

### Corporate Profits Pour Out In Record 3rd Quarter Flood

NEW YORK, Nov. 1.—(AP)—Corporation profits are pouring forth in a record flood—51 percent greater for the last quarter than in July, August and September of 1949—under the shadow cast by threatened enactment of an excess profits tax.

The Korean War merely added a snappy filip to the earnings gain already underway. In the second quarter, before the war, profits were running 43 percent ahead of 1949's like period. The third quarter gain of 51 percent was in spite of a hike in the corporation income tax from 38 to 42 percent.

But retroactive excess profits tax could whittle 1950's corporate earnings—now seemingly headed for an all-time record—down to the low previous record of 1948, when company bookkeepers do their final figuring in March, 1951.

A compilation made today by the Associated Press of profit pictures of 496 corporations in all fields of business showed these totals:

1950 third quarter \$1,711,279,762.  
1949 third quarter \$1,129,795,589.  
Increase: 51 per cent.

Many companies this year took the increased 1950 taxes out of their third quarter earnings. Otherwise, the profit picture for the last months might have appeared even larger in comparison with last year's.

Taxes aren't the only thing that will make this year's earnings different from last. In 1949 many of the big companies did very well profitwise, but many smaller companies didn't do well at all, so the total corporation compilations for 1949 didn't give a foolproof picture of business earnings. This year the increase is more of a down-the-line proposition.

Even so, a scattered few are in the red in the third quarter, for reasons peculiar to themselves. However, there was no industry in the 25 covered by the Associated Press survey that didn't record profit gains over last year.

Often the biggest percentage increase in profits was due to the unusual industry situation last year. Eighteen nonferrous metals companies show a profit gain of 200 percent in 1950's third quarter over 1949, reflecting in part their booming condition this year, but even more their depressed condition last year.

### Acheson

tee will be able to work out details for using German forces, a point the defense committee failed to agree on in its three-day meeting here. Acheson declared, too, that there is no question of a delay in the defense plans.

The defense ministers deadlocked over French insistence that only small German units be accepted in the proposed combined European defense force, and that these operate only under a unified European organization which has yet to be agreed upon.

Acheson reported that an extraordinary amount of progress has been made in defense preparations in the last two months, noting that the treaty nations have some very tough problems to work out, he declared that the failure of the defense ministers to reach agreement did not mean there was any crisis.

The United States apparently has put its foot down and told France she must make some concessions on the German rearmament question.

Acheson stressed in reply to questions, that there is no disposition to hold up anything. He said our disposition is to go ahead; there is no question of any nation blocking action.

Acheson said it is a matter of French divisions created and great importance to get additional equipment as soon as possible. "Nothing has happened, he said to delay the Schuman plan for combining Western European steel and coal production. He added that this government is most sympathetic and enthusiastically interested in the carrying out of this pooling plan advanced by French Foreign Minister Robert Schuman.

Acheson emphasized that the discussions on German participation are a preliminary to consultations with the Western Germans themselves. It has been the idea present to accept German as an honorable member of the community of nations, he said, and this will be done only if Germany is consulted and goes into the defense arrangement in an enthusiastic way.

The secretary of state said the Administration will ask Congress for money needed to send more emergency food shipments to Yugoslavia.

He said he believes the request should cover the entire Yugoslav appeal for \$105,000,000 until the next crop season. A drought has ruined the current crop.

Any Chinese Communist aggression against Tibet would be most serious, Acheson said.

However, he said the United States has little information at present on the report Red Chinese operations in that central Asian country.

this was 15 for, 37 against, and 7 abstaining.

The Assembly action came after a day and a half of debate. Soviet Foreign Minister Andrei Y. Vishinsky led the Russian bloc's opposition to Lie charging that the Norwegian was a stooge of the American State Department.

U. S. Delegate Warren R. Austin declared the Assembly could not allow Russia to punish Lie because the Secretary General had supported the U. N. action against the North Koreans.

Vishinsky resumed his fight against Lie this morning, even though it had become apparent by the tone of the debate that the Norwegian had enough backing to be retained.

Assembly President Nasrollah Entezam of Iran suggested that the members vote by secret ballot on the extension resolution, but said this could not be done if any delegation objected. Chile objected, and the vote was by a show of hands.

The United States and 14 other nations sponsored the resolution providing for Lie's retention. Lie's backers said keeping him in office would constitute a vote of confidence for his support of U. N. action against aggression in Korea.

Vishinsky told the Assembly that when Russia objected to Lie it was "the duty of others to respect" the Soviet view. Otherwise, the majority would be trampling the rights of the minority, he added.

Vishinsky repeated his denial that the Soviet Union wanted to punish Lie for his stand on Korea. The United States maintains

1. It seeks to create racial tensions and emphasize religious differences unnecessarily.

### Truman

White House police were standing as usual at the canopied stairways leading into the Blair and adjoining Lee houses. Other police were in guard houses to one side of the residences.

Secret Service men said two men suddenly made a rush at Blair House with guns in their hands.

The White House guard opened fire. A policeman told a reporter that one of the civilians had approached from across Pennsylvania Avenue, the other from the corner west of Blair House on the Avenue.

Their guns were blazing at the three White House policemen who guarded the sentry booths and the front entry of Blair House.

"We let them have it," the policeman said.

Emergency calls brought police cars screaming from all parts of the city. A crowd quickly gathered.

Mr. Truman peered out of Blair House briefly as ambulances and rescue cars arrived.

White House police said the two civilians were tentatively identified from papers on them as Marion R. Preston, dealer, and Oscar Ollikian, who was seriously wounded through the head and chest.

They said the White House guards wounded were Don Blair, Leslie Gelfelt, and Joe Downs.

They were taken to emergency hospital and their condition was not immediately known.

For some time after the gun battle, the two civilians lay where they had fallen—one on the Blair House steps and the other in one side.

Police Inspector Francis gave newsmen this account: "It was started by this guy pulling a gun out and starting shooting at this officer (Joseph Downs, a member of the White House police detachment)."

"The agent (Secret Service agent Floyd Boring, who was in a wooden guard house perhaps ten yards away) started pulling a gun and shooting at him (the civilian). He got him."

Francis said the man died on the sidewalk in front of the Blair House.

Regular White House reporters, assigned to cover Mr. Truman's activities, were in their press room waiting for a limousine to accompany Mr. Truman to Arlington Cemetery when word came that "a policeman has been killed in the 1600 block of Pennsylvania Avenue." This is the White House address.

Running out the door they saw a crowd gathering in front of Blair House. The scene was of vast confusion.

People were running from all directions and police were arriving by the cars. Fire department rescue equipment arrived and the crowd was pushed back.

Thirty minutes after the shooting—and while the hubbub still continued—Mr. Truman stepped out a rear door of Blair House and went to the Dill ceremonies as scheduled.

### Macy Sues Paper Over Handling Of "Hanley Letter"

NEW YORK, Nov. 1.—(AP)—The New York World-Telegram and Sun was sued yesterday for \$250,000 by Rep. William J. Macy (D-N.Y.), who charged an account in the newspaper concerning his handling of the "Hanley letter" was libelous.

John M. Greene, of Sayville, N.Y., Macy's attorney, said a story appearing in the newspaper Oct. 18 was a "malicious lie."

He said the newspaper accused the Suffolk county Republican leader of "attempting to use the now famous letter, written in Mr. Macy by U. S. Governor Joe R. Hanley, to procure for himself the nomination for U. S. Senator."

The World-Telegram and Sun said it had been served with a summons in the suit.

In the letter Hanley informed Macy he would be able to pay his financial obligations if he accepted the nomination for the Senate.

Hanley's obligations included a debt to Macy for political expenses.

Macy's attorney said: "The statement made by the New York World-Telegram and Sun crediting Mr. Macy with trying to use the Hanley letter as a weapon to secure any political preferment for himself was a malicious lie and Mr. Macy felt that it could not go unchallenged."

The letter is currently being investigated by counsel for a U. S. Senate subcommittee on administration of the U. S. House of Representatives.

Hanley, who made the letter public after Democrats out of office defeated Democratic chances that his statement to Macy meant he was to be paid for withdrawing from the gubernatorial race to make way for Governor Thomas E. Dewey.

Dewey and Macy have been at odds politically for some time.

### Korean War

(Continued from Page One)

said the regiment had been identified in northeast Korea.

The biggest aerial scrap since the first weeks of the war started Wednesday morning five miles southeast of the Manchurian border city of Sinuiju.

Flying through smoke-streaked skies, American F-51 Mustang fighters rescued an unarmed T-6 observation plane from six Russian-built Yak fighters. Four of the Mustangs shot down two of the Yaks, without a loss.

A rear gunner in a B-26 bomber shot down one of two other Yaks that jumped four of the light bombers west of Sonchon.

Visibility was hampered by smoke rolling from artillery-ignited forest fires. But six enemy jets were spotted flying south toward a U. S. 24th Division tank column west of Sonchon.

The Yaks jumped a flight of Mustangs. Earlier reports that American F-80 Shooting Star jets had joined in the dog-fight were called erroneous by a Fifth Air Force spokesman.

The Air Force said one F-80 jet was shot down by anti-aircraft fire in a sweep on Sinuiju airfield, across the Yalu River boundary from a big Chinese air base at An-tung in Communist Manchuria. The jet crashed in flames.

Other American planes strafed 20 to 25 aircraft on the Sinuiju field despite intense flak. Planes in six revetments—protective mounds of earth on three sides of the plane—were left burning. Eight enemy planes were reported destroyed.

The 21st Regiment of the 24th Division thrusting northwest toward Sinuiju from British-captured Chongju—was halted 30 miles short of the Manchurian border after a tank battle.

Maj. General John H. Church, Division commander, had ordered the column to smash ahead Tuesday night to keep the Communists off balance. But the Red counter-attack stopped the advance during the night.

AP correspondent Tom Lambert reported, in a delayed dispatch, that the column knocked out four of seven tanks earlier in the push west of Sonchon, 17 miles northwest of Chongju.

On the northeast coast, another American column of the Seventh Division raced inland from the Iwon beachhead to Pusan, 51 road miles south of the Manchurian border.

It was a gain of 52 road miles since the landing Sunday.

Maj. General Edward M. Almond, commander of the U. S. 10th Corps, of which the Seventh Division is a component, told reporters that attacks in the northeast would be made in strength to determine just how many Chinese Communists stood in the way.

**The Facts About Recreation For Children**

These are actual amounts spent—taken from City records.

1947-48	For children's recreation only	\$3743.28
1948-49		2622.28
1949-50		7667.89

1949-50 total includes the cost of operation of swimming pool.

Plus \$50,000 in 1949-50 for the construction of the swimming pool.

\$20,000 being a gift from Chase & Co. \$30,000 City finances.

The pool is operated at approximate net cost of \$2400 per year, and this amount certainly should be included in our yearly cost for recreation.

1950-51 budget has \$200,000 set aside for children's recreation. This does not include the cost of maintaining parks to play in. Reconditioning 9th Street & French Avenue field will cost between \$750.00 and \$1,000.00 above.

The U. S. Marines landed last week at Wonsan and are mounting an bypassed Reds in the area.

Almond said attacks to determine Chinese Communist strength were coming shortly.

"In the next few days," he added, "we will develop what is there. You cannot tell if there are two Chinese divisions (as unofficially reported previously by South Koreans) until you attack in enough strength and on a broad enough front."

## Guards Are Increased At Truman's Home; Revolt Chiefs Seized

### Gunman's Wife Is Arrested In New York; Policeman Injured In Affray Is Dead

WASHINGTON, Nov. 2.—(AP)—President Truman's guard was increased and extraordinary precautions taken for his safety today while the Secret Service dug into whether others were involved in the attempt by two fanatics for Puerto Rican independence to kill him.

The investigation here centered on questioning of Oscar Collazo, 37, one of the two men who tried yesterday to blast their way with pistol shots into Mr. Truman's official home, but were cut down by the bullets of guards.

Collazo fell on the steps of Blair House, Mr. Truman's temporary residence. He was shot in the chest but was reported today to be "in fine shape." His companion, Griello Torresola, was killed by a bullet through the head.

Three police were wounded in the battle. One, Pvt. Leslie Coffelt, 40, died last night. Collazo was formally charged with Coffelt's murder.

The investigation was being pushed also in New York, which has a large population of Puerto Rican natives, and in Puerto Rico itself. Collazo and Torresola came here from New York.

In New York, a charge of conspiracy in the assassination attempt was brought against Collazo's wife, Mrs. Rosa Collazo, 42. She was held in default of \$50,000 bond.

U. S. Commissioner Edward W. McDonald said conspiracy warrants also were being prepared for two persons he did not identify and for Collazo. At least 15 persons—most of them relatives of Collazo—were questioned.

In Puerto Rico, the island government was told that Collazo and Torresola were "in fine shape."

### Justice Protests Warren Methods; Resigns Position

#### Leo Foley Condemns Littlefield's Suspension In Volusia

DAYTONA BEACH, Fla., Nov. 2.—(AP)—Ormond Peace Justice Leo Foley, who worked for Governor Warren's election, resigned tonight in protest of the Governor's suspension of Volusia Sheriff Alex Littlefield.

Foley, appointed to the justice post in February, 1949, by Warren to fill a vacancy caused by the death of Dennis Mahurs, had only two months more to serve.

He was defeated in the May primary for election to the post by Archie Bennett who will take office, Jan. 2.

In a telegram to the Governor, Foley said: "Method of removal of Sheriff Littlefield, an elected public official, without proper hearing or right of jury action and despite the fact that many outstanding Volusia county citizens feel that he has reduced open gambling to an all time low leaves me no alternative but to submit my resignation as Justice of the Peace, as I want no part of a system that condones trial without jury."

Governor Warren suspended Littlefield and Deland Constable W. M. Slaughter yesterday for failure to enforce gambling laws. No successor for either has been named.

Littlefield and all his deputies were continuing "business as usual" today. So far, Littlefield's office said, the Sheriff has not received official notification of his suspension.

Littlefield said he would continue the sheriff's office until ordered to discontinue it.

A civic affairs committee, organized two years ago to put an end to gambling in the county, met today and approved a telegram which was sent to Warren. It read:

"Civic affairs committees request appointment of sheriff who will have the respect and confidence of business and professional men and women of our county, man known for honesty and integrity who will not cause you criticism by the good citizens of our county for his appointment."

The committee was not involved in the case.

### Rebel Leaders Taken Without Fight As Puerto Rican Cops Hunt Nationalists

SAN JUAN, Puerto Rico, Nov. 2.—(AP)—Police seized the Nationalist and Communist parties today in a widespread roundup begun by Puerto Rican authorities a few hours after the Washington attempt on the life of President Truman.

Pedro Albizu Campos, president of the Nationalists, was routed from his besieged home with tear gas and surrendered without a shot being fired. His house had been under siege since Monday when a Nationalist uprising—reported to have been egged on by the Communists—erupted suddenly.

San Juan was virtually under a state of siege today. Police blocked off roads in their hunt for Nationalists and Communists and required special police passes for those seeking to go through the lines.

Albizu Campos and other Nationalist and Communist leaders were whisked to police headquarters for intensive questioning. It was learned that some 600 Nationalists and Communists in all were to be rounded up, 300 of them in the metropolitan San Juan area.

Among those arrested were: The Communist Party president, Cecil Andru Iglesias; The Communist Party secretary, Juan Santos Rivera; The president of the General Union of Workers, Saes Corales; Governor Luis Munoz Marin says the union is a Communist front.

Police say Garcia is a Communist. Governor Munoz Marin said he has called President Truman, notifying him that Albizu Campos has been arrested.

While there was no shooting involved in the capture of the Nationalist Party president at his home, sporadic firing was heard in the capital today. The city held up for the emergency. Residents of San Juan and Puerto Rico were advised not to leave their homes. Government offices were closed.

All traffic was halted in San Juan by police. The few cars that were allowed to pass were strictly for emergency purposes.

JAP TREATY LONDON, Nov. 2.—(AP)—Diplomatic officials said today Russia has told the United States she is ready to join in a general conference to write a peace treaty for Japan.

Some East-West procedural differences still must be settled before such a conference can be called, however.

TRUMAN UNDECIDED WASHINGTON, Nov. 2.—(AP)—President Truman reportedly has not yet made up his mind whether to ask Congress to return to session ahead of the presently scheduled Nov. 27 date.

Informed officials said it is unlikely that Mr. Truman will make any such call before the election next Tuesday.

The President told his news conference last week he is studying the advisability of bringing Congress back to Washington ahead of time to handle a big load of tax and defense emergency legislation.

A member of the National Guard walks by, with gun drawn, while other gather at right waiting for orders. After unsuccessful efforts to storm the Capital and attempting to assassinate Gov. ### Ministers Gather To Discuss Plans For Unified Army

ROME, Nov. 2.—(AP)—Foreign ministers and their deputies from 13 Council of Europe nations gathered here today to try to weld a unified Army strong enough to stop Soviet aggression.

The debate probably will focus on whether and how to include German troops in such a western defense command. That was the issue which stalemated the Washington meeting of defense ministers of most of the same countries earlier this week.

The idea of a 50-division west European Army was proposed by Britain's dogged old warlord leader Winston Churchill at sessions last summer of the European Council's Consultative Assembly at Strasbourg. There it met British Laborite and Scandinavian opposition.

Since that time, with modifications made under the spur of the Red assault upon South Korea, the general plan for a united Army has won the support of most nations whose ministers are meeting here.

But while the United States and Britain have called for the use of German troops, perhaps in whole division strength, France and some of the smaller countries have opposed the idea.

Also high on the agenda of the conference is the question of a common defense fund.

PHILADELPHIA, Nov. 2.—(AP)—The evidence they allegedly "burned" came back to haunt these men haled into police court today on gambling charges.

Charged numbers and horse race bet slips were introduced by the squad officers to support a charge of attempted arson against the trio.

So magistrate Edward Willmore held each in \$1,500 bail on combined charges of running a lottery and trying to start a fire.

### 94-Year-Old Shaw Dies Peacefully In Early Morning

AYOH ST. LAWRENCE, Eng., Nov. 2.—(AP)—George Bernard Shaw, the century's most famous playwright, died today at the age of 94.

The life of the frail old Irish-born wit who mastered a fortune by poking fun at the shortcomings of his civilized age, shutting out at last at 4:59 A. M.

A tumble in his garden on Sept. 10 while pruning a tree proved the undoing of the self-styled Napoleon of drama. He broke his left thigh bone and was taken to Luton Hospital to have the bones pinned together. A bladder ailment complicated his condition.

Mrs. Alice Loden, his housekeeper at the brick cottage, Shaw's "Carnegie," announced the death to reporters. He had lapsed into a coma at 3 A. M. yesterday.

A little while later a messenger came with a letter on the garden path. Handwritten on a sheet from Shaw's own writing pad and pasted to a thin card, it said:

"Mr. Bernard Shaw passed peacefully away at one minute to five, October 31, 1950, at his home, 51, Charles Street, London, W.1, England. He was 94 years old. (Continued on Page Four)

Hutchison To Speak On Armistice Day

Brig. General J. C. Hutchison will be the principal speaker at the largest program sponsored by the Sanford Post 53 of the American Legion on Armistice Day, Chester Miller, chairman of the program, announced this morning.

MAYOR SUED LOS ANGELES, Nov. 2.—(AP)—Pension officer Edward H. McLean sued Mayor Fletcher Boardman of Los Angeles today for \$1,000, claiming the mayor slandered him in a speech last Monday.

The suit said the alleged slander was in reference to McLean's pension activities, and contended the mayor's statements were false and made "with intent to defame the plaintiff."

### City Issues Are Debated At Meet Of Jaycee Club

Ivey, Chase, Krider and Sam Martina Outline Programs

Major issues in the race for the City Commission were outlined today to the Jaycees by candidates John Ivey and Randall Chase in Group No. 2, and John Krider and Sam Martina in Group No. 1.

They were introduced by F. J. Tucker, W. H. Stepper presided. John Ivey declared that he seeks the votes of progressive citizens, those "who have the vision and the will to aid and support the growth of this city and the development of the resources at our command."

He asserted that he was not content to progress with "riddle exploitation, but added that in his opinion "wisely restraint will lead to stagnation. Sanford has shown some growth, he declared, but is 30 percent below the state average of 44 percent from 1940 to 1950.

He urged the need of requiring more citizens to develop greater purchasing power, create new jobs and to protect the taxes among a greater number of people reduce the burden of taxes on a limited population.

Mr. Chase declared that it is "not the duty of the commissioners to desire to see Sanford progress, but added that there is a difference of opinion among the commissioners as to what can be done."

"I would like to see many things done, but some of these we can not afford," he asserted.

Safeguarding of the people's money was stressed by Mr. Chase, and he declared that all types of bonds should be first approved by popular vote.

The first thing viewed in the community by those who would locate new industries here is the tax rate, he said. After considering the financial structure of the community they look at housing and recreation. "In order to attract new people we must keep our taxes low."

### 1st Division Gives Up Attempt To Rescue Regiment Cut Off By Attacking Reds

STOUL, Nov. 2.—(AP)—American cavalrymen gave up tonight a day-long fight to rescue nearly 4,000 Red troops surrounded by Communist forces in northwest Korea.

The trapped men were ordered to attempt a break-out on their own. They faced ferocious odds—and annals bitterly fighting Red who, however captured, American are in the surrounded U. S. Red troops.

Some Americans already had escaped the trap. It was clamped shut last night by overwhelming Communist troops, including Chinese Red troops in strength.

The regiment, one-third of the U. S. First Cavalry Division, was cut off near a six-mile bed four miles southwest of Uxian. This is the area where the Reds have made their strongest fight of the North Korean campaign.

Uxian is 60 miles north of Pyongyang, former Red Korean capital.

Mr. General Hubert R. Gay, division commander, said the regiment had been "very badly hurt."

A spokesman told AP correspondent Tom Lambert the rescue team ran into a "stone wall" of resistance.

American who rescued the trap said there were many Chinese Reds on the enemy lines.

### Householder Talks On Church Facts At Parish House Meet

Declaration that a unified evangelism system is necessary to overcome the philosophy of hate, intolerance, materialism and aggression rampant throughout the world, Karlisle Householder speaks on "Church Facts" at the local parish house meeting of Holy Trinity Episcopal Church held at the Parish House last night.

The meeting, which was presided over by the Rev. H. J. Zimmerman, pastor, attracted a large group of parishioners and friends.

Mr. Householder declared that church responsibility to the church cannot be fulfilled merely by going to church and being called upon to contribute to the support of the church. He stressed the need for a more active participation in the life of the church.

TODAY'S BIBLE VERSE

We have no right to expect God to give us new messages if we have failed to heed the messages he has already given us...

Dr. Peter Lindstrom has at last gotten a divorce from his wife. Well, thank heaven, we were afraid he was never going to get it...

A friend of ours came in the other day to suggest that we arrange to publish a Saturday edition of The Herald...

Rep. Vinson of Georgia, chairman of the House Armed Services Committee, is proposing construction of two super-carriers capable of launching atom bomb planes...

We are glad to see a church organization condemning the practice of some churches of raising money by means of raffles and lotteries...

We wouldn't say that the local political situation is as hot as a firecracker but it is simmering...

Local Legionnaires should be interested in an article in the current issue of the American Legion Magazine by Zora Hurston...

Scattered over the Shaw garden. Only two nurses were with the elderly man at his death...

Thomas Polyn, Shaw's physician, hurried into the house 20 minutes later...

As a political propagandist he espoused the cause of the Fabian Socialists and helped lay the foundation of the present Labor Party...

He claimed to be a Communist and an atheist. But if he was a Communist, the brand was not orthodox...

He himself once declared, "religion is always right. Science always is wrong."

The President's Escape

Loyal Americans everywhere will rejoice in the escape of President Truman from the assassins' bullets at Blair House yesterday...

In the early confusion following the shooting in which two men were killed and several wounded, it was impossible to determine who the attackers were...

Mr. Truman stood the ordeal with remarkable composure. Police reported that he was probably the least excited person at Blair House...

The Puerto Ricans involved were agents of the Nationalist party which during the past week launched a revolution for the express purpose of overthrowing the government...

One can sympathize with the desire of the Puerto Ricans for independence while condemning the violence of the methods to which they have resorted...

The lesson to be learned from the incident, if one is needed, is that there are a great many evil men in the world who will stop at nothing to gain selfish ends...

The name of Sweden has become identified with the idea of the middle road in both domestic and world affairs...

Gustaf V also perceived the scourge of war, which many times in the past had lashed his nation, and through world wars he helped to keep Sweden neutral...

The attitude of the King must have been a critical factor in the development of Swedish government over the past forty years...

Connie Mack's unparalleled record of managing the same baseball team for 50 years now ended with his retirement into the club presidency...

Without contradicting the eulogies justly uttered on Mack's career, it should be said that it illustrated one old business truth: if you do not wish to be fired, buy the company...

This was not due to any managerial failing of Mack's. He was a good judge of talent, handled men wisely, and was a shrewd field strategist...

Senate Candidate Joe Hanley Enters New York Hospital

HUDSON, N.Y., Nov. 2.—(AP)—Lt. Governor Joe R. Hanley, Republican nominee for the U. S. Senate, was in a hospital today, suffering from complete exhaustion...

His physician said Hanley, 74, needed a few days of complete rest. Hanley has been a storm center of the New York state election since disclosure of a letter he wrote to Rep. W. Kingsland Mac...

An aide said last night that Hanley hoped he would be able to talk with Senate investigators at the hospital within 48 hours. Hanley was admitted to Columbia County Memorial Hospital here last night...

Gov. Robert W. Valatie said Hanley was "completely exhausted" after eight months of campaigning and a great rush of visitors for his 50th wedding anniversary...

Gov. Dewey said at New York City that Hanley had been "deeply hurt by the unprecedented mud-slinging thrown at him" by Democrats...

Hanley said in the letter that he had been assured of clearing up his financial obligations within 90 days if he ran for the Senate, rather than for governor...

Hanley said later he expected to pay his debts from an insurance policy due to mature.

Police were openly fearful of an attempt to free the 63-year-old Harvard-educated leader of the Nationalists, who exploded a bloody but abortive revolt Monday. The island government has charged that Communists egged on the revolt.

Albizu Campos was rushed to general police headquarters immediately where four district attorneys began questioning him. Two letters signed with the name of the Nationalist chief-in-command on the body of one of the revolutionary Puerto Rican gunmen who tried to assassinate President Truman in Washington yesterday.

One of the letters signed with his name and found in Washington on the body of the slain would-be assassin Grisello Torresola, said: "If for any reason it should be necessary for me to assume the leadership of the movement in the United States, you will do so without hesitation of any kind."

Albizu Campos has figured in the Nationalist Party's long record of violence since 1931. The party was founded in 1928. Estimates of its membership now range from 400 to 1,500.

The party leader was tried with seven other Nationalists in 1936 with plotting to overthrow U. S. government rule in Puerto Rico and was sentenced to 10 years in prison. Rep. Vito Marcantonio, American Labor representative from New York City, was among those who actively tried to get him out of prison.

Not until 1945 was Albizu released, however on four years' probation.

Col. Runge (Continued From Page One) develop the new field rations, based largely on a study of South Korean habits made some years ago by a Japanese scientist.

The emergency rations, small in bulk, were designed to be eaten uncooked and still be tasty and nutritious enough to give ROK soldiers the energy they need to fight.

Individual ration, clad in waterproof plastic, weighs about four pounds and provides one soldier 3,210 calories a day. Runge said about 600,000 packages a month will be ordered.

That gives enough to feed 75,000 front-line troops eight days a month on an emergency basis, he said.

ROK troops behind the lines, who can cook food without danger, will continue to get the usual ration.

Relatively, the ROKs have done as well or better than GIs in the matter of getting a balanced diet, said Runge. "Each soldier gets about a pound and a quarter of rice. But he also has canned fish, dried fish, wheat flour, rice flour and flavoring, as well as a great assortment of fresh vegetables."

Bailed To Decide

(Continued From Page One) at the present time is able to allot up to \$11,000 on a matching basis for operation of mosquito control districts. Other money to match the state contribution would have to come from public and private sources in the county, which means case would compose the district.

Specifically, voters in Key West and elsewhere in Monroe County will be asked to pass on the merits of a model mosquito control bill which has proved successful elsewhere, Mulrennan said.

The proposed act provides for the creation, organization and administration of an anti-mosquito district comprising Monroe County, Florida; providing for the appointment and election of commissioners for the district; specifying their rights, powers and duties; providing for financing by taxation, and for the disbursement of such funds; naming the duties of county commissioners, tax assessors and collectors, and providing penalties for damages to any works of the district.

It was emphasized that the proposed mosquito control bill would be limited to collecting and administering of not more than \$10,000 yearly. Any tax levied for mosquito control work would be levied only on taxable real and personal property, and that households would be exempt from such taxation.

The wounded man was moved this morning from emergency hospital, a private institution, to Galinger Hospital which is operated by the District of Columbia government. A major reason for the move is that Galinger has facilities for handling prisoners.

At Galinger, Coraso will be under 24-hour guard by metropolitan police. In addition there will be two secret service men by his bedside around the clock.

Respiratory authorities said Collazo appeared to be in fairly good shape. They said apparently his lung had not been punctured and that x-rays would be made to determine whether there had been injury to the pleura, the casing for the lungs.

So far as has been disclosed about all Collazo has told police is that Torresola was his friend and that the two came here for the express purpose of shooting Mr. Truman.

# AP Forecaster Picks SMU, Army, Kentucky And Tennessee To Win

By HAROLD CLAASSEN  
NEW YORK, Nov. 2.—(AP)—There were 51 correct forecasts in this corner a week ago. But there also were 13 incorrect ones and that perhaps is an indication that the fortunes will turn this week.

So here goes:  
SMU vs. Texas:  
Southern Methodist, now the country's No. 1 team, have the more diversified attack. Southern Methodist.

Army vs. Penn:  
There is no choice, Army. California vs. Washington:  
Don Heinrich of Washington is the nation's most accomplished passer and the Huskies' Hugh McElhenny is the eighth ranking punter. They make the forecast easy, Washington.

Alabama vs. Georgia: The Alabama attack gets stronger, week by week, Alabama.  
Oklahoma vs. Colorado: Here's where the Sooners set a modern collegiate record with their 27th consecutive victory, Oklahoma.  
Kentucky vs. Florida: Two of the nation's best passers tangled in this one with Babe Parilli expected to slide Hayward Sullivan, has, Kentucky to slide Florida.

Notre Dame vs. Navy: The Irish will be rugged from now on, Notre Dame.  
Georgetown vs. Miami: No chance for Georgetown to chalk up its second victory of the year here. It is a Friday night affair, Miami.  
Ohio State vs. Northwestern: The Buckeyes are favored but not by boxcar figures, Ohio State.  
Tennessee vs. North Carolina: The Carolinians haven't been the same since they lost to Notre Dame in the second game of the season, Tennessee.

Finishing the others in a hurry:  
Friday night  
Loyola of Los Angeles over Hardin Simmons, San Jose State over Fresno, South Carolina over Marquette, Vanderbilt over Chattanooga, Villanova over Detroit.

Saturday afternoon  
Clemson over Duquesne, Duke over Georgia Tech, LSU over Mississippi, Maryland over Georgetown, Washington, Mississippi State over Auburn, North Carolina State over Richmond, VMI over Davidson, Virginia over the Citadel, Washington & Lee over VPI.

DELAND, Nov. 2.—(Special)—Expecting a record turnout for their homecoming game at the Municipal Stadium here Saturday afternoon with the Erskine Flying Fleet. The Stetson Hatters got down to the serious side of things at Hulley Field in an arc light session last night.

Captain Joe McMillan sent his group of 40 odd youths through their paces, attacking both offensive and defensive formations in an attempt to wear the Hatter attack for the invasion of the Fleet. The Hatter mentor drilled his squad heavily on pass offense and defense, turning the session into a full-scale scrimmage before the evening was over.

"I hope my boys take this Erskine club as seriously as they should be taken. This will be no pushover game, I hope they do not overlook Erskine and begin pointing for FRU. I can not stress too earnestly that we should take the games as they come," the 26 year old Hatter coach pointed out.

All of the Hatters are expected to be in top condition for the tilt with the Fleet. Guard Charles Appel, who has been hobbling around on a sprained ankle for more than a week will be ready at wicket. Defensive End Guide Tamm Jr., who was injured last week when the Hatters upset the favored Livingston State Teachers College. The only man who might be limited duty will be Guard Kermit Cable, who is nursing an injured shoulder from the Livingston contest.

## Miami Hurricanes Play Georgetown Seeking Sixth Win

MIAMI, Nov. 2.—(AP)—The unbeaten, untied University of Miami Hurricanes go after their sixth straight football victory here tomorrow night with Georgetown University providing the opposition.

A crowd of about 32,000 is expected to see the Hurricanes in action in the Orange Bowl against the team that beat Boston College, 20-10, while losing to Penn State, 20-10, Maryland and Villanova.

Both teams will climax practice late today. Miami will have a session of signal drilling, passing and punting on the Quarterbacks Club field.

## Straight from the Horse's Mouth

By VERNON HARDIN

Thousands of persons from all over Florida gathered at Lake Alfred last weekend to see racing boats from New York, Detroit, and many other northern cities perform in the National Outboard championship races.

The angry buzz of outboard motors filled the air of the little town located about 25 miles north of Lakeland as the drivers put their highly polished crafts through their paces, each trying to outdrive and outspeed the other.

But Wiget took the spotlight Saturday, capping two titles, setting a world record in one class and easily missing in another.

The Concord, Calif. speedboat driver gunned his craft at 68.14 miles per hour to win the Class C hydroplane crown for the second straight year. The old record was 67.87 miles per hour.

Among those present was Governor Fuller Warren, who presented trophies to the various class winners at a banquet Saturday night.

After having a successful day Saturday, stiff winds Sunday kicked up the waters of Lake Alfred all day and knocked for a loop all chances of setting new world records.

During the pre-race days this city was known as well for its boat races as it was for its zoo. People from far and near used to gather along the bulkhead of Lake Monroe to watch the speedsters in action.

Upon inquiring into the disappearance of the local races I found that there was no particular reason for the discontinuance of them. The most outstanding reason uncovered was because of the unfavorable weather conditions on the anticipated racing days.

There are still innumerable racing boats in Seminole County. Many can be brought at giveaway prices since their owners' interest in them seem to have dropped. Others have boats stored in their garages where they have been since the war.

Bill Pell, local merchant and owner of one racing outfit, says, "I would like to see someone get behind owners and revive the sport. Mr. Pell asserts that his outfit has been in his garage for the past two years, having been in water but twice in that time."

At Lake Alfred, another boat owner and Coast Guard Auxiliary district head, said that if boat racing were revived in Sanford his organization would support it, giving what aid they could to make it a success.

Sanford and Seminole County could gain much valuable publicity through the resumption of boat racing. This would surely be an aid in the entertainment of tourists who will begin to arrive in this section in the near future.

Two races have been held in Sanford since the war. Both were declared a success, with the latter one, which was held on Sept. 1, 1947, being proclaimed the most successful meet ever held in this city. Sponsored by the Coast Guard Auxiliary and underwritten by the local Chamber of Commerce, it made a net profit of about \$800 plus adding the City in its bid for wide-spread publicity.

It takes a lot of time and hard work to promote these events, but it's unfortunate that after having one of their most successful meets, no more have been held.

Among those who have been active in racing and are interested in holding a meet here this winter are: Bill Jennings Jr., Jimmy Cowan, Bill Johns Jr., Harold McAlexander, Roy Tillis, Bill Pell, Charles Lansing, Carl Moss, Virgil McAlexander and Donald Knight.

Thirty-five players bettered par 72 in the final round and 41 still were under par 144 for 36 holes. There was something else.

## Woodruff Says Gator Condition Is Worst Of Year

Broadus, Nichols Are Out, But Sullivan Is Ready For Cats

GAINESVILLE, Nov. 2.—(AP)—"We're in the worst condition of the season."

That flat statement of Gator coach Bob Woodruff yesterday threw a chill into the hearts of Gator fans who were longingly hoping for a repeat performance of the Vanderbilt upset when the Florida eleven tackled unbeaten Kentucky at Lexington Saturday.

Woodruff's gloomy outlook was based upon the long Gator injury list which has weakened the squad to its lowest ebb of the season.

Biggest blow is the loss of Loren Broadus, the first senior halfback and alternate captain who was the individual standout in the 31-27 upset over Vandy and who is a top cog in the Gator pass offense.

Jack Nichols, a kick return and break-away specialist, is also listed as a probable for the game and will see little action—if any at all.

Two others definitely out of the Saturday tilt are linemen Mack Gistrip and tackle Joe Taylor.

Several of the others are likely to see action but will not be able to perform at top speed.

Travis Charles Leonard, guard Dick Reese and half back Scotty Beck are those who are nursing injuries but who will probably be pressed into action.

"You can't lay against a team like Kentucky on one leg and expect good results," Woodruff summed it up.

The mentor discarded any plans of tough work early in the week when the injury list was a apparent.

Getting ready for the Wildcats has consisted mostly of warming up the good right arm of Hayward Sullivan, the Dothan, Ala. slingshot sophomore, who is the top offensive threat of the orange.

Outsized and outmanned in the line the Gators are likely to strafe through the air with Sullivan patrolling behind against Kentucky's great Babe Parilli.

Pell, the 7' corner-back model who guided the Cats to a 28-14 win over Georgia Tech last week, was only yesterday voted the top back by the Southeastern Football Association.

In the same deal, Sullivan ranked number four.

The Gators will leave by plane tomorrow for Lexington.

The final workout here today is expected to concentrate on defensive maneuvers plus a general sharpening of both passing and running offense.

Babe Pearson, center, Mississippi tackle is a law student and president of the Ole Miss student body.

## Alabama Favored Over Undeclared Georgia Bulldogs

BIRMINGHAM, Nov. 2.—(AP)—The big battle of Legion Field is on the books Saturday between those long time foes, Alabama and Georgia.

The posters give Alabama a seven-point edge.

That makes the Georgia Bulldogs' head man Weeping Wally Butts, happy. He likewise makes even sadder "Bama's head tutor, Red Drew. Butts is in complete agreement that the Alabama Tide should be favored.

"I doubt to think what that diversified Alabama attack is going to do to our wide defense and secondary," says Butts.

"The truth of the matter is that we are just too slow in the backfield and at ends. The speed is just not there. It's nobody's fault in particular."

From this, one would assume Bulldogs just haven't a chance. But there's a catch—the song has a familiar ring. It sounds like what he said the last time Georgia visited Legion Field for a "Bama Game."

That was two years ago. Butts told me and all then that all "Bama had to do was knock down Johnnie Rauch's pass—"We've got no running attack."

But the Bulldogs charged down the middle, and Rauch connected with a considerable number of passes on the Georgians went home with a 35-0 decision.

Drew isn't convinced by Butts' "old-time Georgia" says the "Bama coach," "We will be facing our toughest opponent of 1950 and I only hope the boys can get their mind back in time to stay in the game."

"Two straight weeks of hard football against Tennessee and Mississippi State is bound to take something out of the squad," Drew added. "Scout Tom Linn tells me that Georgia is a better all-around club than Tennessee."

"We know that Georgia had an easy time with Mississippi State, winning 27-0, while we were lucky to win 14-7 after being pushed all over the field."

In addition to the State victory, Georgia defeated Maryland 27-7 and Boston College 19-7, and tied St. Mary's (7-7), North Carolina (0-0) and Louisiana State (13-13).

"Bama beat State, Tulane 26-14, Furman 34-6 and Chattanooga 27-0, and lost to Tennessee 14-9 and Vanderbilt 27-22."

The teams have swapped victories every other year for the past six seasons. Alabama holds a 17-12 edge in the series dating back to 1895. Three games ended in ties.

## "Old Aches And Pains" To Manage Memphis

MEMPHIS, Tenn., Nov. 2.—(AP)—Luke Appling, the Chicago White Sox's durable shortstop, starts a new career next spring as manager of the Memphis Chicks.

Appling, at 41 affectionately known to his teammates as "Old Aches and Pains," accepted the helm of the Class AA Southern Association club yesterday. Memphis is one of the Sox's farm clubs.

His decision ended a 20-year record breaking career as a big league shortstop in which he played the most games (2,218) and led the American League twice in hitting—1934 in 1936 and 1938 in 1947. He succeeded Al Todd, who resigned this fall after managing the Chicks two years.

There never has been a scoreless first half in 15 years' worth of Orange Bowl football games.

**HERE ARE THE FACTS CONCERNING SANITARY CONDITIONS IN SANFORD**

In a newspaper advertisement in behalf of my opponent it was stated that an open sewerage ditch existed in Sanford; also that only 44% of our city has sewerage.

I brand these statements as false and misleading and present the following report as evidence:

November 1, 1950  
Re: Raw Sewage

Pump Branch flowing thru the Georgetown section was cleaned out in 1948. No raw sewage was found to be discharging in the ditch, although a few sink drains were discharging, and owners were required to tap them into sanitary sewers.

I have inspected Pump Branch during the past week and found no sewage discharging into Pump Branch.

Sincerely,  
E. H. Johnson,  
City Sanitary Officer

Information which is available to the public reveals that 75% of our population has sanitary sewerage. City ordinance prohibits the discharge of sewage into any open ditch.

The above facts could easily have been ascertained by my opponent had he taken the trouble to look for them instead of stating false campaign propaganda.

## U.N. Indorses Security Plan Without Veto

### Assembly Agrees To U. S. Resolution By Large Majority As Reds Are Defeated

ROME, Nov. 3—(AP)—The European committee of foreign ministers, at a closed door session here, refused today to take any action on the proposal for a unified European army for defense against Communist aggression. The action was taken, informants said, because of the determined insistence of the British delegate, undersecretary Ernest Davies, that the European committee, in its charter, was not competent to act on matters of defense.

NEW YORK, Nov. 3—(AP)—The U. N. General Assembly ratified today Secretary of State Acheson's plan to a veto-free system of collective security on a world basis.

Backers of the plan said it was designed to discourage any new Korean-type aggressions. It will prevent a freezing of U. N. peace preserving activities by a veto in the Security Council.

The resolution calls for a peace patrol to check on the world's trouble spots, the calling of emergency assembly sessions on 24 hours notice and the earmarking and training of military units by member nations for U. N. use.

By overwhelming majorities the Assembly voted down a series of Soviet amendments which would have emasculated the resolution. The voting was a long process, with the count being taken first by sections and then on the entire plan. The vote on the whole resolution was 52 to 5 with 2 abstaining.

The Soviet bloc cast the five opposing votes. India and Argentina abstained. Lebanon was absent.

After the result was announced, Assembly president Nasrallah Entezam of Iran said the resolution was the most important of the session and declared that it constituted the most far-reaching action ever taken by an Assembly.

He told the delegates: "It is now for us to show the world we are uniting for peace." The resolution was guided through the 60-nation political maze by the U. S. State Department.

## Sanford Civil Air Group Needs Plane For Defense Work

The Sanford Squadron of the Civil Air Patrol is badly in need of an airplane for defense and rescue work, David L. Remley, member of the squadron, declared today.

Due to a rotation program set up by Army Air Force headquarters, the squadron has lost its Army airplane which it needs very much in order to carry out its defense and rescue work, he added.

It is imperative that the Sanford Squadron have an airplane. Ways and means of raising the money to purchase an airplane were discussed at the meeting Wednesday night. About \$200 was pledged by the members, but an additional \$400 will be required to buy a suitable airplane, Mr. Remley pointed out.

Several plans were discussed and it was decided to approach the City and County officials, civic clubs and business houses. Personal contributions will be gratefully received, he said.

The membership maintains the airplane and each member flying pays his own expenses for each flight. There is no compensation for search and rescue missions and Squadron stands ready at all times to make such missions.

Several squadrons in Florida have had airplanes donated by public spirited people, Mr. Remley stated. Donations may be presented to Francis Roumillat at Roumillat and Anderson's Drug Store or at Remley's Restaurant in the main hangar at the Airport.

NICKEL POP  
SAN FRANCISCO, Nov. 3—(AP)—It's OK, kiddies. Your nickel will buy a bottle of pop for a while yet.

The American Bottlers of Carbonated Beverages ended their convention without acting on the hotly debated issue. But they weren't happy about it.

And Alvin G. Bonham of Nashville, Tenn., assuming the presidency, predicted the industry cannot stick with its alcohol price. He said equipment prices have risen 70 per cent since 1949 and payroll and other operating costs have gone up too.

## French Withdraw From Fortress On Red China Border

### Laokay Is Abandoned As Troops Retreat Before Red Forces

SANGON, Indochina, Nov. 3—(AP)—The French have retreated from Laokay, their last fortress on their northwest frontier with Red China, a spokesman announced today.

The garrison of about 1,200 Senegalese and Algerian colonial forces began pulling out Wednesday and completed evacuation of the important outpost on the Red River, 150 miles northwest of Hanoi, on Thursday.

The troops were said to be making a fighting retreat toward the west into mountainous country occupied by Thai tribesmen. The Thai's Moscow-backed Vietnam rebels were harassing the retreating but the withdrawal was reported to be progressing successfully.

Much of the rainy season, however, blocked the French Air Force from furnishing the planned air cover for the retreat. A steady parade of warplanes, most of them from Hanoi Air Base Wednesday, but fog grounded all planes by Thursday.

Laokay has been isolated for months except for an airlift, and recently had been under a menacing encircling attack by Communist forces.

## Dixie Educational Plan May Be Used Nationally Soon

### Former Florida Governor Says Cooperation Is Needed

CHARLESTON, S. C., Nov. 3—(AP)—Chairman Millard Caldwell of the Southern Regional Education Board today predicted Dixie educational training setup eventually will grow into a national educational program.

In an address prepared for delivery before the Association of Governing Boards of State Universities and Allied Institutions, Caldwell declared "I am convinced that we can not stop at regional planning any more than we can stop with state planning."

Under the regional plan, students who want professional training not available in their own states can attend the colleges and universities which offer them in other Southern states. The idea is to get a few excellent schools instead of many mediocre ones in the Southern area.

If that kind of planning and action can be continued for 25 years or more, I think that we'll get a much more significant program of graduate and professional work across the nation," Caldwell said.

### Truman Will Attend Funeral Of Leslie Coffelt Tomorrow

SAN JUAN, Puerto Rico, Nov. 3—(AP)—A sweeping police raid on the Communist Party continued in full swing today. CLEVELAND, Nov. 3—(AP)—There are about 23,000 unemployed persons in Cleveland, the smallest number since V. J. day, the Ohio State Employment Service reported today.

TALAHASSEE, Nov. 3—(AP)—Monroe county, which has most of its population at Key West far removed from the rest of the state, wants a circuit court all its own.

The state's voters will decide Tuesday whether to change the constitution and set it up.

The constitution at present says there shall be only 15 judicial circuits and none shall have less than 50,000 population. Monroe county, by the latest census, has only 25,000 residents and is linked in the 11th judicial circuit with its nearest neighbor—populous Dade county.

Actually, by tradition one of the circuit's judges is a resident of Key West and spends most of his time there. There also is an assistant state attorney who is appointed by the governor and spends nearly all his time in Monroe county.

However, the judge assigned to Monroe county is elected by voters in both Monroe and Dade. Monroe county sponsors of the amendment say Dade county's superior voting strength could

## United Nations Force Shorten, Front As Counter-Attacking Reds Forge Ahead

By ASSOCIATED PRESS  
SEOUL, Nov. 3—(AP)—Allied forces muddled in a desultory counter-attack to recapture remnants of two trapped American prisoners in the ongoing United Nations line in northwest Korea.

The desultory line the Allies more than 400 miles southeast of North Korean Red and their Chinese Communist comrades. It is not clear if the U. N. force would be satisfied if it stopped until the weather cleared.

A captured Chinese and U. N. Red counter-attack led out the U. N. forces, pushing back in virtually every sector of the front, but only 47 miles north of their fallen capital of Pyongyang.

The U. N. withdrawal on the west coast road pulled a tank and pushed 30 miles back from its forward advance point 45 miles south of Red China's Manchurian border.

After the downpour Friday evening, Allied forces neither advanced nor retreated.

There was movement on the northwest front but U. N. commander Frank McBeth said U. S. First Corps spokesman declared it merely a "jockeying for position."

One unit of the South Korean First Division was reported in contact with the enemy in the U. N. area. Army spokesman did not elaborate.

The Red led the Allies' enemy follow throughout the week. Much equipment was captured by the Reds, including 14 American tanks.

Only U. S. Marines in the northwest sector in the offensive and then they were followed by a fierce Red counter-attack.

U. S. Eighth Army headquarters man and it was not clear if the situation was serious.
