Rock's Wife Social If Not Political Hit

MIAMI (UPI) — Happy Rockefeller's debut into national politics was impressive. But, it is too early to count the votes.

Gov. Nelson A. Rockefeller introduced his pretty, 36-year-old wife last night at a cocktail party given by governors attending their annual conference. The newlyweds held the spotlight.

"Say hello to Happy," the New York Governor said to most. To others, he was more formal: "I would like you to meet Mrs. Rockefeller."

The new Mrs. Rockefeller, who might play an important role in her husband's unofficial campaign for the Republican presidential nomination, was greeted warmly. Some said politely.

"She is much better looking than her pictures," one woman said. Another described her as "pleasant."

"Hasn't she nice teeth," a western governor commented.

There were several hundred people crowded into the hotel room where the cocktail party was held and the Rockefeller got less than half way around before it was time to go to dinner. The dinner was held in another room of the hotel and the Governor and his wife were stopped a dozen times for greetings and autographs.

Most of the autograph-seekers were young children and the Rockefeller obliged with "Rocky and Happy."

Mrs. Rockefeller said it was her first trip to a govern-

nor's conference and she described it as "great."

While the New York Governor battled on the civil rights issue before the conference, Mrs. Rockefeller stayed in the background. She limited her activities to social gatherings held in conjunction with the meeting.

After the cocktail party, the Rockefeller attended the buffet dinner at the hotel poolside.

While "Rocky and Happy" appeared to be getting a friendly reception, Gov. Henry Bellmon, a Republican of Oklahoma, said his presidential rating had not been raised.

"I don't believe he stands a chance," Bellmon said. "And, his marital problems haven't helped."

That was the general appraisal given privately.

First Federal Dividend 4 1/4%

Last week a First Federal Savings and Loan Association inadvertently quoted the dividend rate as four per cent. It should have read four and one quarter per cent.

"That one quarter per cent doesn't look like much in the ad copy," Executive Vice President George Touhy said, "but to those investors who are multiplying their savings by it, it is very important."

Not only is First Federal's current earning rate for savers four and a quarter per cent a year, but the directors have established the anticipated rate for the final six months of 1963 at the same figure, according to Touhy.

McNamara's Order To Troops Challenged

By United Press International
An order by Defense Secretary Robert McNamara that uniformed troops must not participate in racial demonstrations has been sharply challenged by integration organizations.

Caught up in the controversy is the little town of Havelock which lies outside the main entrance gate to the Cherry Point Marine Air Station in the flatlands of eastern North Carolina.

Racial groups have leveled discrimination charges against the "public accommodations" of the town which derives much of its income from the 2,600 men of Cherry Point, 600 of whom are Negroes.

Floyd McKissick, a Durham, N. C., lawyer who is national

executive director of the Congress of Racial Equality CORE and an attorney for the National Association for the Advancement of Colored People, NAACP, announced that McNamara will be asked this week to declare Havelock off limits to Marines unless the places used by the servicemen are desegregated.

He said he based his information that at least 17 night clubs and cafes and three theaters in the town were segregated on reports from a Marine who had just transferred home from duty in Japan.

A spokesman at Cherry Point, home of the 2nd Marine Air Wing, said the base would adhere strictly to a July 16 directive by McNamara and that "we will very definitely discourage participation in demonstrations."

In that directive, the defense secretary said that military personnel "may not under any circumstances" participate in racial demonstrations during duty hours, while they were in uniform, while on military reservations, when their participation breaks a civilian law or when violence is reasonably likely to result from a demonstration in which they were participating.

McNamara did not expressly forbid off duty servicemen not in uniform from getting into a racial incident but they also could be affected in the event of trouble and arrest.

Indonesia Will Hold Maneuvers

JAKARTA, Indonesia (UPI) — Indonesia announced today it will hold four days of naval maneuvers in the waters off Mayala and Borneo under its policy of "confrontation" against the proposed Mayala Federation.

In London Sunday, Malayan Premier Tengku Abdul Rahman, one of the key figures in bringing together the federation, said he would use arms to defend Malaysia if anyone, including Indonesia, threatens its integrity.

Rahman said Indonesian President Sukarno has "clearly declared he wants to oppose this federation by all means" but said he prays "the day will not come when Malaysia and Indonesia clash with each other."

Malaysia, scheduled to become a new member of the British Commonwealth at the end of next month, will be made up of Singapore, Malaya, and British territories on Borneo, an island Indonesia shares.

'Fun Night' Held For Youth At DeBary Center

By Mrs. Adam Muller
A "Fun Night" was held Wednesday night at the DeBary Community Center for the youth of DeBary and was sponsored by the Civic Association.

The young people planned and supervised their own skits for the program.

Highlight of the evening was a revue presented by the Melodics Rink in Sanford, ranging in age from 6 to 16 years. They included Sheryl and Patsy Thompson, who did a Hawaiian number, Linda Loy and Chuck Best, who did a novelty dance number on skates; and Mike and Karen Nolan, and Justine and Sharon Hollaway who danced to tunes from "South Pacific" on skates.

Boy Scout Troop 506 of DeBary put on a very funny skit behind a white curtain starring Bob Scott as "Dr. No", Douglas Stewart as "Dr. Zomb", Richard Gerling as "Dr. Killjoy" and Mike Colley as the patient. They had the audience laughing as they supposedly pulled feet of chain, golf balls and other objects from the poor patient during the operation.

Other numbers included a pantomime by Patti Sweeney; duet by James Council and Mount Lacy accompanied by Mrs. William Lakeman at the piano; a piano solo, "The Chase," by Debbie Potter; a trio by Debbie, Sharon and Christy Potter; a reading, "Little Boy Blue" by Deane Laughlin; charades by six girls; a Hill Billy pantomime by Matt and Micky Thurman and Buster Bruce; a pantomime skit by Shari Laughlin and Betty Walls; Rickie Potter singing and playing his ukulele accompanied by his sister Debbie at the piano; and Roger Accardi playing his guitar.

James Rucker is chairman of Youth Activities at the Center. Joseph Christberger was the stage manager and Deane Laughlin, his assistant.

Crews Work To Salvage Tug

MAYPORT (UPI) — Navy salvage crews began working today to raise a tugboat that sank when it collided with the destroyer U.S.S. William C. Lawe.

The two vessels collided Monday about three miles south of the Mayport Naval Station in the St. Johns River, sinking the tug and slicing a 10-foot gash in the bow of the 366-foot destroyer.

All nine crewmen of the tugboat were rescued by a second tug accompanying the U.S.S. Lawe from the Jacksonville shipyards to the naval station.

One of the tugboat crewmen was slightly injured.

A Navy spokesman said the collision apparently was the result of a failure in the electrical steering system of the tugboat, but added this was not certain until an investigation is completed.

Appointments By Governor

TALLAHASSEE (UPI) — The governor's office announced reappointment today of Lamar Sarra, Jacksonville, and J. C. Rogers, Leesburg, to the State Junior College Advisory Board.

Also announced were reappointment of Perrine Palmer Jr., Miami, Thomas S. Combs, Tallahassee and Alty. Gen. Richard Evin to the Florida Judicial Council.

Other appointments today: Dr. W. W. Brainerd, St. Petersburg, to succeed Dr. C. H. Damsel on the State Board of Naturopathic Examiners.

Training Union Sponsors Dinner

By Bernice Kelsey
The Training Union of the Oviedo First Baptist Church sponsored a Basket Dinner following morning services on Sunday, July 14, on the picnic grounds of the municipal swimming pool at Sweetwater Park.

A large attendance was present for the occasion and to hear guest speaker John Dixon, chaplain of the Oklawaha Boys School.

THE WHYS AND WHEREFORES of running the county were discussed by a panel of department heads at the meeting of the Rotary Club Monday. From left are Mary E. Walker, tax assessor; Ashby Jones, deputy court clerk; moder-

ator, Gen. J. C. Hutchison; County Engineer William Bush and School Supt. R. T. Milwee. Program chairman for the day was Randall Chase. (Herald Photo)

Panel Tells County Operations

Some of the problems of the county departments and how they are met were described for Rotarians Monday by department heads at a panel discussion moderated by Gen. J. C. Hutchison, chairman of the

Board of County Commissioners. Panel members were Mrs. Mary Earle Walker, tax assessor; Ashby Jones, deputy clerk of the circuit court; William Bush, county engineer, and R. T. Milwee, super-

intendent of public instruction. The economic factor of the employment of 900 persons and a monthly payroll of \$270,000 was pointed out by Milwee in demonstrating the productive investment of monies spent for schools.

Although school millage will remain the same, the county School Board will meet the necessary requirements to produce a \$350-a-year raise for teachers, as enacted by the State Legislature with the use of matching funds from counties, he said.

"We will still be short of teachers," Milwee said, adding that the county needs 100 new teachers this year, 35 to fill growth vacancies and the others to replace teachers who have retired, moved or left the county school system for various reasons.

Questioned as to why it is difficult to obtain teachers, Milwee pointed out that only about 1,000 new teachers per year graduate from Florida universities, and the state needs about 5,000 more teachers every year, making it necessary to recruit out-of-state people.

Discipline in problems, negative parental attitudes, increasing amounts of paper work, over-crowded classrooms and inadequate salary were given by Milwee as reasons why more young people do not go into teaching as a profession.

Jones pointed out the myriad duties of the clerk of the Circuit Court stating that he is also the clerk of the county, the commissioner, county auditor, recorder and recording clerk for real estate transactions, mortgages, deeds, collector of delinquent taxes, all court monies. He also is in charge of disbursing county commission funds, paying claims and in charge of accounting for all sources of revenue such as race tracks, gasoline, real estate, building permits, zoning permits, fines, and fees from the judges and sheriff's office.

The county clerk also prepares the tentative budget for study and adoption by the county commissioners, sets the budget hearings and gets approval of the state comptroller's office before Oct. 1, the beginning of the fiscal year.

Dush described the difference between interstate high-

ways, state primary roads, state secondary roads and county roads and how each is financed.

Questioned as to why the county does not maintain all the roads within the county, as well as all ditches, Bush replied that only those roads which were accepted by the county commission as being a part of the necessary county road system would be maintained.

He pointed out that the county did not own the right-of-way of many roads and roadside ditches, and were forbidden by law to do any maintenance or work on private property.

He noted that there are two ways to get a road paved; one, by getting commissioners to accept it as serving residents of the county and traffic through and in the county; or two, by entering a participation project whereby the residents along the road put up the money for materials, with the county furnishing the labor.

Mrs. Walker outlined the processes of evaluation and assessment and noted that the freezes of the past winter necessitated re-evaluation of certain groves and properties. She noted that there has been less building in Seminole County during the past year than in previous years.

Boyd Edwards, Tommy Austin Tops

By Dorothy Austin
Boyd Edwards, of Daytona Beach and Tommy Austin, of Sanford, dominated the lists in a thrilling, action-packed afternoon at the Dusty Boots Arena Sunday, although the show was marred by the injury and death of one horse.

The decorative rear fins of an automobile in the parking lot were blamed for the fatal injury of a horse belonging to Lucia Wallace, of Tampa, when the horse crashed into the rear of the auto, impaling his chest on the protruberance.

A pistol shot dispatched the suffering animal and almost broke the heart of Lucia, who came in fourth place in the junior pony race. The racing animal ran off the track and into the jammed parking lot. The little girl rider was not injured.

In another minor accident, Billy O'Hara, of Orlando, broke his wrist when he fell off his horse during the pick-up race.

Area riders said that Sunday's accidents were the first suffered in any local events. An ambulance from Gramkow Funeral Home was standing by and took O'Hara to a doctor for treatment. Spectators dropped money in a hat to help defray O'Hara's medical costs.

Boyd Edwards came in first in the senior cow pony race and Jim Somins took the junior pony race first prize.

Second place in the senior race went to Sonny Faircloth, Sue Brown was second, Tommy Austin third and Lucilla Wallace fourth in the Junior Race.

Edwards also took first in pole bending and in the flag race and Tommy Austin took a first and a fourth in the ribbon race, second in junior Western pleasure, second in

the flag race, and fourth in the keyhole.

Edwards was third in the keyhole and third in the ribbon race. Glenn Harris captured the first place ribbon in the keyhole with Lee Christopher second.

In the clover leaf race, Dick Hunt was first, Rusty Christopher second, Millie Hall third and Rebecca Giles fourth.

In the competition for junior Western pleasure, the judges named Romelle Luke first, Tommy Austin second, Jeff Simons (on his tiny pony Champ) third and Pat McLeod fourth.

Mickey Oglesby and his partner grappled to a slippery mud-streaked first place in the pick-up race, with Bud Hall and partner second, Sonny Faircloth third and Bruce Brown fourth.

Weeks Old Baby Gets Job Permit

LOS ANGELES (UPI) — A 64-week-old baby got his work permit Monday although he hasn't quite finished his paper work. He still has to get his Social Security number.

But actor-to-be Matthew David Smith's first job won't be too difficult. He only has to play what he is—the son of his real-life mother, actress Abby Dalton, on "The Joey Bishop Show."

California state law requires that minors receive work permits from local school districts before they can go to work—even if they have to wait a few years before they are old enough to go to school.

Since 1950, annual number of births in the U.S. have averaged a little more than 4 million.

Edwards who captured first place, with George Myers taking second, Nancy Malmberg third and H. Q. Sutton fourth.

In the ribbon race Tommy Austin was entered twice, taking a first place with Donny Lingfelder as his partner, and a fourth riding with Becky Giles.

Donny also entered with Tommy as his partner and took second. Boyd Edwards copped the third place ribbon.

Announcer for the races and events was Tony Austin.

4th Person With Transplant Dies

DENVER (UPI) — An autopsy was performed Monday at the Veterans Administration Hospital to determine the cause of the death yesterday of the fourth person in history to undergo a liver transplant operation.

Arthur Curtis, 54, of Monticello, Fla., died five days after a team of transplant surgeons performed the delicate operation, which consisted of replacing Curtis' cancerous liver with a healthy one taken from a man who died minutes earlier.

Curtis showed improvement just before his death, doctors reported. However, about an hour after spokesmen released word of Curtis' improved condition, the patient suddenly stopped breathing and died, officials said.

A hospital spokesman said doctors believed Curtis suffered a heart attack.

Kennedy To Ask New Debt Limit

WASHINGTON (UPI) — The Kennedy administration soon will ask Congress to boost the legal limit on the national debt to a new record high.

Informants said the administration would insist that the debt limit must be set at, or slightly less than, \$315 billion to accommodate the re-link spending in prospect for the fiscal year ending next June 30.

Treasury Secretary Douglas Dillon told Congress in February the administration might need a debt ceiling of about \$320 billion. However, tax revenues have improved since then as a result of a pick up in business conditions.

The House Ways & Means Committee will interrupt work on President Kennedy's tax-reduction and -revision program to consider the debt limit request at public hearings starting next Monday.

NEA Asked To Seek Return Of Dropouts

WASHINGTON (UPI) — Members of the National Education Association are being called on this summer to exert a special personal effort to get in touch with at least one prospective school dropout and his family and to persuade the potential dropout to return to school in the fall.

The NEA special project on dropouts estimates that 300,000 young people may decide this summer to drop out of school. With the slogan: "Each One Reach One," NEA is asking its 800,000 members to devote a day, or a few hours, within the next two months to counteract this trend.

"Unskilled in a world that has no room at the bottom," says William G. Carr, NEA executive secretary, "these youth will gravely impair their claim, their right, to liberty and the pursuit of happiness. Show them that the teachers and the school systems care deeply what happens to them and that they owe it to themselves and to their country to stay in school."

Joining with the NEA in the appeal to teachers and other educators to enlist in this campaign are five associated organizations: The American Association of School Administrators, the Association for Supervision and Curriculum Development, the Department of Classroom Teachers, the National Association of Secondary-School Principals, and the Department of Elementary School Principals.

In a joint statement addressed to officers and members of each group, the six organizations suggest that the "Each One Reach One" campaign can salvage a significant number of dropouts this summer.

Our estimates show that we can expect some 300,000 young people to quit school over the summer.

"To retrieve as many as possible of the boys and girls who are teetering on the edge of dropping out, we call upon every member of our profession to make a personal effort to convince them that the schools and all those who work in them do care and that they owe it to themselves and their world to continue in school and to graduate.

Bourbon Losing Its Glamour?

WASHINGTON (UPI) — A spokesman for the bourbon industry has told the Commerce Department that importers of America are not drinking American.

In a letter to Commerce Secretary Luther H. Hodges, made public Monday, retired Vice Adm. William J. Marshall, president of the Bour-

bon Institute, said tariffs on Canadian, Scotch and other foreign-produced whiskeys should be raised or other countries should lower their tariffs on U. S. bourbon.

Marshall said America is taking in more whiskey than it is putting out, a trade deficit that "has totaled well over one-quarter billion dollars per year over the last four years."

The average American family has about 13 electrical appliances, with radios ranking first.

The electric calculator which automatically figures the payouts after each race broke down early in the day and the mutual department, forced to rely on the human brain, made a \$20,343.40 error in the first race.

Right-Of-Way Legal Costs Up

TALLAHASSEE (UPI) — The Road Department has announced, in backing up its earlier warning to the 1963 legislature, that state and county costs in road right-of-way condemnation suits are shooting up.

The past legislature, despite pleadings by the department, passed a law allowing judges instead of juries to set the fee of lawyers who defend landowners pressed to sell their lands for right-of-way.

Florida is the only state in which the county or state pays for fees of defense lawyers in such cases. In the past, juries set the fees for the lawyers.

The state takes care of the costs on interstate roads, and counties back the defense costs on primary and secondary roads within their boundaries.

Gets Bid

PULLMAN, Wash. (UPI) — Washington State and Hugh Campbell, overlooked in the original all-star selection, has been invited to join 1962's top collegians for the Aug. 3 game in Chicago against the National Football League champion Green Bay Packers.

New York has walked through crowds of pickets to reach his office and Chicago Mayor Richard J. Daley has been virtually routed from one of his city's parks and booted off a convention platform.

Both New York and Chicago have long been havens for Negroes who decided to leave the South. Both cities long have had their share of racial incidents. But only in recent months has the integration campaign there been stepped up to its current hot pitch.

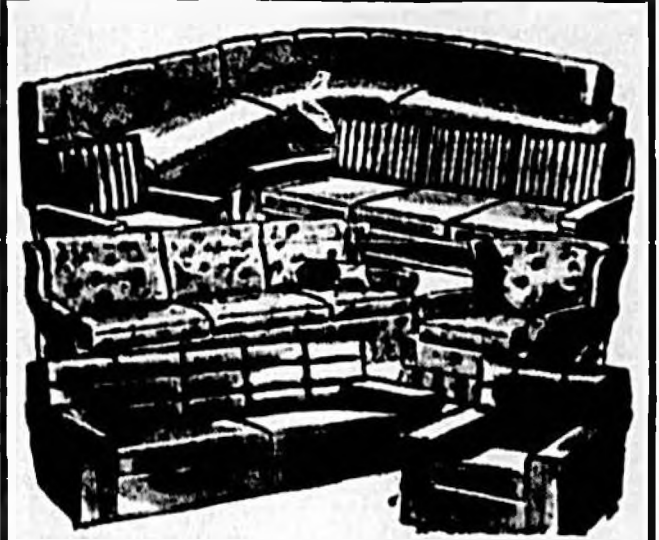

Jobs and housing are the two biggest issues in both New York and Chicago as they are in most of the non-Southern areas where alleged racial discrimination was an issue. Just as a 48-hour hunger

strike ended at the New York City Hall Sunday night, the Congress of Racial Equality (CORE) sent fresh recruits to the office of the mayor.

Also in New York more than 200 integration pickets were arrested in a single day at construction sites where hiring discrimination was charged.

Chicago integration groups attempted to storm to the upper floors of the Chicago Board of Education building but were turned back. Many pickets have been dragged to paddy wagons by police.

"Republicans are to blame!" Daley pleaded as he retreated from a July 4 freedom rally at a public park. But the GOP, which for years has written off Chicago to the Democrats, said it wasn't so.

Sarasota Beats Daytona; Holds 3 Game Lead

United Press International — The Sarasota Sun Sox, scoring four unearned runs off three Islanders errors, defeated Daytona Beach 6-2 last night and stayed on top of the Florida State League heap by three games.

Tampa's last place Tarpons dealt Miami a mighty defeat 12-3, while St. Petersburg downed Orlando 7-2. Lakeland at Fort Lauderdale was rained out.

Tampa picked up its third straight win by getting 15 hits off three Miami hurlers. Short stop Bob Martin paced the Tarpons with three RBIs. Saint's star hurler Hank Harden picked up his 15th win by scattering eight hits and giving up only two runs. Center fielder Tom Richards insured St. Petersburg's win by belting a three-run triple in the fifth inning.

Tonight, Tampa plays at Miami. Lakeland goes to Fort Lauderdale. Daytona Beach travels to St. Petersburg and Orlando plays at Sarasota.

Sanford All-Star Teams Winners

The American League All Stars of Sanford jumped on three St. Cloud pitchers for 19 runs to rout St. Cloud in the opening game of the Florida Little League District No. 2 tournament played in Kissimmee last night. Chuck Brantly of the Sanford Americans hurled a no hitter in walking only four batters in the opening game onslaught which Sanford copped 18-1.

In the nightcap the strong National League All Star team from Sanford defeated the Kissimmee Americans 8-1 behind the two-hit pitching of Skipper Senkari. Senkari fanned 14 Kissimmee batsmen in what was a pitching duel for three innings. In the fourth inning Sanford exploded for four runs to break the game open on two hits and a homer over the center field fence by Billy Miller. Kissimmee got their only run on a homer by Tommy Kelly in the fifth.

The District play moves to Sanford tonight with Clermont playing the Sanford Americans at 6 p. m. and Tavares playing the Sanford Nationals at 8 p. m. Both games will be played at Ft. Mellon Park.

Who's Clay? Liston Asks After Fight

SONNY LISTON retained his heavyweight championship last night with another speedy KO of challenger Floyd Patterson. Mike Zerner, 11, mascot of the champ, drew a big grin during a visit to Liston's hotel room. (NEA Telephoto)

Question: Who Can Stand Up To Sonny?

Liston, Clay To Sign Friday For September Bout

LAS VEGAS, Nev. (UPI) — With Floyd Patterson now demobilized as a challenger, heavyweight champion Sonny Liston turned his attention to day to zipping the lip of young Cassius Clay in a \$7 million title fight at Philadelphia's Municipal Stadium, Sept. 30.

Big Sonny, whose headline fists felled ex-champion Patterson three times for a knockout at 2:10 of the first round Monday night, will formally sign at Philadelphia on Friday for his second defense, against cocky young Clay of Kentucky, it was learned authoritatively today.

Thus will Liston make good on a promise—or was it a threat—he made months ago when he told Clay, "You're next, loud mouth."

Brash Cassius and glowering Sonny will do their pen-wielding at Philadelphia at 2 p. m. EDT Friday.

Sonny, who registered his 28th straight victory and 23rd knockout before a sellout 7,818 at the Las Vegas Convention Center, will receive 40 per cent of net receipts from the Philadelphia fight. Clay has agreed to take 22 1/2 per cent.

Patterson, who announced he will not retire despite two first round knockouts in his latest two ring appearances, admitted he's out of the title picture right now.

Surprisingly he added that he gives Clay a chance to beat Sonny in September because of Clay's youth, speed, weight about 210, and punch.

Rides 3 Winners

It's Another Yankee Runaway

United Press International — It looks like an old-fashioned New York Yankee runaway—perhaps the easiest since the Yankees themselves romped by 12 games in 1947.

That's the picture in the American League today with the world champions 7 1/2 games in front of the pack and just starting a long home stand where they almost always are at their best.

The Yankees made it four in a row on their current home stand when they whipped the Los Angeles Angels 6-4, Monday night and opened a 7 1/2-game lead on the idle second-place Chicago White Sox. No other major league games were scheduled in either league.

Ralph Terry, the World Series hero of 1962, staggered the full nine innings on the strength of an early Yankee assault that produced a 7-0 lead after three innings. Terry was tagged for 12 1/2 hits — including Lee Thomas' two-run homer in the fourth inning and Bob Sadowski's two-run single in the eighth—but evened his season record at 10-10.

Tom Tresh, back in the lineup after missing three games with a neck injury, sent the Yankees off in front against rookie Fred Newman with a two-run homer in the first inning.

Then the Yankees routed Newman with a five-run third-inning feat by two-run singles by Tresh and Elston Howard, and added another run in the fifth on a home by Johnny Blanchard. Tresh's homer was his 16th of the season and Blanchard's his fourth.

Terry, a 23 game winner in 1962, struck out four and walked one.

The Yankees won the 1962 pennant by five games and the 1961 and 1960 flags by eight. Their 10 game margin over the field in 1958 is the biggest victory bulge since the 1947 team coasted in by 12 lengths.

The White Sox will have a chance to gain ground tonight when they play a twin-night doubleheader in Detroit. Other M. games have Los Angeles at New York, Minn-

esota at Cleveland, Washington at Baltimore and Kansas City at Boston.

In tonight's National League games, Pittsburgh is at Los Angeles, New York at San Francisco, St. Louis at Milwaukee and Philadelphia at Houston. Cincinnati is at Chicago in an afternoon game.

The Twins defeated the Braves, 5-2, and the Cardinals beat the Kansas City Athletics, 4-3, in Monday night exhibition games at Milwaukee and Kansas City, respectively.

Piersall May Be Through

NEW YORK (UPI) — Jimmy Piersall, one of the major league's biggest drawing cards because of his colorful and many antics, may have cleaned himself out of baseball.

The New York Mets announced Monday that they have asked waivers on the 33-year-old outfielder for the purpose of giving him his unconditional release. If Piersall isn't claimed within 72 hours, he is free to make a deal for himself as a 12-year major league veteran.

In addition to his clowning, which didn't go over too good with the Mets management, Piersall batted only .193, with 10 runs batted in for the last-place Mets since arriving May 23.

Poland Next For Americans

WARSAW (UPI) — America's not too happy track and field stars began prepping for this weekend's dual meet with Poland, confident of victory but aware that the Poles are capable of pulling some surprises.

"We will do better here than in Moscow," said Amateur Athletic Union President Louis J. Fisher. "but there will be keen competition from the Poles."

The United States men's team beat their Russian counterparts in Moscow last weekend, 119-114 points, but the Yank girls were shut out in all 11 events, losing 75-28. On the heels of the poor showing of the girls came a report that disciplinary problems contributed to the shiel lacking.

Gets Extra Duty

ST. LOUIS (UPI) — The St. Louis football Cardinals have given veteran lineman Ed Henke additional duties as defensive line coach. Chuck Rolin, the Cards' defensive line coach, has been hospitalized with a mild heart attack.

Sorority Members And Guests Meet At Schirard Home For Gala Luau

LONE MALE among the wahines is Ed McCall, who feels brave wearing such a big hat. Posing at his left is Suzy Dickey and at right is Gail Osborne. In the front are Hope Schirard, Nancy White and Lois Metts, all in Hawaiian costume for the sorority Luau Saturday night.

GOODBYE TO SUSIE AND SANDY. Susan Brown, (far left) and Sandy Arnold, (far right), who will both be leaving Sanford with their families soon, were feted at a farewell party in their honor Saturday night by Marilyn Hunt and Susan Deal, second and fourth from left. In the background are John Ray (Miss Brown's date) and Chip Crawford (Miss Arnold's date). About 100 friends of the two girls were invited to a "street dance" in front of the Hunt home on Lucretia Circle. Tiki torches provided light and refreshments of punch, cookies, potato chips and other goodies gave the youngsters "fresh fuel" for their activities.

Miss Ruby Joyce Cohen Bride Of Robert T. Midgett

Miss Ruby Joyce Cohen became the bride of Robert Thomas Midgett Friday, July 12, at the First Baptist Church. The seven o'clock ceremony was performed by the Rev. Fred B. Chance.

The bride is the daughter of Mr. and Mrs. Robert A. Cohen and Mr. Midgett is the son of John A. Midgett of Key West and Mrs. Louise Luck, Norfolk, Va.

Baskets of white mums, gladioli, carnations and palms decorated the church. A program of nuptial music including the traditional wedding marches was played by Mrs. Marvin Milam, organist.

Given in marriage by her father, the bride wore a pink street-length dress fashioned with lace and rayon inserts in the bodice and a full, pleated skirt. She wore a matching pink lace half-hat and carried a white orb topped with a white orchid nestled in tulle and tied with satin streamers.

Mrs. Robert O. Cohen, matron of honor, wore a blue street length dress with matching tulle half-hat and she carried an arm bouquet of yellow carnations.

Best man was Robert Martin of Cocoa, uncle of the groom, and ushers included Robert O. Cohen and Clifford Cohen, brothers of the bride.

For her daughter's wedding, Mrs. Cohen chose Navy blue eyelet with white accessories and a shoulder corsage of pink carnations. The groom's grandmother wore a pale blue dress with white accessories and a corsage of white carnations.

A reception followed the ceremony and was held in the educational building of the church.

The bride's table was covered with nylon net over white and caught at the corners with white and lavender orchids. The punch bowl was surrounded by lacy fern and a heart held by three orchids floated in the bowl. A beautiful three-tiered wedding cake topped with a miniature bride and groom and white mums flanked by lighted tapers in branch candelabra also decorated the table. Mrs. Wade Singletary cut the cake and was assisted in

servicing by Miss Margo Dunn, Mrs. Lee Powers, Mrs. Michael Mahoney, Miss Eleanor Sykes and Mrs. H. J. Finch. Miss Betty Ann Slayton was in charge of the bride's book.

Among wedding guests were Mr. and Mrs. Robert Martin of Cocoa, Fla.; Mrs. M. M. Burnett and daughter of Orlando.

The couple will make their home in Cocoa.

SANFORD, FLORIDA
DEAR FRIENDS,
When I arrived here as a stranger 3 1/2 years ago and opened my Studio the Welcome could not have been more sincere if you had been all one, big Family. I feel that from the start, the first day, relations have been most cordial and have thoroughly enjoyed doing your Portraits.
The Time has come for me to open a larger studio where I may pursue my burning ambition, that of Landscape Painting and I will continue to do Portrait Photography as in the past.
My Studio will be located at 348 Park Ave. N. (hidden garage) Winter Park, close enough that it will be easy to reach. Please call and chat when you are near. You are always most welcome as you know. The Sanford Studio will be closed on Sept. 1st.
With My Best Regards

Dear Abby: By Abigail Van Buren

DEAR ABBY: Your letter "Tired of Hams" is typical. I have been an active ham for many years and a TV technician since 1949. Your complain-er should be told that her interference is due to INADEQUATE SHIELDING in HER TV set! The TV manufacturers will provide a filter free if you write and tell them your make and model. I operate a TV set right next to my ham radio set (at the same time, too) and I get no interference.

RALPH, W8LYI
DEAR ABBY: Television interference is caused by TV sets picking up the ham's transmitter signal. The frequencies for hams are very strict, and the FCC constantly polices the bands for "off-frequency" sets. When a TV set picks up ham signals, it means that the selectivity is so wide that the TV set has become a ham receiver. The ham cannot be blamed for this. It can be eliminated with an inexpensive filter. But the filter goes on the TV set—not on the ham's radio set. So, if a filter is needed, the TV owner buys it.

A HAM WHAT AM

DEAR ABBY: If that lady who hates ham operators would write to the manufacturer of her TV set and request a TV-HI-PASS filter, they would send her one free. Amateur radio is not only a hobby, it is a public service, and has been very helpful in cases of emergency and disaster. I have a neighbor who watches TV morning, noon and night, and she absolutely refuses to do anything about her TV except to complain to me because of the "interference". I have the same privilege to talk on ham radio as she has to watch TV. My own TV reception stands ten feet

from my ham radio equipment, and MY reception is perfect. She won't admit that the trouble could be in HER TV set.

WA4CXZ
DEAR ABBY: I am a ham radio operator and have been for years. A neighbor reported me to the FCC because she claimed my hobby was interfering with her TV reception. I took my little portable TV receiver to my neighbor's house and went back home and talked on my ham set. She called me up and told me that she got NO interference on the portable TV set. Then she had a TV repair man check her set, and he found a burned-out tube. When your TV gets interference from a ham radio, 99% of the time it's a faulty TV set—not the ham's equipment. A ham's rule is, "If you don't interfere with your own TV set, your ham equipment is okay". As we say in hamland, "73"—which means, best regards.

CURLEY
DEAR ABBY: If anyone gets interference on his TV because of a ham operator, all he has to do is report it to the FCC. The "call letters" will identify the ham. All ham operators are licensed by the Federal Government and most of them are high-grade, responsible people who enjoy the hobby and mean no harm.

We The Women: By Ruth Millett

Mean people are likely to grow ever meaner as they reach middle age, says a British psychiatrist.

Well, that figures. Most people don't change a great deal through the years, except to grow "more so." What the added years seem to do is to exaggerate the qualities a person had when he was young.

It takes a strong effort of will for the impatient person to develop patience, for the timid to gain courage, for the lazy to develop good work habits, for the easily hurt to grow a thicker skin, for the busybody to learn to live and let live—and for the mean person to learn to be kind and compassionate.

Age of itself doesn't automatically make anyone a better person. Those who are better human beings at middle age, and still better in their later years of life, got that way by hard, consistent effort.

The young person who wishes he had a better disposition, or who wishes he weren't such a procrastinator, or who would like to have more ambition, or who longs to be more likable than he is, should start early to root out his worst flaws. He should strive to develop those qualities that he most admires in others.

If he just hopes to improve with age, he won't.

It's not just the mean who become meaner with age. Age intensifies all faults—unless, of course, a person works hard to replace the things he doesn't like in himself with the qualities he covets.

Jacoby On Bridge

By Oswald Jacoby

The late George Roth was one of the great bridge players of the twenties and thirties. George started me off on my bridge career by inviting me to be his partner in the first contract tournament ever held. Not only did he invite me to play with him, but he carried me through to victory.

George's favorite hand is still well worthy of study. A modern scientist might disdain the spectacular six diamond opening bid, but George had a good reason for making it. He did not want to give his opponents a chance to get together and find a sacrifice.

When East managed to find a sacrifice anyway George decided to gamble on seven. West thought about going to seven spades, but finally passed in hope of beating the grand slam. West was looking at four diamonds and also was certain that George was gambling when he bid the grand slam.

The first look at dummy did not make George at all happy. It looked as if he would have to take two finesses in hearts and there was only one sure entry to dummy. There also was a possible second entry and in accordance with the principle of giving the cards a chance, George ruffed the spade opening high, led a low trump and finessed dummy's seven spot. A heart finesse came next, followed by a second trump lead to dummy's nine, a second heart finesse, and a claim of the rest of the tricks.

Highlights

9:30-8:30 P.M. NBC. Laramie. "Vengeance." (Rerun). (Color). In this one you can predict almost every scene and the climax. Nevertheless, it moves at a fast clip and provides plenty of action. Jess has the whole town against him when he brings in a dead outlaw. Reason: Jess had to shoot him in the back or lose him, but only the sheriff believes the story. Fay Spain plays the dead man's vengeance-seeking girl friend, but Jess makes her see things his way. Stuart Randall is featured with star Robert Fuller.

8:30-9:30 P. M. Empire. "No Small Wars." (Color) (Rerun) Guest star Robert Vaughn, whose performances are never bad, usually good, and sometimes very good, outdoes himself as an embittered paraplegic veteran who has retreated into a shell of self-imposed, hopeless despondency. Redigo, an old friend, accidentally spots him

TV Time Previews

in the veterans' hospital and, with the aid of Connie, starts working on his rehabilitation. Richard Egan and Terry Moore star.

9:30-10:30 P.M. NBC. Dick Powell Theatre. "Everybody Loves Sweeney." Your heart will bleed for Mickey Rooney as he excellently characterizes a small-time comedian being nagged by everybody, including his wife, into suing a TV commentator for slander. Object: The publicity could push the pathetic nonentity into stardom. Rooney's performance is particularly touching in a scene with another comedian who is a big success. Jack Albertson plays that part, with Joanne Linville as the wife.

9:30-11 P.M. ABC U. S. Russia track meet. A 90 minute telecast of the highlights of yesterday's (July 22) United States-Russia track meet from Moscow's Lenin Stadium. If all goes well, this will be another compact and comprehensive coverage of a track and field event that pits the top American athletes including, (U. S.) Thomas, Fennell, Uelace, O'Brien, Beatty, Boston and Hayes, against Brunel, Popova, Ter-Ovanesyan and Bulyshev. Jim McKay, Dick Bank and Bill Fleming report.

10-11 P.M. CBS. The Keefe Brasselle show. Tonight's show, as rehearsed and taped, and we hope, will be presented, features a fine performance by Judy Garland's blossoming youngster, Lisa Minnelli. She does quite well by "Ours Summer Love" and "Just a Little Boy," but could have looked better without the presence of another young singer, Lesley Gore. Comedian Jules Munshin is another treat, displaying his usual polished talent even in a rather awkward setting on a New York rooftop. As in the past, Ann B. Davis heads the regulars with Rocky Graziano and Noelle Adam featured.

Replacement

NEW YORK (UPI)—Slowly but surely the poor old goose is being replaced by foam rubber.

Whereas most pillows were at one time made of goose-down, an estimated 15 million pounds of latex foam rubber went into pillow production in 1961.

New Name

HOLLYWOOD (UPI)—The title of the new Tony Curtis picture, which co-stars his wife Christine Kaufmann has been changed from "Monsieur Cognac" to "Wild and Wonderful."

Rocky's Backers Feel He Has Made Gains

MIAMI BEACH (UPI) — Supporters of Gov. Nelson A. Rockefeller for the Republican presidential nomination today feel he has won a "new breath of life" at the National Governors' Conference.

Rockefeller has been the main attraction at the conference and is looked upon as the spokesman for the 16 Republican governors. Even his first round defeat in the civil rights fight won him top billing among those attending the conference.

The New York governor and his new wife "Happy" were given the loudest applause by a crowd watching

the state chief executives and their ladies enter a hotel last night for a dinner and floor show.

"It's just like campaigning," a Rockefeller backer said. "It looks like we have a new breath of life."

Private polls of the GOP governors, however, indicate Rockefeller has a "long, hard fight" ahead of him if he is to win the party's nomination next year. Most of those polled decline to talk for the record.

"At the present time, his chances are slim, but anything can change within the next year," was the way many of them put it.

There seemed to be general agreement Rockefeller picked up strength with his civil rights battle at the conference. His marital situation is the big question mark.

During the conference, Rockefeller has taken pains to see that his bride of two and a half months meets as many people as possible, but keeps silent on issues before the conference. She avoided informal discussions by the governors' wives.

Last night at the dinner party, the Rockefellers were among the first on the dance floor.

The political importance of Rockefeller's divorce and marriage to the former Mrs. Margaretta "Happy" Murphy is a subject Republican and Democratic governors alike refuse to talk about for "the record." Off-the-record however, they say it is one of the most important questions facing GOP leaders.

"At the present time, his remarriage has hurt him seriously in my state," a mid-westerner said. "He may be able to overcome the reaction, but I doubt it."

Sen. Harry Goldwater, the Arizona conservative, was given considerable strength in southern states.

Mounties Don't Always Get Man

WASHINGTON (UPI) — The head of the Royal Canadian Mounted Police admitted today that the Mounties don't always get their man.

In fact, said Commissioner C. W. Harrison, they don't even try.

"With the tremendous variety of work we have today, it would be utterly ridiculous to continue chasing a man through hell and high water, no matter what offense he had committed," Harrison said in a copyright interview with U. S. News and World Report.

"It is true, however, that we never close a file on a serious offense," he said.

Harrison blamed Hollywood chiefly for building up the idea that the Mounties never let a suspect get away. The real motto of the Mounties, he said, is "Maintain the Right."

Average Family Insurance \$8900

MIAMI BEACH (FNS) — Edwin Larson, State Treasurer, says the average Florida family has \$8,900 worth of life insurance.

Larson told the national convention of the Woodmen of the World, a fraternal benefit society, that Florida families have increased their coverage nearly four times in last 10 years.

Life insurance in force in Florida increased 1,385 percent from 1910 to 1961, Larson reported. The national increase during the same period, he said, was 419 percent.

The commissioner added that ordinary insurance experienced the greatest growth, followed by group insurance.

DeBary Firemen To Hold Drill

By Mrs. Adam Muller
The DeBary Fire Dept. will meet at 7:30 p.m. Thursday for the second of a series of special practice drills being held at the Fire House.

A total of 21 men responded to the first drill held last Friday to receive intensive instruction and practice in the operation of fire trucks and pumps. At this time five new men applied for membership in the group.

Thursday's drill will be preceded at 7 p.m. by an extended continuous blast on the house siren.

MAZIE ALLEN, "Southern Regional Roller Skate Queen" and an active member of the Skate City Rollers Dance and Figure Club of Fern Park, will fly to Portland, Ore., this weekend to represent the eight Southern states at the "American Roller Skate Queen Contest" July 27. She is being honored at a "funtime party" open to the general public and sponsored by the club Thursday at 7:30 p.m. at the Skate City Roller rink in Fern Park.

Obedience, Pet Show Set Sunday

The Mid-Florida Obedience and Judging will start soon after.

The club has slated a pet show and obedience match for Sunday at Casselberry ball park.

This show, for all breeds of dogs, including mixed breeds, will award trophies in obedience in both open and novice classes, plus a trophy for the highest scoring dog.

There will be six classes in the pet show, including Largest dog, smallest dog, most unusual dog, dog with longest ears, best trained dog and best groomed dog. The winners of each of these classes will receive a trophy, with ribbons going to second place winners, and a rosette for the best in show in the pet classes.

Sandwiches and cold drinks will be available on the grounds.

Entries will close at 1 p.m.

Chuluota Slates Show Tryouts

Tryouts are slated at 8 p.m. this Thursday and next Thursday for the Variety Show being sponsored by the Chuluota Recreation and Beach Fund Raising Committee to help pay expenses of providing a lifeguard for the swimming area.

Mrs. Marja Morski and Mrs. Hessian Jones, in charge of the event, ask those who can sing, dance, play an instrument, tell jokes, do stage work or act, to join in by reporting to the Community House for the tryouts.

Commission Named To Study Loss Of Jobs

WASHINGTON (UPI) — President Kennedy is appointing a commission on automation to search for means of easing the unemployment backwash caused when machines replace man.

The President announced appointment of the commission Monday as part of his message to Congress asking that the Interstate Commerce Commission step into a prime example of the impact automation can have—the railroad work rules dispute.

He said the commission would outline the effects automation is likely to have during the next 20 years and recommend governmental action.

SHS '53 Class Plans 10-Year Reunion Party

Seminole High School class of '53 is making plans for its 10-year reunion at the Capri restaurant in December.

All members in this area are urged to attend a meeting Thursday at 8 p.m. in the caucus room at First Federal building on West First Street.

These meetings have been held monthly since April and many steps already are underway to insure a successful reunion. Committee reports will be given on the progress made along with suggestions concerning future preparations.

Anyone who is a member of the class of '53 is invited to the gathering which in itself is interesting since it provides a chance to see and talk with classmates.

Railway Pension Fund Facing Bankruptcy

WASHINGTON (UPI) — Railroad and union representatives have secretly agreed to ask Congress to levy millions of dollars in higher payroll taxes on railroads and their workers, informants reported today.

The extra revenue is needed to help save the railroad retirement fund from bankruptcy. Future benefits that the fund is required to pay out far exceed anticipated tax revenue.

Ironically, railroad labor and management quietly reached the reported agreement on the payroll tax legislation at the very time that they were deadlocked over the work rules issue that threatens a nationwide rail strike.

The main feature of the payroll proposal would boost to \$450 a month the earnings base to which the railroad retirement tax and unemployment compensation tax is applied.

Both taxes apply now only to the first \$100 in monthly earnings. The railroads and their employees contribute equal amounts to the retirement fund. But only the railroads pay into the jobless pay fund. Both funds are in serious financial trouble.

One source said he had heard estimates that the proposal would provide \$30 million a year in additional revenue, with railroads and their employees each paying \$23 million more into the retirement fund and the railroads paying about \$33 million more into the jobless pay fund.

Reds Prepare To Make Most Of Defection

MOSCOW (UPI) — The Russians today were expected to keep under wraps the latest defection of U.S. intelligence employes until they can exploit his propaganda value in a press conference.

Victor Norris Hamilton, 44, naturalized American of Arab extraction, announced Monday through the government newspaper Ivestia that he sought political asylum in Russia because he was "outraged" by U. S. espionage activities in Washington and the Mid-East.

An "open-letter" indicated that Hamilton informed Communist officials of elaborate U. S. monitoring systems in the Mediterranean area. He was the third U. S. intelligence employe to go behind the Iron Curtain in as many years.

In Washington, the Defense Department said Hamilton was let out of the National Security Agency (NSA) four years ago because psychiatrists believed him on the verge of a mental breakdown.
