Police report two armed robberies in Sanford area

The Seminole County Sheriff's Office and Sanford Police Department both reported Sunday separate armed robberies of convenience stores that occurred within 40 minutes of each other.

At about 7:15 p.m., an employee of Lee's Grocery, located at 3500 E. State Road 46 in the Midway community, reported to the sheriff's office that two black males robbed the store.

Both suspects were brandishing what the store employee thought to be either rifles or shotguns. One man was identified to be about 5-foot-10, wearing gray pants, a yellow sweatshirt with a hood and covering his face with a monkey mask. The other man was reported to be about 6-foot, wearing black clothing and covering his face with a black ski mask.

The two reportedly made away with a \$1,000 and were last seen running east along State Road 46.

At about 7:50 p.m., an employee of Kwik Stop, located at 2201 W. First Street in Sanford, reported to police that a 5-foot-6 black male — wearing blue jeans and a white T-shirt — entered the store with a handgun and demanded money.

The suspect got away with \$500 and was last seen running south on Penimmon Avenue.

Police K-9 units responded in both armed robberies, but a search of the area came up empty.

Riverwalk construction nearly complete

By Dan Ping
Editor

SANFORD — As construction crews finish up on one major downtown project, members of the Community Redevelopment Agency are finalizing plans for the start of a second venture.

Work on the \$11 million Sanford Riverwalk is expected to be completed in late February or early March. Chris Smith, the city of Sanford's project manager,

Sanford officials prepare to begin First Street construction in late spring

said most of the major work has been completed and estimates all paving on the 1.2 mile project should be finished in January.

"Landscaping should begin in February, at which point the project will be substantially completed," Smith said.

Crews installed 1,666 seawall panels as part of the Riverwalk construction from Mellonville to French avenues. Improved landscaping, a 10-foot wide bike trail, new sidewalks, additional lighting and a newly designed Seminole Boulevard are some of the other features

built into the project. Smith said the project contractor, Wharton Smith Inc., did run into some unforeseen problems during construction, including removing pieces of the old band shell from Lake Monroe to install the new seawall around Memorial Park and rerouting

reclaimed water lines. "They've got 46 additional days from the original deadline to complete the project," Smith said. "But I doubt very seriously that they will need them."

Meanwhile, members of the Downtown Community Redevelopment Agency (CRA) will meet today to finalize a funding process and agree to release a request for qualifications (RFQ) so that

Police: Father doused kids with gasoline

By Nick Pfeiffer
Staff Writer

Additional details have been released on the Christmas Day crash of a vehicle into a house in Altamonte Springs, where the driver, Shahab Behzadpour, 46, and his two children perished in a vehicle fire.

It was suspected in the beginning that the fire was not the result of the crash, but may have been set as the vehicle approached.

The Altamonte Springs police have now received the results from the state fire marshal's lab confirming that all three of the victims were alive at the time of the fire, but that gasoline was found on the clothing of all three. A gasoline can was found in the vehicle and several containers were found in the back seat, and police believe both of the children had been doused with the liquid prior to Behzadpour crashing his car into the house at 1122 Brantley Estates Drive.

Hope Behzadpour, and her parents, Alexander and Camia Custodio, as well as others, were inside the home observing Christmas at the time. No one inside the home was injured.

The lab report also indicated that the placement of the two children in the vehicle was important in the case. They said the oldest child, 6-year-old Nikki, was in the front passenger seat, and the

After 20 years of service, midwife credited with delivering 1,500 babies

By Christopher Patton

From crying to laughing, Lake Mary midwife Bobbie Hanson could not control her range of emotions as Dr. Clyde Climer and his staff honored her for 20 years of service last month.

In her two decades of birthing babies, Hanson has delivered more than 1,500 children in the area. Midwifery is a field of medical service that requires long hours and

dedication to the maternity patients as Hanson can attest to as she was up to 4 a.m. the night before delivering a baby. It was the third delivery that week for Hanson.

Hanson often develops a special bond with the parents. She keeps scrapbooks of her deliveries and every baby has one page. Hanson says she is on volume 10 of her scrapbooks.

Hanson also encourages the parents to send her an updated photograph

as the child grows up so she can insert into the scrapbook. The Bastian family of Seminole County has three pages in those scrapbooks and says they couldn't have done it without Hanson's guidance.

"I have come to respect her as a professional midwife, to love her as a friend and to consider her an extended blessing to our family," said Cheryl Bastian in a letter com-

Longwood downs bid for state lobbyist

By Christopher Patton
Managing Editor

LONGWOOD — A state lobbyist is not in the future for the city of Longwood.

Three out of the five city commissioners voted Monday against approving a contract for Cee Lawton of Harbour Communications to represent Longwood's interests in Tallahassee this year.

Mayor Dan Anderson said he viewed the \$45,000 contract for the lobbyist as a gamble because the state budget could be tight again this year.

"You're taking taxpayer money to ask somebody else to give you money," he said. "In this fiscal climate I don't think that is a wise thing to do. I just don't think I should take taxpayer money to ask my state representative for money when I'm more than capable of picking up the phone and calling my state representative and saying can you help us."

According to city officials, Longwood has never received any state funds for city projects. Anderson said there are several reasons why Longwood has not received financial aid from state and federal governments in the past. Most notably when the EPA was willing to financially help Longwood construct a sewer system the city turned them down.

"Why can't we just ask?" Anderson opined. "I think if we picked the right project there would be an inclination, if possible,

Iraqi Diary: Another year in Baghdad

Editor's note: Staff Sgt. Charlie C. Carlson III, son of Sanford historian Charlie C. Carlson II, is deployed in Baghdad as part of the 549th Military Police Company. He is providing the Herald with a journal of his experiences.

2 Jan. 2004 This is my first chance to tell everyone Happy New Year. I hope it stays happy. I thought there was going to be a large amount of celebratory gun fire from off base with the Iraqis celebrating the New Year, but there was only a small amount of weapons fire. It was hard to tell if they were shooting at someone or shooting to celebrate.

We have really been busy, patrols, raids, and all that. It has turned into a full-time job trying to stay safe. On yeah, "Saddam was directing the attacks," like we really believed that myth. Saddam is in custody, and

it's worse than ever. Nearly all the 549th was involved in an engagement at the Abu Hanifa Mosqu. It was a big six-hour fire fight. The CO said it was the largest sustained fight the unit has had in Iraq. Six were wounded, only two were medically evacuated to the states. They'll be okay, but they got their ticket home at last. None of the casualties were from our platoon.

Today I went on patrol and swung by Al Jazzer Police Station to ask Colonel All if he had his IPF (Iraqi Police) do a recon of the Al Taqir area above Sadir City. Then we went to RSS to get Lt. Sheffield. He has been staying over there, and we had to bring him over to

Camp Marlboro so he could be promoted to captain. He was our platoon leader, but we are suppose to get a new 2nd lieutenant female straight out of West Point. She will probably want to change things but we've broken-in three lieutenants in the past, so we will just have to train her and get her up to speed.

I have All Sedoon working as my interpreter today. All the interpreters wished me a Happy New Year. Salam told me about having to watch a whole litter of new-born pups. There are a bunch of dogs living over by the interpreter's shack. After the promotion ceremony for

He returned to the Sanford Police Department in 2001 and was assigned to the training section. SEMINOLE SUMMARY

A GLANCE AROUND OUR COUNTY

IN BRIEF

Seminole County Grand Jury issues 2 indictments

The Seminole County Grand Jury issued indictments in two separate cases Tuesday, one involving the July 1997 death of a 5-week-old infant and the other involving the Nov. 18, 2003, death of Troy Bouey.

Russell Richardson, 21, was indicted on a first-degree premeditated murder charge for the shooting death of 38-year-old Troy Bouey. The shooting occurred at the intersection of Jackson and Oak streets in unincorporated Altamonte Springs in November 2003 after an altercation between the two.

In the Richardson case, grand jurors heard from two witnesses, one from law enforcement and one from the medical examiner's office.

The grand jury issued a first-degree felony murder indictment of Jeffrey Rothschild for the July 30, 1997, murder of 5-week-old Jesse Laker, Rothschild's son. The case was developed by the Sanford Police Department and the Florida Department of Law Enforcement Cold Case Unit.

In the Rothschild case, grand jurors also heard from two witnesses; one from law enforcement and one from the medical examiner's office.

Undercover operation reveals a 'swinger' bar in Casselberry

The Seminole County Sheriff's Office City/County Investigative Bureau (CCIB) arrested about a dozen people Dec. 19 that were allegedly involved in "swinger parties" at the Red Horse Saloon, 400 E. State Road 436 Suite 114, Casselberry.

According to Steve Olson, sheriff's office spokesman, Casselberry police and the sheriff's office received an anonymous complaint regarding an establishment that was suspected of illegally operating an adult entertainment business.

The complaint reportedly identified the Red Horse Saloon as a place where "swinger parties" were occurring every Saturday night beginning at 8 p.m. The caller further advised that during these parties, patrons inside the saloon were engaging in sexual acts that included indecent exposure, and lewd and lascivious behavior.

Beginning on Oct. 18, CCIB conducted an undercover operation within the saloon. During the two-month investigation, authorities were able to identify more than a dozen patrons, including the owner of the saloon, who were in violation of various state statutes as a result of the "swinger parties." Red Horse Saloon owner and operator Richard Michael Tourmour, 45, of Casselberry, was arrested for renting space to be used for lewdness, assignment or prostitution.

Others arrested for lewd and lascivious behavior included: David Howat Birchell, III, 41, of Winter Springs; Rita Gale Felner, 31, of Winter Springs; Bryant Lee Day, 37, of Orlando; Colleen Marie Day, 34, of Orlando; Bradley Richard Reese, 50, of Winter Park; Timothy Jason Clever, 38, of Winter Park; Karen Elizabeth Uhlmeyer, 38, of Casselberry; and Syndy Conner Clark, 31, of Mount Dora.

Also arrested for lewd and lascivious behavior were Daniel Patrick Kees, 39, and Alice Lorraine Kees, 36. Addresses for both were omitted as Daniel is a law enforcement officer for a state environmental department and Alice is employed in the Seminole County Courthouse.

Wagon training

Wicklow Elementary fifth grade students in Traci Dombroski's class recently completed studies about early settlers' westward journeys. As part of their class project, students made a replica of a covered wagon, the same type that was used for the wagon trains that moved across the continent in the early 1800s. Gathered around the wagon were Dombroski and some of her students.

Motorists find help during the holidays

By Nick Pfeiffauf
Staff Writer

For people with difficulties over the holiday period, help was available both for motorists who broke down on Interstate-4 and those who overly imbibed.

The Florida Department of Transportation (FDOT) Road Rangers, patrolling I-4 through Central Florida, reported providing assistance to 1,256 motorists between Dec. 19, 2003 and Jan. 1, 2004. Monday, Dec. 22 saw the heaviest activities with 134 motorists given assistance. The second heaviest day was New Year's Eve with 124. The average number per day in

the 14 day period was over 87 motorists.

Last year, between Dec. 20 and Jan. 1, the Road Rangers in Central Florida assisted 1,002 drivers on Interstate-4.

The Tow-To-Go project undertaken by AAA Auto Club South and Budweiser managed to keep 1,314 potential drunk drivers off the roads during the holidays in Florida, Georgia and Tennessee.

"We saw more use of the program this holiday season than ever before, but our success isn't tied to those numbers because they don't show the true impact of the Tow-To-Go message" said Ed Schatzman, senior vice president of automotive services for

AAA Auto Club South. "The statistics you can't track belong to the countless number of people who planned ahead by choosing a designated driver and decided not to put themselves or others in a dangerous position."

The program runs annually from Thanksgiving to New Year's Day. Adults who need a ride home from bars or restaurants were only required to phone a help line. AAA dispatched a tow truck and took both the driver and the vehicle home, free of charge.

There were no specifics on how many were towed or transported home in the Florida area, or in this part of Central Florida.

Architect of old Giants Stadium in Sanford dies

From Staff Reports

Harry Lee Lindsey, an architect and Central Florida native, died Tuesday, Dec. 30, 2003.

He was born July 20, 1914, in Hopkins, Fla. (now Melbourne) and grew up in Geneva. At age 14, he lost a leg in a hunting accident. He attended Seminole High School in Sanford and earned bachelor's and master's degrees in architecture at the University of Florida. Serving in the U.S. Army Corps of Engineers during World War II, he traveled the state, laying out airfields including MacDill Field in Tampa, and McCoy, which grew to become Orlando International Airport.

After the war, he established an architectural firm in Orlando, where he designed the downtown Rutland Building, and in Sanford, the Giants Stadium south of the present stadium but since demolished, listed as a historic site.

For many years, he was associated with the Department of Housing and Urban Development (HUD). In 1963 he left the post of director of architectural engineering in Washington, D.C. to become special assistant to the regional administrator in Titusville.

He also was chairman of the Orlando JayCees Beautifi-

cation Committee, and pushed to establish the city's first parks board, to which he was appointed.

He left his firm to become associate professor of architecture at the University of Florida where he drafted the first housing code for the Southern Building Code Congress and established the nation's first training courses for building inspectors.

He is also credited with establishing the East Central Florida Regional Planning Council to which he was appointed after his retirement, and in winning approval for Jetty Park at Cape Canaveral.

He retired from HUD and moved to Longwood in 1974, where he served on the city's planning and zoning board. After the death of his wife Alice, he moved to Lantana, where he spent the rest of his days.

Survivors include daughter, Martha Musgrove of West Palm Beach, Patricia Anne Close of Gouldsboro, Me., and the Rev. Susan Kathleen Parchem of Swainsboro, Ga.; five grandchildren and three great-grandchildren.

A memorial service was held Monday at Lakeside Presbyterian Church in West Palm Beach under the direction of Quattlebaum Funeral Home.

Gripping with Clarity

By Christopher Patton
Managing Editor

LAKE MARY — Some prefer their favorite television show such as the Sopranos. Others would rather show their school spirit with a Seminole or Gator. No matter what a golfer's taste is C-Thru Grips is sure to have a "handle" on the situation.

Moving from Maitland to 103 Commerce St., Suite 120 in Lake Mary last year, C-Thru Grips is taking a hold on the PGA Tour and is now driving home the point to everyday golfers throughout Central Florida and the nation.

"It's been around a couple of years, but it's just starting to take off," said Mike Jamison, a public relations spokesman for C-Thru Grips.

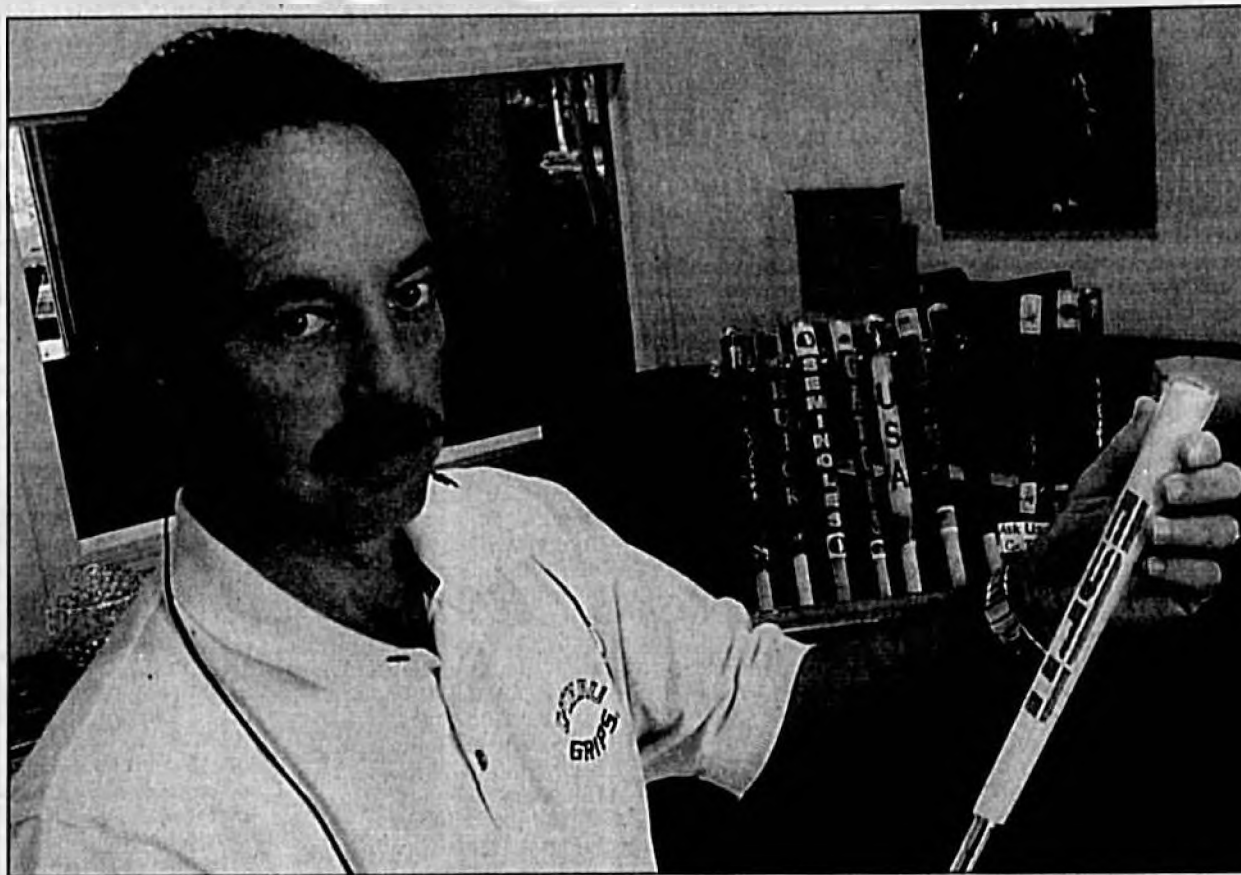

From Heathrow's Chris DiMarco to many other PGA Tour pros, they are all sporting C-Thru Grips designs on their golf clubs. The product is a simple addition that can be made to any club in about an hour.

The old grip is removed and the shaft is cleaned. A new custom vinyl label is applied to the shaft. Hair spray is squirted into the new clear C-Thru Grip and then slid over on top of the label. That's all it takes, but it wasn't first discovered until three years ago when Mickey Novak, director of tour relations at C-Thru Grips, was working on clubs at the David Leadbetter Golf Academy.

"No one had ever tried to put anything underneath it before," he said.

"Originally it started as a paper label printed off on the computer."

What helps C-Thru Grips separate itself from other grips is its huge catalog of designs and logos, and its unique solvent — hair spray. Novak said he discovered the wonder spray

Herald photo by Tommy Vincent

Mickey Novak of C-Thru Grips in Lake Mary says the company has started to really take off since it moved from Maitland last year. He's showing off one of his favorite C-Thru Grips designed for ESPN.

when he had a lot of experience changing out bike grips for his son, who used to race BMX bikes.

As simple as it may seem, the golfing industry is a big moneymaker and C-Thru Grips is positioning itself to reap some of the rewards.

"I would say having the acceptance on the tour last year and growing from there to 15 to 20 guys got us going," Novak said.

With a couple dozen professional golfers carrying the C-Thru Grips in their bags, the Lake Mary company starting getting the best advertisement available — the free variety. When DiMarco was tied for first after the last round of the 2001 Greater Milwaukee Open, the television cameras were fre-

quently zooming in on him as he lined up putts. Sure enough the cameras were also showing his University of Florida Gator and Ping grip. As a result, C-Thru Grips received about 800 calls the next week from golfers and Gator fans looking for DiMarco's golf club grip.

C-Thru Grips carries hundreds of designs including more than 150 college logos. The company has customized grips for ESPN, Bay Hill and other corporate sponsors of golfing tournaments. They have also produced designs for companies that offer the grips with the company logos on them to employees and customers as gifts.

In addition, the Lake Mary compa-

ny can customize grips for an individual golfer. One PGA Tour pro has pictures of his kids on the majority of his clubs, Novak said. However, there are some restraints because C-Thru Grips cannot reproduce any trademarked or copyrighted logo without permission.

Officials at C-Thru Grips are in continuous negotiations with other major sporting leagues, including NASCAR, and other corporations for rights to their copyrighted logos.

"It will grow to the point where we will have just about everything in stock," Jamison said.

For more information, call C-Thru Grips at 407-333-1333 or log on to the Web site at www.c-thrugrips.com.

Longstaff joins new lending company

G. Geoffrey Longstaff, chief operating officer at NAI Realvest Partners LLC in Maitland, plans to relinquish those duties in January to devote full time to his position as chairman of Mercantile Commercial Capital, LLC in which he is a principal.

Longstaff is also a principal at NAI Realvest, a major commercial real estate services company and developer of industrial facilities. Longstaff joined NAI Realvest in 2000. He helped launch Mercantile Commercial Capital in February. The firm is the only commercial lender in the area and the U.S. that specializes exclusively in U.S. Small Business Administration (SBA) 504 loans that provides financing to small and mid-sized business owners to acquire or develop their own facilities.

Longstaff has more than 25 years of banking experience in central Florida. He founded First Mercantile National Bank in Winter Park and served as president before selling the community bank to Regions Financial Corporation in 1997.

George Livingston, president of NAI Realvest Partners, and a board member in Mercantile Commercial Capital, said he is delighted with Longstaff's decision.

"Mercantile Commercial Capital has literally bloomed over the past few months and the potential for the firm is enormous," he said. "Geof Longstaff is one of the most astute commercial banking executives in the area."

Colonial BancGroup acquires P.C.B. Bancorp in Florida

Colonial BancGroup Chairman and CEO Robert E. Lowder and P.C.B. Bancorp, Inc. CEO and President Paul V. Mellini jointly announced that the companies have entered into a definitive agreement to merge P.C.B. Bancorp, Inc. ("PCB") and its four banking subsidiaries: Premier Community Bank of South Florida (Ft. Lauderdale), Premier Community Bank of Florida (Largo), Premier Community Bank of Southwest Florida (Ft. Myers), and Premier Community Bank (Venice) into Colonial BancGroup.

As of September 30, 2003, PCB had total assets of \$664 million. PCB's four subsidiary banks operate sixteen full-service offices in Florida, four offices in St. Petersburg, two offices in the cities of Venice and Ft. Lauderdale, respectively, and one office in each of the following cities: Pembroke Pines, Miami, Belleair Bluffs, Largo, Clearwater, Englewood, Ft. Myers and Lehigh Acres as well as a loan production

office in Sarasota. Once completed, this transaction is expected to enhance Colonial's position as the sixth largest bank and tenth largest financial institution in Florida with approximately \$4.9 billion in deposits in Florida.

"We are very excited about this opportunity. It represents an exceptional fit with our existing branch locations, significantly enhancing our market presence in key Florida markets," said Mr. Lowder.

"We are very pleased with this merger agreement," added Mr. Mellini. "Colonial Bank believes in a community bank model that puts its customers first; the same philosophy we have here at PCB. Additionally, with Colonial we will be able to offer new delivery channels and enhanced products and services to our customer base."

The locations gained through this acquisition are expected to fold well into Colonial's existing footprint on the east and west coasts of

Florida. In Broward and Miami-Dade counties, the merger is expected to add four locations in Colonial's South Florida Region, increasing its locations to 28. On the west coast, the addition of five locations in Lee, Sarasota and Charlotte counties is expected to bring Colonial's Southwest Florida Region to 23 locations. Furthermore, the PCB office in Charlotte County will mark Colonial's first location in that market.

Colonial's Bay Area Region, headquartered in Tampa, is expected to see the biggest increase in size from the merger with PCB. Colonial's footprint in this area currently consists of 16 offices in Pasco, Pinellas and Hillsborough counties.

Colonial BancGroup is a \$15.8 billion national bank holding company headquartered in Montgomery, Alabama with more than 270 offices in Florida, Alabama, Georgia, Nevada, Tennessee and Texas. It is traded on the New York Stock Exchange under the symbol CNB, listed in most newspapers as ColBgp, and located on the Internet at www.colonial-bank.com.

Robles named Employee of the Month

Sanford City Manager Al Grieshaber presents Tim Robles with the Employee of the Month award. Robles, who serves as the city's fire inspector, was nominated for the award by Lt. Vincent Fioretti. "Within the past year Tim has gone beyond his job responsibilities in many areas," Fioretti wrote. "He has performed at a higher level of responsibility in many aspects of the Fire Prevention Division while the Fire Marshal was out on extended sick leave, all the while maintaining his other job responsibilities. ... I should not be nominating him for employee of the month, I should be nominating him for employee of the year! Tim is one of the unsung heroes of the Fire Department and the city of Sanford."

Shipwreck Cafe opens

Lake Mary firm expands presence in Windsong

Lake Mary-based Signature Homes Construction, Inc., already one of the busiest homebuilders in Windsong in old Winter Park, should be even busier over the coming months.

The award-winning homebuilding company recently acquired 13 home sites in the Windsong neighborhood of Elizabeth's Walk and will introduce a new line of home plans featuring swimming pools and three-car garages and design styles ranging from New England to Country French to Mediterranean.

Spokesman Larry Fleming says that, because of the size of the home sites acquired, Signature Homes will be able to provide a slightly larger product from what's currently available in Elizabeth's Walk and still stay well below the \$1 million price point.

Living areas are expected to range from 3,400 to 4,500 square feet, with

home prices starting in the low \$800s.

"Elizabeth's Walk gives us an opportunity to introduce an exciting new product from what we've done previously here in Windsong," says Fleming. "While these homes may be smaller, they will have many of the same features, finishes and design treatments that have marked our success elsewhere in the community."

Because the acquired lots in Elizabeth's Walk are oversized (100-foot x 150-foot), they can accommodate both normal sized swimming pools and three-car garages - two key elements that will be a part of the Signature Homes' package.

Signature Homes already has made a big splash in Elizabeth's Walk, pre-selling four homes, including a spec under construction that the company planned to enter in the 2004 Spring Parade of Homes.

Since becoming one of Windsong's

preferred builders, Signature Homes has built and sold 16 homes throughout Windsong, including two homes that were showcased in the 2002 Street of Dreams.

Elizabeth's Walk is one of six distinctive residential enclaves remaining in the 250-home luxury community that borders Lakes Mizell, Virginia and Berry on the Winter Park chain of lakes. The other neighborhoods include Lakeside, North Shore, Lookout Landing, The Estates and Preserve Point. Home prices range from a half-million dollars to more than \$5 million.

Windsong's Sales & Information Center is located at 281 Genius Drive in Lakeside, approximately one-half mile south of Aloma Avenue. For more information call (407) 644-4411 or visit Windsong's Internet Website at www.windsongfl.com.

Seminole soccer still the best

By Dean Smith

While it means absolutely nothing as far as the playoffs go, the boys' soccer teams from the Seminole Athletic Conference can still walk with their heads held high today.

For the second straight year the SAC whipped its counterparts from Orange County to repeat as champions of the Kraze County Challenge

held at Winter Springs and Oviedo high schools this past weekend.

Seminole went 4-2-1 on Friday to take a 13-7 lead into Saturday's final day and then got shutout wins from Oviedo, 2-0 over Boone, and Lyman,

1-0 over Edgewater, to go 3-3-1 and secure a 10-10 tie for the day and an overall victory of 23-17.

On Friday, Lake Mary got goals from Eric Gorden, Pat Donoho, Ian Hauk, Josh Alves, Kenny Myers and

Joris Claessens scored goals and the Rams' defense was stifling as they whitewashed West Orange, 6-0.

Oviedo also got a 6-0 shutout as Jack Luker scored two goals and Kris Raad and Drew Shulman had two assists each in the victory over Dr. Phillips.

Bulldogs best Boilermakers

Orlando's Florida Citrus Bowl hosted the best bowl game this season when the University of Georgia, led by MVP David Greene (left with cheerleaders) and coach Mark Richt (above talking to ABC's Dr. Jerry Punch) defeated Purdue, 34-27, in overtime at the Capital One Bowl.

Local girls volleyball stars lauded by FSWA

By Dean Smith
Sports Editor

The top two volleyball teams in Seminole County this past fall, Winter Springs and Orangewood Christian, led the way with a combined 11 selections as 15 local players were mentioned when the Florida Sports Writers Association (FSWA) released its All-State Girls Volleyball Teams recently.

The Bears, which finished as State Runners-up in Class 6A this season, had a first team, second team, third team and two honorable mention picks, but the Rams, the State Runners-up in Class A, did even better with a first team, two second team, a third team and two honorable mention selections.

Senior setter Kelsey Combes ran Winter Springs' complicated offense and recorded 812 assists this year to make First Team Class 6A.

The biggest surprise was Lake Mary's Angie Pressey making the Class 6A All-State First Team.

Not that the Cal-Berkley signee didn't deserve the honor after recording 405 kills and in November being named the Student Sports All-PowerBar Team Athlete of the Week for the Southeastern United States with 84 kills during the Trinity Prep Invitational. But it is unusual for a team that didn't even get deep into the state playoffs to earn such an honor.

Senior outside hitter Lorin Lukas was a

Second Team pick for Winter Springs after finishing the season with 299 kills, 80 aces and 203 digs.

Middle blocker Brianna Barry, a 6-foot-3 sophomore, was the Bears' Third Team selection, while Caitlin Belvin, a sophomore setter and Shelby Hock, a sophomore outside hitter, were Honorable Mention picks from Winter Springs.

The final 6A Honorable Mention pick was Oviedo's outstanding senior outside hitter Julie Darty.

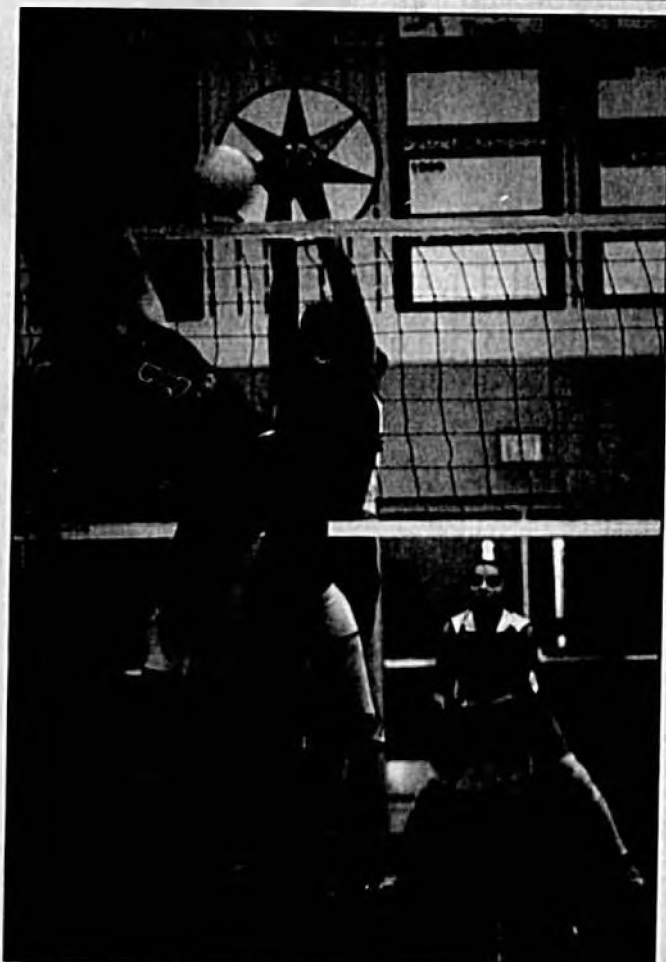

Orangewood Christian were ranked No. 1 in the FSWA Class A State Poll for much of the season and the Rams were honored with six All-State picks.

Leading the way was senior star Rachel Miller, a setter who was most appropriately named to the Class A First Team.

Gaining Second Team honors were Cara Childers, a senior outside hitter, and Meg Weathersby, a freshman outside hitter, while Meg's older sister, Julie Weathersby, a senior outside hitter, made the Third Team.

Rounding out the Orangewood picks were Honorable Mention members Blair Muller, a sophomore setter, and Sarah Baker, a senior outside hitter.

The final two picks were from coach Kathy Finucan's outstanding squad at Trinity Prep. Senior middle blocker Erin Kirkwood was a Third Team Class 2A pick, while junior outside hitter Carly Motkin was an Honorable Mention selection.

5th Annual Race for Kids Sake set for New Smyrna

Special to the Herald

Big Brothers/Big Sisters of Volusia County and the Victory Junction Gang Camp will have their fifth annual racing event on January 13 at New Smyrna Speedway in the Race for Kids Sake Charity race.

Big Brothers/Big Sisters is a non-profit community service organization dedicated to providing adult friendships to children who need positive role models and mentors. "Mentors at Big Brothers/Big Sisters of Volusia County help single parent children by giving them emotional support and guidance to become mature, responsible adults," said Randy Dye, one of the founders of the local charity event.

"This year we have included the Victory Junction Gang Camp in our fundraising and hope to raise a good donation for it. Kyle Petty, NASCAR driver and co-founder of the Victory Junction Gang Camp, will be one of our featured drivers January 13th. Kyle will have a special painted local Late Model for this race," Dye added.

Victory Junction Gang Camp will give chronically ill children a chance to experience some happiness and care-free days. Many of NASCAR finest have chosen Victory Junction Gang Camp as their favorite charity including John Andretti, Dale Earnhardt, Jr., Dale Jarrett,

Jimmie Johnson, Matt Kenseth, Bobby Labonte, Terry Labonte, Steve Park, Ken Schrader, Tony Stewart and Michael Waltrip.

NASCAR drivers scheduled for this event are Kyle Petty, Bobby Labonte, Ken Schrader, John Andretti, Scott Riggs, Steve Park and Mr. Benny Parsons in the pressbox. There is also a possibility that Terry Labonte and Mike Skinner may also show.

Four local divisions will also be on the program - Sportsman, Super Stock, Strictly Stock and the new Thunder Roadsters division. The driver and three crew members will be admitted free to help support this event. "We expect a large turnout and these guys always put on a great show for the fans," said Dye.

Howell also won 6-0 over Boone and Lake Brantley blanked Bishop Moore, 3-0.

In the other games, Dejan Kalajdzic scored Lyman's goal as the Greyhounds tied Winter Park, 1-1, while Edgewater edged past Winter Springs, 1-0, and, in a traitor game, Kenny Koldenhoven, Alan Gendrea and Michael Doudney each scored goals as Orangewood Christian, which parts of rest in Seminole County, outscored Seminole, 3-2.

Orange County got off to a fast start on Saturday as it tried to steal the title, with Orangewood (10-2-1) defeat-

ing Lake Howell (5-3-4), 3-1, with Doudney, Stahler and Juergens scoring one goal each for the Rams; Seminole (1-10-1) getting edged by that same 3-2 score, this time by Dr. Phillips (2-5-3); and West Orange (6-6-3) tied Lake Brantley (9-3-2), 2-2, with Hauck and Stasak scoring for the Patriots, to actually tie the score at 14-14.

The visitors also got a big win in the evening as Winter Park beat Winter Springs, 3-1.

But in what was predicted to be the top matchup of the event, Bishop Moore (7-5-1) against Lake Mary (12-3), the outcome was never in doubt as the Rams pitched another

shutout, 4-0, over the Homets, leaving the matches tied at 17-17.

Lake Mary, which led 2-0 at halftime, got a pair of goals from Kenny Myers, one in each half, while A.J. Barrett and Pat Donoho added one score each and Chris Rogers had an assist.

The SAC then won the event in outstanding fashion as Aguirre scored the lone goal and O'Campo made seven saves as Lyman (5-3-3) got the shutout of Edgewater (9-5-0); and Luker and Shulman scored the goals and Hatcher got the shutout with four saves as the Lions (7-5-3) blanked the Braves.

O'Leary announces completion of UCF Football coaching staff

Special to the Herald

UCF head football coach George O'Leary announced the completion of his coaching staff Tuesday with the hiring of Tim Salem, Lance Thompson and Brian Polian.

"I am happy to say we have fulfilled the coaching staff and we are finally done," stated O'Leary. "I got the people I think that can take UCF where we need to take it. It will be a long journey, but we will fight to get there and do the right things to get there."

Salem, who served last season at Eastern Michigan, will be UCF's offensive coordinator/quarterbacks coach while Thompson comes from national champion LSU, where he served as assistant head coach/tight ends coach/recruiting coordinator. Thompson will be UCF's new defensive coordinator while Polian comes to UCF from a three-year stint at Buffalo as the Bulls' running backs coach/recruiting coordinator. Polian will serve in the same capacity at UCF.

With the final three coaches in place, O'Leary and his staff have more than 150 combined years of coaching on the collegiate and professional levels.

Salem, who served as Eastern Michigan's offensive coordinator in 2003, helped guide EMU's Anthony Sherrell to first team all-MAC status. Sherrell rushed for 1,531 yards to lead the Eagles. Salem also served as Purdue's offensive coordinator from 1991-96 while also serving stints at Ohio State, Colorado State, Phoenix College and Arizona State.

Thompson served at LSU for two seasons, including coaching the defensive line in 2002. In 2003, Thompson was promoted to assistant head coach/recruiting coordinator and also coached the tight ends. Prior to his stint with the Tigers, Thompson served under O'Leary at Georgia Tech for four seasons as a full-time assistant coach.

Polian served for the previous three seasons at Buffalo as the Bulls' running backs coach and recruiting coordinator. During his tenure at UB, Polian recruited and coached the 2002 MAC Freshman of the Year, running back Aaron Leeper. Polian comes from a tradition rich football family. His father Bill is the president and general manager of the Indianapolis Colts while his brother Chris works as the Colts director of pro scouting.

O'Leary also announced two new hires to the strength and conditioning department at UCF. Ed Ellis was named the director of strength and conditioning while Scott Sinclair was named the assistant director of strength and conditioning. Ellis had served as the director of player development at Georgia Tech while Sinclair was his top assistant with the Yellow Jackets.

UCF MEN TAKES SEVENTH STRAIGHT WITH WIN OVER MERCER

After a sluggish start that saw the Golden

Knights score just six points in the first 10 minutes, UCF battled back to take a 60-56 victory over Mercer at UCF Arena Monday evening. The Knights improve to 9-2 overall and 4-0 in the Atlantic Sun, while the Bears fall to 5-8, 2-2 in conference play. The 9-2 start marks the best 11-game record since the Golden Knights began play at the Division I at the start of the 1984-85 season.

Dexter Lyons, who finished with 18 points on three of nine from the field, led the Knights. Lyons converted 11 of 12 from the line, including four-of-four in the final minute and led UCF with seven boards. Roberto Morentin added 17 on six of eight shooting. UCF shot just 37.5 percent from the field, but made 20 of 24 free throws.

Mercer was paced by Delmar Wilson's 13 points and eight rebounds, while Will Emerson added 12 points and five rebounds. UCF held Mercer to 35.2 percent from the field, but the Bears outboarded the Knights by two, 36-34.

Lyons had a game high 17 points and led three players in double figures as the Golden Knights won their sixth consecutive game defeating Georgia State (6-4, 1-2), 70-60, in Atlantic Sun action at UCF Arena Saturday evening.

Josh Bodden finished with 15 points and came up just two boards shy of posting his second consecutive double-double as he finished the game with eight rebounds.

Gary Johnson also finished the game in double figures netting 10, including three shots from long range. He also finished with a game high six assists. UCF finished the game hitting 49 percent from the floor (26-53) and connected on 10 of 22 (45 percent) shots from long range. UCF made 8-of-14 shots at the charity stripe and outboarded the Panthers 36-29.

Lamont McIntosh led GSU with 16 points, while Trello Galloway put in 14 to round out the double-digit scorers. The Panthers hit 40 percent (20-50) from the floor and made just five triples in 20 attempts. GSU connected on 15 of 22 attempts at the free throw line.

UCF returns to action Friday, Jan. 9 to take on crosstown rival Stetson. Tipoff is scheduled for 7 p.m. and can be heard live on the UCF ISP Sports Network AM-740 The Team (WQTM) with Marc Daniels providing the play-by-play. Daniels will begin with pregame coverage at 6:30 p.m.

BODDEN SHARES A-SUN PLAYER OF THE WEEK HONOR

UCF forward Josh Bodden, who helped lead the Golden Knights to a pair of wins including a key conference victory over Georgia State (1/3), was named as the Atlantic Sun Co-Player-of-the-Week as announced by the league office on Monday. He shares the honor with Steve Drabyn of Belmont, as the Bruins also posted a 2-0 record last week.

Bodden, a native of Dunedin, posted a

career best week to earn his first-ever A-Sun Player-of-the-Week honor. He averaged 19.5 points and 9.0 rebounds, while shooting a stout 75.0 percent (18-24) from the floor over the two-game span. Bodden established a new career high for the second time this season in UCF's win over UT-Martin (12/30).

The 6-9 senior scored 24 points and grabbed 10 boards en route to posting his third career double-double. He also matched a career high with four blocks and notched three assists. Bodden added 15 points on seven of 10 shooting from the floor and pulled down eight boards, while dishing out four assists in the Knights' win over GSU.

UCF WOMEN SINK JACKSONVILLE

Junior center Takira Allen poured in 18 points and grabbed seven rebounds as the UCF women's basketball team (4-6) improved to 3-0 in the Atlantic Sun with a 67-46 victory over Jacksonville at Swisher Gym on Monday night.

All Roberts finished a perfect 5-for-5 from the field with 12 total points and a game-high eight rebounds, while senior Adrienne Billings contributed 10 points.

The Dolphins were led by Jackson with 14 points, including five of seven from the foul line.

On Saturday, Allen and sophomore guard Celeste Hudson from Lyman each scored 16 points as UCF defeated Stetson, 79-55, in Atlantic Sun women's basketball action at the Edmonds Center.

The Hatters fell to 3-6 overall and evened their A-Sun record to 1-1. In addition to Allen and Hudson, Billings contributed 14 points and sophomore forward Shelby Weber added 11. Stetson was led by Kristy Brown, who recorded a double-double with 14 points and game-high 10 rebounds.

The Golden Knights host Georgia State in a rematch of the 2033 Atlantic Sun Championship game tomorrow (Thursday, Jan. 8) at 7 p.m. in UCF Arena.

BELMONT CRUISES PAST STETSON

Adam Mark scored a season-high 31 points and added 11 rebounds as Belmont rolled to a 77-58 victory over visiting Stetson in an Atlantic Sun Conference game Monday night at the Curb Event Center. The Bruins (8-3, 3-1) won their fourth game in a row while the Hatters (2-7, 0-3 A-Sun) dropped their seventh straight.

Leading 7-6, the Bruins scored 13 consecutive points as part of a 25-4 run to take command of the game. Mark scored 17 of his points in the first half to help lift Belmont to a 44-17 halftime lead. Stetson would pull no closer than 19 points in the second half despite outscoring Belmont 41-33.

"I chalk this one up to Belmont playing great basketball right now," Stetson head coach Derek Waugh said. "I thought our guys did a great job of getting ready for this game,

but for some reason we didn't have it. The defensive pressure just wasn't there."

Anthony Register led the Hatters with 17 points. Mark Stiles drained three three-pointers and finished with 11 points, all in the second half. E.J. Gordon was held to just seven points, snapping his streak of double figure scoring at 23 consecutive games.

The Bruins shot 48 percent from the floor including an 11-of-17 performance from Mark, who just missed hitting his career-high of 32 points. Josh Goodwin added 12 points and Brian Collins added 11.

Stetson was held to 35 percent shooting and a season-low 58 points. The loss spoiled Stetson's perfect 3-0 mark against the Bruins in Nashville.

On Saturday, Russell Hankins and Jason Jackson each scored 14 points as Lipscomb defeated visiting Stetson 73-66 in an Atlantic Sun Conference game at Allen Arena.

The loss spoiled a 26-point performance from E.J. Gordon as the Hatters dropped their sixth game in a row. The Bisons (4-7, 1-2 A-Sun) earned their first conference victory of the season.

Stetson rallied from behind twice in the second half, but went cold in the games' final moments. The Hatters were 3-for-8 from the free throw line and 3-of-14 from the field in the final five minutes.

"The reason we lost the game is because we couldn't make a lay-up," Stetson head coach Derek Waugh said. "Easy shots like those you have to make or you are going to lose. We still have to learn how to win and how to get it done in crunch time, and I take part of the responsibility for that."

Lipscomb extended its three-point halftime lead to nine early in the second half. The Hatters charged ahead with a 13-1 run, highlighted by a dunk from Kevin Craig and a three-point play from Gordon. Following a 7-0 spurt by the Bisons, the Hatters used another 13-1 run to grab their biggest lead at 52-44. But the Bisons regained the lead for the final time with less than six minutes to play and held on for the seven-point victory.

Gordon went 11-for-19 from the floor and scored 18 of his points in the second half. Anthony Register collected his first career double-double with 12 points and a career-high 10 rebounds. He also dished out three assists and had no turnovers in 36 minutes.

Brian Fisk went 3-for-3 from behind the arc and finished with 12 points. Chad Hartman also chipped in 12 points for the Bisons.

For the game, Stetson went 6-for-11 from the free throw line while Lipscomb went 20-for-31.

"We didn't get to the free throw line, and when we did we didn't make them," Waugh said.

The Hatters will begin a three-game homestand at 7 p.m. Friday night vs. UCF.
