Second Vote By Senate On Canal Asked

Reconsideration Is Moved By Missouri Solon Absent When Measure Was Lost

Work Proceeds Without Change

No Interruption In Program At Ocala, Operations Center

WASHINGTON, Mar. 19. (AP)—A second Senate vote on a once defeated \$12,000,000 Florida Ship Canal appropriation probably will be taken Friday, Senator H. S. Truman, Missouri Democrat, absent when the measure was defeated, 89 to 34, asked for reconsideration. Senator Fletcher said he thought the canal would win if he absent were rounded up.

Reptiles Added To Municipal Zoo Are Attraction Center

Several new snakes added to the Municipal Zoo are attracting considerable attention, according to James Moughton, park superintendent. Among the additions in the reptile enclosure are a five-foot ribbon snake presented by N. K. Wood, a large king snake presented by Tom Best of Lake Mary, and an unusual spreading adder presented by Harry Rosen. Recent additions to the zoo also include a pair of Houma chickens, presented by G. E. Hyrd.

DuPree Throws Hat In Ring For Senatorial Race

New Member Of City Commission Enters From 37th District

W. B. DuPree, city commissioner and local property owner, announced his candidacy today for the State Senate from Seminole and Bradford counties, constituting the 37th Senatorial District. He is a native of Virginia, but has resided in Seminole County for 18 years, 12 of which were spent as a traveling salesman and in the real estate business. For the last three years he has conducted a grocery business here.

City News Briefs

High tides tomorrow will be at 8:30 A. M. and 8:04 P. M.; and the tides will be low at 11:51 A. M. and 11:51 P. M.

John Talbot, 57, and Johanna Mae Talbot, 25, both of Sanford, were issued a marriage license today.

A. H. Moses paid G. Fred Smith \$5000 for a lot on Magnolia Avenue, between Ninth and Tenth Streets, according to a warranty deed filed for record today.

E. A. Carter paid two fines in County Jail. Sharon's court today, one of \$5 for assault and battery, and the other of \$20 for carrying a concealed pistol. He pleaded guilty to both charges.

Itinerary Of President Is Kept Secret

Railroad Officials Have No Information To Give Out As To His Routing

WASHINGTON, Mar. 19. (AP)—President Roosevelt's itinerary for his scheduled departure this afternoon to Florida is being kept secret. He accompanied the emergency flood commission to the White House for a conference.

Medallion For Mrs. Roosevelt

The Algonquin Sydney Sullivan Medallion, pictured above, given for the "attainment of the finer elements of character; sincerity, helpfulness, purity of motive, exalted ideal of service and the steadfast pursuit of the noblest purposes of life," will be presented to Mrs. Franklin D. Roosevelt by Rollins College when she and the President visit that institution in Winter Park next Saturday.

Beautiful Medallion To Be Presented To First Lady On Visit To Rollins College

WASHINGTON, Mar. 19. (AP)—When President Franklin D. Roosevelt comes to Rollins College next Saturday morning to receive the honorary degree of Doctor of Literature, a high honor will be bestowed also upon Mrs. Roosevelt when Rollins awards to her the Algonquin Sydney Sullivan Medallion. This is probably the first time a President of the United States and his wife receive honors at the same time from an educational institution.

In the year 1926, Rollins College was chosen by the New York Southern Society to be one of a few institutions in the United States to present the S. C. J. award in memory of its founder and first president, Algonquin Sydney Sullivan, "whose name is held in grateful regard."

The award is made, not in recognition of scholarship, professional skill or financial success but by reason of the "attainment of the finer elements of character; sincerity, helpfulness, purity of motive, exalted ideal of service and the steadfast pursuit of the noblest purposes of life."

Since 1926, Rollins has conferred the citizen's award of the Algonquin Sydney Sullivan Medallion upon ten citizens. Similar awards have also been made to a number of students upon their graduation from Rollins.

The citizen awards have been made to two trustees, three members of the faculty, and five others.

Parrish Hopes For An O.K. Of State Road 44

Senator And Lehman View Part Of Road Near Sanford; Meet Board Next Monday

Following a conference with H. M. Papworth, president of the Seminole County Chamber of Commerce, and H. J. Lehman, who attended the last meeting of the State Road Department, State Senator J. J. Parrish stated yesterday he is hopeful of obtaining the department's O. K. of an appropriation to improve State Road 44. The senator and Mr. Lehman drove over a portion of the road east from Sanford after the conference.

Mr. Papworth, who also attended the last meeting of the Road Department, said he is going to "make the battle of his life" when he appears before the board when it meets in Orlando next Monday morning. Delegations from Oviedo, Geneva and Frost City are also expected to attend the meeting.

Mr. Papworth, Mr. Lehman and Mr. Parrish are to meet Chairman C. B. Treagway of the board prior to the meeting.

Final action will be taken at the Orlando meeting on the Road Department's proposed 1936 budget, which provides for an expenditure of \$10,747,840, under a \$2,500,000 deficit.

Estimated income for 1936 was placed in the budget, which included \$2,247,840.96. This included \$7,000,000 anticipated revenue from three cents of the state's seven cent a gallon tax on gasoline; \$31,531.48 from regular federal aid; \$343,888.99 from national recovery federal aid; \$126,727.54 from funds from the Works Progress Administration; \$12,700 miscellaneous revenues; and \$675,493.28 cash on hand.

Proposed expenditures include \$2,519,214.95 to match regular federal aid for highway work; \$3,836,623.05 for maintenance of existing highway facilities; and other items including a \$700,000 emergency reserve of 10 percent which each year is held up under state law.

Flood Waters Take Increasing Toll In Northeast States

Red Cross Issues Appeal For Funds From This County

Need Money At Once To Aid Sufferers From Great Flood

Urgently appealing to the people of Sanford and Seminole County to help suffering in flood stricken areas in the northeastern states, Admiral Cary T. Grayson, head of the American Red Cross Society, today telegraphed Miss Elizabeth Ann DeForest, chairman of the Seminole County Chapter of the Red Cross, a request that immediate action be taken to raise this section's quota.

While Admiral Grayson estimates that \$3,000,000 will be needed to relieve distress in the flooded cities in Pennsylvania, West Virginia, New York and elsewhere, Seminole County is asked for only \$450.

To raise part of this fund Mrs. DeForest has arranged for a "tax day" next Saturday.

Admiral Grayson's telegram, dated last night, reads as follows: "Reports received late tonight indicate 38,000 families in 11 states driven from their homes in flooded areas. This number expected to increase. These people are all looking to the Red Cross for immediate relief, including shelter, food, clothing and medical care. Minimum relief funds of three million dollars necessary to provide care for flood victims for indefinite period until they can return to their homes. Please take immediate action to raise your chapter quota of \$450 in behalf of these disaster stricken families. These confident people of your community will wish to give promptly and generously. Resolutions should be forwarded to headquarters as promptly as possible. Report progress at least twice each week."

In asking residents of this section to contribute to the Red Cross funds for flood sufferers, Miss DeForest calls attention to the fact that tremendous sums have been poured into Florida in other years by the society.

Transmission Of Racing News Is Inquiry Subject

WASHINGTON, Mar. 19. (AP)—The communications commission today called upon the Justice Department to investigate activities of the American Telephone & Telegraph Company in providing facilities for the transmission of racing news.

Ramuel Becker, special counsel for the commission, charged that most of the subscribers to the racing news services were "gamblers or pool room operators." Walter E. Gifford, president of the company, was said to be "delighted" in the investigation.

Hitler Condemned By Nations As A Treaty Violator

LONDON, Mar. 19. (AP)—The Council of the League of Nations voted unanimously today to condemn the German government under Hitler as a treaty breaker. League members decided that Germany had violated both the Versailles and Locarno treaties.

The condemnation came shortly after General Joseph Von Ribbentrop, special ambassador of Hitler, argued that German action in moving troops into the Rhineland was justified by France's military assistance pact with Russia.

Anthony Eden, Britain's foreign secretary, although asserting that the British government believed the council should find Germany guilty of treaty violation, added that this breach "does not carry with it an imminent threat of hostilities and does not involve the immediate action provided for in the Locarno Treaty."

The Connecticut and Maryland Rivers in New England are in steady rise, swelled by continued rains, but the Ohio valley was the center of the dry's greatest havoc. Tearing in its swiftness, the surge of flood waters in the early dawn poured over the levees, drowning two men. Throughout dark hours, hundreds screamed for help. Rescue craft plied through streets to the aid of stranded persons.

But it was in Wheeling that the river struck the hardest. Wheeling Island in the middle of the river, between Ohio and West Virginia shores, was inundated. Dozens of persons were taken from second and third floors, down by a fleet of 50 or more rescue boats. Over the leveled portion of the city the water stood 15 feet deep.

Pittsburgh was a debris-strewn mass of destruction. Skyscrapers and buildings, streets and sidewalks, were National Guardsmen kept streets empty.

Tree Crushes Couple To Death In Georgia

KINGSLAND, Ga., Mar. 19. (AP)—Mr. and Mrs. C. H. Monroe were crushed to death in their home near St. Marys, Ga., by a tree blown down in a wind storm yesterday.

Pinned beneath a raft, they directed their children to get the family motor car and go for help. Both were dead, however, when rescuers arrived.

Crate Of Celery Sent Senators Who Voted Against Canal Appropriation

Forty crates of the finest celery that could be found in Seminole County were forwarded by express today to the 36 senators who voted on Tuesday against an appropriation for the Florida Cross-Canal. Senator Vandenberg of Michigan who led the fight against the appropriation will receive two crates, and each of the other 36 senators will get one crate.

At headquarters in Sanford of the Canal and South Florida Water Conservation Committee there was an expression of regret that the fight is still ahead of us, but members of the committee are confident that the present date and program from various truck farmers and fruit growers in southern sections of the state expressed much gratification.

Cus Schmah, speaking for the committee, said: "A big part of the fight is still ahead of us, but we are confident. It is too bad that Senator Fletcher, after 23 years of hardy speaking about a whiplash in the Senate, is putting his lifetime effort out in behalf of this ill-advised canal. Many of us wish he would save some of his energy to battle for that appropriation to compensate the growers for the tremendous flood damage, and then try to do something for the benefit of his constituents."

8 Candidates Have Paid Filing Fees

Eight candidates have qualified for the June primary by paying their filing fees to the Democratic Committee and to the Clerk of Courts. The eight are: E. J. Lehman, for the State Legislature; Samuel A. E. Williams for the executive committee; and the following candidates for membership of the Board of County Commissioners: Charles Egan in the First District; J. J. Carter, Peter Thompson and Otto Schmidt in the Second District; C. E. Smith in the Third District; and A. Farnell in the Fourth District.

Farnell Becomes A Candidate For County Board

While he filed two weeks ago as a candidate for the Board of County Commissioners from the Fourth District, E. A. Farnell waited until today to make formal announcement of his candidacy.

Mr. Farnell is a native of Seminole County, born here several years before the County was created, and has lived in the Oviedo section all his life so far. He said his present home is within a mile of his birthplace. His business is that of an orange grower.

For 14 years Mr. Farnell was a deputy sheriff, first in Orange County before Seminole was sliced off of that county, and then in Seminole County, and for the last eight years he has served as a constable. He is also serving his fourth term as a member of the Oviedo city council. He has been a member of the Baptist Church since he was a boy.

The Fourth District comprises Oviedo, Maitland and Goldenrod.

Condon Is To Be Asked To Discuss Hauptmann Case

TRENTON, N. J., Mar. 19. (AP)—Attorney General Wilentz will confer Friday with Dr. John E. (Jafale) Condon, Lindbergh ransom internmentary, whom Governor Hoffman wants to question.

Wilentz and Prosecutor Hank of Hunterdon county will ask Condon he who feels about submitting to the governor's questions, and will also discuss with him statements he has made about the crime since Bruno Richard Hauptmann's conviction.

C. Lloyd Fisher, Hauptmann's chief counsel, said today the delay in questioning Jafale was serious, impairing the defense fight to save Hauptmann from the electric chair. He is under sentence to die the week of Mar. 30.

Frozen Pipes Cost Chicago \$137,877.00

CINCAGO, Mar. 19. (AP)—The snow weather of February left Chicago with a \$137,877.00 thawing bill and only \$1000 on hand to pay it.

The city's plight was caused, said Hewitt, by the fact that only \$1000 was appropriated for 1936 for the thawing of frozen water pipes.

Bob DeLoach Makes

Bob DeLoach, a member of the Senate, has been named as a candidate for the State Senate from the 37th District.

WEDNESDAY, MARCH 18, 1936

IBLE VERSE FOR TODAY

THE ROAD TO WANT.—He that oppresseth the poor to increase his riches, and he that giveth to the rich, shall surely come to want.—Prov. 22; 16.

Don't forget to file your application for homestead exemption. And don't forget to register.

Most of the candidates believe in rigid economy in government except, and except and except.

Prominent among those spending a short vacation in Florida this winter are President and Mrs. Franklin D. Roosevelt who will arrive here Saturday.

Now if they will just take all the money they were figuring on spending on the cross state canal and use it to build railroad underpasses, or through state highways, twice or three times as wide as those at present, we might be getting somewhere.

Col. Roscoe Turner is not too proud to be afraid. "I'm afraid of everything in the plane every time I get into it," this intrepid aviator who breaks world's records and wrestles with lions says. "I lose 10 or 12 pounds every time I try to a record across the country. That causes me to be careful."

The federal debt reached a new high yesterday of \$31,447,108.057 as new borrowing added almost another billion dollars to the total. And this does not include several billions of indirect obligations of the Home Owners' Loan Corporation, or the Federal Land Banks, nor does it include nearly 20 billion dollars which cities, counties, and states owe, and which also has to be paid out of taxation.

Wealth received considerable redistribution last week when the estate of Alfred L. DuPont paid one million dollars in cash to the state treasury as a part of the inheritance tax which the estate ultimately will have to pay. This money will be used by the state to help finance its schools so that boys and girls who come from poor families may receive a proper education. Much of the rest of the estate which Mr. DuPont accumulated was willed directly by him to charity. Thus the money taken from the people ultimately finds its way back to the people.

A home merchant may not advertise in his home paper but he can't keep merchants from advertising in the dailies in the nearby cities, and he can't keep the citizens of his town from reading the city dailies. If they read them, they will, they are going to find a way to buy things they see advertised. This is in response to the fundamental law of selling and psychology. This is one of the things good advertisers learn. Good advertisers are read, and when read, a selling force in the mind of the reader.—Titonville's Star.

Officers in Sanford yesterday named "Fannie" Stated of Klatskanie as making a vigorous campaign to convince the voters that she is the logical man to take the place of the late Senator Charles H. McNary in the Senate of the United States. She was born and raised in Oregon, and was married in San Francisco. She has a son, Charles H. McNary, Jr., who is now in the United States Army.

Dope Smugglers

In United States district court in New York the other day was arraigned a twenty-two year old boy on charge of being an international carrier for a huge narcotic ring. Arriving in New York last week, he had been arrested by custom inspectors who found 220 ounces of heroin, worth more than \$15,000, in his luggage which he was bringing into this country from Paris.

Further investigation revealed that this was not the first trip from Europe that this particular boy had made. It seems that he had been more or less of an habitual customer of the trans-Atlantic lines and had in the course of his travels brought in thousands of ounces of dope. His trunk had a false bottom in it, allowing a space of more than an inch between the real bottom and the false bottom, in which he had concealed the heroin, thus accounting for his success in escaping detection.

Heroin, an acetic ester of morphine, though sometimes used beneficially in medicine, is one of the most dangerous and persistent of the habit forming drugs. Very few who become addicted to it ever recover, and unlike cocaine and most other drugs, which usually result in suicide, heroin tends to make the victim vicious, pugnacious, murderous. Most of the "trigger men" for gangsters are victims of heroin.

It is said that the dope rings which control the importation of this drug are among the shrewdest and most unscrupulous crooks in the world, amassing millions of dollars annually through this nefarious trade. Their agents not only smuggle the stuff into the country, but also engaged in peddling it for retail consumption, and in recruiting new victims.

This is undoubtedly one of the most serious evils with which federal agents have to contend.

The Situation In Europe

Pointing out that latest statistics reveal more than 4,000,000 men under arms in the five principal European countries, Russia, France, Germany, Italy, and Great Britain, with 16,000,000 soldiers on the active reserve lists and more than 8,000 fighting airplanes, the Bradenton Herald says that war may come out of Europe's disturbed condition at almost any time. "The old world has too many men under arms and too many in the reserve lists not to expect the worst unless this is averted by a miracle," the Bradenton paper says.

"Russia where communism has been cradled for what the average person outside of that country knows not, heads the list with 1,300,000 men in her standing army, and 7,000,000 reservists," says the Herald. "Also the Soviets have the greatest number of planes, 3,000. Italy is second in armed men, 1,200,000 in her army and 5,800,000 in reserve. She is third, however, in plane strength with 1,500 against France's 2,500. However, the French standing army of 600,000 with a million men in reserve is puny in comparison with the first two. Germany is stronger numerically in her army with 650,000 regulars against France's 600,000 and 1,400,000 reservists against France's single million. Britain, trailing the list, has a standing army of 400,000 and a half million reservists.

"This is all interesting, appallingly so, it might be said. Yet the seriousness of the situation is not readily reflected on the surface. One needs to study Russia's figures to understand this and if the Soviets are accepted as allies by Germany's enemies this group may find themselves in a worse position when peace terms are dictated than they are at the present for Russia would be a powerful figure in any struggle that may take place. This being so it is reasonable to suppose that she would demand an important place at the treaty table. Her creed is communism. One wonders what she would want written into the pact yet there would be no need to wonder. It would be communistic from start to finish.

"This isn't, it should be remembered, the Russia of World War days with her army of poorly trained, un-equipped men. Never again will she send men armed with pitchforks into battle as she did then, expecting the fighting's survivors to gain arms from fallen comrades who have been furnished more or less obsolete equipment. "Truly, the picture of the moment is not one to inspire hope for the future."

SANFORD TWENTY YEARS AGO

SAN ANTONIO, Tex., Mar. 18.—United States troops went into Mexico today in pursuit of Francisco Villa whose raid on Columbus, N. M., a week ago caused President Wilson to determine to run him down. More than 4,000 soldiers, headed by Brigadier General John J. Pershing, who is in command of the punitive expedition, crossed near here, while a smaller force under Colonel George D. Dodd, entered Mexico some distance from Columbus.

WASHINGTON, D. C., Mar. 18.—A joint resolution authorizing the President to bring the Army up to full strength by adding 19,447 men to existing organizations was passed in the House late Wednesday without objection or debate and with but one dissenting vote.

J. B. Jones planted 10 acres of long staple cotton in the Black Hammock district for W. A. Basall. While it has been many years since cotton has been planted in this section of the state there is no doubt as to the successful outcome of the experiment.

Last evening Mr. and Mrs. W. P. Carter entertained with a pretty Shamrock Party in celebration of Mrs. Carter's birthday. A delightful spirit of hospitality prevailed making the evening one of unusual enjoyment. Games were played throughout the evening and prizes were awarded to Miss Mary Lee, Miss Ruth Roberts, and Miss Sylvia. Guests at this charming party were: Dr. and Mrs. Clark, Mr. and Mrs. D. J. Dutton, Mr. and Mrs. E. A. Dutton, Mr. and Mrs. Roy Dutton, Mr. and Mrs. C. H. Dutton, Mr. and Mrs. W. Dutton, Mr. and Mrs. J. Dutton, Mr. and Mrs. K. Dutton, Mr. and Mrs. L. Dutton, Mr. and Mrs. M. Dutton, Mr. and Mrs. N. Dutton, Mr. and Mrs. O. Dutton, Mr. and Mrs. P. Dutton, Mr. and Mrs. Q. Dutton, Mr. and Mrs. R. Dutton, Mr. and Mrs. S. Dutton, Mr. and Mrs. T. Dutton, Mr. and Mrs. U. Dutton, Mr. and Mrs. V. Dutton, Mr. and Mrs. W. Dutton, Mr. and Mrs. X. Dutton, Mr. and Mrs. Y. Dutton, Mr. and Mrs. Z. Dutton.

Roosevelt Support Grows As Borah, Knox, Landon Lead In Republican Race

By BYRON PRICE. WASHINGTON, Mar. 17.—(AP)—Early-bird delegate selections for the national political conventions have developed few surprises.

Roosevelt remains virtually alone in the field of Democratic candidates having visible support. Borah, Knox and Landon continue to lead the Republican procession, followed by an interesting line of dark horses.

The Democratic question now is whether any appreciable strength at all will muster behind any Democratic candidate against the President. If anything, the sixty primaries have encouraged the Roosevelt leaders to strengthen their predictions that the renomination will be voted almost by acclamation.

For the Republicans, the critical months will be April and May. The June 3 convention may be just around the corner before the situation is much clearer than it is today.

The overwhelming Roosevelt trend of Democratic pre-convention politics is hardly regarded as new by those experienced politicians who know how hard it is to stop the renomination of any president.

At Democratic headquarters, the Roosevelt lopsided victory in the first Georgia counties to vote was spoken of as merely confirming that Governor Talmadge will get nowhere with his candidacy, even in his own state.

The "handwagon" impression is further deepened by the selection of Roosevelt-instructed delegates in the New Hampshire primary, by indications that the anti-Roosevelt delegate effort in Massachusetts will be dropped, and by such announcements as that of Senator Tridings of Maryland, who says he will support the President although he disagrees with him about many things.

Colonel Henry Breckinridge remains entered in several primaries, but the Liberty League emphatically disavows any connection with the enterprise, and the colonel's friends are complaining of lack of co-operation from anti-Roosevelt Democrats.

The swift-blooming Republican boom for Governor Landon makes headlines daily in many states. It is quite evident his friends are counting heavily on support from the uninstructed delegations which many of the old-line party leaders want to elect from West and South.

It also is apparent however, that the supporters of Colonel Knox, who have been at work more quietly for months, believe they have cause for hope from these same uninstructed delegations. Thus a struggle of unsuspected ferocity is developing under the surface, and there is no sign it will cease before convention time.

Meanwhile, Senator Borah is widening the theater of his campaign against the whole uninstructed-delegate bloc. He will seek strenuously to crush Colonel Knox in the Illinois primary on Apr. 14. The state is crucial for Knox, because it is his home state. Borah himself faces a crucial test on May 12, in the Ohio primary, where he is the only leading candidate entered, and is battling a determined and able leadership which desires to keep the delegation free from being tied nominally to a favorite candidate. Landon, staying out of the primaries, will face his test in the convention itself.

The inevitable logic of the Republican situation is leading to a less talk of dark horses. For the moment, the most prominent in these primaries is Senator Vandenberg, who has been making a bit of talk of Senator Steiwer. But all of it is nothing but talk. The Republican outlook remains as gloomy as the Democratic outlook is bright.

WASHINGTON, Mar. 18.—Senator Arthur H. Vandenberg, Republican of Michigan, has declared against proposals looking to American initiation of new negotiations for collection of the World War debts, or to issuance of the option contained in the agreements to demand in payment bonds of the various governments which might be sold to the public.

In support of his opposition to the latter plan, he presented a letter from Henry Morgenthau, Jr., setting forth technical difficulties and other considerations making the demand for bonds undesirable, chief of which were that they could not be offered at less than par and their lack of marketability, and the danger of incuring legal or moral obligations to purchasers if the sale of such bonds caused them losses. Moreover, he pointed out, the optional provision in the debt funding pact calls for an agreement on methods for repayment of the principal of the marketable bonds and this would automatically open up the whole question of debt revisions.

Under the circumstances, Senator Vandenberg thought it wise to let the debts stand in default until the debtor nations initiate negotiations, and serve as a "warning against further American gullibility" and as a justification of the provision in the new neutrality formula barring the financing of foreign national wars in this country.

Deputy Sheriff Leon W. Wessham, Reidsville, N. C., arrested his man but in doing so suffered a severe man bite on the wrist.

Judge Petteway Disqualified In Flogging Case

TAMPA, Mar. 18.—(AP)—Judge Ralph Petteway stepped out of the showmaker flogging case Friday when defense attorneys demanded he disqualify himself because he is a candidate for governor.

In his order of disqualification, Judge Petteway said he felt he could try the case without prejudice but the Supreme Court had ruled that a judge has no discretion when this question is raised.

Judge Petteway's withdrawal from the case set for trial next Monday—placed selection of a successor in the hands of Gov. Dave Sholtz who may assign any criminal court judge in Florida to the case.

State Attorney Rex Farris said he expected no delay in the trial. The 10 men—among them former Police Chief R. G. Tittsworth and six of his men—were indicted by the grand jury which spent weeks investigating Shomaker's death and the flogging, firing and feathering of his two companions who recovered from their mistreatment. Most of those on trial are charged with second degree murder and kidnaping.

Flood Waters Take Increasing Toll In Northeast States

(Continued from Page One) The business district waters fall at the rate of six inches an hour, but the day at 700,000 faces another lightless night. There is ten feet of water in some department stores and lumber sections.

Danger appeared just at Johnston. The Quonset dam was holding and was believed safe, and the river was virtually back in its banks. Five hundred guardsmen rushed to the city last night.

As people returned to their homes, George Fuller, manager of the Johnstown Telephone Company estimated the damage at ten millions, far above the great flood of 1889.

Annual Flower Show At Mayfair Is Successful

Thousands of interested persons attended the first day of the Sixth Annual Flower Show of the Garden Club of Sanford...

Forming a party spending Wednesday at the Bok Memorial Tower at Lake Wales were: Mrs. George W. Huff, Mrs. Britton Johnson, and Harold Johnson...

Many asales were viewed in an arrangement at the east end of the ballroom where colorful azaleas in Spanish moss were placed around a large palm.

The show will continue until 9:00 P. M. tonight and the public is invited to attend. Winners in all classes of the exhibits will be announced in tomorrow's Herald.

Mrs. L. H. Harvey Gives Birthday Party

Mrs. L. H. Harvey entertained a birthday party Tuesday evening at her home, 1200 Elm Avenue, in honor of her son, Leslie Harvey, who celebrated his sixth birthday anniversary...

Those present were: Leslie Harvey, honor guest, George Walker, W. A. Cagle, Betty Ann Cagle, Wilhelmienka, Nelsiek Marion Nblack, Mary Ellen Dugger, Joe Dugger, Hazel Baines, Joyce Goodspeed, Mary Frances Harvey, Jimmie Harvey, Russell Page, Robert Johnson, Frank Johnson, and Jackie Spender.

Church will take place at 3:00 P. M. at the church annex with Mrs. V. I. Hughey, Mrs. W. L. Clark, Mrs. E. M. Mason, Mrs. Byron Squires, and Mrs. J. F. Riser as ostesses.

TUESDAY Mrs. C. R. Mason will be at the Girl Scout Little House from 11:00 A. M. until noon for conferees.

Personals

Miss Lucille Till of Montgomery, Ala. is the guest of her aunt, Mrs. Britton Johnson, 218 Laurel Avenue.

Mrs. Wynn W. Potter was called to Jackson, Mich. this morning by the critical illness of her mother.

Mr. and Mrs. Neal Collins of Montgomery, Ala. left today for their home after spending a few days here with Mr. and Mrs. F. D. Scott, South Sanford Avenue.

Mrs. Lee Samuels has returned to New York City after spending a few weeks here with her parents, Mr. and Mrs. Charles Kanner, South Sanford Avenue.

Forming a party spending Wednesday at the Bok Memorial Tower at Lake Wales were: Mrs. George W. Huff, Mrs. Britton Johnson, and Harold Johnson...

Senior Class Enjoys Party After Play

Miss Ruth Hand and Miss Virginia Meriwether entertained the members of the Senior Class of Seminole High School Wednesday evening after the Senior Class play, "The King Rides By." The party took place at the home of Miss Hand on Park Avenue.

The hostesses were assisted by Mrs. Helen Schultz, Miss Clifford Shiholzer, Miss Jane Schultz, and Charles Meriwether. Calendulas and forget-me-nots, accentuating the Senior colors of blue and gold, were used to adorn the party rooms.

Those present were: Mrs. R. C. Maxwell, Miss Margaret Long, Miss Lillian Dunlap and Earle King, Senior faculty committee, Mrs. Helen Schultz, the Misses Jane Scholtz, Clifford Shiholzer, Doris Rocky, Annie Belle Brown, Eunice Tyler, Anna Cornell, Martha McDonald, and Charles Meriwether, Clyde Hurt, John Maysor, I. E. Tew, Charles Robinson, Arthur Moss, Herbert Smith, William Burnett, Edwin Bonlake Francis Roumillat, Jerry Senkatic, Karl's Housholder, Max Rumley, Carl Pesler, Charles Be'din, and Bart Ellerbe.

At The Mayfair

Mr. and Mrs. J. F. Relford of Asbury Park, N. J., left today for Daytona Beach after spending about 10 days at the Mayfair. J. F. Nettleton has arrived from Chicago to be a guest at the Mayfair for a few days.

Among the overnight guests Wednesday at the hotel were: G. D. Sills, of Jacksonville; F. V. Coffey, of Jacksonville; E. Bizar, New York City; R. B. Steed, Jacksonville; and Mr. and Mrs. W. H. Gillette, Mrs. R. B. Thomas and Miss E. McVan of Oakville, Ky.

"The King Rides By" Presented By School

"The King Rides By," an exciting society play with a background of mystery, was presented Wednesday evening at the Seminole High School auditorium by the Senior Class of the school before a capacity audience.

Directed by Mrs. R. C. Maxwell, the cast of characters, composed entirely of Senior Class students, showed careful training and portrayed their parts well. Music between the acts was furnished by the High School Orchestra.

The cast of characters was as follows: Edmund Dorset, Judge of the Supreme Court, Edwin Bonlake; Simmons (Duke), a butler, Arthur Moss; Loranda (Lili), a maid, Anna Cornell; Cecily Dorset, Judge Dorset's second wife, Sara Edwards; Captain Ross Wheatley, of the Aviation Corps, Robert Wilson; Deborah, Winchell, Mrs. Dorset's niece, Fannie Biggers; Hal Stanley, in love with Deborah, Herbert Smith; Baroness Dorset-Daquerre-Von Eschbach, Judge Dorset's former wife, Martha McDonald; Valeria Dorset, her daughter, Virginia Meriwether; Cash McCord, a gangster, Karl's Housholder; Stuffy, his henchman, Francis Roumillat; Katherine Wells, a reporter, Mary Chapman.

Pages and prompters were the Misses Annie Belle Brown, Elizabeth Brigham, Etta Bonington, and Mary Nell Smith. Ushers were: The Misses Sue Harrison, Mary Went, Wynelle Faircloth, Ruth Mesch, Julia Belle McLelland, Sheila Cameron, Clara Melisch, and Marjorie Pope.

Social Department Gives Bridge Party

Mrs. R. E. True, Mrs. J. Ross Adams, and Mrs. J. M. Stinecoper were hostesses at the monthly bridge party of the Social Department of the Women's Club given Wednesday afternoon at the club house on Oak Avenue. A St. Patrick's Day motif was used for party decorations and appointments.

After several progressions of bridge high score prize, a blue vase of pink snapdragons, was awarded to Mrs. E. H. Laney, while second high score prize, also a vase of flowers, was presented to Mrs. R. A. Winston of Washington, D. C. Mrs. John Stanford won hat prize.

At the tea hour refreshments were served by the hostesses, assisted by Mrs. Arthur Brennan, Mrs. H. G. Moore, and Mrs. J. Adrian Brown.

Those present were: Mrs. J. C. Huff, Mrs. L. E. Spencer, Mrs. J. E. Baker, Mrs. John Mosch, Mrs. G. K. Fullagher, Mrs. E. Compton, Mrs. J. M. Stinecoper, Mrs. R. E. True, Mrs. J. Ross Adams, Mrs. J. A. Young, Mrs. A. T. White, Mrs. B. C. Moore, Mrs. H. G. Moore, Mrs. John Stanford, Mrs. J. G. Bal, Mrs. James G. Sharon, Mrs. J. D. Taylor, Mrs. O. M. Harrison, Mrs. J. Adrian Brown, Mrs. J. E. Mitchell, Mrs. R. A. Winston of Washington, D. C., Mrs. H. M. Parworth, Mrs. E. H. Laney, Mrs. Arthur Brennan, Mrs. Margaret Loucks, Mrs. H. W. Rucker, Mrs. J. F. Hawkins, Mrs. J. N. Tackett, and Mrs. R. J. Holly.

Annual Silver Tea Is Planned By Girls

Invitations have been mailed to the members of the Girls' Club to be interested in the annual silver tea and the general public is cordially invited to attend the Fourth Annual Silver Tea to be given Friday afternoon at 4:00 o'clock at the Clubhouse of Commerce building in the Mary.

The Troop Committee, composed of Miss I. M. Thompson, chairman, and Mrs. W. E. C. O. was assisted by Mrs. R. E. Taylor and Miss P. M. Ball. Scout leaders and Mrs. H. M. Howell, Boy Scout leaders.

Entertainment for the tea will be furnished by several of the Girl Scouts and Brownies. Another feature will be vocal solos by Miss J. L. Ingley.

Members of the Sanford Grammar School are given as follows: Susan Grace, Charlotte Fish, Susan Kirby, Alfred Batten, Richard Mcintosh, Betty Cogell, Geraldine Couch, Pauline Johnson, Zola Matthews, and Winifred Loy H. Fifth Grade: Louise Dutton, Mary Ross, Valerie Wells, Virginia Chapman, Jeanette Whitworth, Elizabeth Fite, Jimmy Ingley, Kernel Amburst, Jimmy Rader, Valva Steiny, Kathryn Higgins, Marjorie Jones, Emma H. Henson, Walter and a son, Joan Whigham, Ruby Boniske, Lois Nipper, Katherine Spencer, and Stella Touchton.

Meanwhile, Timmerman lay in a hospital here, tossing and groaning. At St. Augustin, where Timmerman died before coming here, acquaintances said he sometimes entertained others by sticking pins and needles into his body.

Farmers in nine southwestern Kansas counties re-commenced 30 percent cut in wheat acreage in their district to the Department of Agriculture.

Crucifixion Seen As Radical Stunt To Gain Sympathy

Attorney General Of State Joins Probe Of Ocala Trouble

OCALA, Mar. 19.—Sheriff S. C. M. Thomas and Chief of Police J. H. Spencer both expressed the opinion that the crucifixion here yesterday of George J. Timmerman was a radical stunt to gain sympathy and to get publicity and gain sympathy. Attorney General Cary D. Landis hurried here as soon as Governor Holtz was advised of the crucifixion and is making the investigation.

Timmerman was nailed to a crude wooden cross within the city limits of Ocala. Four and one-half inch spikes were driven through his hands and feet and his lips had been sewed together with heavy twine.

Police were called to the scene by James White, workman on the cross Florida ship canal and friend of Timmerman. White said he had heard groans from a wooded section within the city limits this morning and, investigating, found Timmerman. He said a heavy hunting coat covered the man's head.

White was arrested late today and officers started a lengthy questioning. B. B. Barnett, police fingerprint expert, said he found in Timmerman's automobile two spikes like those hammered through his hands and feet. He said lumber used in the cross corresponded to wood found not far from where Timmerman was found.

At St. Augustin, where Timmerman died before coming here, acquaintances said he sometimes entertained others by sticking pins and needles into his body.

Farmers in nine southwestern Kansas counties re-commenced 30 percent cut in wheat acreage in their district to the Department of Agriculture.

Mrs. McDougal Is Winner Of Range In Stove Contest

Attorney General Of State Joins Probe Of Ocala Trouble

Mrs. Minnie McDougal of Perry, Avenue won first prize, a new electric range, and Mrs. J. H. Parramore and Mrs. Bertha Lindsay of Geneva won second and third prizes in a recent "old stove hunt" contest sponsored in this district by the Florida Power & Light Company. The second and third prizes were I. E. S. H. lamps.

"I have always wanted an electric range and now I have one," said Mrs. McDougal, upon being informed of her good luck by H. H. Coleman, local manager of the power company. "I have known of the advantages of electric cookery for many years, and now I will have the opportunity to use this modern method of cooking."

The prize lamps are also highly valued by the local women who won them. "The Oldest Stove Hunt" contest ties in with the general trend all over the country toward modernizing kitchens and releasing American women from the drudgery of housekeeping. Local Manager H. H. Coleman stated, "All over the country, as well as in Florida, housewives are becoming home makers through the electric kitchen. The electric range and electric refrigerator are the first steps being taken by most women toward a modern electric kitchen. Electric cooking is safer, safer and economical. That is why 65% customers of our company have changed to electric cookery during 1935."

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your cough, chest pain or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

CITY NEWS BRIEFS

Applications were filed last year. All applications must be filed before Apr. 1, less than two weeks away Mr. Lamson said.

Tax adjustment was the program in Sanford today, with the County Commission meeting in the Court House this morning as a tax adjustment board and the City Commission meeting at 7:30 o'clock in City Hall this evening to discuss adjustment of delinquent taxes owing the municipality.

Uncle Sam, through J. Edwin Lamson, collector of internal revenue in Florida, has filed a lien against the Zachry Veneer Company for unpaid income tax, according to papers on file in the office of the County Clerk. The government claims a tax balance of \$5,887.84 for 1930, interest to Mar. 17 of this year of \$448.21, tax for the first six months of 1931 of \$2,721.31, and interest on that tax of \$212.42.

2 Pct. Insurance Tax Returns Big Sum To Treasury

\$740,217 Collected Since Last July 1, Reported By Knott

TALLAHASSEE, Mar. 18.—Transmitting V. V. Knott, who is insurance commissioner of Florida, announced that the State Insurance Department has collected \$740,217.50 from insurance companies authorized to do business in the state since July 1, 1935 through the 2 percent tax on gross premiums.

Although more than 60,000,000 in 1935, the source of revenue, it is practically all paid during the months of February and March, when companies file annual statements covering transactions of the previous calendar year. The year-end closing figure for 1935, had total premium taxes amounting to \$677,071.76, while collections so far this fiscal year, exceed that amount by \$63,145.74, indicating an increase of nearly ten percent in premiums paid to insurance companies authorized to do business in Florida during the calendar year, 1934 over 1933.

Total taxes collected from insurance companies by the state treasurer during the fiscal year ending June 30, 1935, amounted to \$260,015.76, the third largest source of the general revenue fund. This is exceeded only by collections under the estate tax amounting to \$1,087,227.10, and the one-cent gasoline tax of \$2,458,854.53.

Townsend Plan Inquiry Starts Thursday, Mar. 26

WASHINGTON, Mar. 19.—(AP)—Open hearings will start Thursday, Mar. 26, before the special Congressional committee investigating the Townsend and other old age pension programs.

Chairman Bell (D. Mo.), announced the date after a closed meeting of the committee at which details of procedure were approved. Bell said a schedule of witnesses to be called would be announced later.

It was understood that Dr. P. E. Townsend, president of the organization which has been and co-founder of the plan for a transaction to raise funds for payment of \$300 monthly pensions to all persons over 65, will be among the first witnesses questioned by the committee.

R. E. Clements, national secretary of the Townsend organization and co-founder, also will be among the first to appear before the committee.

Octopus Is Sighted In River In Oregon

PORTLAND, Mar. 19.—(AP)—Reports an octopus had been found in the Metolus River in central Oregon, several hundred miles from the ocean, are stirring Oregon naturalists.

Stanley G. Jewett, head of the United States Geological Survey in the state, was informed the creature was on display in Redwood.

"It's authentic," he asserted. "I'll see that it is preserved for posterity."

William L. Finley, naturalist, said "It's an octopus and was in the Metolus River, somebody must have put it there, unless there's such a thing as a freshwater cephalopod. If so, it's absolutely new to science."

The twenty-eight-inch creature was caught by Jack McDaniel, of Redmond.

Lewis attributes the poor quality to the high moisture content of the kernel which caused it to be damaged severely by the extremely cold weather of the winter. Minor factors were late maturity of the 1935 crop, heavy rains of last summer, lack of moisture in the soil during the latter part of the year, and failure of farmers to dry seed corn artificially.

Job Normalcy Seen Near In Industries

CLEVELAND, Mar. 19.—(AP)—Herbert H. Lind, general manager of the National Machine Tool Builders Association, announced that normalcy in the steel and machine tool industries stands at 34 percent of the 1929 level.

Lind said the "new industrial" boom, the steel and machine tool industries, is expected to be completed by the end of 1936 or 1937. He listed them as electrical machinery, apparatus and supplies, suspension and rubber tires and inner tubes, petroleum refining, rayon and allied products, aluminum manufacturing, typewriters and parts, radio receivers, adding machines and calculating machines, aircraft, and radio and phonographs.

Wright Is Elected President Sanford Baseball Club Of Florida State League

Working Agreement With Chattanooga Almost Ready

W. F. Wright, first street manager of the Sanford baseball club of the Florida State League, was elected president of the club at a meeting held in the Chamber of Commerce building last night. Wright, who has been in charge of the club since its organization became permanent for a year, presided over the meeting. The attendance was the largest of any similar meeting since the club's organization. Wright was elected president, and W. C. Hill and W. F. Anderson were elected to the board of directors. President Wright, Vice-President Packard, and Secretary Wright will also be on the executive committee. The club also elected a financial committee, composed of W. M. Watson, George McHenry, Roy Chapman, Theo. Poppe, Henry Thurston and Bill Anderson. Vice-President Packard reported to the group that a working agreement with the Chattanooga baseball club is nearly ready. Under this agreement the Chattanooga club will furnish five players to the Sanford club, paying their expenses, and in return Sanford will give Chattanooga first claim on any players who show up well on the team this summer.

Elimination Race Preceding Derby On Track Tonight

Best Out Of First 8 Entrants Are To Be Chosen For Classic

Eight of the 22 dogs which have been selected as possible entrants in the first annual Sanford Florida Greyhound Derby will be featured on April 2, with \$1,000 as added purse, will run tonight in the ninth race at Sanford-Orlando Kennel Club track near Longwood. The race will be the first of its elimination events leading to the Derby, and the entries are Chance Charlie, Skinny Barney, Sunny Kay, Mollie Malone, Miss Way Behind, Lady Traffic, Careless Wager, and Officer Dala. Four of these dogs will be eliminated tonight. All elimination races will be over the 5-16 mile course but the Derby will be over the 7-16 mile distance in which dogs will pass the judge's stand twice before the winner is crowned. Eight dogs selected to run in the feature next Tuesday are Golden Lad, Traffic Chance, Ballyclava, Miss Mark, Ann Hope, Paddy Blue, Newt, and Wild Faunty. Entrants in the third elimination, set for next Thursday, are Flash Past, Ann Will, Hawk's Light, Traffic Sing, Just Wilbur, Mackerel Fairy, Ash Tray and Beckfielder. Five of the 22 dogs will run Tuesday night Mar. 21. They are Morvick, Careless Guess, Sunny Kay, Teeny Snowspot, Untamed, Hawkeye Chief, Sand Queen and Wild Maiden. Then will follow a semi-final elimination Thursday night Apr. 1 with the final elimination on Saturday night Apr. 3. Wild Maiden's victory in the ninth last night had the form players raising their eyebrows.

Supreme Court Will Rule Upon State Base Law

TALLAHASSEE, Mar. 19.—(AP)—The Supreme Court was asked yesterday to decide whether a courtman can ship his dog's catch of Florida Mack bass to his home in another state.

A 1938 act halted the sale and shipment of Mack bass but provided that a dog's catch may be carried out of the state as a part of the fisherman's "personal baggage."

F. D. Fulwood of Titon, Georgia, brought the suit on the claim that the Southeastern Express Company had refused to accept a bass in Florida for shipment to his home at Titon, Ga.

The attorney general's office, supporting Fulwood's contention, pointed out that common carriers were prohibited by the act from shipping bass.

Through his attorney, the Georgia man declared that the wording of the act prohibited transporting bass by common carrier only "within the state of Florida," and that a dog's catch could be transported to any other state.

Program Outlined In Aviation Interview

LAKELAND, Mar. 19.—(AP)—A program to create more interest in aviation and to bring together facilities and equipment here as a joint meeting of the State Chamber of Commerce and the Florida Department of American Legion.

Major A. E. McMillan, chief of the State Road Department Aviation Division, outlined the work done by the department during the past five years.

The program adopted provides that the chamber will lend assistance to the expansion of air mail and passenger routes in Florida, join in a campaign to obtain a major air base in the state, carry on a campaign to encourage establishment of aircraft manufacturing plants in the state, continue to co-operate with the State Road Department and encourage sportsmen's and private flying.

Anglers Planning To Enter Bass Contest

ORLANDO, Mar. 19.—A number of local anglers are preparing to win Florida much valuable publicity by entering huge black bass in Field & Stream's national fishing contest, which commences April 1, according to Captain Merrill Mitchell, state president of the Florida Sportsman's Association here today. The captain once won second prize in this angling event with a Florida black bass of 16 1/2 pounds which he caught in Johns Lake which is on the Lake-Orange county line.

Rag Doll Test Gives Farmers Corn Index

CINCINNATI, Mar. 19.—(AP)—Ohio agricultural experts are cautioning farmers against planting seed corn before careful testing.

Severe cold weather has caused much seed corn to deteriorate due to freezing of the moisture content, Carl R. Biller, Hamilton county agricultural agent, says farmers may find "rag doll" fields unless they conduct careful tests.

He adds, corn that tested as rag doll examination before planting has been found to test only 25 percent now.

As a result he is inaugurating

Southern Trip Of President Is Postponed

Will Not Come Until Monday; Expects To Travel Via Train Through This City

May Stop Here If Crowd Waits

Sanford Company Of National Guard To Be On Duty Monday

WASHINGTON, Mar. 20.—President Roosevelt today postponed for at least another 24 hours his Florida trip in order to see on flood developments from the White House. In the event he leaves today, the President will go to Warm Springs, Ga., on Sunday and then proceed to Florida to board the new Presidential ship Potomac for a fishing cruise. He asked Rollins College at Winter Park to postpone until Monday its ceremony awarding him an honorary degree. He was to have been there Saturday.

Trains May Halt Here

The Herald was reliably informed today that the President will travel by special train over the Atlantic Coast Line railroad to Winter Park next Monday morning and that the train will pass through Sanford about 8:45 a. m. as the economies at Rollins College are scheduled for 8:45 a. m.

The schedule does not call for any train stops en route, but as it has been Mr. Roosevelt's custom to acknowledge greetings when a train is assembled at any city through which it passes, it is expected that the train will stop at the A. C. location in Sanford for a few moments and the people will have a chance to see the Chief Executive.

Protection Is Asked For Missionaries In Chinese Province

HANKING, Mar. 20.—(AP)—The United States embassy asked Chinese authorities today to obtain protection for Rev. and Mrs. Thomas and their five children, missionaries at Kweichow, who have been threatened by bandits.

Problems In Home-Making Considered At WPA Parent Teacher Institute

Sanford mothers for parent-teacher institute under the WPA have been in session in Sanford for the last two days, conducted by Miss Ann Gilbert, parent-teacher specialist, and Mrs. Katherine W. Carey, state supervisor of Florida work programs administration. The institute is being conducted for the benefit of the Sanford WPA center.

Firemen Save Residences In Triple Blaze

Damage Is Less Than \$1000 Says Chief; Crowd Hinders And Helps Department

Five fires at the same time late yesterday afternoon, the underrun Sanford fire department succeeded in extinguishing all with a loss of less than \$1,000, according to an estimate made by Fire Chief M. R. Cleveland.

The fire started in the J. H. McCaslin residence on Magnolia Avenue between Fifth and Sixth streets, burned to the Byron Sanders dwelling in the middle of the block, and then caught the Nathan Gerner residence at the corner of Fifth Street and Palmetto Avenue. Damage to the Squires residence was slight, but the garage of the McCaslin dwelling was gutted and much of the roof was burned, and there was some water damage to the Gerner residence.

A defective fuse in the McCaslin residence is believed to have started the blaze. Burning shingles commiserated the fire to the other houses.

Two engines answered the alarm, but as there are only five men in the fire department, including Chief Cleveland, the hook and ladder truck was not taken out. "If I had enough men to man that truck and we could have got to the roof, we could have put out the fire with five gallons of water," the chief stated.

The three fires attracted a huge crowd. Some of those there helped the firemen, and Chief Cleveland said today he wished to express the thanks of the department to fighters, and for those the chief thanked. Others hindered the fire had words of criticism.

"We appreciate the help of volunteers, but I wish they would stand back and wait to be called upon, and would not make it so hard for us by not knowing what to do, but we are more than they help," said Chief Cleveland. "I know they all were sincere in their desire to help, but if they would stand back out of the way until we need them, then do what we asked, and not do a lot of unnecessary things, such as carrying out household goods which were damaged by excited and inexperienced handling, they would be of much more assistance."

The chief again cautioned spectators at fires not to get in the way of the firemen and not to drive over fire hose, as was done yesterday.

FLOOD COVERS DOWNTOWN PITTSBURGH, MAROONING THOUSANDS

This air view shows the turbulent flood waters of the Allegheny and Monongahela as they covered and spread over Pittsburgh's famous "Golden Triangle." Thousands of hungry and shivering office workers were marooned in upper floors of the skyscrapers in the heart of the downtown business district as 10-foot water raged through the streets. (Associated Press Photo)

Stevenson Handed 5-Year Sentence In State Prison

Male Companions Get One Year Each But Two Women Freed

Jack Stevenson, self-styled "dare devil" automobile driver, pleaded guilty before Judge M. H. Smith in Circuit Court this morning to the charge of larceny of an automobile and was sentenced to serve five years in the state penitentiary at Raiford. His two male companions, Albert Overholser and Howard Wildason, each pleaded guilty and each was sentenced to serve one year. These against the two women with them, who gave the names of Mrs. Jack Stevenson and Betty Johnson, were nolle prossed.

Stevenson stole a car belonging to L. T. Johnson late Feb. 27. Mr. Johnson heard the car being driven away, rushed out of his shop with a machinist's hammer, caught the car by the spare tire, clambered around to the driver's side and, when threatened with the hammer, Stevenson stopped the car, jumped out and ran. Overholser remained in the car and was "covered" by Mr. Johnson and his hammer until a police officer arrived. Wildason, the two women and Stevenson were located and arrested in an automobile camp the next morning by Constable W. A. McMullin.

According to finger print records kept in the Bureau of Identification in Washington, D. C., Stevenson has a long criminal record. He was sentenced in 1923 to 20 years in the Illinois penitentiary for the larceny of an automobile, but was paroled after five years when an attempt was made to deport him, but such proceedings failed. Before that he had served five years in the Iowa prison for larceny and two years in the Missouri penitentiary.

Stevenson was indicted for larceny of a car, but his attorney, J. H. Smith, stated that Stevenson was a "dare devil" and that he was not a professional driver.

Man Who Stole Pants Third Time Is Sent To Prison

Willie Jones, negro who burglarized the B. B. Beck home three times within a week, getting a pair of trousers on each trip, pleaded guilty before Judge M. B. Smith in Circuit Court today to the charge of larceny and was sentenced to five years in the state penitentiary. The first pair of trousers, the negro got away with contained \$55, the second pair contained \$15, but the pockets of the third pair were empty. It was the third trip that caused Willie's downfall. Jones was able to identify the burglar and he was soon arrested by the police.

Checker Players Of Four Cities May Gather Here

Known checker players in lands, DeLand, Daytona Beach and New Smyrna have been invited by President J. R. Stewart of the Sanford Chess Club to come to Sanford next Monday evening and try to defeat Newell W. Banks, national champion. Every Sanford resident who can play checkers is also urged by Mr. Stewart to take part in the play, in the hope that some one may be able to defeat Mr. Banks. The champion is to play all comers at the same time. He played and won 30 games, played simultaneously, when he put on an exhibition in Miami.

The checker tournament is to be held in the Valdes Hotel between the hours of 7:30 and 8:30 o'clock Monday evening. Later he will play both chess and checkers with any number of players who want to compete.

A. C. Madden, secretary of the Chess Club, announces that the admission price has been reduced to 25 cents, so such a large attendance is expected. It is believed the lowered price will be sufficient to pay expenses.

President Takes Command In Directing Rescue Work In Flood Stricken Zones

WASHINGTON, Mar. 20.—President Roosevelt, again delayed his Southern vacation departure to stay in command of federal rescue-relief mobilization. The New Deal considered spending close to \$100,000,000 for flood sufferers and to guard against repetition of this week's disaster. Actual rescue work, the President said, is under the charge of the Army. Secondly, under the imperative need of money for the Red Cross, he spoke of the relief administration would supply men for restoring water supplies, opening up flooded sewers, and putting power and telephone lines back into operation after the waters recede.

From WPA headquarters issued a report that \$18,000,000 already had been allocated to flood work, with all state administrators ordered to use their forces at their own discretion.

Harry L. Hopkins, WPA administrator, told reporters \$9,000,000 WPA workers are fighting floods in the East. He said a "blanket" project had been set up to cover the whole country.

Sheila Innes Appeal TALLAHASSEE, Mar. 20.—(AP)—Governor Sholtz called upon Florida citizens last night to "contribute generously" to the Red Cross drive for the relief of flood sufferers in Pennsylvania and (Continued On Page Six)

The Pennant Races Eight of the major league baseball managers touring the grapefruit circuit have looked into the crystal ball to learn what is in store for our own and other clubs in the 1936 campaign. Some are bearish, some bullish—and some have surprising predictions. These sages have analyzed the shifting of strength resulting from off-season trades and appraised the prospects in the ranks of the clubs who may hold key positions. These eight sages preview the 1936 campaign in a series of daily articles written for The Associated Press and The Sanford Herald, starting today of the sports page.

Destitution, Panic, Death, Destruction Wrought By Floods

4 Locarno Powers May Ally Against Dictator Hitler

Agree To Alliance If Germany Refuses Peace Proposals

LONDON, Mar. 20.—(AP)—The House of Commons was told today that the four remaining Locarno powers have agreed to join in a virtual military alliance if Adolf Hitler refuses to consider proposals to re-establish the security of Europe. Proposals agreed to by Great Britain, France, Belgium and Italy were published in a "white" paper submitted to the House of Commons as Anthony Eden gave this explanation:

The plan envisages an international conference to overhaul the League of Nations and greatly widen its scope from existing limitations. Provision was also made to set up a buffer zone against Germany along the Franco-Belgian borders.

This zone would be occupied by international troops, including British and Italian, until a new security treaty could be drawn. The zone would be 20 miles wide from which German troops would be withdrawn. The proposal would demand that the movement of German troops into the Rhine zone must be suspended while the French and Belgians suspend sending forces into zones adjoining their frontiers.

The proposals are subject to ratification by the four governments participating. British, French and Belgian cabinets already have approved. The London diplomatic quarters are awaiting official reaction from the German government.

More Women Are Now Registering On County Books

Feminine voters in larger numbers are registering on the books of the First and Third precincts, open in the basement of the Court House, though the male voters have a lead of nearly four to one. Total registration in the two precincts this forenoon stood at 1,905. The First precinct had registered 487 voters, 119 of them being women, and the Third precinct had registered 578 electors, 168 of whom are women.

Registration officials will remain on duty until 9 o'clock Saturday night to accommodate electors who are unable to get to the booth during usual office hours.

Dismal Picture Portrayed By Surging Waters Over Wide Northeastern Area

136 Known Dead, Loss In Millions

200,000 Driven From Homes; Militia On Duty In 6 States

(Copyrighted by AP) New river ravages in New England and in the Ohio valley, new problems born of destitution, panic and drastic death and damage tolls, confronted water-weary eastern American today—in a third day of unprecedented floods.

Revised figures of the dead from the entire area totaled 136, but others were missing. Damage estimates, necessarily unofficial, soared close to three hundred million. More than 200,000 persons were homeless.

Pennsylvania ninety five; West Virginia 17; Vermont 5; Connecticut 1; Virginia 4; Massachusetts 4; Maine 1; Maryland 4; North Carolina 2; Georgia 2; New York 1.

Property damage and the number of homeless were estimated as follows, from the worst hit sections:

- Pennsylvania, 150,000,000 and 80,000 homeless;
- West Virginia, 325,000,000 and 9,000 homeless;
- New England, 100,000,000 and 100,000 homeless.

The whole flood scene over New England, Ohio, West Virginia, Pennsylvania, New York and the Potomac and southern regions was a dismal picture of rising rivers or destitution in the wake of falling ones.

New England saw some Massachusetts cities under military police protection against vandalism. Large parts of Springfield, Lowell, Lawrence and Haverhill, Mass., cities with an approximate population of 400,000, were under water. National guardsmen are on duty in all six states. A dozen or more communities had no light or gas.
