

Mary E. Taylor 97 Year Old Geneva Resident Is Dead

Mrs. Mary E. Taylor, 97 year old resident of Geneva died at her home Wednesday following an illness of several weeks.

Mrs. Taylor was born at Micanopy, Alachua county, Mar. 1, 1852 and moved to Orlando 29 years ago with her parents, Algert G. and Ann Elizabeth Roberts. She was one of 11 children, who attended school in a log cabin in which the court house was also located.

Following her marriage to William Larkin Taylor they moved to Geneva in 1873. Mrs. Taylor lived to see five generations of her mortals off to war, including the Indian Mexican, Civil, Spanish American and World War I and II; also to see seven of her great grand children.

Mrs. Taylor is survived by one daughter, Mrs. Emma Harper and two sons, George and Mikel Taylor, all of Geneva; nine grandchildren and 20 great grandchildren and seven great grand children. Also two sisters, Mrs. Sarah Mixell Taylor of Orlando and Mrs. Carrie Ullala Holmes of Fort Pierce.

Funeral services will be held Sunday at 3:00 P. M. at the Methodist Church in Geneva with Rev. John T. Adams officiating. Active pallbearers will include William Kilgus, Walter Yarborough, Walker Prevatt, O. R. Mathieux, Tom McLain, Jr. and Frank Pitts. Honorary pallbearers will be Arthur Lindsay, Lester Harper, Melvin Harper, Joe Allen, Dan Drizgers, Joe Mathieux and Allen Taylor.

BOAT IN DISTRESS
MIAMI, Nov. 25 (AP)—A Coast Guard plane from St. Petersburg and a cutter from Charleston were rushing to the aid of a sloop wrecked in the Gulf of Mexico, 60 miles east of Savannah today.

Coast Guard Air-Sea Rescue Headquarters said the 63-foot craft "Good Hope," with five people aboard, radioed she was taking on water and desired assistance at 4:18 A. M.

The oldest school of record in Austria was a monastery school founded in Salzburg in 745.

Mrs. Willie P. Slone Awarded Gold Pin

Mrs. Willie P. Slone, operator of the Sanford exchange of the Southern Bell Telephone Co., will observe the 25th anniversary of her telephone career tomorrow.

She spent the early part of her telephone career, starting in 1924 in the Traffic Department at Webster, came to Oviedo in 1928 and to Sanford in 1941. She has lived in Oviedo for 21 years.

In recognition of her long and loyal service to the company and to subscribers, Mrs. Slone will be awarded a gold pin containing five stars, one for each five year period of service.

Mrs. Slone stated recently that one of her very vivid memories is that of working the switchboard by lamp light.

Vegetable Market

Eggplant, bushels, fair quality 2.00-2.25.

Lettices, eastern crates big Boston 2 dozen 2.50. Romaine 1.50-2.00.

Limes, no sales reported.

Cucumbers, bushels 2.25-3.00, few 3.00. Large size, poorer quality 1.50-2.00. Large size, regular quality 1.50-2.00, plucks 2.00-2.50.

Peppers, bushels, Anaheim 1.00-1.75. Hungarian wax 1.50.

Squash, 3/4 bushels, yellow straight-neck 2.50-2.50, poorer 1.00. 1/2 bushels, 2.25-3.00, better size 1.75-2.00. Bushels, large 2.00-2.50, few 2.00.

Tomatoes, field boxes 6x7 size 12.50, 7x7 size 10.00.

The Supreme Court Chamber in Washington contains only 315 seats.

The dog family includes various kinds of dogs, wolves, jackals, and foxes.

Head Of Japanese Boy Scout Group Studies In U. S.

By JERRY O'BRIEN
 AP News Features

SPRINGFIELD, Wash.—George Inoué, national field secretary for the Boy Scouts of Japan, has enrolled at Whitworth College as a freshman in social work. This is the second time that Inoué has been a college freshman, but today he's a lot more optimistic about his own and his country's future than he was when he first tried college six years ago.

He was in his second month at a Tokyo university in 1943 when the Japanese draft swept him into a naval officers training school. Then as a 17-year old cadet Inoué said he was certain that Japan could not win the war and that he would surely be killed in action. He says he was so sure that he volunteered to be a Kamikaze pilot "to get it over with."

But the Japanese turned down his request to fly a suicide plane and in May, 1945 he was commissioned an ensign in the Emperor's navy. Before he could be assigned to a ship the war was over.

Inoué took off his ensign's uniform and burned it in accordance with occupation orders. But in a few months he put on another uniform that of the Boy Scouts of Japan and at 21 became the national field secretary.

Inoué says the scouting program in Japan is poorly organized but could be a great help in rehabilitation of the country. "The younger generation in Japan didn't have a good education because of the war," he said, "and most of them at present don't care what happened. I want to help remedy this."

He hopes to take executive scout training in New Jersey and in London after graduating from Whitworth and then return to Japan to train future Boy Scout leaders.

Inoué first became interested in scouting in Honolulu where he attended grade school and learned English. He recalls that as a member of Honolulu troop 36 he helped form a honor guard for Franklin D. Roosevelt when the late President visited the islands in 1935. When he returned to Tokyo for high school he remained active in Boy Scout work.

Unity Nations

of a substitute proposal, reaffirming the basic essentials for world peace in the U. N. Charter.

The Russians proposal contained three major points:

(1) Condemning what Moscow calls preparations for a new war, especially by the U. S. and Britain.

(2) Demanding immediate prohibition of the atom bomb and a convention for establishing international control of atomic energy.

(3) Urging the conclusion of a new peace pact among the U. S., Britain, Russia, France and China.

The committee then voted on the U. S. British proposal which charter and laid down 12 essential elements for world peace. The committee approved the western proposal by overwhelming votes in paragraph-by-paragraph balloting. The Russian bloc voted against some sections and abstained on others.

The U. N. treated Moscow's major 1949 diplomatic effort here to defeat by an average vote of about 51 to 5. It added a further setback to Stalin's delegation by accepting the alternate western proposal by an even wider margin in detailed voting.

Yugoslavia wavered in the balloting on the western resolution but generally voted against the Soviet Union.

Next up in the political committee is Nationalist China's charge that Russia is abiding the Chinese back to Stalin's delegation by accepting the alternate western proposal by an even wider margin in detailed voting.

Vi-hinsky has told the assembly Moscow no longer considers the Nationalist delegation here as the rightful representative of China. Dr. T. T. Tsing, head of the Nationalist delegation by appointment of Generalissimo Chiang Kai-Shek, had a long speech ready to defend the charges.

Tsing's right to speak was expected to be challenged by the Russian bloc at the outset of debate scheduled to begin at 3 P. M.

Approximately 91 per cent of Austria's population is Roman Catholics. The others are Lutherans, Calvinists and Jews.

Murray Tells CIO That Communism Threatens Unions

PHILADELPHIA, Nov. 22—(AP)—President Philip Murray told the organizational convention of the CIO a new national Workers Union today that the major issue facing it in working out its strategy is "unintegrated Communism."

Murray was greeted by outbursts of applause and whistling from the 200 delegates. He received much of his speech by a review of conditions which led to the formation of the CIO convention in Cleveland. He described leadership of the U. S. in international relations and aims of the American labor movement and strategy of the CIO.

Murray declared that other unions affiliated with the CIO will be merged on the basis of the U. S. charges of being Communist led. He did not name the unions.

The CIO president said "I have come here in a friendly spirit to support you against all your enemies — and I care not who those enemies may be. I swear to you that I will fight them with every ounce of the energy and wisdom which the people of this country have bestowed upon me."

Greek Report

(Continued from page one) are prepared to supply an even greater volume of aid than previously. "We intend to sustain the Greek government."

The report disclosed that in order to crush the Communist rebellion, the United States applied a total of \$472,401,000 in military and economic aid. Of this total \$345,235,000 went for military supplies.

In telling Congress of the apparent success of the program, Mr. Truman said the main reason for victory is the "courage of Greece. The people had fighting spirit."

Without the Greek will to resist, he said, "it is unlikely that foreign aid, or international diplomacy, or fortuitous developments could have halted the drive of Communism toward the Mediterranean."

He said the Greek government armed forces still must be supported by the United States. He said the immediate threat to Greece is ever, both Greece and Turkey, the report noted, are due to get additional military help under the new military assistance program which also is to help warm the Atlantic and countries of Western Europe.

In reporting on the American military aid program for Turkey, the report disclosed that a total of \$102,000,000 has been allocated to bolster the Turkish armed forces.

Dellary News

Thanksgiving afternoon Mr. and Mrs. Walter Clement, Mr. and Mrs. Alfred Gover and daughter Helen, Mr. James Romney, Mr. and Mrs. Dale Duallite and son Freeland and Mr. and Mrs. Anthony Oppel observed Thanksgiving at the McFarlin Inn.

British Slackers

(Continued from page one) "The task of buying ever larger quantities of food from abroad is most difficult for a virtually bankrupt country."

To make things worse, he declared, immigrants are pouring into the island. "Inhabitants of the West Indies who can claim British citizenship, for example are coming to Britain in large numbers to enjoy the benefits of the Welfare State," Dr. Barnes said.

"We must limit immigration, whether from India, South Africa, the West Indies or Eastern Europe. We must educate our society to have smaller families, we must have medically controlled sterilization of the unfit on a large scale."

Dr. Barnes said many British are coming around to the view that there should be medically controlled eugenics—merely dated for defective babies. He added: "At least 90 per cent of feeble-mindedness is inherited. A plan is being worked out for sterilization of the unfit will have to be essential in our social organization."

He said the government should be able to help the poor and unfortunate, but only if the Welfare State is supported rather than improve the quality of our population."

United Jewish Appeal To Raise \$272,455,800

ATLANTIC CITY, N. J., Nov. 22—(AP)—A sum of \$272,455,800—more than any private organization ever has tried to raise in one year—is the goal of the United Jewish Appeal in 1950.

Delegates to the appeal's National Conference yesterday approved the fund raising campaign to meet what was termed the minimum requirements of world-wide Jewry.

Henry Morgenthau, Jr., general chairman of the U. S. fund, told the conference that Jews in the United States had contributed almost \$110,000,000 so far in 1949.

Non Intervention

(Continued from page one) American proposal. "I think the U. S. should make a specific demand that no country give any father aid to the Chinese Communists."

The committee then voted 36 to 2 to adjourn debate on the Chinese-Russia dispute until later in the week as the top-ranking delegates can go to Flushing Meadows park to take part in primary meetings of the assembly. The assembly will take up tomorrow a 12-point peace proposal sponsored by the western powers.

Meanwhile at Chungking the Nationalists claimed they had stabilized the front less than 20 miles from this so-called capital. Officials, however, were set to flee the city tomorrow.

An Associated Press dispatch from Formosa dated about an hour and a half earlier said the Communists broke into a suburb 12 miles from Chungking proper and then were driven out.

Earlier reports reaching here said the city's defenses were smashed at a point little more than 20 miles from Chungking. The report was expected to be temporary. The government expects to be working some time tomorrow from Chungking, 110 miles northwest of Chungking.

The dispatch from Formosa quoted authoritative sources there as saying the government already had moved to Chengtu. It is possible this report is accurate. Industry officials who have gone there.

Reports putting the Communists 20 miles or closer to Chungking and confusion attending to clouded followed the news. Roads leading out of the city were cluttered with refugees.

Vandenberg, Air Force Chief of Staff. (International)

Suction From Train Kills Three Women

BARY, Ind., Nov. 22—(AP)—Three women were killed yesterday when they were drawn against the side of a fast passenger train as they were standing on a station platform. Two men were hurt.

Mrs. Julie Holten-ten, 32, of Detroit, died this morning of a skull fracture. Mrs. Rose Nury, 51, and Mrs. Ruby Winters, 30, both of Gary, died almost instantly.

Mrs. Nury's husband, Joseph, 45, was taken to a hospital with back injuries and shock. Otis Hulse, 32, of Gary, suffered a mangled right hand.

The victims were waiting for another train. A fireman on a train standing nearby told police he tried to warn them they were standing too close to the track.

Police are making an investigation. Gary has a speed limit of 40 miles an hour for street cars. East trains make a station as they pass by.

The train involved in the accident was the Twilight Limited of the Michigan Central Railroad. It was en route from Chicago to Detroit.

Texas University varsity athletes were killed in a train accident near Dallas. The train was carrying a football team.

ATOM PLANT

WASHINGTON, Nov. 22—(AP)—The Atomic Energy Commission disclosed today that it has worked out scientific designs for a plant to "breed" precious atomic materials.

If the plant works as anticipated, it will be of momentous importance in supplying atomic materials for such peacetime projects as atom-powered ships and aircraft.

The announcement was made in connection with a news conference held by David E. Lilienthal, the retiring AEC chairman. Dr. Lawrence H. Hulsizer, acting director of the AEC's "reactor development" program.

Hulsizer called it "the biggest forward step in peacetime application of atomic energy."

HISS TRIAL

NEW YORK, Nov. 22—(AP)—Two mysterious figures were introduced into evidence in the second and perjury trial of Alger Hiss today.

The defense identified the two only as "Mr. X" and "Mr. Y," and brought them into the case in an effort to show a pre-war espionage ring in Washington was in a position to have more than one State Department contact.

Pope Plus Suggests World Thanksgiving

VATICAN CITY, Nov. 22—(AP)—Pope Plus XII today suggested universal observance of America's traditional Thanksgiving day.

"Our heart is touched and comforted by this recurring evidence—and would that it were universal—and one of the very first charges linked to the mission of responsible state-manship."

He reminded the legislators that to be sincerely grateful for God's gifts "commits a public servant to a program as well as a proclamation."

ALLIED DEFENSE

PARIS, Nov. 22—(AP)—The three top soldiers of the western world today started planning an Arctic-to-Alexandria defense line against aggression. The projected line is intended to stop Russia from trampling Europe in the event of a third World War.

Chief of staff of the United States, France and Britain met in the first of a series of conferences to complete an integrated defense plan for the 12 nations which signed the North Atlantic defense treaty.

Stores Vie For Christmas Trade With Courteous Clerks, Bargains

By DOROTHY ROE
Associated Press Fashion Editor

Prospective Santas can drive a good bargain this year. Christmas shoppers who may have been intimidated by supercilious sales people and sky-rocketing prices in recent years may expect a change of atmosphere this season.

Now the shops are ready to roll out the red carpet to greet the customers, competition is brisk among the sellers, and sales staffs have developed an eager courtesy. Times have returned to normal, and once more the customer is always right.

There will be plenty of almost everything a generous Santa might desire this year, too. The only possible shortage in stores is in the household equipment field. Such things as toasters, electric percolators, mixers and possibly refrigerators and washing machines may be in short supply because of the steel strike. But otherwise the Christmas shelves are filled and waiting.

Probably the most popular single item in the gift lineup for women of all ages this year will be nylon lingerie. And this time there should be enough to go around. Everybody, from college girls to their glibly trotting mothers, seems to want the gauzy, quick-drying garments that are so easy to launder and manage to look so fragile despite their iron strength. Negligees, nightgowns, slips, bras, panties and even girdles of nylon will occupy top position on the 1949 Christmas tree. The men of the family will get in on the nylon bonanza, also. Nylon shirts are widely available now in conservative styles, and there also are nylon socks, ties, shorts and even sweaters to make Christmas merry for Dad.

Small fry will find the toy pack well filled with new and exciting playthings this year. For little Sis there is a doll with a phonograph record inside which can sing only "Mama" but carries on a brisk conversation. The ever-popular Doolittle dolls now come equipped with sanitary cans for the diapers, rubber gloves for the small mother, bathing tubs, bottles and paraphernalia for mixing formulas. Boys will like the new filling

stations which actually work, the chemistry sets equipped with real uranium, and other refinements of the atomic age.

A whole new array of magnetic toys will amaze the junior and befuddle the grownups this year. There are magnetized pictures on which the child may apply nursery rhyme figures which snap in place, magnetized pistols which always point north and make paper clips jump, magnetized heads with assorted features which may be switched endlessly to provide a variety of funny faces.

In the luxury brackets, fur coats and diamonds are both slightly lower in price this year, though still subject to the luxury tax. Good luggage also is easier to come by than formerly, but also still bears the 20 per cent tax.

Fine perfumes are pouring into this country from France in more than pre-war supply, and several famous old houses have introduced new scents to captivate the feminine fancy and provide new gift ideas for doting husbands and fathers.

Even automobiles may be delivered in time for Christmas, and the prices may be just slightly lower—not much, but a little.

As for the groaning board, there will be no shortages on the Christmas dinner table this year. A bumper crop of turkeys is ready for holiday consumption, and all the trimmings are bountiful supply—apples, nuts, candied, cranberries, pumpkins and staple vegetables.

Christmas shopping should be a pleasure this year, at long last, and Mr. and Mrs. U. S. A. can look forward to an honest-to-goodness Merry Christmas.

COOKING'S FUN
Fried Scallops with Tartar Sauce, Green Salad with Sliced Tomatoes, Chilled Clam Juice, New-Season Pie, Hangerpot Baked Potatoes.

DOUBLE BOILER RHUBARB
Ingredients: 2 pounds rhubarb (about), 1 1/4 cups sugar.
Method: Cut leaves off rhubarb and discard. Wash stalks under cold running water, using a vegetable brush if necessary. Do not peel the rhubarb unless the skin is very tough. Put stalks on cutting board and slice into one-inch lengths; place in top part of double boiler, add the sugar and mix with a spoon. Cover tightly, cook over boiling water until tender—about 30 to 45 minutes.

Ingredients: 1/2 teaspoon salt, 1/2 cup olive oil.
Method: Put the salt, pepper, paprika and sugar in a container. Add the vinegar and stir well. Add the olive oil and beat or shake thoroughly.

Choo-Choo Justice Picked By Writers As Top SC Player

RALEIGH, N. C., Nov. 28.—(AP)—The Southern Conference sports writers' association has named Charlie Justice the conference's football player of the year.

Right behind the All-America North Carolina halfback was his favorite pass-receiver, end Art Weiner. Tackle Lou Allen of Duke nailed down the third slot in a vote. The results were announced yesterday.

Justice and Weiner wound up their regular season college careers against Virginia Saturday, Justice scoring one touchdown and Weiner catching a Justice pass for another in North Carolina's 14-7 victory. Allen ended his college career in Duke's 21-20 loss to North Carolina Nov. 19.

In the nine games he played this year, Justice completed 54 of 99 passes for 731 yards and six touchdowns, and accounted for six more scores in his 123 rushes which accounted for 377 yards. He kicked a total of 2,777 yards in booting 63 times for a 44-yard average.

Weiner caught 52 passes this year for 792 yards. He was one pass short of tying the national record.

Allen, who rated high as both an offensive and defensive player, concentrated on offense in the last season, during which Coach Wallace Wade installed the two-plate system. Time and time again he was credited with smashing blocks that let Duke backs break away for sizeable gains.

Try and Stop Me

By BENNETT CURT

THE New York debut of "Gorgeous George," a wrestler from Hollywood with more flair for publicity than a half Nelson or scissor hold, was not an unqualified triumph. "Gorgeous George" wears a blond wig and sooty dressing gown, and before he swishes into the ring on attendant sprays the mat and the opponent with perfume.

New York press comments included: "It was a performance that should be put—we hope" (Times); "The Board of Health will certainly prevent this sort of thing in warm weather" (Mirror); "Gorgeous George weighed 266 pounds before the match and the promoter about 23,000 less after it" (Times). The usually disdainful critic of the New Yorker, however, was more tolerant for once. He observed—and I agree with him, "Maybe all of us are glibbed with tales of trials of Communists in anti-Communist countries and anti-Communists in Communist countries. Maybe what this country needs is a general recrudescence of demagoguery."

"Better than ever!" NEW 1950 MERCURY

Always was great car last year—outstanding in everything! Today—the big, beautiful new 1950 Mercury is better than ever in every way—styling, performance, economy, comfort and value! Come in and see it today!

SEE—TRY THESE "BETTER THAN EVER" FEATURES OF THE NEW 1950 MERCURY!

- New advanced design plus luxurious new "Customized" interiors make the 1950 Mercury better than ever in styling!
- "Econ-O-Miser" Carburetor makes Mercury economy better than ever, too!
- "Hi-Power Compression" makes Mercury performance better than ever!
- "Steady-Line" steering makes Mercury better than ever to handle!
- "Super-Safety" brakes make Mercury safety better than ever!
- "Hi-Wide" visibility makes Mercury better than ever in all-around road vision!
- "Safe-T-Vue" instrument panel makes Mercury driving ease better than ever, too!
- "Cushion-Coil" front springing makes Mercury riding comfort better than ever!
- "Lounge-Rest" foam-rubber cushioning makes Mercury seating comfort better than ever, too!
- Fiberglas insulation makes Mercury better than ever in summer or winter!

BETTER IN ECONOMY!
Last year, many Mercury owners reported 17, 18, 19 miles per gallon! This year, the 1950 Mercury's better than ever in economy—with new improvements in Mercury's gas-saving "Econ-O-Miser" Carburetor! Mercury's shifty Touch-O-Matic Overdrive, optional at extra cost, adds even more miles to Mercury's unusual gasoline economy!

BETTER IN COMFORT!
Smooth-riding Mercury now rides smoother than ever—thanks to improved "Cushion-Coil" front springing... new "Lounge-Rest" Foam-Rubber Seat Cushions! Steers easier, too, with improved "Steady-Line" steering. Warmer in winter with new, faster-heating "Merco-Therm" heating system, optional at extra cost, plus Fiberglas insulation!

BETTER IN PERFORMANCE!
For day-in, day-out dependability, there's no car like the 1950 Mercury with its improved, new "Split-See" and "Split-Feel" plus "Hi-Power Compression" 111's got "get-up-and-go" to spare! And Mercury's smoother, livelier cylinder, V-type engine is built to go farther with less maintenance!

BETTER IN VALUE!
Every way you consider it, the new 1950 Mercury is better than ever to own! Better in comfort! Better in performance! Better in economy! And because Mercury popularity is growing so fast, its resale value is better than ever, too. Get the new 1950 Mercury—and get 1950's "better than ever" now car value!

IT'S "BETTER THAN EVER" TO MAKE YOUR NEXT CAR **MERCURY!**

Fisher Named To FSL, 3 Veterans Allowed

Gene Fisher Is Chosen League Secretary Shaunessy Play To Continue In 1951

By OLAF ZEWADESKI
The Florida State Baseball League decided Sunday that each of the eight clubs composing the league must have at least one veteran player, and only three veteran players. The rest could be limited service men—it was agreed.

Earl Bussey, newly elected League president from St. Augustine, proposed that Gene Fisher be retained by the League as combination secretary-treasurer-statistician and a unanimous approval by the group gave this one-time League vice president the job.

The meeting was held in Orlando at the Angelbilt Hotel where the group of six directors, owners and sportswriters to guests of John Ginzol, business manager of the Orlando club, who provided a delicious thick-steak dinner before the business discussion.

In proposing that Gene Fisher be hired as League secretary, President Bussey told the group that personal business prevented him from handling the League's involved paper work and that "Mr. Fisher is the most logical choice for the job, both for his knowledge of business affairs and baseball."

Before the directors decided on the number of veteran players to be controlled by each club, Al Folds of Gainesville made a motion to increase the number from the three allowed last year, to four, but the motion was rejected and it was agreed to have only three veterans including playing managers.

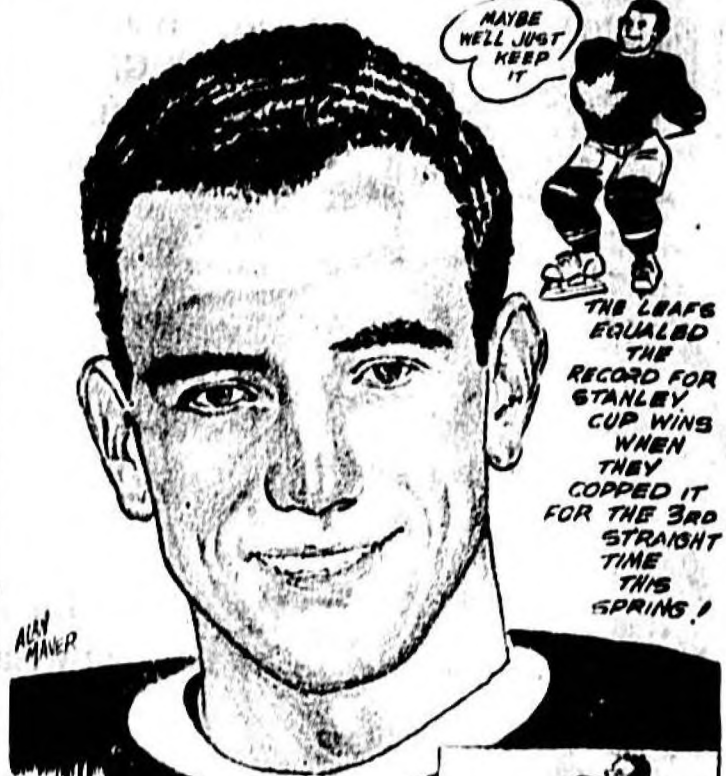

It was also decided by the directors that Bussey and Fisher should attend the National Baseball Association convention in December to represent the League and vote on the amendment to the national constitution that will be presented at the meeting.

Mr. Folds, director of the Gainesville club, proposed the League system playoff game with the Georgia-Florida circuit in addition to the Shaunessy playoff, but the motion was defeated in a 3-2 majority vote.

Hal Gruber, of Sanford, said he "feared a half month of baseball are long enough, but an added playoff is just too much baseball both for fans and players." The League decided to continue the Shaunessy series.

In closing the meeting President Bussey stated, "My chief aim as League President is unite our clubs. The more time in the year we have dispersed in too many ways... We must follow national baseball rules and our own... I want to keep costs down and... promote the best interests of the Florida State League."

Eagles Eye Pro League Playoff After Sparring Steelers, 34-17

By MILD FARNETH
NEW YORK, Nov. 28.—(AP)—The Philadelphia Eagles and National Football League Eastern Division champions Pittsburgh Steelers, today waited for their championship playoff opponent as the Pittsburgh Steelers, 34-17.

The Eagles have two games left in league play but are too far ahead to be caught by the New York Giants.

Los Angeles stayed ahead of the Bears, defeating the New York Bulldogs, 42 to 20. If the Rams win the western title is the Bruins.

George Battenman, another Pittsburgh player, played his final regular season game in the All-America as Buffalo defeated Baltimore 38 to 14. He has signed to play next year with the New York Bulldogs of the National League.

Gene (Choo-Choo) Roberts, Pittsburgh's National League scoring leader in leading the New York Giants to victory over Washington, 23 to 7.

Although his Green Bay Packers bowed to the Chicago Cardinals, 41 to 21, Tony Thumalo ran for 122 yards to bring his season total up to 953.

Landon Leads State Big Ten In Final Week

Unbeaten Landon Has St. Pete To Trim To Remain On Top

JACKSONVILLE, Nov. 28.—(Special)—Unbeaten Landon leads its seventh Big Ten Football Conference victory Friday night in St. Petersburg as the 1949 loop season comes to a close.

In addition to the Landon-St. Petersburg encounter, Edison Invaders, the Lakeland club, Friday night in the only other league game. Miami Jackson faces Ponce de Leon High in Miami Thursday night in a non-conference game.

While Landon and Lee are tied in the win-loss column six weeks into the season, Landon stands no chance of winning the championship as the Generals have it sewed up according to Dickinson Rating System, 7-0.

Lee capped off its near-perfect season last week by tripping an inspired Jacksonville Jacksonville team, 7-0. Noted for their rugged running game, the general had to leave the ground and pitch a pass to win. Quarterback Don Bennett hit Ed Clinton Thoms with a 24-yard pass and the flanker went two more yards after the catch to score.

Lakeland's bombing Dreadsnight's tipped a fighting Jacksonville team, 7-0. Noted for their rugged running game, the general had to leave the ground and pitch a pass to win.

In other league games last week, Hillsborough, started Point 34-7, in their traditional Thanksgiving Day battle in Tampa and Jefferson blanked St. Petersburg, 21-0.

Against non-conference opponents West Palm Beach and Ft. Lauderdale won but Edison was thumped. The Willets beat Lake Wales, 13-0, and the Edison 13-0. Noted for their rugged running game, the general had to leave the ground and pitch a pass to win.

Landon and Miami, Jacksonville were tied last week. The Lakeland club, Friday night in the only other league game. Miami Jackson faces Ponce de Leon High in Miami Thursday night in a non-conference game.

Squad Boat Pilots Invited To Race In Miami Festival

MIAMI, Nov. 28. (Special)—Nearly 2,000 invitations were in the mail to leading boat clubs to send their top inboard and outboard pilots to the Orange Bowl Regatta on Biscayne Bay, New Year's Day.

Leading early season in the powerboat competition include a quintet of St. Petersburg pilots, including two record holders, Les Trifon, will race his own design Tornado Class C world speedster which clipped off a 52.386 miles per hour for a record over a five-mile course last year in Indian Creek.

The 1949 are due for a race for their money in clashing with Sammy Crooks in his twin engine 90 cubic inch inboard. Howard Hibbet will bring a 225 as will Ray Gasner, who recently imported one from California.

Although an 800 unsheduled as an inboard class, Marjorie Howard is ready to pit his 80 against a field if enough entries can be recruited to make a race out of it.

SHREED IN TOP GOLFER SOUTHERN PINES, N. C. Nov. 28.—(AP)—The 22nd annual meeting of the Professional Golfers' Association of America opened a four-day tournament today with the usual reports of officers and committees.

Sooners, LSU Vie In Classic Sugar Bowl Tilt

Oklahoma Unbeaten Since Santa Clara Opener Last Year

NEW ORLEANS, Nov. 28.—(AP)—Oklahoma undefeated Sooners and perennial Louisiana State University will play in the 1950 Sugar Bowl football game.

The official announcement that both teams had accepted bids for the Jan. 2 classic was made yesterday after the longest Sugar Bowl committee meeting on record. The news of the selections was given out 24 hours after the committee went into session.

Oklahoma said Saturday it had accepted a bid. But LSU had to get permission by a telegraphic poll of the Southeastern Conference because it had not won more than three-fourths of its Sugar Bowl games as required by the conference for eligibility.

The permission will be given formally at a meeting of the conference in Biloxi, Miss., Dec. 8-10. The Sugar Bowl game will match teams that have come through their seasons with great strength. Team power has been the Sooners' greatest asset and team spirit Louisiana State's.

Oklahoma, third ranking team in the nation, is Big Seven conference champion and hasn't lost a game on the opening of the 1949 season. The victory was a 14-0 decision over North Carolina in the 1949 Sugar Bowl game.

Louisiana State, winner of only three games last season, bounced back to become the Cinderella team after dropping the early season games to Kentucky and Georgia.

LSU was never a contender for the Southeastern Conference championship, but the Tigers have scouted the big chiefs of three leagues. Two of the victims will play in the Cotton Bowl.

The trio includes Rice of the Southwest, Tulane of the Southeast, and North Carolina of the South. Carolina and Rice are Cotton Bowl opponents. The LSU 21-0 victory over Tulane Saturday before the defeat Tulane had been rumored to have the inside track for the post-season game.

Among Oklahoma's victims is Santa Clara, one of the Orange Bowl teams.

LSU had more, although not as good as its record. Santa Clara's experience as Oklahoma. The 1950 game will be the fourth for the Tigers, since the annual event was begun in 1935.

LSU lost three Sugar Bowl games in straight appearance. Victors were Texas Christian 33-0 in 1936, Santa Clara 21-14 in 1937 and Santa Clara 6-0 in 1938. Wofford to pay each school about \$122,000.

Bowl Games And Opposing Teams Boast Nation's Ace Gridders

NEW YORK, Nov. 28.—(AP)—Here's how the college teams are lined up for various bowl games, with several selections yet to be announced:

December 3: Glass Bowl, Toledo, O.—U. of Toledo (6-3) vs U. of Cincinnati (6-4).

December 10: Little Rose Bowl, Tyler, Tex.—opponents to be announced. Orange Blossom Bowl, Miami, Fla.—Florida A & M vs opponent to be named.

December 17: Shrine Fiesta Bowl, Bakersfield, Calif.—Boise (Idaho) Junior College (9-0-0) vs Taft (Calif.) Junior College (7-1-1).

December 26: Shrine North-South game, Miami, Fla.—two all-star teams of "B" level seniors. Halain Bowl, Fresno, Calif.—opponents to be announced.

January 2: Rose Bowl, Pasadena, Calif.—California (10-0) vs Ohio State (6-1-2).

January 9: North Carolina (7-3) vs Rice (9-1).

January 16: Orange Bowl, Miami, Fla.—Santa Clara (7-2-1) vs Kentucky (9-1-1).

January 23: Sun Bowl, El Paso, Tex.—Georgetown (Wash. D. C.) (5-4) vs Texas Western (7-2-1).

January 30: Clear Bowl, Tampa, Fla.—Wofford (11-0) vs Florida State, Pileup Bowl, Honolulu.

February 6: Pileup Bowl, Honolulu—Oleander Bowl, Galveston, Tex.—McMurry (Tex.) College (7-2-1) vs Missouri Valley (8-2).

February 13: Gator Bowl, Jacksonville, Fla.—opponents to be announced. Tangerine Bowl, Orlando, Fla.—opponents to be announced.

February 20: Sun Bowl, Jacksonville, Fla.—opponents to be announced. Harbor Bowl, San Diego, Calif.—opponents to be announced.

February 27: Senior Bowl, Jacksonville, Fla.—two all-star teams of college seniors.

18 College Teams Struggle Through Perfect Grid Year

NEW YORK, Nov. 28.—(AP)—Eighteen college football teams sported unbeaten, untied records today and only one of them—mighty Notre Dame—had a game left to complete the regular season.

The Irish wind up their campaign next Saturday against Southern Methodist. They'll be shooting for their 10th triumph of the year and their 10th straight game without defeat.

The Thanksgiving weekend brought nary a casualty among the teams boasting perfect records. Seven of them played and stretched their streaks, all except Notre Dame closing out their regular season.

By far the biggest record of the 17th unbeaten, untied squads was College of Pacific, which finished with a total of exactly 600 points for 10 games while permitting its opponents 60.

Oklahoma's Sooners were second highest with 544, also for 10 games. Wofford won the most games—11.

BY MATTY BELL
DALLAS, Nov. 28.—(AP)—Coach Matty Bell of Southern Methodist figures he has shown the sports writers a thing or two or three.

"I said before the season started we would lose four games," Matty said with possibly more chagrin than satisfaction. "I also said I would win the South-west Conference championship. Nobody paid any attention to me. They went ahead and picked SMU to win the title and laughed at my four-game prediction. Now look!"

Rice is the conference champion and will play in the Cotton Bowl. Southern Methodist has lost three games. The fourth, over Bell, is coming up. SMU meets Notre Dame Saturday.

ARMY LOSES GRIDDEES
NEW YORK, Nov. 28.—(AP)—If it is any consolation to Navy and its football following, 15 of the 37 players used by Army in its 28-0 victory at Philadelphia Saturday in the annual service classic have played their final games.

That list includes such stars as Arnold Gilfill, the playing brain, and William Kellum, his favorite pass receiver.

Ricardo Balbiers Wins Top Honors In Net Tourney

ORLANDO, Nov. 28.—(Special)—Ricardo Balbiers, star of the College netter, swept through Sidney Schwartz, Miami, in straight sets, 6-3, 6-1, 6-2, to capture the men's singles championship in Florida State Tennis Tournament.

A gallery of around 250 fans jammed the Orlando Tennis Club grounds for the afternoon to watch the feature match.

Balbiers, top seeded, had little trouble with the second ranked star from University of Miami. His game was powerful yet accurate and he broke up Schwartz's usually strong net game, alternating between well-placed lobs and smashing drives. Balbiers held his service throughout the entire match.

The receptive audience greeted Balbiers every point with loud rounds of applause.

First-seeded Davis Jensen (triple unranked) Hether Nicholas, a senior student, 6-4, 9-7, in the women's finals. Miss Jensen had to come from behind to win both sets as she trailed, 3-0, in the first.

4 Star Trotters, Pacing Stallions Retired To Stud

MIAMI.—Three trotting stars, and no less than four young pacing stallions familiar to harness racing fans from coast to coast, have been retired to stud in recent weeks as breeding farms in the industry scramble for new prospects in order to meet the ever increasing demand for Standardbred racing stock.

Foremost among the retired are Rodney, harness horse of the year in 1948, who will stand at Mr. and Mrs. Sherman Jenney's Miami Hill Stud at Donnell, Ky., and Charleston, winner of the 1946 Hambletonian, who has been added to the stallion roster at (Gene H. Ellis) Village Farm in Langhorne, Pa. The three-year-old Arden Homestead trotter, Parry, likewise has joined the stud ranks at Ben S. Wood's Hopkinsville, Ky., farm.

R. C. Larkin recently retired his Grand Circuit pacing star, Poplar Byrd, at Poplar Hill Farm, Lexington, Walnut Hill Farm at Donnell has secured the services of the speedy Gossau Bay. And Miami Hill Farm has added Cravey Blake's consistent Verba Chief, and Cleo Young's Billy Black stallion, Neris Hanover, to its imposing string of sires.

In addition, Hanover has leased Bill Gallon from David R. Johnson, Whitehall Farm, Charlestown, N. C., and Walnut Hill has leased the yearling son of the late

Moccasins Open Cage Season With MacDill Flyers

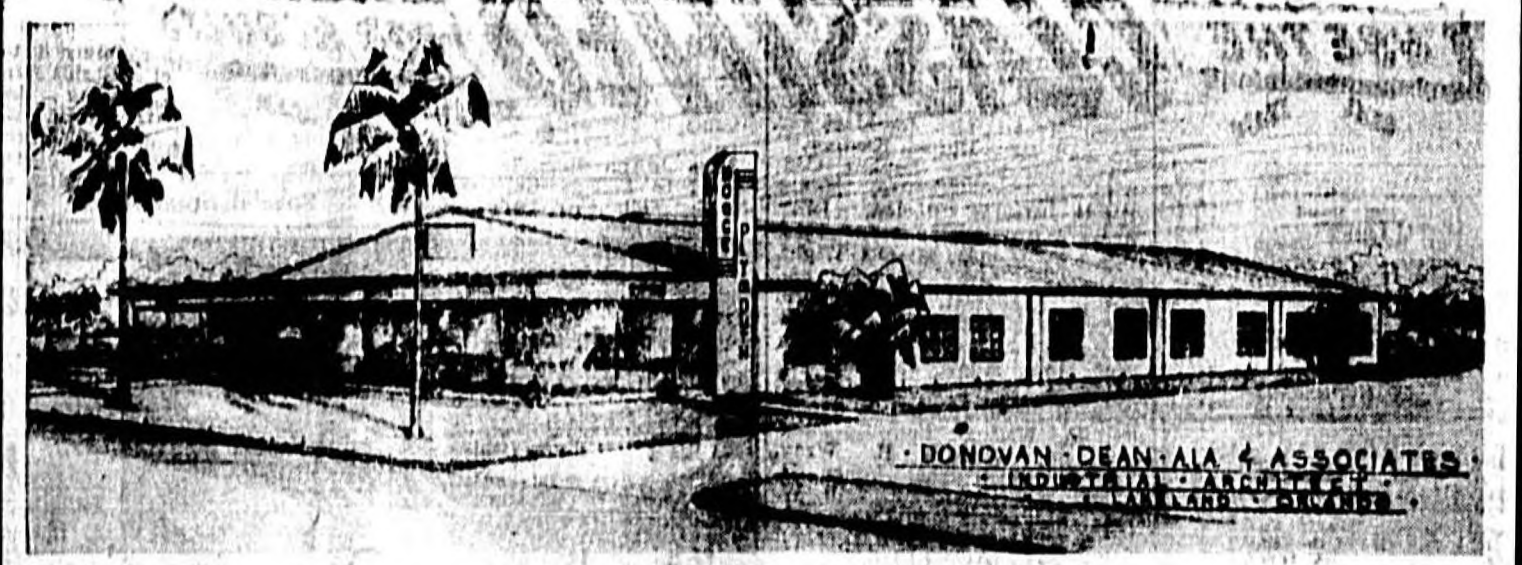

LAKELAND, Nov. 28.—(Special)—Basket ball will move onto the Florida sports stage here on Nov. 29 when the curtain goes up on the first contest of the 1949-50 cage season between the Florida Southern College Moccasins and the MacDill Field Flyers from Tampa.

For the past two weeks the Mocs, who last year produced two of the state's outstanding stars in all-state Gene Robbins and Chuck Terry, have sustained unprecedented losses in squad strength due to the illness and ineligibility of five of their top flight athletes.

Definitely absent from the starting line-up next Tuesday will be all state Gene Robbins and the colorful veteran pivot, Don Kuntz. All-state Chuck Terry and forward Rocky Perez are temporarily confined with influenza and Pike Talle, a lanky forward from Lakeland, is out of play for an indefinite period because of a serious foot injury.

Following on the heels of the MacDill game, Florida Southern will face the University of Florida Gators on Thursday, Dec. 1. Both contests will be staged in FBC's Gilbert gymnasium.

The pre-Big Seven Conference basketball tournament at Kansas City is slated for Dec. 27-28-29.

TODAY'S HIGHLIGHTS
The Great Nationalists have established one moral rule for men and the same for women...

Governor Warren is really getting worked up over the football situation. In fact, with all the money we're raising now from the sales tax, we don't see any reason at all why Florida should have a first class football team.

Among prominent Americans vacationing in Florida this winter are President and Mrs. Harry Truman and daughter Margaret who arrived in Key West yesterday. They are but the forerunners of hundreds of thousands of more to come.

A group of experts have decided that sex crimes are not as serious as they are played up to be by the newspapers. They recommend, however, that you instruct your children not to accept favors from strangers, beware of those who offer them candy or automobile rides. Even more to the point is for parents to demand that crime be punished.

Heart disease struck down more people in Florida last year than any other single cause of death. Some 6,903 persons in this state died from heart attacks, with the number of elderly visitors and residents from other states probably contributing to the figure. A person just naturally has to die some time, and when he has survived all the other ailments and accidents of mankind, his heart finally gives out on him.

Senator Pepper is coming to Sanford Wednesday to be the guest of the Kiwanis Club, though it is rumored he will not be allowed to make a speech. If the Kiwanis Club can keep Senator Pepper from making a speech, it will have achieved something new and significant in parliamentary procedure. And if it does, we suggest that the Rotary Club extend the Senator another invitation to come here and let his hair down. We personally would like to hear him explain how he plans to finance this Welfare State.

Frank Palermo, Boris Malovich, and Mike Ballei, three strikers of the Seminole Club hold up got off light. The former drew an eight year prison sentence, the others six and three respectively. With time off for good behavior and so forth, they will all be out in three or four years. Little will have been accomplished in the meantime to make them any the less the habitual criminals and potential murderers they are, and when they are released the public can expect further depredations of the kind which they have just been convicted and which resulted in the death of at least one man. Nor will this their first offense for they had up the same piece some two years ago. Finding it so easy to get away with it, they decided to repeat.

Emphasizing that it was just coincidence, had no connection with the atomic planning in the Rosenberg case, James Dunn, National Club director, tells the Rotary Club members that the bomb of which we have heard so much of late, probably will be used at all in the next few years, for either side to start the war of retaliation. That is what happened to gas warfare, the first World War, we maintained for more than a century by Sunday supplement who draw on their imagination to create a sensational account of war. That they were not so one will deny, but the war was not planned, it was a result of the political maneuvering of the time.

Tale Of Two Brothers

There were once two brothers. One became governor of New York, the other a professor who was in ill health for the last 12 years of his life. Which achieved the more lasting fame?

The natural but incorrect answer might be the governor, Benjamin B. Odell Jr., chief executive of New York from 1901 to 1906, had the reputation, when he began his term, of being a machine politician, but he made a surprisingly good governor. In the opinion of many observers he was better even than his predecessor, Theodore Roosevelt. Yet Governor Odell has largely passed into oblivion.

His brother, George C. D., is known to a far more limited group, but that much fame bids fair to be lasting. This comes from his monumental "Annals of the New York Stage." This covers the whole story of the New York City theater from 1700 to 1894, listing and describing every play, actor, director and producer. He was equally detailed in his listing of operas, concerts and even minstrel shows. As practically all important stage shows used to start in New York or go there, Odell's book is a survey of the entire American stage. It is greatly to be regretted that his illness kept him from carrying the story down beyond 1894.

For generations students of English and American plays will consult Odell's book. He will be known, while his temporarily more distinguished brother is even now almost forgotten.

Education For Living

Dr. Robert Maynard Hutchins, chancellor of the University of Chicago, in reviewing the aims and accomplishments of his twenty years as executive emphasized his theory that college degrees are obtained as a by-product of the process of preparation for living. Said he:

"What we should do is to give the young as rapidly as possible an understanding of the tradition in which they live; of the techniques of thought and communication; and habits of study. They should then be forced out into the world with the explicit understanding that they have not been educated. They have been given the equipment to educate themselves, and this is a process which should go on for their entire lives."

Students thus prepared for their future roles should make good citizens. Individuals who approach all problems, individual, national and international, with the spirit of scientific inquiry, a zest to uncover all the facts and to correlate them properly, and with the will to act in accordance with the evidence, are likely to avoid unnecessary conflict and to make right decisions. To such citizens education is not a finished process which was accomplished in the past, but a basis for constructive living.

American Way Of Life

The story is old, having first been told in "The Great Challenge" by that veteran observer of Russian affairs, Louis Fischer; but it throws so much light on Russian mentality that it deserves repetition. Fischer says that his son, an army officer stationed in the Ukraine, was trying to explain to Soviet officers the halting for president that was being carried on in our army in 1944.

"I don't understand," said a Russian lieutenant. "You say that Roosevelt is a Democrat and has been President for several years, and there are still Republicans in the American army?"

"Probably he will never understand, just as we will never understand the desire to spread democracy."

THE WORLD TODAY

By DeWITT MacKENZIE
AF Foreign Affairs Analyst

Millions of Europeans undoubtedly are breathing easier because of the unqualified reiteration of America's policy against any rearmament of Germany.

Both U. S. Defense Secretary Louis Johnson and Chief of Staff General Omar Bradley, who are overseas conferring with Western Europe's top military men, have declared emphatically that the Washington government has no intention of rearming the Reich. This position previously had been announced by President Truman and Secretary of State Acheson, but it likely gathers force from the fact that Johnson and Bradley are working on a unified plan for the defense of Western Europe.

Europe's fear and hatred of German militarism has become deep-seated as the result of the two catastrophic world wars. She thought she had hamstrung this Teutonic spirit of conquest with the Treaty of Versailles, but it was the first conflict which the Kaiser almost won. But in 1933 Hitler started to tear up the pact by brazenly inaugurating an unlimited armament program and compulsory military service.

From then on Europe watched in helpless fascination, like a bird hypnotized by a snake, while the arrogant Fuehrer openly prepared for war. Western Europe determinedly refused to teach in a third world war perpetrated by the Reich or anybody else. France in particular is adamant in demanding that Germany be rendered harmless.

The justice of this Allied position has been recognized tacitly by the new German republic at Bonn. The government has agreed to the Allied demilitarization demands. Moreover it has promised to do all in its power to prevent the creation of new German military strength.

This means, of course, that Germany must remain impotent militarily for a very long period. How long is one of the imponderables. In any event, the chiefs of staff of America, Britain and France, who are meeting in Paris to lay plans for the defense of Western Europe, must figure on Germany as a military non-entity for the present.

This creates a strange situation, for while Germany theoretically wouldn't be able to assist the democracies in event of war, yet she must be protected, since she is being made an important part of Western Europe's economic setup. Just how such a situation would work out in the long run is problematical.

Should another war develop between West and East, Germany presumably would be in a position to help either side, but only if it were not for the fact that she would be a military non-entity.

Nation's Nurserymen Make Hay From Rose Bushes, Wisteria Vines

By RADER WINGET
(For San Davos)

That little vine covered cottage in the country with roses round the door is money in the pocket of the nation's nurserymen that sell the stuff that dreams are made of and songs are written about. And their trees and shrubs and plants are used for some very practical purposes, too.

This year nurserymen estimate they sell more of their wares than they ever have before. As for next year, they are keeping their fingers crossed. Their business usually follows the economic up and down of the country as a whole. They are keeping an eye on pension plans, too. More pensions mean more planting.

Dr. Richard P. White, executive secretary of the American Association of Nurserymen, says the sale of what is known in the trade as horticultural specialties this year will run more than \$500,000,000. That's a record. The 1,300 members of his association are getting a big share of that total in their trees, bushes, plants and shrubs, besides cut flowers, seeds and bulbs.

California stands at the head of the list with 14 percent of the total sales volume. The business is concentrated in Los Angeles County.

New York is in second place with 8 per cent. Third place goes to Pennsylvania with 6 per cent and Illinois is in fourth place with 7.4 per cent. But Cook county, Illinois, is in second place among the counties, with Chester county, Pennsylvania, in third place.

The other states on which estimates are given are Ohio with 2.8 per cent, New Jersey 4.8 per cent, and Michigan 4.2 per cent of the dollar volume.

A look at building construction figures throws some light on that. The National Bureau of Economic Reports New York and Los Angeles.

Impulse? It seems a fair guess that the Reich would become not only a vital base for operations of the Western Allies, but might be invited to call German manpower to the colors for defense.

However, that's crossing several bridges before we come to them. The great hope is we never shall come to them.

The defensive plan now under study in Paris is calculated to be a mighty deterrent to any aggression. When that plan has been completed it will be implemented by almost a billion dollars in money and arms which the U. S. Congress voted to help strengthen the Western Hemisphere.

Should another war develop between West and East, Germany presumably would be in a position to help either side, but only if it were not for the fact that she would be a military non-entity.

Challenge For Advertising

Editor and Publisher

The blocking of consumer buying power is greater today than ever before in U. S. history, said E. A. Mattison, executive vice president of the Bank of America in announcing that institution's new "Buy Now" advertising campaign designed to stimulate sales.

That some such impetus is needed is reflected in Federal Reserve figures showing department store sales lagging behind last year in many cities. Chain drug store sales are also behind last year on a nation-wide basis.

There is no doubt that the coal and steel strikes had a harsh effect on retail sales in many places, but the sales indices began to level off or turn slightly downward before those strikes began. Hopes are expected for good holiday business but no one knows how great the volume will be.

Despite this obvious return to a competitive market—a buyers' market in which aggressive salesmanship is required—the Association of National Advertisers recently reported a survey showing advertising expenditures in 1949 would be about the same as in 1948. The dollars are in the hands of the consumers and not being spent (the Securities and Exchange Commission reported individual savings at a billion dollar level, \$300 million more than in the first quarter of this year) but the nation's manufacturers are willing to rest on their laurels, expecting this year's sales effort to suffice next year.

Walter D. Fuller, president of the Curtis Publishing Company, told a New York Advertising Club audience last week that annual advertising expenditures are running two billion dollars short of where they ought to be. From 1900 to 1938 annual ad expenditures averaged more than 3% of the national income. They have decreased steadily until in 1948 they

den. Horticulture, say nurserymen with finality, is the perfect hobby. Shorter work weeks and higher wages also bring a warming smile to the nurseryman's face. It gives a man time and money to develop his hobbies at home in the garden—sort of a running start for a happy old age.

That can't be applied too successfully to the entire line of nursery stock. Some plantings ought to be completed after the growing season but before Christmas. It's a little awkward to get a gift nearly a year late.

And because planting seasons vary throughout the country, it's hard to handle on a nationwide basis. That's why local growers often have so much success in promoting their full lines at Christmas.

As for poisonous nurserymen see all for them. They are usually very nice, but they are not to be trusted. They will sell you anything and putter around the gar-

were only 2.2% of national income. Regardless of increases in dollar expenditures this nation's advertising is running 1% below what it ought to be—and one percent of national income is \$2,000,000,000.

We believe, with Mr. Fuller, that "advertising is the surest way to bring prosperity to America and to the world." But business today is on a see-saw. Whether it turns upward or downward rests on the ability and willingness of manufacturers and retailers to stimulate circulation of buying power now in hiding.

If business turns downward in a period when the people have such a backlog of savings, it will be the biggest economic miracle in modern history. But it can happen, aided and abetted by unwarranted fears. If it turns downward the U. S. will have had a strong boost toward complete socialism. Then, to paraphrase an old parable:

For want of an advertising dollar the sales the income was lost; for want of the income a job was lost; for want of that job other jobs were lost; and for want of all for the want of an advertising dollar.

Celery Fed Frosh Battle Lyman Eleven

Benefit Grid Tilt Thursday Night To Feature Many Half-Time Activities

The Kiwanis Club's annual benefit football game will be held Thursday night at 7:30 o'clock with the Celery Fed Junior Varsity acting as hosts to the Lyman eleven at the Central Florida Conference. The Celery Feds are limited to freshmen and sophomore players, but considering the past performance of Coach Fred Gans' light weight gridder the tilt should prove to be one of the most colorful of the local season.

Coch Hugh Carlson, a former Bradford resident, remarked that his Lyman squad "is in fine shape... we have not lost a play... and have only minor injuries."

The Kiwanis has invited as their special guests President Harry Lyman, now vacationing in Key West, Vice President Alben Barkley and his aide, along with Senators Claude Pepper and Rossford Holland and Rep. Eld Hering. John Kiefer, chairman of the committee planning the activities, announced today there will be 20 colorful half-time events to thrill and entertain the football fans.

Army fullback Gil Stephenson, who accounted for three Cadet touchdowns, goes over the goal for his first at the Philadelphia Municipal Stadium. But not before he had been dropped by a Navy tackle. However, it was too late—the first score was in an Army triumph (International Footphoto)—38-0.

Eddie LeBaron Of College Of Pacific Gains Grid Honors

NEW YORK, Nov. 20.—(AP)—Eddie LeBaron of College of Pacific, gains his third Little All-America berth on the 1949 team announced today. The only college all-star eleven to be honored.

LeBaron made it as a freshman and again last year as a junior. His football career, however, was unblemished in terms of statistics.

The 1949 Little All-America team:

- Quarterback: Claude Madke, Lawrence
- Running back: Herbert McKinney, Missouri
- Wide receiver: Vincent Barrators, California
- Fullback: Robert Numbers, Lehigh
- Halfback: Art Byrd, West Carolina
- Linebacker: Elbert Hammett, Wofford
- Defensive back: Charles Williams, Sam Houston
- End: Eddie LeBaron, Col. of Pacific
- Tackle: Bill Williams, Murray
- Guard: Conrad Callahan, North Carolina
- Center: Chase Riddle of Troy (Alabama)

State Teachers received honorable mention for a backfield consisting of:

- Quarterback: Alex Groza, Mikan
- Running back: Mikan
- Wide receiver: Mikan
- Fullback: Mikan
- Halfback: Mikan
- Linebacker: Mikan
- Defensive back: Mikan
- End: Mikan
- Tackle: Mikan
- Guard: Mikan
- Center: Mikan

Alex Groza, Mikan Fight For Scoring Lead In Cage Loop

NEW YORK, Nov. 20.—(AP)—The two big men, Alex Groza of Indianapolis and George Mikan of Minneapolis, still were running one-two today in the National Basketball Association scoring race.

Groza has scored 355 points in leading the lead over Mikan, who has 312. But big George's 10-game average of 20 tops the basketballer's 23.7 for 15 contests.

In the only NBA game last night, the Anderson Packers overcame their hold on first place in the western division by beating the Waterloo Hawks 48-42 at Anderson, Ind.

Frank Brian, the Packers' leading scorer for the past two weeks, led the winners 13-12 in the first half. Dick Mendenhall, who had 20 points, then topped the losers with 31.

The victory, his ninth in 13 contests, increased Anderson's place in the standings to first in a game and half.

Whitworth To Coach Oklahoma A And M

ATLANTA, Nov. 20.—(AP)—University of Georgia line coach J. Whitworth has been named to coach at Oklahoma A & M, the Atlanta Constitution said today.

The Constitution quoted "a high school source" as saying that Whitworth had accepted a three-year contract as athletic director at the school's publicity director Jim Lockbaugh who resigned in the middle of the season under pressure from alumni.

The athletic director at Oklahoma A & M, was understood to be the school's publicity director Jim Lockbaugh who resigned in the middle of the season under pressure from alumni.

Whitworth, a member of the coaching staff at Georgia Tech, was assistant coach of the Georgia Tech football team from 1945 to 1947. He coached Georgia Tech's basketball team from 1947 to 1949.

Horse Race Betting Drops 10 Per Cent

HORSE RACE 14 SEPT. NEW YORK, Nov. 20.—(AP)—Betting at the nation's horse tracks this year fell off 10.4 per cent as compared with 1948, but the owners of the racing plants generally are pretty well satisfied.

Many tracks, as in New York, have expected a drop of about 10 per cent in the amount of money poured through the pari-mutuel machines.

A survey of throughout racing by the Associated Press, in 20 states, has indicated that attendance has been down 10 per cent from last year, but the loss has been generally less than expected.

Jack Santford, who has signed to coach Toronto's Intercontinental League club, was expected to be named as general manager of the Toronto Maple Leafs, announced today.

Joe Novak Expected To Hold PGA Office; Sale Of Equipment Aired

By KEN AYTA
SOUTH BEACH, Fla., Nov. 20.—(AP)—The 33rd annual meeting of the Professional Golfers Association of America got down to serious business today.

Yesterday's opening session was given over to the customary reports of officials and committees and the social highlight of the president's dinner honoring Son Sneed as "PGA professional of the year."

Today officials and delegates from the 30 sections of the association faced a busy schedule that called for the election of officers and action on 23 resolutions to amend the constitution.

With President Joe Novak in Los Angeles slated to be voted into his second term of office there appeared little to do along political lines except elect new presidents from districts two, six and seven.

The real difference of opinion were expected to be aired in the consideration of the resolutions proposed, were concerned with the tournament bureau manager and the sale of clubs and other equipment.

The Carolina section wants to limit the number of tournament bureaus to competition in only PGA sponsored events, the national PGA meet and the Masters. He would of course be eligible to compete in the National Open, a U. S. Golf Association event.

The resolution would also prohibit the manager of the tournament bureau from serving on the advisory staff of any manufacturer.

The northern California section favors restricting to club shops only the sale of equipment bearing the names of star players, rather than the pro shop in competition with other golf equipment outlets on the sale of these items.

Other important resolutions would: limit the president, secretary and treasurer to three consecutive one year terms; extend from 20 to 25 the prize list on 100,000 tournaments and from 20 to 40 the list for a \$15,000 event; enable regular tournament

Jack Sanford Heads Toronto Baseball

BIRMINGHAM, Ala., Nov. 20.—(AP)—Jack Sanford, the newly appointed manager of Toronto's International League club, the Philadelphia Phillies, owners of the Toronto Maple Leafs, announced the appointment yesterday.

Sanford succeeded Del Bagnette, the Toronto club's beleaguered fifth in the triple circuit.

The 41-year-old Sanford has been in the Philadelphia organization since 1946. He started up the ladder as manager of the American League club in the Class D Georgia-Florida League.

Jack Sanford Heads Toronto Baseball

BIRMINGHAM, Ala., Nov. 20.—(AP)—Jack Sanford, the newly appointed manager of Toronto's International League club, the Philadelphia Phillies, owners of the Toronto Maple Leafs, announced the appointment yesterday.

Sanford succeeded Del Bagnette, the Toronto club's beleaguered fifth in the triple circuit.

The 41-year-old Sanford has been in the Philadelphia organization since 1946. He started up the ladder as manager of the American League club in the Class D Georgia-Florida League.

Lou Boudreau Signed As 1950 Tribe Manager

Ellis Ryan Backs Up Pilot Despite 3rd Place Last Season

CLEVELAND, Nov. 20.—(AP)—Ellis Ryan, new president of the Cleveland Indians, announced today that Lou Boudreau will manage the Tribe in 1950.

Salary terms were not disclosed but it is believed Boudreau will earn about \$65,000.

Ryan made the statement following a three-hour conference with Boudreau and General Manager Hank Greenberg in the club's stadium office.

Boudreau, who led the Indians to their first pennant in 28 years in 1948, will continue as the Tribe coach under terms of an existing contract which expires at the end of next season.

In making the announcement Ryan said: "Long and I see eye to eye on the problems ahead, and the new 'bookholders' have confidence in Lou's abilities."

The 32-year-old pilot, tabbed the day manager when he first took over the managerial reins in 1941 at the age of 24, declared immediately that he was "anxious to get to work on getting the team back on top."

Boudreau's failure at the bat last season has been cited as one of the main reasons the Indians finished a staggering third. However, his boosterism point to the fact that Boudreau was injured several times early in the season and that his play naturally was adversely affected.

Other point to the apparent reason between Boudreau and Hank Greenberg, dynamic co-owner of the Tribe who once tried to peddle the underdog manager, as one of the major factors leading to the Tribe decline.

Following his abortive attempt to buy the club, Greenberg was forced by public reaction to give Boudreau what he and asked since Veck took over the club in 1940—a two-year contract with no strings attached.

Browns, 49ers Favored To Meet In Pro Grid Tilt

NEW YORK, Nov. 20.—(AP)—The Cleveland Browns and San Francisco 49ers, who finished one-two in the All-America football conference race, are favored to meet in the championship final on Dec. 12—and statistics released today show why.

Of the eight individual players named by the two leaders, dominated seven of them.

Daily National Football League coverage and one regular, the Monday night broadcast, are favored to meet in the championship final on Dec. 12—and statistics released today show why.

The Hawaiian fullback led the seven-team circuit in kickoff returns with 692 yards in 30 attempts.

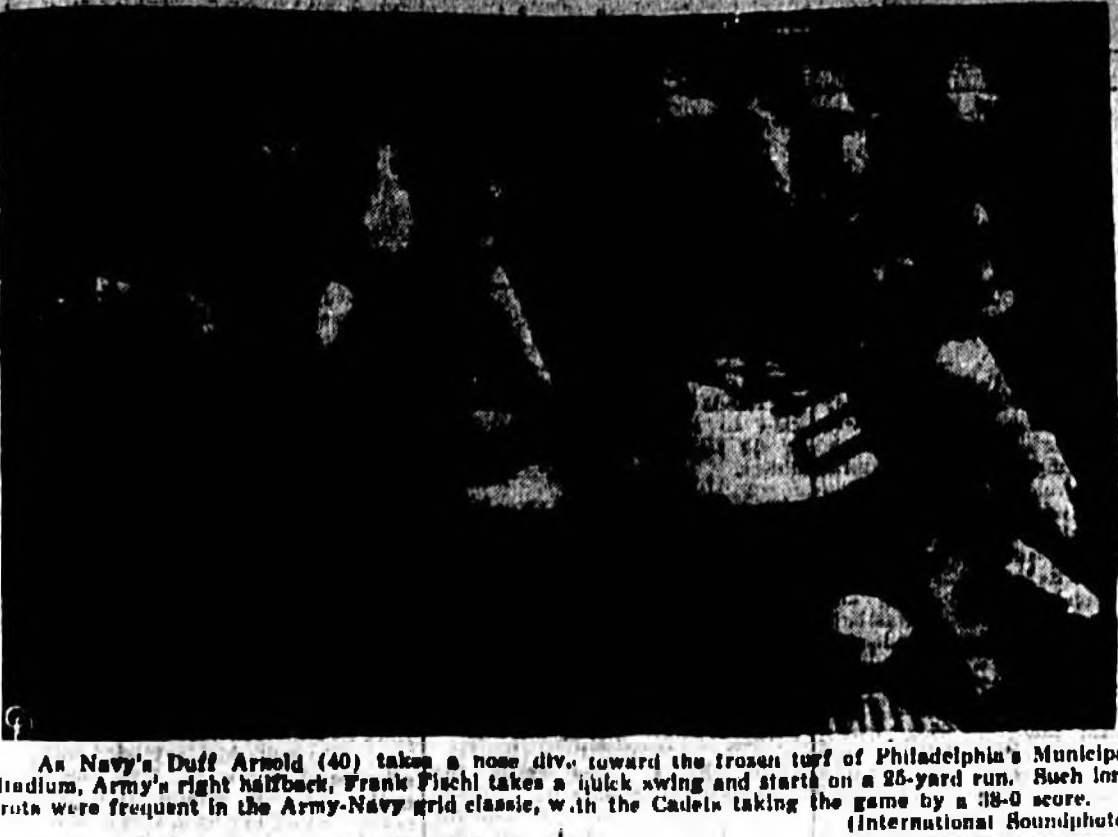

In all others, the Browns, who entertain Buffalo Sunday afternoon and the 49ers, who play here in New York in opening playoff and games, ruled supreme.

Otto Graham, Cleveland leader, was the leader in total offense and scoring, Mac Speedie, the Seattle end of the Graham-to-Speedie aerial combination, retained his place as the leading passer.

In winning the throwing championship for a fourth straight year, Graham finished with 101 completions in 285 attempts for an imposing 2,785 yards, a new conference record.

Speedie matched 62 passes for 1,425 yards and seven scores to retain his title for a third straight season.

Bob Ferry, the 49ers' battering ram, replaced Cleveland's Marion Motley as the league's leading ground gainer. Ferry carried the ball 118 times for 783 yards. He averaged 6.61 yards per crack. He finished third, behind Dallas' Chet Minton.

An Army's Duff Arnold (40) takes a nose dive toward the frozen turf of Philadelphia's Municipal Stadium, Army's right halfback, Frank Fisch takes a quick swing and starts on a 25-yard run. Such long trots were frequent in the Army-Navy grid classic, with the Cadets taking the game for a 38-0 score. (International Footphoto)

Emory And Henry, If 'Bear' Wolf Leaves Gainesville St. Vincent Will Clash In Orlando

ORLANDO, Nov. 20.—(Special)—Two hot news items popped out of Tallahassee yesterday, both from Governor Paul W. Warren's office. And though they appear to have no connection with each other, they should tend to soothe the enraged and confused followers of the fighting Gator football team that ended its season Saturday, trounced by a superior Alabama squad 40-12.

First, Warren revealed he would ask the Board of Control to investigate the "disappointing" football situation at University of Florida. He said he would be prompted by the disappointing record of five defeats against four wins and a tie.

Second, a Warren telegram to John Ringling North, owner of the recently deceased Gator Gargantuan urged North to give the body of the gorilla to the state for its Baranoto museum.

North replied "no," it had been promised to Yale University.

So the State receives two blows almost concurrently, the loss of the Alabama football game and a dead gorilla.

What does the governor intend to do about it? Well, the first question is easy, get a new coach—something that is possibly getting to be a habit with us here.

Millard Caldwell made no bones about firing Tom Liza during his term as governor, with the excuse that the football team was a valuable part of Florida's publicity, and most Gator fans will agree that Wolf has a chance to survive the pressure to quit his job.

Sports followers quote have been knocking "The Bear" for being glib with what they coach—something that is possibly getting to be a habit with us here.

Others have commented that it's not the coach's fault, but the lack of interference. And others like each other and won't block for Hunsinger.

Others have been flying furiously about Bobby Duda or other players to Florida.

A sportswriter had it straight from the Supreme Court last week that Frank Leahy of Notre Dame had a lot of speed and bourn in his train ticket.

Nearly every "Bear" coach north of the Florida border has at one time or another been Ray Wolf's successor, including Wally Lutz, Bernie Sherman, and Red Sanders.

Only a few Wolf's opponents have dared to consider the strength of the team Florida lost to this season.

Georgia Tech has won 7, lost 3 and rates fourth in the South-eastern Conference. Vanderbilt won 5 and lost 5 and edged on Florida by just three points. Alabama won 6, lost 2 and tied one. Kentucky won 1 and lost 2. Miami won 10 and lost 2.

All these schools, with the notable exception of Vanderbilt had very good teams and if Florida had beaten any of them it would have an upset.

Probably they have better coaches than Florida or possibly they attract better football material, or both. One thing is certain, they spend much more money to get their teams together than Florida does.

So the biggest decision Governor Warren has to make is whether the University should buy up the remaining year of Wolf's contract, hire a "name" coach and pay players more, or another season. A real puzzle for even a governor.

The solution, of course, is in the news item concerning Gargantuan—trade "The Bear" Wolf to Yale for the gorilla. The public department at least would be satisfied, and by the way the fans talk even a dead Gargantuan would make a better coach than Wolf. Besides, what other team has ever been coached by a stuffed gorilla?

Cuellar To Head Lakeland Pilots In FIL Baseball

LAKELAND, Nov. 20.—(AP)—Charles Cuellar, veteran Florida International League hurler, today was appointed manager of the Lakeland pilots baseball club for 1950.

Cuellar came here from the Tampa Smokers during the 1940 season and will replace Johnny Rizzo, former Pittsburgh slugger, Rizzo was not offered a new contract, the club said.

The appointment is believed to assure Lakeland of a FIL team next season. There has been some speculation about the club dropping from the league because the pilots suffered heavy financial losses last season.

The new pilot manager won 17 games for the eighth place Lakeland club during the 1949 FIL season.

Hatters-Rated To Top Rollins In Grid Battle

Tar Gridders Return To Lineup In Time For Annual Tilt

WINTER PARK, Nov. 20.—(Special)—After playing the last three games with keymen sidelined by injuries, Coach Joe Justice last night said that every man on the Rollins Tars battle-station at Greater Orlando Stadium Friday night.

Justice said that this would apply to his two star backs, Linton Bochette, who has missed the last two scrimshaws with a bad knee, and Ken Horton, who fractured his ankle early in the season.

"We have to do something to put up our attack," Justice said. "If Bochette and Horton can even approach their past form, we should be 50 per cent more effective."

Despite the fact that expects (figure) Stetson to win by about one touchdown, Justice isn't selling his Tars short.

"If we can get Bochette into the lineup, and have Horton ready to give Bochette a little help at punterback, we'll score a few points," he said.

In the past three games Rollins has failed to score a point, such a string of goose eggs has not befallen Rollins in many years.

When the two eleven take the field Friday night they will be finishing for the 25th time. The rivalry began in 1905 when the Rollins team defeated the Stetson team. Since that time Rollins has won 13, Stetson 10, and they have tied one.

The next Rollins victory came in 1930 by a 12-0 score. Since 1931 Rollins has won nine and tied one. The last eight victories have come in a row.

Meanwhile, in DeLand, the Stetson Hatter team which reported for practice yesterday afternoon did not look like the squad of last year and it was a gloomy session ended.

The squad is riddled by injuries presenting a definite problem to Trucular on a starting lineup. When he looked over the squad yesterday afternoon, he put off until today the task of choosing eleven men to work together.

Stalwarts who will not be in the lineup Friday night include Tackle Walter Beck, End Joe Raffaele, Guard Paul Odum, Quarterback Bill Dunne, Guard Billy Griffith and Guard Doug Carlton.

There is another list as long that may not be able to play. This includes Fullback Gene Mancino, Center Andy Gilbert, Halfback Lew Gorgina and Halfback Lew Truen.

Berlin says is on the program for today and Wednesday with a light workout Thursday. The Rollins tilt is the last game of the season for the Hatters.

MEMORIAL BOWL

JACKSON, Miss., Nov. 20.—(AP)—Sponsored by the Memorial Bowl football game here Dec. 9 have signed Lamar Junior College of Beaumont, Tex., to play Pearl River Junior College of Poplarville, Miss.

The Texans are co-champs of the Southwest Junior College Conference and have a 1949 season record of nine victories and one defeat.

Pearl River also has won nine and lost one game this season.

CAMEL MILK SHAKE
Ingredients: 1/2 cup dash brown sugar, 1/2 cup granulated sugar, 1/2

teaspoon salt, 1/2 cup water, 6 drops vanilla, 1 1/2 quarts ice-cold milk, 2 eggs, (well beaten).
Method: Mix brown sugar and granulated sugars, salt, and water and boil 3 minutes. Add vanilla and cool. To prepare beverage, mix the cooled caramel syrup with the milk, and add well-beaten eggs. Stir thoroughly. Serve in large glasses topped with whipped cream. Makes 6 servings.
Grownups deserve a deliciously cool drink on a hot day, too—so treat them to this Hawaiian inspiration.

PINEAPPLE MILK FLAT
Ingredients: 1 cup canned crushed pineapple and juice, 2 tablespoons sugar, few grains salt, 1 teaspoon cinnamon, 1/2 teaspoon ginger, 1 quart ice-cold milk, 1 pint vanilla ice cream, 3 slices pineapple.
Method: Mix thoroughly all ingredients except ice cream and pineapple slices. Turn into cold glasses and top with vanilla ice cream. Garnish each glass with half of a slice of pineapple. Makes 6 servings.

Asthma Victims Flood Doctor's Office When Thunder Storms Brew

By HOWARD W. BLAKESLEE
Associated Press Science Editor
CHICAGO, Nov. 29.—(AP)—When there's a thunder storm during the ragweed season asthmatics flood the doctor's office with calls for help.

This choking cough is usually attributed to allergy, but Dr. Max Samter, assistant professor of medicine, University of Illinois College of Medicine, believes he has a different explanation.

He says even asthmatics who remain free from coughing in an air-conditioned room are apt to have attacks during thunder storms. More attacks are likely to precede than to follow the storm.

These storm attacks, he says, occur regardless of the pollen count, which seem to bring attacks of coughing to some asthmatics sufferers.

Forty selected asthmatic adults were studied for several years at the Illinois College of Medicine. Out of these patients improved with anti-allergic treatment, but frequently attacks of asthma were brought on by non-allergic factors. On the other hand, attacks were often stopped by changes like sudden fever which had nothing to do with allergy.

Dr. Samter and his associates have concluded that in most cases asthma starts as allergy but afterward in adults, attacks are often due to non-allergic causes. In these cases, he explains, the attack is brought on by an alteration of the autonomic nervous system. These are the nerves which are not under a person's voluntary control. These are the nerves that alternately contract and relax the bronchial passages, as they work like bellows in breathing.

In asthma these passages contract, and then fail to relax. The mucous-secreting glands in the airways secrete too much. The capillaries, the hair-like blood vessels, leak plasma fluids into lungs to aggravate the suffering.

These studies set up a new target for asthma remedies. Recent findings of the group suggest that the pituitary and adrenal glands might exert control over the bronchial tree, either indirectly or through the autonomic nervous system. The secretion of the hormones of these glands are often stimulated by the same factors, for instance excitement, which cause the attacks of asthma, and one of the theories to be explored is that asthma can be due to a lack of hormone balance.

Chungking Falls

(Continued From Page One)
ist ambassador to Washington, was said to have arranged his passport. Madame Li would not accompany him, the source said.

Authoritative sources said he may be followed, or even accompanied, by his strong right arm, Gen. Pai Chung-Hsi, Nationalist commander in Central China. These sources said Pai had applied to the American consulate here for a passport.

At Hongkong eleven members of the U. S. Congress opposed immediate recognition of Red China by the U. S. or Britain.

The China Mail quoted Nationalists as saying Chiang had urged Li to resign if he persists in staying outside of China.

The newspaper said Chiang was reconciled to the fact his split with Li was irreparable. And that he wanted Li to renounce the office of president so he may resume power.

The letter, said the mail, also stressed that Li should not go abroad as acting president but as an ordinary citizen.

(China's constitution provides the head of the state may go abroad for three months.)

Rotary Luncheon

ing the first World War. At that time he said there 250,000 men in various units of the National Guard serving with distinction through the war. After a lull during the 1920s, the Guard was built up until it had over 300,000 men in it, when it was called into federal service in 1940.

At the present time, with 350,000 the National Guard is at the peak of its peace time strength. Though it has an authorized strength of 418,000 men. These are broken down into 25 infantry divisions, 12 armored divisions, 118 fighter wings, 31 regimental combat teams, 43 anti-aircraft units and various field artillery, coast artillery, engineer, medical corps and cavalry units.

Capt. Dunn paid tribute to the achievements of the Guard in both the first and second World Wars and said their work compared favorably with the best regular army troops.

President George Touhy presided over the meeting. Visitors were introduced by Dr. A. W. Epps Jr., as R. A. Bell, of Green Cove Springs, Arthur Brown, of New York, Charles Martin, of Lakewood, N. J., Art Rogers and Gene Blavia, of Deland, C. T. McClung, of Orlando, and Volie Williams, Jr., of Sanford.

Actor David Warfield Has 83rd Birthday

NEW YORK, Nov. 28.—(AP)—David Warfield, who has lived most of his life in show business, was in the spotlight in a special way today as he celebrated his 83rd birthday.

"Don't remind me—it's just another day—and no celebration," he told an interviewer yesterday. "What really matters, he said, is how you live every day, every week, every month of the year."

Warfield, one of the legitimate theatre's greatest characters of past years, sat with twinkling blue eyes as he talked of his experiences in the theater—starting with selling programs as a boy in his native San Francisco. The story ended with Warfield as the late David Helason's most distinguished star.

Warfield achieved his greatest fame in Helason's "The Music Master." He gave his final performance in 1924 in "The Merchant of Venice."

His home is like a museum. There are ten rooms filled with paintings, tapestries, rich rugs, antique furniture, silver snuff boxes, jade and porcelains.

Listening to the radio and a book, he said, he has been to Buchovina, Bulgaria and the parties of France and Italy. (He has the job of housecleaning begun with the recent purges of those suspected of leading Tito factions.)

Farmers To Vote For Committeemen

Farmers of Seminole County will vote on Dec. 10 to select county committeemen for the Production and Marketing Administration for the coming year, Orle Mathieux, local PMA administrator, announced today.

"Any person is eligible to vote or hold office who is an operator, tenant or shareholder on a farm that is participating in any program administered during the current calendar year through the county committee," said Leo Butler, present County Committee chairman.

"Heavy participation of farmers in their committee elections is one of the best methods of demonstrating their support of their farmer-committee system of local administration of national farm programs," Mr. Butler pointed out. Voting will take place at the office of County Agent C. R.

Thomas Fraud Trial Reveals New Facts

WASHINGTON, Nov. 29.—(AP)—The government produced testimony today that the three women from whom Rep. J. Parnell Thomas (R-NJ) is accused of taking salary kickbacks drew federal pay totaling nearly \$9,000 for the period involved.

This is far more than the \$1,698.37 mentioned in four counts of the indictment. The congressman is charged with defrauding the government by padding the payroll of his office and the House Un-American Activities Committee which Thomas formerly headed.

Thomas, 54, is on trial in federal district court along with his 64-year-old former secretary, Miss Helen Campbell.

NO. 353

THE WEATHER

Partly cloudy this afternoon, tonight and Thursday. Colder. Moderate to occasionally fresh northwesterly winds becoming northerly Thursday.

Another Soft Coal Strike Seems Likely

John L. Lewis Again Postpones Meeting Of Mine Workers' Policy Committee

NEW YORK, Nov. 30.—(AP)—A new soft coal walkout appeared certain at midnight tonight. John L. Lewis postponed again today a meeting of his United Mine Workers Policy Committee until 10 A. M. tomorrow.

Lewis gave no word publicly about whether or not he will permit a strike.

In Pittsburgh, however, Dennis Harshbarger, UMW district five representative, said "Calls received at my office from local leaders today show definitely the men are planning to quit tonight."

A three-week truce is scheduled to expire at midnight. The union's 200-man policy committee has been marking time here since Monday, ready to act if Lewis gave the signal either to extend the armistice or to allow the miners again to lay down their tools in their contract dispute with the pit owners.

Lewis met with his district presidents this morning and they allowed a spokesman to say that the full-dress policy meeting scheduled for 4 P. M. would again be postponed.

The meeting was put off Monday and Tuesday while Lewis remained in Washington.

The next session now is set for 10 A. M. tomorrow.

Lewis gave no word publicly about his plans to allow a strike.

All that reporters could do was to speculate that the mines would be shut down tomorrow, since union negotiators are unable to move before the deadline.

Whether Lewis has sent out word by his own methods through district presidents could only be guessed about. He gave no hint of a change in the armistice now he was involved in.

KEY WEST, Nov. 30.—(AP)—President Truman kept a close watch on eleven-hour meetings to avert a resumption of the coal strike.

His press secretary, Charles G. Ross, told reporters that Mr. Truman, simply is watching the situation.

Ross said John R. Steelman, presidential assistant, conferred by long-distance telephone with Cyrus Clegg, director of the Federal Mediation Service, and got a "complete briefing" on efforts to get John L. Lewis and the coal operators to negotiating again.

Hope for an extension of the three-week truce beyond tonight's midnight deadline hinged on these efforts.

TAFT'S OPPOSITION
COLUMBIANA, O., Nov. 30.—(AP)—State Auditor Joseph T. Ferguson made it official last night. He formally announced his candidacy for U. S. Senator.

Ferguson did it at a banquet put on by the Franklin County Democratic executive committee here. Many party leaders from over the state were on hand for Ferguson's long-waited declaration.

He has been waiting for some time that he is the only Democrat who can beat Republican Senator Robert A. Taft in the November election. Taft is regarded as almost certain to win GOP nomination in the May primary.

FRONT ORGANIZATIONS
PHILADELPHIA, Nov. 30.—(AP)—Secretary of Labor Maurice Tobin asserted today Communists have used some American trade unions as "front organizations for the promotion of the aims of a foreign power."

In a speech prepared for the founding convention of the International Union of Electrical Radio and Machine Workers (IURMW) he said:

"It is because American labor feels that it can have no truck with Communism that it has taken steps to disrupt every hint of Communism within its own ranks."

Navy Chooses A Cotillon Queen

BRIGADE COMMANDER Ames Smith crowns Ann Swoboda, 16, as first "Queen of the Brigade Cotillon" at the midshipmen's annual dance in Philadelphia. More than 1,500 midshipmen attended.

Senator Pepper Talks To Kiwanis After Meeting

Insists Government Is Not Going Broke In Spite Of Deficits

"Your government is not going broke, nor are the American people going broke, but I am confident that the American people will preserve their prosperity and get richer," Senator Claude Pepper declared in an after meeting talk to Kiwanians today.

The talk was given after the meeting for those who wished to stay due to a Kiwanis talk against allowing political candidates to speak, according to President W. A. Morrison who introduced Senator Pepper. Speakers at the regular meeting were Sandy Anderson, president of the Sanford State Farmers Market, who told of the growth of the market, and Edward Higgins, who told of projects undertaken by the Seminole County Chamber of Commerce.

"We are winning the cold war," Senator Pepper told the Kiwanians, "and I say that if we win the cold war, the money will be well spent even if we have a deficit."

The more than five billion dollar deficit amounts to almost exactly what the Marshall Plan now contains in cash.

Mrs. Eva M. Ellis Dies This Morning

Mrs. Eva M. Ellis died this morning at 10:30 o'clock at the home of her son and daughter-in-law, Mr. and Mrs. Charles K. Ellis, 708 Palmetto Avenue, following a short illness. She was born in Ohio and made her home in Sanford for the past four years, and was a member of the First Methodist Church.

She is survived by four sons: Glenn O. Ellis and J. W. Ellis, Port Arthur, Tex.; Leonard P. Ellis, Springfield, N. Mex.; and Charles K. Ellis of this city; one daughter, Mrs. John H. Williams of Hialeah, Fla.; 15 grandchildren and four great grandchildren.

The body will be taken to Hialeah, Fla., Thursday afternoon and will be accompanied by Mr. and Mrs. Charles K. Ellis. Funeral services and interment will be held in Hialeah where she will be buried in Evergreen Cemetery beside her husband, Charles F. Ellis.

CIVIL AIR PATROL
The Civil Air Patrol will meet tonight at 8:00 o'clock in the main hangar at the Municipal Airport to continue forming its local Group.

All fliers or non-fliers over the age of 16 who are interested in OAP activities are invited to attend tonight's meeting.

HYVANT DIED
OCALA, Nov. 29.—(AP)—Charles Cecil Bryant, 64, president and general manager of the Ocala Gas Company, a member of the accounting firm of Bryant and Weaver, died last night at a hospital in Ocala where he had been a patient at Duke University Hospital. He was the father of the late Charles Bryant, who was killed in action during the war.

Thomas Places Self On Mercy Of The Court

Congressman Pleads Guilty To Charge Of Payroll Padding; Campbell Case Out

WASHINGTON, Nov. 30.—(AP)—Rep. J. Cannon Thomas (R-N.J.) today withdrew his plea of not guilty to charges of payroll padding, and threw himself on the mercy of the court.

The 64-year-old legislator changed his plea to one of nolo contendere. That means he does not contest the government's charge.

With that startling development, Judge Alexander M. Holtzoff dismissed a charge against Miss Helen Campbell, former secretary to Thomas. She was accused of conspiring with Thomas to defraud the government through padding of the lawmaker's office payroll.

Holtzoff said that since Miss Campbell seemed to have acted merely as an employee of Thomas, he would dismiss the charges against her.

John R. Fitzpatrick, lawyer for Miss Campbell, had contended at the outset of the trial on Monday that it was true that Miss Campbell had arranged for a niece, Myra Mikloff, and her maid, Arlette Minor, to go on Thomas' payroll. The government contended that their salary checks were deposited to Miss Campbell's account in a bank here, and that Miss Campbell in turn transferred funds to the "Thomas" bank account at Allendale, N. J.

Thomas' change of plea came when the government was ready to put Miss Mikloff and Miss Minor on the stand.

Florida's Branch Sales Tax Offices Open Tomorrow

TALLAHASSEE, Nov. 30.—(AP)—Sixteen branch offices set up by Comptroller C. M. Gray through Florida's new sales tax law, are tomorrow to help gather the new sales tax.

The men who will run them and operate from their finished a two-day training course in sales tax regulations and collection procedure here yesterday.

Anytime after tomorrow, merchants and dealers who have been collecting pennies for the state since the law became effective, may send them to Tallahassee.

All who have obtained dealer certificates—some 70,000—will get official return blanks in the mail within the next few days. The blanks must be sent to Tallahassee by Dec. 31.

No taxes are to be paid to the branch offices. All must come to the Comptroller's office in Tallahassee.

The branch office staffs will help dealers make out their returns, clarify the law and audit collection accounts.

The branches are located at Jacksonville, Tampa, Miami, Fort Pierce, West Palm Beach, Daytona Beach, Live Oak, Marianna, Panama City, Panama City, Lakeland, Clearwater, Sarasota, Fort Myers and Orlando.

Low Temperatures In North Florida

LAKELAND, Nov. 30.—(AP)—Winter will take another whack at northern Florida, sending the mercury down to the thirties by daybreak tomorrow, the Federal-State Frost Warning Service predicted.

The Brotherhood of Locomotive Firemen & Enginemen disclosed today that its threat of a strike against the nation's carriers had been removed for the time being.

D. E. Robertson, president of the Brotherhood, announced last September that the union planned to strike in protest against rejection of its demands by a Presidential Emergency Board.

A union spokesman said today there is no likelihood of a strike at an early date.

TRUCKERS' WIRE
TALLAHASSEE, Nov. 30.—(AP)—The State Road Department has no authority to finance a wire service to give produce truckers late information on "availability of agricultural products," Attorney General Richard E. Levin ruled today.

The Road Department had asked if it might provide a daily wire service for produce trucks "bearing the state in terms of agricultural products to be transported to northern markets."

Victim Of Storm In Battered Washington State

WEAKENED BY RAIN AND FIERCE WINDS, the approach to this bridge in Squilam, Washington, gave way and trapped a passing automobile. At least 100 of the worst storms in Pacific Northwest history, Washington, Oregon and British Columbia were threatened with major destruction as rain-soaked streams threatened to break over banks. Thousands of acres of land were inundated.

Lions Club Repairs 400 Toys For Christmas Gifts To Children

More than 400 toys have been presented to the Lions Club for distribution at Christmas time to underprivileged children. King Lion Bill Alder told members of the club yesterday at the Youth Club Lions were asked to cooperate in giving toys in need of repair.

Ed Williams was given a box of toys and baby articles in honor of his son, Larry Theodore Williams, who was born on Nov. 8.

All Skinner had charge of a program entitled, "Everybody talks which resulted in 'True Confessions and Tall Tales.' Some of the most humorous anecdotes came from two visiting Lions from Toledo, The Rev. Frank C. Morgan, Baptist pastor and the Rev. John E. Adams of the Toledo Methodist Church.

John Levy spoke of hunting and selling shoes. Harry Ruckelbacker, sporting goods and a clothing department that he and brother John J. N. Robinson, Jr. are installing. Jack Moran on the state of the Union and the state of Florida. A. L. Loomis told of an Florida football game, including a vain hunt for Gas Fuller Warren and wound on a Saturday he did attend the game. W. D. Loomis told of a little fellow called Rocky Kallwall at the Florida Power and Light plant.

John Morsch drew chuckle when he said that he had a business, but failed for a job by Henry Wiley told of a time and a lion activities. Ed. Ramsey told a tall tale, and revealed that he was an employee of the State Road Department for the first time, raised without mentioning the County Health Unit.

Joe Barnes suggested increasing the Lion membership. Ruckelbacker spoke of "that old automobile." Clarence Welch, locally allied to his lion, then told his favorite topic, "Catching 30 Day Fish in the Sea."

When police reached Angle's car today, gun smoke was still curling through the air and the youth was slumped over the steering wheel with a stomach wound.

Rescue him was a morning paper containing the picture of Lenore. Across it Angle had scrawled "I love you, Lenore."

He was rushed to St. Mary's Hospital in serious condition. A doctor there said he killed his wife, Detective John De Blazy reported Angle said:

"I guess she had a heart attack. I don't know how it happened to her. (Continued on page 21)

NO RAIL STRIKE
CLEVELAND, Nov. 30.—(AP)—The Brotherhood of Locomotive Firemen & Enginemen disclosed today that its threat of a strike against the nation's carriers had been removed for the time being.

D. E. Robertson, president of the Brotherhood, announced last September that the union planned to strike in protest against rejection of its demands by a Presidential Emergency Board.

A union spokesman said today there is no likelihood of a strike at an early date.

TRUCKERS' WIRE
TALLAHASSEE, Nov. 30.—(AP)—The State Road Department has no authority to finance a wire service to give produce truckers late information on "availability of agricultural products," Attorney General Richard E. Levin ruled today.

The Road Department had asked if it might provide a daily wire service for produce trucks "bearing the state in terms of agricultural products to be transported to northern markets."

Chinese Reds Scored By U.S. As Inhumane

Dean Acheson Sends New Protest About Americans Detained By China Commies

WASHINGTON, Nov. 30.—(AP)—Secretary of State Acheson said today Americans are "thoroughly indignant" at the Chinese Communists for their "inhumane" detention of two American servicemen for more than a year.

Acheson announced that the State Department has sent a new letter to the Chinese authorities at Peking in an effort to obtain release of the two.

They are Naval Chief Electrician William G. Smith, Fred Beach, Capt. and Master Sgt. Elmer C. Hendler of the Albatross (AM-31), U. S. Navy.

The protest was in a formal letter to the Chinese government that they have been held incommunicado by the Communists since they disappeared Oct. 19 last year while on a transport flight from Lungtao, China. The United States had a temporary Naval base there then.

Acheson said that a new report had been received from General George A. Mather, War Relocation Authority, that the two men were still alive and that they were being held in a camp near the city of Peking.

The Secretary also said that the United States had a list of 12 other Americans who were being held in the Manchurian city. Ward telephoned to Peking yesterday and discussed the matter of paying off his local staff on Dec. 31, Acheson said.

The Secretary also said that the United States had a list of 12 other Americans who were being held in the Manchurian city. Ward telephoned to Peking yesterday and discussed the matter of paying off his local staff on Dec. 31, Acheson said.

He indirectly rebuked the International Brotherhood of Shipyard Workers for having sent its leaders, two of which have been held, into the area.

Acheson also reported that this government has requested all requests of the shipping line for American naval vessels.

He said that this government's policy to ensure American shipping through the so-called "backdoor."

It was Acheson's first news conference in two weeks and centered a variety of news items in Washington.

Truckers Told Of Billion Paid For 'Free' Highways

JACKSONVILLE, Nov. 30.—(AP)—Charges that truckers get free use of highways was described today as "propaganda" and "calculated to mislead the public" by the American Trucking Association.

The American Trucking Association told Florida truckers that the industry pays general taxes totaling more than \$100,000,000 a year.

English spoke at a luncheon meeting of the Florida Trucking Association, which is holding its 25th annual convention here today. He said that the industry pays general taxes totaling more than \$100,000,000 a year.

In addition, motor truck owners paid \$175,000,000 in special highway taxes to state and local governments, he pointed out.

"Since these facts are well known to the propagandists' relations that truck use the highways 'free' must be placed in the category of misrepresentations designed to fool the American public," he said. "If the highways are 'free' it will be news to the truck owners of this country."

U. N. SPEECH
NEW YORK, Nov. 30.—(AP)—Britain's Hector McNeill and today Russia has created the Kremlin's purported peace offer fumble by such moves as the New Communist line at Przemysl-Marshal. McNeill told the United Nations Assembly that "the one can fail to see the apparent conflict between the Soviet speeches here and actions outside"—in Yugoslavia and elsewhere.

CONVICT CAUGHT
DELAND, Nov. 30.—(AP)—Police here said Waycross, Ga. officers had captured one of three convicts who escaped from a state road crew near New Smyrna Beach yesterday.

Deputy Sheriff Russell Galkabreath said Walter D. Banks, 23, was taken in a car stolen in New Smyrna Beach late yesterday. He said he planned to return him to Volusia County on a car theft warrant.

Two convicts still at large are Martin Ledbetter, 26, and Larry Davis, 19, both of Miami. All were serving 10-year terms — Banks for armed robbery, the other two for breaking and entering.
