SANFORD, FLORIDA, SATURDAY, APRIL 7, 1923

BOTH HOUSES IN RECESS WHILE LEASE-OPPONENTS STUDY REVISED STATUTES

IN LIGHT OF REMARKS
MADE ON FLOOR OF THE
HOUSE BY REP. DAVIS

AT PRESENT TO LEASE STATE
CONVICTS AND 1917 LEGISLATURE
DID NOT CHANGE IT

(By The Associated Press)
TALLAHASSEE, April 7.—With both houses in recess opponents of leasing convicts, studied the revised Florida statutes in the light of remarks made on the floor by Representative Davis, that it is lawful at present to lease state convicts to decide the widespread impression that the legislation of 1917 prohibited the practice. Mr. Davis explained that the practice had been discontinued, however. Mr. Davis said a provision making it lawful to lease state prisoners was incorporated in the revised statutes erroneously made known. He has a bill to present to this session to eliminate the flaw.

On the Tabert case proper, the house acted quickly today, the slight opposition to an investigation which developed loudly when the question was first injected yielding with but little of the fight it originally held.

As the first order of business, a committee of five named Tuesday to study a resolution from the North Dakota legislature, reported back recommending that a full investigation be made. This committee headed by Frank H. Davis of Leon, recommended that the inquiry be exhaustive in order that any abuses akin to Tabert's case might be eliminated. It recommended that the investigation committee not be composed of any member from a county where convict abuses have been recently reported.

In referring to Tabert's case specifically, it pointed out the prompt action taken by Governor Hardee in instituting an investigation as soon as the matter was reported to him. Representative Amos Lewis again launched his attack on the proposed inquiry, on the ground that it was an encroachment upon the courts, and S. S. Griffin, of Orange, fought with him on the same grounds. In the midst of debate on the committee's report the senate joint resolution came over to the house, and upon motion of Representative Forrest Lake, the house voted to concur in it.

Mr. Davis then moved that his committee report be tabled, which was done. During the debate Mr. Davis asserted that as a matter of fact there was no law existing in this state against the leasing of state convicts in spite of the widespread impression that the practice had been abolished in 1917. The system was abolished at that time, he declared, but later when the statutes were revised and redrawn, the provision was erroneously incorporated in the revised bulk which makes it absolutely lawful for the leasing of state convicts at this time, although it is not done.

Dr. Davis' remarks came during the running wild of the debate on his committee report. Mr. Davis had explained that the executive inquiry recommended in the report was for gathering information upon which the members might work intelligently in legislation concerning convicts in general, and need not necessarily be confined to Tabert's case.

Representative J. Ed. Stokes, predicted the practice of leasing county convicts would be abolished before the committee could conclude its inquiry, and the introduction of a bill for the purpose as soon as his name was called in the roll call.

At one point in the discussion Mr. Griffin pointed to the passage in the committee report, relating to Governor Hardee having moved promptly and asked if that didn't mean anything to the advocates of house action. Mr. Lake replied that the courts had been acting in the case for "three months" and hadn't gotten anywhere yet.

To the lay ear, about the only difference between a violinist and a fiddler is \$200 a night.

KLAN OFFICIALS IN COURT TODAY EMBEZZLEMENT

(By The Associated Press)
ATLANTA, GA., April 7.—Hearing on the charge of embezzlement of \$20,000 of the Klan funds against T. J. McKinnon, Imperial official was called in municipal court here this afternoon. Following the hearing the case of Ed Furney, cashier of the Klan Imperial forces, will be called. Furney is charged with embezzlement of \$80,000.

Sheriff Lowery is maintained as custodian of Imperial Palace of Klan and the committee composed of Emperor Simmons, Imperial Wizard Evans and J. M. George, marshal of municipal court appointed to run the business of the Klan until the hearing can be had on rule nisi under order handed down by Judge Thomas in superior court.

- Sanford Furniture Co.
- Seminole Meat Market.
- Snow's Barber Shop.

INDUSTRIAL OUTLOOK DISQUIETING IN ENGLAND SAYS REPORT AND THOUSANDS ARE OUT OF WORK

Estimated That 700,000 Workers Are Involved in Labor Disputes

(By The Associated Press)
LONDON, April 7.—The industrial outlook in Great Britain at present is regarded as extremely disquieting. It is estimated that nearly seven hundred thousand workers are involved in disputes with employers and some fifty-six thousand are already on a strike. These include Welsh miners and Norfolk farm workers. Employers of building trades announce today new schedule of wages and hours which becomes operative April 14th, and if men do not accept it a lockout of nearly 500,000 may result.

NEW MEXICO CHIEF OF POLICE WAS SHOT AND KILLED BY MOTORISTS THIS MORNING

Was On Running Board of Machine Trying to Stop a Fight When Killed

(By The Associated Press)
RATON, New Mexico, April 7.—Chief of Police Oscar Davis, 40 years of age was shot and killed last night when he attempted to stop a fight between two groups of motorists. Two automobiles each carrying two men picked up four local girls. The men are alleged to have started a fight and Davis jumped on the running board of one of the machines, a single shot was fired and Davis crumpled and fell to the street. The second car ran over him. He was dead when picked up. One of the cars was found last night near here covered with blood.

(By The Associated Press)
PUEBLO, Colo., April 7.—A large touring car passed through here early this morning travelling northward at a speed estimated at sixty miles an hour. It is believed to contain the men who shot and killed Chief of Police Davis at Raton. Pueblo had been notified to watch for the car but the police were unable to stop it.

SEVEN HUNDRED INVITED TO ROYAL ITALIAN WEDDING IN ROME MONDAY MORNING

Princess Yolanda and Count de Bergolo Will Have Royal Wedding

(By The Associated Press)
ROME, April 7.—Seven hundred persons have received invitations to the wedding of Princess Yolanda to Count Carlo Calvi de Bergolo next Monday morning. Invitations have been limited only to civil and military household of the king and queen mother and royal princess in addition to first four categories in precedence list of seal officials. Latter include wearers of collar of Annunziata with presidents of senate and chamber members of cabinet, judges supreme court and admirals. Princess Yolanda's wedding dress is of white. She carries a long train over which is a priceless piece of old lace seven yards long and two yards wide. Following an ancient custom, the bride will wear no jewels.

American Express Company Required to Establish Service

(By The Associated Press)
WASHINGTON, April 7.—The American Railway Express Company under order of the Interstate Commerce Commission is required to establish joint service with the South-eastern Express Company and provide reasonable through routing for shipments in conjunction with that company to and from all points in the United States. Many southern cities and shipping associations joined in proceedings before the commission in which the decision resulted.

TROOP 3, BOY SCOUTS

The regular weekly meeting of Troop 3 was held last night in their room at the Baptist church. The meeting was in charge of Patrol Leader King. After a short business meeting L. P. Hagan took the Scout oath and was welcomed as a tenderfoot Scout. The troop expects to reorganize for its summer season. Through the kindness of the Chautauque committee the troop is in fine shape. \$325 was turned over to the troop and the troop expects to do great things this summer. All Scouts please make an effort to be at the next meeting.

INITIAL SHIPMENT OF HASTINGS SPUD CROP GOES FORWARD

TAMPA, April 7.—Shipment of the first car of Hastings potatoes this season by the Hastings Potato Growers' Association was made April 3. It was reported here today by the Florida Citrus Exchange, which is marketing the more than 1,000 carload crop of the association. It is expected that the shipments will not attain any volume until April 20. The heaviest movement is expected from May 5 to May 15. According to latest advices received by the exchange, the Hastings potato belt has been enjoying some exceptionally fine growing weather, and crops are now in excellent condition. Exchange representatives at Hastings now estimate the freeze of last February did not curtail the crop more than 25 per cent.

CAPT. DERBY KILLED TODAY AT DAYTON, O.

PLANE FELL FIFTEEN HUNDRED FEET AT MCCOOK FIELD

(By The Associated Press)
JACKSONVILLE, April 7.—Captain Richard Derby, 28, of Tacoma, Wash., flyer at McCook Field here, was killed instantly when his plane fell fifteen hundred feet near the field this morning. Derby had been at the field since August last year and came here from Florida.

William J. Bryan Becomes Owner of Sanford Property

Near the Home Where His Wife Formerly Spent Her Winters

Prominent among the real estate transactions reported in Sanford last week, was the purchase of property in the residential section by William Jennings Bryan. The Great Commoner has been a frequent visitor to Sanford and this action on his part demonstrates the faith he has always expressed in The City Substantial.

The property purchased by Mr. Bryan is on Union avenue belonging to Buick Moore and until such time as he proposes to develop it, permission has been granted to use it for experimental agricultural work. Mr. Bryan is also sentimentally attached to Sanford, for before his marriage, he made frequent trips to this section calling on Mrs. Bryan who spent a number of winters here at a home in close proximity to the site just purchased.

Sanford is very much elated that this distinguished American and Floridian has property interests in common with its citizens.

Missionary Conference In Sanford This Month Will Be Interesting

Many church women think it counts little if they are members of the Women's Organization of the church or not, and if these wish to know really how much it matters, attend the sessions of the Missionary Conference at the Methodist church the third week of April, and find out how this great organization of women is made up. There will be those from rural districts as well as the small towns and cities representing smaller organizations, which make up this great work of Florida Methodism, in giving the gospel to the world. And this conference is just one of 40 that makes up the Women's Missionary Council of the Southern Methodist church and have missionaries in six foreign countries, and a large work in the home land.

Heavy Fine Imposed on Booze Custodians in City Court Yesterday

For having in their possession intoxicating liquors in violation of the prohibition laws of the land four white men were given sentences of \$500 fine or sixty days in jail in Municipal Court yesterday morning. Judge Sharon presided and City Attorney Dickinson was on the prosecution end while Attorneys John Leonard and Wilkinson defended those in duration.

The men before the bar of justice for having the liquor in their possession were Parker, Stokes, Wynne and P. Leonard. The latter said he was only hauling the liquor to town to be friend the man who owned it and his car had been attached by the police. Judge Sharon thought the evidence was sufficient and he gave them all a package of the same kind. Their attorneys appealed the cases to the higher court where it will be watched with interest as this is only a sample of what the city officials purpose to do with the liquor question in the future.

The arrests were the result of the new City Manager Williams, the new Acting Chief of Police, Roy Williams, and a rejuvenated police force who have their orders to clean up Sanford or get off.

The Daily Herald, 15c per week.

CHAMBER OF COMMERCE ACTS ON SUGGESTION TO MARKET VEGETABLE CROPS CENTRAL

LADIES BAND TO TOUR STATE FOR CONCERTS

The Tam O'Shanter Band, the splendid ladies musical organization is making a big hit over the state and expects to visit all the neighboring cities during the summer months. They recently played an engagement in Leesburg, where they were enthusiastically received. They expect to play in Winter Garden Wednesday night and in DeLand Friday night and they are open for bookings in other cities and will be in great demand during the summer and fall. The Ladies Band has one of the finest musical organizations in the state and the band has received some flattering praise from music lovers everywhere. They have a fine organization as a band, have some good soloists and put on a splendid musical program that takes big wherever they appear.

CELERY MARKETS

Carlot Shipments Reported for Friday, April 6th:

Correct this sentence: "Spring is here," said the wife; "but I don't believe I shall rearrange the furniture this time."

WOULD HAVE IDEA OF CENTRAL MARKETING BUREAU WHICH ALL WOULD JOIN BETTER RESULTS

Would Accrue to the Growers, Better Vegetables, Better Puck, Better Prices

At Friday's meeting of the Chamber of Commerce, President Connelly advanced a suggestion, which, if acted upon by the growers and shippers, will largely eliminate the difficulties experienced during the past in the marketing of the enormous production of the Sanford section. While production is being followed along highly scientific lines, marketing methods are primitive in comparison. It was suggested that an organization be perfected, taking in the large selling organizations, preserving their identity intact, together with growers not members of such organizations. This would permit the opportunity of all these interests working out solutions for their mutual problems. It is common knowledge that the past and present bit-or-miss methods of marketing have caused a loss to this section of hundreds of thousands of dollars. Organized effort would force a standardized package in conformity with government specifications, which would not only raise the quality standard of the product, but would also preclude the possibility of unscrupulous growers shipping inferior quality and demoralizing the market. An organization of this kind would also prevent any one market being flooded when prices were higher there than in others. There were a number of other speakers at the meeting who endorsed the suggestion. Officials of local banks were of the opinion that the banks would endorse and recommend the growers affiliate with such an organization when perfected. It was agreed that work of organizing the varied interests would require unusual effort, yet there was a confidence that the big men of the community would be successful in putting it over. While the suggestion of organization was general in nature it was referred to the prominent growers and shippers for their consideration and further action.

GREAT PREACHER AT THE BAPTIST CHURCH TOMORROW

Kerr Boyce Tupper, D. D. L. D., of Philadelphia, for more than a score of years minister in the leading Baptist churches of Denver, New York, and Philadelphia, a calm, polished, scholarly, instructive and eloquent speaker, of national reputation as a minister and lecturer, now wintering at Altamonte Springs, will preach at the First Baptist church here tomorrow.

Dr. Tupper and Dr. King, the local pastor, are warm friends and Dr. Tupper has visited the church on different occasions and so when Dr. King was called to Tennessee to hold a series of evangelistic meetings, Dr. Tupper very kindly consented to preach for the people of Sanford tomorrow.

Dr. Tupper will preach at both the morning and evening hours. He will use the subject "A most wonderful prayer" at the morning hour and at the evening hour he will preach on "What the Resurrection of Christ in the first century means to the Christian in the twentieth century." It is a privilege not often accorded Sanford people to hear Dr. Tupper, and the officers of the Baptist church are anticipating a large audience at both services and have extra seats that all who desire to attend, may be seated comfortably.

Sunday turkey dinner at the Lu-Beth Cafeteria tomorrow. You know the kind, that Lu-Beth always serves—a real Turkey dinner. Cool, comfortable and sanitary.—Lu-Beth Cafeteria.

If you have any friends visiting you...
If you are going anywhere or coming home...
If you are entertaining, will a postal card to his department, giving details, or telephone the home. It will be greatly appreciated.

SOCIAL CALENDAR

Friday—Mrs. George Knight will entertain at the third of a series of parties at her home on Magnolia avenue.

Friday—Miss Mary Elizabeth Puleston will entertain a number of her friends at her home in Rose Court.

Sunday—Pageant, "A Modern Prodigal Son" at the Methodist church at 7:30 p. m. under the auspices of the Epworth League.

Monday—Mrs. J. E. Baker will entertain the members of the Pipe Organ Club at her home on West First Street at 3:30 p. m.

Monday—St. Agnes Guild meets with Mrs. Raymond Key at 3:30.

Monday—Pipe Organ club will meet at the home of Miss Martha Fox on Oak Avenue at 3:30.

Monday—Westminster Club meets at the home of Mrs. J. E. Baker on West First street at 3:30.

J. N. Warfield, of Jacksonville, spent the day here yesterday transacting business.

Mr. and Mrs. Jno. S. Rozelle, of Lakeland, arrived here yesterday for a brief visit.

Jeanette Adams, of St. Petersburg, was among the arrivals here yesterday enroute to points north.

Mrs. E. C. Goslon, of West First street, is out again after a two weeks illness with the flu and tonsillitis.

H. R. Snell, of Rochester, N. Y., was among the arrivals here yesterday and is making his headquarters at the Montezuma.

Mr. and Mrs. H. F. Hilton, of Jacksonville, were among the visitors here yesterday stopping at the Montezuma.

Mr. and Mrs. E. D. Wadbrook and little daughter Winifred, who have been stopping at Comfort Cottage, are now pleasantly domiciled at the new Phillips Apartments.

Mrs. J. N. Robison and her charming house guest, Mrs. S. B. Strong, of Havana, Cuba, motored to Orlando yesterday where they spent a very pleasant afternoon.

W. B. McBride, of Saperton, Ga., has come to Sanford to make his future home and has accepted a position as checker at the Piggly Wiggly. Mr. McBride has had years of experience in the grocery business, having been assistant manager of the Saperton Grocery Company before coming here.

E. C. Goslon, of the Southern Utilities Company, found time last week to spend a few days in Jacksonville.

The Jennie Spaulding Circle met Wednesday afternoon at the home of Mrs. John Abrahams. The meeting opened with scripture read by the hostess followed with prayer by Mrs. Lossing. The box of clothing for the little orphan girl was packed at this meeting. Good attendance of members. One visitor present. The meeting next week will be at the home of Mrs. Chas. Collins. The regular Bible study will be had of which the topic is "Our Message to the World." All the members are urged to meet promptly at 3:00 p. m., have their lesson prepared and bring their bibles.

The Methodist women are busy ladies these days. Why so? Because of that conference. All their thoughts are turned toward the Woman's Annual Missionary Conference of Florida to be held in the First Methodist church Sanford, April 17th to 20th, inclusive. A committee are active, especially the one on entertainment with Mrs. H. H. Chappell as chairman. Homes for 148 have been provided for. But listen, Methodists, there is more to come, so be planning to pack together after the style of the old camp meeting days.

"A MODERN PRODIGAL"

You all know Byron Selc him as Harry Mann, a modern prodigal, on Sunday evening at 7:30 o'clock at the Methodist church. This most interesting pageant including fifty characters will be given by the Epworth League. Remember the date, time and place. We'll meet you there.

EPWORTH LEAGUE

There was a union meeting of the Epworth Leagues last evening at the Methodist church, with a good attendance not only of the local members but a splendid representation from the neighboring cities.

The first part of the meeting was devoted to business. Many matters of importance were attended to. Following the business a short musical program was given. Miss Lillie Ruth Spencer singing a delightful group of songs, and Miss Charlotte Smith gave a number of pipe organ selections. At the conclusion of the program the members left in cars for Silver Lake where they enjoyed a welcome treat.

EVERY WEEK BRIDGE CLUB

A delightful social event of yesterday was the bridge party given by Mrs. J. G. Sharon at her home on Tenth street, the guests being the members of the Every Week Bridge Club.

Quantities of spring flowers were used with charming effect in the various rooms.

The hours passed quickly in the interesting game of bridge played. When scores were counted it was found that Mrs. W. J. Thigpen held high score and was awarded a dainty

work basket. The prize for high score for the guests a box of Coty's powder, was presented to Mrs. G. I. Loucks.

Refreshments consisting of a salad course followed by an ice course were served at the conclusion of the game.

The guests list included: Mrs. J. G. Ball, Mrs. E. D. Mobley, Mrs. W. M. Scott, Mrs. Deane Turner, Mrs. A. J. Richardson, Mrs. G. I. Loucks and Mrs. Fietner. The club members were: Mrs. W. J. Thigpen, Mrs. Raymond Key, Mrs. S. E. Barret, Mrs. A. M. DeForrest and Mrs. L. P. McCuller.

MERRIE MATRONS BRIDGE CLUB

Mrs. Fred Walsma was the gracious hostess yesterday afternoon when she entertained at bridge at her apartments in the Welaka, the guests including the members of the Merrie Matrons Bridge Club.

Baskets of bouganvillia and other cut flowers were effectively used in the rooms where the card tables were placed.

Of exceptional interest was the game of bridge played during the afternoon, the prize for high score, a set of comotes, was won by Mrs. Harry Walsh.

At the conclusion of the card game the hostess served a tempting salad course.

Mrs. Walsma's guests were: Mrs. C. E. Henry, Mrs. H. B. Lewis, Mrs. R. J. Holly, Mrs. A. W. Pitts, Mrs. Harry Heeron, Mrs. W. T. Langley, Mrs. Harry Walsh and Mrs. W. D. Gardner.

DUPLICATE BRIDGE

One of the prettiest parties of the Lenten season was that of yesterday when Mrs. S. Puleston entertained at a bridge luncheon at her lovely new home in Rose Court. There being three tables of players. The guests including the members of the Duplicate Bridge club and one extra table.

The spacious rooms of this attractive home were a bloom with a profusion of spring flowers, artistically arranged. The luncheon tables were centered with vases of darkspur and carnations. Miniature baskets filled with these blossoms marked the places. At 1 o'clock a delicious five course luncheon was served.

Following the luncheon several games of duplicate bridge were enjoyed. The prizes for high score, bottles of perfume, were won by Mrs. E. E. Roumillat and Mrs. Howard Lettge.

Those enjoying the cordial hospitality of Mrs. Puleston were: Mrs. George DeCotter, Mrs. George Knight, Mrs. Howard Lettge, Mrs. Harry Papworth, Mrs. F. J. Gonzalez, Mrs. J. D. Woodruff, Mrs. E. E. Roumillat, Mrs. Frank Miller, Mrs. R. A. Newman, Mrs. E. M. Galloway, Mrs. E. F. Bousholder and Mrs. W. C. Hill.

Don't forget the One Cent Sale, Thursday, Friday and Saturday.—R. C. Bower.

HONORING MRS. PAPWORTH.

Yesterday the gloomy day without, accentuated the very bright and merry scene within the Green Parrot, where a blazing fire added warmth, many lights, bright and wonderful flowers beauty and fragrance to the bridge party given by Mrs. Margaret Barnes, of Orlando, in honor of Mrs. H. M. Papworth, of New York. Miss Margaret Hart and Mrs. H. K. Lorraine received the guests at the door and Mrs. Papworth assisted in receiving and making welcome the fact arriving members of the party.

It could have aptly been termed a nasturtium bridge, for Mrs. Barnes received from friends huge trays of these flame tinted flowers. A friend from Sanford brought the hostess a basket of spring flowers of many tints and beauty, which were arranged very attractively about the room.

There were twelve tables or play-ers and the scores were kept on tables marked with the name of the Green Parrot done in green script and with a green parrot swinging from a ring. The tallies were added by Misses Helen Way and June Lorraine, these tallies giving Mrs. G. I. Loucks a hand embroidered bridge cover for top score, and Mrs. "Nell" Wilson the consolation of a dainty Dresden figurine which was, in using, an incense burner, many bits of incense coming with the burner.

The guest of honor received a delightful bridge table cover done in morning glory applique.

The maids of the Green Parrot served chicken salad, hot rolls, cream cheese balls, and coffee, and on each table was a small green vase holding nasturtiums, and bowls of salted almonds and crystallized grapefruit straws.

Assisting Mrs. Barnes in carrying out the entertaining very charmingly were Mesdames Neal, Largent, Hewitt and Lorraine, with Misses Hart, Way and Lorraine.

A number of Sanford ladies were guests of the charming entertainment.—Orlando Reporter-Star.

LONGWOOD

THE CITY OF HEALTH

At the regular meeting of the Board of Trade held Wednesday of last week, plans were discussed and proposals read concerning the installation of a water works system. It is planned to bond the city for the necessary funds to finance the project, there being a general trend here against private ownership of public utilities.

The water supply here is one of the best in the state. There being an unlimited supply and of the purest analysis. Prof. Baker, of Rollins College, made the analysis, and stated that it was the softest specimen that has come to his desk for analysis. This is the greatest asset that any city could possibly have, PURE WATER.

Mr. Craig, one of the foremost civil engineers of this state, submitted a proposal for the installation but at this writing the details are withheld from publication. This much is known of the project, however. The pipes are to be of a wooden construction. They are built up sections of oak saw staves and banded every few inches, and have a pressure resistance of 70 pounds. This is sufficient to meet any pressure that they will be called upon to stand here, and will assure the users a pure and free from contamination water. Another feature of the wooden pipes is their lasting qualities. They are not affected by the acids of the sand here, which is as destructive to iron mains. There has been a fast movement of real estate here the last few days. There has been twenty-five lots sold in the past ten days, and one or two larger tracts of land have changed hands. There will be several new houses built here in the very near future. C. B. Searey informs the correspondent that he has purchased a lot from D. W. Short and will erect a cottage of stone construction shortly. Mrs. Joe Allen is putting the finishing touches on her cottage and will have it ready for occupancy within a very few days. It is understood that a Mr. Simms will occupy it at once. J. A. Bistine sold two very desirable lots to a Mr. Ranger. Mr. Ranger comes from Maine. He has made Longwood his headquarters for several winters and could not stand the pressure any longer, so just "had to buy."

L. R. Payne is putting the finishing coat of paint on the inside of his fine new concrete block store and will be running full swing by the end of the week. This building is a splendid one and would do credit to any city. Sidewalks are going down in record time, and certainly is making the city a real one. One of the greatest factors of the rapid development here has been the orange industry, there being some-

where in the neighborhood of one hundred acres of new groves planted this season. Another leap has been the cotton industry. There being something near two hundred acres planted this spring. C. W. Entminger being one of the largest planters with over fifty acres. Mr. Baggett also has a very large acreage.

This has been one of the best seasons that the city has ever experienced, everyone here is doing his or her bit. WATCH US GROW! LONGWOOD, THE CITY OF HEALTH.

Don't forget the One Cent Sale, Thursday, Friday and Saturday.—R. C. Bower.

Following the line of least resistance is what makes rivers and men crooked. Follow the thrift line at the Seminole County Bank.

Don't forget the One Cent Sale, Thursday, Friday and Saturday.—R. C. Bower.

A Beautiful Complexion of Satin-Like Texture
The incomparable beauty of thousands of women—that smooth, satin-like skin texture so much admired—is the result of **Nadinola Cream**, which has proved itself for a quarter of a century, the standard bleaching and beautifying cream.
Scientists long ago discovered and combined in **Nadinola Cream**, elements which bleach the skin and remove tan, freckles, pimples and other discolorations. Of its own peculiar virtues, it rids the skin of impurities and leaves it smooth and beautiful. The 30c. package will remove mild cases, the \$1.00 size more stubborn cases. Directions and guarantee in each package, at your toilet counter.

Foreign Advertising Representative: THE AMERICAN PRESS ASSOCIATION

The fight made by the Jacksonville Journal for gates at dangerous railroad crossings has borne fruit and the dangerous crossings will have gates.

Six years ago yesterday or on April 6th America declared war on Germany. Some time ago but some people do not know that the war is over.

And it will probably be sixty more years before we get through paying for a war that we helped to win. It seems that winning a war by America means that America pays all the bills.

The question of sending out so many journals during the session of the legislature is again vexing the souls of the solons at Tallahassee. Whenever any body of men want to save money they begin at the publicity end because it seems to be so much easier to cut down the printing bill and keep the public in ignorance. But the daily newspapers will have the news and the public can get it from the newspapers much better than from the journals and get it in predigested form.

Two old wire tappers sixty-eight and sixty-three years old will serve seven years in the state penitentiary for wire tapping and bunco games practiced in Orange county. They now say they were "framed" and that others more guilty than they were allowed to go free because they spent their money to get their freedom. If they know of any place where this money was spent they should make it public and not make any insinuations about graft unless they can prove it. Proving it should be a simple matter now since these two men have been allowed to get their sentence and will have to serve their time. At least they cannot get any more than they have and while they might get killed for "speeding" it would be better than serving the sentence in a convict camp for two men of this age.

SOME FOOL DRIVERS SHOULD GET SMASHED.

Without doubt the worst automobile driver in the country is the critter, be it male or female, who will figure upon turning a corner turning half-way about at some street intersection, or intending to slacken pace in order to pull up to a walk without giving the proper signal. There are but few signals to learn. Any driver can learn them in two minutes. Yet there are some, and some in Palatka, who will proceed to hug the whole street, and make preparations to "right about face" without as much signal as a mosquito gives before alighting. It is always a pleasing picture to see such a man or woman get rammed so hard that several joints of the finely painted car are dislocated.

The hand and arm thrust out with the palm down and still, indicates the car is to turn the left; thrust out and describing a small or large circle means the driver is to turn to the right; the arm extended with the palm toward the rear of the car means that the following auto should

BELL WHEN U LIST IT WITH US YOUR REAL ESTATE

Maxwell & Britt REAL ESTATE AGENTS Fire, Casualty, Auto Insurance 286 W. First St., SANFORD, FLA.

slow up pace as the driver is either going to stop or slack the pace because of some obstacle appearing into view.

If there were a traffic policeman in Palatka, and he should adhere to the rules common in all larger cities, there would be many arrests every day until carelessness had passed out of existence. There are young women driving cars who persistently refuse to obey any law of traffic or commonsense, and they would be landed in jail in almost any other city in the state. They not only endanger themselves and their handsome cars, but they go farther than that; they are a constant threat against all other cars as well as all pedestrians. The men are far more careful, and pay more attention to signals; yet there are some noted for negligence in this line.

Unless there is more careful driving in and about the city there is certain to be some serious accidents, and some cars now possessing charm will be so mutilated that no beauty-box will be able to make them again shine. It should be remembered, also, that the car injured by its driver's ignorance or carelessness cannot bring suit; on the other hand the car injured because of lack of signals of the driver can win the costs of making good his car.—Palatka News.

Congratulations to the City Manager, the acting chief of police and the city attorney and municipal judge and the police force of Sanford. They are cleaning up the city and bootlegging will soon be a thing of the past. They intend to clean it up regardless of where the blow may fall and they will arrest and fine them all from the commonest negro peddler of cheap "shine" to the high rollers who are selling red liquor in defiance to the laws of the land. And if every citizen would uphold the hands of the law instead of hindering them and giving support to the bootleggers there would be a better feeling toward the enforcement of the laws of the land. Making light of the prohibition laws makes it more difficult for the officers who are trying to do their full duty. The laws are there to be enforced regardless of whether the laws are popular with the majority of the people or not and the only thing to do is to enforce them. And this will be done by the present city officials.

THE MAN WHO NEVER GIVES.

There are men in every community who never give to any worthy project, who never join the Chamber of Commerce, who do not believe in publicity, who do not believe in anything except to sit tight and rake in the money that the live wires in the place made for them. Willis Powell of the Lake County Chamber of Commerce and former newspaper man knows whereof he speaks when he mentions in the Lake Region some of the things that make a live city.

When St. Petersburg was a struggling, low, rambling town of the size of East St. Louis, but with little of its beauty (for St. Petersburg had but two brick buildings and two blocks of street paving) its advertising appropriation was \$35, and \$35 couldn't go very far, so the people capitalized that which is as free as air and made use of it. I remember that Truman Mullins, a young man distorted in stature, but whose brain and heart were big, came out with a solution of St. Petersburg's biggest asset—this thing has not been effaced by time—I am never obsessed with it—the saying was not a classic, nor will it be found in ages, but Truman said: "St. Petersburg is noted for its congenial congeniality."

That's all, but it stuck—visitors wrote this in their letters in expressing the spirit of the people and they came to enjoy real friendship, and so St. Petersburg grew and grew as it is now growing by "congenial congeniality"—and the chess and checker boards, and fishing off the dock, and other amusements, while still employed as entertaining devices, are augmented by a hundred other features even unto daily band concerts and free singing and musical numbers, and playlets. And every visitor to St. Petersburg returns home a living, walking advertisement for St. Petersburg with "Truman Mullins' homely expression of 'congenial congeniality.'" And Truman is still hobbling about on two crutches and two legs that do not function, unassuming and unobtrusive. There are other Straubs and Powells," concluded Powell, "fellows that fought, bled and died for St. Petersburg when it needed men that would do that very thing—men of vision, men of initiative—and at the same time there were men who fought every progressive measure, who refused to give a dollar to publicity, who refused to give their money or service to the board of trade, who today are rich and looked upon as stem-winders—made rich and made famous against their wishes. I tell you there is a lesson in every town's growth—the liberal men, the men who give their time and money

and energy to the town's growth and make the town as great as St. Petersburg are not the town's richest men—the rich are those who selfishly held all they had—but when the day of reckoning comes, when finis is written on their deeds, their money has not a thousandth part the value the eulogy paid a departed citizen when all proclaim, 'Here was a man!'"

GET TOGETHER FOR MUTUAL BENEFIT.

The Chamber of Commerce has accomplished many big things in this community and one of the biggest things ever started by the Chamber of Commerce was in the present Chamber of Commerce was sounded yesterday by President Connelly who called upon the growers, shippers and buyers of vegetables to get together in some sort of an organization through which all the vegetables from this great section would be shipped thus eliminating the big expense of maintaining so many organizations and overlapping the efforts of all concerned. In other words if one central organization composed of all the buyers handled the marketing end and every grower in the Sanford and Ovelo districts were a part of that organization there would be none of the troubles now experienced by the various organizations' quoting different prices and trying to quote them and the troubles of adjusting the many difficulties encountered. The growers would then be compelled to put up nothing but the best pack and standardize all their products. The various organizations would not lose their identity but would continue their business as they are now and the only difference would be the shipping that would all be accomplished through a central body or board of trade composed of representatives selected by the various firms that are now handling our products. The game would have to be played fair and square and above board or the grower or member lose his membership and be out in the cold as far as Sanford was concerned and would have a difficult time trying to do business here. The banks would cooperate in such a plan since it would stabilize the farming game here and the loans to farmers would be much more substantial and much safer and all who are connected in any way with the growing and shipping of vegetables would profit by such an organization. From a gamble the growing and shipping of winter vegetables would become a regular business conducted along business lines and the organization would go so far as to watch the future events and tell the grower how many acres of certain vegetables to plant in order that the market would not be glutted. In fact, an organization such as mentioned in the meeting of the Chamber of Commerce yesterday would bring the business of growing and shipping vegetables into the list of substantial instead of making it a venture that no man can fathom as it is now. Under such conditions of real organization and co-operation the grower would have some idea of what he was going to plant, of the acreage amount and could be told something about the results of the markets in advance although the old law of supply and demand would rule the day as usual. But the idea of having the growers and buyers together on the marketing plan would be the biggest piece of work that could be accomplished and if the markets could not be controlled on account of the demand the supply could at least be curtailed until business resumed. Right now it would be much better for some of the poor celery to be plowed under than shipped. It would be a big saving to the growers if they plowed the celery under instead of paying out their good money for freight when they almost know that a poor quality of stock will not bring any prices in the markets. And this could be regulated with an organization for marketing that could not be regulated any other way. We believe that the growers are in a receptive mood at the present time and would listen to some plan for a general getting together of all the people interested in the growing and shipping of winter vegetables and at the next meeting of the Chamber of Commerce on Friday of next week we can look for one of the largest crowds of growers that have ever assembled at a Chamber of Commerce luncheon and we believe that they will arrive at some conclusion concerning a better quality of vegetables, a better pack, a better and central marketing organization and a general get together for the benefit of all concerned.

Miss Margaret Brain writes the Herald that she is now head stenographer in the Senate at Tallahassee and his six nice girls under her and that she likes Tallahassee very much and she wants the Daily Herald to keep up with the doings at home while she is so far away.

The Herald delivered six times a week for 15c.

CANADA IS SOUND SAYS BABSON

WELLESLEY HILL, Mass., April 6.—Roger W. Babson has today returned from his annual inspection trip, reports of which have appeared in this paper from week to week. In reviewing the trip in general, Mr. Babson stated that if anything, business is becoming too rapidly active in the United States.

"Everywhere people are talking prosperity, building is booming; prices are again advancing and wages are rising," says the statistician. "A little of this is a good thing; but too much of it all at once is dangerous. When a patient recovers too rapidly, a relapse may occur. The business men of the United States need to remember the warning of that old capitalist and philosopher—King Solomon—who cautioned the business men of Jerusalem that 'pride goeth before destruction and a haughty spirit before a fall.' Personally, I much prefer the more gradual and deliberate manner by which Canada is passing through her readjustment. We have much to learn from our Northern neighbor. Today conditions are better in the states; but unless we take care, business will be better in Canada in 1924 than it will be here."

"I spent some two weeks of my trip studying Canadian conditions," continues Mr. Babson, "and was very much pleased with what I found. Various factors suggest that the Dominion stands in about the same position in the economic cycle occupied by the United States six or eight months ago. If this is so we must look for Canadian business to improve rapidly during 1923. The farming situation is better and more favorable conditions prevail in trapping and trading centers of the north woods owing to the state of the fur market and the plenty of furred animals. British Columbia is in a more prosperous position than the Prairies. Its farmers did fairly well last year and the fruit-growing sections had very profitable yields. Lumber demand is expected to develop to quite sizeable proportions. Even in the mining towns I look for a fair improvement. In British Columbia business during the spring months should be good.

"Canadian sales efforts during the next few months should be concentrated on the eastern provinces. The industrial communities of Ontario and Quebec look relatively the best and even in the agricultural sections, conditions are more favorable than on the Prairies. Mixed farming helped to lighten the load of the eastern farmer. Industrial activity in Canada is estimated to be in the vicinity of 70 per cent of capacity. Unemployment and short time is still prevalent in some lines. Gold mining is an outstanding exception. This line is fairly busy and is resulting in considerable prosperity in such centers as Porcupine and Kirkland Lake, Ontario.

"Industries manufacturing goods for human consumption or covering are perhaps most active and have the most encouraging outlook. The best customers will be found in the cities. I have in mind all of the manufacturing centers of southern Ontario and Quebec, but especially those producing pulp, boots and shoes, textiles, clothing and food products. In the Maritime provinces, a firm foundation is being built up for business improvement. Basic industries are now dull, but I believe that warmer weather will bring decidedly better markets for lumber, fish, and other local products. By summer, New Brunswick and Nova Scotia should look nearly as attractive to sales representatives as southern Ontario and Quebec.

"A more hopeful feeling is developing, however, in the prairie and other agricultural regions. Better prices for farm products are helping the Canadians as well as the farmers in the States. As the Canadian farmer was slower in feeling the good effect of this increase in prices of farm products, so he will enjoy it longer. It seems to be a fundamental principle of economics that the Dominion lags about a year behind the States both as to action and reaction,—decline and recovery. Hence, I say that while today conditions are better in the States, they may be better in Canada next year. Business conditions are much like a storm,—they travel across the country in waves. Each section gets the storm; but all do not get it at the same time.

"We should be better neighbors to Canada. Some day we must turn to her for natural resources. When our timber is gone; when our water power is all developed; when the price of land here makes the raising of cattle prohibitive, we must turn to Canada. Besides, the boundary line between the two countries was never made by God—it was made by man—hence, let us not erect unnecessary tariff walls or other barriers. Let us remember that in the long run—the

prosperity of both countries is bound up together. For either to prosper both must prosper. We each need the other. Let us be Christians in legislation as well as in name.

"The Babson chart continues to register the slight inflation to which I have already referred. Today it still stands at 5 per cent above normal. With the readjustment only 60 per cent completed, this is not a healthy sign. It is dangerous to raise prices or wages at the present time. Let us hope prosperity; but let us not have inflation. Things that have recently occurred in the stock market, the spirit of the bootleggers, and the general desire of almost everyone to get something for nothing are not healthy signs here in the States. We need more character and less speculation at the moment. It, of course, is true that men make values," continued Mr. Babson, "but let us not forget that souls make men."

FROM CUT-UP TO CUT-IN

"From Sculpted to Screen"—that's the story of Robert Frazer, once doctor, now actor; enacting parts instead of removing them. He takes a prominent part in Mae Murray's new Metro photoplay, "Jazzmania," presented by Robert Z. Leonard at the Princess Theatre Monday and Tuesday.

Scoring a stage success with Mary Nash in the stage play, "Thy Name is Woman," and in the title role of "Ben Hur," he then sought screen development, and as the Toreador in Miss Murray's recent Tiffany production, "Fascination," a current Metro release displayed no less an aptitude for screen acting.

STOP COUGH FOLLOWING FLU. Stop cough resulting from Flu, Croup, Whooping Cough, Asthma and Bronchitis with Foley's Honey and Tar. "The Flu left me with a severe cough which was quickly relieved with Foley's Honey and Tar," writes Mrs. K. D. Drake, Childs, Md. A few cents worth of Foley's Honey and Tar will offset serious diseases by checking your coughs and colds, saving you many dollars. Contains no opiates—ingredients printed on wrapper. Insist upon Foley's. Refuse substitutes. Sold everywhere.—Adv.

...MAGIC NAMES...

The influence of advertising is apparent in every turn of my daily life. I find I cannot disregard it. It is always with me, guiding me in my pleasures and in my duties, telling me what I should eat, wear, and use and what I should buy for my family.

I find that there is on the tip of my tongue a multitude of names the mention of which will bring from some shelf nearly everything that I can use in my daily life and in the daily life of my family.

In every instance that name means a very definite promise and assurance of something substantial and which will make me feel completely satisfied about having exchanged my money for it.

Let me say a few things which these names—these old friends of the newspaper and magazine pages—mean to me.

They mean good taste.

For certainly I desire to

do the thing that I believe discriminating people have judged best.

They mean convenience. It is not necessary to describe the thing I want. Even the most intimate articles may be purchased without embarrassment since the advertisers have given us handy names.

They mean assurance in shopping. There is no indecision. Even before I enter the shop I know what I want to buy.

And certainly they mean satisfaction. For the advertiser whose product is not good cannot continue to advertise. The fact that I have seen a name repeated over and over again assures me that it stands for a product of quality. In speaking that name to the clerk I know I am asking for the best.

I am a more judicious shopper because I buy advertised goods. I patronize the shop that sells them.

WANTED—Stenographer. Apply to Box 838, Sanford, Fla. 6-31p

WEEKLY WEATHER

There was much cloudiness and frequent showers in the north and west, and occasional showers in the central and south-central counties; droughty conditions continued in the southern division. More rain is needed over the greater portion of the central division, including the Okeechobee district. Temperatures were well above the seasonal in the central and southern divisions, but the week averaged cooler than usual in the north and west, and light frost occurred inland in the western division on the 1st. The soil is rather too wet in the western division, and low lands in the western and extreme northern portions of the northern division need dry weather. As a whole, however, the rainfall was generally beneficial; and more is needed in the lower portion of the central division, and generally in the southern division; even uplands in the Okeechobee district would be improved by moderate rains. Farm work made but little progress in the western division, and the planting of cotton and corn was suspended for a time in some localities due, mostly, to frequent rains and wet soil. Work was uninterrupted, however, over most of the peninsula, and the planting of corn and cotton continued; the early planted is mostly a fair to good stand, although there are local exceptions. Melons made fair progress, being generally benefited by showers. Oats, are fair to poor, although local exceptions are noted. Cane is up mostly to a good stand. The digging of Irish potatoes in some Atlantic coast counties continued; those planted since the February cold wave are in good condition. Tomatoes in the peninsula section, especially in the south and central divisions, are doing well; small shipments were made during the week. Other truck such as beans, peppers and cucumbers were forwarded in considerable quantities. Strawberry shipments were much reduced in the central division; there was a local increase in the northern division. Citrus trees show much bloom, and were benefited by showers. Satsuma trees are budding slowly in the western division. Some sweet potato slips were set out in the central and southern divisions.

SANFORD HIGH SCHOOL NOTES

"Box and Cox," the funniest farce ever written, will be presented in the High School Auditorium Thursday night at 8 o'clock. "Miss Civilization," a play which was given some time ago, will be repeated for the benefit of those who were unfortunate enough to miss it. This entertainment will be given for the benefit of our 20 piece High School orchestra. Besides these two plays Byron Stephens and Charles Mero, will give a dramatization of Mr. Gallagher and Mr. Shean, in costume. A Spanish Tango, "La Paloma," will also be one of the attractions. This dance will be given in costume. The High School orchestra will make its first appearance in public at that time. Don't fail to see this fine entertainment and at the same time help our orchestra.

Monday morning we were fortunate in having Mr. Boyd back with us at chapel again; we were also glad to have Mr. Twille. Both entertained us with musical selections.

Mr. Wright, "Chautauqua Bill," and Governor Brough, of Arkansas, visited us Tuesday morning. Governor Brough gave a humorous but instructive lecture which was enjoyed by all.

Jim Stone and Gayle McAlexander left Thursday morning for Gainesville as representatives of S. H. S. at the track meet to be held there.

Parents and friends of students are asked not to forget to visit the High School Garden or Laboratory Acre on Celery avenue and see what the classes in agriculture are doing. This department of Vocational Agriculture was introduced into Sanford High School only this year. Through it our boys now have the opportunity to study and to put into practice the most modern methods of farming.

John Brumley has his mules equipped with electric lights in order to plant his project at night.

Joel Bell has plowed his tomatoes twice and has not planted them yet.

Darwin Blames is eating the profit on the school farm.

"Salmagundi," the High School Annual, has gone to press and is expected to be the best ever. Orders will be taken at any time now and may be given to either Meade Baker or Alice Runyan. Copies ordered and paid for by May 6 will sell for one dollar. After that date the price will be one dollar and twenty-five cents. Get your order in early if you want to get your copy for one dollar and, of course, everybody wants one.

Little Page in House Who is Grown Man From Lake Butler

(By The Associated Press) TALLAHASSEE, April 7.—It remained for the 1923 session of the house of representatives to go its predecessors one better in the matter of pages. It has a little fellow, in the person of Amos Brannan, of Lake Butler, who is 21 years old, but still a little fellow. Brannan who stacks up, four feet in height, wears the clothing and demeanor of a man, but in height he compares with his fellow pages. None of the other members of his family are of the middle class, Amos says. His father weighs 200 pounds. His candidacy for page was carried over by Representative C. H. Register of Union county.

Rains Improve Crops All Over the State Says Crop Report

GAINESVILLE, April 7.—Rains over most of the state have improved general conditions, according to the semi-monthly crop report issued by Sam T. Fleming, Federal agricultural statistician with headquarters here. The report was issued under date of April 2.

Citrus bloom is variable but satisfactory for the citrus belt as a whole, the report continues. Oranges are showing a good bloom except locally in small areas. Grapefruit bloom is light. Rain is needed in South Florida. Avocado and Mango bloom is good.

Early peaches were damaged by March cold but later varieties are setting a good crop of fruit. Figs, grapes and pecans are putting out new growth but bloom has not yet shown up.

In the staple farming section of the state more land has been planted than usual. Less than the usual percentage of land is lying idle and farmers are busy with planting and cultivation of crops.

Corn planting is well advanced with early plantings up to a good stand. The bulk of the cotton crop is in with excellent weather for germination. There will be a noticeable acreage this year outside of the regular cotton belt. Increased plantings of peanuts are reported with a prospective cut in the acreage of sweet potatoes. Condition of oats shows improvement with the crop heading in central Florida. Irish potatoes are making good growth with a light movement expected early in April.

Transplanting of tobacco is later than usual. A slight increase in shade acreage is expected.

Spring truck crops are in good condition following needed rains. Movement of beans and cucumbers is on the increase. Watermelons are running in South Florida. Some difficulty in getting a good stand is reported from North Florida. Local markets are full of vegetables.

Conditions of all classes of stock reported good except range cattle, where condition is improving slowly.

The supply of farm labor is generally sufficient to meet present needs although some complaint is made of the work being done. A shortage of labor is in prospect through the staple farming section if unfavorable weather conditions develop.

ATLANTA, Ga., April 7.—That he has a "very definite idea" of the men who "put up" money for the escape of Gerald Chapman, the million dollar New York mail bandit, from the Atlanta federal penitentiary was asserted today by William J. Burns, chief of investigation bureau, department of justice. Apprehension of the men are expected shortly, he said.

ADVERTISEMENT

Scaled proposals will be received by the City Commission of Sanford, Florida, at their office in the City Hall, at or before 3 p. m. April 23, 1923, for grading, draining and paving the following streets, to-wit:

Second Street from Oak to French, 3635 sq. yards.

Third Street from Sanford to Magnolia and from Oak to Avocado, 10,371 sq. yards.

Avocado Avenue from First Street to Third Street, 1168 sq. yards.

Fifth Street from Magnolia to Myrtle, 2229 sq. yards.

Ninth Street from Cypress to Park, 2732 sq. yards.

Thirteenth Street from Sanford to French, 6679 sq. yards.

Central Street from Sanford to French, 6357 sq. yards.

Palmetto Avenue from Central to Hughey, 1493 sq. yards.

Palmetto Avenue from Commercial St. to Lake Monroe, 1935 sq. yards.

Oak Avenue from Tenth St. to Thirteenth St., 3454 sq. yards.

Laurel Avenue from Sixth St. to Thirteenth St., 4460 sq. yards.

Bids will be received on the following types of pavement: Sheet Asphalt, Asphalt Concrete, Asphalt Block and Vitritified Brick.

Proposal to be presented in a sealed envelope, endorsed on the outside "Bid for Paving," Sanford, Florida, and the name of the bidder or bidders.

Each proposal must be accompanied by a certified check, made payable at sight, to the order of the City Auditor & Clerk, of Sanford, Florida, for 3 per cent of the amount of their bid.

The successful bidder or bidders will be required to give a bond equal to 50 per cent of his or their bid, and such bond to be executed by a surety company licensed to do business in the State of Florida, said bond to be approved by the City Commission.

Copies of the plans and specifications may be seen at the office of the City Manager, or at the office of Fred T. Williams, Engineer. Specifications may be obtained at either office on deposit of \$10.00 which will be returned if a bid is made.

The City Commissioners reserve the right to reject any, or all bids, or to accept any bid they deem to be for the best interest of the city.

W. B. WILLIAMS, City Manager.

BOWLING LEAGUE TO BE REVIVED MONDAY NIGHT

MERCHANTS AND MEN'S CLUB WILL START NEW SCHEDULE—THREE GAMES WEEK

Published herewith is the new bowling league schedule that will cover the games for the next five weeks. At that time it will be decided by the League whether or not they want another five weeks of it or whether or not the weather is too hot.

The first game will be played Monday night and all the games that have been played previous to this game and that should have counted as the second half will be ignored, the second half of the season starting with this game Monday. The schedule for the next five weeks follows:

Monday, April 9th—Merchants-Men's, Tuesday, April 10th—Cong.-Legion, Thursday, April 12th—Brother-Farmers.

Monday, April 16th—Cong.-Farmers, Tuesday, April 17th—Brotherhood-Men's Club, Thursday, April 19th—Merchants-Legion.

Monday, April 23rd—Legion-Brotherhood, Tuesday, April 24th—Farmers-Men's, Thursday, April 26th—Merchants-Congregationals.

Monday, April 30th—Merchants-Brotherhood, Tuesday, May 1st—Congregationals-Men's Club, Thursday, May 3rd—Legion-Farmers.

Monday, May 7th—Brotherhood-Cong, Tuesday, May 8th—Legion-Men's C, Thursday, May 10th—Merchants-Farmers.

BABE RUTH

"BABE" RUTH Billy Evans, one of the foremost sport writers of the country has been giving "Babe" the once over and he says:

"Can Babe Ruth come back? At present the demon swatter is the question mark of baseball.

"What are the chances of Ruth to run for the crown that is now the property of Rogers Hornsby of the St. Louis Cardinals?"

"For several days I have been giving the 'Sultan of Swat' the once over, the up and down, trying to decide that very question.

"If the hitting of home runs merely depends upon condition, Ruth has a great chance to win back the game and glory that was his for three years.

"I had heard much about Ruth's condition prior to hitting this burg, but was skeptical as to the reports."

Annual Florida Interscholastic Aquatic Meet at Winter Park

WINTER PARK, Fla., April 7.—The entry lists will close April 18 for the annual Florida State Interscholastic Aquatic meet to be held at Rollins College, Winter Park, April 28, according to an announcement by R. W. Green, director of the meet.

Twenty-four sterling cups besides gold, silver and bronze medals will be presented to individual contestants and teams. The eligibility rules of the Florida High School Athletic Association will govern, the meeting being open to public high schools of the state.

The program calls for ten events for girls and ten for boys as follows: Girls: 25-yard dash; 50 yard breast stroke; Plunge for Distance; 50 yard dash; 220-yards free style; 50-yard back stroke; 100-yard free style; fancy diving; 75-yard dash; relay—four girls, 110-yards each.

Boys: 50 yard dash; 220-yards free style; Plunge for Distance; 100-yard dash; fancy diving; 100-yard breast stroke; Fancy Diving; 75-yard dash; 440-yards free style; 100-yards back stroke; Relay—four boys, 110-yards each.

Of the twenty-four sterling silver cups offered, the largest cups are offered to the Boys' and Girls' teams winning the highest number of points. These cups will become the permanent property of the High Schools after they have won same three times.

The next largest cups will be offered to the teams winning the Relay Race, one to the boys and one to the girls. These cups will become the permanent property of the High Schools after a team has won the cup two times.

Two cups are offered, known as "Individual High Point Cups." These cups will be presented, one to the boy and one to the girl winning the highest number of points in the meet and become the permanent property of the winners. Points won in the relay race will not count for individuals in computing high score.

The remaining eighteen cups are for distribution to the winners of the remaining events, one cup being allotted to each event and going to the High School winning same. These cups will become the permanent property of the High School after winning the event two times.

Gold, silver and bronze medals will be presented to the individuals winning first, second and third places in the various events, with the exception of the relay race. Each member of the winning relay team will be presented with a gold medal.

The state champions of last year's meet were Billy Covode, of Tampa, who carried away the individual boys' honors, and Miss Gretchen Allan, of Tampa, who led the field of girls. Orlando High School won the boys' eight team championship, and St. Petersburg High School won the team honors in the girls' events.

The Daily Herald, 15c per week.

Seminole Athletic Club Defeats Sanford High School

An exhibition, staged by the Seminole Athletic Club and the Sanford High School in Sanford yesterday went to the Athletics to the tune of 13 to 0. This was the second try-out of the High School team before the official opening of their schedule.

The batteries for the Athletics were Knapp and Smith, and the from displayed by Knapp assures that team of a twirler or merit. He struck out not less than a dozen men and the few hits secured from his delivery were kept well scattered.

Moye, Baker and Moye were the batteries for the High School team, and taking all in all the Sanford High School team has shown a little improvement and the Sanford fans are in the hopes that Coach Wilkinson's Celery Feds will be there with the going when the proper time arrives.

The Seminole Athletic Club pulled off the box supper and big program as outlined at Lake Monroe last night and it went over big. The large crowd in attendance thoroughly enjoyed themselves throughout and the supper netted the club a neat sum that will go towards furthering the interests of this club. Many Sanford people have joined this club and Collier Biggers has been signed up as wrestling instructor.

Watch the Daily Herald for further announcements regarding both this club and the Sanford High's 1923 schedule.

New York-White Sox Series Stand a Tie

NEW YORK, April 7.—The exhibition series between the New York Giants and the Chicago White Sox stood at four-all Friday after the Giants suffered their second successive defeat, 10 to 5, at Vicksburg, Miss. Wretched pitching lost the game after Giant batters had pounded out a big lead.

The New York Yankees went ahead of the Brooklyn Robins in their exhibition series, taking the fifth contest at Monroe, La., 9 to 4.

Cincinnati Nationals Have Returned from Their Training Trip

Roush Will Not Play With Reds This Season—Play Independent Ball Instead

CINCINNATI, Ohio, April 7.—The Cincinnati Nationals returned home Thursday from their 33-day training trip in the South. Manager Moran said his athletes were in good condition despite the fact that the team has been idle for the last five days on account of inclement weather.

CINCINNATI, April 7.—August Herrmann, president of the Cincinnati base ball club, when informed of Roush's determination to play unorganized baseball this season, declared the club had made its best offer.

"Oh, very well. Let it go at that. We made our best offer."

OAKLAND CITY, Ind., April 7.—Ed Roush, centerfielder of the Cincinnati Nationals, announces he expected to play this season in an industrial league. He said he would not play with Cincinnati. Roush said he had received unsatisfactory replies to two letters he had written to the Cincinnati club in regard to his salary.

Florida State League's First Game Monday

The opening game in the Florida State League that is of most interest to the Sanford fans will be played at Orlando next Monday. It has been announced that this game will be played at Exposition Park and the several games after that on account of the new Tinker's Field being uncompleted.

Mr. Lang, league president, will be in Orlando for the opening game of the season and will instruct his umpires and send them out from there. Mr. Lang will meet his arbiters Sunday afternoon.

BRAVES END WORK

ST. PETERSBURG, April 7.—The Boston Braves closed their spring training schedule in St. Petersburg Thursday with the defeat of the local state league club, 7 to 0. Manager Mitchell used most of his first string men. Olinger held the Braves to one run in three innings, but Wilson, who relieved him, allowed six runs in the sixth, spelling victory for Boston.

The Daily Herald, 15c per week.

FOR THE MOVIE FAN

Your last chance to see "Peg O' My Heart" tonight.

R. A. Terheun and family are invited to the pictures tonight as Osborne's guests.

"Peg O' My Heart" is a Metro picture and it made one big hit at the Princess last night. Ask any of them that saw it.

Laurette Taylor was there with the big hit in the leading role.

It's a tale of an Irish father and English mother. The circumstances are amusing as heart stirring.

As in the stage play, Miss Taylor has the assistance of Michael, the famous canine actress with the masculine name. Michael has been with Miss Taylor in all her performances of Peg.

The screen production of "Peg O' My Heart" was directed by King Vidor. Miss Taylor's brilliant supporting cast includes capable and popular players.

Added attractions also.

"Peg O' My Heart" Scores, Laurette Taylor Wins Admiration

A local event of considerable importance in the photoplay world took place yesterday at the Princess Theatre, with the first presentation in this city of Laurette Taylor in a screen version of her most famous role, the title part of "Peg O' My Heart." The brilliant star of the stage was seen by many for the first time as "Peg," and to these especially the occasion was a memorable one. In

its celluloid form the celebrated play by J. Hartley Manners is destined to win new greatness; and the charming star an even greater renown.

"Miss Taylor's "Peg" is a decided contribution to screen artistry. It is an effective reply to those who continually clamor "what's wrong with the movies?" The next time picture fans hear that complaint, send the knocker to see Laurette Taylor in "Peg O' My Heart." If he doesn't come away singing the praises of all concerned in the making of this delightful story, and of the photoplay as an art, he is either blind or a moron.

Once again "Peg" lives on the screen. Once again hundreds of thousands will thrill to the woes of little Peg, and once again will they rejoice with her in her happiness. For Peg is back again, and she is destined to stay a long while.

King Vidor, who directed the picture, has faithfully transferred the play to the screen. Mary O'Hara prepared the excellent scenario, and Geo. Barnes is responsible for the fine photography.

Tonight is your last chance to see this wonderful picture.

Mae Murray Planned Unusual Sets

In addition to enacting the stellar role in her latest Tiffany production, "Jazzmania," presented by Robert Z. Leonard through Metro at the Princess Theatre Monday and Tuesday, Mae Murray took an active part in designing the unusual settings for the picture.

Miss Murray's interest in interior decorating has led to her taking an active hand in designing the artistic backgrounds which have been so favorably commented upon in her recent photoplays, distributed by Metro.

"Jazzmania" gives Miss Murray a wide range for her artistic ideas. The action of the picture takes place partly in a tiny kingdom in Europe, and thus novelties in setting and in costume were to be expected. The scene shifts to New York for part of the time, and here, too, lavish settings are seen.

The photoplay was written by Edmund Goulding, and directed by Robert Z. Leonard. The settings were executed by Cedric Gibbons, M. H. Hoffman is vice-president of Tiffany Productions, Inc., producers of Miss Murray's photoplays.

The Herald for first class job work.

It pays to put your best foot forward and to have it well shod in good-looking shoes. We believe you'll find that the new Oxfords we're featuring for Spring will fit the bill. They are designed on lines that are conservative, but mighty distinctive—the preference of well-dressed men.

All Indictments Are Nolle Prossed At Herrin, Illinois
(By The Associated Press)
MARION, Ill., April 7.—All of the untied criminal indictments growing out of the Herrin riot were nolle prossed today following the acquittal by jury last night of six defendants charged with murder in connection with the outbreak.

Joe Retzenstein is remodeling his new home on the corner of Park avenue and Seventh street and making a modern and most comfortable home which he will occupy as soon as it is finished.

The Daily Herald, 15c per week.

Catching Moths By Lights Will Not Solve Difficulty of Growers
Some time ago some of the Sanford growers following the plan of Artie Smith to catch the moths that breed the worms that eat up the hearts of celery in the field went in for lanterns and all kinds of lights that would attract the moths at night and in this way destroy them. It seemed that

GOOD REASON FOR QUITTING

Bob Fitzsimmons May Have Been Wrong in Judgment Concerning "Gameness" of His Son.

The best story observed in print for some time is told by Joe Vila in the Sun about young Robert Fitzsimmons. Young Fitz is considerably bigger and stronger than his father ever was, he is quick with his hands and with his head, he knows the science of the game. But it seems he can't stand up and take it. Mr. Vila continues:
Ten years ago Old Fitz introduced Young Fitz to a party of friends at the former champion's New Jersey home. The father put on the gloves with his son and the latter surprised the visitors with a dazzling exhibition of science.

"He's very clever, ain't he?" remarked Old Fitz during a short rest. "Well, now I'll show you something!" Resuming the tilt, Old Fitz suddenly hooked his right to Young Fitz's chin with terrific force. Young Fitz, staggering, pulled off his gloves and threw them on the floor, as he walked hurriedly out of the barn.
"He can box well," said the ancient Cornishman, "but he can't take a punch. He ain't game!"
"I stopped because I didn't want to lose my temper," explained the kid at the dinner table. "I didn't care to slug the old gent!"—New York Times.

LIGHT ON ANCIENT HISTORY

Discoveries Made in Old Tombs in Syria Reveal Important Fact Not Hitherto Known.

Two tombs about 4,000 years old have been discovered at Byblos, Syria, by the excavations being carried on under the direction of General Gouraud, the French high commissioner, according to the Paris correspondent of The London Times.
The age is established by the discovery in one of them of a harpy; a curved sword with a gold handle; a seal of gold on which is engraved the Egyptian sparrow-hawk; a gold scarabaeus ring beautifully carved, and a palm box of obsidian, mounted in gold and bearing the name of Pharaoh Amenemhat of the twelfth dynasty. This is stated to be the oldest inscription discovered in Syria, and proves that commercial relations between Syria, Greece and Egypt were already active 2,000 years before our era. The first recorded conquest of Syria by Egypt was made by Thutmose I (Thutmose) of the eighteenth dynasty during the Sixteenth century, B. C.

A 22,500-Ruble Stamp.
The soviet postal service of Russia has just issued for the benefit of the famished people of the Volga, a postage stamp that, as they say, beats all records.

It is a postage stamp of 22,500 rubles. Stamp collectors will gladly stick it in their albums, the more so since the purchase of this vignette will not ruin them.

In issuing this novelty the soviet posts hastened to establish the "parity" of the modern ruble and the former kopecks that were used in the times of the hated czars.
One kopeck equals 10,000 rubles. This new stamp of 22,500 rubles is therefore worth 2 1/2 kopecks (old style); that is, a few cents.
It is to be added that this stamp is colored flesh tint and mauve and represents a fist grasping a hammer, with banner bearing humanitarian inscriptions.

Popularity of Rubber Heels.
Sixty per cent of the shoes manufactured in the United States today are said to be equipped with rubber heels. Shoes for men are more often equipped with rubber heels than shoes for women. It is estimated that 75 per cent of the rubber heels manufactured are for men. The United States census of manufactures of 1920, covering production during 1919, showed that 275,357,206 pairs of leather boots and shoes were manufactured by 1,440 establishments. This was exclusive of slippers and fiber and other footwear not of leather. During the same period the production of rubber heels reached 128,408,700 pairs, and 9,777,085 pairs of rubbers and composition fiber soles were manufactured.

Ask Law to Protect American Names.
At the nineteenth annual meeting and reunion of the Reade Society for Genealogical Research, held in this city, resolutions were passed asking that a national act be passed by congress making it unlawful for any person to assume the family surname of any one of colonial, revolutionary or historical fame. It was also voted that for the protection of such names and to avoid confusion, mistakes or fraud, the organization seek to prevent foreigners from taking any colonial or American names which have been made prominent.—Boston Globe.

New Control for Autos.
Dispensing with the present emergency-brake and gear-shift levers in any motor car, the clutch, brakes and gear shifts are controlled by means of pneumatic pressure of from 40 to 65 pounds, obtained from the motor, in a device of recent invention. The apparatus, according to Popular Mechanics Magazine, is mounted on the transmission case in place of its cover, and is operated by means of a small pivoted lever. With the new control it is impossible to strip gears, or to engage the clutch when the brakes are set.

Don't forget the One Cent Sale, Thursday, Friday and Saturday.—R. C. Bower. 3-tfc

the plan was working by the amount of moths captured but it now develops that the male moths are the ones being killed and the female moth lays the eggs from which the worms are formed—are not the ones being caught by the lanterns and other lights in the celery fields according to Entomologist Watson who writes the following letter to County Agent Benjamin Whitner:

Gainesville, Fla., April 5, 1923.
Mr. B. F. Whitner, Jr.,
County Agent,
Sanford, Florida.

Dear Mr. Whitner:—
Yours of the 2d has been received. In regard to using lights to catch the moths of the celery leaf-tyer will state that the control of caterpillars by catching the moths by means of lights has never proved very successful for the reason that Mr. Berry gives. The males are more attracted to the lights than the females and so the large percentage of the moths caught are males, and a large percentage of the females caught have laid their eggs. The only exception to this seems to be a caterpillar that attacks grapes in France. They report some success by the use of lights there. You will find the females around lights in small numbers. You can get a pretty good idea of the percentage of males caught by examining the moths in a catch. The males have smaller abdomens than the females and you will also find the antennae different. If you care to you can send me some of your catches and I will determine the percentage of males for you.

It will not be possible for me to get down there this week, and not before about Wednesday of next week. Let me know by, say Monday, if the caterpillars are still abundant and troublesome and I will either go down or send Mr. Beyer, my assistant.

Have you ever tried the Kansas bait on them? The grasshopper and cut worm bait. You might find that this would work better than anything else.

Yours truly,
J. R. WATSON,
Entomologist.

Going to Buy a New Car This Spring?

—Then Consider These Facts:

- 1 The Oakland Six-44 is an outstanding success Every day, more and more buyers are convincing themselves that no other automobile offers an equal dollar-for-dollar value! In little more than a year, the demand has taxed the production facilities of the Oakland factory!
- 2 Oakland is so confident of the superiority of its engine that it gives a written 15,000 mile guarantee against excess oil in the combustion chamber—proof of the superiority of Oakland's cylinder, piston and ring construction. Only Oakland offers such a guarantee.
- 3 Only Oakland gives you a definite gauge with which to estimate the actual mileage an Oakland will deliver—free from expense. Consider Oakland's figures (elsewhere in this advertisement) in the light of your own motor experience, and you'll appreciate how remarkable they are!
- 4 In Cleveland, the average upkeep on Six-44's last year was only \$8.06 per car. Other cities report similarly low averages.

Consider these facts—come in and see the Oakland Six
