

Reds Maul S. Viet Troops

SAIGON (AP) — Communist forces today maul South Vietnamese troops in a Mekong Delta battle today as seven United States troops are killed and 100 others are wounded.

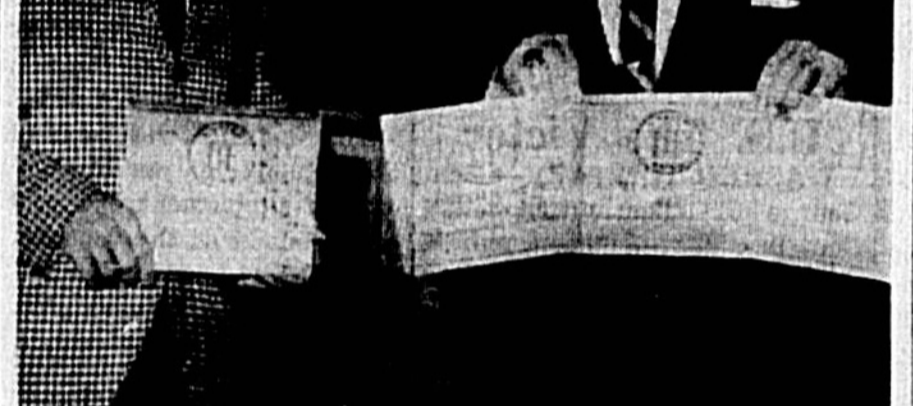

About 1,500 government troops were locked in heavy but inconclusive fighting against an estimated 1,000 Viet Cong 105 miles southwest of Saigon. Viet Cong gunners shot down three U.S. Army Huey helicopters and damaged several others in the early stages of the battle, which started Tuesday.

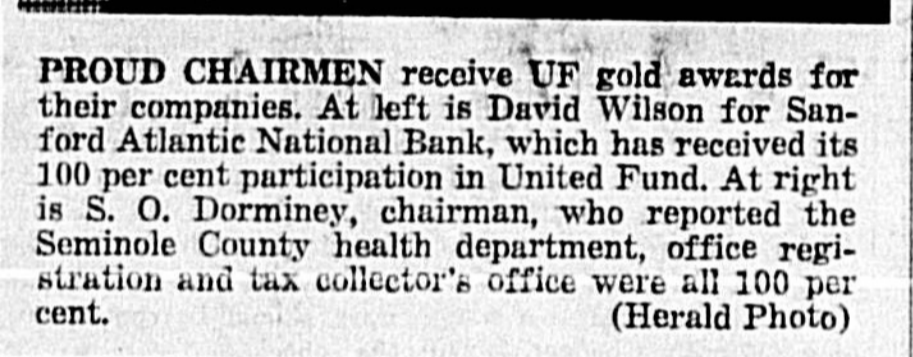

Elsewhere, the general hill persisted in ground fighting. For the fourth straight day, monsoon rainstorms cut heavily into U.S. air blows over North Viet Nam Tuesday and American pilots flew only 44 bombing missions, about a quarter of the recent daily average.

The Cabinet resignations revived a government crisis brewing for two weeks which Ky had tried to put off until after the Manila conference on Viet Nam next week. Ky was further embarrassed because South Korean President Chung Hee Park is due Friday on an official visit, and there were reports Park might postpone his visit for a direct to Qui Nhon, on the central coast, to visit Korean forces deployed there.

The Cabinet crisis is the result of long-standing resentment on the part of leaders from South Viet Nam at the domination of the government by natives of North Viet Nam, who include Ky and most of the generals who hold the government power.

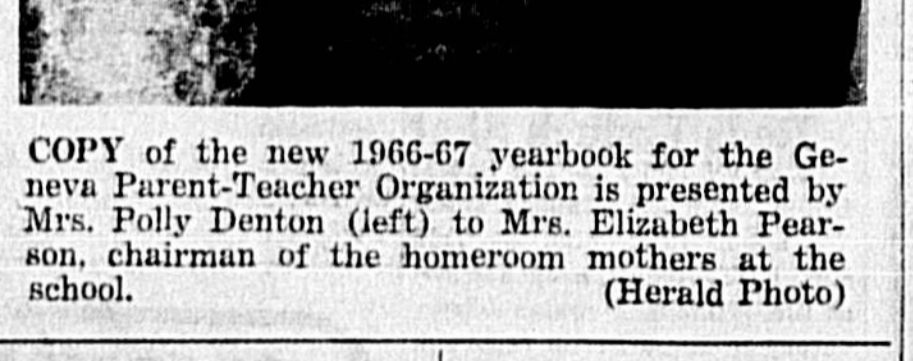

The dissidents also charged there was widespread corruption in the government and that South Viet Nam was becoming a police state. Ky was said to have accepted the resignations but was reported trying to win three or four of the ministers back and to fill the other vacancies with new men.

A Vietnamese military spokesman said the Mekong Delta battle was continuing today with heavy contact. He said government casualties were moderate, indicating the South Vietnamese forces were held tight by the outnumbered Viet Cong.

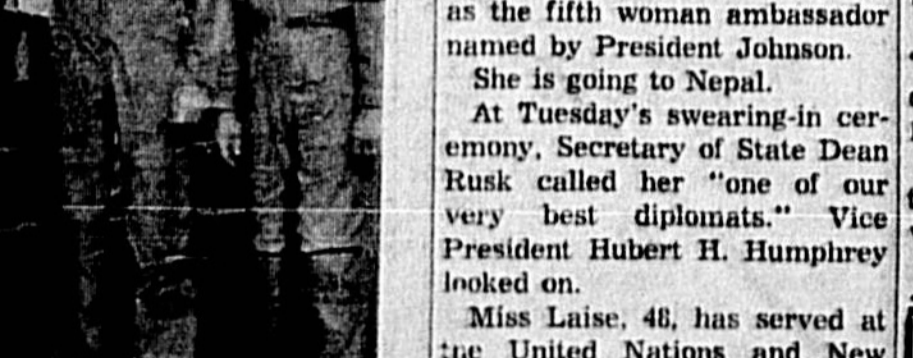

After the U.S. helicopters supporting the South Vietnamese were hit, South Vietnamese Skyraider fighter-bombers were called in to bomb and strafe the vast marshland area long dominated by the Viet Cong.

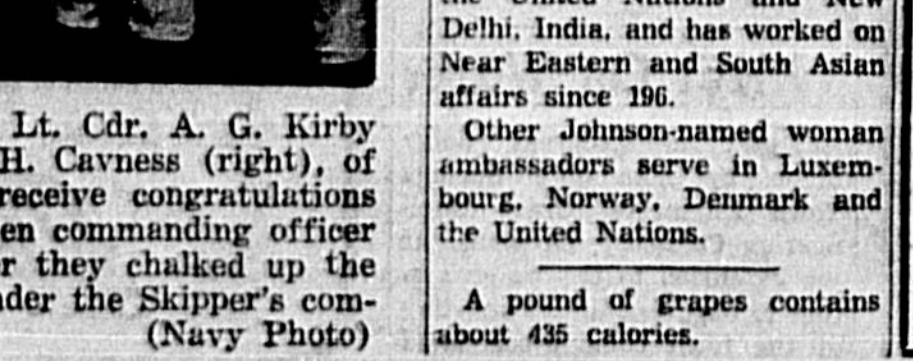

Then U.S. Super Sabre jets joined the attack, and 38 allied planes raked the area. U.S. B-52 bombers struck today at North Vietnamese base camps and assembly areas just south of the demilitarized zone in northernmost Quang Tri Province.

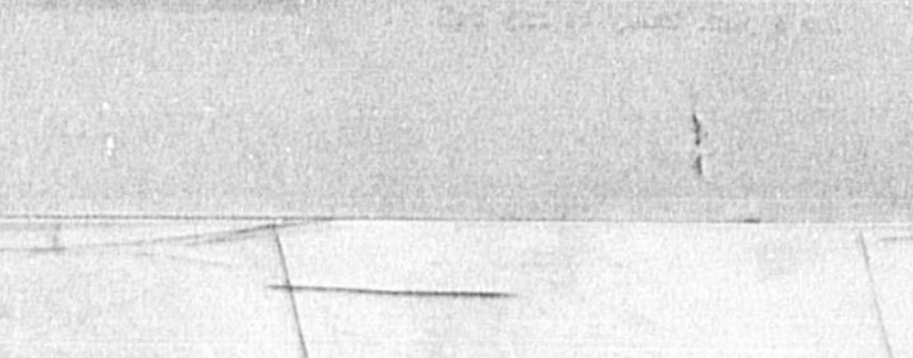

Planes attacking North Viet Nam Tuesday flew about 150 individual strikes, well below the 400 to 500 strikes they were flying daily less than a week ago. Most of the targets were in the southern panhandle.

Planes reported destroying or damaging 22 barges, eight aircraft gun positions, eight trucks and nine storage areas. The U.S. command reported that Viet Cong guerrillas attacked the command post of the 17th Airborne Brigade Tuesday night with claymore mines, small-arms fire and grenades. The command said the 15-minute attack caused light damage to equipment and aircraft and light casualties at the command post about 15 miles north of Saigon. The spokesman would not say how many aircraft were hit.

Once it has been sealed in the bottle whisky undergoes no change in taste or flavor or "age."

Area Deaths

WILLIAM F. BARTLETT, 85, of 910 S. Maple Avenue, Sanford, died at the Memorial Home in St. Petersburg where he had been for the past four months. He was a member of Holy Cross Episcopal Church and was a Past Master of Mt. Dora Masonic Lodge 238. He was retired from Sanford Gas Company.

Survivors are his wife, Mrs. Harriett Bartlett, of Sanford; two stepdaughters, Mrs. Mary Alford, of Sanford, and Mrs. Bill Young, of Waterville, Mich., and a stepson, James Dorton, of Sanford.

Funeral and burial arrangements are under direction of Brison Funeral Home.

RALPH HAYSE, Ralph M. Byrse, ATN2, of RVAH-11, Sanford Naval Air Station, died Tuesday at St. Vincent's Hospital, Jacksonville. He is survived by his wife, Mrs. Lorna M. Byrse, Sanford, and his mother, Mrs. Janet Byrse, Lamar, Colo. Memorial service will be held at 3 p.m. Thursday at Sanford Naval Air Station chapel. Military funeral will be conducted at a later date at Lamar.

BARTLETT, WILLIAM F. — Funeral services for William F. Bartlett, 85, of Sanford, will be at 11 a.m. Friday at Holy Cross Episcopal Church with Father Leroy D. Soper Jr., of Fort Pierce, officiating. Burial will be at graveside in Evergreen Cemetery. Brison Funeral Home in charge.

BIRTH CONTROL Urged On GIs — World Population says the Defense Department, with President Johnson's approval, will issue birth control devices to the wives of armed forces personnel who request them.

The program will begin Jan. 1. Alan Guttmacher, told the group at its 30th anniversary banquet Tuesday night. "He said President Johnson has defined U.S. policy in this crucial area and has used his leadership to implement it."

Johnson was the organization's Margaret Sanger Award winner for this year.

Rainbow "Super-Mom" Mrs. Kathleen Reynolds (center) poses with her nominators for the honor, Brenda Carter (left) and Connie Colvin (right). Mrs. Reynolds was one of the co-authors of the nomination essay submitted to the Rainbow state publication. (Herald Photo)

Mrs. Kathleen Reynolds Given Honor By State Rainbow Girls

Mrs. Kathleen Reynolds, licitation of the state organization, member of Rainbow Association, has been named "Super-Mom" for the month and Brenda Carter of the local State of Florida for the month and Brenda Carter of the local October by the official publication.

"A friend hath both the skill and observation; the tenderness and patience of the best mother. Since the beginning of time, mothers have been a benefit to their children. "A Mother Advisor, in turn, is a benefit to her Rainbow daughters. She shows her unending love for all of us just by being there, willing to help in every way she can. She wisely instructs us in the teachings of Rainbow and sets the example of a strong, responsible citizen. "We know we can always come to her with our problems. Whether it be a soft shoulder to cry on, a bit of advice, or a warm, loving smile, she is ALWAYS there. A real pal—a true friend, 'Mama Kathleen' is all this and more to us."

FISH FRY will be sponsored by Forest City Community Association from 5:30 until 8 p.m. Saturday in the Forest City shopping center for benefit of the association's community clubhouse now under construction. Purchasing tickets from Paul Kelley, fish fry chairman, is Mrs. Lewis Parker. (Herald Photo)

With friends like Bob Watson who needs enemies?

Bob's one of the best drivers you'll ever meet. He's never had an accident—never even had a parking ticket. But even the best drivers make mistakes once in a while. And when they do, you've got to be ready for it—by driving defensively. When you're passing another car, defend yourself by letting the guy ahead know you're about to pass. Use your horn or lights. And make sure no one's trying to pass you at the same time! Avoid trouble by anticipating it and you won't end up on the receiving end of some other guy's goof. Not even if it's your best friend!

Watch out for the other guy!

Interstate Highway Program Booms

TALLAHASSEE (AP) — Florida has received an allocation of \$74.3 million in federal funds for its interstate highway program in fiscal year 1967-68.

Florida Road Department officials here say the "how what" to request bids on 10 interstate construction programs that are considered vital by the department's professional staff. These projects will involve scores of contractors, hundreds of employees, and expenditures totaling an estimated \$52.1 million.

Some of the projects are spectacular. Most are centered around urban areas. One example is construction of a three-mile dual bridge crossing the St. Johns River, taking Interstate 295 around Jacksonville on the west side. A total of \$11 million has been set aside for the span—making it the most expensive single project ever. Another major project for which bids will be requested is a \$7 million job in Dade County. It calls for connection between the midtown interchange in Miami and the MacArthur Causeway.

Now that the federal funds announced last week have been allocated, State Road officials can proceed with committing them. The fiscal 1967-68 year starts July 1. Request for bids on the projects will begin going out this month. Bids are expected to be completed in the early 1970's. The federal government contributes 90 per cent of the funds, the state 10 per cent. The latest allocation came under the Federal Aid Highway Act of 1965, signed by President Johnson. Some \$4.4 billion was allocated to various states under the act. Interstate highways are usually four-lane or more, with no traffic lights, no grade level crossings and with limited access. To date, slightly over 550 miles of interstate roads have been opened to traffic in Florida.

The 10 major projects, when completed, would add about 24 more miles of other projects will be primarily rural and boost the total mileage of interstate highways considerably.

Here, too, Florida compares with other states: Road department officials don't have a comparison on hand, but say that Florida's total mileage of interstate projects is misleading because they were started primarily in urban areas—where distance is small, but size, complexity and expenditures are great.

Florida was No. 1 in the nation in committing all its federal funds for such projects in fiscal year 1966-67. The federal allocation last fiscal year was \$65 million. By late July all the funds had been committed. No other state could make that claim.

A road department spokesman says the future of the interstate program in Florida cannot be spelled out along definite lines because this is an election year. Another administration may drop some projects and make others essential.

Here are the interstate projects scheduled to be let within the next few months and the ones considered essential by the professional staff workers: —Interstate 95: \$4.5 million. Project north of Jacksonville to provide the primary access route to the new airport, 2.5 miles. —Interstate 75, Hillsborough County (Tampa): \$7.1 million. Missing link to connect Interstate 75, now under traffic, to Tampa outskirts, too Interstate 4 in downtown Tampa, 1.5 miles. —Interstate 85, Dade County, \$4.5 million. The last segment of Interstate 85 in Dade County, it will link the midtown interchange and MacArthur Causeway, which leads to Miami.

Estimated. A three-mile, dual bridge crossing the St. Johns River, taking Interstate 295 around Jacksonville on the west side. The approaches will link the bridge with Interstate 95 south of Jacksonville and with primary roads on the southside. —Interstate 10, Suwannee County, \$6 million, from State Road 136 to U.S. 90, about 10 miles. —Interstate 95, Duval County, \$2.2 million, link from Miami to Dade Boulevard. About two miles long between the midtown interchange and MacArthur Causeway. —Duval County, \$11 million.

Career Officer Going To Nepal

WASHINGTON (AP) — Carol C. Laise, a career State Department officer, has been sworn in as the fifth woman ambassador named by President Johnson. She is going to Nepal.

At Tuesday's swearing-in ceremony, Secretary of State Dean Rusk called her "one of our very best diplomats." Vice President Hubert H. Humphrey looked on.

Miss Laise, 46, has served at the United Nations and New Delhi, India, and has worked on Near Eastern and South Asian affairs since 1961.

Other Johnson-named woman ambassadors serve in Luxembourg, Norway, Denmark and the United Nations.

A pound of grapes contains about 436 calories.

SARATOGA TRAPPERS: Lt. Cdr. A. G. Kirby (center right) and Lt. J. H. Cavness (right), of Sanford-based RVAH-12, receive congratulations from Capt. H. F. Lang, then commanding officer of the USS Saratoga, after they chatted up the 12,000th "Sara" landing under the Skipper's command. (Navy Photo)

Our 'Unsung Heroes'

With the Greater Sanford fall sales ready to kick-off it brings to mind some of the many, many benefits the residents of our COUNTY receive from the merchants.

Not only do these merchants bring us a market place close to our homes—a place where we can buy all our necessities and most of our desires—but they do many more things for us as the weeks pass.

In fact, merchants might well be designated the "unsung heroes" of our community. In addition to paying taxes and making donations to worthwhile organizations and projects, merchants are called upon in literally hundreds of other ways.

There are extra taxes and licenses on businesses which the average citizen does not have.

There are additional calls on businesses for assistance, and it might be well to review a few of these for our readers during these fall days.

Merchants donate prizes for many events. They respond willingly to calls for donations for prizes in conjunction with worthy causes. They sponsor athletic teams—bowling, softball, Little League and others. They sponsor beauty contests and events both large and small. They help support the athletic and band programs in the schools and give valuable support to 4-H and Future Farmer Programs.

The merchant's kind smiles in their windows to support every aspect of activity for the improvement of the area; they display posters of church programs, dances, food sales, car washes, and cultural events.

In many quiet ways, merchants assist deserving individuals and needy families. When cases warrant it, they make donations without seeking publicity. They donate clothing so children can remain in school, lend money to students who need help in completing their education.

They want no special praise for these efforts, but that does not make them less praiseworthy. It only heightens the tremendous feeling of appreciation, which swells up in our consciousness when we look at their deeds on how much we owe our merchants.

We certainly owe them the constant and continuing support of our patronage.

With the fall season upon us, we all—including our school, and public officials should come to the realization of how much our merchants do for us all year long. We would do well to resolve to make our patronage one of our major projects for the entire year.

Foreign News Commentary

Pin-Prickings Of Real War

By PHIL NEWSOM

In the Middle East a hand-to-hand struggle is being waged for a major war but not the power to stop it.

And, in the Middle East, recurring attacks on Israel by so-called Arab commandos are being carried out by Syria and Iraq. The Syrians are attacking Israel from the north, and the Iraqis from the south. The Syrians are attacking Israel from the north, and the Iraqis from the south.

Neither the United States nor the Soviet Union can remain aloof.

In the United Nations, sides already have been chosen along expected lines: the Arab states backed by the Soviet Union, and the United States, Britain and France generally supporting Israel.

But the real question mark is the Soviet Union's increasing influence in the Middle East and how she intends to use it.

And, while ill-will between Israel and her Arab neighbors continues to provide a possible flash point, there also is the development of a new grouping among the Arab states themselves whose lines are hardening and could provide the start of another conflict in an entirely different direction.

I'D RATHER FIGHT THAN SWITCH!

Bruce Blossat — Ray Cromley

Political Notebook

MANILA (NEA) — There's a lesson here for the Viet Nam war.

Frequent confirmed reports from the Philippine hill areas tell of a vigorous regrouping of the old Communist Huk terrorist movement—particularly in central Luzon.

The Philippine government is now building up its counter-guerrilla action units.

Philippine President Ferdinand E. Marcos, in his recent trip to the United States, made it a point to ask for aid to equip 10 Philippine army engineer battalions to work in a stepped-up civic action campaign.

Under these conditions and present hand strength, the Huk could decide that preventive war now would be better than a defensive one later.

Letters

Editor, Herald:

Now just a minute! Nobody asked me (to coin a phrase) but I am mighty proud of Seminole Junior College and appreciate the achievement Seminole County has made to provide junior college in the area. I am a reader of your column but not an admirer of your tact "instant college" or not the teaching staff which has been assembled at Seminole Junior College is not to be surpassed easily and in my book that's more important than shrubbery. (How does your book read?)

Are you for or against Seminole County? Doesn't The Herald get sent out of town? If prospective students read your article about what you call "... a cluster of classrooms" a dark light will be put in their minds about SJC. It takes money to keep out of classrooms. Are you helping Sanford prosper by revealing salaries and knocking our schools? I'm not interested in that, though, those are adult problems! All I know is that I haven't heard anyone else in the Seminole Junior College gripe loudly, and they have the most at stake. Write whatever you want about em-barrasing in the courthouse, but leave Seminole Junior College alone if you can't say anything good!

(Signed by 60 students at the college)

ED. Note—Say, if anyone's ever em-barrasing in the courthouse let me know about it, eh.

The first ship sailed through the Suez Canal in 1869.

Dr. Crane's Worry Clinic

Editors render a splendid psychiatric service to their area by letting readers help analyze problems and report their shared opinions. Scrapbook this case as a splendid example in point. And send for that sex booklet before you take away with the critical clergyman or myself.

CASE A-557: An Ohio clergyman recently wrote to the editor of the Findlay Republican:

"Dr. Crane's column reflects irresponsible viewpoints almost daily.

"He says that divorce usually starts in the bedroom, but that isn't true.

"The causes for divorce rarely stem from what happens or does not happen in the bedroom!"

Well, the editor wisely passed this comment along to his many readers by publishing the letter in his "Editor's Mail."

And that started a splendid pro and con debate among readers who rushed to my defense or occasionally sided with the cleric.

This is a superb way to help through out the truth from the cleric.

And it is an ideal form of newspaper promotion, too, for anybody who reads the editorial content of a newspaper is a smart, literate person, so his ideas merit attention.

"Dr. Crane," one of the Findlay readers informed me, "this clergyman's letter was also picked up by our local radio station today."

"It provided a lot of controversy, pro and con, but more of the folks were on your side."

"Actually, I think we local readers can easily analyze the motives behind this clergyman's attack on you."

"His emphasis on your remark that divorce starts in the bedroom was probably just a convenient red herring to divert attention."

"For example, I am one of a number of women who attend of his class in which he was attacking conservative political doctrines."

"So we women believe his real hostility to you is based on your ardent support of this Republic and your exposing the fact that many of our history books are now deleting references to you."

"Since World War II, tankers have supplanted superliners as the biggest commercial vessels afloat."

Hal Boyle Says Jumping To ...

NEW YORK (AP) — Jumping to conclusions: Most left-handed girls, when they follow their right hand when they slap his face. Don't ask me why.

Honest merit will never be fully recognized in this country until the dandelion is officially named as America's national flower. Anyone who doesn't admit that this sturdy yellow demagogue of lawn and meadow is the most useful weed in the garden has crabgrass grown in his front yard forever.

No matter how helpful in his life a wife may be at other times, a man really never leaves much from her while watching a pro football game.

The shorter a business executive is, the higher is the seat of his swivel chair from the floor.

Nothing annoys a fellow more than meeting later in life the classmate who was voted most likely to succeed—and did.

A young man has only himself to blame if he marries a girl who refuses to go bowling on the ground that it is undignified. He'll be hem-pocked until his final breath, suffocated by her prim manners.

Think what lovely mansions mankind could erect if beer and deodorants were sold in hollow building bricks instead of throwaway containers.

BERRY'S WORLD

Fire Hazards
Detection Is
Highlighted

How to recognize fire hazards was the subject of a Fire Prevention Week assembly held at West Side Grammar School. Mayor A. L. Wilson, Fire Chief George Manning Harriott, Lt. C. P. Bennett and Mrs. Frances Walton, principal, were present to encourage the children to prevent fires and to act wisely and calmly in the event of a real fire. During a short ceremony, Mayor Wilson gave Westside's coordinator of fire safety, Richard Jones, sixth grade teacher, a citation from the City of Sanford. Similar citations went to junior fire marshals Lucille Harris, Lynn MacLachlin, Stephen Johnson and Dennis Scott. "Don't overload wiring, don't smoke in bed and do not panic" were the rules dramatized by the fire marshals in several humorous skits. The program closed on a more serious note with the showing of a film by the fire department. This assembly grew out of an extensive fire safety program at West Side Grammar School. Bennett has inspected the school and has instructed the fire marshals on conducting fire drills. To learn more about the mechanics of fire fighting, the fire marshals were given a tour of the fire house. Teachers and students also have participated by practicing fire drills and filling out home safety check lists.

Why Ballyhoo,
Paper Queries

SYDNEY, Australia (AP) — "Why all the ballyhoo?" Sydney newspapers asked today as Australia's largest city added more immigrants to the supposed deserted welcome for President Johnson. Among the special plans are free government transport into Sydney for children under 17; a million "Hooraay for LBJ" stickers and tearpaper strips, free distribution of thousands of American flags and the release of 10,000 balloons. "Let us not go before the world as hero-worshipping juveniles," said an editorial in the Sydney Sun. "There is a real danger that these hysterical stunts may backfire, embarrassing everyone, including President Johnson," said the Daily Mirror.

1/2 Million
Bux Spent By
High, Kirk

TALLAHASSEE (UPI) — More than one half million dollars has been spent so far in the general election race of Florida's two gubernatorial candidates — and the race still has more than three weeks to go. Statistics from the secretary of state's office Monday show: Republican Claude Kirk has had campaign expenditures of \$255,550 against contributions of \$280,400. This includes \$26,614 pumped into the effort last week by supporters and expenses of \$26,762. — Democrat Robert King High has shelled out \$234,900 compared to \$244,619 in contributions. This includes last week's spending of \$23,200 and receipts of \$20,500.

JOHN BONIFACE
Sanford Man
Heads Frosh
Medics At U of F

John Boniface Jr., of Sanford, has been elected president of the freshman medical students at the University of Florida. J. Hills Miller school of medicine at Gainesville. Boniface, who stands in the top two per cent of his class in one of only five University of Florida graduates accepted to the school this year. He is a 1962 graduate of Seminole High School and the son of Mr. and Mrs. John Boniface, Sr., of 2218 South Palmtoe Avenue. Boniface is married to the former Carol Sue Higginbotham and they are the parents of two children. Mrs. Boniface is now teaching general science, health and physical education at Bell, Florida, near Gainesville.

Actress Leaves
\$346,000 Estate

NEW YORK (AP) — Actress Gertrude Berg, who died Sept. 14 at the age of 66, left an estate estimated to be worth \$346,000. Her will was filed for probate in Surrogate Court Monday. Mrs. Berg, whose greatest fame was in the role of Mollie Goldberg, left half of her estate to her husband, Lewis Berg. He was named executor. Mrs. Berg left \$10,000 to her secretary, Ginnie Merrill, and \$1,000 to a servant, Louise Hoff. A daughter and son-in-law, Mr. and Mrs. A. David Schwartz of West Nyack, N.Y., received one-quarter of the estate. The remainder was left in trust for a son, Cherman Berg of Manhattan.

Marine Pilots
Given Extended
Year Of Duty

WASHINGTON (AP) — Too many resignations and not enough trainees — the familiar pilot story thus far in the Viet Nam war — have forced the Marine Corps to extend the duty of regular officer aviators for one year. The Defense Department announced the move Monday and said that some support officers — men in ordnance, motor transport and the engineers — also would be ordered to stay on the job. Officials estimated that about 500 of the 21,300 officers now on active duty would be affected, but emphasized that none of the 6,500 Reserve officers was included in the order. The mandatory extension is the second in two years for regular Marine officer pilots. They, along with all other regular officers, were held on the job in August, 1965, but were permitted to resign last month. Officials acknowledged that many pilots quickly had taken advantage of the chance to get out of service. One source said at least 125 pilots had resigned last month — most of them to join the airlines. The Navy has similar problems. Two weeks ago it ordered an estimated total of 300 pilots and 700 other key officers to remain in their jobs for another year. It was learned Monday that the Marine Corps will seek funds to train 300 additional pilots next year. This year it expects to produce 353 new aviators. Despite the shortcomings, the services make clear that they are meeting all Viet Nam needs.

Strikes... Spares

By John A. Spohal
We have a red hot women's traveling team which just might bring that pennant back to Sanford again. Yep, that's right, I did say again.

A couple of years ago these girls tore 'em up and emerged victorious (extra points in a description of a fight, doesn't it?).

This past Sunday, our team traveled to Ocala and bowled one of the Orlando teams and really stomped 'em, but good. Leading the assault was Dot Powell with games of 188, 188, a 220 and another that she'd rather I didn't mention, but she did finish with a respectable 748 four game average.

Incidentally, talking about better women bowlers reminds me that we are in need of a gal for the Monday evening Women's Scratch League. If you're interested, please write Margie Carothers a call.

If you've never 20 years of age and would like to bowl in a men's traveling league, well, there's one forming this Sunday. Cities to be represented are Deland, Deltona, Sanford, Daytona, New Smyrna and Orlando.

Jerry Bohrer of the Navy Recon Line team continues to bowl well for the Navy Intramural Bowling League. "Jer" shot a 210 in leading his team to a clean sweep over the Drag-dogs. Some of the other "local stars" were Mosier with a 210, Owens 211/666; Fryer of the Vigilantes 202, Fuhrer 218; Elsworth for the Hinky Dinks with a 210.

EVERLY
Joan Everly led the Ocala Curl team with a 261 game, but it was Elaine Kostival of Inland Materials who bowled high games for the league with a 188. Others "hitting for the numbers" were Bert Neville 157, Mark Nook 155.

Travelling bowling from the Singles Classic League by Bob Hudson with a 230 and then newcomers Lucky Keim slipping in with one pin less, a 224.

The biggest bender for the evening, however, went to our hillbilly singing team from Orange City - Glenn Griggs who had a 246. Entering into the "charmed circle" were Rich Murphy 219; Gil Luch 212; Jack Kanne 206; Dick Schaefer 206; Phil Hoche 212; Doug Owens 205; Dick Zuckerman 228; Barry Pentecost 210.

Beauchamp Signs ATLANTA (AP) - First baseman Jim Beauchamp, who hit .287 and 22 home runs before suffering a broken wrist in the International League during the past season, has been acquired by the Cardinals from the Atlanta Braves.

That's right, Mike had one of those nights when you just can't go wrong and finished with a 244.
(Look, since he's floating around town on cloud nine, would you mind introducing me to his two other games?)
Congratulations, Mike. Now just watch at how many times they'll be scoring over 200 for you. (Oh, I have been working hard lately.)
Last week's City League play had some of the game's shabbiest. Leading the assault was Dot Powell with games of 188, 188, a 220 and another that she'd rather I didn't mention, but she did finish with a respectable 748 four game average.

Reveal Changes In Cage Play

GAINESVILLE (AP) - Several changes will affect basketball games this season, Floyd E. Lay executive secretary of the Florida High School Activities Association, said today.
Flagrant, intentional and multiple fouls are now defined in rule 4, section 8. Each type of foul is defined and identified. A flagrant foul carries a penalty of two free throws plus disqualification, Lay said.
Rule 1, section 2 has been revised to state that the semicircle with the free throw lane as its diameter is part of the free throw lane. This expansion of the rule is to answer an increased number of requests for a description of the boundaries of the free throw lane.
Rule 2, section 2, now defines illegal equipment. Equipment which is always illegal throughout the game is listed. Included in the list are arm, hand, finger, wrist and ear guards and casts. The regulation also lists illegal equipment provided it does not have a sharp or cutting surface.
Rule 3, section 1, now states that it is a violation for a player of the free throw line to occupy either of the number one free throw lane spaces. There is a double violation if possible in the space adjacent to the end line if an opponent of the free thrower does occupy the space and a teammate of the free thrower does occupy it.
Other changes include the expanded definition of fouling, etc. as Athletic Director and Coach Joe Sterling administers their first exam on the subject.
They don't forget about our No. 20 on Saturday nights at 8 and 10 p.m.
It's loads of fun when you get nine pins on that first ball, you're credited with a strike. And besides all the big scores everyone receives, lots of prizes and surprises, too.
It's open to men and women and carries a guarantee of lots of fun for all.

Host Kissimmee Friday New Faces In Seminole Lineup

There will be new faces in the Seminole lineup this Friday night when they host Kissimmee, who sports a record of two wins and three losses. Sophomore Mett Morgan will replace the injured Kelly Ogden at the "nose" position. Ogden is hampered by a broken hand but will play plenty of action before the season is over.

Whigham is a fine passer as well as a dangerous runner and also possesses leadership qualities which are lacking by the Seminoles at the first of the year. Whigham's leadership was evident in the St. Augustine game as he completed three touchdown passes.

Another senior who has provided strong leadership is half-back Buddy Smith, a favorite receiver of Whigham's and a mainstay on the Seminole defense.

Fulback Mark Coole is also another good two-way performer, and is one of the most dependable defensive players on the team.

After being switched from guard to tackle, Barney Headrick is beginning to come into his own as a fine blocker and is also doing a good job on defense.

At the same time, the Seminoles will either prove or disprove the 263-3 passing they handed the Braves at the season's beginning.

Notre Dame over Oklahoma: The Irish showed against North Carolina that they can gain on the ground, too, by unleashing Nick Eddy. That's too much for the rebuilding Oklahomans.

Alabama over Vanderbilt: With early season success in Nebraska over Colorado: Unless the Buffaloes are higher than their Rocky Mountain altitude. Bob Charlton continues to guide the Huskers toward their fourth straight Big Eight title.

UCLA over California: Mel Farr and Gary Beban too much for the Bears.

Dartmouth over Harvard: The Lions are looking for a first-quarter Cowboy bomb. Wilson was falling backward Sunday when he grabbed the ball that had been intended for a first-quarter Cowboy bomb.

You have the greatest free safety in the game in Larry Wilson—and I hope you know it. Said Dan Reeves, the Cowboy who scored the only Dallas touchdown in the 10-10 tie between the two unbeaten National Football League Eastern Division teams.

Reeves spoke to a St. Louis Quarterback Club luncheon the day after the game.

Wilson's steal was the first of the ball-hawking Cardinal secondary in the battle with the aerial-minded Cowboy, who have scored 16 of their 26 touchdowns this season by passing.

Jerry Stovall and Jim Burson each kicked off one of Merced wharves over the Porskers wish.

Bob Hayes, the fleet Dallas flanker who has caught most of Meredith's passes this season, was held to a meager 24 yards on only three pass receptions by the sticky defending of Wilson.

Bob Hayes, the fleet Dallas flanker who has caught most of Meredith's passes this season, was held to a meager 24 yards on only three pass receptions by the sticky defending of Wilson.

Oviedo Set To Host Clermont

This week the Oviedo Lions are preparing for their second game of a very successful season as they tangle with Clermont, one of the three teams to beat the Lions last year.

The Lion backfield is presently recovering from the rough game they had last week against Crystal River. The only serious injury to the Lions sustained was a cracked collarbone of sophomore halfback Randy Janson. Janson is expected to return to action for at least three weeks.

Hank Tulp is on his way to setting a record in the yards rushing category for the Lions last year. All State Halfback Billy Miller set a record of 160 yards per game for the season while Tulp this year has averaged 180 yards. Miller also set a scoring record of 72 points for the season and this year has been named to go behind with six games to go.

One of the Lions' strong points is their hard hitting defense which has held their opponents behind with six games to go.

The 1966 Gator team, Graves' first, downed the Tigers 13-10 on two second half field goals by Billy Cash. In 1964, the Gators won 26-0 over an LSU team already assured of a Sugar Bowl date. This was the game played in freezing temperatures early in December after a regular-season date in October was affected by a hurricane and the game was postponed.

Only in 1962, when the Gators were decimated by injuries and players lost for scholastic or disciplinary reasons did they face LSU winning 29-0.

But the challenge that faces Florida this week is the greatest ever. It's the Gators who are undefeated, nationally ranked and co-leader in the Southeastern Conference race.

Led by quarterback Steve Spurrier, the Gators will match the league's best offense against a traditional LSU defense.

Spurrier didn't let Tiger Stadium scare him as a sophomore. He hit seven of nine passes, including one of 34 yards to Jack Harper for Florida's second touchdown. He also made a brilliant 20-yard run to keep the drive going just before passing for the score.

One of Spurrier's favorite receivers this season, split end Paul Swadlow, started his first game as a sophomore last week ago because Charley Casey had a leg injury. He caught two passes for good gains, one starting the Gator touchdown drive.

Graves feels that Florida's big problem will be to score on LSU. "Their defense against Kentucky dominated the game," Graves said. "You have to score the hard way against LSU."

Frank Robinson of the Baltimore Orioles was the top man in scoring runs in the recent All-Star game. He had tallied 16 times for the Orioles in their first 27 games.

Hurricanes Favored Over Braves County Junior High On Line

Coach John McNamara's Hurricanes have a sound running game and coupled with their passing threat, the forthcoming 263-3 with Sanford will either prove or disprove the 263-3 passing they handed the Braves at the season's beginning.

Notre Dame over Oklahoma: The Irish showed against North Carolina that they can gain on the ground, too, by unleashing Nick Eddy. That's too much for the rebuilding Oklahomans.

Alabama over Vanderbilt: With early season success in Nebraska over Colorado: Unless the Buffaloes are higher than their Rocky Mountain altitude. Bob Charlton continues to guide the Huskers toward their fourth straight Big Eight title.

Wilson's steal was the first of the ball-hawking Cardinal secondary in the battle with the aerial-minded Cowboy, who have scored 16 of their 26 touchdowns this season by passing.

Jerry Stovall and Jim Burson each kicked off one of Merced wharves over the Porskers wish.

Bob Hayes, the fleet Dallas flanker who has caught most of Meredith's passes this season, was held to a meager 24 yards on only three pass receptions by the sticky defending of Wilson.

At the same time, the Seminoles will either prove or disprove the 263-3 passing they handed the Braves at the season's beginning.

Notre Dame over Oklahoma: The Irish showed against North Carolina that they can gain on the ground, too, by unleashing Nick Eddy. That's too much for the rebuilding Oklahomans.

The Name Is Beier A Sure All-American

CORAL GABLES, Fla. - Tom Beier is one of the greatest defensive backs I've ever been associated with, bar none," Coach Corlie Tate's assistant of his star University of Miami cornerback after Beier and his mates had limited a previously undefeated University of Georgia football team to 27 yards rushing and 54 yards passing.

"He has lived up to the expectations of those pre-season experts who picked him on their All America teams. He's All-America in my book."

"Beier is as fine a football player as you will find in any college football team. He's not only smart, fast but a real inspirational leader. He does his own job perfectly - and it always on hand when the action flows somewhere else."

Tate called the Fremont, Ohio senior a "deadly tackler" - a fact which is backed up by the 47 tackles he has been in on in the first four games this season. If he keeps up that pace...

Co-Stars NEW YORK (UPI) - Jim Johnson of the San Francisco 49ers was named the Menden Fastback of the Week Monday for the longest individual scoring effort in Sunday's National Football League game.

Johnson, who went 35 yards with an intercepted pass in a 44-7 triumph over the Atlanta Falcons, will receive a Swift Sports watch.

Survive Surge CALGARY (AP) - The British Columbia Lions survived a last-ditch surge by Calgary and stayed off the Stampeders 13-9 Monday night in a Canadian Football League game.

Knuxaf' plishing sparked the Dodgers' remarkable stretch run toward the National League pennant while Robinson became the first American League triple crown winner since 1956 while leading the Orioles to the American League flag.

Mrs. Charles P. Wilson (Helen Sigel) of Gladwyne, Pa., set an amateur golf record with a 286 score in the 1965 Women's Open at Atlantic City, N. J.

Merger Battle - The High Cost Of Signing WASHINGTON (AP) - The high cost of signing players is a major reason why National and American Football League owners want to merge, says Rep. Emanuel Celler, D-N.Y.

"They are poor labor negotiators and are asking Congress to rescue them from their own ineptitude and folly," says Celler, chairman of the House antitrust subcommittee.

Passage of a bill exempting the merger provisions from an administration tax bill, to which the Senate added it in a maneuver to get around Celler. There was a possibility the bill would come up in the House today.

He said Tuesday he will try to eliminate the merger provision from an administration tax bill, to which the Senate added it in a maneuver to get around Celler. There was a possibility the bill would come up in the House today.

Lyman, DeLand Square Off On Friday

The chips will be down Friday night when the Lyman Greyhounds and the DeLand Bulldogs, tied for third place in the Orange Belt Conference, square off in DeLand.

Lyman Coach Dick Copeland's gridlers have lost three times in four outings, and is expecting a real dog fight with the explosive DeLand team.

"The Bulldogs have an outstanding offensive team which can score from any place on the field. Their halfback, Stanley Jenkins, is a constant scoring threat. We'll have to stop him in order to win."

Copeland is hoping for a repeat of last week's defensive performance, which held Oakland to one touchdown and just three pass completions. He was particularly impressed with the defensive work of Tom Fletcher and back Bob Eldridge. Despite the defensive showing though, the Hornets managed to come up on the short end of the stick, 7-0, losing the ball on fumbles four times.

Fastest Back NEW YORK (UPI) - Jim Johnson of the San Francisco 49ers was named the Menden Fastback of the Week Monday for the longest individual scoring effort in Sunday's National Football League game.

Johnson, who went 35 yards with an intercepted pass in a 44-7 triumph over the Atlanta Falcons, will receive a Swift Sports watch.

Spartans Favored Over Purdue Weekly Grid Picks

NEW YORK (AP) - There were exactly 7,201 persons who picked all 15 winners in last week's football contest conducted by The New York Daily News. The forecaster had 47 correct picks among the 61 major college games played.

Here's hoping for improvement with this week's major predictions: Michigan State over Purdue: Each had a rugged game last weekend but the game is being played in East Lansing and that should be enough to spur Michigan State to super efforts.

Notre Dame over Oklahoma: The Irish showed against North Carolina that they can gain on the ground, too, by unleashing Nick Eddy. That's too much for the rebuilding Oklahomans.

Alabama over Vanderbilt: With early season success in Nebraska over Colorado: Unless the Buffaloes are higher than their Rocky Mountain altitude. Bob Charlton continues to guide the Huskers toward their fourth straight Big Eight title.

UCLA over California: Mel Farr and Gary Beban too much for the Bears.

Dartmouth over Harvard: The Lions are looking for a first-quarter Cowboy bomb. Wilson was falling backward Sunday when he grabbed the ball that had been intended for a first-quarter Cowboy bomb.

You have the greatest free safety in the game in Larry Wilson—and I hope you know it. Said Dan Reeves, the Cowboy who scored the only Dallas touchdown in the 10-10 tie between the two unbeaten National Football League Eastern Division teams.

Reeves spoke to a St. Louis Quarterback Club luncheon the day after the game.

Wilson's steal was the first of the ball-hawking Cardinal secondary in the battle with the aerial-minded Cowboy, who have scored 16 of their 26 touchdowns this season by passing.

Jerry Stovall and Jim Burson each kicked off one of Merced wharves over the Porskers wish.

Bob Hayes, the fleet Dallas flanker who has caught most of Meredith's passes this season, was held to a meager 24 yards on only three pass receptions by the sticky defending of Wilson.

At the same time, the Seminoles will either prove or disprove the 263-3 passing they handed the Braves at the season's beginning.

Notre Dame over Oklahoma: The Irish showed against North Carolina that they can gain on the ground, too, by unleashing Nick Eddy. That's too much for the rebuilding Oklahomans.

Alabama over Vanderbilt: With early season success in Nebraska over Colorado: Unless the Buffaloes are higher than their Rocky Mountain altitude. Bob Charlton continues to guide the Huskers toward their fourth straight Big Eight title.

UCLA over California: Mel Farr and Gary Beban too much for the Bears.

Dartmouth over Harvard: The Lions are looking for a first-quarter Cowboy bomb. Wilson was falling backward Sunday when he grabbed the ball that had been intended for a first-quarter Cowboy bomb.

You have the greatest free safety in the game in Larry Wilson—and I hope you know it. Said Dan Reeves, the Cowboy who scored the only Dallas touchdown in the 10-10 tie between the two unbeaten National Football League Eastern Division teams.

Brawl In The NBA

NEW YORK (AP) - If Cassius Clay is looking for Cleveland after his fight with Alexandros Williams, the New York Knicks' croskickers may have the man for him.

The Knicks unveiled the National Basketball Association's newest heavyweight contender Tuesday night when Willis Reed took on the whole Los Angeles Lakers bench and won.

The Knicks came out on top, too, but by a somewhat closer margin than Reed, New York drew most of a 19-point lead and

when the fists began flying "Right in the middle," Cazzie replied, "observing."

In other games Tuesday night, Chicago topped San Francisco 119-116 and Detroit edged Cincinnati 114-112.

Dolphins Pick Up Earl Faison MIAMI, Fla. (AP) - Earl Faison, four-time All-American Football League defensive end placed on waivers by the San Diego Chargers, has been claimed by the Miami Dolphins.

The 6-foot 5, 265-pound Faison, rookie of the year in 1961, was waived by the Chargers Tuesday after a comment from coach Sid Gilman that Faison "will be better off with some other team."

Unless Gilman changes his mind, Faison will become the property of the Dolphins Thursday after the 48-hour recall deadline.

NHL Opener Set Tonight BY THE ASSOCIATED PRESS The Chicago Black Hawks, led by 54-goal scorer Bobby Hull, invade New York and the Detroit Red Wings, sparked by 20-year wonder Gordie Howe, visit Boston as the National Hockey League - a year away from mass expansion - begins its 50th season tonight.

Tonight's opener - and the Montreal and Toronto showdowns Saturday night - will be the last for the NHL as a six-team circuit. The league will be doubled next season with the formation of a second division, with franchises in Los Angeles, San Francisco-Oakland, Pittsburgh, Philadelphia, Minneapolis-St. Paul and St. Louis.

The Day Meredith Got Stopped!!! ST. LOUIS (AP) - St. Louis safety Larry Wilson has ended Dallas quarterback Don Meredith's string of 136 passes without an interception this season.

The range, 6-foot, 190-pound Wilson was falling backward Sunday when he grabbed the ball that had been intended for a first-quarter Cowboy bomb.

You have the greatest free safety in the game in Larry Wilson—and I hope you know it. Said Dan Reeves, the Cowboy who scored the only Dallas touchdown in the 10-10 tie between the two unbeaten National Football League Eastern Division teams.

Halloween Carnivals, Funtests Scheduled

The next two weekends in Seminole County will be filled with flying witches, goblins and spooky as three schools plan Halloween carnivals. The Sanford-Seminole Jaycees stage a big kiddy day and the Navy presents its famous precinct fest on the Blue Angels.

Judge Changes Reading Habits

CHICAGO (AP)—"This book has opened my eyes," a young man wrote in a report about the evils of Nazism. "I wish I had written it."

'Better Womanhood Month' Reaches Its Climax Sunday

Women of St. John Baptist Church, 220 Cypress Avenue, have been observing "Better Womanhood Month" during October. This observance will be climaxed Sunday with Mrs. Richard W. Moore, of Daytona, as guest speaker at the 11 a.m. service.

CCD Program To Be Topic At All Souls

Officers and committee chairman of the Conference of Christian Churches division of All Souls Parish will be introduced by Dr. Richard D. Daugherty, president of the All Souls Home and School Association, at a meeting of the association at 8 p.m. Thursday in the social hall of the church.

Shuffleboard Tournament On In Altamonte

By Julia Barlow
Shuffleboard tournaments are being held this week and next by the Altamonte Springs Garden Club.

Moose Chapter Gets Credits

Sanford Chapter 1404, Women of the Moose, has been notified that the chapter attained all its credits during the past year under leadership of Senator Regent Lenore Price.

Sticky Situation

HONOLULU (AP)—President Johnson proved himself the best at a sticky situation Monday. Waving to a large crowd which swirled around his car along Honolulu's Nimitz Highway, the President inadvertently placed his outstretched hand on the extra-dumb chin of an infant with a rubber pacifier in his mouth.

Moose Officers

Sanford Lodge 1851, Loyal Order of Moose, has elected John Rumbley, of 2008 Chase Avenue, as junior leader to fill the office which has been vacated. Jim McLaughlin, of 1800 Pinecrest Drive, was appointed sergeant-at-arms.

Thanksgiving Proclamation By President

WASHINGTON (AP)—Following is the text of President Johnson's Thanksgiving proclamation:

They came in their wooden ships. On an unknown and alien shore, they planted and built, settled and survived. Then they gave solemn thanks to God for his goodness and bounty. America, well over 300 years ago, had its first Thanksgiving Day.

For many years our presidents have had the opportunity to proclaim Thanksgiving Day, to address themselves to the American people, to remind us of the blessings we enjoy and the thanks that we owe.

If we consider the fervor with which those colonists in Virginia and Massachusetts gave thanks, when they had so little, we are taught how much deeper should our thanks be—when we have so much.

Never, in all the hundreds of Thanksgiving Days, has our nation possessed a greater abundance, not only of material things but of the precious intangibles that make life worth living.

Never have we been better fed, better housed, better clothed. Never have so many Americans been earning their own way, and been able to provide their families with the marvelous products of a momentous age.

Nor has America ever been healthier, nor had more of her children in school and in college. Nor have we ever had more time for recreation and refreshment of the spirit, nor more ways and places in which to study and to enrich our lives through the arts.

Never have our greatest blessings—our freedoms—been more widely enjoyed by our people. Nor have we ever been closer to the day when every American will have an equal opportunity and an equal reward.

No, we do not yet have peace in the world. Our men are engaged again, as they have been on so many other Thanksgivings, on a foreign field fighting for freedom. But we can be thankful for their strength that has always kept our liberty secure. We can be thankful for our science and technology that helps to master our America. Thanks are better spoken by deed rather than word. Therefore, it behooves a grateful America to share its blessings with our brothers abroad, with those who have so little of the abundance that is ours.

Simple justice and a concern for our fellow man require that we be ready to offer what we can of our food, our resources, our talents, our energies, our skills, and our knowledge to help others build a better life for themselves.

We should thank God that we are able.

Let us, therefore, in this splendid American tradition, thank Him who created us and all that we have. Let us do so with a firm resolve to be worthy of his abundant blessings. Let us assemble in our homes and in our places of worship, each in his own way.

Let us thank God for the America we are so fortunate to know.

Now, therefore, I, Lyndon B. Johnson, President of the United States of America, in accordance with Section 6103 of Title 5 of the United States Code designating the fourth Thursday of November in each year as Thanksgiving Day, do hereby proclaim Thursday, November 24, 1966, as a day of National Thanksgiving.

In witness whereof, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

Done at the City of Washington this seventh day of October, 1966, in the Year of our Lord Nineteen hundred and sixty-six, and the Independence of the United States of America the one hundred and ninety-first.

Lyndon B. Johnson

Open Season For Brides

ALTAVERA, Va. (UPI)—June no longer dominates the wedding calendar. Bridal business now is spread almost uniformly throughout the year, according to The Lane Company, furniture manufacturer.

The average couple today also expects to begin married life with a fully furnished home, the company says.

Kirk Blasted As A 'Liberal' At Altamonte Demo Rally

SEMINOLE PATIENTS at state tuberculosis hospitals will receive gifts being sent by American Legion Auxiliary Unit 53 of Sanford as a community service project. Stuffing the nylon net gift bags are Mrs. Olga Hunter (right) and Mrs. Ina Galloway. (Herald Photo)

Rep. S. J. Davis Jr. slammed Claude Kirk, Republican gubernatorial nominee, at a Democratic protest rally in Altamonte Springs Tuesday, as having "out-liberalized any liberal in the State of Florida with his promises of \$1 billion in new programs with no increase in taxes."

"When Kirk ran against Sen. Spessard Holland, a conservative Democrat who has served our state for 20 years in the Congress, he branded him a liberal," Davis said, "and now Kirk is trying to hang the liberal tag around Bob Hih's neck."

Davis stated, "Kirk has promised, in his white papers, everything from a mass school program to cleaning hyacinths out of the lakes, programs estimated to cost between \$500 million to \$1 billion."

"This is liberalism," Davis declared.

Rep. W. H. Reed, speaking on behalf of his own candidacy for the Lake-Seminole seat in the state House of Representatives, predicted Florida "will lead the nation in education in a few years" reporting 87 per cent of the population can now commute to a junior college.

"Progress under a Democratic administration in Tallahassee with a Democratic House and Senate will continue," Reed contended.

Donald B. Bates, incumbent member of the school board from district 5, hit hard as the strongest opponent of the Democrats in the general election and recalled the election of Republican Jan Fortune in 1965 when Democrats confidently sat at home election day while Republicans in Seminole County elected their first representative to the state House of Representatives since Reconstruction Days.

Dr. John Darby, in his bid for election to the district 1 seat on the School Board, pointing out the necessity of upgrading the quality of teachers by providing them with good salary, with the opportunity of upgrading their status with good working conditions."

Sen. Mack Cleveland spoke on behalf of Judge Sherman Smith of Vero Beach, incumbent judge of the fourth district Court of Appeals, by citing Smith's "temperament and intelligence and stable and mature judgment best suit him for the position."

Sen. Mack Cleveland also explained the 13 amendments to the constitution to be on the ballot in November. He particularly noted the importance of amendments 6 and 8 whereby county judges must be attorneys licensed to practice in the state and giving authority to discipline judges.

Moderator will be Mrs. Margaret Reynolds, principal of English Estates School.

The panel discussion will be preceded by a humorous skit on "How Not to Disseminate Public Information."

Actors in the skit will be Mr. and Mrs. Peter Baker Jr., Mrs. Cynthia Crain and Mrs. Ruth Johnson.

The program will be followed by the regular quarterly business meeting of the association.

Eisenhower said Tuesday, "I'm certainly hoping for gains, especially in the House. We have to have a two-party system. A system of self-government such as ours is seriously damaged if one party gains complete control of all branches of government."

He was among those attending a sale of Angus cattle at nearby Brandy Rock Farm, owned by retired Adm. Lewis L. Strauss, former chairman of the Atomic Energy Commission.

Eisenhower raises Angus cattle on his farm at Gettysburg, Pa.

He donated \$1,500 each Tuesday to the Shriners Hospital for Crippled Children in St. Louis, Mo. and St. John's Roman Catholic Orphanage in Belleville.

Rights Told

LEXINGTON, Ky. (AP)—Police have been issued cards to give defendants explaining their constitutional rights.

The officer must give the defendant a signed card and receive a signed one from the defendant.

HOME AND SCHOOL Association of All Souls Parochial School will meet at 8 p.m. Thursday in social hall of the church. Officers are (left to right) Dr. Richard Dougherty, president; Mrs. Rudolph Bernal, vice president; Mrs. Raymond Coy nowa, secretary; Mrs. Mary Oyster, treasurer, and Father William Keene, sponsor. (Herald Photo)

Ten Days To Deadline

Seminole County youngsters in grades one through six are reminded that Oct. 30 is the deadline for submitting their entries for the annual Christmas parade theme.

Sanford - Seminole Jaycees, sponsoring the pre-holiday march along with the Greater Sanford Board of Commerce on Dec. 1, urge the children to get their suggestions in, either by dropping them off at the Jaycee office or mailing them to P. O. Box 148.

Winner will receive a \$25 savings bond and will ride in the parade.

Themes which have been used before will not be accepted. They include the following:

"Christmas Thoughts," "My Christmas Dream," "The Christmas Story," "Christmas Through the Children's Eyes," "Keeping Christmas Through Christmas," "Parade of Christmas Dreams," "Christmas Fantasy" and "Old-Fashioned Christmas."

Chairmen of the parade are Bruce Bauder, John Gearty and Robert Murrie.

'Manulele Tausala' At Samoa

PAGO PAGO, American Samoa (AP)—Joy plants in vivid red spelled out "Manulele Tausala" — Lady Bird — as Mrs. Lyndon B. Johnson dedicated a Samoan school where children are taught by television.

The whole island was agog for the brief visit Tuesday of the President and his wife, and 300 school children gathered to sing songs they wrote in honor of the Johnsons.

Mrs. Johnson stepped under an arched entrance to snip a ribbon of pretty floral leis in the ceremonial dedication of the Lady Bird School. The children had planted the bank of flowers and proudly watched the big event.

The consolidated village school named after the First Lady is the 22nd of 28 which are being built to reorganize the 45 former village schools into a compact educational television network.

Samoa has 8,000 school children.

President Johnson in his arrival speech hailed the television pilot program and said that the very able and hardworking Samoan children are learning "twice as fast as they once did."

He praised "outstanding Gov. Rex Lee and the very able director of the U.S. Information Agency, Leonard Marks" for helping to get it going in this island populated by only 22,000 persons.

Lee, 5, Idaho-born and a longtime administrator in Washington's Bureau of Indian Affairs, is credited for much of the new beautification and revitalization of American Samoa and for getting the educational television system under way.

He came here in 1961.

County Planner To Be Guest Of Civic Council

By JANE CASSELLBERRY

Jack Goodin, Seminole County planner, will speak before the South Seminole Civic Council at 8 p. m. today at the South Seminole Civic Center.

All member organizations are asked to send a representative to the meeting.

Petitions are being circulated by the council asking the Board of County Commissioners to give due and proper consideration to the locating of the new county courthouse on a site more centralized and convenient to all citizens of the county.

Dissemination Of News Meet Topic

The Sanford Herald, Marion Harman, Seminole County bureau chief for the Orlando Sentinel; William Reek, news director for Radio Station WT-RR, and Nick Pfeiff, news director for Channel 2 television station.

Moderator will be Mrs. Margaret Reynolds, principal of English Estates School.

Members of the panel will include Larry Vershel, editor of the Herald.

The program will be followed by the regular quarterly business meeting of the association.

Eisenhower said Tuesday, "I'm certainly hoping for gains, especially in the House. We have to have a two-party system. A system of self-government such as ours is seriously damaged if one party gains complete control of all branches of government."

He was among those attending a sale of Angus cattle at nearby Brandy Rock Farm, owned by retired Adm. Lewis L. Strauss, former chairman of the Atomic Energy Commission.

Eisenhower raises Angus cattle on his farm at Gettysburg, Pa.

Like Grandma

ST. LOUIS (UPI) — Sherry Lee Barber is the third generation of her family to attend the same Clay Elementary Public School.

She registered for first grade at the school which her mother, Mrs. Sandra Barber, and her grandmother, Mrs. Viola Helms attended. All three showed up for September registration.

Speedy Quakers

SAV, PA. (UPI) — The pintail is one of the strongest and fastest ducks known. A flock of pintails flew 1,100 miles in 92 days, according to the National Automobile Club.

That's more than 13 miles a day and it isn't known if the birds flew direct.

Gambling Pays Off To Sheriff

BELLEVILLE, Ill. (AP)—Maurice Joseph, sheriff of St. Clair County, Ill., has donated \$3,000 to charity. It is part of the money he received from the sale of two cars he won in a raffle before initiating a gambling crackdown last summer.

Joseph won the cars at a tonight of Columbus picnic in East St. Louis, Ill., in July after he had been given the tickets for subscribing to an ad in the picnic program.

He donated \$1,500 each Tuesday to the Shriners Hospital for Crippled Children in St. Louis, Mo. and St. John's Roman Catholic Orphanage in Belleville.

Concert Series Spice Navy Life

Jetstream

The RVAB-12 Enlisted Wives Club has announced. These cookbooks contain a wide array of delectable, easy-to-prepare recipes. Any member interested in obtaining one of the remaining books is asked to contact Jan Barber.

Last meeting of the club resulted in a large luncheon with Lois Hutchins and Alice Bennett decorating the refreshment table in gay Halloween decor.

CPO WIVES will meet at 8 p.m. in the wives meeting room.

Arrangements for the Oct. 29 Halloween gala will be finalized and the membership chairman will report on their drive to bring all chief petty officers' wives into the club. Competition is keen and results so far are rewarding. All wives are invited to attend.

DORA GRIFFIN keeps the telephones lines hot telling Navy wives about the Seminole County Mutual Concert membership drive for the current series.

By DOTTIE AUSTIN
"TO GO WHERE the action is" is SOP with most Navy families.

As the Seminole County Mutual Concert Association strives into high gear with its 1966-67 campaign, representatives from each unit aboard the Naval Air Station are keeping the phones ringing reminding friends of the tremendous program planned for this season.

Norman Laboff, the internationally known musical arranger and choral director will be the main attraction this year. The personable and charming young piano team of Derek and Ray has been set for opening night.

DR. KENNETH WING...

The Florida Symphony will bring its full orchestra here in the third and again will have its show-stoppers interpreted in flowers by the talented women of the Terra Garden Club.

Although memberships are sold for the entire series, active men who are due overseas can purchase tickets for the programs which they can attend.

These concerts are so popular with Navy wives, for it affords a wonderful opportunity to dress up and go out for a nice evening, even though husbands are on cruise. The "hostess party" is a marvelous innovation in this instance.

Navy families often turn out in such numbers they account for over one-third of the entire local audience, resulting in the constant quest for good "live" entertainment.

Not only do Navy men and wives and members of their families pack the audience, they also participate in the association by being on the board of directors, holding chairmanships, selling memberships and exhibiting paintings in the accompanying art shows.

Their children are tapped for exciting jobs as ushers, stage hands and even being extras on stage at times.

Last season, Dora Griffin achieved a 100 per cent turnout for her husband's squadron, RVAB-12, with RVAB-12 almost reaching the magic number.

Representatives for the concert group in each squadron include Mrs. Patrick O'Garra, Navy membership chairman; Mrs. J. S. Cleveland, Stant; Mrs. Charles Butler, Staff; Mrs. Ray Murphy, RVAB-11; Mrs. E. Chappell, RVAB-3; Mrs. David Dearolph, RVAB-5; Mrs. William Thompson, RVAB-6; Mrs. Philip Ryan, RVAB-7; Mrs. Carol C. Smith, RVAB-9; Mrs. Albert Perrella, RVAB-11; Mrs. Muri Hamlet, RVAB-12; Mrs. James Griffin, RVAB-13; and Mrs. M. M. Mantel, WAFSP.

GET ACQUAINTED dinner for RVAB-9 Enlisted Men's Wives Club will be held at the United Horse Restaurant on West Colonial Drive (Hwy. 50) in Orlando, at 7 p.m. to-night.

All nine wives are invited to come on out and meet your friends and support your squadron.

Monthly meeting will be held Nov. 8 at the ballroom at 7:30 p.m. with free baby sitting at the NAS Sunday School nursery.

IMPORTANT FILM for women on cancer of the cervix will be shown at the meeting of the Florida Federation Thursday at 7:30 p.m. in the Navy wives meeting room. Dr. Kenneth Wing, local sur-

geon will be in charge of the program and all RVAB-12 enlisted wives are invited to attend.

This film should be of interest to all wives and Dr. Wing will be glad to answer questions. For further information contact President Lita Foshman or Diane Echols, co-chairman of the presentation. The dance held at the Fleet Rec Center will be held at 8 p.m. on Oct. 29.

BILLY THE KID, wild Indians, Minnie Pearl, can-can girls and dozens of cowboys and cowgirls were seen cavorting in the recent Western dance held at the Fleet Rec Center.

About 70 persons reportedly attended the dancing both square and round to the music of the Johnny Rich orchestra and enjoying a chuck wagon buffet amidst tales of hay and barn lanterns.

Winners of the best costume prize were Mr. and Mrs. Robert Messner.

Final plans have been made for a Halloween dance on Oct. 29 from 9 p.m. to 1 a.m. Entertainment will be provided by a band and the dancing will be held in the monthly fish fry, from 4 to 8 p.m. so there's food and fun for all. Costume prizes will again be awarded and there will be dancing to the music of a live band.

All refreshments, auxiliary members and guests are invited, of course.

At the last FRA meeting a new member, Robert Gaudin, was initiated. Next meeting will be Monday at 8 p.m.

NEW OFFICERS of the RVAB-12 EMW Club were installed by Mrs. Peggy Wood, wife of the commanding officer, with the assistance of Mrs. Kitty O'Garra, wife of the executive officer.

New president is Barbara Brackman with Betty Scott as vice president; Nona Hines, secretary; Isabel Cody, treasurer; Virginia James, chaplain, and Willie Stark, historian and reporter.

New committee chairmen include Gail Gebbie, hospitality; Margaret King, social director; Barbara Eude, telephone; Pat Cousins, ways and means. Due to the expected homecoming of the men of RVAB-12 late in October, the regular business meeting will be held Nov. 18 at 7:30 p.m. instead of the usual first Wednesday of the month.

Any new girls attached to Twelve who are interested in visiting or joining the Twelve Wives Club are invited to come to the meeting or telephone Mrs. Jean Fowler, who presents one of the women listed above for further information.

GEORGE FLEAK, a connoisseur of wine, will speak on the "Art of Serving and Using Wine" at the NOWC luncheon Nov. 10 at the Madison Garden at Smyrna Road, Altamonte Springs.

There will be a limit on reservations so please make your reservations by Nov. 7 with your squadron representatives.

The officers of the NOWC RVAB-11 have been working hard to make this a very special and efficient. Meeting is scheduled for Oct. 27 at 8:30 a.m. Refreshment hostesses will be Mrs. Dianne Shaw and Mrs. Ellen Ruth. At the last meeting, Mrs. John Burton was present to judge floral arrangements.

Using constructive criticism, Mrs. Burton told members proper arrangement is based on four parts—design, scale, balance and harmony.

She said the arrangement must have a particular design such as a triangle, circular, crescent or curve, with the focal point being one and a half times the width of the container. November 4 and 5, 1966, and December 2 and 3, 1966, meeting dates were changed with new dates to be circled, Nov. 17 and Dec. 15.

Attention was called to the Carriage Room of the Orlando Air Officers' Club. The Stuyvers will make their home in Newport News, Va., following a New England honeymoon trip.

At the recent Six bridge party, Lanny Skelly won high score with Jean Moore second.

WORK on painting a room at the Little Red School House will take place Nov. 4 and 5. RVAB-5 Enlisted Wives have announced.

The painters will gather at the school at 1 p.m. Nov. 4 to prepare the room and start painting, planning to return at 10 a.m. on Nov. 5 to finish the job.

The paint for the job has been donated anonymously.

A Halloween costume party is planned for 8 p.m. Oct. 28 at the ballroom. The club will furnish set-ups, but those attending must bring their own refreshments plus some kind of dip or tidbit to go along with it.

Pat Heers is in charge of organizing the games while Carolyn Clifton is decorations chairman.

Club members, husbands and guests are invited along with any prospective members who would like to join the club.

Helene Prati and Linda Jimez are baking for the USO this month.

Appointed to serve on the nominating committee were Mrs. Michael Durant, Mrs. Robert Moore, Mrs. Cliff Ables and Mrs. Robert Johnson. The entertaining staff will be a satire on Parliamentary Procedure.

The approved project of a raft for a toy gift certificate will take place in December.

The monthly business meeting followed the program. The president, Mrs. John Higgins, was the presiding officer at the home of Mrs. Jim Rowe. The corresponding secretary called the roll and read minutes of the last meeting. Mrs. Mary McKeown was the only member not present.

The rushees present were Mrs. W. A. Mackey, Mrs. Linn Rimmer, Mrs. Donald Harvey, Miss Valerie Rye, Mrs. Miriam Rye, Mrs. Ralph Weber, Mrs. Henry Schaeuber, Mrs. T. V. Metts and Mrs. Sandy Guillie.

Members in attendance were Mrs. John Higgins, Mrs. Kirby File, Mrs. Jack Schirard, Mrs. Richard Edwards, Mrs. Jim Rowe, Mrs. Jarrell Henson, Mrs. Robert White and Mrs. Ronald Hunt.

Rebekahs To Mark 50th Anniversary

By Mrs. CLARENCE SNYDER
Seminole Rebekah Lodge No. 42 met Thursday evening at the Odd Fellows Hall with Mrs. Hazel Gilhuly, noble grand, presiding.

Friendship night was observed with guests from Orlando Rebekah Lodge No. 12, Lucerne No. 36 of Orlando and Kissimmee Rebekah Lodge presiding during the opening and closing ceremonies. A cash presiding gift was presented to a guest. Plans were made for the Golden Anniversary of Seminole Rebekah Lodge to be held Oct. 27.

Mrs. Amelia Osteen was welcomed. Mrs. Osteen, a member of Seminole Rebekah Lodge, had been unable to attend meetings for nearly two years following an accident.

Delicious refreshments of sandwiches, tea, coffee and nuts were served by the committee with Mrs. Pauline Howard as chairman.

Amaranth Order Sets Initiation

By Mrs. CLARENCE SNYDER
Seminole Amaranth Order, Court No. 38, Order of the Amaranth, met Tuesday evening with Mrs. Thelma Lewis, Mrs. Essie Cole, presiding.

Plans were made for the banquet table to be at each meeting. Fruit cakes will be sold and other money-making projects were planned.

A flawless emerald of good color is, carat for carat, the most precious gem.

Epsilon Sigma Alpha Has Model Meet For Rushees

Talented members of Toastmistress Club presented an outstanding program for rushees, guests and sisters of Epsilon Sigma Alpha Sorority. Toastmistress Mrs. Terry Smith and her husband, Mr. Robert Moore, Mrs. Cliff Ables and Mrs. Robert Johnson. The entertaining staff will be a satire on Parliamentary Procedure.

The approved project of a raft for a toy gift certificate will take place in December.

The monthly business meeting followed the program. The president, Mrs. John Higgins, was the presiding officer at the home of Mrs. Jim Rowe. The corresponding secretary called the roll and read minutes of the last meeting. Mrs. Mary McKeown was the only member not present.

Miss Lynne McRoberts, daughter of Mr. and Mrs. W. K. McRoberts, 226 N. Scott Ave., has been selected as a candidate for the 1966-67 "Miss Howey Academy" title. Lynne will compete with eleven other Academy co-eds in evening gown, talent, beauty, and impromptu questioner competition at the Pageant which will be held Saturday, Oct. 22 at 7:30 p.m. at the private school's Student Center in H o w e y - i n - t h e - Hills. The public is cordially invited.

Miss Hodgins Shows Art Works This Month

The works of Miss Elizabeth I. Hodgins, Art and Humanities teacher, at Lyman High School, are currently being exhibited at a "one-man show" at Senkarik's Paint and Glass Company.

The display, which is being sponsored by Sanford-Seminole Art Association, features printmaking (graphics), copperplate engraving, wood-cuts and linoleum-cuts.

Miss Hodgins has an extensive background in the field of Art. She has many awards for her credit and received her Master of Education in Art from the University of Florida.

UDC Chapter Informed On State Constitution

Mrs. F. E. Roumillat was the speaker for the October meeting of the UDC Chapter at the home of Mrs. Mary Mobley at 127 1/2 N. Orange Ave.

Miss Peebles Betrothed

MISS SYLVIA REBECCA PEEPLES

Casselberry Personals

Mr. and Mrs. Eric J. Carter, 2454 Yale Avenue, Sanford, are announcing the engagement and approaching marriage of their daughter, Miss Sylvia Rebecca Peebles, to William Kendrick Borden, son of Mr. and Mrs. William Edward Borden, of Chamblee, Ga.

The bride-elect was graduated from Glenn Academy, Brunswick, Ga., and is a graduate of Columbia High School. He received his Bachelor of Science Degree from Oglethorpe College, Atlanta, and his Bachelor of Divinity Degree from Columbia Theological Seminary, Decatur, Ga. He presently is serving as minister of First Presbyterian Church, Columbia, S. C.

The marriage will be solemnized on Nov. 3 at Oglethorpe Presbyterian Church, Atlanta. The newweds will make their home in Columbia, S. C.

Members of Gamma Lambda Chapter of Beta Sigma Phi sorority honored the rushees with a tea Sunday afternoon at the home of Mrs. Billy Gracy, 2031 South Palmetto Avenue.

Mrs. J. M. Warner, vice president, was rush chairman. Mrs. Joe Gracy is chapter sponsor.

Prior to the tea the rushees were entertained with a crazy hat party and a bingo party for the girls and their husbands. Other members who assisted with the tea, chapter pres-

GAMMA LAMBDA CHAPTER OF BETA SIGMA PHI honored rushees with a tea, Sunday afternoon, at the home of Mrs. Billy Gracy. Left to right are Mrs. J. M. Warner, rush chairman; honorees, Mrs. Eddie Sauls and Mrs. Larry Burney and the hostess, Mrs. Gracy. (Herald Photo)

Sanford Personals

Mrs. E. Marie Berrisford of Springfield, Ill., is visiting at the home of her brother-in-law, Lowell E. Oiler. After completing a two-week Florida vacation at Pensacola, Daytona Beach and other Florida cities, Mrs. Berrisford will move to 122 E. Lexington Avenue, Orlando, where she will be affiliated with Gibbs-Louis Company.

Dennis B. Crawford, S/A U.S. Navy Reserve, son of Mrs. John Crawford, of Sanford, will complete ten weeks of Submarine School training at New London, Conn., Oct. 21, Upon

Mrs. A. L. Hardesty has returned from her home, 2417 Orange Avenue, after spending a month with her daughter and family, Mr. and Mrs. William Hardesty, in Miami.

Miss Lavender Guest of Honor At Bridal Fete

MISS LAVENDER

Bridal Tea Compliments Miss Riser

The lovely home of Mrs. H. H. Grier on Beacon Drive was the setting recently for a luscious shower complimenting Miss Judy Lavender, bride-elect of Arthur Van Wart.

Co-hostesses with Mrs. Grier were Miss Peggy Grier, Miss Susan Brown and Miss Judy Ogden.

A color scheme of green and yellow was used throughout in the party rooms with bridal motifs accents.

The honoree received many beautiful and exquisite items of lingerie.

Delicious refreshments were served by the hostesses to more than 35 guests attending the bridal fete.

BREAST-FEEDING
NEW YORK (UPI)—In a study of 129 mothers, Dr. George Guthrie and Helen Guthrie, of Pennsylvania State University, reported that almost half—over breast-feeding their babies two weeks after birth.

Reporting in "Clinical Pediatrics," the researchers said the proportion was higher than expected and suggests a trend. Most of the women were college graduates. Those selecting breastfeeding gave these reasons for their choice: the figure, health benefits to baby, closeness between mother and child.

MISS SHARRON RISER, bride-elect of James Earl Ward, was guest of honor at a bridal tea Saturday afternoon at the Catalina Drive home of Mrs. Gordon Bradley. Posing around the beautifully appointed refreshment table are, from left, Mrs. Bradley, hostess; Miss Riser, honoree; Mrs. James A. Riser, mother of the bride-elect; Mrs. C. E. Ward and Mrs. Dickey Crosby, mother and sister of the bridegroom-elect.

The refreshment table was overlaid with an ecru lace cloth over green and held a large crystal punch bowl and appointments of silver and crystal. The center arrangement was made of yellow mums and gladioli with green fern, flanked by two crystal centerpieces with yellow tapers.

A scorch mark sometimes can be removed by rubbing it with a piece of wet, white bread.

Guests were served refreshments of fruit punch, iced coffee, iced in white and topped with yellow roses, potato chips, nuts and mints.

Rotate pieces of silver, especially if you own a great deal, by using or displaying certain items periodically, they'll be bright when it's time for company.

Garden Circles

The Jacaranda Circle of the Sanford Garden Club met at the home of Mrs. Bill Beale, 121 Fairway Drive, with Mrs. L. B. Steele as co-hostess. Mrs. Beale's home had arrangements of Hibiscus placed at vantage points.

Mrs. A. C. McKeenolds presented Mrs. Fred Ganas, who gave a program on Fall Arrangements. She first told the group, "Train your eyes to see the beauty all about." Using some materials she had gathered from nearby woods, she first made a hagarth curve, using a large piece of driftwood, pine for lines. Craton leaves in shades of yellow and yellow Fugli mums. This made a very outstanding arrangement. Following she made a vertical, triangle and free style arrangement.

Mrs. McKeenolds reported from the horticulture meeting that she attended at the home of Mrs. Donald Burns. She listed the annuals that should be planted now to the Missouri Botanical Garden, for placement in their world-famous climator here.

The association said the tree will have the regulated tropical climate needed for its continued growth and will be used as a force for an educational program in the St. Louis school system.

Botanical Gift
ST. LOUIS (UPI)—The Chocolate Manufacturers Association presented a fruit-bearing coconut tree to the Missouri Botanical Garden, for placement in their world-famous climator here.

The association said the tree will have the regulated tropical climate needed for its continued growth and will be used as a force for an educational program in the St. Louis school system.

grets attired in a wedgewood blue linen dressmaker suit, wedding bells was attractively arranged on the table.

Porting were Mrs. Pam Bach, Mrs. Ruth Carlton, Mrs. Robert W. Williams and Mrs. Edward Smith.

Approximately 80 guests called during the appointed hours of 4-6 p.m.

Also in the receiving line were Mrs. C. E. Ward, mother of the future bridegroom, who wore a Ming blue crepe dress applied in crystal motifs. Mrs. Dickey Crosby, sister of the groom-elect, received in a pink cashmere and silk ensemble. The hostess presented white carnation corsages to the receiving line members.

Centering the refreshment table, which was covered with an Italian cut cloth, was a floral arrangement of pink carnations, tuberoses and white mums in a silver bowl. Accenting the arrangement were pink lapers in sterling holders. Antique silver tea service graced one end of the beautifully appointed table with punch poured from a cut-glass bowl at the opposite end.

An assortment of petit fours, toasted nuts, slipper mints and dainty open-faced sandwiches in the shape of hearts and

Mass Polio Drive Set Sunday By JCs

By JANE CASSELBERRY

A mass polio immunization drive for the area is being launched by the South Seminole Jaycees Sunday. This will be the only drive conducted in the Orange-Seminole area this year and is open to the general public, regardless in which county they reside.

Bob Chamblee, project chairman, has announced

that the oral vaccine will be distributed between the hours of 11 a.m. and 4 p.m. at the following locations: Jai-Alai Fronton, Fern Park; Casselberry Shopping Center, Casselberry; Longwood Plaza, Highway 17-92, and Forest City Shopping Center, SR 486.

This immunization is the oral (sugar-cube) two dose type recommended by the Seminole County Medical Society and Seminole County Health Department.

Both doses must be taken to be completely pro-

ected and a booster is advisable if you have not had the vaccine within a year.

The second dose will be administered Jan. 8, 1967, at the same locations.

The drive provides an excellent opportunity for all children to receive the required polio immunization for this school year at a large savings in cost. A donation of 50 cents is asked to cover expenses. All proceeds will be donated to the Edgewood Boys Ranch.

RVAH-12 On 'Sara' Arrives Home On Oct. 26

WITH THE U.S. SECOND FLEET IN THE ATLANTIC After traveling 48,000 miles and completing a successful seven-month commitment with the U.S. Sixth Fleet and NATO in the Eastern Mediterranean, the USS Saratoga will return to her home port at Mayport on Oct. 26.

Returning with the attack carrier from her seventh Mediterranean cruise was her Air Wing, Carrier Air Group Three, with squadrons from Cecil Field and Sanford, Fla., and Oceana, Va.

During her in-port periods in the "Mediterranean" approximately 30,000 visitors which included general public visiting and special groups. The special groups consisted of city officials, government dignitaries and orphans from various Mediterranean countries.

While deployed "Sara" visited the islands of Malta, Rhodes and Palma. Other ports-of-call included Thessaloniki and Athens, Greece; Genoa, Taranto and Naples, Italy; Palermo, Sicily, and Barcelona, Spain.

On Oct. 4, she received her 113,000 arrested landing since her commissioning in 1956, and marked the 10,000 of the cruise. The ship and her squadrons operated free of serious injury during the seven month deployment.

While in Palma, Oct. 7, Capt. Joseph Tully, of Sanford, relieved Capt. Harold Lang as Commanding Officer in a change-of-command ceremony aboard the carrier.

Since leaving Mayport, March 11, Saratoga has consumed 208,161 gallons of aviation fuel while her jets used 15,847,822 gallons of jet fuel. The amount of black oil needed to keep "Sara" steaming was 20,508,200 gallons.

Fresh water is a must in order to keep the boilers and catapults operating as well as to the crew. In order to provide enough fresh water the evaporators produced 19,830,597 gallons.

The crew, during the cruise, was paid nearly \$5 million, of which approximately \$1,105,000 was spent in the ship's stores for such items as razor blades, tooth paste, soap, watches, cameras, stereo sets, etc.

Every sailor has to eat and drink! The Saratoga crew is no different. The crew consumed 102,801 gallons of milk, ate 230,973 pounds of beef, 217,640

pounds of potatoes, 170,000 leaves of bread, 7,500 cakes, and drank—believe it or not—3,648,000 cups of coffee. Total cost to feed the crew was \$1,627,829.64.

The medical and dental departments also were kept busy. The hospital's outpatient service, 3,250 shots and dispensed 170,000 aspirins. The dental office recorded 10,041 appointments and 23,246 treatments.

Saratoga's Air Wing is made up of Fighter Squadrons 31 and 103, Attack Squadrons 34

and 106, Heavy Reconnaissance Attack Squadron 12, of Sanford, and a detachment from Airborne Early Warning Squadron 12.

The Air Wing flew a total of 15,258 hours, numbering 112,370 sorties.

On April 14, while in port at Malta, Saratoga celebrated her 10th anniversary with a party aboard ship.

After her seventh cruise to the Mediterranean, Mayport

and the Jacksonville area will be a most pleasant sight to "Sara's" 4,000 crewmen.

TEXAS NAVY
DALLAS (UPI) — From 1854 to 1863 Texas had a navy which sailed the Gulf of Mexico.

The Texas Navy was put up for auction in 1943, but the people of Galveston forcibly prevented submission of bids.

Three years later, the navy, four vessels strong, was transferred to the U.S. Navy.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: Whenever my husband finds out one of our kids went to a dentist, he hits the ceiling. He says I'm throwing out money, all dentists are crooks and nature will take care of everything. He says when he was young, folks went to a dentist only when a tooth ached, to have it pulled.

He's lucky he was blessed with good strong teeth, but our kids have sore teeth (like me). I am 43 and have plates, and now realize if I had taken better care of my teeth when I was young I'd have them today. My husband makes good money but he hates to give a dentist a dollar.

I can't go on feeling guilty every time I send the kids to a dentist. Am I tired of hiding the dentist bills. What do you do with a man like that?

ASITABULA, O.
DEAR ASITABULA: Quit sneaking around, concealing, hiding the bills and feeling guilty. You are within your rights to provide your own dental care with regular dental check-ups to insure total good

health. And if he hits the ceiling, learn to tell him out. It's hard to believe a person could be so ignorant in this enlightened era.

HAS ADDITIONS:
DEAR ABBY: What advice would you give a 12-year-old boy who has ambitions to be a smart?

DEAR ABBY: I would say (READ): Read, read, read. In books there is a world of information just waiting to be discovered. The person who DOES NOT read has no advantage over the person who CANNOT read.

DEAR ABBY: Please answer this question which has puzzled me for a long time. When a person has taken his own life, should the whole incident be ignored as though nothing had happened, out of kindness and consideration for his family? There are some in my family who believe that this is the best course to follow. What do you think?

NAMELESS
DEAR NAMELESS: When a dear one is lost, his family suffers a loss, whether he has

Jacoby and Son

Oswald: "It is mighty easy to recognize a situation which calls for a duck play when you hold the ace or ace and king of a suit. Players seem to miss when with less obvious holdings."

Jim: "Here is a case in point. I watched a pretty good player mangle this hand. He could not resist the impulse to capture East's jack of spades with his queen."

Oswald: "He could count for three top tricks in hearts plus two in spades after he made that play. He needed to knock out the minor suits and get to nine and I suppose he made the wrong guess at trick two and led a club."

Jim: "That's exactly what he did. East took the trick

and led a diamond whereupon West rose with his ace and set South with three spade tricks."

Oswald: "If South had started after diamonds instead of clubs he would have breezed home with the hand but this minor suit play at trick two was an absolute top-saw. The play at nothing but hearts would have let East hold that first trick he needed for his trump."

Jim: "If South had recognized the unusual duck situation and let East hold that first trick he would have further problems. He would win the second major and knock out the other minor suit with safety. The rubber thing would hurt him would be if West held both aces but in that case the chances are that West would have opened the bidding as usual. South took three club tricks

with his ace and led a spade. South played the eight and West's ace fared dummy's ace. South took three club tricks

Horoscope Forecast

THURSDAY, OCT. 20, 1966

GENERAL TENDENCIES:

The daytime is your time to work hard to get your affairs on a better-organized basis and to show others that you are willing to help them build their material interests so that they will have less trouble in the days ahead. The evening brings out your tendency of those about—and you yourself—to be contentious.

ARIES (March 21 to April 19) Be careful you do not impress higher-ups as being a person who likes to occasionally gossip about others, or this puts you in a bad light as well. Improve credit and avoid places where you can get in Dutch with others.

TAURUS (April 20 to May 20) You have some puzzling problem, but if you take a valuable time away from your work to seek answers in the wrong places, you lose money as well. Complete work at hand. Then this becomes a fruitful day and evening.

GEMINI (May 21 to June 21) Handling insurance, tax, alimonies, etc. wisely is best way to spend part of this day. Better organization is needed. Closest tie is quite demanding. Acquire and keep peace in the family.

SCORPIO CHILDREN (June 22 to July 21) Partners may be blaming you for some new venture is not pinging out as expected. Control temper and give time for success to come. Don't be gloomy. Have faith.

VIRGO (July 22 to Aug. 21) Forget about being a high flying individual today and concentrate on getting the practical tasks around you completed. Improving health is good. Be the master of your own soul.

LIBRA (Aug. 22 to Sept. 21) Being careful to stick to proven pleasures and persons that will not lead to extravagance is important right now. Make up your mind to avoid the social scene. Being careful to stick to proven pleasures and persons that will not lead to extravagance is important right now. Make up your mind to avoid the social scene.

SAGITTARIUS (Nov. 22 to Dec. 21) If you toss off some good ideas to others helpfully, they will appreciate it instead of making a production out of it. Take care you get bills paid. Plan how to make them easily on the time plan.

CAPRICORN (Dec. 22 to Jan. 20) You are not absolutely sure of your desires and aims now, but don't try to force matters you lose out. More serious study is necessary. Improve your health and appearance for best results.

AQUARIUS (Jan. 21 to Feb. 19) Some worrying over conditions that are not quite to your liking is good, since you do not do something about them without further ado. Others appreciate your finest talents. Give a helping hand to others in trouble, also.

PISCES (Feb. 20 to March 20) Pain may want to take up your time unfairly and you should not permit them to do so, but be courteous. Say you are busy right now. Avoid the social scene since this could be most disappointing. Do some studying.

ARIES (March 21 to April 19) You are not absolutely sure of your desires and aims now, but don't try to force matters you lose out. More serious study is necessary. Improve your health and appearance for best results.

L.T. CDR. M. E. Husted, of Sanford-based RVAH-12, notched his 100th carrier landing in an R4C Vigilante aboard the USS Saratoga currently in the Mediterranean. Husted and his wife, Pat, and their two children reside in Lake Mary. (Navy Photo)

Martin Firm Growth Is Described

Broader and more sophisticated communications systems, greater use of lasers, wide application of space development to civilian use were some of the future potentials of Martin Company and described its many accomplishments.

Out of a total personnel force of 8,700 persons, nearly 30 per cent are engineers, with more than 20 per cent engaged in production; 25 per cent in administration and 35 per cent in technical work, Fetrov said.

He noted that the average age is less than 35 years of age and nearly 30 per cent of the employees are enrolled in higher educational courses.

Out of total disbursement of \$57 million in 1965, \$16 million was spent in Florida, not counting the \$7.9 million payroll, plus general business and expenses and taxes of \$11 million.

Petrov emphasized that 45,000 missiles have been built by Martin with 11,214 other aircraft constructed.

Eleven spacecraft or satellites have been placed in orbit by Martin boosters.

Describing the Sprint intercept missile, Fetrov commented that the missile, only 34 feet long, is faster than the most high-powered rifle bullet.

He also described the Rainbow access address communication system which uses light beams instead of wires or cables and is jam-proof, for greatly improved communications in space or in the field.

He noted that Martin's work is primarily that of tactical warfare, application of missiles and rockets as well as the space program.

YOU CAN WIN UP TO \$1,000.00 IN CASH!

BILLFOLD BINGO

WIN \$1,000.00 \$500.00 \$100.00 \$10.00 PLUS INSTANT CASH AND A & P FREE PRODUCT PRIZES

WINNERS EVERY DAY! FREE A & P PRODUCT PRIZES! INSTANT CASH PRIZES!

THOUSANDS OF WINNERS EACH WEEK!

OVER 50,000 PRIZES COLLECT DAILY WIN BIG!

NOW HANDY NEW CONVENIENT SLIP POUCH

INSTANT AWARDS! EACH DAY NO WAITING!

HERE ARE TWO FREE SLIPS TO START!!!

HOW TO PLAY BILLFOLD BINGO

- You receive a free BILLFOLD BINGO Game slip, printed in green, each time you visit a participating A & P Store. No purchase is necessary to play the game. Adults and children (over 13) may participate and our employees and their families are ineligible.
- Carefully examine the scratch-off cards on each slip to reveal a number. Leave the number on the game indicated and mark it on the game card with an "X". Save the slip for later redemption.
- You win the BILLFOLD BINGO Game indicated on the top of each of the four game cards when you have revealed the numbers on the slip. The numbers on the slip are listed on the game card. The game card is marked with the word "FREE" just above the actual product of A & P. The size and weight of your free item is specified on the slip. The "FREE" slip with the corresponding A & P Store and after verification you will receive your prize from the Store.
- You win a FREE PRODUCT PRIZE if your game slip is marked with the word "FREE" just above the actual product of A & P. The size and weight of your free item is specified on the slip. The "FREE" slip with the corresponding A & P Store and after verification you will receive your prize from the Store.

Don't wait! Take your slip to any participating A & P Store and, after verification, you will receive your prize from the Store.

1. You win a FREE PRODUCT PRIZE if your game slip is marked with the word "FREE" just above the actual product of A & P. The size and weight of your free item is specified on the slip. The "FREE" slip with the corresponding A & P Store and after verification you will receive your prize from the Store.

2. You win the BILLFOLD BINGO Game indicated on the top of each of the four game cards when you have revealed the numbers on the slip. The numbers on the slip are listed on the game card. The game card is marked with the word "FREE" just above the actual product of A & P. The size and weight of your free item is specified on the slip. The "FREE" slip with the corresponding A & P Store and after verification you will receive your prize from the Store.

3. You win a FREE PRODUCT PRIZE if your game slip is marked with the word "FREE" just above the actual product of A & P. The size and weight of your free item is specified on the slip. The "FREE" slip with the corresponding A & P Store and after verification you will receive your prize from the Store.

4. You win the BILLFOLD BINGO Game indicated on the top of each of the four game cards when you have revealed the numbers on the slip. The numbers on the slip are listed on the game card. The game card is marked with the word "FREE" just above the actual product of A & P. The size and weight of your free item is specified on the slip. Part 2 In A Series Bus Driver Moans -- 'It's Murder'

The school bus situation in Seminole County (part 2) By DONNA ESTES

"The first school bus fatality in Seminole County will happen right here at Sanford Junior High if they don't make the kids riding the second run stay behind the fence until after the first run loads and leaves," one school bus driver predicted Wednesday.

"We have begged and begged officials to do something about this situation, but they just ignore us. Everytime I pull out from the school, I hold my breath for fear some child will dart into the path of my bus," she complained.

Another said, "I don't like to pack these kids into my bus like sardines. Sometimes they stand in the steps even after I tell them it is dangerous. I've remarked, 'We complain, but what good does it do us? We are practically told by the school officials that if we don't like it, we can quit. I can't afford to quit. I need my job.'"

The drivers of 14 of the 18 buses are smartly attired in uniform blue skirts and white blouses with patches on their sleeves denoting the number of years of safe driving of each of the women. The lone male driver is also handsomely dressed in blue trousers and white shirt with the familiar red tie.

The drivers who transport the students on the first run park their buses on Eighteenth Street and chat with one another while waiting for school to "let out."

When the bell rings, their smiles remain, but each says she is taking a deep breath in preparation for the "trial ahead."

The drivers tell readily of experiences with their more adventurous passengers who try to smuggle everything from pet snakes to pygmy hogs on the buses despite the rule prohibiting "pets" on the vehicles.

As at Lyman, the first run buses at Sanford Junior High leave at 7:45 and the second run buses at 8:00.

Students said they really didn't mind "queuing in the bus at first. It's kind of fun, but it sure gets tiresome after a few blocks."

After the last bus left, a few stragglers who live close enough to walk to school were madder saying, "Max, I'm glad I don't have to ride the bus."

Said Supervisor of Registration Mrs. Camilla Bruce - "Come see my little cubby-hole..."

We hear the Seminole High School Band has been invited to participate in the Orange Bowl festivities New Year's Day.

The driver of bus 68 has taken a few days off "to un-nerve herself," say school officials when asked what happened to Mrs. Nell Buhler - "That was the bus the little girl fell out on Bunnell Road."

County tax bills will be mailed out next Tuesday... City tax bills will go out around Nov. 1.

Supt. of Schools R. T. Mill we said he will retire at school head after 1968. We asked him what he planned to do and he said he had a few job offers.

"Why don't you write a book about the press?" says I. "I could write a pretty good one on what happens in this office," says he.

I guess he could... Everything is there... Melodrama, comedy, tragedy, intrigue and even a fistfight.

City Hall looks good freshly painted... But the city sticks out like a sore thumb. When is the city gonna paint it?

The hospital board has scheduled a special meeting on Oct. 25 to discuss next year's budget... They will then submit the millage for the 1967-68 year for the County Commission later in the month or early November... Now the question is that if the hospital asks for additional millage, the commission will seek an attorney general opinion on whether they have to go along with it... If the nurses are to get a raise... there will have to be a millage like... that unless the hospital cuts corners elsewhere.

Memo to the school board - "There's an interesting article in 'Florida Education' magazine this month by our own Dottie Austin on FEZ president George Dabbs who lives in Altamonte Springs... See, fellows, we're not all that bad."

Did you know that the Hospital Board, Zoning and Planning Board, Civil Service Board and Board of Adjustment get no pay?

There is only one speech therapist in the Seminole County School system... Just one to take care of all the needs of our youngsters on the elementary school level... But before I get too harsh, there are only 180 in the entire state... School officials are hoping for an additional unit in the very near future.

YOU CAN'T WIN DEPARTMENTS! One of our most prominent citizens was overheard in the barber shop the other day telling all that I ought to be run out of town except this citizen left his native land because he was losing his individual freedom... See what I mean...

DR. MILLICAN Tech Prexy Sets Meet In County

Discussion in general terms of the kinds of buildings and functions which might properly be permitted in Seminole County near the site of the Florida Technological Institute will take place at a meeting of the board of county commissioners, the county planner and Charles W. Millikan, University president, Friday.

The meeting is scheduled for 8:30 a.m. at the court house. The area on the Seminole County side of the University has been "properly zoned for the college" but further rezoning may be required in order to permit construction of service facilities near the site.

Dr. Millikan has the similar get-together meeting with the Orange County commission recently.

The 1,600 acre campus of the new university is located on SR. 520, three miles south of Ovidio. Current plans call for the doors to open to the institution of higher learning in Sept., 1968.

Mental Disorder CAPE TOWN, South Africa (UPI) - The presiding justice of the Cape Town supreme court today ruled Demitrio Tsfasendas was mentally disordered when he assassinated Prime Minister Hendrik Verwoerd on the floor of parliament. He ordered him committed to prison.

Unmanned Shot MOSCOW (UPI) - The Soviet Union fired one of its tried and true unmanned cosmo satellites into orbit today at visiting political and military leaders of eight Communist nations watched at a top secret space center in Central Asia.

The visitors came from the six Warsaw Pact allies and Communist Cuba and Mongolia were believed the first foreign leaders to witness the Soviet space shot since President Charles de Gaulle last July.

21,000 Out Of Work By United Press International

Disputes over local issues today plagued 10 diversified plants of General Electric Corp. as 21,000 workers stayed off the job. Officials threatened to use the Taft-Hartley Act to get them back.

WASHINGTON (UPI) - Negro voter registrations in five deep South states almost doubled in the year after passage of the Civil Rights Act of 1965. It was authoritatively reported today.

Total Negro registrations were estimated at 687,000 in Alabama, Mississippi, Georgia, Louisiana and South Carolina when the bill was enacted in August, 1965.

Vote Drive Doubles WASHINGTON (UPI) - Negro voter registrations in five deep South states almost doubled in the year after passage of the Civil Rights Act of 1965. It was authoritatively reported today.

WASHINGTON (UPI) - Congress today had a historic chance to revolutionize presidential campaigns by financing them with income tax dollars.

A financing plan before the lawmakers would create a campaign fund of \$1 contributions from taxpayers who volunteered to check a box on their returns, thus approving such a use for their dollar. It was a first of its kind.

2 Sanford Banks Tied In McNulty Holding Plan OK'd

Expansion of the McNulty group of banks including Sanford's Florida State Bank and United State Bank of Seminole was pictured today with approval of a plan to acquire majority interest in 11 Florida banks.

In permitting the parent company of the McNulty group - First Florida Bancorporation of Haines City - to become a bank holding company, the Federal Reserve Board decision held there would be no monopoly.

The 11 banks had total deposits of \$92 million as of last Dec. 31 and total assets of \$108.5 million as of last June 30.

Banks in the group and their assets are: National Bank of Melbourne, \$24.6 million; Florida State Bank of Sanford, \$17.3 million; Bank of Zephyrhills, \$12 million; State Bank of Haines City, \$10.9 million; DeSoto National Bank of Arcadia, \$10 million; Okeechobee County Bank of Okeechobee, \$8.3 million; First State Bank of Fort Meade, \$7.9 million; Bank of Mulberry, \$6.8 million; Bank of Lake Alfred, \$6 million; United State Bank of Seminole, \$2.8 million, and National Bank of West Melbourne, \$1.6 million.

Further, shareholders in the individual banks will exchange their stock for shares in the parent corporation.

T. E. Tucker, of Sanford, chairman of the board of First Florida Bancorporation, said this morning the approved plan, under the Bank Holding Company Act of 1956, will permit the corporation to expand, either through the purchase of existing banks or establishment of new banks.

Further, shareholders in the individual banks will exchange their stock for shares in the parent corporation.

Tucker added the purpose of the new plan is to permit expansion under existing banking laws and establishment of a data processing center. The Federal Reserve Board decision held there would be no monopoly.

World News In Brief

'Mission Of Hope' CANBERRA, Australia (UPI) - President Johnson arrived in Australia today on an enthusiastic welcome, and declared he was on a mission of hope for peace. But he said the task ahead is not easy because "the securing of peace is not done by miracles."

Johnson flew in from New Zealand, where he obtained a pledge of allied unity in Viet Nam and called on North Viet Nam's leaders to join in a "nobler war" on hunger, ignorance and disease in Southeast Asia.

Milk Prices Drop? MIAMI (AP) - Milk prices in Florida may drop soon as a result of a "peaking off" in the Chicago dairy market, an agriculture department spokesman says.

The price of butter in the barometer, said Stanley Wisniewski of the Fort Lauderdale office of the USDA, He said Chicago butter dropped from 75 1/2 and 75 1/4 cents a pound Wednesday to 70 cents.

No Money Left TALLAHASSEE (UPI) - Florida has spent nearly all of its \$24.7 million in federal allocations to finance programs for educationally disadvantaged children.

State School Supt. Floyd T. Christian said Wednesday the remaining \$173,247 not yet committed will be spread among several counties which will start additional projects by the end of the year.

Harry Byrd Dies WASHINGTON (UPI) - Former Sen. Harry F. Byrd of Virginia died at his home in Berryville, Va., today of a malignant brain tumor, his son's office here reported. He was 79.

Byrd, a long-time power in Virginia politics and influential in the economic policies of Congress, had been in a coma since the first week in July.

Arms Debate Open UNITED NATIONS, N. Y. (AP) - The U.N. disarmament debate opens today with appeals from the United States and the Soviet Union to all nations to refrain from acts that could lead to the spread of nuclear weapons.

U. S. Ambassador Arthur J. Goldberg and Soviet Chief Delegate Nikolai T. Fedorenko were to be the first speakers in the debate in the General Assembly's main political committee.

Police Maintain Order OAKLAND, Calif. (AP) - Police maintained order in a predominantly Negro neighborhood today after rampaging youths injured five high school teachers, broke store windows and tossed fire bombs.

The sporadic violence started at noon Wednesday with a raid on Oakland High School by some 250 truant students and nonstudents. Beside the five white teachers, the mob battered three white students.

Mental Disorder CAPE TOWN, South Africa (UPI) - The presiding justice of the Cape Town supreme court today ruled Demitrio Tsfasendas was mentally disordered when he assassinated Prime Minister Hendrik Verwoerd on the floor of parliament. He ordered him committed to prison.

Unmanned Shot MOSCOW (UPI) - The Soviet Union fired one of its tried and true unmanned cosmo satellites into orbit today at visiting political and military leaders of eight Communist nations watched at a top secret space center in Central Asia.

The visitors came from the six Warsaw Pact allies and Communist Cuba and Mongolia were believed the first foreign leaders to witness the Soviet space shot since President Charles de Gaulle last July.

UF Fund Drive Snaps Record Here

Final disbursements to 16 United Fund agencies, mailed out Wednesday, set a record for Seminole County, Leo Moore, UF president, has revealed.

"For the first time in the life of our organization we have paid out to each of our agencies more money than we had promised," Moore said.

MIAMI (AP) - Miami has received approximately 14 per cent more than we had budgeted," he added.

In explaining the increase in the last quarter, Moore declared that "this was made possible by reaching our goal of \$35,000 last year, plus additional collections made since Jan. 15, this year."

He is a result of this wonderful accomplishment, I feel I would be proud in my duty if I did not point out that the funds distributed amounted to only 58 per cent of the total funds requested by the various agencies.

The 1966 campaign is off to a good start and I know we will be able to disburse larger percentages of the requested amounts.

If we continue in this direction, it should be no long before we are able to meet all the requirements asked of us by our agencies," he said.

23 Groups Report In 100 Per Cent

Twenty-three organizations have reported 100 per cent participation in the 1965 United Fund drive, as of today, officials report.

Among those who have pledged their whole-hearted support to the drive are both the traffic and the business offices of Southern Bell Telephone; Sanford Atlantic National Bank, United State Bank of Seminole, Florida State Bank, First Federal Savings and Loan;

Six county school facilities and staffs, including Booker-Town, Seminole High School, South Seminole Junior High, Jackson Heights, Westside-Graham and Midway.

Three offices in the Seminole County courthouse including the Office of the Registrar, Tax Collector's Office and Seminole County Health Department;

Sanford Herald, City Fire Department, Police Department and Finance Department;

Staff of Reconnaissance Attack Wing Office, HW-17 and HW-18;

A report coffee is slated for 10 a.m. at the USO building, Friday with many more expected to be added to the list.

Goal of the drive is \$40,700, with close to 60 per cent of the total in hand at this time.

Rubin Talks At Rally Here Today

Ellis Rubin, Republican nominee for attorney general, will be the speaker at a GOP rally at 8 p.m. today at Sanford Civic Center.

The meeting is sponsored jointly by the Seminole County Republican executive committee and Young Republicans.

William F. Muffin, Republican state executive committee chairman, will introduce Rubin, who is opposing the Democratic incumbent, Earl Fierloch, in the Nov. 8 election.

Rubin holds the Miami Jaycees Civic Merit award and was nominated one of 10 outstanding young men in the United States by the Jaycees. He is a former special assistant attorney general of Florida.

Civic Group Pushes Petition

The need for a more centrally located site for the new Seminole County Courthouse, to bring unity to the county and convenience to the citizens, was cited to the South Seminole Civic Council Wednesday night by Julian Stenstrom, chief spokesman for members of the Casselberry Planning Board, present.

Stenstrom and three other members, Robert F. Tucker, J. W. Huggins, and Robert Dyer, attended the meeting at the South Seminole Bank to seek support from the civic council in circulating a petition.

The petition asks the Board of County Commissioners to consider building the new courthouse in a more central location.

Although the civic council could not give its unqualified support until representatives get approval from their various organizations, most of those present voiced their approval.

All were asked to take copies of the petition back to their groups for discussion and support.

Representatives of the South Seminole Jaycees volunteered to set up tables in area shopping centers to obtain signatures of registered voters on the petition.

Protest Courthouse Site

"The question is," Stenstrom, "Do we want to build it (the courthouse) for the convenience of a few Sanford lawyers and prisoners or the convenience of all the residents of Seminole County?"

He pointed out that the proposed site for the new building will be only 100 feet from the northern boundary of the county.

Guest speaker, Jack Goodin, Seminole County planner, outlined proposed development of the area, saying that projected figures indicate the population of the county will grow from the present 80,000 to 300,000 by the year 1990. Two-thirds of the county still will be available for agriculture, recreation and tourists.

See related photo page 2

Goodin states that the Seminole Planning Board meets monthly to discuss problems such as growth, roads, soil conservation, and water.

18 From Area At High Coffee

Eighteen Seminole County Democratic women attended a coffee given in honor of Mrs. Robert King (Faith) High at the Robert Meyer Motor Inn in Orlando this morning.

Leading the delegation were Mrs. Roy Williams and Mrs. W. Lawrence Stafford, co-chairmen of the women's division of the county High for governor campaign.
