

American Humane Association Classifies Movies

By GEV E. HANDSAKER
Associated Press Writer

HOLLYWOOD (AP) — The American Humane Association has classified eight movies including "Soldier Blue" and "Patton" as unacceptable because of the treatment of animals used in them.

Other films rated unacceptable Thursday in the first list issued since the association's recent announcement of its rating system are "El Condor," "Macho Callahan," "Mondo Cane," "Valdez Is Coming," "Trail of the Hunter" and "The Outbreakmen."

"The constant abuse, mistreatment and cruelty to animals in foreign productions and by some producers in the United States is what necessitated a rating system," said Harold Meiniker, director of the association's Hollywood office.

"The films objected to were produced chiefly in Spain or Mexico," Meiniker said.

"In 'Soldier Blue,'" he told a reporter, "we feel horses were mistreated, particularly in a frightful scene of an attack on an Indian village by the U.S. cavalry at the end of the picture. You see horses going down on their heads with what seems to be great likelihood of injury."

Test Tube Baby

DETROIT (AP) — An English scientist says he plans to plant an embryo created under laboratory conditions into the womb of an infertile woman in the hope it will develop into a normal baby.

The embryo would be formed by mixing a husband's sperm with an egg removed from his wife's ovary, Dr. Robert G. Edwards of Cambridge University said Thursday.

He said such early embryos already had been developed outside the mother's body in experiments at Cambridge.

Edwards addressed a symposium on the Biology of Fertilization and Implantation, sponsored by the Wayne State University School of Medicine.

He declined to say when the attempt to produce a human baby from a test tube embryo would begin, but said similar experiments with rabbits and mice had resulted in normal births.

Edwards said one purpose of the experiments would be to give childless women the chance to have their own babies. Often the Fallopian tubes of such women are blocked, preventing passage of eggs into the womb for fertilization.

Dr. Benjamin G. Brackett, a veterinarian and biochemist at the University of Pennsylvania, described similar work at his university, but declared, "We would never think of doing this in a human being" until research is more complete.

He said science could be set back if a child produced in such an experiment was not normal.

Rededicated

FRANKFORT, Ky. (AP) — An island in southeast Kentucky which is the site of General Burnside State Park has been rededicated in honor of former Gov. A. B. Chandler.

The land now is known as "Chandler Island," courtesy of Gov. Louie B. Nunn. That was its original name during Chandler's tenure in 1853, but the plaque was removed in subsequent unfriendly administrations.

Home Stripped Of Furnishings

By BILL SCOTT

Three burglaries including two thefts of cash totaling \$900 from South Seminole businesses and the wholesale removal of household furnishings from an Altamonte Springs residence highlighted the sheriff's department investigations today.

The cash losses occurred at Club 436 at Altamonte and at a Fern Park service station, according to sheriff's reports.

Between \$450-\$500 was removed along with a .38 caliber pistol at 436 Club, according to Clayton Thomas, who reported a hap was removed from the door leading to his room.

In another robbery, the Cligo Service Station, on SR 406 next to Zayres, was looted of \$400 in cash, according to a complaint by Bill Mandeshall, station operator. The money was removed from a file drawer during the night.

In the residential burglary, a couple, who left their Altamonte home on a four-month visit last July, returned Monday to find the contents of their Spring Street home removed.

Among the items reported taken from the William Hall home were a color TV, small TV, stereo set, refrigerator, freezer, tables, chairs, lamps and household furnishings, including clothing.

Deputy Jay Leman conducted the preliminary investigation.

AROUND THE CLOCK

By JOHN A. SPOLSKI

Just knew it was bound to happen . . . before the very first vote was recorded, the voting machine broke down at the Lake Mary Fire House early this morning.

Wondering out loud . . . if those "characters" who take to interpreting the law as they see fit (even thru the use of bombs) will exercise their right.

Any odds? I'd go a step further that they were probably not ever in a voting booth.

And then they have the nerve to claim that they're losing their rights . . .

The citizens of this area are due an explanation please.

No question about the dangerous conditions at the intersection of Lake Mary Road and the newly-built Onora Road extension. To make it worse, there's a railroad crossing not more than 30 feet from this intersection.

It used to be a four-way stop. Now, there are cars zipping through this intersection (via Onora Road extension) because the stop signs on this road have been removed. And they cross the railroad tracks, too.

Somebody just has to be kidding . . .

About that big game coming up Friday night . . . the Fighting Seminoles vs. Lyman Field . . . tickets are available at both schools right now. Get 'em so you won't have to wait in line at the field on Friday night . . . and get there early.

Talking about Seminole, and for that matter any of the other schools with homecoming parades . . . why can't the powers-to-be schedule the parade early in the week, and if it rains, have it the following day?

For the second year-in-a-row, those kids who put so much time and effort into building elaborate displays had it literally "washed out" from the heavy downpour Friday night.

It's just a nasty rumor folks, and we'd like to put it to rest officially.

No, the Sanford Seminoles will not play the "Gasping Gators" of the University of Florida.

Bids Asked From Three Firms Ambulance Service Is Sought

By MARION BETHEA

It was the consensus of the Board of County Commissioners this morning to obtain proposals from at least three companies relative to providing ambulance service for the county. The county has been assured by Herndon Ambulance Service, with whom it presently has a contract, that there will be no interruption of service in the interim.

The problem has arisen since county records do not reflect that the agreement expired on an annual basis. The present agreement with Herndon expired on Nov. 1 and was subsidized by the county in the amount of \$35,000.

During budget hearings, the county budgeted \$20,000 for this service. Commissioner Sidney Viblen Jr. questioned as to whether the \$20,000 figure was satisfactory to Herndon and received a negative reply from Commission Chairman John Alexander.

Alexander went on to report that Herndon is not pushing the subject and that there would be no lapse of coverage and if the county secured other proposals in a lesser amount Herndon would be amenable.

ON NEXT WEEK'S AGENDA
Commissioners agreed to place the matter on next week's agenda. Commissioner Greg Drummond said that the county owed it to the taxpayers to utilize the coming seven days to ascertain other services and to ascertain what in the future the county should pursue the matter with hospital trustees 45 days prior to the budget hearing.

Drummond requested any concern which is receptive to an agreement with the county to provide the ambulance service to contact the board. Viblen questioned whether Herndon refused to negotiate for the \$20,000 subsidy. Alexander replied negatively that Herndon officials advised that they could not enter into a one-year contract without the \$25,000 necessary to continue the service.

REVIEW IMMINENT
However, he said that they would review the matter in the amount of \$22,500 in a two-year contract and stated that they would be happy to appear to discuss details of this service as regards to accounts payable and so forth. Viblen also injected that it would be difficult for another service such as Beacon Ambulance to compete with Herndon since they are based immediately across the county line.

Employees Renamed At Oviedo

By LIZ MATHIEUX
OVIEDO — City employees were reappointed to office last night by the City Council, as follows:

Ken Triplett, chief of police; Wesley Place, assistant chief; Steven Gatter, patrolman; Nancy Cox, city clerk; Shirley Slayton, assistant city clerk and court clerk; Emmett Kealey, fire chief; A. M. Jones, water superintendent, and I. O. (Bud) Claxton, building inspector.

Committee appointments for the 1970-71 year include: Personnel, Ben Ward, chairman; Jim Pearson and Ray Beasley; finance, Pearson, chairman, Ward, C. K. Bucklew, Edward Kasell and Beasley; utilities, Ward, chairman, Kasell, Beasley, Rex Clonts and W. H. Martin; police committee, Beasley; fire committee, Kasell; building and sanitation, Pearson, chairman, Kasell and Beasley; public works, Beasley, chairman, and Ward; civic committee, Mayor C. D. Thompson and reelection, Beasley and Kasell.

Two resolutions were read, one honoring the past council president, W. H. Martin, who served the Oviedo City Council for more than 10 years. Council indicated that he was instrumental in bringing such of the recent progress to the city the water system in particular. Former City Attorney G. Algeron Speer Jr. received a resolution thanking him for his help and guidance throughout the years. Speer was not reappointed.

Ward presented a plan for approval for a new subdivision he is planning to develop called "Grove Hill" on the corner of Broadway and South Jessup for homes in the \$20-50,000 class. It was accepted and approved.

In new business, council transferred a beer license from Jesse Smith to Bostie Mae Brody and Willie Mae Brody at a business formerly known as "Smitty's Minute Market."

C. A. Benedict, of the State Department of Transportation, wrote a letter to the council (Continued on Page 2A, Col. 2)

HERE'S YOUR CHANCE TO 'SOUND OFF'

OPEN VOTING MACHINE was awaiting the electors at 7 this morning in state and county balloting. Late morning reports indicate a better-than-normal turnout of voters in Seminole County where there are more than 28,000 registered electors.

The weatherman co-operated with "Florida sunshine." There also were a few reports of temporary voting machine breakdowns. Polls will close at 7 p.m. tonight.

Sanford Election Slated On Dec. 8

Sanford voters trooping to the polls today with the rest of the state, to elect state and county officials and approve or turn down bond issues and constitutional amendments, may not be aware that in just five weeks they will return to the voting booths to select a city commissioner and vote their feelings concerning the creation of an authority to operate the Sanford airport.

While the commission rate and "airport authority" legislation is certain to arouse some feelings among the city residents, there is a small possibility that still another item may also be brought before the people by referendum at the same time.

The relocation of the municipal zoo is still unsettled; despite the commission's approval of a site to move the animal attraction. There is a movement among a few to bring the matter directly to the people by asking the citizens to vote on themselves enough millage to pay the costs of constructing a suitable zoo complex on a 12-acre site adjacent to the Sanford Herald building.

A. B. Peterson Jr., member of the city's zoo committee, said today there is still enough time left to get the proposal before the people in time to be advertised for 30 days before the Dec. 8 vote date.

Peterson said he believed that the moving could be done for \$100,000, which was originally set some time ago as the goal needed for the relocation and construction of new facilities to house the zoo.

In a "straw ballot" a year ago, the city residents gave the commission their approval to do just about anything with the zoo but there was no levy of millage attached to the straw vote. Now, comes the proposal by Peterson for the referendum to levy enough millage

Ordinances Pondered By Casselberry Board

By KATHY NIBLACK
CASSELBERRY — Last night was a night of revisions as the City Council met in a work session to suggest and consider changes in several city ordinances, some of which are now in effect and some which haven't yet been adopted. Among those considered were the zoning ordinance, the sanitation ordinance and the subdivision ordinance.

An amendment to the zoning ordinance is being prepared concerning commercial signs, since several problems have come up in this area. Lester Mandell, of Greater Construction Corporation, and Robert Robinson, of

D & M Modular Homes, each presented the Council with problems they have concerning the placement and size of signs according to the regulations set forth in the zoning ordinance.

After viewing the situation, the Council decided to accept a proposed amendment which has been made by William Roth, city building inspector. This amendment states that signs may not be placed any nearer than 10 feet from the edges of commercial front property lines. This will keep the signs away from the road, alleviating a traffic hazard, but will allow commercial businessmen to place signs on their property.

In a "straw ballot" a year ago, the city residents gave the commission their approval to do just about anything with the zoo but there was no levy of millage attached to the straw vote. Now, comes the proposal by Peterson for the referendum to levy enough millage

Editorial Comment

Mid-Term General Elections Only A 'Prelim'

Ballots cast today in the 1970 mid-term general elections are sure to be put under the microscope by political strategists and tacticians in an attempt to discover just how voters reacted to this extraordinary campaign.

Was President Nixon's last-minute entrance into the campaign with a whirlwind tour from coast-to-coast to put the power of the presidency and his own vast experience as a gut-campaigner rescue those GOP candidates who were in trouble with the white?

Or was this just what many sophisticated observers believed: A warm-up for the 1972 presidential fracas? Was it inspired by the conviction, which dawned late in the White House, that the results would be viewed as a true referendum on Nixon's first two years in office?

Such questions may be answered specifically by the results which will be coming out tonight for all to see and interpret as they wish as polls close, computers take over, some hopes are dashed while others soar to the heights.

Underlying all of this is, nevertheless, a much more sombre and nagging worry. Most worries start with a whim when emotions are stirred to expectations which are common to good people at all times.

Looking towards 1972, those who are able to recover from the excesses of 1970 and strike a logical balance, may well be watching for a reversion of the Nixon thinking towards that of 1968.

Democrats, of course, have their eyes focused on 1972. At present, however, their national pose is one of watchful waiting and rear-guard actions to continue control of majorities in both houses in Washington.

One of the political failures of this mid-term election is the absence of an overriding issue. The Republicans have not produced any new issues, and the Democrats, of course, have their eyes focused on 1972.

Foul Litterbugs

Apparently the American litterbug will go to no end of trouble to deface the landscape. Who, for instance, would ever have thought that the top of Mt. Whitney's 14,494 foot summit would ever present a garbage problem? But it has.

It was considered quite a feat when the top was first scaled in 1870. But now estimates ranging from 10,000 to 20,000 persons annually trudge up its slopes, carrying their litter with them. More than 2,000 persons signed the register at the top for the month of July alone.

And they all seem to carry into what was once this wilderness territory all the refuse of our civilization. Tons of trash are hauled off our civilization. Tons of trash are hauled off our civilization. Tons of trash are hauled off our civilization.

It proves that people will go to no end of trouble to litter up the most inaccessible places, but they won't so much as stoop over or reach out to use a container. — Greenwood (S.C.) Index Journal

It Makes Sense

What? Someone is charging that the press is overlapping the good news? Yup. So says U.S. Congressman Robert N. Chaimo of Connecticut. The press is charged with overlapping the good economic news and underplaying the bad.

That's understandable. The press is fair game. When decisions on hundreds of stories are made in routine fashion every week, the editors are prone to do some second-guessing themselves. The motivation is professional.

Oh, yes. Rep. Chaimo is a Democrat and economists have been labeled as party lemmings in the fall elections. The editors understand. — Atlanta (Ga.) Journal & Constitution

Right & Wrong

Editor, Herald:
Reference article your paper of Oct. 28, 1970. I read with interest the views of both Mr. Crowe and Kridler regarding the St. Johns-Indian River Canal.

Letters To The Editor

Herald Applauded By UF Chief

Editor, Herald:
The United Fund of Seminole County Board of Directors, the supported Agency, and the 1970 Campaign leaders and workers, rejoice in still another overwhelmingly successful fund drive thanks to the heartwarming generosity of our enlightening citizens.

Amendments

Editor, Herald:
In the election Nov. 3, the public is asked to vote on seven proposed amendments to the Florida Constitution.

Progress Edition

Editor, Herald:
The pictures of our home and the Rogers children taken by Maryann Miles for Progress Edition delighted us both. I wouldn't have believed that one could get such good pictures without a lot of equipment, like flashlights, tripods, etc.

Back Burner

Editor, Herald:
An excellent point was made in the Oct. 23 editorial comment on the "back-burner" treatment given the war.

Right & Wrong

Editor, Herald:
Reference article your paper of Oct. 28, 1970. I read with interest the views of both Mr. Crowe and Kridler regarding the St. Johns-Indian River Canal.

Dear Abby: By Abigail Van Buren

DEAR ABBY: You are the only person who can help me because in an indirect way, you are the cause of my problem. I have the same name as...

To make matters worse, I work for a newspaper and I am bombarded with letters from people who think I am you. Also, whenever I am introduced as "Abby Van Buren," people start pouring out their tales of woe. I have a hard time convincing them that I am not you.

To top it all off, I am constantly bothered by men who telephone me in the middle of the night and want to tell me their life history. I have had my telephone number changed twice this year, and even then I now have an unlisted number, they still find me.

I have even considered changing my name, but I will do this only as a last resort. Thanks for any help you can give me.

ABBY VAN BUREN

DEAR ABBY: Until some nice young man comes along and changes your name, I guess you'll just have to be a surrogate Abby. You'll be surprised what you hear.

DEAR ABBY: I feel very guilty and indebted because I have no strong feelings toward you, but ever since says he is in love with me.

Horoscope Forecast

WEDNESDAY, NOV. 4, 1970
GENERAL TENDENCIES:
An excellent day for you to first sit down and think out a practical plan of life that you would like to live by in the future. Then organize your efforts and your assets so that this can be accomplished. You can build a whole new security for yourself through opportunities now yours.

ARIES (Mar. 21 to Apr. 19) Make extra effort today to see bigwigs. They can give you the backing you need to rise to the top in your line of endeavor. Find the right accessories to make your wardrobe go home more charming. Stick to the Taurus (Apr. 20 to May 20) Seek every source of information you need to add to present wisdom and facts so that you become more successful. Making new contacts is wise. Don't neglect to read your paper thoroughly.

GEMINI (May 21 to June 21) Attending to all obligations is your best bet today. Don't let governmental affairs slide. An ideal evening to be alone with mate and have a delightful time together.

MOON CHILDREN (June 22 to July 21) Good day to discuss those questionable notions with others and come to a true understanding. Cultivate an interest in outside affairs. Be extremely careful in love.

LEO (Jul. 22 to Aug. 21) Come to a fine agreement with co-workers and much can be accomplished. See what can be done about improving wardrobe and appearance. Avoid persons who are of an argumentative nature.

VIRGO (Aug. 22 to Sept. 21) Anything that brings pleasure is fine today, so contact the right people for such. Put favorite hobby to work. Don't dicker in paying the bills. Show your best credit up.

LIBRA (Sept. 22 to Oct. 21) Out early to see persons who can help you in your career. Show the influential that you have much ability, good ideas. Find the right appliances that make your operations more efficient and easier as well.

SCORPIO (Oct. 22 to Nov. 21) Do some research work so that you get ideas and data you need for advancement. Don't neglect studying newspaper. Then put your finest points across with others.

SAGITTARIUS (Nov. 22 to Dec. 21) Looking into monetary affairs you have been neglecting lately can bring a neat profit now. Some real plan you have can now be backed by a bigwig willing, if you outline it properly. Avoid extravagance this evening.

CAPRICORN (Dec. 22 to Jan. 20) Plan what is best for you in a personal way and then get the right people to help you attain your aims and dynamic day for the social, especially for repaying social favors. Show that you have finesse.

AQUARIUS (Jan. 21 to Feb. 19) Sit in the privacy of your study and plan how to have greater success in the near future, and then get into the practical affairs that start the ball rolling in right direction. Follow your intuition.

PISCES (Feb. 20 to Mar. 20) A good day to make new contacts, whether of a personal or business nature. Take time to visit with good friends, also. Show that you are logical in your thinking. State aims clearly.

IF YOUR CHILD IS BORN TODAY... he or she will be one of those thinking young people who seems a cold and unfeeling way, but the fact is your progeny is a practical person who uses his mind instead of emotions as much as possible. Therefore, be sure to answer any questions he may ask in a most practical way. Ideal chart for business, investigative work, or any other profession where intelligence and mental. Early religious training early in life is a must.

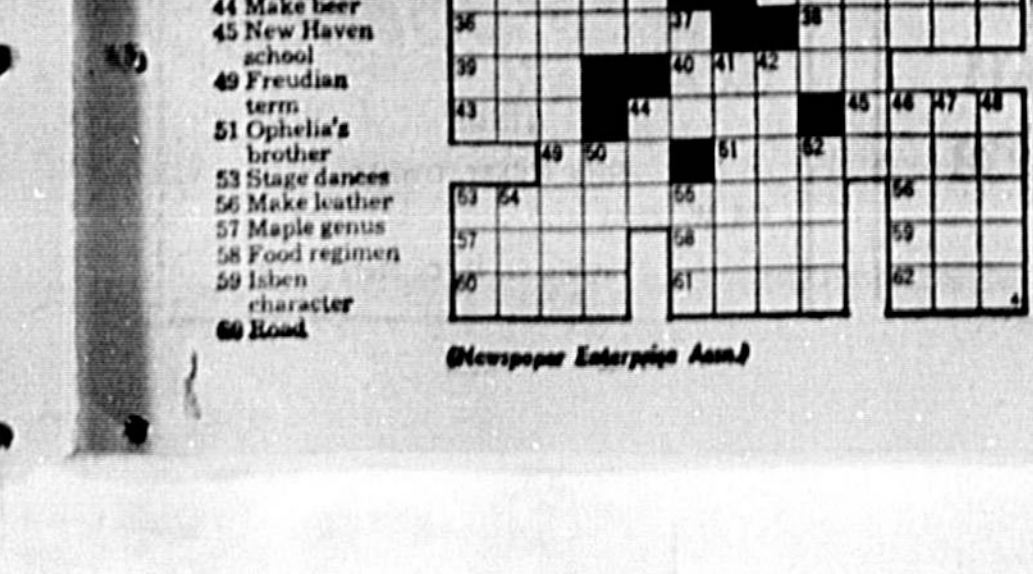

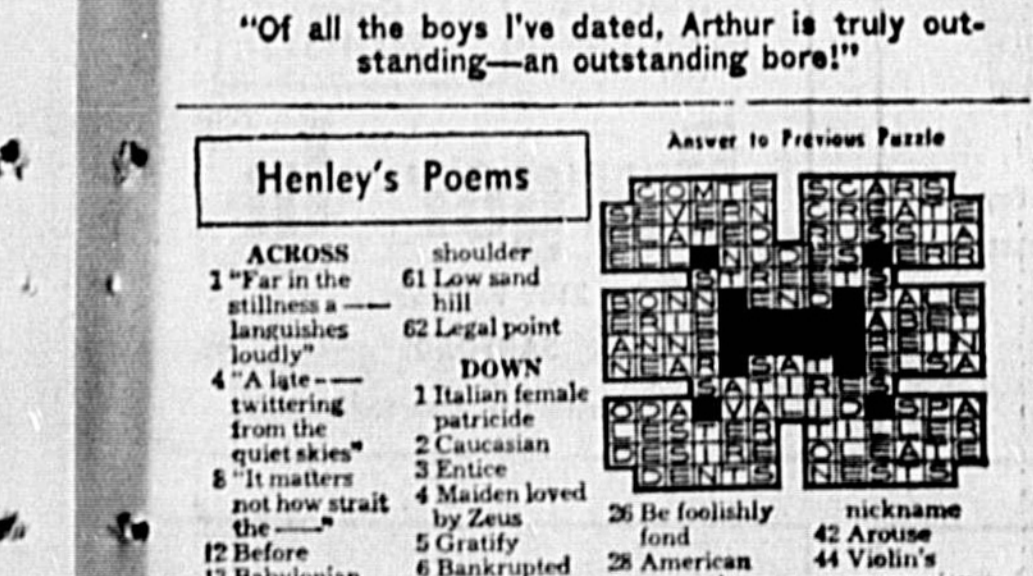

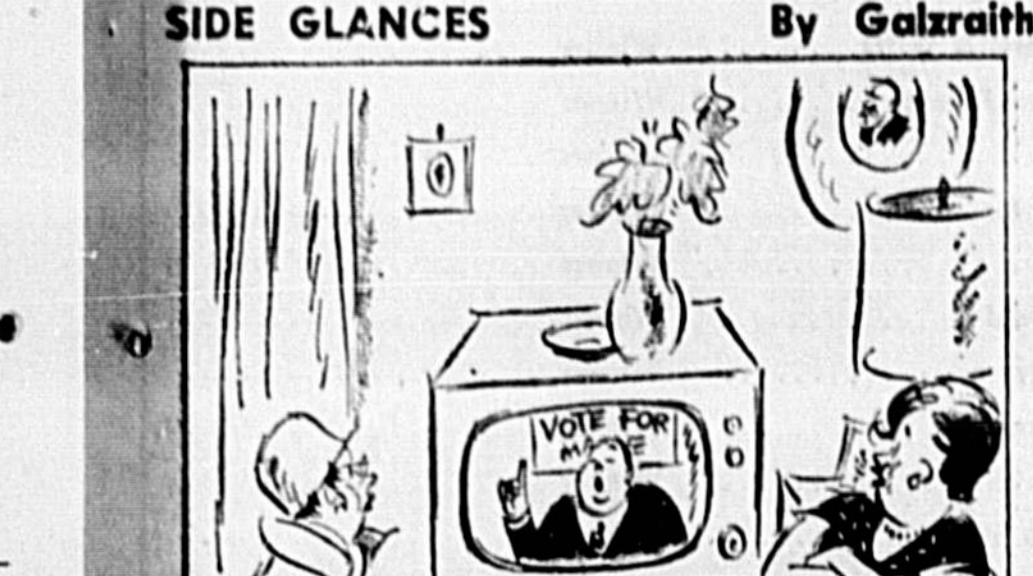

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

OUR BOARDING HOUSE

EKK & MEEK

Jacoby On Bridge

That argument between four-card and five-card bidders of major suits has been going on a long time and it is doubtful if it will ever be settled. We stand pretty close to the five-card side but don't go all the way. Sometimes or other there will always be hands that really cry out for a four-card, major suit opening.

Not many of them will be in spades. You should try to avoid opening a four-card spade suit. The reason is that a spade opening makes it impossible for partner to respond at the one level in any suit. A heart opening leaves spades available. When you open one club, every other suit is waiting there for you. That is the basis for the use

Jacoby and Son

4-3-3 distribution or with other holdings that do not include a long suit.

All except the most fanciful four-card majorities would open today's south hand with one club. Not that it would make much difference in the final contract. This is one hand where all bids lead to four spades.

The heart opening lead makes it easy for south to play dummy in 3. There is always a strong presumption that a defender does not lead away from an ace against a suit contract.

East has a club as a club. This will speed up the play, since the defense will probably proceed to take two club tricks. After that start, South will ding ill. They are a nice all purpose bid when you have

Worry Clinic

By GEORGE W. CRANE, PH. D., M. D.

CASE 0-574: Winifred T., aged 30, is president of her Women's Club.

"Dr. Crane," she asked during the forum discussion following my formal address, "what did you mean by saying that the 'Pill' may be a far greater protector of this Republic than the Pentagon?"

"Many of us use the 'Pill' but not for patriotic reasons!"

Recently a physician told me of a family quarrel that developed in his home over the curfew hour for watching television.

"Dr. Crane," he began, "we have five children.

"The oldest is a girl of 17, who is a senior at high school.

"The other four youngsters range downward from 12 to 7.

"At the dinner table, the children began grumbling because my wife and I have set 8 p.m. as their deadline for watching TV on school nights.

"But one of my boys claimed

Worry Clinic

this is a democracy, so shouldn't the majority rule?"

"And the other youngsters chimed in, demanding that we talk a vote.

"Well, our 17-year-old daughter sided with my wife and me, but the four kiddies voted as a bloc, thus winning four to three.

"Like ancient Egypt, they were most attracted by a temporary delight, forgetting the long range goals that had made our curfew necessary."

In all free elections, the leaders of the overgrown child and lacking in that grin "horse sense" derived from making decisions and operating a home or business.

"Management" thus is synonymous with "Mamma and Papa."

Most workers are still like children in their economic and political naivete.

In fact, Uncle Sam admits this fact, which is why he forces employers to collect the income taxes from employees!

Indeed, the usual American waits for his boss to tell him exactly what to do and when, just as he formerly waited for his mother to make him wash behind his ears and perform his household chores.

"Management" thus tends to be outnumbered by the carefree boys workers, much as the doctor and his wife were outvoted by their younger children.

Remember it was only the high school daughter who sided with "management."

For her superior I.Q. and more mature outlook made her see the wisdom in the TV curfew hour set by her parents.

"Management" includes all those Americans who have executive experience.

This usually means employees, housewives, farmers, retail merchants, and professional men who operate their own private practice.

Since the hordes of welfare and chronic relief recipients in our large cities now tip the outcome of many state elections, anything which will cut down the number of children of such groups will safeguard our Republic even better than awards or bombs of the Pentagon!

So the "Pill" may cause a shift to a larger portion of older, mature members in society.

Since Chicago, Cleveland, New York and other large cities which seem with relief and welfare recipients, thus can throw the entire state vote for Senator or President, the "Pill" holds vital political significance.

So send for my booklet "How to Save our Republic," enclosing a long stamped, return envelope, plus 20 cents.

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, return envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

Joanne Wages Personal Environmental Campaign

By PEACE STERLING AP Newsfeatures Writer

NEW YORK (AP) — Looking for all the world like a country girl, her blonde hair natural and only a trace makeup on her face, Joanne Woodward sat in one of New York's most elegant restaurants sipping tea, pushing out paper dolls for her daughter and talking about her bad hair days.

Married, successful actress, beautiful, she was here only to be envied by many people. But she thinks the world of a delicate pale, with a lot of problems. She talked first about the environment.

"Driving into New York City this morning was horrifying. When we were almost here I suddenly thought, I can't do it. The air was awful," she said. "And people seem not to care. They won't care until they can't breathe."

She does see much hope in the younger generation either. "They're just as bad as we are," she commented. "They don't do more, they just talk more. I've lost my idealism. They're not more sophisticated, but they're just more knowledgeable."

For the most part, she said, when she sees children—"It's just the same little girls swinging their mothers' pocketbooks. I can't believe there's been any real change."

From a small town herself, Miss Woodward thinks that cities as a way of life are doomed. "They should tear down New York City and make it a park—no cars, no cars, no cars, no cars—nothing but people," she said.

AP College Poll

Notre Dame On Move

By KEN RAPOPORT

Associated Press Sports Writer

Six, five, four, three, two . . . Notre Dame is moving up.

One, two, three . . . Ohio State is moving out.

But there's still room at the top for the Texas Longhorns, who remained No. 1 for the second week in the Associated Press college football poll Monday.

Notre Dame's crack Irish troops have marched about a place a week since September, supplanting Ohio State as the No. 2 team. The Buckeyes, who were the front-runners until humped by Texas two weeks ago, retreated to third.

The Fighting Irish's tall story doesn't impress Coach Ara Paraghi, who insists it's a long, long time from September to November.

"It (the poll) has no effect on us now," he said. "We're more interested in the polls in late November (at the end of the regular season)."

Notre Dame won its sixth in a row last Saturday by staggering helpess Navy 56-7, and Paraghi was accused in some quarters of running up the score. But Navy Coach Rick Forzano wouldn't buy it.

"It could have been much worse," said Forzano. "I talked to Ara after the game and told him I realized they could have put the ball in the air more, and that I appreciate that they didn't. He didn't run the score up. He was as fair as fair can be."

Sports writers and broadcasters around the country handed 29 first place votes to Texas for a total of 701 points, a fingertip 17 point lead over Notre Dame's 684. Ohio State had 617 in the two close for comfort race.

Texas shut down quarterback Chuck Hixson's Magnificent Flying Machine in beating Southern Methodist 42-16 over the weekend and Ohio State slipped Northwestern 24-10.

Nebraska, Michigan and Stanford stayed 4-4-6 with impressive weekend victories. Arkan-

Raider Of The Week

MAXINE RAFFLER is this week's Sanford Herald "Raider of the Week." Maxine is a sophomore at Seminole Junior College and is the captain of the cheerleading squad. Maxine contributes a lot to the school spirit at the school. She puts in a lot of "extra" time doing the little things that keeps the team "up". Decorating the dressing rooms, putting up banners in the gym and designing and placing posters around the campus are just a few of her weekly "chores." There are six other girls on the cheerleading team, and Maxine continuously thinks up things for them to do. She is a graduate of Bishop Moore High School in Orlando and is a two-year cheerleader at SJC.

Haynie Named Top Lady Golfer

By KAROL STONGER

Associated Press Sports Writer

NEW YORK (AP) — Sandra Haynie has won 19 tournaments in her 10-year career as a professional golfer but the only trophies she displays in her Tex-

U.S. Team Is Named To Compete

TALLAHASSEE, Fla. (AP) — An 18-man team which will represent the United States at the World Amateur Baseball Tournament in Cartagena, Columbia was announced here Monday.

The team is headed by four All-American players and represents a cross-section of baseball talent in American universities. It will be coached by Jack Stallings of Florida State University.

The squad will report to Miami Nov. 8 for a week of practice before the meet gets under way Nov. 18. The tourney ends Dec. 2.

The U.S. team lost to Cuba 2-1 in the championship game in Santo Domingo in last year's tournament. Eleven teams participated in the round robin event.

The squad: Pitchers — James Burton, Michigan; Mike Caldwell, North Carolina State; Jim Crawford, Arizona State; John Donovan, Seon Hall; Burt Hooten, Texas; Paul Mitchell, Old Dominion College; Richard Troedson, Santa Clara.

Infielders and outfielders — Vince Adlamado, St. Johns; James Cozzaran, California-Berkeley; Bob Ellis, Michigan State; Sam Ewing, Tennessee; Greg Gronck, Florida State; John Grubb, Florida State; David Roberts, Oregon; Mike Weathers, Chapman.

Catchers — Craig Perkins, Southern California; Bill Stearns, Wyoming; John Waltham, San Diego.

'Game Of The Year' Is Set This Friday Night At Lyman

By GREY BOYLES

Herald Sports Staff

This is the week that the "fat hits the fan" as the "battle of the year" in Central Florida will take place at Longwood between the Lyman Greyhounds and the Sanford Seminoles. Lyman is 6-1 on the year and they are the class of the Metro as their only loss has been to the late blooming Doone Braves.

The Greyhounds have one of the top quarterbacks in Florida in junior Bruce Rose and as a result, the Greyhounds have excellent execution of plays. Coach Dick Copeland and his very good coaching staff will have his team up for the Seminoles.

Since the Greyhounds are 6-1 and the Seminoles are 6-0 and the fact that Lyman has the top running duo in Central Florida, it is the wish of the players, coaches and fans that this Friday night and the Seminoles defense will find out very quickly whether it is for real or is a fluke.

Both Seminoles and Lyman should be mentally ready for this big, big "game of the year" and it is very important to both teams as they make a rush to make the state playoffs. In Lyman, the Seminoles will go up against the best coached team that they have faced and in a few short days only time will tell whether they can pass the test.

How The 'Top Ten' Fared

Number three ranked Leesburg suffered an upset defeat this week, highlighting action by teams in The Sanford Herald Class A Ratings. Up until last week, the Yellowjackets were number two. Last week, though they were undefeated, they fell to three.

Big games coming up this weekend will be Venice against Palmetto; Tampa Middleton against Tampa Hillstrough; Leesburg versus Eustis; and Tallahassee Rickards against Pensacola Catholic.

Here is how the top ten fared last week:

1. Tampa Blake defeated Tampa Robinson, 22-20; Record 7-0-0
2. Tampa Middleton demolished Tampa Jesu-H, 51-20; Record 6-0-1
3. Leesburg fell to Ocala Vanguard, 7-6; Record 6-1-0
4. Live Oak was idle; Record 5-1-0
5. Quincy destroyed Tallahassee Florida High, 44-0; Record 6-1-0
6. Barlow stopped Lake Wales 13-6; Record 7-0-0
7. Hollywood Chaminda slipped by Ft. Lauderdale Dillard, 8-6; Record 6-0-0
8. Palatka South lost to Fernindina, 19-6; Record 5-2-0
9. Tallahassee Rickards beat Lake City, 8-6; Record 5-2-0
10. Venice stopped Sarasota Riverview, 33-3; Record 6-0-0

Tickets On Sale For Friday's Tilt

Tickets for the very important Seminoles-Lyman clash will be on sale all week long at both Seminoles High and Lyman High. The tickets will be available in the offices of both schools.

This game is always a drawing card, but this year it looks to attract the biggest crowd ever as both teams are sporting excellent records.

The seating capacity at the new school is between 4,500 and 5,000, so fans wishing to get a good seat should arrive plenty early. They won't last long.

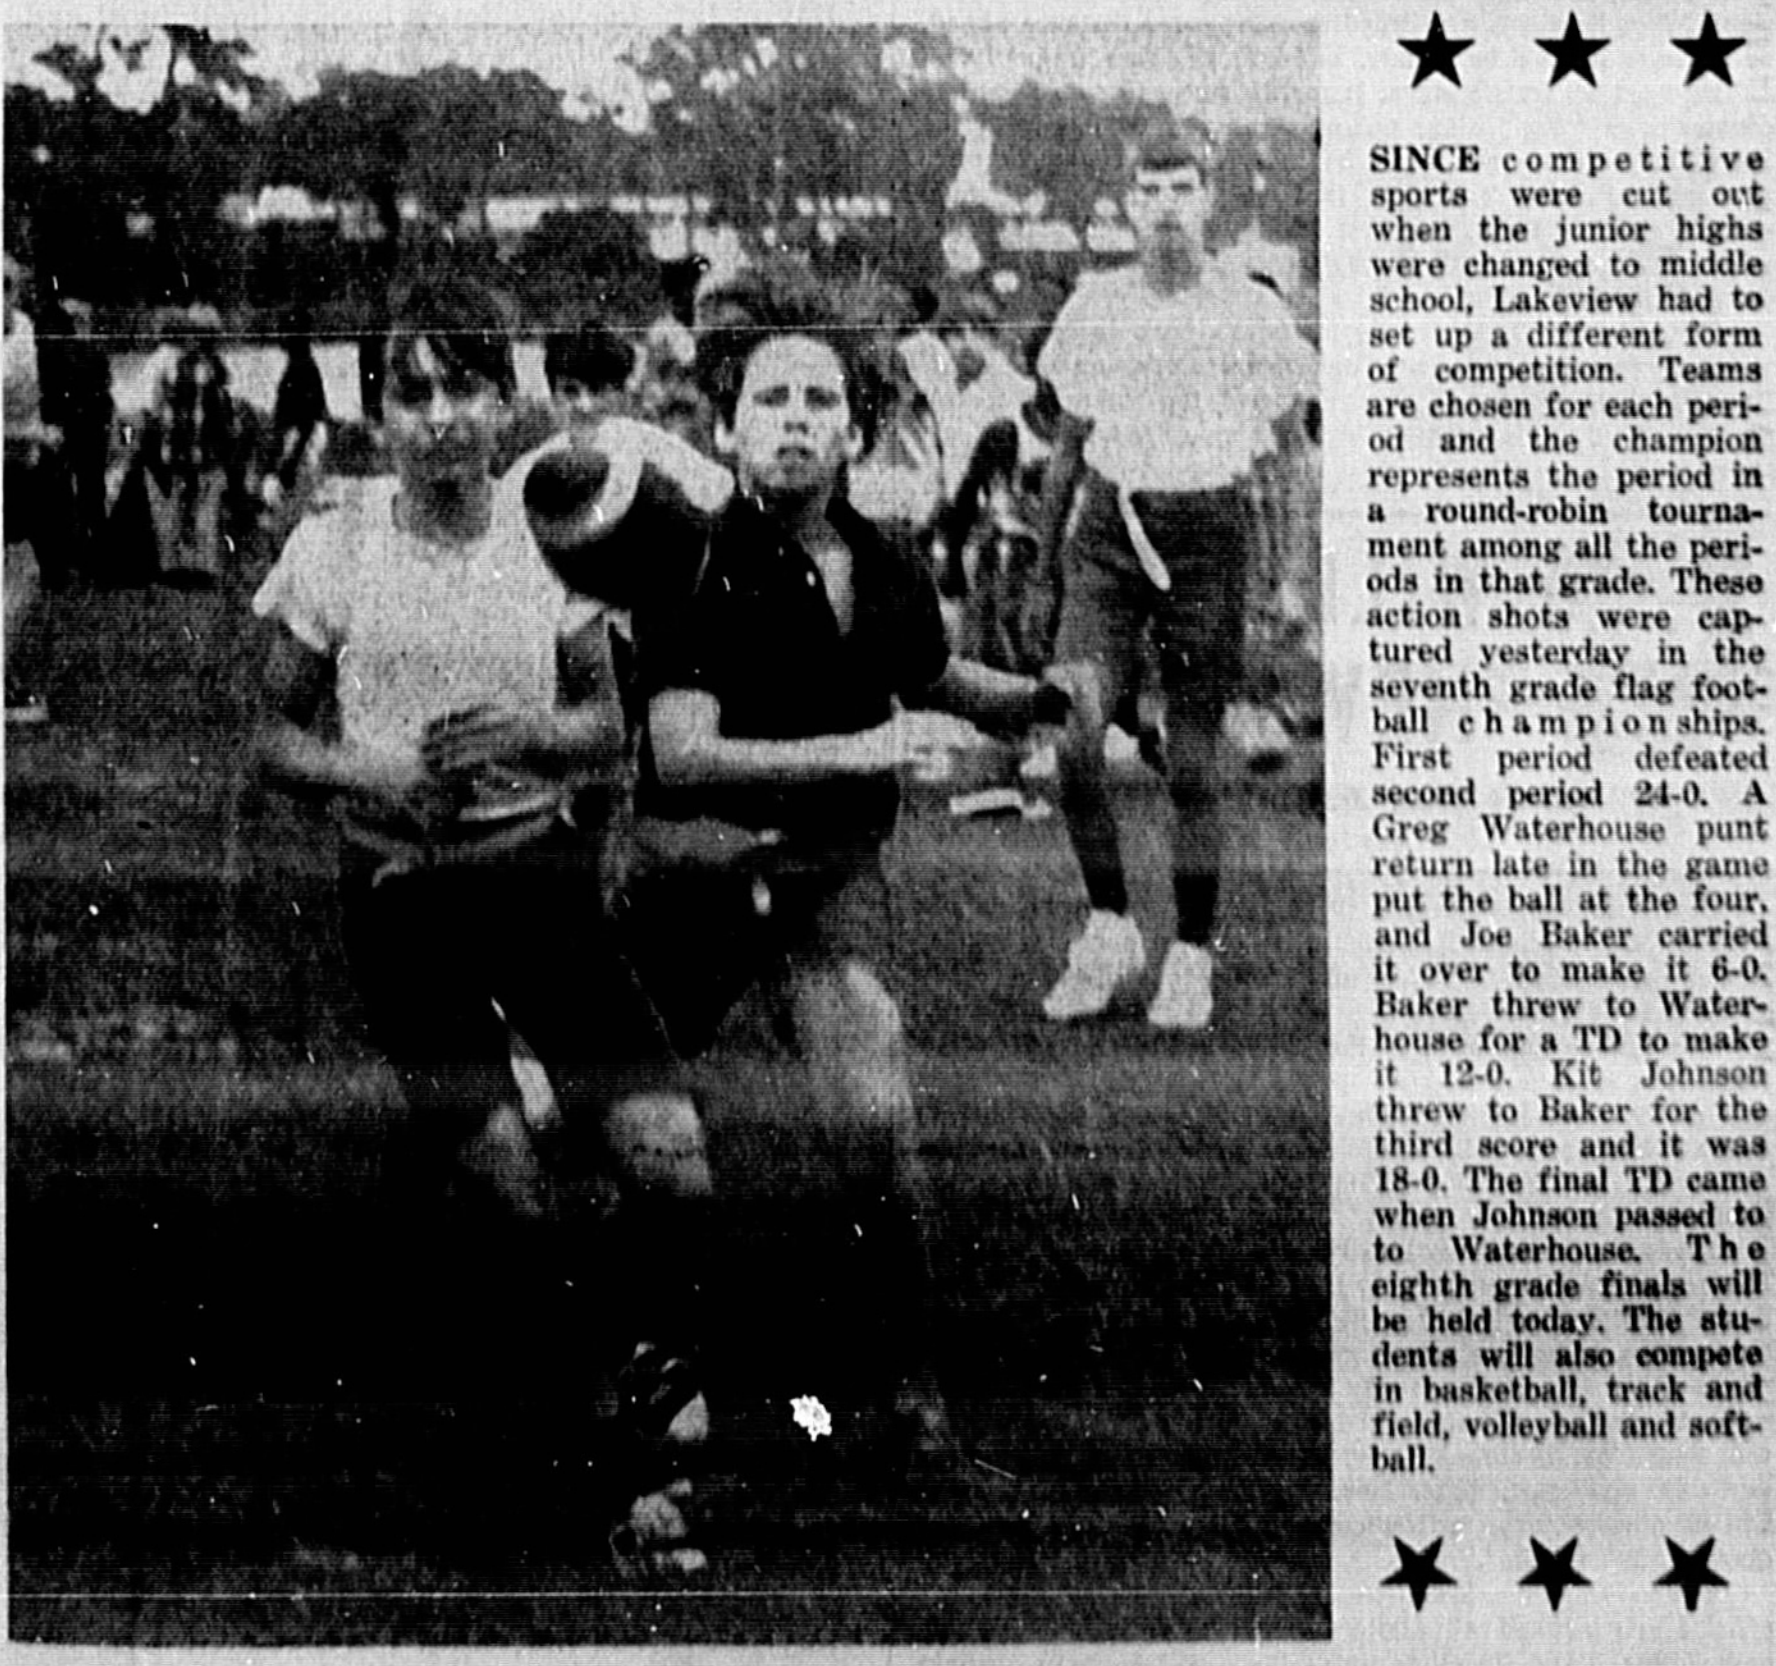

Parking has been a problem at the first home games at the field as everyone has tried to get a space in the school parking lot. Head coach and Athletic Director Dick Copeland has requested that everyone use the practice field to the north of the playing field.

To get to this area, turn off the Longwood road onto Marvin Avenue. This road is the first street north of the school. The parking area is just a short distance down the road, and is a short walking distance from the field.

This is the first time these two teams face each other while both teams are playing a Class AA club. This is the second year that the Greyhounds have been AA, while the Tribe was reclassified during the middle of the present season.

The winner of this game should be some recognition by being named in the top twenty in the Florida Sportswriters Association poll released each week.

Be sure to get that ticket early to avoid standing in a long line.

★★★

SINCE competitive sports were cut out when the junior highs were changed to middle school, Lakeview had to set up a different form of competition. Teams are chosen for each period and the champion represents the period in a round-robin tournament among all the periods in that grade. These action shots were captured yesterday in the seventh grade flag football championship. First period defeated second period 24-0. A Greg Waterhouse punt return late in the game put the ball at the four, and Joe Baker carried it over to make it 8-0. Baker threw to Waterhouse for a TD to make it 12-0. Kit Johnson threw to Baker for the third score and it was 18-0. The final TD came when Johnson passed to Waterhouse. The eighth grade finals will be held today. The students will also compete in basketball, track and field, volleyball and softball.

★★★

KNEE DEEP in OUTDOORS

The salt water fishing has been real good this week despite the high winds and lots of sea weed. The surf fishing has been real good with some large size blue fish caught on fingerling mullet. The salt water cat fish have been hitting real good while surf fishing since cut mullet and some live shrimp. The school bass are hitting real good in the early mornings in the river just north of the Osteen Bridge while casting with purple worms and Gass Blades. The bass are also hitting in the late evenings on Devils Horse and Gass Blade in the Government cut.

The specks are biting good in Lake Jessup on live Missouri minnows while fishing deep and drifting in the middle of the lake, there are a lot of specks being caught in the north side of Lake Jessup in the sloughs and up to the mouth of Salt Creek on live bait and the No Alibi jig fishing. The specks are biting in Lake Monroe around the pilings and directly in front of the power plant, about a half mile out. Most of these specks are biting live Missouri minnows while fishing deep.

THREE LOCAL members start the task of preparing the chicken for Saturday night's bar-b-que supper at the Seminole County Sportsman's Association Park. Pictured left to right are Bob Wyruch, Mylon Rylek, and Tony Chenna. (Herald Photo)

There are some nice specks being caught while trolling out in the middle of Lake Monroe on the yellow No Alibi and the red and white No Alibi, fishing real deep, with some biting almost on top in the bubbles of the motor. Our speck fishing informant reports the specks are getting larger and the catches are bigger. He also reports the specks are biting around the pilings in Lake Monroe off the sea wall.

The Seminole County Sportsman's Association will sponsor a bar-b-que chicken supper this Saturday night, November 7, at the Sportsman's Park on west Hwy. 46. The public is cordially invited and tickets can be obtained at the park Saturday night, or from any association member, or at The Sanford Atlantic Bank. The proceeds will go for the improvement of the park and recreational facilities. Come out to this fund raising supper to enjoy a good meal and support a good cause. This is for the whole family.

Everyone agrees that courtesy is a boon to the safety and enjoyment of boating. Since most outdoors are traveled along highways almost as much as they are on water, courtesy and consideration on the highway is also necessary.

Trailing a boat is relatively easy, but drivers should realize that a car with a trailer in tow is bound to be a bit slower, especially on secondary roads. The authorities at Mercury outdoors note that the good slow car driver will keep an eye on his side-mounted rear view mirror at all times. When he's on a narrow road and sees traffic beginning to build up behind him, he watches for a suitable place to pull over, then signals for cars to pass.

When parking at restaurants, bait shops or similar stopping places, the tow car driver should look for a place to park his rig where it will not hinder the traffic flow.

The good driver also uses foresight. He thinks ahead, looks ahead, and plans ahead. He watches for various warning signs. When he sights a railroad crossing some distance ahead, he assumes it could be busy, so he slows down gradually.

He heed all traffic signs. It makes sense to stop when encountering a "Stop" sign, not only to save trouble with the police, but also to save one's boat. Drivers speeding through crossings often don't realize that car-and-trailer rigs may pass in front of them. It's best to stop fully and make sure such "I've got the right of way" characters are not bearing down from port of starboard.

The good trailboat driver knows his boat's bulk decreases rear vision. So he installs a nd uses directional signals on his trailer. He uses them often and wisely to give the following traffic early warning of his intention to turn or change lanes. And, he changes lanes as little as possible.

WILDLIFE NEWS

By Herbert Shea, Jr.

With less than two weeks to go before the opening of the general hunting season it might be well to over the regulations of the three management areas that are within easy reach of the Sanford area.

The newest area open to the public is the Jane Green or Bull Creek Management area opened in 1969 through the courtesy of the Central and Southern Florida Flood Control District and The Florida Game and Fresh Water Fish Commission. This area is located south of Holopaw on St. Rd. 192 near the junction of St. Rd. 419.

This area is relatively small in size as there are some special regulations to follow. The first five days of hunting season a special permit is required to hunt and this permit is obtained by submitting your name to be drawn by the Game Commission. Since this drawing has already taken place, those who received the permits will be the only hunters allowed in that area Nov. 14 through Nov. 22. No more than 100 hunters per day may participate. Nov. 23 through Feb. 28 hunters will be allowed in on a first come-first served basis until the quota of 10 is filled.

Hanratty Saves Game

Colt's Owner Rosenbloom Gets Revenge Over Shula

Don Shula

MIAMI (AP) — In professional football circles, it's considered bad form to kick a beaten opponent. But owner Carroll Rosenbloom of the Baltimore Colts just couldn't help taking a jab at coach Don Shula of the Miami Dolphins.

"This takes care of everything," the silver-haired owner said Sunday after his Colts administered a 35-0 drubbing to the Miami team coached by Shula, a man Rosenbloom considers football's answer to Benedict Arnold.

Bowl team, 17 point favorites who were whipped by the New York Jets 17-6, Rosenbloom said. "But when Shula got to the stadium, we played one good game. We were 8-5. We should have lost every game we played."

That was 1969 Shula's last season at Baltimore before taking his 75-54 record in eight NFL years to Miami. In Baltimore Monday, Rosenbloom met with reporters and started to mollify his remarks.

"I don't want to get involved with any coaches except my own," he said. "I'm happy with all our wins, and I was particularly happy with this one. But I don't like bearing any team 35-0 because we've been beaten badly and we know how it feels."

Shula got a warm reception from the Baltimore crowd, receiving two standing ovations. The Colt Corals, with all 19 presidents in attendance, are

son and personnel director Joe Thomas put together a terrific Miami team," said the Baltimore owner who winters in the Miami area.

"There isn't a coach in the league who wouldn't like to be unfair to coach Don McCafferty of the Colts 'to score a great victory and all he hears about is Shula."

Shula got a warm reception from the Baltimore crowd, receiving two standing ovations. The Colt Corals, with all 19 presidents in attendance, are

menting him with a life-size portrait painted by former NFL star Tommy McDonald. "But when Shula got to the stadium, we played one good game. We were 8-5. We should have lost every game we played."

"Wonder if that was on purpose," mused Miami quarterback John Stofa.

But Tom Gorman, Baltimore's program manager, said the ovations were not an order from above — it was merely a mistake.

"I feel called to do that kind of work. I also feel called to play football. I've always

Is Your Color Tube Picture As Pretty As The Set?

By CHARNER LEONE

Sure, the TV cabinet is a beauty, just what you've been looking for to complement your living room. But does the color of that lovely television set project the color TV that is just right for the reception in your area or do you need an antenna? Does that cabinet really look well with your furniture, or is it too dark?

The purchase of a major appliance is too big to not be absolutely sure you are getting the right quality in the other major appliances, from refrigerators, freezers and ranges to washers and dryers.

They also carry a complete line of smaller appliances, including Hoover Vacuums, coffee pots, toasters, blender, and so forth. All major brand names are carried.

"Everything we sell is backed by factory warranty and serviced by our service department," said Joe Jr. emphatically. "They are unique in another aspect too—they will give free

estimates on repair work on just any type of appliance. (For service on any home appliance phone 467-8639, toll-free to Orlando.)

Park and Shop TV and Appliances has factory authorized service departments on all of the brands they sell.

Do they have brands? For their electronic merchandise (color or black and white TV, stereos, components) the major brands are on hand: RCA, Admiral and DuMont-Emerson.

And Westinghouse, Admiral, Philco, Chrysler Airtemp, and Tappan ensure you of the finest quality in the other major appliances, from refrigerators, freezers and ranges to washers and dryers.

Joe Gazzi Jr., general manager of Park and Shop TV and Appliances is a division of the Central Florida area, 11 in Seminole County alone, near the Park and Shop label.

Of the four TV and appliance stores, one is located in Sanford on the corner of First Street and Magnolia, and another is convenient to South Seminole County at the Park and Shop Plaza, on Highway 436, just south of Highway 50 in Orlando.

"Park and Shop TV and Appliances offers the largest variety of merchandise in Central Florida," said Joe Jr. with pride. "And we give a free pickup and delivery service to credit approval, of course," said Joe Jr.

"That has solved the dilemma, and you have the satisfaction of being absolutely sure before you make a major purchase. Joe Jr. doesn't want you to feel pressured when you buy, and perhaps not be completely sure of the choice you are making. That's the kind of man Joe Jr. is.

PARTNERS in the operation of Seminole Petroleum Company are Jim Alford (left) and E. H. MacAlexander, offering quality heating fuel for the coming cold spell.

Call Seminole Petroleum Prepare Now For Cold

It's football weather. It's go-out and see - the country-side weather. It's get-out-the-winter-blankets weather too. And for goodness sakes, don't forget to order fuel for that heater!

One Indian Summer day and brisk nights are a reminder of the cold days soon to come. And to make those days cozy and comfortable (instead of a biting spring nightmare) call Seminole Petroleum for service now.

That way you'll avoid the last minute rush for heating oil, and you'll rest secure in the knowledge that your home is prepared for the colder days ahead—and even the cold nights we're having fairly often now.

Seminole Petroleum supplies area dealers with the high quality Phillips 66 gasoline and products and offers area residents the best home heating oil available.

Jim Alford and E. H. MacAlexander (Jim and Mac), the co-owners of Seminole Petroleum, have been in business together for a year now. And he says that Mac, a native of Sanford, owned the company that has been a byword for prompt, efficient service in Seminole County for 35 years—Mac's Oil Company.

Seminole Petroleum is an aggressive, dynamic, growth type of company. They are currently doubling the capacity at their Palton and Laurel Street location for warehouse storage. And improved fuel delivery systems are always under study by the company.

Jim and Mac realize that Sanford and Seminole County are experiencing a tremendous growth and they want to be a part of that expansion. They are increasing the number of trucks in their fleet and updating each vehicle to assure you of top service.

For instance, all of their trucks carry a special meter that prints out the number of gallons of fuel oil delivered to your home. That way you have a record of the exact number of gallons pumped.

Seminole Petroleum has the franchise for the well-known, use-proven, Phillips 66 products. They have their own transport fleet of tankers that brings in the gasoline that is taken for the most part directly to the Phillips stations in Seminole and part of Volusia counties, so that they may be entirely self-sustaining.

For the Phillips stations they also carry the complete line of Phillips products, on a wholesale basis only.

And for the homeowner they offer a "Keep Full" service that will ensure you will not have any of those cold nights because you forgot to call and order more fuel. They run a regular delivery route and check each tank they service on a steady, regular basis.

For your convenience they maintain their own credit system and will accept the Phillips 66 credit card, BankAmericard or Master Charge.

Jim is a graduate of the University of North Carolina and he holds a bachelor's degree in industrial relations. He was with the Phillips 66 company for 10 years before joining in partnership with Mac. Mac's 35 years in the same business and fine reputation with Seminole Counties speak for themselves.

But no matter how you look at it, it is a fine set of credentials the owners of Seminole Petroleum bring to the area. It is a set of credentials that tell you that you will get honest, quality service from Seminole Petroleum that cannot be matched.

Call 322-2784. And see for yourself.

Mirror Debate Becomes Heated

By JOHN CUNIFF
 AP Business Analyst
 NEW YORK (AP) — The debate over the economy as a political issue has become heated in recent days after something being obscured by less important issues.

Republicans had chosen to downplay economic debate, because the game plan in the fight for stability was off schedule if not off course and therefore afforded little offensive ammunition.

But now they have been forced to defend their record. Arthur Ochs Gardenier, Adlai Stevenson and Walter Heller, Democrats and all former members of the Council of Economic Advisors, have been especially critical and so had to be answered.

The most damaging criticism, however, came from Paul Samuelson, who delivered his criticism from a platform not ordinarily identified with politics. Although never a member of the Council, the professor spoke with Olympian power, having just won the Nobel Prize for Economics.

The role of responding appears to have fallen to the state's Treasury under secretary, Charis E. Walker, who blasted the Democrats as irresponsible, unfair, vicious and ill-mannered and with having let an "economic mess" when they left office in 1968.

The Republican record, he said, is one of the worst administration is "proud to run."

Inflation is being controlled, a housing boom is in prospect, financial markets are operating efficiently and the road toward full employment is charted, he said.

Is all this so?

—Did the Democrats leave an economic mess? The term is subjective, but even some Democrats concede there may be some truth to it. Unemployment was low, but inflation was steadily destroying economic balance.

—Is inflation being controlled? Still open to interpretation. It definitely is abating, although not on a steady line. Wholesale prices rose in September after dropping in August, meaning more inflation to come.

However, this is the basic trend of consumer prices: In the first three months of the year the index rose at a rate of 6.3 per cent. In the second the rate dropped to 5.8 per cent, and in the quarter that ended with September it fell to 4.2 per cent.

The question that concerns some economists is whether the trend will continue. In September, they note, the consumer price index rose again to an annual rate of 4.8 per cent.

SOME NEW — DAMAGED OR USED

Home Protects Everyone's Well Being

By CHARNER LEONE

"The house of everyone is to him as his castle and fortress, as well as for his defense against injury and violence as for his repose."—Sir Edward Coke.

The words written by the 17th century poet are as applicable today as they were 300 years ago. The sentiments expressed — that your house is for your defense and your repose take on a special importance today as the turmoil in the world worsens.

Your house is your home, a place for your comfort and safety.

Your comfort is of paramount importance to the people at Noll's Furniture store. For it is at Noll's that you will find every type of furnishing that you need to tailor the comfort of your home just to suit your own needs. And it is at Noll's that you will find prices that are low enough so that you may have absolute comfort and style for an astonishingly low price.

After a visit to Noll's your home will surely be transformed into the castle of your dreams.

Noll's is an unusual place. They sell nationally known brands of furniture for half price, or less!

Broyhill, Thomaston, Unapacka, Blainley, Krohler, Barera Loureng, Seley are some of the brand names carried by the finely crafted furniture. Lamps by Everette and Keystone are well-known in decorator circles.

The finest at half the price. Noll's in Seminole County.

Noll's offers free delivery. There is no wait. The furniture is removed directly from the floor or the warehouse and sent immediately to your home. The thrill of new furniture is yours immediately, with no six-week wait (as is typical of so many stores) to deminish your excitement of ownership.

The Casselberry store has furniture for every room in your home, in every style. They are open from 8-8 Monday through Friday; 8-6 Saturday; and noon-5 p.m. on Sunday.

Noll's will accept Master Charge or BankAmericard. Or plain "ole money," jokes Bob Walker, or they will arrange financing through the local banks.

Walker has been with Noll's for seven years now, and he knows what he's talking about when he points out the various qualities of the furniture he stocks. Stop in and see him, he'll be pleased to meet you. It may be the visit that will create the repose and comfort Sir Coke wrote of three centuries ago.

Chamber Sponsors Dr. Perez

Dr. Luis Perez of Sanford will speak on the subject "Takeover Tactics — Education or Deception" under the sponsorship of the Maitland South Seminole Chamber of Commerce at 8 p. m., Thursday, Nov. 5, at Winter Park Senior High School Auditorium, 2160 Summerfield Ave.

Teachers who attended this year's Business Education Day held by the Maitland South Seminole C. of C. gave an enthusiastic ovation to Dr. Perez, who spoke at the briefing given the group. Later in their critique sheets on the event, many expressed the desire to have him speak again so that others might hear him, asking the chamber to make the arrangements. Thus the appearance at Winter Park High came about. Mrs. Vivian Morris is general chairman of the event.

THE RUINS and rubbish of the former Post Title Lounge stand out like a sore thumb at the corner of Highway 17-92 and Seminola Boulevard (Dog Track Road), a reminder of an unsolved explosion in which one man died March 17 of this year. Debris and glass lie on or near the pavement of the road. Not a pleasant view from the attractive motel across the highway, or otherwise.

Commission Has Light Agenda

Titusville Well Before County

at today's meeting. Only three items were scheduled in addition to the routine reports and no public hearings are scheduled. Hugh Harting, an official of the City of Titusville, was to appear before the commission regarding a well which is being drilled by that city in the Geneva area. This was the subject of much contention at last week's meeting and culminated in the rescinding of a permit for a test well located on state road right-of-way 1900 feet west of SR 46 and SR 420 in Geneva. The permit was rescinded by the State Department of Transportation and will not be re-

Community Shelter Drive Opens

A seven-day public information campaign to alert Orange and Seminole Counties to the distribution of official information based on the Community Shelter Plan has been opened, according to a joint statement issued by Orange County Commission Chairman Paul Pickett and Seminole County Commis-

'Reubin Who' Wins Governor's Mansion

Jubilant Askew Points To Demos' Unity

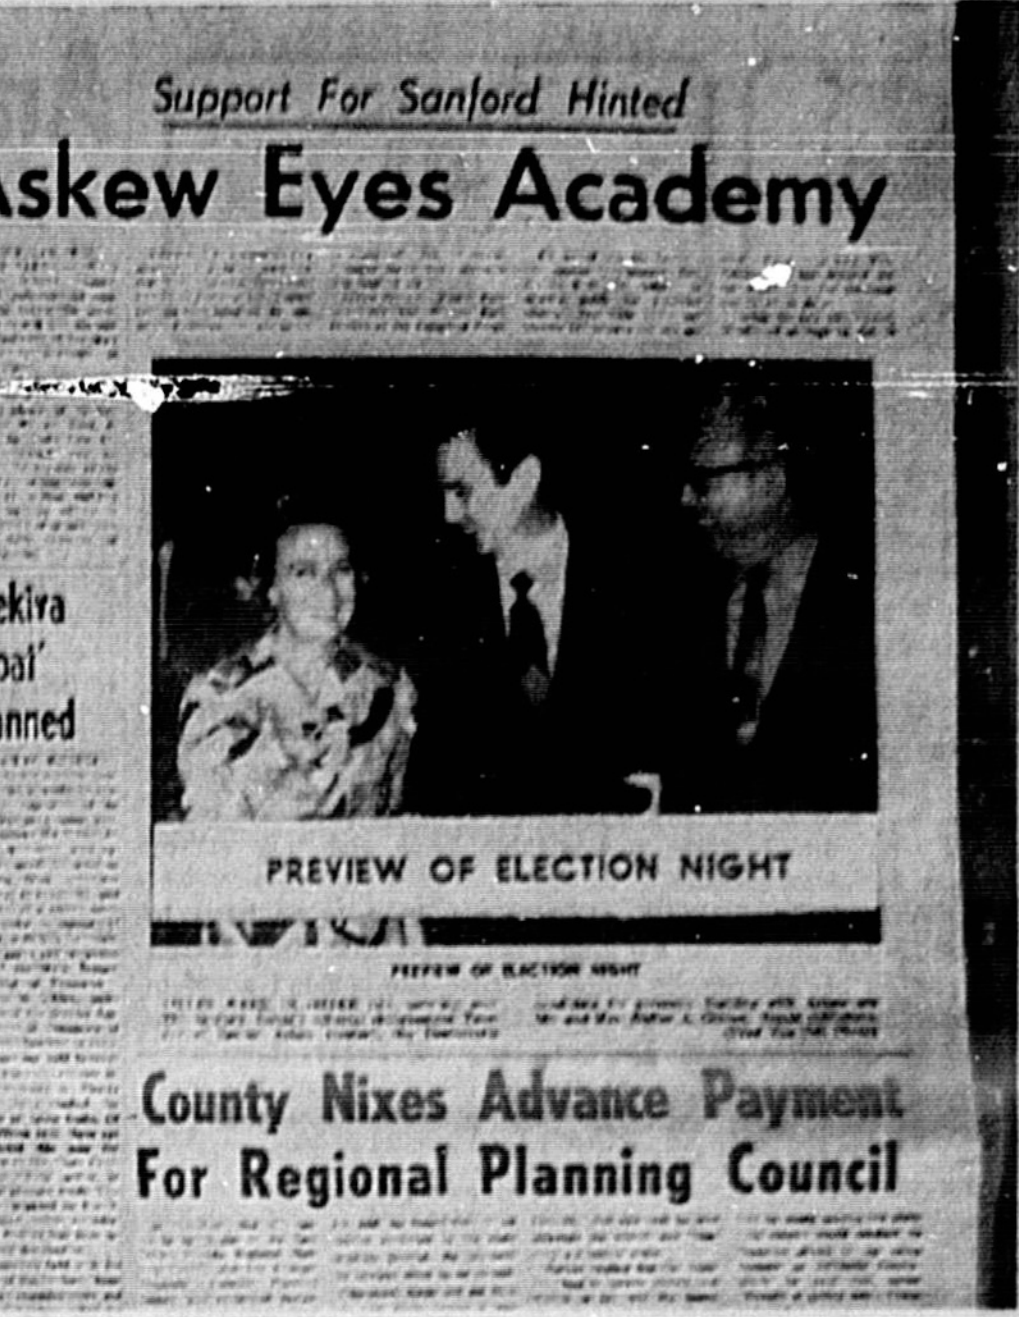

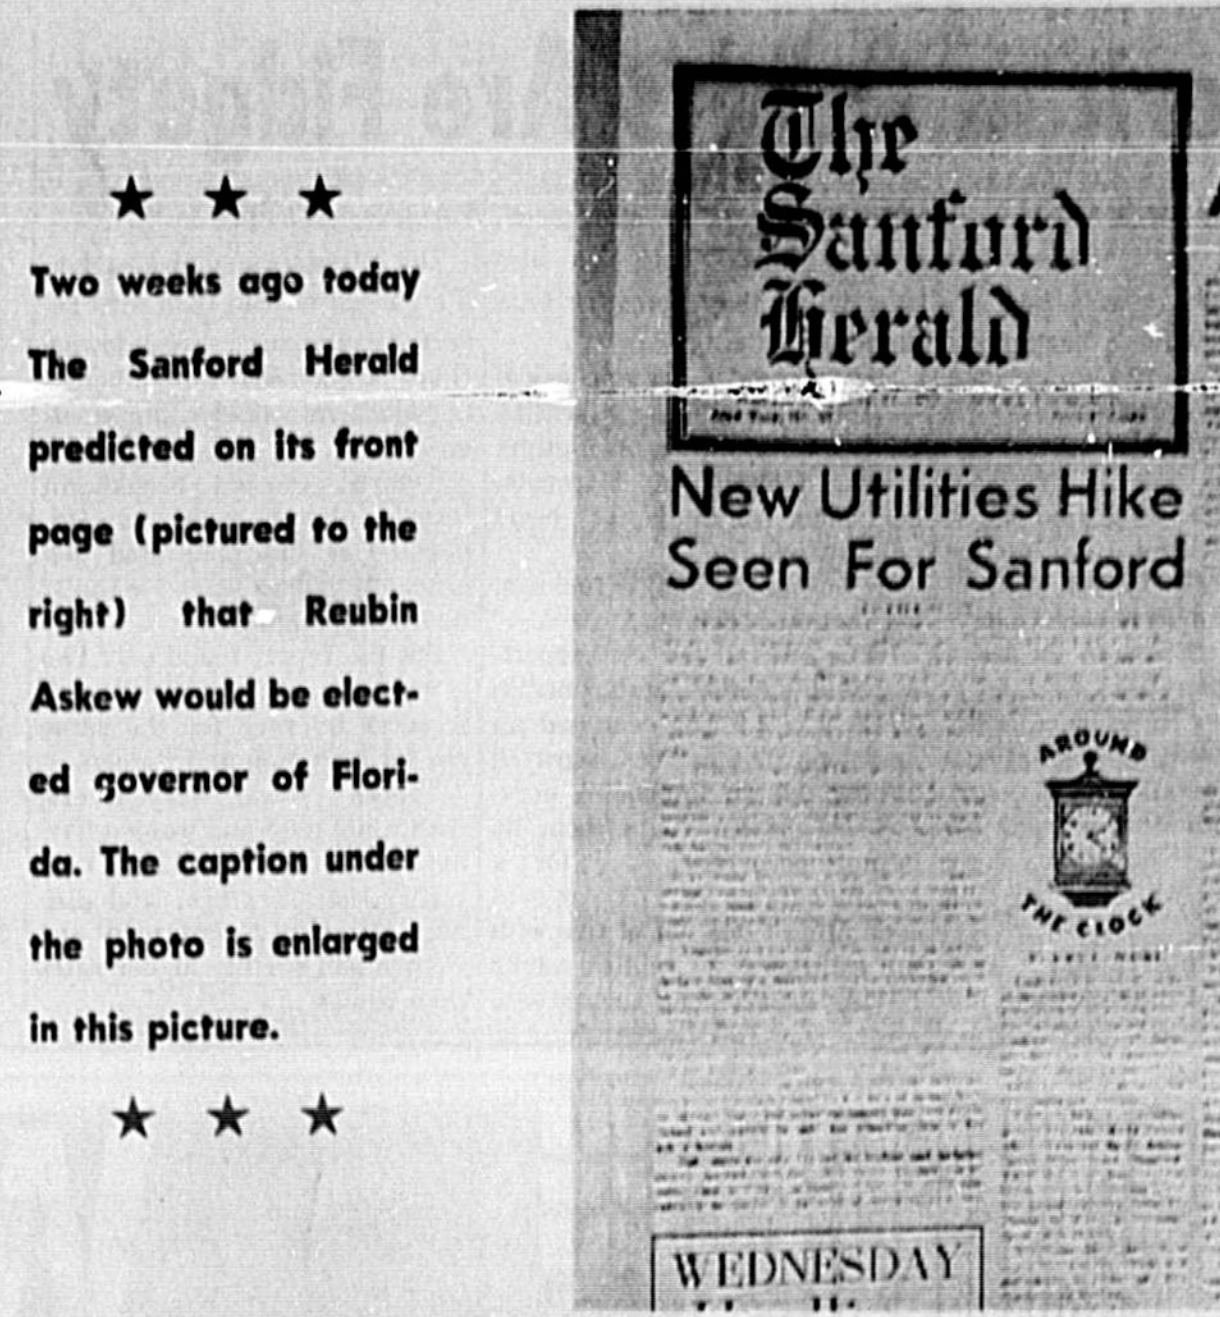

By JOHN VAN GIBSON
Associated Press Writer
PENSACOLA, Fla. (AP) — "Reubin Who" Tuesday night became Governor-elect Reubin Askew as he stood before his new constituents for the first time, beaming that triumphant beatific smile of his. The polls had not been closed three hours, only half the vote had been counted, but it was clear Askew had defeated incumbent Gov. Claude Kirk.

WEDNESDAY Headlines Inside THE HERALD

World News
Communists carry out shelling attack and two ground probes of outer defenses of Phnom Penh. (Page 10C)
With the end of the Arab-Israeli cease-fire only a day away, U.N. diplomats rush to pass Middle East resolution in General Assembly before it expires. (Page 10C)
Around The Nation
President Nixon gains some new ideological leverage in the Senate, but the Democrats overcome the administration's tough-talking law and order campaign to retain control of the chamber. (Page 1B)
Activist actress Jane Fonda, facing federal charges of pill smuggling and assaulting a customs officer, appears in court today on a related charge of attacking a Cleveland policeman. (Page 6B)
Lawton Chiles puts the boot to Republican Bill Cramer's White House-backed candidacy as the "walking and talking" Democrat wins election to the U.S. Senate by a margin of more than 100,000 votes. (Page 5A)
Sports World Thrillers
Seminole-Lyman clash set for this Friday night. (Page 6A)

Support For Sanford Hinted

MIAMI (UPI) — Now that he's won it, and he did it the hard way, Lawton Mainer Chiles seems awestruck at the title of United States Senator. He tells of an old man up in the Panhandle last week who pressed a \$3 bill into his hand and said: "I say my prayers for you every night. You're the only hope."

County Nixes Advance Payment For Regional Planning Council

candidate had carried only 12 of the state's 67 counties. He failed to take such Republican strongholds as Brevard and Palm Beach counties and did not get the wide margin he needed in other GOP hotspots. In his home county of Pinellas, for example, he led Chiles by only 10,900 votes out of 172,000 cast.

candidate had carried only 12 of the state's 67 counties. He failed to take such Republican strongholds as Brevard and Palm Beach counties and did not get the wide margin he needed in other GOP hotspots. In his home county of Pinellas, for example, he led Chiles by only 10,900 votes out of 172,000 cast.

Near-Sweep Of Seminole

Although outnumbered more than 2-1 in voter registration in Seminole County, Republicans made a near-clean sweep in Tuesday's election and grabbed control of the County Commission, School Board and legislative delegation. Democrats winning in Seminole County could be counted on one hand; Fred Dickinson, Thomas O'Malley, Bill Fulford, Robert Milburn and Al Davis.

Elections Glance

By THE ASSOCIATED PRESS
Senate: Elected, 9 Republicans, 2 Democrats, 2 Independents; Leading, 2 Republicans, 2 Democrats, holdovers, 33 Republicans, 32 Democrats; needed for majority 51.
House: Elected 158 Republicans, 229 Democrats; 48 undecided; needed for majority 218.
Governors: Elected, 10 Republicans, 18 Democrats; Leading, 2 Republicans, 5 Democrats; holdovers, 8 Republicans, 7 Democrats.

GOP Controls Schools, Commission, Delegation

Chiles drew his strongest support from big Dade County and the Panhandle region. Conceding defeat from his St. Petersburg headquarters shortly before 11 p. m., the 48-year-old congressman said: "The people of Florida have spoken."
