Kirk Is Expected To Extend Meet

By RICH OPPEL
Associated Press Writer
TALLAHASSEE, Fla. (AP) — Gov. Claude Kirk said today he would make a "major new announcement" and there was speculation Kirk would extend the 10-day legislative session opening toward adjournment. The Republican governor, however, may have had in mind plans for the legislative pay checks, hand delivered to his office today for his signature.
Wednesday is the last day of the special session under the current call. An extension would allow Kirk time to prod legislators into reconsidering financing his \$7.9 billion, 16-year road program killed in the House last week.
Sources said Kirk, who remained at the Capitol last Monday, had mentioned the possibility of extending the session. And it was learned that Kirk had his staff prepare a proclamation extending the call.
House Democrats today beat back Republican efforts to force reconsideration of Kirk's road program. The House voted 61-41 to keep the proposed program bottled up in committee.
In another vote, the House voted 63-33 against a proposal calling for a 20-day extension of the special session to investigate the Department of Transportation.
"This has raised very grave questions about our Transportation Department," said Rep. Clifford McNulty, R-McAlister. "If we go home now the department is virtually dead. They will not be able to work over there. They will not be able to talk with these questions."
McNulty sponsored the unsuccessful motion to extend the session.

100 Property Owners Battle Proposals Protesters Delay Housing Projects

By BILL SCOTT
Sanford City Commission, faced with overwhelming odds, last night continued two public hearings on two public housing projects until Jan. 12 after more than 100 property owners held the commissioners to a 3½-hour session voicing protests to Sanford Housing Authority proposals.
Filling all available seating, the group clung to standing room only to voice their indignation at efforts to build a \$1.5 million complex for senior citizens living on fixed incomes of less than \$3,800 annually.
Site approved by U. S. Housing and Urban Development (HUD) includes a 4.5 acre tract occupying portions of property adjoining Locust, Orange, Lakeview and Chapman Avenues and Second Street southward through Sixth Street.
Mayor Lee P. Moore said Oranger and Seminole are the only counties in Florida forced to hold public hearings with affected property owners before approval.
He said the two-county legislative delegation passed an act requiring the public hearing and the commission was just complying with the act in holding the session.
Moore stated if commission voted the site selected for Fort Mellon Gardens, a referendum of freeholders of the precinct in which the units are to be built will become necessary.
Andrew Speer, housing authority attorney, said it would require a two-year wait to get another site approval if present acreage is not approved.
After several hours of verbal abuse, the site selection from the gathering, Commissioner J. H. Crapps moved to disapprove the site but his motion died for lack of a second.
Crapps gave as his reasoning, "In view of the 100 people here representing another 500-600 in the area and in view of the fact that we are the agency of the people, I move that we not approve this site." Crapps hastened to add this did not mean he was opposed to the housing, only the selection of site.
Commissioner Earl Higginbotham, after hearing the many protests, observed, "It appears, according to this conversation, that this room feels all old people are trash, and I don't agree with this at all." He opined that older people deserve good housing.
Commissioner W. Vincent Roberts, calling attention that Commissioner A. L. Wilson was absent from the meeting, moved to continue the hearing until Jan. 12 after the city run-off election for mayor on Dec. 16.
Higginbotham seconded the motion, which passed without opposition.
A second hearing on public housing for low income persons to be located between Third Street and Sixth Street from Avocado to Jasmine Avenues was also continued until the same time after it appeared another impasse would develop between the housing authority and affected property owners over price being offered for land for construction of 200 units of from one to five bedrooms.
Roberts again moved to continue the motion that passed unanimously.
In another action, the commission approved a second term on Sanford Industrial Commission for A. K. Shoemaker, chairman, whose present term expired without notice 18 months ago.

ENCOURAGED over prospects of a large insurance firm locating a regional office in Sanford are, left, Mayor Lee P. Moore and John Krider, Greater Sanford Chamber of Commerce manager. Moore disclosed that an insurance company's regional vice president had requested that his home office take an option on 8.5 acres of lake front property near The Sanford Herald building for construction of a five-story office building employing 120 persons. (Staff Photo)

Full-Time Fire Chief OK'd At Forest City-Bear Lake

By MARION BETHA
The Seminole County Commissioners today authorized transfer of \$5,000 from Forest City-Bear Lake Fire Control District capital funds to authorize employment of a full-time fire chief at a salary of \$4,800 annually.
Commissioner Greg Drummond specified this would be on a tentative basis for the remainder of the year until the chief was reviewed later. The chief will work 54 hours per week fixed time and be on call otherwise.
County Commission Chairman John Alexander recommended to fire commissioners present that they make an effort to increase volunteers on the Forest City-Bear Lake Fire Control District. He was advised the department between now and next budget time.
The county commissioners denied a request for sidewalks to the Pine Crest School. County Engineer William Bush, after making a traffic count survey, stated there was insufficient warrant to justify installation of sidewalks from road and bridge fund money. Drummond said that the county must base its decision on need rather than desire for the sidewalks. "If desire were the only criteria sidewalks must be placed at other county schools," he stated.
William Gramlow queried the commissioners as to what warranted placing of sidewalks on Onora Road to the Sanford Naval Air Station. He was advised that the Navy paid the cost of installation at that time while the county built the sidewalks.
Alexander said the large amount of traffic and pedestrians met the criteria for the sidewalks on Onora Road.
Gordon Meyer asked the commissioners that if the Pine Crest PTA furnished the materials, would the county install the sidewalks. Alexander said that he was in favor of installing the sidewalks with the county providing engineering, equipment and personnel on a priority basis if other expenses were borne by the other parties.
Alexander requested a proposal from the PTA with specific figures.

Reliable Sources Say Another Shakeup Is Coming

By TOM ALEXANDER
The Sanford Herald today was probing into reliable reports that a shakeup is due about Jan. 1 within the Casselberry city government. Mayor Curtis Blow would neither deny nor confirm reports of a shakeup.
Blow, responsible for all city appointments, said he would have prepared list for the ensuing year ready before Jan. 1.
Reports were current that a number of municipal department heads would not be reappointed. This was confirmed by some city officials who said they would withhold consent until after Mayor Blow made his announcement.
Police Chief Donald Brunley, former Sanford police sergeant, said he would not be reappointed unless officially informed that he would not be reappointed.
Mayor Blow stated today "It seems that some of the councilmen must have fear that some of their very dear friends might not be appointed. Maybe this is the reason that they have been so reluctant to push for civil service. The mayor asked for earlier in the year."
He added, "At least, one of the councilmen has stated he did not intend for the city to have civil service until after the first of the year, when he could get some of his men appointed."
When asked if he intended to rehire the Chief of Police Don Brunley, he replied only that he would stand on the statement made on this question during the campaign. At that time he replied, "No employee who is doing his job efficiently and in a proper manner need fear of not being reappointed."
It was also learned that the City of Casselberry will discontinue its subsidy to Orlando Transit Service for bus service in the Casselberry area effective Jan. 2. The service will continue throughout the Christmas season as a benefit to Casselberry residents.
Councilman Thomas Napier quizzed Mayor Curtis Blow during last night's official meeting as to why the city's fire alarm had not been connected and pointed out that many volunteers who do not presently have the electronic system do not know when there is a fire and this places the city in jeopardy. Blow told Napier that he had requested that the electrician complete siren connection but that the electrician had not done so and he would check the situation immediately.
Hospitalization and life insurance bids were received last night by the council from three local agencies.

CHIEF BRUMLEY

City Voter Turnout Listed By Precinct

With one week remaining before the Dec. 16 run-off election, the city clerk today listed the voter turnout for each of the 33 precincts in the city.
Precinct 23 composed of residents living from 12th Street to 25th Street and from French Avenue until 29th of 815 for 36.2 percent.
The election supervisor said a good indication of a larger vote than anticipated might be evident from the three absentee votes already cast in the mayoral runoff.

Jaycees To Help On Vote

Sanford-Seminole Jaycees are conducting a get-out-the-vote campaign for run off election in Sanford for the office of mayor between Earl Higginbotham and Lee Moore on Tuesday, Dec. 16.
Jaycee director Alan Albers, who is in charge of government affairs and activities will be in charge of the campaign being conducted by the Jaycees in conjunction with the Yellow Cab Company.
Yellow Cab is again offering free rides to the polls between the hours of 7 a. m. and 1 p. m. on election day. The company was surprised that more did not take advantage of the offer during the first election as only 33 calls were received.
Sid Vihlen, Jaycee president, stated today, "The Jaycees are terribly disappointed and alarmed with the light vote turnout last Tuesday and feel this apathy is a dangerous sign. Because of our concern we are running this short project to urge people to vote."

Announcement To Come At Christmas

President Pictures Withdrawals

By JOHN M. HIGHTOWER
AP Special Correspondent
WASHINGTON (AP) — President Nixon said he intends to announce new U.S. troop withdrawals about Christmas time as part of a plan he declares will result in the Vietnam war ending regardless of efforts for a negotiated peace.

Nixon told a news conference Monday night that Vietnam infiltration into South Vietnam has gone up in recent weeks, but not as much as first be-

lieved, and "we do not consider the infiltration significant enough to change our withdrawal plan."

He cautioned, however, that any action still could cause him to alter his view. He said the number of American soldiers to be pulled out in the next round is still undecided. It appeared Nixon wants further reports on infiltration before making a final decision. He promised the announcement in two or three weeks.

In his 30-minute session with reporters, his first formal news conference since late September, Nixon dealt largely with Vietnam, including the alleged My Lai massacre. But he also touched on domestic and foreign policy matters.

There was an undisputed threat to veto the tax reform bill as written by the Senate, which would increase Social Security benefits and a jump in personal income tax exemp-

Nixon also warned again he will call Congress back into a rare post-Christmas special session if lawmakers' efforts flag in acting on appropriations.

And he spoke optimistically about the Soviet-U.S. arms control talks.

Speculations on another U.S. troop pullback has centered on a figure of 40,000 for the next announcement, which would bring the total withdrawals announced this year to at least 160,000.

"The enemy still has the capability of launching some offensive actions," Nixon said. "But the present prognosis is that I think I can make it this: That we can go forward with our troop withdrawal program and that any action that the enemy takes either against us or the South Vietnamese can be contained within that program."

He said the war is cooling off with casualties and infiltration both down now as compared with a year ago.

"Looking to the future," Nixon said, "if that situation continues I believe that we can see that the Vietnam war will come to a conclusion regardless of what happens at the bargaining table."

At present, he said, the chances for a negotiated settlement at the Paris peace talks are "not good," but they might improve as his Vietnamization plan develops because the enemy would find it harder to make a settlement with the Saigon government alone than with Saigon and Washington.

Nixon was asked early in the session about the alleged massacre of Vietnamese civilians by U.S. troops at My Lai in early 1968.

Nixon said both House and Senate have speeded up their work on appropriations, raising his hopes of completion in time to call a special post-Christmas session and a warning that he would veto the massive tax reform bill as now written by the Senate.

The President took a tough fiscal line in his televised news conference Monday night, making it clear he intends to protect his planned budget surpluses from deep tax cuts and increased spending.

"I can assure you that I intend to use all the power I possess as President," Nixon said, "to stop the rise in the cost of living—including the veto."

The veto notice came early in the half-hour exchange with newsmen. One of them asked: Could he sign the tax bill if it clears Congress containing the Senate-approved income tax cuts?

"I can assure you that I intend to use all the power I possess as President," Nixon said, "to stop the rise in the cost of living—including the veto."

"The veto notice came early in the half-hour exchange with newsmen. One of them asked: Could he sign the tax bill if it clears Congress containing the Senate-approved income tax cuts?"

Nixon replied quickly and emphatically: "No."

He also renewed his recent warning that he will call Congress back into special session after Christmas if it fails to complete its work on the major appropriations bills for fiscal 1970—the government year which already is almost half over.

Most of the 13 money bills still are unfinished, making it doubtful whether Nixon can prepare his budget message for Congress in time to meet the January 1 deadline.

Afterwards the jury foreman indicated the key testimony, as expected, came from a defendant who freely admitted his role in the seven slayings—and is himself accused of an eighth.

Charged with the murder of the blonde actress, three friends and a youth were the commune leader, Charles M. Manson, 35; the star witness, Susan Denise Atkins, 21; Charles D. Watson, 24; Patricia Krenwinkel, 21; and Linda Kasabian, 26.

The same five plus another girl, Leslie Sanikhan, 19, were indicted in the murders of Leno LaBianca and his wife Rosemary.

The indictment charged that Watson, Miss Atkins, Miss Krenwinkel and Mrs. Kasabian went to the Bel Air estate of Miss Tate and her husband, film director Roman Polanski, who was out of town. Miss Tate, hair stylist Jay Sebring, Polish playboy, Wojciech "Vojecek" Frenkowski, (spelled Frenkowski in the indictment), coffee heiress Abigail Folger and young Steve Parent were slain.

How and by which of the accused the indictment did not specify, but it said Mrs. Kasabian remained outside the house while the killings went on.

The bearded, long-haired Manson was charged with the Tate slayings even though by Miss Atkins' account, accepted in the indictment, he was not present. The district attorney contended the cult leader, said to have lured the wealthy couple in the crimes and could be charged with them.

Nixon OKs Spiro

By JERRY RUCK
AP Television Radio Writer
NEW YORK (AP) — CBS and NBC each had a brief news analysis Monday night of President Nixon's first televised news conference since Vice President Spiro T. Agnew criticized his work commentary following Nixon's Vietnam speech.

Nixon said in his news conference: "Generally, I think the news media has been fair."

"I still will have no complaints as long as the news media allows, as it does tonight, an opportunity for me to be heard directly by the American people and then the television commentators to follow me. I will take my chances," he said.

The President said he thought Agnew had "rendered a public service" by bringing up the issue of network news analysis.

The vice president said in a speech that he thought the analysis immediately after Nixon's Nov. 2 Vietnam speech made difficult an objective evaluation of the President's remarks.

Commenting Monday on NBC's Herbert Kaplow said: "I get the definite opinion that the President had thought this out and decided to give strong support to his vice president. I think it was a rather strong endorsement of the vice president."

CBS followed the half-hour news conference with about five minutes of summary and analysis. NBC said earlier it would not analyze the conference, but presented about eight minutes of summary and analysis.

ABC summarized the President's remarks in about one minute and returned to its regular programming.

A spot check of the Associated Press of CBS affiliate stations in 44 major cities showed that all carried the summary and analysis. Complete reports from all the networks on the summaries and commentaries will not be available for several weeks.

After the last presidential news conference Sept. 26, CBS had about four minutes of analysis which was carried by 260 of its 260 stations. ABC and NBC had brief summaries.

Nineteen stations of the Eastern Educational Network in Maine, Massachusetts, Rhode Island, New York, Pennsylvania, Maryland, West Virginia and Washington, D.C., carried a one-hour panel discussion of the news conference.

Kaplow said the President "struck me as being firmer than ever before on the broad structure of subjects brought up. He showed little equivocation."

Agnew had "rendered a public service" by bringing up the issue of network news analysis.

5 Indicted In Mass Murders

By LINDA DEUTSCH
Associated Press Writer
LOS ANGELES (AP) — A grand jury which deliberated only 20 minutes has indicted three young women and two men from a deep commune on murder and conspiracy charges in the bizarre slaying of actress Sharon Tate and four other persons.

The Los Angeles County grand jury on Monday also indicted the same five and another young woman member of the band in the murder of a wealthy grocer and his wife the day after the Aug. 9 Tate killings.

The jurors took secret testimony from 22 witnesses in two days.

Afterwards the jury foreman indicated the key testimony, as expected, came from a defendant who freely admitted his role in the seven slayings—and is himself accused of an eighth.

Charged with the murder of the blonde actress, three friends and a youth were the commune leader, Charles M. Manson, 35; the star witness, Susan Denise Atkins, 21; Charles D. Watson, 24; Patricia Krenwinkel, 21; and Linda Kasabian, 26.

The same five plus another girl, Leslie Sanikhan, 19, were indicted in the murders of Leno LaBianca and his wife Rosemary.

Fire Ravages House

By LIZ MATHEUX
The house of the John McLain family on SE 46 near the 426 intersection in Geneva was gutted by fire at approximately 9:30 a.m. today following an explosion of gas as yet undetermined origin.

The walls of the newly renovated concrete block home were still standing but the windows were blown out and the family's possessions wiped out.

Two passersby, L. E. Carr and John D. Thomas, were driving down the road in their cars when they noticed the smoke and arrived back at the scene in time to witness the explosion. When Mickey Kestering, hearing the explosion, arrived at the McLain home, he heard the family pets crying and kicked the door open to rescue a cat and dog trapped in the building.

At the time of the fire, McLain was at his job at Cape Kennedy and Mrs. McLain had reportedly gone Christmas shopping accompanied by her two-year-old daughter, Cheryl, a fifth grader, and Doug, a sixth grader, were attending Geneva School.

The Geneva Volunteer Fire Department responded to the alarm standing in a heavy rainstorm to fight the blaze.

Burger joined Justice John Marshall Harlan in dissenting from the 4-3 judgment. The chief justice accompanied his vote with the statement he supported Harlan's position "that states may be permitted broader latitude than the federal government in combating obscenity."

Congressional and other critics of the court often single out its obscenity decisions for attack, much as they viewed the court's ban on a required prayer in public schools in earlier years.

Presumably they operate at least partly on the assumption

Council approved rezoning from R-1A and R-2A to R-3 multiple family for Carl Thompson on a Sunset Drive location pending that he grant the city right-of-way for road improvement and also pay a share of the road improvement cost.

Former councilman Dr. Eugene Ellis was appointed to the board of adjustment to fill a vacancy that had existed for the past month. Betty Jones was appointed assistant clerk of the city hall per request of Mayor Blawie.

In final action, election results were certified and a Fern Park annexation ordinance was read.

to the council's insurance committee for further study.

The council moved to standardize and update the city's present building ordinance as required by the county and ordered that the proposed change be posted.

The council approved its second and last permit pending a favorable reply by the police department and other governmental agencies concerned with taxi services.

In other action, the council also voted to extend bar closing times on New Year's Eve from the present 2 a.m. cutoff to 4 a.m. One bar had requested to remain open until 5 a.m. while another ask for a 6 a.m. termination.

REV. FREDMIE SMITH, outgoing president of the Sanford Ministerial Association, presents check to Ruby Wilson for the Good Samaritan Home Building Fund. The offering of \$222.51 was given by those attending the combined Thanksgiving service held by Sanford churches.

Drill Sergeant's Trial Continues

By RICHARD BEINE
Associated Press Writer
SAN ANTONIO, Tex. (AP) — Testimony was to continue today in the court martial of a Lackland Air Force Base drill sergeant accused of beating, kicking and choking basic trainees last summer.

Prosecution attorneys said they planned to call five more witnesses to testify against S. Sgt. Raymond Lacy Jr., 38, of Lawrenceville, Va., a father of two with nine years' military service.

Another Lackland drill sergeant has been tried and convicted on two charges of mistreating recruits. A third goes to trial here next week.

Eight court martial officers heard testimony Monday from four young Negro airmen, including three who were assigned to correctional study at Lackland for allegedly cheating on tests.

They were prosecution witnesses.

Still to be heard was testimony on allegations that Lacy kicked Airman Basic Mario de Cerda in the buttocks, and that he struck de Cerda with his hand, making him fall into a window and sustain a head cut.

Lacy faces possible maximum punishment of a dishonorable discharge, forfeiture of all pay and allowances, and a year at hard labor for each of the five alleged offenses with which he is charged.

Airman Ernest J. Green, 21, of Tampa, Fla., a Negro, testified Monday that Lacy grabbed him by the throat, then shoved him against a wall. "My wife was cut off for approximately 3 seconds," Green said.

Airman Calvin L. Mapp, 16, of Atlanta, Ga., a Negro, said Lacy choked Green and another recruit, Airman Basic Herman Oliver, a Negro, testified that Lacy grabbed him in the vicinity of his neck and chin and "pushed me back into the wall and I bumped my head."

Oliver said it was a "light tap" on the back of his head.

He was asked if the incident hurt him. "No, it didn't (hurt) — just my pride, that's all," he said.

Sgt. Ronald E. Wood, 28, of Indianapolis, Ind., was convicted on two of five counts last week of mistreating recruits and was fined \$225 and reprimanded.

Sgt. Daniel Clark, 34, of Oberlin, Ohio, is scheduled for trial next week on similar charges.

Seminole Calendar

Dec. 9
Seminole High Boosters Club, 7:30 p.m. school cafeteria; election of officers; complete action of year's business.

Tax Reform Bill Faces Nixon Veto

By JOE HALL
Associated Press Writer
WASHINGTON (AP) — The Senate has opened the way for the final vote on the massive tax reform bill by killing an effort to eliminate the tax exempt status of political contributions by labor unions.

The labor contributions issue was the last time-consuming battle in the lengthy floor debate on the House approved measure, up for expected passage today after other minor amendments were dealt with.

In the 10th day of debate Monday, the Senate turned back two moves to remove labor unions' tax-exempt privilege in political activity.

The bill faces a veto by President Nixon, who said at a news conference Monday night he could not sign the measure as presently written by the Senate because of the cost.

The Senate has turned the legislation into a combined tax-Social Security bill by tacking on a rider boosting pension and other benefits by 15 per cent.

In the House, legislation for a 15 per cent increase in Social Security benefits was cleared for floor action, with a possible vote scheduled Friday.

It foreshadowed a possible clash with the Senate over the broader Social Security expansion by 15 per cent.

The Senate also had added several new tax relief provisions on top of the \$9 billion in tax cuts which were in the measure when it reached the floor and has softened many of the reform sections aimed at closing tax loopholes.

The principal amendment on political contributions by unions offered by Sen. Paul Parris, R-Ariz., was rejected Monday night 50-27.

Ireland covers 27.18 square miles, an area slightly larger than West Virginia.

Typewriter King

They do. A big piece, as a matter of fact.

Although thousands of items may be found in Florida's largest business department store, the typewriter will always be George Stuart's first love. He will talk for hours about typewriters and knows something about all makes.

One of the gems in his opinion is the precision engineered Hermes 3500 manual portable—the world's finest and the most expensive. But this typewriter will last a lifetime. Made by the Pollard people, the Hermes 3500 is just one of the fine precision machines made by the Swiss factory—they make the cameras used by the astronaut; also the noted Norden bomb sight.

Looking for a low-priced typewriter? The Olivetti-drewn Lettera 21 is top in its field, and a favorite at this Christmas.

Leading the family of American typewriters for many years is the noted Smith-Corona, the Royal, the Remington and many more. They can all be found at George Stuart's.

"We are now experiencing one of the greatest influx of pre-Christmas shoppers in our history," Stuart said.

Farmers To Support President

By DON KENDALL
AP Farm Writer
WASHINGTON (AP) — The politically conservative American Farm Bureau Federation was asked today to soften its vote for 1,000 or more. He has been heard to say, "Send a card—no better still make it two cards."

Now, orders like that are for just one make of typewriter, and at least a dozen manufacturers are out "to get a piece of George Stuart's business."

With 13 million members, the American Farm Bureau Federation is the nation's largest farm organization and carries considerable clout in legislative circles of many rural states and is a major agricultural lobby in Washington.

The resolution draft, pledges the bureau's support to "the efforts of the President to bring an honorable and peaceful settlement to Vietnam."

"We honor and respect the sacrifices of our men and women in service and those of our allies who are bound together in this defense of freedom."

Last year the Farm Bureau contended:

"The Vietnam war requires a total national commitment if we are to complete as rapidly as possible the difficult task of stopping the aggression, restoring order, and permitting a properly constituted government established by self-determination to function."

Other tentative resolutions prepared by a convention committee ranged from farm policy to pornography.

The resolution committee called for a gradual elimination of compensatory payments to farmers and eventual conversion of agriculture to the free market standard.

"The Vietnam war requires a total national commitment if we are to complete as rapidly as possible the difficult task of stopping the aggression, restoring order, and permitting a properly constituted government established by self-determination to function."

Other tentative resolutions prepared by a convention committee ranged from farm policy to pornography.

Male Chorus Will Sing

The DeBarry Civic Association is the nation's largest male chorus and carries considerable clout in legislative circles of many rural states and is a major agricultural lobby in Washington.

Maverick Still \$1995

Torino Lowest-priced hardtop in its class.

The choice depends on the size of your family, not the size of your budget.

Inch for inch Maverick's best automotive buy in the world. Here as the facts. FACT: Maverick gives you lots of legroom, headroom and hiproom... plus 104 cu. ft. of trunk space. FACT: Maverick's 105-hp Six gives you the power you need for fast acceleration and easy passing. FACT: Maverick rivals the imports in gas mileage. FACT: Maverick is simple to park, service, repair... and own.

But if you need more inches, Torino's the car for you. Torino is the first choice of big families who go for big value. FACT: This hardtop has the same sleek styling of the more expensive Torino models. FACT: It has the same 117-in. wheelbase for a smoother ride. FACT: It has the same 60-in. track for better road holding. FACT: It has a roomy interior that seats six in perfect comfort... plus 16.2 cu. ft. of trunk space. Look over Torino and Maverick now. THE FACTS FAVOR TORINO.

"Ford's suggested retail price for the six-cylinder Torino is \$1995.00. While actual street prices may vary, they are not to exceed \$2000.00. Dealer preparation charges (if any), transportation charges and taxes and local fees vary, and are included, but in extra equipment that is specially reduced by state law.

For more information about these cars, call your Ford Dealer or write: Maverick Catalog, Dept. H-8 or Torino Catalog, Dept. H-9, P.O. Box 1055, Dearborn, Michigan 48121.

Vernell Was Here

HE'S STILL A Seminole, as former Seminole Junior College star Vernell Ellzy, now with the FSU, shows how easy it is to garner two points while warming up last night for the Bulls-FSU clash which Florida State won, 107-86.

(Left) Ellzy shows his now famous leaping ability, pulling down another rebound to pace FSU in scoring and also rebounding in last night's excitement-packed contest before 2,300 fans.

It was really a fine homecoming for the hometown Sanford product with about half the huge crowd being from Seminole County. Ellzy can say it, keep it up Vernell!

Super-'Seminole' Ellzy Lifts FSU Past Rollins

By GARY TAYLOR
Herald Sports Writer
It looked like old times last night when the Florida State University Seminoles visited Ezyart Alumni Fieldhouse in Winter Park to take on the Rollins Tars. A familiar figure, wearing a familiar number, 44, thrilled the crowd with his fantastic leaping abilities and scoring efforts. This figure was none other than Vernell Ellzy, the FSU's first junior who paced Seminole Junior College to a State Championship last year. With Ellzy's help, the Seminoles won 107-86.

Even before the game got underway, nearly all of the 2,300 fans were on their feet watching the "Super Seminole" show off his leaping abilities. And a large number of the fans on hand were from Seminole County, many from

It was quite a night for Ellzy. He showed the local crowd just how good he is as a basketball player. He scored 23 points and also grabbed a game-high 13 rebounds. Ellzy's 23 points was the highest number of points scored in a single game by any Seminole thus far in his career. It also put Ellzy in the tie for the scoring average lead with David Cowens at 17.7 points per game. Cowens scored 18 points for the Seminoles.

But Ellzy wasn't the only one scoring for FSU. Five other Seminoles were in double figures. Eight on the Tar Heels' home court in Greensboro.

Seminole coach Hugh Durham was pleased with the performance of his squad and with the performance of Ellzy. But the first big test of the season will be Saturday night.

Seminole coach Hugh Durham was pleased with the performance of his squad and with the performance of Ellzy. But the first big test of the season will be Saturday night.

Crooms After Revenge In Match With Hornets

The Crooms High Panthers will be looking for their first win of the season tonight as they clash with the Bishop Moore Hornets on the Hornets home court. The clash is set to begin at 8 p.m.

The Panthers were the victims of the Seminole High Seminoles last Friday night as they fell 57-51. The Panthers were led by John Daniels and Willie Miller in the losing effort. Both scored nine points each.

Clifford Martin was the big man for the Panthers on the boards as he grabbed six rebounds. The Panthers, though, at a height disadvantage, and were unable to control the boards.

The Panthers were forced to depend on the charity stripe for many of their points in the first game as they took 15 points on free throws along with eight field goals for 18 points.

But Crooms coach Lamar Richardson feels sure the Panthers will get over their first game jitters, and settle down and play ball.

To be able to get into the winning groove, the Panthers have got to control the ball. They must grab rebounds, take advantage of mistakes, and cut down on their turnovers.

Bishop Moore always has a tough basketball squad, and this year is no exception. The Hornets will be out for the win tonight as they play before their home crowd.

A junior varsity tilt will be held at 6:30 p.m. The Baby Panthers barely pulled the Baby Seminoles last week, 24-23, in a game of mistakes for the young inexperienced squads.

The Baby Panthers show talent, and they look to have a good season.

Stetson Captains

DELANE — Derrell Boone and Earnest Kilham have been elected co-captains for the Stetson University 1969-70 basketball season. The announcement was made by Head Coach and Athletic Director, Dr. Glenn Willes, Kilham, 6-3, son of a former Stetson basketball player, was named to the team by one slim point in a game that had the crowd on their feet. The Pups on the other

Lyman-SHS Tangle In County Test

By GARY TAYLOR
Herald Sports Staff
The Fighting Seminoles of Seminole High will look for win number two against no lesser tonight as they play host to the Lyman Greyhounds. Game time is 8 p.m. at the Seminole High gym.

The Seminoles won their opener last Friday night as they hosted another Seminole County team, the Crooms High Panthers. The final score was 57-31.

The Seminoles depend on Larry Kease for their strength, both in scoring and on the boards. The Seminoles jumped in 18 points in the winning cause and grabbed several key rebounds. Mike Corso also showed talent in the quarter ball handling, rebounding, and foul

hand, took a pair of contests over the weekend.

By CHUCK GRILE
Herald Sports Staff
Lyman seeks its first win tonight against arch rival county foe Seminole High. This marks the first of two meetings this year between the two teams.

The Greyhounds lost a pair of games to the Seminoles in the county test. There were many mistakes, but great promise for the future was present also.

The Greyhounds had trouble ball handling, rebounding, and foul
