."

Jim: "You're right about that. Here is a hand where East should have scored a profit. Instead South wrapped up the rubber and took it home. He took his ace of spades and disgustedly returned his partner's lead."

Oswald: "A good example of the give-up play. The spade return was hopeless."

Jim: "If East had thought he would have seen that there was one chance to defeat the four heart contract. That would be to lead a diamond. Since West holds the ace of diamonds and the king of trumps this play succeeds. The defense collects two aces, the king of trumps and a diamond ruff."

Oswald: "This isn't a difficult play at all. It merely requires that East be alert enough to recognize the possibility that his three little trumps and doubleton diamond can work together to bring home the important setting trick."

Worry Clinic By Dr. Crane

Ph. D., M. D.

CASE R-591: Dolly B., aged one year, is a problem.

"Dr. Crane," her mother complained, "how can we ever get Dolly to eat some of the foods that are good for her?

"She turns up her nose at certain items or will even spit them out if her daddy tries to feed her by the spoonful.

"She likes candy and ice cream but turns her face away when she is offered carrots or spinach.

"I was also a finicky eater as a child, so has she inherited this?"

At birth, we are devoid of any specific fondness for food, except for sweets.

Sugar offers us a "positive" appeal.

Spinach, carrots, meats and most of the other table viands are "neutral" taste qualities.

But there are even a few actual "negative" foods, such as red peppers, alcohol and bitter items.

So the only way we ever learn to relish the neutral and even the negative food items is by a process called transference.

Since sugar is the original positive taste quality, our other fondnesses must derive from it.

Many a mother feels elated when her baby will coo and smile as she approaches the crib. Why?

Because Mamma has become linked with sweet milk!

So Mamma is now an animated lump of sugar!

Thus, the baby's natural delight in sweets has carried over till its mother now belongs in that positive category.

Daddy may soon become catalogued in a similar positive manner because he stands beside Mamma when the baby is nursing, or drinking its sweetened milk from the bottle.

Remember, we must add sugar to the baby's formula, for the milk of human mothers is much sweeter than that of cows.

Ultimately, the baby transfers its fondness from sugar to Mamma; thence to Daddy; plus its older brothers and sisters.

Suppose we now introduce it to a neutral food like spinach or codliver oil or carrots or meat.

If the baby puckers its mouth and spews out the strange food or spits it all over Daddy's clean shirt, he may grow so angry that he holds the baby and shoves the next spoonful into baby's mouth.

But the act of restricting an infant's freedom of movement produces anger, so ire and distaste will thus begin to "color" the neutral food.

As a result, it will become catalogued as a negative food quality, and the child may dislike that food all its life.

So introduce the baby to a new food by surrounding him figuratively with many large lumps of sugar, namely, his smiling parents and laughing, happy siblings.

(Always write to Dr. Crane in care of this newspaper, enclosing a long, stamped, addressed envelope and 25 cents to cover typing and printing costs when you send for one of his booklets.)

Horoscope Forecast

TUESDAY, OCT. 19, 1971

GENERAL TENDENCIES: A day and evening when decisions made recently can be put in effect quickly. You are determined to produce results and are under excellent influences for doing so. Contact all who are able to further your plans and be positive in letting everyone know you mean business.

ARIES (Mar. 21 to Apr. 19) Get busy early clearing up important obligations. You want to be active and this is fine. Talk over some situation with a good friend and get good advice.

TAURUS (Apr. 20 to May 20) Control your temper with associates and show loyalty instead, thereby making your partnerships ideal and profitable. Get busy with that public affair that awaits your attention. Show you have true ability.

GEMINI (May 21 to June 21) Show much cooperation where co-workers are concerned so production is increased considerably. This is the right day to take the health treatments you need. Avoid one who argues a great deal.

MOON CHILDREN (June 22 to July 21) Talk over those social plans with friends and come to right conclusions. Make your relations with mate more harmonious. You can increase happiness a great deal thereby.

LEO (July 22 to Aug. 21) Doing whatever makes your family happy is best way to proceed today. Their ego is presently quite deflated. Don't forget to call that individual who is waiting to hear from you. Show that you are dependable.

VIRGO (Aug. 22 to Sept. 22) Take those little trips that will help you have more success in your life in the future. Visits and appointments bring excellent results. Don't neglect shopping that is necessary.

LIBRA (Sept. 23 to Oct. 22) You would do well to concentrate on your financial affairs and plan to save more money for the future for any unexpected happenings. Use good judgment. Ask some expert if you have any doubts or questions.

SCORPIO (Oct. 23 to Nov. 21) A good day to enjoy amusements with kin, friends, so contact them early to make plans. Take the time to go out to beautician, barber and improve your appearance. Avoid one who talks incessantly.

SAGITTARIUS (Nov. 22 to Dec. 21) Although you like to express yourself with others most of the time, this is a day when you had better be quiet and handle important matters. Improve your financial position greatly. Evening is ideal for romance.

CAPRICORN (Dec. 22 to Jan. 20) Good day to get to correspondence, both with business or personal ties, either written or physical. Get ideas from regular associates. These can be most hopeful and helpful.

AQUARIUS (Jan. 21 to Feb. 19) You like to work and this is a good day and p.m. to have regular workfest, whether at home, in the outside work world, or in the field of the mentally creative. Endeavor to please bigwigs you admire. Induce sleep through prayer tonight.

PISCES (Feb. 20 to Mar. 20) You want to get going on many inspired ideas you have, but first test them for practicality, and then full speed ahead. Cultivate that individual you have just met and gain much data and knowledge you want. Get into your rightful element.

IF YOUR CHILD IS BORN TODAY . . . he or she will be one of those delightful young people who has much determination and will power. Make sure playmates are picked carefully during adolescence so that only the right persons will become part of the life. This will set a pattern for adulthood that will save many a pitfall and divergence from the ideal life. Much intellect in this chart and depth of thought which can lead to fame, whether as a writer, orator or in education.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

We The Women: By Betty Canary

I recently read an article about the decline of that old American custom called The Dinner Hour. Not only did the writer regret the passing of the traditional gathering, he grew absolutely maudlin over it. He also attempted to pin all the ills of society onto our giving up the practice.

Personally, I view it as a mixed blessing. It may make for more spills in the living room but make for less crowding in mental hospitals. That is to say, there is more than one way to lie with statistics.

In our dreams The Dinner Hour is a respite from the clamor of the outside world. It is a pool of serenity, a time of candlelight and pleasant conversation. Mother smiles, father carves, while little children, hands folded, shyly announce they all got gold stars in school today.

In reality, The Dinner Hour at most houses has resembled a production of Gadzilla Meets the Thundering Herd — And Lives to Tell About It.

One soon learns that it is difficult keeping candles lit with all that milk splashing about. And conversation, far from being stimulating, gay and informative, tends to center on table manners ("Ever think of using a fork instead of your fingers?") and postponed subjects ("No point in even trying to tell you about it now, Cora—we'll wait until after dinner!")

As for serenity forget it. Once a child outgrows throwing lima beans and chanting, "Cookie, cookie, cookie!" he starts bringing the telephone to the table.

Polly's Pointers By Polly Cramer

DEAR POLLY—My suggestion for Barb, who wants to make pretty, inexpensive candle holders for a wedding table, is to use No. 303 tin-can lids. Cut them four ways from the center out, curling them slightly outward but leaving enough space for the candle in the center. Spray paint these the desired colors and put artificial flowers around the edges — JUNE

DEAR POLLY — Barb can make candle holders for her wedding tables by gluing together the closed ends of two large spray-can tops. A ring of small shell macaroni can be glued around the center before spray painting with gold, silver or a desired color. Ribbon and small artificial flowers could be used to dress them up. Before inserting a candle, melt a bit of candle wax in the holder to hold it in place.—MRS. F. L.

DEAR POLLY—I have a perfect answer for Barb, who wants lovely but inexpensive candle holders on her wedding tables. The prettiest I have ever seen were so simple. A styrofoam ball, four or five inches in diameter, was cut in half to make two holders. A candle was stuck in the rounded side and the base completely covered with gorgeous artificial flowers that exactly matched the flowers the bridesmaids carried. — MICHELE.

Polly's Problem

DEAR POLLY — I saw a beautiful wall treatment that looked like printed velveteen glued on the wall and with a frame put around it. I would appreciate it if someone would tell me how to put material on the wall. How practical is it on a large area? What fabrics work best and are easiest to put on and keep nice-looking? What kind of glue or paste is used? What is the best method of putting it on?—SUSAN.

DEAR POLLY — My Pet Peeve is with children's toys that have to be wound up by mania about 20 times in 20 minutes as the knobs are too stiff and hard for a todler to operate. —MRS. W. K. R.

DEAR POLLY—When making hamburger patties for my freezer, I use the plastic lids off large coffee and shortening cans, with the rims cut off, to separate the patties. Use a table knife to pop the desired number apart after they are frozen. Lids may be washed over and over again.—MARIE.

You will receive a dollar if Polly uses your favorite homemaking idea, Pet Peeve, Polly's Problem or solution to a problem. Write Polly in care of this newspaper.

Highlights TV Time Previews

8-9 CBS "Gunsmoke" "The Legend." A touching story about a young boy who must face the wrath of Dodge City people because of the sins of his brothers, both notorious outlaws. The boy (played by Jan-Michael Vincent) is torn between joining his brothers because of the unfairness of the prejudices against him and the efforts of his mother (played by Kim Hunter) to keep him straight.

8-9 NBC "Rowan and Martin's Laugh-In" Stretching a point, one could see Richard Crenna as an evil puppeteer, or even a freaky dentist. But Richard Crenna as Lassie? Only on Laugh-In could it happen. Comical skit finds Crenna pinch-hitting as Lassie during an actor's strike. As the puppeteer, he has all the girls on a string.

9 to conclusion ABC "NFL Monday Night Football" The Kansas City Chiefs play host to the Pittsburgh Steelers tonight with Frank Gifford, Howard Cosell and Don Meredith doing the commentary. It will be a game pitting the field generalship of veteran Len Dawson, who was the AFL's leading passer four times, and Pittsburgh's Terry Bradshaw, in his second year of pro ball.

9-11 NBC "NBC Monday Night at the Movies" "Kill A Dragon." Fernando plays the heavy, and Jack Palance and Aldo Ray a pair of soldiers of fortune. The action takes place in the Far East where Lamas's junk has been beached by a typhoon near the Hong Kong coast and he threatens to kill islanders trying to claim its valuable cargo as salvage. The cargo is deadly Nitro 2. Palance and Ray are brought in by the natives to help them.

9-9:30 CBS "Here's Lucy" Take a close look at the carnival pitchman in tonight's episode. It's none other than former nightclub comic Gary Morton who also happens to be Lucy Ball's husband, just keeping his fingers in the acting pot. Lucy decides Uncle Harry isn't paying her enough, so she moonlights at a carnival dunking booth. Uncle Harry runs into her there, and you can imagine what happens to him.

9:30-10 CBS "The Doris Day Show" Test your memory. Remember the Great Gildersleeve of radio, and early TV fame? His real name is Hal Perry and he portrays a corrupt city official in tonight's episode, the target of Doris' campaign to clean up the city council. Billy DeWolfe, another old comedy actor, plays Doris' neighbor, whom she decides to run as the Clean Government candidate. But she runs into a problem when Perry gets a beautiful girl to try to seduce the candidate, and he's willing to succumb.

10:30-11 CBS "Arnie" Prodded by his boss, and encouraged by his wife, Arnie decides to join the exclusive Bayshore Polo Club against his better judgment. He doesn't like the snobbism, and he's also concerned that it's too expensive for him. Then he overhears members discussing his ancestry (they didn't realize he was Greek until after he had been accepted) and what they had to say upsets Arnie.

THE SANFORD HERALD Readers: This INTRODUCTORY OFFER brings you

$600.00-A-MONTH TAX-FREE CASH WHEN YOU GO TO THE HOSPITAL

—Only 25¢ covers your entire family for the first month

★ Pays you cash at the rate of $600.00 a month for each hospital stay...even for life, if necessary.

★ Pays in addition to any other companies' coverage you have—including Medicare.

★ Pays all cash direct to you (not to doctor or hospital).

★ Coverage for accidents begins the first day in the hospital; for sickness the sixth day.

Guaranteed Renewable for Life. National Home guarantees never to cancel your protection no matter how old you become or how many claims you have.

No salesman will call—No medical exam to apply—No age limit

ACT NOW—YOUR APPLICATION FORM MUST BE MAILED BY MIDNIGHT, THURS., OCT. 21, OR IT CANNOT BE ACCEPTED

ONE out of two families will have someone in the hospital this year! It could be you — or some beloved member of your family—tomorrow...next week...next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have doubled in just a few short years.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do if your pay check stopped, but living expenses kept going on the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe our National Home Health Plan will help to relieve you of worry about the terrible financial threat of accident or illness.

Pays you $600.00-a-month tax-free cash when you are hospitalized.

What a blessing it is when you know you have as much as $600.00 cash coming in every month when you go to the hospital. You get your $600.00-a-month cash — tax-free — as long as you are confined in the hospital. You are covered from the very first day for accidents and from the sixth day for sickness—*even for life*, if necessary! Most everyone has some insurance or savings to take care of a one to five day hospital stay. Since we provide *lifetime* benefits, this "deductible" feature enables us to give you broad coverage at a lower cost than would otherwise be possible.

Now, this low-cost plan from National Home enables you to enjoy this protection at once. Your introductory rate is just 25¢ for the first month's coverage for your entire family. Then, you may continue at National Home's regular low rates.

The ADDED protection you NEED!

All benefits of this $600.00-a-month plan are paid directly to you, in tax-free cash, *in addition* to whatever you may receive from your insurance with any other company! Use the money as you see fit — for hospital or doctor bills, mortgage or rent payments, to replace savings — or any necessary, but costly, expenses not covered by other hospital policies.

Everything costs more these days (need we tell you?) and hospital care is certainly no exception! While 7 out of 8 Americans have *some* hospital insurance, most have found it does not cover *all* bills that pile up when sickness or accident strikes. That's why National Home developed this low-cost plan that helps you pay hospital costs or other expenses.

We can never cancel your policy!

You can count on this wonderful protection no matter how old you become or how many times you collect from us. Your policy guarantees that we can *never* cancel your protection for any reason whatsoever. It is Guaranteed Renewable for Life! In addition, your rates can never be changed unless there is a general rate adjustment on all policies of this type in your state.

And that's not all. Suppose you have a growing family — this policy (NH10-669)...

65 OR OVER? YOU COLLECT IN ADDITION TO MEDICARE BENEFITS

We have designed this plan, as a valuable *addition* to whatever is paid by Medicare — or health insurance you may have with any other companies. Checks will be sent directly to you (not to the doctor or hospital). This National Home Health Plan pays you at the rate of $300.00 a month for the first 3 months, in addition to any benefits you may receive from Medicare, and $600.00 monthly while hospitalized thereafter. Benefits for sickness begin on the sixth day; coverage for accidents begins on the first day. And your benefits continue for life, if necessary.

Pays you $360.00-a-month cash when any dependent child is hospitalized.

When you choose Coverage for Children, *all* your unmarried dependent children from age one month through 18 years are covered, too! What's more, any newborn children you have in the future are covered *automatically* at the age of one month —*at no additional cost to you.* And when any of your children go to the hospital, this National Home plan pays you at the rate of $360.00-a-month cash, for as long as necessary. Children are covered for accidents from the first day and for sickness from the sixth day.

Pays you cash benefits for maternity, too.

With this plan, you can also collect cash at the rate of $600.00 a month for *every day* you are confined to the hospital for pregnancy, childbirth, or even miscarriage. You get this cash, which is yours to use as you see fit, *when Coverage for Children and Maternity Benefits have been added to the basic plan.* Of course, both parents must be enrolled in this plan for the entire period of pregnancy.

Pays you $400.00-a-month cash for a Registered Nurse at Home.

Here's a wonderful "get well" benefit of this National Home plan: You collect cash benefits at the rate of *$400.00 a month* when your doctor has you employ a full-time registered nurse within five days after you come home, following a stay in the hospital of five days or more for which you received benefits. You are paid for the same number of covered days that you were in the hospital—*even up to 12 full* months!

Double Cash Accident Benefits.

When you and your insured spouse are hospitalized *at the same time for an accidental injury,* this National Home plan pays you an EXTRAORDINARY DOUBLE CASH BENEFIT. *You* receive not $600.00 but $1,200.00 a month. *Your spouse* receives not $600.00 but $1,200.00 a month. That's *$2,400.00 in all, in cash payments to you every month* (when under age 65) starting the day you enter the hospital for as long as you both remain there.

Pays you up to $2,000.00 cash for these accidental losses...

The accidental loss of limbs or eyesight can be terrible. But if such loss occurs any time within 90 days of the accident, you collect $1,000.00 for the complete loss of a hand or a foot or the sight of an eye—and $2,000.00 for loss of two limbs or the sight of both eyes.

Waiver of premium benefit.

Should you—the policyowner—be hospitalized for 8 consecutive weeks or more, this National Home plan will PAY ALL PREMIUMS that come due for you and all Covered Members of your family while you are confined to the hospital beyond the initial 8-week period. And your protection continues just the same as if you were paying the premiums yourself. Then, if you leave the hospital and must return for the same condition before you have resumed full normal activities for 90 days, we will again pay any premiums while you are in the hospital—for the total confinement! This means you pay no premiums, yet your full protection remains in force.

These are the ONLY exclusions!

Your National Home policy covers hospitalization for every kind of sickness or accident except conditions caused by: war, or any act of war; any mental disease or disorder; pregnancy, except as provided under the Maternity Benefit provision; and any sickness or injury you had before the Effective Date of your policy . . . during the first 2 years only.

This last item is a real help if you already have a health problem. It means that any condition you had before you take out this policy will also be covered after the policy has been in effect for only 2 years. Meanwhile, of course, every new condition is covered.

This is the kind of outstanding protection you may have seen in *Reader's Digest, Parents', National Geographic* and other leading publications. The special plans offered by the National Liberty Corporation group of companies are today helping policyowners in all 50 states — and many foreign countries as well. In addition, our Company has a RECOMMENDED rating from *Best's Insurance Reports*, one of the foremost insurance authorities in the nation.

Fast, reliable claim service when needed most.

You never really know how a good a policy is until you have to make a claim. That's why we think you'll be interested in what some of our National Home policyowners have to say.

"I took out the policy and had only paid two monthly premiums when I was unexpectedly put in the hospital. Was there 11 days and the National Home Life Assurance Company paid exactly what they had said they would. How happy we were we had taken the policy out."
DEWEY M. FAILOR, Upper Sandusky, Ohio

"Thank you for the check in payment of my recent claim. I am well satisfied with the service. I will certainly recommend your company at every opportunity."
ALGIE M. DAVIS, Waterville, Maine

"I was more than satisfied with the way my claim was handled. One couldn't ask for better service and the 'get well soon' message was one of the nicest thoughts on your part. I thank you sincerely."
MARGUERITE LINDAU, Duluth, Minnesota

Outstanding Americans like these Recommend this Coverage.

DR. E. STANLEY JONES, *internationally known evangelist, author, missionary statesman:* "In offering low-cost health insurance by mail, you are rendering a valuable service to thousands of people who have no other opportunity to avail themselves of such protection. It's reassuring to know that policyowners insured by the National Liberty group are receiving more than $1,500,000.00 a month in benefits."

JEROME HINES, *leading bass with the Metropolitan Opera Company:* "It seems to me that the concept of health insurance by mail is a very sensible one. It's quick, easy and economical. Nobody makes surprise visits to your home to ask personal questions. There's no medical examination. And costly processing charges are eliminated. This means more protection at less cost. I congratulate National Home Life Assurance Company for meeting a real need."

Congressional Record — National Liberty commended in U.S. Congressional Record

National Liberty Corporation, parent of National Home Life Assurance Company, has been commended in the United States Congressional Record for bringing low-cost insurance to the general public: "National Liberty deserves recognition for providing service beyond the expected, service willingly offered to those who are not being cared for in other ways. This is the secret of success for its low-cost insurance plans. With the highest public interest at heart, the National Liberty Corporation group of companies combines reliability and quality of service with noteworthy price advantages. It is to be commended on its leadership and vision in this field of human welfare."

Why you must act before the date shown on your Application Form—just a few days from today.

Why do we give you so little time to join this plan? To provide you with this broad coverage at these rates, we must receive your Application Form during the same period as all the others. For this reason, we can open the enrollment only during a limited time period—with a *firm* deadline date for everyone.

As soon as we receive your Application Form we will rush your policy to you by First Class Mail. Examine it in the privacy of your own home. It is a very short document and there is *no fine print*. Show it, if you wish, to your doctor, lawyer, insurance agent or some other trusted advisor.

Here are your low rates.

The following rate chart shows how little it costs after the first month to cover yourself, your spouse and any adult dependent. Naturally, at these low rates, we can issue you only one policy of this type. Each adult, 16 or over, pays the rate shown for his or her age.

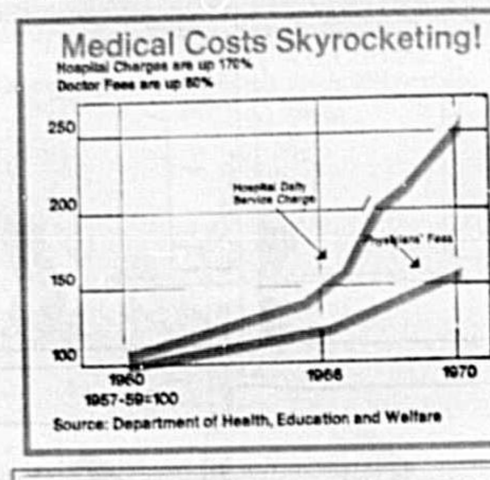
Age at Enrollment	Monthly Premium per Adult
16-44	only $3.45
45-49	only $4.00
50-54	only $4.40
55-74	only $5.10
75-79	only $5.85
80-84	only $6.50
85 and over	only $7.75

Only $1.80 more per month covers all your unmarried dependent children from the age of one month through 18 years. Newborn children are covered *automatically* at the age of one month — at no additional cost. And then if you wish, just add $1.35 monthly to that, and you're covered for Maternity Benefits, too.

NOTE: The regular monthly premium shown here (for age at time of enrollment) will not automatically increase as you pass from one age bracket to the next! Once you have enrolled in this National Home Health Plan, your rate can never be changed because of how much or how often you collect from us—or because of advanced age—but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state!

Act NOW—"Later" May Be Too Late! Just 25¢ covers you and your family for first month.

TIME IS PRECIOUS! Act quickly. (No salesman will call.) Get your Application Form into the mail *today*—because once you suffer an accident or sickness, it's TOO LATE to buy protection at *any* cost. That's why we urge you to act today —*before* anything unexpected happens.



YOUR QUESTIONS ANSWERED ABOUT THIS NATIONAL HOME HEALTH PLAN

1. How much will I be paid when I go to the hospital?
You will receive cash at the rate of $600.00 a month ($20.00 a day). When you're 65 or over, you collect (in addition to any Medicare benefits) $300.00 a month for the first 3 months, and $600.00 monthly while you remain continuously hospitalized thereafter. And you collect cash for an accident even if you're in the hospital for only one day. Coverage for illness begins the sixth day—and benefits are paid in full for as long as you're hospitalized . . . even for life, if necessary.

2. When do I start to collect hospital benefits?
This new plan (NH10-669) covers you from the very first day for accidents and from the sixth day for sickness—even for life, if necessary! Most everyone has some insurance or savings to take care of a one to five-day hospital stay. Since we provide lifetime benefits, this "deductible" feature enables us to give you broad coverage at a lower cost than would otherwise be possible.

3. Do you pay me cash when my children go to the hospital?
You collect cash at the rate of $360.00 a month whenever any of your children (age 1 month through 18 years) go to the hospital—if Coverage for Children is added to the basic plan. Coverage for accidents begins on the first day—sickness on the sixth day. And if you have a growing family—as soon as any newborn child is one month old, he, too, is covered — automatically . . . at no additional cost.

4. Will you pay me cash benefits for pregnancy?
Yes, when Coverage for Children and Maternity Benefits have been added to the basic plan. You collect cash at the rate of $600.00 a month for pregnancy, childbirth or miscarriage that results in a hospital stay. (Both parents have to be enrolled in this plan for entire pregnancy period.)

5. Suppose I'm hospitalized for a long time and can't meet my premium payments?
If you—the policyowner—are hospitalized for 8 consecutive weeks or more, this plan will PAY ALL PREMIUMS that come due for you and all Covered Members of your family while you are confined to the hospital beyond the initial 8-week period. You aren't expected to pay us back, either.

6. Will you cancel my policy if I have too many claims? Or because of advanced age?
No—positively not! Only you can cancel. The company cannot—no matter how many claims you have . . . how old you become . . . or for any other reason whatsoever. A Guaranteed-Renewable-for-Life clause has been printed right in your policy, and we're bound by it. In addition, your rates can never be changed unless there is a general rate adjustment on all policies of this type in your entire state.

7. Now tell me what's the "catch"—what doesn't my policy cover?
Your policy covers hospitalization for every kind of sickness or accident except conditions caused by: war, or any act of war; any mental disease or disorder; pregnancy, except as provided under the Maternity Benefit provision; confinements within a U.S. Government hospital or a nursing or convalescent facility; and any sickness or injury you had before the Effective Date of your policy —but even this last "exclusion" is done away with after you've been a policyowner for only two years. Every new condition is definitely covered.

8. What are the requirements to enroll in this National Home Health Plan?
You must not have been refused or had cancelled any health, hospital or life insurance due to reasons of health; and to qualify during this Enrollment Period — you must enroll before midnight of the date shown on the Application Form.

9. Besides saving money—are there any other advantages to joining this plan during this Enrollment Period?
Yes. A very important one is that you don't need to complete a lengthy, detailed application — just the brief Application Form in the corner of this page. Also, during this Enrollment Period there are no extra requirements for eligibility, and no "waivers" or restrictive endorsements can be put on your policy!

10. How do I enroll?
Fill out the brief Application Form and mail it with just 25¢ for the first month's protection for your entire family. Mail to: Mr. William A. Whalen, National Home, 302 So. Jupiter Ave., Clearwater, Florida 33515.

MONEY-BACK GUARANTEE

We will send your National Home policy by mail. Examine it carefully in the privacy of your own home. Show it, if you wish, to your own insurance agent, doctor, lawyer or other trusted advisor. If you decide, for any reason, that you don't want to continue as a member of this plan, return the policy within 15 days of the date you receive it, and we will promptly refund your money. Meanwhile, you will be fully protected while making your decision!

Pirates' Victory Sets Off Melee

Pittsburgh Celebration Runs Amok

By DAVID S. DILLON and DAVID M. THOMPSON

PITTSBURGH (AP) — A massive World Series victory celebration exploded Sunday night into a rampage of destruction, looting and sex-in-the-streets.

Police reported a dozen rapes—some of them in full view of hundreds who cheered the assailants—displays of public lovemaking, nudity and drinking.

"This isn't a riot. It's a goddamn orgy," a motorcycle policeman said during the disturbance which left the downtown area in shambles.

More than 100 persons were injured and 300 others were arrested in the melee, which erupted after an estimated 100,000 poured into the downtown area.

There was scattered shooting, but only one reported wounding. Hundreds of explosions caused by fireworks often were mistaken for gunshots.

At least 30 stores were looted and 30 to 40 more were damaged. More than a dozen cars were overturned and in some cases burned.

Newsmen counted another 20 autos with roofs that had been crushed by the destruction-bent crowds.

The melee ended 10 hours after it began when flying wedges of riot-equipped police, some with dogs, slammed head-on into the crowds and drove them from the downtown section.

The rampage was triggered by the Pittsburgh Pirates' 2-1 victory Sunday over the Baltimore Orioles in baseball's seventh and deciding game of the World Series in Baltimore. It began as a jubilant but nonviolent celebration, but quickly turned into a full-blown riot.

The wild celebration created the worst traffic jam in the city's history. At its height, cars were backed up for eight miles on one major freeway into the city and for six miles on another. Police finally sealed the downtown area in an attempt to relieve the tieups, but it was four hours before it had any effect.

At least two police cruisers were commandeered by rioters during the outburst, and police reported that a fire truck was stripped. Several other police cruisers were abandoned after crowds shattered their windows.

One man whose car was demolished was John E. Demko Jr. of Cleveland, Ohio. Demko, accompanied by his wife and two children — one 9 and the other 13—said he became trapped in a crowd that rocked his car and shattered its windows.

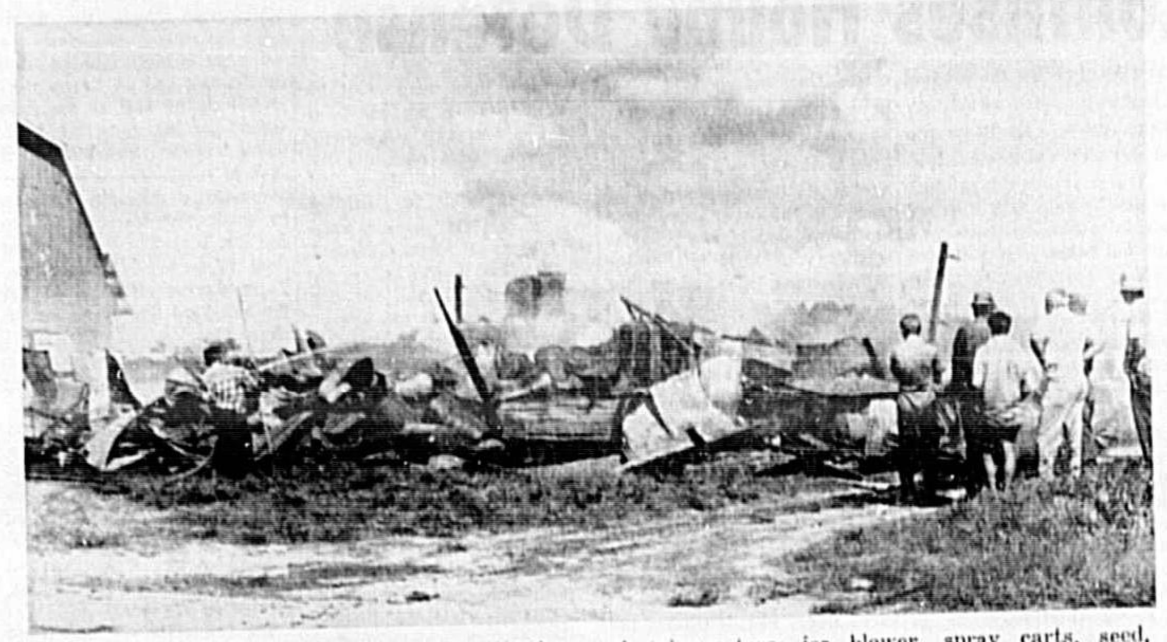
"They climbed on the car like a bunch of animals," Demko said. "They tried to turn the car over—they wouldn't even let the kids out. The kids were sitting in the back when they broke the windows."

Finally, Demko said, he and his family fled from the car. All escaped unhurt.

Elsewhere, a crowd tried to overturn two city buses, but settled for breaking their windows. Seven taxis were destroyed.

At least three telephone booths and a corner newsstand were ripped from their foundations and thrown in the streets. And streetlight poles were toppled like goal post uprights after a championship football game.

So wild was the rampage that the Pirates canceled a planned midtown victory parade. But some of the players, apparently unaware of the cancelation, somehow got downtown anyway and were mobbed.



APEX BARN and its contents were destroyed by fire, with an estimated loss of at least $50,000, Saturday morning. The barn was located at Beardall and Marquette Avenues. The barn housed electric motors, ice blower, spray carts, seed, drills tires, chemicals, cabbage bags, a tractor and pumps. (Bill Vincent Photo)

Nixon Soon To Activate Postfreeze Machinery

By BILL NEIKIRK
Associated Press Writer

WASHINGTON (AP) — The Nixon administration plans to move this week to activate its postfreeze machinery for controlling wages and prices while offering new proposals to strip away foreign barriers to U.S. trade.

Domestically, the chief task remaining is naming members of the Pay Board and Price Commission. These newly created boards will decide how much more Americans can get paid and how much businesses can charge after the freeze expires Nov. 13.

Internationally, U.S. officials began a series of sensitive talks with the nation's major trading partners in Paris, focusing on trade barriers, money-exchange rates and the 10-per-cent temporary import surcharge.

Treasury Secretary John B. Connally said the U.S. delegation will unveil a series of specific requests that the trading partners remove barriers to American exports.

He also said the United States will consider selective removal of the import surcharge if other nations meet the United States' country-by-country demands for solving its massive balance of payments deficit.

At home, the White House said it hopes the 15-member labor-management-public Pay Board and the seven-member Price Commission, to be composed entirely of public representatives, will be named before the week is out.

Connally said Sunday he foresees the Pay Board establishing a general wage ceiling for the nation to fit within the administration's goal of cutting inflation to a rate of 2 to 3 per cent by the end of 1972.

The Pay Board and the Price Commission are expected to be swamped with requests for wage-and-price increases for the postfreeze period once they are named by the White House.

Sources say former Pennsylvania Gov. William Scranton is expected to be named to the price commission.

Reds Strengthen Region At DMZ

By FRED S. HOFFMAN
AP Military Writer

WASHINGTON (AP) — The North Vietnamese army has been moving tanks and other armored units into the region above the demilitarized zone, Pentagon sources report.

U.S. experts are uncertain what this portends. Some think Hanoi wants tanks and self-propelled artillery in position to counter any possible new South Vietnamese ground thrust against the Ho Chi Minh trail network in southern Laos, or even northward across the DMZ.

There is agreement among U.S. experts that the concentration of armor in the panhandle greatly enhances North Vietnam's quick-reaction capability.

The armor buildup in the North Vietnamese panhandle was noticed by U.S. reconnaissance planes watching the growing concentration of supplies and antiaircraft weapons in preparation for the coming dry season.

More than 40 Soviet-built T34 and newer T54 medium tanks, SU76 armored assault guns, and self-propelled antiaircraft guns were sighted recently in convoy near Vinh and elsewhere in the panhandle. American observers also spotted a new armored training area including about 35 barracks, maintenance shops and other buildings close to Vinh.

This suggests to U.S. officers that the North Vietnamese may be expanding their armor elements over-all, and that they intend to keep strong tank forces in the panhandle permanently.

The presence of significant tank forces above the DMZ ultimately could pose a serious threat to the northern provinces of South Vietnam.

Armor has played a relatively minor role in the Indochina war until now.

Senior Citizens Warned

A timely warning to the senior citizens of Seminole County.

Dec. 31 is the deadline for filing Medicare claims for services rendered from Oct. 1, 1969, through Sept. 30, 1970. Claims are filed on "Request for Medicare Payment" forms available at most doctors' offices and at the local social security office at 300 Mellonville Avenue in Sanford.

Paul Vogenitz, manager of social security for Seminole County, reminds that under the law Medicare can pay medical insurance claims only within a certain time after treatment or other services.

There are always some senior citizens who neglect to file their claims before the deadlines and then find themselves with medical expenses which cannot be reimbursed.

In order to avoid a possible loss of Medicare benefits, be sure to check all medical records and remember the date, Dec. 31. After that day, Medicare cannot pay on bills for services rendered Oct. 1, 1969, through Sept. 30, 1970.

THREE PERSONS were injured when this car left the road and wrecked on SR 426 near Trinity Prep School late Saturday night. According to Herndon Ambulance Service, they removed Raymond Sherrill, 23, of Eustis to Winter Park Hospital and Glenda Tfost, 15, and Michael Crites, 19, both of Orlando to the Orlando Naval Training Center Hospital. According to investigating officer Dick Shaffer of the Florida Highway Patrol, charges are pending. Shaffer was assisted by Trooper P. C. Wright and Deputy Constable Dick Laese of Oviedo. Woman, 18, Charges 2 Assaults

By BILL SCOTT

An 18-year-old Altamonte Springs woman complained to the sheriff's department she was raped by two men early Saturday.

The woman told Det. Sgt. George Abbgy the men took turns assaulting her on the hood of a car parked near a lake in Longwood. Sargeant Abbgy said the girl reported she was attending a party at Winter Park and a friend borrowed her car.

After the man did not return with her vehicle, the girl said she became concerned and two men volunteered to help her conduct a search.

According to Abbgy, the girl related the two men drove her to a secluded area and each one raped her while the other held her.

She said they later returned her to her home where she discovered her car had been wrecked. The detective said the woman indicated she would discuss filing charges today.

In a second county report, a 26-year-old man is listed in "serious" condition at Winter Park Memorial Hospital from a bullet wound in the back.

According to Det. Sgt. Johnny Wright, Rufus Owens was shot by Gwendolyn Roux, 21, at the couple's 414 Basewood Drive home at Altamonte Springs.

The detective said the woman is nine-months pregnant and charges against her are pending.

According to a report filed by Deputy Jay Lemon, the woman admitted shooting Owens when he failed to "take out the garbage."

Wright said Mrs. Roux' previous husband had buried his wife, leaving only her head above ground, in an orange grove a year ago.

He said the case is "unusual."

Sightseeing Plane Crashes; 10 Perish

PEACH SPRINGS, Ariz. (AP) — Former U.S. Commissioner of Education James E. Allen Jr., his wife Florence and eight other persons have died in the crash of a Grand Canyon sightseeing plane, a small charter airline reports.

A helicopter reached the crash scene Sunday and found that the twin-engine Scenic Airways Cessna 402 had gone down in a tree-studded and snow-covered area of 7,000-foot Pine Mountain.

There were no survivors of the crash Saturday about 40 miles north of this community and 60 miles east of the Arizona-Nevada border.

"There were nine passengers," said Mrs. John Siebold, wife of the air taxi service's president. "Two of the passengers were Mr. and Mrs. Allen. There were two other Americans and five foreigners."

The pilot was Wayne Leeth, 47, of Las Vegas, where the 200-mile tourist flight originated Saturday morning. "Leeth has made 600 or 700 trips over the Grand Canyon over the last four or five years," Mrs. Siebold said.

Identities of the other victims were withheld pending recovery of the bodies and notification of relatives.

Allen, 60, a native of Elkins, W.Va., was appointed commissioner of education on Feb. 5, 1969, by President Nixon and fired on June 10, 1970, after criticizing administration policies ranging from school desegregation to the war in Southeast Asia.

At Altamonte Springs

Zone Protest Set

By MARION BETHEA

ALTAMONTE SPRINGS—City Council, at a 4:30 p.m. meeting Tuesday, will hear a petition by a group of citizens for a reversal of zoning on property above the Cranes Roost area on Orange Street. The property, recently annexed, formerly carried R-1A zoning, and, when annexed, was changed to R-3. The owner of the property also has requested time upon the agenda, although he stated no reason and it is presumed that his appeal is in relation to the citizens' petition.

The owner of five lots in Altamonte section of Sanlando has requested a zoning change from R-1A to R-2 in order to build duplex apartments in the area.

The problem emanating from an elevated water storage tank on Palm Springs Road in the Cranes Roost area will be discussed by council.

Two bid openings are scheduled; that of a new garbage truck for the city and for construction of a utility system on Jasmine Road.

Mayor Lawrence Swofford will report to council upon his recent trip to Jacksonville where he met with officials of the Office of Housing and Urban Development (HUD) relative to extension of the city's sewer system. Swofford has stated that the office, recently moved from Atlanta to Jacksonville, is not completely organized in the transition, and he was not able to meet with the majority of former contacts and must reestablish his liason.

The extension will be to the north and east sections of the city. Also discussed was the city's park development plan, for which the municipality is seeking federal funding.

Dr. Kelly To Speak In Deltona

Dr. Thomas C. Kelly of DeLand will be guest speaker at the Oct. 18 meeting of the Deltona Lions Club at the Deltona Inn.

He has been Volusia County manager, under the new county council type government, since last May. He was chief administrative officer for Prince George County, Md. He taught economics and government at the U.S. Naval Academy and lectured at the University of Maryland and American University.

FUNNY BUSINESS By Roger Bollen

Adjustment Board Meeting Is Tonight

Only two public hearings for special exceptions faces the regular meeting of the Seminole County Board of Adjustment tonight at 7 p. m. at the courthouse.

Drady Mathers is requesting an exception in an A-1 agriculture zone at the south end of Tuskawilla Road in order to remove surplus dirt and enlarge a watering pond for a grove.

Mabel Krajci is requesting a special exception in a C-2 commercial zone on U. S. 17-92, north of Longwood, to park a mobile home on the property.

Eight public hearings are scheduled for requested variances, and 27 applicants are requesting trailer parking applications.

CORPORATE profits tax, as espoused by Gov. Reubin Askew, was discussed by Lt. Gov. Tom Adams (right) before the Greater Sanford Chamber of Commerce directors Friday. He is applauded by City Commissioner and Mrs. W. Vincent Roberts. (Bill Scott Photo)

ALL EYES ARE ON Clifford Martin as he falls into the end zone for a touchdown, despite two Evans tackles hanging on. Martin rushed for nearly 200 yards and scored 26 points in Friday night's game played in Orlando. The Seminoles are now 4-1 on the season. (Don Vincent Photo)

Brent Carli Fills Shoes

Second Half Beats Evans Trojans

By GARY TAYLOR

ORLANDO — Brent Carli is only a sophomore, but he filled a pair of mighty big shoes Friday night as he led Sanford's Fighting Seminoles to a 35-13 win over the Evans Trojans.

With the score knotted 13-13 at the half, senior quarterback Ronnie Howell had to be rushed from the field with severe stomach pains. Team physician, Dr. Brooke Smith, diagnosed the problem as possible appendicitis. It turned out that wasn't the case, but that Howell was probably just exhausted from playing both offense and defense. Players reported Howell passed out in the dressing room during the halftime break.

On the second play from scrimmage, Thomas Whitley broke loose for 60 yards and an Evans TD. Tim Fox kicked and the Trojans led 7-0 with 10:43 left in the initial period of play.

The Seminoles took the kickoff, and after moving the ball 37 yards, Mark Carli fumbled and Pete Morley recovered for Evans. They couldn't move the pigskin and punted, giving the ball to the Tribe on their own 22 yard line. The 78 yard drive was climaxed with 10:17 to go in the half when Clifford Martin scored the first of his four touchdowns, a one yard plunge. Alan Singletary kicked and the score was tied 7-7.

Evans took the kickoff, and after an incomplete pass and a one yard run, quarterback Jeff Stilwell fired a 58 yard aerial to Willie Jones for a touchdown. The kick failed and Evans led 13-7 with 8:50 left in the first half.

The ball exchanged hands several times but Clifford Martin climaxed an 82 yard drive with a five yard TD run with 1:48 left in the half. A 31 yard carry was the highlight of the drive. The kick failed and the score was tied 13-13 at the half.

The Seminoles began to roll up a lead in the third period. The Tribe took the second half kickoff and marched 55 yards to score. Martin had the honors again as he dived over from a yard out. The kick failed and the Tribe led 19-13 with 8:27 left in the third quarter.

The Seminoles kicked off and Jones fumbled the ball after returning it only seven yards. Bobby Reynolds fell on the ball for Sanford. Martin carried 13 yards for a first down and then 25 yards for his fourth TD. Mark Carli ran into the end zone on the conversion and the score was 27-13 with 7:26 left in the third quarter.

Then with one second left in the third quarter, Leroy Fisher, who replaced Martin on several plays in the final minutes of the game, went seven yards for a score. Martin ran the conversion and the score was 35-13 in favor of Sanford.

There was no scoring in the final period though the Seminoles threatened twice. Once the Tribe got inside the 10 but Martin fumbled and an Evans player fell on the ball. In the final seconds of the game the Seminoles again threatened. It seemed coach Tom Perrin was not satisfied with the score as he instructed his captains to call for time-outs twice in the final 10 seconds of the game. Their scoring efforts ended at the four yard line on an incomplete pass.

Martin scored 26 points, rushing for 238 yards and catching a pair of passes for 25 yards. Martin carried 26 times, averaging nine yards to the carry. He lost a pair of fumbles. Billy Jiminez carried nine times for 55 yards and Mark Carli carried nine times for 46 yards. Fisher, playing very little, carried eight times in the final minutes, picking up 50 yards.

The Seminoles are back home next week as they entertain Daytona Beach Seabreeze. It will be the annual Homecoming contest for the Seminoles. The Seminoles are now 4-1 on the season while Evans dropped to 2-3.

HERALD SCOREBOARD

Lyman Suffers 27-21 Loss

Boone Confuses Hound Defense

By HERKY CUSH

ORLANDO— Mass confusion was cited as the "probable cause" for the Lyman Greyhounds helping the Boone Braves break into the win column for the first time this season Friday night in the Tangerine Bowl.

The "mass confusion" was the tag put on the performance of the Lyman defense which permitted four touchdowns in the 27-21 setback Friday night.

"Last week it was our offense that was completely confused and tonight our defense just could not adjust," said Dick Copeland after the game Friday night.

In "defense" of the offense it was operating at a disadvantage the entire game. First team quarterback Bruce Rose was not dressed for action. Second team quarterback Tom Bacchus did a commendable job until he injured his shoulder on the final play of the first half. Third stringer Steve Weichert nearly led the Hounds to victory but his inexperience caught up with him late in the game.

Weichert was the unfortunate victim of the pass theft by Boone's Gary Vick. It was 20-14 in Boone's favor when the Hounds with Weichert at the controls, were bidding for the possible typing or go ahead score.

It was intended as a screen to halfback Greg Wallick but Weichert floated the ball a little too softly and Wicks came charging up and was home free down the sideline.

Stepping into the shoes of Bacchus was not the most enviable job but Weichert came on at the outset of the second half and did a great job of ball handling.

The first time the Hounds had the ball in the third period they marched down to the Boone two yard line where a drive halted. On a fourth and two at the four yard line fullback Bob Florence appeared to have the first down made but when the ball was placed by the linesman it left Lyman a foot sh[illegible] and Boone took over.

Next time the Hounds had the ball they consumed nearly seven minutes and finished with a drive that put them ahead 14-13. Florence did the honors from a yard out on the first play of the final period and when Wallick booted the extra point it appeared as if Weichert might be the hero of the night.

But such was not to be as Boone put together a drive midway in the final period to go back in front. The drive was aided by two pass interference calls by the officials who picked up 30 of the 52 yards needed by Boone. The score came on a 22 yard pass from Glen Zalman to his favorite receiver Scott Snuir.

Lyman took the opening kickoff and marched right down the field for the game's first score. The Hounds stuck to the ground completely in their drive. Bacchus circled his left end for 14 yards and just made it to the flag with a block by Florence springing him loose. Wallick sent the ball through the uprights making it 7-0 with 8:37 left in the uarter.

Boone came back with a serious threat but that's all it was—just a threat—as the Hounds halted the march at their own 20.

After forcing Lyman to punt the Boone offense was applying the pressure again and this time were not going to be denied a score. They marched 48 yards in nine plays for the tying score. Zalman was getting plenty of time to throw and took advantage of it. He completed three passes in the drive including a touchdown toss of six yards to Schuler with 10:46 left in the half. Schuler also added the extra point via a kick to knot the score.

The Braves had the momentum working in their favor at this point and proceeded to drive 73 yards on the passing arm of Zalman for their second score next time they had the ball. As in the first drive Zalman completed three aerials with the big one being a 27 yarder to Schuler. Bob Hair burst up the middle for the final 12 yards and the touchdown. The conversion attempt missed leaving the Braves with a 13-7 lead.

Lyman was not dead by any stretch of the imagination and were threatening not once but twice in the final five minutes but could not go in for the store. Florence took off on a 53 yard dash down to the Boone 12 yard line after the Braves had gone ahead. Bacchus was hit for a two yard loss, threw an incomplete pass then was swarmed upon as he attempted to pass on fourth down.

Bacchus received his injury with seconds left in the half. He was thrown hard to the ground by a Boone defender and landed heavily on his shoulder.

On the first play of the final period the Lyman frustration ended when Florence crashed over to put the Hounds ahead.

Next time Lyman got the ball they were in good field position at their own 48 but a first down fumble by Florence gave that good field position to Boone. The Braves appeared in trouble when they were cited for pass interference on first down. But the next two plays found Lyman hit with pass interference calls and the Braves advanced the ball 30 yards on two "incomplete" passes. From the Hounds' 37 Frank King bolted 15 yards to the 22. On the next play the Zalman hit Schuler with a pass for the score.

Shortly there after came the interception by Vick who picked the lateral pass out of the air at the Lyman 45 and went untouched for the score.

Forced to go to the air lanes the Hounds moved in for their final score when Weichert hit Terry Travis with a eight yard scoring pass. On the extra point the usually hawkeyed officials permitted Lyman to kick the extra point while the Hounds' LeRoy Jackson was running on then off and back on to the field.

Red Devils Blank Lions In Orange Belt Contest

By LARRY NEELY

Herald Sports Writer

WINTER GARDEN — The Lakeview Red Devils swept their second Orange Belt Conference contest of the year Friday night at the expense of the Oviedo Lions. The Winter Garden team swamped the struggling Oviedo eleven 27-0.

It was the two pronged attack of Johnnie Collier and Ron Moore that did most of the damage to the Lions, but field mistakes again took their toll against the Lions. Winter Garden came up with one Oviedo fumble and two pass interceptions to stop potential scoring after momentum had been gathered by the Lions.

The Lakeview team wasted no time in getting on the scoreboard. Mid-way into the first period the Red Devils mounted a successful scoring drive which was capped by a 31-yard jaunt by Collier. Lyn Burch got his hands on the attempted PAT, but the blocked point was little compensation for what was to come.

Carlton Brundidge returned the ensuing kickoff from Oviedo's eight yard line to the 35 yard stripe of Lakeview, but the Lions displayed a seemingly unwillingness to win as they fumbled control of the ball to Lakeview. Later Moore broke loose at midfield and scrambled the distance to the Oviedo goal line untouched for the Red Devil's second score of the game and quarter. Clyde Hicks converted the extra point effort for Lakeview as they expanded their lead to 13-0.

In the second period the Lions mounted a drive from their own 28-yard line after Collier fumbled the ball and Oviedo's John Reade recovered. The Lions moved convincingly toward the Lakeview goal line but the drive lost its momentum just inside the Red Devil 20-yard line.

It was just minutes into the third frame of the game when Lakeview added more points to their total when Red Devil quarterback Joe Barfield turned what at first appeared to be a big loss from the Lakeview squad into six points. Barfield had guided the Red Devil eleven into Oviedo territory and dropped back to pass and scrambled hard before finally hitting Moore on a 35-yard aerial bomb. Moore was surrounded by Oviedo defenders at the Lion 20-yard line, but he wriggled through them all for the score. The extra point effort by Hicks was wide off the mark.

The Lions took the Lakeview kickoff and moved into Red Devil territory before a pass interception halted their efforts at the Lakeview 30-yard line. David Bishop hopped onto a loose ball that had gotten out of Moore's hands, but the Lions were unable to move the ball and turned over possession on downs.

In the closing period of the match Barfield's aerial antics once again proved fruitful for the Lakeview squad. The Red Devil quarterback hit Collier with a 25-yard pass for the final score of the game. Mac Buford crossed the goal line for the two point conversion to wrap up the scoring of the game.

Alan Daniel paced the ground attack of the Lions gaining 32 yards. Daniel also added an additional 16 yards with pass receptions. Brundidge was the over-all yardage gainer, picking up 27 on aerials and 25 on the ground. Tom Sievert added 12 yards to the rushing effort of the Lions with Burch collecting nine yards. David Jackson led Burch's receivers with 29 yards.

Collier led the ground efforts of the Red Devils with 127 yards on 13 carries with Moore amassing 94 yards on eight carries.

The contest upped Lakeview's mark to 3-2 for the season, 3-0 in Orange Belt competition. Oviedo, on the other hand, fell to 1-4 with a 0-2 mark in the OBC.

Friday night the Lions will play host to the Kissimmee Osceola Kowboys in Orange Belt action at John Courier Field in Oviedo.

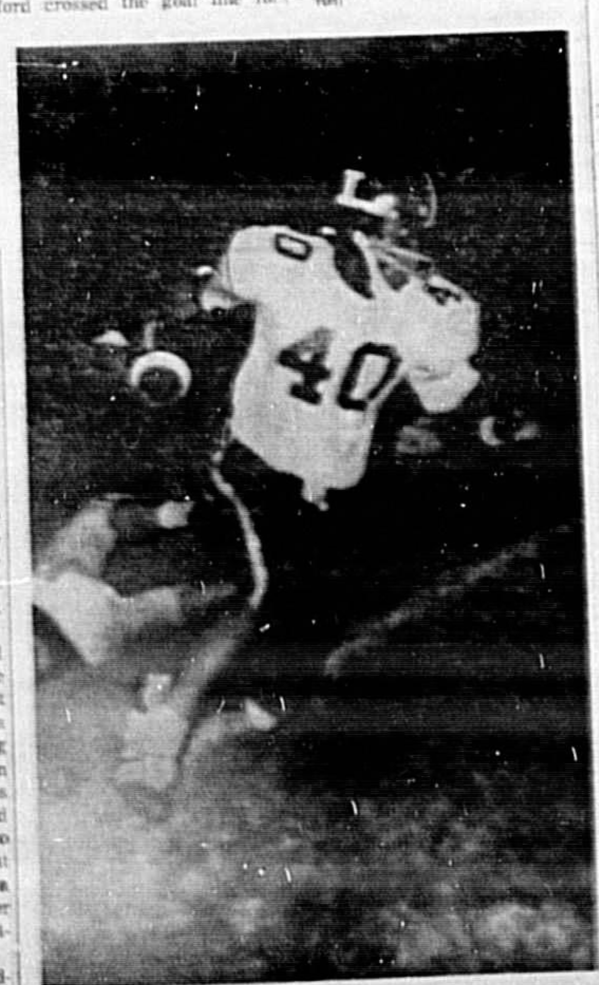
Seminoles Move Up In Poll

The Fighting Seminoles of Seminole High moved up to 10th place in this week's prep football poll released by the Florida Sports Writers Association. Sanford was 11th in last week's voting.

Ft. Pierce Central remainded in control of top spot in the poll. Lakeland Kathleen shot into second place and Tampa Hillsborough is third. Among other Central Florida teams in the top 20, Palatka South is 12th, Merritt Island is 15th and Winter Park is 20th. Vero Beach, the only team to beat Sanford, fell from eighth to a tie for 18th with Clearwater after suffering their first setback.

In the Class AA-A poll, Wildwood and Eustis remain in the one-two spots respectively. Both teams have 5-0 records. Umatilla is 13th and Winter Garden Lakeview is 14th. Wymore Tech rounded out the local teams in the poll, coming in 16th.



RON MOORE (40) of Lakeview ran circles around Oviedo defenders Friday night. The 5-foot-11 senior of the Red Devils totaled 94 yards and a pair of touchdowns for the Winter Garden team as they recorded a 27-0 blanking of the Lions in Orange Belt Conference action. (Larry Neely Photo)

Rose Not Allowed To Play

And then there was one.

That was the situation facing Lyman head coach Dick Copeland at the outset of the second half last Friday when his Greyhounds met Boone in the Tangerine Bowl, and there was but one quarterback left to call upon.

An air of mystery surrounded the Lyman bench at the start of the game when second team quarterback Tom Bacchus started in place of three year regular Bruce Rose.

Inquiry as to the why's and how come Rose was not even dressed for the game brought the same answer from members of the Lyman team. "We are not at liberty to say."

Rose was dressed in street pants and his Lyman High football jersey and was "pacing" up and down the sideline while his teammates were losing a 27-21 verdict to a Boone team which went into the game winless.

Information acquired after the game solved the mystery. It was learned that Rose was not permitted to play because of his father's orders.

It is expected (and hoped by Lyman fans) that the orders of the senior Rose will be recinded and the Hounds star quarterback will be back in the lineup this week when the Hounds meet Jones at home.

If Rose is 'unable' to play it will be third stringer Steve Weichert, a 127 pound junior getting the call.

DEEP IN THOUGHT is Lyman quarterback Bruce Rose as he sits dejected on bench during last Friday's game with Boone. Physically able Rose was kept out of action by his father. (Don Vincent Photo)

'THANK YOU, MR. PRESIDENT'

No-Name Hurlers Make Bucs Tops

By HAL BOCK

Associated Press Sports Writer

BALTIMORE (AP) — In the end it was a maligned pitching staff working without its top winner that turned the tables for the Pittsburgh Pirates and made them baseball's world champions for 1971.

Steve Blass, his hair soaked with champagne, stood on top of a table in the bedlam of the Pirate dressing room Sunday and shouted, "We've got a no-name pitching staff but we're the champions."

Blass had just pitched the Pirates to the title, beating Baltimore 2-1 on a tension-packed four-hitter that captivated a nation-wide television viewing audience which included President Richard Nixon.

The President called the Pirate dressing room after the game to congratulate Manager Danny Murtaugh and his team on their first title in 11 years.

"He complimented me on looking so calm on the bench," said Murtaugh, "and he said that although the day belonged to Blass and Roberto Clemente, it took a real team effort to win the Series. I thanked him for taking the time to call. It was a tremendous tribute to baseball and a great thrill for me."

Nixon also phoned the Oriole dressing room to talk to Baltimore Manager Earl Weaver, who often had lamented over not hearing from the President, despite the past successes of his team.

It was Murtaugh who manipulated the seemingly thin Pirate pitching staff to the title. Deprived of his biggest winner, Dock Ellis, who worked only 2 1-3 innings in the Series, Murtaugh won it anyway with two sensasional jobs by Blass, a shutout by journeyman Nellie Briles and a brilliant relief job by 21-year-old rookie Bruce Kison.

"Anytime you go into a Series like this, the emphasis has to be on the pitching," said Murtaugh. "They had four 20-game winners, but we had enough pitching to win our division and the pennant, so I thought we'd have enough now."

And while the Pirate pitchers, shelled for 16 runs and 24 hits in the first two games of the Series, suddenly shut off the Oriole offense, Clemente stepped into the hitting spotlight.

A veteran of 17 major league seasons, the slugging right fielder tore the Orioles apart, collecting 12 hits, one short of the Series record. He was the obvious choice as the Series' most valuable player.

"This means so much to me," said Clemente. "I'm 37. I might never get to play in another World Series."

Clemente did it all in this Series. His flawless fielding and a rifle arm kept the Baltimore baserunners wary throughout. And his big bat marked the eventual downfall of the defending champions.

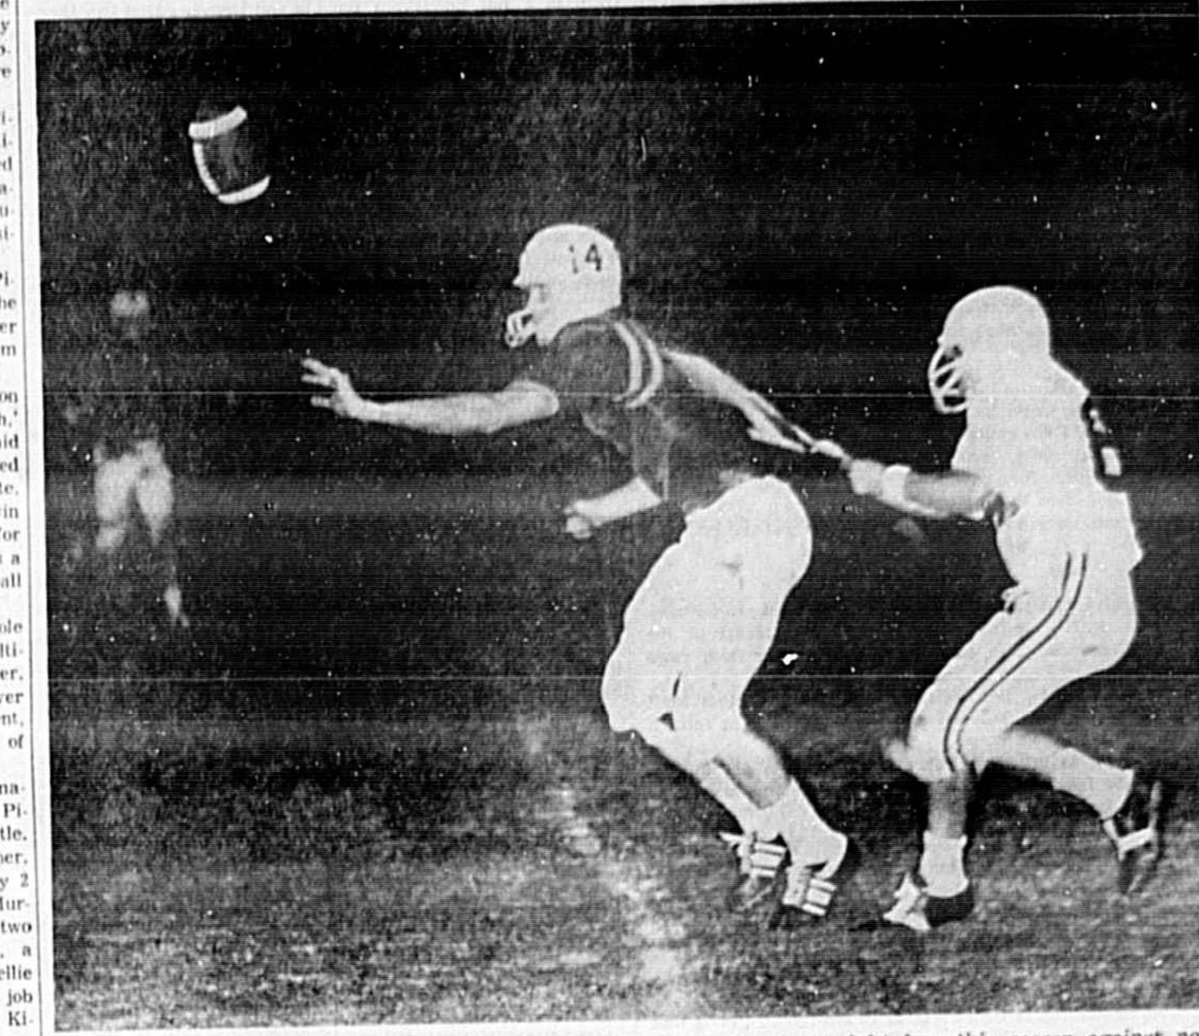
It was Clemente's booming fourth-inning home run that put Pittsburgh in front Sunday. The shot was the first hit off loser Mike Cuellar, who had retired the first 11 Pirates in order.

"Now people in the whole world know how I play," said Clemente, who glittered in the spotlight of the Series.

"I wanted to show people that the Roberto Clemente who swings bad in the playoffs against Cincinnati last year, is not the real Roberto Clemente. I was hurt and I couldn't swing the bat. I wanted to finish what we started last year."

Clemente's homer woke the Pirates up. "It was like an explosion in the dugout," laughed Murtaugh, who also managed Pittsburgh's last champions in 1960.

Armed with the lead, Blass bore down. "I was rushing myself early in the game," the right-hander said. "But around the fifth inning, I fell into the same rhythm I had in the first game."



PASS INTERFERENCE ? ? ? A Sanford Naval Academy defender has Lake Weir player Kent Mobley by the shirt as the latter tries to reach for a pass. The Middies lost the game 38-14, marking their fourth straight loss this season against no wins. The Hurricanes, on the other hand snapped an 18-game losing streak with the victory. (Don Vincent Photo)

Cleveland Sets The Pace In Trinity Prep Victory

JACKSONVILLE — Trinity Prep's defense turned into a red hot monster Friday night to hold off a threatening Jacksonville Episcopal team enough to preserve the Saints spotless record. The 20-18 squeaker upped the Saints' slate to 5-0.

As was last week's win and any future victory will be, Friday's winning performance upped the Saints' record for consecutive wins and for total wins in the season. With the Trinity Pred squad at mid-season things will not be downhill, but the Saints have built up momentum as only one other school, Winter Park, has been able to do in the Orange-Seminole-Osceola tri-county area. That is to remain undefeated.

Laurence Cleveland put in an outstanding first half performance for the Saints scoring all three of the Trinity Prep touchdowns. The junior ace of the Saints handled the ball only six times in the first two periods of play, but was able to rack up a total of 104 yards.

The closeness of the game was something new to Head Coach Bob Fox's crew this season. The Jacksonville team was the first on the scoreboard to make them the only team to hold a lead of the Trinity Prep 11 this season. Tom Dent piled over from the two yard stripe for the game's initial score.

Cleveland replied for the Trinity team by taking the ensuing kickoff and running it 89 yards down the throat of the Episcopal team's throat to knot the game at 6-6. Mark Hanna did his duty for the Saint 11 by splitting the uprights on the PAT effort.

The Jacksonville team battled back and Dent again did the scoring honors for the north Florida team by racing 30 yards to paydirt. Jacksonville Episcopal again tried for the two point conversion, but their second effort was not more successful than the first.

Down five points going into the second frame, the Saints put their nose to the grindstone, both offensively and defensively. Cleveland stopped an Eagle drive with a pass interception, but not satisfied with simply stopping the Jacksonville team, Cleveland raced 65 yards to the Jacksonville goal line to put the Saints back out in front. Hanna provided the icing to the score as the Trinity 11 held a two point edge.

Later in the second quarter, Cleveland did the honors again, this time the unior speedster broke loose from his own 16 yard line and eluded all of the Eagle defenders en route to the score. The Saints attempted the two point conversion, but failed on the pass try.

The Eagles threatened with a tie in the third period when Alex Gaskin scored from the one yard line for the Jacksonville team. The attempt for the two point conversion, which would have given the Episcopal team a tie, was unsuccessful and Trinity's 20-18 margin was enough for the remainder of the contest.

Jack Zimmer fell about a foot short of the Jacksonville goal line on the final play of the contest as Trinity Prep rolled to 5-0.

Jacksonville Episcopal had done their homework when it came to Trinity Prep's potent passing game. Parsons passed only six times. Three of his aerial attempts were complete for a total of only 34 yards. The Eagles intercepted Parsons only once.

The Saints will be in Miami Friday when they meet Miami Military Academy.

Lake Weir Finally Wins

SNA '11' Loses Again

Coach Bill Klein's Middies, now 0-4 on the season, have problems. But those problems are nothing compared to Lake Weir's troubles which were solved Saturday night. The Lake Weir Hurricanes rolled past Sanford Naval Academy 38-14, marking the first win for Lake Weir after 18 straight losses. It was coach David Lawrence's first victory in two years at the school.

The Middies lost the toss, but David Left made up for that when he recovered a fumble on the kickoff. Four plays later the Middies were punting as their drive was stalled at the 47 yard line. On the first play from scrimmage for Lake Weir, talented Billy Franklin broke no less than four tackles as he raced 89 yards for a touchdown. The kick was off target and with 8:30 remaining in the game, the Hurricanes led 6-0.

Late in the first quarter the visitors quick kicked and the Middies took over at the 40 yard line. After seven short gains, a 16 yard carry gave the Middies the ball on the 24 yard line with a first down. Quarterback Fran Left went the distance for the score. The conversion attempt failed and the game was tied 6-6 with 11:30 remaining in the first half.

Lake Weir took the kickoff, but lost the ball four plays later when Ed Horner recovered a fumble. The Middies drove down to the 39 yard line before they were forced to punt. After carries of three and 11 yards by Lloyd Townsend, Franklin broke loose again and went 68 yards for a TD. Again the kick failed, and with 2:25 left in the quarter, Lake Weir held a 12-6 lead.

The Middies took the second half kickoff, but couldn't keep a drive going. The Hurricanes took over and marched 58 yards for the score. Again it was Franklin, this time going 45 yards. The visitors led 18-6 with 7:01 left in the third period.

The kickoff rolled out of bounds and the Middies took over on their own 40 yard line. Frank Left climaxed the drive by going in from the two-yard line. Bob Garcia made the big play of the drive when he broke several tackles in picking up 20 yards. Garcia carried on the conversion and Sanford Naval trailed only 18-4 with 2:59 remaining in the third period.

Lake Wier took over on their own 45 yard line after the kickoff. Franklin carried for 11 yards and Townsend followed with a nine yard run. Franklin picked up the first down with a seven yard run and Townsend scored the touchdown on a 28 yard carry. The kick failed and the Hurricanes owned a 24-14 lead with 47 second remaining in the third quarter.

Berry Brown took the ball over from the six yard line with 8:50 remaining in the game for another Lake Weir score. Quarterback Kent Mobley hit Donald Gillum on a pass for the conversion, making the score 32-14.

But the Hurricanes weren't through. With 1:27 remaining in the game, Brown scored again, this time from the two. The conversion attempt failed the final score read 38-14.

The Hurricanes gained 393 yards rushing and 51 passing, while the Middies rolled out 143 yards on the ground and 37 yards in the air. But the Middies were out-side. While the biggest Middie is only 185 pounds, Lake Weir had four players that tipped scales at more than 300 pounds. The Hurricanes also had more experience with 15 touchdowns compared to four for the Middies.

EBB HAIR CONSULTANT
IN SANFORD, FLA., WEDNESDAY
WILL EXPLAIN HAIR PROBLEMS FREE

Birmingham, Ala., Oct. 18 Mr. O. L. Lopp will be back in Sanford, Fla., again Wednesday, Oct. 20. Now is the time to act on this great opportunity. Every man and woman now loosing hair should take advantage of this FREE CONSULTATION.

GUARANTEED

You will be given a written guarantee on a pro-rated basis from the beginning to the end. Naturally we could not give you such a guarantee if it didn't work.

CAN'T HELP

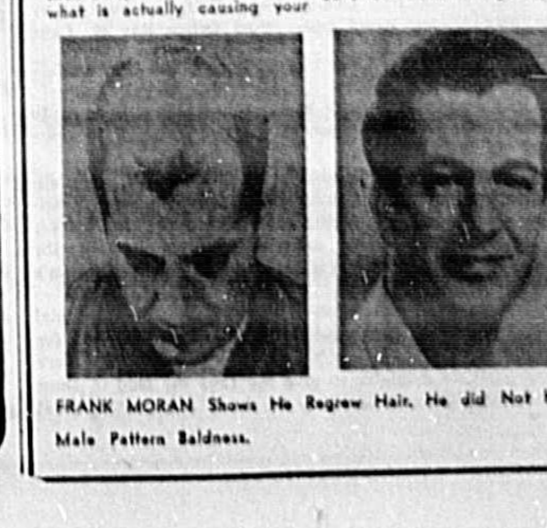
Male pattern baldness is the cause of a great majority of cases of baldness and excessive hair loss, for which no method is effective. Ebb Hair Specialists cannot help those who are slick bald after years of gradual hair loss.

But, if you are not already slick bald, how can you be sure what is actually causing your hair loss? Even if baldness seems to "run in the family," this is certainly no proof of the cause of your hair loss.

Many conditions can cause hair loss. No matter which one is causing your hair loss, if you wait until you are slick bald and your hair roots are dead you are beyond help. So, if you still have hair on top of your head, and would like to stop hair loss and grow more hair . . . now is the time to do something about it before it's too late.

FREE CONSULTATION

Just take a few minutes of your time on Wednesday, Oct. 20, and go to the Holiday Inn in Sanford, Fla. between 1 p.m. and 8:30 p.m. and ask the Desk Clerk for O. L. Lopp, room number. There is no charge or obligation . . . all consultations are private, you will not be embarrassed in any way.



FRANK MORAN Shows No Regrow Hair. He did Not Have Male Pattern Baldness.

As I See It!

by Gary Taylor

Seminole High quarterback Ronnie Howell had to be rushed from the field Friday night with severe stomach pains. It seems these were due to his exhaustion from playing both ways.

You know, I can see teams like Sanford Naval and Oviedo playing both ways, but somehow I just can't believe it was that necessary to have the quarterback for Seminole going both ways.

One thing for sure, the Seminoles have taken steps to cure Howell of his mouthpiece problems. In most cases, the mouthpiece is attached to the face mask of the helmet. Howell had been called several times when he left his hanging out of his mouth when the play began.

According to members of the team, Howell's mouth piece was cut from his helmet where he would not forget and leave it hanging. It must have worked as he didn't get called for that offense.

★ ★ ★ ★

Most teams would be happy to have a 35-15 win, but not Seminole. The Tribe called time outs two times in the last 10 seconds Friday night, trying for one last score.

Several Evans fans voiced their disapproval of the tactics. Now I wonder how the Sanford coaches and fans would feel if the Seminoles were losing by about 30 points and the opposing team tried to rub their noses in the mud.

★ ★ ★ ★

Keep those cards and letters coming. My thanks to the ones that have written so far, concerning the broadcast of the Lyman - Seminole game, but I'm waiting to hear from more people.

WTRR is seeking broadcast rights of the game that can't help but be a sellout, but so far the station has been refused the permission by the school.

I'm going to get there early and I plan to get in, but some of you fans might not be so lucky, so let me know how you feel.

★ ★ ★ ★

Seminole High Homecoming is this weekend against Daytona Beach Seabreeze. Let's hope the weatherman will be kind to us for the first time in about three years. It is a shame to see the work of the students go down the drain when the rains come.

★ ★ ★ ★

They're dancing in the streets at Pittsburgh . . . or is that rioting? I understand that the people of that city have made quite a disturbance following the Pirates win in the final game of the world series.

I'll say one thing, Herald Sports Writer Herky Cush called it all the way. Now it wasn't because he's such a baseball expert, it's just that he comes from that area of Pennsylvania.

★ ★ ★ ★

The Oviedo High School Athletic Booster Club is still chipping away at the tremendous athletic department debt. Prior to the Apopka game the club sponsored a chicken dinner. Now they have another project cookin'.

On October 30 Frisch's Restaurant on Aloma Drive in Winter Park has consented to a career day. Athletes and cheerleaders will take over the operation of the restaurant that day and get to take home 60 per cent of the take above the average gross the four weeks prior. To make the effort successful requires all the Oviedo fans and supporters to grab a meal at Frisch's. Understand this is something that Frisch's does around the country to support the schools.

Lyman won't be the only school with advertising around their fields after next year. The Oviedo boosters have adopted this as a good method for reducing the debt at the school and raising funds for a new field. Ray Nesmith, president of the boosters, and his co-workers are to be congratulated for their efforts.

Seminole County Schools are fortunate for the active support they get from parents and supporters. It takes that kind of support to get the most out of an athletic program.

★ ★ ★ ★

John Cherwa of Casselberry is doing a pretty good job of picking the winners in The Herald football contest. He was tied for second last week and then took the top spot this week.

Five people had only two wrong, but in the tie-breaker, Cherwa called for the Florida Gators to win.

★ ★ ★ ★

Alberto and Sala are having a tight battle in the win department at the Orlando-Seminole Jai-Alai Fronton following the first two weeks of action. The two are tied with 18 wins each. Both are new players at the fronton this season.

Pedro and Garita, who have both been in the lead at times this season, have 16 wins each. Manolo has 15 wins.

Alberto has also been in the money more than any other player. He has placed in the money 48 times. Garita has finished in the money 46 times and Muguerza has been in the top three spots 45 times.

Lee Trevino, 1971 U.S. Open Golf Champion and winner of three other top '71 PGA tournaments, has signed to playing the First Annual Walt Disney World Open.

Other tourning pros who have recently committed for the November 29 through December 5 $150,000 Walt Disney World Open are Tommy Aaron, Frank Beard, Julius Boros, Bob Murphy and Juan "Chi Chi" Rodriguez. They join Arnold Palmer, Billy Casper, Charles Coody and Jerry Heard who will also play in the newest addition to the PGA tour.

The Walt Disney World Open will be played on the Par 72 Magnolia Course which will stretch to more than 7,000 yards for the Tournament. The Magnolia Course is one of two championship coursess now open at Walt Disney World.

A $5,000 Pro-Am Tournament on December 1st is part of the Walt Disney World Open schedule. It will feature top pros, nationally known entertainment celebrities and leading businessmen.

Advance ticket sales, ticket information and order forms are available at the Walt Disney World Golf Clubhouse or by writing Walt Disney World Open, Post Office Box 40, Lake Buena Vista, Florida 32830.

Stock car racing at New Smyrna Speedway is here to stay, despite forced cancellation of the last event of the current season.

The event planned for Saturday night, October 23, was called off by track officials due to an insufficient number of available cars and a conflict in racing dates with other area tracks.

At the end of a long season, many cars are out of action with mechanical problems, and drivers are waiting for next season's rules before rebuilding.

Track promoter, John Collins, said he called the final show in order not to disappoint the fans. "We're striving for quality racing at New Smyrna," he said. "We didn't feel there were enough cars available to give the fans the kind of show they deserve. But we'll definitely be back and running next season."

Washington Redskins Still Undefeated

By BRUCE LOWITT
Associated Press Sports Writer

The old men got together for another one in Washington while one kid did some masterminding in New Orleans.

"The old geezers did it again," Coach George Allen grinned after his undefeated Washington Redskins won their fifth in a row Sunday, a convincing 20-0 whipping of the St. Louis Cardinals.

And quarterback Archie Manning, New Orleans, No. 1 draft choice, took advantage of six Dallas turnovers to run for two touchdowns and pass for a third as the Saints upset the Cowboys 24-14.

In Sunday's other National Football League games, Baltimore walloped the New York Giants 31-7, the New York Jets toppled Buffalo 28-17, Cleveland nosed out Cincinnati 27-24, Miami crushed New England 41-3, San Francisco beat Chicago 13-0, Detroit dumped Houston 31-7, Los Angeles defeated Atlanta 24-16, Minnesota turned back Green Bay 24-13, Oakland ripped Philadelphia 34-10 and Denver edged San Diego 20-16.

The Pittsburgh Steelers take on the Chiefs in Kansas City in Monday night's nationally televised (ABC, 9 p.m., EDT) game.

"We keep hearing that the 'old men' are going to fold or that the balloon will bust," Washington quarterback Billy Kilher said. "We have something to prove every week."

Kilmer and Charley Harraway each ran for a touchdown and Curt Knight booted two field goals for the 'Skins, but the star of the day was linebacker Jack Pardee, who intercepted three passes to thwart the Cardinals. "I guess they feel sorry for an old man," he laughed.

The victory boosted Washington's lead in the NFC East to two games over the Cowboys, whose coach, Tom Landry, muttered: "When you give them away, you can't win them. What went wrong? Our kicking, passing running-nobody was playing."

Dallas fumbled the ball away three times and had three passes intercepted. "For the first time this year," Saints Coach J. D. Roberts said, "our special teams started forcing the errors and started making the big plays for us."

Manning passed 29 yards to Tony Baker for New Orleans' first touchdown, then scampered 13 and two yards for two more, countering Roger Staubach's two scoring passes for the Cowboys.

Norm Bulaich rumbled for 108 yards, including 34 for a touchdown, and caught a 27-yard pass for another score in the Colts' romp. "Our running game was going and we mixed in a few pases," quarterback Earl Morrall understated. He also fired two scoring strikes to Ray Perkins as Baltimore broke open the game against the Giants with 21 points in the second quarter.

Boog Davis, the Jet's third-string quarterback making his first start since 1969, passed for a pair of touchdowns against the winless Bills and Emerson Boozer churned up 116 yards, including a two-yard touchdown, as New York scored more points than it had managed while losing three of four previous games.

"I couldn't hear the count so I went with the snap of the ball," said Bo Scott of the Browns, who went four yards with it into the end zone for his third touchdown of the game with 39 seconds remaining to stun the Bengals.

"They beat the living hell out of us," was all shell-shocked Patriots Coach John Mazur could say after Bob Griese fired four touchdown passes, two apiece to Paul Warfield and Howard Twilley, while the Dolphins held New England to just 117 total yards and smothered quarterback Jim Plunkett six times.

The 49ers survived a shaky offensive performance to score their first shutout in 10 years. John Brodie's 12-yard pass to Gene Washington provided the game's lone touchdown.

Lem Barney raced 28 yards with an interception for a touchdown and Steve Owens rammed over for two more as the Lions overwhelmed the Oilers' defense with 230 yards on the ground.

'They Didn't Give Up'

Jones Proud Of FSU Seminoles

By F. T. MACFEELY
Associated Press Writer

Football coach Larry Jones says he's proud of his Florida State Seminoles because "they didn't quit." And they didn't but they lost just the same — to Florida.

Until that fateful Saturday on Florida Field, the Seminoles had been highballing to glory. Boasting a perfect 5-0 record, the Tallahassee gridders watched listfully as Floridians' eyes began to glance their way for a change. But then came last Saturday, the Gators, and the one game they wanted most to win. And then it was 5-1.

"Our heads will be up," promised coach Larry Jones.

And so, for the first time this season, will the heads of the Florida Gators, who capitalized on FSU mistakes for Saturday's 17-15 upset.

The taste of victory is so sweet the Gators will pursue it again when Maryland comes to Gainesville for homecoming Saturday afternoon with a 1-5 record to equal Florida's.

Except for FSU, all Florida collegeteams were on the winning side over the past weekend. Miami ripped up Navy 31-16, Tampa lived up to its No. 6 rank among small colleges with a 35-2 breeze over Drake, Florida A and M outscored Morris Brown 45-30 and Bethune-Cookman registered its third straight shutout in beating Savannah State 9-0.

The Miami Hurricanes will be idle this week before testing their 3-2 winning record against another service academy, Army. Tampa comes back against Villanova at home Saturday night, Florida A and M travels to Tennessee State, Bethune-Cookman plays Tuskeegee at Orlando Saturday night.

The big play that went against FSU and blocked the Seminoles from coming back all the way in the fourth quarter was a long third down pass from Gary Huff to Rhett Dawson. Dawson dived forward, grasped the ball in both outstretched hands but lost it as he hit the Astroturf at the Florida 30. There were 43 seconds to play and a completion would have put FSU in range of a winning field goal by barefoot Frank Fontes.

"I held it until my hand hit the turf," Dawson said. "I had it all the way down, but it was a judgment call and the official called it incomplete."

Quarterback Huff said "I guess he didn't catch it because the official called it that way. It was his judgment." and Coach Jones said the same, refusing to make an issue of it.

But many Seminole fans saw it as a repetition of the 1966 finish when FSU's Lane Fenner went high in the end zone and grabbed a Gary Pajcic pass that would have won the game. But the official said Fenner came down out of bounds and it didn't count.

Florida was a fired-up team, and captain Tommy Durrance said the torch was applied at 11 o'clock on the eve of the game when the entire squad assembled on the 50-yard line in the darkened stadium.

"We seniors wanted to impress on the juniors and sophomores the importance of this game," Durrance said.

Florida's 75-yard drive to the first touchdown was labeled the best against FSU this season by coach Jones.

Tampa rolled up 414 yards while holding Drake to 117 as quarterbacks Fred Solomon and Buddy Carter took turns leading touchdown drives.

The A and M Rattlers mounted a devastating scoring punch led by sub quarterback Rodney Montgomery, son of coach Clarence Montgomery, and freshman James Rackley.

Bethune's defensive unit yeilded only 87 yards and Anthony Penn ran for the only touchdown.

Sights Set On Top Spot

By HERSCHEL NISSENSON
Associated Press Sports Writer

Nebraska, Notre Dame and Penn State would all like to be No. 1 in the college football world, but right now the magic number for all three is zero.

That's the number of points each team has given up—or hasn't given up—in posting consecutive shutouts and making a strong case for the defense.

Top-rated Nebraska buried Kansas 5-0 Saturday, holding the Jayhawks to minus 42 yards in 35 rushing attempts on the heels of a 36-0 whitewash of Missouri.

Seventh-ranked Notre Dame, which blanked Miami of Florida 17-0 last week, did it to North Carolina 16-0 this time and took over the national lead in scoring defense. The mighty Irish defenders, headed by the awesome front four of Walt Patulski, Mike Kadish, Greg Marx and Fred Swendsen, have yielded only two touchdowns and 16 points in five starts.

Penn State, ranked ninth, tacked a 31-0 blanking of supposed-to-be-tough Syracuse onto a 42-0 blasting of Army a week earlier.

Elsewhere, second-ranked Oklahoma tramped sixth-rated Colorado 45-17 to remain unbeaten in Big Eight play along with Nebraska and Oklahoma State, which has lost outside the league.

Third-ranked Michigan trounced Illinois 35-6 and continued as one of three teams undefeated in Big Ten action. The others are 13th-rated Ohio State, a 27-7 winner over Indiana, and No. 20 Purdue, which nipped Northwestern 21-20.

The Southeastern Conference race headed into the stretch with four teams unbeaten in league play. Alabama, ranked fourth, whipped No. 14 Tennessee 32-15, No. 5 Auburn overtook Georgia Tech 31-14, No. 8 Georgia pasted Vanderbilt 24-0 and Louisiana State's defending champs, ranked 12th, squeaked by Kentucky 17-13.

Arkansas moved into the Southwest Conference driver's seat with Joe Ferguson passing for three touchdowns and scoring one as the 16th-ranked Razorbacks shelled 110th-rated Texas 31-7. Southern Methodist, the SWC's only other unbeaten team, opened league play with a 16-10 decision over Rice.

Arizona State, the No. 11 team, had its 21-game winning streak ended 24-18 by nonleague Oregon State but remained atop the Western Athletic Conference. Stanford, No. 15, took a giant step toward a second straight Pacific-8 crown with a 33-18 triumph over Southern Cal. The Indians are the only team which hasn't lost in Pac-8 competition.

Tonight's Wrestling

Jack Brisco puts his title on the line tonight against Bobby Duncum at the Orlando Sports Stadium's wrestling show.

Another title bout on the same card finds women's champ Bonnie Watson taking on June Peterson.

Other matches on the card include a tag team match with Don Curtis and George Geiser meeting Scandor Akbar and Ole Anderson, Bull Marcus meets Al Valesco, Smasher Sloan faces Juan Garcia, and Greg Peterson meets Black Bart.

. Agnew, Greeks Confer

By WALTER R. MEARS
Associated Press Writer

ATHENS (AP) — Vice President Spiro T. Agnew, reporting that he has "solid assurances" that Greece will continue to perform effectively on the southern flank of the Atlantic alliance, was conferring today with Premier George Papadopoulos and leaders of the Greek armed forces.

It was the final day of Agnew's official mission in Athens, to be followed Tuesday by a sentimental journey to Gargalianoi, the town his late father left for the United States 69 years ago.

Agnew was receiving a briefing at the Armed Forces Command Headquarters on the Greek role in ATO. Then he was to confer privatel yfor a second time with Papadopoulos

The vice president said Sunday night his talks in Athens already have proved useful and encouraging.

"The mutual dedication of our countries to the security of the North Atlantic Treaty Organization objectives is unshakable," he said in a banuet toast to Papadopoulos.

"When we leave Greece, we will take with us solid assurances that Greece will continue to effecitvely perform her responsibility as the southern anchor of the NATO defenses."

The Greek government decorated Agnew Sunday "for the distinguished service you have rendered to our country in the development of relations between our two countries." Lt. Gen. George Zoitakis, the regent for self-exiled King Constantine, awarded Agnew the Grand Cross of the Order of George I.

"This is a singular honor for one whose roots trace back to Greek heritage and history," Agnew said.

Legal Notice

In compliance with Chapter 102.012(5) Florida Statutes, 1967, notice is hereby given that the following named persons have been selected by the Board of County Commissioners of Seminole County, Florida, to serve as Clerks and Inspectors for the Special Election to be held on Tuesday, November 2, 1971.

Clerks & Inspectors—Precinct 1 —Portable, north side of Sanford Middle School, U. S. 17-92 Sanford
Peter J. Bukur, Clerk; J. E. Best, Ethel K. Peurifoy, Billie Blair
Clerks & Inspectors — Precinct 2— Wilson School, Paola
John E. Fox, Clerk; John P. Bates, Mrs. Ruth C. Kniffin, Mrs. Marie Hittell
Clerks & Inspectors — Precinct 3— Midway Fire House, Jitney Avenue

RESOLUTION OF BOARD OF COUNTY COMMISSIONERS OF SEMINOLE COUNTY

I, the undersigned, being the Clerk of the Board of County Commissioners of Seminole County, Florida, do hereby certify that the following is a true and correct extract from the minutes of a meeting of the Board of County Commissioners of Seminole County, Florida, duly held at Sanford, Florida, on the 12th day of October, 1971.

Upon Motion duly made, seconded, and unanimously carried, the following resolution was adopted:

WHEREAS, Robert Tait, as Trustee, is the owner of certain property in Sections 29 and 32, Township 19 South, Range 30 East, Seminole County, Florida; and

WHEREAS, said Robert Tait, as Trustee, by and through his attorney, J. Lindsay Builder, Jr., has petitioned the Board of County Commissioners of Seminole County, Florida, to close, vacate and abandon certain dedicated roads in Seminole County, Florida, described as follows:

1. That part of that certain dedicated road between the West right-of-way line of South Oregon Avenue and the East right-of-way line of Interstate 4, as contained in a Warranty Deed from Edwyn Sandy) Dawes, George Augustus Thomson and Anthony Norris, Trustees of the Florida Land and Colonization Company, of London, England to Seth Woodruff of the County of Orange and State of Florida, dated October 23, 1890, filed April 19, 1893, in Deed Book 70, Page 118, Public Records of Orange County, Florida. Said Warranty Deed reserved a strip of land 15 feet wide along the North side of the Southeast ¼ of the Southwest ¼ of Section 29, Township 19 South, Range 30 East, and stated that this strip of land is to be kept open as ½ of public roadway forever.

2. That portion of a certain dedicated road lying West of the West right-of-way of South Oregon Avenue and East of the East right-of-way of Interstate 4 as described in that certain Quit-Claim Deed from F. L. Woodruff and Minnie D. Woodruff, his wife, to the County of Seminole dated September 21, 1927 and filed October 3, 1927 in Deed Book 46, Page 112, Public Records of Seminole County, Florida, granting for road purposes the South 25 feet of Section 29, Township 19 South, Range 30 East and the North 25 feet of Section 32, Township 19 South, Range 30 East. By Quit-Claim Deed dated September 20, 1949, and filed May 3, 1950, in Deed Book 144, Page 381, Public Records of Seminole County, Florida, Meriwether L. Smith and Zona D. Smith, his wife, conveyed to the County of Seminole the South 30 feet of the East ½ of the Southwest ¼, Section 29, Township 19 South, Range 30 East.

NOW, THEREFORE, be it resolved by the Board of County Commissioners of Seminole County, Florida, that said petition to close, vacate and abandon the above described roads is hereby received by the Board of County Commissioners of Seminole County, Florida.

BE IT FURTHER RESOLVED, that the closing, vacating and abandoning of the above described roads be set for public hearing on the 2nd day of November, 1971.

IN WITNESS WHEREOF, I have hereunto set my hand and seal this 14th day of October, 1971.

ORDINANCE NO. 62
AN ORDINANCE OF THE VILLAGE OF NORTH ORLANDO, FLORIDA, EXPRESSING THE INTENT OF THE VILLAGE TO EXTEND ITS TERRITORIAL AND MUNICIPAL LIMITS TO ANNEX LANDS SITUATE AND BEING IN SEMINOLE COUNTY, FLORIDA, AND DESCRIBED BELOW, WHICH LANDS ARE LYING WITHIN TWO MILES OF THE PRESENT BOUNDARIES OF THE VILLAGE OF NORTH ORLANDO AND WITHIN SEMINOLE COUNTY; ANNEXING SAME TO THE VILLAGE OF NORTH ORLANDO, FLORIDA; REDEFINING THE CORPORATE LIMITS OF THE VILLAGE OF NORTH ORLANDO TO INCLUDE SAID LANDS WITHIN THE MUNICIPAL LIMITS OF THE VILLAGE OF NORTH ORLANDO; AUTHORIZING AMENDMENT OF THE VILLAGE OF NORTH ORLANDO MAP TO INCLUDE THE ANNEXATIONS HEREIN; EFFECTIVE DATE; AND CONFLICTS.

BE IT ORDAINED BY THE VILLAGE COUNCIL OF THE VILLAGE OF NORTH ORLANDO, FLORIDA:

1) That this Ordinance is enacted pursuant to Chapter 171.04 Florida Statutes.

2) That the Village of North Orlando, Florida, hereby declares its intention to annex to the Village of North Orlando, Florida, at the expiration of thirty (30) days from the adoption of this Ordinance, the following described parcel of land lying within two miles of the present boundaries of the Village of North Orlando, Florida, and being in Seminole County, Florida, to-wit:

Begin at the intersection of State Road 15 and 600 (U.S. 17-92) and State Road S-434 run S 89°02'30" E. 4005.18 feet to the P.C. of a curve concave to the North, having a radius of 2864.93 feet, a central angle of 5°36'20", thence run Northeasterly along said curve an arc length of 275.42 feet to the P.T. of said curve; thence run N. 85°27'00" E. 2709.58 feet to the P.C. of a curve concave Northwesterly having a radius of 1273.57 feet, a central angle of 18°58'00", thence run Northeasterly along said curve an arc length of 421.48 feet to the P. T. of said curve; thence run N. 66°29'00" E. 2776.82 feet to the P. C. of a curve concave Northwesterly having a radius of 1637.28 feet, a central angle of 17°04'00", thence run Northeasterly along said curve an arc length of 487.67 feet to the P. T. of said curve; thence run N. 49°25'00" E. 70.24 feet to the P. C. of a curve concave Southeasterly having a radius of 636.62 feet, a central angle of 27°58'00", thence run Northeasterly along said curve an arc length of 310.74 feet to the P. T. of said curve, said point being the intersection of State Roads S-434 and 419, LESS those parts lying within the City of Casselberry and the City of Longwood, Florida.

3) That this Ordinance shall be published once a week for four (4) consecutive weeks in The Sanford Herald, a newspaper published in Seminole County, Florida.

4) That the above described tract of land in the aggregate contains less than ten (10) registered electors.

5) That this Ordinance shall take effect immediately upon its final passage and adoption.

6) That all Ordinances or parts of Ordinances in conflict herewith are hereby repealed.

PASSED AND ADOPTED this 20th day of September, A. D. 1971.

NOTICE OF ACTION
STATE OF FLORIDA TO:
GEORGE WALDEN and LOUISE WALDEN, his wife, whose respective residences are unknown, if alive, and if dead, the respective unknown heirs, devisees, grantees, assignees, lienors, creditors, trustees, or any and all persons claiming by, through, under or against said respective named defendants, and each of them; and any and all persons having, or claiming to have any right, title or interest in the following described land, lying and being in Seminole County, Florida, to-wit: Lot 1 in Block B of HARMONY HOMES, Seminole County, Florida, according to Plat thereof recorded in Plat Book 12, Page 25, of the Public Records of Seminole County, Florida.
You, and each of you, are hereby notified that a suit has been brought against you in the Circuit Court, in and for Seminole County, Florida, in Civil Action No. 71-977, Div. A, entitled GOVERNMENT NATIONAL MORTGAGE ASSOCIATION, a corporation organized under an Act of Congress and existing pursuant to Title III of the National Housing Act, vs George Walden and Louise Walden, his wife, and United States of America, Defendants, and you, and each of you, are required to file your Answer to the Complaint with the Clerk of said Court, and serve a copy thereof upon said plaintiff, or his attorney, to-wit: SPEER & SPEER, whose address is P. O. Box 1364, Sanford, Florida, 32771, on or before October 26th, 1971, and if you fail to do so, a Default Judgment will be entered against you, and each of you, for the relief demanded in said Complaint.
The nature of this suit is to foreclose that certain mortgage dated November 17, 1967, and filed November 20, 1967, and recorded in Official Records Book 629, Page 555, in the office of the Clerk of the Circuit Court of Seminole County, Florida, encumbering the following described property, to-wit:
Lot 1 in Block B of HARMONY HOMES, Seminole County, Florida, according to Plat thereof recorded in Plat Book 12, Page 25, of the Public Records of Seminole County, Florida.
WITNESS my hand and official seal of this Court at Sanford, Seminole County, Florida, this 22nd day of September, A.D. 1971.

DONNA'S DELIBERATIONS

By: Donna Estes

Five or six years ago, Harlan Hanson told a group of municipal and county governmental leaders that it takes a home assessed at $40,000 to pay the costs of the city services it must receive.

If this is the case, the construction boom Seminole is experiencing may not be as great as we all think it is, but rather may require increases in ad valorem taxes in the cities in the future.

Altamonte Mayor Lawrence Swofford perused the budget there to determine the amount necessary to serve each home in his community. Deleting all items of capital outlay and costs for matters other than direct services to the community showed the city will spend $268,563 in fiscal 1972 to serve homes.

Divided by the 2,000 family units there, the figures showed it costs Altamonte $200 to serve each family unit and at five mills, the city's current level of taxation, a $40,000 assessment would be required, which, after homestead exemption, means that a $45,000 house is necessary.

Building permit statistics there show construction costs for each new home to average about $26,000. Adding to that amount the developers' costs of streets, sidewalks, water and sewer lines and other improvements and profit probably would bring the total price of the average new home in Altamonte pretty close to the ideal.

At the same time the average cost for new homes in Longwood at little more than $13,000 may mean trouble. While developers of Longwood North are building a beautiful subdivision with streets, curbs, etc., construction on dirt roads in the city is also continuing.

Perhaps if and when the four cities of South Seminole do hire a director for the CALNO Council of Local Governments information will more easily be exchanged among the municipalities on building standards, etc., so that problems of this sort can be forestalled.

Incidentally, it is always amazing to hear the difference in attitudes of developers when they come into Longwood and when they go before the cities of Altamonte Springs and Casselberry.

It has been the rule in Altamonte for six years that developers install sewer and water lines, yet subdividers still try to convince the Longwood Council they are doing the city a favor by developing land and making money there.

When asked about fire hydrants last week within a planned subdivision one builder indicated he had no intention of assuming the city's responsibilities in this area. Both Casselberry and Altamonte would have laughed him out of the respective council chambers with such a remark. Both of those municipalities believe it is the developers' responsibility to provide all the necessities and improvements within their subdivisions.

Off And Running

Speaking of Longwood, Ken Brown is off and running for mayor and Jane Lormann, the pretty widow of longtime city mayor A. R. Lormann, is right along side him.

Ken, the flamboyant Channel 2 sports director, is a charming man. H. H. Haynie, his opponent for mayor three years ago (and incidentally a candidate for the council this year), said Brown did indeed offer equal television time during their campaign. However, Haynie said he really did not think being an announcer of social events would have enhanced his chances for election at that time and that is what Brown offered him in the way of equal time.

Hey, Ken, maybe Haynie did not want to announce social events but June would be a sparkler in that task.

Longwood Council Chairman E. E. Williamson is still feeling a bit under the weather but is running for re-election as this column predicted last week. As Williamson said some weeks ago in an interview, he will run as long as the people want and need him.

It's Still Baloney

In Casselberry, Dr. Edith Duerr, completing three terms on the Council, is running for re-election.

And the rumor mongers were wrong as usual, according to Richard Wirz. Wirz said he is definitely running for mayor against Curtis Blow and not for the Council.

Wirz' friend, Bill Grier, declined to say that he is running for re-election to the Council. "What office are you running for?" Grier was asked. It also had been rumored that Grier would run for mayor, but he and Wirz are too good friends to oppose one another in an election. Grier, in a spirit of levity, answered that he is running "for a baloney sandwich."

Grier insisted ham is too expensive these days of inflation and besides baloney fits his image of being the "all-American male."

Rumor Denied

Last week this column reported the prevalent rumor that North Orlando city judge and city attorney Tom Freeman is expected to leave the Stenstrom, Davis and McIntosh law firm early next year to go out on his own. Freeman in a Saturday telephone conversation insisted it is not so. "It has never been discussed," he said. Sorry, Mr. Freeman, the rumor persists and I only report what I hear. No harm intended.

Cost Of Protection

Came upon some interesting figures this week while gathering information about building permits. The building permits figures were astounding in themselves with Seminole to break the $100 million mark in new construction by year end.

But also intriguing was the costs of law enforcement in Casselberry, Altamonte and Longwood. The national average for police protection has one police personnel for each 500 citizens in municipalities.

Altamonte under its new budget is to have one personnel for each 470 persons. Cost per capita for law enforcement there, again under the new budget, will be $14.70.

Cost in Casselberry with one personnel for each 500 citizens will be $15.50 per capita. In Longwood under the proposed police budget already cut to about $98,000, cost per capita will be $38 with one personnel for each 350 citizens.

Re-register To Vote

County Supervisor of Elections Camilla Bruce urges prospective voters to keep those re-registration cards coming into her office. But those who fail to return cards will not be disqualified from voting in the city elections this year, she said.

As of early this week, Mrs. Bruce's office had received 32,000 cards. And the registration for the cities is going very well, she said.

(Editor's note: Mrs. Bruce could forget about these cards, according to the Florida Secretary of State, and remove from the registration files the names of all persons who fail to vote for two consecutive years. Mr. Stone explained the practice of spending taxpayers "money for the mailing of registration cards is the prerogative of Mrs. Bruce, according to state law.)

In Altamonte Springs, persons who had promised homes to the five puppies remaining of "Mama Dog's" litter failed to show up to claim them this week.

In addition the city acquired another dog via police patrol. It is a plump basset hound dubbed "Fat Albert" by the city hall staff. Anyone in the Altamonte area who has lost a basset hound?

Acting Mayor Named Pending Next Election

By DONNA ESTES

LONGWOOD — E. E. Williamson, senior member of the City Council and chairman of the board, will serve as the municipality's acting mayor until the office is filled with the Dec. 7 municipal election and the new mayor assumes duties in early January.

This was the opinion given to the City Council by City Attorney S. Joseph Davis Jr., following consultation with the state attorney general's office.

Davis said although the city charter is silent on who will serve as mayor during a vacancy in the office, Chapter 165.16 of Florida Statutes permits the president of Council to handle the function. But, the attorney added, during the period of time he is acting mayor, Williamson will not be chairman of Council nor will he be allowed to "participate in the deliberations or voting of the Council."

The office of mayor in the city became vacant when Robert Kalnoski resigned the post earlier this month because of a promotion with his company which necessitates his moving out of the state.

The ruling had been requested of the attorney because of charter requirements that the mayor execute ordinances.

Davis said during Williamson's short tenure as acting mayor he hesitates to permit the Council to adopt ordinances on two consecutive readings without unanimous consent of the Council since there will be only four councilmen voting.

The attorney said instead ordinances must be read at two separate meetings.

In other business, Council on a three-to-one vote approved the preliminary plan for the development of Westview subdivision on the tract known as the "Old Slade's Airport" site and granted variances to permit 156 to 169 of the 185 lots in the development to have frontages of 85 feet rather than 100 feet as required in the city zoning ordinance.

Councilman Sandra Thompson voted against the plan, giving as her reason the requested variance of sidewalk requirements from five feet wide to four feet. Mrs. Thompson has insisted requirements of the subdivision ordinance should be met by developers. She added she would rather have seen the lower zoning classification than "downgrade" its requirements.

Sanitary Sewers At Capacity In Casselberry; Building Eyed

By KATHY NIBLACK

CASSELBERRY — City Council last night adopted an emergency resolution conditioning the issuance of building permits because there are no more sewer hook-ups available to builders.

City Manager Ronald Bergman reported to the Council the city received communication from the Cassuco system (Casselberry and South Seminole Utilities Company) that only nine sewer hook-up allotments had remained from the 160 additional recently allocated to the system by the State Board of Health. Cassuco indicated that when these nine hook-ups were allotted, no more would be allowed, Bergman reported to the Council last night, that these hook-ups have since been allotted, and "we are now out."

Council members were greatly concerned about the situation, especially where the issuance of building permits is concerned. "This is an emergency situation as far as the city is concerned," said Council Chairman Edith Duerr.

Council, which was then in work session, was called into regular session to authorize the adoption of an emergency resolution applying certain conditions to the issuance of permits.

This resolution stipulates that a builder will not be issued a building permit unless he agrees to (1) hook up to a temporary septic tank system, and (2) install a permanent sewer hook-up joint (stub-in) for use when additional sewer hook-ups are available.

The resolution also stipulates that both the septic tank and sewer stub-in be approved by the city inspector and the State Board of Health.

Cassuco has indicated its representatives will meet with the State Board as soon as possible in an attempt to alleviate this pressing problem. The city's emergency will remain in force until additional hook-ups are authorized.

Bergman pointed out to the Council that this situation points up the "imperative need of the city to begin negotiations for the acquisition of the Cassuco system.

GIs Hiking From Jax Thru City To Disney

JACKSONVILLE (AP) — Any veteran who ever grumbled through a 20-mile hike might find it hard to believe but 15 soldiers from Ft. Benning, Ga., are marching 160 miles for fun. They rode to Jacksonville by vehicle Sunday and began a march south on U. S. 1 Monday, headed for Walt Disney World 30 miles southwest of Sanford.

"We're publicizing Florida's all-volunteer-Army month," said Lt. Col. James W. Wurman, leader of the group. "We're all volunteers for this march, aren't we, men?"

The single file of soldiers walking down the highway median chuckled and cheered.

(Editor's note: Colonel Wurman and his soldiers are scheduled to arrive in front of The Sanford Herald on French Avenue at approximately 10:30 a.m. Friday, according to Sgt. 1/c Robert Johnson, Army recruiter for Sanford. The marchers will continue along U. S. 17-92 to Orlando.

AROUND THE CLOCK

By JOHN A. SPOLSKI

Who-r-you gonna believe? The experts?

Remember when they told you and me that we'd better influence our kids into becoming "engineers," cause this country is falling so far behind in that particular field?

Now, you can get 'em a dime-a-dozen!

And then there was the deplorable condition surrounding the all-too-few teachers for our children.

Oh yeah? Then why is it that we have so many of them around that they're forced to go to Germany and Australia looking for places to teach!

And the experts weren't so EXPERT when they offered their advice on the "population explosion," either.

For the first time in over 120 years, this country has dropped to a zero population growth . . . meaning the deaths in this country equal the births. Within the next five years, companies catering towards the youths will feel the pinch . . . like toys, records, entertainment businesses, etc.

* * *

Now with chilly weather coming on bare legs are fewer and bow legs are far between.

* * *

The gals are getting tougher . . . at least those who attended the last class for Women's Self Defense, as offered by the Seminole Sheriff's Department.

There were 83 women who attended previously, and according to Chief Deputy Duane Harrell, this time it'll be limited to only 30. They even went out to the firing range . . . pretty good at hitting targets, too.

Next one is set for this Thursday at 7:30 p.m. at Seminole Junior College, room L-207.

* * *

One of our behind-the-scenes reporters predicts that Harmon Shields will succeed his boss, Randolph Hodges, as head of the Florida Natural Resources bureau. Shields is assistant director now, under Hodges, who has resigned as of Dec. 1. Our reporter says the Southeastern Fisheries Association is backing Shields for the appointment . . . and he reminds that that association stumped the state for the Askew-Adams ticket a year ago.

* * *

In case you're one of the many who called and wanted to know what all of that construction was about at the Winn-Dixie store at 25th & French . . . . . "just remodeling." we've been told.

Driver specialist Peter McQuaid, following the line in a jeep carrying C-rations and water, said: 'Nobodys' fallen out yet and I don't expect any to."

Wurman said the serious purpose of the march is to expand the Army's image and attract enlistments.

"We've gotten more than 500 young men from North Florida for our brigade, the 197th Infantry," he said. "This is what we call adventure training, something different to appeal to the young soldier today, and it's proving successful."

Volunteers from the brigade walked from Columbus, Ga., to Atlanta in May to demonstrate support of the Boy Scouts, and others ran a relay race from Jacksonville to Daytona Beach in July in connection with the Medal of Honor 400 auto race.

BULLETIN

WASHINGTON (AP) — House leaders blocked taking a straight up or down vote on the Senate's six-month Indochina war deadline today, saying other features of a $21 billion weapons bill are more important.

Republican Whip Leslie C. Arends of Illinois denied that leaders feared the House would have reversed previous stands and would have called on President Nixon to pull out of the war in six months if American prisoners are released.

Five Years Meted To Drug Addict

By MARION BETHEA

Roger Ray Webb, who entered a guilty plea on June 29 to possession of a narcotic drug, was sentenced this morning by Circuit Judge Dominick Saifi to hard labor with the State Division of Corrections for a period not to exceed five years. Webb was given credit for the time in which he has been incarcerated in county jail.

Webb was charged with possession of narcotics and possession of a hallucinogenic. Following his plea to the former charge, the state dropped the latter charge. Webb was placed on presentence investigation and remanded to custody. However, Judge Saifi then ordered that the Longwood youth be released during the week to pursue his occupation, returning to the jail to spend the weekends.

On July 29, while Webb was being booked for the weekend, the jailer discovered drugs and a hypodermic needle sewn into his pants pockets. He was then charged with smuggling contraband into the jail, possession of a central nervous stimulant and possession of narcotic paraphernalia.

Judge Saifi, in one of his sternest admonitions, told Webb, "You've put a lot of people in a bad position . . . the day you entered your plea on June 29 you persuaded Mr. Duane [his attorney, W. Ford Duane] to convince the court to allow you to remain free to continue your employment."

Concluding, Judge Saifi asked the youth if he remembered Duane's statement at the time, "I feel he is meritorious timber for probation?" Judge Saifi went on to note that Duane persuaded the court to allow Webb to remain free because of belief in Webb's integrity, and that Webb had no intention in his mind of living by the attorney's words." Judge Saifi contended, "You are not worth probation of any sort."

The judge continued that "Society has been hurt twice . . . once by the initial crime and then by jeopardizing the court's trust of every other person to come before the court." Judge Saifi likened the misplaced trust to the repercussions of a stone thrown in the water. The judge said that the "ghost of Webb" will pervade future courts.

Webb told the court, "I truly was sincere," to which Judge Saifi answered, "I don't understand that kind of sincerity." Judge Saifi continued, "You cut all ties when you sewed that stuff . . . then and there you made the decision for society.

One 'Theft' Reveals Real Theft

Appearances are deceiving!

This was illustrated profoundly in a reported burglary of an air conditioner from Music Unlimited, Sanford Plaza, late Monday night, but which turned out to be the theft of approximately $2,000 in automobile tape players and cartridges.

According to police reports, the music store's air conditioner was noted missing from the outside wall by a policeman making a routine check at 11 p.m.

The firm's owner, Allen Bowling, was called. He opened the store to discover the tape player and tape theft plus the air conditioner shattered on the floor after it had been pushed forward by a burglar. He climbed through the hole left by the conditioner.

Sgt. William Lykens, detective, is investigating the entry.

Indicted For Murder

Suspect In Prison

By BILL SCOTT

Ewing Williams, 40-year-old Knoxville (Tenn.) resident, accused of the early 1971 knife slaying of a 70-year-old Sanford recluse, John Sechrist, has received a four-year, three-month sentence in U. S. District Court in Tennessee.

Williams was sentenced Sept. 28 and has been removed to Atlanta's federal prison after entering a guilty plea to interstate transportation of a stolen car, according to Jack Fulenwider, Brevard - Seminole state attorney investigator.

Williams was named in an indictment returned Friday afternoon by the Seminole County grand jury charging him with first degree murder after Sanford detectives William Lykens and Roy Williams presented evidence to the state attorney implicating Williams.

Fulenwider said Williams pleaded guilty to taking a car belonging to Sechrist and driving it to Knoxville, where he was arrested by authorities.

The investigator said certain procedures have to be followed in order to extradite Williams from Atlanta to Sanford to face trial. These steps already have started, Fulenwider said, and explained that the U. S. district attorney at Miami forwarded guidelines which spell out the extradition requirements. After these procedures are completed, Williams probably will be returned here by a U. S. marshal, Fulenwider added.

In the meantime, J. Q. Galloway, chief county investigator, has forwarded to the Fulton County sheriff's office at Atlanta a holder asking that Williams be detained in Atlanta.

Sechrist was found in his 2418 Cedar Avenue home, with a deep knife wound in the back, by police investigating his disappearance on Feb. 10. Resultant autopsy disclosed Sechrist died from massive internal bleeding caused by the stabbing.

BULLETIN

Sanford City Commission, sitting as the interim Sanford Housing Authority, will have a "hot potato" on its hands at Wednesday noon's meeting to be held at the housing authority office.

It was confirmed today that a woman tenant was in process of being evicted from a project for non-payment of rent.

According to a secretary at the authority's office the woman has not paid $100 a month for three months.

Two-In-One Office Proposed To County

A "marriage of convenience" — the "wedding" of the Seminole Port Authority and the newly organized Seminole Development Board will be proposed this afternoon by County Commissioner Sidney Vihlen Jr., at the County Commission session.

Vihlen, who is a member of the Seminole County Port Authority, indicated at Monday night's Port meeting he would ask the Commission today to approve keeping the port and development board offices in the present Paulucci building suite now occupied by the Port only.

The County Commission has advised the Port Authority to move its present offices to another location, preferably at the site of the Port of Sanford on the St. Johns River, and has authorized $3,600 to build new port offices.

The Authority, in the meantime, has complained the amount is not enough to construct suitable offices at the port site and has advocated remaining in its present offices or moving to whatever facilities are available in the old county court house.

But, the recent formation of a county - wide Industry - seeking board, known as the Seminole Development Board, has been brought into the situation since it also needs an office.

Thus, the proposal of combining the two in a share-quarters arrangement in the present Port office until the new court house is completed or other arrangements made to house both boards.

Vihlen said he would report to the Commission the problems encountered by the Port in relocating and ask that both boards be housed together in an interim arrangement.

On a motion by Henry Schumacher, authority member, the board approved asking Vihlen to report to the County Commission at today's meeting.
