

Lake Mary

By VIRGINIA P. ANDERSON
Friends of Mrs. W. B. Harrison will be sorry to hear that she is confined to the Seminole Memorial Hospital with double pneumonia.

day in Salt Lake City and another in Tulsa, Okla. They enjoyed a temperature of 48 degrees in Mount McKinley Park and sweated with 110 degrees in Tulsa and enthusiastically said, "Seminole County is still the best place to live!"

Florida, Alabama Study Possibility Of Interstate Road

TALLAHASSEE (AP)—Florida and Alabama are reported to be cooperating in studies aimed at linking interstate highways which would be built under the new federal road program.

Over 400 Exotic Trees And Plants Make Crystal Lake Nursery One Of Largest In Area

If you are curious about the hundreds of beautiful ornamental blooming and foliage plants that will thrive in this part of Florida a short drive out to the Crystal Lake Nursery in Lake Mary will be a thrilling revelation.

ANNOUNCING A NEW CONCEPT IN WASHING

Advertisement for GE 1957 Filter-Flo Automatic Washer, featuring a 2-speed multi-cycle and simplified controls.

IT'S QUIET in ...

Advertisement for Loch Arbor homes, featuring a picture of a house and text describing the benefits of the homes.

Executive Director Ralph Davis of the State Road Department said the studies are being directed toward tying in the state-long Alabama highway with the Jacksonville-Pensacola leg in Florida.

Among the popular shade trees are the fast growing Ear tree and Camphor tree, the Australian Silk Oak and the showy Peltophorum tree.

As the result of extreme care practiced at Crystal Lake Nursery it is accredited with the highest rating by the State Department of Agriculture nursery inspector.

Where everyone lives a carefree and relaxed life. Loch Arbor isn't a project but a group of select homes situated on sloping hills with access to canal frontage.

Ike-Nixon Ticket Seen As GOP Confab Opens

Teenage Problems Subject Of Panel Discussion Tonight

John Angel, assistant principal at Pinecrest School, Miss Marilyn Calhoun, student at Florida Southern College, and James Davis, a student at Florida State University, will be panelists for tonight's Christian Adventure Week topic, "Teenage Problems."

Questions which were handed in by Methodists will be discussed among the panelists and among the youth in the audience.

Supper will be served by the Dependable Sunday School Class at 8 o'clock this evening. Bob Reedy Jr. and Miss Mabel Chapman will then lead the group in fellowship singing and games.

The panel discussion is scheduled for 7:30 this evening following the supper hour. Parents and friends are invited to attend.

At 8:30 this evening, the Rev. Charles Herron will speak in the church sanctuary on the subject "What Jesus Was A Teenager."

The supper, panel discussions, and group singing will be held in the educational building of the First Methodist Church.

Tonight's panel discussion is the second in the series of events staged for the boys and girls of intermediate age during Christian Adventure Week.

The Rev. Charles "Chuck" Herron, speaker for the week's program is the son of Mr. and Mrs. Ray Herron of Sanford.

11-Year-Old Artist Thrills Audience With Piano Recital

A small but enthusiastic audience thrilled to the artistry of little Miss Allyson Lee at the Mayfair Inn Saturday night when the 11-year-old concert pianist delighted her listeners with a group of ten classical and popular numbers, concluding with "Bambie Boogie."

Rather than disappoint her audience, kept to a small number due to the heavy rainstorm which caused the cancellation of the swimming party scheduled just prior to her appearance in the ball room, the porsonable young artist gave a recital even longer than planned. One of the most difficult numbers in her entire repertoire of over 40 committed-to-memory was "The Little Donkey." All of her numbers and her efforts were very well received.

Tuesday noon at the Yacht Club, Allyson will appear before the members of the Sanford Lions' Club and the following week, before the Lions' Club of Mt. Dora.

Five Pass Tests As Red Cross Water Safety Instructors

Four Sanford young men and one young lady from De Bary attended the highest "ages" possible in swimming, at Orlando last week when they successfully passed their tests in the American Red Cross Water Safety Instructors.

Now qualified to teach swimming, junior and senior life saving and to pass others in junior and senior life saving tests, are: Robert Samuel, Kenneth McMurray, Wiley Jamell and Jim Lumberson, all of Sanford and Miss Sally Nieder of De Bary.

They are receiving the congratulations of their friends on having attained their objective after long hours of training and having the purpose in mind to render first aid and to save lives.

Company To Make Feasibility Study Of Proposed Base

The Bureau of Yards and Docks has announced the awarding of a contract to the Airways Engineering Company of Washington, D. C. for a feasibility study and modified advanced planning report in connection with the proposed Naval Station at Ocala, in Seminole County.

The contract provides for a study of all aspects of the Ocala area to determine whether or not the site can accommodate a major air activity.

If the results of this study indicate that the site is suitable the advanced planning study will be made to provide comments and recommendations relative to locations of the base components and the cost estimates for major items.

The base is being planned with 12,500 foot runways and support facilities for over 150 aircraft, 500 officers and 3,500 enlisted personnel.

10 Apprentices Are Training In Trades, Crafts In Sanford

Sanford has 10 apprentices in trades and crafts, reports Andrew Bernard, area representative of the Florida Industrial Commission's Apprenticeship Department.

The apprentices train under state approved programs. They work under the supervision of skilled journeymen to learn a trade, and take classroom courses of the related theory behind the work.

Apprentices in Sanford include eight in carpentry and two in the Sanford Herald.

As of July 1, there were 3,222 apprentices in training throughout the state, more than ever before in the history of the program, reports S. C. Bigham, State Apprenticeship Department Director.

Bigham said this program "presents splendid opportunities for young men to become skilled journeymen in a craft or trade. Florida today is expanding and needs more apprentices to meet the skilled demands of a growing state."

Those in this area who are interested in becoming apprentices can learn more about the program by contacting Andrew Bernard at East St., Jacksonville, or by writing the Apprenticeship Department, Florida Industrial Commission, Tallahassee.

Joint apprenticeship committees of labor and management representatives, or a plant committee in a individual firm, supervise the training of apprentices in each trade or craft.

Southern Bell Picketing Stops

JACKSONVILLE, Fla. — Picketing of the Southern Bell Telephone and Telegraph Co. stopped last night.

Pickets paraded in front of the office in what telephone company officials said was an unauthorized strike.

Hospital Has Items For Sale

On Feb. 1, of this year the much needed, beautiful new Seminole Memorial Hospital was opened to the public and began its operation.

This event also marked the closing of the "well remembered" Fernald-Laughton Memorial Hospital, located at 500 Oak Ave.

Fernald-Laughton was a landmark, a place where, through the years since its inception, the ill, illnesses and injuries of Sanford and Seminole County's citizens were attended.

Some of the equipment has been reconditioned and will be returned for use in the event a necessity should arise.

A few items are still at the Fernald-Laughton Memorial Hospital Building and interested persons who may be able to use them are invited to visit the building to look at them. A number of the items have some very definite value and may be purchased at any time between the hours of 9 a. m. and 3 p. m.

The Fernald-Laughton Hospital office is open daily for the public's convenience.

Among the items for sale at the old hospital are: gas cook stove; tables, stands, water cooler, 75-gallon water heater; lamps, ice chest; lights, steam sterilizer; janitor's door; four small gas heaters; bottles; beds; desks; cabinets; crutches; and hat racks.

There are also many items that may be given away.

Weekend Arrests, Summonses Are 48 In Seminole County

Arrests and summonses for the weekend, beginning Friday noon and ending at midnight Sunday, in Seminole County totaled 48, according to the records in the Seminole County Sheriff's Office.

According to the records in the Sheriff's office arrests for public intoxication were 13; no drivers license four; excessive speed five; driving while intoxicated three; reckless driving three; open profanity two; parking on the highway one; falling to have motor vehicle under control one; possession of moonshine whiskey one; driving without lights one; possession of lottery tickets one; possession of stolen property one; and unlawful riding of railroad train two. The number of summonses for traffic violations and other cases numbered seven.

Band To Continue Tuesday Practices

Seminole High School Band Master Ernest Cowley said this morning that the summer band practice will be held in the bandroom at Seminole High School from 7:30 to 9:30 p. m. Beginning with tomorrow night.

Cowley said that the practice will be held in the bandroom at Seminole High School from 7:30 to 9:30 p. m. Beginning with tomorrow night.

Chiefs Club Launches Membership Drive

The Seminole Chiefs Club began its membership drive this morning, said Thomas Stringer, vice president of the organization and chairman of the membership campaign.

The campaign, said Stringer, will be climaxed next Saturday morning following a week's concentrated activity on acquiring the full quota of members expected for the 1958-59 Seminole High School sports activities cooperation.

A meeting of all interested citizens and members of the newly organized club will be held tomorrow night in the commissioner's room at the Sanford City Hall at 7:30 p. m. when the membership campaign will be fully discussed.

Stringer said today that three teams have been appointed for the membership drive headed by Team Captains J. Bralley Odham, Dr. John Morgan and Mason H. Whorton.

Members of Odham's team are: Mrs. Dorothy Odham, George Touhy, Mrs. Louise Touhy, Joel Field, W. W. Tyre, Floyd Cooper and Fred Murray.

Members of Dr. Morgan's team are: Mrs. John Morgan, Dr. John Epps, Mrs. John Epps, Dr. A. W. Epps Jr., and Mrs. A. W. Epps. G. Andrew Speer and Mrs. Speer.

Members of Whorton's team are: M. L. Raborn Jr., John Kader, William Kader, B. L. Perkins Jr., B. L. Perkins Sr., Ed Keith and Mrs. John Schirrad.

According to plans, the team getting the most members during the week's membership campaign will be treated to a barbecue supper which will be staged just prior to the first football game of the season. The supper for the winning team will be provided by the two losing teams.

However, Thomas Stringer, the membership campaign chairman said that the barbecue supper will be held for all members both old and new.

The High School Principal of Seminole High and the coaching staff are members of the Seminole Chiefs Club by virtue of their positions relative to the athletic program that will be presented during the coming year.

Sleepwalker, 11, Disappears Today

SOPHOPHY — An 11-year-old girl known as a chronic sleepwalker disappeared from her home at a forest tower station near the edge of the big Apalachicola National Forest early today.

When the blonde haired, blue-eyed girl, Star Hill, couldn't be located crews of forest rangers and bloodhounds were called out in a search for her.

A Florida Forest Service plane also was dispatched to aid in the search in a desolate wooded area about seven miles south of here, Sophophy is about 40 miles southwest of Tallahassee near the coast.

Jaycees' Annual Fishing Rodeo Set At Lake Carola

Aug. 29 Date Set For Event

The Seminole County Junior Chamber of Commerce announced today that they will sponsor the Seventh Annual Fishing Rodeo for youngsters under the age of 14.

The date for this event has been set for Wednesday, Aug. 29, by the Rodeo Chairman, Jack Sewell.

This year, the annual event staged for the hundreds of Seminole County children who look forward to the occasion, will be held in Fort Mellon Park around the newly named Lake Carola.

G. Andrew Speer, president of the Seminole County Jaycees said this morning, "We are expecting to have more than 600 boys and girls at this year's Fishing Rodeo." Every boy and girl in Seminole County within the age limit is invited to take part in this big pre-school event, Speer said.

The Jaycees will furnish the poles, hooks, line and the Seminole County Sportsman Association is contributing the worms to be used in the big event. There will be no shortage of poles, line and bait, Chairman Jack Sewell commented. The Jaycees are now preparing and arranging their huge stock of poles at the City's Shops.

Again, free transportation will be provided to Lake Carola from every section of the county and the schedule of bus operations for the day will be announced later along with the routes that the huge buses will take in order to give every boy and girl an opportunity to attend.

A list of the prizes, which again this year are being donated by Merchants of Sanford will be announced later. However, Jack Sewell said this morning that prizes will be awarded for the first fish caught; the longest fish landed; the smallest fish brought in; in various age groups and classifications.

In order to provide entertainment and pleasure for those who would not otherwise have an opportunity to participate in a Fishing Rodeo, the Jaycees are inviting children from the Methodist Children's Home at Enterprise and Lutheran Haven at Slavia.

Sewell said this morning that because "this event attracts many hundreds of young anglers, this year we are preparing for over 600."

Lake Carola has been stocked by the City of Sanford under the supervision of Sid Richardson and Game Warden Harry Hervish. It is expected, as has been in other years, many officials of the Game and Fresh Water Fish Commission as well as officers and members of the Seminole County Sportsman's Association will attend the event to assist the Jaycees in staging the annual event.

Plans for the Seminole County Jaycees Fishing Rodeo have been underway for many weeks under the leadership of Jack Sewell. Various committees have been formed to take care of the children and their needs while attending the fishing event.

"Every precaution will be taken for the safety of every child that attends our annual Fishing Rodeo," said Chairman Sewell. Medical attention will be available in case of minor accidents which have proved to be very few and exceptional.

It is expected that ice cream and cold drinks will be served to each child participating, however, complete plans have not yet been announced.

"The 1958 Seminole County Jaycees Fishing Rodeo will be one of the biggest events of its kind in the state," Jaycees President Speer said this morning.

President Reported Prepared To Give Nixon Clear Track

SAN FRANCISCO (U. S. P. M.) — President Eisenhower was reliably reported to be ready to give Vice President Nixon a clear track for renomination in the Republican convention opening today.

In the face of a campaign by Harold E. Stassen, to dump Nixon the vice president's associates said today they had received assurances Eisenhower will submit neither publicly nor privately any list of men he regards as qualified and acceptable to him as a running mate.

Stassen has pinned his drive to replace Nixon on a hope that Eisenhower would let it be known before the convention's balloting session Wednesday that some others would be equally suitable as a vice presidential nominee.

Stassen, on leave of absence at Eisenhower's disarmament assistant, has been plunging for reelection Gov. Christian A. Herter of Massachusetts. Herter is asking Rep. Joseph W. Martin Jr., the convention's permanent chairman, to withdraw his name if it is offered for second place on the ticket.

In the absence of any indication from Eisenhower that others are acceptable, Nixon's renomination appeared to everybody—probably including Stassen — as about as certain as the sunset. The formal offering of Eisenhower's name to the convention by Rep. Charles Halleck of Indiana.

Holler In Hospital With Broken Hip

The many friends of Bill Holler Jr., owner of Holler Motor Sales here and in DeLand, will regret to learn that he is confined in Fish Memorial Hospital there with a broken hip as the result of an accident which happened in Orlando Friday evening.

As Holler stepped off a curb, he tripped and fell heavily to the ground. Believing that he was not badly hurt, he proceeded to drive his car to his home in DeLand. Finally, upon medical examination, it was discovered that he had suffered a fracture of the right hip.

DEMONSTRATION COUNTIES SELECTED

JACKSONVILLE, Fla. — Palm Beach and Collier have been selected as demonstration counties for a project to improve maternal and child health services for migrant agricultural workers.

Dr. Wilson T. Bowder, state health officer, said the State Board of Health had received \$274,000 for the five-year project. The board said there were about 20,000 migrants in Palm Beach and 5,000 to 7,000 in Collier each autumn.

The clinics will be at Pahokee, Belle Glade and Immokalee.

DELEGATE VOLIE A. WILLIAMS JR. at the Conn Organ last week while attending the Democratic National Convention in Chicago held in Chicago's International Amphitheatre. Williams is discussing politics and political music with Bill McMains, the convention organist.

Who Gets Up First In Morning At Your House—Husband Or Wife?

Maybe some of our readers can help solve a question which popped up one evening in a nearby city:

Who should get up first in the morning—the husband or the wife? We had no idea what a hot question this is until a small group in another community fell to discussing it the other night. It almost broke up a pleasant gathering.

In no time at all, voices had risen sharply. Stealy looks appeared in eyes that a few moments before had been friendly. Speakers began referring to their spouses in formal, third-person terms—a sure danger signal. As the question was defined, it was a small matter on the surface.

In most homes, it was agreed, husband and wife arise about the same time. That "about" may represent a difference of no more than five minutes or so. But what a difference! However short the time lapse, everyone agreed, there is a monumental satisfaction in remaining sleepily abed until after somebody else's feet have hit the floor. One wife waxed especially indignant. She considered the question a threat to Southern traditions. "My father always got up before my mother did," she said fiercely. "His father got up before his mother did. I don't care how long I have to wait, I'm going to stay in bed till after my husband gets up. The idea of a big strong man lying in bed after his wife gets up!"

Somebody said husbands used to get up first to build fires—a job most of them don't have to worry with now. She said that was beside the point, a real gentleman wouldn't hesitate to get up first. She glared at her husband, who was beginning to look thoughtful. "Well," said another wife, "I always get up first. My husband has to work all day. It's the least I can do to give him a few minutes extra rest."

At least two ladies present considered this treason. "You have three small children," one of them squealed, "and you worry about how much work your HUSBAND has! Well, we just have two children, but my husband gets up first and starts breakfast while I change the baby." Her husband started to say something. "Of course," she

told him ominously, "If you'd rather change the baby..." He said no, he was satisfied. Frankly, we were amazed by all the speakers. If such opinions—any of them—prevail, what is this wide, wide world coming to. It should be clear to anybody that... But maybe we're wrong. What do you think? Who should get up first in the morning?

Debt Reduction

An old-fashioned, but nevertheless sound view has it that debt reduction is a good thing. By this standard, citizens of the United States ought to be doing a bit of relieving these days.

In recent years the national debt has flirted with the maximum permissible by law, 275 billion dollars. On two occasions, Congress has allowed the ceiling to rise temporarily to 281 billions so that the Treasury could borrow money to squeak by during the period of slim tax receipts. Now the debt has dropped by more than a billion and a half dollars from the 1955 total. It's now a mere \$1,623 for every man, woman and child.

On second thought, that's plenty. However, we might call to your attention an editorial which was published in these columns some weeks ago about the national debt and a possible way to bring it down as much as \$3 billion dollars.

We suggested that the Congress appropriate money for operation of the hundreds of government agencies and capital improvement programs on the basis of every two years—and not a cent beyond.

Unused funds for various projects are stacked up in the Treasury of the United States to the tune of more than \$3 billions of dollars.

Possibly we could begin with a clean slate—all over again—and use this untouched total for the reduction of the national debt. We still think that it's a good idea. Then—each man, woman and child wouldn't owe so much after all.

Statehood Issue

Now that the 84th Congress has adjourned, this is the time for post-mortems. Quite aside from the major accomplishments and failures of the Congress, it is worth noting that statehood for Alaska and Hawaii once more went by the board.

This may seem curious, since both the Republicans and the Democrats are committed to statehood for the two territories by planks in their platforms of four years ago. But the issue was not given serious consideration this year. Not one lawmaker made a serious effort to force party leaders to redeem their pledge.

The fact is that simple politics is barring the way to statehood for the territories. Despite affectionate reference to the idea during campaigns, Congress is not likely to approve statehood until it comes around to considering the matter on its merits rather than on the basis of politics.

When you reach the bottom, be of good cheer. There is no other way to go but up.

Too many people are like buttons—popping off at the wrong time.

Road To Presidency All Uphill

By JAMES MARLOW
Associated Press News Analyst
CHICAGO (AP)—Adlai Stevenson can be happy now that he got the Democratic presidential nomination the way he wanted to get it.

But the road to the presidency itself is all uphill. Just before he turned off the light early today and crawled into bed he must have sighed to himself:

"I don't get another minute's rest until after election night next Nov. 6."

One thing is sure: if he hadn't won the nomination last week, it wouldn't have been because he didn't try. He had prepped for it since he lost his first try at the presidency in 1952.

He had a jinx on his back: his overwhelming defeat by President Eisenhower four years ago. He had to convince the politicians to trust him for another try when the political polls are saying Eisenhower is the favorite again.

Then a last-minute blow came from former President Truman who, in his desire to get the nomination for Averell Harriman, told the convention and all American voters Stevenson could not win in 1956.

It was a strange piece of business for a politician like Truman who knew when he said it the Republicans would use it this fall against Stevenson—if nominated.

Columnist Learns Much From Mail

By MAL BOYLE
NEW YORK (AP)—Some things a columnist might never know if he didn't "open" his "MAIL" column.

That air conditioning is responsible for a major improvement in American political practices: The hotel room in which party leaders pick a candidate no longer has to be smoke-filled. Presumably this enables them to see the issues more clearly.

Annie Starting here

That Betty Furness, the pretty lady icebox peddler, took a 30-dress wardrobe to the two national political conventions... but not to be outdone, Carl King, huckster for a rival TV network, showed up with 15 suits, 8 pair of shoes, 36 shirts, 20 ties, 3 belts, 8 tiepins, and 24 sets of bvd's.

That Elaine Malbin, the opera singer, has changed her hair style 38 times this year alone.

That there are only about 123 pounds of steak on a 1,000-pound steer—which explains why most of us have to eat hamburger.

That—male motorists probably won't believe this—two-thirds of the women in America don't drive automobiles. It only seems like the other third "kiss" on the highway at the same time.

That only about 25 per cent of babies born in America now are breast-fed.

That about 30 per cent of the life insurance policy holders in the United States are under 18.

That a columnist in the Missouri State Penitentiary's monthly newspaper—we never knew a well-run prison would board a columnist—observes bitterly "about the only way for an ex-convict to make an impression today is with his fingerprints."

That if a girl doesn't want too much competition while husband hunting her best bet is to go to college. Two out of three of America's 2,400,000 college students are men.

That a young man seeking a wife who can keep him in the style to which he wants to become accustomed will do better to look for an heiress rather than a working girl. Only 40,000 of the 21 million American women who hold jobs outside the home earn \$10,000 or more a year.

That, no matter how many headaches the woes of modern life produce, the drug industry feels ready to cope with them. Does it comfort you to know enough sense not to look like a ther... are now machines that can

spew out a million tablets in 8 hours?

That two-thirds of the rainfall in America... this is the Eastern half of the country—a condition about which Congress has done precious little.

That we may not live as pure lives as our grandparents, but we must be a lot cleaner. The per capita use of water has increased from 600 gallons a day to 1,800 gallons in the last half century.

That only one out of every 10 people who start a diet ever get down to their desired weight—and stick to it.

That the chances are one in four you own some U.S. savings bonds.

That men, who've always had the job of "bringing home the bacon," now are playing a bigger role in selecting all the family groceries. Checks by supermarkets show that only 52.7 per cent of sales are made to women shopping alone.

That a lady named Ann Necchi used 124,000 yards of thread to sew the U.S. Constitution on a blue felt cloth 210 by 18 feet. Can't help wondering where she'll hang it—in the guest room?

That Gertrude Berg—"Molly life produce, the drug industry feels ready to cope with them. tip: "A sensible girl should have Does it comfort you to know enough sense not to look like a ther... are now machines that can

TODAY'S BIBLE VERSE

Life means more than food—Matt. 6:25.
We are not worms, nor mere animals. We have a higher nature and require higher forms of spiritual food. Some make no provision to feed the soul.

HIGHLIGHTS AS REPUBLICANS CONVENE

By General Press Association
When PAUSE the convening of the delegates and alternates to attend the convention? The answer—surprising to many—is that they do themselves. In fact, the privilege of attending a convention officially in some states carries with it a tacit invitation that a delegate from the party's campaign fund is in order.

THE REPUBLICANS have a traditional rule as to how to hold a roll call which is one of their more time-consuming practices than those followed by the Democrats. Consequently there may be more forced roll calls in the GOP convention on issues other than the nominations themselves than in the recent Democratic show.

A single Republican delegation can demand a roll call and get it. The Democrats follow the House of Representatives' rule that one shall be ordered only when at least one-fifth of those present stand up and are counted in favor of it.

HISTORY may repeat itself if the Republicans, without a contest for their nominations, turn with unusual vigor to drafting their platform, because the Democrats in 1952, with Martin Van Buren's nomination a foregone conclusion, decided to concentrate on issues instead of men, and invented the device.

Although it has come to be thought of merely as a platform with each paragraph a "plank," actually the word came from the French platform, meaning a ground plan, chart, map or blueprint. Nobody seems to know who the word was who coined.

"In redefining, a platform is to get in on, not to stand on."

BY HOLDING their convention later than any major political convener in history, the GOP is relying on fast modern mass communication. One presidential

nominee, Gen. Zachary Taylor, hero of the Mexican war, named by the Whigs on the fourth ballot in June, 1848, did not even learn officially of his nomination for about a month.

In those days the receiver paid the postage, and General Taylor, impatient over paying 10 cents for many crank letters, refused to accept the bundle that contained the letter telling of his nomination.

PRESIDENT EISENHOWER has indicated he will fly to San Francisco to accept the nomination in person, and by so doing he is following the lead of Franklin D. Roosevelt, who in 1932 blazed a trail by flying from New York to Chicago to accept. Before that it was tradition for the nominee coyly to wait for the arrival of a formal delegation which weeks later gave a straight-faced message garished by speeches.

THE UNFINISHED which binds some Democratic delegations so that a minority of delegates must go along with the majority, was abandoned by the Republicans after a tie in the 1952 convention at Cincinnati which nominated Rutherford B. Hayes.

James G. Blaine, a leading contender, opposed the rule, and when Sen. Pennsylvania delegates challenged the authority of Sen. Cameron, Pennsylvania boss, to test all the state's votes at a unit, the convention sustained them 599-562. That tilted the rule forever in the GOP.

When And How To Use Packs And Compresses

By HERMAN H. SCHLESINGER, M.D.
DURING family illnesses—and you know how often they occur—a homemaker frequently must substitute as a nurse.

For certain minor ailments she usually can act on her own. For more serious disorders, she'll have to follow the advice of the family physician.

Helpful aids in treating many discomforts are simple applications of heat or cold or a medication to a particular portion of the body or to the entire body.

Do You Know?
If your doctor should recommend a hot or cold pack or a poultice for a patient in your home, would you know what to do?

Every homemaker should be acquainted with a few fundamentals such as how to apply moist heat. The purpose of a moist hot application is to ease pain, supply moisture and to promote muscle relaxation, circulation and drainage of a wound. It can be given either by applying hot compresses to the affected area or by soaking the area in an easily made solution. Generally, your doctor will recommend one of the following solutions:

Three per cent borax acid, or three to six per cent magnesium sulfate, or 20 per cent alcohol saturated with water.

The temperature of the solutions when they are applied should be about 120 degrees. You can keep them warm by frequently adding small amounts of hot solution.

As for compresses which may contain any one of several medicinal substances, you can use turpentine, salicylic, glycerol or cotton. For certain cases, one may be better than the other.

Warm and Moist
Keep these moist compresses warm by placing a hot water bag on top. Or, you can keep them warm and moist, too, by wrapping the entire area in cellophane or oiled paper.

When using compresses or solutions on an open wound, remember they must be sterile. Usually, it's a good idea to interrupt these soaks or applications occasionally to prevent the skin from becoming water-logged.

QUESTIONS AND ANSWERS
Q: I am 41 and my nose is becoming gradually larger. It is forming lumps and looks somewhat purple. What can I do for it?
A: From your description you are suffering from rhinophyma of the nose, which is due to a disorder of the oil glands of the nose. Usually a plastic surgeon can clear up this disease.

LOVE THAT MAN!

Here's a happy beginning! Smart bridegroom has included an electric dishwasher in the new home. Happy bride will say happy. With Raddy Klawatt doing the housework—they'll have more time to enjoy life together... the honeymoon can last forever!

Yes, when I do do dishes she'll be an efficient homemaker. I can do them by hand—and dry in minutes after machine. As for hubby, he's smart in many ways than one... no asking him to dry the dishes!

Local Couple Finds Europe Is 'Exciting, Delightful' Place

(From Naples, Italy comes this firsthand report on some of the sights to be seen in Europe, by Lieutenant Commander and Mrs. Dale E. Scott Jr. and their six year old son, Lee. Mrs. Scott is the former Madelyn Truluck of Sanford.) Society Editor's Note.

Lt. Commander and Mrs. Scott, with their son Lee, have just returned to Naples, where Lt. Commander Scott is stationed, after touring Europe for thirty days. They toured Northern Italy after stopping off in Rome and Florence for sightseeing and in Pisa to view the famous Leaning Tower. Arriving in Zurich, Switzerland, they decided to stay a while and took advantage of some of the many sight-seeing trips and boat excursions offered to tourists. The Scotts enjoyed the pleasant surroundings of high snow-topped mountains so much that they stretched their visit in Zurich out to four days.

Proceeding on into Germany the Scotts made a two-day stop in Frankfurt; then spent several days in Munich they report that these two cities have made rapid progress in rebuilding the vast areas demolished by bombing during World War II. In Mrs. Scott's own words "The trip through Germany was lovely with the high mountains and vast green farm lands."

Traveling from Munich, Lt. Commander and Mrs. Scott and Lee chose Garmisch, Germany, a recreational resort city, for a "delightful week's stay. Trips from here were most exciting, such as the one to the Bavarian Alps and the Zugspitze Mountain, which is 12,000 feet high and was reached by cable car and cog train. After reaching the peak, we witnessed a snowstorm and much skiing, which seemed unusual for the month of July."

From Jarmisch, they also visited the Linderhof Castle of King Ludwig, where the inhabitants present the Passion Play every ten years. They then took a side trip to Berchtesgaden, another colorful Alpine village where Hitler had his redoubt. While in Garmisch, the Scotts stayed at The General Patton Hotel, once Hitler's officers club, now taken over by the Americans.

From Germany they continued on to Innsbruck, Austria and thence to the renowned Venice, Italy, where they enjoyed the gondolas and visited St. Mark's Square. They report "It was as pictured, with the streets made up of canals."

During their four-day stay in Venice, they visited the surrounding islands, finding Lido Island "beautiful" with its large beach on the Adriatic Sea.

Taking their leave of Venice, the Scotts returned through Central Italy and on down to Naples, their present home.

A SCENE AT THE Friday night Fish Fry staged by the De Bary Lions Club. Shown here are some of the visitors as they poured in from every direction to enjoy the event. At the left is the serving table and the beginning of a long line awaiting to be served. (Photo by Jameson)

De Bary News

Mr. and Mrs. William Williams and Mr. and Mrs. Charles C. Wagner have been vacationing for a fortnight at Ormond Beach. They stayed at the Coquina Hotel where friends joined them for ocean bathing and congenial afternoons on the beach.

Mr. and Mrs. Harold Fanning have been celebrating their 39th wedding anniversary.

Mr. and Mrs. Wesley W. Saatkamp have been entertaining Miss Amanda Saatkamp of Evansville, Indiana.

Mr. and Mrs. John N. Korman have had as house guests Mr. and Mrs. F. W. Busch of Rochester, N. Y.

Mr. and Mrs. Harry Falk have been entertaining Rev. and Mrs. John R. Bellville of Charleston, Pa. and Mr. and Mrs. John Durning of St. Louis, Miss.

Mr. and Mrs. Frederick Weston, formerly of Valley Stream, Long Island, have moved to De Bary.

Mr. and Mrs. Ferdinand Petzita have had as house guests for a fortnight, Frank Petzita of New York.

The G.O.C. have finally obtained their private phone and will utilize this at their next alert.

Mrs. Laura Platt Brown will hold White Plains day at her home this next Saturday, having as guests all nearby residents formerly of that city. They will bring a covered dish luncheon and enjoy swimming in the forenoon.

SUNDAY DINNER Suggestions

FOR something different for Sunday dinner that will suit most tastes, why not try a barbecued rolled-veal roast? Here's the way to prepare it with the accompanying sauce.

FOR THE MEAT: 3 pounds of rolled-veal shoulder of veal. Wipe the meat with a damp cloth and put on a rack in the roasting pan. Rub well with salt and pepper. Mix the following ingredients and pour over the roast: three-fourths cup of ketchup, 2 tablespoons vinegar, 1 tablespoon celery seed, 1 tablespoon sugar, 1 teaspoon dry mustard, dash of cayenne and 1 tablespoon Worcestershire sauce.

The roast and ingredients should be placed uncovered in a moderate oven (about 350 degrees) and roasted for about three hours, or until the meat thermometer registers 175 degrees. The roast also may be cooked in an electric roaster at the same temperature for the same length of time. This will provide ample servings for from six to eight persons.

In addition to potatoes and a vegetable of choice, why not add to the roast by serving a jellied cranberry salad? Sprinkle 1 envelope of unflavored gelatin into 1/2 cup cold water and let stand 5 minutes. Add 1 cup hot water, stir until gelatin is dissolved. Add 1/4 teaspoon salt, juice of 1/2 lemon and a 16-ounce can of cranberry jelly and sufficient cold greens. The mixture should be mixed until smooth and chilled until set in molds.

For dessert, a strawberry-cream freeze provides a delicious way to top off such a meal. Mix two packages frozen strawberries with a dash of salt and the juice of one lemon and a cup of sour cream. Blend and mash the strawberries with the other ingredients and place in refrigerator tray in the freezing compartment until firm.

Quilted nylon or cotton plisse lines add a pretty touch to baby's bassinet and require little upkeep. Either kind can be washed through soap or detergent suds, rinsed, and wiped dry—ready for use again without ironing.

FILM PRODUCER Cecil B. DeMille celebrates his 75th birthday by cutting a cake in Hollywood, Calif., with a sword used in his latest movie, "The Ten Commandments." (International)

Grime Doesn't Pay On Garden Gloves

Protect your hands from the wear and tear of gardening this summer by choosing comfortable gloves. Every gardener needs gloves that are flexible, sturdy, and able to take a washing in soap or detergent suds after each use.

Some new gardening gloves are treated with vinyl plastic to make them practical for outdoor use, yet easy to manipulate for fine weeding. If you take a minute to rinse that mud and soil from your work gloves under the outdoor faucet, you'll find that washing them in the basin later is a much neater job.

Any homemaker is smart to own a set of well-styled washable plastic shades to top her lamps during the dog days.

Fidelis Class Has Covered Dish Supper on Patio

The Fidelis Class of the First Baptist Church met recently for a covered dish supper held on patio of Mrs. J. M. Moye's home, with Group Number Six as hostesses. Mrs. F. E. Cooper, president, presided over the meeting.

Mrs. J. M. Moye gave the devotional which was followed by reports from group leaders. Mrs. F. E. Gatchel, teacher, appointed a nominating committee, composed of Mrs. F. E. Cooper, Mrs. Robert A. Williams and Mrs. John Rogers, to elect new officers for the coming year.

Each of the members wrote down some suggestions for improving attendance and interest in the Class for the coming year.

It was announced that the next regular meeting would be held in Sept. in the home of Mrs. W. A. Kratzer, with Group Number Five as hostesses. Mrs. Gatchel closed the meeting with a prayer.

Members present were Mrs. F. E. Gatchel, Mrs. F. E. Cooper, Mrs. Robert A. Williams, Mrs. W. A. Kratzer, Mrs. J. P. Wilson, Mrs. D. K. McNab, Mrs. C. S. Sheppard, Mrs. A. L. Wilson, Mrs. Harold Davis, Mrs. J. P. Whitaker, Mrs. W. R. Willis, Mrs. A. L. Gunter, Mrs. S. J. Brooks, Mrs. F. E. McCoy, Mrs. J. M. Moye, Mrs. H. E. Turner, Mrs. Carl Moss, Mrs. F. E. McCoy, Mrs. J. M. Moye, Mrs. H. E. Turner, Mrs. Carl Moss, Mrs. L. F. Garner, and Miss Lorene Franklin.

Miss Stevenson Honored With Informal Party

Miss Grace Marie Stinecoper was hostess at an informal "get together" recently honoring her houseguest, Miss Alene Stevenson of Atlanta, Ga. No games or special entertainment were planned, the girls preferring to just sit around and "visit".

The high spot of the evening was the "old-fashioned" ice cream served buffet style in the garden from a table gaily decorated with zinnias and assorted greenery.

Those invited to share the occasion with Miss Stevenson were Miss Nancy Rountree, Miss Rosemary Garner, Miss Joni Saunders, Miss Martha Owens, Miss Peggy Wright, Miss Peggy Beers, Miss Patty Walker, Miss Jeanette Kinlaw, Miss Paulette Cason, Mrs. Robert Berg, Mrs. Billy Howard and Mrs. Gerald Jones.

Over 600 Attend Lions Club Fish Fry Friday Night

By MARY FOWLER

DE BARY — A cool afternoon following the intense summer heat brought out over 600 hungry De Bary residents to an excellent fish fry staged by the Lions Club Friday night. Between the Gulf station and a nearby restaurant, four deep in line, hundreds greeted each other as they awaited their turn. Guests from Sanford, Daytona, Deland and Orange City were entertained by De Bary friends. Over a steaming cauldron could be seen Joe Jackson, with his chefs busily frying fish; Milford Leonard and Wellesey Corbett busily assisting at the counter; Bill Lutz dispensing baked beans and George Gerling with a basket of crullers, doing a big business. As the throng passed on and handed their tickets to the smiling Charlie Everett, they found their plates being filled with crunchy bush puppies, cole slaw and all the makings of a dandy Friday night supper. Plus, of course, the pies and cakes the Lionsesses had been bringing in all afternoon. Those who had dined called out to the chatting group still in line, "Worth waiting for; best fish fry we ever went to."

The Lions Club has been interested in purchasing the essentials for outdoor activities for the younger generation. They have already outfitted a baseball team (not yet officially named) and they have been promised a lot on Naranja road to be given by Plantation Estates for the ball field. The Lions now hope they can buy the adjoining lot and make this a focal point for youngsters' sports.

The fish fry being such a success, the Lions are exultant. Big smiles were evident as Al Faron, Franklin Miller, Ed Redman, Homer Lacy, Ed Corson, Harold Jenkins, George Ryan, Ed Davis, Bob Scott, Arh Hars, Bill Stripes, Stanley Stroud, Carl Lacy, Ray Peck, Joe Alvarez and Vince Gurcharr helped out and welcomed friends and neighbors, making this one of the most spectacular and enjoyable events ever staged in De Bary.

After dishes are washed and dried, it's quick and easy to put them into their special places. Every now and then, set the rubber racks in the sink and sponge them off with warm soap or detergent suds.

Over 600 Attend Lions Club Fish Fry Friday Night

DAVIDOW'S TOWN AND COUNTRY gray Linton tweed ensemble comes from his collection for fall, 1956. Bias banding is used for the low front pockets and jacket hem. The matching, but bolder-patterned, coat is seven-eighths length.

The GOLDEN WITCH

By ZOLA ROSS

CHAPTER TWENTY-FOUR

AS TIM WAS BEING SWORN IN, Michael thought furiously. He couldn't hope to direct Tim's testimony, couldn't even ask specific questions. He knew the fact woman, hastily introduced to Michael by Meg, remained a mystery. Why was she here? He looked at Tim and mentally moved to his feet to whisper to the officer of confidence. Michael would have to assume it to be justified. "Yes, sir," Tim said. "Just got in from San Francisco an hour ago."

"And while there, you made inquiries about the Fenner family?"

"Yes, sir. I found plenty who knew Darcy Fenner. One of the best bartenders in the city."

"Dan Farmer, on his feet, here the name of a man who didn't exactly know a rat but was afraid to investigate."

"Your Honor, while I am sure the brother of the plaintiff appreciates this, I am forced to object. Darcy Fenner is not on trial, it is concerned in this action except as a witness."

Judge Yankers nodded. "Sustained unless counsel for the defense shows cause for apparent bias of testimony."

"This is a lie," Dan Farmer said. "I tell you Darcy Fenner is concerned in this action and concerned plenty!"

"Yankers pounded the gavel. Michael cut in swiftly before the judge might be moved to hold Tim in contempt. "Your Honor, I beg the court's leniency. I believe the testimony of Darcy Fenner to the plaintiff of prime importance. Darcy Fenner is on trial for seduction. If certain portions of the plaintiff's case can be proved to be untrue, the case would have a definite bearing on the case."

Judge Yankers hesitated. He glanced at Louise Fenner. Everybody else did too. During the preceding days, she had sat forlornly in the courtroom, her testimony in a quiet, unobtrusive way that did much to prejudice the jury in her favor. Now she looked quite different. She was flushed with color, she was glaring directly at the fat woman, the Gaynor.

"Objection sustained," Judge Yankers said finally. "Proceed, Counselor."

"I would like to have the witness tell his story in his own words," Michael said. "Mr. O'Brien?"

Cocoa Moves Out In Front In FSL

Eyes Of Class D Turn To Gainesville For Two Big Games

ORLANDO—With 8800 still riding on every pitch, eyes of the Class D Florida State League turn today and tomorrow to Harris Field in Gainesville where Budd Kerr and his junior New York Giants will try to spike the offensive guns of Ray Wilson and his junior St. Louis Cardinals in what should be two of the most dramatic games of the entire season.

Gainesville's one-game lead over Cocoa vanished Thursday night after a week in which the G's won but four of seven, two of their losses being to the powerful West Palm Beach Sun Chiefs under Walt Novick.

Cocoa, winner of six out of seven starts, moved back into first place, determined to stay there and this walk-off with the pennant, an \$800 cash purse for its players, and no play-off.

With 13 playing dates, including today, remaining on the schedule, Cocoa this week meets West Palm Beach and Leesburg three times each while Gainesville meets Daytona and Palatka three each.

Second-half play reveals that the G's have the edge as they head into the most important week of the season—their next to last chance for a berth in the play-off and a crack at the \$800 purse and pennant.

Gainesville has won seven straight from Daytona since second half play began while asking six of seven from Palatka. Cocoa has won four of seven from each West Palm and Leesburg. Gainesville has won six of seven from Gainesville this half.

Felipe Alou, Cocoa outfield ace, still leads the league in batting, but, for the first time in nine weeks, was down to .305, sixteen points ahead of Daytona's Don Dillard whose 128 RBIs had him only 13 away from a new league record.

Cornelia Pizzaro hit one of the longest homers ever seen in St. Petersburg, the ball clearing a fence 400 feet from the plate and bouncing into Tampa Bay on the first hop. No major leaguer among the hundreds who have appeared at Lang Field so far has done that.

With over 12,000 fans already recorded as guests at three previous "free" games, St. Pete President Herb Smith expects a new high record there tomorrow night at still another gratis game.

DODGER HEADACHE . . . By Alan Mauer

BOB DUHL, MILWAUKEE HURLER, WHO'S HAVING HIS BEST SEASON IN THE MAJORS—HE'S LIKELY A 20-WIN ONE.

BOB HAD WON IN THE END OF JULY WHICH WAS MORE THAN HE'D EVER WON IN A FULL SEASON, PREVIOUSLY.

MUST BE LEGAL

IT'S SPECIAL ATTRACTION HAVE BEEN THE DODGERS—WON HIS FIRST 6 AGAINST THEM THIS YEAR—MORE THAN 6 OTHER TEAMS HAD BEEN ABLE TO DO UP TO THEM—BUT ED REUBEN'S RECORD 9 WINS AGAINST THEM (100) SEEMS SAFE WITH ONLY 2 GAMES LEFT.

ST. LOUIS (AP) — Fay Crocker, nearly beaten in 100-degree heat that hid round, shot a closing 68 in cool, rainy weather for a near-record 228 to win the \$5,000 Norwood Hills Women's Invitational golf tournament.

Miss Crocker, from Montevideo, Uruguay, was three under par for her final round yesterday and her total was just one stroke off the record for a 72-hole tournament in women's pro golf.

Three strokes back was Joyce Zinke of Waterbury, Wis., who shot a one-under 73 for a 291. She won \$616. Miss Crocker \$880. Defending champion Louise Suggs had a 228 for third place, worth \$328.

Miss Crocker had a good chance for the 267 record set this year by Kathy Cornelius of Lake Worth, Fla., at St. Petersburg, but she took bogeys on the last two holes.

Mrs. Marlene Bauer Hagg, leading money winner this year, jumped from seventh to fourth with a last round 73 for a 296. Her 296 was worth \$440.

Fifth with 300 was Mary Lena Faulk of Thomaston, Ga. Tied for sixth at 303 were Alice Bauer of Sarasota, Fla., Peggy Kirk of Southern Pines, N.C., and Beverly Hanson, Apple Valley, Calif.

Fay Crocker Wins Women's Invitational

Flaherty Injured In Race Saturday

SPRINGFIELD, Ill. (AP) — Pat Flaherty, winner of the 500-mile Indianapolis auto race Memorial Day, remained in serious condition today following his crashup Saturday night. Flaherty, however, definitely is off the critical list, hospital authorities reported.

Flaherty was injured in a 100-mile race at Illinois State Fair grounds when his auto spun around and was rammed by another racer.

The 29-year-old Chicago tavern owner at first was given little chance to survive but improved after surgery Saturday night.

He suffered a compound fracture of the right forearm, a fractured left shoulder, compound fracture and multiple face lacerations.

Boxing Assn. Opens Annual Convention

MIAMI (AP) — Adoption of a five-point system for scoring bouts and election of a National Boxing Assn. president were matters confronting the NBA today in the opening of its annual convention.

Floyd Stevens of Paris, Mich., was regarded as a shoo-in to succeed Lou Radziand as president.

Whether to replace the current 10-point a pound scoring system loomed as more of a bone of contention.

In essence, fighters winning a round under the proposed five-point scoring would get five points to three or four granted his opponent. Advocates of the five-point system say it would produce smaller, handier margins at the end of a fight—90-44, for instance—instead of the 98 to 94 or similar margins racked up under the 10-point system. The latter's proponents say the 10-point system is just beginning to come into its own and should be retained.

Dave Kaiser led Michigan State in pass receiving in 1955, nabbing 12 tosses for 343 yards and two touchdowns.

Pelicans Are Still In Southern Assn. First Division

By the Associated Press

Husky George Witt, who mustered only two victories in 12 decisions at Lincoln last year, looked like the biggest ace in the New Orleans pitching deck today after his second straight one-hitter kept the Pelicans in the Southern Assn. first division.

The 190-pound California has reeled off six consecutive victories during the Pel drive from the lower regions. His one-hitter yesterday gave New Orleans a 2-0 decision over Nashville and prevented the Vols from regaining fourth place. Nashville overpowered the Pelicans 5-1 in the opener.

Ted only hit off Witt was a single in the first inning of the seven-inning affair by Ralph Country Brown. Last Wednesday the 24-year-old righthander lost a no-hit bid with two out in the ninth against Chattanooga.

Atlanta stretched to league lead to a full game over Birmingham by dividing with Memphis while the Barons were losing 11-3 to Montgomery. Atlanta slugged the Chicks 12-2 in the first game but lost the second 2-1 in two extra innings. Mobile climbed into a fifth place tie with Nashville by trimming Chattanooga 6-0.

UMPS AND LUMPS

NEW YORK (AP) — Things are getting tougher for umpires these days. Two minor league arbiters were suspended recently for striking players during an argument. One incident occurred in the Texas League and the other in the Carolina League.

The Texas fracas happened in the street after the game. The Carolina flareup took place during the game when one of the players while arguing hit the umpire with a bat.

Pro Golf Caravan Heads For St. Paul

MILWAUKEE (AP) — The professional golf caravan today headed for St. Paul, Minn., the next stop on the circuit, without gritty Ed Furgal, winner yesterday of the \$25,000 Milwaukee Open Golf tournament with a final round of five-under-par 65.

The 30-year-old St. Louis pro, richer by \$6,000 and a new station wagon after posting a 15-under-par 269 in the 72-hole medal tournament at Tripoli, said he had to get back to his teaching duties at the Westwood Country Club.

Furgal, whose left arm is withered due to a childhood accident, was an 11th-hour entry here. He never had played the tricky, windswept 8,300-yard course.

After carding a course record of seven-under-par 63 on the first day, the former U.S. Open champion went into the final round trailing 84-hole leader Jackie Burke, Master's and PGA champion from Klamath Lake, N. Y., by two strokes—126 to 200.

Furgal overcame Burke's edge on the first nine with a one-under-par 34 with the aid of a pair of birdies, and then collected four more birdies on the back nine to wrap up the title.

Burke, who like Furgal had a 63 on the first round, finished third with a 270, one stroke back of 30-year-old Gene Littler.

SEVEN YEAR HITS

BROOKLYN (AP) — It's a long time between homers at Busch Stadium in St. Louis for Pee Wee Reese of the Dodgers.

When Reese rapped a homer on July 30 it marked only the third of his career in the Cardinal park. His first round tripper there occurred in 1942 and the second in 1949. Thus an interval of seven years, elapsed between each round tripper.

Former lightweight champion Jimmy Carter had a small gym in his home in South Ozone Park, N. Y.

KUBEK COMING

DENVER (AP) — Tony Kubek, hard hitting infielder for the Denver Bears in the American Assn., is the son of a former American Assn. outfielder. Tony Sr., once hit .333 for the Milwaukee Brewers a couple of decades ago. Whereas Dad never made the majors, the younger Kubek has been tabbed by Yankees scouts as a "Yankee star of the future."

Backs Kyle and Pat Knight, both former SMU stars from San Antonio, Tex., are with the New York Football Giants.

RACETRACK LOSES MONEY

DETROIT (AP) — Northville Downs Harness Raceway lost money this year when McQuinna and his sire Guinea Gold were running.

McQuinna was the recent Michigan Colt Stakes. The track suffered a \$8,951 minus pool including a miss pool of \$28.70 for six.

Guinea Gold cost Northville Downs a \$1,701 minus pool a week before the Michigan Colt Stakes.

2 Backfield Stars Suffer Injuries In Auto Accidents

LOS ANGELES (AP) — Two stars of the Washington Redskins backfield, quarterback Al Dorow and halfback Vic Janowicz, were under treatment today for injuries suffered in separate weekend traffic accidents.

Both figured prominently in the Redskins' 20-21 victory over the Los Angeles Rams in a National Football League exhibition game here last Friday night.

EISENHOWER: He's Seeking Another Term

Within year, the President was feted twice by serious illness.

The President works at his White House desk.

The President delivers his annual State of the Union message.

Panama's President Ricardo M. Arias extends greetings to President Eisenhower at Panama conference.

Caught By Surprise, But San Fran's Ready

MINNEAPOLIS (AP)—A bachelor schoolteacher claims he has proved that it requires only a seven-hour workday to care for a family of four children and do all the washing, ironing, cooking, baking, housecleaning, bathing and disciplining.

Maurice K. Enghausen, 36, a man of great courage, took a dare and found out what it's like to run a home.

It all came about after Enghausen, who teaches at Sau Rapids, Minn., read a Minneapolis Tribune story about the long work week of today's young mother. He wrote a letter to the paper, saying, "Any woman who puts in that many hours is awfully slow, a poor budgeter of time or just plain inefficient."

He offered to prove his point by keeping house for a family. The Tribune arranged for him to take over for three days at the Minneapolis home of the Robert Daltons, subject of the original story.

So, armed with nothing more than his theories and bravery, Enghausen moved into the Dalton house and told the parents to take it easy, that he was there to do all the housework and child tending.

When the sin was over, Enghausen chuckled victoriously. "I still wish teaching 115 students were as easy as handling four children and a house."

Mrs. Dalton, previously more than a little skeptical, praised him. "In cooking, he did better than I do," she conceded. "In cleaning, I am more thorough. But perhaps some of that is unnecessary. He certainly fit beautifully in our family, and the kids were sorry to see him go."

"He's so methodical. The only thing he forgot was to wind his watch."

"And he knew just where to find everything—the soap in the basement and the pliers on the rear of the refrigerator top."

Enghausen figured his work load totaled 30 hours over the three days.

Here is part what he did just the first day:

Washed three loads of clothes and hung them outdoors to dry. Ironed all the laundry, including underwear and sheets, which Mrs. Dalton does not iron. Cleaned the first floor. Baked two cakes, neither from commercial mixes. Prepared two salads to be eaten the next day. Fixed a soup and sandwich lunch and a big supper which he served in the back yard. Bathed Marty, 6, Mary, 3, and Robbie, 2, at the same time. Timmy, 7, escaped when he heard water running. Washed the woodwork. Undressed the children for their naps, and dressed them again when they awakened. Borrowed soda for the cakes from a next door neighbor "who looked as though she thought she had better humor me." Disciplined the children mildly. Scrubbed the kitchen floor—at 8 p.m., because he doesn't believe in letting things go until tomorrow. Made a hit with the children. Timmy gave him 10 pennies for a gift. Mary told him "I really love you," as she climbed onto his lap. And Robert let him do everything for him, from feeding to diaper changing. Enghausen says his efficiency stems from the fact he has kept house for himself for seven years and did housework to earn money while a college senior. "My mind works like a clock and is full of pigeon holes like a desk, in which planned thoughts are filed to be used later," he says. The Daltons considered his stay "wonderful."

Bachelor Takes Dare; Learns To Run Home

MINNEAPOLIS (AP)—A bachelor schoolteacher claims he has proved that it requires only a seven-hour workday to care for a family of four children and do all the washing, ironing, cooking, baking, housecleaning, bathing and disciplining.

Maurice K. Enghausen, 36, a man of great courage, took a dare and found out what it's like to run a home.

It all came about after Enghausen, who teaches at Sau Rapids, Minn., read a Minneapolis Tribune story about the long work week of today's young mother. He wrote a letter to the paper, saying, "Any woman who puts in that many hours is awfully slow, a poor budgeter of time or just plain inefficient."

He offered to prove his point by keeping house for a family. The Tribune arranged for him to take over for three days at the Minneapolis home of the Robert Daltons, subject of the original story.

So, armed with nothing more than his theories and bravery, Enghausen moved into the Dalton house and told the parents to take it easy, that he was there to do all the housework and child tending.

When the sin was over, Enghausen chuckled victoriously. "I still wish teaching 115 students were as easy as handling four children and a house."

Mrs. Dalton, previously more than a little skeptical, praised him. "In cooking, he did better than I do," she conceded. "In cleaning, I am more thorough. But perhaps some of that is unnecessary. He certainly fit beautifully in our family, and the kids were sorry to see him go."

"He's so methodical. The only thing he forgot was to wind his watch."

"And he knew just where to find everything—the soap in the basement and the pliers on the rear of the refrigerator top."

Enghausen figured his work load totaled 30 hours over the three days.

Here is part what he did just the first day:

State Road Board Study Proposed Bayway Location

TALLAHASSEE (AP)—Members of the State Road Board will inspect the site of the proposed Pinellas County bayway Aug. 28. The board has accepted the invitation of the Pinellas County Commission and chambers of commerce of various municipalities in the area to hold its regular monthly meeting at Clearwater Friday, Aug. 25. Executive Director Ralph Davis said board members would take advantage of being in the area to look over the route of the proposed bayway, a system of causeways and bridges which would tie the Gulf Key and the lower St. Petersburg beaches with the Sunshine Skyway.

Only district board member Al Rogers and Chairman Wilbur E. Jones have visited the site of the proposed bayway, Davis said.

It is possible the board will be able to announce at the meeting how the \$1 million dollars in federal interstate highway funds allocated to Florida for the current fiscal year will be distributed among the five state road districts, Davis said.

The board already has said that the initial federal money will be spent on interstate links in the larger cities to help relieve urban traffic clogs.

The meeting at Clearwater will be the first session the present board has held outside Tallahassee. The law requires that only four meetings a year be held in the capital but in the 19 months it has been in office, the present board has held all of its meetings at Tallahassee.

Riesel Says Killing Means Gang War

NEW YORK (AP)—Labor columnist Victor Riesel says he is slaying of a truck driver Saturday is another link in a chain of underworld murders that have followed his being blinded by acid.

The murders are "indicative of a terrific gang war which is just beginning in New York and will soon spread across the nation," Riesel said in a brief television appearance last night—the NBC—Steve Allen show.

Riesel, blinded by an acid-throwing hoodlum April 5, referred to the killing Saturday of Fred Mischner, 28. The truck driver was found with four bullets in his body in a hallway of a Lower East Side tenement.

Police said, however, there is "no definite association at this time" between Mischner's death and the slaying of Abraham Telvi, 23, last month.

The FBI has said Telvi was the man who tossed the acid at Riesel for a \$1,000 fee.

In his TV appearance last night, Riesel said the murders are a "disciplinary action" on the part of underworld bosses.

"It is the most terrifically organized crime," said the columnist. "Hitting me was only a symbol that he was in crime, who makes organized crime big business, will stop at nothing to get rid of their accusers."

Patients Make Key From Spoon; Flee Mental Hospital

CHATTAHOOCHEE (AP)—Four mental patients fashioned a key out of a spoon handle and fled from the Florida State Hospital yesterday. The patients were apprehended some two hours later.

Hospital Supt. William Rogers said one of the escapees, William Rodriguez, had been charged with murder in Dade County and another, Edward L. Singleton, had been committed after being convicted in Hillsborough County on breaking and entering charges.

The two others who enjoyed a brief period of liberty were D. J. Munday of Duval County and E. J. Barnes of Putnam County.

Rogers said that while an attendant was taking a group of patients to another section of the hospital, these four used the key to get out one door and broke open another door of their wards.

Munday was apprehended by Deputy Sheriff Robert Martin. The three others were taken by attendants near Hardway east of here.

Police Kill Robber, Capture Two In Gun Duel

NEW YORK (AP)—Police killed one masked robber and captured two others in a blazing gun duel in a plush Park Avenue restaurant last night. A police sergeant was wounded.

A parking lot attendant, who is an ex-patrolman, witnessed the robbery through a kitchen window of the Town and Country Restaurant at 290 Park Ave. He called police who burst in on ten three armed men.

The restaurant had closed 30 minutes before the holdup attempt. Murray Friedlander, 43, cashier of the restaurant, told police three men entered his office and one demanded "Gimme the money, you, or I'll kill you."

Friedlander handed over a cash box containing about \$300.

Two of the thugs lined up eight kitchen helpers and a waitress against a wall while the gang leader marched Friedlander upstairs to a safe in the manager's office.

About that time Police Sgt. Howard Brunn and two patrolmen charged into the restaurant. Brunn was shot in the right arm by one of the robbers.

Ike Leaves Tuesday For San Francisco

WASHINGTON (AP)—A change in his plans will put President Eisenhower in San Francisco in time to take a personal hand in the vice presidential running race. But there was no new indication he plans to do so.

White House press secretary James C. Hagerty said yesterday Eisenhower will leave tomorrow—24 hours earlier than he had planned—for the Republican National Convention. He said Eisenhower wants more time "to visit with many of his friends who are delegates."

A key administration official who asked not to be named said the change in plans was "in no way related" to the second spot nomination. The nomination is expected to go to Vice President Nixon despite Harold E. Stassen's efforts to keep Nixon off the ticket.

This official said Eisenhower allowed himself an extra day in San Francisco "because he does not want to give any slightest impression of remaining aloof from the convention," and so he can talk with friends.

FIRE KILLING INVESTIGATED

FORT MYERS (AP)—Juan Ramos, 34, was held for investigation today of the pistol slaying of Andres Molina, allegedly over a \$3 loan in Immokalee lodgings where both migrant farm workers were roommates.

Deputy Sheriff Gibb Gross said Ramos admitted fatally shooting Molina after a quarrel about midnight Saturday over money he had lent to Molina. Gross said Ramos told him that Molina was armed with a butcher knife.

It is the law in Florida that no family, regardless of size, may have more than one automobile.

Culpepper Addresses Teachers, Principals

DR. BROWARD CULPEPPER, Executive Secretary, State Board of Control, (left) chats with Seminole County Superintendent of Public Instruction R. T. Milwee just prior to Dr. Culpepper's address before a meeting of Seminole County teachers this morning. (Staff Photo)

Up to 300 Seminole County school teachers and 19 principals met this morning at Pine Crest School to hear Dr. Broward Culpepper, Executive Secretary of the State Board of Control, and to meet new teachers assigned to schools here.

Dr. Culpepper spoke on "Essentials to Successful Living."

Following the address, a business meeting of the Seminole County Education Association was held to lay plans for the coming year and to complete plans for attending the Area VII meeting of the Florida Education Association which is to be held tomorrow in the Peabody Auditorium, Daytona Beach.

Officers of the Seminole County Education Association are: Mrs. William B. Way, president; Herold Heckenbach, first vice president; Mrs. Lucy Smith, second vice president; Mrs. Mary Joyce Bateman, recording secretary; Fred Murray, treasurer; and Mrs. Helen Stephenson, corresponding secretary.

Committees announced at this morning's meeting by the president are: program, Mrs. Boyd Coleman; ethics, Mrs. Elizabeth Sharon; Mrs. Sybil Routh, publicity; Miss Edna Chittendon, legislative; Mrs. Mary Rogers, news letters; Herold Heckenbach, parliamentarian; Miss Rebecca Stevens and Miss Barbara Ruprecht, telephone committee; Mrs. Hamilton Babco, courtesy; Miss Ruth Carlson, social; advisors, R. T. Milwee, Stewart Gatchel, and Mrs. Margaret Golt.

Dr. Culpepper, this morning, told the Seminole County Teachers that "We are living in a great moment of history, the time for greatness of teachers responsible for our coming through."

"There's too much time for cigarettes and all sorts of relaxation without our doing anything. Too many things are presented as counter economics and it is hard for us to select what to do," he said.

"However good, we are not indispensable. Keep in balance and take time to be with other professional people and have an exchange of ideas. Reaching out and teaching the lives of the children is the greatest thing we can do," Dr. Culpepper said.

The Rev. A. G. Melonis, pastor of the First Presbyterian Church of Sanford in an opening devotional period at the meeting this morning told the assembled teachers that "man's life never was meant to consist of material things alone."

"We thank God for that group of people dedicating their lives to the building of character," he said.

"America, with her barns full needs to examine its sense of values. Efforts spent for children is more important than capital investment," the Rev. Melonis said.

Following the morning session, George Touhy, president of the Seminole County Chamber of Commerce; the Rev. David Carney, president of the Seminole County Ministerial Association; Mrs. Marion St. John, president of the Seminole County Council of Parents and Teachers; Dr. Terry Bird, Director of the Seminole County Health Unit; Mrs. Mabel Brown and Mrs. Hulda Kibbe, nurses of the Seminole County Health Unit were guests at a luncheon served at Pine Crest School for the teachers and principals. Hugh Carlson, chairman of the Seminole County Principals, presided at the luncheon.

New teachers of the county schools were welcomed by Mrs. Velma Mitchell, principal of Southside Primary School. She presented each new teacher with a bag containing a green apple, candy, chewing gum, pencils, a ball point pen, an address book and mint.

A general session and group meetings were held this afternoon.

Youths Seek County Road For Drag Racing

A group of teenaged boys appeared at this morning's session of the Board of Seminole County Commissioners to request permission to use a county road for drag racing on Sunday afternoons.

Headed by Bobby Joe Young, who acted as spokesman for the group of 15 or more boys, the group asked for the use of Lake Howell Road immediately behind Lyman School.

Bobby Joe Young explained that the group is interested in forming a "Hot Rod Club" which would be affiliated with the National Association through which insurance would be issued on each boy participating in the races.

Commissioner Otis Fouracre explained that "it would be easy to block off the road so as not to affect traffic."

Sheriff J. L. Hobby, speaking for the group of teenagers, explained that he would supervise the races. "There are at least 30 boys in Sanford alone, interested in this organization," he said.

The Sheriff said "It would certainly help me because it would take the boys off the roads of the county and put them in one place under supervision."

Commissioner Fouracre said "I think it would be a good thing."

Ten spokesmen for the boys said that boys under 21 could not participate in the club without their parents' permission and boys from 14 to 18 would be required to pass their drivers' examination before participating.

However, County Attorney Mack N. Cleveland Jr., requested that the Board of County Commissioners allow him time to check into and determine the county's responsibility should they sanction such a club.

B. Wiederhold Will Compete In Public Speaking Contest

Bobby Wiederhold, 16-year-old Junior at Seminole High School, will appear before the State Soil Conservation Convention Thursday morning to take part in a public speaking contest in competition with five other representatives from Florida Soil Conservation districts.

Bobby is a member of the Seminole County Chapter of the Future Farmers of America. His instructor is Bill West, Vocational Agriculture teacher at Seminole High School.

This Bobby Wiederhold's first competition on the state level, having won the district public speaking contest for the area in May. Last year he won second place in district competition.

He represents the local FFA Chapter as well as the local soil conservation district when he appears Thursday at the San Juan Hotel in Orlando during the convention.

His subject in the six-district competition will be "Conserving Our Natural Resources."

Local Girls Chosen For Chalm School Starting Sept. 8

Three Sanford young ladies and one from Enterprise have been selected from 80 applicants for the first Chalm School to be conducted at Sandaloo Springs starting Sept. 8.

The first course will include 28 students from nine Central Florida cities.

The local representatives include Linda Ventry, daughter of Mr. and Mrs. H. G. Ventry of 2003 Jefferson Ave.; Jol Filibre, daughter of Mr. and Mrs. H. W. Filibre of 1808 Palm Way; Caye Stubbings, daughter of Mr. and Mrs. George Stubbings; and Maggie Lawson, daughter of Mr. and Mrs. Sam Lawson of Stone Island, Enterprise.

The school will be conducted over a four-month period ending the latter part of December. All of the classes will be held at Sandaloo Springs.

The purpose of the school is to form a pool of models which would be available to Central Florida chambers of commerce for publicity purposes.

Registration Assn. Will Be Invited To Hold Meet Here

Mrs. Camilla Bruce requested this morning that the Board of Seminole County Commissioners write to the president of the State Association of Supervisors of Registration requesting that their mid-winter meeting be held in Sanford.

The invitation for the 67 supervisors of registration will be forwarded immediately, County Attorney Mack N. Cleveland Jr., was instructed to write the invitation for the board.

Bids were opened this morning on a 13-wheel and an 11-wheel Traffic Roller in accordance with an advertisement authorized by the Board of Commissioners. The Florida Equipment Co. was the low bidder on the 13-wheel traffic roller at a net price of \$7,115.

However, in accepting the low bid, the Board of County Commissioners requested that the old nine-wheel traffic roller be sold for \$350.

Seminole Land Developers of Winter Park notified the Board of County Commissioners this morning by letter that they "planned to do some developing in Seminole County." They requested information relative to requirements on roads, bridges and other regulations.

Two miles of streets will be paved in Casselberry, according to a letter read to the County Commissioners this morning. The letter requested the use of the mixed-in-place machine. This is the second request received by the Board of the Commissioners for the use of the newly acquired road machine.

14 Families Open Bakery

BRADENTON — A bakery which 14 Ohio families pooled their resources to finance has opened near here.

Virgil Fegg and Charles Johnson started the movement because of a prolonged bakery strike in Ohio. They came here, surveyed the situation and went home to drum up support.

They convinced 12 other families and the wholesale migration of 16 persons in the families followed.

The bakery represents an investment of about \$100,000 and employs 60 persons.

PLANE CRASHES

PENSACOLA — An SNJ Texas trainer plane crashed on takeoff and burned yesterday, killing two Navy men.

They were identified as Lt. Marvin Givadais of Bay City, Mich.; and Aviation Mechanic's Mate Report D. Lindsay of Louisville, Ky.

Big 3 Seeks Proposal Support

LONDON — The Western Big Three made a concentrated drive for Asian and Middle Eastern support of their proposal for international operation of the Suez Canal today, but India's V. K. Krishna Menon warned that Egypt would reject the plan.

Menon, who visited President Nasser in Cairo before coming to the conference, told a press conference the Western plan was "entirely impracticable."

The Indian envoy yesterday put a compromise proposal before the 22-nation conference called to deal with the Suez dispute. The Indian plan would give Egypt full control of the 103-mile waterway, with an international body to act only in a consultative and advisory capacity.

Menon said the plan presented by Secretary of State Dulles for an international board to operate the canal with Egyptian participation—in effect would internationalize the present canal company.

An authoritative Egyptian source in London declined comment on the U. S. and Indian plans. But he said Egypt is satisfied "the British and French are having second thoughts about the use of force."

In Cairo, however, the authoritative newspaper Al Akhbar said India's proposals were generally acceptable to Egypt. The paper gave a chilly reception to the U. S. plan.

The paper said Egypt does not object to Menon's proposal guaranteeing the interests of canal users.

Committees Are Revealed For Tea, Open House Sept. 9

The Women's Auxiliary of the All Saints Episcopal Church in Enterprise has completed plans for the tea and open house of its new parish house to be held Sunday, Sept. 9 from 2-5 p. m.

Members of the various committees have been revealed as Mrs. Louis F. St. Amant, Mrs. Barbara Eichel, Mrs. Edwin French, Mrs. Charles Gilford, Mrs. Lee Heaten, Mrs. Robert Cox, Mrs. Katherine Hinch, Mrs. Arthur Willgoose, Mrs. William Canada, Henry Eberling, Mrs. Michael McDermott, Mrs. D. J. Parker, Mrs. John Rydeme, Mrs. J. Parker, Mrs. John Rydeme, Mrs. Carl Smarling, Mrs. Millsapugh Van Brackles and Mrs. Henry Wood.

Dulles Is Praised For Great Service In Suez Crisis

LONDON — The liberal Manchester Guardian, frequently critical of Secretary of State Dulles, praised him today for "great service" to the world in the Suez crisis.

The newspaper said the Dulles plan for solving the dispute with Egypt was "admirably conceived."

"In putting it before the conference, Mr. Dulles made a speech of tact and moderation which was firm but courteous to Egypt," the Guardian said. "He has done great service to the Western powers—and to the world—in the past three weeks."

MISS FLORIDA GETS ANOTHER TITLE

MIAMI — Miss Florida of 1956 got another title today—Miss Coast Guard Reserve of 1956.

Sally Fisher's datebook included visits to the cutter Androscoogin, the Coast Guard base and air station after receiving her new title this morning from Miami Coast Guard Capt. S. P. Swicegood.

PLANE CRASHES

PENSACOLA — An SNJ Texas trainer plane crashed on takeoff and burned yesterday, killing two Navy men.

They were identified as Lt. Marvin Givadais of Bay City, Mich.; and Aviation Mechanic's Mate Report D. Lindsay of Louisville, Ky.

GOP Platform-Makers Pledge New Tax Cuts For Nation

Citizen Requests Study Of Airport Feasibility

Possibilities of a local airport became brighter today as Dr. Henry McLaulin appeared before the Board of Seminole County Commissioners to request their investigation into the feasibility of providing available land for the landing strips.

Dr. McLaulin cited a fund of 251-million dollars of federal money available for participation in state, county or municipal airports.

"I would like to ask that you investigate the feasibility of investing, not spending, in 50 acres of land to be used for this project," the local aviation enthusiast told the County Commissioners.

Calling attention to the amount of air traffic through nearby cities comparable to Sanford, Dr. McLaulin said that two 3,000 foot runways would be the minimum required.

However, discussion broke into the possibility of securing aid in promoting the moving of the Orlando Airport to a location more centrally located and on property available for expansion.

Commissioner Fred Dyson said "I think it is advisable for us to investigate the possibility of building a civil airport in Seminole County and also to determine if the government would approve the selection of a site for the proposed new facility."

County Engineer L. P. Hagan was asked to investigate the possibility of securing desirable land for use as an airport and to contact other persons possibly interested in cooperating with the location of an air field in Seminole County. Hagan is to make his report at the next meeting of the Board of Seminole County Commissioners today. However, he appeared alone at the meeting this morning to make the request.

It is expected that interest will run high in the possibilities of the location of an airport in the immediate vicinity of Sanford.

Dr. McLaulin pointed out that an air field must be at least six miles from the Sanford Naval Air Station because of existing air patterns now being used by Navy craft.

SNAS Presented 2 Awards For Safety By Rear Admiral

Rear Admiral Delbert S. Cornwell, Commander Fleet Air Jacksonville, presented the Sanford Naval Air Station with two awards from the Secretary of the Navy for safety this morning as nearly 300 spectators, both military and civilian, looked on.

The citations were presented for meritorious achievement in the fields of industrial and motor vehicle safety aboard the base.

RADM Cornwell awarded the certificates lauding the personnel of SNAS for the "teamwork that made these awards possible."

He concluded his address with "Congratulations and keep it up!"

Accepting the certificates on behalf of the Station, Commander Henry C. Cole, executive officer of the NAS, also praised the work of the base personnel and stated the awards were "a symbol of accidents prevented and lives saved."

The awards mark the fourth and fifth such citations awarded the Station since 1953.

Weeklong Search Ends; Boy Getting Antirabies Shots

DALLAS, Tex. — King Lear, a 6-year-old Dallas boy, was undergoing the series of antirabies shots today after a frantic week-long search.

A dog hit 15 persons in the small city of Rockwall, 15 miles from here, last Tuesday. The dog was later found to be rabid. Witnesses said they remembered a boy being bitten when a family stopped for some cold drinks. The family was believed to have been traveling.

Wire services, newspapers and radio stations spread the story of the search.

Tables treatments should be started within 14 days after infection. Without treatment, victims usually die in agony. By the time symptoms appear, it usually is too late, health authorities said.

Yesterday Mrs. Claude C. Lear, the boy's mother, heard a radio account and read an Associated Press story of the search. She recalled that King said he was nipped at when the family stopped at Rockwall for picnic supplies while on an outing.

The boy was rushed to Rockwall, where J. W. Cullin and Miss Pervia Lindsey identified him as the victim. He was then sped to the county health office for his first antirabies shot.

Lear said the boy had told him a puppy nipped at him, but the boy's leg, he said, apparently had not been scratched so the parents paid no further attention.

Funeral Tomorrow For J. A. Young

J. A. Young, 68, passed away at Miami Medical Center at 6:30 a. m. Monday following a six months illness.

Mr. Young was born March 30, 1888 in Omaha, Neb. He made his home in Sanford at 214 E. 18th St.

He was a member of the Presbyterian Church, and the Masonic Local No. 62 F&AM.

Mr. Young came to Florida in 1923 and was superintendent of the Florida Power and Light Co. plant for 21 years.

Survivors include his widow, Mrs. J. A. Young of Sanford; six children, R. H. Young, Miami; R. G. Young, Miami; J. A. Young Jr., Lakeland; Mrs. T. L. Noble, Palatka; Mrs. J. J. Jones of Philadelphia, Pa.; and Mrs. R. P. Goodspeed of Sanford; one brother, C. A. Young, of Miami; and 19 grandchildren.

Funeral services will be held Wednesday afternoon at 3 o'clock at the First Presbyterian Church with the Rev. A. G. Melonis officiating.

The Masons will have services at the graveside. All Masons will meet at the lodge hall at 2:30 p. m. Wednesday to attend the services in a body.

Active pallbearers will be: W. A. Dupuy, W. J. Doyle, L. J. Hagan, L. J. Ross, C. J. Jones, R. N. Stafford, and T. F. Stewart.

Approval Of Plank Expected

SAN FRANCISCO — Republican platform-makers today pledged the nation new tax cuts "with particular consideration for low and middle income families."

The tentative tax plank is being presented late today to the Republican National Convention for expected certain approval. It calls for tax cuts insofar as they are "consistent with a balanced budget."

The tax plank calls for further reduction in government spending "without weakening the support of a superior defense program or depreciating the quality of essential services of government to our people."

The party's proposed stand on taxes, as drafted by the convention Platform Committee, was one of several planks made public early today.

Others were released earlier by Sen. Prescott Bush of Connecticut committee chairman. He withheld however, the preamble to the platform until he delivers it himself before the convention.

The platform's section on defense expressed party determination to maintain adequate military strength "so long as our security and peace of the world require it."

It declared the United States has "the strongest striking force in the world — in the air — on the sea — and a magnificent supporting land force in our Army and Marine Corps."

Besides the promise to cut personal income taxes the GOP plank pledged to initiate "a sound policy of tax reductions" for small independent business to encourage it to modernize and achieve progress.

"Continued balancing of the budget" also was pledged to assure financial strength of the country and "maintain the purchasing power of a sound dollar."

The GOP plank cleared clear, however, of making the specific tax cut pledges contained in the Democratic platform — to raise personal income tax exemptions from \$600 to \$800 a year.

The platform claimed that one of the "brightest areas of achievement" under the Republican administration has been the conservation of natural resources. Democrats had claimed at Chicago that the administration allowed "selfish interests" to "pillage" those resources.

"We commend," the platform said, "the Eisenhower administration for its administration of our public lands and for the elimination of bureaucratic abuses."

The platform gave approval to the Eisenhower policy of developing water power resources under a partnership arrangement with government and private interests. Democrats claimed that this policy "has cost the nation billions."

Col. Bender Tells Rotarians Of SAC Activities, Duties

Col. Frank P. Bender, Deputy Commander of the Pinecastle Air Force Base, gave Sanford Rotarians at their weekly meeting yesterday at the Yacht Club a comprehensive insight of the work of the Strategic Air Command and held his listener's attention with his rapid fire, detailed account of the duties and activities of the various units comprising SAC.

Col. Bender, a native of Brooklyn, N. Y., has seen 17 years' service in the military forces of the nation and is the holder of many awards and citations. He is a graduate of the Naval War College at Newport, R. I., and was recently transferred to the Pinecastle AFB from McDill Field at Tampa.

In speaking of combat activities, he mentioned three phases of the conflict: The build-up, the decisive action and the exploitation and he explained in detail, each phase. He told of the many factors involved in alerting a crew, the hours of training, the varied procedures in keeping flyers "on the ready" at all times and of the many stations participating in SAC plans. It was interesting to learn of the re-fueling methods and where they took place, one member said.

The speaker was introduced by 1st Lieut. Albert J. McGill of Omaha, Neb., Base Information Services Officer, who, in turn was presented by Harry Lee Jr., program chairman for the day. Lt. McGill extended an invitation to the club members to visit Pinecastle AFB and announced the procedure to gain admittance.

Safe Driving Talks Show Good Results

The Safe Driving Lecture program currently being carried out at the Sanford Naval Air Station seems to be causing a marked decrease in the number of accidents and traffic violations involving personnel on the base.

According to a report made by State Trooper T. Mark Mack of the NAS Safe Driving Council, traffic violations have dropped some 50 per cent and the number of accidents has decreased 65 per cent since the first lecture eight weeks ago.

The program presents movies and lectures by notable law enforcement figures of the Seminole area Troopers Mack and Carl Williams gave talks during the month of July while County Prosecutor Kerlyle Housholder is handling the addresses this month. Volle A. Williams, Florida State Attorney, is scheduled to lecture in September.

Continuation of the program, every Tuesday morning, will last as long as the Safe Driving Council considers them necessary.

Hospital Notes

August 20 Admissions
Laura Mae Smith (Sanford)
Winona Newman (Sanford)
Willie D. Petty (Sanford)
James Burch (Apopka)
Charles Brundidge (Oviedo)
Agnes Birdsong (Orlando)
Daryl McLain (Sanford)

Discharges
Aultha Lee Tillman (Sanford)
Helen Byrd (Sanford)
Helen Smith and baby girl (Longwood)
Lavera Harrison (Lake Mary)

August 21 Admissions
Bernice Small (Altamonte Springs)

Deaths
Baby Boy Alken (Sanford)
Baby Girl Deffer (Sanford)

Discharges
Daryl McLain (Sanford)

Pediatrics—11 a. m. to 8 p. m. (parents and/or grandparents only)
Obstetrics—According to accommodations and no visitors during feeding of babies.

Funeral Tomorrow For J. A. Young

J. A. Young, 68, passed away at Miami Medical Center at 6:30 a. m. Monday following a six months illness.

Mr. Young was born March 30, 1888 in Omaha, Neb. He made his home in Sanford at 214 E. 18th St.

He was a member of the Presbyterian Church, and the Masonic Local No. 62 F&AM.

Mr. Young came to Florida in 1923 and was superintendent of the Florida Power and Light Co. plant for 21 years.

Survivors include his widow, Mrs. J. A. Young of Sanford; six children, R. H. Young, Miami; R. G. Young, Miami; J. A. Young Jr., Lakeland; Mrs. T. L. Noble, Palatka; Mrs. J. J. Jones of Philadelphia, Pa.; and Mrs. R. P. Goodspeed of Sanford; one brother, C. A. Young, of Miami; and 19 grandchildren.

Funeral services will be held Wednesday afternoon at 3 o'clock at the First Presbyterian Church with the Rev. A. G. Melonis officiating.

The Masons will have services at the graveside. All Masons will meet at the lodge hall at 2:30 p. m. Wednesday to attend the services in a body.

Active pallbearers will be: W. A. Dupuy, W. J. Doyle, L. J. Hagan, L. J. Ross, C. J. Jones, R. N. Stafford, and T. F. Stewart.
