SALE PRICES GOOD THRU SATURDAY WHILE GIANT STOCKS LAST

By LARRY VESBER.

The woe, trials and tribulations of being a policeman. At 1:30 a.m. today, officers from the Future Farmers met at the Junior high school. The gate was left open and the police were concerned they would get onto French Avenue and so they called the principal.

The policeman called the principal's wife and said "What's up?" The principal's wife called the assistant... The assistant principal said he didn't know what to do. "If they get out call me back."

The policeman cornered the cow, got them back inside the fence, and that's how they started Friday the 13th.

Look for an announcement next week that KDA has officially approved that \$35,000 airport feasibility study.

Howard McNally's Pico Building gets a new tenant starting next month. He's John Sells, well known realtor, contractor, "cognoscente," virtuoso and dilettante who languished on North Park Avenue for the past 10 years.

Well, he tells some pretty funny stories.

There was a meeting at City Hall yesterday afternoon before the mayor, City Commissioner Al Wilson and Gordon Butler, executive director of the Florida League of Municipalities. The city bids \$900 for fees and the league wants \$200 more... Butler in town telling them why. It seems lengthy legislative session is the reason.

Will the city pay it? The mayor is non-committal but they probably will "cause there's a big shindig coming up in Hollywood next weekend and if you no belong to group you no can come."

There will be a meeting next week on whether to go ahead with plans on a new golf course or just build a new country club or just forget the whole thing.

As far as the new courthouse plans are concerned the only private restrooms go to the judges... Camille Bruce made a valid complaint about this at a meeting looking over the plans yesterday.

When will they break ground for the courthouse? Four months after the commission approves the concept.

Yeah, after the board decides to throw out the idea of a two building complex and always a multi-story compact structure.

Somebody cares about the Little Red Schoolhouse for retarded children. A group of youngsters tossed a dog show the other day out by Praver House... Kool-Aid was served. And \$1 collected. And the money turned over to the school.

Before the County Commission gets carried away with bringing into the auto inspection business they should check into the Florida law and how much it will cost.

It's supposed to be hush-hush but FEA President Dexter Hagman told Sup. of Schools Bill Phillips here "there are enough indications to close all of Seminole schools."

## Who's Afraid Of Friday The 13th? Not!! Not!!

## Sanford's Greatness Coming

Sanford, confronted by the challenges and opportunities of a 345 per cent growth between 1965 and 1990, is "one area that has taken the bull by the horns and is getting going." In making this statement Harlan L. Hanson, director, Orange-Seminole Joint Planning Commission, predicted that "the greatest 10 years in Sanford's history is coming up."

Hanson appeared at the weekly meeting of the Sanford Civitan Club in the Trophy Lounge yesterday.

His statements regarding the present situation in the city and Seminole County came only after he had been warned, on his arrival in this county 15 months ago, that "Sanford is stagnant." He termed "fantastic what has been going on here under strong leadership" and emphasized that "the opinion I just heard expressed here is valid." He urged civic groups to get behind the local leadership to inform themselves what is in the future and take steps now to "determine for yourselves what kind of a Sanford you want to have come about."

Here are some of the statistics which the planning commission has developed as they sought answers to the tremendous challenges of population growth and ways to cope with it with adequate transportation, highways, water and sewer systems and general proper land use.

First he defined the Sanford area as consisting east of I-4 south of Lake Monroe; west of Cameron Avenue, the Naval Air Base and SR-471; and north of Evans Rd., in Lake Mary. In 1963 20,000 persons lived in this area. By 1990 this will increase to 60,000 persons at a moderate rate of 35 per cent. "After 1980," said Hanson, "Sanford will feel the impact of suburbanites who will live in Sanford, shop in Sanford, seek recreation in Sanford, but work in the Orlando area."

Using charts to show the high ways in being planned, Hanson emphasized the need for better north-south routes, changes in the Sanford Avenue access with the Lake Jessup causeway handling increased traffic from the Florida Technological University environs. East-west routes were described with the enlarged SR-46 along 20th Street and taking care of the growth which is expected when the NAS is given up and air-oriented industrial comes in a regional airport a major improvement.

He proposed special up-dated statistics for Sanford indicating that when the 65,000 total is reached for Sanford it will consist of 46,150 adults and preschool children, 13,000 elementary students, 3,250 Junior High school students and 2,600 High school students. Basic needs would be 18,570 housing units, 14 elementary schools, 2 or 3 Junior High schools and one or two high schools. There would be needed 26 miles of arterial streets and the same number of collector streets and 200 miles of local streets. And 130 firemen and 200 policemen would be required.

Statistics offered brought gasps from the Civitans. To properly construct basic sewer and water facilities in the Sanford area to cope with the growth would require about \$5,000,000, he said.

Architects of the three new schools now on the drawing boards for Seminole County—Lynan, Sanford Junior High and Oviedo Senior-Junior High—were ordered by the School Board yesterday to have plans for the schools "comply with mandatory requirements" of the State Board of Education as reported in correspondence from the state. The report criticized several aspects of the plans for each of the schools.

The county's financial condition reflects the state report says. "Budgets were well prepared and complied with in total. Records were well kept and generally adequate. Finances were well managed."

"The county road program continued appropriately planned and expenditures were made on a county wide need basis."

The county received \$30,000 for interest on time deposits. "In the audit period, minutes were complete, approved, signed, attested and entered. Prescribed records were accurately kept."

Beckwith today stated that the county's appreciation of recommendations and suggestions in the report. Recommendations included that record of road and bridge material supplies be perpetual inventoried and that pre-numbered receipts be issued at the sanitary landfill for payment of charges. Current practice is to have the receipts issued through the county clerk's office.

### Marines Share UF Spotlight With Merchants

United States Marines and Downtown Merchants of Sanford were in the United Fund spotlight today as the second report luncheon of the 1967 UF drive for \$50,000 was held in Casellberry.

Gold Awards for 100 per cent participation went to the Marine Barracks at the Sanford Naval Air Station—for the third year—and to Cowan's Department Store, leading member of the Downtown "We Care" Merchants Association.

On hand to receive the awards from Wendell Springfield, campaign chairman and "Robin Hood"—1968 style—were Sgt. Maj. E. D. Knight for the Marine Barracks and Clyde Long, UF chairman for the merchant division. Cowan's award was the first to be given during the present campaign to any merchant.

Other Gold Award certificates were presented to the Florida State Employment Office and the Southern Bell Telephone and Telegraph Company by Robert Shedd, UF division chairman, accepting them.

This was the second report luncheon and the final total could not be determined before this paper went to press. Campaign leaders, however, pointed out that the 24 per cent total of \$12,245.36 on hand a week ago was expected to be swelled into a much more impressive figure as team captains spurred their workers into greater efforts and the people of the county responded to logical and effective campaign arguments.

### BULLETIN TALLAHASSEE (AP)

Gov. Claude Kirk said today he has requested and received the resignation of Florida Development Commission chairman C. Shelby Dale, stating the action comes on the basis of information "which if true, reflects poorly on the conduct and unethical practices" by Dale in connection with the probe of the Gulf American Land Corporation.

### Demos Name 8 To County Exec Board

Eight new members, as nominated by the credentials committee, were elected to the Seminole County Democratic Executive Committee Thursday evening at the courteous with only two votes cast against acceptance of the entire slate. Placing "no" votes in the record in the election were (Continued on Page 1-B, Col. 1)

### Meanwhile In GOP Camp

Republicans, flush from victories last November and last spring, have high hopes of having a candidate for every elective position in the 1968 general elections, according to State Sen. Kenneth Plante, himself an unannounced candidate for U. S. Representative.

"The county executive committee," he said, "desires to have a candidate in the race for every post, but presently is screening the field in an effort to have a qualified person seeking election."

He added the party will not endorse "just any candidate" in an effort to place a Republican in office.

### Chest X-Rays

Mobile Unit for free chest x-ray will be at Sanford Plaza from 5 until 7 p.m. today. Saturday the unit will be at Shiloh Baptist Church, W. 18th Street, in Goldboro, from 2 until 4 p.m. and from 5 until 8 p.m. The public is urged to take advantage of the service which is made possible through sale of TB Christmas Seals.

### Architects Told: Comply With State On Plans

### SJC Bid Opening In Spring

Bids on the first permanent buildings at Seminole Junior College will be let next April, R. T. Milwe, director of administrative affairs at the college reported today.

Milwe just returned from a conference in Tallahassee on funding for the structures and said "We have the assurance we'll get some \$975,000 in federal appropriations to kick off the project."

Cost of the first phase of construction of the permanent facilities are expected to cost \$2,800,000 with funds coming from the state and federal government.

### Causeway: Still Long Way Off

Lake Monroe causeway or four-laning Hwy. 17-92 from French Avenue around the lake to the I-4 interchange?

Well — I do have two superlatives, I guess. I won't mind sunny while engaged in a crap game or poker game. And if I drop the dice while rolling for my point, I always "roll off" on the side the inevitable "it" that always comes up.

But, to get back to watching the people downtown this Friday the 13th. Our newspaper photographer, Bill Vincent, decided to photograph some reactions. He set up a long ladder over the curb across and over the sidewalk, leaning against Touchton's drugstore at First and Main.

Bill set up his camera, with telephoto lens, at a distance between DeLand and Orange City through Enterprise to the foot of French Avenue.

He further pointed out the proposed four-laning of Hwy. 17-92 is included in the Governor's new-ferment road bill.

He prophesied the causeway feasibility study will be completed before the end of the year.

## Linda Long Engaged

Miss Linda Ruth Long, daughter of Mr. and Mrs. W. H. Long, of 1215 S.W. 11th St., has become engaged to Mr. Robert Lynn Griffin, son of Mr. and Mrs. R. L. Griffin, of 1215 S.W. 11th St. The wedding will be held at 10 o'clock on Saturday, Oct. 15, at the home of the bride's parents. The bride is the daughter of a prominent business family and has completed her education at the University of Florida. Mr. Griffin is a graduate of the University of Florida and is currently employed in the insurance business. The couple will reside in the home of the bride's parents until a permanent residence is secured.

MISS LINDA RUTH LONG

When you are looking for a new look, there are many ways to go. You can go to the hairdresser, or you can go to Betty Anne's. Betty Anne's is the place to go for a new look. They have the latest styles and the best prices. They also have a variety of hair care products. So if you are looking for a new look, go to Betty Anne's. You will be sure to find what you are looking for.

## Don't Allow The Other Sex To Put You On

It is a common mistake to allow the other sex to put you on. This is especially true when it comes to dating. Many people find themselves in a dating relationship where they are being put on. This can be a very frustrating experience. The person being put on will feel that they are not being valued and that they are being used. This can lead to a breakdown in the relationship. So if you are looking for a dating relationship, make sure that you are not being put on. Look for someone who values you and who is interested in you for who you are.

## Mutual Concert Membership Drive Underway

### Talented Singers To Open Series

The Mutual Concert Membership Drive is underway. Talented singers will be opening the series. The drive is aimed at raising funds for the Mutual Concert. The singers will be performing at a series of concerts. The first concert will be held on October 15th. The singers are: Jack and Sally Jenkins, Betty Anne's, and others. The drive is a great way to support the Mutual Concert and to enjoy the music of talented singers.

## Enterprise Personals

Rev. and Mrs. E. W. Carlton have returned from a short vacation trip to Jamaica, N. C. Next week being National BFW week, the DeBarry BFW members will all attend church together Sunday, Oct. 15, at All Saints Episcopal Church in Sanford. Friends will regret to learn that Mrs. Edith (Ashby) Nelson underwent surgery again this week at the Tampa General Hospital. We wish her a speedy recovery. Miss Doris Fisher left Sunday to be with her during the surgery on Wednesday.

## College News

Two Sanford coeds, who are members at Florida State University, have pledged sororities. Gray Wristle, daughter of Mr. and Mrs. Dick Williams, of Altamonte Springs, has pledged Kappa Kappa Gamma. Focusing Pi Beta Phi is Marjorie Welch, daughter of Mr. and Mrs. Kelly Welch, of Sanford. Terry Echols, son of Mr. and Mrs. H. G. Echols, 919 Laurel Ave., Sanford, has been elected president of the sophomore class at Cornwell State College, Warner, Okla., where he is also president of the English Club.

## Help Garden Club Collect Items For Vietnam Shipment

The Garden Club of Sanford will be happy to receive items of fingertip terry towels in pastel or dark colors, hard candy individually wrapped, cold water liquid soap in plastic bottles (small), and bars of deodorant soap. The club has a contact which will get these items to the men in Viet Nam. Items may be left at Caravan's Tire Shop, 1401 S. French Avenue; Irving Pryor's business office, 101 Magnolia Avenue; or Public Market in Sanford Plaza. Club members may bring the items to the clubhouse on Oct. 15, at the general meeting. All items will be collected by Oct. 21 for shipment. It's easy to make a good dip for a raw vegetable appetizer by combining mayonnaise, chili sauce and celery seed. To give the dip extra zip, you may want to add cayenne pepper.

## Penneys ALWAYS FIRST QUALITY

Penneys is the place to go for a new look. They have the latest styles and the best prices. They also have a variety of hair care products. So if you are looking for a new look, go to Penneys. You will be sure to find what you are looking for.

GOLF PROFESSIONAL  
MAYFAIR COUNTRY CLUB  
SAUNTER, FLA.

Have you heard any good golf stories lately? As they say around the course track, "I got the whole story right from the horse's mouth."  
Well, if I owned the local feed store, I sure would stock up on some feed. The stories themselves are the horse's tale. The time will come when there will be more horses than hay. As of Nov. 1, 1967, Mike Whitchell will be the Golf Professional here at Mayfair. This is the first time in a long time that there will be more horses than hay.

### Final Round PALM BEACH GARDENS, Fla. (AP) —

The final round of the tournament to determine which golfer is eligible to play in the lucrative PGA tour next year opened today with South Africa's Bobby Cole holding a one-stroke lead. Cole, who has led or shared the lead in five of the six rounds of play, slipped to a two-over par 74 Thursday for a 432 total, still one better than Ron Cerullo of San Rafael, Calif.

# NEWSPAPERS GET THINGS DONE

## for PEOPLE

Inform, enlighten, educate, act as the public's "watchdog" wherever public business is transacted.

## for COMMUNITIES

A contribution toward the growth and development; stimulate progressive action.

## for GOOD GOVERNMENT

Encourage good citizenship; act as barometer of freedom.

## for IMPROVED EDUCATION

Back efforts to provide better schools, better teachers, and quality education.

## for PUBLIC HEALTH, SAFETY

Help with health and safety education and help solve health or safety problems.

## for RELIGION, THE ARTS

Give generous support to their communities' spiritual and cultural needs and activities.

## for ADVERTISERS

Maximize the community's economy by providing maximum for merchandise, utility services and ideas.

## for MUCH, MUCH MORE

Our newspaper wears many hats to get ordinary and extraordinary things done for us. It wears the hat of the educator... the newsmen... the entertainer... the politician. It wears the hat of the author... the artist... the spiritual leader... the doctor... the diplomat... the traveler... the scientist. It wears the hat of the employer... the home economist... the builder... the laborer... the fashion designer... the store-keeper. Our newspaper is all these people and hundreds more... they provide a united front within the pages of our newspaper... their purpose to get the jobs done we want done. Our newspaper tackles our big and little problems and our big and little needs with an intense vitality and aliveness. There's nothing as useful... as economical... and able to do so much for our lives as our newspaper.

# Navy Jet Attacks Ring Port Of Haiphong

SAIGON (AP) — Waves of U.S. Navy jets placed a ring of attacks lightly around the North Vietnamese port of Haiphong Thursday.

The targets—which U.S. officials said were heavily damaged—included two shipyards previously on the Pentagon's restricted list, the assembly plant where Russian missiles and helicopters are assembled, a power plant outside the city, and the MIG airfield at Cat Bi just to the southeast.

The two shipyards, both less than two miles from Haiphong's geographic center, made and

repair three craft and supply barges up to 100 feet long. U.S. headquarters estimated that together they accounted to 8 percent of North Vietnam's boatyard and small ship repair yards.

Although bad weather covered much of North Vietnam, there were several targets in the cloud cover, and American jets got in 140 sorties, about one-third more than they have been flying in the past few days.

Although the vital rail lines north of Hanoi were covered by a heavy rain, they were not damaged and a heavy

U.S. headquarters reported that the weather was so bad that strikes as possible before the monsoon weather got really bad later this month.

Ground action reported in South Vietnam was generally light and scattered, but harassment Communist attacks continued.

A civilian bus was blown up by a mine near the old imperial capital of Hue and nine civilian passengers were wounded. A small fighter plane was shot down by guerrilla firemen, but the wreckage was damaged from the wreckage by a helicopter crew which witnessed the crash.

The fighter plane was the 11th U.S. aircraft reported hit in October in the south.

Heavy B-52 attacks again pummeled both the steel-encased battlefields around the Marine outpost of Con Thien just north of the demilitarized zone. One hit the area just north of the DMZ where the enemy is believed trying to install some of the big ground-to-air Sam missiles for defense against the high-altitude bombers.

Con Thien took 30 enemy shells Thursday and reported five Marines wounded, an aircraft carrier day for the past 1,000 rounds some days last month.

With the ground campaign almost deadlocked, the focus remained on the offshore air war and the steady hitting of Communist positions on the north-south border line. But Haiphong's main docks north and northeast of the city's center—the "steel gateway" to Communist war supplies coming by ship—remain on the restricted list, apparently because of the international reputation

since it is a Russian ship to hit by U.S. planes.

The two shipyards, previously off limits to U.S. fighters, were the Thanh Ly installation 1.6 miles northwest of Haiphong's center and the Lam Ty yard 1.7 miles to the southeast.

The other targets in the area—all hit previously—include the Cat Bi airfield, the helicopter and missile assembly plant just southwest of Haiphong and the power plant at Ung Bi 13 miles outside the city.

While reporting good target coverage, pilots were unable to make detailed damage assessments which will have to await a closer reconnaissance of Haiphong, however, and damage was evidently heavy in the shipyards.

Hanoi claimed two American jets shot down during the raids on Haiphong and reported 95 other reported downing of American aircraft. The U.S. Command made no mention of any losses over the north Thursday but did report the surface sinking of two American planes.

This brought the total announced loss of U.S. combat planes over North Vietnam to 67.

# Education Conferees Near Crucial Point

TALLAHASSEE (AP) — High-level conferees studying Florida's school spending problems were reported Thursday to be at a critical stage in their discussions of issues that brought on the threat of mass teacher resignations later this month.

Rep. Fred Schultz, D-Jacksonville, chairman of a special House-Senate committee on education, said no agreement had been reached on a special legislative session on education.

"We've spent our time discussing the issues rather than on a special session," Schultz said. "We have pretty well laid the issues out on the table. We have gone a long way toward delineating the issues we consider to be the most important and crucial."

The closed-door conferees went into its third session today, with participants agreeing the talks were reaching a crucial point.

"If for one feel we've made a great deal of progress," Schultz said, but he declined to say exactly what had been discussed.

Schultz, Florida Education Association President Dexter Hagston, and Republican State Sen. Bill Young of Pinellas County met briefly with newsmen after the close of Thursday's session.

The legislative conferees also conferred with top FEA officials, State School Supt. Floyd Carlson and Gov. Claude Kirk's special adviser on education, Charles Perry.

Rep. Fred Schultz, D-Jacksonville, chairman of a special House-Senate committee on education, said no agreement had been reached on a special legislative session on education.

"We've spent our time discussing the issues rather than on a special session," Schultz said. "We have pretty well laid the issues out on the table. We have gone a long way toward delineating the issues we consider to be the most important and crucial."

# Demos Name 8 To County Exec Board

(Continued from Page 1)

County Chairman W. Vincent Roberts and Mrs. Helen Pitts, named were Mr. and Mrs. T. J. Gallagher of Lake Wales, precinct 2; Nolan Fore of Charlotte, precinct 7; Mrs. Virginia Mercer, Lake Mary, precinct 11; Harvey Conliffe, Forest City-Bart Lake, precinct 14; John Fitzpatrick, Lake Mary, precinct 15; and Tracy Estes, Engwood, precinct 21.

In other business, news by Vice Chairman Jane Adriatico and supported by Dr. Roberts to regular excused absence by permitted from meetings only through written excuses failed. Instead the committee voted to regular excused absence from meetings if any officer is contacted by phone or otherwise and given a valid excuse prior to the meeting.

Dr. Roberts insisted that he has "no assume if anyone does not come to meetings, he is not interested."

The legality of the recent purging of the committee was questioned but the chairman cited the law requiring that members be dropped after missing three consecutive meetings.

# Economy Surges Upward

WASHINGTON (AP) — The economy surged ahead during the third quarter of this year, the Commerce Department reported today, adding strength to the Johnson administration's argument for higher taxes.

In a quarterly report, the department said the gross national product—the value of all goods and services produced in the economy—jumped \$15 billion, an annual rate during the third quarter, the biggest advance in six quarters.

The increase ended the pause in economic growth recorded during the first half of 1967.

The \$15-billion jump raised the annual rate to \$79.1 billion during the quarter despite the effects of the Ford Motor Co. strike and a major strike in the copper industry.

Officials said earlier the Ford strike meant a \$2-billion trimming of the GNP rate during the third quarter.

The advance, even more bullish than government economists anticipated two months ago, especially in view of the Ford strike, is certain to be cited by the administration in seeking congressional approval of higher taxes.

President Johnson's request for a 14 percent surcharge on individual and corporate income taxes is stymied in the House which is demanding spending cuts.

The woman's society of Christian Service of the Florida Methodist Conference will have its third Spiritual Life Retreat at the Methodist Youth Camp in Leesburg, Tuesday and Wednesday.

Theme will be "The Nature of Faith" taken from the text book for this study retreat, "The Life of Jesus for Everyman," by William Barclay, Rev. Rudolph McKinley, pastor of Riverside Park Methodist Church, Jacksonville, will be spiritual instructor. Special music will be under leadership of Mrs. John W. Wilson, Gainesville.

The retreat is open to all officers are urged to be present. The president and secretary of spiritual life outlines from each of the 39 De Land District women's societies also are especially invited.

# Chuluota Ch. To Dedicate New Wing

Dedication services for the recently completed new wing of Chuluota Community Church will take place at 11 a.m. Sunday, Rev. George Downs, pastor, announced today.

Special guest speaker will be Rev. Bill J. McDaniels, first pastor of the church. Music will be provided by a group of out-of-town singers.

# County Ponders 'Jury' Budget

Reports from County Attorney Harold Johnson and Clerk Arthur Beckwith Jr. concerning appropriations requested by the Jury Commission for the remaining months of the calendar year will be heard by the County Commission at 9 a.m. Tuesday at the courthouse.

The recently appointed Jury heard has requested through Circuit Judge Volle Williams Jr. that allocation of \$1,800 be approved to send out questionnaires to prospective jurors.

# Casselberry Sets Hearing

Public hearing on the \$169,342.50 budget for fiscal 1967-68 for the City of Casselberry is scheduled for 7:30 p.m. Monday at the Woman's Club on Overbrook Drive.

# Auto Union Rejects Offer

DETROIT (AP) — The United Auto Workers union has rejected a new proposal in contract bargaining with the steelbound Ford Motor Co. but a high union source said today "progress is being made that could lead to impending action."

Rejection of the proposal was reported by a well-placed company source who said "it was a far cry after they—the union—got their lawyers right now."

While a union source said there had been progress toward ending a 37-day strike, he added that there have been no face-to-face meetings of the top bargaining teams since a news blackout was clamped on talks Tuesday night.

UAW President Walter P. Reuther heads the union team while Vice President Malcolm L. Deuze bargains for Ford.

Miracle of the blackout, which sometimes in past contract years has meant settlement in both, both sources were reluctant to elaborate on the separate positions of the two sides.

# FEA, Union Ties Chills Official Here

(Continued from Page 1)

Wharton insisted the actual work to the problems of education may be remedied with a "one per cent increase in the sales tax" with the resulting revenue to go entirely to education. "This way everyone would pay a proportionate share."

"FEA could assist us by having 100 per cent quality in teaching personnel," Wharton said. "Eighty-three per cent of our budget goes into instruction."

"The money problem is critical. Parents should contact the Legislature and urge a special session be called. If the legislators believe the general public wants them to meet in a special session for education, they will do so."

"We are critically deficient in our building program," the chairman said. "Additional facilities would eliminate a lot of our problems."

# Who's Afraid Of Friday The 13th?

(Continued from Page 1)

headed for the curb and crossed the street, rather than break his back by walking under the ladder.

A little boy started under the ladder but his mother grabbed him by the arm and marched him around it.

Bill reported there were many reactions—some comical, some serious. But one man remained undecided until Bill removed the ladder.

Note in the panel of pictures, the man on the very far left, sitting down. He started under the ladder, stopped and backed off, then started around the ladder, and stopped and backed off again. Then he sat down, apparently to make up his mind. He was still sitting there when Bill gathered up his camera and ladder and left.

Friday the 13th is only for the superstitious. I wouldn't have had any qualms about walking under Bill's ladder (King's X).

# Work Session

Meeting for a "work session" Saturday at 8 a.m. to discuss a new occupational license ordinance for the city. The meeting, according to the Council Chamber, will probably "not be called to order."

# Hospital Notes

OCTOBER 12, 1967

Admissions: Benjamin Collins, Carol Galbreath, Phillip M. Boyd, Donna Smith, Anne Koller, Anita Spickens, Dennis Whitmore, Joseph Sharp Jr., Rita Ward, Sylvia Felcher, Eudora; Cathryn G. Wesley, Casselberry; Sara Touchton, Lake Mary; Fannie Helms, Ocala; Lillian E. Bennett, Edgewater; Dorothy Somers, Mims.

# Attend Church This Sunday

It is the responsibility and the duty of the church to see that the people of this community are kept in touch with the things of God. It is the duty of the church to see that the people of this community are kept in touch with the things of God.

## FORGOTTEN SOMETHING

### THE CHURCH FOR ALL

... ALL FOR THE CHURCH  
The Church is the greatest factor in the building of a character and a good citizenship. It is a source of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four reasons why every person should attend church regularly and support the church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Auto Checks Ruled Out?

County Commission at its meeting Tuesday is expected to decide not to go into the automobile inspection business after they hear an expansion of the new Florida law requiring annual inspections from County Attorney Harold Johnson.

The law which becomes effective in June, 1968 can be implemented by counties by setting up county-operated inspection stations or by the inspection stations going to private businesses.

Each inspection will cost the motorist \$1.50 with \$1.00 going to the inspector and \$0.50 to the county. The county will also receive \$1.00 for a five-driver local vehicle, truck, motorcycle and trailer. Appointed by Gov. Claude Kirk to the three-member commission are Sen. Percy Wagner of Altamonte Springs, Col. Jim Gregory of Lake Mary and C. L. Littleton of Oviedo.

The Commission is expected to decide against such a plan when Johnson reveals tomorrow that the Florida Highway Patrol will require inspectors to use approved types of equipment that will eliminate the possibility of human error or deception on the part of the inspector. Each county will be asked by January whether it will take over the inspection or the Florida Highway Patrol will franchise the private service stations and a charge for the inspection.

Also to be acted upon by the board is the "request" of Circuit Judge Volie Williams Jr. that "funds sufficient to cover bonded but be appropriated to the clerk for use of the Jury Commission as later than Oct. 31."

The Democratic County Commission has far taken no action to appropriate the \$1,800 for use of the Republican Jury Commission for the remaining year.

Ag Station Move Sated For Nov. 1  
Central Florida Experiment Station is expected to begin the move into its new headquarters building on Colony Avenue in Sanford on Nov. 1.
