

Fed Eleven Meets DeLand In Postponed Tilt Tonight

Locals To Seek Let Win With Revamped Team

A revamped county Fed eleven team will meet DeLand tonight in a light but speedy DeLand tilt in a contest that was postponed from Friday night because of the wet field. The start-up will be at 8:00 o'clock.

The county Fed eleven will go into the game with a drastically revamped lineup from that used in the first three games of this season which were successive losses.

Coach Leonard L. McCune announced the following men would take the field at the opening of the game: Leavitt, left end; M. Smith, left tackle; Ward, left guard; Blaser, center; Stansfield, right guard; Tommy Smith, right tackle; and L. M. Tafford, right end. The backfield will lineup in the following: Berkwith, quarterback; Dymon, left half; Page, right half; and Angelo, full back. The combination is much lighter than the former first string but the same line. It is much lighter and inasmuch as the DeLand eleven is also light this should not work too much against the county team.

It is believed by the lighter team that they will give a good account of themselves. The tackle also is considerably lighter and faster than the former team.

McArthur plans to use the same lineup named to take the field Friday which will include Richard Smith, center; Cliff Jones at left flank; Larry Owens and Robert Spink, tackles; C. J. Harlow and Carroll Green, guards; Stanley Arnold, center and a backfield composed of Bill Carr, Walter Stewart, Paul Winburn and Tom Thompson.

While both outfits boast a rivalry of long standing, evidence of tonight's game will be a light one for the season is given the fact that the team is given the opportunity for their first game of the season.

DeLand has three wide margins in the opening half, falling victim to the county team.

Stetson Focuses Attention On Erskine Battle

DELAND, Oct. 23.—The attention of the Stetson Hatters today will be focused in the direction of Erskine Hatters, second of four South Carolina foes on the Hatters' schedule, who will be met here on Hulley Field next Friday night.

The Hatters came through their 18-12 deadlock with Presbyterian in better shape than any other of the three preceding scraps this season. No series was recorded excepting a few extra knees, most of which were credited to the excellent blocking of Presbyterian's outstanding fullback, 190-pound Gene Moore, who was the spearhead of the Blue Hose attack.

While not wholly pleased with the work of the Hatters because of the almost disastrous first half in which better-fingered fumbles and a weakness on pass defense figured prominently in Presbyterian scoring, Head Coach Eddy Cowell nevertheless had little but praise for the fine performance turned in by the Hatters during the second half when the green and white warriors returned to the playing field a rejuvenated eleven.

Excepting that first half, Cowell and Line Coach Ben-Glenn were both optimistic at the improvement shown by the Hatters in virtually every department.

Said Cowell, "We haven't reached our peak, yet, but we're coming along. We have a lot of sophomores who are looking better every game. The starting lineup Friday night included but three seniors and only five men with pre-varsity experience."

Cowell was especially pleased with the fine work of Russell Darr at fullback and diminutive Bennie Smith at quarter, both of whom played the entire 60 minutes without relief. Ralph Brant, 206-pound junior college transfer playing his first year with the varsity, likewise turned in a 60-minute game at tackle.

This week, little change is expected to be made in the starting eleven. Walter McDonell, held out of Friday night's clash because of a severe charley horse from which he has not fully recovered, is expected to be ready to take over the quarter duties Friday night.

The Hatters will be occupied mainly in scrimmages against the freshmen, with rough work eliminated from the menu Thursday.

Team No. 4 Ties Team No. 6 For First Place In Tournament Of Bowling Club

With only two more weeks remaining in the first tournament conducted by The Sanford Bowling Club, Team No. 4 seems to be the only team able to give Team No. 6 a fight for first place. By taking three straight wins from Team No. 2 while team No. 6 was losing two and winning one, Team No. 4 pulled up to tie with team No. 6 which is leading in total pins with 7008 to 6870 for team No. 4.

"King Fish" Priddy continues to lead by rolling up a total of 560 for an average of 189.2 for three games.

Tournament games are rolled three nights weekly on Tuesday, Wednesday and Thursday. Visitors are always welcomed in witness any of these matches at the Sanford Bowling Club over Kents Garage starting at 8:00 o'clock.

Team	No.	Pins	Average
1	1	6870	189.2
2	2	6870	189.2
3	3	6870	189.2
4	4	7008	193.6
5	5	7008	193.6
6	6	7008	193.6

WAR SETTLEMENT ASKED

DALLAS, Texas, Oct. 23.—(AP)—President Paul H. King of Detroit opened the national convention of the Society for Crippled Children yesterday with an appeal to belligerent countries in Europe to seek a peaceful settlement of the war.

The population of Africa is estimated at 125,000,000.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to loosen germ laden phlegm, increase secretion and aid nature in coughing and lead to relief, inflammation, bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly alleviates the cough or you are to have your money back.

Here's one that usually fills all three requirements when the easy directions are followed. It's an all-vegetable product whose principal ingredient has medical recognition as an "intestinal tonic-laxative."

This ingredient is called BLACK-DRAUGHT to impart tone to lax bowel muscles. And it is the main reason for the punctual, thorough relief from constipation that most often follows next morning after you take a BLACK-DRAUGHT. The millions of packages used prove its merit. 25 to 40 doses. 25c.

will be closed to the taking of game birds, game animals and fur-bearing animals.

Beginning at the intersection of the South shore of Lake Monroe with the North shore of Lake Monroe, thence Northwesterly along the highway line of the St. Johns River to the South shore of Lake Monroe; thence Westerly along the South shore of Lake Monroe to the line of the City limits of the City of Sanford, Florida.

I. N. KENNEDY, Executive Secretary.

BIBLE VERSE FOR TODAY

PAUL FIRST THOUGHT THROUGH HIS AMAZING EXPERIENCE AND HIS MESSAGE! Neither went I up to Jerusalem to them which were apostles before me; but I went into Arabia, and returned again unto Damascus—Galatians 1:17.

KNOTS

(From The Christian Science Monitor)

I knew a girl and a slight thing she was. She had grown up by the side of the water. She couldn't stay indoors, she loved ships and sailors.

I scarce know the names of the knots she could tie. But proud I should be if, without slip or trouble, I knew how to tie a clove hitch on a hight.

Or a Staffordshire knot or a becket-end double. Or with all fingers steady, without a knot or a hitch, a hawser-head, Turk's-head, or chain-knot with toggle.

If you can tie well any knot which will hold, you may think these useless, absurd, only trifling: Spanish windlass, sheepshank and overhead knot.

The reefing-line knot, Flemish knot and hitch, reefing knot, the mother of lutes knot, I think when it's raining. And they must stay indoors she knows for heart's-easing.

The sprit-sail-knot, the cat's paw, the bale sling, The carrick-head, harness-hitch and the round seizing. With fingers so nimble, she need be no talker.

They are cheered with the knots which she calls Matthew Walker. O I know a girl and a slight thing she was. She had grown up by the side of the water. And proud should I be if I had half the knowledge.

Of reefing and of knots the sailors had taught her. —MARJORIE KNAPP

Phil Harvey of the Tampa Tribune doubts if Col. Lindbergh would favor a fellow who kidnaps little countries.

Mrs. Franklin D. Roosevelt seems to agree with the opinion that Lindbergh is sympathetic with Nazi ideals.

The Sanford Herald is publishing an unusually interesting special edition next Monday. You will want to send extra copies of it to your friends in the North.

Business is better in Sanford this Fall than it was last year. How do we know? A fellow came in and paid his bill the other day who doesn't usually pay until the tenth of March.

If the government is sincere in really wanting to take the profit out of war, it should pass a law prohibiting American tourists who had planned to go to Europe this winter from coming to Florida instead.

Because of the food shortage in Germany, France and England, not to mention more populous parts of the globe such as China, the United States government has decided to continue its crop reduction program.

The Seizure Of An American Ship

Though the seizure of a United States ship is naturally the occasion of startling headlines throughout this country, and calls for further investigation by our government, the capture of the "City of Flint" by a German cruiser and its internment in a Russian port should cause no particular excitement over here.

It should be remembered that this American freighter was carrying a cargo of tractors, grain, fruit, leather and wax, a large part of which at least was contraband of war, and was bound for a port in England which is at war with Germany. The Germans in intercepting the "City of Flint" were doing exactly what we, the British, or any other nation would have done under similar circumstances.

Suppose the "City of Flint" had been bound for Bremen, Germany, with exactly the same cargo, instead of Liverpool, England. Would the British have allowed it to pass through their blockade unmolested? They would not. They would have seized it and taken it to a British port. The Germans took it to a neutral port because they could not safely reach a German port with it.

The situation illustrates how difficult it is to avoid such embarrassing incidents whenever a large part of the world is at war. This particular case might have been avoided by the earlier passage of the Neutrality Act amendments barring our ships from danger zones, but nothing can prevent other incidents from occurring which may similarly embarrass our neutrality.

The important thing to remember is that when a free-for-all dog fight is going on, anybody in the immediate vicinity is likely to be bitten, and in a world as small as ours, with nations as large and powerful as the British, German, and French empires at war, it is absolutely impossible for any country as important as our own to avoid entirely the immediate vicinity.

Our interests are bound to be trampled on first by one side and then by the other. There is no reason for us to get excited about it when it happens. It has happened in every major war that has occurred anywhere in the world since this country became a nation. It will happen more than ever in the future since time and space have been annihilated by airplanes and radio.

We must expect our ships to be sunk, and our commerce to be raided. We must expect our nationals to be insulted and their rights to be violated. We should accept all these things as a matter of course as a natural concomitant of large scale warfare. There is no reason at all for us to get excited about it.

England is in a life and death struggle for her very existence. She is trying to blockade Germany and starve her enemies into submission. Germany too is on the spot and fighting for life. She is resorting to every means available to her to break the British blockade and turn the tables on her enemies by starving out the British.

If some of our ships are captured, or sunk, by either side in the process of this life and death struggle, who are we to kick? We would certainly do the same thing under the same circumstances. So would anybody else. This is war and no warship captain is going to take the time to count the contraband of war to see if it is 51 percent of the cargo instead of only 50 percent, in order to make sure he is within international law before seizing it.

If the United States gets into this war, it should be for some far more substantial reason than the sinking of the Lusitania, propaganda stories about German atrocities, or to make the world safe for Wall Street bankers. Our part of the war, if we have any part, should be based upon our national concept of law and order, religious freedom, and the future peace and security of ourselves as well as the whole world.

Hallowe'en Grows Up

Since Hallowe'en has "grown up," police chiefs write "No deprecations" and "No property damage" on their records with amazing frequency following the night's celebrations. Even graced trolley tracks, flat tires, and shattered street lamps, faint echoes from the "good old days" are on the way out. But don't imagine, asserts an article in the current Rotarian Magazine, that modern youngsters have less rascality in them than on Hallowe'en nights of yore. It is rather that these energies are being better directed.

The boisterous old spirit is still there, but Rotary Clubs and other groups of grown-ups have led it into ball parks, armories, coliseums, and moving-picture theaters to release it there in real sport that spares persons and property. The police like the idea. So do the householders. But best of all, the kids like it," the article assures us.

Hallowe'en-night programs differ from town to town, but here are some typical examples from "no damage" cities. In North Chicago, Ill., the Rotarians take over the city auditorium and in the basement they stage more than a dozen boxing matches, while on the floor above a dance and informal games are in progress.

At Calexico, Calif., a service club stages a "mirth-quake." It consists of a costume parade, field contests, and free tickets to a theater. Sheridan, Wyo., reverses the order, starting their affair with an afternoon movie and ending up with refreshments in the evening. Civic organizations co-operate. In Cheboygan, Mich., the mischief makers are kept within bounds with a fast-moving program which includes a parade, a bonfire, a pie-eating contest, and a dance.

And so it goes. There's just as much energy used, just as much noise made, and just as many spoofs haunting the streets, but no one gets hurt, the front gate is safe, and everybody has a lot of fun.

RAILWAY INCOME UP... CHICAGO, Oct. 24.—(AP)—The Illinois Central System yesterday reported net railway operating income for September totaled \$2,729,581, an increase of \$711,447, compared with the corresponding month in 1938.

VOTE ON MILLAGE... TAMPA, Oct. 24.—(AP)—Residents of School District No. 4 will go to the polls today to set the district tax millage for school purposes and to elect three school trustees from among nine candidates.

Advisory Council For Unemployment Division Meets

TALLAHASSEE, Oct. 21.—The first meeting of the Advisory Council of the Unemployment Compensation Division, recently appointed by the Florida Industrial Commission, was held yesterday in Tallahassee. Harold C. Wall, chairman of the commission, called the meeting to order and introduced Leo H. Hill, a member of the commission. Robert W. Davis, director of the Workmen's Compensation Division, Pons A. Hathaway, director of the State Employment Service, Fred B. Bradshaw, director of the Unemployment Compensation Division, Judge John P. Mack, chief legal counsel for the commission, and A. P. Smith, chief of the research and statistics department of the commission, were also present.

Floridians Hope Plants Won't Be Killed By Frost

WORLD'S FAIR, N. Y., Oct. 21.—Windy winds are beginning to blow across the Florida Meadows and the landscape engineers in charge of the tropical plantings in the exotic gardens of the Florida State Exhibit, here at the World's Fair, are hoping against hope that the palms, orange trees, grapefruit trees and other exotic trees, plants, vines and shrubs will remain untouched by frost till after the close of the big show at midnight, Oct. 31.

Many of the larger plants will go to various public institutions having glass covered conservatories large enough to house them. The fish-tail palms will be housed in the elephant house, the bird house and the monkey house at the Central Park Zoo. Other rare plants will be sent to the Staten Island Zoo as well as to the Brooklyn Botanical Gardens and to the conservatory at Ellis Island.

WPA Spends Large Sums On Airports, Landing Fields

JACKSONVILLE, Oct. 21.—With emphasis being placed on WPA projects that have a direct, or potential, significance in the military background of the nation it is interesting to know that in Florida WPA had expended \$3,522,320 in airport and landing field projects at the end of the fiscal year, June 30; with an additional \$1,121,049 approved for the fiscal year ending Sept. 30. Since that date and several hundred thousand dollars represented in such projects now in the making.

WPA Spends Large Sums On Airports, Landing Fields

This sum," pointed out Colonel Harrington, "represents one-third of the total amount which has been spent on all airport developments from 1911 to the present date. Throughout the nation WPA workers have constructed 150 new airports and made extensive improvements to some 600 others. "The airport program is in a position of high priority in WPA, and the workers who have done the actual physical labor on the airport projects are entitled to be proud of their contribution to the national progress."

WPA Spends Large Sums On Airports, Landing Fields

The 100 or more Floridians making up the personnel of the Florida State Exhibit, are beginning to feel the chill winds that blow over the fair grounds and are anxious to go home. Most of them will leave immediately after the formal closing of the fair but a number will be required to stay for a week or 10 days storing the exhibits which will be left for the 1940 fair, and otherwise making the Florida building safe for the winter.

Florida area has escaped damage. The 100 or more Floridians making up the personnel of the Florida State Exhibit, are beginning to feel the chill winds that blow over the fair grounds and are anxious to go home. Most of them will leave immediately after the formal closing of the fair but a number will be required to stay for a week or 10 days storing the exhibits which will be left for the 1940 fair, and otherwise making the Florida building safe for the winter.

Personals

Mrs. Eric Nordgren is spending the day in Orlando.

Waldo Ahlrich of Abey, N. H. has arrived in Sanford to spend the winter at 1814 East Second Street in Mayfair.

Mrs. Ralph Myrick has returned from St. Petersburg where she spent the week-end with her husband.

Danny Callahan has returned from the Fernak-Laughton Memorial Hospital to his home where he is convalescing.

Braxton Huxley of Stetson University in Deland was the week-end guest of his grandparents, Mr. and Mrs. L. G. Grew.

Mrs. Edith Ringling of Sarasota arrived yesterday to spend a short visit with Mrs. John M. Kelley at her home on Twin Lakes.

Mrs. Kate Warren returned today from Perry where she has visited for several days with her mother, Mrs. J. F. Jennings, who is ill.

Mrs. Jack Fitzgerald of Uduy City arrived Sunday to visit Mr. and Mrs. Morton Higgins. Mrs. Fitzgerald is the former Miss Bonnie Dean of Lakeland.

Friends of Olive Anne Adams will be glad to learn that she was moved yesterday from the Fernak-Laughton Memorial Hospital to the home of her grandparents, Mr. and Mrs. R. A. Newman, and is convalescing nicely.

Mr. and Mrs. G. W. Spencer returned Sunday from Lakeland where Mrs. Spencer visited Mr. and Mrs. Grady Dean and Mr. and Mrs. W. H. Prichard for the past two weeks and Mr. Spencer spent the week-end and accompanied his wife home.

Mrs. D. E. Wright and son, Edward, of Milledgeville, Ga., have been the guests of Mrs. Wright's sister, Mrs. Charles Smith, for the past few days. Mrs. Wright will remain for some time but Edward plans to return to Milledgeville today.

Louis McCuller, Jr., formerly of Sanford, has been elected to the honorary military fraternity, Scabbard and Blade, and also has been elected to serve as the clerk of the honor court at the University of Florida at Gaines.

Hitler Reported Sounding Opinion For Big Offensive

Hitler decided to carry a full-scale offensive against the Allies, it was believed in French circles, he would follow a three-point plan of strategy.

1. A virtual blockade of the British Isles by submarine and air attacks in an effort to isolate the island.

2. A terrific aerial and artillery bombardment of the Maginot line on the western front, leading to the Nazi theory that Germany's big gun could pound a breach in the French fortification.

3. Application of "moral pressure" against the neutral European nations in an effort to compel them to cease all commerce and other relations with the Allies, provided Italy and Russia could be persuaded to give at least diplomatic support to Germany.

The success of the third point of Hitler's supposed plan involves, however, agreement with the Italian powers and Allied industries has been extremely active in the Balkan area.

Hitler's Germany has been the Balkan's best customer. Most of the bulk of Hungary's exports went to Germany, which only in part went to the Allies. In Germany and Italy, it is reported that the bulk of the Balkan goods were being shipped to Germany and Italy.

Germany took 43 percent of Bulgaria's exports and 36 percent of Romania's. 45 percent of Greece's. But most of Germany's recent purchases have been in butter and cotton, deliveries of manufactured goods virtually ceased when war broke out.

Many now is doing to this small states which need more than anything else.

The Allies are doing their utmost to divert the Balkan supplies to non-German markets and as a consequence, Soviet Russia has been able to obtain a better and more certain delivery of raw materials and other goods.

HOW TO Stay Young

Don't read the newspaper while crossing a busy street!

It's easy to stay young if you keep away from things that turn your hair grey and cause wear and worry. Don't wear yourself out with cooking the old-fashioned way — with old electric cookery. It makes meal getting simple, saves time and keeps your kitchen cleaner and cooler. And it's cheap —

Dies Group Accused Of "Most Damnable" Action By Member

Charge Is Made When Committee Publishes Membership List Of "League For Peace"

League Said To Favor Communists Officials Consistently Have Denied Charge Of Tieup With Reds

WASHINGTON, Oct. 25.—(AP)—The Dies Committee investigating un-American activities today published the Washington membership and mailing list of the American League for Peace and Democracy, and one of its own members promptly accused it of taking the "most damnable" and "most un-American" action.

The accusations were made by Representative Dempsey, New Mexico Democrat, who was present when the list of 563 names was given out soon after the committee's morning session opened.

Previously the committee had charged the league with being dominated by communists. League officials have consistently denied this charge.

Mr. H. H. Hester, T. Huntington, who is listed in the social register, was taken before the Dies committee and revealed there for more than an hour.

"I can't qualify as an expert on prices," he said. "At any rate I have no criticism of anything whatever to say adversely about anything. It is the big men who boss the job who are the ones to be afraid of."

The woman who put up bond for him, Hester T. Huntington, who is listed in the social register, was taken before the Dies committee and revealed there for more than an hour.

Nazi Fight In Armor Weighing 30 Pounds

PARIS, Oct. 25.—(AP)—Proceeding of the German military in the western front were machine gunners wearing armor weighing 30 pounds.

Each gunner's armor consisted of a steel breastplate, covering him from neck to crotch, and a thinner aluminum helmet. The front plate, constructed of an inch thick, could deflect revolver or long-range rifle fire, but was vulnerable to machine gun fire.

SIKASSO JUDGMENT

Northern States Are Struck By Snow And Cold

By Associated Press

Snow and cold weather struck the North today dropping temperatures below freezing while unseasonable heat continued in the South and Southwest.

Borne in from the Northwest, snow whirled over the hills of Montana, North Dakota and Wyoming, and fell over central parts of Idaho, Nevada and Utah.

The snow was nearly a foot deep at Edmonton and the mercury stood at 10 degrees above zero. It skidded to zero at Calgary.

Indications Point Toward Excellent "Tourist" Edition

With requests for extra free copies of the Sanford Herald's tourist edition to be published Oct. 30 continuing to mount and advertising support from business firms and commercial organizations increasing every day, all indications at present point towards one of the strongest tourist appeals ever made in this city.

The general theme of the edition will revolve around the central location of Sanford as a starting point from which to visit the outstanding attractions of Florida.

The city and county's own most attractive places of interest will be stressed in stories and pictures, but the fact that Sanford is in the very hub of the most interesting area of Florida will be brought out clearly, and it will be shown that by using Sanford as headquarters tourists can see such wonders of Florida as the Marine Studios, the Palm Beach Gardens, Silver Springs, the Manatee Botanical Gardens, the McKee Jungle Gardens, the Tupper Cypress Gardens, the Ringling Art Museum and a host of other attractions within a radius of slightly over a hundred miles.

Ex-Kaiser Builds Air Raid Shelters

LONDON, Oct. 25.—Ex-Kaiser Wilhelm II has just finished turning the pillars of his Netherlands home into a modern air-raid shelter, according to "The Daily Express" correspondent in Doorn.

Arches have been reinforced with thick concrete and piled high with sandbags. Pict and shovel, a reservoir of water and a suitable pile of sand are handy in case of emergency.

The San Scout group will hold its regular meeting in the Lake Front headquarters Thursday night at 8:00 o'clock.

Violation Of Sherman Act To Be Charged

Complaint Authorized By Murphy Will Be Filed Against Railroad Association

WASHINGTON, Oct. 25.—(AP)—Attorney General Murphy announced today he authorized the filing of a complaint charging violation of the Sherman Anti-Trust Act against the Association of American Railroads, its officers and directors and 250 member railroad companies.

The bill of complaint charges the Attorney General said, that railroads had continued to restrain trade by agreeing not to extend to motor carriers the same cooperation in carrying freight and passengers which roads customarily extend to each other.

Negotiations Are Held Up Between Finns, Russians

MOSCOW, Oct. 25.—(AP)—Renewed negotiations between Soviet Russia and a Finnish delegation were suspended yesterday less than 18 hours after the Finns' arrival, leading foreign observers to believe the talks were not getting too happily.

The Finns proposed to return last night to Helsinki presumably for fresh instructions from their government, indicating that their promise proposals they brought here were unacceptable or that Soviet authorities may have made new demands.

Neither Russians nor Finns would discuss the status of negotiations, although there was no indication they had broken down. The Finnish delegation was expected to return again to Moscow within a few days after consultation with officials at home.

Some foreign observers believed that Finland was backing out of proposed proposals for a general pact for strategic islands in the Gulf of Bothnia and the quartering of Soviet troops in Finland proper.

At the same time, these sources believed the Finns were ready to yield some trade privileges and perhaps concessions to certain small islands in the Gulf of Bothnia.

Neutral diplomatic circles pointed out that Finland on the other hand was seeking a free port of call in determining legality of the seizure of the attorney general's office by state police. They granted a two-day continuance of the hearing against Byrne.

It was in this connection that further shakeups were forecast. Byrne, it was said, would resign. Governor Long yesterday ousted Attorney General Ellison and first Assistant Attorney General O'Connor, whom Ellison had sent to succeed Byrne in Orleans parish.

Ellison broke his silence and announced his withdrawal as an independent candidate for attorney general and his gratitude to Long for dismissing him in one breath.

"I think I did my duty while I was in there," Ellison said. "I think I was holding office legally, but I do not desire to get involved in a long political controversy on the point."

"As a matter of fact, I think the governor did me a favor in getting me out of office. I am not a criminal lawyer and a large amount of my work has recently been in criminal field. I expect to open a law office in Baton Rouge."

At the Byrne hearing yesterday counsel for seven grand jurors who had accused Payne of trying to steer them away from the scandals, opposed delay on grounds it would give official recognition to armed seizure of Ellison's and O'Connor's office. The new first assistant attorney general, Ed-

PROCLAMATION

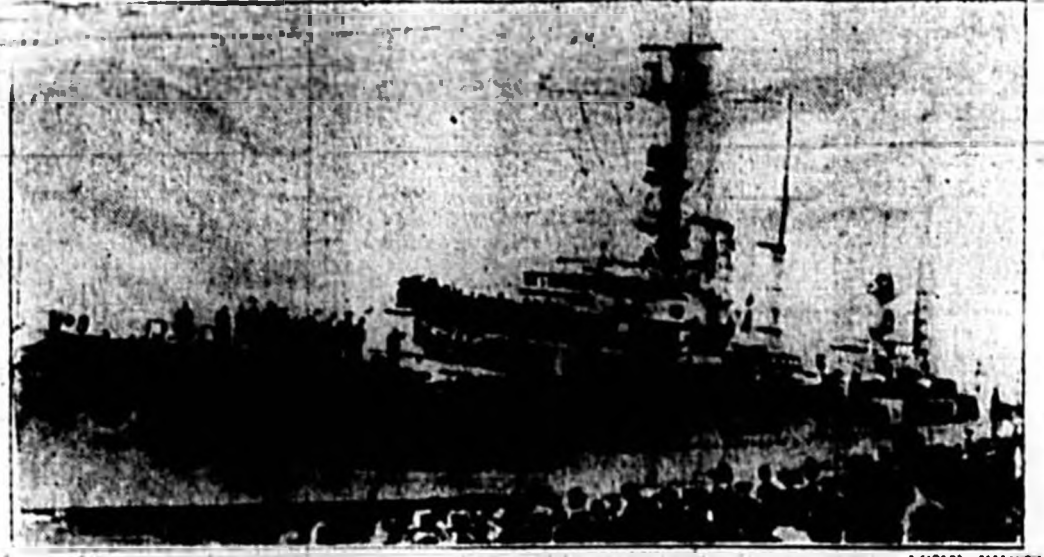

WHEREAS, the human happiness of the citizens of Sanford is greatly affected by the beauty of their surroundings; and

WHEREAS, the artists and craftsmen of the nation can do much to improve the appearance of our person, homes, cities, and country sides by the application of their specialized training to every walk of life; and

WHEREAS, further improvement can be brought about by our common effort uniting the interest of business and professional men and women, legislators, artists and craftsmen, museums, libraries, schools, churches, newspapers, stores, radio stations, and the theaters by presenting our artists and their work for a fuller appreciation by the people of our city,

NOW, THEREFORE, I, Edward Higgins, Mayor of the City of Sanford, do hereby proclaim and designate the week beginning November 1, 1939 as AMERICAN ART WEEK, and I invite the co-operation of all our citizens to bring about a greater understanding, use, and appreciation, of the fine arts and the allied crafts through art week and the coming year.

Karl Lehmann Named Secretary-Treasurer For District

W. A. Dohson of Atlanta is regional executive of the Boy Scouts of America. He will deliver the keynote talk at the Scout Roundup at Camp WeWa Saturday.

W. A. Dohson, regional executive of the Boy Scouts of America, from Atlanta will give the keynote talk at the scouters' roundup at Camp WeWa Saturday afternoon at 7 o'clock. The roundup is sponsored by the Central Florida Council.

Mr. Dohson holds one of the 12 field offices of the Boy Scouts of America and has jurisdiction over the four Southern states.

He has appeared personally a number of times at the leading meetings of the Central Florida Council and his coming is always met with a great deal of enthusiasm on the part of his many friends here.

Mr. Dohson will be accompanied by Frank D. Wood, southern manager of Moody's, Investor's Service, who is chairman of the fund in region six. Mr. Wood is also expected to address the conference as well as lead a group session on the Cubbing program.

Plans are going forward rapidly for the roundup, according to Mr. Pace who promised that the meeting will be one of the most colorful in years.

Red bandanas and ten gallon hats indicative of the Scout Public Service Company will be features as well as a beef barbecue to be served in the mess hall at Camp WeWa at 11 o'clock Sunday afternoon.

Many local scouters are expected to participate in the conference. It is also open to fathers of scouts and to all other men interested in scouting.

Winter Haven Sued By Bond Holders

TAMPA, Oct. 25.—(AP)—Bondholders sued the city of Winter Haven in federal court yesterday for a judgment of \$63,372 and interest on delinquent bonds and coupons and asked that a special tax be levied to collect the money.

The suit, filed by W. J. Meredith and others, asked also that Winter Haven and its officials and employees be restrained "from falling or refusing" to comply with all requirements.

The bond group holds 10 bonds of a refunding issue of 1933 and 1935 to meet bond obligations, and that the city failed in other years to collect such levies as were made.

Fate Of U.S. Merchant Ship Is Undecided

U. S. Is Told Berlin And Moscow Are Consulting About Future Of War Prize

4 British Ships Reported Sunk

Hungary Gets Promises Of Help From Yugoslavia, Italy

The United States was told today that Germany and Soviet Russia were consulting about the freighter City of Flint, the first American vessel captured as the prize of the European war.

In response to American inquiries the German foreign office indicated Berlin and Moscow were discussing the fate of the freighter which the German sea-raider seized and sent to Murmansk.

German reports said the City of Flint carrying cargo for England had disposed of valuable North Sea and Baltic charts making it necessary for her captors to sail her to the north Russian port.

Losses to the British shipping and merchant Western Front fighting were the only developments of the sea warfare between Germany and the British French allies.

Four British merchantships were reported sunk three of them within 50 miles of Gibraltar. The fourth was reported last night sailing from Berlin and other German cities.

Only specific fighting traced on the Western Front to Germany was one company of French had been driven back from German soil.

The war in western Europe and Russia's presence in half Poland indicated toward being some unity in the traditionally hostile eastern quarter of the continent. Authorities in London and Moscow said that the British and French had promised Yugoslavia and Italy a threat to develop from the Carpathian mountains which divide Hungary from Poland.

WASHINGTON, Oct. 25.—(AP)—President Roosevelt and state department officials indicated today that they had received information from the German government that the German navy had captured the freighter City of Flint which was the whereabout and safety of the crew of 11 officers and men.

Information from a press conference that was unconfirmed information from abroad to indicate the mysterious circumstances of the seizure and the status of the crew. He added that the British navy was working closely with Russian officials to develop all possible details.

The President's remarks came shortly after Secretary of State Hull had been announced about the crew and expressed belief that Germany's conduct in capturing the freighter might involve a use of force. He promised a searching inquiry (Continued on Page Three)

Red Cross Drive Committee Heads Named By Coleman

Two committee chairmen for the Red Cross Fall Campaign which begins on Nov. 1 were named today by General Chairman H. H. Coleman, Mrs. H. D. Freeman, chairman of the Residents Committee, and Mrs. Jack Hall, chairman of the County Committee.

A chairman for the drive in the business district has not yet been appointed.

The quota set for the Seminole County Red Cross Chapter this year is \$800, considerably higher than last year's quota, but officials of the organization have expressed belief that with a continuation of the spirit of cooperation shown last year, the local chapter will again exceed the quota set by the national organization.

POLISH BOSS NAMED

BERLIN, Oct. 25.—(AP)—A decree published in the Government Law Gazette today placed the administrative power over Polish territory occupied by Germany but not incorporated in the Reich in the hands of Hans Frank, Minister without Portfolio.

LOCAL WEATHER

Partly cloudy and somewhat unsettled tonight and Thursday; continued warm.
