Thieves Hit Area Homes For More Than \$28,000

Sheriff's deputies and police were searching Seminole today for suspects in a series of burglaries that netted thieves cash and property totaling more than \$28,000.

Deputy Tom A. Veitch reported an unknown caller telephoned Warren White, of 3221 Timothy St., station he was needed in an emergency at a hospital.

White returned home to find the residence ransacked and \$10,000 in foreign and U.S. coins and currency missing from a bedroom locker.

Joe Lemais, 171 First St., Chuluota, reported jewelry valued at \$1,131 was missing after a burglary at his residence.

Deputy Randy Pittman said items valued at \$1,000 were stolen in a break-in at the residence of Charles R. Perry, 300 Fern Park Blvd., Fern Park. Listed as missing were a color television, pocket electronic calculator, \$500 cash and clothing.

Foylis A. Reynolds, Pine Grove Trailer Park, Fern Park, reported four diamond rings valued at \$5,210 were missing after her residence was burglarized, according to a report filed by deputy John L. Poole.

Deputy Don Sciam said \$3,000 cash and \$3,000 in checks contained in a bank bag were reported stolen in a burglary at the 350 Academy Drive residence of Gerald Ekstrom at Forest City.

Sanford police today reported a burglar literally broke out of Touchton's Drug Store, First St., in Downtown Sanford with \$45 in coins and currency.

Patrolmen R. A. McIntyre and Ray Bronson responded Sunday afternoon to a burglar alarm at the drug store to find a lock on a rear door had been removed from the inside with a screwdriver.

Police said the burglar apparently had hidden in a rest room until the store closed and then took the money and made good his escape.

An inventory of the store was being made today to determine if anything else was taken, police said.

Chase and Company officials were reported making an inventory at their SR 419 facility at Five Points south of Sanford today. Chester Miller told \$4,000 was stolen from a motel west of Sanford.

Deputy J. F. Bennett said Lorya reported a 19-foot Scot Craft boat with 135-horsepower motor and trailer was taken from in front of his room at Days Inn, SR 46 and I-4.

Sanford police are investigating the theft of two pistols, a tape deck, diamond ring, watch and two electric heaters in a burglary at Dave's Used Furniture, 500 Sanford Ave.

George R. Layva, of Bradenton, reported a boat, motor and trailer valued at \$4,000 was stolen from a motel west of Sanford.

Grand Jury To Reconvene

The Seminole County Grand Jury is scheduled to reconvene at 9 a.m. Tuesday to reconsider a report and four indictments refused by circuit judges because the documents contained "improper matters."

Assistant State Atty. Bill Staley confirmed the grand jury session but declined to speculate on the length of the session.

Staley directed the grand jury's four-week reported probe into allegations of wrong-doing in county government and of sunshine law violations.

The jury's interim report and the indictments were returned Dec. 3 and immediately sealed by Circuit Judge Joe A. Cowart Jr. Jr.

State Atty. Abbott Herring tried to get the indictments released so arrests could be made, but his effort was refused by both the local circuit court and the Florida Supreme Court.

On Friday, after a closed door hearing with Herring's representative, Assistant State Atty. Bill Heffernan and defense attorneys Newman Brock, Gerald Ruberg, J. Cheney Mason and Franklin T. Walden, Chief Circuit Judge Virgil B. Conkling and Judge Cowart ordered the sealed grand jury report and indictments returned to Grand Jury Foreman Gary Hall with directions that the grand jury "reconsider the form of the report and its attachments and re-submit such matters as they see fit."

The week leading up to the court's refusal to publish the grand jury return and bouncing it back to the grand jurors was highlighted by two closed door hearings from which the press and public were barred, a pushing incident involving another circuit judge and a television cameraman and two marches on the Sanford courthouse by sign-waving pickets and citizens protesting the "cover-up" of the grand jury report by the court in sealing the documents.

Cowart said a state law allowing unindicted persons named in grand jury reports time to reply and seek suppression of the report when he ordered the documents sealed for 15 days.

Taxi Service Heads Commission's Agenda

The issue of taxi service is scheduled for discussion at tonight's meeting of the Sanford City Commission.

According to a memorandum from City Manager Warren Knowles to the city commission, city attorney Vernon Mize will deliver a report on revocation of taxi licenses in the event service is not provided.

In a memorandum from Knowles to Mize dated Dec. 9, Knowles said, "I believe this is a legal problem for you to set up a procedure by which to define use; set criteria for use; and then have it enforceable by the Police Department to determine if they (licenses) are not used."

Also on the agenda for tonight's meeting is a request for a time extension on condemnation proceedings on property owned by Robert Walton. Knowles reportedly has approved a recommendation by housing inspectors that Walton be given a 90-day extension for the property, located at 1110 West Seventh St.

Knowles, according to a memorandum to the commission dated Dec. 10, also will report on the reconstruction and repaving of Peristimmon Avenue from 13th Street to McCracken Road; and the material costs of the SR-46A sidewalk project.

The city manager is expected to request commission action to waive bid requirements on a closed circuit television security system for the Sanford Police Department and to discuss a recommended change in the fee schedule for building, mechanics and plumbing.

J.S. Ryan To Report On SCOPA

James S. Ryan, administrator of the Seminole County Port Authority (SCOPA) is scheduled to report on the status of Standard Systems, Inc. (SSI) as well as barge movements, at tonight's SCOPA meeting.

According to Assistant Administrator Dennis Delger, two barges, each carrying more than 9,000 barrels of oil, have visited the port authority during the past two weeks.

Also on the agenda are reports on Small Business Administration guaranteed loans, Florida ports and water resources and advertising-marketing programs by SCOPA.

At County Courthouse No Flowers For Fountains

The cooling waters of the fountains and pools that flow around the Seminole County Courthouse will not be still. No flowers will spring up to replace the soothing sounds of flowing waters.

In short the proposal to turn the pools surrounding the courthouse into flowerbeds is dead.

That is the word from County Commissioner Harry Kwiatkowski, who was assigned the dubious task of studying the proposal.

Kwiatkowski said that a study by the county's Office of Management Analysis and Evaluation (OME) shows it would be "economically unfeasible" to switch from fountains to flowers.

Earlier this year Kwiatkowski was assigned to the project because some commissioners objected to the yearly cost of maintenance for the water fountains.

Also, the commission felt the fountains were not doing the job they were installed to do. The word was the fountains were supposed to help keep the courthouse windows clean, and commissioners said that just wasn't happening.

But the Sanford architectural firm of Gutmann and Dragash, the architectural firm that provided plans for the courthouse, said the fountains never were intended to keep windows clean.

However, architects did say the fountains were constructed for purposes other than aesthetics. Namely, the cool air rising upward from the fountain was designed to help cool the building, thus cutting down on the costs of air conditioning during the hot summers.

When the proposal first was announced, a number of citizens protested any move to eliminate the fountains.

Commissioners asked about the project said whether fountains will disappear depends entirely on economics, or which is cheaper.

According to Kwiatkowski the initial cost of removing fountains isn't worth it.

So, it looks as if Seminole courthouses entering the courthouses will hear water bubbling for years to come.

And if they feel lucky, a penny can be tossed into the fountain for a wish.

Whoever heard of tossing a penny into a flower bed?

Two Rape Trials Moved To Week Of January 12

Two rape trials scheduled for this week in circuit court have been continued to the week of Jan. 12.

In pre-trial proceedings this morning defense attorneys indicated to Circuit Judge J. William Woodson that only three of the other 10 cases on the trial docket may actually come to trial.

A number of the defendants have been engaged in plea negotiations with the state. Included in the cases under negotiations is John Steven Huggins, 13-year-old Altamonte Springs juvenile, indicted by the Seminole Grand Jury for trial as an adult on a charge of armed breaking and entering with intent to commit a felony.

Trials continued by the court to the week of Jan. 12 were:

- Rocco Anthony Conti, 41, of Pompano Park in Broward County, accused of two counts of involuntary sexual battery in connection with the Nov. 15 rape of an Altamonte Springs woman at her home.
- Albert Bradley, 18, Lake Monroe Terrace, Sanford, accused of sexual battery in the June 21 rape of a 28-year-old woman on a Sanford street at 3 a.m. The woman told police she was assaulted by an attacker who "jumped out of the bushes" alongside the street while she was walking home.
- Paul Hoxter, 40, Baltimore, Md., accused of obtaining lodging at the Sheraton Sanford Inn, 14 and SR-46 west of Sanford, in January with intent to defraud.
- Cases expected to go to trial before a jury this week include:
 - Albert Lee Hampton, 36, owner of the Cool Breeze Bar on SR-46 east of Sanford. Hampton is accused of possession of a controlled substance; marijuana. Sheriff's deputies arrested Hampton Nov. 3 after seizing a pound of marijuana found under the hood of an auto.
 - Walter Jenkins Jr., 42, 138 DePugh St., Altamonte Springs, charged with breaking and entering with intent to commit a felony and grand larceny in connection with a June 22 burglary of a Geneva residence in which silver flatware was stolen.
 - Mario Davis, 21, of 1117 W. 12th St., Sanford, accused of attempted murder in the Nov. 1 shooting of Mary Francis Johnson near a bar on W. 13th Street, Sanford.
- John Richard McGurty, 51, of Orlando, charged with burglary after sheriff's deputies found him inside an apartment at Foxcroft Apartments, 2100 Howell Branch Road.

10 DAYS TO CHRISTMAS

New Chamber President Proud Of City

John Carli's A Big Booster Of Sanford

By AUDIE MURPHY
Herald Staff Writer

NEW CHAMBER PRESIDENT JOHN CARLI...relates in office and converses on telephone

John Carli, from his second-story office in the Chase & Co. building, has a good view of the town story he likes to talk about. He never seems to tire of promoting Sanford.

"There are so many good people here, people that are willing to work to help their community," Carli said. "I've had a dozen people call me in the last two days, offering to help the Chamber in any way they could."

Carli, who was elected president of the Greater Sanford Chamber of Commerce on Tuesday, said his origins are far from Sanford's sunny climate.

"I was born on the banks of the Wabasha," the 47-year-old Carli said, as if he liked the sound of it.

"Clinton, Ind. lived there until I was 10 years old, then we moved across the river to Paris, Ill.," Carli reminisced.

"I went into the service, went to Korea, then came back and became a farmer — cattle, hogs, and grain."

Carli said his parents, Mr. and Mrs. Louis M. Carli, still live in Illinois.

"My younger brother, Robert, is back in Clinton, where we were born," Carli said. "My other brother, Louis M. Carli Jr., is in Westport Conn."

He added that his three sisters were widely separated, also, with one, Mrs. Ruth Tucker, living in Indiana; another, Mrs. Madeline Steidl, living in Oregon, Calif.; and still another, Betty, living in Danville, Ind.

Asked how he came to occupy his present position of director of services at Chase & Co., Carli said, "That's an interesting story in itself. I was farming and buying a lot of fertilizers and equipment for use on the farm. Until my wife decided she wanted to come to Florida to open a garden supply business."

Carli said they made the move and opened a business in Orlando, and "did very well."

"Then a fellow came along and offered us such a good price that I couldn't refuse," he said.

The upshot was that Chase & Co. obtained a sales manager and director of operations department, who subsequently became its director of services.

Carli, who became active in the Greater Sanford Chamber of Commerce "about six years ago," bought a 30-acre spread on Rinehart Road in Lake Mary.

He has served as vice-president during the past year; is a member of the board of directors; has served as chairman of the annual membership drive; and as chairman of the Agriculture Committee.

"One project we're looking forward to next year is taking over the Christmas Parade," Carli said. "We think it's only proper that the parade be put on by the Chamber."

"Another project that's very exciting is the Golden Age Olympics. This year it was an experimental thing, but we think it's really going to be a big event in the future."

Carli said the Greater Sanford Chamber of Commerce also will try to help the Central Florida Zoological Park "tell its story."

"Of course, the development project for Downtown Sanford is another thing that's looking good," Carli said.

"Our members have a lot to offer."

FLORIDA IN BRIEF

Suspect In Newspaper Heir Killing Arrested In Miami

MIAMI (AP) — Salvatore Soli, a suspect in the killing a week ago of newspaper heir John S. Knight III, was arrested at a motel here, police said.

Soli, 38, of Philadelphia, was taken into custody Sunday night after a young woman staying with him at the motel called police. Homicide Detective Jimmy Beall said.

Beall said Soli, a convicted drug user with at least 50 arrests, was charged with murder.

Knight, 30, grandson of John S. Knight, editorial chairman of the Knight-Ridder newspaper chain, was stabbed to death during an apparent robbery at his Philadelphia apartment Dec. 7.

"I have tremendous faith in Jack Horner," Carli said, naming the Executive Manager of the Greater Sanford Chamber of Commerce. "We are going to put our heads together and make some plans, and I'm sure it's going to be a very good year."

"We like to spend a lot of time on our boat," Carli said. "We have been on just about every waterway in Florida at one time or another."

Asked about specific plans for the coming year, Carli said he might be expanding the size of the board of directors. "I think we should do it."

Carli knows a bit about young people. His son, Mark, 21, is at the Air Force Academy in Colorado and his son David Brent, 20, is a farmer.

'It Was Brutal, Senseless'

Two Slain In Home For Handicapped

JACKSONVILLE (AP) — "It was just brutal, senseless," the Rev. J.W. Wynn said after two of his staff workers were killed and three others were injured during a robbery at a home for the handicapped.

Thelma Elode Lehman, 46 and partially blind, was stabbed to death. Delta Post Bemis, 39, was fatally shot, officers said.

Mrs. Bemis' husband, Joseph, 62, was shot in the head and a blind resident, Joy Denise Castlen, 22, was severely beaten, police said. Both were

listed in serious condition at a local hospital.

Gary Jackson Reach, 19, a cerebral palsy victim who worked the switchboard, was beaten unconscious. He revived and was released after being treated at the hospital.

Police gave the following account of the pre-dawn attacks: A man got into the home and went first to Reach's room, beat him up and got the house keys. The attacker then went to Mrs. Lehman's room, scuffed with and killed her, then ransacked the room.

The man knocked on the door of Miss Castlen's room, woke her up and took her downstairs on the pretext that there was a fire. In the lobby, the man starting beating the young blind woman.

Miss Castlen's screams woke the Bemis'. They were shot when they went to investigate. Miss Castlen managed to call police and lock herself in a bathroom when the Bemis' were attacked, but the assault was going when police arrived.

The Rev. Mr. Wynn, who gave up a Baptist church ministry to set up and run the non-profit home, said Reach told him he saw a woman with the attacker.

"Only Mrs. Lehman kept any money," the Rev. Mr. Wynn said. "She had \$200 or \$300, but we don't know how much they got. We only surmise they knew it was there. They went straight to her room, passed four other rooms."

He said a night security guard will be permanently posted at the home.

"I thought my staff was security enough," he said. "If a security guard would have been there, he might have got the jump, but it's doubtful."

"We had a meeting with the residents this afternoon and I said, 'What do you want to do?'"

"They said, 'This is home to us. They feel secure and independent here. They want to stay.'"

EMMETT KINLAW, 53, of 2812 S. Laurel Ave., Sanford, Fla., died Sunday morning at his residence. Born in Bladen, N.C., he had lived in Sanford for 27 years. He was a member of First Baptist Church and was a retired carpenter.

Survivors include three daughters, Mrs. Bonnie Perry, Raleigh, N.C., Mrs. Mary Bradshaw, Fern Park, and Mrs. Margaret Watson, Sanford; son, Stinson Kinlaw; nine granddaughters; and three great-grandchildren; three sisters, Mrs. Bettie Allen, Mrs. Callie Parker and Mrs. Betty Lockman, all of North Carolina; four brothers, Nath and Marvin Kinlaw, both of Lakewood Cemetery, Brison Funeral Home in charge.

Funeral services will be held Tuesday at 10 a.m. at Holy Cross Episcopal Church in Sanford. The Rev. Leroy D. Soper Jr. will officiate and burial will be in Lakewood Cemetery under the direction of Brison Funeral Home.

Moynihan Lays It On The Line

President Ford and Secretary of State Henry Kissinger have expressed their "complete confidence" in the outspoken U.S. ambassador to the United Nations, Daniel P. Moynihan. This has put to rest the idea that Mr. Moynihan is about to quit. Americans should be pleased, especially those who are worried about the role of the United States should be playing in the U.N. The change Mr. Moynihan has brought to the U.S. posture in the U.N. is the most refreshing development to occur in that body in years. If our membership is going to be worthwhile, it will have to be on the terms Mr. Moynihan is trying to establish — standing up where it is right even if it means offending the sensitivities of some delegates.

It was a magazine article by Mr. Moynihan urging that the United States take off its gloves in the U.N. that led Mr. Ford to appoint him in the first place. The churl-factoid former Harvard professor has been following his own advice, shocking some U.N. delegates with his language and tactics in striking back at the anti-American bloc and exposing the "selective morality" of positions taken by the Assembly majority.

The recent rumors of Mr. Moynihan's impending resignation were said to have flowed from his feeling that Secretary of State Henry Kissinger and the State Department were not giving him the support he needs and even undermining his efforts. Mr. Moynihan believes that Mr. Kissinger has seemed to be too eager to dissociate himself from Mr. Moynihan's rhetoric, and the State Department offered little help to the U.N. ambassador in his effort to counter the Assembly's anti-Zionism resolution with another urging amnesty for political prisoners, an embarrassment to many nations opposing Israel.

Mr. Ford cannot afford the embarrassment of another falling out between Mr. Kissinger and a member of his Cabinet, like the clash that led to the resignation of James Schlesinger as secretary of defense. We can assume that his private meeting with Mr. Moynihan at the White House Nov. 24 with Mr. Kissinger called in at the end — was something of a peace parley.

We can also hope that Mr. Moynihan is sticking by his guns. Mr. Kissinger may feel that the Moynihan style in the U.N. is rocking the boat, but the boat needs to be rocked if the United States is to regain the stature it once held as a source of moral leadership in the world.

There must be consistency in the policies pursued by our diplomats at all levels, but this does not mean the ambassador who speaks for America in the United Nations must be fed his lines by the secretary of state. Indeed, Mr. Kissinger may find his own work easier if Mr. Moynihan can breathe a little fire into the image of Uncle Sam. The diplomatic niceties of the State Department have their place, but so does the bald truth that Mr. Moynihan can express so well.

Unfinished Business

Democrats have never wasted an opportunity to lampoon the Republicans over disclosure that illegal corporate campaign contributions have gone to GOP candidates in the past. That's politics, of course, but if the Democrats are going to convince anyone that they are champions of financial parity, they need to explain the \$50,000 of illegal money still biding its time in pockets.

It has been nearly a year since Democratic National Chairman Robert W. Strauss conceded that he had accepted \$50,000 from officials of the Ashland Oil Co. under the impression the money came from their personal bank accounts, not the company's. The Ashland officials have admitted this was an illegal corporate donation, but Mr. Strauss has come up with an excuse after another for not turning the money back. Is it any wonder that opinion polls show the American people hold politicians in low esteem?

Elliot Richardson--Spiro Agnew's Savior

WASHINGTON — Vice President Spiro Agnew was saved from jail in 1973, according to suppressed papers in the case, by Attorney General Elliot Richardson.

The unpublished papers, describe the delicate, dramatic plea bargaining that led to Agnew's historic resignation as Vice President.

On Oct. 7, 1973, Richardson met with the Baltimore federal prosecutor, headed by U.S. Attorney George Beall. Richardson was joined for the secret Sunday session by his deputy, William Ruckelshaus, and the chief of the criminal division, Henry Petersen.

The eager, young prosecutors from Baltimore came to the meeting determined to get Agnew in prison, even if it meant a long, divisive trial. But Richardson cautioned that a drawn-out trial would not be in the public interest.

With President Nixon already mired in the Watergate scandal, impeachment proceedings against his successor could cause a constitutional crisis, Richardson contended. There was every reason to believe, he suggested, that Agnew would hang on to his office — force the Senate to impeach him before he could be put in jail.

It would be better for the nation, Richardson concluded, if a deal could be arranged that would induce Agnew to step down from his high office.

(The following article was first printed in the "Bartlesville Examiner-Estimator" in 1918. It was reprinted again in 1946 in the "The New World News," after the Florida attorney general secured from a known member of the Communist Party, who acknowledged that it was still part of the Communist program. It was later reprinted in the December, 1969, Texas Freeman and appears in the most recent edition of a Masonic publication.)

"In May of 1919, at Dusseldorf, Germany, the Allied forces obtained a copy of some of the 'Communist Rules for Revolution.' Nearly 50 years later, the Reds were still following them."

"A. Corrupt the young; get them interested in sex. Make them superficial; destroy their ruggedness.

"B. Get control of all means of publicity, thereby:

"1. Get people's minds off their government by focusing their attention on athletics, sexy books and plays and other trivialities.

"2. Divide the people into hostile groups by

constantly harping on controversial matters of no importance.

"3. Destroy the people's faith in their national leaders by holding the latter up to contempt, ridicule and disgrace.

"4. Always preach true democracy, but seize power as fast and as ruthlessly as possible.

"5. By encouraging government extravagance, destroy its credit, produce fear of inflation, with rising prices and general discontent.

"6. Incite unnecessary strikes in vital industries, encourage civil disorders and foster a lenient and soft attitude on the part of government toward such disorders.

"7. By special argument, cause the breakdown of the old moral virtues — honesty, sobriety, self-restraint, faith in the pledged word ruggedness.

"8. Cause the registration of all firearms on some pretext, with a view of confiscating them and leave the population helpless.

"That is quite a list, isn't it? Now, stop to think —

how many of these rules are being carried out in this nation today?"

Yes, it is quite a list, and we reprint the article in this space today merely to point out some of the doctrines that were found back in 1919.

Need to make any changes or additions to your listing in the Southern Bell telephone directory?

Friend Tom Hunt, manager of the local branch of Southern Bell, tells us that the closing date for the 1976 directory is Friday, Dec. 19, and persons wishing to make any changes or additions are urged not to wait until the last minute to do so.

As a point of information, Hunt says he anticipates the delivery of approximately 58,000 copies of the new directory, which will be effective on Feb. 15.

With Taxes, Decrease Spells More

The last-minute rush by Congress to extend this year's income tax cut notwithstanding, millions of Americans will find the tax man taking a bigger bite out of their earnings come January 1.

Effective the first of the year, the maximum taxable wage base for Social Security (FICA) will be \$15,300, a rise of \$1,200 over the 1975 maximum base of \$14,100.

Even though the actual tax rate of 5.85 percent will remain the same, the increase in the taxable wage base means that next year everyone earning \$15,300 or more will pay \$875 more into Social Security, compared to the 1975 maximum "contribution" of \$242.45.

This \$70.20 increase for each employee (matched by a like amount from employers) will affect some 18 million workers and will pump an estimated \$1.1 billion more into the Social Security trust fund.

The 1976 rise in the taxable wage base is the 26th since Social Security was enacted 38 years ago, and it won't be the last one. It's slated to increase another \$1,500 in 1977, to \$16,800.

All this will make no difference to those workers who will continue to earn \$14,100 or less in 1976 or 1977. But then in 1978, the tax rate itself will rise from the present 5.85 percent to 6.65 percent, and this will affect every wage earner.

This is assuming, of course, that Congress does not in the meantime revise the schedules again in an effort to keep Social Security benefits in line with the cost of living.

For those who can remember, the maximum Social Security tax in 1937 was 1 percent of the first \$3,000 in income — \$30. In 1977, it will be nearly \$1,000.

The Concorde supersonic airliner may yet turn out to be the aerial Edsel of the 1970s. Certainly, it will be a big blow to the plane's Anglo-French co-builders if the Concorde is denied landing rights in this country because of excessive noise levels and other environmental considerations.

But if U.S. manufacturers have pretty much abandoned the British and French out of the military aircraft market, and if U.S. authorities have the fate of the Concorde hanging in doubt, the French, at least, are determined to crack open another highly competitive part of the U.S. aviation market — the business jet field.

Currently being demonstrated in major American cities is the Corvette, built by France's nationalized aircraft manufacturer, Aerospatiale, the French half of the Concorde team.

The twin-jet Corvette is the Concorde as a "Piper Cub" was to the DC-3. And while it remains an open question whether the need for a supersonic airliner, the French think they have come up with a winner in the Corvette.

Ironically, the business recession from which the country is just emerging has been a boon to business aviation, according to Frank P. Fleming, president of the French firm's North American marketing organization, Aerospatiale Aircraft Corp.

Appreciates Hospital

I wish to take this opportunity of extending my deep gratitude to all the nurses, nurses-aides, head-nurses, and all other employees on the Second Floor East, at Seminole Memorial Hospital for the excellent care and attention extended to me during my stay during the week of November 7, 1975.

Their gentility and consideration, as well as sincerity, could hardly be surpassed. It seems as though they thought of nothing else but how to please the patient, which, in my opinion, is highly commendable.

These girls work long and strenuous hours, and many thanks go out to them from me, as well as, I'm certain, from all other patients that they are assigned to.

Also, I wish to thank Dr. Charles Harmon and Dr. Frederick Wetland for taking such excellent care of me while in the operating room and while recuperating.

Thank you again, and God Bless you all!

Old Grave Unearths New Bodies

There is a fatalistic conviction here that the second shoe will inevitably fall in the endless investigation into intelligence agency abuses.

Few would be surprised if tomorrow's headlines were to charge that the FBI and CIA have not only spotted assassinations, but have carried them out.

Already the list is broad in some quarters that J. Edgar Hoover's FBI was involved in the murder of Dr. Martin Luther King Jr. Black leaders urging a reinvestigation of that assassination have done so with thinly disguised suspicions. No one charges complicity for public consumption, but privately they have little doubt of it.

"We aren't saying it was the FBI as such," says a spokesman for King's old Southern Christian Leadership Conference, "but we think definitely it was the government in some way."

Rev. Bernard Lee, assistant director of the SCLC, says he won't say the FBI pulled the trigger, "but I will say I would not be shocked to learn that it did." Dick Gregory, one-time comedian turned activist, is even more direct, charging in effect that the Bureau manipulated King into the Memphis motel where he was shot. A third black leader, who declines identification says flatly that "we know it, the FBI knows it, and soon the American people will know it."

To now, certainly, the American people know nothing of the kind. For all the allegations surrounding the FBI and CIA concerning assassinations, the agencies point out that no bodies have been found, because there is none to be found. Concerning Dr. King specifically, a Bureau official argues convincingly that "An agency corrupt enough to hire somebody to kill King would be smart enough to think up a get-rid-of-the-killer. James Earl Ray is alive and well in prison, and there's never been a peep from him of any ties to the FBI."

But what has been revealed thus far about FBI-CIA activities does not argue well for an end to continuing revelations. Regarding the FBI alone, it is now quite obvious that under Hoover it was capable of anything. The FBI has admitted to at least 238 illegal break-ins (called "bug jobs") between 1952 and 1968, and the figure excludes agent burglary in the name of national defense and in pursuit of organized crime information. The agency has admitted unlawful buggings, unlawful interception of public mail, unlawful interference of individual liberties, and on and on drearily.

As for unlawful physical violence, the Bureau has admitted little, yet the record and the allegations indicate something other than innocence. In 1968, for example, FBI agents plotted and paid for a plan that was tantamount to an assassination of a hapless Ku Klux Klan member. Using \$38,500 as the bait, and a pair of informants go-between, the Bureau coaxed a wisecracking couple into a racially motivated bombing attempt. It was in fact a trap. Local police sprang it, guns blazing and the woman bomber was shot to death. Police said she afterwards they assumed neither of the Kluxers would be taken alive.

With a sigh, the judge rejoined with words that made clear Spiro Agnew would not have to go to prison. "The recommendation of the Attorney General has impressed me," said the judge.

The rest is history. As the secret negotiations had determined in advance, Agnew resigned on October 10 as Vice President and entered a plea of nolo contendere. Richardson recommended a two-year prison sentence, and the judge concurred. Agnew got off with only a \$10,000 fine.

A year earlier, Agnew had agreed to run for a second term as Vice President, with the un-

derstanding that he would seek the presidency in 1976. The Watergate development, though, had made him President in 1974 if he had not accepted petty bribes from Maryland contractors and failed to report them on his tax returns.

WASHINGTON WITH: In an earlier column, we accused Alex. Armentrout, the government's irrepressible minority business boss, of mismanaging the taxpayers' money. We reported that he had taken subordinates on junkets, had helped friends get government contracts and had accepted gifts from the contractors. White House sources now tell us that Armentrout will be eased out as director of the Office of Minority Business Enterprise. Armentrout told us he knew of no specific plans to replace him.

Last April, we reported that the U.S. Mint sent 16 experimental aluminum pennies to Capitol Hill for inspection, only to have them mysteriously vanish. Now we have discovered that Mint officials stamped out more than 6,000 of the curlicued disks in violation of orders from Mint Director Wray Brown.

While records on the 65,000 aluminum pennies appear loosely kept, Ms. Brooks insists that except for those pilfered by Members of Congress she can account for them "down to the last penny." The stolen pennies one day may be worth \$190,000 each.

DAR MARKS CHRISTMAS

DEAR MARKS: I am a male, age 32. My parents had me circumcised when I was an infant. We are Christians, so there was no religious reason for having me circumcised. I am a member of the church.

I feel that subjecting a helpless child to such barbaric surgery is an assault on his person and a violation of his rights, and I am seriously considering suing my parents for \$100,000 for having permanently disfigured me.

Do you know if such a suit has ever been filed?

SERIOUS N.Y. DEAR SERIOUS: No, I don't. But if you win, you could call it "severance pay."

DEAR ABBY: Like a lot of other people, I never thought I'd be writing to Dear Abby, but I have something to say.

I lived with my husband for a year before we were married, but because we both wanted to be sure we were right for each other in every way.

Bicentennial Baking

MAINE OATMEAL MUFFINS

2 cups dry rolled oats
1 1/2 cups sour milk
(put 1 T. of vinegar in milk to sour it)
1 teaspoon baking soda
1/2 cup molasses
pinch of salt
1 egg, beaten

Mix rolled oats and milk and let stand several hours or overnight. Add soda, molasses, salt, egg, and flour. Blend well but do not beat. Bake in paper muffin tins in a hot oven (400 F.) 15 to 20 minutes.

(This recipe was old when Oliver Wendell Holmes tried it and liked it. It came from East Sumner, Me.)

GINGER COOKIES
2-3/4 cup salad oil
1 cup white sugar
1 (mix these together)
1 egg
1/2 cup molasses
(add and beat well)
2 cups flour
2 teas. baking soda
1 1/2 teas. salt
1 teas. cinnamon

Roll into balls about the size of marbles and dip into sugar. Flatten on cookie sheet with the bottom of a glass. Use an ungreased cookie sheet. Bake 10-12 minutes in 350 degree oven.

(This is a modern version of a 200 year old recipe.)
GREAT-GRANDMOTHER'S SUGAR COOKIES

1 cup shortening
1 teas. salt
1 teas. vanilla
1/4 teas. baking soda
2 cups sugar
1 egg, well beaten
5 cups flour, sifted
4 teaspoons baking powder
1 cup milk
Combine shortening, salt,

vanilla and soda. Add sugar gradually and mix well. Add beaten egg and mix thoroughly. Sift flour with baking powder. Add to creamed mixture, alternately with milk, mixing well. Drop by teaspoon on baking sheet. Let stand a few minutes, then flatten cookies with the bottom of a glass. Sprinkle with sugar. Bake in a moderately hot oven (375 F.) for 12 to 15 minutes. Makes 8 dozen cookies.

(This recipe came from Everett, Mass. and was found in the old Yankee Cook Book.)
ROCKS

3 eggs
1/2 cups brown sugar
One-third cup lard, melted
One-third cup butter (oleo)

Beat the eggs add the sugar and beat. Add melted shortening, raisins, and dry ingredients together. Mix thoroughly. Drop from teaspoon on greased baking sheet and bake in moderately hot oven (375 F.) about 12 minutes.

(This ancient recipe came from Biddford, Maine, and was used during the American Revolution. The hard cookies keep very well.)

New Prenatal Classes Begin

A new series of prenatal classes will begin at Florida Hospital on Jan. 6. Expectant parents are invited to attend regardless of where they will have their baby.

The free classes last for six weeks and consist of one weekly morning class for the mother and one weekly evening class for both parents, scheduled during the latter part of pregnancy.

In addition, Florida Hospital offers a class for early pregnancy on the first Friday morning of each month, and an ongoing program for mothers of small children on the third Friday morning of each month.

The next series of prenatal classes for expectant parents will begin at the Winter Park Memorial Hospital Jan. 6, 1976.

The six weekly morning classes include topics of interest to expectant mothers. They may choose from classes occurring on Tuesdays, Wednesdays, or Thursdays at 10 a.m. The evening classes, for both husband and wife, will be held on Tuesday or Thursday evenings at 8 p.m.

Expectant parents may call either hospital for more information.

"Let's see," said Dale Phillips, Oviedo's head basketball coach, after his team had lost to Wynore Tech 55-49, Saturday night. "That makes us 1-5. We lost two in the (Rotary) tournament, and then we lost to Colonial. We lost this one and the game Friday against West Orange. Whether I like it or not, that makes us 1-5."

Phillips continued, "I know we are better than this but it seems like the other teams are as good as the devil when we play them."

The game against Wynore found the home team on its season record to 1-1 as Edwin Whittaker and Auburndale.

Nathan hit for 25 and 21 points respectively.

"Those two seemed to be able to hit them from the rafters," Phillips recalled, "it was really disturbing. We shut off their inside game but we couldn't do anything about those shots that were being thrown in from 30 feet, or better, outside."

"We tried to use both a man-to-man defense and a zone but what can you do when the other team shoots the ball before you can pick them up and it goes in. "We even went to a press but they were able to beat that with

out much trouble, so I took it off."

"Gary Hird had a real good game and so did Cedric Canby but the whole team seemed to be playing like we were nervous or excited."

Hird had 12 points, one less than the team leader Fred Moore, and the sophomore center also pulled down 13 rebounds. Canby added three more to the attack while Ron Ribbin, and Dennis Golden hit for seven and eight respectively.

Gas wars? They only have them in the Arab countries nowadays.

Jumpin' Jim Rivera? He wasn't that good a ball player, but his name was magic enough to be a household word.

Community Project Tonight: Fill Seminole High's Gym

If the best things in life are indeed free, then the Greater Sanford Chamber of Commerce is likely to achieve its goal of filling the Seminole High gym tonight for a trio of basketball games.

The sports committee of the chamber has bought out the house and is offering free tickets to the games against Colonial. Tickets may be picked up at the Chamber office, Seminole High, all local banks and the Evening Herald.

Schedule calls for the girls teams from Seminole and Colonial to square off at Lake Brantley and Lake Highland at off in a 5 p.m. game. Junior varsity boys teams play at 6:30, followed by the varsity game around 8.

Chamber of Commerce officials are hoping the free night will give the Seminole athletic program a shot in the arm and renew interest in high school basketball.

There is no competition for tonight's game. But Tuesday evening there will be four games on tap involving Seminole County teams — Jones at Lyman, Apopka at Lake Howell, Oviedo at Lake Brantley and Lake Highland at Trinity Prep.

Motocross Saturday At Sports Stadium

The second weekend of the Orlando Fall Championship motocross series begins Saturday at the Orlando Sports Stadium Motorcycle Raceway.

The series started Dec. 6, with the amateur Open class winner being Schmitt's Luther Elrod, on a Yamaha. Jim McClellan of Orlando, riding a Suzuki, is the 200 amateur boss, and Mike Buckingham, of Seale, is the 200 amateur class.

The Fall Championship races are the final motocross competition of the year. A large spectator and rider turnout is expected.

Admission is \$3 per day, with children under 12 free Saturday and Sunday. Practice begins at 10 a.m. Saturday, with racing at noon. Sunday practice is 10:30, with races beginning at 1 p.m.

SHS Matmen Win, 33-26

Talk about close wrestling! The Seminole High wrestling team was trailing Oak Ridge, 26-21, with just two events to go Saturday.

Kenny Adams and Robert Charles came through in style, however, with "ins to pull out a 33-26 victory which coach Roger Beathard described only as "beautiful."

Evans embarrassed Oviedo, 50-3, in the other match involving a Seminole County team.

In the Seminole-Oak Ridge match, the biggest surprise of the night was the performance of Doug Morris, a 155-pounder just brought up from the Seminole junior varsity. In fact, last Wednesday he wrestled in a jayvee tilt. Saturday he was leading his opponent going into the third period. "He lost, but his performance was encouraging," said Beathard.

Mother-May-I Three Steps Back

The loneseom end? Obviously, he found a better deodorant.

The single wing? Too much standard blocking required, signaling the entrance of T, slot, double slot and veer.

Mistletoe? People no longer need excuses to kiss, but it was a nice tradition.

Mother-May-I? Skateboards have taken over the playground set, formerly strong on other games like Indian ball, wookup, tag, dodge ball and hide-and-seek. Playing hooky is still with us, which means all the old traditions haven't gone out the window.

Oysters and clams? Florida's coast formerly had coves aplenty in which anyone could take a bucket out and stick their way through the shallow water for their supper. Condominiums have taken their toll.

And, if that doesn't prod the memory, how about white buck shoes? Ducktails? Keeping a pack of cigarettes rolled in the sleeve of a shirt? A 1957 Chevy, front end raised? Double-feature movies — first the mushy love story, then the Lash LaRue western — complete with serial, cartoon and coming attractions? Prices in those days was nine cents admission for kids, which left plenty of money from a quarter for pop corn and bubble gum.

NFL Tonight: Nothing Game

SAN DIEGO (AP) — The San Diego Chargers can expect to see a lot of John Higgins tonight instead of the New York Jets' Joe Namath in their nationally televised National Football League game.

The big fullback from Kansas has gained 888 yards rushing this season, 112 yards short of the coveted 1,000 yard mark. And the Jets are determined to help Higgins get those added 122 yards in the last two games of the 1975 season.

He may not need two games to do it. Against the New England Patriots last week, Higgins ran for 152 yards and scored two touchdowns as the Jets

O.J. Question: Continue, Or Quit For Movie Career

FOXBORO, Mass. (AP) — With one game to go in his seventh season in the National Football League, O.J. Simpson is uncertain of his future.

And everyone is wondering, including his bosses: will one of football's all-time great runners quit to try for a movie career?

"If I have to, I'll buy a movie company," owner Ralph Wilson of the Buffalo Bills said Sunday when asked about the possibility of losing O.J.

After running for 155 yards and his 21st touchdown of the season in the Bills' 34-7 victory over the New England Patriots, the 28-year-old Simpson talked about his future.

"I truly and honestly don't know what I'll do," he said. "I do know I want to be an actor. I feel about acting what I used to feel about football. There's an element of the unknown."

Cinderella Colts Scratch Out 10-7 Victory

By THE ASSOCIATED PRESS
It was a drive that typified Baltimore's entire season in 1974 to 84, a long, long one, filled with a few clutch plays and a few bizarre plays — and it was a successful one.

"I know we had a long way to go," Coach Ted Marchibroda said Sunday after his miracle Colts, buried on their own four-yard line in overtime, clawed their way across the field and into position for Tom Linhart's sudden-death 31-yard field goal that beat Miami 10-7.

"That's the kind of team we have," Marchibroda said of his scrappy band of Cinderellas, who have risen from a disastrous 2-12 National Football League season in 1974 to 84, within one victory of a division championship and playoff berth in 1975. "They've been doing what they've had to do all season long."

And he called the triumph "without a doubt the greatest I've ever had — all the way back to high school."

The victory threw first place in the American Conference's East Division into a flat-footed limbo — but one in which the Colts have their best foot forward.

Since they've beaten Miami in both meetings this year, all they need is another victory next Sunday against New England to take the title, regardless of what the Dolphins do on Saturday and Sunday.

"The Colts deserved to win," Miami Coach Don Shula said matter-of-factly. "They had what it took in the overtime and came up with big plays during the final drive. We had the opportunity to win throughout the game, but we couldn't come up with big plays."

In Sunday's other games, St. Louis locked up the National Conference East title and relegated division runner-up Dallas to the NFC wild-card spot with a 34-10 victory over Chicago. Los Angeles beat Green Bay 22-20, Detroit surprised Minnesota 17-10, Atlanta whipped San Francisco 31-9, Cleveland clattered Kansas City 40-14, Denver downed Philadelphia 25-10, Buffalo belted New England 34-14 and the New York Giants beat New Orleans 28-14.

On Saturday, Dallas dropped Washington out of the playoffs by routing the Redskins 31-10 and the New York Jets beat Pittsburgh while the AFC

conference East title by clouting Cincinnati 35-14. The New York Jets were at San Diego tonight.

The Colts, completely rebuilt since winning the 1971 Super Bowl, led the score 7-0 on a six-yard touchdown run by Lynn Mitchell with 6:30 remaining in regulation time, then launched their winning drive following Larry Seiple's coffin-corner punt.

They converted three third-down plays on the drive and quarterback Bert Jones, playing with injured ribs, completed four consecutive passes for 24 yards in 174 yards in place of injured James Harris to lead Los Angeles past the Packers.

Oilers 27, Raiders 26
Dan Pastorini's two-yard touchdown pass to tight end Mack Alton on the final play of the game and Skip Butler's extra point gave Houston its victory over the Raiders.

George Blanda had one of the roughest days in his 26-year career. He missed an extra point attempt, had another blocked and missed a 27-yard field-goal attempt in the fourth quarter.

Lions 17, Vikings 10
Detroit scored two first-quarter touchdowns, the second on a 64-yard run by Bobby Thompson, to sting the Vikings. Minnesota's Fran Tarkenton needed just one touchdown pass to tie Johnny Unitas' career record of 286, but he didn't get it. Instead he got sacked four times.

Falcons 21, 49ers 9
"It was almost like he handed me the ball it was so perfect," Alfred Jenkins said of his 20-yard and 63-yard touchdown passes from rookie Steve Bartkowski in the Falcons' rout of San Francisco. Bartkowski completed seven passes to ten receivers for 147 yards.

Browns 49, Chiefs 14
Greg Pruitt rushed for 214 yards and three touchdowns and joined Jim Brown and Leroy Kelly as the only Browns to surpass 1,000 yards in a season.

Cowboys 21, Redskins 10
"Now we are in the playoffs and we'll play anybody... tomorrow if necessary," said Dallas Coach Tom Landry after Saturday's rout of Washington. It was supposed to be a rebuilding year for the Cowboys.

Pittsburgh's Steelers passed for two touchdowns and ran for one. The Redskins' hopes were dashed when quarterback Bill Klinton, who went into the showdown game with a bad shoulder and a broken bone in his left foot, suffered another shoulder separation and an injury to his passing hand.

Steelers 35, Bengals 14
Franco Harris rushed for 118 yards and a pair of touchdowns and Terry Bradshaw passed for one and ran for another in Pittsburgh's Saturday rout of Cincinnati.

Broncos 25, Eagles 16
Denver's Floyd Little, playing at home for the final time in his brilliant nine-year pro career, raced 66 yards with a third-quarter screen pass and ran for another touchdown in the closing minutes to carry the Broncos past Philadelphia.

Bills 24, Patriots 14
O.J. Simpson ran for 185 yards and scored his 11th touchdown in the season while Jim Braxton plunged for a pair of scores to lead Buffalo over the Patriots. Simpson surpassed the 8,000-yard mark in career rushing and has 1,760 for the season.

Giants 23, Saints 14
Randy Colbert's 65-yard punt return for a touchdown, Doug Kotar's 64-yard run for another score and Craig Morton's 45-yard TD pass to Ray Rhodes boosted the Giants past New Orleans.

HOOSIERS WHO

Dolphins, Bengals Still Holding Breath

NFL Playoff Picture Still Fuzzy

By THE ASSOCIATED PRESS
It would have been so nice, so simple, if Miami had knocked out Baltimore, if Oakland had beaten Houston, if Minnesota had defeated Detroit...

But the Colts downed the Dolphins, the Oilers edged the Raiders and the Lions surprised the Vikings on Sunday. So instead of a clear, precise view of the National Football League playoffs, just two weekends away, fuzziness pervades the picture with a lot still to be decided in next weekend's final regular-season action.

The sites for the Dec. 27-28 first-round games are determined, as the NFL guide says, as follows: The winning team in each conference hosts the wild-card team and the second-winnings hosts the third-winnings. But if the top winner and the wild-card team are from the same division, then the winning hosts the third-winnings and the second-winnings hosts the wild-card team.

The point-ruling system will decide the hosts.

In the American Conference, with the East Division title and wild card still up for grabs, the Oilers aren't even as clear as the NFC picture.

Miami and Baltimore, at 9-4, are tied for first in the East, Pittsburgh, at 12-1, has clinched both the Central title and the honor of being the top conference winner.

But with Cincinnati, the Central Division runner-up, at 10-3 and in the wild-card game, Pittsburgh's opponent isn't set yet. And because of that, neither is Oakland's, the West Division winner at 10-3, since they've beaten both Miami and Baltimore, the Eastern tie contenders.

If Cincinnati beats San Diego next weekend, the Bengals will lock up the wild-card berth, no matter what Baltimore and Miami do. And because a wild-card team can not be at the same division, Pittsburgh's opponent will be either Baltimore or Oakland.

But if the Bengals lose and both the Colts and Dolphins win, Baltimore will clinch the East title, Miami and Cincinnati will each be 10-4 and the wild-card team will be decided by the point-ruling system.

Don't Wait Until You File Save On Your Taxes--Now

By HAYD CRANE The Herald Staff Writer (First of Three Parts)
It's tax saving time. Don't be deceived by the statement that the time to save on taxes is when you make out your annual income tax return. The only thing you can do to make sure you get every deduction to which you are entitled.

The real time to save is now—before the end of 1975. This is the time when you should carefully calculate and make their moves to hold their taxes to an irreducible minimum.

How? In two principal ways. Control your income; maximize your deductions. Most people whose sole source, or nearly all of their income, comes from wages and salary have little control over their income. The paychecks automatically come on payday, so automatically as they perform the required work.

But many people have the option of pushing income from one year into the next, as best suits their tax advantage. This is true of professional fees, doctors, dentists, lawyers, accountants and many others whose income follows after they send out statements on their fees.

If you don't want more income—and higher taxes—in 1975 delaying under your statements. Then it will become 1976 income. Now take 10 percent of that adjusted gross income figure. That is what you will be allowed as a standard deduction this year.

Now you know what your deduction is going to be if you itemize and how much you can claim if you settle for the standard deduction. The rest is fairly simple. If your itemized deductions are a long way from equaling your standard deduction, chances are excellent you will benefit from the standard deduction this year.

What can you do? Many things. Do you already have allowable medical expenses? Remember, medical expenses have to be more than three percent of adjusted gross income before you have a deduction. If you already have enough, pay every medical and dental bill you have before the end of the year.

State Attorney Charges 'Politics' By Pratt Committee

By ED PRICKETT Herald Staff Writer

While charging the Pratt Committee with "playing politics," State Atty. Abbott Herring today offered to join the Democratic fact-finders in a state-wide effort to remove party labels from state attorneys.

Herring firmly rejected allegations by Pratt Committee

Chairman Tom Pratt that the state attorney's office is engaging in "pure political harassment" in relation to the state attorney's direction of the grand jury which is looking into corruption in county government.

The Pratt Committee was formed as a fact-finding body last Thursday by the Democratic Executive Committee of Seminole County. Its

avowed aims, among other things, is to battle Herring and defeat the Republican officeholder at the polls next year.

On Monday Pratt released statements challenging Herring to file direct information "against any public official he believes to have violated the law."

"Mr. Herring can swear under oath that he has probable cause to believe that a public

official has committed a crime and the public official will be arrested within 30 minutes," the Pratt statement said.

In answer, Herring said "that man (Pratt) doesn't know anything. And if he does, he gained the information illegally. He is doing precisely what he is trying to accuse other people of doing — playing politics."

Herring offered to join Pratt

to remove party affiliation from state attorneys and make the office non-partisan.

"If he wants to direct his efforts toward that goal, I'll be more than happy to join him," Herring said.

As Pratt and Herring exchanged verbal blows, the grand jury today went back into session to consider a report returned by the jury at Circuit Court Judges Volie Williams Jr.

and Joe Cowart Jr. Judges returned the report because of what they say were errors in the wording of four indictments issued by the jury.

In addition, Beckwith said he has never seen "indictments sealed."

At first, judges sealed the report containing the indictments. Herring appealed to the Florida Supreme Court. The

Meanwhile, Circuit Court Clerk Art Beckwith Jr. said he has never seen a report returned in this manner since he took office in 1960.

Sanford 'Alone' On Walks

By AUDIE MURPHY Herald Staff Writer

The Sanford City Commission last night voted to "go it alone" on the construction of a sidewalk on the north side of SR 46A between Larkwood Drive and Vihlen Road.

The project, involving approximately 800 feet of sidewalk, is expected to cost \$6,000, including \$2,000 for materials.

The vote to go ahead on the sidewalk project came after months of efforts to obtain the cooperation of county officials in the project.

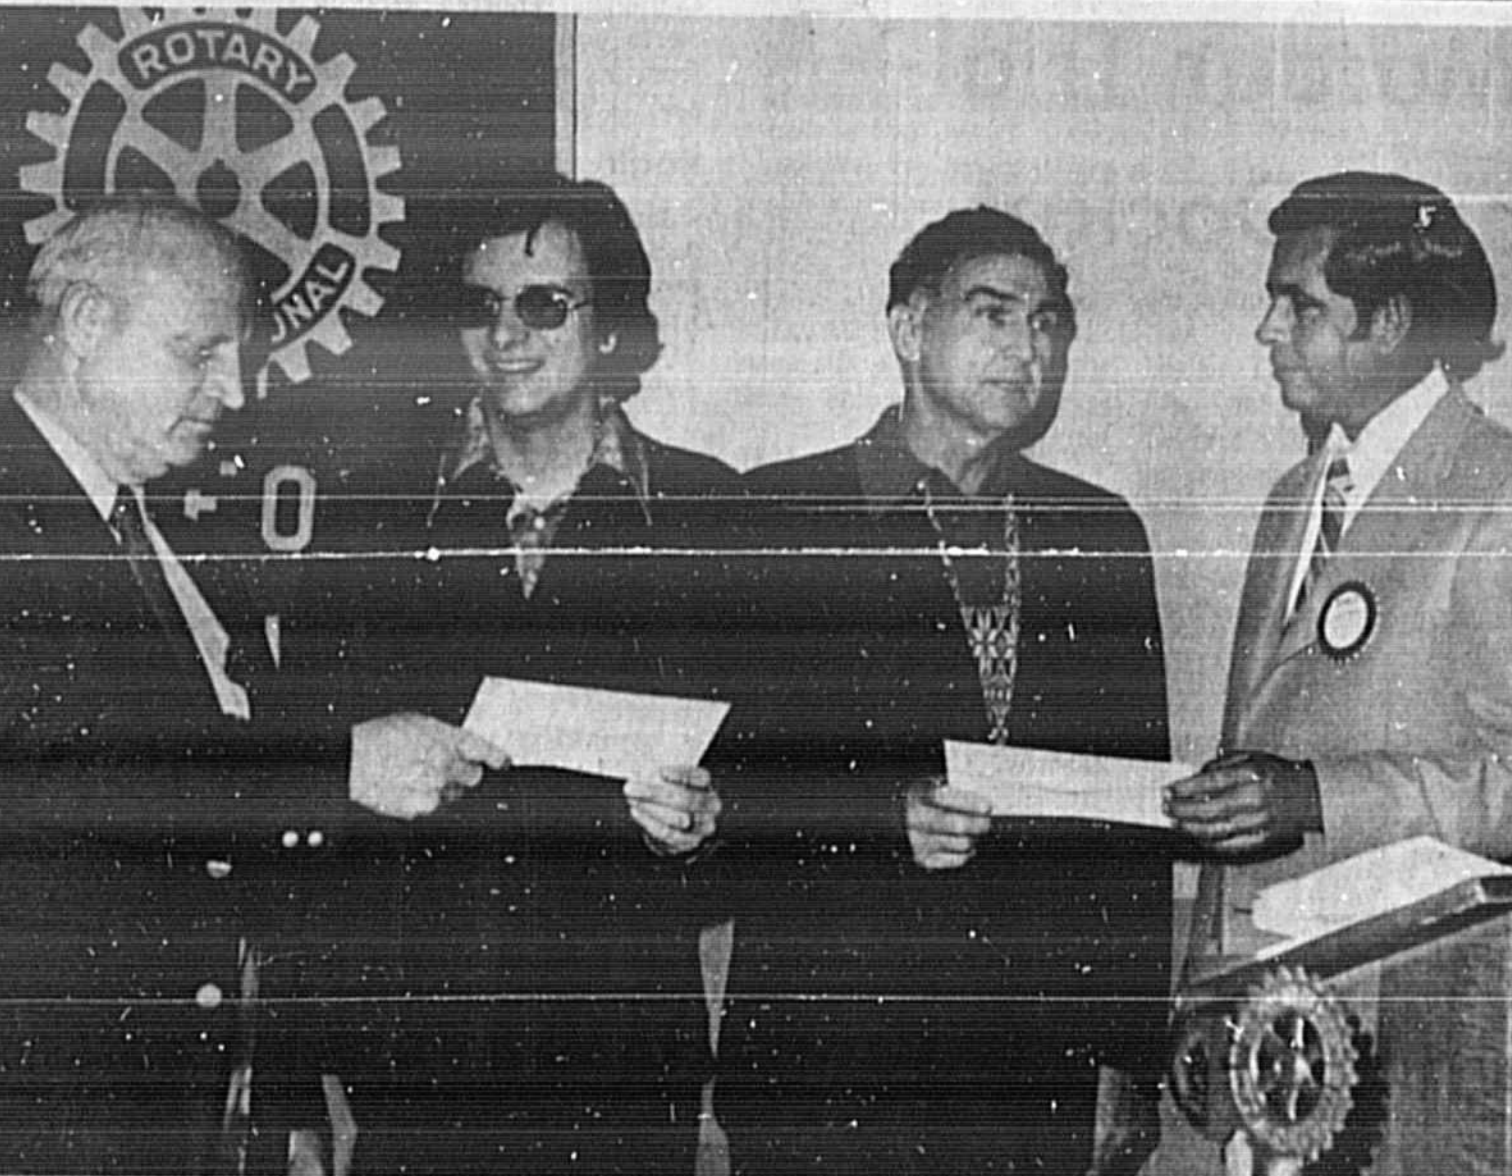

But three weeks ago the County Commission voted to place the project under a policy whereby the city would have to reimburse the county for all construction costs, thereby effectively withdrawing the county's financial participation in the project.

The strip of highway scheduled to receive the sidewalk is located near Ildyville Elementary School. The right-of-way is owned by the city, but two-thirds of the property on the north side, and all of the property on the south side of the strip, lies in the county, according to City Manager Warren E. Knowles.

In other action, the commission requested Knowles to contact certain property owners and tenants on French Avenue, between 25th Street north to the lakefront, about the possibility of parking being eliminated from the street's curb sides.

The purpose would be to construct a left-turn lane in the center of French Avenue to make turning easier and safer.

The proposal for a left-turn lane was brought about at a meeting in November attended by Knowles, then County Commission Chairman Sid Vihlen, and county public works department officials.

ROTARIANS PRESENT CHECKS The \$10,000 Red School House and the Seminole Community College Athletic Foundation, Inc. were the recipients of \$10,000 each Monday when the Sanford Rotary Club turned over proceeds of its recent golf tournament to the two organizations. Hattaway, Freeman, Kwiatkowski, Binford Indicted in Probe

By BOB LLOYD Herald Staff Writer

The Seminole County Grand Jury today indicted County Atty. Thomas G. Freeman, County Commission Chairman Mike Hattaway and Commissioner Harry Kwiatkowski for misdemeanor violations of the Florida Sunshine Law.

Freeman was also indicted for soliciting unlawful compensation, a felony.

Seminole County Part Authority Chairman Tom Binford was indicted for perjury, a felony.

The grand jury report, returned at 12:15 p.m. to Circuit Judge J. William Woodson, also said that "John Doe" should be named as an indicted co-conspirator regarding the Sunshine Law charges against Freeman, Hattaway and Kwiatkowski.

Woodson ordered the misdemeanor indictments transferred to County Court for "processing."

Warrants were ordered issued by the court clerk on the felony indictments and Woodson, told by State Atty. Abbott Herring that Freeman and Binford had been notified of the charges, said Freeman and Binford would be allowed until 5 p.m. to surrender at county jail with their attorneys.

Woodson said a county court judge would either set bonds for those indicted or allow them to remain free on their own recognizance.

The Sunshine Law violation indictments are in connection with Freeman's selection to fill the position of county attorney and in connection with the proposal to acquire a 103-acre tract, the acquisition of title insurance for the tract and the Oct. 14 County Commission decision to abort the purchase of the land.

Freeman was indicted for soliciting unlawful compensation in connection with the purchase of title insurance on the clay pit property.

The grand jury report recommended that the County Commission now reconsider the proposal by the tract for a clay pit "in view of the now completed feasibility report."

The grand jury probed circumstances surrounding the proposed transfer of nearly \$1 million in federal funds from a Caswell bank to a bank in Matland and made no indictments in connection with the funds transfer.

Binford was a major witness before the grand jury during the four-week-long probe, was found by the grand jury to have violated the election laws "by failing to reside within the district in which he qualified, or attempted to qualify, to run for County Commissioner, District Four, in 1974."

Binford was indicted for perjury in connection with the election law violation.

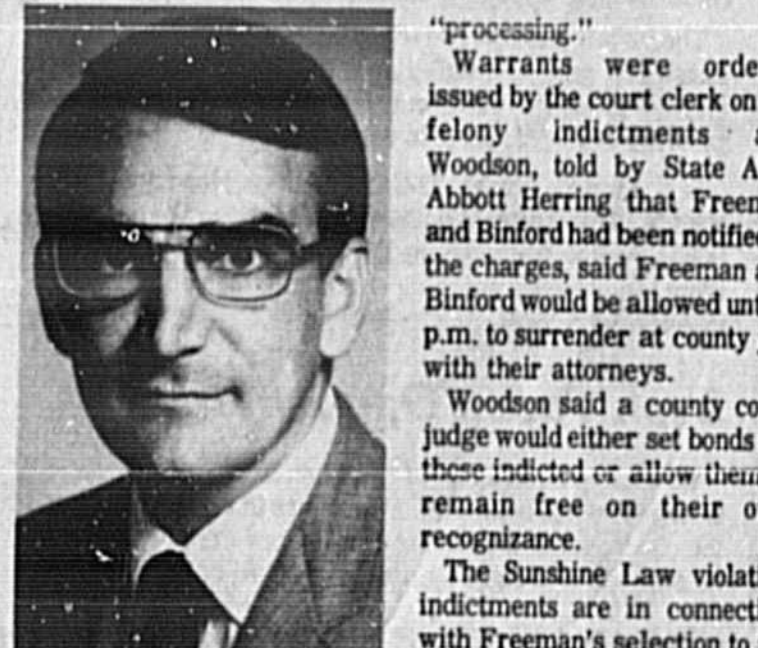

When asked about the indictments, Kwiatkowski said, "I don't know what's happening yet."

He huddled with attorney Newman Brock and promised to issue a statement later today. Freeman attended this morning's county commission meeting for about an hour, then disappeared and wasn't seen again until just before 1 p.m.

Asked if he had any statements concerning indictments, Hattaway said, "No, sir, not a thing."

In the meantime the news media converged on Commissioner John Kimbrough. At a press conference in Kimbrough's office, Kimbrough said that in his opinion county personnel policy dictates that Freeman be removed from office.

Asked if Commissioners Hattaway and Kwiatkowski would also be removed, Kimbrough said that would be left up to Florida Governor John Askew. Kimbrough said he would make no recommendation one way or the other.

County Agriculture Director Jasa Questions Planned Citrus Probe

By JOE ASKERN Herald Staff Writer

Jasa said historically, in the citrus industry, there has been no cooperative large enough to control anything. He said the agriculture cooperative associations must meet federal guidelines.

"With cooperatives, the growers and producers would have a rough time," Jasa said. He said the marketing cooperatives help keep the prices up so the growers can survive.

He said apparently some groups feel some of the cooperatives are taking advantage

of their organizational structure in price setting practices.

Seminole County has 9,000 acres in citrus, or one per cent of the state's citrus production, Jasa said.

He said he understands Florida Citrus Mutual, the state's largest growers' association, has been working hard to increase the processors' price to give the grower, who has no control over his price, a slight profit.

Officials at Florida Citrus Mutual, in Lakeland and Leesburg, were in meetings today and could not be reached for comment.

Wilson C. McGee, general manager of United Growers & Shippers Association, Orlando, was also unavailable.

Jasa said the federal probe probably wouldn't affect the local citrus industry, except in the sense that some growers are members of cooperatives.

He said the artificial price control problem has been more evident in California's vegetable industry, where some organizations were controlling prices but not benefiting the farmers.

Police May Have Lead In Local Hit-Run Fatality

By BOB LLOYD Herald Staff Writer

Sanford police today were working with DeKalb County, Ga., sheriff's deputies on a possible lead in the Nov. 1 hit and run traffic death of a Sanford woman.

Patrolman H.J. Shea Jr., said Georgia authorities contacted local police after a man arrested in Decatur, Ga., told a story of "hitting and killing somebody while he was in the middle part of Florida."

Mrs. Kathleen Louise Culler, 26, of 2817 Princeton Ave., Sanford, was struck and killed by an unidentified vehicle the night of Nov. 1 as she exited her disabled auto in the northbound parking lane on French Ave., just south of 20th St. Mrs. Culler was five months pregnant. Police listed two deaths in the accident.

Shea said this morning that little information has been received from the Georgia authorities who notified Sanford Police because Sanford was the only central Florida agency that had recently issued a bulletin to other states on a hit and run traffic death.

Georgia authorities have been asked to determine if a vehicle was impounded when the man was arrested in Decatur, Ga.

Shea said Georgia officers were to question the man in custody there more today and local police hoped to have more information later today.

SANTA WITH ANIMAL PALS Santa Claus shown with poodle and cougar friends will be arriving at Pet and Pit Stop, west of I-4 on SR 438, Altamonte Springs, Saturday, Dec. 19, at 11 a.m. after the airplane in which he will be riding lands on the highway. Santa will be available along with assorted animals to pose with youngsters for photographs until 3 p.m.

Candidate Files Formal Complaint

By DONNA ESTES Herald Staff Writer

Unsuccessful mayor candidate Laurent Pellerin has filed a formal complaint, charging irregularities in the city's Dec. 2 municipal election, with U.S. Attorney Kenneth Wherry in Orlando for forwarding to the U.S. Justice Department for consideration.

In the formal complaint filed Friday, with copies sent to Seminole-Brevard State Attorney Abbott Herring's office and to U.S. Sens. Richard Stone and Lawton Chiles and U.S. Reps. Richard Kelly and William Chappell, Pellerin contends his constitutional rights to a "fair and legal election" were violated.

"The violation," Pellerin said, "is based on the fact that

the City Clerk (Mary Norton) was acting as election supervisor and she and the election board failed to comply with the Florida state statute by permitting unauthorized personnel to stand and sit in the immediate voting area."

"These people talked with the election board members as well as the voters as they were being processed prior to voting. It should be noted," Pellerin said, "that the machine had a torn card which permitted the clerk to observe how the voter was voting."

The complaint says unauthorized personnel conducted campaign workers for incumbent mayor Troy Pland (who defeated Pellerin) and two city council candidates. He said the campaign workers

GA., sheriff's deputies on a possible lead in the Nov. 1 hit and run traffic death of a Sanford woman.

More Retirees Mean More \$\$\$

HALEAH (AP) — By the year 2000, there will be one elderly, retired person for every worker in Florida, Sen. Robert Graham has told a legislative panel.

"The burden that will place on our state and in caring for the elderly will be staggering," said Graham, D-Miami, who chaired a joint hearing on problems of the elderly.

"Only a few years ago, we had one elderly person for every six working persons. Today the ratio is one to three, and in 25 years it will be one to one."

Even now, Graham said, the state faces more problems than most of the nation in coping with its retired population.

The hearing this weekend in Miami was one of several being held throughout the state by the joint House and Senate committees on Rehabilitative Services.

Daphne Krause, executive director of the Minneapolis Age and Opportunity Center, told the panel how she organized a program offering supportive services, including home care, to thousands of elderly residents in their own homes.

But the problem of the elderly in Florida is compounded by the large number of people who come here to retire, she said.
