

Through Orlando's Glasses
 Basgally speaking, it was one glorious Fourth here yesterday. Orlando pulled out of a sure enough bad place in the eighth inning of the second game and took it from the celery crowd three to one.

At the beginning of the eighth inning the score stood one to nothing, and the from up yonder were saying things audible afar about how it feels to beat a crowd of tourists on the nation's birthday.

But, as Speaker Champ Clark would say, you can't always sometimes tell. There are chances and the prices of celery and luck and political fortunes fluctuate.

The morning's game was a tight one, score one to one at the ending of the seventh inning, when the weather man emptied the bases.

What was perhaps a record crowd for Orlando, including visitors from many sections of the county, were present, when the afternoon game was called. Wilson went into pite! for Orlando, with Beardall holding the mit. Sanford's crack, Wallace, was put in with Lowe.

A new man appeared on the first sack for Orlando. His name was Ed. White of Jacksonville, who last year played with Miami and made a reputation.

The fun began in the second inning when Sanford, following a custom she has, made a run. Wofford got a hit, and beat it to first base, Lowe and Bundy

and the nerve systems of the fans began to tighten. They were stung when Roberts drove the pill into left field, and Wofford tallied.

Clean, fast ball prevailed then until the eighth, the interim being as barren of hopes as a palmetto scrub, except in the seventh, when Orlando looked like she had a chance. Then, somebody pulled down the star in Sanford.

Lee started the fun by beating out a slow grounder to first. Then came C. Pounds with flood in both pupils, which were gauged for an in-shot. It came. Pounds landed on it and galloped around two bases, and Lee came home. The band struck up Dixie, but you couldn't notice it.

Boyer followed Pounds and went him one better. He picked what was intended to be a lemon and knocked a three bagger. C. Pounds came home. Then the strain got too great for the visitors and a wild throw scored Boyer.

It was all over but the shouting, which lasted until the last fan had said good-bye to gate-keeper Allen.

Orlando made one error and Sanford four. Orlando took six hits and gave Sanford three.

Features of the game—well, the main feature was the score, incident to which Frank and Clyde Pounds each knocked two baggers and Boyer a three sacker—and all off the great Wallace.

Fans from Jacksonville, Tampa, Kissimmee and many neighboring cities attended both games.—Reporter-Star.

Orlando Wins Game

Orlando, July 6. (Special) Wilson was too much for Sanford this afternoon and with Boyers' help he beat them 4 to 2.

The locals took an early lead and were never headed. Wilson allowed the visitors only two hits and fanned four. Boyer took his customary four trips to the plate and laced out much needed bingles on each trip.

The score by innings:
 Sanford 000 002 000—2
 Orlando 002 002 000—4
 Batteries: Lee and Lowe; Wilson and White.

Summary: Struck out by Wilson 4; by sby Lee 7. Hits off Wilson 2; off Lee 8. Two base hits, Farmer. Sacrifice hits, Lee, F. Pounds, White and Wilson. Left on bases, Orlando 5, Sanford 2. Stolen bases, C. Pounds, Boyers and Bowen. Time: 1:40. Umpires, Tilden and Morrow.

BRICK ROADS FOR OSCEOLA

E. Donegan, R. G. Johnson and E. L. Lesley have been named by the county commissioners as a committee to investigate the advisability of bonding Osceola county for \$50,000 in order to provide good roads. A. E. Donegan brought the matter before the board of county commissioners and gave his views on the subject and urged consideration at the hands of the commissioners. It is the intention, if concurred in by the members, to use vitrified brick in the construction of the proposed highways. The committee will make a thorough study of the cost and other features pertaining to the system of roads needed in the county. They will then report to the board and it is presumed that that body will be governed by the committee's recommendations. There are really not very many bad spots in the roads in the northern part of the county, but by inaugurating the brick work, good roads would be here for years to come and would require but little attention, while the clay, marl and sand roads existing today constantly demand repairs.

A Republican Compromise

Washington, July 6. A nation-wide movement to withdraw as the Republican candidate is being backed by a large number of Republican office holders who feel that they face defeat in November unless the breach in the party can be healed.

These men include members of Congress, state legislatures, who will elect senate, state and county office holders and others. It is said these office holders may also ask Colonel Roosevelt to withdraw as a progressive candidate for President and allow a compromise in a man acceptable to both sides. It is also said that a decision shall be reached before August 15th, when the Roosevelt factions plans to hold a convention in Chicago. A circulation of the petitions, it was declared today, would start within a week. It was said the movement would begin spontaneously in every state. The organizers now are circulating blank forms of petitions and appointing supervisors who in turn will engage canvassers to solicit the signatures of Republican voters. The authors of the plan expect to offer to practically every Republican voter in the United States a chance to express his opinion of Mr. Taft's candidacy either by signing the petition or rejecting it.

For Better Rural Schools

Chicago, Ill., July 6.—A report presented by Frank W. Miller before the fifth annual convention of the National Education Association here, said of the 50,000,000 school pupils of the United States, 12,000,000 were being educated in rural schools and that only one-third of the country boys and girls were making a satisfactory showing. Thomas H. Harris, state superintendent of schools of Louisiana, declared the condition of the rural schools was becoming so deplorable it was time for the federal government to provide both money and methods to remedy the situation.

"The fear of federal interference with the control of schg is should be set aside in the interest of the rising generation," said Mr. Harris. "National supervision of country schools is an absolute necessity. Our schools need a better education." It will be decided what steps are to be taken later. It is likely that the rural school problem will of the most important to come before the convention. A special committee ap-

pointed to investigate the subject will urge appointment of field workers to travel over the country in the interest of country schools.

Court Week at Orlando

Two courts convened in the city this morning. The Circuit Court continued over from last week, and will probably continue throughout this week.

Owing to the fact that the Circuit Court occupied the court room, the Criminal Court, with Judge Warlow on the bench, assembled in the city hall.

In the Circuit Court the only case considered during the morning was that of R. T. Wynne, vs the Atlantic Coast Line Railway. The case was postponed owing to the absence of an important witness.

In the criminal court a jury composed of R. W. Herndon, C. G. Butt, H. G. Bryarly, W. E. Allen, R. L. Gresham and S. Canada, acquitted C. H. Harris, charged with "breaking and entering."

In the case of Will Williams, charged with keeping a gambling house, the State accepted a plea of gambling, and Will was fined \$40 and cost or sixty days.

Evans Holman plead guilty to gambling and was fined \$20 or thirty days.

This afternoon the court is trying Evans Holman on a liquor selling charge. The case is a local one.—Reporter-Star.

A Note From The Summer School At Knoxville

"We are studying astronomy and forestry just for our own pleasure.

We thoroughly enjoy looking at the moon and plants through the big telescope. Jupiter, the star in the south, looks like a big full moon and we can see his seven satellites following him. The moon is perfectly huge. We can see the mountains, the craters of her volcanoes and plateaus.

But what you would enjoy most is the delightful climate. It feels like fall, breezy and cool—no mosquitoes—nothing to botherone—not even men. The country is perfectly beautiful.

We are studying forestry and one teacher tells us there are 135 different varieties of trees here. Our class is to go on an expedition tomorrow. There will be a sprinkling of timid males in the party. They will need a policeman to guard them when they go out alone. I really feel sorry for them."

SANFORD GIRL.

ETHEL ITEMS

The A. C. L. train killed two of A. T. Lippford's Berkshire hogs Monday. It would be a fine thing for the people of Ethel if the A. C. L. would fence the railroad, as a good many head of stock have been killed through this section lately.

Mrs. Cyril Boyd is visiting relatives in Winter Park at the present.

Miss Sallie Lippford has returned home from Paola, where she has been for the past two weeks.

Mr. Robert Kennedy and H. W. Garms were guests of A. T. Lippford Sunday.

The farmers of Ethel are busy at present gathering fodder.

The people of Ethel decided to have a same Fourth this year and the sports that were indulged in were as follows: Bear hunting, picnicking, boating, bathing and dancing, and despite there being no fire works of very one seemed to have a glorious Fourth.

Fogg Solves The Question

Editor Sanford Herald:
 I have read with much interest the letter referring to "Transportation the Problem" from the Arcadia Champion, in which he states that there is only one great question confronting the people of Florida today, and when that question is rightly settled all others will practically adjust themselves. I will add in South Florida. He asks what are we going to do about it?

That is an easy one. It is simply to build a traction railroad from the city of Sanford south and, if necessary, to Arcadia, which would cut the freight rates half in two between these points. And elect Theodore Roosevelt President.

N. H. FOGG,
 Altamonte Springs.

Royal Arch Masons
 Regular convocation Monroe Chapter No. 15 Thursday, July 11th, 1912, 7:30 p. m.
 H. E. TOLAR,
 King.

Notice of Meeting
 The Woodman's Circle will meet on Wednesday at 3 p. m. at the Eagles' Hall.

Twenty-one lives were lost, according to the official list, in the wreck on the Ligonier branch of the Pennsylvania railroad Saturday night, when a passenger coach was crushed between two locomotives. Many of the injured were taken to Pittsburg.

Worship in Song

It is a pleasure to note every improvement in our thriving little city of Sanford, and among these is the disposition to make our Sunday services more attractively worshipful in the churches. The anthems of praise and inspiring devotion that went up from the Congregational house of worship, a Sabbath evening since, are along this line. Every thing given was beautifully rendered much being truly artistic, and everything being devotionally appropriate to the time and place. The address, too, was in sweet accord with the central idea of worship in song. The Congregational choir was showered with well merited praise for the excellent work of the evening, and the pastor highly complimented on the thoughts presented, all of which would have been helpful in large degree to the entire community could every one have heard same. The church was filled, the large audience by their presence and subsequent comments giving substantial evidence that these services are both enjoyed and spiritually helpful. Let such good work go on, let the pastors encourage their choirs, let the singers make conscientious and persistent effort, let us have more of that music which contributes a foremost delight and occupation of heaven mingled with our pulpit addresses, and soon we shall see not empty sittings, but crowded pews in our sanctuaries.

After The Blind Tigers

Blind tigers are not de la mode this year in Sanford and Mayor Spencer has been smiting them hip and thigh every time they face the railing. All that he requires is sufficient evidence and he can be depended upon to do the rest.

Two unbleached dispensers of the mountain dew faced His Honor yesterday morning and they were caught with the goods on and handed a neat package of \$200 fine. Mayor Spencer states that he is getting tired of taking the money and should these old offenders face him again he will give them about six months road work and keep them out of mischief at least that long. He is determined to break up this illegal selling and expects to adopt drastic measures to round them up and send them over the road.

R. Harding Davis Married

Greenwich, Conn., July 5. Richard Harding Davis, the author, and Miss Elizabeth Genevieve McAvoy, known on the stage as Bessie McCoy, were married here today by a justice of the peace. The matron of honor was Mrs. Russell Colt, formerly Miss Ethel Barrymore. Mr. Davis was attended by Gouverneur Morris, the story writer.

Portland Filled With Elks

Portland, Ore., July 6. Elks' reunion flow did not begin until this morning. The convention of the grand lodge opens in the Armory tonight with prayer, song and speeches. The entire city is profusely decorated. The downtown streets, depots and hotels are thronged with enthusiastic crowds and the familiar "hello Bill" is to be heard on every hand.

Exit Near Beer

Atlanta, Ga., July 6. Liquor legislation was again taken up in the Georgia house of representatives today, in the shape of the Tippins bill, which prohibits the sale of any drink containing more than one-half of one per cent of alcohol. The bill is designed to wipe out the sale of "near beer."

THE SANFORD HERALD

IN SANFORD—Life is Worth Living

Number 89 SANFORD, FLORIDA, FRIDAY, JULY 1, 1916 Volume IV

NEWS OF THE WORLD

Items of Interest Gleaned From Various Sources

HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurred Readers

J. Wylie Smith, the Atlantan charge with embezzling \$200,000 and wrecking the Commercial Loan and Trust Company of that city, will be returned to the United States, after a year's imprisonment in Mexico, according to a telegram received today by Gov. Brown from United States ambassador Wilson at Mexico City. Smith was apprehended in Mexico shortly after his disappearance from Atlanta, but defied extradition. Ambassador Wilson's telegram states that Smith will be placed on United States land at Juarez. Detectives from Atlanta have been sent to that city to arrest Smith.

The last of the expert testimony by alienists was given in the Harry K. Thaw hearing today, when Dr. William A. White, head of the federal asylum for the insane at Washington, and Dr. Charles K. Mills, a lecturer at Columbia University on mental diseases, gave in their positive opinions that the slayer of Stanford White now is sane. The head of the federal asylum declared that at his institution, "constitutional inferiority" was considered cause for the detention of enlisted men. He asserted that Thaw's characterization of Stanford White as a "gorilla" and a blackguard was "emotionally justified."

Gov. Wilson talked for half an hour to 500 men at Atlantic City on the necessity of working today for results tomorrow and on the evil of individual and national extravagance. The governor's audience was composed of delegates to the national convention of the Building and Loan League, and the address he delivered was one of welcome on behalf of New Jersey.

Immediate downward revision of the tariff is likely to be one of the demands made by the new party headed by Col. Roosevelt. While the former president was non-committal today regarding the course he would urge the Chicago convention of the new party to adopt, it developed from the talk of a number of leaders today who have conferred with Col. Roosevelt in the last few days that the party doubtless will declare for immediate revision. According to the present program, the demand for legislation would be restricted to the schedules which, in the opinion of the party heads, are obviously higher. The woolen and cotton schedules were pointed out as perhaps the best examples.

The eleventh prohibition convention got under way at Atlantic City Thursday but at three sessions progressed little beyond the preliminaries of organization. There were developments enough, however, to indicate a strong undercurrent of "insurgency" in the party and to forecast a fight of some of the delegates for a more progressive and aggressive attitude in the coming campaign.

A few tantalizing thunder showers that pattered vainly on burned fields and streaming pavements were the only promises of relief in sight tonight from the wave of humid heat that has enveloped the country. From east and west tonight the weather bureau received reports of generally increased temperatures. Behind the stolid figures came a story of sweltering cities and seared farms. Increased death rates in the over crowded cities and general suffering as a result of the heavy depressive heat was generally recorded. New York and Chicago all caught the rising temperature. Throughout the New England and middle Atlantic states the mercury rose.

A presidential nomination boom, based on a new issue that would substitute practical politics for "church politics" in the prohibition movement, was started at Atlantic City on the eve of the national prohibition convention. Finley C. Hendrickson of Cumberland, Md., was launched as a candidate for the prohibition presidential nomination by the Maryland delegation, which will appeal for his election as the party standard bearer on a broad platform, especially urging that there be more earnest appeal for votes outside the churches and less of the energy of the party be expended in "howling for the church vote."

SANFORD IS THE BEST

Has Better Stuff And More Advantages Than California

Among the visitors to the city this week are Mrs. Sossman and son of Chillicothe, Ohio, who have purchased celery land here and are delighted with the many advantages of this city and the celery delta. Mrs. Sossman is the sister of Mrs. Davis Forster and was attracted to Sanford by the glowing accounts of this section as told by Dr. Davis Forster who, though called away to Hawks' Park, where he has a large sanatorium, still has a warm spot in his heart for Sanford. Speaking about different celery sections Mrs. Sossman remarked that Sanford was far superior to the California growing centers and that as soon as the growers could get together on the growing and marketing of their crops there would be nothing to prevent Sanford from becoming the greatest winter celery section in the world. Mrs. Sossman speaks from experience, having been in California. The growers in the west had to go through the same crucial period that our growers are now experiencing, and they were down and out before they perfected the marketing system for the benefit of the growers. Mrs. Sossman is of the opinion that within another year with all the many improvements of brick roads and a good hotel and a general getting together of the farmers, Sanford will be unable to hold the many people who are contemplating coming here to locate.

Paid Sanford High Tribute

At a booster's meeting of the DeLand Board of Trade the other night Sanford and the Herald came in for their share of bouquets and compliments. We copy from the DeLand Register the following: The speech of Hon. Cary D. Landis was one of the features of the evening's oratorical display. Mr. Landis compared Sanford and DeLand and paid Editor Holly's town a high tribute.

"Sanford has one of the finest bands of hustlers in Florida," said the speaker, "and she is forging to the front daily. Ten years ago weeds blocked traffic on the main street and I am not joking when I make this statement because I was there at the time and saw them."

"What of the Sanford of today?" "Why, my friends, that town is a gem. She has paved streets, an excellent water system, sewerage and schools that are a credit to the south."

"We can have the same if we will work, and I know we are going to get busy now. And mark that word 'now.' Let's put our shoulders to the wheel this minute and start the ball rolling. If we do we'll win our fight."

Prominent Lake Co. Official

Hon. W. G. Long of Tavares was in the city yesterday and when he returned home he had a new Overland car with him. Mr. Long has been tax assessor of Tavares ever since St. Clair Abrams discovered Tavares, and the court house would fall down if Long was not there to hold it up. In his absence R. E. Nutt, the collector and clerk Duncan play the Atlas act. They have all been officials for the past 75 years more or less.

Four Young Men Who Dared

Mr. Waldron will give a series of three sermons at the Congregational church on the three remaining Sunday nights of July. Every one is invited to attend. Services begin at 7:30 sharp. Following are the subjects and dates:

"Four Young Men Who Dared." July 14. "The Four Bean Eaters." July 21. "But If Not..." July 28. "A Night Of Peril."

Palatka Party Here

A party of prominent Palatka citizens were here yesterday coming down to see the ball game between Sanford and Orlando. Among them were Lew Kalbfeld, Tom Cannon, Otto Corcoran, Bob James, Jeff Doyle, M. Martin, Leo Jacobson, J. A. Browning, Fred Corcoran, Chas. Burt and Fred Shelley. The Elks entertained them royally while here and they enjoyed the trip to the fullest.

It has just developed that forty persons, all members of the Canady family near Garfield, Ga., were poisoned at a family reunion at the home of Mac Canady on the Fourth of July. Indications are that poison was put in several articles used in the dinner, since every member of the family at the table was a victim and all of them did not eat of any one particular kind of food.

RAILROAD FIGURES

Estimates of What Transportation Cost Growers

ON SANFORD'S WONDERFUL SOIL

Railroads Get Over Eight Hundred Dollars From Acre of Land For Freight

Many people have been inclined to doubt the actual figures that gave the yield from one acre of land in the great Sanford section. Now comes the statement from the transportation companies that give the startling figures on the amount given up for express charges and one can easily conjecture what the grower actually could make from an acre of Sanford soil. The following article is from the Manufacturer's Record, whose editor recently made a trip through Florida and verified the statements for himself. The figures are correct and make interesting reading:

The interest of the railroads of the south in the development of trucking and fruit growing has probably never been fully realized by people outside of railroad circles. It is known to the general public that the trucking and fruit growing interests of the south, shipping over \$100,000,000 worth of stuff a year to northern and western markets, furnish a vast amount of freight in volume and in the rate paid is not generally fully understood. The statement was recently made to the writer while in Florida that it sometimes happens that in the celery growing district of that state the product of one acre would pay to the railroads as much as \$1,500 freight. The statement was credited to Mr. M. Riddle, general superintendent of the Atlantic Coast Line Railway, and in reply to a telegram as to its correctness Mr. Riddle wrote as follows:

"The statement that you refer to as having been made by me was about as follows:

That there was land around Sanford that had produced in a year freights which, if shipped to New England points, would give to the transportation and refrigerating companies \$1,500 per acre.

This was based on an acre of land producing 600 crates of lettuce, followed by 950 crates of celery, and these followed by 400 crates of beans. The freight rate from Sanford to Boston is 56 cents, refrigerating charge 19 1/2 cents, or a total of 75 1/2 cents per crate, which would produce \$1,472.25. This, of course, is the maximum yield under the most favorable conditions.

A member of the Vegetable Growers' Association of Sanford, who has had several years of practical experience, has informed me that for a general average per acre on a 10-acre tract the production is about as follows:

500 crates lettuce
450 crates celery
200 crates beans.

A total of 1,150 crates, which, at the rate above quoted, would produce \$868.25 to the transportation companies.

A grower at Sanford whom I know very well, has stated that he has done as well as my first estimate, with lettuce and celery on the same ground, but he contented himself with two crops, and has never planted the third. There have been individual crops on certain acres very much higher than my maximum figures."

The confirmation of the statement that the railroads for freight and icing sometimes receive as much as \$1,500 per acre out of the celery growing district is an amazing proof of the marvelous productivity of the soil. While this amount has been paid, it is, as Mr. Riddle says, above the average as quoted by him for three crops on the same land, and taking Boston as the central point of shipment, the transportation companies would receive for freight and refrigeration considerably over \$800 per acre of land under cultivation in the celery district.

While the yield of freight from celery land is doubtless higher than from any other trucking sections, yet the amount of freight paid by truck growers generally per acre under cultivation is so great that it is not to be wondered at that every railroad in the trucking regions of the south from Virginia to Texas is putting forth all possible effort to encourage the development of this great freight creating business. Any agricultural region whose crops can pay the railroads,

MARSHAL TILLIS LINES 'EM UP

Will Make The Vehicles Conform to Our City Ordinances

Under strict orders from Mayor Spencer, Marshal Tillis and the police force have begun a campaign of education on the travelling public, and every driver of automobiles and vehicles of all kinds are requested to keep to the provisions of the ordinance recently made. Youngsters under the age of fifteen are not allowed to drive a car in the city limits and those who have been doing so were warned against repeating the offense. If the general public is not familiar with these ordinances they are given below and from now on they will be enforced to the letter:

Abernathy-Watson

Yesterday morning at ten o'clock at the residence of the bride's parents on Oak avenue Miss Carrie Abernathy, and George Watson were united in marriage. The wedding was a quiet home affair, only the immediate family being present.

The ceremony occurred at ten o'clock and was performed by Rev. C. H. Summers of the Methodist church. The happy couple left immediately after for the East Coast, where they will spend their honeymoon. Upon their return they will make Sanford their future home. The bride is one of the popular girls of the younger set and has resided in Sanford for the past three years, making many friends by her unfailing good humor and the ability to make friends and hold them.

The groom has been a resident of Sanford for several years and is a trusted employee of the Yowell & Co. store. He is popular with the trade and the younger society set in Sanford and other cities where he has resided.

The young couple start in life under the most auspicious circumstances, having the respect and esteem of every one and the best wishes go with them in their journey through life, in which the Herald joins.

An accounting filed in the supreme court by Andrew Freedman, custodian of the property of Mrs. Ida F. Flagler, wife of Henry M. Flagler, the Standard Oil millionaire, shows that Mrs. Flagler's estate is valued at \$3,444,000. Mrs. Flagler, who is confined in a sanitarium, was adjudged as incompetent by the supreme court in 1904. Because of the increased cost of living Judge Cuschoff in approving the accounting, allowed \$10,000 a year to be added to the \$75,000, the sum already provided yearly for the maintenance of Mrs. Flagler at the sanitarium.

Surgeon General Blue, of the Public Health Service, today approved a regulation to prohibit passengers from Havana entering any port in Florida unless they have been detained seven days at Briscenia quarantine station. This was done because of the short distance between Florida points and Havana. Passengers from Havana to New York or New Orleans are from three to five days en route.

Leon Votes Dry

Tallahassee, July 11. (Special)—In the wet and dry election in Leon county yesterday the vote was: Dry, 347; wet, 214. Later returns will give drys 175 majority. The election went off very quietly.

even in extreme cases, as high as \$800 to \$1500 per acre under cultivation is necessarily a region of marvelous potentialities, for there are few farming countries in the world which can produce such crops, so many in number and so great in quantity, in any one season as to yield such a vast sum to the railroads. When corn and wheat yield to railroads only a few dollars of freight per acre, a land where early vegetables and fruit furnish many thousand carloads of freight at the very high rate paid by the truckers and fruit growers is certainly worthy of the very best railroad facilities that can be provided. Every investor in southern railroads, every business man interested in the advancement of the railroads of this section, can understand from Mr. Riddle's letter what the trucking development of the south means to every line of industry, and thus understand why the Manufacturer's Record so persistently emphasizes to the world the possibilities of fruit and vegetable growing throughout the south.

ALL AROUND FLORIDA

The General News of The Land of Flowers.

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

H. R. Stokes of Kanapaha is a genuine success, when it comes to producing watermelons. Mr. Stoke's acreage includes a large tract of Col. Evans Halle's land near Kanapaha, and the soil is so fertile and Mr. Stokes' knowledge of the culture so thorough that it has been a problem to handle the melons this season. One melon was sent Col. Halle a few days ago that tipped the scales at 74 pounds, and another was presented the writer which caused the 69 pound weight to aviate. It was possessed of a large heart—like the donor—and was exceptionally fine flavor.—Gainesville Sun.

A serious fire took place in Key West a few nights ago which resulted in the total loss of the building and in the death of one woman and serious injury to several other persons. During the fire the electric lights were cut off, the telephone wires fell and over 200 phones were out of commission as a result the next day. The bottom floor of the building in which the fire started was used as a dry goods and hardware store, respectively, while the upper portion was used as a lodging house. Editor Matthews of the Key West Journal was injured in the fire while trying to save the life of a lady.

Contractor G. A. Miller of Tampa has been awarded the contract for building a \$55,000 brick structure at Orlando. The building will be used for business purposes.

It is understood that a free delivery mail system will soon be established in Kissimmee.

Lake Had Narrow Escape

Hon. Forrest Lake had a narrow escape the other day from a horrible disfigurement and what might have been the loss of one eye. While at the ice plant he stopped to fix a part of the machinery and upon taking a plug from the ammonia tank the vapor came upon him and only the quick action of the involuntary muscles of the eye saved his sight. The ammonia burned one of his feet and part of his face and he looks like he had fought a bull dog. He had a very narrow escape from what might have been a very serious accident and his many friends are congratulating him today on the fact that he did not suffer the loss of his eye sight. He will be forced to wear smoked glasses for some time and may have to receive treatment from a specialist.

In Favor of Brick Roads

The Herald office has been thronged this week with people from various points in the proposed Sanford road district and they seem to be united upon the bonding plan for brick roads. As yet we have not heard a dissenting voice against the bond issue and the project is bound to carry next Saturday. The folks in the precinct outside of Sanford are most heartily in favor of better roads and this spirit upon their part means that it will pass. Sanford people have always been in favor of brick roads, especially since we have experienced the good that has accrued from our own brick streets that were built by bonding.

Illinois Party Camping Out

M. S. Nelson and daughter and a party of Illinois people arrived in the city Tuesday and are enjoying themselves and looking after their lands in Eureka Hammock. They have pitched their tents and are enjoying the cool breezes off of Lake Monroe, while their unfortunate friends in Illinois are being baked in the hot air that is prostrating people in the streets. Mr. Nelson says that Sanford is good enough for him summer and winter and Illinois will know him no more.

Presbyterian Church

At the Presbyterian church next Sabbath will be the Communion Service Rev. McKinnon will preach at both morning and evening services. All are cordially invited to attend.

PAIR OF PANTS FREE!

A PAIR OF PANTS FREE!

Don't forget that our special free pants offer will expire on July 15, now is the time for you to get a pair of pants absolutely without cost or price to you.

In this connection we are offering some attractive bargains in our big line of mohairs. Come in and let us show you.

A PAIR OF PANTS FREE!

SANFORD SHOE & CLOTHING COMPANY

Successors to D. L. Thrasher SANFORD, FLORIDA

PAOLA POINTS

Paola spent a very quiet and sane Fourth too, there not being a fire cracker within five miles of here or within hearing distance anyway.

Miss Kate Fox, accompanied by her nephew, Jack Fox, is visiting friends in Lakeland this week.

Mr. C. D. Pearson spent a day or two in Jacksonville last week.

Mr. and Mrs. A. V. McGuin left on the first for Demorest, Ga., where they will spend the rest of the summer months.

Mr. W. B. Buchanan is remodeling his attractive home on Sylvan Lake near here.

Our young folks enjoyed an all day picnic at Palm Springs the Fourth, and seem to have had a good time in spite of the downpour, and say that the springs seemed to be very popular, there being parties there from different places.

Miss Sarah Smith returned home from Chuluota last Monday, where she spent the Fourth of July.

Mr. W. E. Driggers has bought what is known as the Flanner place here, and will make Paola his future home.

Mrs. Florence Thompson is home on a visit from Hawks' Park this week.

The home of C. D. Pearson was entered by a very bold burglar Tuesday night who got away safely with all the cash he could lay his hands on and two watches. He gained entrance by an upper window and seemed to have gone all over the house without awakening any of the four members of the family, who never knew of their loss until morning. We hope the guilty party can be captured and dealt with as he deserves.

MOORE'S STATION

Mr. and Mrs. I. D. Hart and Miss Ruby of Geneva avenue leave this week for St. Augustine to make their home. Mr. Hart expects to engage in a mercantile business there. They have purchased a home at 225 Garnett avenue and will be pleased to have friends visit them. They have the best wishes of a large circle of friends.

Mr. and Mrs. Charles Powell are moving to the Hart house from the Hess cottage.

Mr. and Mrs. W. W. Miller entertained Mr. and Mrs. I. D. Hart and daughter recently.

Mr. and Mrs. John Vaughn and daughters have moved from Beck Station to one of Mr. Dorner's houses on

Celery avenue.

Mr. T. Johnson had the misfortune to have one of his mules die last week.

The Gay family that have lived in this vicinity for the past year left recently for Philadelphia, Pa.

Mr. and Mrs. James McMillan and children spent some time recently on the East Coast.

Ed. Cameron is in Palatka, looking after his father's interests there.

Joe Guerry rode his fine little bay horse at the Chuluota picnic the Fourth of July and won the rawhide and in the tournament race made a tie in three different runs. Good for Joe.

There have been several meetings to practice singing in the new books provided for the church. The meeting was at Mrs. C. C. Morris' last Wednesday. Miss Annie Cameron presided at the piano. The meeting will be at Mrs. Joe Cameron's this Wednesday.

Cruse Barnes has purchased the 30 acre Sipes farm running south from Celery avenue, along Sipes avenue. It is being tiled and put in shape for farming. J. F. McClelland is the manager.

The Florida Gardens Co. is doing considerable work ditching and road building on Sipes avenue and elsewhere.

Mr. and Mrs. Wendel Humes expect to move into Sanford soon. Mr. H. will have a position in the car shops.

Mr. and Mrs. W. H. H. Allen and family are moving into Sanford this week from the Bass cottage on Beardall avenue.

CHULUOTA SNAPSHOTS

Summer time is here in its real terms. Plenty of rain and hot sunshine.

The glorious Fourth is past for this year. Everything went off quietly and enjoyably at Chuluota. The annual picnic and barbecue were "great things." Everybody present ate a good dinner in spite of the shower and all went home at a late hour reluctantly, wishing it could last longer.

Mr. N. T. Hudson of Jacksonville was transacting business in our vicinity the latter part of the week.

Mrs. P. E. Culley spent Friday in Orlando, having dental work done.

Mrs. J. M. Long and children are visiting her parents in Orlando.

Frank Simmons of Okeechobee is visiting his brother, Daniel Simmons of this place for awhile.

S. E. Self of Winter Park spent several days of last week with friends here. Mrs. Alma Nicholson and little son,

of Winter Garden, are visiting in this section.

Mrs. Jennie Prevatt and son, Fred, of Geneva were visiting the former's son, J. A. Prevatt last week.

Mr. Kilbee of Tampa is here on an extended visit with his uncle, E. H. Kilbee and family.

Mrs. Prevatt and Mrs. Sezene of Titusville are visiting the former's daughter, Mrs. Bailey, at this place. Mrs. Prevatt's son, Robert is also with her.

Mrs. C. F. Raulerson and son, Alfred, of Ft. Pierce, are visiting her mother, Mrs. M. E. Jacobs, for a few weeks.

Mrs. Hamp Bradford and children, Bonnie and Percy of Cocoa are visiting friends here this week.

Mrs. Jas. McClelland of Sanford and Mrs. Harley Holmes of Ft. Drum are visiting their parents, Mr. and Mrs. E. L. Brown.

Mrs. Mattie Lusader and daughter, Mildred, and Roland and Alvin Dan of Orlando spent several days last week with Mrs. Billie Jacobs.

Guests of The Palm: Mr. and Mrs. Hutson and daughters, Lois and Gladys of Jacksonville; Miss Limerick of Orlando; Thos. Abernethy, Orlando; Leland Hatch, Palm Beach; Mrs. Hamp Bradford and children, Cocoa.

CAMERON CITY CLIPPINGS

We learn with regret that Mr. T. Johnson has lost one of his fine mules.

J. C. Ellsworth, Jr., and wife were calling at the Worthington home Sunday afternoon. So also were the Minnicks, Richs, Maris's and Duttons.

Mr. F. F. Dutton is at home from a trip on the East Coast, where he has been handling pineapples.

Mr. Marshall has begun building an addition to his cottage. Mr. Duke is doing the work.

On the afternoon of July 4th a few friends gathered at the home of Dr. and Mrs. Minnick to greet Capt. and Miss Minnick, who arrived from Springfield, Mass., the previous week.

We are glad to hear that Father Dresser, who has been seriously ill at his home in New York, is steadily improving.

Word also comes from Dr. Swartz that he is gaining strength.

The many friends of Mr. J. W. Gormly will be glad to know that he is spending a happy, busy summer at his son's home in Ottawa, Kansas.

The Gormlys, Allens and Dressers enjoyed a launch trip to Blue Springs on

the 4th.

Captain A. D. Minnick left on Tuesday's boat for Jacksonville, where he will sail on the Comanche for New York and will soon be at his new post at Watertown Arsenal, near Boston.

Mr. J. C. Rich has been selling chickens—50 fryns and 30 hens.

The Joe Cameron hogs have been doing a great deal of harm in this community. They cleaned up one field of corn for Dr. Minnick, all of Mr. Rich's, some for Mr. Gormly, and are taking the forage crop for the Dutton and Fulton farms. No fence seems to turn them.

Word comes from Miss Mazie Rich that she is visiting in Kansas City, Mo., after spending a busy month at county normal at Wichita, and will teach the coming year at Hainington, Kansas, where she taught last year.

Dr. Minnick's family have been enjoying some very fine grapes the first from their vines—Delawares, Niagras and Concord.

Mr. and Mrs. H. H. Stevenson and daughter, Margaret of Jacksonville, plan to visit in Sanford and Cameron City during the month of August.

The people of this section are heartily in favor of the bonding for brick roads for the majority of them have resided in states where there were good broad roads for the farmer to drive his teams and heavy loads to town. Cameron City will probably be benefitted more than any part of the district and the people here expect to vote right next Saturday.

The Advertised Article

Is one in which the merchant himself has implicit faith else he would not advertise it. You are safe in patronizing the merchants whose ads appear in this paper because their goods are up-to-date and never obsolescent.

ABOUT OUR LAW MAKERS

The Next Session of Legislature Will Be Busy One

Although the next session of the legislature is several months off and national politics will have an inning first the state law makers are already counting the days until they will again sit in the state capitol and frame the laws for Florida. The race for president of the senate and speaker of the house of course is always on and when there is nothing else to talk about the conversation naturally veers around to this most interesting subject.

At the end of the last session Senator Massey was mentioned as a candidate for president, but an Irishman named Donegan forever blasted Mr. Massey's hopes by having himself elected to this high position, which would naturally bring the subject back to the old household abjuration of counting your eggs before they are hatched. The general opinion now is that Senator Adkins of Bradford and Senator Hudson of Dade will sprint for the presidency. In the house the legislators are almost unanimous for Forrest Lake of Orange county, who has been upon the trail of the members and has succeeded in making a most favorable impression, both upon the floor of the house and among the members themselves. Glen Terrell of Sumter and Ion Farris of Jacksonville will endeavor to put Lake's shoulder to the mat, but they will have to go some if they snatch the toga from him for Lake is some campaigner and knows no such word as fail.

The state at large has already started to sit up and take notice of these inside affairs on account of the important events that will make the history of the 1913 session of Florida's legislative body.

Reform in law procedure, abolition of the convict lease system, good roads legislation, further attacks upon the fee system, a statewide commission government bill for cities these are a few of the matters which will come before the next legislature.

The convict lease system is doomed and without doubt will be ended. Governor-elect Park Trammell is pledged against the system. So is nearly every member of the new legislature.

Good roads are being constructed in every county in the state. But practically every county is brought face to face with the fact that there should be uniformity between them and that the state should take charge of the construction of a trunk system. There are many plans proposed by which this shall be brought about, but out of the many bills to be introduced it is probable that one will be decided upon in conference between the two houses which will best suit the needs of the state.

Of importance is a commission government bill. The legislature each session is forced to devote much of its time to local matters which could best be settled by the people of the respective municipalities, and it is quite probable that some action will be taken to bring this about.

Further saloon legislation will be attempted and if passed by the legislature it is probable that Governor Trammell will follow the veto plan started by Governor Gilchrist in this regard. But no attempt will be made until at least two years later to make the state dry.

Will Have Some Good Shows

Law Kalbfeld, the veteran show man and manager of the Orpheum Theatre of Palatka was a caller at the Herald office for a short time yesterday before the ball game and stated that he was trying to switch us some good attractions for early fall. Some fine attractions that are coming to Jacksonville and Tampa this season would like to break the long jump by stopping at Palatka and Sanford and Lew is very anxious to arrange with the Sanford houses to take on some of these attractions. They are among the very best plays of the season and the theatre goers of this city would like to have them here during the season.

Summer School

At the Sisters of Mercy, Oak avenue and 8th street. Monday, Wednesday, Friday, 9 to 11:30 a. m. School for Working Boys, Monday, Wednesday, Friday, 7 to 8:30 p. m.; fifty cents per week.

To Piano Owners

There comes a time to take a stand. I do the most of the tuning here, because I have proved my worth. No other pianos give as good service as those I attend. My customers are my friends because of the square deal. But some abuse the relationship by making me wait long for my pay. My work is worth all I charge, and merits and shall have prompt remuneration, or, frankly, some one else must do the work, not I. My motto is, collect all bills and pay all bills. Only therein lies success and pleasant relationship.

Office in Herald Building Telephone No. 148

WE WIN WITH WILSON

When a man tosses his hat into the ring nowadays he needs to have his initials in it to be sure to get it back.

The new arrangement will enable Taft and Roosevelt to continue saying things to each other instead of uniting to curse the Democrats.

Four years from now the people will nominate the candidate for president. There will be no national convention to keep men in the deadlock while immense hotel bills are being run up and the children at home are crying to see papa.

While the owners of the Jacksonville Metropolis were away on a vacation the office force actually wrote some Democratic editorials and the Metropolis is claiming to be an original Wilson sheet.

Will Secretary Powell of the Tampa Board of Trade please take Capt. Moritz of the Tampa military company down a dark alley and divest him of his uniform. That military man in Tampa will bring on a war in Florida yet and Powell should play the dove of peace even if it becomes necessary to wear the uniform himself.

Don't forget to vote tomorrow for brick roads. You have already made up your mind to do this, but in the hurry of business matters you may neglect to cast your ballot.

The Palatka News publishes a half-tone picture of the Florida Editorial Association grouped on the boat as it departed on its St. Johns river trip.

While the country, according to a great many, is going rapidly to the demerolion howlows, statistics show that a period which might be termed a wave of prosperity, has swept the whole in a way that does not look like immediate destruction.

WHAT WILSON MEANS Gov. Wilson's nomination means that the rule of the boss is over. It means that the partnership between corrupt business in national politics is dissolved.

COOLEST IN FLORIDA The dispatches today tell of great suffering and many deaths from heat in Boston, New York, Philadelphia and

elsewhere. At the same time down here in South Florida, there is no discomfort from the heat, and so far as death from that cause is concerned such a occurrence has never been known in Florida. As we write, the thermometer at midday registers 84, but even if it rose to 97, as indicated at the same time in London, there would be a vast difference in favor of Florida, the heat here having a different quality from that in higher latitudes, which prevents the disastrous effects common in the north.

RELATING TO SCREENS

The last legislature of Florida passed a law requiring all restaurants and hotels to screen their dining rooms, kitchens and passage ways between, which is not being enforced to the letter in Sanford and possibly in other cities, towns and villages in the state.

An act making it a misdemeanor for any person or persons operating any hotel, boarding house or restaurant within this state without keeping all doors, windows and similar openings in dining rooms, kitchens and passage ways between same screened, and fixing a penalty for failure to comply with the provisions of this act.

Section 1. On and after the passage of this act it shall be unlawful for any person or persons to operate any hotel, boarding house or restaurant within this state without keeping all doors, windows and other similar openings to dining rooms, kitchens and passage ways between same securely screened with screen wire not coarser than twelve mesh to the inch.

Section 2. Any person found guilty of violating the provisions of this act shall be deemed guilty of a misdemeanor and upon conviction fined not exceeding fifty dollars. Each day's business conducted in violation of the provisions of this act shall constitute a separate offense.

The above is a verbatim copy of the law now upon the statute books of the state of Florida.

ADDITIONAL LOCALS

Harry Ward has returned from a trip to Indiana and other points. While away Mr. Ward received treatment for catarrh and effected a complete cure. He is himself again and his many friends are rejoicing with him.

The picture of the new hotel in The Herald has aroused much interest in the north where the paper has a large circulation and many inquiries have been received this week from people who would like to locate here this winter and who want better hotel accommodations.

The central fire station presents a good appearance these days, the men in charge keep it spotless and the fire truck and other apparatus in fine shape. The station is in the city hall and the sleeping rooms and all the equipment shows the care and attention that it is receiving and The Herald wishes to commend the department upon their good work not only in time of action at the fires, but during their leisure moments when they seem to keep busy with house cleaning.

Making Fine Fotos

Leigh, the photographer, is making some fine fotos these days and among them are the past masters of the Sanford lodge of Masons His Honor Mayor Spencer and Dr. L. R. Phillips are among the celebrities and the work is the very essence of fine fotografy. Mr. Leigh has fitted up one of the finest studios in the state and will make a strong bid for the photograph work of South Florida.

Judge Locke Resigns

Jacksonville, July 11.—Judge James W. Locke for forty years judge of the United States District Court for the Southern District of Florida, tendered his resignation to President Taft today. He was appointed by President Grant in 1872 and was the oldest United States district judge in point of service in the country.

Geo. B. Ivey, representative of Ludden & Bates' piano house, will call on you soon to trade you out of that old piano or organ. He sells the leading makes: The Mathushek pianos, the Brewster pianos, the Lester pianos, the Chickering pianos, the Story & Clark pianos, and Eber and organs. Call him up or phone No. 17 and ask him about the guaranteed Brewster piano that beats them all in tone, quality and price, \$275.00, with terms has all others of same grade beat to a frazzle. 88-1te

Plucky Lady Shoots Assailant. Pierson, July 11.—A burly young negro entered the home of a well known farmer here late yesterday afternoon while only one woman was present, and forced his way into the room where she was taking a bath. The woman secured a revolver and after a desperate hand-to-hand fight with the negro succeeded in shooting him once in the shoulder, after which he ran from the house.

The woman immediately gave the alarm and in less than an hour over 100 men were scouring the surrounding country in search of him, but up to a late hour today no trace had been found of him.

The negro is about 22 years of age, tall and wore a black, snug fitting cap. Anyone finding any trace of this negro will please notify the sheriff at DeLand.

When the negro first called at the farm house he knocked and asked for a glass of water. The woman said she would bring it to him, and as she opened the door he forced his way into the room where the struggle occurred and where the plucky woman secured the revolver and fired a bullet into his shoulder.

Some of the parties who have been searching for the negro near Pierson have returned and report that the deputy sheriff with the dogs and automobile trailed him to a point on the road near Crescent City, where they were so close to him that he left the road and took to the woods.

He is in a small swamp west of Crescent City and is surrounded by numerous searchers. He is badly wounded in the left shoulder and has bled very much; he must soon hunt food and medical aid, and it is hoped will be caught during the night or early tomorrow.

Senator Igoe Returns

Senator W. M. Igoe was in the city yesterday from his home in Fort St. Vrain, where he has just returned from the Baltimore convention, where he was taken time and again for Oscar Underwood and met all the famous Democrats of the convention. Will may not be quite as well known as Oscar Underwood, but he is just as good a man, and much more successful as a candidate.

The moving picture shows are giving the people some good extras these days in the way of vaudeville attraction. Dull summer time seems to spur the city to greater effort and the patronage is increasing accordingly.

Rules of the Road

That it shall be unlawful for any person to drive any motor vehicle on any public street of the city of Sanford.

Keep to the right of the street.

Keep to the right in permitting another vehicle to overtake you, which vehicle shall pass to the left of the vehicle overtaken.

In order that all vehicles on each side of the street shall be headed in the same direction all vehicles, when stopping at the sidewalk, are required in turn, if necessary, so that the sidewalk shall be to the right of the driver when the stop is made.

Any person getting any person when the curb or sidewalk is on the left shall not pass the curb or sidewalk until the person on the sidewalk has cleared the way.

No person operating any motor vehicle shall stop the same or leave it standing on any public street of the city of Sanford, except that it be first drawn up to and parallel with the curb line.

Provided that this shall not apply to any team which is hooked up to the curb for the purpose of loading or unloading, which must be promptly done.

No person shall stop any vehicle or leave the same standing in front of any other vehicle on the same side of the street or on any way obstruct or block the thoroughfare.

Any person violating any of the provisions of this ordinance shall be fined by a fine not exceeding ten dollars, or by imprisonment for not more than ten days.

All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed.

Relating to Automobiles

From and after the passage of this ordinance it shall be unlawful for any person to run any automobile on any public street of the city of Sanford within the fire limits at a greater speed than twelve miles an hour, or on any public street in the city of Sanford outside of the fire limits at a greater rate of speed than fifteen miles an hour, or for any person to run, drive or use any automobile in a careless or negligent manner.

It shall be unlawful for any person under the age of fifteen years to operate, handle or run, in any manner any automobile, or in any manner handle the steering wheel of or the controls by which the automobile is controlled, on any street or alley in the city of Sanford, and it shall be unlawful for any person owning or controlling any automobile to permit any person under fifteen years of age to violate the provisions of this ordinance.

No person shall drive or run an automobile on any of the public streets of the city of Sanford between sunrise and sunset without having one or more lights so arranged as to throw their light forward in direction the automobile may be going, and one lamp showing red from rear of machine.

It shall be unlawful for any person to run or operate any automobile in any manner on the streets or alleys of the city of Sanford, unless the same is equipped with a good and sufficient brake in good working order.

All automobiles shall have a good horn or other means of giving an alarm, and the person running or driving any automobile shall give an alarm before turning the corner, and in the fire limits he shall give an alarm before crossing any street.

Any person violating any of the provisions of this ordinance shall be punished by a fine of not exceeding ten dollars, or by imprisonment for not more than twenty days or both.

All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed.

Notice of Application For Tax Deed, Under Section 8 of Chapter 4888, Laws of Florida

Notice is hereby given that James Harris of Sanford, Fla., purchaser of Tax Certificates Nos. 330, 339, 352 and 354, dated the 6th day of June A. D. 1910, has filed said certificates in my office and has made application for Tax Deed to issue in accordance with law. Said certificates embrace the following described property, situated in Orange county, Florida, to-wit: Cert. 330, Lot 6, Block 7, Tier 8, Sanford, assessed in the name of J. W. Fitzgerald, Cert. 339, Lots 8, 9 and 10, Block 12, Tier 3, Sanford, assessed in the name of W. P. Sumner, Cert. 352, Lots 9 and 11, Block 11, Tier 4, assessed in the name of Ed Forster, Cert. 354, Lots 1 and 2, Block 12, Tier 2, assessed in the name of Sam Benjamin. Unless said certificate shall be redeemed according to law, Tax Deed will issue thereon on the 10th day of August, A. D. 1912.

Witness my official signature and seal this 6th day of July, A. D. 1912.

U. M. ROBINSON, Clerk Circuit Court, Orange Co., Fla.

By M. A. Howard, D. C.

THE HOUSE OF CUNNINGHAM

Due to its individuality of service; its individuality of methods; its increasing efforts in behalf of home-owners, this house furnishing store has made itself known from one end of Florida to the other. Its prestige is by no means limited to Jacksonville—it is an institution for the State in general.

THIS store is the depot and market for the output of the finest furniture made in America, handling such products as are manufactured by Berkey & Gay; Chas. P. Lambert; Luce Furniture Company, and, in fact, all the very best concerns of Grand Rapids are fully represented. And upon the merits of such creations has this business attained the remarkable success that it is at present enjoying.

OUR PIANO DEPARTMENT

ONE of the finest appointed Piano Stores in the South is located on the first floor of our building. The display embraces only the finest makes—the kinds that are dependable and worthy. In the list are the "Steinway," the "Kohler & Campbell" and "Autopiano," all of which we, being State agents, are ably competent to handle throughout the State.

FOR the benefit of your home, your purse, your peace and contentment—

D. L. THRASHER

OFFICE IN HERALD BLDG. SANFORD, FLORIDA

PURELY PERSONAL

Mr. E. N. Brevier of Auburn, N. Y., is visiting his mother and sister the past week.

Remember the election tomorrow and remember to vote for brick roads and prosperity.

Mrs. W. W. Long left this week for New Milford, Conn., where she will visit the Chadderton family for several months.

Weather report says that rain will prevail and local showers today and tomorrow.

Mrs. James Jackson of Tampa arrived in the city today and will spend several days with her sister, Mrs. R. J. Holly on Sanford Heights.

New people are beginning to come to Sanford and ask questions about crops, which would indicate that Sanford's popularity will materially increase this winter.

The New Smyrna people are raising the bridge fund for the new steel draw-bridge and expect to have the work started this fall. This will give Sanford people a one hour drive to Coronado Beach.

Miss Julia McDowell, twin sister of Mrs. J. C. McDowell, is visiting Dr. and Mrs. Miller's on Magnolia avenue.

Bob Holland says the new 1913 Overland will be the finest car for the money that ever came to Sanford.

Mr. P. Maxwell of Jacksonville is the guest of his cousin, R. C. Maxwell this week. He is well known here, having been in Sanford upon many occasions in his younger days.

Did you know that some of the best hair cutters in Florida are in Albert Gramling's Barber Shop?

F. F. Dutton has returned from a stay on the East Coast, where he has been handling pineapples.

Capt. A. D. Minnick has returned to his post at Watertown Barracks on Tuesday, after a week's visit with his parents, Dr. and Mrs. Minnick of Cameron City.

The weather man has simply tied up the barometers on the wet side and let her go. Each day says showers and more rain.

Hon. Thos. Buddington, a well known citizen of Hawk's Park, was in the city yesterday and called at The Herald office. Mr. Buddington is a great booster for his section of the East Coast and expects to have deep water and other good things for New Smyrna in the near future.

Hon. A. Y. Detwiler of Coronado was in the city on Tuesday and called at The Herald office. Mr. Detwiler is an active member of the Florida Fish Commission and has done fisherman service in the state to stop the wholesale selling of the rivers and lakes. He has some valuable property at Coronado, which he expects to put on the property at an early date.

Messrs. W. E. Martin and Arthur Butts, the respective tax collector and tax assessor of Orange county, were callers at The Herald office on Wednesday. They came down to attend the ball game.

C. D. Pearson of Paola was in the city, Wednesday, looking up the deputy sheriff, some light fingered gentleman having lifted his wallet the night before while he was sleeping. Mr. Pearson lost quite a sum and it is to be hoped the guilty party will be apprehended.

Mrs. Geo. Spera has resigned as stenographer at the Vegetable Growers' office and accepted a similar position with the Holden Real Estate Co.

Mr. J. C. Moffatt of Sanford was one of those attending court here this week. —Orlando Sentinel.

Among the Sanfordites in Orlando Monday attending court were Messrs. Geo. R. Calhoun, P. M. Elder, A. R. Cameron, J. E. Pace, T. Hawkins, A. Rossiter, and A. Robbins. —Orlando Sentinel.

The many friends of Mrs. C. A. Pagenhart and Miss Edna Pagenhart will be sorry to hear of their serious illness.

Clarence E. Woods of DeLand was among the prominent visitors to the city yesterday and today. Mr. Woods is a Kentuckian recently engrafted upon Florida journalism and is one of the best that has come from the Blue Grass state. He recently sold his paper, the DeLand Register to embark in the magnificent establishment that will be placed in Eustis, Florida. Mr. Wood will be the head of the new concern and among his other duties will find time to publish a good paper, journalism being his specialty. Mr. Woods was mayor of his home town of London, Ky., president of the Press Association and held other positions of honor and trust in his native state and Florida will receive him with open arms.

Capt. R. H. Marks has been raging for several days, because his physician recommended that he stay at home until he was able to come to his office. The genial Captain says he expects to be on the job tomorrow if he is able to get in a carriage.

H. H. Chappell has returned from a trip to New York, Baltimore and other points east and says that everybody is talking Sanford, and our city will be very much upon the map this winter.

F. C. Whitthorne, the man who keeps up the subscription list of the Times-Union, was in the city this week. He is a hustler and makes the Three P's circulation grow.

Mrs. Ed Rivers and children returned to Green Cove Springs Sunday afternoon, after a pleasant visit to Mrs. Rivers' mother, Mrs. E. Woodcock.

Miss Alma Malm of Wauchula is the guest of her sister, Mrs. Hamil Tolar.

Mrs. Henry McLaulin and two sons, Henry and Victor, left Tuesday night for Macon, Ga., Mrs. McLaulin's old home, for a visit to relatives.

Mrs. Andrew Mahoney returned from Palatka Sunday, where she was called recently by the death of her mother, Mrs. Ryan.

The reading circle of the missionary society of the Methodist church will meet at the home of Mrs. S. O. Shimbler on Third St. next week.

Miss Lois Gray of Jacksonville is the guest of Mrs. Henry Wight and family.

Eugene Roumillat, of the drug firm of L. R. Philips & Co., is enjoying his vacation this month. He is having a fine time taking in all the ball games at home and when the local team plays at Orlando. He is also putting in his spare time fixing up useful things at home.

JUDGE CHENEY NOW

Orlando Man Is Honored With Federal Judgeship

Washington, July 9. Speculation as to the probable successor of Judge James W. Locke as Judge of the United States District Court for the Southern District of Florida, whose resignation was announced yesterday, has been practically settled by the semi-official statement that the President has decided to appoint to the vacancy Hon. John M. Cheney of Orlando, at present district attorney in Judge Locke's district.

It is understood that President Taft announced his decision in the matter several weeks ago and based his decision on the statement that Col. Cheney seemed to be the choice of the majority of the Republican organization in Florida as well as of a number of influential outside agencies.

Much interest was felt in the appointment because of the prominence of the several applicants. Among these are Hon. M. R. McFarlane, at present Collector of Customs at Tampa; Hon. F. R. Gray, former collector and for a time a prominent Republican in Florida; Hon. William H. Foster, a large attorney at Tampa; and Judge Call of the Circuit Court of the Jacksonville circuit. Mr. Cheney's candidacy was not so pronounced as that of the other gentlemen and much surprise is expressed here in incident to the disclosure that he has been practically determined upon by the President for the high position.

Dr. J. C. Davis

Dr. J. C. Davis, the optician, will be at the Robbins' Nest a few days next week. 89-11

Resume of Past Season's Crops

Sanford's Great Vegetable Growing Industry Shows Remarkable Yield and Returns.—T. K. Bates in Times-Union

The Sanford season of 1911-1912 is now coming to a close and while we have in times past made more money on individual crops, there have been few seasons since the inception of the vegetable growing business here that have made as good an average yield as the past season. A summary of total crop operations shows the gross income to the farmers, less freight paid to the railways and express companies, to reach the tidy figure of \$1,463,900. The Sanford express office has the reputation of shipping more vegetables in packages than any other station in all of Florida. During the season there were 112 local buyers on the ground who purchase in small quantities for spot cash and ship to the grocers direct over the southern states, who made an average of \$1,500 each, or a total of \$168,000. There were also a number of dealers who purchase in cars and ship direct to parent houses in large cities, that in turn distribute the products to isolated places. In no season in the history of this section have there been so many buyers in the field with their check books in hand ready to buy and pay for everything offered in the line of crops.

The following itemized statement as furnished by the statistical committee of the Sanford Commercial Club covers the various lines of operations in detail:

250,000 crates lettuce	\$ 375,000
420 crates celery	525,000
25,000 bbl Irish potatoes	125,000
*225,000 crates various	215,000
110,000 bushels corn	99,000
65,000 bu sweet potatoes	65,000
19,000 boxes citrus fruits	23,750
2,000 tons of hay	24,000
81,000 watermelons	12,150

Total income \$1,463,900

Some conception as to the magnitude of the above business may be gleaned from the facts that it would require 3,118 cars of a uniform capacity of 40,000 pounds each to carry the products to market. There were 2,100 acres of tilled land in cultivation during the season just closed, as well as 1,400 acres of untilled land.

While these figures may not seem of much moment to the casual reader, still the manner of cultivation in Sanford and the attendant productivity of our acres arouses discussion in agricultural circles throughout the nation. In passing upon the productivity of Sanford soil and the enhancement of our acre value by the introduction of our system of sub-irrigation the Year Book for 1911 just issued by the department of agriculture at Washington sums up our situation in twenty-eight words as follows: "A combination of irrigation and drainage at Sanford, Fla., has transformed worthless lands into those producing crops of celery valued at \$2,000 per acre for one crop." From two to five crops per acre per season can be easily made.

Mr. M. Riddle, general superintendent of the Atlantic Coast Line railway, in reply to a message sent him by the editor of the Manufacturers' Record stated: "The statement that you refer to as having been made by me was as follows:

"That there is land around Sanford that had produced in a year freights which, if shipped to New England points, would give to the transportation and refrigeration companies \$1,500 per acre.

"This was based on an acre of land producing 600 crates of lettuce, 950 crates of celery and 400 crates of beans. The freight rate from Sanford to Boston is 73 1/2 cents per crate, which would produce \$1,472.25 which is generally understood to be the maximum average.

"There have been individual crops on certain acres very much higher than my maximum figures."

The writer in an interview with one of Sanford's pioneer vegetable producers learned that during eight years of active operations with an ever increasing acreage, the grower had only met with one unsuccessful year—the season of 1910—when he sustained a net loss of \$1,017. His profits for the other seven years of the period had ranged from \$1,500 to \$18,850 for the season of 1911-1912. This grower made one sale of celery from a fifteen acre field amounting to \$8,342 crates at \$2.40 per crate f. o. b. Sanford.

It is interesting to note the reply of this grower when asked how much capital he had when he embarked in the vegetable growing business in the Sanford celery delta. "I had no money, a sore foot and an inclination to work." This gentleman is now the president of a railroad which is in full operation and was built specifically for the accommodation of the vegetable growers of the Sanford celery delta.

An idea of the interest manifested in Sanford's operations by prospective home-seekers of Florida may be had from the fact that the squib mentioned above,

and which appears on page 316 of the Year Book of the Department of Agriculture at Washington, has brought 977 inquiries to the Sanford Commercial Club for information as to the manner and cost of installation per acre for Sanford's justly celebrated system of sub-irrigation and drainage.

While the balances for Sanford in its crop operations are always on the right side, it must not be assumed that every one who comes here makes a success of growing vegetables, for this industry is in no way different from any other effort to corral the dollars, and constant study and work all the time are the ground work for the building of a small independence from Sanford soil. Without these two elements failure is liable to give the desultory experimenter a job in the solar plexus that will necessitate a trip back "home" for more funds before a complete recuperation is passed out to him.

The careful conservative man who begins here on a small scale and gradually increases his acreage from year to year is the one that will make a success in Sanford and we have room for many such settlers.

THOMAS K. BATES.

Sanford, Fla., July 7, 1912.
*Includes tomatoes, beans, cucumbers, eggplants, peppers, beets, turnips, radishes, squash, pumpkin, okra, cabbage, green corn and peas.

St. Augustine Is Going Ahead

In Friday's Evening Record the fact was chronicled that the contract has been let for a new industrial arts building for the state school for the deaf and blind to cost \$36,000 or more.

In Saturday's Evening Record mention was made of the improvements under way and planned by the St. Johns Electric Company which will cost over \$50,000.

These two news stories are alone sufficient proof that this is to be a busy summer for the Ancient City—that it is now a busy summer. And these are but two of the larger improvements under way. Throughout the city new residences are being erected, and construction work is going on.

St. Augustine is by no means behind in the general progress of all Florida cities.

That William Schrossler, engineer of the express train which ran into the rear end of the Lackawanna passenger train at Corning, New York last Thursday, causing the deaths of thirty persons in the resulting wreck, was apparently intoxicated within four hours of the time he boarded the engine which he guided to destruction, was the testimony given at the coroner's inquest.

Notice of Incorporation

Notice is hereby given that the undersigned, Sydney O. Cham, Joshua C. Chase, S. M. Stephens and J. B. Skinner intend to apply to the Governor of the state of Florida, at Tallahassee, Florida, on the 27th day of July, A. D. 1912, for letters Patent to be issued to the NEAM ATHILA GROVE COMPANY under the following proposed articles of incorporation:

ARTICLES OF INCORPORATION

We, the undersigned, hereby associate ourselves together for the purpose of forming a corporation under the laws of the state of Florida and do hereby adopt, declare and subscribe the following as our articles of incorporation:

ARTICLE I
The name of this corporation shall be "NEAM ATHILA GROVE COMPANY" and its business shall be conducted in the state of Florida and in other states of the United States of America and in foreign countries whenever necessary and convenient. The principal office of the Company shall be in the city of Sanford, Orange county, Florida, with such other offices and places of business as said corporation shall establish.

ARTICLE II
The general nature of the business to be transacted shall be to buy, lease or otherwise acquire lands and rights in lands in the state of Florida and elsewhere, and to dispose of the same by sale, lease or otherwise; to purchase, plant, improve, cultivate and operate any kind of citrus and other fruits; to grow produce of any kind or kinds; to construct or lease or otherwise control packing houses and to operate the same for packing fruit grown by this Company or by other persons; to ship, market or otherwise dispose of the fruit and other produce so purchased or grown; to operate tram roads and vessels as may be found necessary or expedient for the purpose of transporting the property or produce owned, held or controlled by said corporation but not to use said means of transportation for the purpose of doing the business of a common carrier. To sell mortgage, sublet, pledge, hire, lease or convey the property of said corporation or any part thereof at the discretion of the board of directors. To borrow money, issue bonds or other obligations and to secure payment of the same by its mortgages, pledges or any other kind of instrument; to make contracts of any kind whatever for the furtherance of the business of the Company; to deal in merchandise, to do all acts and things which may be necessary and proper or which the board of directors may deem to be advisable or expedient to be done in the transaction of its said business, and generally to have, exercise and enjoy all the rights, powers and privileges incident to corporations for profit organized under the laws of the state of Florida.

ARTICLE III
The amount of the capital stock of this corporation shall be Fifty Thousand Dollars, divided into five hundred shares of the par value of one Hundred Dollars per share. All or any part of the capital stock of this corporation shall be payable in or issued for cash or for the purchase of property, labor or services at a just valuation (three-fourths cash) by the incorporators at a meeting for the organization of the Company or by the directors of the Company at a meeting to be called for that purpose. All stock when issued shall be fully paid and non-assessable.

ARTICLE IV
The time for which said corporation shall exist shall be perpetual.

ARTICLE V
The business of this corporation shall be conducted by the following officers: A president, a vice-president, a secretary and a treasurer, and a board of not less than three directors nor more than five. Any two of said officers, except those of president and vice-president may be held by the same person. The number of directors may be changed from time to time by the by-laws. The board of directors shall be elected by the stockholders at the annual meeting to be held on the third Tuesday in June, 1913, and by-laws shall be written, and thereafter on the third Tuesday in June of each year. The board of directors shall elect the officers of the Company. The president and vice-president shall be elected from among the members of the board of directors. The date of the annual meeting may be changed by the by-laws. A meeting shall be held on the second day of August, 1912, for the purpose of adopting by-laws and completing the organization of the company, fixing a just valuation upon the property, labor or services which may be offered in payment for shares of the capital stock of the Company and for the transaction of such other business as may properly come before the meeting. Until the officers shall be elected by the directors chosen at the first election in June, 1913, shall be qualified, the business of this corporation shall be conducted by the following officers: S. M. Stephens, president; J. B. Skinner, vice-president; Sydney O. Cham, secretary, and Joshua C. Chase, treasurer; and said S. M. Stephens, J. B. Skinner, Sydney O. Cham and Joshua C. Chase shall constitute the board of directors.

ARTICLE VI
The highest amount of liability or indebtedness to which this corporation shall at any time subject itself is One Hundred Thousand Dollars.

ARTICLE VII
The names and residences of these incorporators and the subscribers hereto and the amounts of stock subscribed by them are as follows, and the said shares of stock are hereby subscribed by them respectively:

Sydney O. Cham, Sanford, Florida, 125 shares.
J. B. Skinner, Dunedin, Florida, 125 shares.
S. M. Stephens, Lakeland, Florida, 125 shares.
Joshua C. Chase, Jacksonville, Fla., 125 shares.

STATE OF FLORIDA,
COUNTY OF ORANGE.
On this day personally appeared before me, a notary public, in and for said county and state, Sydney O. Cham, to me known and known to me to be one of the persons described in and who executed the foregoing articles of incorporation and acknowledged before me that he executed the same in good faith and for the purpose therein mentioned.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal this 18th day of June, A. D. 1912.

R. C. MAXWELL,
Notary Public, State of Florida.
My commission expires April 17, 1916.

STATE OF FLORIDA,
COUNTY OF DUVAL.
Personally this day before me, a notary public, in and for said county and state, appeared Joshua C. Chase and J. B. Skinner, to me known and known to me to be two of the persons described in and who executed the foregoing articles of incorporation, and severally acknowledged before me that they executed the same in good faith and for the purpose therein mentioned.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal this 22nd day of June, A. D. 1912.

EDWARD LAMPHIER,
Notary Public, State of Florida.
My commission expires March 11, 1916.

STATE OF FLORIDA,
COUNTY OF POLK.
Personally this day before me, a notary public, in and for said county and state, appeared S. M. Stephens, to me known and known to be one of the persons described in and who executed the foregoing articles of incorporation, and acknowledged before me that he executed the same in good faith and for the purpose therein mentioned.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal this 20th day of June, A. D. 1912.

I. M. BENNETT,
Notary Public, State of Florida.
My commission expires April 10, 1916.

PH-45-41

In the Circuit Court, Seventh Judicial Circuit, Orange County, Florida

Sanford Machine & Garage Company, a corporation, organized and existing under the laws of the state of Florida, plaintiff,

vs.
D. D. McCall, doing business as the Georgia Motor Car Company, defendant.

To D. D. McCall, doing business as the Georgia Motor Car Co. of Atlanta, Georgia, and all others whom it may concern:
It appears from the affidavit of Edward Higgins, of Sanford Machine and Garage Company, plaintiff in the above stated cause, that you a non-resident of the state of Florida, and a writ of attachment has been legally issued out in this court and goods and chattels belonging to you, consisting of One (1) Everet Touring Car, has been attached in order to satisfy a demand against you in the sum of Five Hundred Dollars (\$500), alleged to be due by you to plaintiff cause.

You are, therefore, ordered to appear before this honorable court on or before the 5th day of August, A. D. 1912, same being a rule day of this court; otherwise judgment will be entered against you by default.

It is further ordered that this notice be published for nine (9) consecutive weeks in the Sanford Herald, a newspaper published in Sanford, Florida. Witness my hand and seal this 16th day of May, A. D. 1912.

B. M. ROSSIGNOL,
Clerk of Circuit Court, Orange County, Florida.

Summer Rash Washed Away

You can stop that irritating itch from summer skin troubles in two seconds by a mild, soothing wash.

Yes, just a few drops of D. D. D. Prescription for Eczema and there is instant relief—the skin is cooled and healed and you have absolute protection from summer rash, disfiguring pimples, ivy poison, bites, hives, prickly heat and all other skin troubles that hot weather often brings.

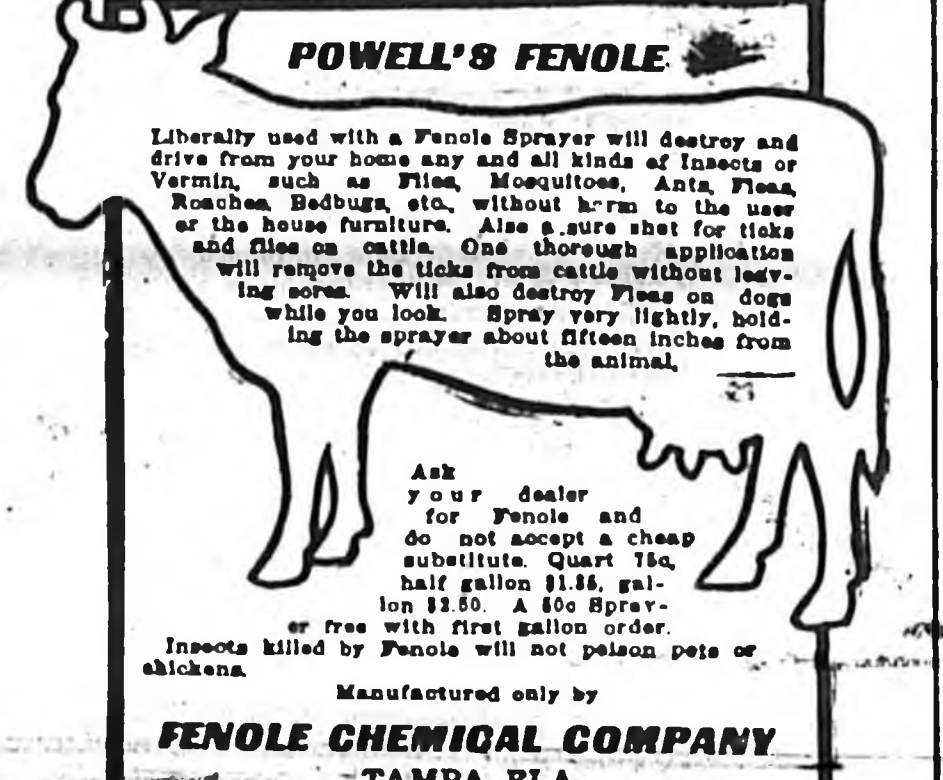

We have sold many good antiseptic remedies for the skin but none that we can recommend as highly as the famous D. D. D. Prescription.

Get a 25c trial bottle anyway—we know it will do the work.

Other druggists keep this D. D. D. Prescription—the demand is so great they all have to stock it—but if you come to our store, we will give you the first dollar bottle on our positive no pay guarantee, that D. D. D. will stop the itch at once.

L. R. PHILLIPS & CO., Druggists

POWELL'S FENOLE

Liberal use with a Fenole Sprayer will destroy and drive from your home any and all kinds of insects or vermin, such as Flies, Mosquitoes, Ants, Fleas, Roaches, Bedbugs, etc., without harm to the user or the house furniture. Also a sure shot for ticks and flies on cattle. One thorough application will remove the ticks from cattle without leaving sores. Will also destroy Fleas on dogs while you look. Spray very lightly, holding the sprayer about fifteen inches from the animal.

Ask your dealer for Fenole and do not accept a cheap substitute. Quart 75c, half gallon \$1.25, gallon \$2.50. A 50c sprayer or free with first gallon order.

Insects killed by Fenole will not poison pets or chickens.

ALWAYS CURES

Why Leonardi's Blood Elixir is the Best Remedy in the World. The Only Medicine That Cures Blood Poison

Sold Under \$1000.00 Guarantee That It Will Cure or Cost Nothing

"When everything else has failed, Leonardi's Blood Elixir has cured me of blood poison."

In thousands of instances this has been said; scores of people in every town and in every city have told this simple story, the downright cold, hard facts, the grateful testimony of men and women who have suffered from the diseases that are caused by sluggish, impure blood—these are what have made Leonardi's Blood Elixir the one remedy above all others that physicians prescribe, druggists recommend and the public endorse.

The unfortunate person who is ailing with scrofula, skin diseases, boils, tumors, ulcers, sores, syphilis, rheumatism, catarrh, or any other disease arising from impure blood, should use this great remedy and get immediate relief.

It is by merit, and merit alone, that Leonardi's Blood Elixir has achieved its wonderful pre-eminence. When a sick man or woman finds that he or she has taken a remedy that has actually done all that is claimed for it, their friends will all be told about it. It is in this way, through the recommendation of those who have used it, that this remedy has won such remarkable success among the best people throughout the South.

A person will continue to suffer from the evil effects of blood poison for years and will go from bad to worse unless he attacks the disease by getting rid of the unnatural and unhealthy poisons in the system—supplying new blood, arousing to healthy action the kidneys and liver and digestive organs and strengthening the weakened nervous system. All this and just this Leonardi's Blood Elixir will do. In the multitude of cases of blood disease where it has been used, it has never failed.

As proof of the marvelous power of Leonardi's Blood Elixir to cure all diseases arising from impure blood, such as rheumatism, catarrh, indigestion, kidney and liver complaints, etc., it is sold under a \$1000.00 guarantee to return the purchase price on first bottle if it fails to cure. If it did not have merit unknown to other remedies it could not be sold under this iron-clad guarantee. Get a bottle today if you are ailing and see how quickly it will make you well.

FAMOUS "DOMEHEAD" PLAYS ON MAJOR LEAGUE DIAMONDS

Exploited by Leading Baseball Players to

HUGH S. FULLERTON

BY PAT MORAN,

Catcher Philadelphia Nationals, Who is Considered One of the Wisest and Most Cunning of the National League Veterans.

Just the instant a fellow thinks he is pulling off about the smartest and cleverest trick possible, his foot slips and he looks like the worst in the world. There is one play that I made that taught me it never is safe to laugh until the play is over, and sometimes not then. It is funny now, but it wasn't funny to me then, and it took me a season or two to appreciate the humor of it.

I guess I lost a game by that play just about as quickly and as easily as ever anyone lost one, and I think the inside story of the play is interesting just to show how much luck can figure in a game of ball.

I was with the Boston club and was catching. We were playing Pittsburg and at the start of the ninth inning we had the game in hand, 1 to 1, with Willis pitching, and it looked as if we had them stopped and licked all the way. It looked a whole lot better when the first two Pirates that came to bat went out, for, as you know,

Pat Moran.

that team never is beaten while Clarke and Wagner and some of the others are likely to come to bat. With two out good old Olinger Beaumont got to first and Fred Clarke came up and bounded one around the fence, sending Beaumont home and evening up the score. The hit was good for three bases, and Clarke had to be fast to get that far, as the Boston ground is small, but there wasn't a chance to stop him at second or to catch him at third. I saw Clarke sprinting from second to third, and seeing that the ball had been fielded I stood there at the plate yelling at the top of my voice, "Send him in!" "Send him in!" Sam Leaver was coaching at third base, and hearing me yelling took it for granted that some of his own men over at the bench were shouting for him to send Clarke home, so Sam jumped up and down, yelling at Clarke to go on and waving him home. Clarke had not yet reached third base when Aubrey had the ball in the infield up near first, where it had been thrown to him by Doc Carney, our right fielder. Clarke turned third base at top speed, without looking, and it seemed to be an easy out. I was having a good laugh at the idea that I had made Leaver pull off a bone-headed bit of coaching. Aubrey swung and was so surprised at seeing Clarke sprinting for the plate that he hesitated a second, got rattled and threw the ball high over my head, letting Clarke score the winning run, as we didn't score in our half of the ninth; and Pittsburg won the game, 3 to 2.

When I saw that ball sailing over my head you may be sure I was wishing I had kept my mouth shut. I guess Sam thought the same when he saw Clarke turn third, and probably he wasn't happy when it turned out all

right! And he didn't fail to mention it to me any time we saw each other in the next year or two.

The play just goes to show how things will turn in baseball. I lost the game by a "smart" piece of work, and Pittsburg won it on a blunder, and it works out that way many times.

Women who have not fine teeth laugh only with their eyes.—Mme. De Rieux

NEW ENTERPRISE

Promises to Rival Grape Juice in Its Popularity

Some Arcadia, Florida, capitalists have recently perfected a drink made from the pure juice of the Florida Grape Fruit. A company has been formed for the making of this product and, judging from the popularity it has attained locally and among the visitors from the north last winter, Florida is destined to become known as the producer of one of the greatest fruit juice drinks in the world.

It has long been regretted that Florida Grape Fruit could not be secured every day in the year. This has been overcome, however, as the Gra-Fru Company, by a process known only to their laboratory, are preparing the juice of the fruit so that it is marketable the year round, with all its freshness, deliciousness and medicinal value. No foreign chemicals are used as preservatives or coloring. Every trace of the distinctive flavor is retained, and is as pure as nature produced it.

This drink is known as Gra-Fru. The Gra-Fru Company proposes a systematic and extensive advertising campaign throughout various portions of the United States, and, as all their advertising matter states that their product is made in Florida and from the famous Florida Grape Fruit, the benefits that will accrue to the citrus growers of the state, and to the state of Florida as a whole, from the effects of this Company are unmistakable. Many people who have tried Gra-Fru pronounce it the most delicious, palatable and healthful drink they have ever tasted.

An enterprise of this kind should, and will without a doubt, have the hearty support of every loyal Floridian.

Although but recently put on the market, Gra-Fru is now being dispensed at practically all the soda fountains throughout the state. The company is now putting it up in convenient packages of quarts and pints to be sold in the family, and they are now preparing a booklet telling of the many delicious drinks and dishes that can be quickly and conveniently prepared by the housewife, and will send one to every housekeeper that requests it.

The company is composed of some of the leading business men of the state of ability.

One On The Editor

A good joke is told on an editor who went out to report a party at a home recently blessed with a baby, as follows: He met his hostess at the door, and after the salutations he asked the baby's health. The lady who was quite deaf and suffering with the grippe, thought he was asking after her cold and answered that although she usually had one every winter, this was really the worst one she had ever had; it kept her awake at night a good deal and first confined her to bed. Then noticing that the newspaper man was getting nervous, she said that she could tell by his looks that he was going to have one just like hers.—The Chipley Banner.

Summer Schedule in Baptist Church
A generous vacation has been granted me by our people to go away for recuperation and to introduce the Wildman Folding Partition to the Sunday schools of the country. For this kindness, want to thank my church in this public way.

This week I will attend the Baptist Encampment at Virginia Beach and from week to week will be on the wing visiting various religious conventions. My address will be Chase City, Va., or simply Sanford.

The pulpit will be supplied during July by Mr. Milton Perry of DeLand; and during August and September Rev. Harry C. Garwood of Green Cove Springs, one of the famous quartet of Stetson students who toured Florida for Prohibition, will live at the parsonage and be acting pastor. I bespeak for these promising young men such attention and courtesy as their character and message deserve.

J. W. WILDMAN.

Mourn for the Bride.

In Japan, instead of flowers, they hold funeral services at the home of the bride's parents the night she is married. This is to show that the young lady is dead to her father and mother.

Residence For Sale
New ten room house with all conveniences, just been screened throughout with best copper screens. Twenty bearing orange trees, pecan trees, about fifty rose bushes and other plants. All in first class condition and situated on Sanford Heights, the prettiest residence section in Florida. Finest artesian water from deep well. Can also sell two other lots with poultry yard and orange trees, fine galvanized barn and garden adjoining. Will be sold at actual cost as my business necessitates closer residence.

Put The Game On Ice

A combination of Little Brother philosophy, Jim Windham and catcher White, got Sanford's goat yesterday. The score was completely reversed over the day previously, 4 to 1. Windham held 'em down to one hit, and they got that in the first inning when they made their only run.

Orlando started in rough shod. Edwards opposed Windham, and amongst the first he put over Bowen touched up for a home run. The score was one to one until the third, but there was nothing to it after Bowen's tap, for the reason that Windham was there with the goods.

Then in the third, as Billy Beardall said the game was put on ice for keeps. In that fatal inning Orlando got a net total of six kits off Edwards, tallying three runs, with two men left of bases.

Windham was first up, and singled to left. White failed in an effort to sacrifice Windham, and the twirler was out at second, leaving White on first. Lree hit the pill into left, and White scored.

Luck kept coming Orlando way. C. Pounds, the next man up, tapped a two bagger into left, scoring Lee. Bowen hit a grounder to short stop, and Boyer scored. Bennett cracked a hot one to third base, retiring the side.

It was the tightest game of the year. After the first inning Sanford never got a pep in. In that inning Farmer walked, but was put out at second on Brittain's bunt. Wofford got a two base hit, and Brittain scored.

Orlando made two errors and Sanford four. Orlando got 8 hits off Edwards, and Sanford got one off Windham. A game is scheduled at Sanford this afternoon, and the teams will meet here tomorrow. Orlando Reporter-Star.

The Game at Orlando

While Wallace held the locals helpless his battery mate, Brittain, and Moreland hammered out four runs and Sanford defeated the locals with ease.

Lowe was the star with the stick, with a double and a triple out of four trips to the plate.

Wallace pitched an excellent game, fanning nine men, and was never really in danger though some ragged support threatened to sew him up for awhile.

The score:

Sanford—	AB	R	H	PO	A	E
Farmer, c f	4	0	2	0	0	0
Brittain, 3rd	4	1	2	1	2	1
Roberts, 1f	4	2	1	4	0	0

Orlando	000	010	000	—1

Summary: Two base hits, Bowen, W. Summary: Two base hits, Bowen, Lowe. Three base hits, Lowe. Sacrifice hits, Wofford. Stolen bases, Roberts, Bundy, Lee, Vaiden. Struck out by Wallace, 9; by Vaiden, 6. Umpires: Tilden and Morrow. Time, 1:40.

Orlando Wins Game

Orlando won another one yesterday and there is joy in the camp of the Tourists.

The visitors bunched four hits in the third inning, which counted for three runs. With Windham pitching a one-hit game, this was enough, and then some to win.

Windham pitched sensational ball and allowed only one hit, while the visitors hit Edwards to all parts of the lot.

The score:

Sanford—	AB	R	H	PO	A	E
Farmer, c f	3	0	0	0	0	0
Brittain, 3 b	4	1	0	3	2	0
Roberts, 1f	3	0	0	2	0	0

Sanford	100	000	000	—1
Orlando	103	000	000	—4

Summary—Two base hits: Wofford, C. Pounds. First on balls: Off Windham 1; off Edwards 1. Struck out: By Edwards 5; by Windham 4. Umpires: Morrow and Tilden.

Sanford Wins Again

In the sight of one of the largest crowds of the season the Collegians took a fall out of the Tourists yesterday and had it not been for the good work on the part of the Orlando umpire the visitors would not have had but one run. Sanford had to play nine men and one umpire and Tilden was rotten on every decision. However the game was very good after they ceased killing players. Frank Pounds was spiked once and hit with the ball once but stayed in the game. Lee was hit on the ear by a passed ball and it looked for awhile like the game would stop by natural elimination. The game was not remarkable for any brilliant plays and the boys played as though they had Orlando sewed up and had a cinch on the game.

Lee had by far the better of the pitching, holding the visitors to four hits and fanning eight. Wilson was hit hard and opportunely.

The score:

Sanford	AB	R	H	PO	A	E
Farmer, c f	3	0	1	4	0	0
Brittain, 3rd	4	0	1	2	1	0
Roberts, 1f	4	0	0	3	0	0

Summary: Home run, Moreland. Two base hits, Farmer, Bennett. Left on bases Orlando 3, Sanford 5. First on balls off Wilson 1. Struck out by Wilson 6, by Lee 8. Umpires, Tilden and Morrow.

Big Things For Lakeland

A northern capitalist arrived in Lakeland the other day and for awhile had the entire city on the jump attending his beck and nod for he promised them everything. He was immensely pleased with Lakeland, and stated that he was going to make everybody in town rich; that he was going to put four hotels and five business colleges on every lake; that he was going to go into the automobile business and run cars around Lake Hollingsworth at 10 cents a trip, and that he was going to make Lakeland out-strip Jacksonville and Tampa in about two weeks.

He also said that he could put J. Pierpont Morgan out of business in twenty minutes and start a panic throughout the country in half an hour, but that he had decided not to do anything of the kind, but was going to make everybody rich and happy by putting the whole country on a cash basis. He tried to buy several business establishments in town, including the First National Bank, and then the people woke up. The man had become deranged during his short stay in Lakeland and imagined things.

NEWS OF THE WORLD

Items of Interest Gleaned From Various Sources

HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurred Readers

The trial of Claude Allen resulted in a mistrial today. It is understood the jury stood four for acquittal and eight for murder in the first degree. The court ordered a new venire and the case will be retried.

Members of the new Democratic national committee met in Chicago this morning to formulate plans for Woodrow Wilson's presidential campaign.

The first new crop of cotton sold at New Orleans today for twenty-eight cents per pound. It came from Texas.

Members of the Senate predicted they would be in session twenty more days. The House is ready to quit now.

Residents of Tybee island are fleeing to Savannah for fear of the storm, the island experiencing the highest tide in years, water coming into the houses there. The weather bureau there predicted the storm but Washington authorities say it may blow out to sea. Residents are taking no chances.

Some of the suffrage agitators trying to make converts in the densely populated sections of the east and west sides of New York were given a taste of their own medicine the other day, and as was expected did not enjoy the experience. They were overloaded with over ripe hen fruit, garbage and bags filled with dirty water and afterwards made indignant complaints to the police department because they had not been given adequate protection.

Preferred To Beg

Monday morning two women, claiming to be mother and daughter, appeared on the streets and began begging for money from place to place, presenting a printed card, pleading sickness as cause of poverty. In several instances they were refused help, but directed to the office of the Associated Charities where they would have been looked after, but it seems they preferred leaving town to calling there and having their cases thoroughly investigated. Before noon they went to the depot to wait for the next southbound train. However, they were interviewed, and the facts gathered that they came from the country near Orange City. Lakeland was their ultimate destination, but as business with them was rather dull in Sanford, sufficient funds were not collected to finish the trip, so plans had been made to pay Orlando and Kissimmee the next visit.

Death of Little Boy

The infant son of Mr. and Mrs. James Hudson died last night of cholera infantum. The little fellow was but one year and ten months of age and had just been upon earth long enough to entwine his personality upon the heart-strings of his devoted parents. Stricken a few days ago with this fatal disease he received the unflinching care and devotion of parents and friends and the skill of the family physician, but the dear little child was probably predestined for a better land and was only on this earth long enough to brighten the lives of his parents and then called to the realms above.

The remains were taken to the family burial lot at Middleburg today for interment.

The sympathy of their friends is extended to the bereaved parents in their sorrow.

Every Week Bridge Club

Mrs. G. F. Smith entertained the Every Week Bridge Club Friday afternoon complimentary to Mrs. W. R. Anno. Two tables of bridge were played. The highest score was made by Mrs. O. W. Brady, who won the first prize, an alligator coin purse. Mrs. C. O. McLaughlin received the booby prize, an Irish crochet hat-pin. Mrs. Anno, the guest of honor, was presented with a silver handled darning. After the games of cards were concluded delicious ice cream and cake were served. Mrs. Smith's guests were Mesdames W. R. Anno, C. M. Vorce, W. D. Holden, C. O. McLaughlin, O. W. Brady, Forrest Lake, Cruise Barnes.

Sanford Votes Bonds For Brick Roads

Made a Special Road District and \$200,000 Voted For Building Brick Roads Throughout the Entire District

One of the greatest steps forward in the history of the Sanford section was taken last Saturday when the bond issue for roads was carried by an overwhelming majority.

The results in Sanford were 224 for good roads and 37 against good roads. Paola showed six for and three against; Lake Mary went 12 for and 4 against. Six votes were thrown out as improperly marked. Out of 315 possible votes, 274 were polled and 224 of these were in favor of good roads.

The vote shows that the majority of the people are in favor of roads that will endure and the former methods of constructing the roads of clay or marl, spending a large sum on them to start and spend money every year to keep them in repair will be discarded for the modern brick road. The election also proved that Sanford should become a special road district, and hereafter will look after her own highway, meaning that the district that has always favored good roads will not have to drag along with the other parts of Orange county that are averse to improvements. There is nothing that could give Sanford such a boost in the eyes of the people of this state and of the whole country as this election for bonding at the sum of \$200,000 for brick roads in the Sanford Special District. In the face of the defeat suffered last year when Orange county tried to bond for one million the victory of Saturday demonstrates more than anything else that Sanford and the north end of the county is not only the greatest agriculturally, but is composed of a class of people who believe in improvements, and in the next few years the Sanford section will be filled with new people who will be desirous to locate in a section where there are improved highways, improved farms and improved people.

Aside from the direct benefits to be derived from the brick roads by the farmers the indirect benefits of this advertising will be immense and in the matter of good roads and especially brick roads Sanford will lead the south.

It is estimated that there will be about twenty-five miles constructed around Sanford and when the tourist strikes here next winter, after wandering over the sandy wastes adjacent to Sanford and rolls up on our brick roads he will think he has hit truth arrived.

Harking back to the subject of brick roads in Florida brings up the thought that Sanford will be about the finest section in the state for the Farmer, Tourist, Business man and every other man who wants to live in the most progressive section of the state.

DAYLIGHT RUN TO JAX

New Company Will Put On Steamer Service On River

Historic old St. Johns river is destined to become the center of winter travel if the plans of a new company now being formed materialize. B. T. Corey, a well known promoter thinks the St. Johns river trip is important enough to warrant a new steamer service that would make a daylight trip to Jacksonville and return to Sanford the following day. He expects to invest capital in his new project and after an exhaustive study of the subject has drawn plans that will appeal to the man who would like to invest in what will become a good service on the famous St. Johns river. The plan is to build a steamer that will be able to take freight and will be able to develop the freight service is getting larger and the boats cannot make the fast trip that a smaller boat could. The new service would not carry freight but would haul small packages, and in this line would do a large business and compete with the Southern Express Co. A uniform rate of fifteen cents per package would mean that the boat would get all of this business. With good fuel and quick launch service of the boat the passengers would be made comfortable and no staterooms would be needed. The boat would leave here early in the morning and get to Jacksonville the same day, returning to Sanford the following night.

The St. Johns river trip is one of the prettiest water trips in the world and has become famous for the beautiful scenery along the banks. If the new company can arrange for a daylight service and have it in operation before another season the tourists will give it most liberal patronage.

Had To Spend Money

St. Louis, June 15.—Admitting that he was \$700 or \$800 short in his accounts, Roy W. Jones, a salesman for the H. J. Heinz Pickle Co., excused his offense by the plea to the prosecuting officers Wednesday that he spent the money in entertaining customers and building up his business.

He said at police headquarters that his expense allowance had not been sufficient to enable him to "be a good fellow" in the manner which seemed to him to be necessary in order to get business.

Elks Fight Consumption

Portland, Ore., July 15.—By holding a meeting this evening at which the newly elected officers were installed, the grand lodge, B. P. O. E., were enabled to return tonight. The lodge appropriated \$20,000 for the use of the committee on tuberculosis, and decided to take no immediate action on the reconstruction or relocation of the Elks' home, now at Bedford, Va.

RAISED FINE POTATOES

Sanford Grower Keeps Land Working Overtime

Some people say that the old reliable sweet potato will not do to plant upon our high priced lands, but Jim Hicks thinks different and when his celery was shipped and consigned to the commission man with a prayer, he figured that if he wanted to make a living there was nothing quite as billing as sweet potatoes and straightway planted part of the land in Nancy Halls. Today he brought some to The Herald office and they are as fine as ever graced a table. They are large and true and Mr. Hicks states that they will run full measure to the year. He expects to raise in them to his heart's content and will also let his poor brethren in town taste some at \$1.50 per bushel or something near that price. Sweet potatoes are not good for some soils if you intend to follow with lettuce, or at least that has been Mr. Hicks' experience, although he finds that celery will follow all right.

Fighting at Long Range

Atlanta, July 14.—"I am neither a bully nor a braggart, but I am willing to meet Blaise anywhere outside the state of South Carolina and give him any personal satisfaction he desires."

This statement was made today by Thomas B. Felder, on his return to this city after testifying before the special investigation committee of the South Carolina legislature, probing the old state dispensary case in Augusta. The declaration was in answer to a statement made yesterday at Bamberg, S. C., by Governor Blaise in which he said, "I will give \$1,000 to any man who will get Tom Felder's two feet on this side of the Savannah river."

The statement also excoriated the members of the investigating committee in bitter terms, adding, "It is against the law to send challenges in South Carolina but if any member of that committee will come to me and tell me that he believes what Tom Felder says, you won't need any duelling law, and Charley Smith will be a war governor."

Continuing the governor referred to the lynching of three negroes recently in Olar and is quoted as follows:

"You did like men and defended your neighbors, and put their black bodies under the ground."

On his return to Atlanta today, Mr. Felder was accompanied by Detective E. S. Reed, whose evidence, secured with a telephonic device, created a sensation at the Augusta hearing.

WE CAN START NOW

Mr. Dickson Has Put Seal Of Approval On Plan

Mr. H. H. Dickson, the father of the plan to assess abutting real estate to defray a portion of the expense of building brick roads in this county, was asked this morning if the successful bond election for good roads at Sanford would have effect upon his plans.

No, said Mr. Dickson, "we are working quietly, but nothing definite can be accomplished until the next legislature meets. Our main course of action lies in paying the way for the enactment of a law by the legislature to make assessments on property for road building possible. At present there is no such law."

I think Sanford's action will stimulate interest in road building in the balance of the county," Mr. Dickson went on to say. "I do not believe in the ultimate wisdom of the plan to break the county up into road districts, but the result shows the people in the north section are public spirited and they have undoubtedly set the pace for the remainder of the county." Reporter Star.

Potatoes in United States

Washington, D. C., July 12.—Following is the Department of Agriculture's detailed report on the potato crop by states compared with the condition a year and two years ago. The area planted this year is estimated at about 3,689,000 acres, compared with 3,610,000 acres last year and 3,720,000 acres in 1910. Condition 88.9 per cent of a normal, compared with 76 per cent on July 1 last year, and 89.3 per cent, the average normal condition on July 1 for the past ten years. Indicated yield per acre 95.5 bushels, compared with 80.9 bushels last year, and 96.8 bushels, the average for the past five years. Estimated total production 352,000,000 bushels, compared with 292,737,000 bushels last year and 349,032,000 bushels in 1910.—N. Y. Packer.

Ladies' Sewing Circle

Friday afternoon the Ladies' Sewing Circle was charmingly entertained by Mrs. W. T. Johns at her home on Park avenue. Pleasing features of the afternoon's entertainment were the vocal and instrumental selections, also two readings with which Mrs. Hester favored the guests. With dainty fancy work and pleasant conversation the congenial W. pleasant conversation the congenial crowd of ladies spent a delightful afternoon, at the close of which the hostess served delicious ice cream, caramel cake and lady fingers. Those who enjoyed the afternoon with Mrs. Johns were Mesdames Purdon, Easterby, Milfeer, Hill, Roberts, Williams, Davis, Barry, Hester and Spear.

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

"Plans have been drawn for a big hotel for St. Petersburg," says the Independent, and the story that follows the headlines tells of the project of J. M. Williams, who has valuable property in the Sunshine city and is hoping to finance the scheme for the erection of a handsome, modern \$100,000 hotel. Instead of building the whole hotel, as planned, at once, Mr. Williams is quoted as saying that it could be built in three sections and thus the financial part would be easier to handle. The first section would be something over 100 feet long, facing First street and the bay. In this section there would be six stores and forty-eight sleeping rooms on the three upper floors. "There is believed to be need for such a hotel," says the Independent, "and leading citizens have been urging its construction, or one of this style."

The big snake which was recently captured in Miami and which has been creating so much interest and excitement because no one had ever before seen a similar one, is said to be known generally as the Asiatic python. The snake is common in the Philippines, Sumatra, and even in the lower part of China.

The Fort Myers Press discusses the probability of the completion of the Panama canal within the next year and repeating what is well known about the huge plant that will be "out of a job" when the big ditch has been finished, urges people of Florida to impress on their senators and congressmen the excellent results that might be accomplished with some of the machinery in this state. "The year 1913 is set for the completion of the canal," says the Press, "and when that period has dawned the arrangements for moving the machinery to well. South Florida, should be made."

A local entertainment entitled "Leon County Fair" is to be given in Tallahassee on the 16th of this month. This will be a real county fair, it is said, with pumpkins, potatoes and cabbage on display and real bicycle races, horse races, tag races and many other attractions.

West Palm Beach has just contracted for a fine new fire engine. The machinery for fighting fire will cost \$9,000 and will be delivered about the first of November.

Plans have just been completed for the new Consumers' Ice Company plant which is to be erected on Marion street in Tampa. The building will be five stories high and will have a frontage of 105 feet, 6 inches on Marion street, and 81 feet on Cass street. It will be built of reinforced concrete and will cost in the neighborhood of \$50,000.

Letters have been received by the Tampa Board of Trade from two factories which wish to locate in that city. One was from the National Cutlery Co. of Opelika, Ala., the other from the Purity Paper Bottle Co. of Washington, D. C. The cutlery company makes a specialty of manufacturing a new kind of meat cutter and the paper bottle company makes bottles for holding water or any other kind of liquid indefinitely and apparently is the very thing for grocers, dairymen and others, being much less costly than glass and unbreakable. After being once used the paper bottle is thrown away, thus saving the trouble of washing.

A letter has been received by the Miami Board of Trade from the Miami Beach Improvement Company offering the city of Miami as a free gift ten acres of land, containing four hundred feet of ocean front, with riparian rights, for a public park. The location is said to be an ideal one.

The passenger and freight station of the Atlantic Coast Line railroad at Dade City was completely destroyed by fire a few nights ago. The loss included a number of records and files of considerable value to the road.

Cruise Barnes has returned from a visit to Georgia, where he was regaled with Georgia peaches and yellow legged chicken.
