Milwee Reports County School Enrollment Rise

"School enrollment, or membership, last Friday," Rayburn T. Milwee, Seminole County Superintendent of Public Instruction, told school teachers last night "is five higher than it has ever been."

Milwee, speaking at a meeting of the Seminole County Teachers Association held at Pinecrest School, said that "The school membership at the end of last Friday had a total of both white and colored students of 6,702. Last January Seminole County schools reached its highest total in membership which was 6,697."

"Of this total," he said, "4,036 are white children and 2,666 are colored."

Pointing out the growth of Seminole County in school population the Superintendent of Public Instruction said that at the end of the first month of last year's session there was a total of 6,171 children attending school with 2,814 of them white children and 3,357 colored.

"If the same percentage of increase from now to the end of the peak month which is usually January holds," Milwee told Seminole County school teachers, "we should have approximately 7,200 children in school."

As for individual growth in schools, the School Superintendent pointed out that the white school with the biggest total is Lyman, at Longwood, with 851, Southside School next with 863, then Seminole High School with 872 and Pinecrest School with 176.

In the colored schools, 761 was the total at Croona Academy, 666 at Goldboro School and 426 at Midway School.

Milwee told the teachers that "during the week of Nov. 5, a school building survey team from the State Department of Education and the University of Florida will come into Seminole County and project our building needs through 1960."

The Seminole County Teachers Association named Mrs. Hilda Wray and Ernest Cowley as delegates to the statewide meeting of the Classroom Teachers Association which will be held in Jacksonville later this year.

Weather

Partly cloudy and mild through Saturday; low tonight 68-72.

SOME OF THE 2,000 SILVER DOLLARS mentioned will be receiving from Sanford Herald employees as they shop in Sanford stores this weekend and again next. Mrs. A. E. Bloomer Sr., cashes a check for Miss Fatty Walker this morning. The silver dollars are just a small part of the \$100,000 annual payroll of The Sanford Herald which is channelled into the stores and shops of local merchants. (Staff Photo)

2nd Yalta Conference Appears In Making

LONDON (AP)—A second Yalta conference appeared in the making today following the arrival of Yugoslav President Tito and Soviet Communist party chief Nikita Khrushchev in the Black Sea resort.

The presence of Soviet Premier Bulganin and Foreign Minister Dimitri Shepilov at Sochi, another Black Sea resort less than an hour's flying time from Yalta, lent credence to widespread Western beliefs that top-level Communist talks were planned.

Bolstering the speculation in the West was the surprise nature of the flight by Tito and Bulganin from Belgrade to Russia yesterday and the large number of advisers on hand for what was described officially as "a few days rest."

Bulgaria and Shepilov previously had been reported on a holiday in Sochi.

Word that Tito and Khrushchev had reached Yalta—site of the last World War II meetings between Roosevelt, Churchill and Stalin—came from Belgrade radio. An earlier Moscow radio broadcast reported they had arrived in Sevastopol from Yugoslavia and they "journeyed to the south coast of the Crimea where they will be resting."

The Tito-Khrushchev party left Belgrade in a surprise move early yesterday. The Yugoslav group included Tito's wife Jovanka, Vice President Alexander Rankovic and Djuro Pucar, chairman of the state of Bosnia-Herzegovina and a member of the Yugoslav Communist party Politburo.

TB Assn. To Meet Tonight At 7:30

George Dabbs, president of the Seminole County TB Assn., has called a special meeting of the executive board to be held at the home of Mrs. Lorraine Graham, 204 W. 20th St., tonight at 7:30.

The purpose of the meeting is to make plans for the Christmas Seal Drive.

Korean Official Is Shot

SEOUL (AP)—Chang Myun, President Syngman Rhee's outspoken opposition vice president, was shot and wounded in the hand today as he stepped from the stage of a political convention.

The attempted assassination came less than 24 hours after the Rhee-dominated National Assembly voted 86-6 to warn Chang against continuing his criticism of the government.

Chang, a Roman Catholic and a former ambassador to the United States, has been in off-and-on seclusion since he was chosen vice president May 15 after a turbulent election campaign. The candidate of the opposition Democratic party, he decisively defeated Rhee's running mate.

The assassin, identified by police as Kim Bang Poon, 28, fired two revolver shots at 2:35 p.m. as Chang stepped to the floor after addressing a Democratic party convention in the municipal theater.

One bullet went through the palm of Chang's left hand. A party aide said several bones were smashed. The vice president, after being treated by a doctor attending the convention, shut himself up in his home and refused to see newsmen.

Police said Kim, a veteran of the Korean War, admitted the assassination attempt and said in explanation:

"I thought he would do a fair job for the nation, but he was trying to fraternize with Japan, which is my enemy."

Allyson Lee, Local Concert Pianist To Appear On TV

Television viewers of Sanford and Central Florida have a special treat in store at 7 o'clock Monday night when the talented, popular concert pianist, Allyson Lee, will appear as guest artist on the Walter Kimble program on WDBO-TV.

Allyson, 12 year old daughter of Mr. and Mrs. John L. Lee of this city, has been the recipient of many compliments on the occasion of her appearances locally and at other points because of her unusual talent in one so young. (As she plays over 60 selections from memory) and her fine personality.

Although her appearance on Monday night's program will be limited to one number, it will afford those who haven't heard her an opportunity to see and hear an artist for whom a great musical future is predicted.

FSU President Tells Retirement

ORLANDO (AP)—Dr. Deak E. Campbell today announced to the Board of Control his retirement as president of Florida State University at the close of the present school year.

Dr. Campbell, 68, is in his 16th year as president of the Tallahassee institution. He came there from Peabody Teachers College at Nashville, Tenn.

His action apparently took the board by surprise.

Hollis Binswanger, a member of the board from Miami, commented "I can only say that this is shocking although we have expected it."

Chairman Ralph Miller of Orlando said "this can only be accepted by the board with regret. Few can look forward to reaching retirement age with as much dignity and accomplishment as you have. We will look for a man to take the place you occupy. You can't be replaced."

Dr. Campbell told the board he was announcing his retirement at this time to enable the board to find a new president and to make the transition in administration as simple as possible.

INDIVIDUAL ACCIDENT REPORTS NOT OPEN TO PUBLIC

TALLAHASSEE (AP)—Reports made by individuals involved in traffic accidents are not open to the public. Atty. Gen. Ervin has ruled.

In an opinion given at the request of assistant City Atty. John J. Trewey of Tampa, Ervin said the reports are confidential under the law because "it would be improper to require a driver to make a report which might, at times amount to a declaration against interest."

Ervin said reports by officers are open to the public.

Rural Development Plan Aiding Low-Income Farmers

MAYOR F. D. SCOTT OFFICIALLY opens the brand new \$25,000 Therm-O-Tane Gas and Appliance Co. building this morning when he cut the ribbon to allow a huge crowd already waiting to visit the ultra-modern show rooms, offices and warehouse located on the corner of West 9th St. and Laurel Ave. With Mayor Scott is C. H. Robertson, vice president of the company. (Staff Photo)

Big Crowd Attends Therm-O-Tane's Formal Opening

Therm-O-Tane Gas and Appliance Co.'s ultra-modern show rooms, offices and warehouse were formally opened this morning with a huge crowd on hand at 9 o'clock waiting to get "the first look."

Representatives of the many companies whose merchandise is distributed by Therm-O-Tane Gas and Appliance Co. were on hand to help greet the visitors who thronged through the store.

The showrooms were brilliantly lit with the gas appliances available throughout the year and installed by Therm-O-Tane Servicemen.

Balloons, filled with gas, floated against the ceiling creating the gay atmosphere of the formal opening.

Bubble gum, cold drinks and souvenirs were on hand for the visitors and their children.

To be given away at the climax of the formal opening activities today, are a Dixie Range, Fernglass 30-gallon water heater, Deodorin Ho-Bee Chef, a Waring Horning Heater, and a Nutone Inbuilt Mixer, Blender and Sharpener.

Another feature during the day-long formal opening was a gleaming copper eight-cup carafe was given away every hour on the hour.

Longwood Civic League Sets 1st Session Tuesday

The Longwood Civic League will hold its first meeting of the fall season on Tuesday afternoon, Oct. 2, at the Longwood Library. There will be a social hour from 3 to 3:30 which will be followed by an interesting talk on The Red Cross—Its Role in Civil Defense by Mrs. James Gilpin of Casselberry. All members are urged to attend.

Some Sections Will Revert To Standard Time This Sunday

By THE ASSOCIATED PRESS

Some areas in the nation return to standard time this Sunday, Sept. 30, but the majority continue "fast time" until the last Sunday in October—this year it's Oct. 28.

Returning to standard time on the September date are California, Nevada, Maryland, northeastern Ohio, and some sections of Indiana, Pennsylvania and Delaware.

Observing the Oct. 28 date are New York, Vermont, most of Pennsylvania, the St. Louis metropolitan area in Missouri, Rhode Island, New Jersey, Chicago and other metropolitan Illinois areas, sections in Virginia adjacent to Washington, D. C.; Washington, D. C.; Maine, Massachusetts, New Hampshire, and Connecticut.

President Hails Major Progress

WASHINGTON (AP)—President Eisenhower today hailed what he called "major progress" in aiding small and low-income farmers through a rural development program.

An interdepartmental committee handling the program, under the chairmanship of True D. Morse, undersecretary of agriculture, presented its first annual report to Eisenhower.

The reports said efforts to aid more than a million farm families who need to adjust to modern trends are underway in half the states.

Eisenhower said in a statement complimenting the group's work: "Initial success of this program is a challenge to all of us in the year ahead. We have a solid foundation to build upon. The rural development program is the first truly broad-based attack on the problem of low-income farmers."

The President said every one of the main recommendations made by the committee of government officials in April, 1955, has been acted upon, including expanded technical aid for families on small farms, new job opportunities, training in nonagricultural skills, research, and community action in rural areas.

In addition to Morse, the committee is made up of the undersecretary of interior, commerce, labor, health, education and welfare, plus Joseph E. Davis of the President's Council of Economic Advisors.

Morse told reporters the program is "beginning to show results," and said the small farmer must do one of two things: "He must either intensify and build up the level of production, and that he actually is doing under this program."

"Or—and these go together—he must get part-time employment off the farm."

Plans Are Completed For Therapy Unit Visit

Don Satterlee, Director of the Mobile Therapy Unit for the Florida Society for Crippled Children, was in Sanford today to complete final arrangements for bringing the unit to Sanford Tuesday.

Satterlee conferred with Dr. Vincent Roberts, president of the Seminole County Medical Association, Dr. Terry Birt, Seminole County Health Officer and the county's public health nurses.

The Mobile Therapy Unit, which will be in Sanford from 9 a. m. to 5 p. m. next Tuesday, is being brought here to determine if there are enough people who would be helped by physical therapy to warrant the sending of a physical therapist with the mobile unit to Sanford on regular visits or to show the need for establishing a permanent clinic.

The Mobile Therapy Unit Director talked with Mrs. Marie S. Brown and Mrs. Hilda Kibbe, Seminole County Health Unit public health nurses and with Mrs. Kathleen Anderson, District Nurse for the Florida Crippled Children's Commission, relative to sending the Mobile Unit here next Tuesday, and completing plans for interviewing both crippled children and adults.

Dr. Vincent Roberts said today "Parents, even though they are now taking their handicapped children to therapy centers of the (Continued on Page Two)

BREAUMONT, Tex. (AP)—A home town Babe Didrikson Zaharias never forget paid final tribute today to the famous athlete who lost her courageous three year battle against cancer.

It was nearly a quarter of a century ago that the 42 year old Babe left this southeast Texas oil refining center to gain fame and fortune in the sports world, first in basketball, then track and field, the 1932 Olympics and golf.

The Babe returned home the last time at mid-afternoon yesterday some nine hours after death came while she slept peacefully in John Sealy Hospital at Galveston.

Only relatives viewed the body last night at Broussard Mortuary but a hundred or more hometown friends called and signed the guest register.

The body will lie in state today at Bethlehem Lutheran Church. Funeral services will be conducted by the Rev. C. A. Woytek, the pastor, this afternoon.

George Zaharias, husband of the famous Babe, and relatives will (Continued on Page Two)

VOLIE A. WILLIAMS JR., Assistant State Attorney, uses a poster to drive home one of his points during one of a series of Safe Driving Lectures currently being held aboard the Sanford Naval Air Station. Williams is the featured speaker for the September program, succeeding Patrolman Carl Williams and Trooper T. Mark Mack of the Florida Highway Patrol and Karlyle Housholder, Seminole County Prosecutor. Talking on the need, shortcomings and desired improvements of state traffic regulations, Williams gave a different outlook on the highway safety program than the three speakers who preceded him who spoke mainly on the law enforcement problem. Bill Frances, President of the National Association of Stock Car Automobile Racing (NASCAR), is scheduled to be the program's speaker for the month of October. (Official Photo, U. S. Navy)

Gales, Squalls Batter Ships In North Sea

LONDON (U.P.) - Gales and rain squalls battered ships in the North Sea and the eastern Atlantic today and sent rivers of western England surging out of their banks. The 185-ton Norwegian vessel Heimdal caught fire while battling high seas northwest of Bergen, Norway. Her eight-man crew launched a life boat but later boarded their ship again to fight the fire. Planes from Scotland and Norway flew to its aid and the 2,000-ton Norwegian freighter Hagra stood by. A Dutch lifeboat rescued the 42-man crew of a Belgian minesweeper which ran aground at the Hook of Holland. Teh Collier Corfell took off the three crewmen of the 128-ton British Vessel Shawford in the Thames Estuary. The abandoned ship was blown ashore. The Glasgow lifeboat took four men and a woman from a yacht in distress off the Essex coast.

In northern Denmark the 340-ton British tanker Australy ripped two spans off a railway bridge across the Limfjorden Strait, paralyzing rail and sea traffic in that busy area. The ship was damaged slightly.

BREAKING GROUND for a \$250,000 country club 15 miles east of Lake Wales, Florida, is Leon Ackerman, center, with shovel, developer of the fabulous Indian Lakes Estates, a planned country club community. Others shown are, left to right: Charles W. York, Washington attorney representing Ackerman; Engineer R. H. Lewis; Rear Admiral James E. Arnold, president of the Indian Lakes Club; C. G. Wagner, sales manager; Ackerman; Wade H. Herrin, Lakeland contractor who will build the club, and a member of the sales staff, Ted Linton. An architect's sketch of the club is shown below. It will be located on an 18-hole golf course, one of three golf courses in the 7,000-acre tract of over 8,000 half-acre home sites. More than 3,000 home sites have been sold and plans for the first 125 homes are now in the process of being

Bolivian Prisoners Seeking Asylum

SALTA, Argentina (U.P.) - Forty-seven bedraggled but defiant Bolivian political prisoners, interned here after seizing their captors' plane in flight, pressed an appeal today for asylum in Argentina. Argentine authorities conferred with Bolivia's ambassador in Buenos Aires and issued a guarded statement that the situation was being studied.
The fugitives, including leaders of the socialist Falanga party, main opposition to Bolivia's government overpowered their guards near La Paz. One of the prisoners took over the controls and flew the government airliner, a four-engine DC4, the 450 miles to Salta. "We preferred death in an airplane to life in a concentration camp," one of the group told reporters at Salta airport, 170 miles south of the Bolivian frontier.
The group included business men, students, a journalist, an accountant and several ranchers. They were arrested after last Saturday's antigovernment riots that caused four deaths in La Paz.
The government blamed the Falanga for instigating the uprising. Observers said, however, that the real causes were high prices and food shortages.

NROTC Tests To Be Given In December

VAdm. James A. Holloway Jr., Chief of Naval Personnel, announced today that the 11th annual national competitive examinations for the Navy's Reserve Officer Training Corps will be given to interested high school seniors on Dec. 8. Application forms are now available and must be received before Nov. 17, he added.
Designed to supplement the officer output of the Naval Academy, the NROTC program makes it possible for a young man to earn a commission while studying at the civilian college of his choice which has an NROTC unit. All tuition, fees and books are furnished by the Navy, and the student receives an annual retainer of \$600 for four years. During the summers the student goes on fascinating training cruises as a midshipman. After completing the usual four year college course, he is commissioned in the Regular Navy or Marine Corps and goes on active duty with the Navy's farflung fleets. For those who apply and qualify, immediate assignment to flight training will open new careers in naval aviation.
High school seniors and graduates between the ages of 17 and 21 may apply for the NROTC aptitude test. Those who make a qualifying score will be given a rigid physical exam early in 1957. From the pool of qualified young men remaining in competition, approximately 2,000 will be selected to begin their naval careers next September.
The NROTC college training program is also open to enlisted men on active duty with the Navy and Marines. Separate quotas are established for applicants from within these services.
Application forms are available at all high schools, colleges, Navy Recruiting Stations or from the Chief of Naval Personnel, Washington 25, D. C.

Collins Invites Atomic Officials To Visit Exhibit

TALLAHASSEE (U.P.) - Gov. Collins has invited 450 top atomic industrialists and engineers to visit the state's exhibit at the Trade Fair of Atomic and Nuclear Energy starting Sept. 25.
The invitations and accompanying 45-page brochures are part of the promotion work to obtain more nuclear industrial installations for Florida.
The brochure was prepared by the Florida Development Commission. Entitled "Fission in Florida," it sets forth the availability of raw materials for nuclear production, scientific manpower and profitable nuclear markets.
It also has a section devoted to specific nuclear opportunities in Florida. It says Florida sands are one of the chief world sources of the rare earth metals vital to nuclear industry such as zirconium, titanium, and the thorium group.
A 25-million dollar plant is being built near Pensacola to produce 700,000 pounds of reactor grade zirconium annually. Eight firms are mining Florida rare earth metals and more than 300 tons of uranium is being recovered as a byproduct in processing phosphate rock.

Two More British Servicemen Killed On 'Murder Mile'

NICOSIA, Cyprus (U.P.) - Two British servicemen were killed with bullets in the back along Nicosia's "murder mile" today. A third was wounded but drew a gun and returned the fire.
The deaths brought to 20 the total of British servicemen killed since the EOKA underground 18 months ago began its campaign of violence against British rule of the Mediterranean island colony.
The three Britons were sauntering down Ledra Street in civilian clothes when a small group of men opened fire on them from behind. The gunmen escaped.
Ledra Street is known as "murder miles" because of the number of British servicemen and other persons shot in its crowded sidewalks by EOKA union-with-Greece extremists.

Chandler Top Star Of Navy War Picture

"Away All Boats", the Universal-International picture in Technicolor and Vista Vision which opens Sunday at the Movieland Ride-In Theatre, is the heroic saga of a U.S. Navy attack transport and of the men who sailed her to the battered beaches of the South Pacific in World War II. The picture, the most expensive ever produced by U-I, was filmed mainly on location in the Virgin Islands with the cooperation of the U.S. Navy. It has an impressive cast, headed by Jeff Chandler, George Nader, Julie Adams, Lex Barker, Keith Andes, Richard Boone, William Reynolds, Charles McGraw, Jack Mahoney and John McIntire. Based on Kenneth M. Dodson's best seller of the same title, the screenplay was written by Ted Sherman. The director was Joseph Pevney and the producer Howard Christie.

George Nader reports to his skipper, Jeff Chandler, in this screen adaptation of the Kenneth M. Dodson best-seller, scene from "Away All Boats", Universal-International filmed in VistaVision and Technicolor with Chandler, Nader, Julie Adams and Lex Barker as its stars. Showing Sunday & Monday at the Movieland Ride-In Theatre.

Famous French Villa Background In Film

In the film, "Foreign Intrigue", of the Villa—interior and exterior—for key scenes in the picture. The Villa des Palmiers, sitting high above the Mediterranean and framed by the French Alps, is a cozy little place of 328 rooms. Its furniture alone is valued at over two and a half million dollars. The sumptuous formal gardens adjoining and surrounding the Villa des Palmiers were used by Reynolds as background for the little and screen credits and the opening scene of "Foreign Intrigue." The central feature of the gardens is a beautiful narrow pool, over a block long, the waters of which are filled with exotic water flowers, and reflect the magnificent statuary and stately cypresses which line the garden. The statuary, incidentally, date back to the Greek occupation of the area. As might be expected, the Villa des Palmiers occupies a prominent position in the folklore of the surrounding countryside. It is the center of various stories of starcrossed lovers, ghouls, vampires and royal intrigue.

Moby Dick, Great Book, Now Exciting Movie

The Ritz Theatre announces the premiere production of John Huston's production of "Moby Dick" beginning Sunday. Gregory Peck, Richard Basehart, Leo Genn and Orson Welles star in the Warner Bros. presentation of Herman Melville's great American adventure saga. "Moby Dick," reportedly brought to the screen after three years of filming in England, Wales, Ireland, the Irish Sea, the Atlantic Ocean, the Madeira and Canary Islands, was filmed in a new color process by Technicolor. John Huston produced and directed "Moby Dick," the epic story of the men who searched the seven seas for the mammoths of the deep giant whales.

"Moby Dick" is said to mark the realization of a thirteen-year dream for producer-director John Huston first planned the film-achievement as "Treasure of Sierra Madre," "African Queen," "Moulin Rouge" and others. Huston first planned the filming of "Moby Dick" at a time when his main interest in motion pictures was as a screenwriter. With a writer's eye he envisioned the scope and conflict of "Moby Dick" as presenting an exciting panorama of entertainment for everyone. As the years passed and Huston's range of interest grew, his plans started to take shape. For the screenplay, Huston invited Ray Bradbury, noted science-fiction writer, to join him in bringing Melville's characters to screen life. As producer-director he spent months scouting remote corners of the world for the ideal setting to match the locales of the story.

Get Behind Local C of C, Help Sanford, Seminole County Grow

The Seminole County Chamber of Commerce has made its big step! And now—with a spirit of progressiveness—the local chamber of commerce organization, headed for the next twelve months by Clifford McKibbin as its president, will go after the big projects, the little projects, new ones and old ones.

The Executive Board of the Seminole County Chamber of Commerce went after one man to manage the affairs of one of the most effective organizations a community can have.

President-elect, until Monday morning, Clifford McKibbin announced yesterday that City Commissioner John Krider had accepted the position as manager and will take over his duties immediately.

That's the big step taken by the CofC group!

Now the next step is for the businessmen, merchants, professional people and citizens of Seminole County to get behind John Krider and the program he will go after to bring to the county every available project that will build the community—every available project that will benefit the community.

John Krider has been close—very close—to some of the most important programs and projects ever to be proposed. And he's gone after them with a "no-holds-barred" attitude—with a determination that they're good for Sanford and Seminole County and they're going to be accomplished.

That's what it takes in these modern days of keen competition for whatever it might be—roads—bridges—recreation areas—streets—new industry—new tourist trade! It's the aggressive and "we're going to have it" attitude which brings results—and John Krider possesses such a spirit.

We believe that the Seminole County Chamber of Commerce is right now on the threshold of having one of the most successful of all years in its long history of existence here in our County.

As we've already said—our next big move is for everyone to get behind the Chamber of Commerce in every way possible.

sible—if you're not a member, JOIN—if you're not on a committee, GET ON ONE—if you haven't been behind the progress of Sanford and Seminole County JOIN WITH THOSE WHO ARE—and Sanford and Seminole County will grow beyond all expectations.

We have the leadership—and we're ready to go!

Secondary Duties

Shortage of professionally trained people in certain fields is forcing efficiencies that might have taken many more years in coming.

A hospital, for instance, has gone a step beyond the nurses' aid idea by hiring "floor managers" to supervise non-nursing work and by training maids to serve food trays as well as do the general housekeeping. This practical procedure has given the nurses more time for their specialized duties and thus has helped solve the nurse shortage in that hospital.

Likewise, a few big engineering firms are experimenting with "engineer aids" to do routine office work that formerly gobbled up valuable time of expensively trained engineers.

It's fine time for the highly paid, highly trained specialists to understand all the jobs in their offices or departments, and be willing to do any of them in a real emergency. But at a time when the professionals are scarce, it doesn't make much sense to waste their time and skills on duties which plenty of other employes might perform just as well.

There are few offices and plants which couldn't increase their efficiency with the personnel they have on the payroll by simply shuffling secondary duties into a more effective pattern.

The president of a very new college was explaining: "But we're not helping the other colleges in the state by taking in some of their students—these are extra students, who probably wouldn't go to college at all if we weren't here in their home area. Many of them are good students, too."

And therein lies one more problem for educational leaders and state legislators to mull over as they try to figure out how to handle booming college enrollments of the next few years.

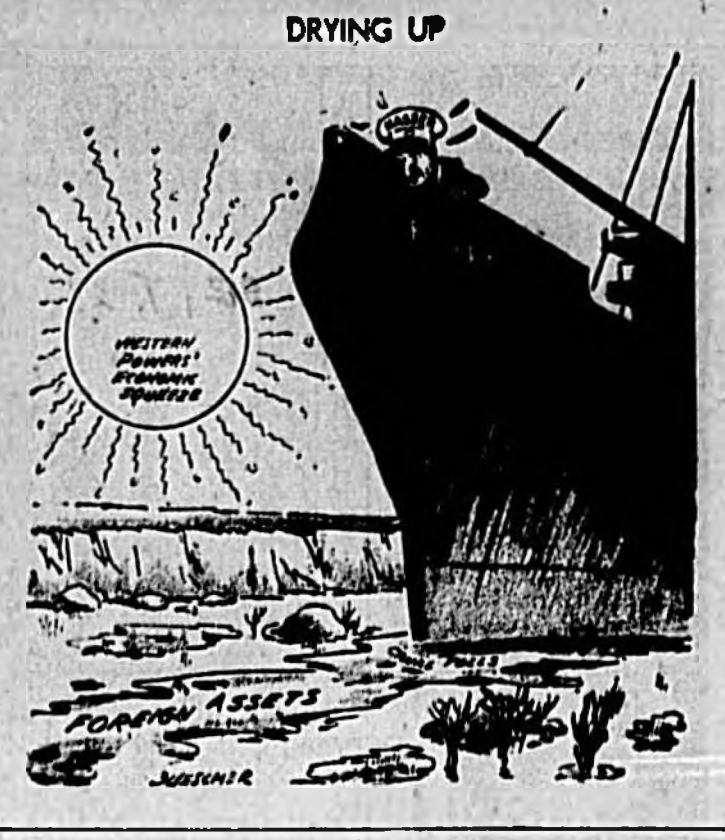

It's not only more population and more familiarity with the values of education that is swelling the ranks. More high school graduate students really want to go to college, and good new colleges that make this possible at moderate cost tap brand new sources of enrollment.

State colleges, state universities establishing branches, and municipal colleges have to decide how far they can afford to go in expanding their faculty and facilities for such students.

This is a problem impossible to chart accurately with census figures, but nevertheless quite real.

The first President to proclaim a full week in observance of fire prevention was Warren G. Harding in 1922.

This year's fire prevention week is set for the week of October 7-13.

Letters Of Appreciation

EDITOR'S NOTE: Yesterday was one month to the date since the Navy bomber crashed in Sanford.

Honorable F. D. Scott
Mayor of the City of Sanford
Sanford, Florida
My dear Mayor Scott:

It is my profound desire to express my families and my heartfelt appreciation for the overwhelming assistance we received from the people of your fine city at the time of our great need.

Words cannot express the sentiment that we have for the fine spirit, help and consolation that was afforded by the fire, police and other city agencies. They should all be commended for their outstanding intrepidity. This alone makes any man proud to be an American and to live and be able to raise his family in such a fine community.

You and the people of Sanford, have symbolized to my sons the meaning of "Love Thy Neighbor", and they shall grow into manhood knowing the true meaning of the words of our Good Lord.

This token of esteem generosity you have shown is something you and all the people of this community can be proud of.

In closing, let yours and my prayers be heard for the people that perished in this unavoidable incident. Their memory will always be respected and revered by us all.

Sincerely yours,
William (Cotton) Brown

Commanding Officer,
U. S. Naval Air Station
Sanford, Florida
Commander Heavy, Attack Wing ONE
U. S. Naval Air Station
Sanford, Florida
Dear Sir:

I would like to take this opportunity to extend to the personnel of your command, military and civilians alike, my most heartfelt gratitude for the exemplary manner and timely response they diligently displayed at the scene of the aircraft accident on August 27, 1956. It was within the highest traditions of

the Navy whereby many men endeavored their own lives in helping to save others. Many acts of heroism were displayed by men of your command for which you may be proud of having them serving within your command.

My family and I join you in prayer and wish to convey our deepest and most sincere sympathy to the families of the officers and men who lost their lives in this accident while serving this great country of ours.

I feel capable to express the feelings of many people of Sanford, even though this tragedy will long be remembered, that we still are proud and thankful to have such an important part of our national defense force within our community.

Sincerely yours,
William M. Brown

Honorable C. S. Thomas
Secretary of the Navy
Washington 25, D. C.
My dear Mr. Secretary:

I wish to thank you for your kind message at the time of the aircraft accident here in Sanford, Florida on August 27, 1956.

It was with great honor to know that your feelings were with the families involved in the incident.

I am proud to say that the Navy acted in true Navy tradition in handling all matters. Many men, with no regard to their own lives, fought vigorously to keep control of the fire in order that no further damage resulted. Those men should be commended for their fine acts of heroism that they so proudly displayed.

I further wish to report that all matters are being handled most expeditiously as possible and I wish to thank you and all of your fine officers and men for the efficient manner in which the details are being formulated.

I am enclosing a copy of the letter I forwarded to the command at the Sanford Naval Air Station for their outstanding performance and devotion to duty they displayed during this incident.

Sincerely yours,
William M. Brown

VOTING MACHINES TO BE PURCHASED
FORT PIERCE—St. Lucie County Commissioners have approved the purchase of 25 voting machines for use in the November presidential election.

Returning Of Seized Land Fruitless

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—A lot of money and a lot of people are involved in the so far unsuccessful effort to return war-seized property in full to the original German and Japanese owners.

This has been tried in one Congress after another. The try will be made again next year.

The Eisenhower administration is opposed to the full return of the seized property. William Rogers, deputy attorney general, said such a plan would "remove the burden of compensating the former German owners from the shoulders of the German taxpayer and place it on the shoulders of the American taxpayer."

Total value of the foreign property—owned by individuals and corporations and seized by this government during the war—is about \$50 billion dollars. Some of it this government still holds. Some it sold.

What it sold—through the Office of Alien Property OAP—amounts to about \$30 million dollars. Most of this money went to pay off the claims of Americans who suffered in German and Japanese prisoner-of-war camps.

OAP wants to sell off the remaining 200 million of seized assets. This money could be used to pay off the claims of American war victims whose property was destroyed in wartime Germany. They have received no payment yet.

Under a bill sponsored by Sen. Olin Johnston D-S.C., and approved this year by the Senate Judiciary Committee, not only the \$50 million in assets already sold but the 200 million still to be sold would be paid back to the German and Japanese owners.

Johnston says he is interested in the principle of fair play, the sacredness of private property, and good foreign relations. That's pretty much the explanation given by other members of Congress who have sponsored similar bills.

The full-return sponsors reason this way: West Germany has agreed to pay back over 50 years one billion dollars on the \$4-billion-dollar Marshall Plan loan this country made Germany. The United States has canceled out the rest of the loan.

This billion dollars could be used to pay off on the 530 millions in seized assets, with 430 millions left over. If the seized property wasn't paid for, the Treasury would have the billion dollars plus whatever was left over after paying off American war claims from the 530 millions in seized property.

President Eisenhower favors paying back the original German and Japanese owners for their seized and sold property up to a limit of \$10,000. But this would be for individuals only, not for corporations seized.

The government estimates this \$10,000-per-person-limit would fully cover 90 per cent of the individuals whose property was seized and would cost no more than 60 million dollars.

Biggest plum of all is the General Aniline and Film Corp.—originally part of the German I. G. Farben Cartel—which was worth about \$5 million dollars when the government seized it.

The government holds 97 per cent of its stock and names the board of directors—Americans—who run it like any other corporation. Under the guidance of this board the property now is worth

about 105 million. Farben transferred the corporation to a Swiss outfit, E. G. Chemie, before its seizure. Chemie, being Swiss, claims it was a neutral in the war and therefore the American government has no right to its property. It's fighting in court to get it back. The American government argues Chemie is a front for the German owners.

CITY MANAGER NAMED
LAKELAND (AP)—After four years as acting city manager, David O. Payne has been named full-time city manager at a salary of \$12,000.

Lund Says!

HERLONG DID NOT SUPPORT EISENHOWER

My opponent, Mr. Herlong, VOTED AGAINST IKE ON 72 administration roll calls.

HE FAILED TO VOTE on another 9 important roll calls on Ike's legislation.

HE VOTED AGAINST IKE'S FARM BILL, IKE'S MUTUAL SECURITY BILL, IKE'S TAX BILL, AND IKE'S HIGHWAY BILL, and many other important measures. Like most of the Democrats, he did vote with Ike on a few bills. He states he is 100% for Stevenson. That's fine and it makes the issue clear. Because I am 100% for Ike. Both Ike and the people of the district NEED A REPUBLICAN CONGRESS.

FOREIGN MILITARY AID I favor continued foreign military aid. No one wants another "Pearl Harbor". So long as communism lives, the peril of attack exists. If there is another war, let's have it fought on foreign soil. Our Allies are the outer borders of defense. MR. HERLONG VOTED AGAINST MILITARY AID TO OUR ALLIES. He claims there is 9 billion dollars of unspent money now. That is not true. All foreign military aid has already been appropriated. Did he actually believe he was insincere in his request for this appropriation?

UN-AMERICAN ACTIVITIES The Un-American Activities Committee of Congress should be kept alive. It is one of the important ways to keep subversives and communists out of our government. It is a safeguard of our democracy. MR. HERLONG FAILED TO VOTE for the appropriation that would keep the important Committee in existence. But he made sure he was present to vote in favor of a bill increasing his salary \$10,000.00 a year.

MINIMUM WAGE The minimum wage increase granted by Congress was good legislation. It is but another means to improve the standard of living of Americans. The bill carried by an overwhelming vote of both parties. YET MR. HERLONG VOTED AGAINST IT.

BOILERS BILL Farmers need help that much is certain. BESIDE EISENHOWER being AGAINST Ike's Soil Bank Bill Mr. Herlong was ALSO AGAINST the Democrats 80% parity bill. On March 24, 1956, he said "Under rigid 80% price supports, surpluses had been created, markets had been destroyed resulting in the loss of net farm incomes." If he was against both measures, WHY DIDN'T HE COME FORWARD WITH A SOLUTION? Didn't he believe that the farmers need help of any kind?

INCOME TAX REDUCTIONS Ike has proven that he is the exception to the theory that the more any governmental agency gets, the more it will spend. He has balanced the budget and is creating a surplus. The Democrats have the habit of shedding tears for the tax-payer and raising taxes when they are in. The record shows that 16 OF THE 15 INCREASES in income tax WERE VOTED BY THE DEMOCRATS while 1 OF THE REDUCTIONS WERE VOTED IN BY THE REPUBLICANS. In the best interest of our economy, income taxes, for the people least able to pay, SHOULD BE REDUCED. With further reduction of costs of government, THE TAXPAYER COULD GET HIS TAXES DECREASED without jeopardizing the nation's credit.

BIBLE VERSE
Rooted and grounded in love.—Eph. 3:17.
There is no fiercer love than a mother's love, and in the higher orders of creation a father's love is almost equal all absorbing. God has that kind of love for his children, our lives suffer if we repudiate that love.

PLANS FOR RESIDENTIAL DEVELOPMENT MOVE AHEAD
TALLAHASSEE (AP)—Plans for a residential development on the Halifax River at New Smyrna Beach have moved ahead with sale of 600 acres of marshland to the Magnolia Development Co. The sale was made by the Colonial Trusts of the Internal Improvement Fund for \$112,000. The marshland must be filled completely within 10 years under terms of the contract. The developers also are required to dredge a 500-foot wide public channel connecting with the Intracoastal Waterway along the western edge of the tract.

AIRMAN DROWNS
TAMPA (AP)—David A. Hammer, 19, an airman second class from Dallas, Tex., drowned yesterday while swimming in a lake north of Tampa.

FRIDAY
Norman de Vere Howard chapter United Daughters of the Confederacy will meet at 3 p.m. on the Skyline with Mrs. F. B. Adams and Mrs. F. E. Roumillat co-hostesses.

SATURDAY
Rally Day Picnic at the Upsala Community Presbyterian Church for all Sunday School children and parents.
The R. A.'s of the First Baptist Church will meet at the Church.
SUNDAY
The Junior Choir of the First Baptist Church will rehearse.
MONDAY
The Rev. George Calton will conduct the morning devotions

Those Interested Invited To Join Band Parents Assn.
The first meeting of the Band Parents Association of Seminole High was held Tuesday at 7 p.m. in the school cafeteria. A covered dish supper was enjoyed by all, after which the new members were introduced and made welcome.

The meeting was called to order by Mrs. A. D. Rountree, president, who presented Ernest Conley, bandmaster of Seminole High School, who brought to the group his plans for the year, saying, "It is my belief that a member of the Seminole High School band through his constant striving for fine performances develops a keen sense of values. He should gain a broader concept of living and thus is motivated throughout life by the desire to do good things, and in my opinion citizenship and leadership training are of prime importance."

Plans were discussed and it was decided to purchase a piano for the band. The following committees were appointed: Finance, Earl Tony, Clayton Smith, and L. E. Oiler; Hospitality, Mrs. W. R. Jennings, Mrs. L. F. Hooper, and Mrs. Ernest Cowley; Membership, Mrs. Joe Corley, Mrs. Fred Smith, Mrs. Lowell Oiler, Mrs. Fred Pope, and Mrs. C. F. Benham; and Publicity, Mrs. E. C. Williams and Mrs. J. E. St. John. Officers of the organization are: president, Mrs. A. D. Rountree; vice president, Mrs. B. W. Williams, and treasurer, Mrs. E. M. Spier.

The dues for the Band Parents Association are \$5 per year family, and it was stated that they wished to extend an invitation to any person in Sanford or Seminole County who is interested in music and young people to become a member of the organization. The meetings are held the fourth Tuesday of each calendar month at 7:30 p.m. in the band hall at Seminole High School.

Mrs. Odham Hosts Bethany Class

The last meeting of the current church year was held by the Bethany Class of the First Baptist Church in the lovely home of the class president, Mrs. Dorothy Odham. Mrs. Odham's co-hostesses were Mrs. Marilyn Forrest, Mrs. Bobbi Robbins and Mrs. Irene Harris.

A beautiful arrangement of pale pink and yellow roses adorned the spacious and comfortable Family Room of the Odham home. Also the same fragrant roses were artistically placed on the piano in the beautiful pale pink living room. In the dining room was a huge bouquet of white crysantheums.

The meeting was called to order and opened with prayer by Mrs. Margaret Reynolds, teacher. Minutes of the last meeting were then read by the secretary, Mrs. Bobbi Robbins, and also a yearly report was made of all activities of the Bethany Class during the past year, from October 16, 1953 when the class was organized. Of the total disbursements for the year approximately \$160 went to different charitable funds. Smaller amounts were spent for flowers, greeting cards and other materials for the class. With the flowers purchased by the class and those placed in the class room on Sunday morning by the different class members, there was a total of 35 bouquets and plants sent during the year to members, friends or family of members who were ill. Out of an average of 21 enrolled, there was an average attendance of 18 or 35%.

Also there was a total of 111 visits reported, 665 phone calls and 261 cards and letters. In all the members felt quite a lot had been accomplished during this first year.

Nominations for new officers for the coming year were made and the following were elected: teacher, Mrs. Margaret Reynolds; assistant teacher, Mrs. Frances Walton; president, Mrs. Lenora Green; vice-president, Mrs. Rue King; secretary and treasurer, Mrs. Marie Lewis; assistant secretary and treasurer, Mrs. Margaret Ashley; hospitality and flower chairman, Mrs. Marilyn Forrest; personal service chairman, Mrs. Dorothy Odham; assistant personal service chairman, Mrs. Irene Harris; publicity chairman, Mrs. Eloise Hunt; in service group captain, Mrs. Jane Gonzalez; group captains, Mrs. Bobbi Robbins, Mrs. Gladys Peacock, Mrs. Jeanne Elam, Mrs. Helen Strickland, Mrs. Marie Bamberger, and Mrs. Helen Stapler.

A vote was taken on whether or not the members desired a Class Year Book for the coming year or a directory of names, addresses and phone numbers of all members. The latter motion was passed. A discussion was then held as to a suitable time for a class dinner to which the members' husbands would be invited and a Thanksgiving dinner was agreed upon by all. Also discussed and passed on was the motion that a party or picnic be given in the spring for all children of members of the class. A donation was made for Junior choir robes.

It was decided that the hospitality chairman, Mrs. Marilyn Forrest, would assume the duty of visiting all new members, welcoming them and acquainting them with the class and its activities. The members agreed to include Bible study at the monthly meetings. Mrs. Margaret Reynolds read an article on friendship from "Little Lessons to God" by Margaret Sangster.

A set of beautiful silver salt and pepper shakers was presented to the outgoing president, Mrs. Dorothy Odham and a suggestion was made to present the flowers from the class room next Sunday morning to Mrs. Bobbi Robbins, outgoing secretary for the wonderful and sincere work she has done in the past year.

Some novel and entertaining games were then enjoyed by all and prizes awarded to winners. Mrs. Lee Mock won the prize for having the most distant birth place; Mrs. Rue King for the shortest name; Mrs. Elizabeth Cleveland for the longest name; Mrs. Teddy Ables for the oddest name; Mrs. Jane Saxon for the best story about how she was

Sanford Pilot Club Has First Meeting At Little Home

Members of the Sanford Pilot Club were delightfully entertained at the home of Mrs. Homer Little on Lake Markham on Tuesday evening at their first fall dinner meeting.

Dinner was served buffet style from individual tables which were set up on the spacious porch of the Little home.

Following dinner Mrs. Thomas Gallagher entertained the group with an historical narration of the lovely old town of Williamsburg, Va. accompanied by colored slides of the buildings which have been so faithfully and authentically restored and refurbished in all their former splendor and glory.

Mrs. Sue Stevenson, president, welcomed as guests Mrs. David Gatchel and Mrs. Elsieph Dunne. She announced the forthcoming official visit of Mrs. Marie Gleason of Ocala, district Governor of District Four, Pilot International, on Oct. 23. The regular dinner meeting of the club will be set up to Oct. 9 at which time Founder's Day of Pilot International will be observed with Mrs. Joel S. Field in charge of the program.

Those enjoying the party were Mrs. Stevenson, Mrs. Nancy Brock, Mrs. Leon Bryan, Mrs. Field, Mrs. Al Hunt, Mrs. D. K. McNab, Mrs. V. C. Messenger, Mrs. M. L. Raborn Sr., Mrs. Esther Ridge, Mrs. Esther Rive, Mrs. G. A. Sims, Mrs. H. A. Swanson, Mrs. Vola Lambertson, Mrs. Gallagher, Mrs. R. M. Ball, Mrs. Earl Faust, Mrs. Jessie Winger, Mrs. Gatchel, Mrs. Dunne and Miss Elsie Farley.

named Mrs. Sadie Nolde won the prize for naming most books of the Bible from a printed story; and Mrs. Lenora Green was winner of the next game in which famous names from the Bible were deciphered from a printed story.

Delicious refreshments of limonche, sandwiches and brownie cookies were enjoyed by all. Those present included Mrs. Jonnie Elam, Mrs. Jane Gonzalez, Mrs. Lenora Green, Mrs. Irene Harris, Mrs. Eloise Hunt, Mrs. Anna Jordine, Mrs. Rue King, Mrs. Marie Lewis, Mrs. Lee Mock, Mrs. Sadie Nolde, Mrs. Dorothy Odham, Mrs. Gladys Peacock, Mrs. Wannell Rabun, Mrs. Bobbi Robbins, Mrs. Jane Saxon, Mrs. Fairby Singletary, Mrs. Helen Stapler, Mrs. Mildred Stemper, Mrs. Connie Williams, Mrs. Elizabeth Cleveland, Mrs. Lillian Collier, Mrs. Marilyn Forrest, Mrs. Frances Walton, Mrs. Margaret Ashley, Mrs. Teddy Ables, Mrs.

New Residents Come From N. Y. By Way Of Orlando

D. S. "Bud" Tally, his wife, Priscilla, and their three children moved from New York State to Orlando six months ago. Then they decided to move to Sanford and have been here about four weeks, making their home at 215 W. 20th St.

Their two little girls have lovely and unusual names, these being Michele, who is three, and Toni, who is four. They are too young as yet to attend school with their big brother, David, who is seven years old.

Mrs. Tally is a quiet man who enjoys "playing golf, finishing furniture and taking care of the yard." Of course, like most people, he doesn't have as much time as he would like to devote to these hobbies.

Mrs. Tally finds that most of her time is taken up with caring for her children and her house. The Tallys are members of the First Presbyterian Church.

6 Become Members At Anna Miller Circle Initiation

Six ladies became members of The Anna Miller Circle at initiation ceremonies held Tuesday evening at the Elks Club. The event was conducted by Mrs. Ed Cox president, who also welcomed the following into the Circle: Mrs. Howard L. Foley, Mrs. W. E. Pratt, Mrs. John Griffin, Mrs. E. W. Peterson, Mrs. Robert Marra and Mrs. William Hardin.

During the business meeting tentative plans were discussed for a November dance, complete details of which will be announced at a later date. Mrs. Roy Chorpene, secretary, read the minutes which were approved by the group. Also related were the usual reports rendered by various officers.

Following the evening's business the ladies enjoyed delicious refreshments of open face sandwiches consisting of tasty cheese spreads and cold luncheon meats. The course was served from a table overlaid with a white cloth that held a centerpiece of several beautiful plants growing from a single container. Hostesses were Mrs. Peter Bukur, Mrs. Greg Kinlaw, Mrs. H. C. Diabrow, and Mrs. William F. Gordon.

Enjoying the evening were Mrs. Clay Smith, Mrs. Lowell Oiler, Mrs. Robert Thomas, Mrs. R. H. Gobbell, Mrs. Fred Roettger, Mrs. Marie Thompson, Mrs. H. F. Hale, Mrs. B. G. Caruthers, Mrs. Gene Waller, Mrs. Eddie Foley, Mrs. E. W. Peterson, Mrs. Robert Marra, Mrs. John Griffin, Mrs. W. C. Pratt Jr., Mrs. William D. Hardin, Mrs. L. G. Skates.

Mrs. James Rosenow, Mrs. Roy Chorpene, Mrs. C. H. Stafford, Mrs. Harry Adair, Mrs. Richard Mapes, Mrs. A. P. Bowersox, Mrs. Ed Cox, Mrs. Peter J. Bukur, Mrs. William F. Gordon, Mrs. H. C. Diabrow, Mrs. George Kinlaw, Mrs. Irving Feinberg, Mrs. Eddie Stout, Mrs. J. E. Hoolahan, Mrs. Garfield Walker, Mrs. Faye Jackson, Mrs. Esther Barber, Mrs. Agnes Oiler, Mrs. Florence Lyon, Mrs. Gordon Frederick, Mrs. Douglas Huskin, Mrs. E. J. Moughton Jr., Mrs. J. B. Phillips, Mrs. S. P. Griffin, Mrs. James A. Vis, Mrs. W. J. Clarke, Mrs. H. P. Kent, and Mrs. James Blankenship.

All members are urged to be present for the next meeting which will be at 8 p.m. at the Elks Club on Oct. 8.

Mrs. Howard Installed At Meet Of Story League

The Sanford Story League began the Fall Season with a most interesting meeting held at the Episcopal Parish House Monday evening. The session was opened with a prayer by the president, Mrs. H. L. Moore. After reports were given and correspondence read, Mrs. Claude Howard was installed as second vice president.

At the close of the installation service Mrs. Roche, the installing officer, presented Mrs. Howard with a corsage of pink roses, and she in turn presented a corsage to the president, pledging her support for the coming year.

Mrs. Welch reported that year books would be ready for October meeting, also a course in parliamentary law will be given and study classes held, with instruction being given in the art of story telling.

The Sanford Story League was honored by having one of its members, Mrs. W. Roche, elected chairman of the ways and means committee of the National organization.

Mrs. C. C. Welch, who was the Sanford League delegate to the National Convention, gave a glowing report of the meeting. The theme of the National Convention was "Fun is the Sun" with Sanford, along with the state of Florida receiving much fine publicity from this gathering of women from all over the U. S. The women were told that the national president stressed the fact that all members were organized for service, bringing sunshine to shining, entertainment and instruction to children and last, but not least, joy to the members in being able to serve. The major Project of the local league is story telling in our public schools.

Mrs. Mools, Mrs. C. E. Williams, and Mrs. J. P. Thurmond were hostesses for the evening, using a color scheme of pink in decoration and refreshment. The tea table was lovely with its appointments of crystal and its unusual arrangement of pensils and candles.

New Arrivals To Sanford

A TYPICAL EVENING AT HOME is enjoyed by the Tally family as Mrs. Tally, holding Michele, three, on her lap, peeks over seven-year old David's shoulder as he reads a book. "Bud" Tally is showing his daughter, Toni, four, some pictures in a magazine.

program, lunch was served to those wishing it, and then the group was divided into smaller work groups. After a report was given on the work groups at 2:30, the meeting was adjourned.

Mrs. H. Fred Eubank, who was scheduled to speak on "Spiritual Education in Relationship to Character Building" was unable to be there because of illness.

At the end of the scheduled program, Margaret Reynolds, Mrs. Marie Bamberger and Mrs. Betty Johnson.

Paid Attendance Record Is Broken At Game Last Week

By B. HUGH ANLEY
The people of Sanford showed their wonderful support of their Sanford Seminoles last week when the paid attendance broke all existing attendance records in the history of Sanford football. 1,340 adults and 1,065 students paid to see the season opener against Cocon. We can be proud of that figure. After all, it's not often that a small town like Sanford has a paid attendance of 2,405 at a game when their local team is the underdog.

Last year's opening game was against Hastings, and the then Celery-Peds were expected to win, and they did. For that game 600 adults and 550 students plunked down their hard cash to bring the grand total to 1,157 paid attendance. The previous record was set last year at the Kiwanis benefit game when Sanford played Palatka. At that game 1,219 adults and 711 students paid to get in. The total ran to a proud 1,930. That was a good turnout.

But this year 2,414 people watched the Sanford Seminoles get beat 22-7 by Cocon. Perhaps many if not all were disappointed. Well, the team was disappointed too. And this past week they have been going through workouts that very few men would tolerate—just to prove to their school that they're something to be proud of.

If you hear rumors that the Sanford Seminoles are a dead ball club and that it's not worth your time or money to go see them, take a little trip down to the 6th practice field and watch them work out.

When you do that you'll be a Seminole follower for the rest of the season, not only for their home games, but you'll also make arrangements to go with them when they play out of town.

The Seminoles are an inexperienced ball club with a lot of potential. We're behind them all the way, and we feel that they'll do their share of winning this season. The Orange Belt Conference is a tough loop with a lot of experienced teams in it.

Your attendance at a football game is one of the most valuable things a team can have. A team with a good following is a winning team; on the other hand, a team that is not supported by their local folks is a losing team. Your support set a record to be proud of. Now let's not desert the team when they need us the most. Remember, your attendance is vital to the success of the club.

Next week the Sanford Seminoles take a short trip to Apopka to invade the most improved Blue Barbers. A young team needs the enthusiasm engendered by the support of cheering fans. If you want to see the Sanford Seminoles win, be there and let them know you are behind them.

New Spark In Seminole Machine

After the fourth day of rough and tumble scrimmages that was designed to be rougher than any game the Sanford Seminoles would play this year, the warriors finally came to life. In the last 30 minutes of yesterday's scrimmages the offensive passing unit sparked a drive that brought life and enthusiasm to the entire team.

The life didn't come too soon for the coaching staff. "After the first half of practice I was ready to quit," head mentor Bill Fleming said. "I was at the end of my rope when something sparked the team and it was an entirely different show."

The boys didn't weather the roughness of the week at first. Minor injuries, aches, pains, and bruises—things that don't stop a spirited ballclub—were the major complaints that sideline player-spectators were using. Then, with players were back in there and the team was sharp.

Behind the fine passing of quarterbacks Bobby Johnson and Al Stanley, ends Johnny Williams and Gerald Jones and halfback Phil Byrd received well and turned in long runs.

The line, too, came to life. Key blocks were turned in time and again by Jack Stoddy, Murray James and Teddy Walker turned in impressive performances during the afternoon.

After workouts the team's confidence was spirited for the first time since a week before the Cocon game. "I don't know what's been wrong with you boys for the last two weeks," Fleming told his charges. "I know you wouldn't be in good spirits after a couple of days of this kind of scrimmaging, but we knew you needed it. You people who have successfully come through this week are now men enough to play football. You didn't like us for a few days and we knew it, but you've proven today in the final minutes of practice that it has paid off. You needed game experience so that your errors could be discovered and eliminated and you needed to get in shape. We can't afford to wait and let you get game experience at the expense of losing a game. You get game experience and after a week-end of rest you'll be in pretty good shape. You're good enough now to win some ball games, but the rest is up to you and the attitude you display."

The meeting broke up with cheering and enthusiasm that has been a traditional mark of winning clubs since the beginning of football. The inner-team frictions and hard fights that come from hard and continued pressure smoothed over and the boys thought like a team.

"But we're not a winning ballclub yet," Fleming warned, in an interview later. "These boys are inexperienced and they took the beating Cocon gave us hard. When they go home the parents remind them that they looked sloppy and their friends say the same thing. They're depressed and ashamed, and they take it out on the team. If the people will give them a chance now, they won't regret it. "The scoring punch is hard to get with a green team, but when you do get it, you usually get it in a big way."

PRESIDENT NAMED
The Florida State Veterinary Medical Assn. has chosen Dr. Ed Whaley of Kissimmee its new president.

He was elected yesterday at the closing meeting of the group's 1956 convention to succeed Dr. P. S. Roy of Jacksonville. New vice president is Dr. Ben Plummer of Fort Myers. Drs. Robert Knowles of Miami was re-elected secretary and Ralph W. Porter of Quincy treasurer.

Pioneers in Bermuda introduced the Irish potato to the U.S. in 1821 and the game of tennis in 1874.

Panthers Get Down To Business

The Crooms Academy Panthers got down to business yesterday, preparing to take on their second Big 9 team of the season Saturday night in Memorial Stadium. Last Saturday night they steamrolled past Melbourne 21-7 behind the passing attack of Otha Lee Abney and Lonnie Hardy. This week they are determined to make it two in a row as they play hosts to powerful Ocala.

Head mentor Joe Fair pointed out the fine running of halfback Grady Robertson: a prime example of smooth style in action, as a boy to be counted on heavily in the Ocala game.

Backfield coach Holburn Meadows said that this year's series of deception plays would be the surprise of the Big 9 conference. "We've got to show the competition that we can play their kind of ball," he said, "and the best way to do that is to beat them."

It would seem that a group of boys would be downhearted if they didn't have mentors to shoot at, but not the Panthers. They are an alive ball club with plenty of determination and spirit. They know that a good season this year will make Crooms Academy a permanent member of the Big 9 conference.

Line coach Ed Blackheare is putting his boys through grueling workouts designed to give the club good cross-body blocking. The line divides into two lines, facing each other and about fifteen yards apart. Then one line races toward the other and each player throws a flying block into his opposing teammate. The block must be at least waist high when it hits the other player, or it must be done over again. Time after time in yesterday's workouts a player would throw himself chest high to send his opposition to the ground with a sharp thud.

The Panthers will be the underdog in Saturday night's tilt, but coach Fair didn't seem too concerned. "We've been the underdog ever since I've been here, and we've done our share of winning. But now they're beginning to realize that they can expect a tough game when they come to Sanford."

Coch Fair surprised this writer by telling him that it was compulsory for the members of the Crooms Academy Panthers to attend all home games of the Sanford Seminoles. "After the game we analyze the strong and the weak points of the teams,

of the teams left to stand alone when the Central Florida Conference died last year. "We were planning to move into a little fast-food class anyway," Payne said, "and this will give us an opportunity to see if we're ready." The Lyman school is one of the fastest growing schools in the county and has had to lease some of the rooms from a neighboring church for classrooms for the lower grades.

"We are painfully lacking in reserves this year," the amiable head mentor said. "But we're looking forward to the time when these youngsters get football age. Then we'll have more to choose from. In the meantime, we'll just have to iron-man it."

The Grayhounds starting eleven are rated as one of the powerful independent teams in Central Florida, and if the first team can last the game without undue fatigue they should win some ball games.

"If we're not hurt with injuries, we'll have a good season," the conservative Payne said.

Lyman Coach Looks For Rough Game Saturday Night

Coach Jim Payne said today that he expects one of the roughest season games when his Lyman Grayhounds play host to the Winter Park B's Saturday night in Longwood.

"Winter Park will be coming over here with the sole purpose of winning a ballgame," the head mentor said, "and it will take all the power we can muster to disappoint them."

The Grayhounds have been plagued with minor injuries and an epidemic of virus that has considerably slowed down heavy scrimmages. Pounding Pete Van Horn, the 250 pound Grayhound tackle, has been sidelined since the Seminole JV game with a bruised knee. Van Horn injured his knee two days before the game, but it responded well to heat treatment and he started in the season opener. He re-injured his knee on the second play of the game and has been limited action since that time. "We need him badly for the Winter Park game," coach Payne said, "and we are doing everything we can to get him ready." The Winter Park line averages 190 pounds and is led by three tackles that weigh over 250 pounds.

"We were pleased with our line action against the Sanford JVs," Payne said, "and we just hope we'll be operating with that much power Saturday night."

The stalwart lineman in last Saturday night's victorious outing for the Grayhounds, Alton Boone, 195-pound tackle, has been sidelined for two days with a virus infection. "He'll be ready to start for us," Payne said, "but he naturally won't be in top shape."

Lyman's outstanding backfield has been sitting in the shade a lot this week, too. Akele springs claiming quarterback Dave Stevens and halfback Jim Hopkins, while a foot laceration knocked out fullback Lamar Helms.

For the first time this season the Grayhounds will be the underdog. The powerful Panthers were last year's team champs and they sailed through the season without a defeat. But Payne says his charges have a different idea. "Our boys have shown more desire and drive than they have in years," he said. "They really want to play ball and they're doing a wonderful job."

The Lyman Grayhounds were one

and then we take advantage of what we see."

When asked what he thought of this year's edition of the Sanford Seminoles, he said, "They're going to turn into a good club before the season is over. Right now they're unsure of themselves. I've seen a lot of teams that looked much worse in the opening game but found themselves before their second game and turned in excellent seasons. Attitude is the most important thing for winning teams with an inexperienced team."

THE COMBINATION THAT LED the Crooms Academy Panthers to victory last Saturday night. Halfback Otha Lee Abney shoots a short pass to end Lonnie Hardy over the middle (follow arrow). The pass is so short and so quick that interception is almost impossible. (Staff Photo)

Detroit Manager Resigns Yesterday

DETROIT (AP) — Bucky Harris resigned yesterday as manager of the Detroit Tigers. Spike Briggs accepted the resignation immediately. Harris mailed his resignation Sept. 5 while the Tigers were in Kansas City. He asked that it be released yesterday.

Wives are more likely than husbands to promote regular family savings, the University of Michigan Research Center has found.

Valerie French Relates Hazards Of Hollywood

HOLLYWOOD IN — The hazards of Hollywood are herein related by Valerie French, our latest bundle from Britain.

Valerie is an amiable beauty to whom things just seem to happen. Sometimes nice things, such as being discovered by Columbia Pictures.

Her previous experience had been the stage, with only a few forays at films.

She was tested for the role of Ava Gardner's sister in "Bhowani Junction." Although she lost the role, Columbia saw the test and beckoned. "The honest thing I knew I was flying over the North Pole to Hollywood," she said.

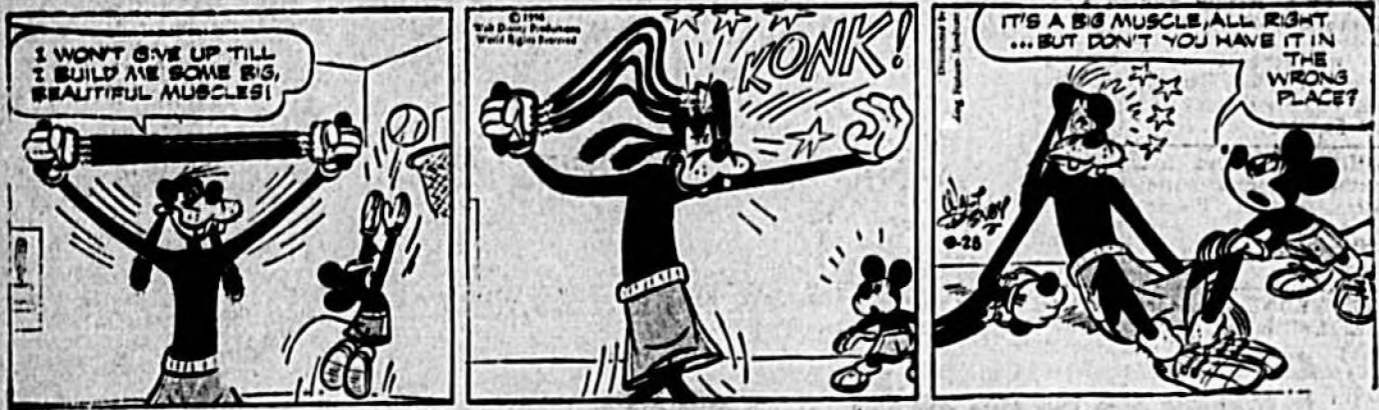

"That's when things started happening to her. Like being quartered for five months at the Studio Club, which wasn't her idea of glamorous living.

"It is an arm of the YWCA," she explained. "The girls would troop down to breakfast in robes, all of us looking perfectly frightful. There was a little blackboard that told us we were allowed 30 points for breakfast. An egg was five points, a half grapefruit five, etc."

She finally escaped to her own place in Laurel Canyon, but found living hazardous there. The basement was flooded by an unknown source. Mountain lions prowled in the distance. A brush fire burned nearby. She turned over in a car. And neighbors reported flying saucers nearby — no kidding.

Speaking of flying saucers brings us to her film career. Her last two pictures have been science fiction films. And before that she played an American girl in

THE SANFORD HERALD Fri., Sept. 28, 1956, Page 9

THE CARD OF THANKS

Very often a Card of Thanks in the Sanford Herald meets a need which is difficult to fill in any other way. Not only is it a gracious expression of gratitude to those who have sent floral tributes but also courteously acknowledges the service and kindness of the many to whom a personal note of thanks cannot well be mailed.

Newspaper Cards of Thanks are accepted as socially correct. Emily Post, the noted authority on etiquette, feels they serve many good uses.

There is no prescribed form for a Card of Thanks. It can be as brief or as detailed as you desire. When the occasion comes you will find a sympathetically understanding member of our staff to assist you.

THE RATE

Cards of Thanks are \$1.00 per insertion regardless of size. In Memoriam notices, due to the fact they may run to considerable length, are billed at \$1.00 per column inch.

**"My Children
COULD Go
To The Newest
and Most Modern
School In Town"**

THINK! How much are your children worth? Try as you will, you cannot measure their value in dollars and cents. Nor can you predict, at this stage, what greatness may lie in store for them through the years to come IF you do your part now Give them all the protection possible from modern traffic hazards, and send them to the most modern school available. Do this, plus giving them secure home life and your mature counsel and guidance, and you need never fear for their future.
