Aid To China Explained By Senate Group

Debate On Half Billion Dollar Loan To China Expected To Start Wednesday

WASHINGTON, Mar. 26 (AP)—The Senate Foreign Relations Committee said today the \$463,000,000 aid program it proposes for China is intended to give that country "opportunity to undertake a vigorous program of self-help."

"America cannot underwrite the destiny of China," the committee said in a report to the Senate. The \$463,000,000 is proposed for a 12 month aid program. Senate debate is due to start next Wednesday.

The House is considering a \$6,205,000,000 "single package" foreign aid bill. It includes \$570,000,000 for China for 15 months.

When the House gets back to work on the measure after an over-Easter recess, one of the big issues will be whether to put in a ban against an American shipment to Russia. Rep. Colmer (D-Miss) asks it.

In its report on the Senate measure, the Foreign Relations Committee endorsed the idea of assistance for China, but it said: "Under the present circumstances, it is not possible to develop a practical, effective, long term program for China's economic recovery, predicated on outside assistance from the United States. We cannot underwrite the destiny of China."

The report said also that the United States "should not be put in the position of being held responsible for the conduct of the Chinese government and its policies."

U. S. Treasury's Surplus Goes Over 7 Billion Dollars

WASHINGTON, Mar. 25 (AP)—The government's budget surplus moved above \$7,000,000,000 today for the first time in its history.

It reached \$7,163,995,868.17, a gain of \$4,000,000,000 in less than 12 months. Responsibility for the flood of income tax collections.

The Treasury still hasn't completed counting money received before the income tax deadline Mar. 15.

The surplus reported by the Treasury covers the period through Mar. 24. It is reported almost \$300,000,000 of the \$7,482,019,866 surplus President Truman has estimated for the end of the fiscal year June 30.

Government revenues totalling \$32,838,324,000 are nearly 100,000,000 above the time last fiscal year. Spending at \$25,672,228,000 is almost \$2,100,000,000 below this time last year.

The surplus measures the excess of government income over spending. It swung above \$3,000,000,000 on Jan. 29. It was \$4,000,000,000 on Feb. 19, \$5,000,000,000 on Mar. 18, and \$6,000,000,000 on Mar. 18.

Crew Of Sailing Boat Is Rescued

BOSTON, Mar. 26 (AP)—The crew of the sailing schooner Teaser, numbering 21, was reported safe today on tiny St. Paul's Island, in Cabot Strait, northeast of Nova Scotia. The crew abandoned the Teaser yesterday as she was crushed in an ice pack and sank.

News of the safety of the men was relayed to the Coast Guard here from the schooner's skipper, Captain Joseph Barry.

The Coast Guard also said a Canadian air force plane had sighted the crew of the sailing schooner Monica Walters, also crushed in the ice in the same area, proceeding over the heavy ice toward St. Paul's Island, and only a quarter of a mile away.

Last word from the Monica Walters was that water was over the engine, the Coast Guard said.

AND THEY that went before and they that followed cried, saying, Hosanna. Blessed is He that cometh in the name of the Lord.—St. Mark 11:9

Arab Guns Guard Way Of Sorrows Where Christ Walked With Cross

JERUSALEM, Mar. 26 (AP)—Arab guns guarded the way of sorrows today—the path Christ is believed to have walked to His crucifixion. Gun snouts poked out of battle positions in the Old City as crowds stood in prayer at each station of Christ's journey to Calvary.

Most of them were Christian Arabs, praying with the Arab prelate of Jerusalem, Mgr. Mamour Jallad.

Europeans who entered the city through Jaffa Gate where battle between Arabs and Jews has been deadly, did so under the watchful eyes of Arab sentries. They wanted to make sure none was Jewish.

The pilgrims of former years did not come to Jerusalem this Good Friday.

Old City guns, which have roared out almost constantly since the Jews and Arabs began fighting over the partitioning of Palestine last fall, were silent today. But tension remained in the air.

The annual procession started from the point where the Bible says Pontius Pilate delivered Christ to the mob and then washed his hands—a symbol he was quit of the case.

From this place robed priests led the crowd along the way of the cross, where Christ took up the cross, where He fell, where He met His mother—the long path to Calvary.

A brief ceremony took place in the Holy Sepulchre this morning when Mgr. Jallad entered the basilica. He did so after a Moslem group on guard edged away.

STASSEN DID REJECT MADISON Wis., Mar. 26 (AP)—Harold E. Stassen's offer to debate American foreign policy with General Douglas MacArthur by means of a radio hookup was rejected today.

Philip F. LaFollette, former Wisconsin governor and a Republican delegate convention candidate pledged to MacArthur, turned down the proposal. Stassen had asked LaFollette to arrange for the debate.

A British authority questioned whether Denmark and Norway would be willing to send troops (Continued on Page Eight)

Board Plans Open Hearings In Coal Strike

Fast Schedule Is Arranged For Early Report To President On All Facts

WASHINGTON, Mar. 26 (AP)—The Coal Strike Inquiry Board decided today to hold open hearings on the miners pension dispute. It planned a fast schedule so as to speed a report to President Truman.

John L. Lewis and the coal operators were summoned to the first public meeting at 2:30 P. M. today. The board elected Judge Sherman Minton as chairman. Minton said the three-man board intends to work steadily through the Easter holidays to speed its final report.

All the board has power to do is determine what are the facts in the dispute and report to the President. But such a report is necessary under the Taft-Hartley Labor Law before the government can turn to the courts and seek an order for the coal miners to stop their strike.

The mine strike threatened slowly to paralyze American industry. Mr. Truman asked the board to report by Apr. 5 on "causes and circumstances" of the dispute which led to a nationwide mine walkout. The President, after hearing the board's report, can request an injunction to end the walkout.

The fact finding board in the nationwide strike of the CIO United Packinghouse Workers Union ended its investigation yesterday in Chicago. It now will prepare its report.

Seminole County Veterans' Council Proposed At Meet

Members from all of the Veterans' organizations in Seminole County which include the four Legion posts, the local VFW post, the DAV chapter and the local USWV, have been invited to participate in a proposed Seminole County Veterans' Council. Sam Martina, temporary chairman, announced today. Delegates plus representatives from the county veterans' post attended the meeting last evening and laid the groundwork for the proposed veterans' council.

Mr. Martina, who has been active in this work in New Orleans, will serve as temporary chairman until the contributing organizations can ratify the proposed council. Mr. Wright and Douglas Stenstrom represented VFW Post 3282. J. R. Lyle represented Theodore Roosevelt Camp No. 13 of the USWV. John Kider and Mr. Martina represented DAV Chapter No. 30. Mr. Sauls and J. Q. Galloway represented the Camille (Continued on Page Eight)

ROTARY SPEAKER The Rt. Rev. Henry I. Louttit, Suffragan Bishop of the Diocese of South Florida, will be the guest speaker for the weekly meeting of the Rotary Club to be held on Monday at the Tourist Center. It was announced this morning by Rev. Mark T. Carpenter, rector of the Holy Cross Episcopal Church of this city.

REDS ON PALESTINE MOSCOW, Mar. 26 (AP)—Reds said today America's shift on partition of Palestine proves the United States is "on the road of violation of its international obligations."

"In spite of the fact the decision on Palestine partition was accepted with the participation of American representatives of the United Nations, this does not prevent them from destroying their own decision when it's a matter of the narrow, selfish interests of American monopolies," the Soviet navy paper commented.

It claimed the U. S. change of heart was motivated by American oil interests.

Strong Union Is Called For By Hap Arnold

Wartime Air Chief Insists Russians Respect Force Only; Air Power Needed

SONOMA, Calif., Mar. 26 (AP)—General H. H. (Hap) Arnold today called for a union of democracies strongly backed by air, sea and land power to stop Communism's world advance.

"Some nations respect only force and power. Russia is just such a nation," Arnold wrote in his weekly column in the Sonoma Index-Tribune. The wartime chief of the Air Forces retired to a ranch here.

"Get a union of Democratic nations with the common purpose of stopping the advance of Communism and it that union were backed by the mightiest air force in the world, by armies and navies that matched the Russian army and navy, and with superior equipment, then were such a federation to say to Russia: 'There is the line over which you shall not step,' she would then understand what we mean for we would be talking her language."

Arnold began his column with: "Personally I do not believe war is just around the corner, nor do I believe Russia wants war; nor do I believe Russia is ready for war."

Arnold said Russia "undoubtedly has carefully prepared plans for her aggressive tactics, plans for taking over continental Europe."

Lions Select Team For Donkey Games

The Lions team for the "Donkey Basketball games" at Seminole High School Auditorium Tuesday evening was today announced by Vice President Richard Deas at the meeting of the Tourist Center. Proceeds of the games will be given to the benefit of the high school band. Jack Morrison will serve as Lion cheer leader.

The games will start at 7:30 o'clock and the players will be mounted on donkeys, which should result in a lot of fun. The following Lions will play: Al Skinner, A. L. Esterson, Richard Deas, Harry Robson, H. LeFils and Henry Witte.

A motion picture showing the work done to restore the physically handicapped and blind to useful employment was shown by Clarke Kettle, district supervisor and Ralph K. Hood, rehabilitation counselor of the Vocational Rehabilitation Service of the State Department of Education. The movie was advised to how refer disabled persons to this service. Discharged veterans with non-service connected disabilities are eligible for this service, it was announced.

DEMOS TO MEET The Executive Committee Democratic County will meet Tuesday evening at 7:30 o'clock at the Court House. All county committeemen and women are urged by Secretary Andrew Carraway to attend.

SCHOOLS CLOSE Schools throughout Seminole County were closed today in order that pupils and teachers might observe the Good Friday holiday, it was reported by Supt. T. W. Lawson. The Board of Public Instruction held a short business session this morning.

ACL NOT AFFECTED WASHINGTON, Mar. 26 (AP)—Main-line fruit and vegetable trains of the Atlantic Coast Line will not be affected by curtailment of freight service ordered to begin Apr. 30, President C. Mc D. Davis of the line said today.

President Slaps Ban On Export Of Planes

ICC Re-Affirms '47 Order Merging FEC, Coast Line

JACKSONVILLE, Mar. 26 (AP)—The long fight between the Atlantic Coast Line Railroad and the Florida DuPont interests for control of the Florida East Coast Railway appeared headed back to the federal courts today. Indication that the DuPonts expect to continue the fight in the courts came from Ed Hall, DuPont trustee, who said when advised of the ICC decision: "We are satisfied that under all laws and the American way of life, the property belongs to us and we anticipate our views will be sustained by the courts."

WASHINGTON, Mar. 26 (AP)—The Interstate Commerce Commission today affirmed a 1947 order for merger of the Florida East Coast Railway Company with the Atlantic Coastline Railroad.

On a 6 to 5 division, it refused to set aside its findings of April 8, 1947, that a reorganization for Florida East Coast could best be carried out by consolidating it with ACL.

The St. Joe Paper Company and other interests had challenged that finding. The paper company is a major holder of Florida East Coast bonds. It sought to obtain control of the road to permit independent operating.

Consolidation of the two lines which would have a combined (Continued on Page Eight)

Shipping Holiday On Celery Voted For Next Week

Celery growers and shippers throughout Florida have voted practically unanimously for a three day holiday in cutting and shipping of celery next week in order to ease the over-supply and bolster low prices, it was reported this morning by the Florida Growers Association.

The only exception was two small growers and shippers and it is expected that these will report favorably for the shipping holiday some time today, it was reported.

Andrew Duda, head of the celery division of the Florida Growers Association, polled the growers and shippers of the state to set a date for the shipping holiday.

The holiday, if put into effect, will start at midnight, Saturday and will continue until midnight Wednesday, Mar. 31.

Restriction of normal shipments of 1,000 more cars of celery a year to Canada, due to lack of American dollars in Canada, is reported by growers to have been one of the factors that caused the celery market to drop to an all time low.

E. E. Paulson of the Federal-State Market News Service reported this noon that the celery market has picked up slightly. Yesterday, the only prices quoted were on golden and Pascal themes and four, and were from \$1.25 to \$1.60 FOB.

House Pledges Investigation Into Missing War Surplus Behind Iron Curtain

WASHINGTON, Mar. 26 (AP)—President Truman today slapped tight controls on exports of airplanes and airplane parts, classifying them with other war materials.

The White House made public a presidential proclamation restricting, effective Apr. 15, the list of things which cannot be shipped from this country except under special license.

It designated as munitions such things as small arms and machine guns and fire control equipment and range finders as well as aircraft.

Congress members have been clamoring for tightened export controls since it was disclosed earlier this week that some airplane engines, sold by the government as war surplus, were eventually sent to Russia by private buyers.

Mr. Truman's action means no one can lawfully export airplanes or airplane parts without getting specific government permission.

He acted under a 1939 law. This gives him authority to proclaim on recommendation of the national munitions control board, articles "which shall be considered arms, ammunition and implements of war."

Such articles come under export controls. At the Capitol, an early House investigation was promised into the disappearance of U. S. war supplies "behind the iron curtain."

Chairman Ripley (R-Okla.) of a House Expenditures Subcommittee, said disclosure of recent shipment of U. S. warplane engines to Russia and Poland emphasizing the need for checking on the fate of war surplus. U. S. surplus abroad.

Life Of King Mihai Reported Threatened

WASHINGTON, Mar. 26 (AP)—The State Department said today it has received reports of rumors for a plot against the life of King Mihai of Romania. It is "taking measures" to protect him against assassination, it said.

Officials declined to say where the reports came from, or what protective steps have been taken. The 25-year-old deposed king is visiting here.

FBI headquarters replied with a "no comment" when asked about security precautions for Mihai. It said all such questions must go to the State Department.

Mihai and his mother, Queen Helen, have been staying at the Shoreham Hotel here. Mihai is to leave here today for Detroit.

STOLEN PAINTINGS

HAMBURG, Germany, Mar. 26 (AP)—Fifty paintings recovered from the loot of Joachim Von Ribbentrop, Nazi foreign minister, will be returned to France next month. A British military officer said most of the works came from the Rothschild collection. They include paintings by Corot, Courbet and Monet.

NEW YORK, Mar. 26 (AP)—A new organization, the Draft Eisenhower Movement which said it wanted the General nominated for the presidency on the Democratic ticket, announced its formation today.

The Draft Eisenhower Movement said it will try to pressure General Eisenhower a great popular sentiment exists which demands his nomination. Similar units will be organized in other major cities.

Rev. J. E. McKinley Speaks To Jaycees Weekly Meeting On Easter's Meaning

Rev. J. E. McKinley, speaking on "The Meaning of Easter" at the weekly meeting of the Seminole County Junior Chamber of Commerce at the Tourist Center yesterday, told those present, "To me the meaning of Easter is the assurance that the thing called death is not the end of a man, but another experience in life, and we go right along on living."

"At the end, nothing else matters except whether Easter shall be a reality for us. The making of a man is his assignment of the priorities in his life. We are more than a beast of the field, and more than animals with physical appetites," he declared.

"We are creatures of the earth put here for a time for preparation. The earth cannot continue to keep us. We are bigger than this earth. We should do something about this thing called life."

Dr. C. L. Persons reminded everyone to go to church on Easter Sunday and to continue to go to the church of their choice every Sunday during the coming year.

President Bralley Odham told the group of the donkey basketball game to be held on Easter Sunday and to continue to go to the Seminole High School next Tuesday night as a benefit for the

Congress May Not Override Tax Veto

WASHINGTON, Mar. 26 (AP)—Senator O'Mahoney, (D-Wyo.) said today he is "not sure" Congress would override a presidential veto of the \$1,000,000,000 tax reduction bill.

Talking to reporters after a White House call, O'Mahoney said he regarded a veto as certain although he had not discussed the matter with President Truman.

"I'm not venturing to be a prophet, but I'm not so sure that the Senate would sustain a veto," O'Mahoney said.

"The Republicans have been slowly—but reluctantly—following the President's leadership. Reluctantly the Republicans are seeing the virtue of what the President is trying to do."

Mr. Truman has been opposed to a cut in income taxes unless the lost revenue is made up through revival of the excess profits taxes on corporations.

13 Persons Killed In Oklahoma Tornado

OKLAHOMA CITY, Mar. 26 (AP)—At least 13 persons were killed by a tornado which skipped across central and eastern Oklahoma last night.

The storm hit mainly in farm communities. No big city was struck. The twister dipped near Wetumka, 75 miles east of Oklahoma City; near Eufaula, 40 miles east of Wetumka; Boynton, near Muskogee; Checotah, near Eufaula and Sallisaw, near the Arkansas border.

The Oklahoma highway patrol listed seven dead near Wetumka; one near Eufaula; three at the farm community of Lenna, near Checotah and two at McClannahan mountain community three miles north of Sallisaw which is 20 miles west of Fort Smith, Ark.

LEHMAN IMPROVES H. J. Lehman, manager of the Sanford State Farmers Market, returned to his home Wednesday from Orange Memorial Hospital Orlando, where he was operated upon. His condition is reported to be very favorable, but he will be confined to home for some time.

PERSONAL PROPERTY Appraisal of real and personal property now being carried out by the J. M. Clemmishaw Co. of Cleveland, Ohio, does not include the valuing of personal property in homes but personal property in businesses, said Gordon Bradley, city clerk, this morning.

The City still wants residents to make a return to the city on personal property in homes, he added.

KILLED PRAYING
 MANILA Mar. 26 (AP)—The Good Friday religious observance at nearby Malolos was thrown into turmoil today—a fitted wife killed his sweetheart as she knelt at the altar rail.
 The girl, Rosario Carlos, was singing "Passion of Our Lord" when three bullets ripped through a crack in the flimsy walls of the chapel. She slipped to the floor.
 Her sister then dashed through a crowd of dazed worshippers and snatched her. She fled before anyone could recover from the shock.

Jesus' Disciples Were Frightened Even Before They Entered Jerusalem

The 12 devoted men who followed Jesus toward Jerusalem were frightened even before the city was sighted on the dusty road.

They knew they walked toward hostile men. There were sects among their own people whose powerful priests feared and hated the simple man from Galilee whom many already were calling Messiah or Heavenly King. Jerusalem was part of the Roman Empire, ruled by Caesar's conquering soldiers from across the sea.

Jesus knew why his 12 followers feared Jerusalem. But He also knew that and was running fast from the glass of His life and there was still much He had to teach them—still many things He must do. So to prepare them for the tragic events which lay immediately ahead, He called them around Him and told them what was going to happen.

Then they continued on their way as Jesus preached faith and brotherhood to the people along the road, just as He had done before. He told the people they must believe in God. He said they must treat others with the same kindness they would like to receive themselves. He healed the sick, each time telling sufferers that it was their own faith, their own belief in Him which had made them well again.

But it was this kind of teaching which had made the powerful men in Jerusalem hate Him. The priests and high officials of the temple were more interested in keeping their own great power than in helping others live good lives.

Before they entered the city, two of the disciples brought to Jesus a donkey from a nearby village. They piled their clothing on the back of the little beast for a make-shift saddle. On this Jesus mounted for His entrance into Jerusalem. It was a low and ancient prophecy that the heavenly "Prince of Jerusalem" would appear and be known because, among other things, He would be riding on a donkey.

As they continued forward, those who had gathered at the roadside showed their belief in the bearded man with the deep eyes. They cast their clothing and spread branches of trees on the rutted road before His animal's feet as they would have unrolled a carpet for a crowned king.

Jesus went directly to the temple but stayed only briefly before He went outside the city to a little village called Bethany to spend the night. The next morning He returned to the temple where there was much work waiting for Him.

The house of worship had become a place of business. Jesus first drove out the men who were buying and selling as though they were in the market-place. Then he tipped over the tables where the money-changers worked. He threw out the seats of those who sold doves used for sacrifice. Then He addressed the people, quoting the ancient law which, as God's word, was part of their religion: "My house shall be called of all nations the house of prayer."

"But you have made the House of God a den of thieves," He accused them.

The chief priests and their henchmen listened fearfully because they saw that the people believed the words of this man. Jesus returned to Bethany with His disciples that night, teaching them and talking with them as He always did. But the next day as He reentered the temple, He found the priests and others waiting for Him.

Referring to His actions the day before, they asked Him, "By what authority do you do these things? Who gave you authority to do these things?"

Jesus replied that He would answer their questions if He could put one question to them first.

"Did John's baptism carry with it God's blessing or just his own?" he asked.

The priests and others retreated and discussed their answer. They realized that if they replied that John's baptism was of God, Jesus would counter with: "Why, then, did you not believe what John said?" If they answered that it was only a human blessing, the priests feared the people would stone them, for most of the worshippers believed John was a holy man.

Finally they said they could not answer the question. Jesus retorted that under those circumstances He would not tell them His authority for driving the merchants from the temple.

Then He returned to His preaching. Soon the leaders in the temple sent a group to Jesus in still another attempt to trip Him by His own words. Was it lawful, they asked Him, to give tribute to Caesar? They knew that if He told them not to pay taxes, the Romans could arrest Jesus as one who preached treason.

But Jesus merely asked for a penny coined by the Romans which bore on it the features of Caesar. Showing them the coin, He asked: "Whose likeness and inscription is this?"

"Caesar's," they answered.

"Give to Caesar the things which are Caesar's," He told them. "And give to God the things that are God's."

They tried even after that, but each time Jesus turned their questions so that the answers taught the people more about faith and love.

Then, to rest Himself, Jesus sat down by the treasury box of the temple where worshippers dropped their contributions. The rich threw their coins in and, as before, a poor widow dropped in a tiny piece of brass worth less than a penny.

"This poor widow has given more than the rich," He told his disciples. "They had much money. She had nothing and gave from the small amount on which she must live."

Soon He quit the temple and went to the top of the Mount of Olives, a rise close at hand. With the four disciples who were closest to Him at His side, Jesus warned them that after He had gone many men would come to earth claiming to be the Christ and that many people would be deceived. Then He told them to go out in the world and spread His message among all peoples.

Later He prepared for the celebration of the Pass-over, a long religious holiday beginning with a feast at which bread without yeast is eaten. As Jesus sat with 11 of His disciples in Bethany, whose name was Judas Iscariot, was in Jerusalem, talking with the disciples of His teacher. The priests were glad to find among Jesus' followers one who would betray Him and they promised to give him 30 pieces of silver for the deed. Judas agreed and a signal was agreed upon.

Jesus wanted to be in Jerusalem for the Pass-over. It had been arranged for the pre-Pass-over meal to be held in a city home where a large upper room had been made ready. Toward evening Jesus and the 12 gathered for the meal. His last on earth and always called "The Last Supper."

As they were eating, Jesus took bread, blessed it, broke it and gave it to them, saying, "Take; this is my body."
 And He took a cup, and when He had given thanks, He gave the cup to them. They all drank of the cup and Jesus said to them: "This is my blood of the new Testament which is shed for many."
 After that final meal they went back to the Mount of Olives where Jesus again warned them, preparing them for the future, and turned to Peter, one of his disciples, and told him that by the time that very night was over he would deny his Lord three times before the cock crowed twice.

Jesus came to a place called Gethsemane and as His disciples rested, He prayed. When He had finished, He said, "The hour is come. Behold, the son of man is betrayed into the hands of sinners."
 As he spoke, Judas, followed by an armed mob, approached Him. They had been sent by the priests. Judas ran to Jesus and embraced Him, thus giving His enemies the sign which identified the Christ to them.

The crowd took Him directly back to Caiaphas, the high priest, and his underlings. Peter followed from a distance and when Jesus was taken into the priest's palace, the disciple stood among the servants and watched.

Then began a trial of sorts. A number of men came forward and told lies about Jesus. No one of their stories agreed and Jesus did not answer their lies. He did not speak until Caiaphas asked: "Are you the Christ, the son of the Blessed?"

"I am," Jesus answered, "and you will see me, the son of man, sitting on the right hand of power and coming in the clouds of heaven."
 This was all Caiaphas needed. "You have heard the blasphemy," he cried to the crowd. And because it was believed that no man should call himself the son of God, Jesus was convicted.

He was spit upon, struck and otherwise mistreated.
 As this was happening Peter was approached by three persons, each of whom asked whether he was a follower of this Jesus of Nazareth. Each time he said he was not—and after the third time, a cock crowed for the second time.

The following morning the high priests had Jesus bound and took Him before the Roman Pontius Pilate, political governor of Jerusalem.

But meanwhile, according to the gospel of St. Matthew, Judas realized the dreadful thing he had done. He took the 30 pieces of silver back to the men in the temple and told them he had betrayed one who was innocent.

"What is that to us?" they told him. But he threw down the silver and left.

Judas hanged himself.
 Before Pilate, Jesus was accused of many things. He did not answer them. It was the custom of the governor to release at the Pass-over one of the prisoners. And after talking to Jesus, Pilate suggested that this

be the man he'd free. But the crowd, under pressure of the priests and elders, cried for the release of Barabbas, a man imprisoned for rebellion and murder.

Pilate debated the wisdom of his course, but finally he turned Jesus over to his soldiers to be executed.

Barabbas was freed as they led Jesus into a great hall. There the Roman soldiers made sport of Him. They took off His clothes and draped Him in a purple robe. They set a crown of thorns on His head. They mocked Him, struck Him and spit on Him again. Then they put on His clothes again and led Him, out to the hill of a skull Golgotha.

Soldiers placed Him upon the cross. Soon two others were crucified near Him—two robbers. And at the foot of the cross, soldiers cast dice for the clothing of Jesus.

At noon, after three hours of His suffering, the sun was obscured and darkness fell. Six hours passed before Jesus uttered His great triumphant cry and

breathed His last.
 As He passed away, the Roman captain who stood facing him said: "Truly this man was a son of God!"

A good and honorable man, Joseph of Arimathea, went openly to Pilate and asked for the body. Pilate first made certain that Jesus had died and then gave Joseph permission to remove the body.

It was wrapped in fine linen and then placed tenderly in a tomb which had been hewn from solid rock. A huge stone was rolled into the opening of the tomb, sealing it securely. Two days passed, and on Sunday women followers of Jesus returned to the tomb. They carried spices with which to anoint the body of their Lord. They wondered how the great stone could be rolled away so that they might enter the tomb.

At the sun rose on that first Easter morning, they saw the great stone rolled away. The women went away, trembling and astonished because of strange news: "He has risen!"

KOREAN REDS
 SEOUL, Mar. 26 (AP)—South Korean political leaders today were invited to help establish a Soviet-sponsored government of Korea.
 The Russian controlled radio at Pyongyang, headquarters of the Russian occupation in North Korea, invited leaders of rightist, leftist and middle-of-the-road parties to a conference April 14. The broadcast was repeated twice.

HILLE VERNE TODAY

THERE IS A WIDENESS IN
GOD'S MERCY WHICH WE
SHOULD LEARN TO UNDER-
STAND AND COPY.—Ro. 9:29: Is
he the God of the Jews only? Is
he not also the God of the Gen-
tiles?

We see where the city of Miami, not only has levied a tax on cigarettes, in order to raise much needed revenue to replace that lost by homestead exemption, but has had the law upheld by the State Supreme Court. It may be that other cities, now begging aid from the state could help find a way to help themselves if they studied this Miami case.

With the price of celery dropping to new lows and the citrus market continuing in the doldrums, there is more reason than ever for building the swimming pool. All of us may need some way of keeping ourselves afloat this summer. Many a boy who used to accompany his parents to the mountains or the seaside for the hot summer months may be sunbathing in Sanford this year. Many a workman who up to now has had more than he could do may appreciate a job working on the swimming pool project.

The gubernatorial race is getting hot. A little bit late perhaps, but better late than never. Bill Shands was here last week, Colin English and Fuller Warren Wednesday, and Dan McCarty coming Monday. More and more people are making up their minds, and it is about time, for election day is only a little more than a month away. If you have not heard the candidates' speeches, perhaps you have read about them in the newspapers. You may have listened to them on the radio. But if you are like most folks these days, you will have some difficulty in making up your mind which of the various candidates would make the best governor.

The United States is still shipping warplanes to Russia in spite of Russian aggression all over Eastern Europe, even as we continued to ship scrap iron and oil to Japan long after China had been invaded and it was perfectly obvious that the United States was about to be attacked. Some day the very planes which we are now letting Russia have may be dropping the bombs which will wreck New York and Washington and kill thousands of women and children, even as the scrap iron from American ports spread death and destruction among American soldiers all the way from Guadalcanal to Okinawa and Iwo Jima. We are a great people, we Americans, in lots of ways, but we learn slowly.

The reason there is so much war talk these days is because there are so many people who really want war. The Jews in Palestine want war. . . if it takes that to get what they want. So do the Arabs. The Communists in Italy certainly want war. . . if they cannot win the election. Certainly there are a lot of people in Greece who prefer war to the only possible alternative. . . else there wouldn't be so much fighting. In China there is civil war because the people there prefer war to compromise with the opposition. And even in this country there are millions of people with nostalgic memories of the good old days back there in 1944 and '45, when wages were high and prices were low, when there were lots of cute boys in uniform and every one of them was a hero, when the sky was the limit and money didn't matter. For millions it was tough, but not enough suffered enough to make the awful brutality of modern warfare a real deterrent to another war.

After, The Dark Hour

No darker period ever shrouded the world than the forty hours following the death of Jesus of Nazareth on his cross at Golgotha. No more hopeful day ever dawned than the one on which two women named Mary went to the tomb of Jesus and found it empty.

Those black forty hours seemed to blot out the vision of a new world which had been seen by a little group of people in a captive, sun-cursed land. His most intimate friends thought that death had stilled forever the lips of the man who knew the way to that new world, which now seemed no longer to beckon. Was ever greater despair in the hearts of men?

As radiant as the dawn itself was the new faith which swept among the disciples when they heard again the voice of Jesus. Destined to be one of the world's great faiths, Christianity had been born.

Every Easter morning brings afresh the awakening of faith. No matter how dark the hour has been, in the clear morning light of Easter Day, the new world beckons still.

Refugee Tangle

A dispatch from Heidelberg tells of one result of the Russian coup in Czechoslovakia: the appearance of refugees from that country who have managed to cross the barriers into the American zone of Germany.

The few who have made the journey are only a token of the large numbers which are expected by the occupation forces. Refugees in this zone are cared for by the International Refugee Organization, as the military government has no funds or agencies for such work. A military ruling is, however, standing in the way of attempts to feed and house these voluntarily displaced persons. The IRO is prohibited from sheltering persons coming in since April, 1947. This throws the problem into the laps of voluntary agencies, which are coping with it temporarily. Conferences are now being held on the matter at IRO headquarters in Geneva.

A sadder fate cannot be imagined than that of people who find themselves unable to breathe the atmosphere of tyranny. Practical matters concerning their material welfare must be dealt with, however, by an organization which is already burdened by many different types of refugees, with varying philosophies and racial hatreds. No one envies the humanly limited officials who are charged with this complex duty.

A Man's Poet

"I thought he was dead." That exclamation must have come from many readers upon seeing the announcement of "Harper of Heaven," the autobiography of Robert W. Service, Canadian poet. They must have had in mind the fact that many of his poems have become popular classics, and a classic is traditionally a book by an author who is dead. Yet though Service is 77, he is very far from dead. As his book makes clear, he has been enjoying life intensely, mostly on the Riviera, even when brought in contact with Nazis and other human vermin.

"The Shooting of Dan McGrew" and other Alaskan songs have taken hold of the American male as in recent years no other poet's have done except those of Rudyard Kipling. Service may not belong on the shelf of the world's greatest poets, but neither does Longfellow, who has long been enshrined in American hearts.

Who knows? Future critics, considering Service's popularity, may re-examine their tests of good verse, and decide that he was a real poet after all.

RECOGNIZING A LOTTERY

TAMPA TRIBUNE

The grand national sweepstakes, run at Aintree, England, Saturday, was the first of four English horse races on which the Irish government has long sold sweepstakes tickets. These have been bootlegged into the United States in large numbers. Now Eire and Mexico have concluded an agreement by which Ireland will leave the United States market for sweepstakes to Mexican exploitation. In return Mexico agrees not to sell its sweepstakes in Europe.

It is not because of the horse race angle of the sweepstakes, either Irish or Mexican, but because sweepstakes are "in part" a lottery, that importation, transportation by mail or common carrier, sale and receipt of tickets are all outlawed by federal statutes.

The courts have agreed that a contest becomes a lottery when it involves three elements: (1) a consideration is paid for participation; (2) a prize in money, real property or goods is offered; (3) the winner is determined by lot or chance and not on a basis of merit or skill. Betting on horse races is regarded as an exercise of skill.

Since 1890 the United States has barred news and advertisements about lotteries from the mails, later tightening up the law to include other means of communication. The code provides: "No newspaper, circular, pamphlet, or publication of any kind, containing any advertisement of any lottery, shall be carried in the mails." The Post-office Department holds that the term "advertisement" includes prizes and prize-winners.

The courts, both state and federal, have held that the prevalent "holita" played in Tampa and other cities of Florida, is a lottery, within the meaning of the law, as it clearly is. Betting on horse and dog races, to the contrary, within the meaning of the law, as racing is held to be a contest of skill, not a lottery. Furthermore, that form of gambling is fully legalized by Florida law.

Ed Kircher Plans To Enter Ministry

Edward Kircher, who with the help of modern medical science, fought a winning fight against infantile paralysis, has decided to enter the ministry and will enroll Monday at Stetson University as a ministerial student. It was announced today by Mrs. Kircher, who has been noted for her ministerial and evangelical activities. Mr. Kircher expects to complete his studies at Stetson in a year and three months, and then go on with further seminary training. He has been very active in church work in Sanford and is a member of the Board of Stewards of the First Methodist Church. Prior to coming to Sanford he was engaged in railway work in Juliet, Ill., where also he was active in church work.

Betty Ann Styles Winner In Contest

Miss Betty Ann Styles won over a group of amateur and semi-professional talent in the Talent of Tomorrow broadcast over radio station WTRB last night at 8:00 o'clock from the stage of the Ritz Theater. Miss Styles received an ovation with her intricate song and dance routine to the song "Too Fat Polka". Second high in the amateur class was Kaye Ellis and other competitors in that class were Dawn Ann Pearson and Patsy Ann Waldrop.

Appearing in the semi-professional class were Junior Veino and Alice Williams of Osteen. For winning in this group Junior Veino will be presented over the local radio station in a series of five 15 minute broadcasts. Adding to the enjoyment of the program Elizabeth Mathieux was presented and sang several vocal selections and appearing from the Sanford Junior High School was Richard Hall.

Seminole Hi

Beginning Monday the Ministerial Association of Sanford sent local pastors to the school for four successive mornings to teach of Jesus' last days before the crucifixion. Each morning the subject was the actions of the Lord on that particular day in the week preceding his death. Members of the student body took part in the programs by furnishing music.

Monday morning the band played a religious number, on Tuesday the Glee Club sang, Wednesday a ninth grade trio furnished the music, and Thursday morning the Glee Club Sextette sang two religious numbers. Certainly the student body appreciates the interest the ministers have taken in the school by furnishing these lessons and undoubtedly they have helped create a more definite realization of what this Holy Week commemorates.

At the Sunrise Service, Easter Morning, the Seminole High School Glee Club will furnish religious music as part of the occasion. The student body and members of the faculty have been urged to go.

The School Board declared a school-holiday for Good Friday and the students are relieved of work until Blue Monday rolls around.

Porter Lansing and Bill Kilpatrick have been elected to represent the Key Club of Seminole High School at Memphis in the coming April International Key Club Convention. At the Key Club Ball, held Saturday, the club treasury profited by \$117. Work toward redecorating the Club House will begin as soon as possible. The local Kiwanis Club donated a flag of the United States for the meeting room.

Next Tuesday the Junior Chamber of Commerce is sponsoring a "Donkey Basketball Game" for the benefit of the Hand. The hand needs uniforms badly, especially so the new season won't be put to shame in drab surroundings.

am Struthers, and Mr. and Mrs. R. Shedd.

Dr. and Mrs. T. R. Moye, who have resided for the past year at the home of Mrs. J. H. Cowan have moved into Sanford at 219 W. 12th St.

Mr. and Mrs. William Struthers and Mr. and Mrs. George Patterson were co-hosts and hostesses to the weekly Tourist Club on Tuesday evening at the community building. Games were enjoyed and prizes awarded to Mrs. Robert True and Mrs. Frank Evans.

ST. AUGUSTINE, Mar. 25.—(AP)—Dave Walden, 23, and Johnny McVeigh, 30, were today charged with the first degree murder of John Frank Stringfellow, 23, by Sheriff J. T. Shepherd of St. Johns county, Fla. Shepherd said facts given yesterday by Walden, self-confessed murderer, indicated that the killing had actually taken place in this area.

Woman's Club Will Have Music Program

The music chairmen of the Fine Arts Department of the Sanford Woman's Club, Mrs. Edgar Mitchell, will present the Lyman High School glee club in a group of songs led by Mrs. Rayborn Miller on Wednesday at 3:30 P. M. at the club house on Oak Avenue. The hostesses for the occasion will be Mrs. E. B. Clements, Mrs. R. H. Revely and Mrs. George McCall.

Following the musical selections a drama will be presented under the direction of Mrs. Bradley Odham and a tea will be held. Mrs. Everett Gatchel, Jr. will be in charge of the tea.

Ed Henderson Heads Education Group

Ed Henderson, a graduate of Seminole High School in Sanford with the class of 1922 who is now employed by the Florida State Department of Education as field supervisor of instruction, has recently returned from Atlantic City, N. J. where he was elected vice president of the National Association of State Directors and Supervisors of Secondary Education.

Mr. Henderson attended the annual convention of the American Association of School Administrators and the annual convention of the National Association of Secondary School Principals. Mr. Henderson is the son of Mrs. E. M. Carroll of 1601 French Avenue.

Miss Betty Meyer, daughter of Mrs. Gail Meyer of Malabar, Fla., formerly of Sanford, and the late E. Frederick Meyer, whose marriage to Sgt. John William Cheek of Orlando will take place on Sunday at 4:00 o'clock at the Central Christian Church in Orlando. No invitations are being issued but friends and relatives of the couple are invited.

NO COMMIES
MIAMI, Mar. 26.—(AP)—University of Miami student government officers denied today that "Communism has any official support on the campus" after leaflets bearing the wording, "Communist Party of Greater Miami" were found on Campus bulletin boards Wednesday.

Three More Teams Open Drills At Giants Airport Training Site

Activity at the Giants Farm Club Training Base at the Municipal Airport is buzzing all the louder today, after Carl Hubbell, director of the Giants Farm Clubs announced the arrival of three additional teams at the Airport site.

Teams making their appearances were Lawton, Okla., entrant in the Class D Sooner State League, Hickory, N. C., of the Class D North Carolina State League and Springfield, Ohio, of the Class D Ohio State League.

Manager Lou Brewer of Lawton, Skipper Sammy Bell of Hickory and Manager Bob Roth of Springfield have started putting their squads through their paces and have expressed satisfaction with the layout here.

"We will not have any more clubs coming in until next Wednesday when the final six teams are scheduled to arrive," Jack Schwartz, secretary of the Giants Farm Clubs declared yesterday.

PREPAREDNESS

WASHINGTON, Mar. 26 (AP)—Plans to celebrate national preparedness and commemorate Paul Revere's ride on Apr. 19 were approved by President Truman today.

AMVETS, World War II veterans organization, will sponsor ceremonies by its 1,400 posts. The main observance will be at historic Lexington Common in Massachusetts. This will follow reenactment of Revere's famous ride from Charlestown to Lexington.

George Zoeterman Is Making Progress In Cubs' Baseball Camp

ST. AUGUSTINE, Mar. 26 (AP)—In case you're wondering, George Zoeterman is coming along fine. The former Chicago High School pitching sensation, central figure in a highly-publicized baseball controversy last winter, faded from the limelight this spring.

Headlines have featured Curt Simmons, Blackie Dark, Al Rosen, and half a dozen others who have shone in Major League club's spring training camps.

Zoeterman's headlines last winter were touched off when Commissioner A. B. Chandler declared the youngster a free agent and fined the Chicago White Sox for signing him while he was still a high school student.

"George has shown us a good fast ball, a good curve, fine pitching form, excellent control for a left-hander—and plenty of common sense," Sheehan remarked.

He emphasized that Zoeterman will have to thread his way through the minor league maze like any less-publicized youth. "He is not ready for the majors; not yet," Sheehan added. "He has an excellent chance to make the grade, however. When? That depends on how fast he develops."

Trophy And Large Purse To Be Given Green Tree Winner

The annual Green Tree Handicap will be run next Tuesday night at the Sanford-Orlando Kennel Club, it was announced today by Robert G. Baird, general manager. An added purse and a handsome trophy will be awarded the winner.

In connection with this colorful occasion, Baird said the personnel of four baseball clubs now in spring training in the Central Florida area will be special guests for the program.

Racing Secretary Pittsley Williamson declared today that 35 greyhounds had been placed on the eligible list for competition in the annual Derby to be run Apr. 15. From the total list of eligibles, the 16 top hounds will be nominated for the Derby trials. The trials will be run Apr. 6 and 8 respectively. Training Camp Notes

CLEARWATER, Mar. 26 (AP)—President Bob Carpenter says his Philadelphia Phillies have room for four more pitchers.

"We need nothing help and if there's a chance of dealing for it, we'll get it," Carpenter said. "We've got to carry Charlie Bicknell and Curt Simmons as bonus players. Say we also carry Schoolboy Rowe, Dutch Leonard, Walt Sobel, Blix Donnelly and Oscar Judd. That makes seven. We have room for four more."

SARASOTA, Mar. 26 (AP)—Boston Red Sox Manager Joe McCarthy will send Ellis Krieger against the New York Yankees today in the fourth pre-season meeting between the two clubs. McCarthy's former charges, the Yankees, have a 2-1 edge in the series.

TAMPA, Mar. 26 (AP)—The one bad inning per game continues to plague the Detroit Tigers. Yesterday the Bengals had the bad inning blues in the opening frame against the New York Yankees. Pitcher Rufus Gentry walked five batters, hit another and allowed one hit to enable the Yankees to score all their runs in a 6-5 victory.

SAN FRANCISCO, Mar. 26 (AP)—Charley Embree has just about clinched a starting pitching berth with the New York Yankees.

The curve-balling right-hander about the Detroit Tigers on one hit for six innings yesterday, the longest a Yankee pitcher has worked so far.

SAN BERNARDINO, Calif., Mar. 26 (AP)—Lyman Lunde, rookie right-hander for the Cleveland Indians, will be on the sidelines for several days. He was struck on the chin yesterday by a ball batted by Manager Lou Boudreau.

SAN FRANCISCO, Mar. 26 (AP)—Infielder Bill Rigney has rejoined the New York Giants. Rigney was out for a spell with a backache and ailing arm.

U. S. domestic airlines had about 500 planes in operation in 1946 compared with a pre-war high of 359.

Sports Roundup

By HUGH FULLERTON, Jr.

NEW YORK, Mar. 26 (AP)—Latest reports from the South seem to confirm the general impression that major league baseball clubs will return to their old training programs next year and forget about the Mar. 1 starting date.

Word from the Midwest is that Terzan Taylor, who coached the Baltimore Colts line last fall, is thinking of a return to the college football field. His contact with the Colts doesn't expire until August, so he's in no hurry.

Lincoln High School of San Jose, Calif., tossed six pitchers into a ball game against Campbell High recently and none of them gave a hit.

Quote, Unquote Joe Lapchick, N. Y. Knickerbockers' coach: "Kentucky is the only college basketball team I've seen this year which has five players who are pro material. I'd take all five for the Knicks, if I could get them."

One-Minute Sports Page It's being whispered around that Herman Hickman probably would have passed up the Yale football coaching job if he had listened to friends at West Point, but he went into seclusion to avoid being influenced.

And friends say that Sid Gillman, Herman's successor, took the Army post because he was becoming discouraged. Sid is recognized as one of the smartest small college coaches, but he wasn't getting any tumbles from the big colleges.

After looking over Phillie pitching the other day, the Yankees had more praise for Pitcher Robin Roberts, fresh out of Michigan State college, than for the ballyhooed Curt Simmons.

National hockey league statisticians have figured out that the average number of playoff games required to settle the Stanley cup during the past five years has been 16.

Pretty Precedent Another sports "first" will be marked up at Des Moines, Ia., Saturday when the state girls' champion basketball teams of Texas and Iowa clash in an interstate playoff.

Mesquite High of Dallas county, Tex., and Kamrar High of Iowa will represent their states and folks out that way believe its the first such inter-state affair on record.

More than 7,000 tickets had been sold by last week, proving there's a lot of interest.

Outstanding Horses Have Been Named For Kentucky Derby

LOUISVILLE, Ky., Mar. 26 (AP)—Practically all outstanding candidates for the Kentucky Derby, including the current favorite, Citation, have been nominated for the Derby trial at Churchill Downs Tuesday, April 27.

Only prominent Derby horses missing from the trial field are those which will get preliminary racing tests in the East. Some of these may not come here for the Derby unless they measure up to their tests in Eastern races.

No winner of the trial has ever gone to win the Derby. Three which finished second in the trial, however, took Derby honors. They were Lawhr, Gallahedian and Whiteaway.

Seventy of the 109 three-year-olds named for the derby have been nominated for the trial, which has an added value of \$10,000 and is run at one mile.

Bred by Citation, Calumet Farm's Bewitch, only filly nominated for the Derby, also was named for the trial, along with four other colts. The \$100,000 added Derby will be run on May 1, four days after the trial.

Room Six Wins Tiff At Grammar School

Room six of the Sanford Grammar School won a recent round robin volleyball tournament held at the school, it was announced today by B. C. Steele, principal.

There were three boys and three girls on each team. The team members alternated and special rules were invoked to insure good team play, Mr. Steele declared.

The following players completed for room six: James Davis, Eugene Estridge, Edward McCall, Johnny Carter, Tommy Newsom, Joel Moss, Stanley Katz, Ronald Sorun, Gordon Toll, Curtis Hall, Jimmy Kridler, Shirley Eubanks, Betty Jo Sparkman, Ouita Lee, Sara Beth Crews, Rose Miller, Vera Bihannon, Joyce Jones and Paulette Cason.

By vote of the team Joel Moss and Betty Jo Sparkman were elected co-captains. Room eight was the runner up and they selected as co-captains Jimmy Butler and Maxine Holcombe.

Millers To Meet Cage Rule Book Kansas City At For Colleges Is Park On Sunday Getting Changes

The Minneapolis Millers are scheduled to meet the Kansas City Blues of the American Association here Sunday afternoon at 2:00 o'clock, it was announced today by General Manager Rosie Ryan.

Yesterday the Millers dropped their first game of their spring training exhibition schedule.

The Columbus Red Birds dumped the Millers by a 9 to 5 margin, despite the fact that the Millers outbit the visitors 14 to 10.

C. P. Ellis Leads At Skeet Club Shoot

C. P. Ellis led with a top score at the weekly Sanford Skeet Club shoot on their range at the Municipal Airport yesterday.

The following scores were made:

C. P. Ellis	61 x 75
A. Carraway	60 x 75
S. Gardner	59 x 75
F. Woodruff, Jr.	59 x 75
E. Higginbotham	55 x 75

NEW YORK, Mar. 26 (AP)—The college basketball rule book is undergoing its annual facelift, but there's this consolation for the fans.

The sport will still look like basketball.

The four rules adopted by the National Collegiate Basketball Committee yesterday and the others still under consideration are largely of a minor and technical nature.

Their purpose seems to be streamlining and to clarify.

These are the new regulations the committee approved:

1. A coach can talk to his team at the bench during the intermission and timeouts. This makes coaching from the bench unnecessary.
2. Substitutes can enter the game merely by reporting to the scorekeeper. All the referee has to do is recognize the player and say, "come on."
3. A player who is charged with a foul must raise his hand so the spectators can see.
4. All jump balls must be made at the nearest of three six-foot circles. This is to prevent scrambling for positions around the sidelines.

Italian Reds To Use Force If It Is Needed In Italy

Predictions Vary On Number Of Votes Communists To Get

ROME, Mar. 26 (AP)—Italy's Communists served notice today they intend to seize the government by force if denied "the power the majority will give us" in the Apr. 18 elections.

The threat opened a leftist drive to capture the offensive from government parties riding the crest of popular enthusiasm over the proposal to return Trieste to Italy.

It coincided with the end of the Communist-inspired typographers' strike that shut down the nation's newspapers for four days.

Luigi Longo, Italy's No. 2 Communist, demanded of Premier Alcide de Gasperi and other government leaders:

"Will they acknowledge the results of the election?"

Longo, speaking before 50,000 at Bologna last night, declared: "If they do not cede to us power the majority will give us, we will chase them out as we chased out others in our war of liberation."

The question as to whether the Communists will be allowed in the new government, has been

an election sore spot.

Most observers predict the Popular Front of Communists and their leftist allies will get 35 to 40 per cent of the votes. This may be the largest received by any one party or bloc of parties.

Anti-Communist parties have indicated they will join up after the election to claim victory by majority and the right to form a new government.

De Gasperi kicked the Communists out of his government last year. He has given no indication he or other government leaders want them back.

Longo, referring to the western powers' proposal on Trieste, said:

"Trieste might be returned to Italy only if the Italian people prove to be free and independent of American influence."

"With the words 'Trieste Italiana,'" he said, "there are those who seek to carry us into a new world war against the people of eastern Europe."

"If the Demo-Christians carry us into that war, the Italian people will not remain inactive but will defend their right to peace," Longo added.

Scattered violence was reported in Milan's Cathedral Square as Communist orators repeated their warnings on Trieste.

Armed Communists and Nationalist students clashed in Naples last night.

trope, and perhaps the world.

"The Russian forward movement may well be compared to the drive of a steamroller. The only way to stop such mercenaries is by obligations to remove the impetus that keeps the inachinery turning."

Of the Marshall Plan he wrote: "Undoubtedly, the plan will do wonders, but it will not stop the Red forward movement."

He said the United Nations was impotent and that speeches will not cause Norway and Sweden to stiffen against the large Red army and Red air force.

He concluded: "If it were known that the United States long range bombers had full access to the airports in Iceland, Greenland and the Azores, the Scandinavian countries or northeast Africa, and that we were stocking atomic bombs at points quite accessible to those airports, the Russians in Moscow would be thinking that it is even quite possible they would change their ideas of overrunning Europe."

He anticipates that the better recognized flight schools will be given a military program such as the old C.P.T. under which a large percentage of our pilots were trained during World War II.

Meanwhile British troops moved into the Hab El Wad area in an attempt to halt Arab attacks on Jewish convoys between Jerusalem and Tel Aviv. The troops found the bodies of 16 Jews slain in an attack Wednesday. Previous reports had indicated 12 were killed.

Police and troops headed for Shefat Village, where an Arab road block was reported barring the road between Jerusalem and Neve Jacoby, six miles to the north. The area has been under Arab attack for a week.

An explosion was heard in Neve Yacov this morning. Arabs attacked a Lydda airport convoy near Ramble and police returned the fire.

The proposed name of the organization will be the Seminole County Veteran's Council. A charter was drawn up at the meeting last evening and will be submitted by the representatives of the contributing organizations for ratification. The next meeting will be held on the fourth Friday of April at the American Legion Hut when it is expected that two men from every veteran's post in the county will be present to discuss matters relevant to the council.

The purpose of the council is to coordinate activities among the veterans and to act as a good will group to suggest and help any contributing organization. It will also serve as a medium, stated Mr. Sauls, to acquaint the public with the activities of the veterans.

Wage Talks

(Continued from Page One)

opinion inflation "continued on its reckless orgy."

Brotherhood circles take the view that the "first round" of post-war wage increases was the 1 1/2 cents an hour won two years ago. For Trainmen and Engineers that first round came at the end of the brief rail strike of May, 1946. The second round was the 1947 round. The Engineers, Firemen and Switchmen contend they still are battling for the second round.

There has been talk among the conductors and the trainmen, and among the non-operating Brotherhoods, of seeking a third round this spring, while many industrial unions are doing so.

The report of the emergency board in the case of the Engineers, Firemen and Switchmen undoubtedly will influence the discussions next week of the Trainmen and Conductors.

Conversely, the Engineers, Firemen and Switchmen will have an eye on the plans of the other two organizations during the 30-day "cooling off" period, when they and the carriers consider the board's findings.

The report may be unacceptable to one side or both, or acceptable to both. If the report does not solve the dispute, the Brotherhoods are free to set a new strike date for any time after the 30 days. Or if they wish, the carriers of the unions may re-open negotiations.

Acceptance of new negotiations would be decided upon with the knowledge that the other two Brotherhoods were talking of a third round.

Academy Graduates To Get Pilot Wings

All graduates of the Florida Academy will be presented with sterling silver Pilot's Wings by K. H. Browning, director of the Academy, at a barbecue to be given in their honor Saturday evening at Quarters A, Municipal Airport.

The Wings were designed by Mr. Browning and have a center shield of red and blue, the Academy's colors. All Academy planes bear the same colored insignia on their vertical fins.

Mr. Browning expects an increase in enrollments at the Academy due to the emergency and demand for pilots, both from the civilian as well as military standpoint, will increase the rolls of all accredited flight schools, he said.

He anticipates that the better recognized flight schools will be given a military program such as the old C.P.T. under which a large percentage of our pilots were trained during World War II.

connection with the coal strike, two express trains were removed last Sunday from this district of the Atlantic Coast Line Railroad, according to W. M. Black, district superintendent.

The embargo, however, will not affect the shipping of fruit and vegetables from Florida, as these have received a priority, according to the Market News Service. A. C. O'Meara, attorney for Swift and Company, told the board at a concluding session yesterday that the nation "will continue to receive in excess of 75 per cent of normal meat production" despite the strike. He said this was due to increased production by country and smaller city packers.

In other labor developments: Cleveland -- Executives of two railroad "operating unions" -- the Brotherhood of Railroad Trainmen and the Order of Railway Conductors -- will meet here Monday to discuss a new wage demand. They have accepted an increase of 15 1/2 cents hourly, dating from Nov. 1. They have been empowered by their members to start a new wage raise movement if in their opinion inflation "continued on its reckless orgy."

Peo. U. CIO union employees of the Caterpillar Tractor Company have voted, 7,429 to 1,872, to strike at a date to be set later. The company broke off negotiations on a new contract recently.

Safeway Stores, Inc. Loses Monopoly Case

KANSAS CITY, Kas., Mar. 26 (AP)—The government's case charging the Safeway Stores, Inc. eight subsidiaries and 13 officials with conspiracy to restrain and monopolize trade was settled in federal court today with payment of fines totaling \$40,000.

The charges on two counts, conspiracy to restrain trade and conspiracy to monopolize trade, were filed in 1943. Charges against eight other subsidiaries of the company were dismissed May 22, 1943.

Fines totalling \$40,000 were assessed against these six defendants, three firms and three individuals, all of whom entered pleas of nolo contendere (no defense) today before Federal District Judge Arthur J. Mellott.

Meanwhile, Congress received Administration proposals of a tighter screening of exports to Russia to sift out potential war materials.

Secretary of Defense Forrestal told the Senate Armed Services Committee that he has ordered a foreign trade study and will have a policy statement soon.

And Chairman Shafer (R-Mich) of a House Armed Services Subcommittee said he had been assured by Secretary of Commerce Harriman that his department was clamping down on exports of potential war goods. The Commerce Department controls licenses for shipments abroad.

capitalization of about \$20,000,000 would consummate the reorganization of the FEC which has been in bankruptcy proceedings since 1942.

The ICC decision last year reversed a former commission order which gave approval to an exclusive recommendation for independent operation of the FEC under control of the St. Joe Company.

The ICC reopened the case, however, to reconsider the ACL's plan for absorbing the properties.

St. Joe owns some \$45,000,000 of first and refunding bonds of the FEC. Other interests besides the ACL involved in litigation for control was the Seaboard Airline Railway.

In the merger plan approved by the ICC last year, the ACL would take over all properties and assets of the FEC.

The existing \$12,000,000 first mortgage obligations of the FEC would be paid in cash from the FEC treasury and holders of FEC first and refunding mortgage 5 percent bonds, outstanding in the principal amount of \$45,000,000 and with \$30,000,000 in matured interest in arrears would receive partial settlement in cash.

The commission found that claims of East Coast stockholders and of other unsecured debtors had "no value."

Capitalization of the FEC would be limited to \$40,500,000 and added to the ACL's present capitalization of approximately \$80,000,000.

The purpose of the aid program, the report continued, is to meet China's most important commodity requirements, to relieve human suffering and give the hard working people of China a chance to arrest the rate of economic deterioration in China.

The program also is designed, the committee said, to afford the Chinese government another opportunity to undertake a vigorous program of self-help.

Colmer said he will demand a show down note on his proposal to ban any shipments to Russia.

NEW YORK, Mar. 26 (AP)—A student dormitory of the College of the City of New York was under new management today after a faculty board charged its director had "pursued policies of racial segregation."

The director, William C. Davis, an assistant to the president of the college, resigned from his post shortly after the board's report was released.

Sen. Brewster Asks For Plan On Mobilizing

Reminds That Roosevelt Was Hindered By Outmoded 1916 Emergency Measure

WASHINGTON, Mar. 29 (AP)—Senator Brewster (R-Me.) called on the Truman Administration today to submit its plans for mobilizing industry and manpower in the event of war.

"With this alleged crisis—and I am not saying it is not a crisis, or that it is—the people are greatly concerned," Brewster said. "Every possible step should be taken to put ourselves in a defensive posture."

The senator told reporters he feels "very strongly" that a standby mobilization law should be written now.

Brewster is chairman of the Senate's special war investigating committee which expires at the end of next month and which will report in about a week on its inquiries into mobilization problems of the last war.

Brewster said this report will point up the mistakes made and will make it clear that something should be done to prevent a repetition. It will, however, make recommendations on a detailed mobilization plan.

"That must come from down."

Dan McCarty Will Deliver Speech In Sanford Tonight

Dan McCarty, cattleman and citrus grower of Fort Pierce, and candidate for governor of Florida, opens his campaign in Central Florida this week with an address in Sanford at 8:00 o'clock tonight on the corner at First and Magnolia Avenue. Tuesday he will speak in Lake and Volusia counties.

McCarty will arrive in Sanford at 6:30 o'clock this evening and will attend the Men's Club supper at the Central Episcopal Church. Following his speech, he will appear at a guest on the "Hold the Fort" program at 8:45 over WTRR. Later in the evening he will attend the Legion Fair which opens today.

McCarty will visit the State Federation of Labor convention in Jacksonville during the morning and then campaign in Putnam and Alachua county during the afternoon.

Thursday he will return to Jacksonville and on Friday will speak at the convention of Florida State Retailers Association.

Friday he will be back on the road for a series of speeches beginning in Orange Park and ending in Brooksville with a night speech. Saturday, McCarty will campaign in Hillsborough County.

The Fort Pierce candidate who is running on his record as a state legislator and businessman, opens the week in Fort Pierce where he will address the opening session of the American Anti-Floresia Anti-Mosquito Associations.

MacArthur Invokes Japanese Strike Ban

TOKYO, Mar. 29 (AP)—General MacArthur invoked a general strike ban today to halt rapidly spreading walkouts by Japanese government workers.

He specifically instructed Japanese officials to prevent a threatened strike by an estimated 400,000 communications employees. He spearheaded a quit work movement by nearly 1,000,000 government workers.

Maj. General W. F. Marquat, chief of MacArthur's economic and scientific section, declared in a memorandum "the threatened nationwide communications strike, set for Wednesday, would have a 'drastically unfavorable impact upon the economic recovery and public welfare' of the nation."

THE WEATHER

LAKELAND, Mar. 29 (AP)—Florida's present cool snap will continue through tonight, the Federal State Frost Warning service predicted.

Its advisory said: "Forecast for peninsular Florida for tonight and Tuesday morning: Clear to partly cloudy and cool but with slightly higher temperatures. Forecast for Tuesday: partly cloudy and warmer."

Peach, Apple, Pear Crops Hit By Frost

CHICAGO, Mar. 29 (AP)—Reports of frost damage to budding peach, apple and pear crops in the Carolinas followed sub-freezing temperatures last night in the Southeastern and Gulf states. Weather Forecaster W. H. Price reported that temperatures of 31 degrees were reported for brief periods as far south as Atlanta, Ga., and Vicksburg, Miss. In most Carolina sections frost lasted for several hours. Orchard men worked with flambeaus and smudge pots to protect their crops. Damage was feared heavy in the Spartanburg, S. C., peach area, but no estimates of the loss were available immediately.

Lewis Subpoenaed By Inquiry Board To Explain Strike

UMW Chief Maintains Taft Labor Act Has Not Been Violated

WASHINGTON, Mar. 29 (AP)—President Truman's fact finding board today called for a federal court order to force John L. Lewis to testify about the strike of his soft coal miners after he had ignored a subpoena to appear at 3 P. M. today for a presidential board hearing on the coal strike.

WASHINGTON, Mar. 29 (AP)—John L. Lewis today refused to appear voluntarily to explain the soft coal strike and President Truman's board of inquiry promptly issued a subpoena for his appearance today.

Three minutes before a 10 A. M. deadline set for his reply, the United Mine Workers' leader fired at the board a reply to its invitation setting forth his "disinclination" to testify.

Should Lewis ignore the subpoena, issued under authority of the Taft-Hartley labor law, the board may go to court for an order directing Lewis' appearance.

The soft coal operators testified last Friday on their position in the dispute with Lewis over penalties for miners. Lewis was allowed the entire weekend to reply to the board's invitation.

The invitation to testify was issued by federal Judge Sherman Minton, chairman of the board. It was up to President Truman to intervene if he felt Lewis was entering its third week.

A United States marshal was dispatched with the subpoena to the United Mine Workers head-

quarters in Pittsburgh.

4 ACL Employees Are Given Service Pins

Twenty five year service emblems were today awarded to four employees of the Atlantic Coast Line Railroad by L. M. Cornell making the presentation.

Service pins were given to Roy L. Howell, Sr., pipe fitter, who entered service, March 1, 1923; H. W. Tamm, machinist, who started work Feb. 26, 1923; A. E. Raburn, car inspector, who has worked since Feb. 12, 1923 and Sam Smith, colored fireman, whose service dates from Dec. 17, 1920.

Seminole Teachers To Receive Back Pay

Seminole County teachers are to receive immediately checks for salary for last July, and checks for last August will be issued later according to the number of days served. It was decided at a meeting of the County Board of Public Instruction, Friday, said Supt. T. W. Lawton, this morning.

The action, made upon the request of Fred Wilson, attorney for the Board, is in accord with recent court decisions in other counties, he said. Calculations will be in accord with interpretations of the State Board of Education and the State Supreme Court.

EXCHANGE STRIKE NEW YORK, Mar. 29 (AP)—

The New York stock and curb exchanges today closed on a strike today, but exchange members kept early trading moving at about normal pace under emergency measures.

The Financial Employees Union (AFU) threw pickets lines around the exchanges shortly after 8 A. M. The lines were heavily reinforced with members of the sailors and seamen's unions.

2 Injured In Glider Crash At Local Port

Accident Occurs As Rope Between Glider And Tow Plane Breaks Suddenly

There is not much change in Mrs. Bennis' condition this morning, but she is reacting favorably, said Dr. Harry Sibby. Mr. Jannard is also responding nicely, he revealed.

Crash of a glider after the rope from the towing plane broke resulted yesterday shortly after noon at the Municipal Airport in painful injuries to Mrs. Virginia Bennis, noted woman glider pilot, and a passenger, Claude Jannard, manager of the Lenox, N. C. baseball club.

The two were extricated from the wreckage of the glider with difficulty and rushed to Fernand-Laughton Memorial Hospital. Dr. P. H. Walker, noted bone specialist of Orlando was summoned and reported severe leg dislocations but no broken bones. Mrs. Bennis was examined for possible concussion, according to Dr. Harry Sibby who with Dr. Oville Barks and Dr. C. L. Park attended them.

The accident occurred immediately west of the airport. The towing plane was being piloted by Steve Bennis, when the rope towing his wife's glider suddenly broke. She was reported to have dropped the rest of the rope, executed a nice 90 degree bank and landed back toward the landing field, and after clipping the top of a pine tree the glider crashed on the A.C.L. Railroad.

Motnik of Sanford, formerly of Cuyahoga Falls, Ohio, and a sister in Switzerland; and three brothers, Martin Wicher of Pittsburgh, Penn.; Carl Wicher of Chardon, Ohio, and Al Wicher of Stow, Ohio.

Funeral services will be held at the Erickson Funeral Home at 3:00 o'clock Wednesday afternoon. Burial will be in Evergreen Cemetery.

Johnson Given Post Graduate Certificate

Alex R. Johnson was recently presented with a post graduate certificate from the State Department of Education at Tallahassee and the University of Florida. The courses covered included an elementary school course, vocational agriculture, biology and manual arts. The certificate was signed by State Supt. Colin English. Mr. Johnson served for 19 years in Seminole County as a teacher of vocational agriculture and during the war was director of the Seminole County War Production adult school.

L. P. Harper Fined For Illegal Fishing

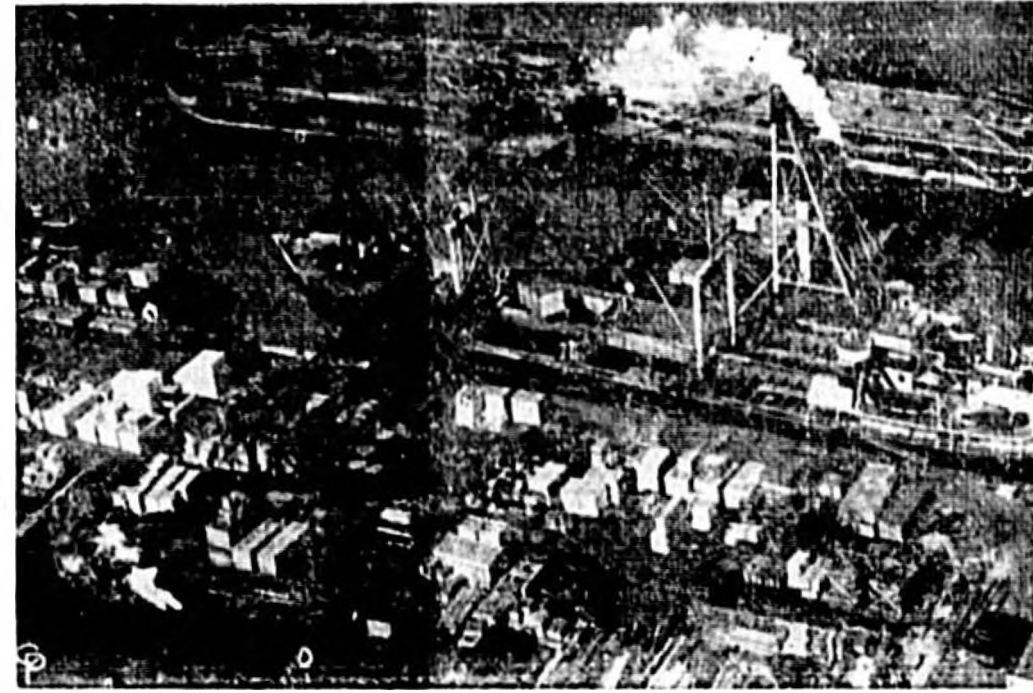

Lester P. Harper was fined \$100 and costs by County Judge R. W. Ware, Friday, after pleading guilty to use of illegal fishing devices in fishing in Seminole County. A fish trap, a tub of fish trap bait, a boat and outboard motor were confiscated by the County. The arrest was by Will Tanner and John Warren, wild life officers. County Attorney G. A. Boer conducted the prosecution. The illegal devices were used on a creek that empties into the St. Johns River.

SPANISH FORTRESS MADRID, Mar. 29 (AP)—

General Francisco Franco said today Spain is a fortress of unity. He advised 4,500 youths belonging to the Falange (Government) Party to adopt the slogan "We don't care" if attempts are made abroad to incite disunion in Spain.

Falange youths ranging from 14 to 18 years old gathered at Franco's El Pardo palace residence to honor the Generalissimo on the anniversary of his civil war victory.

Red Vessel Leaves Full As Another Loads Up

WHILE CONGRESSIONAL LEADERS were debating the Russian export problem, the Soviet ship Chukotka (top) lifted anchor at Jersey City, N. J., and sailed out of New York Harbor loaded with machinery. Shortly after, the Russian vessel Volga pulled into the pier left vacant by the Chukotka and began loading up (bottom) 2,077 tons of vital material, including locomotive and diesel cranes. Rt. Rev. Louttit Baruch Urges Prompt Enactment Of UMT, Selective Service Law

WASHINGTON, Mar. 29 (AP)—Bernard M. Baruch today urged prompt enactment of Universal Military Training and Selective Service legislation as a means of achieving "the stability in the world which lasting peace requires."

The finance and presidential adviser also called for an "economic mobilization plan" and said America's failure to muster all its resources now for peace would leave "no alternative but to mobilize for war" in the future.

Testifying before the Senate Armed Services Committee, Baruch suggested the appointment of someone to watch the output of our economy of the national mobilization we are entering upon and to maintain a constant inventory, balancing all our growing commitments against our resources.

Before Baruch spoke, Chairman Gurney (R-S.D.) declared that his Armed Services Committee must conclude hearings on the military steps of President Truman's post-Russia program by the end of the week.

"We simply can't take any more time," Gurney said. "By this weekend, we will have the complete story of all shades of opinion."

Gurney's committee is considering (1) Temporary revival of the wartime draft, (2) A permanent program of Universal Military Training and (3) Immediate expansion of peacetime strength of the Armed Forces at a cost of \$2,480,000,000.

Baruch told the committee: "So terrible are the destructive potentialities of modern instruments of war, it is no longer good enough to punish an aggressor after he has begun a war. Preventing war requires buttressing our national security before the crisis is upon us. Never again do we dare permit our own lack of preparedness to encourage any potential aggressor into attacking this country or into overrunning other peaceful nations."

Britain, China, France, Canada Ask Halt On Red's A-Bomb Ban Scheme

LAKE SUCCESS, Mar. 29 (AP)—The United States has acceded today to press for immediate action on trustfulness for Palestine, an American delegation spokesman said today.

The spokesman said Chief U. S. Delegate Warren R. Austin had been instructed by Washington to concentrate on efforts to get a Jewish-Arab truce and to call a special Palestine session of the United Nations assembly.

By FRANCIS W. CARPENTER
LAKE SUCCESS, Mar. 29 (AP)—Britain, China, France and Canada demanded today that atomic delegates break off talks on Russia's scheme to prohibit atomic bombs.

The four nations declared a veto convention banning bombs would, without world controls, help an aggressor nation gain overwhelming military supremacy and would mislead public opinion into a feeling of false security. They denounced the whole of Russia's atomic proposals as inadequate and unrealistic.

The four countries put a resolution before the working committee of the United Nations Atomic Energy Commission calling for rejection of the Russian proposals as they stand now. They asked the committee to declare there is no purpose in discussing them further.

Delegates from the four countries said the resolution does not constitute a final and formal break with Russia on the whole atomic control problem. They (Continued on Page Two)

House Group Backs Extra Controls On Exports To Russia

Supreme Court Says Book Ban Is Unconstitutional

WASHINGTON, Mar. 29 (AP)—The Senate passed today by voice vote and sent to the White House a \$55,000,000 appropriation for additional emergency aid to France, Italy and Austria.

The administration asked the money to keep supplies flowing until the European Recovery Program can be set up. They are now receiving aid under a \$522,000,000 winter relief bill passed last December.

WASHINGTON, Mar. 29 (AP)—The House Foreign Affairs Committee gave its backing today to a foreign aid bill amendment to put extra controls on exports of strategic supplies to Russia.

Rep. Mundt (R-S.D.) said the committee voted "overwhelmingly" to support his amendment to the \$6,205,000,000 bill giving the foreign administrator the right to veto any exports to Russia and her satellites when he considers it "in the national interest."

The committee acted shortly before the bill rolled into the showdown voting stage on the House floor.

Although the administration itself has clamped down on shipments of "war potential" to Russia and other countries behind the iron curtain, Mundt and other congressmen have insisted that Congress provide additional protection.

The amendment still must be accepted by the House itself. Mundt said the vote on it may not take place until tomorrow.

The bill would use economic aid plus American military sentiment in an effort to stem Communism in Europe and Asia.

Passage is scheduled for Wednesday at the latest. It may (Continued on Page Two)

U. S. Housing Head Says Over Million Houses Are Needed

WASHINGTON, Mar. 29 (AP)—The government's housing chief said today the "best estimate" is that more than a million new houses and apartments will have to be built in cities and towns in the next 10 years to relieve the housing shortage.

In addition, Raymond M. Foley, Federal Housing Administrator, said that "a substantial amount of houses" will have to be built in farm areas.

Foley was testifying before the House Public Works Committee. That committee is considering legislation which would give temporary government-owned housing now on college campuses to the institutions. It also would permit the government to transfer units built elsewhere to local government agencies.

Dr. Arthur S. Adams, provost of Cornell University, agreed on questioning 14 committee members that the housing shortage "can't be met in the next four or five years."

Almost All Growers Observe Celery Pact

Practically all growers and shippers of celery throughout the state of Florida including those of Sanford and Ovidio were today observing the pact of a cutting and shipping holiday to extend until midnight Wednesday in an effort to bolster an oversupplied and demoralized market.

One local shipper revealed this morning that the firm had cut and shipped several cars of celery today, but will observe the rest of the time of the holiday in shipping, and will not do any cutting through Wednesday.

A survey just made by the Fruit Growers Express Co. of which M. J. Meeks is manager, here shows that 478 acres of sand lot celery remain to be harvested in the Sanford area. It is not known what proportion of this will be harvested.

CEILING FALLS KANSAS CITY, Kas., Mar. 29 (AP)—

A section of ceiling collapsed in a small neighborhood theater last night, injuring 30 persons. None was reported injured dangerously and only four were hospitalized.

Donald Martin, the theater manager, said there was no panic but "a lot of scrambling" among the 200 patrons. The theater—the Osage—has a seating capacity of about 900.

TRUCK HITS HORSE

A horse, ridden by K. J. Barnes near Russell Bay near Ginder-ville, was hit by a truck Saturday afternoon, and two of the legs of the horse were broken. It had to be disposed of by county authorities. No charges were made against the colored driver of the truck, Lonnie Cleveland of Longwood, as the case was settled out of court.

THE WEATHER
