25th St. Project Okayed

It was like an old fashioned political rally at the County Commission Tuesday afternoon as the commission by a 3-1 vote approved four-laning 25th St. from French Ave. to the Old Lake Mary road in co-operation with the city of Sanford.

later and soon afterwards apologized for his behavior. The commission by a split vote overruled Chairman J. C. Hutchison in approving the project after the usually mild chairman said the move was "untimely" and said he agreed with reports circulated that it was a political proposition to "further the ambitions of one of the candidates in the race."

(Jimmy) Crappa, Hutchison declined to receive a motion by Commissioner Ted Williams that the resolution be approved. Williams vehemently denied any politics saying it was a request the city had brought up in 1961 but no money was available at that time.

Hutchison said he was not debating the merits of the road and agreed with Commissioner James P. Avery that the job was needed as an access road to Seminole High School but he didn't like to see "this meeting become a political forum."

Crappa also chimed in that he felt there was no political move on anyone's part and repeated that at present the road was in a "hazardous" and "dangerous" condition. The county will furnish two-thirds of the material plus the labor. The city will pay for moving of utilities and about \$16,000 for one third of the materials. The total cost is estimated at \$53,000.

Gary Rips Mize's Decision

Two of the mayors of Seminole's three incorporated towns had very decided opinions on the ruling of County Judge Vernon Mize's new mandatory jail sentence ruling, when queried by the Herald today.

intoxicated statute, today when queried on his reaction to the judge's dictum. Gary said, "Here in Oviedo we will continue to operate on the principle that a revocation of the driver's license and a good fine are enough punishment for a first offense on a drunken driving charge. After that, on repeated offenses, we will make the punitive measures increasingly severe."

as much, maybe more, would be accomplished by a more strict enforcement of all the laws governing the operation of a motor vehicle, and pointed out that speed limits are the most consistently broken and speed is the top offender in accident causes.

Longwood's Mayor Allan R. Lormann, feels if the offender has been proved to be intoxicated "within the proper medical definition of the term" then "perhaps a short jail term is in order." But, Lormann went on to say, "who but a qualified medical doctor can make such a diagnosis?"

TWO SEMINOLE COUNTY SCHOOL BANDS boarded buses at 7:30 a. m. today bound for Leesburg's Fun Festival (formerly the Watermelon Festival) where they will march in the big parade staged annually to open the event. Both bands and their majorettes will be dressed in keeping with the Festival's Oriental Theme.

Stahr Quits As Army Secretary

WASHINGTON (UPI) — Army Secretary Elvis J. Stahr Jr. resigned today to accept the presidency of Indiana University.

confirmed he was leaving the administration. On two recent occasions, Stahr and the Army denied that he was planning to resign. On March 5, the 46-year-old secretary personally denied a report he was considering the Indiana job.

On April 17, the Army officially denied a published report by the Washington Daily News that Stahr was on his way out because of his dissatisfaction over a plan to re-vamp the National Guard and reserves.

A department spokesman also denied at that time that Stahr had had a "shouting conversation" with Defense Secretary Robert S. McNamara.

GOP 'Mum' On Medical Care

WASHINGTON (UPI) — Republican senators discussed various proposals for providing medical care to senior citizens today but withheld any formal expression of support for any of them.

Hold Meets On New Game Laws

TALLAHASSEE (UPI) — The Game and Fresh Water Fish Commission today announced a series of 19 public meetings to get public reaction to proposed hunting and fishing regulations for the coming season.

Five Engineers Apply For Job

Orlando, who was fired last year charged with being involved in some questionable financial dealings with contractors. However, Dold had reported it was just a question of "conflict in personalities."

Bliss Sums Up

Former County Engineer Carlton Bliss in a "summing up" gesture to the County Commission urged the board to "push for legislation to finance a countywide drainage and water conservation program, including construction, and recommended that the county engineer's budget for the coming year be increased to approximately \$50,000.

EDITORIAL COMMENT A House Divided....

Whether or not 25th St. road project is "politics" is not as important as the apparent split between members of the County Commission when this county stands on the threshold of the greatest growth we have ever seen.

Commission must stand together—not let this county fall into the backwash of the 19th century. This can not be accomplished with all this bickering going on between members of the board.

Whether or not 25th St. is paved is secondary to the fact that our governing body of more than 60,000 people is split wide apart. This really frightens us... It makes us scared and we wonder what will happen to us.

Plan First, Franchise Opponents Tell Board

Opponents of the proposed franchise directive Tuesday afternoon recommended an overall sewage disposal plan to the County Commission.

"package plants" for sewage disposal and these plants, widely scattered in location, and not always with positive outlet for the effluent, were a great threat to the orderly development of the county.

The applicant is not the sole owner of the land, except by referendum of all free-holders in the area. The cost of such referendum to be borne by the applicant.

The committee recommended that both the public and the utilities be protected on rates, rate changes, sewer connection, charges and service by placing all water of sewer utilities under the jurisdiction of Public Utility Commission, and if new legislation is required for this, the board is urged to immediately institute efforts toward this objective.

The committee urged curtailing the speculation in franchises by granting them only for areas where complete servicing will be accomplished within two years, with one extra year, at the discretion of the board, after reviewing the necessity for such extension as presented by the utility.

The referendum should be in addition to, and after a public hearing before the board where the question is one affecting a large number of freeholders. They also declared the right to grant franchises extended to applicants for water utility only.

Pope Co. Gets Bid On Air Conditioning

The H. B. Pope Co. of Sanford with a low bid of \$12,550, was awarded the contract to air-condition the courthouse at the County Commission meeting Tuesday afternoon.

Asked the county insurance committee to report to the board their feelings about having the committee rotated every year, and asked clerk Arthur Beckwith Jr. to submit a list of qualified insurance agents.

County Commissioner James P. Avery suggested the rotation program to "give everyone a fair chance."

Folsom Losing In 'Bama Race

BIRMINGHAM, Ala. (UPI) — A scrappy circuit judge who once said he would choose jail to integration and the dapper actor of an old Alabama political family today appeared headed into a runoff for the governorship.

2 U. S. Sergeants Well And Happy

SAIGON, Viet Nam (UPI) — Two American sergeants were reported healthy and happy today and apparently little affected by three weeks as prisoners of Communist guerrillas.

Five Engineers Apply For Job

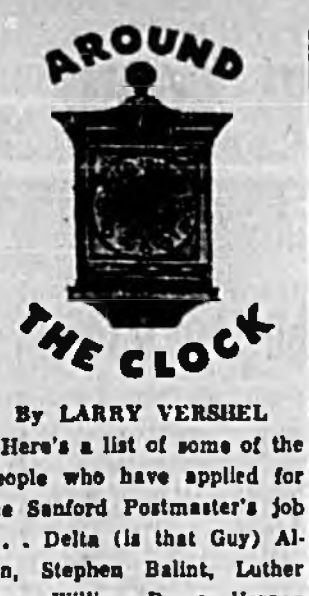

Orlando, who was fired last year charged with being involved in some questionable financial dealings with contractors. However, Dold had reported it was just a question of "conflict in personalities."

The board wanted the property owners to understand that the three would be paid for their right-of-way while the majority who gave the free parcels would not. Commissioner James P. Avery declared, "I can't see paying some while the others give it."

Bliss also recommended an increase of \$20,000 to the road superintendent's office including a full-time bookkeeper, a new car, and said that right-of-way accounts should be increased to meet the probable increasing need of condemnation proceedings.

By LARRY VERSHEL Here's a list of some of the people who have applied for the Sanford Postmaster's job . . . Delta (is that Guy) Allen, Stephen Balint, Luther Doss, William Dyson, Vernon Feddersen, Cecile Heard, Harold Herbst, Bernard Lake, Robert Myers, Clifford Proctor, Louis Sweeten and Julian Whigham.

A CONVERSATION WITH JOHN FITZPATRICK: Reporter: John, how about all these charges of politics? Fitzpatrick: I don't feel too happy about it. Reporter: What do you mean? Fitzpatrick: I'm not running for any office and I resent any implication of politics how I vote. Reporter: Sounds good. Fitzpatrick: The city pays taxes and they deserve some cooperation . . . we need that.

SOME LEFT OVER COUNTY COMMISSION NOTES: The County Commission on the suggestion of James P. Avery adopted resolutions to the Atlantic Coast Line on the need for warning devices by ACL tracks at Lake Mary, Palmetto Ave. and San Lande Springs Rd.

AFTERTHOUGHT. Avery, in discussing the importance of the devices, said "We almost lost our star reporter from the Herald Sunday night by Lake Mary." Said John Fitzpatrick: "You can't win them all."

Now come on John . . . You don't mean that. More clay requested for Little League fields. Avery asked that clay be dumped out in Slavia . . . "Don't forget Sunland," said Ted Williams . . . "Don't forget Lake Mary," said Fitzpatrick . . . Wonder how much clay we got left?

The spring grand jury will be called into session at 9 a.m. Thursday. Students at Seminole High School are commenting on Coach Bud Layer's transfer to Junior High. They wonder if he is being groomed for administrative work.

Speaking of coaches, Lyman High School big-wigs are also looking for a top-flight fill-in for Bill Proctor who leaves there this summer. Buck Metz has been handed the reins from the driver's seat yet, but he's helping in the search for a mentor for the mid-county athletes, anyway. Just LOTS of the sports fans there are hoping that the popular Buck gets the call. Guess he does, too, for he has worked hard with the other coaches to shape up some sterling teams.

Speaking of athletics, how many of you noticed the sharp difference in the athletic odor that usually permeates the Bill Fleming gym and the delightful fragrance while the Garden Club's flower show occupied the spacious quarters? Oh, you LIKED it! HMMMMM!

Did someone say that some of the candidates for the county political jobs were at Seminole High School today to hear the candidates for student offices make their political pitches — and to get a few pointers on how to drum up a popular following?

What percent of the TOTAL registration will elect the successful men in the county races? I've got eight percent!

Cassberry Fire Chief Paul Bates, assisted by members of the town's Volunteer Dept., in the past few weeks has spoken before more than 6,000 school children in lectures and demonstrations on fire prevention and control and mouth-to-mouth resuscitation methods. 25th St. Project Okayed

It was like an old fashioned political rally at the County Commission Tuesday afternoon as the commission by a 3-1 vote approved four-laning 25th St. from French Ave. to the Old Lake Mary road in cooperation with the city of Sanford.

A few seconds earlier, Commissioner Vernon Dunn stormed out of the room in a huff, crying "politics, politics." He came back 11 minutes later and soon afterwards apologized for his behavior. The commission by a split vote overruled Chairman J. C. Hutchison in approving the project after the usually mild chairman said the move was "untimely" and said he agreed with reports circulated that it was a political proposition to "further the ambitions of one of the candidates in the race."

After the resolution was read by Sanford Mayor J. H. (Jimmy) Crapps, Hutchison declined to receive a motion by Commissioner Ted Williams that the resolution be approved. Williams vehemently denied any politics saying it was a request the city had brought up in 1961 but no money was available at that time.

He also emphasized that the suggestion to four-lane the road was made by Supt. of Roads J. C. Lavender. Hutchison said he was not debating the merits of the road and agreed with Commissioner James P. Avery that the job was needed as an access road to Seminole High School but he didn't like to see "this meeting become a political forum."

Avery declared "no one here can question the need of this road. Not only does it serve the school, but is an important arterial road that serves some 3,000 people." Crapps also chimed in that he felt there was no political move on anyone's part and repeated that at present the road was in a "hazardous" and "dangerous" condition.

The county will furnish two thirds of the material plus the labor. The city will pay for moving of utilities and about \$16,000 for one third of the materials. The total cost is estimated at \$53,000.

Gary Rips Mize's Decision

Two of the mayors of Seminole's three incorporated towns had very decided opinions on the ruling of County Judge Vernon Mize's new mandatory jail sentence ruling, when queried by the Herald today.

Oviedo's Mayor Lee Gary took vehement exception to the new ruling of County Judge Vernon Mize, making a jail sentence mandatory for all violators of the driving-while-

intoxicated statute, today when queried on his reaction to the judge's dictum. Gary said, "Here in Oviedo we will continue to operate on the principle that a revocation of the driver's license and a good fine are enough punishment for a first offense on a drunken driving charge. After that, on repeated offenses, we will make the punitive measures increasingly severe."

Mayor Gary feels that just as much, maybe more, would be accomplished by a more strict enforcement of all the laws governing the operation of a motor vehicle, and pointed out that speed limits are the most consistently broken and speed is the top offender in accident causes.

TWO SEMINOLE COUNTY SCHOOL BANDS boarded buses at 7:30 a. m. today bound for Leesburg's Fun Festival (formerly the Watermelon Festival) where they will march in the big parade staged annually to open the event. Both bands and their majorettes will be dressed in keeping with the Festival's Oriental Theme.

Stahr Quits As Army Secretary

WASHINGTON (UPI) — Army Secretary Elvis J. Stahr Jr. resigned today to accept the presidency of Indiana University.

He will leave his Pentagon post June 30. At Indiana, Stahr will succeed Dr. Herman B. Wells who is retiring after a 25-year-career as head of the midwestern school.

First announcement of Stahr's resignation came from the University at Bloomington. Washington sources confirmed he was leaving the administration.

On two recent occasions, Stahr and the Army denied that he was planning to resign. On March 5, the 46-year-old secretary personally denied a report he was considering the Indiana job.

GOP 'Mum' On Medical Care

WASHINGTON (UPI) — Republican senators discussed various proposals for providing medical care to senior citizens today but withheld any formal expression of support for any of them.

Sen. Laverett Saltonstall, Mass., who heads the conference of the 90-minute meeting was a "purely expository session" at which no expression of sentiment was requested or given.

Saltonstall said Sen. Jacob K. Javits, (R-N.Y.), outlined the provisions of current law, the administration's medical care program financed by Social Security taxes, and several proposed alternatives.

A department spokesman also denied at that time that Stahr had had a "shouting conversation" with Defense Secretary Robert S. McNamara.

Ministers Set Berlin Meet

ATHENS (UPI) — The Western Big Four foreign ministers will meet Thursday to work out new Allied peace terms on Berlin, reliable sources reported today.

The sources said Secretary of State Dean Rusk, Britain's Lord Home, France's Maurice Couve de Murville and West Germany's Gerhard Schroeder have agreed to meet privately to seek accord on the next phase in the Berlin "probe" with the Soviet Union.

EDITORIAL COMMENT A House Divided . . .

Whether or not 25th St. road project is "politics" is not as important as the apparent split between members of the County Commission when this county stands on the threshold of the greatest growth we have ever seen.

We severely condemn the accusations thrown at the commission meeting Tuesday afternoon. Charges of "politics, scheming, political maneuvering" should not be allowed during a business meeting of the board.

Commission must stand together— not let this county fall into the backwash of the 19th century. This can not be accomplished with all this bickering going on between members of the board.

Plan First, Franchise Opponents Tell Board

Opponents of the proposed franchise directive Tuesday afternoon recommended an overall sewage disposal plan to the County Commission.

Serving on the six-man committee named to come up with a series of recommendations, additions, and deletions to the controversial directive were Clarence Atchley, Paul Bissell, George Bobrow, Archie Bunnell, Edward Flower and Jack Syme.

The committee recommended that both the public utilities be protected on rates, rate changes, sewer connection, charges and service by placing all water of sewer utilities under the jurisdiction of Public Utility Commission, and if new legislation is required for this, the board is urged to immediately institute efforts toward this objective.

Five Engineers Apply For Job Orlando, who was fired last year charged with being involved in some questionable financial dealings with contractors.

Five engineers, including one fired from the State Road Department in connection with "payola" have applied for the county engineer's job here. The County Commission Tuesday afternoon agreed to hold interviews with the five May 14, starting at 9 a.m. The five include former SRD engineer Roversi Dolli, Orlando, who was fired last year charged with being involved in some questionable financial dealings with contractors. However, Dolli had reported it was just a question of "conflict in personalities." Others applying for the job are William Bush, Sanford, formerly with Laffler and Bush; James Riviere, Orlando; Moseley Collins, Sarasota; and Thomas L. Watts, Titusville. In other business, the board authorized Assistant Engineer Guy Stenstrom to poll property owners along Bear Lake Rd. to determine if they favor condemnation action against three property owners unwilling to cooperate in giving free right-of-way for the paving and widening project. The board wanted the property owners to understand that the three would be paid for their rights-of-way while the majority who gave the free parcels would not. Commissioner James P. Avery declared, "I can't see paying some while the others give it."

Casselberry Chamber Is Reactivated

By Jane Casselberry
The Casselberry Chamber of Commerce, inactive since 1932, was spurred to new life Monday night when 22 businessmen and interested residents of the area met in the Town Hall to discuss plans for reviving the organization. The meeting was called by Graham Wilson who previously served as a director. Mrs. Betty Cass, owner of the Cass Insurance Agency, was elected chairman and Mrs. Lillian Beisel served as temporary secretary. Those attending gave 100 per cent approval for reorganizing an active group and appointed Mike Nasser, Cliff Overman and W. E. Nebel to contact the town's business people and solicit membership. The next meeting of the group will be held when a date can be arranged for attendance of Seminole County C of C Manager John Krider.

LIFE UNDERWRITERS of Seminole County wound up National Insurance Week with a banquet at the Capri Restaurant Friday. Shown here, standing behind their wives are the following officers of the organization; Gordon Meyer, chairman of Insurance Week activities; Wendell Hirt, first vice president; John Harri-

son, Zone Vice President from Orlando; Stuart Stetson, president and Clifford Johnson, second vice president. President Stetson observed that "Florida has the strictest insurance laws of any state in the nation, and also has the largest association of Life Underwriters of any state."

Enterprise Play Area Site Of Scout Camp

By Helen Snodgrass
Enterprise's Lake Gleason Recreation Area is proving its worth to the community both as a good source of entertainment and enjoyment for most of the local residents as well as to those from surrounding sections. Boy Scout Troop 544 of Orange City held a practice camporee there on the weekend of April 21 and April 22 in preparation for the district camporee held last weekend at Camp LaNoche. Leading the boys in sessions of swimming, hiking, cooking and

other training activities were Scoutmaster Gene Mitchell, senior patrol leader Wayne Arnold and Junior scoutmaster, Bob Courson. The Orange City Chamber of Commerce presently is sponsoring a fund raising drive for the troop to build

its own headquarters on Lake Dupont. All members of the Lake Gleason Club who did not pay their annual dues by May 1 have been reminded that they now are placed in a new membership fee classification which must be paid along with

the annual fee before they can obtain keys to the recreation area.

TOM McDONALD
... New VP

Abstract Names Officers

Morton McDonald, president of the Abstract Corporation since 1944, has been elected to the new position of chairman of the board of this company.

F. Morton McDonald has been elected president and Thomas S. McDonald of Sanford as vice president.

The Senior Mr. McDonald has been with The Abstract Corporation and its predecessors since early 1925. He was elected secretary of the corporation in 1926 and became president in 1944. He states that he is not yet ready for retirement but is beginning to shift the responsibilities to younger shoulders.

The company weathered the depression years and has had a steady growth particularly since the early 40's under the leadership of Morton McDonald.

From the beginning as an abstract company only, the writing of title insurance has been added.

Title Policies of Lawyers Title Insurance Corporation of Richmond, Va., are issued by this company. Now the company has offices in Daytona Beach, Sanford and Ocala as well as the home office in DeLand.

In announcing the election of the new officers, McDonald stated that it was hard to choose between his sons, F. Morton and Thomas S., for the presidency. They are both excellent title men and well qualified. The president was chosen purely because of seniority.

F. Morton McDonald, the new president of The Abstract Corporation, is a graduate of Vanderbilt University and has been with the company since 1953. Thomas S. McDonald, vice president, is a graduate of Stetson University and has been with the company since 1955.

Other officers elected are John T. Wilber, assistant vice president, and Samuel D. Mansfield, secretary. The new officers take over May 1.

When To Reprimand?

Perry Nichols, a flamboyant Miami lawyer whose fame stems from the big accidents awards he collects for clients, has been in hot water with the Bar Association.

Specifically, Mr. Nichols was reprimanded because of a news story about him in the Miami Daily News. Bar Association officials claim Nichols should have demanded the right to read the story before it got into print. Nichols appealed the reprimand to the State Supreme Court.

Now the lawyers are welcome to discipline their own—but in this they've gone way too far. In the first place, Mr. Nichols had no right to "censor" any story, anywhere. We know of no respectable reporter who'd submit his copy for blue-penciling, and we aren't acquainted with any editors who permit such things. In other words, the reprimand was entirely out of Mr. Nichols control.

In a letter to the Board of Governors of the Florida Bar, William R. Spear of the Fort Myers News-Press

summed up the feeling of newspapermen—

"It is noted that in the present case the terms of the reprimand to a member of the Bar are that: The respondent had the duty . . . to determine whether or not he would be given an opportunity to review the article before publication . . . and that when he did not receive such privilege . . . he was obligated to terminate the interview . . .

"The press could not acquiesce any censorship of material prior to publication and in line with this principle it cannot and does not grant to the subjects of news reports and interviews, as a matter of right, the opportunity to review material before publication.

"The Florida Society of Editors therefore respectfully and vigorously protests action of the Florida Bar that would tend to place a publication restraint upon the press and specifically action calculated to assert any right of a member of the Bar to review newspaper material prior to its publication."

Dr. Crane's Worry Clinic

Esau has been laughed at for 3,000 years because he sold out his birthright for a mess of pottage. But each year, thousands of girls like Mary are guilty of a worse sell-out. For they jeopardize a baby's future happiness and break the hearts of their doting parents. So get help and send for the booklet below BEFORE you get into trouble.

CASE M-408: Mary K., aged 16, has a tragic story. "Dr. Crane," her high school counselor informed me, "Mary is a brilliant girl and making very high grades.

"But she comes from immigrant parents and thus has been rather shy. One of our star athletes, however, got interested in her and they have dated steadily for the past year. Now she is expecting a baby. What should she do? And how much of a handicap is it to be an illegitimate child nowadays?"

There is never an "illegitimate" child, for that is simply an age-old form of buck-passing by the illegitimate parents!

The new baby had nothing to do with its being created, so it is cruelty of the worst sort to foist the term "illegitimate" on such an innocent infant when it arrives. What we mean is that illegitimate parents have produced a baby outside the legal protection of marriage.

So PLEASE stop this vicious modern habit of referring to babies as illegitimate! In Mary's case, there are several options. First, she and the boy might get married right away, though they are pretty young and not equipped to finance a home of their own.

Second, she could have the baby and then let her parents rear it.

Third, she could go away for ostensibly a visit to relatives and then let the baby be adopted into a cultured home where it would have the care and advantages of two devoted parents.

Remember, the true parent-child relationship is purely a spiritual bond. It doesn't depend on blood

relationship. For Cain slew his own blood brother Abel. And Absalom tried to kill his own father, King David. So don't feel hesitant either about letting a baby be adopted or about adopting one if you have the chance.

Thousands of splendid married couples are childless yet eager to adopt a baby, so it is generally wiser in a case like Mary's to let her go to some Salvation Army Home and deliver the baby, after which she can return and finish her schooling.

But you teenagers must also realize that pre-marital relations are NOT wise! They leave serious emotional scars on the teen-age parents, and often mar the happiness of the baby born out of wedlock, especially if it is kept and the gossip in the neighborhood becomes cruel.

Girls who have an abnormal yearning for popularity, often give in to their demanding suitors, rather than lose a date.

This is a worse sell-out than that of Esau, who sold his own birthright for a mess of pottage.

For Esau himself lost in his rash deal but you girls jeopardize the future happiness of your baby and often almost break the hearts of your own doting parents.

Meanwhile you lose your greatest charm in the eyes of the male sex, which is your spunk or spirit. The Bible recognized this, too, for it describes such a girl as "humbled."

So send for my booklet "Sex Problems of Teen-Agers," enclosing a stamped, return envelope, plus 30 cents. Study it BEFORE you get into trouble!

(Always write to Dr. Crane in care of this newspaper, enclosing a long four-cent stamped, addressed envelope and 30 cents to cover typing and printing costs when you send for one of his booklets.)

Letters To The Editor

Dear Editor:

In view of the fact that one-half of the County Road and Bridge Fund Tax is returned to the municipality from which collected, my opposition to further joint participation except under strictest interpretation of the intent of the law, is common knowledge.

The beginning of the County-Municipality participation is shown in Minute Book 16, under date of February 17, 1959, to which I was opposed because of inadequate funds and critical needs of county roads and bridges, and of setting a compromising precedent. I agreed with the majority, only providing and to assure that the proposed fifty-fifty basis would be established for other municipalities under stipulated conditions set forth for 50th Street West of French Avenue.

On June 28, 1959 the widening of Sanford Avenue from 15th Street to 25th Street was agreed to on the same basis with funds to be budgeted for the next fiscal year.

The projected five year County Road Program approved September 19, 1961 in which only \$50,000 was estimated available for actual road construction throughout the entire county during this fiscal year did not include 25th Street.

The Secondary Road Program for next fiscal year, supported 100 per cent by attending County and Municipal delegations, included 25th Street West from French Avenue 2.2 miles for survey, right-of-way maps and deeds for four-laning.

Recently a motion to designate that part of Seminole Blvd. within the city limits of Caselberry as a continuation of a county road for joint maintenance was tabled. It was agreed that such action must be initiated by the municipality. This has not been done by Caselberry, nor by Sanford regarding the 25th Street project.

However, according to the press, this project was proposed to the City of Sanford by Comm. Williams and Road Superintendent Lavender. This subject had never been discussed by the Board of County Commissioners, and there was no authorization for this proposal.

I never have and never will oppose any progressive project, properly considered and proposed, that is needed, serves a county purpose, is in accordance with provisions of the law and feasible to undertake at the time.

Under the considered conditions, circumstances and established policies, I oppose in the strongest terms possible, the manner and timing in which the 25th Street project has reportedly been proposed to the City of Sanford.

If this be treason to the citizens of Seminole County or "Cries of Politics" then let them make the most of it.

Dick West Says

On Kennedy Culture Kick

WASHINGTON (UPI) — Almost everyone agrees that President Kennedy's interest in cultural matters exceeds that of most chief executives, give or take Chester A. Arthur.

Recently, however, a Republican member of Congress took issue with the administration's method of operation in this field.

He referred to the practice of lavishing prominent figures with the world of arts and letters to appear before selected White House and cabinet sponsored audiences.

In essence, he accused the administration of adopting the "trickle down" approach to culture — spreading it thick at the top and hoping some of it would seep through to the masses.

This, you may recall, was the same charge that some Democratic members of Congress used to make against the Eisenhower administration's economic policies.

Having no better question in mind at the moment, I raised the point Monday with playwright Thornton Wilder, the latest author to read from his own works at one of the Kennedy cabinet cultural sés.

Wilder replied that he did not know what other approach the Federal government could take, short of subsidizing creative talent. He added that he had not formed an opinion on whether subsidies would be a good thing.

"I'm only 65," he said. "I'll think it through later."

I don't know the answer either but I was impressed with Wilder's own approach to cultural discussions. In agreement to have a press conference at his hotel, he stipulated that it be held in the barroom.

"Let's have a thimbleful," was his opening remark.

He then told us that his appearance at the black-tie cabinet affair would be "complete with unpressed suit."

OK On Way For Big Rail Merger

WASHINGTON (UPI) — An Interstate Commerce Commission hearing examiner recommended today approval of the Chesapeake and Ohio Railway's application to gain direct control of the Baltimore and Ohio Railroad in the first step toward merging the two major Eastern lines.

Examiner John L. Bradford called for approval of the CAO's application to purchase direct control of the BAO by acquiring its capital stock. Bradford said it was "consistent with the public interest."

Adrift Three Days

PANACEA (UPI) — Three skin divers from Terpot Springs were back home today after three days adrift in the Gulf of Mexico in a disabled boat.

WASHINGTON—(NEA)—White House and State Department under pressure from both sides on nuclear testing and disarmament.

Representative of the pressure for disarmament and an end to nuclear testing is the Society of Friends (Quakers) Washington demonstration for peace and world order through the United Nations, scheduled for April 29-30.

After assembling on the Washington monument grounds, "silent vigil" marches on White House and State Department were planned, with night rallies to follow in Calvary Baptist Church to hear speeches from pacifist leaders.

Ten days before, with the Daughters of the American Revolution in Washington, a resolution was passed to abolish the State Department's Arms Control and Disarmament Agency. It had just submitted a detailed, three-stage, nine-year disarmament plan to the 17-nation UN conference in Geneva.

The DAR argument was that the Arms Control and Disarmament Agency was weakening American security, although this planning organization is specifically charged to safeguard national defenses until guarantees of world peace are established. Another DAR resolution opposed U. S. loans to help finance UN peace-keeping operations.

In the week of April 16-20, about 40 per cent of over 3,700 communications from the public received at the White House and State Department related to these subjects.

There were 194 letters on disarmament and 1,282 on the resumption of nuclear tests. A year ago there were only 100 communications a week on these subjects.

The interest has been building since January when a New York-organized Women's Peace Train brought 1,000 pickets to Washington. The mail volume reached a peak early in March when the White House had an accumulation of 18,000 communications on disarmament and nuclear testing.

All this mail is eventually turned over to State Department for handling. But for the last several years, ever since Vice President Richard M. Nixon got involved in a hassle on the subject, there has been no breakdown count of "pro" and "con" communications from the public to the government.

It is estimated that from 30 to 40 per cent of all mail which eventually finds its way to the State Department is inspired by organized campaigns. Telegrams, letters and postcards aren't identical, but they have similar themes and arguments which are easily spotted.

Of the 1,446 communications received April 16-20 on disarmament and testing, 580 were identified as the result of organization lobbying drives. It has been widely assumed that most of the prodisarmament, pro-test-ban drive has been Communist-inspired. Senate Internal Security subcommittee and a few individual congressmen have made some specific charges to that effect.

After World War II the Russians tried to put over the idea that they were the No. 1 peace-loving nation. They organized countless international peace

conferences in neutral capitals like Stockholm and Vienna. There were long peace petitions with millions of signatures.

Russian Chairman Nikita Khrushchev tried to make "general and complete disarmament"—G and CD—a Communist copyright after his U. S. visit in 1959. The Russians are even now attempting to put world censure on the U. S. for resuming atmospheric nuclear tests.

But when the Russians resumed nuclear testing after breaking off disarmament negotiations last year, the bottom dropped out of the Communist peace crusade. And the hole in their barrel will be fully exposed when the Russians again resume testing, as they say they will.

Faith, Courage, Work Needed Here As Elsewhere

It's not a dry pass that I do not receive a letter from someone anxious to locate in Florida and asking advice.

Most of these letters are from folks who are gainfully employed elsewhere or have small businesses which pay them a modest living and they wonder if they could find similar employment or could open a shop, store or some other business with which they are experienced and have operated successfully.

Perhaps if I were to tell them of the experience of one family with a similar problem it might help although every case is different and a great deal depends on the character and ability of the individual.

Let's take the case of the Oleson family. Harry M. Oleson operated a small contracting business in Des Moines, Iowa. He was a cabinet maker and a good one, trained in the old country, accustomed to hard work. Most of his work came from farmers and when the bottom dropped out and few folks had money for craftsmen, Oleson decided to pull up stakes and start over again in an area that offered greater opportunity.

He had heard a lot about Florida. The boom was on and experienced tradesmen were in demand. Leaving his family in Iowa, Oleson came to Florida, looked the situation over, and decided on

Musical To Be Presented By SHS Thursday

"Blow Me Down," a musical comedy by Alan Benedict, will be presented by the Seminole High School Choral Department Thursday, at 8 p.m. in the Seminole High School auditorium.

The setting of this rollicking comedy is the after-deck of the pirate ship, The Black Death.

Charles Rabun plays the part of the pirate captain, Jeremiah Kidd. His crew members are Gary Rowell, Gene Bullock, Oscar Perez and Mike Champion as the cook, Dutch.

Henry Lavender and Alan Albers are the instructors of a group of college boys on a summer tour who have fallen into the hands of the pirates.

The feminine interests are portrayed by Carol Sue Higginbotham, Merritt Phillips, Frankie Jones and Robbie Blake.

The stage setting was designed and built by Larry Gilstrap, Robert Ballard and Terry Collins. The production managers are Lynn Crabtree and Alison Blake. Choreography is under the direction of Frankie Jones and accompanists are Mary Helene Washburn, Pam Jones and Sandy Richards.

Nova Scotia is Latin for New Scotland.

Health Nurse Defines Duties Of PHN

Mrs. Meredith McClure, Public Health Nurse, speaking to the Civitan Club recently emphasized that a good motto for a public health nurse, and for every member of the community is, "A healthy home is a happy home."

"We work toward that goal through prevention of illness and the teaching of good health habits," she said. "But any handy man knows that a man's job is only as good as his tools, and so it is with us. We can only do as good a job as our knowledge and experience allow through the time and facilities we have available."

"By our work in trying to keep this community healthy we are directly serving each of you. If you are concerned about the health of your community and your families it is up to you to see that your Health Department has the time, equipment and personnel to serve you."

Mrs. McClure described the work of a public health nurse, beginning with the pre-natal and post partum clinics. Both at the Health Department offices and in the home, the PHN assists expectant mothers in preparing for their babies by visual aids, pamphlets, posters and films.

The nurse instructs the mother-to-be in nutrition, personal hygiene, health and safety factors. Visits are made to maternity homes also for mid-wife supervision and inspection of the homes for licensing. Parents are encouraged to

Women To Start New Club At Breakfast Meet

Business women of Sanford, who work in the credit department of local businesses will be guests at a breakfast Thursday at 7:30 a. m. at the Capri Restaurant.

The group will meet to organize a Credit Women's Breakfast Club, which is a nationally affiliated group. It is sponsored by the employers.

Approximately 50 local people are expected to attend and meet with a number of persons from Jacksonville who are already members of such a club. Credit Bureau and Credit Adjustment Service of Sanford are the sponsors of the breakfast.

Beagles became popular during the Elizabethan period, when they were used for hunting hares, according to Encyclopedia Britannica.

bring children to the Health Department on Tuesday or Friday mornings (Monday mornings in Longwood and Monday afternoons in Oviedo) for immunization against polio, diphtheria, whooping cough, tetanus, typhoid fever and smallpox. These clinics are held for all age groups.

"The few serious cases of communicable diseases in this county this past year—namely polio and diphtheria—occurred in people who were not inoculated. This is a tragic way for us to get business through the scare it gave people," Mrs. McClure said.

From September to June the public health nurse spends the majority of her time in the schools, with eye and ear screening programs, with the assistance of volunteer mothers. Other common problems include congenital heart defects, rheumatic fever, orthopedic defects and emotional defects.

General disease clinics are held every Friday afternoon, with more of this infectious disease seeming to hit the teenage group and on up in age. It is the public health nurse's duty to follow up on all such reportable diseases including TB and infectious hepatitis. Besides the patient himself, they must locate and screen all contacts for possible new cases or carriers. Many new and suspicious cases of TB come to light through the Mobile X-Ray unit. The last survey, just completed, resulted in five cases hospitalized and several being treated at home.

Other illnesses such as cancer, diabetes and other chronic diseases are frequently brought to the attention of the health department, which assumes the role of teaching self-care to the patient so that he can be rehabilitated as soon as possible.

"With each patient, regardless of what category he comes under," Mrs. McClure said, "we always keep an eye on his mental health. If we find a defect here, we refer him to the proper agency. We also follow up on all patients discharged from a state mental hospital to help them work out their readjustment problems."

It is also the job of the public health nurse to study and observe patients in homes for the aged, visiting them and helping the director in various areas, such as meal planning, health and safety measures, periodic X-Rays, and such things as fire drills.

Civil Service Examinations Set

A new examination has been announced by the U. S. Civil Service Commission for positions as Education Specialists and Officers to plan and administer educational and training programs for members of the armed forces.

The positions pay from \$3,435 to \$13,730 a year and are principally in the Washington, D. C., metropolitan area and in overseas locations.

Ebenezer Sets Conference

The quarterly conference of the Ebenezer Methodist Church will be held at the church today beginning at 7:30 p. m.

On Friday at Ebenezer, the WSCS will sponsor a turkey dinner with serving scheduled between the hours of 4:30 p. m. and 7:30 p. m.

Presbyterians Attend Meet

By Frances Westler
Several members of the Community Presbyterian Church of Lake Mary attended an all day meeting held at Crystal River last week.

Making the trip were Rev. and Mrs. James M. Thompson, Rev. John W. Pillely, John Andes, Mrs. Charles Sessman and Mrs. W. N. Kieffer.

Reports Requested

TALLAHASSEE (UPI)—State Hotel Commissioner Robert A. Riedel wants any facilities that occur in public lodging or food service establishments, particularly in cases resulting from fire and gas asphyxiation, reported to his office.

RARE OLD COINS are on display at Kader's Jewelry Store on Park Ave. all this week, which is National Coin Week. Here Numismatic Society President John Kromas and John Kader inspect the window display. (Herald Photo)

All-Out Coin Week Effort Set

Members of the Seminole Numismatic Society, in an effort to promote National Coin Week in Sanford, have sent their members to all parts of the county with displays and notices of the celebration.

Not to be excluded was the Heavy Attack training squadron at the Naval Air Base where Harry Klay, a Chief Mechanic and John Kromas, a Yeoman 2nd class set up a large display of both foreign and U. S. coins.

The exhibit is located in the VAH-3 Headquarters on the Quarterdeck. From the time Klay and Kromas had the display set up it has been a continual attraction for the men of VAH-3. The location of this display is rather unique in this type of show as the exhibit is being viewed almost 24 hours a day as the men working at night have occasion to come over to H. Q. at one time or another during the midnight hours.

Two items are of particular interest to the sailors. One is the U. S. type set of coins showing items from the popular nickels and dimes to the unfamiliar half-cent and twenty cent pieces. The other item of interest to the sailors is a coin that was used on the World War I German heavy cruiser, "The Hipper."

The exhibit will remain in VAH-3 until Friday when it will be removed and taken to the First Federal Loan Bldg.

It is not often that an entire series of coins is struck for one country but in the circumstances that were thrust upon the Jewish people when forming the new state in the midst of Arabia there was little alternative remaining to them but to strike a complete series.

To remind their people of this land which was to be their life and struggle for existence the coins carry portraits of the items that are a reminder of Moses when he led them out of Egypt to the "Land of Milk and Honey." Such items as grapes, figs, and palms are the basis for the portraits on these coins.

Circle Members Plan Projects

Mrs. Owen Meredith was hostess to members of the Ethel Root Circle of the Congregational Christian Church at her home, 399 Beth Drive, when they met for their last bi-monthly session. For the summer months the circle

will meet monthly beginning in May and continuing through August.

Mrs. Ralph Lossing gave the devotion taken from Psalms, in the absence of Miss Ruby Booth. Acknowledgments were received that both the Woman's Gift and the check for World Missions had been received and the members were thanked for their generous gifts.

After discussion from the floor, the circle decided to reorder more stainless steel knives in both the steak knife size and the paring size. Mrs. Joseph Stock and Mrs. Maurice Corbett were appointed to see that the nursery was properly refurnished. The president asked members to contact her about being on a visiting committee to be formed soon.

Mrs. Dale Van Dusen was welcomed as a new member. Mrs. Meredith served delicious refreshments of decorated cup cakes, plastic eggs filled with candy and punch to the 12 members and one guest present.

The next monthly meeting will be May 7 in the Fellowship Hall with Mrs. Maurice Corbett as hostess.

The coffee break as usually practiced is not an efficient substitute for an adequate breakfast.

Rebekahs Observe Founders Day

Seminola Rebekah Lodge No. 43 met Thursday at the Odd Fellows Hall with Mrs. Virginia Roche, noble grand, presiding.

A new member, Mrs. Elizabeth Parks, was welcomed. She was admitted by transfer from Harmony Rebekah Lodge of Morgantown, W. Va.

Mrs. Mae Rubow gave a special program in observance of the anniversary of the founding of Odd Fellowship more than 100 years ago.

Mrs. Virginia Anderson, representative, announced some changes made at the Assembly in St. Petersburg, recently.

It was also announced that eight appointments to the state assembly offices were given to members from this district. Among them was Mrs. Eileen Reclor, a member of Seminola No. 43, who was appointed assistant outside guardian.

Dorcas Circle Plans Projects At Meeting

By Mrs. H. L. Johnson
The Dorcas Circle of the Upsala Presbyterian Church met at the home of Mrs. Bradley Thayer on Ridge Road for the monthly session.

Mrs. H. L. Johnson, president, called the meeting to order; Mrs. Mary Harkey gave the devotion from the First Psalm and Mrs. Ed Fitzgerald led the closing prayer.

Members decided to have new overhead lights installed in the church and a check was presented to Mrs. D. Devine with instructions to get whatever is needed for the expected new arrival.

Plans were discussed for the dinner that the circle will serve to the Business and Professional Women's Club.

Following other reports, a white elephant sale was conducted by Mrs. Ed Dowell.

During the social hour Mrs. Thayer served refreshments of strawberry shortcake and grape punch to the group. Others present were Mrs. Ruth Andes, Mrs. Ben Hodge, Mrs. Mary Harkey, and a guest, Mrs. Shirley Taylor.

Mrs. Johnson will be hostess at the May meeting with Mrs. Fitzgerald in charge of devotions.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: As a disinterested third party, your advice is needed. My brother's wife is running around and everyone in our little town knows it but him. She uses all sorts of lame excuses to get out of the house "for an hour" and comes in at midnight with more lies. My brother works 12 hours a day trying to provide for her and their three children. She sleeps till noon and lets the children fend for themselves. The house is a mess. She dresses like a street-walker and her children look like war orphans. Would you advise me to give her enough rope to hang herself? Or should I tell my brother? We are decent people and everyone is talking. "G."

DEAR "G.": It would be pretty hard for a man not to be aware that his wife dresses like a "street-walker" and his children look like "war orphans." If your brother really is having the wool pulled over his eyes—don't be sheepish. Tell him!

DEAR ABBY: You said, "Just because there's chrome on the dome doesn't mean there is no power under the hood." Will you please tell me how YOU know? I KNOW

DEAR I: Some of my best friends are mechanics.

DEAR ABBY: If a baby-sitter is asked to come to sit from 7:00 p. m. until midnight, what do you think about this situation? I arrived

promptly at seven. The parents were nowhere near ready to leave the house. At eight, they left, saying, "Well, that's one hour less of your time—sorry." They came back at a quarter to one—exactly 45 minutes later than they promised—saying, "Sorry we're a few minutes late, ha ha." Then I got paid for four hours. What would YOU do? OVERWORKED AND UNDERPAID

DEAR O. AND U.: I would tell them they owed me for five hours and 45 minutes and no "ha ha" about it.

DEAR ABBY: I am in love with a nice fellow and he has asked me to marry him. I would like to have a big church wedding and wear a white gown and veil, and have a large reception. I had a child. A few in the family know about it. Should I tell my future husband about it? I gave the baby up for adoption. I was only 15 at the time and I am 19 now. SECRET KEPT

DEAR SECRET: Do not make a mockery of a large wedding with a gown and veil. And by all means, TELL your future husband.

For a personal (unpublished) reply to your problem, send Abby, a self-addressed, stamped envelope.

Jacoby On Bridge By Oswald Jacoby

North and South has a difficult par. They must first bid the spade slam and then they have to make it.

An elimination play is indicated so North draws trumps and plays out all the clubs and diamonds.

Then he must attack the heart suit and there are two plays better than the simple finesse. One is to lead the four of hearts from dummy and let it ride. If East wins the trick he will be end played,

We The Women: By Ruth Millet

Ever since it was announced that Her Serene Highness, Princess Grace of Monaco, was planning to return to Hollywood long enough to make a Hitchcock movie, there has been a lot of speculation as to WHY.

It seems as though "why" is pretty obvious. When an actress stars on Broadway in a hit show that goes on and on, she gets a bit bored with playing the same old role and repeating the same old lines.

No matter how much an actress gets paid for playing in a TV series, boredom with the part soon sets in. And if there's anything an actress fears as much as wrinkles it is being "typed."

Well, poor Grace has been playing the same role—the role of beautiful and gracious princess—for quite some time now. By now she must know her lines so well she is bored with them.

She certainly has been

typed. Over and over we see pictures of her as the beautiful "housewife" who lives in a palace instead of a spill-level ranch house, serene and poised and remote; the woman who has everything. We've grown a little weary of the pictures, how weary Grace must have grown of the role.

And how she must be looking forward to a change of pace playing a new role, however briefly.

Once an actress, always an actress. So now that the former movie star knows she can play the role of princess convincingly and has been playing it so long she is already "typed," what is less surprising than her decision to make a comeback in a new role?

Monroe Club

To Meet Thursday

The Lake Monroe Home Demonstration Club will meet this Thursday at White Hall of the Upsala Presbyterian Church. New officers for the coming year will be nominated at this time and installed at the May 31 dress revue party.

Short course plans will be discussed and it is hoped a large number of members will attend. Mrs. Ed Fitzgerald and Mrs. J. Blackwelder will be hostesses.

Wekiwa Auxiliary Plans Meeting

The Ladies Auxiliary of Wekiwa Lodge 89 will meet today at 7:30 p.m. at the Odd-fellows Hall on Magnolia Ave. All members are urged to attend.

Church Calendar

THURSDAY

The Women's Society of Christian Service of Grace Methodist Church meets at 8 p.m. at the Church for the monthly business and program meeting. A pledge service will also be observed. The morning circle of the Lutheran Church of the Redeemer will meet at 9:30 a.m. at the home of Mrs. Robert Andrews on South Sanford Ave.

Garden Circles

DIRT GARDENERS' CIRCLE

The April meeting of the Dirt Gardeners' Circle of the Sanford Garden Club was held at the home of Mrs. R. F. Robison with Mrs. J. R. Wells as co-hostess.

The meeting was presided over by Mrs. E. S. McCall with 20 members answering to the roll call. Mrs. McCall gave a short talk on the state convention held recently in Jacksonville and announced that a Sanford girl, Beth Dar-

by won the litterbug poster award.

Therapy chairman, Mrs. Myron Smith, suggested that water growing bulbs in containers be placed in the Good Samaritan Home for the pleasure of the inmates.

It was voted to place a book on birds in the Sanford library in memory of Mrs. Viola Culum. Mrs. W. D. Gardiner will investigate the availability of a book suitable for this purpose.

The May meeting of the Circle will be held at the Maison Jardin on May 11 at which time all Circle programs should be ready to turn in. Reservations will be made with Mrs. F. A. Palmer at least two days prior to the luncheon. Members will meet at the home of Mrs. Kratzert at 10 a.m.

The work shop on palm and tin craft conducted by Mrs. L. E. Leeper will be held on the third Friday in May at the home of Mrs. I. Fleischer at 10 a.m. Members are to bring their own sandwiches.

and Mrs. Fleischer will furnish drinks for the group.

At the conclusion of the business Mrs. Robison introduced Mrs. Blanton Owens who exhibited wall plaques made of dried materials and shells. She then distributed materials to the circle members and instructed them on how to make Yucca flowers.

CAMELLIA CIRCLE

Mrs. Donald Knight was hostess to the monthly meeting of the Camellia Circle. Mrs. B. B. Weber served as co-hostess.

Cecil Tucker showed a very informative film entitled "Transplanting of Ornamentals," followed by a question and answer period.

Mrs. William Gramkow, president, gave a report from the state convention and flower show that she attended recently. Mrs. Benny Austin gave the horticulture report.

An outdoor plant exchange was enjoyed and the special prize of the evening, a container of gerbera daisies, was won by Mrs. Austin.

Highlights TV Time Previews

7:30 - 8:30 p. m. (NBC) Wagon Train. "The Jud Steele Story." An off-beat story for this series. Getting his best exposure yet as assistant wagon master is Terry Wilson who, as Bill Hawks, kills a horse chief (Ed Binns) and feels duty bound to break the news to his widow (Mary La Roche). But she disclaims the wanted gunman as her husband, saying her husband died a hero's death several years previously. The town banker (Arthur Franz) backs her up. A nicely woven mystery with a satisfactory explanation.

8-8:30 p. m. (CBS) Window On Main Street. A little girl asks Brooks to help her get her poetry published. He decides to take a closer look at the situation when she tells him she writes the verse at the urging of a voice coming through the branches of a tree. Chrystine Jordan plays the 12-year-old, with stars Robert Young and Coleen Gray.

8:30-9 p. m. (NBC) The Joey Bishop Show. "A Show Of His Own." This is a sample of Joey's format for next season.

Joey drops his role of publicity man to become a comedian. He gets his first TV show and is mighty nervous about it, particularly since the unpredictable Milton Berle will be the guest star on his opener. Does Uncle Milt take over Joey's show, as Joey fears he may? With everything, including pies in the face.

8:30-9:30 p. m. (CBS) Checkmate. "The Smedley Man." Several unhealthy situations in a health club, one being the club manager who lives beyond his means. A gambling conspiracy is also uncovered by our Checkmate trio after a young athlete (Tom McBride) is almost beaten to death. Don Taylor guest stars as the irresponsible club manager and Julie Adams is quite fetching as his unsuspecting wife. All our Checkmate heroes—Doug McClure, Anthony George and Sebastian Cabot—are in for equal honors.

9-10 p. m. (NBC) The Perry Como Show. Perry takes more than a passing note of the upcoming Kentucky Derby to-

night. His state of the week is Kentucky, and guests include Eddie Arcaro, Sammy Renick and one of the prettiest fillies in the Hollywood Derby, Lola Albright. Perry's singing of "Sadie's Shawl" and Miss Albright's tantalizing "I've Got a Right To Sing the Blues" are the musical highlights. Best moments in the "Kentucky" portion include "Fugue For Tinorns" from "Guys and Dolls," and "Kentucky Babe." Paul Lynde and Kaye Ballard shine in a race-track-stable sketch. Sandy Stewart and Jack Duffy are featured with the Ray Charles Singers.

9:30-10 p. m. (CBS) The Dick Van Dyke Show. "Oh How We Met the Night That We Danced." If you saw this one before, you should see it again. It's worth it. Rob and Laura get sentimental while rummaging through a closet and start thinking about their meeting, when Rob was an army sergeant and Laura a USO dancer. Guest star Marty Ingels as Sol Pomeroy is hysterical.

10-11 p. m. (CBS) The U. S. Steel Hour. "A Man For Oona." If for no other reason, tune in tonight for the frantic emoting of bombastic Tallulah Bankhead.

Barnes Hurls, Hits SHS Win

★★★
Locals Win
Over Apopka
13-4

By Ronnie Broadway
Herald Sports Editor

Steve Barnes Tuesday held the Apopka Blue Darters to four hits and pitched the Sanford Seminoles to their third straight victory, 13-4. Barnes also added two hits, including a double, to lead the nine-hit Seminoles attack.

Roscoe (Amos) Bowen also had two hits, including a booming triple in the third inning. Tim Barrowman also had a pair of safeties.

Apopka was unable to score in the first inning and their only hit was a triple by Dan Goolsby. Bowen walked to open the Seminoles game, followed by Chuck Ogden, who was safe on an error. Mike Caolo walked and Jack Caolo was safe on an error. Sanford had a 1-0 lead when Gary Davidson walked to make the score 2-0. Barnes then singled to drive in another run and Billy Higgins sacrificed in the fourth Sanford run and at the end of the first inning Sanford led 4-0.

Apopka went down in order in the top of the second. Once again Bowen got on for Sanford, this time on an error. Ogden walked and Mike Caolo was safe on a fielder's choice. Jack Caolo and Davidson walked and then Barnes came up with a double, his second hit of the game, to score more Sanford tallies. Higgins was hit by the pitcher, Berry Johnson got on on a fielder's choice, and Tim Barrowman singled. Sanford was retired in the second with a 9-0 lead.

Again the Blue Darters went down in order, and Bowen's triple was the only Sanford hit. Apopka picked up two in the fourth when Pierce walked, Harper singled, Sheppard singled, and Coffey also had a hit. Sanford went down in order in the bottom of the fourth.

Barnes once again retired the Darters in order in the fifth. Barrowman got a single in the bottom of the inning, and Bowen was safe on a fielder's choice. However, Sanford was unable to score. Down in order for Apopka in the sixth, as Barnes was displaying fine control of the ball. Mike Caolo led off the Sanford sixth with a double, followed with a single by Davidson. Barnes once again reached base, this time on a fielder's choice. Higgins got a single, and Berry Johnson was safe on an error. Bobby Johnson walked in the inning and "Amos" came through with a single to raise the Seminoles score. Sanford was retired with a 13-2 lead.

Two consecutive Sanford errors enabled Apopka to put two men on base. Two walks and a single followed and Apopka had picked up two more runs, but this was far short of the amount needed and Sanford coasted on to retire the side and gain an easy 13-4 win.

Sanford is now boasting a 7-4 conference record and an 8-5 overall record. This was Barnes' second win of the year in as many starts.

Young Yank Lions Out For Blood

No doubt about it—those young Yankee lions are out to devour everything in sight.

They have the hitting, of course, and now it looks like they also have the pitching—strong, powerful pitching in depth. They've opened up a 1½-game lead in the American League and they're putting on the pressure with a six-game winning streak.

The Yankees opened their first western trip of the season in Chicago Tuesday night and whipped the White Sox, 6-1, behind the combined two-hit pitching of Bill Stafford, Roland Sheldon and Marshall Bridges. The Sox didn't make a hit until the ninth when Nelson Fox singled and eventually scored on a double by Floyd Robinson. Stafford, 23, pitched no-hit ball for five innings before retiring with a pulled thigh muscle. Sheldon, 22, continued the no-hitter until the hits by Fox and Robinson and then Bridges, 30, closed it out in whiplash fashion.

The Yankees backed their pitching trio with 10 hits, including a homer by Elston Howard and a double by Cleo Boyer, to tag Juan Pizarro with his second defeat. Bobby Richardson ran his hitting streak to 16 games with two hits for the Yankees.

League Leaders

The Detroit Tigers beat the Kansas City A's, 3-2, in 10 innings, the Washington Senators snapped their 13-game losing streak with a 2-1 decision over the Boston Red Sox, the Los Angeles Angels defeated the Cleveland Indians, 8-5, and the Minnesota Twins downed the Baltimore Orioles, 6-3, in other A.L. games.

In the National League, the San Francisco Giants beat the Pittsburgh Pirates, 4-2, for their seventh straight win; the St. Louis Cardinals defeated the Houston Colts, 6-4, the Cincinnati Reds whipped the New York Mets, 8-2, and the Los Angeles Dodgers topped the Chicago Cubs, 6-5, in a 16-inning marathon that lasted five hours and six minutes.

Pinch-hitter Vic Wertz singled home two runs in the 10th inning for the Tigers, negating a homer by Kansas City's Jerry Lumpe in the bottom of the inning. Jim Bunning struck out six and yielded seven hits in winning his third game by out-pitching Jerry Walker (3-1).

Pete Burnside pitched a four-hitter and struck out seven to give the Senators their first win since April 18 when the ex-Giant also won. Jim Piersall doubled in the eighth and pinch-runner Chuck Hinton scored the winning run on Jim King's sacrifice fly.

Leon Wagner drove in four runs with two homers to pace a 10-hit Los Angeles attack that brought rookies Bo Belinsky his third win without a loss. Earl Averill also homered for the Angels and Chuck Essegian, Gene Green and Al Lusprow homered for Cleveland.

Camilo Pascual's nine-hit pitching and second homer of the season brought him his fourth victory for the Twins, who tagged Baltimore's Chuck Estrada with his third defeat. Jim Gentile hit his fifth homer for the Orioles.

Billy O'Dell's nine-hit pitching, Orlando Cepeda's seventh homer and several defensive lapses by the Pirates enabled the league-leading Giants to continue their streak. O'Dell did not walk a batter and struck out seven in raising his record to 8-0. Johnny Logan had four hits for Pittsburgh.

Ed Bauta's late relief pitching "saved" rookie Ray Washburn's second win after the Cardinals opened up an early 5-1 lead on Houston. Dean Stone, who had won his two previous decisions, was chased in the first inning when the Cardinals scored five runs on three walks and four hits.

Joey Jay pitched an eight-hitter and hit a three-run homer for the Reds who spoiled the Mets' first home night game before a crowd of only 6,595.

ON VOTING... Supervisor of Registrations Camilla Bruce predicts "we'll be lucky to have 6,500 go to the polls next Tuesday." . . . Why, Oh why won't people exercise their voting privilege?

School of instruction for clerks set at 7:30 p. m. today at the Home Demonstration Center . . . 50 machines all ready for the election . . . they were inspected by Commissioner James P. Avery and Mrs. Bruce Wednesday.

Don't forget the rally at Sanford Junior High School tonight at 8 p. m. The nest of birds in the auditorium will be there.

A CONVERSATION WITH CHAIRMAN J. C. HUTCHISON

Reporter: What about this hassle Tuesday at the Commission meeting?
Hutchison: You know I've been trying to be a fair chairman but, I won't back down on my stand.

Reporter: What do you mean?
Hutchison: If they would have taken me into their confidence the whole thing would have been ironed out.

Reporter: When are they going to start work on the road?
Hutchison: You'll have to ask the group handling that.

Last year the City Commission agreed to clean up vacant lots . . . give property owners an ultimatum . . . What happened? . . . Another pipe dream?

The coffee and crullers contingent that give so much "trial by the arresting officer" opinions in their deliberations of the DWI cases tried the other day in the county court could be—just possibly—be wrong.

The arresting officer still must make a case that will stand up in court if he books someone on a DWI charge. UNLESS the accused pleads guilty.

That coffee cup comment that if the person with the "fragrance" of alcoholic beverage on his breath will not agree to take a drunk-o-meter test, he is automatically given a jail sentence, just isn't so, according to the lawyers who learned their law in law college instead of under a lamp post.

If the accused pleads not guilty, say the barristers, he has the right to jury trial and the state must "prove beyond a reasonable doubt" to six jurors that he (or she) was driving while intoxicated.

If the jury says "Guilty," THEN the judge will impose the jail sentence which he has said he would when a person is guilty of DWI. A verdict of "not guilty" takes that burden off his back.

That's the reason, according to the legal minds that have passed the state bar examination, that the judge emphasized that if there were to be convictions, the State Troopers and Deputy Sheriffs would have to be sure that adequate tests were given the detained driver and that someone other than the officer could give testimony as to the results. Otherwise, the trial jurors might not go along with the charge of DWI.

Any volunteers to check out these comments — or the officers' and the judge's seriousness about getting these intoxicated drivers, who are so likely to injure or kill innocent people, off the road?

Redistricting Completed At Sanford Area Schools

Study Set On South Seminole

School officials have completed redistricting schools in the Sanford area and plan a study in the "near future" to re-establish school boundary lines in South Seminole County, Administrative Aide Walter Teague reported today.

The purpose of the redistricting in the Sanford area, according to Teague is to equalize children after the school board agreed to up the grades at Southside School from 1-6 grades.

Previously at the Southside School, grades were 1-4.

Other schools involved in the redistricting move are Westside-Grammar, Pinecrest and Lake Mary.

The biggest majority of the students will be from Ravena Park and they will be moved from Southside to Grammar School.

About 15 percent of the 2,600 youngsters going to the Sanford area schools will be involved in the shift.

Teague also reported that a study will start redistricting the South Seminole schools to eliminate double sessions at the Altamonte Elementary School.

Folsom Counted Out In Alabama

BIRMINGHAM, Ala. (UPI) — A former circuit judge who battled to the top on a white supremacy platform and a dapper young state senator apparently won the runoff posts for Alabama governor, late Democratic primary returns showed today.

However, two-time Gov. James E. (Big Jim) Folsom dramatically refused to concede the second runoff spot to State Sen. Ryan deGraffenried of Tuscaloosa.

"We are in the runoff," Folsom telephoned United Press International, "and it will be a hell of a runoff."

The six-foot, eight-inch giant who wows the branches with gular picking bands and red gaiters said figures compiled at his hometown headquarters in Cullman showed him leading deGraffenried by 719 votes.

With only 36 boxes of an estimated 3,688 still not reported, George C. Wallace had a commanding 206,503 votes. DeGraffenried had 159,301 and Folsom 157,862. Five other candidates fell by the wayside.

Folsom, who admitted it was his "toughest race" in the last days of the six-week campaign, was adamant in his refusal to concede. "I'm going to be in that runoff or else there will be a hell of a grand jury investigation."

U. S. Tells Neutrals: Will Gladly Cease Tests

WASHINGTON (UPI)—The United States told the neutral nations today that this country "will gladly cease" nuclear testing the moment an effective test ban agreement can be reached with Russia.

But in a note to the government of Ghana, the United States said that without a Soviet agreement, this country "will not unilaterally relinquish the right to conduct defense preparations."

The note was dispatched a day after the Defense Department and Atomic Energy Commission announced that the third U. S. atmospheric weapons test had been conducted in the Pacific.

The note to Ghana urged the neutral nations to support U. S. efforts to achieve an effectively monitored test ban agreement. It was in response to a note of April 26 from Ghana appealing for an end to testing by all nations.

The U. S. reply said that this country "regrets the necessity" for its Pacific test series but that in the absence of Soviet agreement, it must be conducted.

NATO Drafts Plan On Nuclear Weapons Sharing

ATHENS (UPI)—The NATO powers have drafted a three-stage plan by which the United States and Britain will share control of their nuclear weapons strength with their European allies, it was disclosed today.

A highly-placed source said the plan will be presented for review to the full-dress meeting of the foreign and defense ministers of the 15-nation alliance underway here.

The defense ministers met first in closed session this afternoon, with the NATO ministerial conference itself to get underway Friday morning.

Titov, Glenn Meet In Cordial Comradship

WASHINGTON (UPI) — Soviet astronaut Gherman Titov and U. S. space hero John H. Glenn met today for the first time in a spirit of cordial scientific comradeship.

Their introduction took place at the National Academy of Science where Titov, Glenn and their wives shared coffee before starting on a sightseeing tour of the nation's capital.

gerous for any government seeking to maintain its independence." But the note said this government "will gladly cease the testing of nuclear weapons the moment an effectively monitored agreement to that effect enters into force."

Ghana is not a member of the 17-nation Geneva Conference but the note said the United States would appreciate the African government's support.

It added the United States has accepted "as one basis for further negotiations" a neutral nations test ban proposal which would involve on-the-spot inspection in Russia only with Soviet consent on a case by case basis.

The note said Russia undoubtedly "derived much information of military significance" from its test series last fall.

"If the Soviet Union," it said, "were to conduct nuclear test explosions while the United States refrained, military preponderance would in time come to rest with the Soviet Union."

This, the United States said, "would be exceedingly dangerous for any government seeking to maintain its independence."

North Orlando College Plans Are Confirmed

Plans for a four-year college and university in North Orlando were confirmed Wednesday by trustees of the University of Orlando Junior College and the North Orlando Co.

Making the joint announcement were Morris S. Hale Jr., president of the college and H. Robert Swartzburg of Miami, president of the company.

The school will be built on a 300-acre land grant from the company located within the village limits and is scheduled to open as a junior college by September of 1963. One class a year will be added with the facility expected to attain a full university status by 1966.

Although the main purpose of the North Orlando school will be to provide ample space for a four-year college, with dormitories if needed, the junior division also will provide additional facilities for students of the rapidly growing immediate area.

In addition to the original property grant, the college has taken option on an adjoining 100 acres.

48 Killed In Train Wreck

TOKYO (UPI) — A triple train collision near Tokyo tonight was reported to have killed 48 persons and injured 163 others.

The collision occurred at a suburban Mikawashing station. It involved two commuter trains and a freight train.

One commuter train and the freight brushed each other on parallel tracks near the station, and three coaches of the commuter train were derailed.

Then another commuter train crashed into the derailed coaches, causing one of them to tumble down the railway embankment, trapping passengers inside.

Historic Flight

WASHINGTON (UPI) — The United States chalked up a historic space first last week by transmitting television pictures via an orbiting communications satellite, the Air Force announced today.

President Kennedy today urged government officials, educators, community leaders, and parents to redouble efforts to speed integration of public schools.

In a telegram to the fourth annual education conference of the Civil Rights Commission, Kennedy said such an effort was needed "if constitutional rights are to be vindicated and public education strengthened."

The President said compliance with the Supreme Court's school desegregation decision has demanded the best effort of educators. He said it was "a tribute to their competence and dedication" that a number of communities had started a peaceful and orderly transition unmarred by racial discrimination.

Wright Case Probe Expected

Twelve citizens were summoned to appear before the Seminole County Grand Jury selected this morning to probe into the shooting and death of Virgil James Wright on April 14.

Those called to testify included Dr. W. A. Derrick, an Orlando pathologist, who was summoned to tell the jury about the physical conditions resulting from the shooting that caused Wright's death.

Following the pathologist, the second witness was Robert Shelden, manager of the local office of the Southern Bell Telephone Co., where Wright had been employed for a number of years.

Others summoned to appear before the panel were John Rotundo, Edward Hayden, Sanford City Policemen Earl Bourquard, Robert Howell and Fred Kelley; Deputies J. Q. Galloway, V. S. Brawster; Justice of the Peace W. H. Duncan, and Marion Harman.

Earlier Assistant State's Attorney Anthony J. Hoanman had said the Wright case was among those to be investigated, but he declined to reveal what other cases were to be investigated.

The 18-man jury was selected after all were qualified and they were sworn in by County Clerk Arthur W. Beckwith Jr.

Prior to the swearing in ceremony Judge Volle Williams gave the prospective jurors a talk about the importance of the duty to which they had been summoned, and termed it "the best protection of the people against arbitrary government." He prefaced his remarks by a scholarly and comprehensive discussion of the beginnings of our concepts of government.

Out of the 50 called for duty there were only five who asked to be excused. Among them was an elderly gentleman who said he was "82 years old, and a little young for this sort of thing."

Those selected for duty were: Leopold N. Wolfe, Lawson L. Wilson, Charles Wilkie, John W. Wilson, Wade H. Singletary Jr., George D. Bishop Jr., Ed. R. Willink, Oliver R. Mathews, Knute W. Davis, Robert E. Carnes, John W. Spaulding Jr., Merrill Robinson, Burrell P. Hennessy, Stanley A. Miller, William A. Ludwig, Otto McDaniel and Stanley Kulps.

Sanford Woman Shoots Hubby

A Sanford woman was charged with discharging firearms in the city limits after she shot her husband in the leg Wednesday night, police said.

The woman was identified as Mrs. Betty Ford, 1505 Wynwood Dr. Her husband, Les Roy Ford, was treated at Seminole Memorial Hospital for a gun shot wound.

Police said that Mrs. Ford apparently shot her husband "accidentally" in the back yard of their home.

'Speed Mixing,' Kennedy Says

WASHINGTON (UPI) — President Kennedy today urged government officials, educators, community leaders, and parents to redouble efforts to speed integration of public schools.

In a telegram to the fourth annual education conference of the Civil Rights Commission, Kennedy said such an effort was needed "if constitutional rights are to be vindicated and public education strengthened."

The President said compliance with the Supreme Court's school desegregation decision has demanded the best effort of educators. He said it was "a tribute to their competence and dedication" that a number of communities had started a peaceful and orderly transition unmarred by racial discrimination.

Altamonte Mayor Answers Fire Critics

Wednesday night's meeting of the Altamonte Town Council was primarily concerned with routine matters with the exception of a statement concerning the activities of the Altamonte Springs Fire Department on the afternoon of April 28.

Before the meeting was called to order Mayor Lawrence Swofford delivered himself of a brief homily on the responsibilities of the press and his relations with the press. His purpose, he said, was to set the record straight and to point out that on the

afternoon in question, which was the day of the brush fire north of the town, the Altamonte Springs Fire Department had the conflagration under surveillance from noon until it was declared out.

He pointed out that the Altamonte Springs department does not service areas outside the corporate limits of the town because of the expense involved in the operation of the department.

"We feel that if those desiring fire protection aren't willing to share the \$4,000 annual cost of the department by being part of the town and paying taxes, they shouldn't expect the benefits that accrue to those paying taxes," he said. "But, we want it known that members of the department were patrolling the fire area at regular intervals all afternoon, and when the fire was expected to enter the city limits and do possible damage, the fire truck was there, manned and ready."

He also mentioned the presence of a clique in the community that is harassing his administration and said the press had "knowingly or unknowingly" joined it by "printing the misleading and one-sided article." He declined to name the leaders or members of the group.

In other business the council decided to investigate the purchase of Civil Defense equipment from the Federal Government's storehouse at Camp Blanding where it can be purchased, through channels, for a fraction of its original cost to the government.

The matter of past due taxes and paving liens was brought up and City Attorney Sylvan J. Davis was instructed to start proceedings to collect the funds due the city from as far back as 1957.

The council was pleasantly surprised when Homer Sewell Jr. addressed them for the purpose of complimenting the Mayor and Council for the excellent way they had conducted the town's affairs, and said he considered it a "privilege and a pleasure" to live in a town where the administrative officials were doing "such a good job."
