

WEEK-END TOUR of HOMES in the Sanford - Seminole Area

Mead Manor Included In Tour Of Homes

Kingswood Builders consider the needs of all home buyers . . . There's beautiful Greenbriar for those who prefer true suburban living—now, this week, construction is under way on two houses in Grove Manor.—This location will appeal to the family looking for a quiet, dignified location . . . but with the convenience of "in-town" living.

Off the drawing board and in the construction stage is a four-bedroom, two-bath colonial on Lincoln Drive, right in the shadow of a huge oak tree . . . and around on Elizabeth Court they're building a three-bedroom, two-bath, set in a small grove of orange trees (fresh

orange juice all winter!). Why wait—look now—you know a Kingswood built house is a good house.

Have you seen Greenbriar lately? If not, you're in for a pleasant surprise. You will see the colonial—and contemporary, completed and ready for occupancy. In addition, there's two in the final stages of completion where color schemes may be selected.

Mead Manor—the new subdivision on Oviedo way—is being accepted in a big way . . . and merits attention of all home buyers. Shoemaker Construction Company is building the houses in co-operation with Oviedo Land Company, (local citizens joined in a local effort!)

Two houses are completed, a colonial with three bedrooms, one and a half baths . . . and a three-bedroom, two-bath ranch model. Both houses have formica counter tops in kitchen and baths, and all the extras that help make a house a home, and of course, are built to the well-known Shoemaker standards.

The colonial has everything you would expect—cupola—porch with column—wallpaper in the dining area and shuttered windows. The ranch style has wrought iron trim in the contemporary manner, and colored appliances are featured in the kitchen. These houses are in the \$15,000 - \$16,000 price range—so don't delay, go look and you're sure to be pleased.

Miami Renames Torch For JFK

MIAMI (UPI) — The Miami City Commission voted unanimously Thursday to rename the city's famous Torch of Friendship—a symbol of goodwill with Latin American nations.

The commission agreed to rechristen the landmark in Bayfront Park the "John F. Kennedy Torch of Friendship" in honor of the late President.

Kennedy, who visited the park during his 1960 campaign hailed the torch as a "monument for international understanding."

Hospital Notes

NOVEMBER 27
Admissions
Isadore Morgan, Mercedes Medlock, Gidget K. Smith, Edna Poindexter, Thomas Williams, Sharon Higgins, James Singleton, Bessie Jones, Teresa Jernigan, all of Sanford; Robert Marlowe, Beaumont, Texas; Tammy S. Britton, Lake Monroe; Lloyd Wadkins, Osteen

Births
Mr. and Mrs. Clarence Brown, baby girl; Mr. and Mrs. Samuel Dunn, baby boy; Mr. and Mrs. John Ludwig, baby girl; Mr. and Mrs. Leon Bryan, baby girl, all of Sanford

Discharges
David Williamson, Marilyn Smith, Gidget L. Smith, Tommy Kennedy, Walter L. Whalley, Thomas Williams, Joseph B. Brown, Jean D. Swafford and baby boy, all of Sanford; Nettie Gehr, Lake Mary; John A. Lau, New Smyrna; Loretta Lycans, Longwood; Mary Dreblow, Enterprise; Willie Hillman, Geneva

Courthouse Records

REAL ESTATE TRANSACTIONS
LMN Enterprises to Howard S. Eaton, Jr., et ux, Long Acre, \$15,200.
Knox-Florida Development Corporation to Howard E. Britton et ux, Lincoln Heights, \$9,900.

Eugene W. Ross et ux to Charles T. Pearson, Tanglewood, \$14,900.

Henry H. Duval, Jr., et ux to Apex Contracting Co., Inc., Orange Park Subdv., Forest City, \$4,100.
Alanson G. Charles to Langford Construction Co., Inc., Hillcrest, \$8,800.
J. Tracy Walker et ux to Peter D. Millot et ux, Altamonte Springs, \$12,000.
George C. Harden Jr., et ux to Rodney Ibrig et al, S-30-208-30E, \$23,600.
John Frances Grace et ux to Louis E. DeMoreland et ux, Casseberry, \$10,000.

Eveline M. J. King to Sanonora Shopping Center, Inc., Sanford, \$17,630.
Peter Cutler et ux to Thomas E. Chambers et ux, Eastbrook Subdv., \$19,000.
May H. Waldo to Overstreet Land Co., Sanlando Springs, \$7,500.

MARRIAGE LICENSE APPLICATION
Leon Oliver Feagin, Eagle Lake, and Janet Lou Bauder, Sanford.
Vernon L. Bobb and Juanita Butler, Sanford.

Store Out-Of-Season Clothes In New Family Room Closet

When planning a basement family room, be sure to include plenty of storage space for out-of-season clothes, as well as hobby and sports equipment.

Space usually is at a premium in the living area of the house, but the average basement allows the handyman to design a spacious central storage area. To increase the value of this basement storage space, line the closet with aromatic red cedar.

At Lumber Dealers This material, which comes in prepackaged bundles, is available at local lumber yards. To simplify installation, each piece is tongue and grooved along the edges and at each end.

Aromatic red cedar closet lining can be installed right over framing. A closet can be lined with cedar for approximately \$50, less than what it would cost to replace a coat room with moth.

If a new closet is to be built, it does not require wallboard or other backing. Just frame it out with 2 x 3 or 2 x 4 studs. Nail the pieces of red cedar right over the open framework to enclose the closet walls. The tongue and groove joints, even though they may not be on a stud, provide a strong bond.

Pieces Go Up Fast Installation proceeds quickly. The 3/4-inch thick pieces of red cedar are applied horizontally, starting at the bottom in one corner. Place the first piece with the groove edge down and the tongue end in the corner.

The tongue end of this piece will fit into the groove end of the next piece. Because of the sturdy tongue and groove design, this joint does not have to occur over a stud. Nailing will secure a strong bond.

Install additional pieces along the bottom of the wall. Make certain that the tongue and groove joints fit snugly.

When cutting a piece to fit in a corner, the fit need not be precise if quarter-round molding is to be installed afterward. Cedar molding is available for these corner treatments. If no molding is to be used, take extra care to measure the pieces that end in the corner.

Follow Same Rules Follow the same general instructions for lining the rest of the wall, ceiling, floor and door. The ceiling definitely should be lined to provide ample moth protection. Lining the floor and door, too, will provide maximum protection.

Cedar lining should be left in its natural state. Application of shellac, varnish, paint or other finish would seal in the cedar wood oil fumes and prevent their functioning as a moth-repellent.

The Basenji is a fox terrier-size breed of dog.

Disraeli Disc Put Off Air

LONDON (UPI) — Comedian Alan Sherman's record "Won't You Come Home Disraeli?" has become the first record in a decade to be banned by London-based Radio Luxembourg, one of Europe's leading commercial radio stations.

The disc hints at a love affair between late British Premier Benjamin Disraeli and Queen Victoria.

A station spokesman said "we don't mind references to King Henry VIII, but Queen Victoria has not been dead all that long."

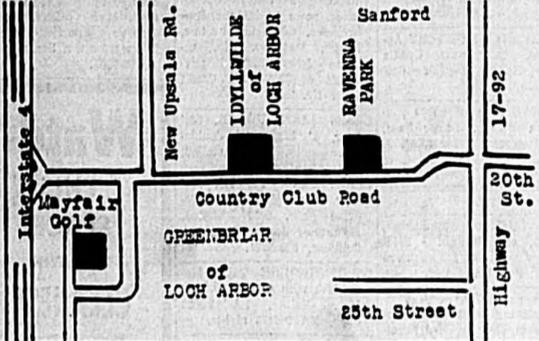

The "spare" side of the family is the male line.

Prayer Group At White House

WASHINGTON (UPI) — A group of 350 chanting, Bible-waving men and women picketed the White House Thursday to urge that prayers be permitted in all public schools.

Many of the demonstrators said they came from all over the nation and represented no particular denomination. They carried banners and placards urging Bible-reading in the schools.

"Lightnin'" was the first play to run more than 1,000 performances on Broadway. It starred Frank Bacon.

While you are out driving this week-end, take this page with you. The map above will assist you in locating some of Sanford and Seminole County's outstanding real estate. Take a circle tour and see them all, you may find just what you are looking for in the way of a home.

BRIEFS

21 Holiday Deaths
MIAMI (UPI) — Three children died in a fire near Ocala Sunday night, raising the death toll for the long Thanksgiving holiday weekend to at least 21 in Florida.

Home Ruling
RICHMOND, Va. (UPI) — The Virginia Supreme Court ruled today the Virginia Constitution leaves the state's counties, towns and cities free to abandon public education if they choose.

Council Head
PHILADELPHIA (UPI) — Bishop Reuben H. Mueller, of the United Brethren Church, is slated to become the new president of the National Council of Churches, authoritative sources disclosed today.

\$515,975 Contract
CAPE KENNEDY (UPI) — The Army Corps of Engineers has awarded a \$515,975 contract for construction of an electrical substation for the lunar launch complex on Merritt Island, it was announced today.

American Queen
CALCUTTA, India (UPI) — The Maharaja of Sikkim, ruler of the small Himalayan border state, died today. His son became the new king and his daughter-in-law, former New York debutante Hope Cooke, Sikkim's first foreign-born queen.

Oswald 'Spy'
MOSCOW (UPI) — The Soviet Union, which has denied any connection with President Kennedy's accused assassin, Lee H. Oswald, hinted Sunday in two newspaper reports that Oswald spied for the United States during his two and one-half years in Russia.

Shipments Off
LAKELAND (UPI) — Florida Citrus Mutual reported today that only about 450 freight cars of fresh oranges were shipped out of the groves last week due to the Thanksgiving holiday and the official day of mourning for the late President Kennedy last week.

Plane Missing
MIAMI (UPI) — A small, private plane with three persons aboard was reported missing Sunday on a flight from Fort Lauderdale to Crestview, the Federal Aviation Administration at Miami reported today. The pilot was identified as Paul Blankenship of Venezuela.

After 45 Years
NEW YORK (UPI) — Two sisters who had not seen each other in 45 years were reunited Sunday at Idlewild International airport. "I can't believe it. I thought we would die without seeing each other," said Mrs. Faeran L. Zarnet of Budapest, Hungary, after she and Mrs. Anna Sommer, 72, Mt. Dora, fell into each other's arms.

Van Hoy Named By Council
JAMES VAN HOY, former county commissioner, today was named to represent Seminole County on the East Central Florida Regional Planning Council, succeeding Douglas Stenstrom, resigned. Chairman J. C. Hutchison, of the County Commission, who named Van Hoy, said the latter will be succeeded as alternate representative by W. G. Kilbee, of Geneva. Van Hoy will serve with County Commissioners John Alexander in representing this county on the Council.

Bid Opening
County Commission, in special session Tuesday morning, will open bids for a new road for the county home on Highway 17-92 South.

"Booming" Seminole County today was anticipating a series of "news breaks" this week pointing to the economic growth of the area. In order of sequence, expansion plans are expected, as follows:
Sanford City Commission tonight will hear a report on a proposed marina, with construction plans and lease arrangements on Lake Monroe near Park Avenue. (A group of Sanford businessmen already are having a feasibility study made, in conjunction with this marina, for a proposed \$500,000 cafeteria, apartment and motor motel along the lakefront.)
State Board of Conservation is expected Tuesday morning to release \$40,000 for initial planning for the proposed St. Johns-Indian River Canal, extending from Sanford in environs of Maytown, Gov. Farris Bryant and his Cabinet are expected to meet with Canal District directors at Tallahassee early Tuesday, when a proposed right of way alignment will be presented. Three property owners have agreed to donate the right of way from the vicinity of Lemon Bluff to U. S. Highway 1.
Another \$5,000 is expected later from the State to finance engineering feasibility studies prior to actual construction of the \$11 million canal which will give a throughway for nearly the entire length of the St. Johns River, connecting Jacksonville, Palatka, Sanford and Cape Kennedy.
Sanford and Seminole County governmental and business leaders met here Saturday morning with representatives of a national firm now negotiating for the construction of a port terminal with an initial expenditure of \$750,000. The firm has been dickering with property owners and it is expected this transaction will be given a news release this week, pinpointing the site, building plans and thoughts for future expansion.

This port terminal is being planned in connection with the St. Johns-Indian River Canal. Present 600-barge annual traffic is expected to increase manifold when the waterway is completed.
The State Board of Control is expected Friday morning to select a site for the proposed East Central Florida four-year undergraduate university and the extension of the University of Florida.

This selection will be made at a meeting in Boca Raton. Twenty-three sites in six counties were offered to the State. The Board of Control reduced the number to eight, with two in Seminole County. It is expected the final selection will be made Friday, or, at least, the number will be narrowed to three, for final selection within the next two or three months.

These proposals, along with last week's announcement of an \$800,000 shopping center at Onora Road at Highway 17-92, point to a "booming" Seminole County.

MIAMI (UPI)—Grant Stockdale, former U. S. ambassador to Ireland, plunged to his death today from a downtown office building.
Stockdale's body apparently hurtled from a window of his office on the 13th floor of the DuPont Building. His body landed on the roof of the fifth floor.

Miami homicide detective Robert Utes made positive identification of the 47-year-old real estate dealer.
A resident of suburban Coral Gables, Stockdale was a former Dade County Commissioner and former state legislator.
He was a close political friend of the late President Kennedy and was appointed ambassador to Ireland in March, 1961. He resigned the post after 14 months and returned to his real estate business.
Survivors include his widow and five children, three girls and two boys, ranging in age from 22 to nine.

\$15,000 Gift
DELAND (UPI) — Stetson University has received a \$15,000 check from the U. S. Steel Foundation, President J. Ollie Edmunds announced today.

Quakes Hit
VIENNA (UPI) — Earthquakes rocked parts of Austria and Czechoslovakia today.

CAPTAIN RICHARD E. HINDS, U. S. Marine Corps, today assumed command of the Marine barracks at the Sanford Naval Air Station. The 11-year Marine Corps veteran received Major G. L. Selmyer, U. S. Marine Corps, who was recently promoted to lieutenant colonel.

Oviedo Man Killed In Auto Crash

Seminole County recorded its 21st traffic fatality of 1963 Sunday evening when Frederick H. Robbins, a resident of Oviedo for the last 30 years, died in an automobile accident on State Road 419 one mile north of Oviedo.
Sheriff J. L. Hobby reported this morning that Robbins was fatally injured when the car in which he was a passenger crashed into a utility pole. Robbins was dead on arrival at Seminole Memorial Hospital at 7:45 p.m. Sunday.
The Sheriff said the car was driven by Lee Henry Futch, 60, of Chuluota, who suffered a broken arm when he lost control of his car, left the highway and hit the pole.
Robbins, born April 16, 1905, at Bostick, Fla., had served with the U. S. Army in the Panama Canal Zone and was a member of Oviedo Baptist Church.
Surviving are his wife, Mrs. Levon Robbins; a son, William H. Robbins, and two brothers, William H., of Spartanburg, S. C., and Emory Robbins, of Pennsylvania.
Funeral arrangements are in charge of Niblack Funeral Home, Casselberry.

Man Confesses Robbery, Rape

A 24-year-old Jamestown Negro, Robert Lee Byrd, has confessed to robbing and raping a 35-year-old white woman, Sheriff J. L. Hobby reported today.
Byrd, according to Sheriff Hobby, admitted he was in hiding near the woman's home last Tuesday night when she drove into her carport, that he grabbed her, beat and choked her and then attacked her.
Sheriff Hobby said that in the attack Byrd tore off the woman's clothes and despite her pleas, raped her, took her purse containing between \$8 and \$10 and fled in a borrowed automobile.
Byrd was traced through fingerprints and the prints, taken during the robbery, identified him as a Negro community adjacent to Oviedo.
The Negro is being held in county jail on charges of rape and robbery by force. The Sheriff said the maximum penalty for rape is death in the electric chair.

Former Envoy Falls To Death

MIAMI (UPI)—Grant Stockdale, former U. S. ambassador to Ireland, plunged to his death today from a downtown office building.
Stockdale's body apparently hurtled from a window of his office on the 13th floor of the DuPont Building. His body landed on the roof of the fifth floor.

Miami homicide detective Robert Utes made positive identification of the 47-year-old real estate dealer.
A resident of suburban Coral Gables, Stockdale was a former Dade County Commissioner and former state legislator.
He was a close political friend of the late President Kennedy and was appointed ambassador to Ireland in March, 1961. He resigned the post after 14 months and returned to his real estate business.
Survivors include his widow and five children, three girls and two boys, ranging in age from 22 to nine.

\$15,000 Gift
DELAND (UPI) — Stetson University has received a \$15,000 check from the U. S. Steel Foundation, President J. Ollie Edmunds announced today.

Venezuela Reds Flop

CARACAS, Venezuela — (UPI)—Results of Venezuela's national elections signaled a victory today for the nation's democratic forces and a smashing reverse for Communist designs on this strategic Latin American country.
Mounting returns from Sunday's voting—in which large numbers of Venezuelans braved bullets and threats of Castro terrorists to cast ballots—gave an early lead to Raul Leon standard bearer of President Romulo Betancourt's Democratic Action party, in the seven-man presidential race.
With about one-third of the total vote counted, unofficial returns gave Leon a commanding lead over his six rivals for the presidency. Leon had 273,076 votes; Joaquin Villalba, of the leftist Democratic Republican Union, 193,680; Arturo Ustar Pietri, an independent, 183,184 and Rafael Caldera, Social Christian party, 162,403.
Trailers far behind were retired Admiral Wolfgang Larrazabal, of the Democratic Popular Force, 79,052; Raul Ramos Gimenez, of the splinter Democratic Action-Opposition, 37,306; and German Borregales, of the right-wing National Action Party, 1,024.
The two candidates Raul Ramos Gimenez, of the splinter Democratic Action-Opposition, and German Borregales, National Action Movement, were trailing far behind.
Authorities said one person was killed and six wounded in the capital Sunday as pro-Communist gunmen seeking to disrupt the elections fired on lines of voters and shot up police stations.
Among the wounded was Carl Warner, 43, Miami cameraman on special assignment for UPI, who was hit by a ricocheting rifle bullet during a sniper attack on the UPI bureau in Caracas.

New Library To Be Named For Terry Cordell

Proposed new library in the old post-office building will be named "Cordell Memorial Library," should the City Commission this evening approve a request of the Seminole High School class of 1963.
The late Terry Cordell, former SIS star athlete and former scholar was an Army captain killed in action in Vietnam.
City Commission also will consider State Road Department's request for a utility agreement for the reconstruction of 25th Street from McDeville Avenue to French Avenue; consider Jaycees' request for an annual shelter drive; consider a request for annexation of the commercial property at the southwest corner of 25th Street and Sanford Avenue; hear a report on the proposed marina; and consider a request for the city to install utility lines around the proposed Sanford Shopping Center at Onora Street and Highway 17-92 if it is annexed to the city.

The parade, sponsored by the merchants division, Seminole County Chamber of Commerce, and planned and staged by the Jaycees, will offer a new feature this year, Shirley Clowns to Sanford from several central Florida cities. They will cavort on the edge of the stage line of music.
Santa Claus will ride on the Jaycees float in the last unit, adding a final note of joy to an afternoon of music, colorful floats and hi-jinks by the clowns.

Suicide Follows Double Murder

ASHEVILLE, N. C. (UPI)—A crazed ex-convict with a long history of violence walked into a church during services Sunday night, terrorized the congregation and killed his ex-wife and the minister with shotgun blasts.
Then while about 40 persons sat in stunned silence he calmly reloaded the double-barreled gun, walked to the rear of the church, and killed himself with a shot in the heart.
Children of all three victims watched the bloody drama unfold in the sanctuary of the First Presbyterian Assembly of God Church.
He was Walter Bailey, a 37-year-old tree surgeon who was convicted of slaying his own father 25 years ago and has had numerous brushes with the law.

GI Killed In Red Ambush

SAMGON, South Viet Nam (UPI) — One U. S. soldier was killed and another seriously wounded in a Communist guerrilla ambush Sunday night near the Cambodian border, a U. S. military spokesman said today.
Nine South Vietnamese troops also were wounded in the clash, the second serious encounter between government and Viet Cong forces within a few hours Sunday.
In the first battle, also near the Cambodian border, the Communists killed, wounded, or captured the entire garrison of a government outpost before being driven off.
The guerrillas lost an estimated 30 men in the six hours of fighting but 42 of the 60 troops defending the outpost were killed, and 15 to 20 of their wives and children also died.

Congress Faces Crucial Weeks

WASHINGTON (UPI)—The next three weeks may be crucial in the making of a record for the first session of the 88th Congress.
Action on the two most important bills of the session—a tax cut and civil rights legislation—rests with the Senate Finance and the House Rules Committee. They must act before an expected Christmas recess Dec. 22 if Congress is to vote on the programs early in 1964.
President Kennedy had called for their passage this year, but even before his assassination it was obvious neither would be approved before 1964. It is unlikely that President Johnson will be able to alter the situation.

KENNETH HARRIETT, after major surgery a month ago at Children's Hospital in Cincinnati, flew home by jet Saturday afternoon. The 12-year-old son of Fire Lt. and Mrs. George Harriett, Kenny was accompanied by his brother, George Harriett Jr. (Herald Photo)

Christmas Parade Wednesday

By Helen Gleason
The 14th annual Christmas parade will roll down First Street Wednesday at 3:30 p.m. Sheriff J. L. Hobby and Police Chief Roy Williams will lead off, followed by the Highway Patrol cars.
Dave Kligenmuth, general chairman of the parade, said the color guard will be from the Seminole High School band, rather than the military, due to restrictions placed on military units during the 30 day mourning period for the late President. The high school band will set the spirit of the parade with lively music and following them will be local and area leaders riding in cars. Barbara Berry, theme winner, will have her place in the first unit.
Parade judges will be on the reviewing stand at First Street and Magnolia. John Spaliski, master of ceremonies, will do all announcing from the stand. Forty marching units, cars and floats and 11 bands will be divided in 11 sections bound in black or have black streamers.
Supt. of Schools R. T. Milwee, said that all county schools will close early to allow time for students to view or participate in the parade. Dave Herrien will be parade marshal and Jimmy Jones and Jim Wade will be in charge of selling the balloons and peanuts at the parade, with proceeds going to the annual project of taking children from Lutheran Haven in Savan on a Christmas shopping trip.
The parade, sponsored by the merchants division, Seminole County Chamber of Commerce, and planned and staged by the Jaycees, will offer a new feature this year, Shirley Clowns to Sanford from several central Florida cities. They will cavort on the edge of the stage line of music.
Santa Claus will ride on the Jaycees float in the last unit, adding a final note of joy to an afternoon of music, colorful floats and hi-jinks by the clowns.

Slain Beauty's Friends Quizzed

HOLLYWOOD (UPI) — Detectives questioned friends of a slain beauty queen today in an effort to track down the killer who strangled her with such force that a bone in her neck was broken.
The county coroner said an autopsy indicated Miss Kuppel died by manual strangulation. Her nude body was found in her apartment Saturday night by friends.
Those questioned Sunday included the persons known to have talked with the 22-year-old actress Wednesday night, including her former boyfriend, actor Andrew Prince of the "Wide Country" television series.
Lt. George Walsh said two others, free lance writer Edward Steven Rubin, 22, and actor Robert Hathaway, 24, were the last ones to see Miss Kuppel. Both told detectives they left her apartment before midnight when she appeared to be getting sleepy as they watched television.

Aerospace Meet Opens Tuesday

ORLANDO (UPI)—Leading businessmen from throughout Florida began arriving here today for the Florida aerospace industry seminar which gets under way tonight with an advanced briefing by the National Aeronautics and Space Administration (NASA).
The official work session of the seminar will start Tuesday. The seminar is sponsored by the Florida Council of 100 and is aimed at impressing state industrialists with the opportunities existing for them in the nation's space-defense program.

Oviedo Elects Mayor Tuesday

Oviedo voters are slated to go to the polls from 8 a. m. until sundown Tuesday to elect a mayor and two members of the city council. Candidates, all unopposed, are Lee Gary for mayor and Ben Ward Jr. and T. L. Lango Jr. for the council.
Annual elections also are scheduled Tuesday in Altamonte Springs and Longwood while Casselberry's are taking place today.

Teenage Couple Kill Selves

ST. PETERSBURG (UPI) — The bodies of a teenage couple were found in a car parked on a lonely road near Seminole Sunday. Authorities said they died of carbon monoxide poisoning in a double suicide.
The victims were identified as Mrs. Sheila Gladstone Abner, 17, and Charles Bailey, 19, both of Largo. Both were married and reported estranged from their mates.
Pinellas County Medical Examiner Dr. J. O. Norton ruled the deaths as suicides. Sheriff's Deputy Bub Caah said the bodies were in the back seat of the car and there were no signs of violence.

Council Holds Last Session

VATICAN CITY (UPI) — The Vatican Council held its last 1963 working session today and was told that Pope Paul VI will promulgate a document Tuesday extending the powers of bishops.
The document is titled "Pastorale Munus," which means "Of Pastoral Gifts." The document was seen as a move to give concrete meaning to the principle that bishops share authority with the Pope in governing the church.

Jaycee Christmas parade chairman, Harold Chapman, reported in this morning to say that all's set for Wednesday's big holiday event.
The U. S. Coast Guard extends an invitation to all Seminole County college graduates and college seniors graduating in January of next year to apply for its officer candidate school class starting Feb. 9. The school is located at Yorktown, Va., on the York River. If you're interested write to Commandant (PTP-2), U. S. Coast Guard, Washington D. C.

Those first and second class petty officers at the Sanford Naval Air Station are now collecting donations of toys, money, food, etc., for its annual drive to provide local underprivileged children with a merry Christmas. If you've got anything, pick up your phone call 322-1330, extension 224, right now. These fellows will appreciate it and so will the youngsters they're going to help.

Fruit bins for Longwood's new Tru-Juice Plant were constructed over the weekend. Council Chairman R. C. Carlson explains that the construction was perfectly legal, although a public hearing on a zoning will not be held until tonight.
The property is already zoned for manufacturing. However, the use of buildings already located on the site and the bins, will be determined subject to tonight's hearing.

Seminole County's Tax Collector John Galloway says he isn't sure if this year's collections are ahead of 1962 to date. The fact is that the collector's office is piled high with tax payments received by mail and, even though his clerks are processing them as rapidly as possible, they're not all opened yet.
Have a birthday in December? Don't forget that driver's license!

Francis E. Roummlat, Jr., president of the Seminole County Chamber of Commerce, wants to remind all members of the trade body's directors that the board will meet Tuesday, 7:30 p. m., in the Lobby Room of Sanford's Civic Center. The highlight of the confab will be the election of officers for the coming year.
Now that you've made it through the Thanksgiving holidays, try to be around for Christmas!

And while we're talking about driving, local law enforcement officers informed us this morning that the last time you drove down the highway with your parking lights on you were violating Florida law.
Parking lights are exactly for what they're called—parking! Anytime you're driving, says Deputy Sheriff Jim Singletary, and you need lights, use your headlights, not parking lights!

The voting in Casselberry today was said to be "mighty slow"—at least that was the situation at noon, Major Joseph L. Laird, chief of the election board, told the Clock that only an estimated 100 or so persons had cast ballots. The major said at least 200 should have voted.
Today's Chuckle: A philosopher is a person who doesn't care which side his bread is buttered on. He's going to eat both sides of it anyway.

Comic Strip Creator Dies

CARMEL, Calif. (UPI) — Cartoonist Jimmy Hatlo, who rose from a printer's devil to creator of the popular "Little Jodine" and "They'll Do It Every Time" comic strips, died Sunday of a heart attack. He was 64.

19 SHOPPING DAYS LEFT
CHRISTMAS SEALS Fight TB and other RESPIRATORY DISEASES

JFK Story Cost Radio And TV \$32 Million

WASHINGTON (UPI) — It cost the nation's radio and television networks an estimated \$32 million to broadcast the events surrounding the assassination of President Kennedy.

Broadcasting Magazine said that during the four days of broadcasting more than 2,100 network employees in this country and abroad were involved at one time or another in working on the story.

The magazine said that, based on the best available estimates, the costs included the \$1.5 million lost through elimination of television commercials; \$6.5 million lost in radio commercials; \$2.5 million in commissions to advertising agencies and salesmen, and \$8.1 million for television and radio coverage of the story.

SHS Future Homemakers Elect Officers

Future Homemakers of Seminole High School, a state and nationally affiliated organization, recently elected officers for the year. They are Gail Coleman, president; Linda Loy, vice president; Nancy Robinson, president-elect; Patricia Wiggins, secretary; Maureen Pitts, treasurer; Vickie Osborne, historian; Penny Gleason, reporter; Faye Holloway, parliamentarian.

The girls are completing plans for a spaghetti supper after the holidays, and will collect yarn to send to foreign countries to be used in making clothes. They will engage in other projects leading to junior and chapter degrees.

Legal Notice

"THIS IS THE WAY we sweep the walk" could be the song these Girl Scouts from Troop 112 are singing. The girls engaged in the anti-litter campaign are: Frances Dangleman, Marcia McMillen, Michele Moreland, Linda Green, Mary Pat Bertrang, and Kathy Simon.

Scouts Clean Up First Street

Friday — when all schools were closed for the holiday week-end — was "clean up First Street day" for Girl Scout Troop 112. The girls, and their leader, Mrs. F. N. Robb, have embarked on an anti-litter campaign to keep Sanford clean.

They started out at 9 a. m. brooms in hand, and swept the sidewalk along First Street from Magnolia to Myrtle Avenue. After sweeping the walk in front of each business and store the scouts gave the owner an "anti-litter" poster and such was asked to sign a pledge.

The pledge read: "I do faithfully promise to have my sidewalk swept every morning and co-operate with the anti-litter campaign. I believe we can make Sanford the cleanest city in Florida." Thirty-four businesses along the route promised and signed, but, unfortunately, six declined. . . too bad the girls couldn't have full cooperation on this.

The Scouts will be responsible for replacing all withered plants in the planters—they will do this by raising funds in the troop.

If the First Street clean-up is successful—and it can be—the girls will branch out and include other downtown streets. Perhaps Sanford will be the cleanest city in Florida.

Troop 507 Has Review Board

Boy Scout Troop 507 held a Board of Review recently at Grace Methodist Church. Sitting on the board were Committeemen Russ Kitzer, Buddy Williams and Don Jackson.

The following boys were reviewed and successfully passed to the rank of first class, Blair Kitzer, Karl Rozman, Lamar Williams, Tommy Hill, Bob Repp Jr., Matthew Stewart, Lane Ely, Bill Kennedy and Jim Kennedy.

Scoutmaster Al Johnston recommended the following boys for the tenderfoot rank: Bob Wagner, Ted McQuatters, Frank Williams and David Hall.

The boys will be presented with their pins at a Court of Honor at the church December 2 at 7:30 p.m.

The Troop recently visited the IIII plant and saw vegetables processed and canned. The boys hiked to the church and camped out for the night.

Firemen Cancel Celebration

The Firemen's Day celebration, originally scheduled for Dec. 14 with Congressman A. S. Herlong Jr. as principal speaker, was canceled today by the Ginderville Volunteer Fire Department due to the 30-day national mourning period being observed for President Kennedy.

The event, which was to have included unveiling ceremonies for the new Ginderville Arrear Directory, has not been rescheduled at this date.

Johnson Gives Oppenheimer AEC's Highest Award

WASHINGTON (UPI) — Dr. J. Robert Oppenheimer, the controversial scientist who 10 years ago was declared a security risk by the Atomic Energy Commission, receives the AEC's highest award today from President Johnson.

The Chief Executive, setting to carry out the intentions of President Kennedy, was scheduled to present the \$50,000 Enrico Fermi award to the 59-year-old nuclear physicist at brief White House ceremonies. The ceremonies were scheduled for 3 p.m. EST.

The award to Oppenheimer, first announced in April, seemed likely to stir new controversy. Sen. Bourke B. Hickenlooper, (R-Iowa), a member of the joint Senate-House Atomic Energy Committee, said he could not "in good conscience" attend the ceremonies.

"He's an able scientist, but I don't think he measures up to the Fermi award," Hickenlooper said. "I don't know of any specific accomplishments he contributed to atomic energy that put him in the top flight of those who already received the award."

"This Fermi award includes \$50,000 tax-free dollars — tax-free," he added.

Hickenlooper said he had written to the AEC declining an invitation to attend the ceremony. He refused to make his letter public, and when told of published reports on it he said angrily: "It was not a letter I had intended to make public. We may hear more about this. If they want to hold a re-enactment of this Oppenheimer episode, they might get it."

The Fermi prize, given annually in memory of the Italian-born nuclear pioneer, was awarded Oppenheimer for his outstanding contribution to theoretical physics and scientific and administrative leadership in development of the atomic bomb.

Hospital Notes

NOVEMBER 28 Admissions
Barbara Ruprecht, George Deala, Minda Entzlinger, Minnie Lee Knight, Robert Art, Thelma Snyder, Mildred Capps, Warren Adams, Jeffrey Larsen, all of Sanford; Anna Wells, Lake Mary; Yocille Babus, Frances Bennett, Lake Monroe; Emma Mueller, DeBary; Mary Six, Longwood; Opal Lee, Enterprise

Patients Get DeMolay Gifts

Seminole Chapter Order of DeMolay had a surprise for all patients at Seminole Memorial Hospital Thanksgiving Day. Herald Unger, master counsellor, said the boys bought 78 potted plants, put a card in each, and delivered them to the hospital.

Candy Strippers on duty at the hospital delivered a plant to each patient for the boys. DeMolays taking part in the project were, Harold and Ralph Unger, Eddie Hubbard, Don Fortner, Charles and Stephen Stine.

MOVE UP TO CHRYSLER '64

Engineered better...backed better than any car in its class

The '64 Chryslers are here: the luxurious New Yorker (above); sport-bred 300; and the surprisingly easy-to-own Newport.

Clean. Crisp. Handsome. Designed in the modern concept. Bold but not brassy. Engineered by men who have accounted for more "firsts" than any automobile maker. So well built the vital moving parts are warranted for 5 years or 50,000 miles. (Details below.)

The '64 Chryslers are full of news: there's an optional steering wheel you can adjust, up or down, to any one of seven different positions. Bucket seats are standard on 300 models (passenger's reclines).

These are the '64 Chryslers. They have no junior editions to compromise your investment. Go see them. Move up to Chrysler '64.

Build protection for a solid investment... 5-year-50,000-mile warranty. Chrysler Corporation warrants, for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1964 automobiles, provided the owner has the engine oil changed every 3 months or 3,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 2 years, and every 6 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

Be sure to watch Bob Hope and the Chrysler Theatre, NBC-TV, Friday.

Elders Assume Duties Here

More than 14,000 young ministers who serve as representatives of the Church of Jesus Christ of Latter-day Saints (Mormon) recently arrived in Sanford to work with the local Chapel.

Their purpose is to acquaint and teach the people of the greater Sanford area about the church. Under this same program, Elder Don Blackwelder, son of Mr. and Mrs. Julius Blackwelder of Loch Arbor, is presently serving in Japan.

The church was organized in 1830 by Joseph Smith and today is headed by David O. McKay as president. Both Smith and Pearson are related to the founder although, perhaps ironically, Smith is related through Joseph Smith's mother, Lucy Mack, and Pearson through the Smiths.

Locally, there are more than

500 Thanksgiving Deaths Reported

United Press International — The extended Thanksgiving holiday highway death count stood at more than 500 today with final reports still trickling in. The toll was expected to be only slightly higher than average for a normal weekend this time of year.

A United Press International count at 2:30 a. m., EST showed at least 515 persons dead in traffic accidents from 6 p. m. local time Wednesday to midnight Sunday.

The breakdown:

Traffic	515
Fires	37
Planes	23
Miscellaneous	72
Total	647

California led all states in the highway fatalities with 41. Texas was second with 34. Illinois had 29, and Michigan and Pennsylvania had 28 each. North Carolina reported 22, Ohio 21, New York 20 and Virginia 16.

The National Safety Council, which does not make an estimate of the number of traffic victims for a Thanksgiving weekend, said 472 persons would die during a normal 102-hour weekend this time of year.

Unhappily Wed

DALLAS (UPI) — The Rev. Robert S. Jones, 65, a retired pastor, got a telephone call Sunday from an unhappily married man who threatened his life.

The Rev. Mr. Jones told police the caller said the pastor had officiated at his marriage ceremony and "was going to die for it."

No Worry Wart

SOUTHEND, Eng. (UPI) — Kevin Perry, 14, walked a mile, rode a train two miles, caught a bus and walked into a hospital to announce, "Excuse me, I'm sorry to worry you, but I have been shot."

"Kevin just does not like to worry people," his father said after doctors removed an air-gun pellet from the boy's eye.

U. S. Social Security Retirement Test Explained

Col. Byron R. Patton, district manager of the Social Security Administration, stated today that many wage earners and self-employed persons should be aware of the "Retirement Test" under the Social Security law. He explained this test as follows:

Every retired wage earner who is receiving social security benefits is subject to an earnings retirement test. This does not apply after age 72, when there is no limit on earnings. The retirement test requires that if a wage earner has earnings in a calendar year of over \$1200, a certain amount of his benefits will be withheld. If the retired worker has earnings from \$1200 to \$1700, one dollar in benefits will be withheld for every two dollars of earnings.

For example, if a worker has \$1700 in earnings, \$250 in benefits would be withheld. For earnings over \$1700, one dollar in benefits is withheld for every dollar of earnings.

Let us use Joe Wilson for an example. He is retired and receives social security benefits. Last year he worked and had \$1800 in earnings. Three hundred and fifty dollars would be withheld from Joe's benefits because of his earnings. One dollar in benefits would be withheld for every two dollars of earnings between \$1200 and \$1700. This would be \$250. One dollar in benefits would be withheld for

every one dollar in earnings after he had reached \$1700. This would be \$100. So a total of \$350 in benefits would be withheld.

There is another provision in the retirement test that is definitely to Joe's advantage. No matter what amount of total earnings he has in a given year, he will still receive a check for any month that he did not have earnings of over \$100. So, if Joe Wilson earned his \$1800 by working only seven months in the year, he would still receive five checks in that year. If Joe had earned the \$1800 in one month of the year only, he would be entitled to 11 checks for that year.

Colonel Patton stated that the retirement test for a self-employed person is substantially different from the retirement test for a wage earner. The same scale of offset applies for the ratio of benefits withheld to the amount of earnings. One dollar in benefits is withheld for every two dollars in earnings from \$1200 to \$1700. One dollar in benefits is withheld for every one dollar of earnings over \$1700.

He further explained that, like the wage earner, the self-employed person has an additional provision in the retirement test that works to his advantage. A self-employed person who is receiving social security benefits will receive a check for any month that he does not render substantial services in his business, regardless of the amount of his total earnings for the year. (Substantial services is defined by the Social Security Administration as meaning that a person is active in his business.)

"LET'S TALK DRY CLEANING"
By - WOODROW CASE

For years and years the accepted fabric for men's suits was wool. Tweed, cheviot, cashmere, shetland and worsted were among the most popular. It was believed that only wool would give the coveted look of fine tailoring and clean-cut importance.

The emergence of man-made fabrics brought a drastic change. Almost overnight, it seemed, synthetics found their place in men's fashions. New, wrinkle-resisting fabrics made their appearance. Dacron, a fabric which boasts extraordinary wrinkle resistance and press retention, has met with wide acceptance.

For the cleaner, new fabrics mean new cleaning problems. We made experiment after experiment until we found the perfect cleaning formula for Dacron, a formula which gently cleanses deep down into the fabric without injuring its delicate fibers, and helps the garment to retain its crisp, new look.

Whatever the fabric, you can send us any article of clothing with the comfortable assurance that it will be treated "tenderly." We carefully test the fabric for fiber content to ascertain the right cleaning formula for thorough cleaning, and one that will add life and body to the fabric after repeated cleanings. Prompt service always. For pickup and delivery, call

Good Portents

President Lyndon B. Johnson's first days in high office suggest what his long background also suggests, that he will undertake his awesome duties with great responsibility, the requisite dignity the job demands, and a full awareness of the gravity of the problems the nation faces.

His beginning insistence on maintaining a sense of continuity in the government seems not only generally wise, but peculiarly vital to him in view of the timing of his accession to the White House.

This is the stage when the federal budget is being made up, and when many legislative plans for 1964 are being shaped.

Even assuming the new president could quickly find men of his own to place in major staff and cabinet posts, he would have precious little time to acquaint them with the already far-advanced 1964 plans. Their contribution to the effort could hardly be significant.

If the members of the late John F. Kennedy's administration respond fully to Johnson's call to stay at their jobs, he will not have this distracting problem. Work in progress can go forward, and the President can concentrate on soaking up understanding of the world and domestic situations in which he finds the country.

The circumstances which brought many world leaders to Washington for the Kennedy funeral enabled Johnson to plunge fast into the learning process. Already he has met dozens of these men, and has had meaningful though brief conversations with French President Charles de Gaulle, German Chancellor Ludwig Erhard, Prime Minister Lester Pearson of Canada, Japan's Prime Minister Hayato Ikeda.

On top of this he has conferred with some 25 of the 50 United States governors in hope of establishing a national unity in this difficult transition period.

To them, as to world leaders, he has indicated that he seeks not only continuity of personnel but continuity of policy. He proposes to carry on Kennedy's fight for tax cut and civil rights proposals.

But all this must surely change

with time. The problems will alter, and so therefore will the policies. Johnson will have to shape a course all his own.

Gradually, too, the new president will supplant at least some and perhaps many members of the Kennedy regime with men of his own choosing.

Any chief executive must inevitably put his personal stamp on the top circles of his government. They must reflect his personal style. Clearly, many of the Kennedy "carryovers" were uniquely suited to the late president's style.

Most appraisers agree Johnson brings many useful gifts to the presidency. He has the long background in government, the legislative experience which acquaints him deeply with the ways of Congress, the superb record of management he registered in his years as Senate Majority Leader.

Under Kennedy he had a chance to acquaint himself intensively with all matters pertaining to space. He dealt with important civil rights matters. And he traveled widely to see first-hand a large number of crucial countries.

Johnson will need everything he has. He has only nine months until the 1964 Democratic convention which presumably will choose him to run for the next term.

And even some of this time must be used not for making a record, but for preparing to campaign. Each task will distract him from the other.

On the other hand, the shortness of his presidential record will make him a somewhat more difficult target than Kennedy would have been. And he cannot be charged heavily with Kennedy's assets and liabilities, whatever those were.

The tests upon Johnson are plainly great. If he fails, he may be president for just the year and two months left in Kennedy's term. But if he succeeds, he may have a chance for election not just in 1964 but in 1968. For the two-term limit will not bar such a bid.

Thus the "Johnson Year" will draw remarkable attention from both the nation and the world.

A New Hand at the Door

Dr. Crane's

Worry Clinic

CASE R-425: Lena B., aged 11, is a 6th grader. "Dr. Crane," her grandmother began, "what can I get Lena for a gift?"

"She is a very bright girl in school and is entering Junior High next term."

"So what type of present would have the best influence on her later life?"

"Cash gifts usually are squandered on temporary pleasures or else are placed in the bank for future years."

"A perfect gift, however, should combine immediate pleasure with health or cultural dividends for the future, too."

"For example, if you wish to combine patriotism with excellent drill on reading ability, then offer a child some of the splendid books by Augusta Stevenson."

She combines accurate American history with fascinating adventure, as in her books about Kit Carson, Anthony Wayne, Benjamin Franklin, Nancy Hanks, Daniel Boone, Sam Houston, Sitting Bull and a dozen others.

These historical novels are the most widely used by American school children and should be in every home, a long-aided Red Letter Bible, which is another ideal gift for all age brackets.

Classics Illustrated, also makes superb gifts. These are condensations of the famous novels of world history, presented in colored comic book format.

Christmas, Fla., post marks will be popular again this year as many Floridians will use them on their greeting cards. The post office there handled about 350,000 cards last year and anticipates an increase this season.

you are increasing their reading skill. Reading is the motor of the entire educational machine and the best insurance for getting into college!

Poor readers flunk out of school and drop out before they are through high school.

Another aid to good reading (and also to better spelling) is a typewriter.

You can often buy a second hand typewriter for \$50 or less if you watch the business firms which trade in used machines on new models.

For they get only \$35 to \$50 allowance on such trading, yet these typewriters are generally good enough for the usual student.

A college dictionary is another superb tool of the mind. So is a set of encyclopedias, but buy an American encyclopedia which stresses this country instead of England!

Skates, baseball mitts and similar athletic equipment will help drain off a child's excess energy in wholesome sports.

But children usually obtain plenty of these gifts whereas

they are often without adequate wit-sharpeners, such as books. So let the men folks offer the sports boys while you cultured women should stress books, musical instruments and other tools of the mind.

Send for my booklet "How to Tutor a Child at Home," enclosing a long stamped, return envelope, plus 20c.

It offers additional ideas by which grandmothers, aunts, and parents can whet a child's wit and implant the desire to go on to college.

Letters

Editor, Herald:

Have just gone through your Progress Edition and congratulate you and your staff on a very excellent job.

This very attractive and informative edition represents a great effort which, we are sure, has been greatly recognized.

Gallagher-DeLisser, Inc. Publishers' Representatives Philadelphia, Pa.

Peter Edson

Political Notebook

WASHINGTON (NEA) — President Lyndon B. Johnson has a 22-year voting record in Congress which gives the best insight on his ideas, particularly on domestic policies.

This is the real background against which his statements as president should be measured. Comparison will show how liberal he has been or, if his ideas have changed, just how conservative he has become.

His own appraisal is that he is neither liberal nor conservative, but votes on the merits of issues.

In his early years in Congress, when he was a protégé of the late President Franklin D. Roosevelt, Rep. Johnson piled up a formidable record in favor of New Deal farm policies.

He voted for the original Agricultural Adjustment Act. He voted for increased Commodity Credit Corp. borrowing authority and increased parity payments to farmers.

He opposed all the Benson programs during the Eisenhower administration.

Johnson's voting record shows consistent, affirmative support for flood control, reclamation projects, prevention of water pollution, desalinization experiments to increase fresh water supplies, and public power development. He has been a backer of Tennessee Valley Authority and its expansion.

In the 1960 Democratic convention, organized labor leaders were cold on Johnson all the way. They charged that he had used his position as Senate Majority Leader to slow down liberal legislation that labor wanted most.

He had voted for the Taft-Hartley Act in 1947 and the Labor-Management Reporting Act of 1958 and 1959. But he did vote for minimum wage increases.

After becoming vice president, Johnson tried to improve his relations with labor. He gained union backing for his equal employment op-

portunity and apprenticeship training programs.

Last year the AFL-CIO invited him to address their legislative conference in Washington. He gave them a fight talk on the Kennedy programs and they liked it.

As an advocate of civil rights, Johnson bases his claim on two principal activities. He put through the 1957 and 1960 Civil Rights Acts. These measures were compromises and did not go as far as the Negro leaders wanted. Also, they have not been too effective or enforceable.

But Lyndon Johnson ran for the vice presidency on the 1960 Democratic platform which advocated more far-reaching reforms than are proposed in the bill now before the House Rules Committee. And as vice president, Johnson has served effectively as chairman of the President's Committee on Equal Employment Opportunity.

In the health, education and welfare fields, the new President's congressional voting record is all on the side of the liberals. He has been for the National Defense Education Act all along and has supported federal funds for both public school construction and teachers' salaries.

He has voted for big health research and public health appropriations, Social Security and welfare payment expansion. He has voted for alum clearance and public housing. He was for an anti-recession bill in 1959 and backed redevelopment aid for depressed areas before the Kennedy administration.

In 1960 he was for the Kennedy-Anderson bill to put medical care under Social Security, but when this was defeated in the House, Johnson voted for the substitute Kerr-Mills bill.

Burial Insurance Sold by Mail

You may be qualified for \$1,000 life insurance... you will not burden your loved ones with funeral and other expenses. This NEW policy is especially helpful to those between 40 and 90. Unclassified

Bottle Finders Honored

Because of drift bottles they found a few days ago two Seminole County citizens have been proclaimed "right honorable fellows" in the Worldwide Brotherhood of Beachcombers. They are D. A. Ramsey and H. E. Myers Sr., both of Sanford. The bottles they found while in the vicinity of New Smyrna Beach were among several hundred recently released by the American Oil Company in cooperation with the U. S. Coast and Geodetic Survey.

Information on the time and distance covered by the bottles in their drift to shore will be used by the government agency in plotting hydrographic charts and maps which serve as vital navigational aids for ships at sea. The bottles were dropped by the company's tankers at sea while making their runs be-

tween Texas and Maine.

Gov. Farris Bryant will deliver the commencement address to some 325 students who comprise the University of South Florida's first graduating class. The exercise is slated Dec. 22.

If you want to see the nation's next space vehicle—the one which will carry astronauts to the moon—it will be on display in Orlando Dec. 3-4 at the Florida Aerospace Industry Seminar.

Florida processors of frozen concentrated orange juice will be governed by two changes in grade standards as of Dec. 1. One amendment to the Florida Citrus Commission's regulations reduces the minimum for oil content from .088 per cent to .085 per

cent by volume on a reconstituted basis. The other increases the minimum ratio of total soluble solids to anhydrous citric acid from 13.5-to-1 to 13-to-1.

Stetson University has been designated as one of the testing centers for the 1964 National Teacher Examinations next February. College seniors and teachers needing examination scores to submit when applying for positions are eligible to take the tests.

A documentary film on the life of Mrs. Eleanor Roosevelt is being planned and will be the first ever made on the life of the former "First Lady" who in her role as a United Nations delegate and humanitarian became known as the first lady of the world.

Christmas, Fla., post marks will be popular again this year as many Floridians will use them on their greeting cards. The post office there handled about 350,000 cards last year and anticipates an increase this season.

World Honors Kennedy With Memorials

United Press International
 "While rivers run to the sea... while heaven feeds the stars, ever shall thy honor, thy name and thy praises endure."
 —Virgil

A saddened world continued to carry the life of John Fitzgerald Kennedy to future generations today by giving his name to its villages, its schools and its children.

The grief that attended the President's assassination has been followed in the past week by tributes from every corner of the globe—a testament to political leadership and courage in an uneasy age.

Berlin and Latin America, two of Kennedy's major concerns as President, were among the first to honor him.

In the divided city, a quarter-million Berliners gathered to dedicate to the late President the huge square in front of city hall, where Kennedy last summer so dramatically won their hearts by saying that he, too, was a Berliner. Residents of Barrio Del Techo a housing development on the outskirts of Bogota, Colombia, voted in a mass meeting to change the name of their little town to John F. Kennedy Village. The President personally inaugurated the Alliance for Progress project in December 1961.

Across Latin America and Europe, the names of school-houses, streets and plazas were being changed in tribute to Kennedy.

Lebanon renamed downtown Rue Clemenceau in Beirut as Kennedy Street. Algerian President Ahmed Ben Bella dedicated a suburban Algiers square to Kennedy and the small fishing village of Luanco on Spain's northwest coast named one of its streets after the President.

Not only abroad, but in his own country was Kennedy honored. Tributes came alike from impressive legislative halls and modest homes.

America's space port, Cape Canaveral, was renamed Cape Kennedy. Resolutions were adopted across the nation to rededicate streets and expressways to Kennedy. The proud mother of newborn twins in Chicago named them John Fitzgerald and Jacqueline Bouvier.

Scores of resolutions and suggestions were made for honoring the late President.

A New Hampshire congressman proposed that a peak in the state's presidential mountain range be renamed for Kennedy. A West Virginia newspaper suggested that the state consider changing its name to Kennedy or Kennediana.

Kowboys Beat Team That Defeated Seminoles

By Julian Stenstrom
When the Kowboys rode into Sanford Friday night for the post-season clash with Sanford's high-flying Seminoles, the Ocala High School eleven will bring with them a record of eight wins and two losses.

The Kowboys dropped their season opener with Arcadia and then battled their way to eight consecutive victories before being stopped last Friday night by the Whitehead Wildcats, 26 to 7, a team that Seminoles whipped — in its

finest performance of the year — 24 to 14.

On the other hand, one of the Kowboys' big victories was a 14 to 7 win over the Leesburg Yellow Jackets — an outfit that stung the Seminoles 13 to 7 in a contest the locals wish they could forget. It is the only blot on the Tribe's record.

The Kowboys, coached by Jack Yearwood, also repudiated Winder Garden's Lakewood 18 to 15, took Okrochobee 19 to 7, rolled over Fort Meade 27 to 12, whitewashed Sobring

(coached by Glenn Osham, formerly of Sanford) 26 to 6, fustled Frostproof 21 to 12, slugged Avon Park 26 to 6, knocked off St. Cloud 24 to 20.

The Kowboys outfit is expected to be accompanied Friday night by Ocala's crack Kowboy band and a girl's precision drill outfit which performs under the name of the Kowbellers.

The Kowboys eleven will be led by quarterback Gary Dymmek, a 165-pounder who is reputed to know his business, and by a 160-pound fullback, Steve Yowell. Dymmek also performs as a defensive linemen while Yowell doubles up as a defensive end.

Athletic Director Fred Gans has announced that kick-off time Friday night at Sanford's Memorial Stadium will be at 8:00, the usual time. The game is expected to attract a capacity crowd to see two of the winning clubs in central Florida in action.

The Kowboys, members of the Ridge Conference for many years, are leaving that loop and will become a member of the Orange-Belt Conference, a circuit Seminoles is departing in order to enter the Metro Conference.

Four More Seminoles

HENRY FINCH

MIKE GLAD

JOHN RAY

JOE FARLESS

Although a senior, Henry Finch played his first season on Seminoles High's varsity this year. A guard and tackle on the defensive headhunter unit, Henry weighs 182. Late reporting to practice, Henry spent long hours getting into shape. His performance in the Apopka affair was his season's highlight. Henry's a tough, quick and excellent tackler. He fractured a leg in the Lakewood contest and missed the DeLand game. Of course, he will also miss Friday's post-season affair with Kissimmee.

A second-year varsity center, Mike Glad has been one of Seminoles' top defensive linemen all season. Weighing 198, Mike reported to practice in August ready for action — as SHS opponents will testify. He is considered the most feared defensive lineman in central Florida. He anchors the headhunter line and is a vicious and sure tackler. Big Mike, as he is affectionately called by teammates, has been offered a full scholarship by Georgia Tech. Other schools are also interested in him. He is not only a good athlete but an excellent student.

A varsity senior, John Ray has performed for Seminoles' headhunter unit as a defensive halfback. Weighing 160, John lettered last season as a varsity manager. Overcoming his lack of experience, John was a pleasant surprise to his coaches this year. He has hustle, plenty of desire and is one of the club's most alert players. His big moment came when he intercepted a Winter Park pass and returned it for a touchdown. John has good speed, good hands, stands six-foot one, and is considered a fine defensive ball player.

One of this area's finest inside linebackers is Seminoles' Joe Farless. He's playing his second varsity year at SHS, is a member of the headhunters, and weighs 170. Joe calls defensive signals and is a master at raddogging and blitzing. The youngster is considered a natural-born football player because he possesses the instinct to do the right thing at the right time, say his coaches. Joe is quick, and perhaps too alert to the dismay of the opposition. Joe will perform for SHS again next season.

Biddy Basketball Season Opens Here

The Sanford Biddy Basketball League opened its 1968-69 season with four games last Saturday at the Seminoles High School Gymnasium.

In the season's initial contest Bill Schmidt hooked up eight field goals and eight free shots for a total of 24 points to pace Strickland-Morrison to a 29 to 26 victory over Robinson-Spears. High man for the Spears was Don Wright with 20 field goals for 50 points. Steve Roberts with six, Phil Lindsey with six and Gordon Bradley with three rounded out the Strickland and Morrison scoring. Andy Rufus and Mike Richard with four points each, closed out Robinson's scoring column.

In the second match, Tommy Danahy with 17 points led Standard Oil to 23 points but they weren't enough to overcome the First Federal five who scored a 24-22 win. Mike Farrell and Randy Brown both posted 16 points for First Federal.

For the Savinogens Ken Alford picked up a basket and Charlan Winkam and Tim Stubbs each cashed in a free throw. Meanwhile, for the Oilers, Glen Robinson sank four field shots for eight points while Richard Ford posted four points. Roy Leahy two

and Dale Farnes one.

WTRR came up with the day's highest score when, paced by Buddy Langston with 14 field goals and eight free shots for a total of 36 points, they posted a 54 to 22 win over Sanford Electric. Eugene Burroughs raked up 11 points and Doug Miller seven for WTRR while Allen Braddock with 11, Ben Zelas with six, Don Coffman with three and Al Grooms with two rounded out the scoring for the Electricians.

In the day's final contest, Day and Night Grill came up with a 44 to 24 victory over Sanford Atlantic National Bank. Bill Bracken with seven field goals and 12 free throws paced the Grillers with 26 points while Ken Hinson, with a half dozen floor baskets and another six free tosses had 18 points. For the Bankers, Mel Morgan led the way with 25 points. Dan Lee had four while Harris and Orner got two apiece and Smith posted one.

Four games are played each Saturday. This week's contests include the following tilts: First Federal vs. Robson's, Day and Night vs. WTRR, Sanford Atlantic National vs. Sanford Electric and Strickland-Morrison vs. Standard Oil.

SEC Basketball Warmup Play Begins Tonight

ATLANTA (UPI) — Southeastern Conference basketball teams tonight begin their annual month-long tussle in preparation for the 1968 league cage campaign, expected to be one of the SEC's best balanced seasons.

There are nine games scheduled for tonight, including a Georgia Tech-Georgia clash here in Atlanta which won't count in the conference standings but will help give a line on the forthcoming race.

Auburn and Florida, both of whom swing into action Tuesday night, are the only SEC teams not playing tonight.

Tonight's card has Delta State at Alabama, Georgia at Georgia Tech, Texas Tech at Kentucky, Loyola of New Orleans at Louisiana State, Louisiana Tech at Mississippi State, Arkansas A&M at Mississippi, Virginia Military at Tennessee, Tulane at Michigan and Vanderbilt at Rice.

The basketball season actually got under way Saturday night when the Kentucky Wildcats, paced by 28-point performances by seniors Cotton Nash and Ted Deeken, beat the University of Virginia 75-61 and Tulane was crushed by Toledo, 96-80.

The showing by Nash, leading scorer in the SEC as a sophomore and a 20.6 man last year, indicates the blond bomber may be set for the sensational season predicted for him. If Nash is hot this season, Kentucky will have a good chance to win its first SEC title in five years and its 21st in 32.

Mississippi State, which has won the SEC championship the last three seasons in a row, is expected to be below par this year because of graduation by four top men.

It's expected that the 1968 SEC race mainly will involve Kentucky, Georgia Tech, Tennessee and Vanderbilt — the four members of the league's northern division.

Mira Likely 49er Choice

CHICAGO (UPI) — The San Francisco Forty Niners get first choice today in the National Football League draft and probably will select Miami quarterback George Mira to open the annual harvest of college talent.

Commissioner Pete Rozelle must supervise four coin tosses to determine the actual order of the draft before San Francisco can make the first dip into the grab bag.

The order of the draft is inverse depending upon the won-lost percentage. Thus San Francisco, with a lowly .167, will get first choice and Philadelphia, with .300, will pick second.

Francis Scott Key, author of the national anthem of the United States, is buried in Frederick, Md.

Booed Parilli Tosses Boston To Victory

By United Press International
Babe Parilli survived a case of "rabbit ears" and now can relax from home-land Boston jays while he tries to steer the Patriots to an Eastern Division title in the American Football League.

Parilli, beset by Beantown taunts of "take him out," quarterbacked two touchdowns drives in the second half against Buffalo Sunday for a 17-7 victory and a first place tie with Houston.

San Diego helped set up the deadlock by clobbering Houston, 27-0, while New York edged in the tight Eastern picture by disposing of Kansas City, 17-0, to move within a half-game of the lead.

Boston plays its "crucial" game against the Oilers in Houston next Sunday and closes out the season at Kansas City on Saturday, Dec. 14.

Parilli connected on a 44-yard scoring pass to halfback Larry Garrison to tie Buffalo at 7-7 in the third period and then put the Patriots ahead by scoring on a two-yard keeper play. Gino Cappelletti added an insurance field goal from the 43-yard line in the fourth quarter.

Starchiefs In League Lead

The Bill Hemphill Motor-ettes' Starchiefs are leading the league and the Tempests are running in second place. Elaine Kostival of the Starchiefs, is the leader with her 199 game this past Tuesday. Joan Magin is second in command, bowling a 197 and Marion Voigt made a 183. More of the tribe rolled high games: Fran Goodman 180; Mabel Duggan 178; Evelyn Mills 178; Gerry Ormsbee 176; Sharon Kee 176; Linda Post 175, and Harriet Gazil 163.

Elaine Kostival made a 241 for high three-game series. There were two other 500 bowlers this day, 316 for Joan Magin and an even 500 for Marion Voigt.

Rose Nye made the 2-10 split and Lis Graham made the 7-10; Evelyn Mills knocked down the 4-5 and 5-6. "Turkeys" were in the line of fire for Evelyn DeMatteo, Mabel Duggan, Betty Richey, Linda Post, Elaine Kostival, Fran Goodman, Marion Voigt and Reg Demman. (Whew!)

The "Car Tournament" for the League starts Dec. 3, continues on Dec. 10 and ends Dec. 17. Progress reports will be posted.

Gator Bowl Bid May Go To Miss. State

By United Press International
Failure to kick a couple of extra points wouldn't appear to be a crucial matter; but it cost the surprising Mississippi State Bulldogs the Southeastern Conference football championship this year. Even so the Bulldogs may win an invitation to play in the Gator Bowl.

It's doubtful that anyone realized how big those misses would become by season's end. One resulted in a tie with Florida, another in a one-point loss to Alabama.

Saturday, underdog Mississippi State battled fourth-ranked Mississippi to a 10-10 tie. For the Rebels it meant a loss of prestige but a second straight SEC crown and a second straight unbeaten season.

That tie and ninth-ranked Auburn's 10-8 upset of seventh-ranked Alabama wore

Alston Given \$50,000 Pact

—Wait Alston was rewarded with a \$50,000 contract today for leading the Los Angeles Dodgers to the world championship and to prove that the club is one big happy family he asked to have all his coaches back, including Leo Durocher.

Alston, signed to a one year contract as has become standard practice with the Dodgers, received an estimated \$7,000 increase for leading the Dodgers to the National League pennant and then to the world championship in four straight games against the New York Yankees.

Signing of the new contract came one day after Alston's 52nd birthday and marked the 11th consecutive season he will manage the Dodgers.

Name Co-Captains
NEW LONDON, Conn. — (UPI) — Center Ron Gipson and guard Andy Horsey have been named co-captains of the 1964 Coast Guard Academy football team. Gipson is a 205-pounder from Galveston, Tex., and Horsey, a 80-pound six-footer from Laurel, Del.

YA, Brown Set Records

By United Press International
Jimmy Brown rode to glory by land and Y. A. Tittle through the air, but rookie Ron VanderKelen scrambled in the Minnesota Vikings' 17-17 tie with the favored Chicago Bears.

In Sunday's other games, the Pittsburgh Steelers and the Philadelphia Eagles battled to a 20-20 tie; the Baltimore Colts trounced the Washington Redskins, 20-20; and the Los Angeles Rams defeated the San Francisco Forty Niners, 21-17.

The Bears, with a record of nine victories, one defeat and two ties, compared to the Green Bay Packers' nine victories, two losses and one tie, now cannot afford another defeat.

All in all, it was a hectic National Football League Sunday that produced two records, two tie games and the further tightening of both conference races.

Brown gained 170 rushing yards in the Dallas Cowboys' 24-10 victory over the St. Louis Cardinals and set a new NFL single-season record of 1,677. He broke his own mark of 1,527 gained in 1958.

Tittle's winning 17-yard touchdown pass to Del Shofner in the New York Giants' 34-27 triumph over the Dallas Cowboys gave him a career record of 197 TD losses, one more than the old mark set by Bobby Layne.

The Cleveland and New York Yanks kept them tied atop the Eastern standings with 9-3 records while St. Louis dropped back to third with 8-4.

Of less permanent significance, but just as heroic among the day's achievements, was the emergency performance of VanderKelen in the Minnesota Vikings' 17-17 tie with the favored Chicago Bears.

About Sports

Thinking Out Loud

BY JULIAN STENSTROM

Monday's Mix

From the top of the stack:

Athletic Director Fred Gans says that Rollins College's Tars will play four cage contests at the Seminoles High gymnasium this season. They'll meet Catawba on Dec. 17, Stetson's Hatters on Jan. 18, Mercer University on Jan. 24, and Florida Presbyterian on Feb. 21. Seminoles fans will get a chance to see some top small college basketball this season.

Gator basketball coach, Norm Sloan, has a seven-man starting unit ready when Florida open its cage season Tuesday night in Gainesville against Florida State. Sloan says he can pick any five out of a hat and go. Now that's something for the books!

By the way, Stetson opens its season tonight in DeLand, playing host to Jacksonville University to kickoff the Florida Inter-Collegiate Conference schedule.

So far we haven't received any reports from Florida's waterfowl hunters who went afield at noon, last Wednesday, opening day of the 1963 duck, goose and coot season. Hunting is permitted every day through Jan. 6, from sunrise to sunset. Hunters are allowed to take a daily bag limit of four ducks, two geese and eight coot. Total possession now is limited to a two-day bag.

Jack Cabler, assistant ornamental horticulturist with the Florida Agricultural Extension Service, reports that at least 50 new golf courses were completed or at least under construction in Florida last year. This, says Cabler, reflects the tremendous growth of the turf industry.

And the Agricultural Extension service says that young people who do well in science courses and who enjoy working with living things and the out-doors could do well to consider a career in conservation. There are also excellent career opportunities in ornamental horticulture. Seminoles Agricultural Agent Cecil Tucker says there is a great demand for conservation specialists and those interested in turf management for golf courses, parks and other recreational facilities. Contact Tucker for further information if you're interested.

You gals who bowl, listen to this: Janet Harman of La Mirada, Calif., set a new Woman's International Bowling Congress record with a three-game series of 792. It's the highest three-game series posted in WIBC's 47-year history. Her scores: 216, 276 and 300. The previous high was 787. How'd you like to hang that on your Christmas tree?

After 40 years of mud—the Land O' Lakes Country Club in Casselberry is getting a new road constructed in front of the clubhouse. This adds greatly to the comfort and convenience of those who use this layout. And, plenty of Seminoles' golfers tour the links daily—and, from what we've observed—in all kinds of weather. By the way, a twilight golf tourney is slated there for tonight.

Aim For 301st

NEW YORK (UPI) — St. John's University varsity basketball team will be aiming for Coach Joe Lapchick's 301st collegiate coaching victory Tuesday night when it meets George Washington University at the St. John's gymnasium. Lapchick is an original Celtic and former coach of the New York Knicks of the National Basketball Association.

LBJ Schedules Series Of Talks With Allies

WASHINGTON (UPI) — President Johnson hopes to emphasize in a series of forthcoming talks with Allied leaders his intention to maintain the deep American commitment to the defense of Western Europe.

Administration officials said today that was one of the principal aims of talks to be held here after Christmas with leaders of three major European Allies, two of whom have assumed office only since October.

The White House announced Sunday that West German Chancellor Ludwig Erhard would meet with the President at Johnson's Texas ranch Dec. 27-28 and British Prime Minister Sir Alec Douglas-Home would come to Washington Feb. 12-13 for a working session.

In between those two conferences, President Antonio Segni of Italy will pay a state visit to Washington Jan. 14-15, returning in principle the call paid him last summer by President Kennedy.

Conspicuously absent from the list of forthcoming visitors was the name of French President Charles de Gaulle.

Muscular Dystrophy Associations of America Inc. give aid and comfort to patients in wheel chairs, while its medical research program seeks to discover a cure making them unnecessary. A contribution to the March for Muscular Dystrophy means renewed hope for more than 200,000 American victims.

ANIMAL SHELTER fund has been enlarged with a check from Gamma Lambda chapter of Beta Sigma Phi. Mrs. Larry L. Mann presents the check to Harold Chapman, Jaycees vice president, while President Jim Smith (left) looks on.

Mrs. Wentworth Joins Husband

Mrs. Alan (Shirley) Wentworth, Herald reporter for the Bear Lake-Forest City area, left today with her two children, Christopher and Dorenda, to join her husband in Danvers, Mass., where he is in business.

Mrs. Wentworth has served as reporter for the South Seminole area for the past two years. Taking over in her place will be Mrs. Robert (Elsie) Kowalski who lives at 3533 Shirley Drive, Bear Lake, with her husband and four children. Mrs. Kowalski may be reached by telephone at TE 8-2175.

Skimmed milk or dry skim milk contains as much protein as whole milk but a glass of skim has 90 calories compared with 165 for whole milk.

Tiger Tales

Happy Holidays! It is the time of the year when most families who are separated feel most strongly their loneliness for loved ones who are not around to share in the holiday festivities. However, it is important that we realize that we live in troubled times, when our country's freedom and world peace are in constant jeopardy. It is only by the sacrifices made by the dedicated men and women of our armed forces and their families, that our freedom and peace can be maintained. So, even though we may not be at your sides eating ham or turkey, we are surely there in our thoughts. We of Heavy Attack One extend to all of our families, loved ones, and friends the VERY HAPPIEST OF THANKSGIVINGS. After leaving Palermo, we sailed out into the majestic blue Mediterranean for more operational training which lasted for five days, after which we anchored in Genoa, Italy. From this beautiful Italian city many of our Tigers went to Munich and Venice on organized tours and, from all accounts, they had a wonderful time. Genoa is one of the liberty ports that is visited on every Med cruise so the people there are very familiar with our Sixth Fleet and are always ready to show them their warmest hospitality. This time was no exception. While in Genoa and in keeping with the policy that "all work and no play makes for dull Tigers" we had another all hands party at one of the finer restaurants in the city. The menu consisted of steaks, french fries, salad, Italian bread, spaghetti and ravioli. There were no calorie counters that I saw and every man enjoyed himself in the finest tradition of the Tigers. Dinner music was provided by the Carrier Division Six band. A special well done to Lt. Ralph Tait and Lt. Jg.

\$10,000 Worth Of Gems Taken From Floridan

FORT LAUDERDALE (UPI) — Two bandits entered a woman's home here Sunday, slugged her with a blackjack and stole \$10,000 worth of jewelry, police said.

The victim, Mrs. Hayne Ellis Jr., was released from a hospital after treatment for bruises.

She said she fell asleep while watching television and was awakened early Sunday by a masked man who said: "Don't scream and we won't hurt you."

Mrs. Ellis said the men took three rings from her fingers and other jewelry from her bedroom.

Sympathizes

LONDON (UPI) — Leonard Barford, who becomes chief British inspector of taxes in February, said today he finds the job "fascinating, but I can sympathize with all of you."

"I dislike paying income tax as much as anyone," he said.

Miss Bridges, Delton James Parker Married At Central Baptist Church

Miss Mary Le Jeanne Bridges, daughter of Mr. and Mrs. C. D. Bridges, became the bride of Delton James Parker, son of Mrs. Sue Jackson of Sanford, in a recent ceremony at the Central Baptist Church, with Rev. Goff Smith, pastor, officiating.

Mrs. R. D. Orsino, organist, presented a program of wedding music and accompanied H. E. McSwain who sang "Because," "I Love You Truly" and "The Lord's Prayer."

The church was decorated with beautiful arrangements of white gladioli and mums, palms and candelabra.

The bride, given in marriage by her father, wore a formal length gown of imported silk organza and chantilly lace. The fitted lace bodice featured a fabric lace edged neckline and long tapered sleeves. The full skirt was lace trimmed and accented with roses of self material.

Her fingertip veil was attached to a princess tear drop crown of rhinestones and pearls and she carried a cascade star shaped bouquet of white Frenched carnations centered with a white orchid.

Maid of honor was Miss Betty Ann Bridges, sister of the bride, and bridesmaids

were the Misses Barbara Moore and Carol Laney. They wore identical gowns of emerald green taffeta and carried cascade bouquets of mums in bronze, gold and yellow respectively.

Glenn Owen was best man and serving as ushers were Fred McSwain and Mack Brown.

Mrs. Bridges chose for her daughter's wedding, a tuxedo suit with brown accessories and a corsage of bronze mums. The groom's mother wore a light blue lace over taffeta, with beige accessories and a corsage of blue mums.

Following the ceremony, a reception was held at the church. The refreshment table was overlaid with a white lace cloth and held a four tiered wedding cake, flanked by tapers in crystal holders. Assisting with the serving were Mrs. E. P. Patterson, Mrs. H. J. Bridges, Miss Alene Moore and Miss Evelyn Howard.

For traveling Mrs. Parker chose a pink wool suit with black accessories and the orchid from her wedding bouquet. The couple has returned from a wedding trip on the East Coast. The bride is living temporarily with her parents while the groom, who is serving in the U. S. Air Force, completes a course at the ATC School at Keesler Field in Biloxi, Miss.

Out of town guests were Mr. and Mrs. R. A. Hodge and Mrs. William Martin, hostesses, served refreshments to the 11 members and six guests present.

MR. AND MRS. DELTON JAMES PARKER

Woman's Club Plans Meeting Wednesday

All departments of the Sanford Woman's Club will hold a joint meeting at the clubhouse this Wednesday. A luncheon will be served at 12 noon with Mrs. William Reynolds, chairman of the Civic Department, and her committee in charge of arrangements.

The Fine Arts Department will present a music program under the direction of Mrs. Guy Bishop.

The Social Department will be in charge of decorations and the American Home Department will provide and trim the Christmas tree.

Members are requested to bring a gift suitable for a child. The gifts will be placed under the tree and later distributed to local needy families for Christmas.

Pilot Club Holds Dinner Meeting

Members of the Pilot Club of Sanford, heard a first hand report on the Pilot Scholarship House, in Tallahassee, when they met at the Civic Center for their monthly meeting and Thanksgiving dinner.

Miss Betty Brandt, one of the girls who resides at the Scholarship House described its furnishings and told of the duties performed by the 22 girls who do all of their cooking and housework. She called it "A home away from home."

This is one of the projects of pilot clubs in District Four.

Mrs. Jack Lambertson gave a talk on the club's finances and conducted a silent auction to add funds to the treasury. Members made written bids on articles which were displayed and a committee checked the bids with the item going to the highest bidder.

Mrs. Lambertson also explained other projects and obligations sponsored locally and through the Pilot International. The main local project of the Sanford club is the milk bank.

It was announced that club members will ring the Salvation Army bell on Dec. 7, will have a car in the Christmas parade and hold their Christmas dinner on Dec. 10.

Hostesses for the Thanksgiving dinner were Mrs. Clay Williams and Mrs. Esther Rive. The tables were decorated with large pine cone turkeys, floral arrangements in orange and brown and bronze candles.

Miss Janet Smith, president, conducted the business session and welcomed several guests. Representing the Anchor Club were Miss Mary Scott, Miss Linda Spencer and Miss Sherry Spinnell. Other guests were Mrs. Lillian MacCouch, Mrs. Madeline Blakely, Mrs. Sophia Stutterheim and Mrs. Clara Putnam, from New Jersey.

ON THE HALF-SHELL. Stuffed acorn squash makes a fast, tasty meal served on a half shell. Wash 4 medium acorn squashes. Halve, remove seeds and stringy portion. Place halves cut side down in a shallow baking pan filled with 1/4 inch of water. Bake 10 minutes in a 350-degree oven. Pour off water. Turn squash cut side up and top with this filling.

Combine 1 pound of ground beef with 1/2 pound of ground lean pork, 3/4 cup of quick or old-fashioned oats, uncooked, 1/4 teaspoon of pepper, 3/4 teaspoon of salt, 1/4 teaspoon of thyme, 1 egg and 1 cup of pineapple juice. Bake at 350 degrees 40 minutes, or until squash is tender.

Bridal Shower Honors Miss Hattaway

By Julia Barlow

A bridal shower given in honor of Miss Frances Hattaway, was held last Thursday at the home of Mrs. J. E. Hilderbran, 103 Crestwood Lane, who was assisted by Mrs. H. R. Hamby.

Party rooms were decorated with pink ribbons and wedding bells. The table, overlaid with a pink linen cloth, held a two-tier crystal candelabra with pink candles, a crystal compote filled with nuts and mints and a silver tray holding petits fours. Mrs. Dan Strickland and Mrs. James Smith presided at the punch bowl.

Guests were greeted at the door by the hostesses. In the receiving line were Miss Hattaway, her mother, Mrs. Tally Hattaway and the groom-elect's mother, Mrs. L. D. Haines. Each wore a pink carnation corsage.

Inviting guests to view the gifts were Mrs. E. M. Steen, Miss Linda Hilderbran and Miss Mary Louise Haines. The bride-elect was presented a silver casserole as a memento of the occasion by the hostesses.

Approximately 40 guests attended. Those from out of town included Mrs. Steve J. Houpt, Mrs. Gar Matthews, Mrs. Thelma Jennings, Mrs. Lex Green Sr. and Mrs. Charlie E. Johns, all of Starke, and Mrs. Michael Pickering of Sanford.

Home Club Presents Program

The Elder Springs Home Demonstration Club met at the Health Center in Sanford with Mrs. Grace Fisher and Mrs. Joyce Crowe, County Health Nurses, as guest speakers.

Mrs. Fisher explained in detail the new Seminole County Home Nursing program. Mrs. Crowe spoke to the group on meal planning and calories.

Miss Myrtle Wilson urged the members to attend the open house on Dec. 6 at the HD Center, on 25th Street. The meeting is also open to the public.

All members have been invited to take an active part in the Glendeville Fire Auxiliary, which meets each second Monday at the home of Mrs. Mona Bridges.

Mrs. Carl Bradbury led the question and answer period on foods entitled "Safe or Sorry." Mrs. Robert Andrews and Mrs. Robert Keeling displayed some Christmas items.

Mrs. Morris Nelson and Mrs. William Martin, hostesses, served refreshments to the 11 members and six guests present.

Peggy Jane Lundquist Honored At Parties

Miss Peggy Jane Lundquist, popular bride-elect of William W. Tyre Jr., has been complimented with a series of parties recently.

First of the gay events was a miscellaneous shower given by Mrs. R. W. Williams in her Park Avenue home. Peggy Jane was presented with a corsage of white carnations, backed with white satin leaves, by her hostess. Bright yellow mums were placed on the mantel, and centering a large table was a miniature china bride and groom with bridesmaids.

Mrs. Joe Alexander was declared winner of high prize after an evening of thought provoking games. Mrs. Williams' gift to the bride-elect was a white ironstone sugar and creamer. While the honoree excitedly opened her gifts, the hostess served butter briclé, nuts and coffee to her guests, assisted by her daughters, Sheralyn, Frances, Sylvia and Deborah.

Sharing the evening with Peggy Jane were Misses Kay Ivey, Niki Ashby, Barbara Bradley, Judy Lavender, Barbara Flynt, and the Misses Ed Barbour, John Ivey, Joe Alexander, Bob Mitchell, Jim Warner, Eugene Kronjaeger, Larry Johnson, Alfred Stanley, Martha Ash-

by, Morris Ferguson, Gordon Bradley, Ernie Morris, Robert Mitchell, G. W. Morgan, W. R. Jennings, Curtis Lavender, Lee Swartz, C. E. Carlton, L. E. Walker, Hazel Flynt, Robert Gonzalez, Ted Williams, M. L. Nichols, W. H. Stewart, Keith Abney, Carlos Raines, Raymond Lundquist and W. W. Tyre Sr.

Luncheon At Ivey Home

Mrs. John Ivey and her daughter Kay entertained the bride-elect in their Elliott Avenue home with a luncheon. The hostesses used pink rosebuds, arranged in antique containers throughout the room and accented the luncheon table laid with cutwork place mats, with a delicate centerpiece of roses in a silver bowl. Conversation piece was the dessert—ice cream in small flower pots with a flower "growing" in the center.

Peggy Jane received a gold butter dish from her hostesses as a lovely reminder of the occasion. Guests invited to be with the honoree were Misses William Vihlen, John Maddox, Ed Barbour, Lee Swartz, Ed Lindsay, Raymond Lundquist and W. W. Tyre Sr.

Miscellaneous Shower

Mrs. Ed Barbour was hostess at a miscellaneous shower for Peggy Jane. The surprise of the evening came when each guest was handed a card and asked to write a

DeBary WSCS Plans Christmas Luncheon

The Women's Society of Christian Service of the DeBary Community Methodist Church will hold the annual Christmas luncheon for members and their guests this Tuesday at 12:30 p.m. in the Social Hall of the church.

Members of the Mary and Naomi Circles will serve as hostesses. The program will consist of a playlet "If I Had Been in Bethlehem" and a reading by Mrs. Charles Creasey entitled "Mary, Mother of Jesus."

Dear Abby: By Abigail Van Buren

DEAR ABBY: Ever since I've been married, on special occasions like Christmas, my anniversary or birthday, my husband gives me presents I can't brag about. What I mean is, I am glad to get a new refrigerator or stove or washing machine, but do you think household appliances can be considered "gifts"? Please don't think I am unappreciative, but just once I wish my husband would give me some luxury item on a special occasion.

CHEATED
DEAR CHEATED: Send me your name and address and I'll tip him off. But don't blame me if you get a dozen red roses for Christmas instead of an electric blanket.

DEAR ABBY: Here is the story: A college man invited his mother to parents' week-end. She drove over 300 miles and arrived Friday afternoon. Her son spent one hour with her,

then disappeared with her car for the rest of the day and that entire evening. Saturday morning he spent another hour with her, and then took off again in her car for the rest of that day and evening. In the meantime, the mother wandered around the campus alone, trying to follow the program planned for the parents. Everywhere she saw college students with their parents. Was she justified in going to his dormitory, using her duplicate car keys and leaving early Sunday morning without bidding her son goodbye? She left word at the house where she stayed that she had gone home.

HIS MOTHER
DEAR MOTHER: In a word, yes.

DEAR ABBY: I was engaged to a boy and I caught him stepping out with my best friend, so I broke it off. I missed him something terrible, and he begged me to take him back, so I did.

Well, he stepped out on me again with another girl. We were supposed to get married this summer. He said maybe we should wait a while because he thinks there is still some wild life left in him. He is 23 and I am 20. What should I do?
MIXED UP

DEAR MIXED: Believe him. He is trying to tell you that he isn't ready to settle down.

CONFIDENTIAL TO MN: It's a switch when an eight-year-old tells his parents what to do—and he could use one.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Jacoby On Bridge By Oswald Jacoby

South managed to go down four tricks at his three spade doubled contract. He probably could have saved a trick in the play, but the discussion that followed did not concern itself with that. North seemed to think that out's two spade bid was inexcusably bad and said so in some rather pointed language.

South did not really defend his two spade bid except to point out that it had told North what to lead against West's three club contract and that spade lead would leave West somewhere between a rock and a hard place when it came to making three clubs. Furthermore South felt that the only excuse North had for going to three spades was that North wanted to make his opponents happy.

The matter was referred to me as an arbiter and it seems

worthy of comment in this column.

When someone goes down 1100 the chances are that both partners overbid. This was true here. South took his

life in his hands when he bid two spades, but as South pointed out, his bid worked! No one doubled two spades. Instead West went to three clubs and North could have passed, led a spade and set the hand one or maybe two tricks.

How about North? His takeout double was all right, but when South could not bid over East's one heart North had no excuse for any further bid. Not only was South marked with a bad hand, but in addition East's one heart bid had reduced the value of North's queen of hearts from two points to zero and without those two points North did not have a takeout double.

So there was no excuse for North's three spade bid and the loss was due entirely to him.

We The Women: By Ruth Millett

If men are so much smarter or than women why is it that when a man misplaces something, either at home or at the office, he invariably calls on a woman to find it for him?

That men are always asking women such questions as, "What kind of flower is that?" and "What's the name of that couple over there?" I never can seem to remember it!

That when a man has something important to remember he always tells his wife or his secretary, "Be sure to remind me to do such and such?"

That a man will drive miles out of his way when he is lost unless a woman insists that he stop and ask directions?

That a man will say, "I didn't notice anything was wrong," when a woman always catches the undercurrents when there is tension in the air?

That a man can spend an evening in someone's living room and not even notice what it looks like while a woman can glance at a room

Highlights TV Time Previews

7:30-9:30 p. m. (NBC) Monday Night at the Movies. "House of Numbers." Jack Palance stars in a dual role in this picture filmed almost entirely behind the grim walls of San Quentin prison. Jack plays a convicted murderer and his respectable look-alike brother. Aided by his wife, played by Barbara Lang, the convict uses his resemblance to his brother to break out. The escape isn't successful, and he has to contend with a blackmaling guard.

8:30-10 p. m. (ABC) Wagon Train. "The Sandra Cummings Story." Rhonda Fleming is such a beautiful woman it's hard to accept her as the mother of beautiful-in-her-own-right Cynthia Pepper in this western song opera. Regular Robert Fuller's mean performance is another saving grace.

9:30-10 p. m. (CBS) The Danny Thomas Show. Very enjoyable. Danny Williams (Danny Thomas) is in a spot when wife Kathy's Aunt Molly (Barbara Mullen) makes a surprise visit from Ireland with her four sons and calmly insists they should get a singing debut in Charley Halper's night club. Danny can't talk her out of it, so Charley posts a cop at the door to keep them out. But they get to sing because the cop just happens to be a fraternal Irishman. And the staging is mighty good because the four sons are really the Clancy Brothers and Tom Mckenna, whom you've heard on many recordings.

9:30-10 p. m. (CBS) The Andy Griffith Show. The laughs start in the first scene here and there's hardly a moment when you won't be chuckling. Deputy Barney (Don Knotts) is caught cooking in his room and evicted by the stern landlady. He sets up a temporary home in a back room of Sheriff Andy's (Andy Griffith) office but it looks like he'll make it a permanent pad, cooking and all. Andy is not too pleased about the situation and tries to get the landlady to relent. Trouble is she's already taken in a new boarder.

Goldwater Backers Still Undaunted

WASHINGTON (UPI) — The Goldwater for president camp is shuffling off chips that its candidate has been badly hurt by political odds caused by the death of President Kennedy.

It is preparing to drive ahead even though its candidate, Sen. Barry Goldwater of Arizona, has shied away from any comment of a political nature since President Johnson re-elected Kennedy in the White House. Goldwater has not de-

clared himself a candidate for the Republican presidential nomination.

Goldwater backers answer questions as to whether their candidate has been weakened with arguments of their own, such as:

—He still has far more national convention delegates in sight than any potential rival.

—Goldwater has a large corps of dedicated followers ready to ring doorbells and raise money with more zeal than any campaign organizations which might be built for other possible candidates.

—Although Gov. Nelson A. Rockefeller of New York is an announced contender, the opposition to Goldwater still has not agreed on a candidate.

Assuming that Johnson will be the 1964 Democratic nominee the Goldwater partisans are ready to admit that they are playing in a new ball game but they are not ready to abandon their chosen captain.

Phil Baker Of Quiz Fame Dies

COPENHAGEN, Denmark (UPI) — American comedian Phil Baker, whose phrase "ain't my fault" was a staple of his act, died here today of a heart attack.

Baker, who had been ill for several months, moved to Denmark with his Danish wife, Ingrid, following his retirement in 1955. He returned here three weeks ago after a vacation on the Mediterranean island of Majorca.

It's A Hail Of A Note At Convent

JOHANNESBURG, South Africa (UPI) — Residents of Johannesburg, a mining town 14 miles east of here, have no fear of hailstones. They say the bells of a local convent, St. Dominic's drive the hail away.

A spokesman for the convent said: "Whenever a hail-storm starts we toll the bells, and the hail stops."

The convent's three bells were cast in Germany 46 years ago.

The Reverend Mother commented: "They were blessed for protection against storms, but perhaps the vibrations from the bells may have something to do with the dispersal of hail. The point is that it works."

A spokesman of the Meteorological Office said: "As a scientist I can think of no physical reason why ringing a bell should disperse hail."

Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT OF AND FOR SEMINOLE COUNTY, FLORIDA. CHANCERY NO. 12000 UNITED MORTGAGES SERVING CORP. Plaintiff vs. ROBERT A. MAXWELL, et al. Defendant.

NOTICE IS HEREBY GIVEN that on the 27th day of December, 1962 at 11 A. M. at the main door of the Court House of Seminole County, at Sanford, Florida, the undersigned Clerk will offer for sale to the highest and best bidder for cash the following described real property:

City Agrees To Discussions On Marina

City Commission agreed Monday evening to enter negotiations with a group of Sanford businessmen for the construction of a marina on the lakefront at an estimated cost of \$150,000.

James Graham Chapman, spokesman for the group, outlined tentative plans to the Commission and requested a 30-year lease on the city's boat basin. Commission members expressed need for a marina but instructed Chapman to return with more detailed plans before the City would enter into negotiations for such a long-term lease.

Chapman said the group plans to proceed step-by-step in the program, commencing with a small start and eventually having slips for 165 boats, along with side slips and space for a restaurant, toilets, gas and other services.

He indicated the ultimate plans call for construction of another dike to the west of the "band shell" pier. Commission instructed City Attorney William Hutchison and City Manager W. E. Knowles to work with Chapman and his group in shaping up plans for final negotiations.

In other action, the Commission: Heard Gen. H. Spear Jr. plead for mitigation of parking meters; State House representative request for a complete utility agreement for the reconstruction of 25th Street; took under a vote to name the public library in the old post-office building the "Cordell Memorial Library"; directed Hutchison to draft an ordinance for annexation of commercial property at the southwest corner of 27th Street and Sanford Avenue.

Tabled a request by the Jaycees to provide a site for an animal shelter and to name a Commissioner to work with the Jaycees pending further information; passed a request by the federal government to purchase the vacant lot adjacent to the old post-office building future bidding; directed Finance Director Henry Tamm to draft a plan for equalizing the value of vacant lands.

Tabled a request by the Jaycees to provide a site for an animal shelter and to name a Commissioner to work with the Jaycees pending further information; passed a request by the federal government to purchase the vacant lot adjacent to the old post-office building future bidding; directed Finance Director Henry Tamm to draft a plan for equalizing the value of vacant lands.

Tabled a request by the Jaycees to provide a site for an animal shelter and to name a Commissioner to work with the Jaycees pending further information; passed a request by the federal government to purchase the vacant lot adjacent to the old post-office building future bidding; directed Finance Director Henry Tamm to draft a plan for equalizing the value of vacant lands.

Anstey Elected Mayor Of Casselberry

Owen Anstey, newcomer to the political scene in Casselberry, Monday was elected mayor of the town topping his closest opponent, Robn Lady, by a total of 104 votes.

Commission instructed City Attorney William Hutchison and City Manager W. E. Knowles to work with Chapman and his group in shaping up plans for final negotiations.

Tabled a request by the Jaycees to provide a site for an animal shelter and to name a Commissioner to work with the Jaycees pending further information; passed a request by the federal government to purchase the vacant lot adjacent to the old post-office building future bidding; directed Finance Director Henry Tamm to draft a plan for equalizing the value of vacant lands.

Bulletin

WASHINGTON (UPI) — Five unions involved in the railroad work rules dispute announced today they would file suit this week challenging the decision of an arbitration board that would eliminate thousands of rail jobs.

news... BRIEFS

19 Named TALLAHASSEE (UPI) — Sitting as the state school board, the cabinet today named 19 members to the legislative created school teachers professional practices act.

UF Conference GAINESVILLE (UPI) — The University of Florida will open its 14th annual Conference on the Caribbean Wednesday with a lecture by Carlos Contreras, a Mexico City architect.

Agent Rewarded WASHINGTON (UPI) — Treasury Secretary Douglas Dillon presented a citation for exceptional bravery today to Clinton J. Hill, Mrs. John F. Kennedy's No. 1 Secret Service agent.

UN Compromise UNITED NATIONS, N. Y. (UPI) — Members of the Security Council worked today on a Scandinavian compromise proposal calling for a strategic embargo to force South Africa to end its racial segregation policy.

Governors Stalled MIAMI BEACH (UPI) — Nine leaders of the national governors conference, stalled on the question of civil rights, flew to Washington today for a (1 p. m. EST) luncheon conference with President Johnson.

Powers Granted VATICAN CITY (UPI) — Pope Paul VI, in a historic document read to the Vatican Council, today granted bishops sweeping new powers dealing with such varied subjects as outdoor Masses and marriages between Roman Catholics and non-Roman Catholics.

Seek Clemency TALLAHASSEE (UPI) — Two Tallahassee Negroes, Dan Williams, 18, and Tommie Lee Williams, 17, sentenced to die for the murder of an elderly merchant, head a list of 14 persons seeking clemency from the state pardon board at its quarterly meeting here Dec. 11.

Parade Line Of March Line of march for the Christmas parade Wednesday at 3:30 begins at First Street and Sanford Avenue. The units will move down First to Oak Avenue, south on Oak to Fourth Street, east on Fourth to Sanford Avenue and up east Second Street to the Elks Club. Bands will be funneled into the parade at intervals. All units are requested not to disperse until they have reached the Elks Club.

City Rejects Building Plan Tentative design for the main building of the City's proposed \$800,000 water works plant was rejected by the City Commission Monday evening.

SANTAY HELPER SAYS 18 SHOPPING DAYS TO CHRISTMAS SHOP FOR GIFTS IN OUR AD PAGES

TALLAHASSEE (UPI) — An engineering study for the St. Johns-Indian River Canal. The money will be repaid over a maximum period of 20 years at the rate of at least \$2,000 a year. It is to be repaid out of an authorized levy of \$2,500 a year against each of the four counties in the district: Seminole, Brevard, Volusia and Orange.

SANTA CLAUS is coming to town, jolly and furry old man! He will be riding on the Jaycee float in the Christmas parade Wednesday afternoon. This busy old—and perennially young—man is taking time off from his workshop at the North Pole to fly down to Sanford to check on all little boys and girls. (House of Rahija Photo)

House Will Try For Rights Bill Passage

WASHINGTON (UPI) — Speaker John W. McCormack announced today that an effort will be launched Monday to pry the civil rights bill out of the House Rules Committee and bring it to a vote on the floor.

McCormack said following a meeting of Democratic congressional leaders with President Johnson that "as far as the leadership of the House is concerned every effort will be made" to force the measure out of the committee. Rules Chairman Howard W. Smith, D-Va., has made it clear he will try to keep it bottled up.

Talking with newsmen at the White House, the speaker said a petition to discharge the bill from the Rules unit would be filed Monday by Chairman Emanuel Celler, D-N. Y., of the House Judiciary Committee. Celler's group has approved the legislation but Smith's committee, which filters legislation to the floor, has taken no action on it. (Earlier story on Page 2.)

Oviedo Council Approves Work On City Hall

By Bernice Kelsey A number of bids for the remodeling and refurnishing of the office of Oviedo City Clerk Dot Courier were awarded at Monday night's monthly session of the city council.

Council voted to lower and install a luminous-type ceiling in the office. Jack Bratton Electrical Company will do the work. Low bids were accepted from Oviedo TV to install a new and larger air-conditioning and heating unit and from Sweetney's of Sanford for new office furnishings.

Other improvements will include a built-in work unit in the office to be installed by Paul Campbell of Oviedo. An electrical outlet on the exterior of the City Hall building also will be installed for use upon special and holiday occasions when outside lighting is needed.

In other business, council authorized payment of \$500 to the county for maintenance work at the city garbage and dump yard.

Mayor Unable To Attend By Mona Grinstead North Orlando Mayor W. W. Anderson announced this morning that he will be unable to attend today's 7:30 p. m. regular session of the Village Council due to an important previous commitment.

Spokesmen for the district said they were quite confident the proposed canal from Sanford to the Maytown area will be built and said there was a chance the loan could be repaid from construction funds and over a 10-year rather than 20-year period.

They said in the first three or four years, the district probably will need most of the \$10,000 a year in the authorized levy for operations. But thereafter, they said, they might be able to let the entire \$10,000 a year go to repay the loan.

Atty. Gen. Richard Ervin told the delegation of legislators and representatives of the district that the trustees would insist that the loan be repaid and at the earliest possible time.

The trustees action followed a recommendation earlier today from the State Board of Conservation that the loan be made. It also had the backing of the State Canal Authority.

A delegation headed by State Sens. Bernard Parrish, Titusville, and Mack Cleveland, Sanford, urged the Cabinet to make the money available to the survey of the proposed waterway project.

The proposed canal would join the St. Johns River near Lake Harney and cut to the intra-coastal waterway near Maytown.

Parrish said all owners of property across which the canal right-of-way would run wanted to donate the necessary land to the state. He said the canal would require about 800 acres of land. He said the land should be acquired as soon as possible since property values in the area were rising.

Cleveland told the Cabinet that the legislative delegations in all of the southern counties interested in the canal had thrown their support to the project.

Gov. Farris Bryant said the Cabinet wanted to be certain that property owners in the area were actually interested in giving land to the state.

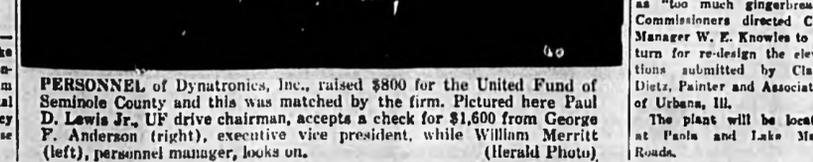

The engineering study would set right-of-way for the canal, designed to provide for shipment of materials directly from the proposed cross-state barge canal to the nation's missile test center without the now-necessary trip up the St. Johns River through Jacksonville.

CHAIRMAN VERIFIES CANAL ALLOCATION John Krider, chairman of the St. Johns-Indian River Canal District and manager of the Chamber of Commerce, telephoned The Sanford Herald this morning from Tallahassee verifying the above United Press report and adding that the members of the Board of Conservation also met later in the morning as the trustees of the Internal Improvement Fund and gave further approval of the \$10,000 loan for preliminary engineering and survey design to establish the permanent alignment for the waterway.

Krider added that Norman Lund, a broker representing the property owners, told the board members that 90 percent of the property owners approved and that "all right of way will be provided to the state free-of-charge." This represents approximately 800 acres.

"This is the biggest step," Krider told The Herald, "that we've made so far in this effort to make the 100-year-old dream become a reality." (The State Legislature at one time appropriated funds for construction of the canal but the action "died" with the advent of the Civil War.)

Krider previously had stated that with this allocation approved engineers would commence immediately to align the canal right-of-way and acquire property preparatory to commencement of actual construction of the \$11 million waterway which is expected to attract a greatly increased pleasure and commercial water traffic.

PERSONNEL of Dynatronics, Inc., raised \$800 for the United Fund of Seminole County and this was matched by the firm. Pictured here Paul D. Lewis Jr., UF drive chairman, accepts a check for \$1,600 from George F. Anderson (right), executive vice president, while William Merritt (left), personnel manager, looks on. (Herald Photo)

Meeting Called TALLAHASSEE (UPI) — Rep. Wetborn Daniel of Lake today called an organizational meeting of the interim committee on governmental reorganization and efficiency for Dec. 10 in the House speaker's conference room.
