

## Salvation Army Notes Service To 'Needy'

CAPT. CLARK

Capt. Richard Clark, Commanding Officer of the Seminole County Unit of the Salvation Army said today that he welcomes the opportunity to join with the other participating agencies in endorsing the United Fund of Seminole County.

The theme of the Salvation Army is "Hand to Man and Heart to God."

To the needy of Seminole County, the Salvation Army in Sanford stands ready to serve. The record for the first nine months of 1961 shows that with "Hand to Man" \$75 applied to this agency for their needs to be met. This breaks down into 187 grocery orders, 12,919 garments distributed with 780 pairs of shoes. Various other services were given such as visits made, rent, fuel, medicine orders, and others.

Also in this capacity, they serve those transient individuals who come through Seminole County. There were 179 homeless who applied with 148 for lodgings, 182 meals, plus transportation, garments, shoes and other aid being given.

With "Heart to God" the Salvation Army has provided 229 religious services for adults and 458 services for Young People. Salvation Army's share of the United Fund is \$7,800.

## Business Briefs

A new bonded warehouse is now open in Sanford at 200 N. Holly Ave. under the management of W. A. Adams.

The 10,000 square foot warehouse is completely fireproof and has complete transfer and storage facilities and is available for commercial or bonded storage.

United Transfer and Storage Warehouse is affiliated with Suddath Moving and Storage and Atlas Van Lines.

W. A. Adams has been in the business since 1932 and resides at 2101 Lily Court. R. J. O'Neill, is the office manager.

## Saturday Program Set For Pre-Teens

The Saturday morning Pre-Teen program has been an active time for local children, six to 12 years old.

For the past six weeks, the children have participated in football, cheerleading, archery, ping-pong and many other activities.

For this Saturday, Mrs. Sue Torres, director of the Pre-Teen Program is planning a Bubble-gum Blowing contest, archery, cheerleading and a special treat of refreshments.

Registration is still open for children six through 12 years of age. Those interested should come to the Arts and Crafts building in Ft. Mellon Park, Saturday between 9 a. m. and noon.

## Reception Planned For New Minister

Rev. Jack Powell, new minister of the Longwood First Baptist Church and his family will be special guests Sunday when W.M.U. members honor them between the hours of 3 p. m. and 5 p. m. at a reception in Fellowship Hall. All townspeople and residents of the surrounding areas are invited to attend.

## Diocesan Societies Set Convention

The 33rd Annual Convention of the St. Augustine Diocesan Union of Holy Name Societies will be held from Oct. 27 through Oct. 29 at the Colonial Inn on St. Petersburg Beach.

William D. Noble, president, has stated that more than 800 delegates from 118 parish societies in Central and Northern Florida are expected to attend.

Archbishop Joseph P. Hurley will deliver the principal address at a banquet on Saturday evening and at noon on Sunday, members and their families will attend a Solemn Pontifical Mass. They also will participate in the Eucharistic Congress at Bishop Barry High School which will be open to the entire diocese.

## Mrs. Holter Dies At Hospital Here

Mrs. Frances Alice Holter died Wednesday night in Seminole Memorial Hospital. She was the widow of the late Charles Holter. She was born Dec. 12, 1879 and came to Sanford in 1938 from Racine, Ohio.

Mrs. Holter was a member of the United Brethren Church. She is survived by five sisters and three grandchildren. Mrs. Edgar Vale of Sanford; Mary Ann Huddleston of Pomeroy, Ohio, and Paul Carroll Holter who is in the United States Air Force.

Remains were forwarded to Pomeroy, Ohio, where she will be interred. Gramkow Funeral Home in Sanford is in charge.

## Bridge Party Benefits Circle

Mrs. Richard Cleveland of Lake Mary was hostess at her home for a Wednesday Evening Bridge Party arranged for the benefit of the St. Theresa Circle of the Church of Nativity Catholic Women's Club.

Co-hostess with Mrs. Cleveland was Mrs. Ralph Melius. Prizes for high and low scores from the five tables playing went to Mrs. Frank Durso and Mrs. John P. Cullen.

THE FIRST CHRISTIAN CHURCH of Sanford will be host for the World Community Day Services in the area on Nov. 3. Attending a meeting Monday of the Christian Women's Fellowship which is taking a large part in preparing for the observation, were, from left, Mrs. J. L. Horton Jr., president of the group; Rev. Ernest Rollek, pastor of Good Shepherd United Lutheran Church and president of the Ministerial Assn. and Mrs. K. K. Ring, program chairman for the evening. (Herald Photo)

## World Community Day To Aid Education

Observance of World Community Day on Nov. 3 will be sponsored in the Sanford area by United Church Women of the First Christian Church.

According to Mrs. Bart Hinson Jr., chairman of all events planned in conjunction with the worldwide observation which this year is based on the theme "Freedom to Know," the U.C.W. members hold a strong belief that freedom must be buttressed by knowledge and that the building of a world at peace is strongly related to critical educational needs of women and children in developing countries.

In keeping with the emphasis on education, church women are making school bags and equipping them with basic school supplies for distribution in Latin America where increased effort is being made to provide better educational opportunities, Mrs. Hinson said.

She continued by advising that church women also are sewing clothing suitable for school and are collecting used sweaters and coats to fill the urgent needs reported by mothers of Central America and South America who, at present, must keep their children at home from schools in the more crowded urban areas because of lack of clothing.

The offering received on World Community Day will be used to help train Latin American women in adult education programs and to further the United Church Women's International Relations Program.

Statistics show, Mrs. Hinson said, that there are 44 million illiterates and approximately 15

million children of school age who are unable to attend in Latin America. Primary schools are lacking and secondary education and adult education are far from sufficient in areas where such programs are most needed. It is this need which the United Church Women seek to help fill on World Community Day.

## Bahia Dedication Set Saturday

The Bahia Temple will dedicate its new building on Gore Ave., Orlando at ceremonies beginning at 1:30 p. m. according to A. F. Horton a Temple official. The program will celebrate the completion of the Shrine Mosque.

A parade will be staged in downtown Orlando at 11 a. m. Saturday and the principal speaker at the ceremony will be Past Imperial Potentate Thomas C. Law. Also taking part in the program will be Aubrey G. Graham, past Imperial potentate of Hadive Temple.

An initiation and Temple Ceremony Friday night will precede the dedication.

## Time Changed

Rev. Paul E. Shultz, vicar of the All Saints Episcopal Church in Enterprise, has announced that during the winter months the hour of the second service each Sunday will be changed from 9:30 a. m. to 11 a. m.

Dr. Joe A. Tolle, DeLand district superintendent of the Florida Conference of Methodist Churches, will conduct the 7 p. m. Sunday worship service at Ebenezer Church in the first of five Sunday services of gratitude and consecration to be held in the new church building.

Program for the special services, as announced by the Planning Committee of Ebenezer Methodist Church, designates the first as the Inaugural Service to be followed by Dedication of the Rev. J. W. Austin Memorial Fund with Dr. R. C. Holmes conducting the 11 a. m. service; The Community Challenge with Rev. John T. Adams conducting the 11 a. m. service; Laying the Cornerstones with Rev. Hugh Booth of Ebenezer Church conducting the service and consecration Service with Bishop James W. Henley conducting the service.

During the Inaugural Service, and with cooperation of Dr. Tolle, the Ebenezer Service Commission on Missions will express its gratitude to the Board of Missions for assistance in making the new building a reality.

The evening worship also will commemorate World Service Sunday, which places emphasis on Home Mission Building, with the local church a fitting example, and will be celebrated as United Nations Sunday when the Ebenezer Commission on Christian So-

cial Concern will take an active part in the program.

Special acknowledgements to be made Sunday evening include recognition of the building committee, architect, contractor, the church's official board and of the trustees.

Clifford Johnson, chairman of the building committee, will introduce this group and will deliver an expression of appreciation for services of each.

A symbolic key to the building will be presented to Dr. Tolle from the contractor and in turn will be handed over to Harold P. Clark, chairman of the Board of trustees.

A record of the Inaugural Service and the symbolic key will be placed in the cornerstone when it is laid on Nov. 12.

## Russia Tests Huge Device

### Four Candidates Enter Race For School Trustees

Two Sanford residents qualified just under the wire last Friday to enter the board of school trustees election Nov. 7.

The two are Donald Bales and Mrs. Margaret Echelberger.

Incumbents seeking the post again will be Ray Slaton and Fred Rutledge.

Those elected Nov. 7 will serve two-year terms, beginning Jan. 1 on the three member board. The three candidates with the highest number of votes will be elected in the county-wide election.

The trustees, who receive no salary, set largely in an advisory capacity to the school system.

Perhaps their most important function is in nomination of instructional personnel, in which they act as a sort of screening committee.

They receive the superintendent's recommendations and either nominate the personnel for ultimate appointments by the school board or reject the recommendations for good cause.

The trustees also supervise use of school facilities for other than school purposes and may recommend dismissal of instructional personnel and repairs and alterations to the schools.

Margaret Echelberger

DONALD BALES

### 7.5 Million Seen By '70

JACKSONVILLE (UPI) — Sen. George A. Smathers, D-Fla., urged city leaders today to start community and area wide planning immediately to meet a population increase of 2.6 million by 1970.

Speaking before the League of Municipalities here, Smathers also asked them to anticipate the needs of expanding federal military and space age facilities.

He said the federal government

### City Opens Bids On Cars, Trucks

The City Commission met in special session late Friday afternoon and opened bids on two police cars, one compact vehicle and four pick-up trucks.

The apparent low bid for the two police cars was turned in by Strickland-Morrison with a bid of \$4,312.

The apparent low bid for the compact car, to be used by the city manager, was by Strickland-Morrison for \$2,023 and the Sanford firm was also apparent low bidder for the four trucks for \$6,540.

The bids will be awarded at the next city commission meeting. Bids were also opened on gasoline. Apparent low bidder for Premium, City Service; Regular, Gulf, and Diesel, Sinclair.

### United Fund Lists Pledges Of \$100

United Fund drive officials here announced today that many contributions of \$100 or more have been received from individuals and companies.

The list made public today included the names of Harold H. Kastner and Co.; Chase and Co.; Florida Power and Light; Florida State Bank; Sanford Atlantic National Bank; First Federal Savings and Loan; Southern Bell Tel. and Tel.; the 400 Club; All Saints Church, and Seminole County Laundry.

Also, Randall Chase; R. J. Bauman; Gen. J. C. Hutchison; Sidney Ives, III; W. E. Kirchhoff; R. F. Mann; Mr. and Mrs. George Touby, and T. E. Tucker.

### Bolivian Schools Closed In Riots

LA PAZ, Bolivia (UPI) — High schools and universities throughout Bolivia were padlocked today by official order to put a stop to student participation in anti-government riots.

The government clamped a "state of siege"—modified martial law on La Paz Saturday night after 18 persons had been injured in riots protesting an increase in bus fares and decontrol of taxi fares.

### Film Leader Dies

BEVERLY HILLS, Calif. (UPI) — Joseph M. Schenck, 81, one of the motion picture industry's foremost producers during the 1930s and 40s, died of a heart attack Sunday at his home. He had been in poor health for the past six years.

### 2 Nations Detect It; U. S. Doubts It's 50 Megaton

By United Press International Swedish and French detection stations reported today that the Russians had exploded a gigantic nuclear device in the Arctic which "probably" was Soviet Premier Nikita Khrushchev's promised 50-megaton bomb.

There was no immediate confirmation from the U. S. Atomic Energy Commission. On the basis of preliminary reports, U. S. officials said they were skeptical that this actually was Khrushchev's 50-megaton bomb.

One well-informed Washington official advised that the report of a 50-megaton explosion be treated with caution. He said the Russians set off a nuclear device today but it was believed to be far less than the equivalent of 50 million tons of TNT.

"Khrushchev said the 50-megaton explosion was coming at the end of October, didn't he?" the official reminded.

The test report caught the United Nations delegates in the midst of a debate on a "solemn appeal" to the Soviet Union not to explode the super-bomb.

A vote had been expected this afternoon in the General Assembly's main political committee on a seven-power resolution containing the appeal.

Danish Ambassador Aage Heeselland-Jensen said the sponsors of the appeal awaited more information before deciding how to proceed with the resolution. The measure was sponsored by Denmark, Norway, Sweden, Iceland, Canada, Japan and Pakistan.

Reports of the blast came first from Sweden's Uppsala University seismological institution and then from the French atomic energy commission. Both have recorded and announced previous Soviet nuclear explosions in the current series.

The Uppsala institution recorded the explosion at 3:35 a. m. EST. It was set off in the Russian's testing zone at Novaya Zemlya.

Several hours later the French agency said it had detected a "very, very powerful" explosion which was "probably of the 50-megaton size."

Speaking of the Jaycees, how about stopping by Saturday and getting a pancake before you head to Gainesville for Florida Homecoming.

And speaking about football — How about those Seminoles.

Rumors from out Geneva way have it that there'll soon be strong movement under way to take a rural mail route which would operate out of the community's new post office.

### Sanford Man, 80, Hurt In Collision

An 80-year-old Sanford man was hospitalized Sunday afternoon after his car was hit "broadside" by another vehicle at 23th St. and Hardy Rd., police reported.

Barney Beck of 2142 Laurel Ave. was hospitalized with two cracked ribs and cuts and bruises shortly after the mishap.

The driver of the other car was Ebba Lee of Monroe Corner.

No charges were filed, police said.

### Blaze In Garage Is Extinguished

Sanford firemen extinguished a garage fire early Sunday morning at 214 E. 18th St., Chief Mack Cleveland said.

"Considerable" damage was done to the contents, Cleveland added. Cause of the fire was not known, he added.

### 2 Nations Detect It; U. S. Doubts It's 50 Megaton

By United Press International Swedish and French detection stations reported today that the Russians had exploded a gigantic nuclear device in the Arctic which "probably" was Soviet Premier Nikita Khrushchev's promised 50-megaton bomb.

### No Prospects Of Talks, Says Rusk

WASHINGTON (UPI) — Secretary of State Dean Rusk sees no prospect of immediate negotiations with the Soviet Union over Germany and Berlin.

Rusk made the statement Sunday shortly before U. S. Ambassador Llewellyn Thompson left for Moscow where he eventually is expected to resume exploratory talks with Soviet officials on the Berlin issue. Thompson is scheduled to arrive in Moscow Tuesday.

In a television interview (ABC) issues and answers Rusk made it clear the West is negotiating from a position of strength. He said that Soviet Premier Nikita Khrushchev "must know that we are strong."

### Advanced Polaris Fired By Navy

CAPE CANAVERAL (UPI) — The Navy fired an advanced model Polaris rocket from the depths of the Atlantic Ocean for the first time.

The USS Ethan Allen, America's largest missile-launching nuclear submarine, triggered the 30-foot-tall Polaris A2 rocket from a firing tube in its deck at 40 seconds past 11:23 a. m.

The firing appeared generally successful.

will have the right to purchase the franchise and facilities;

Sewer connection will be mandatory but water connection will not;

Rates will be established by the commission only after public hearing;

Fire hydrant installation will be required. This will almost surely result in lower fire insurance rates;

The board may require a 100 percent surety bond for performance within a specified time;

Sewage disposal plants shall conform to state regulations but shall be of a design to produce optimum results under all conditions;

All plants will be required to have auxiliary equipment in the event main equipment breaks down;

A system of rigid inspection is outlined and will be financed from the franchise fees. Any surplus fees shall be turned into the county general fund.

An Oviedo man and a DeLand resident were listed in "critical" condition today "hanging to life by a thread" after a two-car smash-up in Geneva early this morning, the Florida Highway Patrol reported.

Listed in critical condition at Orange Memorial Hospital are Harley Cox, 33, of Oviedo and John William McCormick, 19, of DeLand. Both have severe head injuries.

A passenger in the McCormick car, Frank Duval, also of DeLand, was listed in fair condition at Seminole Memorial Hospital suffering from a shoulder injury.

Trooper J. L. Sikes said the accident occurred at the intersection of SR 426 and SR 16 in Geneva. McCormick, driving a late model sedan was attempting to make a turn into SR 16 and slammed into a foreign car driven by Cox.

The small car was knocked off the road while the sedan was enveloped in flames. Both cars were declared a total wreck, according to Sikes.

**Mercury Hits 46 Low Over Week End**  
Sanford shook and shivered in the lowest temperatures of the season over the week end as the mercury dipped to within four degrees of frost Saturday, according to readings charted by the Central Experiment Station here.

The low Saturday was 46 and the high 71. On Sunday the low and high both went up seven degrees to 53 and 78.

This morning the low went up another degree to 54.

A high pressure system was centered this morning over the Carolinas. Behind it extending from the Great Lakes to Texas was a cold front.

**Herald Straw Poll Continues**  
The Herald is conducting a straw poll to determine just what the people want in the way of Civil Defense.

The sample ballot will be run each day for a two week period with the results made public Nov. 3.

**Sample Ballot**  
(All Ballots to Herald Editor)  
(Please answer yes or no)

1—Are you willing to pay for a half million dollar Civil Defense program? ( )

2—Do you favor a skeleton warning system proposed by Civil Defense Director A. B. Peterson Sr. at a cost of \$16,000? ( )

3—Do you favor a full warning system proposed by Peterson at a cost of \$32,000? ( )

4—Do you favor not spending one dime more for Civil Defense than the \$1,000 appropriated this year? ( )

5—Any other suggestions? ( )

## Franchise Law Report Ready For Commission

The County Commission Committee firming up a franchise law for Seminole County has completed its report and will ask the commission to adopt a 15-point program at its meeting Oct. 31.

The committee is comprised of James P. Avery and John Fitzpatrick.

Three companies have already put in applications for franchises here and initial investments will total over a million dollars.

According to the report, franchises will not be granted for a period exceeding 20 years and will

be granted for defined areas within Seminole County outside corporate limits of municipalities.

Other recommendations, according to Avery are:

A permanent water and sewer committee established consisting of one county commissioner, county engineer, county sanitarian and zoning director;

All designs must be prepared by a competent engineer registered in the state and approved by the Florida Board of Health;

Should any municipality annex areas be served by a franchise, it

will have the right to purchase the franchise and facilities;

Sewer connection will be mandatory but water connection will not;

Rates will be established by the commission only after public hearing;

Fire hydrant installation will be required. This will almost surely result in lower fire insurance rates;

The board may require a 100 percent surety bond for performance within a specified time;

Sewage disposal plants shall conform to state regulations but shall be of a design to produce optimum results under all conditions;

All plants will be required to have auxiliary equipment in the event main equipment breaks down;

A system of rigid inspection is outlined and will be financed from the franchise fees. Any surplus fees shall be turned into the county general fund.

Discussing the need for a franchise law, Avery said that from a public health viewpoint "it is ab-

solutely imperative that plans be made to stop the contamination of our lakes and streams by septic systems and package disposal plants that are not as efficient as our state and local health officials would like."

Avery added that the alarming rise in the number of infectious hepatitis cases in the county this past year was in part attributed by health authorities to ineffective sewage disposal.

"This law," according to Avery, "will be a tremendous step in the growth of the county."

# Juvenile Council Sets Annual Meet

The annual business meeting of the Seminole County Juvenile Council, Inc., will be held Thursday at 8 p. m. in the courtroom of the Courthouse.

Members and all others who are interested in the welfare and future of the children of the county are urged to attend.

This meeting will kick off the membership drive and the agenda includes election of officers and directors, discussion of past activities and plans for the coming year.

Guest speaker will be Honorable W. Troy Hall Jr., Circuit Judge of the Fifth Judicial Circuit, formerly County and Juvenile Judge of Lake County, one of the state leaders in combatting juvenile problems.

The Seminole County Juvenile Council was conceived and organized under the guidance of the late Judge Wilson Alexander, and

Other functions include the assistance, financially and otherwise of correcting and rehabilitating the needy juveniles where no other means of assistance is available. The Council does not seek to control or assume the responsibilities of other agencies having the same objectives, but it seeks to closely cooperate with and invites the assistance of, other related and interested agencies.

Its purposes are directed to promoting the general welfare of needy juveniles and in developing better understanding of juvenile problems by the public. The council encourages and endeavors to organize and operate such agencies deemed advisable for the correction training, education and placement of needy juveniles within Seminole County.

It chartered Dec. 18, 1959 as a non-profit corporation.

Its purposes are directed to promoting the general welfare of needy juveniles and in developing better understanding of juvenile problems by the public. The council encourages and endeavors to organize and operate such agencies deemed advisable for the correction training, education and placement of needy juveniles within Seminole County.

The Council does not seek to control or assume the responsibilities of other agencies having the same objectives, but it seeks to closely cooperate with and invites the assistance of, other related and interested agencies.

## Tourist Influx Into State Sets Nine Month High

Nearly 100 million tourists came to Florida the first nine months of 1961, the Florida Development Commission said today.

This is almost as many as the state attracted during the entire 1959 season, a Commission spokesman said, and "only 1.4 million short of our goal of a record 101 million this year with three months still to go."

Florida hosted 10.8 million visitors last year, a drop of half a million from 1959's record 11.3 million. At the half-way mark of 1961, Florida had gained half a million over the corresponding period in 1960.

The third quarter report showed 4.6 million out-of-staters came to Florida during July, August and September, only 1.4 million fewer than came during the previous six months.

Bulk of the visitors came by car with 1.76 million in July and 1.89 million in August. Half a million drove to Florida in September.

Plane, train, and bus passengers to Florida during the three-month period numbered 350,204, 136,046 and 47,697 respectively for a total of 533,947.

## Horror Film Turns Into 'Nightmare'

NEW ORLEANS (UPI) — A massive concrete ceiling collapsed with a thunderous roar and dumped a ton of debris onto a crowd watching a horror movie Sunday night in a small neighborhood theater.

One woman was crushed to death and 45 others were injured. An unidentified man screamed a warning a split-second before the chunks of mortar plunged down. It probably saved the lives of other persons in the audience.

They had a chance to dive underneath the seats. The concrete crushed many of the seats, but gave enough protection for the

people underneath to stagger out of the theater, choking and gagging on the dust. Most suffered only minor injuries.

"It sounded like thunder or an explosion," a dazed girl sobbed. She was looking for her 18-year-old cousin who had gone to see the show "Homicidal" with her at the Nova Theater.

Mrs. Mary Odinet, 65, did not have a chance to move out of her seat. Firemen said she was crushed under the debris that fell from the 30-foot high inner ceiling.

Many of the injured were children. Most of them suffered face and head cuts. They were taken to four different hospitals. Several were in serious condition and kept for observation, but most were released after emergency treatment.

Parents with children inside battled police and firemen trying to hold the crowd back. They wanted to get inside to look for their children.

"It was a turmoil, a panic," said district fire chief Raymond

Henderson. His fire company was first at the scene.

"My men had to fight through people to get in," he said. "They were trying to get to their children."

## Dr. T. B. Henderson Dies In Virginia

Dr. T. Brantley Henderson who practiced medicine in the Williamsburg and Richmond area for many years and had recently made his home in Maitland died Sunday in the Williamsburg Community Hospital.

He was a native of Halifax County, Va., and was graduated from the Medical College of Virginia and for a number of years he engaged in general practice. Later he specialized in eye, ear, nose and throat.

He was a member of the Pulaski Club in Williamsburg, former commander of the Williamsburg American Legion, a member of the Williamsburg Rotary Club and a member of the University Club of Winter Park.

Mr. Henderson was a captain in the U. S. Army in World War I, a Mason and he belonged to the Phi Beta Phi Medical fraternity at the College.

He is survived by his wife, Mrs. Helen H. Henderson, Maitland; two sons, Thomas Brantley, and Horace E. McLean, both of Williamsburg; five daughters, Mrs. Ruth Henderson Gallagher, and Mrs. John Schirard Jr., both of Sanford; Mrs. Rosalind H. Westgate of Williamsburg; Mrs. Thomas G. Little of Atlanta and Mrs. Hope H. Allards of Newport News, Va.

A memorial service was held today in the Cedar Grove Cemetery in Williamsburg.

## J. D. Warren Sr. Dies In Orlando

John D. Warren Sr., 73, died at the Orange Memorial Hospital in Orlando at 9:20 p. m. Saturday night. He was born August 14, 1888 in Sanford and had made his home in Longwood for the past 28 years.

Mr. Warren was retired from the Fosgate Company in Forest City, where he was employed for about 10 years. He was with the Florida State Game Commission for a number of years.

Surviving are his wife, Mrs. Gussie Warren of Longwood; two children, Mrs. Rose Fambro of Longwood and John D. Warren Jr. of Bellmar, N. J.; a step-brother, W. R. Henderson of Melbourne; seven grandchildren and 12 great-grandchildren.

Funeral services will be at 3 p. m. Wednesday at Brison Funeral Home with the Rev. James L. Powell of the Longwood Baptist Church officiating. Burial will be in Sylvan Lake Cemetery.

## Refugee Problem Hit By Candidate

MIAMI (UPI)—A candidate for mayor has warned that unless Miami's 65,000 Cuban refugees are moved elsewhere, the refugee influx "could build up to an explosive point embarrassing both to the United States and Miami."

"At the risk of being called hard-hearted or worse," said former City Commissioner Otis Shiver, "I would strongly recommend that militant attitude be taken toward this situation." Shiver suggested mandatory resettlement of all Cuban refugees.

Mayor Robert (King) High has suggested a meeting of mayors of large U. S. cities to consider a plan of resettling refugees in cities where there are job openings.

High said the plan has drawn favorable comment from "a top assistant to President Kennedy" and from Jacksonville, Fla. Mayor Haydon Burns, president of the U. S. Conference of Mayors.

## Walter T. Gouge Dies At Home

Walter T. Gouge, 69, died at his home on Nolan Rd. Saturday.

Born March 4, 1892 in Baker, N. C., he came here 30 years ago and was a locomotive engineer and a member of Ebenezer Methodist Church.

He is survived by his widow, Victoria, three sons, Jack, in Alaska; Floyd in Jacksonville and Paul Lee of Sanford; five daughters, Jessie Britt, and Jeanette Houston of Johnson City, Tenn.; Fern Miller, Oak Ridge; June Mills, Knoxville, Tenn.; and Mrs. Steve Lane Michael, Miami.

Four brothers, Bill, Detroit; John, Hollywood; Ralph, Kingsport, Tenn.; and Gerald, Gainesville; two sisters, Mrs. Grace Whitson and Mrs. Myrtle Adkins, Union, Tenn., and several grandchildren.

Funeral services will be held at Grankow Funeral Home Chapel at 2 p. m. Tuesday with Rev. Hugh Booth officiating. Burial will be in Oaklawn Memorial Park with Grankow Funeral Home in charge.

## William A. Grueber Dies At Longwood

William A. Grueber, 66 died at his residence, 163 Palmetto St., Longwood, Saturday.

Grueber was born March 14, 1895 in Detroit, Mich., and came to Longwood in 1954. He was Chief of the Guard of Detroit for 27 years.

For the past three years, he has served as custodian of the First Baptist Church and was a member of the VFW and WWI Veterans, Sanford Barracks 486, the Masonic Palestine Lodge No. 327, F. and A. M. in Detroit.

He is survived by his wife, Melba, of Longwood and brother Hayes Grueber of Columbus, Ohio.

Memorial services will be held at 7:30 p. m. today under the direction of WWI Veterans Barracks 486 at Grankow Funeral Home with Cdr. William Coveney in charge.

Funeral services will be held at the First Pentecostal Church, Longwood, at 4 p. m. Tuesday with Rev. Ruth Grant officiating. Masonic services at graveside at Longwood Cemetery. Grankow Funeral Home is in charge of arrangements.

## Church To Sponsor Rummage Sale Friday, Saturday

The St. Ann's Circle of the Church of the Nativity at Lake Mary will sponsor its second rummage sale in less than a month.

The sale will be held Friday and Saturday beginning at 9 a. m. at 218, Third St. and Palmetto Ave. Chairman for the sale will be Mrs. John MacFarlane.

## Southside School To Sponsor Survival Course

Classes will open next Thursday at 7 p. m. in Room 410 of Seminole High School for a Personal Survival Course sponsored by Southside Primary School.

The three-hour classes, to be held each Thursday night for four consecutive weeks, are conducted through the combined efforts of A. B. Peterson Sr., Seminole County civil defense director and E. S. Douglass, director of Adult Education.

## Southside School Carnival Set

The Southside Halloween Carnival, presented annually by the Parent-Teacher Organization for over 30 years, will be in full swing again this year on Halloween night, October 31st, from 5:30 to 9 p. m.

There will be lots of rides, always a favorite with children, including a Snappin' Turtle Ride, a Train Ride, a Model-T Ride, a Merry-Go-Round and a Hay Ride. All kinds of good things to eat will be for sale including cakes and candy, coffee, hamburgers, hot dogs, peanuts and popcorn and cold drinks.

Games will include the Hat Toss, Jack o' Lantern, Pair Tree, Dartboard, Boats on a pond, fish pond and auction.

Chairman of the carnival this year is Mrs. Robert S. Graham Jr.

Tasmanian devils are a rarity in American zoos. They're handled with nets.

## Oviedo Juniors Open Annual Sale

By MARIAN R. JONES  
Oviedo High's Junior Class began its annual magazine selling campaign last Thursday.

Students are authorized to accept new, rental, extension or gift subscriptions. Class President Jimmy DeShazo said, adding that all commissions will go toward financing the annual Junior-Senior Banquet and Prom in the spring.

According to Dorothy Duda, class treasurer, this year's budget calls for a total of \$1,200 in sales as against last year's \$1,050 amount.

The money-raising campaign will continue through Nov. 2.

## New DWC Club Board To Meet

The Executive Board of the South Seminole Democratic Women's Club will meet at 10 a. m. Tuesday to plan the first installation of officers.

Mrs. Hope Bennett, president of the club, will be hostess for the meeting at her home, 327 Seminola Blvd., in Casselberry.

## TB Assn. Meet Postponed

The quarterly meeting of the Seminole County TB Assn. has been postponed from Tuesday to Oct. 31.

They will meet at the American Legion Building on Hi-way 17-92 at 8 p. m. and a work party is planned in conjunction with the regular meeting.

## Casselberry Club Sees Color Slides

By JANE CASSELBERRY  
Members of the Women's Club of Casselberry, meeting for a social evening, were entertained by a program of color slides shown by Mrs. Arnet Byers and Lyle E. Swope.

Mrs. Byers showed slides made on a trip to the Great Smoky Mountains on up to New Brunswick, Can., while Swope's were of his trip this summer to California.

Hostesses serving cake and coffee after the program were Mrs. Willis Benson, Mrs. Ed Lunn and Mrs. Joseph Cizewski.

## Oviedo P-TO Adopts Budget

By MARIAN R. JONES  
The Oviedo Parent-Teacher Organization adopted its budget as presented by Ralph Neely, treasurer, at the first meeting this term.

Totalling \$320, individual items included were room cost, \$20; scouting, \$50; summer recreation, \$55; Junior and Senior High School parties, \$75; scholarship fund, \$30; Student Council, \$25; hospitality, \$35; miscellaneous education fund, \$200 and contingency fund, \$30.

## Annual Band Barbecue Scheduled Saturday

The ninth annual Seminole Band Assn. Barbecue will be held Saturday from 5 to 7 p.m. The Elk's Club, 1008 E. 2nd St. will be the scene of the event with the use of Shriners Hall available for those who prefer eating indoors or for use in the event of inclement weather.

Ernest Cowley, Seminole High School Bandmaster has promised that his 90 member organization will be on hand to provide musical entertainment from 6:15 until 6:45 p.m.

Barbecue Chairman Elmer Avenel announced that the menu will consist of barbecued chicken, baked beans, pickles, celery, cold law, cake, bread, coffee and ice tea. Meals will be packaged to take out at no extra charge.

Tickets are available from Band Assn. members and children's tickets may also be purchased at the door.

All funds raised by the Assn. are used solely for the support of the Seminole High School band. Parents of band students comprise the membership of the Assn. and Jim Hunt serves as president this year.

Band supporters are urged to enjoy a good meal, get acquainted and at the same time, lend your support to the band and keep the "Marching Seminoles" marching.

## Oviedo P-TO Asks For 4-H Club

By MARIAN R. JONES  
 R. E. Parker, president of the Oviedo P-T.O., advised members of the organization at their opening meeting of the term, that Paul Lukas Sr. has expressed his interest in seeing 4-H Clubs for boys and girls organized in the area.

Parker also expressed his desire and hope for bringing the 4-H program to the community and said that Lukas has offered to assist Seminole County Agent Cecil Tucker with a club.

Parents and children who are interested in supporting and joining an Oviedo 4-H Club were requested to report the information to Mrs. Paul Mikler who will see that Tucker and Miss Myrtle Wilson, Home Demonstration Agent, are advised.

MRS. W.M. HALBACK

## Girl Scouts Program Rests With Volunteers

"The Citrus Council of Girl Scouts is happy to be given this opportunity of sharing its aims and ideals with the public through the United Fund," Mrs. William Halbeck, District Chairman, said today.

The Girl Scout movement is part of the total community effort for youth. It is a non-profit organization with the belief in cooperative planning and working for the welfare of young women, locally, nationally and world-wide. The promise and laws of Girl Scouting provide an ethical code of living by re-inforcing the spiritual values of home and religion and helping girls to assume and share their responsibilities and capabilities as citizens, homemakers and leaders of the future.

Much of the Girl Scout organization's strength derives from the fact that the program and its direction rests primarily with volunteers who give generously of their time, ideas and energy to further the needs of the girls as they grow into adulthood.

The 700 young Girl Scouts of Seminole County are eager to learn to become useful citizens. The helping hand of the United Fund assures the continuing growth of the program.

# 'Bomb' Could Serve As Smokescreen For Sneak Attack

WASHINGTON (UPI)—Exploded in space, a 50-megaton bomb such as Russia plans to test this month could serve as an "electronic smokescreen" for a sneak missile attack.

According to scientists, it would:

- Deliver a fatal dose of neutron radiation to any astronaut within 330 miles.
- Damage the eyes, by inflicting retinal burns, of anyone looking directly at it from distances of 700 miles or less.
- Completely black out short

wave radio communications, and jam early missile warning radar. Radio communications would be knocked out for at least a day at distances up to 2,500 miles, and would be disrupted for several days after the period of total blackout.

- Generate spectacular auroral displays which, if the explosion was on a clear night, would be visible in a region of millions of square miles not only around the explosion site but in the corresponding region of the Southern Hemisphere.

—Act as an artificial solar flare to pump up and make more dangerous to spacecraft the Van Allen zones of radiation around the earth.

- Create a burst of light like an exploding star momentarily as bright as 10,000 suns. Vaporized materials of the bomb would expand into an incandescent fireball perhaps 40 miles across which would glow for several seconds after the fantastic initial flash.

Soviet Premier Nikita Khrushchev has said Russia will con-

clude its September-October test series with the explosion late this month of a bomb equal in power to 50 million tons (megatons) of TNT.

This would be the biggest explosion ever produced by man. It would not equal in energy many of nature's performances such as giant hurricanes, giant volcanic eruptions, or giant earthquakes.

But it would unleash more than three times as much violence as the most powerful nuclear weapon known to have been tested to date. And it would set loose more

than 2,500 times the energy released by the atomic bomb that destroyed Hiroshima in World War II.

The scientists' conclusions as to the 50-megaton bomb's space effects were based on an assumption the explosion would be set off at an altitude of 100 miles. At that height, in the absence of an impeding atmosphere, it would lose most of its fantastic energy quickly not as air blast but in the form of heat, light, ultraviolet, "soft" X-ray, gamma, and neutron radiation.

# Things Have Changed

The Jaycees will publicize Community Development Survey was made public last week and the results show the great amount of time and energy put into the project which is certainly the No. 1 undertaking by the Jaycees this year.

We feel a good representation of the public was obtained... some 25 percent including residents of Community Club Manor, Ravenna Park, and Sealand.

Although the survey was presented to the City Commission and directed at them... we all should try to accomplish and work toward the aims of the poll which in one phase is to make Sanford a better place to live in.

Most of the people polled stressed the need for more interest in shopping downtown and on the part of many merchants to stimulate more business by advertising and fixing up their store fronts.

Out of 1,000 questionnaires, 48 percent of the people said they shop at home, some cited incomplete stock and the need for better hours to give people more time to shop.

Now this poll was taken several months ago and before the merchants wisely put the Friday night shopping plan into effect.

We believe that if the poll was conducted today that 66 percentage would now be at least 75 percent.

## Dr. Crane's Worry Clinic

Do you have a squeamish appetite? Would you read the Mrs. Crane when a whole fish was served to her at a restaurant, with his head still on and its glazed eyes staring up at her? Emotions enter into what we popularly call "the taste" of food.

when his mother learned in advance what our menu was to be that night, she hastily telephoned for her son to come home. Apparently she was afraid to have him dine on snake meat.

Taste Vs. Flavor

But this matter of food preference is simply due to our early childhood training.

In the Philippines, for example, they wouldn't think of eating rabbit. They look on the bunny as about as repulsive as a rat.

But they regard a dog as a great delicacy, as did the American Indians.

Personally, I'm not fond of possum, though many of you readers in the South look on it as delicious. And some people cannot stomach oysters or shrimps. I can remember that I sampled my first shrimp very gingerly. For they resembled the fat white grub worms we used in my boyhood for fish bait.

And that idea of "worms" which was thereby linked with them, slowed down my relish of shrimps, though now I am delighted with them.

Mrs. Crane once ordered fish when we were dining in Milwaukee and the waiter served her a whole fish with its head still on. When she saw its glazed eyes staring up at her from the plate, she lost her appetite, though she grew up in the lake country and had liked fish.

But her family had always cut off their heads before serving them. So viewing the head on this cooked fish, made it look personal. I suppose she felt like a cannibal.

Taste is a very complex thing, anyway, for it not only involves the four primary taste qualities, sweet, sour, salty, and bitter, but it includes heat, pain, touch, odor and emotional conditioning.

Cold coffee and melted ice cream thus don't "taste" right we say. Onion and cinnamon are smells. With our nostrils plugged, they are confused with raw apple and flour.

CASE K-431: A few summers ago, while we were at our farm home in Indiana, the conversation turned to canned rattlesnake meat.

"I wonder what it tastes like," Judy suggested. "I don't think I'd want to eat any of it."

But I said it apparently was regarded as a luxury for it rated high price. Besides, I remarked that it probably tasted like other reptiles, such as turtle meat.

Well, that same afternoon we went to the lake and a 6-foot black-snake was swimming around in the water near shore.

Because the children didn't like the idea of a snake for a companion in the pond, somebody killed it and tossed it on the bank.

It looked so sleek and clean, that I decided we'd take it home and fry it, just to see if snake meat was tasty.

Snake Eaters

So when we reached home, I skinned the blacksnake. Its meat was white and attractive to look at. I cut the snake in 6-inch lengths, which looked much like hot dogs for fried.

Then we fried it for supper and as it was cooking, it smelled just exactly like frying chicken.

And when we later ate it, it also tasted just like chicken. However, there wasn't much meat on it --- just a thin string of muscle tissue along the backbone.

But I presume rattlesnakes have a thicker layer of meat, and large snakes, such as the python, which are a delicacy in the Philippines, must offer a fairly thick steak.

We had all agreed to eat one section of the snake apiece, which we did. But a boy from the neighboring town was visiting us, and

Several months ago, in Italy, a friend of mine at the American Embassy, Jack Herford (he used to be blocking back for Byron "Whizzer" White), gave me a compound to use the next time I caught a head cold.

The head cold arrived a few days ago, and, rooting through my old TWA flight bag, I found Jack's remedy. With the aid of an Italian dictionary (the stuff is made in Italy) I read the instructions and the ingredients.

Each tablet in the bottle---three of which are to be taken each day dissolved in half a glass of water---contains the equivalent of the juice of twenty (20) lemons and I don't know how many million units of vitamin C.

I went to work. If I were going to become a lemon tree, I figured I might as well join the citrus family well before Christmas and be in line for a present from a rich grove. The tablet fizzed and I swallowed.

I have now taken nine tablets---or the juice of 180 lemons---and definitely feel different.

The first day after starting to take the stuff I noticed every little change. My cold lessened, and save for a new tendency to sway slightly in a light wind, I was about the same.

By the end of the second day---with 120 lemons inside me---I felt the first symptoms of young lemons. My speech grew tartier. I thought I could detect a yellow cast to my cheeks. And I didn't want to walk about very much. I felt as if I were rooted, so to speak.

And---maybe this sounds ridiculous, but it's true---my shoes felt "thirsty." I felt as if I would like someone to pour a bucket of water over my feet.

When I got out of bed this morning I was sure---and still am---that I had definitely begun to become part lemon tree. Not only were my feet still thirsty, but when I happened across a lemon squeezer in a kitchen drawer I jumped a foot, and felt a cold chill run all over me. I threw the squeezer into the garbage pail right away.

I also feel as if people want to pick at me. I have become shy,

and when walking downtown I find myself ducking package stores lest I catch a glimpse of a dreaded bottle of gin. I know that gin would horrify me, what with the connection between lemons and gin and Tom Collinses.

Tomorrow? Who knows?

Maybe I'll begin to show leaves, develop seeds, and get out shoots. Then what?

What with winter coming on, I surely would hate to be planted in a corner of the yard.

I wish I had my cold back.

Dear Joe:

Got this letter the other day obviously written by some nut who uses your name. Thought you'd like to know.

So far, the system is reported to have worked perfectly.

In the wake of the recent remark by a Red Chinese general that Red China would never abide by any treaty banning atomic tests, one government official got a laugh by cracking:

"Well, at least here's one thing on which the Chinese Reds and Gen. Charles de Gaulle agree."

Creekmore Fath, counsel for the Senate Freedom of Communications subcommittee, thought it would be nice if the 1960 presidential campaign speeches and debates got away from the standard green covers common to big Senate reports.

their own adjustment to communism and Khrushchev's battle would have been won.

This was the thinking that dominated the decision to send U. S. Vice President Lyndon Johnson hurrying to West Berlin after the Communists threw their wall across the divided city.

It also was the factor which made the Allies risk possible dangerous incidents to send 1,400 U.S. troop reinforcements piling across Communist East Germany along the autobahn to West Berlin.

But these were temporary steps which in no way eliminated the basic weakness of Berlin's military and economic position. They cannot be constantly repeated for the sake of German morale.

Therefore, in the eyes of the French, whatever negotiations are held with the Russians, the basic consideration must be stability for West Berlin and West Germany without damaging concessions.

It was in these same interests that West German Chancellor Konrad Adenauer placed European unity even ahead of German reunification.

And it is that unity which Khrushchev now, using Berlin as a symbol, is determined to destroy.

There are more than mere ideals. For the French take the practical view that a prosperous West Germany, confident of its allies, is one thing.

A West Germany without faith in its allies and its economic structure threatened by a creeping totalitarianism would be another.

In the latter case, the West Germans might very well make

It has been a keystone of resident Charles de Gaulle's foreign policy.

## From Rome Henry McLemore

If what I think is going to happen does happen, then I am going to be a ridiculous and wondrous sight---but I'm liable to get rich as a thief.

Wouldn't you pay a lot of money to see a man who had turned into a lemon tree? Surely you would, if the man-tree were bearing fruit, were walking around in good health, and could tell you, himself, how it felt to be a blood relation to the citrus family.

Well, I believe the chances of my becoming part lemon tree are very good. Here's why.

Several months ago, in Italy, a friend of mine at the American Embassy, Jack Herford (he used to be blocking back for Byron "Whizzer" White), gave me a compound to use the next time I caught a head cold.

The head cold arrived a few days ago, and, rooting through my old TWA flight bag, I found Jack's remedy. With the aid of an Italian dictionary (the stuff is made in Italy) I read the instructions and the ingredients.

Each tablet in the bottle---three of which are to be taken each day dissolved in half a glass of water---contains the equivalent of the juice of twenty (20) lemons and I don't know how many million units of vitamin C.

## Vital Factor In Berlin Crisis: Bonn Must Stay With The West

By PHIL NEWSOM  
UPI Foreign News Analyst

PARIS---The French Foreign Office lies along the tree-lined Quai D'Orsay on the left bank of the Seine.

The old stone building, with its majestic staircases and huge, high-ceilinged rooms, still bears bullet scars inflicted by the Germans in World War II.

But it is a measure of a changing world, that in the office presided over by Foreign Minister Maurice Couve de Murville one thought takes precedence over all others in any consideration of the Moscow-generated Berlin crisis.

That is that come what may, the West Germans must remain allied with the West.

This single dominating thought was the basic factor behind formation of NATO and the common market.

It has been a keystone of resident Charles de Gaulle's foreign policy.

It was in these same interests that West German Chancellor Konrad Adenauer placed European unity even ahead of German reunification.

And it is that unity which Khrushchev now, using Berlin as a symbol, is determined to destroy.

There are more than mere ideals. For the French take the practical view that a prosperous West Germany, confident of its allies, is one thing.

A West Germany without faith in its allies and its economic structure threatened by a creeping totalitarianism would be another.

In the latter case, the West Germans might very well make

## Aid For Cubans

WASHINGTON (UPI)---The federal government will provide more money for educating Cuban refugee children, but may be more tight-fisted with refugees who turn down good jobs in areas outside Miami in a new relocation program.

## Happy-medium size---guaranteed not to shrink!

little trick. They look big from outside---but the minute you try to get inside, they seem to shrink. Not so the 1962 Buick Special---America's happy-medium size car. It's designed for six adult people---and guaranteed not to shrink when they get in and cruise all day. And, for 1962, there are eight Special models, including a wonderful new convertible. Plus your choice of two great power plants, all with the kind of gas miserliness that wins economy awards. See the Special at your Buick dealer's now.

# Political Notebook

By WASHINGTON STAFF

WASHINGTON (UPI)---The new informality of the Kennedy era was in evidence again at the Supreme Court and the federal judiciary.

Usually a tight list of about 30 Justice Department lawyers is included. But Atty. Gen. Robert Kennedy expanded the number to around 100 lawyers and secretaries. Many had never been near the White House in long years of service.

The attorney general went further. He invited the department's chief telephone operator, Miss Edna Biggs, 37-year-veteran, plus three elevator operators, two door guards and two messengers.

One of the latter, Charles Nichols, was retiring that day. When the attorney general asked him to the party, Nichols took a quick look at his work-day clothes and said "no."

Kennedy packed him off in a department car to make a quick change at home and then head straight for the White House.

Rep. Robert Glaimo, (D-Conn.), tells of a rather unusual phone call his office in New Haven recently received. A female voice inquired if the congressman was available for the weekend.

Glaimo's secretary asked the usual question about the purpose of the request, and was mildly shocked to get the answer: "I need a baby sitter for the weekend."

The voice went on to say that a recent newsletter from Glaimo had said that he was always willing to be of service to his constituents.

After further explaining that her 3-year-old son had just eaten the tobacco from six cigarettes, the woman added, "And now's the time I need him the most, just to get away from the kids for a weekend."

A very important figure in the Pentagon is rumored to have solved the problem of handling the tricky letter he receives.

When he gets a request for an answer on some touchy subject or an outlandish request for an impossible amount of information, he sends back the original letter with the postscript:

Dear Joe:

Got this letter the other day obviously written by some nut who uses your name. Thought you'd like to know.

So far, the system is reported to have worked perfectly.

In the wake of the recent remark by a Red Chinese general that Red China would never abide by any treaty banning atomic tests, one government official got a laugh by cracking:

"Well, at least here's one thing on which the Chinese Reds and Gen. Charles de Gaulle agree."

Creekmore Fath, counsel for the Senate Freedom of Communications subcommittee, thought it would be nice if the 1960 presidential campaign speeches and debates got away from the standard green covers common to big Senate reports.

## Air Traffic Control System In Operation

CHICAGO (UPI)---An air traffic control procedure that might have prevented history's worst air disaster has gone into operation on a modest scale, the Federal Aviation Agency said today.

The procedure is known as direct radar "hand-off"---a system under which an air traffic control center does not relinquish radar observance of an inbound flight until it has been taken over by

the airport control tower.

It was the lack of such a radar hand-off that played a major role in the collision of a United DCs and a TWA Constellation over New York in 1960 which killed 134 persons. The traffic control center stopped monitoring the jet before it entered the Idlewild tower's jurisdiction.

Leo E. Warren, deputy director of FAA's air traffic service, said fulltime radar hand-offs are now in operation at 12 cities---Chicago, Detroit, Great Falls, Indianapolis, Kansas City, Minneapolis, Norfolk, Pittsburgh, St. Louis, Salt Lake City, Seattle and Spokane.

Warren, who spoke at the sixth annual safety forum of the Air Line Pilots Association here, said Jacksonville will be added to the list as soon as it commissions new radar equipment.

## 10 Die As Storms, Floods Hit Italy

NAPLES, Italy (UPI)---At least 10 persons were reported dead last week in a 48-hour wave of cloudbursts and flash floods that lashed southern Italy and left dozens of communities isolated.

Five persons lost their lives when a tornado struck the Ragusa area in Sicily Friday after midnight. Four members of one family were killed as they slept in their home at Giarratana. Fifty houses were leveled by the tornado.

The towns of Benevento, Avellino and Atripalda were inundated by flood waters seven feet deep. Bridges were washed away, cattle drowned, farm buildings caved in and a number of roads and a railroad line were covered by landslides.

At Altavilla Irpina, soldiers and firemen rescued 200 workers from a flooded sulphur mine.

# Seminoles Continue Winning Ways; Swamp 'Cats'

The Herald

Mon. Oct. 23, 1961—Page 5

SEMINOLE HALFBACK Bubba Davis (30) is downed by three Wildcat players. (Photo by David Brown)

## Unscored-On Locals Romp To Easy 46-0 Win

By PETE LEVEQUE  
Herald Sports Editor

Still undefeated and unscored-on at the halfway mark of the gridiron season, Sanford's bonecrushing Seminoles lived up to their nickname as they romped over the Winter Park Wildcats 46-0 here Friday night in a crushing one-sided Conference battle that found the Seminoles in top running and scoring condition.

Sporting an unyielding defense on a windy October evening before a crowd-packed Memorial Ball Park, the mighty Seminoles leapt forward with eight Seminoles players scoring points to cage the spitting Wildcats with Winter Park's fifth successive defeat of the season.

Scoring in all four quarters of the ball game, the Sportswriter ranked Ninth-in-the-State Seminoles lumped together a total of seven touchdowns, five on runs and two on passes and four conversion points to lead the Seminoles' second Orange Belt Conference win of the season.

The Seminoles began their scoring onslaught early in the first quarter. End Don Harvey ran the ball for an 18 yard gain and was stopped on the Wildcats' six yard line. Fullback Bill Phagan advanced two yards on the next play, setting the stage for quarterback Jim Terwilliger to bootleg a right-and-run, scoring the first touchdown for Sanford. Star punter Gary Davidson kicked the extra point, giving the Seminoles a 7-0 first quarter lead.

The remaining minutes of the first quarter were scoreless. Use of the 5-4 defense by Winter Park proved futile against the powerful Seminole offense. Yardage was gained for the Seminoles by Phagan, Davis and Riser. An open field run by Davis was limited to ten yards because of poor interference. Riser gained 15 yards on a fake to halfback and took left.

The first play of the second quarter yielded additional glory to the Seminoles. Scoring-Scourge Bubba (Jackrabbit) Davis came into action for Sanford with a devastating 16 yard touchdown run. A successful conversion kick by Gary Davidson brought the score to 14-0 only seconds after the beginning of the second quarter.

Yardage was lost for the Wildcats faster than it was gained. Wildcat quarterback George Bridges in several attempts succeeded only in slowing the inevitable progress of the Seminoles as they moved steadily downhill. Davis on a sweep right 12 yard run scored for Sanford, bringing the score to 20-0. Davidson's try for the point was off to the left.

The fourth and final touchdown of the first half for the Seminoles was also the most thrilling. Left End John Boniface ran 36 yards on an end-around play for what would have been a sensational touchdown play. However, a flag was called on the play for illegal use of hands and the touchdown was nullified.

The Seminoles couldn't let it go at that. On the next play Boniface, with Right Guard Vic Welsh running interference, ran the 36 yards again, throwing a terrific key block on Winter Park's 175 lb. tackle Jim Appleman, to carry the ball over the goal line for the Seminoles, bringing the first half scoring to 26-0. Davidson's attempted kick for the conversion point was no good.

Winter Park's defense was checked by Sanford's Single Wing attack in spite of exhaustive efforts by Bridges and Hishel to stop Seminole penetration. Davis intercepted a pass intended for the Wildcats. After a Seminole time-out with seconds left in the half, barefoot punter Davidson neatly faked a punt for a 31 right and run. Phagan picked up 15 yards for Sanford on a sweep right, leaving the Seminole lead at the end of the half 36-0.

At this point the tell-tale efforts of Seminole defensive line Coach Jim McCoy were already beginning to show as the repeatedly drilled line and blocking tactics of the Sanford linemen proved quite effective for the Seminoles.

Kickoff into the second half by Gary Davidson was received by Winter Park's Bridges who returned for 15 yards. At the end of three unsuccessful plays losing yardage for the Wildcats, Leslie King punted the ball for Winter Park.

Sanford in possession of the pigskin, yardage was gained for the Seminoles by Davis, Riser and Phagan. Terwilliger threw a pass to Harvey at right end for ten yards. With 2:43 minutes left in the third quarter, Fullback Phagan went over for Sanford's fifth

## Williams Paces Lyman Victory

Lyman Star Halfback Jim Williams suffered a slight neck injury after scoring two spectacular touchdowns at Lyman Field Friday night as the undefeated fighting Greyhounds of Lyman High School smashed a 42-13 defeat on South Sumter in a gridiron competition that chalked up the Greyhounds' sixth straight win of the season.

Starting halfback Williams scored one touchdown for Lyman on a four yard run over the goal line, running for the extra point and making it. The second touchdown was a sensational play by Williams as he received a 30 yard pass from Lyman quarterback Fred Grant. Williams ran for and made the conversion point, giving the Greyhounds a total of 14 points against South Sumter.

Williams sustained the neck injury on his second touchdown run. A skillful sidestep of one South Sumter tackle left him unaware of second tackle. With pace-setting speed, Williams crossed the goal line just as the tackle contacted. Williams' head was driven into the ground in the South Sumter end zone. The injury was termed "slight" but Williams was removed from play and did not see action until later in the game.

Leading point-scorer for the Greyhounds Paul Blackford made a total of three touchdowns and 20 points for Lyman High, retaining his top-scorer distinction. Halfback Blackford made his first touchdown in the second quarter after Williams was taken out. Two third quarter touchdowns by Blackford and two conversion points brought the Greyhounds in strong lead of South Sumter.

South Sumter managed to score two touchdowns against the Grey-

hounds and one conversion point. Steve Kimbrough and Jim Prevat were the backfield scorers who got the points for South Sumter High School.

Fullback Carl Presley completed an 11 yard run in the last quarter of the ball game to score for the Greyhounds in a play that marked his fourth touchdown play of the season. Fullback Presley made the extra point for Lyman on a run.

Lyman Offensive-defensive Line Coach Buck (Junior) Melis stated that his boys did a "real good job" offensively against South Sumter.

and that "for the amount of work devoted in the past week to the defensive end of the game, that the boys did a fairly-adequate job on the defense also."

United Press International  
It's a down-right shame that top-ranked Mississippi and 4th-ranked Alabama, located only 130 miles apart, aren't scheduled to meet this season.

Such a game would probably settle the Southeastern Conference and national championships and the host role in the Sugar Bowl.

Both appear headed toward perfect seasons — the first for Mississippi which has missed by a single game five times in the past 13 years, and the first in 16 years for Alabama which has turned the trick six times.

Alabama cleared up any doubts about its intentions Saturday with a 34-3 victory over Tennessee—a team the Crimson Tide had not beaten since 1954. The game viewed by a regional TV audience, had been billed as a close, rugged battle but the defeat was the most lopsided the Vols have suffered in 37 years.

Bear Bryant's shock troops, led by All-America candidate Pat Trammell, rolled up 342 yards while holding the Vols to only 61. Trammell, already picked twice as UPI's conference back of the week, completed 13 of 19 passes for 156 yards and turned in some clutch running.

Mississippi, which hasn't lost since mid-1950, overpowered Tulane, 41-0. Rebel reserves went most of the way after the Greens were softened up by the passing of Doug Elmore and the running of Billy Ray Adams. The Rebels gained 49 yards and held Tulane to just seven yards rushing.

Elsewhere in the Southeastern Saturday the action was close and furious:

Eight-ranked Georgia Tech edged Auburn, 7-6, for the first time in five years when the Tigers gambled on a 2-point conversion in the final period and failed. Tech drove 60 yards in the second period through gaping holes and sophomore Billy Lohridge converted the deciding point.

Named Colt Coach  
HOUSTON, Tex. (UPI)—Luman Harris, veteran Baltimore Oriole coach, today was named to the coaching staff of the Houston Colts by General Manager Paul Richards.

A skilled oyster shucker can shuck about 600 oysters an hour.

Three beginning bowlers in the Foodmart-Country Club Manor League bowled over 100 in each of their three games last week. The three were Ollie Miles, Marion Allyn and Gene Lambert.

The Corsas are leading in first place with 20 1/2 wins and 7 1/2 losses, with Food Market's second at 18 1/2-9 1/2. Holding down third place is the Gold Bond team with a record of 17-11.

The 7-4-5 split was picked up by Nancy Tremp and Ricky St. Clair got the 2-7. Linda Bagnall the 5-7 and Isabel Raki got a turkey.

Louise Cadenhead's 158 was high game and Clara Barber's 430 was high series for the week.

Peirce Paces Women Golfers  
The weekly tournament of the Sanford Women's Golf Assn. was held Wednesday at the Mayfair Country Club. A medal play using full handicap was the feature with Vivian Peirce capturing Class A, Reba Mahan, Class B, Elsie Mera Class C, and Doris Spencer, Class D.

All members are urged to sign up immediately for the Florida State Bank Tournament which is to be held beginning Nov. 1. Pairings will be announced later.

This week a two-ball will be held, followed by the regular business meeting at 5:30 p. m. and a "bring your own steak dinner" at 6 p. m.

Robby Considering Return Bout  
NEW YORK (UPI)—Sugar Ray Robinson considered today a return fight at Madison Square Garden on Nov. 24 or Dec. 16 with young Denny Miller, over whom he won a unanimous but apparently unpopular decision in Saturday night's TV bout.

Matchmaker Teddy Brenner asked the 41-year-old former middleweight and welterweight champion to take a return match with 23-year-old Mayer of Portland, Ore., if he hopes to get another shot at the middleweight crown.

Disqualify Miler  
STOCKHOLM, Sweden (UPI)—Dan Waern, Sweden's top miler, was disqualified Sunday by the Swedish Track and Field Federation for alleged violation of amateur rules. Waern had previously been suspended by the International Track and Field Federation.

## Top Teams To Put Records On Line

United Press International  
Mississippi, Michigan State, Texas, Iowa and Colorado — who represent a national cross-section of college football titans — take perfect records into the danger zone of conference competition next weekend.

Ohio, State, Georgia Tech and Louisiana State also meet league opponents while Alabama, the only other major school in the top 10 with a spotless record, and Notre Dame engage in sectional clashes.

Top-ranked Mississippi meets Vanderbilt, eighth-ranked Georgia Tech faces Tulane and 10th rated Louisiana State goes against Florida in Southeastern Conference games.

The second-ranked Michigan State Spartans meet Indiana, sixth ranked Iowa collides with Purdue and seventh ranked Ohio State tackles Wisconsin in Big 10 contests.

The Longhorns of Texas, ranked third last week by the United Press International Board of Coaches, engage Rice in a Southwestern Conference tilt and ninth ranked Colorado meets Oklahoma in a Big Eight battle.

Alabama, ranked fourth, tangles with Houston and fifth ranked Notre Dame tries for a comeback against Northwestern.

Mississippi again displayed its power against hapless Tulane last Saturday as the Rebels routed the Green Wave, 41-0. Billy Ray Adams scored twice for Ole Miss, which used its first team for only 10 minutes.

Michigan State toppled Notre Dame from the unbeaten list, 17-7, as George Galmeis sprinted for two touchdowns in less than three minutes to break up a close game.

Texas, leading the nation in total offense, ground out 402 yards in beating defending SWC champion Arkansas, 33-7, to take over the conference lead.

A "patry" for Tennessee since its victory in 1954, Alabama finally clobbered the Volunteers, 34-3, as quarterback Pat Trammell passed for one touchdown and scored another himself.

Matt Szykowny filled in ably for injured quarterback Wilburn Hollis while piloting Iowa to a 47-15 whipping of Wisconsin. Szykowny threw three touchdown passes, ran for a fourth and kicked all of the Hawkeyes' five extra points.

Ohio State's ball control tactics paid off in the only touchdown of

the game against Northwestern, Bob Mrukowski scoring in the final two minutes to climax a 10-0 victory.

Georgia Tech edged Auburn, 7-6, on Billy Lackridge's successful conversion; Colorado shut out Kansas State, 13-0, in its continuing bid for an Orange Bowl berth and Louisiana State clipped Kentucky, 24-14, with its shot gun pass spread.

Elsewhere, Dartmouth was tumbled from the ranks of the perfect teams by Holy Cross, 17-13, and Boston College did 16-0 same to Villanova, 23-0.

## Bears Pull Off Top Pro Grid Upset Of Week Beating Frisco

United Press International  
The Chicago Bears made a pop-gun of San Francisco's "shotgun." They looked right down the barrel without flinching and every time the Forty-Niners pulled the trigger, they fired a blank.

That's the story of the National Football League's upset-of-the-week. The Bears, using a "gimmick" defense designed by assistant coach Clark Shaughnessy, walloped the Forty-Niners, 31-0, Sunday and became a strong contender for the Western Division championship.

San Francisco's unexpected setback left the Green Bay Packers alone atop the division standings with a 5-1 record. The Packers had an easy time drubbing the Minnesota Vikings, 33-7.

The champion Philadelphia Eagles and the New York Giants preserved their tie for first place in the Eastern Division, also with 5-1 records. Philadelphia trounced

the Dallas Cowboys, 43-7, and New York rallied to defeat the Los Angeles Rams, 24-14.

The Baltimore Colts sprang an upset when they beat the Detroit Lions, 17-14; the Cleveland Browns edged the Pittsburgh Steelers, 30-28, and the St. Louis Cardinals sent the Washington Redskins down to their 14th consecutive NFL defeat, 24-0.

In the American Football League, the San Diego Chargers made it seven straight victories by trouncing the Oakland Raiders, 41-10; the Denver Broncos upset the New York Titans, 27-10; the Houston Oilers ran away from the Dallas Texans, 34-7, and the Boston Patriots beat the Buffalo Bills, 32-21.

Coach George Halas of the Bears gave Shaughnessy all the credit for rigging the defense that defused the Forty-Niners' shotgun. And he lauded Bill George, Chicago's all-pro linebacker, for "quarterbacking" the defense on the field.

### Rev. Bolick Guest Speaker At CWF Meeting

Rev. Ernest Bolick, president of the Seminole County Ministerial Association, was guest speaker at the monthly meeting of the Christian Women's Fellowship of First Christian Church.

Rev. Bolick chose for his subject, "Church Co-operation." He spoke on the many areas that churches could and should cooperate in. "All people can work together under Christ and that God calls us all his children."

Mrs. J. L. Horton CWF president presided at the business meeting and Mrs. O. D. Landress led the worship service. All three circles have been busy preparing for World Community Day, which will be held at the Christian Church, Nov. 3 at 10 a. m.

Circle two has started a scholarship fund to aid some deserving young man to prepare for the ministry. They are selling napkins, napkin holders and place mats to raise funds for the project. Circle Three is taking orders for fruit cakes.

The Central District convention will be held in Orlando, Oct. 24, with Rev. James Barnett, presiding.

### Mrs. Mueller Named President Of VAH-1 Club

Main item on the agenda at the monthly meeting of the VAH-1 Enlisted Men's Wives Club was election of officers. Mrs. Pat Mueller was elected president; Mrs. Rosemary Murphy, vice president and treasurer; Mrs. Doreen Higgins, secretary; Mrs. Sally Ferguson, chaplain, and Mrs. Irene Dulek, public relations.

The group met in the Naval Air Station Ballroom with Mrs. Ferguson and Mrs. Dorothy Maddox, serving as hostesses.

Plans were discussed for a Halloween party and picnic. It is scheduled for Oct. 26 in the Lake Golden picnic area.

Mrs. Ferguson will be hostess at a morning coffee, Nov. 7. All club members are invited to attend.

At the close of the meeting, refreshments of individual cakes and coffee were served to those attending.

### Selfishness Makes People Unattractive

By ALICIA HART, NEA

A scene in the beauty shop where I had my hair done last week points up the fact that charm is an integral part of beauty. A woman in her early 50's was having a set and a manicure. With her was her teen-age daughter who was waiting for her mother with a set and sullen face. Several times, the mother scolded her loudly for sulking.

While the mother had her hair combed out, the reason for the scene came out. The girl was attending a party that night and her mother refused to let her have her hair done. Obviously, it was a matter of economics and the mother did not intend to give up her weekly set for her daughter.

Finally, she attempted to make rude amends by asking the hairdresser to comb out her daughter's hair. He refused, explaining that a mere combing wouldn't help matters. The mother's face was set in grim, taut lines as mother and daughter left the shop together.

Everyone in the shop was upset and everyone reacted in the same way. The feeling was that the mother was a selfish and unattractive woman despite her grooming.

### Personals

Mr. and Mrs. Lacy Tredway, have returned to their home in Beckley, W. Va., after spending several days with his mother, Mrs. Merie Tredway, at 2645 South Elm Ave. and other relatives in the area.

Mr. and Mrs. Joe Lindell and Mrs. Lillian Carlson, of Shenandoah, Iowa, have returned home after a visit with Mr. and Mrs. Harvey Swanson at their home in Lake Mary.

Marvin Rohlf, district manager of the Modern Woodmen, has returned from a two-week training program at the company's home office in Rock Island, Ill. While he was in the area he visited relatives and friends, including his parents, Mr. and Mrs. John R. Rohlf, in Emden, Ill. and his wife's parents, Mr. and Mrs. O. L. Apelo, at Lincoln, Ill.

## Sanford Garden Club Members Enjoy Fashion Show At Luncheon Meeting

By BOTTLE HIGGINSBOTHAM  
Mrs. Louis Oakley, president of the St. Petersburg Garden Club

and chairman of the world gardening committee was the guest speaker at the Garden Club Federation luncheon Thursday at the Capri.

Mrs. Oakley told her listeners that World Gardening consists of creating friendship throughout the world. Florida started the project of sending seeds of flowers and vegetables all over the world, Mrs. Oakley said, and one lady has written over 2,000 letters in this connection.

After hearing Mrs. Oakley's enthusiastic speech, the local Garden Clubs voted to donate \$25 toward the project of Friendship through World Gardening.

The door prize of a bird's nest plant was won by Mrs. Charles L. Brumley of Geneva and a house prize was presented to each group at the Capri by the manager.

In the business session, Mrs. J. D. Callahan, Mrs. Volie Williams Sr. and Mrs. A. C. Reynolds were appointed on the nominating committee.

The floral arrangement on the speaker's table, created by Mrs.

George McCall of Central Circle was a cornucopia filled with citrus and other fruit, isora blooms and pyracantha berries.

Mrs. Oakley's orchid corsage was presented by Mrs. R. L. Andrews of the Jacaranda Circle. Mrs. Volie Williams Jr. was program chairman.

Attractive models, Mrs. Julie Anderson, Mrs. Sherra Jones, Mrs. Florence Hook and Mrs. Jeanne Warnke displayed a variety of pretty outfits from the Mary Esther Shop in a very informal showing during the luncheon.

The parade of fashions included sporty wear, slim wool pants and sweaters in jersey and bulky wool; elegant wool jersey sheaths in the vibrant colors of fall; lots of two and three-piece outfits, so good on any occasion, several lovely after-five ensembles and the ever-popular basic black.

Pert little fur hats worn with the dresses are the height of fashion this year and gloves and accessories were in all the new fall shades.

The floral arrangement on the speaker's table, created by Mrs.

George McCall of Central Circle was a cornucopia filled with citrus and other fruit, isora blooms and pyracantha berries.

### Joy Circle Welcomes Three New Members

Mrs. Jack Rossman was hostess to the monthly meeting of the Joy Circle of the Grace Methodist Church.

The circle is steadily growing and three more new members were welcomed at the meeting. They were Mrs. J. C. Tidmore, Mrs. R. W. Hunt and Mrs. Lamar Williams. Two visitors, Mrs. Don Warner and Mrs. Max Stewart, were also welcomed.

Mrs. Roy Wall gave the devotion, using as the theme "Whatsoever a Man Soweth." Mrs. Jack Rossman continued the interesting study on "The Meaning of Suffering" with particular emphasis on the subject suffering we do not understand.

Members were urged to attend the World Community Day, Nov. 3 at the Christian Church.

During the business meeting, it was decided to hold future meetings at the Church, due to the large number now attending.

### Choice Of Shapes In New Shoes For Fall

A choice of toe shapes provides something for everybody this fall for the first time in many seasons. Sharing top honors with the pointed toe are the oval and the squared-off toe. All are sound fashions.

For daytime, the squared-off toe and the oval toe are logical choices. But the squared-off toe is seen in evening fashions, too, often with a flat little fringed bow on the vamp. (This interesting toe shape is a copy of a shoe style worn in the 18th century.)

The oval toe is a natural for the walking shoe in alligator, lizard or calf with stacked leather heel. It's the perfect afternoon shoe.

For evening, the square toe shines in satin, silk, jewel-tone reptiles and luster leathers.

This is the season when the heel of medium height, curved or straight as in the perch heel, will be worn from morning to night, in country and in town. It's been done in fabric and in leather.

Colors begin with the soft and smoky pastels and continue through to topaz, cedar browns, dark rich browns and deep greens to black. There are fresh and delightful color combinations. Magenta with forest green is just one of these.

MRS. A. E. NEAL, left, arranged the lovely floral centerpiece used on the refreshment table at the reception, given by the DeBary Garden Club, recently. Other hostesses shown with Mrs. Neal, are Mrs. William Clark, Mrs. Alta Clark, Mrs. Minta Morrison and Mrs. H. P. Newton, club president. Hostesses not in the picture were Mrs. N. Muller, Mrs. James Duffy and Mrs. Laura Arrington. (Cox Photo)

### Garden Circles

**IXORA CIRCLE**  
Members of the Ixora Garden Circle held the first session of the season at the home of the president, Mrs. Harry Lee Jr., on Banana Lake.

The business meeting was preceded by a covered dish luncheon. Hostesses, Mrs. Donald J. Bales, Mrs. Tom Mero, Mrs. Arthur Beckwith Jr. and Mrs. George D. Bishop Jr. were in charge of serving the lunch from attractive pink covered tables, centered with demi-tasse cups holding nosegays.

During the business meeting, it was announced that the Ixora Circle will sponsor a flower show for the Garden Club of Sanford, in April at the Seminole High School Gymnasium.

Mrs. Volie A. Williams Jr., introduced the speaker for the day, Mrs. Gerald Knight, who conducted an informal discussion of horticultural practices. Mrs. Knight is president of the Apopka Garden Club and is an avid conservationist.

Other members attending were Mrs. David Bach, Mrs. John A. Burton 4th, Mrs. William Bush Jr., Mrs. Richard Deas, Mrs. George Eick, Mrs. Fred Gannas, Mrs. W. E. Knowles, Mrs. C. Vernon Mize Jr., Mrs. Vann Parker, Mrs. N. Phillips, Mrs. Carl Schiller, Mrs. R. F. Shelden, Mrs. C. F. Brooke Smith, Mrs. G. Andrew Speer, Mrs. W. H. Stempert and Mrs. Douglas Stenstrom.

### Elder Springs Club Meets At Simpson Home

The Elder Springs Home Demonstration Club met at the home of Mrs. W. D. Simpson for the October meeting.

Miss Myrtle Wilson, county home agent, gave some information on covering shoes and pamphlets on fire prevention were distributed to all members present.

Mrs. R. L. Bradbury and Mrs. Wilbur Nolan gave a demonstration on pastry making. They also served samples of the three types of pies they baked for the demonstration.

Mrs. Marguerite Buhl and Mrs. E. H. Myers were welcomed as new members. Eleven other members were present for the program.

### Church Calendar

TUESDAY

Mispah Circle of the Grace Methodist Church meets at 8 p. m. at the home of Mrs. I. J. Butler, 1113 Jenkins Circle.

### Woman's Club Holds Joint Meeting

A joint meeting of the Civic and Social Departments of the Sanford Woman's Club was held at the club house Wednesday.

Members of the Civic Department met at 10 a. m. to help fold TB seals and place them in envelopes. However, this year the envelopes were late arriving and all they had to work with were the address labels. Under the direction of Mrs. Lorraine Graham, executive secretary of the association, those present assisted with the address labels.

A covered dish luncheon was served at noon with Mrs. F. T. Meriwether and her committee in charge. Assisting were Mrs. B. B. Crumley, Mrs. John Kiek and Mrs. Gerald Warnke.

During the business session, two officers were elected to fill vacancies. Mrs. Al F. Hunt was named chairman and Mrs. H. W. Rucker, secretary. Mrs. James Moughton, chairman, resigned due to ill health.

At 1 p. m. the social department met for a short business meeting.

This lovely little phone goes tastefully in any bedroom. It saves time and steps whenever there are calls to make or take.

To each her own Princess

Nowadays you see Princess phones in the nicest bedrooms of the nicest homes. They fill the need for an extension, and fill it beautifully. Why not a Princess for you, or for someone in your family? Call the Telephone Business Office or ask any telephone serviceman.

A Princess of her own means privacy for a teen-ager, peace and quiet for parents. There's a choice of decorator colors—white, beige, pink, blue or turquoise. A small separate ringer goes neatly on the baseboard.

By the bedside a Princess phone gives daytime comfort, nighttime security. The dial lights up when you lift the receiver. You can make calls in the dark, or when light is subdued.

—Caring with the Future

Dear Abby:

By Abigail Van Buren

DEAR ABBY: I have a son who just finished college, and is about to enter a theological seminary. He has wanted to be a minister since he was 16. He is a good-looking, athletic, wholesome boy who has an average social life.

He dislikes bold girls who wear sweaters and tight skirts, but he is now being chased by girls looking for marriage. It is the present custom for young men to marry before entering the seminary. Girls bombard him with phone calls, invitations to parties, etc. I do not want to offend the girls but, when I grew up, the men did the courting. Nothing will drive him to a celibate life sooner than aggressive girls. These girls are running him ragged. What can I do? HIS MOTHER

DEAR MOTHER: A young man with the obvious moral training and spiritual aspirations of your son does not need anyone to run interference for him. Relax. Mother, I have never heard of a boy who couldn't run faster than a girl in a tight skirt.

DEAR ABBY: We are four girls who would like to know how old a girl should be before she can (1) Shave her legs. (2) Wear make-up. (3) Go in cars with boys. PATTI, CAROL, LINDA AND JOAN

DEAR P., C., L. AND J.: Girls can do the above-mentioned things when their

own mothers decide they are ready. It is up to each mother to make these decisions for her own daughter.

DEAR ABBY: Am I wrong in thinking that my husband should not receive love letters from his ex-wife? He thinks it is all right because that's the only way he can find out how his children are. He divorced her for reasons you couldn't even put in the paper—but now that he is married to me, to hear him tell it, there was never a finer woman than her. I can't have any children for him, and I think that's probably why he is so mean and spiteful. What can I do? It's not my fault. I am 28 and he is 33. DOWN-HEARTED

DEAR DOWN-HEARTED: "Having children" isn't the special privilege of a few. You are young enough to adopt a family. Why not consider it?

CONFIDENTIAL TO BRUCE: Don't marry for money. You can borrow it cheaper.

Everyone has a problem. What's yours? For a personal reply, write to Abby in care of this paper. Enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 8866, Beverly Hills, Calif.

TV Time Previews

8-9:30 p.m. (NBC) National Velvet—"The Tramp." Denver Pyle gives an interesting portrayal as Jed Corrigan, a valet. He plays a fine sentimental harp which plucks at Donald's heart strings. This moves him to let the hobo sleep in the barn, as well as collect available cash in the Brown house to help him on his feet. Joey Scott plays the tramp's benefactor, Donald.

8-30-9 p.m. (CBS) "Window on Main Street." From the social register to registry at the Majestic Hotel as chambermaid Novellet Cameron Garrett Brooks learns about it, while researching another story. The chambermaid with the highly unusual background is played by Mary Adams. Regular series stars are Robert Young and Constance Moore. Intriguing chapter in the "Window" series.

8-30-10 p.m. (CBS) "Dancy Thomas Show." The spotlight is on guest star Harry James featured in the role of Larry Norman, whose work at the YMCA includes fronting the boys' band. Laughs come out of Danny questioning trumpeter James' musical ability after turning down Rusty on an audition for drummer spot with the group. Cast includes Rusty Hamer and Sid Melton.

9-30-10 p.m. "Andy Griffith Show." An amusing episode with a Mark Twain flavor to it. Frank Myers is served by Sheriff Andy with eviction papers because he can't pay his taxes. While Andy's rummaging through the impoverished man's "valuables," he discovers something of value—a 100-year-old municipal bond valued at \$350,000. The pauper now a prince of considerable wealth creates quite a problem for the town of Mayberry. Andy Clyde plays the rags-to-riches character.

10-11 p.m. (ABC) Ben Casey—"I Remember a Lemon Tree." Gripping episode; partly attributable to the taut atmosphere of the drama, but largely credit goes to George C. Scott's portrayal of a brilliant surgeon, forging another doctor's name to a prescription for morphine. A drug addict, he's on the verge of a crack-up. Others performing capably include Vincent Edwards as Ben Casey, Sam Jaffe in the role of Dr. Zorba, and Bettye Ackerman as Dr. Graham, at whom suspicion points for the drug shortage.

10-11 p.m. (NBC) "The Untouchables." A gripping episode; partly attributable to the taut atmosphere of the drama, but largely credit goes to George C. Scott's portrayal of a brilliant surgeon, forging another doctor's name to a prescription for morphine. A drug addict, he's on the verge of a crack-up. Others performing capably include Vincent Edwards as Ben Casey, Sam Jaffe in the role of Dr. Zorba, and Bettye Ackerman as Dr. Graham, at whom suspicion points for the drug shortage.

10-11 p.m. (ABC) Ben Casey—"I Remember a Lemon Tree." Gripping episode; partly attributable to the taut atmosphere of the drama, but largely credit goes to George C. We The Women:

By Ruth Millet

"Supermarkets ought to have one check-out line for 'men only,'" says a man who reads this column. "Every time I buy groceries I get behind a woman shopper, and stand on first one foot and then the other while she holds up the line."

"First, she waits until every item has been rung up before she dives into her hand bag for her checkbook. 'I know I brought it along,' she explains as she rummages around in a peck of junk looking for it.

"At last, in desperation she dumps everything out on the counter and finds the checkbook. Then she wants to know if she can make out the check for more than the amount of the groceries.

"Then comes the question of how much more she ought to make it out for. This obviously takes some mental arithmetic (and also some more time).

"When the bill is paid and she has put her change in the handbag, she remembers that she forgot to buy gum or cigarettes. When the checker stands for the forgotten item, she starts flinching again for money—which by now is deepdown in the handbag.

"And just as it seems as though she is through and ready to move on, she wants to know if the checker remembered to give her trading stamps. She says she did, but she isn't sure and so back she goes into the hand bag. Sure enough, they are there.

"But does she move on? Not

yet. In comes a friend and she stands right at the check-out counter while she trades bits of information.

"Maybe you think this is exaggerated, but believe me, it isn't. There's nothing slower under the sun than a woman shopping."

Could that be YOU in a supermarket? If it could, next time there's a man standing behind you why not try to hurry things up? They just don't seem to understand the feminine way of doing things.

Jacoby On Bridge

By Oswald Jacoby

In third seat it is foolish indeed to open a minimum or shaded bid if you can't stand the lead of your bid suit.

Thus East should have passed instead of opening with one club. If he had the opponents almost surely would have stopped either at a part score or gone down at four spades. As it was they reached game and made it.

You can't criticize West for opening the eight of clubs. His partner had bid the suit.

South won the trick with the queen cashed the ace of clubs and ace of spades led a trump to dummy's jack, ruffed the ten of clubs, led a low heart, played dummy's ten, and sat back with a happy smile to see what East would do.

BRIDGE 28 NORTH 2S 4S 3S 2S EAST 4S 3S 2S SOUTH 4S 3S 2S

East won with the queen and was faced with a Hobson's choice. A heart lead would cost him a

heart trick; a diamond lead would make North's king of diamonds good; while a club lead would allow South to ruff in dummy and discard one of his hearts. Any one of the plays would give South his contract.

How different if East had just passed. West would have opened either a diamond or a heart. At some stage of the play, East would lead a club to his partner and declarer would be held to eight or nine tricks.

IN THE CIRCUIT COURT, NINTH JUDICIAL CIRCUIT OF FLORIDA, IN AND FOR SEMINOLE COUNTY, IN CHANCERY NO. 11286  
**NOTICE OF SETTLEMENT**  
RUSSELL W. BRIGGS, Plaintiff,  
vs.  
STELLA C. BRIGGS, Defendant.  
STATE OF FLORIDA TO STELLA C. BRIGGS, whose last known residence is 648 Williams Street, New London, Connecticut.  
You will take notice that a sworn bill of complaint has been filed against you in the Circuit Court in and for Seminole County, Florida, in Chancery; that the nature of said suit is an action for divorce, the short title of which is RUSSELL W. BRIGGS, Plaintiff, vs. STELLA C. BRIGGS, Defendant.  
THIRTY DAYS are to be counted from the date of the filing of this notice in the Circuit Court of Seminole County, Florida, and you are hereby notified that you must appear in said court on or before the 31st day of November, A. D. 1961, to answer to the bill of complaint and to show cause why a decree pro confesso will be entered against you, for default.  
WITNESS my hand and seal at Sanford, Seminole County, Florida, this 23rd day of September, A. D. 1961.  
Arthur H. Beckwith, Jr., Clerk of the Circuit Court.  
By: Joan M. Wilke, Deputy Clerk.  
W. C. Hutchinson, Jr., Notary Public, Sanford, Florida.  
Publish Oct. 2, 3, 4, 12, 1961.

IN THE CIRCUIT COURT, NINTH JUDICIAL CIRCUIT OF FLORIDA, IN AND FOR SEMINOLE COUNTY, IN CHANCERY NO. 10114  
**NOTICE OF SETTLEMENT**  
H. T. GURLEY and GLADYS L. GURLEY, his wife, Plaintiffs,  
vs.  
ARTHUR R. CORAYER, et al., Defendants.  
**NOTICE TO DEFENDERS**  
TO: ARTHUR R. CORAYER and CORAYER, his wife, and MELBA CLUFF and CLUFF, her husband, and if any of them be dead, against the unknown spouse, heirs, devisees, legatees, creditors or other parties claiming by, through, under or against the above named defendants, or any of them, and any and all other parties having or claiming to have any right, title or interest in the property hereinafter described, to wit:  
Lot Eight (8) in Block 25, and Lot Fifteen (15) and the nearby twenty-five feet of Lot Fourteen (14) in Block 21, of Sanlando The Suburb Beautiful, in the 9th Section, according to the plat thereof recorded in Plat Book 3, page 86, Public Records of Seminole County, Florida.  
YOU ARE HEREBY NOTIFIED that the Plaintiff herein have instituted a suit against you in Circuit Court of the Ninth Judicial Circuit, in and for Seminole County, Florida, to quiet their title to the above described property, situated, lying and being in Seminole County, Florida, as hereinafter more particularly set out. You are hereby required to file your answer with the Clerk of the Circuit Court, in and for Seminole County, Florida, and serve a copy thereof upon Weber B. Haines of Winterwood, Haines, Hunter & Ward, 224 Park Avenue, South, Winter Park, Florida, Attorneys for Plaintiff, in and for Seminole County, Florida, on or before the 31st day of November, A. D. 1961, else a decree pro confesso will be entered against you.  
IT IS ORDERED that this be published in The Standard Herald, a newspaper published in Seminole County, Florida, once each week for four consecutive weeks, WITHIN the term of the Clerk of the Circuit Court, in and for Seminole County, Florida, this 23rd day of October, A. D. 1961.

# No War Panic Here, Psychiatrist Says

WASHINGTON (UPI) — Are Americans really getting "hysterical" over the danger of nuclear war, as many Europeans think? A prominent psychiatrist said today he doesn't believe they are.

"There's a difference between serious concern about the world situation and panic," said Dr. Jerome Frank, professor of psychiatry at Johns Hopkins University.

"I think there's a good deal of the former, but I don't detect much of the latter."

Although fallout shelters have become a topic of dinner-table and cocktail party conversation, he said in an interview, this doesn't necessarily mean that Americans have developed a collective anxiety neurosis.

"We are a great people for facts," he said. "Remember how the hula hoop swept the country? And the Yo-Yo? Well, right now it's the thing to do to talk about building a fallout shelter. Among my personal acquaintances, however, I know very few who have gone beyond talking and have actually built shelters."

What effect will all this talk have on children? Will they conclude from their parents' conversation that there's not much point in working hard at schools, or otherwise preparing themselves for a highly uncertain future?

"Children are far more likely to be affected by how adults behave than by what they say. Parents who are really frightened will communicate their jitters to their children even if they never mention war in their presence. But if children sense that their parents are taking the whole thing calmly, and going ahead with life in a normal way, they'll probably do the same, regardless of the scare-words that may be glibly tossed around in their presence."

Frank said the greatest psychological danger of too much talk about nuclear war is that it may weaken the determination of adults to avoid such a conflict.

"If we go on talking blithely about 70 million casualties, and coolly estimating whether 10 or 200 per cent of the people in a certain area might survive, we may get hardened to prospects from which rational human beings should recoil in horror," he said.

"Instead of regarding nuclear war as an unthinkable course which must be avoided, we may find ourselves growing used to the idea of wholesale destruction. 'I think that would be an extremely dangerous state of mind for people to get into.'"

First friction matches in America were manufactured at Thurmond, Md.

CAPT. Robert W. Slye, NAS commanding officer, presents C. E. Callan of the Public Works Department at the Naval Air Station with a \$70.00 check for his beneficial suggestion which reduced man-hours and material required to change filters in a 30-ton air conditioner. Looking on (right) is Lt. Thomas J. Padden Jr., public works officer. Callan's idea will save approximately \$1,312.00 each year in material and man-hours.

## Two Day Ceramic Workshop Slated For County Teachers

Teachers of Sanford Public School system will have an opportunity to participate in a ceramic workshop as part of the system's in-service program Wednesday and Thursday at Pinecrest School from 6 to 10 p. m.

Presented by the American Art Clay Co., the purpose of the workshop is to provide practical ex-

perience related to the teaching of pottery craft and introduce new materials and methods. Teachers will participate in forming and decorating clay shapes following a demonstration of wheel throwing, hand methods of pottery making, glazing, decorating and other ceramic techniques.

The workshop will be conducted by Mrs. Dorothy Harper and arrangements for the in-service ceramic workshop were made by Mrs. Mildred Babcock, art coordinator of Seminole County Schools.

## REV. BEN MARLIN Nazarenes Close Successful Revival

The closing service of a week-long revival at the First Church of the Nazarene in Sanford took place with the Sunday Worship Hour at 7 p. m.

Rev. Ben F. Marlin, former district superintendent of the South Carolina District, Church of the Nazarene, was evangelist for the daily services. A native of Illinois, Marlin presently is pastor of the Orlando Church.

Rev. Paul Bickes, of the local church, said that nightly attendance during the revival was well above expectations and that each service proved to be of great spiritual value.

Bobby Carter served as director of music for the revival.

Arthur H. Beckwith, Jr., Clerk of the Circuit Court in and for Seminole County, Florida.

By: Martha Y. Vihlen, Deputy Clerk.

Publity Oct. 24, 1961.

## Tiger Tales

By L. M. HIGGINBOTHAM (LCDR-USN)

It's no wonder that very few of you will hear from your "Tigers" in Heavy Attack Squadron One today. Today is that big day of replenishment, that day each month or so when the mighty Sixth Fleet takes on provisions. From supply ship to the combatants, on cranes, high lines, and through hoses the life blood of the fleet flows. Fresh vegetables, frozen meats, (just like the Wind-Dixie) and spuds are hauled across sixty feet of space to be received in the hangar deck of this mobile airfield. Through great hoses, which at times dangle in the water, black fuel oil for the carrier is pumped, not to mention the thousands of gallons of high octane gasoline and the jet fuel for our A3D's.

This ability to replenish, to provision, and to re-arm underway without requiring shore bases and clearances in foreign countries keeps the Sixth Fleet powerful and independent of any government's whim. It increases the mobility of an otherwise captive Navy which must return to a certain port or place to replenish.

"Tigers," reveille jolted us awake at the unholly hour of 0400 and of course as soon as replenishment was over, we commenced flight operations, and continued until 2300. We know that it is important as our Operational Readiness Inspection is only two days away.

The Operational Readiness Inspection tests how capable the "Tigers" of Heavy One are in performing the various tasks of bombing, low level navigation, maintenance of our "Skywarriors," whether or not we look sharp around the ship, and a myriad of other aspects of operating procedures. More about that on Saturday.

## Floridians Given Advice On Nova

TALLHASSEE (UPI) — Industrial Commission Chairman Worley Brown urges Floridians to keep their feet on the ground while looking at the moon.

"One of the biggest problems for all of us will be to separate fact from fiction . . . when we are evaluating jobs and other economic needs," he said.

Brown's remarks came in a recent speech to the Associated Industries of Florida. The commission chairman said the gold rush in California more than a century ago would be like a factory picnic compared to the Florida migration resulting from the "Moon Room."

"Already there has been a large increase in the number of contractors licensed in the area," Brown said, "indicating many firms are trying to get in a position to bid on construction work."

## Lyman Club Joins Thespian Society

Lyman High's Dramatic Club this year will join groups from 2,164 other schools as members of the National Thespian Society.

With Chapters in all 50 of the United States, the Canal Zone, District of Columbia, Canada, and Okinawa, this honorary dramatic organization now has a total membership of 378,560 persons.

## Named Team Boss

OLEAN, N. Y. (UPI) — Orrie Jirele, a senior mathematics major from Austin, Minn., has been chosen captain of the St. Bonaventure University basketball team for the 1961-62 season. Jirele, a 5-11 guard, also plays the violin in the school band.

# Weir Resigns As Head Of Hospital

Seminole Memorial Hospital Administrator Harry Weir this afternoon resigned his \$12,000 a year post to accept a similar position in Scottsdale, Ariz.

Weir has been administrator at the hospital since August of 1954. His resignation will become effective Jan. 1, A. B. Peterson Sr., chairman of the Hospital trustees said today.

Peterson said that the hospital board "deeply regrets" Weir's resignation and said he was an "excellent administrator."

Weir, who lives at 116 North Virginia Ave., said the Arizona job would pay almost double his present salary. Under Weir's administration, the hospital initiated a new 50 bed expansion program. He has also taken a deep interest in community affairs and was first president of the Pinecrest PTA and helped start the Sanford Male Chorus.

The administrator said that relations with the board have been pleasant and there was no pressure involved in his decision.

Peterson said that the board has already taken steps in getting a new administrator and plans interviews in the immediate future.

**By LARRY VERHEL**  
Nobody asked me but, why doesn't the County Commission get a surplus Navy boat, put it in Lake Monroe and use it for a floating disaster headquarters for the county "key" personnel. Better than spending \$150,000 for a new building . . . It won't cost a cent.

A top Navy official told me that the most feasible boat would be an LST which could hold 300-400 people and has its own power plant. It is self sustaining for 30 days. . . . It can be gotten from surplus if there is a need and REMEMBER . . . no cost! One more thing . . . The steel plate on the boat would withstand anything up to a direct hit.

Why doesn't the city do something about parking for city hall employees. The commission killed the item in the budget for a city hall parking lot. How about that spacious lawn adjacent to the city hall in front of the police station?

Speaking of parking, the County Commission won't have to worry about those troublesome parking tickets anymore. 15 parking stalls were painted in back of the courthouse over the weekend. Five will be for the commission and the remainder for county department heads.

County Commission Chairman J. C. Hutchison is really getting away from it all. . . . He's spending the week hunting in Nova Scotia.

Tax Collector John L. Galloway said that 50,000 tax bills were mailed today to all taxpayers covering 1961 taxes on real estate, personal property and intangible personal property. The tax books are now open for inspection.

By the way, the four percent discount will be allowed for payment in October and November. In December three percent will be allowed, January, two percent; February, one percent and net in March. Taxes will be delinquent in April.

Just a couple of more hints left as far as the mystery celebrity for Jaycee Radio Day goes. This ought to wrap it up. . . . He's just as instrumental in guiding the state as the county. Send entries to Paul Lewis, in care of the Jaycees, P. O. Box 339.

Just for the record, we think Guy Allen is doing a good job as Sanford Postmaster. . . . But the next one will be named because of his political affiliations.

**X-Ray For Sam**  
DALLAS, Tex. (UPI)—Doctors planned to give House Speaker Sam Rayburn the first of a series of treatments today with a six-ton, two million volt X-ray machine to try and kill a tumor in his stomach.

HARRY WEIR

## Link Parolee To Disappearance Of Orlando Woman

CARTHAGE, Tenn. (UPI)—The Tennessee State Highway Patrol said Monday an investigation had connected a Wisconsin parolee with a missing Florida woman.

The highway patrol arrested David Wells, 19, of Stoughton, Wis., here last week.

When the car Wells was driving when arrested was investigated, it was found that the car was owned by an Orlando, Fla., used car lot. Clothing and a check book belonging to Mrs. Sally Waterbury, 31, Orlando, was found in the car. The patrol said Wells admitted the articles belonged to Mrs. Waterbury.

The patrol said its investigation showed Mrs. Waterbury left Orlando Oct. 18 with Wells.

Wells told conflicting stories about the missing woman, the patrol said. The latest story was that Mrs. Waterbury left him in a town in North Carolina and bought a bus ticket to Cleveland, Ohio. The patrol said Wells could not name the town.

The patrol said Mrs. Wells and her husband were separated.

Wells told officers they "probably will find her dead." He said Mrs. Waterbury "was very nervous" and had been in a mental institution.

A GAS EXPLOSION, occurring late Monday afternoon when Tom Parker, owner of a Fern Park Duplex, attempted to light a gas refrigerator in the unit of the building, resulted in an estimated \$2,000 damages. The blast blew out two walls of the apartment, scattered furniture, bedding and clothing out in the yard, set a small fire on the premises and hospitalized Parker who suffered flash burns. Occupants of the apartment, the Pat Schoeling family, were not at home at the time of the accident and the Casselberry Volunteer Fire Dept., called to the scene, quickly extinguished the fire. (Herald Photo)

# Two Seminole Plants To Double Size

## Others To Increase Capacity

Two Seminole County electronics plants plan to double their size in the near future and will employ over 600 persons, John Krider, executive vice-president of the Sanford-Seminole Development Company said today.

Krider said that Dynatronics, located on Hwy. 17-82, south of Sanford, is planning to add 30,000 square feet to its plant and increase its labor manpower to 400. Dearborn, next door to Dynatronics, added an addition last year and now plans to double the size of the plant again, Krider added. This will increase its employment to approximately 250 persons.

Discussing other plants, Krider said that Sanford Manufacturing has more than doubled its capacity and within the next six months will increase its employment to 200 persons.

All of Miami plans immediate construction on its new facility on Hwy. 17-82 and will employ 150 persons.

Peninsula Paint and Plastic Manufacturers are now in the planning stage of a substantial addition to their building, Krider added.

Del-Mar Industries will start its new 50,000 square foot plant which will employ 100 persons within the year.

Har-Car Aluminum Products Company also doubled the size of its plant and included a new machine tool department.

## Seminole County Agent Says:

# Fallout Would Hurt Crops

## Some Fallout Due In U. S. Friday, Expert Says

WASHINGTON (UPI)—A small portion of the radioactive fallout from Russia's 30 to 50-megaton monster bomb will reach North America about Thursday or Friday, a Weather Bureau expert said today.

Robert List, head of the bureau's atmospheric radioactivity research project, said much of the early fallout from the explosion would fall on Russia.

List said 5 per cent or less of the debris from the big bomb remained in the troposphere and will return to earth in a relatively short while, creating the early fallout from the explosion.

More of this early fallout will drop in Russia than in any other single country, List said. But some of it is likely to reach the United States by Thursday or Friday.

A greater threat is posed by the nuclear debris blown into the stratosphere, he said. This debris, about 95 per cent of that caused by the explosion, will wash down in next spring's rains and the United States probably will get more of it than any other country.

CONTRACTOR A. K. Shoemaker Jr., third from left, displays the new underground fallout shelter at the city parking lot behind the courthouse to (left to right) County Commission Chairman J. C. Hutchison, Mayor Joe Baker and Civil Defense Director A. B. Peterson Sr. (Herald Photo)

## Farmers Advised To Plan For Such Emergency

Radioactive fallout will have serious effect on Seminole County's \$12 1/2 million agricultural industry and in some instances virtually 50 percent of the crop could be damaged beyond use, Cecil Tucker, Seminole County Agricultural Agent said urging all farmers and cattlemen to start planning "now" for any nuclear emergency.

Tucker urged all farmers to make plans to keep all animals in shelters if it is feasible and to provide clear water and feed in case of any emergency.

Tucker explained that there were three types of radioactive fallout harmful to agriculture:

- 1—Caesium—which is not a long range problem as it acts as potassium and is not retained long in the body;
- 2—Iodine which has a relative short life and will not be much of a problem after 60 days;
- 3—Strontium 90 which is the most harmful and greatest concern to farmers because of its relative long life and is produced in more quantities than any other of these elements in a nuclear blast; it also behaves like calcium and collects in the bones from affected soil, animals and plant life.

Livestock and beef would be the hardest hit of any industry while citrus would not suffer too greatly and vegetables only in varying degrees depending on the amount and closeness to the blast.

Poultry would escape the brunt of the fallout because chickens can stand more radioactivity and most chickens are kept in shelters and can have a 50-50 chance of survival.

In case of any blast in an area near Seminole, Tucker said that liming the soils was one aid worked out by USDA research which would lessen the danger of radioactivity.

## State To Need 900,000 New Jobs

FORT LAUDERDALE (UPI)—Florida will need 900,000 new jobs within the next decade to maintain the state's economic health and stability, Sen. George A. Smathers, (D-Fla.), said today.

The massive Nova Project at Cape Canaveral will be a tremendous help, Smathers said, creating thousands of new jobs as it gives Florida an \$83 million booster shot within the next few years.

Smathers told the Florida Association of County Commissioners the Nova Project alone would generate more economic activity than Florida's entire tourist, agricultural and industrial economy in the year 1938.

"The entire moon shot program is predicted to reach the ultimate figure of \$20 billion by 1967," the senator said.

Smathers, predicting a population of 7.5 million for Florida in the next census, urged the commissioners to begin planning more recreational and industrial facilities.

DeLand man still listed in critical condition today as a result of a two car collision early Monday morning which took the life of an Oviedo man.

Orange Memorial Hospital officials reported that John William McCormick is "still on the critical list" suffering from severe head injuries.

Harley Cox, 33, of Oviedo died Monday night from injuries suffered in the mishap.

Florida Highway Patrol officers are still investigating the cause of the two car smash-up. No charges have been filed as yet.

## DeLand Man Still On Critical List

Peru Curba Rioters  
LIMA, Peru (UPI)—The government early today decreed a 30-day suspension of most civil rights to put a stop to outbreaks of violence like one Monday night in which one person was killed.

WILLIAM Hutchison was elected president of the Seminole Bar Association Saturday replacing outgoing president Gordon Frederick. Vice president is Carroll Burke and secretary-treasurer, Vernon Mize.

## Mrs. Appleby To Host Coffee Club

Members of the Coffee Club sponsored by the Seminole County Chamber of Commerce will be the guests of Mrs. Harold Appleby at her restaurant in the Vaux Hotel Bldg., 10 a. m. Thursday morning.

In addition to a group of representative business and professional men and women, the leading chiefs of Sanford Naval Air Station and of the squadrons comprising the "Kuffeklatchers."

The half-hour informal get-together on the last Thursday of each month has been instrumental in fostering good will and pleasant public relations and has proven to be one of the most beneficial projects of the Chamber, said John Krider, C. of C. manager.

Mrs. Appleby, as hostess, will probably be greeted by one of the largest groups of coffee drinkers and doughnut dunkers yet assembled, Krider added.

## C Of C Luncheon Set For Capt. Slye

The Chamber of Commerce will sponsor a luncheon honoring Capt. Robert Slye Nov. 10 at noon at the Civic Center.

Capt. Slye is expected to receive a change of orders next month.

The dinner will also honor other Navy officials here for the Ninth annual Bombing Derby during the week.

## Sample Ballot

(All Ballots to Herald Editor)  
(Please answer yes or no)

- 1—Are you willing to pay for a half million dollar Civil Defense program? ( )
- 2—Do you favor a skeleton warning system proposed by Civil Defense Director A. B. Peterson Sr. at a cost of \$16,000? ( )
- 3—Do you favor a full warning system proposed by Peterson at a cost of \$32,000? ( )
- 4—Do you favor not spending one dime more for Civil Defense than the \$4,000 appropriated this year? ( )
- 5—Any other suggestions? ( )
