MARKET BOOM

In the wake of CBS's *Silverman* transfer from CBS to ABC, ratings on Wall Street, too. ABC's stock went up five points in the week following its switch, while CBS picked up only three points in the same period, after dropping one point on the strength of strong rumors of the day before the announcement.

BOOK REVIEW

A CITY ON A HILL. By George V. Higgins. Knopf. 256 Pages. \$7.95.
In his three previous novels, George V. Higgins relied heavily on dialogue to carry the weight of his story and in "A City on a Hill," he does it again. The Digger's Game and "Cogan's Lard" this stylistic technique largely was successful.

Dr. Lamb

was awakened by moans, went downstairs and found him lying on the sofa with fists clenched tight against his throat and chest. I couldn't arouse him, so I turned on the table lamp. He was perspiring heavily. I ran for a towel and just then his breathing ceased.

NATION IN BRIEF

Gas Reserve Records Subpoenaed By Congress

WASHINGTON (AP) — Seven major natural gas producers have been ordered to turn over confidential records of their gas reserves to a congressional panel after threatening efforts by the Federal Power Commission to obtain the same records.

The subcommittee that subpoenaed the records is investigating whether the natural gas industry has been underestimating U.S. natural gas reserves in an effort to exert pressure for higher prices.

The power commission has been trying to obtain many of those records since 1970 but the companies have been successful in court actions in keeping the information confidential.

Chairman John E. Moss, D-Calif., of the House Committee on Energy and Commerce said he expects to receive all of the data by July 22. But the committee says the gas companies cannot go to court to block the subpoenas.

When the panel opened hearings last week, it received a Federal Trade Commission staff report showing that in one sampling, reserves reported by the industry's American Gas Association were 24 per cent less than what individual company records showed.

The FTC report recommended action against these firms and the AGA, concluding that they were "concretely maintaining a deficient natural gas reserve reporting program" to influence prices.

Dial A Ride Popular

Dial-a-ride transit programs are gaining popularity with passengers across the country, but officials in some areas say they can't afford to keep the door-to-door services rolling.

"The people using Dial-a-ride appreciate it, think it's a great idea and hope it will be continued," said Sam Jacobs, director of the Minneapolis, Minn., program which started Feb. 3 with \$190,000 in federal and local subsidies for nine months of operation.

The problem is money. The program is found to cost \$198,000 and is expected to bring in only \$15,000 in revenues. The fare for adults is 25 cents, the same as the regular city fare.

"Considering the cost-revenue figures," said Jacobs, "I don't foresee that Dial-a-ride, as it now exists, will be continued at the end of the nine months."

Damage Award Upheld

WASHINGTON (AP) — The Supreme Court has let stand a lower court's award of damages to a Tampa man who was injured in a state institution in Georgia because he is married to a white woman.

The U.S. circuit court in New Orleans had ruled that Andrew S. Faraca was entitled to damages for "racially discriminatory" actions.

The award was appealed by the state of Georgia on behalf of Dr. James D. Clements, director of the Georgia Mental Retardation Center. Faraca was awarded a \$7,182 damage judgment against Clements.

State attorneys contended that Clements had made a good-faith decision based on his concern for his official duties and was not responsible for failing to accurately predict the future drift of constitutional law.

SEC Probes Arms Firms

WASHINGTON (AP) — The Securities and Exchange Commission is investigating the 25 largest defense contractors for possible improper payments at home and abroad.

SEC Chairman Ray Garrett Jr. has ordered the SEC's division of corporate finance to assign a "sufficient number" of staff members to the investigation to assure its swift completion.

The probe was requested by Sen. William Proxmire, D-Wis., chairman of the Senate Banking Committee, who said the possibility exists that bribes, improper campaign contributions and other "irregular" payments have increased the cost to the United States of buying major weapons systems.

Cigar Dispute Continued

WASHINGTON (AP) — Settlement of a 15-year-old legal dispute about paying 1¢ for cigars imported into the U.S. from nationalized Cuban factories will have to wait until more arguments are presented to the Supreme Court.

Justices called for reargument in the case Monday. The court said it would hear the arguments during its 1975-76 term.

The case arises from the nationalization of five cigar-making companies by the Cuban government in 1960. Arguments were heard on the case in December.

Church-SR 427 Intersection To Get Traffic Light Study

LONGWOOD — Mayor James R. Lormann told the City Council last night he has requested in his name a traffic signal survey for the intersection of SR 427 and Church Street, noting the area has been the site of seven accidents during the past year.

Requested City Attorney Ned Julian Jr., to attend the June 25th meeting of the zoning commission, on the advisory board's invitation.

Accepted Columbus Harbor Subdivision for maintenance, subject to developer C.A. Hobbs III submitting an approved maintenance bond and receding by the city of a letter from the state Department of Pollution Control (DPC) that eight items found lacking at the sewer package plan have been corrected.

Turned over to Julian a petition for annexation of a parcel with business district zoning, abutting Powell Street, adjacent to Rolling Hills.

Julian was asked to determine, under the new laws, the procedure for the city to annex the tract.

Some of the accidents have involved injuries, Lormann said. Public Works Director Ralph Fisher was asked to speed up the clearing of palm trees from the sidewalk of the unimproved Warren Street extension, east of SR 427, for a parking lot for the business people affected by the no parking signs on the east side of SR 427 near Church.

In other business, the Council:

Women Beaten, Dumped From Car

Detectives Try To Locate Rape Scene

By BOB LLOYD
Herald Staff Writer

Seminole and Volusia County sheriff's detectives today were trying to pinpoint the location of "a closed bar" where a Daytona Beach woman said she was beaten and raped last night after being abducted at knifepoint by a man in Daytona.

The woman, age unavailable, was later beaten and dumped from a car southeast of Sanford, near the Sanford Airport, sheriff's deputies reported. She stumbled to a nearby house where residents called the Sheriff's Department shortly after midnight.

The injured woman was treated and released at Seminole Memorial Hospital, officers said, and a search was begun for a man described as about 40 years of age, driving a blue car.

Deputies said this morning that detectives were touring southwest Volusia county in hopes of locating the rape location described by the woman.

Sheriff's detectives I. R. C. Parker and R. E. Winger are heading the Seminole portion of the investigation.

Sanford police detective Sgt. Ed Hughes arrested a 19-year-old Sanford man yesterday in connection with a burglary at Jim Spencer's Restaurant, S. French Ave., in which an undetermined amount of money was taken.

Booked at county jail on \$3,000 bond on a charge of breaking and entering with intent to commit a felony was Michael Hayes Tenon, 19, 1821 Knox Ave., Sanford. Sanford police also jailed

Action Reports

George Whitaker, 33, Apt. 23, Lake Monroe Terrace, Sanford, on \$5,000 bond on a charge of trespass after warning with intent to commit a felony.

Officers arrested Don Clinton Fuller, 40, of New Smyrna Beach, at Celery and Pine Avenues on a warrant charging he obtained property by worthless check. Bond for Fuller was set at \$5,000.

At the Springwood Village, Longwood, apartment of Robert W. Hughes, burglars made off with a \$350 color television, according to a report filed today by deputy Ron Gilbert.

Deputy Robert E. Ache reported two portable televisions, valued at \$250, were reported missing after a break in at the John G. Tallo residence at 214 Oakland Ave., Sunland Estates, Sanford.

At the Springwood Village, Longwood, apartment of Robert W. Hughes, burglars made off with a \$350 color television, according to a report filed today by deputy Ron Gilbert.

Allen Kuhn, who also was convicted in the theft, later wrote a book of the incident. It became the theme of the recent movie "Murph The Surf."

Unemployment Hike Signed

TALLAHASSEE, Fla. (AP) — Gov. Reubin Askew has signed into law a bill raising maximum weekly unemployment benefits from \$74 to \$82 for persons who lose their jobs after July 1.

Before signing the bill into law Monday, the governor announced eight vetoes.

He vetoed four liquor bills and four bills that would have granted \$4 million in sales tax exemptions on purchase of industrial pollution control equipment, diesel fuel by commercial fishermen and cars and yachts taken out of the state.

The state's revenue sagged again in May, indicating that income next year may be an additional \$20 million below expectations, Askew said in explaining his vetoes of the sales tax bills.

The increased unemployment compensation benefits will not apply to 378,000 currently jobless Floridians, state officials said.

Under the law, an unemployed person will be able to draw one-half of his weekly salary up to the maximum \$82. Askew had sought a boost to \$90.

Judge Sues IRS In Spy Case

MIAMI (AP) — A circuit judge who was a target in an Internal Revenue Service probe into sexual and drinking habits of public officials has filed suit against six federal officials, including the U.S. attorney general.

Judge Rhea Grossman of Dade County, citing IRS Operation Leprechaun, asked in the suit filed Monday in U.S. District Court that federal agencies be enjoined from any further investigations of her.

She also asked that she be given all reports gathered on her during the four-year spy operation and that all copies be destroyed. The suit does not seek monetary damages.

Mrs. Grossman was among about 30 Dade County officials, including federal judges and a former Florida Supreme Court justice, who were targets of Operation Leprechaun.

Man Kills Woman, Self

MERRITT ISLAND (AP) — A man stopped his car for a traffic light at a busy intersection, then killed his female companion and himself to death, sheriff's deputies say.

The officers said the victims of the Monday incident were William Douglas Reid Jr., 41, of Rockledge, a pilot for Eastern Airlines, and Gwendolyn Merritt, 32, of Merritt Island.

Seconds after the two shots started nearby motorists, Reid's car rolled through the intersection and into a man's wear store, officers said.

Boyd Nixes Vacation

TALLAHASSEE, Fla. (AP) — Supreme Court Justice Joseph Boyd says he's not going to take the early vacation recommended by psychologists. But he says he's already following their advice and relaxing more.

In a report to the Judicial Qualifications Commission, psychologists Dr. E.A. McMahon and Dr. Paul Satz said they found Boyd mentally fit to carry out his duties on the court.

But they recommended an immediate vacation, saying they were concerned that Boyd was so conscientious that he would take on too much work to try to prove to himself the investigation has ended.

Boyd said he would not take on more work than that routinely assigned him and would wait until the regular court vacation time in August to take time off.

Cheat Hearings To Be Secret

GAINESVILLE, Fla. (AP) — The student honor court at the University of Florida has as much reason for keeping its sources secret as a newspaper does, the First District Court of Appeals says.

In an opinion Monday, the court overturned a preliminary injunction issued Feb. 7 by Circuit Judge J.R. Green Jr. which made hearings involving a cheating scandal public under Florida's government-in-the-sunshine law.

FLORIDA IN BRIEF

Murph The Surf Loses Bid To Quash Conviction

MIAMI (AP) — Jewel thief-playboy-murdered Jack "Murph the Surf" Murphy has been dealt another legal blow in the U.S. Supreme Court's refusal to overturn his 1968 robbery and assault conviction.

The ruling came in Washington Monday on Murphy's appeal of a conviction for robbing the home of Miami Beach socialite Olive Wofford.

The appeal was based on the contention that Murphy's imprisonment in that case was illegal because the court had denied a change of venue. The appeal said the court had not dismissed jurors who knew that Murphy was a convicted felon.

Murphy is now serving two life terms at a Florida prison for the 1967 "Whiskey Creek" slayings of two secretaries.

Murphy, 38, who at times worked as a beachboy, a salesman and a violinist, also was convicted for stealing the Star of India sapphire from New York's Museum of Natural History in 1964.

Allen Kuhn, who also was convicted in the theft, later wrote a book of the incident. It became the theme of the recent movie "Murph The Surf."

Big Tank Moving Is Begun

It's a basic problem. How do you move two 90-ton, 315,000 gallon tanks from the bank on Lake Monroe, float them down the river and set them out on the bank at the Seminole County Port Authority (SCOPA).

With a tug boat and two 90-ton truck cranes, of course.

The big move, handled by Southeastern Petroleum Maintenance Inc., of Jacksonville, will be performed today and tomorrow weather permitting.

The two tanks, 40-feet high and 46 feet in diameter, will be set out on port property to be used by Sea More Oil Terminals for storing lube oil.

According to SCOPA Administrative Assistant Dennis Dolinger, the tanks will be moved one at a time by the crane from their position on Fulton Street over to the lakefront. Then the tanks, which have been water sealed, will be dropped into the water, where they are expected to float. A tug boat tomorrow then will pull the tanks through the lake, under the I-4 bridge with only a 4-ft clearance, and on to the port site.

The cranes, while the tanks are floating down the lake, will be moved to the port where they will pull the tanks back into the water and set them in place.

It seems to be a simple operation that any enterprising child could accomplish, providing he had a couple of 90-ton truck cranes at his disposal.

Some of the tanks are being used for the storage of lube oil. The restoration of the county jail is expected to take at least three weeks, and possibly more time.

Meanwhile, county prisoners are being booked in the downstairs area of the jail and then housed at the Sanford City hall holding facility at Ninth Street and French Avenue until they can be transferred to jails in Orange and Lake Counties.

Lake Mary Council Sets Special Meet

LAKE MARY — Mayor Walter Sorenson has called a special meeting of the City Council for 7:30 p.m. tomorrow to complete items not acted upon at last week's meeting.

The remaining items to be considered include a letter from Fire Chief Chuck Smith on street opening and a letter from the Board of County Commissioners on the paving of Country Club and Lake Mary Boulevards.

Sorenson said a workshop session will follow with the topics of discussion being retirement policies and hospitalization insurance for city employees.

At 8 p.m. Thursday at the city fire hall, City Council members and Sorenson have been invited to a fire department meeting with County Commission Chairman Sid Vihlen Jr. and County Fire Protection Administrator Gary Kaiser.

Discussion there is center on a proposed mutual aid agreement between the city's volunteer firefighters and the County Fire Department.

The volunteer department previously turned down a mutual aid agreement with the county, insisting the county had nothing to offer the city.

Although the Loch Arbor area is not within the Lake Mary department's territory, it is reported Chief Smith has informally instructed city firemen to respond to fire calls there because of all the help the area gave the department in the past.

OFFICERS INSTALLED

Officers for the B. Duke Woody Branch 147, Fleet Reserve Association, for the coming year stand ready to take command. They are, from left, Joe Connelly, secretary-treasurer; Jack Hay, second vice president; Al Miller, president, and Al Felter, first vice president, and installing officer.

Widdis Rezone Bid Tabled Once Again

LONGWOOD — Action on the rezoning of the Betty Widdis property, east of SR 427, from residential to industrial and business district was tabled again by the City Council last night until next week.

Nearly 20 residents from the nearby Lake Ruth subdivision left the meeting grumbling about the non-action, announcing, however, they will return to their fourth city meeting on the proposed rezoning next week.

Counting last night's meeting, the Lake Ruth residents have appeared on a list of City Council public hearings, a city council meeting and a zoning commission public hearing to protest the rezoning.

Protesters notwithstanding, the council last week voted 3-2 — Council Chairman J.R. Grant, Councilmen H.A. Scott and Gerard Connell in favor and Council members June Lormann and Don Schreiner opposed — to prepare the necessary ordinance.

The Lake Ruth property owners have not gone the petition route as yet. The city's zoning ordinance states that if 20 per cent of the adjacent property owners sign petitions protesting the rezoning, a four-fifths positive vote (four of the five council members) is required to change the zoning.

A spokesman for the homeowners asked before public hearing last night on the federal revenue sharing allocations if council would act on the Widdis rezoning and City Attorney Ned Julian Jr. said he had the appropriate ordinance prepared.

It had been expected first reading of the zoning ordinance would take place and a new public hearing scheduled for next month.

Daniels joined Finance Commissioner Ernest Hendrix in expressing concern over the city's cash flow. "We're hurting for certain and we'd better be concerned how we're going to pay bills September through December (when tax receipts begin to come in from the city)," he warned.

Building permits had been projected at \$18,000 but to date are \$1,991 and in fines and forfeitures projected at \$30,000. There have been only \$9,291.

"Every pay period the city clerk goes down and converts a CD (certificate of deposit) to make the payroll," he said.

Browning explained, "Cashing CD's is not unplanned as when tax receipts came in the first of the year they were placed in CD's until needed."

He indicated last week he would vote against the rezoning proposal, however, after Grant renewed his motion to notify the owner of the 200 feet wide strip separating the Widdis tract from the housing development that the strip would remain residential.

The council in one of its briefest sessions of the year, also did not bring up for action an ordinance to increase the sewer rates and connection fees

Files Threaten Personal Privacy

Science fiction writers have spun tales about a future in which computers take control of the world. That's not quite what is happening in the current quandary about the use of computerized data banks by the federal government, but we detect at least a drift in that direction.

Computers do not have to think for us in order to influence our thinking. It is now possible for computer systems to store data about every man, woman and child in America and to snoop it out on command. We suspect that it is because this capability exists, and not because such a capability is desirable, that some people in government are finding reasons to create huge federalized data banks.

That computers can increase efficiency in storing and retrieving information is unquestionable. The Federal Bureau of investigation can see greater efficiency in law enforcement if there were a centralized Washington data bank containing the criminal history of everyone who has had a run-in with the law anywhere in America.

The threat to individual privacy is so obvious that any federal agency that wants to create a nationwide data bank will have a hard time arguing that its potential for increased efficiency outweighs its potential for abuse.

We should not let computer technology interfere with our judgment about the value or significance of certain kinds of information. Because it is now much easier to store and retrieve personal data about Americans does not change the fact that there are limits to what a government needs to know about citizens in a free society, and much of what it does know deserves to be kept under lock and key.

Privacy is inseparable from personal freedom. Our governmental Big Brother does not need ever bigger files on us simply because technology is making it easier to keep them.

Prescription Prices

The Federal Trade Commission is proposing rules to abolish all state laws and regulations which forbid price advertising of prescription drugs.

Such federal action should be taken to validate and extend nationwide the terms of a federal order handed down in San Francisco last month, nullifying the advertising ban imposed on California pharmacists by the State Board of Pharmacy.

The consumer stands to benefit from price competition between retailers, and price advertising will promote such competition in prescription drugs just as it does for all other products.

There is a difference that makes the price of prescriptions matter more than the prices of most other products. There is little or no discretionary buying of prescription drugs. Prescribed by a physician, they must be bought by the patient at prevailing prices — the more reason to lower the prices if possible.

Butterflies Becoming Endangered

The news from the Interior Department is, well, grim. A real can be called a butterfly, but it is not a butterfly. It is a caterpillar. One can be called a butterfly, but it is not a butterfly. It is a caterpillar.

I know there are those of you who will disagree. Recalling the ravages in your cabbage patch, you may praise the passing of the butterfly as also the end of the caterpillar.

As for even greater mystery related to the fluttering things, I recall a personal incident in Florida some years ago. Walking through the old city of Deltona, I was approached by a robed peddler selling live butterflies in tiny cages.

The old man said he came from a village where the butterfly was venerated. Where their killing was outlawed. Where a mark of good fortune was a butterfly on the ledge.

Then a most exceptional thing occurred. As I handed the man a small denomination note, he crumpled it up and tossed it into the air — where, honest, it became a butterfly and flew to his ear.

The man said he believed in it, particularly where butterflies are concerned. Now anyway. Thus the news from the Interior Department stands.

A staggering 13 billion cubic feet of natural gas was held back from the market last winter. This threatened 19 firms in southern New Jersey with shutdowns at a time when unemployment already had hit 14 per cent.

Transco's fourth largest supplier, for example, closed a field about 50 miles off the Texas coast. This reservoir, under federal lease to Cito and other oil firms, was shut down for repairs from Aug. 30, 1974, until Jan. 20, 1975.

Recently we devoted a few sentences in this corner to the upcoming reunion of all former Sanford Naval Air Station personnel and wondered why we didn't hear from the persons in charge of publicizing the event.

Well, the blur didn't go unnoticed as John Fehr of the Fleet Reserve, Sanford, returned into the Herald office the other day and gave us a bit of background on how the reunion idea became reality about five years ago and just what's planned for this Saturday.

This year's will be the sixth annual reunion of persons who were once attached to the Naval Air Station here and should be attended by about 700-800 people. (Over 600 were on hand last year.)

A full day's activities are slated for Saturday, beginning at 10 a.m. at the Lake Golden picnic area. Included in the festivities will be swimming, games, rides for the youngsters, dancing, entertainment by the Moose Lodge tap dancers and a country band, and plenty of good chow in the form of fried chicken, fried fish and hush puppies.

The Naval Air Station was once the home base for heavy attack squadrons with vigilante and reconnaissance-type aircraft.

A few years ago, former Chief Petty Officer

George Brister got the idea to stage a reunion and, according to Fehr, the first one was nothing more than a wake, attended by about 40 people at a local pub.

Since that time it's mushroomed with people attending from as far away as New York and many midwestern states. However, the bulk of those attending will come from the immediate area, as many of the people once stationed here fell in love with Sanford and decided to call it home, once their days in the military were over.

Fehr says anyone who has ever served at NAS Sanford may attend and bring as many guests as they so desire. Those invited include enlisted as well as officer personnel.

The entire day's activities will be sponsored by the B. Duke Woody Branch 147 Fleet Reserve, Sanford, and ticket prices have been established at \$2.50 for adults and \$1.50 for children with toddler's admitted free of charge.

Al Miller is president of the local Fleet Reserve unit with Al Fehr first vice president, Jack Hay second vice president and Joe Connolly secretary-treasurer.

The chow line will open at 1200 hours and will remain open to those attending until 1800. (In case

you landlubbers don't know it, that's 12 noon until 6 p.m.)

A good time will most certainly be had by all at this sixth annual reunion of Sanford Naval Air Station personnel come this Saturday.

One of our faithful readers called the other day to express her displeasure over a recent bill she received for her post office rental lock box.

Seems she's been paying a flat \$8.00 per year for some time and when the current bill arrived she saw that it calls for \$2.50 figure — for six months only.

The lady said she was concerned that some of our senior citizens might not be aware of the fact that the \$2.50 is for six months and that the rate per annum is now \$11 — nearly 100 per cent higher than it has been in the past to rent one of the standard Post Office lock boxes.

Seems rather high to us and thought we should pass the word along to those who might have skipped over their bill without noticing the big increase.

—Bill Currie

Free Press In Danger From Courts

The use of subpoena processes and contempt citations to force journalists to divulge confidential information they have obtained in the course of gathering the news has increased markedly in recent years.

Between January and April of this year alone, courts around the country issued no less than 56 subpoenas against newspaper reporters.

Legal costs and trial expenses are such that the mere threat of court action can act as a restraint on the practical freedom of the press, says the Reporters Committee on Freedom of the Press, an organization of working journalists in print and broadcasting founded in 1970.

While many public-spirited attorneys have donated their services to defend newspaper, the rising number of cases has made a fund campaign necessary.

That the committee has launched a two-year drive to set up a "First Amendment Research and Defense Fund" to help pay the costs of legal research and defense services for the working press of all media.

In accepting the chairmanship of the campaign, Arthur R. Taylor, president of CBS, Inc., said:

"On every side the press is faced with increasing litigation and other censorship efforts in the courts, legislatures and executive agencies on the local, state and federal levels. We believe the time has come for the news media to establish a centralized research, information and legal defense clearinghouse with sufficient manpower and financial resources to inform the public of the increasing legal threats to First Amendment freedoms and to aid reporters, editors and news organizations who do not wish to see our confinement facilities become court clubs, but it is a proven fact and I have observed it; that if a person is treated in an inhumane way while in confinement, he or she may enter like a lamb, but will leave confinement like a tiger.

We the citizens of Seminole County are the real reasons that these conditions existed in the first place. We cannot just show the blame off on the person who set the fire, the sheriff, the county commissioners or anyone else, but ourselves. The shame and disgrace lies directly on the citizens and no one else.

WORLD IN BRIEF

Italian Communists Jubilant Over Vote Count

ROME (AP) — The Italian Communist party ran only half a million votes behind the Christian Democrats in national-wide local elections, increasing pressure today for its admission to the national government for the first time since 1947.

Italians showed they know that the Communist party is the real bastion of freedom," the jubilant party secretary, Enrico Berlinguer, declared at a cheering young supporters packed the street in front of the party headquarters in downtown Rome.

The Communist party is indispensable for the salvation and rebirth of the nation," Berlinguer asserted. The elections Monday were for 15 of the nation's 20 regional legislatures, advisory councils in 86 of the 94 provinces and municipal councils in 6,300 of the 8,000 cities and towns. But the campaign was fought on national issues, and the outcome was certain to produce demands for the dissolution of Parliament and national elections.

ROME (AP) — Turkey retaliated against the four-month-old American embargo on arms aid with a demand today that the United States begin negotiations within 30 days on the status of American bases in Turkey. If no action is not taken to initiate the talks, the 20 U.S. military installations in Turkey will be subjected "to a new situation," said a note delivered to the U.S. Embassy. There was no elaboration.

Foreign Minister Isnan Sabri Caglayangil said Turkey "has waited in vain for reversal of the American decision, which is both unjust and wrong in all its aspects."

WASHINGTON (AP) — Cuba has agreed to return to Southern Airways \$2 million in aircraft hijack ransom money, thus removing one of six obstacles on the State Department's list of Cuban-American problems. Cuban Prime Minister Fidel Castro made known his intentions in a letter to Sen. George S. McGovern, D-S.D., who visited the island last month. McGovern released the letter Monday.

The Southern Airways DC9 was hijacked in November 1972 and forced to fly to Havana, where the passengers and crew were released in return for \$2 million in ransom. The Castro government took the money from the hijackers.

Sadat Praises Ford By The Associated Press President Anwar Sadat praised President Ford today and urged the Palestine guerrilla movement to form a provisional government so the U.S. government could deal with it.

Sadat said Ford was "a man of straight-forwardness, stability and candor."

Assault Charge Dropped Jail Term Meted In Theft Of Gun

By BOB LLOYD Herald Staff Writer An Apopka man has been sentenced to five years in prison for stealing a Seminole deputy sheriff's service revolver.

Joel Miller McLean, 25, Apopka Route One, entered the negotiated plea of guilty to the crime of a firearm yesterday as his case came to trial before Circuit Court Judge Joe A. Cowart Jr.

As part of the plea bargaining agreement, Assistant State Attorney Bill Heffernan dropped a companion charge of aggravated assault.

McLean admitted to the court that he held a rifle on Deputy Edward Fagan while another man took the deputy's .357 magnum service revolver in a field off Dodd Road in south Seminole Jan. 13, 1971.

Fagan was shackled with his own handcuffs and locked inside the rear seat cage in his patrol car, after he stopped to check on two men busily painting a car, and was held at gunpoint.

The officer's pistol turned up later in a Texas crime. McLean was returned to Florida to face the local charges in April after completing a Texas prison term.

A second suspect in the 1971 case, identified by local authorities as Frederick Rand Brown, 36, of Lake County, is still serving a prison sentence in Texas.

George Lindsey Jr., 40, 418 E. Fifth St., Sanford, pleaded guilty yesterday to carrying a concealed weapon and was sentenced by Judge Cowart to two years probation.

The trial of Judy Goodall, 26, Longwood, on a grand larceny charge, had been scheduled for this week before Judge Cowart, but was continued yesterday until the week of Aug. 18.

Other cases still on this week's criminal trial docket include: — Clem Mitchell, 51, Third Drive, Roseland Park, Sanford, who is accused of aggravated assault.

— Willie E. Steel Jr., 22, 1825 Colledge Ave., Sanford, who is charged with grand larceny. In other circuit court actions, judgments of acquittal have been entered by Circuit Judge Robert B. McGregor for Delra Rose Drummond, 19, of Altamonte Springs, and Deborah Ann Gross, 22, of Longwood. The women had been accused of possession of controlled substance — cocaine — in late April when arrested by sheriff's vice squad agents.

Woman's Murder Trial Scheduled

A July 21 trial has been scheduled for a 41-year-old Sanford woman indicted for first-degree murder in the shooting death of her husband.

Circuit Court Judge Clarence T. Johnson Jr. set the trial date yesterday after Mrs. Betty Jean Kelly, of 3114 Fudder Circle, Sanford, pleaded innocent when arraigned on the indictment. Mrs. Kelly is charged in the June 7 slaying of

her husband, Thomas Kiley, 46, at their home.

Other defendants entering pleas of innocent and trial dates were: — Phillip Wayne Hamlin, 18, of 3522 Princeton St., Sanford, July 21 on a charge of attempted robbery.

— Gerald Fay Clary, 39, Orlando, July 7 on charges of possession of a stolen motor vehicle and possession of a controlled substance.

— Diane Isola Benedetti, 20, Orlando, July 7 on charges of possession of a stolen motor vehicle and possession of a controlled substance.

Judge Johnson ordered a bench warrant issued for the arrest of Steve S. Durkin, 20, 816 Walnut Place, Altamonte Springs, after he failed to appear for arraignment on a charge of obtaining property by worthless check.

Judge Johnson said the court is satisfied that the bench warrant had been set at \$5,000 but he was released on his own recognizance (ROB) when he made an initial appearance before a county court judge. Judge Johnson revoked the ROB when ordering the bench warrant to be issued.

The board is also expected to take up the matter of a new insurance contract for property and liability coverage.

Last week the board ordered purchasing agent Don Coleman to renegotiate the present contract with the McKinley agency of Sanford. The contract expires June 30.

The meeting is scheduled for 7:30, following a 6:30 work session with architect Eoghan Kelly on plans for the new middle school at Rock Lake.

But the committee's majority decided to go ahead and elect the new chairman for fear they would be unable to secure a quorum at remaining meetings during the summer.

THE SEMINOLE COUNTY SCHOOL BOARD will consider another list of teacher reappointments at a special meeting tonight in the board's conference room at 202 Commercial Street.

ROD CABLE of Longwood has been elected chairman of the Seminole County Democratic Executive Committee.

Mr. Cable was tapped to fill the unexpired term of Larry Sinclair, who resigned.

The election of Cable came after a long discussion among committee members, some of whom said they wanted more time to consider nominees before voting.

Tafeta XXchange Is On The Move; Needs Volunteers

Friday will be a big day for Tafeta XXchange. For Friday is the grand opening of the organization's new facility at 207 Magnolia Ave., Sanford.

Assistant manager, Mrs. Kay Wolff lines shelves with large assortment of books.

The sale of donated goods, raises money for the Seminole County Association for Retarded Children (SCARC). The organization has moved a block further south on Magnolia Avenue in downtown Sanford to occupy the former Florida Power and Light Building at 207 Magnolia Ave.

With more space available in the new facility, Tafeta has extended the variety of goods offered for sale. Most items are used goods in good repair which are sold at greatly reduced prices.

Mrs. Elveda Smith is offering classes in ceramics for adults and children.

It's just one day a week. Right now Tafeta has a collection of display tables in storage. But until someone volunteers to help lead them onto a truck loaned for the purpose of transporting them, the tables must remain in storage.

Joy Of Stitching

By ELSA WILLIAMS

We're going to have a change of pace this week and discuss a technique that will be of interest to those who have some experience in needlepoint canvas embroidery application.

Unlike point sections worked into designs on doo canvas (by splitting the double thread), applique is just what its name implies and its use gives a marvelous three-dimensional look to a design.

If done correctly, Basket Weave should leave no marks or ridges.

When working chair seats that will get hard wear it's essential to use the Basket Weave stitch.

When working chair seats that will get hard wear it's essential to use the Basket Weave stitch.

Beware The 'Bachelor'

By ABIGAIL VAN BUREN

DEAR ABBY: Your dictionary definition of "bachelor" is not sufficient. There are terms that legally define the marital status of a man or woman, and they are the following:

Dear Abby

A single man or single woman is one who has NEVER been married.

An unmarried man or woman is one who is legally married.

A widower or widow is one who has lost his or her spouse through death and has not remarried.

A divorced man or woman is one who has been legally divorced. (The status does not change to "unmarried" until the final decree is issued.)

A married man or woman is one who is legally married.

A widower or widow is one who has lost his or her spouse through death and has not remarried.

A divorced man or woman is one who has been legally divorced. (The status does not change to "unmarried" until the final decree is issued.)

An unmarried man or woman is one who is legally married.

A single man or single woman is one who has NEVER been married.

An unmarried man or woman is one who is legally married.

A single man or single woman is one who has NEVER been married.

DEAR J.C. Had you not found the original owner, I'd have agreed. "Finders, keepers."

DEAR ABBY: With reference to walk-in customers versus telephone customers, this is how I handle it:

When I phone a store, I always open my inquiry with: "If you are not with a customer now, will you please help me?"

The clerk says, "Yes, I can help you" or "I'm busy now, may I take your number and call you back, or will you hold?"

Then, when I am in a store and in a hurry, if the phone rings while I'm being waited on and the salesperson makes a move to answer it, I say, "Please a s e a k the person on the phone to wait. I was here first, and I am in a hurry."

They always look a little shocked, but I don't care because I know I'm right. And if they will just stop and think, they'll agree.

I have also been a salesperson, so I've been on both sides of the counter.

"SELDOM STAND IN AND WAIT!"

DEAR SELDON: Your system makes sense for telephone shoppers, walk-in customers and clerks. Thanks for the sensible suggestion.

Today I wore it to a neighbor's home. He remarked that he had had a hat just like mine for years and had lost it in a snowy field last year. I am convinced that it is his hat.

My question: Who should have the hat? My wife says, "I'll take it."

My question: Who should have the hat? My wife says, "I'll take it."

My question: Who should have the hat? My wife says, "I'll take it."

Former Sanfordite Attends Conference

By ELSA WILLIAMS

Rheda Epstein, formerly of Sanford, was awarded an expense-paid trip to the American Library Association national conference in San Francisco, June 29-July 4.

All Sanford area residents are invited to stop by Tafeta XXchange Friday or Saturday during the grand opening either to shop for bargains or to volunteer donations and assistance.

One room of the building has been rented by ceramics teacher Mrs. Elveda Smith who is offering classes in ceramics to adults and children Wednesday through Friday from 10 a.m. to 2 p.m.

Mrs. Epstein, a member of the A.L.A. Junior Members Round Table, is one of six grant recipients selected by a special "IMT" committee from among 100 applicants on the basis of professional activities and affiliations, and expected personal professional development.

The grant, worth \$4,000, is divided among the six librarians.

A graduate of the University of Florida at Gainesville, Ms. Epstein received her M.L.S. from Drexel University, Philadelphia, in June, she expects to receive her M.Ed. in Educational Foundations, with emphasis on Labor Studies, from Rutgers University.

For applications: write American Photography and Models Association, Sheraton Beach Hotel, 1940 Collins Ave., Miami Beach Florida 33160.

The state contest will take place in Miami Beach July 21-22 with the winner receiving a cruise, a wardrobe, and an all expense trip to the Nationals in Springfield, Mass.

The Miss World U.S.A. contest was won last year by Terri Ann Browning from Daytona Beach. Terri will reign through the National's Finals in Springfield, Mass.

Beauty Search Has Begun For Miss Florida World

By ELSA WILLIAMS

The search is on for attractive girls ages 17 to 27 to enter the Miss Florida World Contest, says Dorothy Lee, state director and president of American Photography and Models Association.

To qualify girls must be at least 17 by August 1, 1975 and not over 27, single and never married. No talent necessary. Judging will be on poise, personality, figure and beauty.

The state contest will take place in Miami Beach July 21-22 with the winner receiving a cruise, a wardrobe, and an all expense trip to the Nationals in Springfield, Mass.

"It's very probably going to destroy men's sports programs. The members of the (NCAA) are kind of stunned and they're asking, 'Is it really true?' They can't believe a football-playing President would do that to us." — Tom Hansen, assistant director of NCAA

WASHINGTON (AP) — When President Ford, a former Michigan center, approved new federal regulations prohibiting sex discrimination in the nation's schools and colleges, including discrimination in sports, a lot of football coaches shook their heads in amazement.

"Our members are terribly disappointed and surprised," said Tom Hansen, assistant director of the National Collegiate Athletic Association. "They can't believe that a football-playing President would do that to us, that he wouldn't be aware of all the dangers in Title IX, that he'd sign it."

"It's very probably going to destroy men's sports programs," Hansen said. "The members are kind of stunned and they're asking, 'Is it really true?'"

It was true. And the new regulations will further complicate the operation of men's sports programs which already are severely strangled financially because of inflation. That's why the NCAA tried, unsuccessfully, to have revenue-producing sports such as football and basketball exempted from the regulations.

Darrell Royal, head football coach at the University of Texas and president of the American Football Coaches Association, leads a contingent of his colleagues before a House education subcommittee today to protest the Ford administration regulations implementing Title IX of the 1972 Omnibus Education Act.

Another witness, Kathy Kelly, president of the National Student Association, oldest and largest of the student government organizations in the United States, argued that it is imperative that the guidelines be approved.

"While Congress recognized the enormity of the problem of sex discrimination in higher education and the urgency of implementing broad reforms by voting Title IX into existence, the law has served its little more than a paper tiger in the absence of regulations over the past two years," said prior to testifying.

George and Jack Prosser Ford prepared for their Wednesday showdown with no-hit victories Monday in the Sanford Continental Little League.

Billy Adams hurled Jack Prosser Ford to a 9-0 win over United Transportation union, and Tony Lites and Floyd Livey combined to toss George's past Stromberg-Carlson 10-0.

George's is 15-3 and Jack Prosser Ford is 15-4. The game is the final game of the season for Prosser Ford. George's has one rain-out game to make up.

The teams will battle Wednesday at 7 p.m. at the Westside Little League field. Apex (8-10) and United Transportation Union (5-12) meet at 3 p.m. at Westside.

Stromberg-Carlson and Apex end the regular schedule Friday with a 3 p.m. confrontation at Westside.

In action Monday, Adams led Jack Prosser Ford to a 9-0 win over United Transportation union, and Tony Lites and Floyd Livey combined to toss George's past Stromberg-Carlson 10-0.

The \$2.5 Million Wager

By ELSA WILLIAMS

LOS ANGELES (AP) — Owner Jack Kent Cooke of the Los Angeles Lakers is wagering a minimum of \$2.5 million that Kareem Abdul-Jabbar can turn around his National Basketball Association team.

"I am adjustable," the 7-foot Abdul-Jabbar said Monday after signing a five-year contract with the Lakers. "I can play the game plan no matter what it is."

To the surprise of few, Abdul-Jabbar has become a Laker. He and Walt Wesley were traded by the Milwaukee Bucks to Los Angeles for Elmore Smith, Brian Winters and the Lakers' first-round draft picks, David Meyers of UCLA and Junior Bridgeman of Louisville.

"A heavenly day, a delightful day," said Cooke when the acquisition of Abdul-Jabbar was announced. Cooke is the man who has to pay the bill. Abdul-Jabbar will earn at least \$600,000 per year from the Lakers.

Cooke paid big money to Wilt Chamberlain, who helped lead the Lakers to an NBA title four years ago, then quit and became player-coach of the San Diego Conquistadors of the rival American Basketball Association.

Cooke balked when Chamberlain wanted a tax-free annual salary of \$400,000. The owner didn't say what he would pay Abdul-Jabbar, who was called Lew Alcindor when he led UCLA to three national collegiate titles. The Bruins Conquistadors of the rival American Basketball Association.

After the 1969 season, Abdul-Jabbar was the top draft choice in the NBA, going to the lastplace Bucks, a one-year-old expansion franchise. He was chosen over Joe "The Bird" Johnson, who was chosen by the NBA in his second season and three times the league's most valuable player.

Abdul-Jabbar, 28, who had asked to be traded, said the New York Knicks were his first choice, but it appeared to him they didn't really want him.

"I had a strong desire to go to New York. As a youngster I wanted to play there," said Abdul-Jabbar, who grew up there and first came to national prominence at New York's Power Memorial High School before choosing to play college ball at UCLA.

"The Lakers made a sincere effort to get me here. I don't think it is smart to go to people who don't really want you."

Mike Burke, the Knicks president, took exception to that, saying, "General Manager Eddie Donovan and Wayne Emery, the Bucks' owner and general manager, Burke said the two Bucks' executives were only general in their talks."

Abdul-Jabbar, 28, who had asked to be traded, said the New York Knicks were his first choice, but it appeared to him they didn't really want him.

There Are Two: One Pays; One Plays

By ELSA WILLIAMS

NEW YORK (AP) — Football fans may not be aware of it this season, but as far as a California bankruptcy court is concerned, there are two World Football Leagues.

One is a pale phantom from 1974 trying to balance an estimated \$30 million in debts against \$10,000 in assets, and the other is a new, 1975 version struggling to get off the ground with the added hope it can last the 12 years it has agreed to help settle the old WFL's accounts.

In other words, the new league will play, so the old one can pay.

According to papers filed recently with a California bankruptcy court, the old WFL, which is legally severed from the WFL which plays a schedule this summer and fall, owes \$6.3 million in 1974 salaries to more than 500 players. It also says it owes \$59,763 to over 30 coaches, \$117,971 to over 40 game officials and has claims of \$1.6 million from trade creditors such as airlines, equipment companies and hotels.

Those debts total \$8.9 million and do not include an estimated \$7 million committed by the league in 1974 for future player salaries. Also not included are debts owed by individual teams, many now defunct.

The 1975 version of the WFL has proposed that its teams contribute between one-half and 1 1/2 per cent of their revenues over the next 12 years to satisfy the debts compiled by the league in 1974.

However, Richard Cohn, an attorney for the new WFL's Birmingham team, said Monday that even if the latest incarnation of the WFL survives for 12 years, he doubted that it would earn enough to fully repay the debts unless a major television contract was signed.

Cohn also said that the old WFL has no legal obligation, even under its bankruptcy petition, to pay its arrears and felt it is likely that many of its past-due bills will never be paid.

Under the bankruptcy plan, the new league is accepting liability in bankruptcy court for player salaries and for debts run up by either the old league or one of the teams it operated during the 1974 season.

Included among potential creditors are a \$102,830 claim from United Airlines; a \$164,730 claim from the Newport Beach, Calif. law firm of Regan, Drummy, Garrett & King, who served as the 1974 WFL's legal counsel; and one from three insurance companies — Fireman's Fund, Capitol Insurance and Provident Life — which total \$280,000.

And then there is an \$8,534.32 claim from former league president Gary Davidson.

Attorney Cohn said he did not know what the Davidson claim was for but believed it represented out-of-pocket expenses, and assured "that claim is going to be challenged."

Attorney Cohn said he did not know what the Davidson claim was for but believed it represented out-of-pocket expenses, and assured "that claim is going to be challenged."

AL NL Pirates Drop HR Bombs

By ELSA WILLIAMS

No matter the weather in Bloomington, Minn., it always seems to be raining on Rollie Fingers at Metropolitan Stadium. When the Oakland A's are visiting the Twins, the all-star reliever almost always pitches like Charlie Brown does in the comic strip "Peanuts."

"I must be about 1-9 here at best in the last six years," said Fingers after doing what he does best against the Twins — losing, 7-6.

True to form, something happened Monday night. Fingers worked the count to a ball and two strikes to Steve Braun in the ninth with Oakland leading 6-4. Braun fouled off the next pitch by a splinter on his bat.

"I was lucky to have fouled it off," said Braun. Pitch number four, while not reaching the stratosphere, found its way to the bullpen in right-center field and moments later Fingers found himself walking off the field a loser.

"When he let it go, I heard (A's catcher Gene Tenace say, 'Oh, no!'" recalled Braun. His sixth home run of the season brought the Twins within 6-5 before Larry Hise's tie-breaking single gave Minnesota the victory.

Elsewhere in the American League, Baltimore bombed Cleveland 8-3, Boston topped Detroit 6-2 in 12 innings, and New York defeated Milwaukee 10-7 while California and Kansas City were rained out in the only other game scheduled.

The Yankees, who have won 21 of their last 27 games, erupted for five second-inning runs.

Brooks Robinson and Lee May have hit three-run home runs and Jim Palmer became the American League's first 11-game winner as Baltimore defeated Cleveland. Palmer, who has lost three, got relief help from Grant Jackson in the seventh inning.

Robinson homered in the fourth and hit connected in the fifth, while George Hendrick hit one out for the Indians.

Rick Burdison, who was picked off third in the ninth inning, redeemed himself with a sacrifice fly that broke a 2-2 tie and ignited the four-run 12th that lifted Boston over Detroit.

The Red Sox had taken a 2-1 lead in the 10th inning on a home run by Jim Rice, but the Tigers came back to tie on Tom Verzer's single.

Yankees 10, Brewers 7

New York blew an early five-run lead but rallied for five in the sixth inning on Ron Blomberg's double and Grant Nettles' homer to beat Milwaukee.

Bloomber's two-run double and Nettles' three-run homer nullified a grand slam homer by Gordon Thomas in the fourth inning that triggered the Brewers' comeback from a 5-0 second-inning deficit.

The Yankees, who have won 21 of their last 27 games, erupted for five second-inning runs.

The Yankees, who have won 21 of their last 27 games, erupted for five second-inning runs.

NOW OPEN Mon Thru Sat. 10 a.m. - 5 p.m. Featuring Ferns Potted Plants Hanging Baskets Deka-Pots. Few & Follage 2593 S. Sanford Ave. Ph. 321-0049.

JOHN SCHLENK Relaxation is always a good rule for happy flying. If you feel good, the experts say, it will make you feel better. Dress in loose, comfortable, unfluffy clothes. Loosen your shoes, slip them off and put on your traveling slippers. Open your collar and loosen your tie. A sports shirt is good for plane travel because you can keep your tie off and still be tidy. Mental relaxation is also important. The plane you are flying in is one of the greatest developments of American know-how. You can plan a relaxing vacation with assistance from those at CARIBBEAN CRUISES OF ORLANDO INC., 574 N. Orlando Ave. Winter Park, Fla. Tel. 643-2000. We offer all modes of travel anywhere in the world. We are specialists in Cruises. Group and Individual Travel Available. Open 9:30-5:30. Sat. 10-2. Travel Tips: A pair of slippers that fold to purse size can make feet comfortable during flight and double as bedroom slippers later.

TONIGHT'S HIGHLIGHTS

DOUBLE EXPOSURE: ABC's deal for the Monte Python shows does not preclude Public Broadcasting from the Python shows. Although there are more than 40 half hours available, it is possible some of the features will overlap. ABC has contracted for 40 shows and one 30-minute late-night special with options for more. Local PBS stations, meanwhile, will continue their very popular Sunday night half-hour series. The Python show was a big hit in England for five years, and its success was transferred to a feature-length film now in release in this country. UN HAPPY FAMILY: Horrors of success threaten "MASH" once more. McLean Stevenson has come, Alan Alda reportedly is unhappy with his contract, Wayne Rogers reportedly is out because his importance has been subordinated, and Gary Burghoff wants his contract rewritten. Seems as if Loretta Swit is the only one not balking. ABOUT TONIGHT: 8:30-9:00 CBS GOOD TIMES: Rerun The Evans clan has a visitor, a cousin who has come to stay with them for the holidays. A matter of conscience emerges when Thelma catches her cousin taking swigs from James' whiskey supply. The question of teenage alcoholism is the object. 8:30-9:00 NBC ADAM-12: "X-Force" Rerun Malloy and Reed grimly search for a missing little girl. The search becomes more grave after they find her torn dress. 8:30-9:00 ABC HAPPY DAYS: "A Star is Bored" Rerun The annual church Shakespeare festival takes a surprise turn when Fonzie decides to be a performer, and gives his interpretation of the Bard — as only Fonzie can interpret. Lots of laughs. 8:30-9:00 PBS THE WAY IT WAS: Rerun This sports series looks back at 1962 NBA playoff championship which the Boston Celtics won in overtime in the seventh game. Bob Cousy, Tommy Helms and Coach Red Auerback recall the victory. 8:30-9:00 CBS MASH: Rerun Hanky's casual attitude is

TONIGHT'S HIGHLIGHTS

misinterpreted as being uninterested as he seemingly dispassionately treats a patient suffering battle fatigue. Turns out Hanky's coldness is calculated to bring the soldier out of his fears. 8:30-10:00 NBC WORLD PREMIERE MOVIE: "The Dead Don't Die" Rerun Cast of familiar actors features Oscar-winner Ray Milland, George Hamilton, Linda Cristall and Joan Blondell. Suspense drama about a man out to prove that his brother was innocent of the murder for which he was executed. 11:00 (2, 8) Wheel Of Fortune

Low Blood Sugar Induces Shock

By Lawrence E. Lamb, M.D.
DEAR DR. LAMB — I had a terrifying experience. I know what it's like to meet insanity face to face, I've been there. After a week in the hospital, my illness was diagnosed as hypoglycemia. I had suffered shock and gone into coma. Christmas was coming. We were doing some remodeling of the house. I was working at a new job — but I was feeling great. I had energy to spare. I was also drinking lots of coffee or spiced tea with lots of sugar and the usual candy, sweets and whatnot around at Christmas time. My entire house was flooded by a broken water pipe. There were three deaths in our family in two weeks. My husband asked for a divorce. And, the day after Christmas I got sick and started screaming. Two days later I came back to 1975. I had lived back in 1966 for two days. Guess I went back to a "happier time" in my life. I have been treated cautiously, like "Poor Jane — she's like a well you know" and "kick it off, you are not REALLY sick, you are just feeling sorry for yourself." What do they know? I am following my doctor's orders: rest, strict diet, no sugar, no booze, it's a wonderful diet. And, I am alone at last. Praise the Lord! Please send me any information you have on hypoglycemia. Everyone has his own ideas on it — am I just feeling sorry for myself (I do kinda) or am I "off my rocker"? HELP! You are a doctor, and you should know. I feel that any emotional upset could still send me reeling off!

Horoscope

For Wednesday, June 18, 1975
ARIES (March 21-April 19) Don't make hasty judgments today based upon cursory evidence. It could get you in a pickle. Wait till all the facts are in.
TAURUS (April 20-May 20) Because of indifference you're unable to take full advantage of a situation that could be beneficial to your work or career.
GEMINI (May 21-June 20) Don't put too heavy an emphasis upon having a good time today. If you do, you'll later have to really hustle.
CANCER (June 21-July 21) You may find yourself in a situation where you'll wrongly feel you have to put on a few airs to impress others.
LEO (July 22-Aug. 22) Shy away from sales types today who tend to grossly exaggerate. Their stories may be fascinating, but chances are their products aren't.
VIRGO (Aug. 23-Sept. 22) You're still in a good financial cycle. At the same time you tend to be extravagant, making it difficult to show a profit.
LIBRA (Sept. 23-Oct. 22) Be

Change In Regulations Spurs Action

Architect Eoghan Kelley was at a Seminole County School Board work session last night to submit a schematic for the Rock Lake Middle School in the state Department of Education by July 15. That approval required the official board action, since Kelley had earlier received board okay to submit the design outline. Discussion last night was centered on the July 15 deadline for submitting the schematic in order for the Rock Lake School to qualify under existing construction guidelines, a move Kelley said could save the board some \$80,000 to \$100,000. Kelley told the board that legislation going into effect on

Hug Remains Uncertain About His Next Move

By DONNA ESTES
Herald Staff Writer
CASSELBERRY — City managers are never totally surprised at being fired or asked to resign. Harry Hug, this city's manager for the past 16 months told The Herald today. "This is just a hazardous profession," he said. "I have no contract. City managers that I know of have contracts. We serve at the pleasure of the City Council," said Hug, veteran of 16 years in the city management field in four different communities in the county. Hug said he still has not come to a definite decision on whether he will bow to the request made by Council Chairman Edith Duerr this week to resign or fight it out at a full-blown public hearing. "I was probably more sur-

Five Ex-Cops, Accomplice Sentenced in Break-Ins

By BOB LLOYD
Herald Staff Writer

A former City of Sanford animal control officer was meted the longest jail term yesterday as Circuit Court Judge Clarence T. Johnson Jr. sentenced six men, including four former police patrolmen and an auxiliary policeman, to jail on guilty pleas stemming from nighttime burglaries last December.

RAYMOND BENNETT ROBERT CAMPBELL HIRAM HAMLIN

Robert Ray Campbell Jr., 23, 1513 1/2 Palmto Ave., received a 10-year prison sentence on his plea of guilty to breaking and entering with intent to commit a felony; grand larceny. Maximum sentence on the plea would have been 15 years in prison. Former patrolman Hiram Hamlin, 30, 2831 Magnolia Ave., received five years in prison and five years probation on his plea of guilty to breaking and entering with intent to commit a felony.

Two other former police patrolmen and an auxiliary officer received up to five years in probation and up to 90 consecutive nights in the county jail on a work-release program. Magner had pleaded guilty to entry without breaking with intent to commit a misdemeanor; petty larceny. Maximum sentence on the plea would have been five years in prison. Former patrolman Larry Leon Payton, 36, 1809 Madera Ave., received three years probation plus 30 nights in county jail on a work-release program. He had pleaded guilty to attempted grand larceny. Maximum sentence on the misdemeanor would have been one year in jail. Former police auxiliary member and city building inspector Ralph Paul Sessions, 22, 428 Scott Ave., received three years probation plus 45 nights in county jail on a work-release program. Sessions had pleaded guilty to burglary of a building. Maximum sentence on the felony would have been five years in prison. Reaction to the stiff sentences was cautious by area law enforcement officers, but one, who asked that his name not be used, commented bitterly that the ex-officers "were made examples."

Death Scene Investigated

Sherriff's Investigator Bill Hogan and an unidentified deputy view the bodies of a man and woman found slas on Hillcrest Street in Altamonte Springs early today. See story on Page 2-A. (Herald Photo by Gordon Williamson)
