

### Italian Reds To Use Force If It Is Needed In Italy

#### Predictions Vary On Number Of Votes Communists To Get

ROME, Mar. 26 (AP)—Italy's Communists served notice today they intend to seize the government by force if denied "the power the majority will give us" in the Apr. 18 elections.

The threat opened a leftist drive to capture the offensive from government parties riding the crest of popular enthusiasm over the proposal to return Trieste to Italy.

It coincided with the end of the Communist-inspired typographers' strike that shut down the nation's newspapers for four days.

Luigi Longo, Italy's No. 2 Communist, demanded of Premier Alcide de Gasperi and other government leaders:

"Will they acknowledge the results of the election?"

Longo, speaking before 50,000 at Bologna last night, declared: "If they do not cede to us power the majority will give us, we will chase them out as we chased out others in our war of liberation."

The question as to whether the Communists will be allowed in the new government, has been

an election sore spot.

Most observers predict the Popular Front of Communists and their leftist allies will get 35 to 40 per cent of the votes. This may be the largest received by any one party or bloc of parties.

Anti-Communist parties have indicated they will join up after the election to claim victory by majority and the right to form a new government.

De Gasperi kicked the Communists out of his government last year. He has given no indication he or other government leaders want them back.

Longo, referring to the western powers' proposal on Trieste, said:

"Trieste might be returned to Italy only if the Italian people prove to be free and independent of American influence."

"With the words 'Trieste Italiana,'" he said, "there are those who seek to carry us into a new world war against the people of eastern Europe."

"If the Demo-Christians carry us into that war, the Italian people will not remain inactive but will defend their right to peace," Longo added.

Scattered violence was reported in Milan's Cathedral Square as Communist orators repeated their warnings on Trieste.

Armed Communists and Nationalist students clashed in Naples last night.

trope, and perhaps the world.

"The Russian forward movement may well be compared to the drive of a steamroller. The only way to stop such mercenaries is by obligations to remove the impetus that keeps the inachinery turning."

Of the Marshall Plan he wrote: "Undoubtedly, the plan will do wonders, but it will not stop the Red forward movement."

He said the United Nations was impotent and that speeches will not cause Norway and Sweden to stiffen against the large Red army and Red air force.

He concluded:

"If it were known that the United States long range bombers had full access to the airports in Iceland, Greenland and the Azores, the Scandinavian countries or northeast Africa, and that we were stocking atomic bombs at points quite accessible to those airports, the Russians in Moscow would be thinking that it is even quite possible they would change their ideas of overrunning Europe."

Meanwhile British troops moved into the Hab El Wad area in an attempt to halt Arab attacks on Jewish convoys between Jerusalem and Tel Aviv. The troops found the bodies of 16 Jews slain in an attack Wednesday. Previous reports had indicated 12 were killed.

Police and troops headed for Shefat Village, where an Arab road block was reported barring the road between Jerusalem and Neve Yacov, six miles to the north. The area has been under Arab attack for a week.

An explosion was heard in Neve Yacov this morning. Arabs attacked a Lydda airport convoy near Ramle and police returned the fire.

"If something of this sort is done, it will insure that Jerusalem, at least, will be taken out of the conflict area, no matter what measures may or may not be taken in respect to other Palestine areas," an Agency spokesman said.

"It is our duty to warn the world what may happen in Jerusalem through no fault of the Jews, if something is not done soon."

The next meeting will be held on the fourth Friday of April at the American Legion Hut when it is expected that two men from every veteran's post in the county will be present to discuss matters relevant to the council.

The purpose of the council is to coordinate activities among the veterans and to act as a good will group to suggest and help any contributing organization. It will also serve as a medium, stated Mr. Sauls, to acquaint the public with the activities of the veterans.

opinion inflation "continued on its reckless orgy."

Brotherhood circles take the view that the "first round" of post-war wage increases was the 18 1/2 cents an hour won two years ago. For Trainmen and Engineers that first round came at the end of the brief rail strike of May, 1946. The second round was the 10-cent raise in the Engineers, Firemen and Switchmen contend they still are battling for the second round.

There has been talk among the conductors and the trainmen, and among the non-operating Brotherhoods, of seeking a third round this spring, while many industrial unions are doing so.

The report of the emergency board in the case of the Engineers, Firemen and Switchmen undoubtedly will influence the discussions next week of the Trainmen and Conductors.

Conversely, the Engineers, Firemen and Switchmen will have an eye on the plans of the other two organizations during the 30-day "cooling off" period, when they and the carriers consider the board's findings.

The report may be unacceptable to one side or both, or acceptable to both. If the report does not solve the dispute, the Brotherhoods are free to set a new strike date for any time after the 30 days. Or if they wish, the carriers of the unions may re-open negotiations.

Acceptance of new negotiations would be decided upon with the knowledge that the other two Brotherhoods were talking of a third round.

### Academy Graduates To Get Pilot Wings

All graduates of the Florida Academy will be presented with sterling silver Pilot's Wings by K. H. Browning, director of the Academy, at a barbecue to be given in their honor Saturday evening at Quarters A, Municipal Airport.

The Wings were designed by Mr. Browning and have a center shield of red and blue, the Academy's colors. All Academy planes bear the same colored insignia on their vertical fins.

Mr. Browning expects an increase in enrollments at the Academy due to the emergency and demand for pilots, both from the civilian as well as military standpoint, will increase the rolls of all accredited flight schools, he said.

He anticipates that the better recognized flight schools will be given a military program such as the old C.P.T. under which a large percentage of our pilots were trained during World War II.

### Safeway Stores, Inc. Loses Monopoly Case

KANSAS CITY, Kas., Mar. 26 (AP)—The government's case charging the Safeway Stores, Inc. eight subsidiaries and 13 officials with conspiracy to restrain and monopolize trade was settled in federal court today with payment of fines totaling \$40,000.

The charges on two counts, conspiracy to restrain trade and conspiracy to monopolize trade, were filed in 1943. Charges against eight other subsidiaries of the company were dismissed May 22, 1943.

Fines totalling \$40,000 were assessed against these six defendants, three firms and three individuals, all of whom entered pleas of nolo contendere (no defense) today before Federal District Judge Arthur J. Mellott.

capitalization of about \$20,000,000 would consummate the reorganization of the FEC which has been in bankruptcy proceedings since 1942.

The ICC decision last year reversed a former commission order which gave approval to an exclusive recommendation for independent operation of the FEC under control of the St. Joe Company.

The ICC reopened the case, however, to reconsider the ACL's plan for absorbing the properties.

St. Joe owns some \$45,000,000 of first and refunding bonds of the FEC. Other interests besides the ACL involved in litigation for control was the Seaboard Airline Railway.

In the merger plan approved by the ICC last year, the ACL would take over all properties and assets of the FEC.

The existing \$12,000,000 first mortgage obligations of the FEC would be paid in cash from the FEC treasury and holders of FEC first and refunding mortgage 5 percent bonds, outstanding in the principal amount of \$45,000,000 and with \$30,000,000 in matured interest in arrears would receive partial settlement in cash.

The commission found that claims of East Coast stockholders and of other unsecured debtors had "no value."

Capitalization of the FEC would be limited to \$40,500,000 and added to the ACL's present capitalization of approximately \$80,000,000.

The purpose of the aid program, the report continued, is to meet China's most important commodity requirements, to relieve human suffering and give the hard working people of China a chance to arrest the rate of economic deterioration in China.

## Sen. Brewster Asks For Plan On Mobilizing

### Reminds That Roosevelt Was Hindered By Outmoded 1916 Emergency Measure

WASHINGTON, Mar. 29 (AP)—Senator Brewster (R-Me.) called on the Truman Administration today to submit its plans for mobilizing industry and manpower in the event of war.

"With this alleged crisis—and I am not saying it is not a crisis, or that it is—the people are greatly concerned," Brewster said. "Every possible step should be taken to put ourselves in a defensive posture."

The senator told reporters he feels "very strongly" that a standby mobilization law should be written now.

Brewster is chairman of the Senate's special war investigating committee which expires at the end of next month and which will report in about a week on its inquiries into mobilization problems of the last war.

Brewster said this report will point up the mistakes made and will make it clear that something should be done to prevent a repetition. It will, however, make recommendations on a detailed mobilization plan.

"That must come from down."

## Dan McCarty Will Deliver Speech In Sanford Tonight

Dan McCarty, cattleman and citrus grower of Fort Pierce, and candidate for governor of Florida, opens his campaign in Central Florida this week with an address in Sanford at 8:00 o'clock tonight on the corner at First and Magnolia Avenue, Tuesday.

McCarty will arrive in Sanford at 6:30 o'clock this evening and will attend the Men's Club supper at the Central Episcopal Church. Following his speech, he will appear at a guest on the "Hold the Fort" program at 8:45 over WTRR. Later in the evening he will attend the Legion Fair which opens today.

McCarty will visit the State Federation of Labor convention in Jacksonville during the morning and then campaign in Putnam and Alachua county during the afternoon.

Thursday he will return to Jacksonville and on Friday will speak at the convention of Florida State Retailers Association.

Friday he will be back on the road for a series of speeches beginning in Orange Park and ending in Brooksville with a night speech. Saturday, McCarty will campaign in Hillsborough County.

The Fort Pierce candidate who is running on his record as a state legislator and businessman, opens the week in Fort Pierce where he will address the opening session of the American Anti-Flores Anti-Mosquito Associations.

TOKYO, Mar. 29 (AP)—General MacArthur invoked a general strike ban today to halt rapidly spreading walkouts by Japanese government workers.

He specifically instructed Japanese officials to prevent a threatened strike by an estimated 400,000 communications employees. He spearheaded a quit work movement by nearly 1,000,000 government workers.

Mr. General W. F. Marquat, chief of MacArthur's economic and scientific section, declared in a memorandum "the threatened nationwide communications strike, set for Wednesday, would have a 'drastically unfavorable impact upon the economic recovery and public welfare' of the nation."

## Peach, Apple, Pear Crops Hit By Frost

CHICAGO, Mar. 29 (AP)—Reports of frost damage to budding peach, apple and pear crops in the Carolinas followed sub-freezing temperatures last night in the Southeastern and Gulf states. Weather Forecaster W. H. Percy reported that temperatures of 31 degrees were reported for brief periods as far south as Atlanta, Ga., and Vicksburg, Miss. In most Carolina sections frost lasted for several hours. Orchard men worked with flambeaus and smudge pots to protect their crops. Damage was feared heavy in the Spartanburg, S. C., peach area, but no estimates of the loss were available immediately.

## Lewis Subpoenaed By Inquiry Board To Explain Strike

### UMW Chief Maintains Taft Labor Act Has Not Been Violated

WASHINGTON, Mar. 29 (AP)—President Truman's fact finding board today called for a federal court order to force John L. Lewis to testify about the strike of his soft coal miners after he had ignored a subpoena to appear at 3 P. M. today for a presidential board hearing on the coal strike.

WASHINGTON, Mar. 29 (AP)—John L. Lewis today refused to appear voluntarily to explain the soft coal strike and President Truman's board of inquiry promptly issued a subpoena for his appearance today.

Three minutes before a 10 A. M. deadline set for his reply, the United Mine Workers' leader fired at the board a reply to its invitation setting forth his "disinclination" to testify.

Should Lewis ignore the subpoena, issued under authority of the Taft-Hartley labor law, the board may go to court for an order directing Lewis' appearance.

The soft coal operators testified last Friday on their position in the dispute with Lewis over penalties for miners. Lewis was allowed the entire weekend to reply to the board's invitation.

The invitation to testify was issued by federal Judge Sherman Minton, chairman of the board. It was up to President Truman to intervene in the dispute which is entering its third week.

A United States marshal was dispatched with the subpoena to the United Mine Workers headquarters.

Seminole County teachers are to receive immediately checks for salary for last July, and checks for last August will be issued later according to the number of days served. It was decided at a meeting of the County Board of Public Instruction, Friday, said Supt. T. W. Lawton, this morning.

The action, made upon the request of Fred Wilson, attorney for the Board, is in accord with recent court decisions in other counties, he said. Calculations will be in accord with interpretations of the State Board of Education and the State Supreme Court.

## REXCHANGE STRIKE NEW YORK, Mar. 29 (AP)—

The New York stock and curb exchanges union employees went on strike today, but exchange members kept early trading moving at about normal pace under emergency measures.

The Financial Employees Union (AFU) threw pickets lines around the exchanges shortly after 8 A. M. The lines were heavily reinforced with members of the sailors and seamen's unions.

Brokers entered the exchanges, however, and the quotations began flowing through on the ticker tapes without apparent interruption.

## 2 Injured In Glider Crash At Local Port

### Accident Occurs As Rope Between Glider And Tow Plane Breaks Suddenly

There is not much change in Mrs. Bennis' condition this morning, but she is reacting favorably, said Dr. Harry Sibby. Mr. Jannard is also responding nicely, he revealed.

Crash of a glider after the rope from the towing plane broke resulted yesterday shortly after noon at the Municipal Airport in painful injuries to Mrs. Virginia Bennis, noted woman glider pilot, and a passenger, Claude Jannard, manager of the Lenox, N. C. baseball club.

The two were extricated from the wreckage of the glider with difficulty and rushed to Fernald-Laughton Memorial Hospital. Dr. P. H. Walker, noted bone specialist of Orlando was summoned and reported severe leg dislocations but no broken bones. Mrs. Bennis was examined for possible concussion, according to Dr. Harry Sibby who with Dr. Oville Barks and Dr. C. L. Park attended them.

The accident occurred immediately west of the airport. The towing plane was being piloted by Steve Bennis, when the rope towing his wife's glider suddenly broke. She was reported to have dropped the rest of the rope, executed a nice 90 degree bank and landed back toward the landing field, and after clipping the top of a pine tree the glider crashed on the A.C.L. Railroad.

## Mrs. Lena Gut Died This Morning At Florida Sanitarium

Mrs. Lena Gut, widow of the late J. Gut, passed away this morning at the Florida Sanitarium and Hospital in Orlando where she has been for the past 12 weeks. Mrs. Gut has been a resident of Sanford since August of 1921 and lived at 406 Mellonville Ave.

Mrs. Gut is survived by a son, H. James Gut, of Sanford; two grandsons, James B. Gut, now in Berlin, Germany, and Robert M. Gut, of Sanford; two sisters, Mrs. E. Motnik of Sanford, formerly of Cuyahoga Falls, Ohio, and a sister in Switzerland; and three brothers, Martin Wicher of Pittsburgh, Penn.; Carl Wicher of Chardon, Ohio, and Al Wicher of Stow, Ohio.

Funeral services will be held at the Erickson Funeral Home at 3:00 o'clock Wednesday afternoon. Burial will be in Evergreen Cemetery.

## Johnson Given Post Graduate Certificate

Alex R. Johnson was recently presented with a post graduate certificate from the State Department of Education at Tallahassee and the University of Florida. The courses covered included an elementary school course, vocational agriculture, biology and manual arts. The certificate was signed by State Supt. Colin English. Mr. Johnson served for 19 years in Seminole County as a teacher of vocational agriculture and during the war was director of the Seminole County War Production adult school.

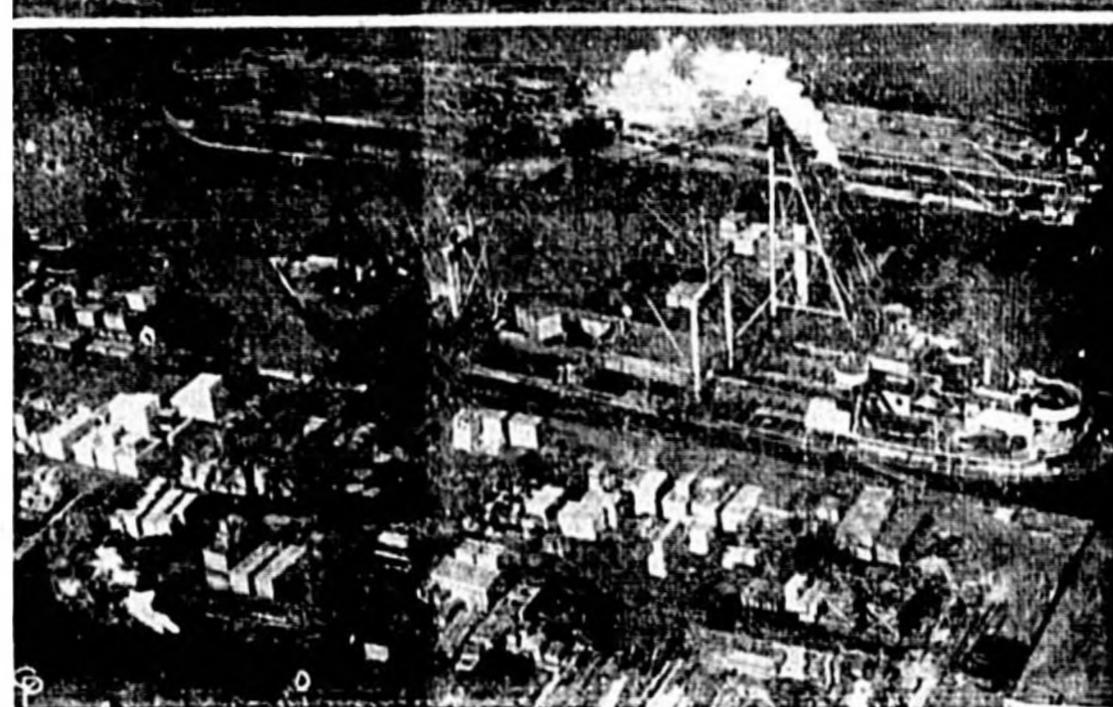

## L. P. Harper Fined For Illegal Fishing

Lester P. Harper was fined \$100 and costs by County Judge R. W. Ware, Friday, after pleading guilty to use of illegal fishing devices in fishing in Seminole County. A fish trap, a tub of fish trap bait, a boat and outboard motor were confiscated by the County. The arrest was by Will Tanner and John Warren, wild life officers. County Attorney G. A. Boer conducted the prosecution. The illegal devices were used on a creek that empties into the St. Johns River.

## SPANISH FORTRESS MADRID, Mar. 29 (AP)—

General Francisco Franco said today Spain is a fortress of unity. He advised 4,500 youths belonging to the Falange (Government) Party to adopt the slogan "We don't care" if attempts are made abroad to incite disunion in Spain. Falange youths ranging from 14 to 18 years old gathered at Franco's El Pardo palace residence to honor the Generalissimo on the anniversary of his civil war victory.

## Rt. Rev. Louttit Baruch Urges Prompt Enactment Of UMT, Selective Service Law

WASHINGTON, Mar. 29 (AP)—Bernard M. Baruch today urged prompt enactment of Universal Military Training and Selective Service legislation as a means of achieving "the stability in the world which lasting peace requires."

The finance and presidential adviser also called for an "economic mobilization plan" and said America's failure to muster all its resources now for peace would leave "no alternative but to mobilize for war" in the future.

Testifying before the Senate Armed Services Committee, Baruch suggested the appointment of someone to watch the output of our economy of the national mobilization we are entering upon and to maintain a constant inventory, balancing all our growing commitments against our resources.

Before Baruch spoke, Chairman Gurney (R-S.D.) declared that his Armed Services Committee must conclude hearings on the military steps of President Truman's post-Russia program by the end of the week.

"We simply can't take any more time," Gurney said. "By this weekend, we will have the complete story of all shades of opinion."

Gurney's committee is considering (1) Temporary revival of the wartime draft, (2) A permanent program of Universal Military Training and (3) Immediate expansion of peacetime strength of the Armed Forces at a cost of \$2,480,000,000.

Baruch told the committee: "So terrible are the destructive potentialities of modern instruments of war, it is no longer good enough to punish an aggressor after he has begun a war. Preventing war requires buttressing our national security before the crisis is upon us. Never again do we dare permit our own lack of preparedness to encourage any potential aggressor into attacking this country or into overrunning other peaceful nations."

## Freight Service To Be Reduced By ACL

Due to shortage of coal caused by the strike of coal miners, a 25 percent reduction in freight train service will go into effect Tuesday on the Atlantic Coast Line Railroad, it was announced by W. M. Black, district superintendent.

This reduction applies to trains pulled by steam locomotives, he revealed, and said that he did not know as yet just what trains will be removed.

So called "advance perishable rebidules" will be abandoned, he declared, but this still leaves the regular perishable schedule, so there will be no delay in moving fruits and vegetables to northern markets.

## House Group Backs Extra Controls On Exports To Russia

### Supreme Court Says Book Ban Is Unconstitutional

WASHINGTON, Mar. 29 (AP)—The Senate passed today by voice vote and sent to the White House a \$55,000,000 appropriation for additional emergency aid to France, Italy and Austria.

The administration asked the money to keep supplies flowing until the European Recovery Program can be set up. They are now receiving aid under a \$522,000,000 winter relief bill passed last December.

WASHINGTON, Mar. 29 (AP)—The House Foreign Affairs Committee gave its backing today to a foreign aid bill amendment to put extra controls on exports of strategic supplies to Russia.

Rep. Mundt (R-S.D.) said the committee voted "overwhelmingly" to support his amendment to the \$6,205,000,000 bill giving the foreign administrator the right to veto any exports to Russia and her satellites when he considers it "in the national interest."

The committee acted shortly before the bill rolled into the showdown voting stage on the House floor.

Although the administration itself has clamped down on shipments of "war potential" to Russia and other countries behind the iron curtain, Mundt and other congressmen have insisted that Congress provide additional protection.

The amendment still must be accepted by the House itself. Mundt said the vote on it may not take place until tomorrow.

The bill would use economic aid plus American military sentiment in an effort to stem Communist in Europe and Asia.

Passage is scheduled for Wednesday at the latest. It may (Continued on Page Two)

## U. S. Housing Head Says Over Million Houses Are Needed

WASHINGTON, Mar. 29 (AP)—The government's housing chief said today the "best estimate" are that more than a million new houses and apartments will have to be built in cities and towns in the next 10 years to relieve the housing shortage.

In addition, Raymond M. Foley, Federal Housing Administrator, said that "a substantial amount of houses" will have to be built in farm areas.

Foley was testifying before the House Public Works Committee. That committee is considering legislation which would give temporary government-owned housing now on college campuses to the institutions. It also would permit the government to transfer units built elsewhere to local government agencies.

Dr. Arthur S. Adams, provost of Cornell University, agreed on questioning 14 committee members that the housing shortage "can't be met in the next four or five years."

## Almost All Growers Observe Celery Pact

Practically all growers and shippers of celery throughout the state of Florida including those of Sanford and Ovidio were today observing the pact of a cutting and shipping holiday to extend until midnight Wednesday in an effort to bolster an oversupplied and demoralized market.

One local shipper revealed this morning that the firm had cut and shipped several cars of celery today, but will observe the rest of the time of the holiday in shipping, and will not do any cutting through Wednesday.

A survey just made by the Fruit Growers Express Co. of which M. J. Meeks is manager, here shows that 478 acres of sand lot celery remain to be harvested in the Sanford area. It is not known what proportion of this will be harvested.

## BUILDING COLLAPSES JERSEY CITY, N. J., Mar. 29 (AP)—

A three-story brick building, occupied only by a family of five living on the top floor, collapsed in a cloud of plaster dust yesterday, killing both parents and injuring the three children. The building was located at 271 York Street in the factory section of the city.

## TRUCK HITS HORSE

A horse, ridden by K. J. Barnes near Russell Bay near Ginder-ville, was hit by a truck Saturday afternoon, and two of the legs of the horse were broken. It had to be disposed of by county authorities. No charges were made against the colored driver of the truck, Lonnie Cleveland of Longwood, as the case was settled out of court.

## CEILING FALLS KANSAS CITY, Kas., Mar. 29 (AP)—

A section of ceiling collapsed in a small neighborhood theater last night, injuring 30 persons. None was reported injured dangerously and only four were hospitalized.

Donald Martin, the theater manager, said there was no panic but "a lot of scrambling" among the 200 patrons. The theater—the Osage—has a seating capacity of about 900.

BIBLE VERSE TODAY

WE ARE JUNIOR PARTNERS, HEIRS OF GODS KINGDOM... WHEN GODS KINGDOM COMES HIS CHILDREN SHOULD REJOICE.

Congratulations to the Coast Lane. It has won another round in its fight for control of the FEC.

The situation within the Democratic Party is such that the Republicans could probably win with a Chinaman.

Glandular difficulties are not the cause of overweight, says Dr. Louis Newburgh of the University of Michigan Medical School.

One of the candidates for governor told us the other day, and we will not tell you which one, because we believe he would want that part of his information held in confidence.

With a government surplus of over seven billion dollars and everyone howling about high taxation, it would seem to us that the popular thing for the President to do would be to sign the tax reduction bill.

Elliott and FDR Jr. have abandoned the good old ship of state as plotted by the skipper picked by their late father.

President Truman seems to be having as much trouble within the North these days as he is in the South.

Occupied Japan

Nora Wahn, writing in The Saturday Evening Post for March 20, says:

"If the power to promote world order begins in understanding, then every intimate experience of others adds to American ability and strength."

It was in this belief that she accepted an assignment to learn what she could about Japan by living with an inland farm family for a time.

They were equally willing to surrender when their emperor gave them that order. Their religion teaches them that life consists of a series of successes and defeats, both to be accepted with calmness and fortitude.

This farm family has a cherished memento which was shown with pride to their visitor -- a piece of blue woolen cloth, which they said was a present from General MacArthur.

This friendly feeling of a defeated people toward their conquerors is due in part to the temperament of the conqueror and in part to the policy of those in charge of the occupying forces.

Fighting Alcoholism

The number of chronic alcoholics in the United States is placed at 750,000, and they are among 3,000,000 who drink "to excess" according to the medical definition.

Only four states have laws recognizing alcoholism as a special disease requiring special treatment. These are Connecticut, Oregon, Utah and Wisconsin.

Connecticut finds the cost of its out-patient program is less than \$100 per year per patient. This is a trifling sum by comparison with the cost to the nation of alcoholism.

Hint For Hollywood

The movies have discovered Dickens. "David Copperfield" was extraordinarily well received. "Great Expectations" and "Nicholas Nickleby" are now on the screen.

Are any other of the old-time Victorian novelists equally screenable? How about Scott? "Ivanhoe" is one of the best-selling novels of all time.

TOO LATE TO CLASSIFY

A few years ago a chap named Willard Silva, then in the banking business, was sent to Florida by his bank to look over some farm property in which the institution had an interest.

As a result, Silva took over the property and managed it, becoming one of Sarasota county's leading celery farmers.

Plagued with a labor shortage and constant demand for increased wages from the limited number of field hands who were available at least one-third more than the production of a crop.

Harvesting was an expensive operation so he set about developing a machine that would do the job.

The harvester, which may be drawn by any type standard farm tractor, is operated by one man.

THE WORLD TODAY

By DEWITT MACKENZIE, Foreign Affairs Analyst

History records few, if any, political elections upon which so much has depended as hinges on the Italian national voting of April 18, for the outcome may determine the trend of the "cold war" in Europe between Communism and Democracy.

The momentous electoral contest is between the powerful Communist Party and the Christian Democrats headed by Premier Alcide de Gasperi, who now possesides over an unstable coalition of eightists.

The Italian Communists have announced that they intend to seize government by force if denied the power the majority will give us.

The consensus of observers is that the "Popular Front" of Communists and their leftist allies will get 35 to 40 percent of the votes.

Anti-Communist parties have indicated they will combine after the election to claim victory by majority and the right to form the new government.

There are various factors which bid fair to influence the voting. The proposal of the Western allies to return Trieste to Italy is calculated to win Democratic support.

However, there is another most extraordinary element in this election, and one which may be the deciding factor.

Our advantage is our religious heritage which gives us individual dignity as a child of God, he said. It is really a struggle between freedom and tyranny, between spiritual ideals and atheism.

"You cannot make people good by passing laws," he declared and stressed the need of solving racial problems in this country.

"Capitalism will survive on one condition," he asserted. "That it meets the needs of human beings. We must start practicing religion for all mankind or lose the world. If we erect our edifice on the shifting sands of expediency or national gain the world is lost and we with it."

Harry P. Leu of Orlando was appointed by proxy to represent the Sanford Rotary Club at the coming International Rotary Convention at Rio de Janeiro.

Guests were Robert Reely, Bob Camp, Orlando; Charles Marvin of Lakewood, N. J.; George Swartz, Sam Martinez; Ben D. Dixon of San Francisco, Calif.; Alex B. Stevens of Orlando; Fred Baywell, Hudson, Ohio; Simon Tucker, Alexandria, Va.; and G. J. Finley of Orlando. Dr. R. W. Rupprecht presided.

Close to 100 per cent of all Italians are Catholics. Now the big question is how they will react to this edict. We shall have our answer in about three weeks.

Vertical belts on either side of the celery roots bring in ribs into an upright position and guarantee a clean uniform top cut.

After the roots and tops have been severed the celery is pushed over on its side in straight rows so as to facilitate further handling and packing in field boxes for transportation to the packing house.

A tractor driver and harvester operator alone can cut the roots and tops of enough celery with the two-row harvester to pack 2000 toward shipping crates in one day.

Field stripping of the celery is greatly speeded up by the workers having only to handle 10" stalks instead of uncut 24" to 28" stalks.

The celery can be packed into field boxes with no special care taken to push the butt ends tightly against the back of the box since topping has already been done by the machine.

All stalks are cut to the exact same length guaranteeing a good looking uniform and full pack which is necessary to insure top market prices.

Silva leases his machines to any grower or group of growers, the rental based on the number of crates shipped during a shipping season. The nominal cost of using the machine is offset many times over in the saving it brings the grower on his harvesting costs.

Jackie Miller Wins Easter Egg Contest

Jackie Miller with an entry of a Humpty-Dumpty Easter egg was selected as the winner of the Hollywood Shop Kiddie-Land Easter egg contest which closed on Mar. 27.

Children from 3 to 12 were eligible to compete in the contest and all the eggs were attractively displayed in the Hollywood Shop display window amid the Easter decorations.

Baruch Urges

(Continued from Page One) He said that "in whatever we undertake, we must be guided by the necessity of not wrecking ourselves, for that would defeat all we attempt."

"The greatest single necessity in the world today is for America to make up its mind where it stands, so that the other free peoples on earth know where to rally. Unless we come to a decision among ourselves, we invite a scattering of our friends and another war."

"Knowing where we stand, I believe, would make possible renewed endeavors to find some basis of settlement with the Soviet Union. It is my hope that an understanding with the Soviets may yet be attained. We should continue striving for success in this endeavor, even while guarding against possible failure. Only by standing guard do we gain time to continue seeking peace."

Baruch said that although "The time" session has come, there is no reason for panic or even flight. The resources, economic, military and spiritual, which the free peoples of the world hold, are vastly superior to those which the totalitarians can command."

"We have but to mobilize enough of these resources and to apply them intelligently, vigorously and promptly to achieve the stability in the world which lasting peace requires," he added.

Export To Reds

(Continued from Page One) House leaders say the margin will be at least three to one, with no more than 80 to 100 opposition votes.

As the foreign aid bill started running the gamut of amendments, the man who holds the military purse strings in the House jumped to its support as a vital defense measure.

Rep. Albert J. Engel (R-Mich.) sized up worsening Soviet-American relations and said he had reached the conclusion that "the United States must make reasonable military preparations."

The pre-war military power of friendly nations must be restored, within five, 10 or 20 years, he added, so that "added to our own it will spell defeat to any nation which dares to threaten the free government of any other nation."

About half the seven million Americans disabled on an average day have already been disabled for at least six months.

March 19, 1948, Sanford, Florida

The Sanford Herald, Sanford, Florida. Mr. Gordon Dean, Business Manager; Dear Mr. Dean:

The young Cocker Spaniel found by me March 17th and advertised in the Herald Classifieds yesterday turned out to be the property of Mrs. V. G. Hasty, 2512 Myrtle Avenue, Telephone 1033-J.

Mrs. Hasty saw the ad at once, called us on the phone and came over and got him about 6:00 P. M.

Sincerely,

B. H. Guthrie

P. S. Pretty good ad for the Herald. This is a very valuable dog.

### Deafened Now Hear With Tiny Single Unit

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the ear and weighs only a few grams. It is easy to wear, and is accepted by the Council on Physical Medicine of the American Medical Association.

This device does not require powerful battery pack, battery wire, case or cement to hold it in place. It is so small that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Bellini, Dept. H, 120 W. 10th St., Chicago, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home without making a penny worth of investment.

### St. Johns Electric Ganas Specializes In Home Servicing Puts Emphasis On Service To Public Of Refrigerators

"Service to the citizens of Sanford and Seminole County," is the motto of the St. Johns Electric Company, which is located at 119 West Commercial Street.  
 The St. Johns Electric Company was opened in February of 1939, and has established complete lines of electrical appliances, fixtures and specialties in construction.  
 H. G. McIntosh, II, owner, came to Sanford from Lansing, Mich., shortly after receiving a discharge from the Navy. He investigated Sanford and many surrounding cities and decided to open his business on the banks of the St. Johns River, and named his organization after the historic old waterway.  
 J. C. Stafford, master electrician, is in charge of construction and trouble shooting for the organization, which employs a complete staff of licensed electricians, who are trained to give competent and complete service to all types of electrical problems.  
 The company offers the public an up-to-date radio repair department which is equipped with the latest equipment suitable to service all types of radio receivers and transmitters, including the highly publicized frequency modulation.  
 Among the products recommended by the St. Johns Company are Blackstone washing machines and York Air Conditioning systems. York is a complete air conditioning line, supplying small window units as well as heavy duty equipment for department store operation.  
 The St. Johns Electric Company is equipped to expertly repair electrical failures in the home and are available on call to send repairmen to all parts of the county.

### Dr. Hanna Appointed As Weddell Professor

WINTER PARK, Mar. 29. (Special)—Dr. A. J. Hanna, distinguished Florida historian-author, who has been appointed first occupant of the Weddell Professorship of The Americas chair, which has been established by Rollins College.  
 The professorship, one of the first of its kind in this country, was established through a \$100,000 gift by the late Alexander W. Weddell, former U. S. Ambassador to Spain and Argentina, and the late Mrs. Weddell.  
 Dr. Hanna, professor of History and director of the Rollins Inter-American Center, is co-author of the Lake George volume of the Lakes of America Series, and other works. The Weddell Professorship will be devoted to the teaching and correlation of courses dealing with the history of the Western Hemisphere.

### Raymond Studios Experienced In All Types Photography

Specializing in portrait and commercial photography, the Raymond Studios, located in the Florida State Bank, Room 9, is owned and operated by Raymond Heavers, assisted by Mrs. Perry Heavers, who is also a full fledged photographer.  
 Mr. Heavers came to Sanford from Georgia where he worked during the war for Bell Aircraft in Marietta. He was formerly associated with one of the largest photographic concerns in Miami as manager of one of their studios for several years.  
 Mr. Heavers, who has had experience in every phase of photography, opened the Raymond Studio here Apr. 12, 1946. He is on call any time for weddings, special parties and any social gatherings that want pictures taken.  
 Married and the father of three children, all boys, Mr. Heavers owns his home in Osteen, just a short distance from Sanford.

### Herlong Rally To Be Staged In Leesburg

LEESBURG, Mar. 29.—(Special)—Friends of A. S. (89d) Herlong, Jr., candidate for Congress from the fifth Congressional district, are staging a "Herlong for Congress" rally at Leesburg's Venetian baseball park on Monday, Apr. 6th, at 8:00 o'clock.  
 Hundreds of supporters, from all over the fifth district, are expected to be on hand to give the popular Lake county judge a rousing send-off on his political speaking campaign, which will carry him into every town in the fifth district within the next 30 days.  
 Leesburg's high school band, some 60 pieces strong, under the direction of Graham Belick, will be on hand to furnish the best in band music.

### Briton Proposes Pact To Safeguard Press

GENEVA, Mar. 29 (AP)—Hector McNeil, British minister of state, today proposed an international treaty to safeguard the freedom of the press. Such a treaty, McNeil said, "could mark a decisive step forward in guaranteeing the fundamental right of human beings to seek freedom of expression."  
 The British Draft Convention largely followed one proposed to the United Nations conference on freedom of information here last week by the United States, but it was more detailed and more far-reaching.

## John L. Lewis Bows To Federal Court Order To Appear

Judge Curran Gives Mine Chief Choice Of Appearing Or Of Facing Fine, Jail

WASHINGTON, Mar. 30 (AP)—John L. Lewis today bowed to a federal court order and appeared before a presidential board inquiring into the soft coal strike. Lewis, flanked by more than 20 aides, walked into the board's chamber at approximately 10 minutes before the meeting was to begin at 2 P. M.

Federal Judge Edward M. Curran had given Lewis this choice: Either to appear at the hearings, which Lewis had refused to do voluntarily, or face a possible heavy fine or jail term for contempt of court.
