

# ASSOCIATED PRESS PICTURE NEWS

**HEAVEN HELP POOR SAILORS** should this "Flying Dreadnought" turn loose its shells of death. The navy's latest weapon, weighing 50,000 pounds, is the largest patrol bomber in the world and is understood to have a cruising speed in excess of 300 miles an hour. The sky destroyer just has been test flown and will be delivered in late summer for use in patrolling the nation's coast-line.

## CARRIES AMERICANS TO SAFETY

The Dolac liner (above), used regularly to transport passengers from the Shanghai war zone to ships anchored in the Whangpoo river, was subjected to both Chinese and Japanese gun fire Wednesday, August 18, when it transported American refugees from Shanghai down the Whangpoo to the liner President McKinley anchored off the Woosung forts. The liner will take the Americans to Manila where other Americans from the war zone are being congregated.

## SPOTLIGHT

Still a student in the wife of Supreme Court Nominee Hugo L. Black, shown here with her young daughter, Josephine. The mother of three children halted her education during the war to enlist in service and now studies for her college degree.

**A STITCH IN TIME**, added to summer pleasures, is the fashion formula of Mrs. Calista Cooledge, widow of the 30th President of the United States. The former First Lady is shown busily sewing at the Northport, N.Y., home of her Northampton, Mass., husband, Wm. F. D. Johnson.

**AIMING TO WIN** is the policy of Joe Heidand, Hillsboro, Ohio, farmer, who is generally acclaimed the greatest trapshooting marksmen of the age. Having won four championships last year, the marksmen is now training his sights on the one title that has eluded him, the Grand American Handicap.

## 'BACKS TO THE RIVER'

Japan's heavily reinforced army was in imminent danger of being split in two and driven back into the Whangpoo river Thursday, August 19, by a surging Chinese drive. Heavy casualties occurred. Japanese troops are shown fighting back in artillery warfare.

Racket-wrecker Thomas Dewey who has brought 73 men to trial and sent 72 of them to prison, has entered the race for district attorney of New York City as Republican candidate, backed by the American Labor party.

**ADDING SWEETNESS** to the complexion of Mrs. Gertrude Spaworth, wife of Ishihara Spaworth, Jr., of the wealthy California sugar family in Mahwah, N.J., is the comely heroine who recently starred a movie contract by a Hollywood studio.

**HOOT MAN NO. 1** of Little Rock, Ark., M. G. Blackman heads a society for boosting commercial advertisements in motion picture theaters.

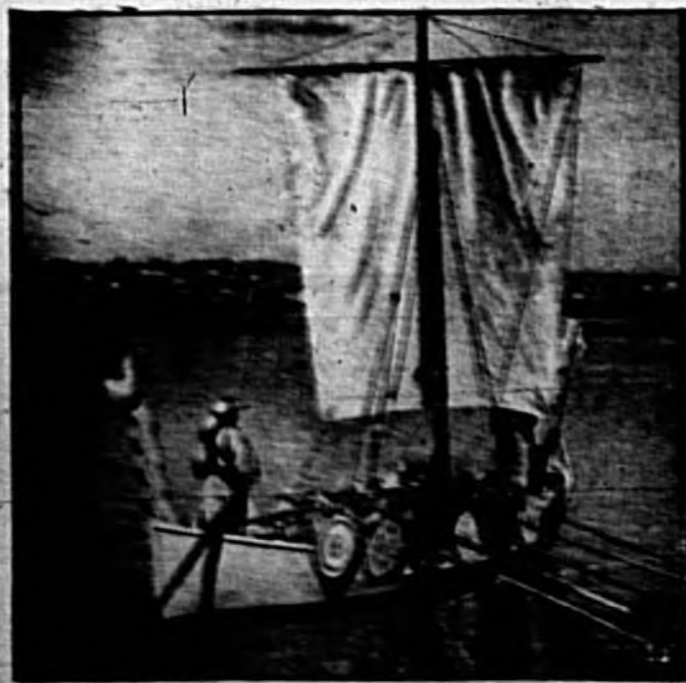

## LINER REMOVES REFUGEES

The liner, President Taft, was utilized Monday, August 16, to remove hundreds of women and children from the Shanghai war zone. The liner is shown above, while below is the group of buildings used by the American embassy at Nanking. Ambassador Nelson T. Johnson and family occupies the building at left.

Soaring like a meteor in tennis skies, 19-year-old Bobby Riggs of California appears headed for No. 2 ranking in American tennis. With five major victories already won, he will enter the national tournament second only to Don Budge.

**BOSS OF FUN** was in view for sailors of the U. S. Navy when the motorboat was towed into the water. The boat is the smallest ever used for the purpose of the San Diego training station with hundreds participating.

**CUB CLUBBER BILLY** Bowman, Chicago second baseman, is currently batting high in the 20's to keep his team in the National League leadership.

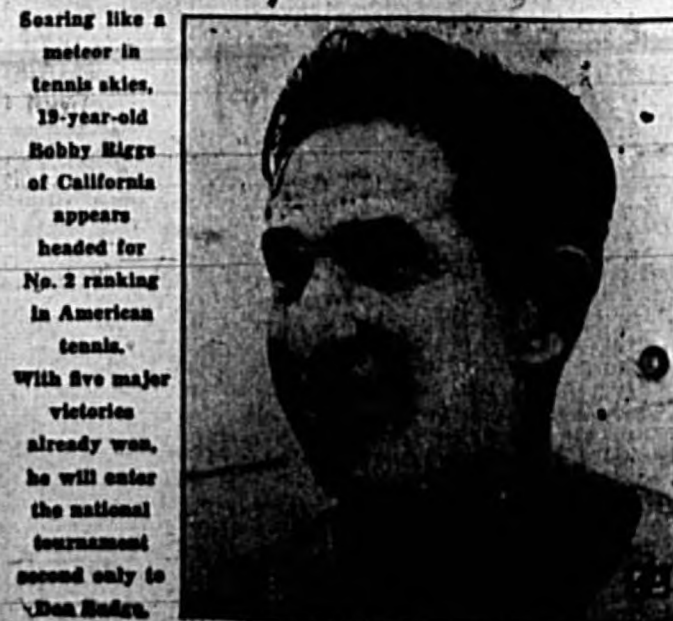

## NORDMEER COMPLETES SURVEY FLIGHT

The German flying boat, Nordmeer is shown as it settled on Manhasset Bay (N. Y.) Monday, August 16, after completing its first survey flight from Europe over the southern route. Meanwhile a Pan-American ship is being warmed up to make the west-east crossing over the same route. The crew of the Nordmeer is shown in the stern of the motorboat.

Behind the war front of China, directing the destinies of millions in the bitter conflict with Japan is Generalissimo Chiang Kai-Shek, whose word in civil and military affairs is the law of the land.

Soaring like a meteor in tennis skies, 19-year-old Bobby Riggs of California appears headed for No. 2 ranking in American tennis. With five major victories already won, he will enter the national tournament second only to Don Budge.

## Adjournment Of Congress Thought Near

Leader Rayburn Predicts Session's Adjournment By Sun-down Despite Work

## Special Session Soon Is Foreseen

Senators Are Eager To Learn Attitude Of Constituents

WASHINGTON, Aug. 21.—(AP)—A weary Congress neared adjournment, but with so much of its original program postponed that members half expected President Roosevelt to call them back in two months. Majority Leader Rayburn (D-Tex.) predicted this session's end will come "by sun-down."

Little remained except to bring the Senate and House into agreement on the final form of the Wagner Housing measure and the Deficiency Appropriation bill. Both branches had approved the two bills but in such varied forms that conference committees had to go to work to compose their differences.

Senators and representatives about to head homeward were eager to learn how the voters felt about what they had accomplished—and what they had sidetracked. Senators who helped defeat Roosevelt's court bill were particularly eager to appraise the possibility of reprints. They heard Senator Guffey (D-Pa.) say they ought not be sent back to Washington.

Two major pieces of legislation went to the White House yesterday—the Wagner Housing bill and the last long-delayed plugging measure. The year bill's fate was obscure despite efforts to amend it to Mr. Roosevelt's satisfaction.

The tax bill was certain of approval. The President himself asked for it when he found revenues far below expectations last Spring. The Senate also sent a \$4,000,000 flood control bill to the White House. The President indicated he would sign it although not approving all its provisions.

## Monstera Deliciosa Is Grown In Sanford

The monstera deliciosa, an exotic tasting fruit native of Trinidad, pictured in the Herald last night, is being grown at the present time by Mrs. J. A. Harbord at her home on Park Avenue. She received the plant from a friend several years ago and has trained it to grow on the trunk of a tree in her yard.

Maturing in about 7 months, the fruit usually weighs approximately a pound and is kept until complete maturity. It is protected by a tough flexible shell. The outer surface of the fruit is covered with many green hexagonal kernels which resemble corn. The vine has large net work leaves. The flavor of the fruit resembles a mixture of pineapple, peach, and banana which many persons have described as being "monstrously delicious."

## General Franco Sees Victory Next Week

With insurgents in Spain, Aug. 21.—(AP)—Weather permitting, Generalissimo Francisco Franco expects the insurgent army to reach Santander next week.

The strong southern columns hammered with almost monotonous success at the dividing government defenses and were only 25 miles from Santander, the government's last port of importance on the Bay of Biscay.

## Build Storage Tank

SARASOTA, Aug. 21.—(AP)—Work started here today on a new \$4,000 galon oil tank being erected by the Standard Oil company to store the territory. The new tank is part of a \$7,500,000 program now under way by the company here.

## AMERICAN SHIP HIT IN FURIOUS SHANGHAI FIGHTING

With a fourth of the city in flames, Shanghai witnessed its most furious day of Sino-Japanese fighting with a series of events climaxed by the shelling of a United States ship. This diagrammatic airview shows (1) the spot in the anti-aircraft shell, killing one American sailor and wounding 18. Enveloped in flames was the whole Pootung waterfront and much of Hongkew, with the fire threatening the famous Astor House hotel, indicated by circle on bank of Soochow creek (2). The North Station (3) of the Shanghai-Nanking railroad is shown. The Chinese battle line in the Yangtzeop area still swung around the famous Ward Road jail (4), and at one point the Chinese attack was reported to have split the Japanese line (5). In the area designated as (6), where Japanese-owned warehouses, wharves and cottonmills are located, the Chinese staged a heavy bombing attack.

## Chicago Nurse Is Killed, Raped By Unidentified Man

Eighteen Year Old Student Nurse Dies Following Attack

CHICAGO, Aug. 21.—(AP)—Miss Anna Kuchta, 18, a student nurse at Chicago hospital of South Side was raped and slain. Police Captain John B. Prendergast said, by a man who crushed her skull with a brick.

Detectives said the slaying was similar to those of other women in Chicago in the past two years. The killer, police said, fled through the fire escape window when Miss Florence Palmowski, 10, another nurse, opened the door of the room to call Miss Kuchta after a rest period.

Miss Palmowski found the body on the floor near a cut. It was clad only in stockings and white shoes.

Detectives said the killer had stuffed a part of a pillow down the girl's throat. The bureau has been ransacked and a small radio was reported missing. The coroner's investigator said the girl had been raped. Miss Palmowski told officers she saw only the man's back as he went through a window and could not tell if he was white or negro.

## Heat Wave Continues Throughout Country

By The Associated Press  
The heat wave continued over most of the nation although low temperatures were recorded in the area west of great lakes. Cooler weather came out of Canada for sections around the great lakes but for the rest of the United States, the weather man forecast "no relief in sight."

Temperatures as high as 102 degrees were reported in one heading toward northern Texas from Mexico and Arizona. Many parts of the country had readings well up in the 90s.

## German Minister Founds School Of Art

KRONENBURG, (Eifel), Germany, Aug. 21.—(AP)—Hitler's prime minister, General Herrmann Goerring, has founded a school of painting here to express the German character in art. Professor Werner Pomeroy of the Prussian Academy of Arts has been named director.

According to the statistics drawn up by Goering himself, ability decides who may learn and who may learn. The goal may be considered reached when masters and students have "laid the foundations for a present-day German school of painting closely knit with a great past and passing on a valuable tradition to the coming generation." The school is called the "Hermann Goering Conservatory of Painting."

## CITY NEWS BRIEFS

The Seminole County Commissioners met in the Court House today for a special session.

Lottie Nix's name was unintentionally omitted from the list of the primary school teachers printed in yesterday's paper.

Mina Williams was granted permission today to make repairs to her residence at 705 Pine Street.

City Commissioners will hold their regular semi-monthly meeting in the City Hall Monday night at 7:30 o'clock.

Dr. H. B. Selman will leave tomorrow for Georgia and North Carolina where he will spend a two-week vacation.

The weekly luncheon of the Sanford Rotary Club will be held Monday at the Valdez Hotel.

W. A. Lefler narrowly escaped injury recently when a truck smashed into the back of his 1937 Ford V-8 coupe damaging it considerably.

Violators of City ordinances will be arraigned before City Judge Frank L. Miller in a session of the Municipal Court Monday.

Arlene Martin, young granddaughter of Mr. and Mrs. Hurbert of this city, was adjudged winner of first place in a baby contest recently staged in Oswego, N. Y., according to information received today.

Several members of the American Association of Agriculture Editors visited Sanford yesterday on their tour of the state, they visited celery fields and groves in this locality and proceeded on their tour.

Lieutenant Kathar Smart, who has assisted Captain and Mrs. F. H. Fern in the Sanford Salvation Army Corps for the past two months, will leave Tuesday morning for Waycross, Ga., where she will assist Captain E. Harkey. Her farewell service will be held tomorrow night. It was announced today.

## Squeaking Machines Irk P. O. Department

WASHINGTON, Aug. 21.—(AP)—Postmaster Jim Farley utilized the lull after the fourth of July to instruct all postal employees to keep typewriters and adding machines well oiled and covered.

But Fourth Assistant Smith W. Purden observes that "this very important matter is not being given proper attention." And he threatens to tell the postmaster on anybody who leaves his office machinery uncovered, or lets it squeak.

## Employers Told To Make Reports Under New Law

1.8 Percent Of 1937 Payroll Must Be Paid To Florida

It seems that numerous people throughout the State still do not understand the Florida Unemployment Compensation Law. For the benefit of these parties the Florida Industrial Commission has issued some informative data regarding this recent innovation in the State's Social Security Act.

According to the information received from the Industrial Commission the chief aim of the unemployment compensation law is to build up a fund for the payment of weekly cash benefits to unemployed workers who through no fault of their own have become unemployed, thereby tending to stabilize employment and business by maintaining the workers' purchasing power.

All employers who have had eight or more workers for some portion of a day in each of 20 different weeks of a year, and their workers are covered by the Unemployment Compensation Law, except those specifically exempted by the law.

The fund for this purpose is to be built up through contributions from the employer of 1.8 percent of the total wages payable with respect to employment in the calendar year of 1937 and 2.7 percent of the total wages payable after 1938.

Unemployment benefits begin after January 1, 1937 and will amount to 50 percent of the unemployed workers' former full-time weekly wage, but no more than \$15 per week and not less than \$5 per week.

These weekly benefits, however, cannot be drawn for more than 16 weeks of any one year and the unemployed must wait 14 days before receiving benefits.

Major Higgins said the city since defaulting July 1, 1937, has been levying taxes under judgment and mandamus, gained by bond holders Protective Committee. The committee, during the years of its service levies as high as 54 mills, but ascertained that they could secure more money from a 15 mill debt service levy than from any other, therefore, they determined that any future pattern of debt service payment would have to be based on what the people could pay, and not on what the obligation called for.

The bond holders protective committee, according to Mayor Higgins, set up the schedule of into

## Activities Of John R. Jones Will Be Offered For American Planter Degree

A summary of the activities of John R. Jones, prominent Future Farmer of America member, while enrolled in the Vocational Agriculture Department of the Seminole High School, will be submitted to the national headquarters in competition for the American Planter degree, the highest degree offered to any Future Farmer chapter member.

John's record is one of the best records I have ever seen," Alex H. Johnson, advisor of the local group reported, "and I am confident that he will be awarded the degree."

In his first year in the Agriculture Department, Mr. Jones made a total of \$119.41 from two projects and 65 hours of supervised labor, the following year \$128.46 from four projects and 121 hours of supervised labor, his 1936 year in the department his total labor income \$190.

## Higgins Finds Duval Ready To Talk Bonds

No Final Action Has Yet Been Taken By Duval Commission On Sanford Bonds

Mayor Edward Higgins and City Attorney Fred R. Wilson returned here late yesterday afternoon with the assurance that the Duval County Commissioners would take action quickly on the refunding program outlined by the City Officials in the meeting with the Commissioners yesterday.

Duval County holds \$10,000 in Sanford and on which the interest has been delinquent for several years, and City officials are making overtures in an effort to get Duval County to participate in the refunding program already adopted by a large majority of Sanford bondholders. The City is offering to its bondholders a refunding bonds which amortize in 40 years of equal value with an interest rate of 1 to 2 1/2 percent on a sliding scale over a period of 40 years.

Once before the Sanford officials made an overture to the Duval board, but no definite action was taken. However, contrary to recent news stories, the commissioners said, the board has not declined to accept the Sanford proposal.

Mayor Higgins told the board that the Sanford city government assumed that action of the commissioners was due to misunderstanding rather than any intention of the commission to place the municipality in an embarrassing position, by refusing to enter into the town's refunding agreement.

Chairman R. T. Gray explained to Mayor Higgins and City Attorney Wilson that the board's action had been misunderstood and that the board had not declined the offer.

There are 87 taxing units in the State all attempting to solve their debt service problems, through some form of refunding," Mayor Higgins told the board, "and it would seem that if the taxing units will not co-operate with one another, in the solution of their problems, we are, as a whole in an individual bond holder to come in under a general agreement."

"In our case," he further explained, "96 per cent of the holders of Sanford bonds have already been refunded. And this agreement bound the city not to make special agreements more favorable to one bond holder as against another and in case of court action, to resist to the extent of its ability any attempt to gain advantage by such court action."

Mayor Higgins said the city since defaulting July 1, 1937, has been levying taxes under judgment and mandamus, gained by bond holders Protective Committee. The committee, during the years of its service levies as high as 54 mills, but ascertained that they could secure more money from a 15 mill debt service levy than from any other, therefore, they determined that any future pattern of debt service payment would have to be based on what the people could pay, and not on what the obligation called for.

The bond holders protective committee, according to Mayor Higgins, set up the schedule of into

## AMERICAN SAILOR KILLED IN CHINA

Freddie John Falgout (above), an American sailor from Raceland, La., was killed and 18 others were wounded when the United States cruiser Augusta was struck by an anti-aircraft shell in the midst of terrific Chinese-Japanese artillery and aerial warfare along the Whangpoo River.

## Sanford To Have Biggest Court Of Air Mail Service Awards Staged On August 23rd At Camp Wikiwiki

Mayor Higgins Issues Sanford Girl Scouts Proclamation For "Air Mail Week" Receive A Total Of 67 Advancements

Sanford will have air mail service on Aug. 23 as a chunky Air Mail Week which begins Monday, according to information received today from E. J. Holly, postmaster.

Prescott A. Tolman, district traffic manager of Eastern Air Lines at Jacksonville, will arrange for similar stops in the larger cities of Florida which permit a safe landing, and mail picked up by his plane will be flown to Jacksonville to connect with the regular north and south bound air mail schedules.

Philatelists may obtain first day covers of the flight which will be stamped by the Sanford Post Office for a special cachet to be placed on the left-hand side of the envelope. All interested stamp collectors are reminded that the survey flight will be made on Monday and air mail received after that date will be stamped with the commemoration of the first all-Florida air mail flight.

Further information as to the exact time of the air mail flight will be available at a later date. It has been arranged through the courtesy of Captain Eddie B. Beck, mail carrier, general manager of Eastern Air Lines.

Mayor Edward Higgins has issued the following proclamation for Florida Air Mail Week.

WHEREAS: From the time of the first airplane flight, on December 17, 1908, by Orville and Wilbur Wright, to the present day the development of air transportation has been both rapid and continuous, and,

WHEREAS: The speed and reliability with which the new vehicles of flight traverse both land and sea has so improved as to reduce to inconceivably distances that once were considered, almost insurmountable, and,

WHEREAS: In addition to the great saving in time possible to be effected in actual travel, the United States Post Office Department has consented to use the vast network of airlines for the delivery of mail, and does so use them, and,

WHEREAS: Practically all foreign countries have extensive air mail distribution with direct connections with United States airlines (Continued On Page Three)

## Japs Defeated In Air Battle Near Chinkiang

Raid On Nanking Is Foiled As Chinese Fliers Meet Jap Bombers In Air

## Three Japanese Planes Wrecked

War And Flames Continue Destruction Of World's 6th City

NANKING, Aug. 21.—(AP)—Chinese airforce officers declared tonight that their planes had fought off a Japanese attempt to raid Nanking in the largest and most bitterly contested air battle of the undeclared Chinese-Japanese war.

The fight occurred near Chinkiang on the Yangtze River about 50 miles east of here. Chinese accounts said three Japanese and one Chinese planes were shot down.

Late in the afternoon a warning reached the Chinese capital that 20 big Japanese bombing planes had taken off from aircraft carriers lying off the mouth of the Yangtze River and were heading for Nanking. While screaming sirens told the capital's populace to seek shelter in dugouts, Chinese pursuit planes rose to meet the invaders.

The clash occurred over the Yangtze and the Japanese were turned back before they could reach Nanking. Nanking has been raided by Japanese aircraft almost daily for the past week without serious damage.

War and fire continued to lay waste to Shanghai. Foreign Police estimated about 11 square miles of the world's sixth largest port had been destroyed. Fire leveled most of Chinese Chapel, Japanese Hongkew, Yangtzeop, Industrial Postings and Kiangwan. Flames continued to spread in all directions.

Chinese and Japanese war planes fought above the fire and smoke. Big guns on both sides roared, shaking the city like an earthquake.

The United States cruiser Augusta, flagship of the American fleet, had not been hit since yesterday when a shell fell on deck killing an sailor and wounding 19.

Chinese reports from North China declared 11 divisions of the Chinese regular army were taking part in a sweeping offensive designed to drive the Japanese from their recent conquests in the North-eastern Hopei Province, including the great cities of Tientsin and Peiping.

The war in that area, 600 and more miles from the Shanghai battle-zone, with a total of some 300,000 to 250,000 men engaged, continued bitterly on several fronts, although disruption of normal channels of communication and restrictions placed by the new Japanese masters of North China made accounts of it fragmentary and confused.

TABLE VERSE FOR TODAY

WOMEN'S GREAT POWER: Oh, that thou wouldst rend the heavens, that thou wouldst dash down, that the mountains might flow at thy presence, as when the melting fire burneth, that the flames of thy waters to make to make thy name known as a thin adversary, that the floods may tremble at thy presence.—Isiah 41:1,2.

JEALOUSY

He could not bear to see her smile. On aught save him below; His mind made gracious kind. And thus he drifted snow. Her small unconscious acts of grace brought frowns of fury to his face.

EDGAR A. GUEST

One difference between President Roosevelt and his "American Lord Macaulay" is that while they may want to concentrate all power in the hands of a few men, he wants to concentrate it in the hands of one man.

EDGAR A. GUEST

The Mayor of Jacksonville says that city has everything, recreation, recreational facilities, and no labor trouble. If any CIO men come here, he is reported as having instructed the police chief, "put 'em in jail."

EDGAR A. GUEST

Under the terms of the Federal Housing Act which finally passed the House no single unit may be constructed by the government for any impoverished family which exceeds \$5,000 in value. That was designed to help some of the unemployed who are living beyond their means.

EDGAR A. GUEST

The plot begins to thicken, according to a Seminole county representative, who says demand will be made on Governor Clegg to call the legislature together to help the counties escape their budgets, the slot machine boys will have another "proposition" to make at that time. Quite interesting, but not surprising. The slots won't give us still the last gasp.—Ocala Star.

EDGAR A. GUEST

Those Shanghai refugees must feel as if the devil or the Lord or somebody has something against them after running the gauntlet of the Whampoa River, being fired at with shot and shell by both Chinese and Japs, and then to arrive, either in Hongkong where a cholera epidemic has just broken out, or in Manila just in time for the anti-Japs. If they ever get home alive, they'll probably think themselves lucky.

EDGAR A. GUEST

Remember, this little Colleen from the planet Moria has been so well when the name comes along, and invent a clever little girl whose name she found the country. It is thousands of mothers and their children. More recently she has been used in a similar manner from the planet Moria.

Horse Racing

That thoroughbred horse racing has reached a position among America's biggest "big businesses" is a belief borne out by a recent statement of Herbert Bayard Swope, chairman of the New York State Racing Commission, in which he pointed out that horse racing in this country represents an investment of \$125,000,000 and pays an annual tax in excess of \$10,000,000.

The value of the racing horses themselves is about \$25,000,000 though it is difficult to place an accurate appraisal on them as some of them are not for sale at any price. One such is Man O' War for whom fabulous sums have frequently been refused. The English stallion Blenheim II was another until he was finally purchased last year by an American syndicate for a reputed sum in excess of \$250,000. Breeding farms are valued at about \$15,000,000, and the various racing plants themselves at \$70,000,000.

A total of 10,757 horses started in 15,344 races in 2,033 racing days in the United States last year, Mr. Swope said. "Averaging the animals at conservatively \$1,000 apiece from horses of the highest value to obscure platers, their value would be \$10,757,000. The investment in breeding stock would account for another \$10,000,000. The value of young stock, as about 5,000 foals are produced on American farms every year, would add another \$5,000,000. There were fewer animals in the breeding farms than in training but their average value as selected individuals would be much higher. Certain of the country's leading sires, Man o' War for example, are not for sale at any price. The English stallion Blenheim II, now standing in this country, was bought last year by an American syndicate from the Aga Khan for an actual cash price of \$250,000."

That racing is a big business was further demonstrated, Mr. Swope explained, by the fact that the total distribution on American tracks last season was \$12,500,000. This was an average of \$6,501.84 daily with the larger tracks averaging more than twice that sum. Belmont Park led with \$14,191.23 daily and Saratoga second with \$13,700.17 and Arlington Park with \$12,808.

Fighting Water Hyacinths

The prolific growth of water hyacinths has long been a source of annoyance to everyone making use of Florida rivers or engaged in water transportation. And despite the beauty of the plant when it is in full bloom, it is doubtful if there is any greater obstacle to the use of Florida streams than this pesky little plant.

"In localities where the water hyacinth is more than the familiar sight and occasional annoyance that it is here," says the Tampa Times, "plans are underway to give the prolific plant the beating of its life this winter in the hope that it can be brought under control and its blockade of navigation channels broken for all time."

"The Lake Worth Herald reports that a 'weed boat' which was used successfully for a number of years is being recommissioned for a renewed assault on water hyacinths in the Lake Worth Drainage District. Water vegetation is cut into small bits and floated out when canal gates are opened.

"A more thorough job, though worked on the same principle for all its high cost of \$94,512, is expected of a floating machine being built at New Orleans for the United States army engineers' fight on the pesky hyacinths. It will pulverize them almost to a powder and end all chance of further propagation, it is claimed.

"With the recent revelation that the hyacinths have been used and can be used in considerable quantities for fertilizer if costs of gathering and transportation are not too high, it may be possible that the battle against the plant is about to be won. Knowing the plant as they do, however, Floridians will want to wait awhile before starting any celebration."

SANFORD TWENTY YEARS AGO

Troops of the Entente Allies in Flanders attacked the German positions today on a wide front east and north of Ypres. The official report of Field Marshal Haig states that progress is being made. On the Lens front, where the Canadians yesterday captured Hill 70, all German counter attacks were repulsed. War marches on Rule Allyn, humorist, lecturer, impersonator, and former newspaperman, gave one of his inimitable entertainments last night at the Baptist Temple for the benefit of the Home Guards. The guards realized a nice sum from the program and Rule made enough to buy a pair of purple socks with which he will shock newspapermen in Orlando tomorrow.

Sanford To Have Air Mail Service On August 23rd

Mrs. T. O. Charles is visiting her mother in Charleston for a few weeks. "We Pull Together" is the motto on the bottom of the large Board of Trade membership cards. It is truly indicative of the spirit in existence here in Sanford.

Sanford To Have Air Mail Service On August 23rd

Mrs. J. A. Perkins and family of Tusculosa, Ala. are in the city today as guest of Mrs. J. T. Hurry. Braxton Beacham of Orlando has been approved as food commissioner for Florida by Herbert Hoover, national food administrator. Up to this time, he is not aware of his appointment.

SARDINES RUN AROUND

DURBAN, England, (AP)—A school of sardines, spreading over six acres of sea, was driven ashore recently at Isplingo Beach, Durban. Fishermen simply loaded the fish into dories and carts and children caught them in bucketfuls. Big stocks of sardines were sold and the school was swept down on the sardines as they floundered on shore.

LONGWOOD

Principal and Mrs. W. J. Wells, Jr. and three children have gone to Milton, Fla. to visit Mr. Wells' parents.

Mr. and Mrs. Noel Monteville of Orlando were guests on Tuesday of Ed-Mayer and Mrs. J. H. Menck.

Mr. and Mrs. H. W. Tanner of Ocala who have spent the summer in Rochester, New York are expected home on Monday.

Mr. and Mrs. Ed Gonzalez of Miami are guests of Mr. and Mrs. Henry Heath of Homestead, who are spending the summer in Longwood their former home.

The young folks of the Baptist gave a pleasing Indian play in the church parlors Tuesday night. After the play Indian refreshments were served to the players and their guests.

Charles Partin, well-known citrus and truck grower of Longwood, has been critically ill at the hospital in Jackson, Wyoming near Yellowstone Park. Mr. Partin was making the tour alone by motor. The doctor states he will return within a few weeks.

In honor of their 50th birthday on Sunday, Mr. and Mrs. H. R. Bismarck entertained at home. Mr. and Mrs. Albert Stucke and Alberta Stucke of Orlando, and Mr. and Mrs. Jeff Small and children of Springfield, Missouri.

Miss Esther, youngest daughter of Mr. and Mrs. H. B. Pronger of Longwood, was married to William H. Lee of Orlando on August 17. The ceremony was performed by Judge Robinson of Kissimmee. Witnesses in the marriage were Mr. and Mrs. Turner and Mrs. Mae Coombs. The bride has lived in Longwood for several years and is a popular member of the young women's club.

Employers Told To Make Reports Under New Law

Employers were told after unemployment laws were passed that they must make reports to the state. The law requires that employers with more than 25 employees must file reports with the state unemployment office.

Sydney Nurses Fight 'Petitcost Parades'

Sydney, Australia, Aug. 21. (AP)—Nightly "petitcost parades" have brought objections from Sydney nurses. Although not part of their uniform, 50 nurses at the Nightingale home most show petti-

TOWNSEND MEET

W. I. Hughes has been appointed delegate to the Townsend Assembly to be held in the Matland School building Aug. 29. It was announced today by W. I. Hughes, president of the local club.

SARDINES RUN AROUND

DURBAN, England, (AP)—A school of sardines, spreading over six acres of sea, was driven ashore recently at Isplingo Beach, Durban. Fishermen simply loaded the fish into dories and carts and children caught them in bucketfuls. Big stocks of sardines were sold and the school was swept down on the sardines as they floundered on shore.

LONGWOOD

Principal and Mrs. W. J. Wells, Jr. and three children have gone to Milton, Fla. to visit Mr. Wells' parents.

Mr. and Mrs. Noel Monteville of Orlando were guests on Tuesday of Ed-Mayer and Mrs. J. H. Menck.

Mr. and Mrs. H. W. Tanner of Ocala who have spent the summer in Rochester, New York are expected home on Monday.

Mr. and Mrs. Ed Gonzalez of Miami are guests of Mr. and Mrs. Henry Heath of Homestead, who are spending the summer in Longwood their former home.

The young folks of the Baptist gave a pleasing Indian play in the church parlors Tuesday night. After the play Indian refreshments were served to the players and their guests.

A WISE Old Mother

NATURE, the wise old mother, also advertises!

Flowers, heavy with pollen, wave gay beckoning petals to the shopping bees.

Cattle turn naturally to the greener, more luscious grasses, and grow fat and sleek.

Birds visit trees whose aromatic gums attract the most insects.

The mother rabbit, with a flash of her cottony tail, leads the enemy away from her nest.

You who trade your hard-earned dollars for things to eat... drink... and wear... are attracted by cheerful service, honest quality, and fair prices. To find these... to choose merchandise designed to satisfy and priced for your profit... the wise shopper turns first to the advertising columns.

Here, in printed splendor, is the daily record of a nation's commercial progress. Here, carefully chosen, are the best offerings of the best merchants. It will pay you well to read!

And look carefully at the advertisements in the smaller stores. The Mother of the World is as sweet as that of the rose.

# Social And Personal Activities

ELIZABETH BRIGHAM JORDAN, Society Editor Telephone 148

## Social Calendar

**MONDAY**  
The Truth Seekers Church of the First Methodist Church will meet at the home of Mrs. W. S. Thornton, W. First Street, at 8:30 o'clock.  
Circle Number Five of the First Methodist Church will meet at 8:00 o'clock at the home of Mrs. Milton Reel 2900 Sanford Avenue. Mrs. Reel and Mrs. P. H. Lanning will serve as hostesses.

**THURSDAY**  
The Friendship League of the Congregational Church will meet at 8:00 o'clock at the home of Mrs. Albert Knight on Persimmon Avenue.

## Miss Mildred Wells Entertains TCO Club

Miss Mildred Wells entertained the T. C. O. Club last night with a boat party on the St. Johns River.  
At a late hour the boat anchored and a picnic supper was served to the following: the Misses Sadye Garner, Mildred Wells, Helen Garner, Evelyn Gates, Louise Driggers, and Minnie Strange.  
Also Bill Stemper, P. M. Vickery, Hubert Lawson, LeLand McClendon, Walter Haynes, L. M. Telford, Jr., and Mr. and Mrs. Wells.

## Personals

Miss Mary Cross of Chattanooga, Tenn. is spending this week with Miss Madalyn Truluck.  
Mrs. Hattie Coursey and son, Billie, are the guests of Mr. and Mrs. C. W. Tate in DeLand.  
Mr. and Mrs. C. H. Coghurn and family are spending two weeks at Ft. Pierce.  
Mr. and Mrs. C. A. Haines plan to spend tomorrow in Center Hill with their daughter, Dorothy.

**SONG AT TWILIGHT.** Here is the Gehrig family, Lou and Eleanor, gathered around the piano for a homogenous melody. Eleanor is a composer. One of her songs, "I Can't Get to First Base With You," was introduced to radio audiences personally by the wife of the larruper known as Lou.

## Biggest Court Of Awards Is Staged At Camp Wikiwiki

(Continued From Page One)  
The Chinese said two of their columns were striking northward at Peiping and Tientsin, another was holding the Japanese at bay in the rugged defiles of Nankow Pass northeast of Peiping, while a fourth swept eastward in Chahar Province to drive at the rear of the steadily growing Japanese army that is trying to hammer its way through Nankow, gateway to Mongolia and Inner Asia.  
The advance of the column driving on Tientsin, Chinese reports said, was only 10 miles from that city. Threat to Japan's hold on Peiping was said to be such that the Japanese were establishing a secondary defense position at Shanghai, only 15 miles southwest of Peiping. The main Japanese position was at Langhsiang, 20 miles from Peiping on the railway to Hankow.

**CONGREGATIONAL CHURCH**  
Corner Park Avenue and Third Street.  
Dr. Hoot, minister.  
Church School, 10:00 A. M. Morning Worship, 11:00 A. M. Sermon by the pastor.  
Christian Endeavor, 7:30 P. M. Audley Nease, new president, will preside. Fred Bender, speaker.

**ASSESSMENTS INCREASE**  
FORT PIERCE, Fla., Aug. 21. —(AP)—The Fort Pierce city tax assessment roll showed a valuation of \$2,662,031 for 1937, up \$24,317 over last year. City Clerk Howard Horton said the increase represented building improvements.

## Higgins Finds Duval Ready To Talk Bonds

(Continued from page one)  
rest rates and the length of maturity and wrote the agreement that brought about refunding of its bonded obligation and the fact that 96 per cent of the holders accepted is evidence that the holders believed that the Bond Holders Protective Committee had exacted every penny they could get.  
"It was never understood until the Bond Holders Protective Committee got into the picture that there were only 1911 tax payers within the corporate limits of the city and that 81 per cent of all the used property in the city was delinquent," Mayor Higgins said.  
"For 1911 tax payers to assume a burden of the payment of principal of \$6,000,000 and the interest to the amount of \$4,000,000 more over a period of 40 years, is a small undertaking, and it would seem that if they, the citizens, are willing to undertake it, they deserve all the co-operation in the world."  
The mayor said the refunding agreement has been accepted by other taxing units in the State. State Treasurer J. V. Knott refunded \$50,000 of the bonds held by the State Board of Education. State Comptroller J. M. Lee authorized exchange of some \$6,000 held by bank liquidators.  
Mayor Higgins said the present assessed valuation is \$5,500,000. The present population is 10,000, of which half is colored. The total debt is \$6,000,000, and the city now is levying 15 mills for debt service and 16 mills for operations.  
Mayor Higgins on his return to the City reported that City officials felt very optimistic regarding the refunding of the City's remaining outstanding bonds.  
"With the assistance of the Wilcox Bill which was signed by the President recently, regarding 66 percent of the creditors to agree to the refunding, the Mayor said, the remaining bonds should be refunded in the near future as approximately 96 percent of the Sanford Bondholders have already accepted the long term refunding bonds."

**FIERY FIORELLO.** In the midst of New York's red-hot mayoral race stood Mayor La Guardia, not a Democrat, nor yet strictly G.O.P.

## Mrs. Dixie Graves Takes Senate Oath

WASHINGTON, Aug. 21. —(AP)—Mrs. Dixie Bibb Graves of Alabama, wife of Governor Bibb Graves, became a senator yesterday, succeeding Hugo L. Black, the Supreme Court's new associate justice.  
The Alabama women, fourth in her sex to take a place in the Senate, took the simple oath of office before Vice-President Garner immediately after the day's session opened.  
She was appointed late yesterday by her husband, who said she would serve until Alabama Democrats select a nominee in primaries early next year for this brief remainder of Black's term.

## Mrs. E. H. Walker Returned Home

Mrs. E. H. Walker returned to her home in Jacksonville yesterday after having spent several days with her parents, Mr. and Mrs. R. J. Holly. She was accompanied home by Mrs. Holly.  
Mrs. E. D. Rinehart, who is spending several months in Washington, D. C., has arrived to spend two weeks at her home here. She was accompanied by Miss Helen Ramey of Laurel, Md. and Mrs. P. L. Hawkins and two children of Fairmont, W. Va.

## Miss Catherine Takach Arrives Tomorrow

Miss Catherine Takach will arrive tomorrow from New York City where she has been taking a six weeks course at Columbia University. She has also been touring New England and the Shenandoah Valley. She visited Eugene Takach in Boston, Mass. and Arthur Molnar in The Bronx, N. Y.

## Farley Calls Party Split Talk Stupid

INDIANAPOLIS, Aug. 21. —(AP)—James A. Farley, Democratic national chairman, told the Young Democrats of America last night reports of a rift in the Democratic Party are "pure politics, nothing but politics and, to my mind, stupid politics."  
Farley, who followed James Roosevelt, son of the President Roosevelt, and Mrs. Franklin D. Roosevelt to the platform at the Young Democrats convention, said similar reports were heard during the 1936 campaign and added:  
"There is no more substance to the scarecrow and to the phantoms that are being invoked by our political foes in 1937 than there was in 1936."  
"Our country is well along on the upgrade. There are no devastating clouds, either industrially or politically, in sight. Our national income, as unfailingly told by our income tax reports, is almost back to normal; unemployment is decreasing rapidly and new enterprises are being undertaken everywhere."

## Bears "Muscle In" On Porkers At CCC Camp

GAYLORD, Mich., Aug. 21. —(AP)—Officials of the Pielon river CCC camp report that bears are "muscling in" on the pigs.  
Despite popular theories that black bears like fresh pork, the CCC officials report that bears have invaded pig pens in the neighborhood and cuffed the porkers said so as to take their places at the trough.

# G-Men Battle Sanford In Double Bill Today

## Early Wynn And Owen Wright Will Do The Hurling For The Locals In Important Games

### Large Crowds Expected To See Sanford Play Leaders In What Might Be Called The Pennant Series

Bill "Raw Meat" Rodgers and his Sanford Lookouts will play hosts this afternoon and tonight at the Sanford Municipal Athletic Field to Don McShane and his league-leading Gainesville G-Men in tilts that are scheduled to start promptly at 3:00 o'clock and 8:15 school respectively.

The double header may decide the championship of Florida State League if the visitors take both contests it will be almost impossible for Sanford to get the lead but if the locals take both contests it will again bring the two clubs almost into a deadlock that may give the Lookouts another opportunity to take the league lead.

Don McShane will probably start Andy Serria in this afternoon's contest while Manager Rodgers will sound the hurling call at young Early Wynn. In tonight's battle McShane has not yet announced his starting hurler but Owen Wright will twirl for the Lookouts.

The line-ups for today's contest will be as follows: Whitney McMillan at first base, Clarence Bray in center field, Bob Pitman at third base, Joe Beach in left field, the Livingston on second base, Jack Devine on in right field, Lou Regino on short, Ray Stank catching and Andy Serria doing the hurling.

For the local nine, Heccheres Clay on short, Wes Kingdon on second, Swede Martin in left field, Sam Holbrook behind the plate, George Phillips in center field, Joe Ruggerio on third base, Mayo Langston in right field, Bobby Frichard on first base and Early Wynn on the hill.

The Lookouts will use their new uniforms again today and local baseball officials are expecting a large crowd for tonight's battle.

IT'S EASY to roll off a log, but staying on one is tough, but not for Joe Connor, 26, who won the world title at Escanaba, Mich., recently.

## Franz Warner Will Return To Sanford And Play Football

It was learned today that Franz Warner, 188 pound tackle for the Seminole High School Calvary Yeds in 1936, would return to Sanford and attend Seminole for the 1937-38 season.

Warner attended a Tallahassee high school in 1936 and was regarded as one of the best tackles ever to wear a Tallahassee uniform. He was selected as captain for the 1937 squad but Warner's family is planning to move back to Sanford sometime in September.

Warner is expected to arrive here during the first week of September to see duty in the practice sessions. It is expected that Franz will see action in the backfield this season.

## U. S. And Brazil To Stand Pat On Deal

WASHINGTON, Aug. 21.—(AP)—The United States and Brazilian Governments, in a joint statement last night, notified the world that they will "stand pat" on their understanding regarding the proposed leasing of decommissioned U. S. Navy destroyers to Brazil and other Latin American countries, despite vigorous protests.

Immediate effect of the proposal, which still requires congressional action, would be to lease six such vessels to Brazil, thus for the only Latin American nation to make a specific request for their services.

## Land Rules Tallahassee

TALLAHASSEE, Aug. 21.—(AP)—Attorney General Cary D. Landis told the State Road Department that payments made for leasing a toll bridge from a county could be deducted from the county's credits of gasoline tax if cost of the bridge was figured in the county's road building obligations taken over by the State.

## Joe Louis Not Able To Play Diamondball

POMPTON LAKES, N. J., Aug. 21.—(AP)—Joe Louis, with a day off as far as boxing was concerned, had hopes of engaging in a game of diamond ball yesterday but manager Julian Black refused to let the heavyweight boxing champion enjoy his favorite diversion.

The ball has been locked up and will remain under lock and key until after your fight with Tommy Farr," Black told Joe after the champion had searched high and low for the ball. "We are getting too close to the fight to take any chances of you catching that ball on the end of a finger."

## Josh Cody Calls Players To Start Fall Gridiron Drills

UNIVERSITY OF FLORIDA, Aug. 21.—(AP)—Coach Josh Cody Thursday announced 41 players had been invited for the opening sessions of fall gridiron practice, September 1, 18 days before the regular opening classes at the University of Florida.

Included on the list are seven ends, seven tackles, nine guards, four centers, and 14 backs, from which Cody must hold, in 24 days, an aggregation capable of coping with the toughest opening contest the Gators have played in many a year—a September 22 contest with L. N. U. at Baton Rouge.

But that is only the beginning. For 11 straight weeks Cody will send his charges up against some of the finest teams in the country.

Cody is not making any predictions about Florida's way and look standings at the end of the season. Neither is he predicting where other teams in the conference will end up. "It's just a guess," he stated, "and I'm not picking any body right now."

Dutch Stanley will again tutor the ends, while Lewis Hardage takes the back for the second year. Captain Walter Mayberry heads the returning ground gainers.

The complete list of players who have been invited back for the early practice are:

- Ends—Tom Walker, Winter Haven; Watson Ramsey and Donald Hickett, Jacksonville; Ben Poreh and Jack Maynard, Orlando; Fonia Pennington, Leesburg; Cliff Whiddon, Cedar Key.
- Tackles—Clark Goff, Pittsburg, Pa.; Harry Kiehl, Fort Pierce; Charles Krieger, Wadsworth, Ohio; George Owen, Coryington, Ky.; Saul Wolfson, Jacksonville; John Caberton, West Palm Beach; Wilbur White, Daytona Beach.
- Guards—Nelson Davis and Gordon Gardner, Tampa; Jim Masters, New Port, Tennessee; John Starr, Clearwater; Lynn Lightbrown, Jacksonville; Burrell Hasset, Coral Gables.

## TODAY'S SPORTING WORLD

By JULIAN STRAUSS, Herald Sports Editor

This afternoon in our daily what we are going to bring you some baseball facts about the Florida State League that possibly you did not know straight from the shoulder of the league's par of the records.

Peter Schall, as many of you know is the League statistician, will give you the following article upon what would have happened in the State loop this season.

"If and when the Gainesville G-Man win the Florida State League pennant when the season ends on Sept. 5, its members can look back over a season in which they really earned their title.

"Curious to know where the loop's eight clubs would be ranked if their victories had been tabulated on the basis of runs scored and not runs scored, we yesterday waded thru the official records and uncovered several unusual items.

"The first that you might follow as we point them out, please have note at the official standings on the morning of Aug. 14, and as they would have been heard on HUNS KARNER:

Team	W	L	Pct.
Gainesville	24	12	.667
Daytona	22	14	.611
Leesburg	20	16	.556
Orlando	18	18	.500
Sanford	16	20	.444
Titusville	14	22	.389
Winter Haven	12	24	.333
Yulee	10	26	.278

"Of the 70 games Gainesville had won thru Aug. 13, 66 of them were earned.

"Of the 68 games Sanford had won thru the same date, only 17 were earned!

"And of the 60 games Daytona had won thru Aug. 13, the records show that they should have lost not more than 46!

"The sum total of all this figuring doesn't mean a thing except that when the Shaugnessy system opens Sept. 5, you might remember upon which banner luck has been riding."

## OCALA COTTON

OCALA, Aug. 20.—(AP)—The first bale of Ocala Island Cotton was yesterday, marking the return of long staple production to Marion County after many years.

which you, or either of you, may have against the estate of ALBERT J. BROWN, deceased, late of said County, to the County Clerk of Marion County, Florida.

IN THE CIRCUIT COURT OF THE SIXTH JUDICIAL CIRCUIT OF THE COUNTY OF MARION, STATE OF FLORIDA.

only clubs whose positions are unchanged in this steady procession of "what might have happened?"

The second tabulation carried a column by a "P". That denotes the number of games the clubs played in when the score would have been tied had the game ended in the ninth and the game runs counted.

"Figuring from another angle, Gainesville would have been on top of the "postponed" tabulation even if any of the other clubs had gone on to win all their "P" games while Gainesville was winning all of its "I" games.

"From the second tabulation it would appear that Sanford is the loop's luckiest club, while Daytona is the champion "hard-luck" outfit. That ought to settle the arguments over Daytona way where club officials have been at a loss to understand all year why a club with five 300 or better hitters, in third place in fielding, and with a better than average pitching staff, has been in "scum" or seventh place all season.

"Of the 70 games Gainesville had won thru Aug. 13, 66 of them were earned.

"Of the 68 games Sanford had won thru the same date, only 17 were earned!

"And of the 60 games Daytona had won thru Aug. 13, the records show that they should have lost not more than 46!

"The sum total of all this figuring doesn't mean a thing except that when the Shaugnessy system opens Sept. 5, you might remember upon which banner luck has been riding."

IN THE CIRCUIT COURT OF THE SIXTH JUDICIAL CIRCUIT OF THE COUNTY OF MARION, STATE OF FLORIDA.

JOHN BRAUER, Plaintiff.

MINNIE E. BRAUER, Defendant.

# ASSOCIATED PRESS PICTURE NEWS

**SETTING IN HITLER'S HAIR** and meddling with Mussolini are not advisable practices as a rule, but these young ladies show no fear as they comb Der Fuhrer's locks and polish Il Duce's medals, while Stalin looks on with a smirk. These are wax figures at Madame Tussaud's in London.

**ME AND MY SHADOW**, hums Heavyweight Champion Joe Louis as he studies a knock-out blow in silhouette upon the wall and hopes the old saying about coming events proves true on August 26. For on that night the Bomber risks his boxing crown for the first time against Tommy Farr in New York. But the British heavyweight drinks his tea every afternoon and perhaps has found something in studying the leaves.

**KEEPING AN EAR TO THE GROUND** is essential in modern aerial defense. This is one of the sound locators, together with a Lewis gun and a spoiler's chair, being used in a recent mimic air raid on London and southeastern England. Distant sounds of aircraft motors are magnified by the locators and direction finders enable anti-aircraft guns to spot their prey.

**FEELING HIS OATS** in a literal sense, this farmer near Crown Point, Indiana, is happy as he holds a sheaf of golden grain and looks forward to a prosperous harvest. Crop forecasts in August predicted an oat crop for the nation far above that of last year, but slightly less than the average of crops during the period from 1928 to 1936. An unusually good harvest is expected this year by mid-western farmers due to the absence of drought which, in 1934 and 1935, destroyed the crops and left them little or nothing.

**THE DEVIL IS NO SISSY** in the 500th showing of Nellie Davis' "Heaven Bound" at Atlanta, Ga. The "Devil" himself, just up from "Hell" bearing a truly satanic grin, is played by H. J. Furlow in the show depicting mankind's temptations. More than 100 are included in the cast.

**SECURITY** is now the prime interest of Mary W. Dawson of New York, nominated by the President as a social security board member.

**UP WHERE THE TALL CORN GROWS**. If you think you've seen tall corn, here's some 17 stories high, but it has a head start. The crop, along with other vegetables, is growing high above mid-town New York on the terrace of Mrs. Regina Jais' Fifth Avenue penthouse. She's shown here picking a few ears of choice corn. It's no trouble for her to go to market. She just steps out the front door.

**I COVER THE WAR FRONT**, says James A. Mills, ace foreign correspondent of The Associated Press who now, as chief of the Tokyo bureau, is in China to send stories and pictures of the conflict to the world.

**DEATH TAKES A HOLIDAY** in England's aerial war games as these fliers were forced to delay maneuvers because of unfavorable flying weather. So they whiled away the time with a bridge game, fighting with ace of cardboard instead of imaginary foreign air aces.

**MONKEY WENCH** fashions are now being shown at the London zoo. Hat brims in select simian circles will be broad and fans will complete the ensemble, according to the chimpanzee style dictator shown here with apparel borrowed from a visitor.

**THIS IS WAR IN THE CLOUDS**, but fortunately it is only make-believe, preparing for a real one. Shown here is a section of a squadron of "Wemen" fighting planes on an attacking aircraft during mimic warfare over London and southeastern England. The attacking force was composed of 174 planes, while the defenders had 223 ships.

**BURNING UP THE ROAD**. Five new automobiles carried on a truck are shown going up in smoke near Akron, Ohio, following a collision with a machine driven by Henry C. Moles of Lorain, Ohio, who was killed in the blast. The truck driver escaped. Six bystanders were destroyed.

**THE WEAKER SEX** showed the men of England a few of the fine points of athletic prowess at a recent track and field meet staged by the Women's Amateur Athletic Association at Watlington. Here is Miss Margaret Cooper doing a bit of "swinging" with the discus.

## British Ship Unharmed By Plane Bombs

### "Mysterious" Planes Drop Bombs Without Warning In Mediterranean Waters

## 4 Spanish Ships Sunk By Shells

### Spanish Loyalists Intimate War With Italy Over Attacks

PORT VENDRES, France, Aug. 23.—(AP)—The British freighter Noemiulia arrived here today undamaged by bombs launched at her by two mysterious airplanes in the western Mediterranean near the Spanish civil war waters. The captain said the plane began dropping bombs without warning.

The loyalist government, for many weeks Italy of sailing and sinking of four Spanish merchant ships, hinted last night that further acts of "bravery" might compel it to engage in actual warfare with Premier Benito Mussolini's navy.

"We repeat our proud statement that we are fighting for our independence and in defense of our liberty, and in achievement of this task we will adopt all necessary extreme measures," a government communique said.

Announcement was made simultaneously that a speedy anti-submarine flotilla be ready to steam into the Mediterranean from Barcelona to protect the loyalist merchant ships.

The government, having the best of the Italian navy during the last three weeks, said that the crew Italian destroyer Saretta was identified in one of the Mediterranean raids.

## U. S. Borrowing For September Finances May Be Over Billion

WASHINGTON, Aug. 23.—(AP)—Fiscal officials said yesterday that the government's September borrowing may approximate \$1,200,000,000.

A \$1,170,000,000 financing operation will be necessary to meet note and discount bill maturities Sept. 15. Authorities said the aggregate borrowing may be as high as \$1,200,000,000 of new cash. They asserted no decision has been reached as to the type of obligations to be issued. This probably will be decided next week.

The treasury, through weekly issues of \$50,000,000 in bills, has been building up its cash working balance steadily for the last six weeks. Another \$50,000,000 issue will be sold today.

These issues have been necessary largely because of the treasury's gold sterilization policy, which provides for the purchase of gold with borrowed money. The policy is designed to maintain stable credit conditions.

## Large Crowd Plays Over Golf Course

Many golfers played the rounds of the Sanford Country Club Golf Course during the past week, according to reports from Bert Ford, manager.

Included in the registered list were: George E. Rollins, John Courier, H. R. Coleman, J. L. Ingley, L. F. Boyd, E. V. Turner, Raymond Lundquist, Otto Caldwell, John Ludwig, R. C. Moore, Fred Bolly, H. D. Highlerson, A. C. McReynolds, Howard Paville, John Herbst, Mrs. F. B. Cogburn, J. C. Arant, Rev. Paul DeLozier, C. E. Clem, Harry Bradburn, E. S. McCall, Kenneth Furrine, and Fred Scott.

Also, J. A. Young, Connie Melick, S. D. Workman, George Thurston, Hap Fleming, Elton Moughton, Jr., Walter Turner, Jack Bob, Jr., S. Alex Sharon, Robert Altman, Robert Lee Evans, E. F. Housholder, Kerlye Housholder, Rev. D. A. Cook, Bob Cornell, Earl Evans, Jack Russell, J. P. Bates, Jack Heston, Elmer Toll, H. W. Rucker, and Bill Stumper.

## 'HE WENT NUTS'

"He went nuts over her," declared Jesse Livermore, Jr. (right), in commenting on reports David Moivani planned to wed blonde Honey Johnson of Bronxville, N. Y. But Honey (left) said "ridiculous!" and her papa said, "preposterous!" as the trio returned from Europe.

## Insurgents Seek To Consolidate Biscayan Coast

### Loyalists Intimate Open War With Italy For Sinkings Ships

BENDASIA, Aug. 23.—(AP)—Hammering at the Government's "iron ring" around Santander five insurgent columns drove forward today to consolidate their control of the Spanish Biscayan coast.

The high command of the insurgents claimed they occupied 20 villages between Valmesta and Villa Sana de Mena as General Francisco Franco's troops pushed toward Santander from five directions.

One column drove southwest in the Valley de Mena, turned about and assisted three other columns pointing from Reinesa Corcones and Villa Carrido in their drive to the north.

France's coastal brigade operated from Castro-Urdiales.

General Franco's shock troops, slipping down quietly from the Rutromes hills under whispered commands, yesterday seized the mountain resort of Selaya while hundreds of loyalist defenders slept peacefully in the town.

The loyalist garrison, assigned to one of the outposts of the government's last line of defense around Santander, was completely surrounded before they sought at the harked orders of Nationalist officers to surrender or be slaughtered in their makeshift bunkers.

Selaya, two miles south of Villacarriedo which has some of the finest architectural treasures in Northern Spain, is only 11 miles south of Santander's first houses.

The Nationalists shortly before dawn, crept into the town with drawn bayonets, surrounded every house and simultaneously ordered the Loyalists to march out with arms raised.

## Albino Skunk Is Presented To Zoo

A small fat creature having a slight resemblance to an undersized polar bear has arrived at the Sanford Municipal Zoo. It was the rare albino skunk which was contributed recently by C. P. Graham, of Leesville, Miss.

Superintendent of Parks James Moughton stated that the chubby animal is apparently in good condition and has been properly "deodorized" in order that visitors to the zoo might enjoy him more thoroughly.

The skunk as pink eyes characteristic of all albinos and rats chiefly raw eggs and nuts. It was secured from Mr. Graham through the cooperation of C. R. Masun.

## Mrs. Anne McNeill Back From New York

Mrs. Anne McNeill, of Yowell and company, returned recently from a month's buying tour of New York to purchase the latest in Fall styles.

Mrs. McNeill observed that the prevailing colors in the new ladies wear are black, grey, spruce green, margo, Wallis blue, brick dust, and mahogany. She stated that the fashions were "lovely."

She pointed out that business conditions apparently were exceptionally good and the buying markets were doing a large business.

## Furious Fight Rages In Area Near Peiping

### Sixty Thousand Japs And Chinese Engage In Fierce Struggle For Northern China

TIENTSIN, Aug. 23.—(AP)—Some 60,000 Chinese and Japanese troops were engaged in a furious battle 30 miles southwest of Peiping today in the opening clash of a wide Chinese offensive to drive the enemy out of North China. Japanese headquarters here admitted they were suffering heavy casualties but said the tide of battle was in their favor.

Independent sources indicated the fighting thus far was inconclusive with the outcome not apparent. Weather conditions were believed to favor the Chinese, equalizing the superior Japanese-maintained land forces and combat aviation.

Large areas of Central Hopeh province have been turned into a virtual swampland by the torrential rains of last week. Ninety-seven Japanese airplanes brought here especially to participate in this battle, were grounded at Tientsin by the deep mud on the hurriedly built fields.

## Mail Survey Flight Will Be Tomorrow

A Tolman, district traffic manager of Eastern Air Lines, and Dick Fell to the larger cities of Florida will be made to Sanford tomorrow instead of today as originally scheduled, it was announced today.

The flight will be made to these cities which permit a safe landing in order to explain the procedure of securing air mail service for this city on Thursday.

Postmaster H. J. Holly, representative of the Republic County Chamber of Commerce and members of civic organizations will meet the plane Tuesday. The exact time of arrival will be announced later.

Stamp collectors who desire first day covers of the flight on Aug. 26 may obtain them by sending air mail after the survey flight Tuesday. All mail received after that day will be stamped with the special cachet of the Sanford Post Office.

## 99 Year Old Civil War Veteran Dies

Tals sounded recently for John L. Bledsoe, 99, of Enterprise, Ala. father of G. L. Bledsoe of this city, and one of the few remaining veterans of the Civil War.

Mr. Bledsoe was born in Pike County, Alabama, Mar. 17, 1838, and grew up on a large farm filled by his father's slaves. When war broke out he enlisted with the Confederacy and records show he served gallantly.

Mr. Bledsoe spent many winters here and was a regular attendant of the Mason's meetings while here, the organization with which he had been affiliated since May 1859.

Funeral was held in an Episcopal cemetery with Masonic rites.

## Jean Harlow's Life Story To Be Presented To Winners Of Contest

How would you like to have a beautifully illustrated booklet containing the life history of Miss Harlow played under Metro-Goldwyn-Mayer management, the Herald will present "Jean Harlow's Life Story" by Louella O. Parsons.

The booklet is replete with photographs of Jean from infancy to her last picture, "Sarotoga" which appears at the Ritz next Sunday and Monday, and contains many intimate details of her exotic life.

The contest continues all this week and is open to everyone. One of these booklets may be had simply by presenting a complete list of Miss Harlow's pictures to The Herald. But you must be among the first fifty.

## Woodmen To Meet Tuesdays At Hut

The Sanford Camp of the Woodmen of the World will change its place and time of meeting to be effective immediately, according to information received today from G. C. Collier, past local grand master.

From this time forth, the group will hold its meetings on Tuesday nights at the American Legion Hut.

The first meeting in the new location will be held tomorrow night at 8:00 o'clock with G. C. Sharon presiding. It was stated that all members are urged to be present and several matters of importance will be discussed.

## W.M. Haynes Defines Club Classifications

Walter M. Haynes presented the program today at the regular weekly luncheon of the Rotary Club held in the Valley Hotel. Mr. Haynes gave the members an interesting talk on the various classifications of Rotary.

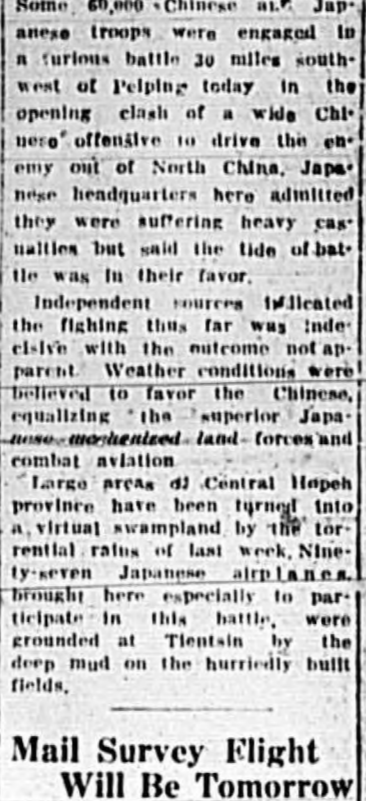

The program was presented under the auspices of the Club Service Committee of which Paul Blinn is chairman. Mr. Blinn was introduced by George Rollins who is chairman of the program committee.

During the course of his remarks Mr. Haynes pointed out that the Rotary clubs endeavor to include in their memberships one outstanding representative of each type of business within a given community.

Visitors at today's luncheon included W. H. Bizzle of Ocala, and M. H. Lane of Tallahassee.

## 400 Persons Killed When Shell Drops In Center Of International Area

### CHINESE EVACUATE SHANGHAI AS WAR RAGES

With fighting growing more furious hourly and with a fourth of the city in flames, terror-stricken Chinese fled from Shanghai, chief battlefield of the undeclared Chinese-Japanese war.

## 12 Die, 40 Injured As Forest Fire Traps CCC Outfit

CODY WYOMING, Aug. 23.—(AP)—Grimy rescue workers poked through the smoldering ruins of a mountain forest today seeking additional victims of the gale-driven fire which burned 12 of their companions to death.

Two score others were injured, 25 so seriously they required hospital attention. All of the victims, many of them CCC enrollees, were trapped while battling a blaze in Shoshoni National Forest in northwest Wyoming.

Fourteen men, two of them not expected to live, were brought to Cody hospitals yesterday after grueling stretcher and ambulance trips from the 5,000 to 9,000 feet high Absaroka Mountains. Eight others suffering intensely.

## Special Session Of Congress Is Expected Soon

WASHINGTON, Aug. 23.—(AP)—Congressmen were scurrying happily homeward yesterday, expecting nevertheless to be called back into special session in mid-October.

In the interim, its members looked for a renewal of the general warfare within the Democratic Party which began with the Roosevelt court bill and persisted to the end of the session, which adjourned Saturday night.

It was regarded as inevitable that the principals in that controversy—including President Roosevelt himself—would seek to clarify public sentiment behind them by speeches and statements before Congress meets again.

For the next session may develop into a show-down between the President and the conservative forces of the party, which by combining with the Republicans, backed a substantial part of the chief executive's legislative program.

And the large number of things left undone when adjournment was reached, things close to the administration's heart, furnished a further reason for the general expectation that a special session would be called.

While there was no official word on the question, Mr. Roosevelt was known to have discussed it with his leaders in Congress and they were said to have advised some colleagues to make their vacation plans with that in mind.

But, whether Congress meets in special session or not until the regular convening date in January, there was little doubt that the controversies of recent months would be picked up just where they were dropped Saturday night. The issues will be the same.

## Senators Bankhead Seeks Ten Cent Loan

WASHINGTON, Aug. 23.—(AP)—Senator John H. Bankhead of Alabama urged Secretary Wallace yesterday to override his department's economists and fix the rate of cotton loans at 10 cents a pound.

Nine-cent loans, he declared, would tend to depress the price of cotton, endangering the gradual trend during the recent years toward the parity level of 10 and a fraction cents.

A small fat creature having a slight resemblance to an undersized polar bear has arrived at the Sanford Municipal Zoo. It was the rare albino skunk which was contributed recently by C. P. Graham, of Leesville, Miss.

Superintendent of Parks James Moughton stated that the chubby animal is apparently in good condition and has been properly "deodorized" in order that visitors to the zoo might enjoy him more thoroughly.

The skunk as pink eyes characteristic of all albinos and rats chiefly raw eggs and nuts. It was secured from Mr. Graham through the cooperation of C. R. Masun.

## Mrs. Anne McNeill Back From New York

Mrs. Anne McNeill, of Yowell and company, returned recently from a month's buying tour of New York to purchase the latest in Fall styles.

Mrs. McNeill observed that the prevailing colors in the new ladies wear are black, grey, spruce green, margo, Wallis blue, brick dust, and mahogany. She stated that the fashions were "lovely."

She pointed out that business conditions apparently were exceptionally good and the buying markets were doing a large business.

## Jean Harlow's Life Story To Be Presented To Winners Of Contest

How would you like to have a beautifully illustrated booklet containing the life history of Miss Harlow played under Metro-Goldwyn-Mayer management, the Herald will present "Jean Harlow's Life Story" by Louella O. Parsons.

The booklet is replete with photographs of Jean from infancy to her last picture, "Sarotoga" which appears at the Ritz next Sunday and Monday, and contains many intimate details of her exotic life.

The contest continues all this week and is open to everyone. One of these booklets may be had simply by presenting a complete list of Miss Harlow's pictures to The Herald. But you must be among the first fifty.

## Woodmen To Meet Tuesdays At Hut

The Sanford Camp of the Woodmen of the World will change its place and time of meeting to be effective immediately, according to information received today from G. C. Collier, past local grand master.

From this time forth, the group will hold its meetings on Tuesday nights at the American Legion Hut.

The first meeting in the new location will be held tomorrow night at 8:00 o'clock with G. C. Sharon presiding. It was stated that all members are urged to be present and several matters of importance will be discussed.

## Special Session Of Congress Is Expected Soon

### Showdown Fight With President Seen By Conservative Demos

WASHINGTON, Aug. 23.—(AP)—Congressmen were scurrying happily homeward yesterday, expecting nevertheless to be called back into special session in mid-October.

In the interim, its members looked for a renewal of the general warfare within the Democratic Party which began with the Roosevelt court bill and persisted to the end of the session, which adjourned Saturday night.

It was regarded as inevitable that the principals in that controversy—including President Roosevelt himself—would seek to clarify public sentiment behind them by speeches and statements before Congress meets again.

For the next session may develop into a show-down between the President and the conservative forces of the party, which by combining with the Republicans, backed a substantial part of the chief executive's legislative program.

And the large number of things left undone when adjournment was reached, things close to the administration's heart, furnished a further reason for the general expectation that a special session would be called.

While there was no official word on the question, Mr. Roosevelt was known to have discussed it with his leaders in Congress and they were said to have advised some colleagues to make their vacation plans with that in mind.

But, whether Congress meets in special session or not until the regular convening date in January, there was little doubt that the controversies of recent months would be picked up just where they were dropped Saturday night. The issues will be the same.

## Senators Bankhead Seeks Ten Cent Loan

WASHINGTON, Aug. 23.—(AP)—Senator John H. Bankhead of Alabama urged Secretary Wallace yesterday to override his department's economists and fix the rate of cotton loans at 10 cents a pound.

Nine-cent loans, he declared, would tend to depress the price of cotton, endangering the gradual trend during the recent years toward the parity level of 10 and a fraction cents.

## Local Weather

Forecast

Florida: Partly cloudy, widely scattered thunderstorms Tuesday and near the extreme south coast tonight. Extreme Northwest Florida: Cloudy probably scattered showers tonight and Tuesday.

Ogdena Tides

Tuesday's tide, high, 9:30 A. M., 2:55 P. M.; low, 3:20 A. M., 7:32 P. M.

Barometer

Yesterday, 30.15 today 30.14

## W.M. Haynes Defines Club Classifications

Walter M. Haynes presented the program today at the regular weekly luncheon of the Rotary Club held in the Valley Hotel. Mr. Haynes gave the members an interesting talk on the various classifications of Rotary.

The program was presented under the auspices of the Club Service Committee of which Paul Blinn is chairman. Mr. Blinn was introduced by George Rollins who is chairman of the program committee.

During the course of his remarks Mr. Haynes pointed out that the Rotary clubs endeavor to include in their memberships one outstanding representative of each type of business within a given community.

Visitors at today's luncheon included W. H. Bizzle of Ocala, and M. H. Lane of Tallahassee.
