Police report two armed robberies in Sanford area

The Seminole County Sheriff's Office and Sanford Police Department both reported Sunday separate armed robberies of convenience stores that occurred within 40 minutes of each other.

At about 7:15 p.m., an employee of Lee's Grocery, located at 3500 B. State Road 46 in the Midway community, reported to the sheriff's office that two black males robbed the store.

Both suspects were brandishing what the store employee thought to be either rifles or shotguns. One man was identified to be about 5-foot-10, wearing gray pants, a yellow sweatshirt with a hood and covering his face with a monkey mask. The other man was reported to be about 6-foot, wearing black clothing and covering his face with a black ski mask.

The two reportedly made away with a \$1,000 and were last seen running east along State Road 46.

At about 7:50 p.m., an employee of Kwik Stop, located at 2201 W. First Street in Sanford, reported to police that a 5-foot-6 black male — wearing blue jeans and a white T-shirt -entered the store with a handgun and demanded money.

The suspect got away with \$500 and was last seen running south on Persimmon Avenue.

Police K-9 units responded in both armed robberies, but a search of the area came up empty.

Riverwalk construction nearly complete

By Dan Ping Editor

SANFORD - As construction crews finish up on one major downtown project, members of the Community Redevelopment Agency are finalizing plans for the start of a second venture.

Work on the \$11 million Sanford Riverwalk is expected to be completed in late February or early March. Chris Smith, the city of Sanford's project manager,

Sanford officials prepare to begin First Street construction in late spring said most of the major work has been completed and esti-

ished in January. "Landscaping should begin in February, at which point the project will be substantially completed," Smith said.

mile project should be fin-

Crews installed 1,666 seawall panels as part of the Riverwalk construction from Mellonville to French avenues. Improved landscaping, a 10-foot wide bike trail, new sidewalks, additional lighting and a newly designed Seminole Boulevard

built into the project.

Smith said the project contractor, Wharton Smith Inc., did run into some unforeseen problems during construction, including removing pieces of the old band shell from Lake Monroe to install the new seawall around Memorial Park and rerouting

reclaimed water lines.

"They've got 46 additional days from the original deadline to complete the project," Smith said. "But I doubt very seriously that they will need them."

Meanwhile, members of the Downtown Community Redevelopment Agency (CRA) will meet today to finalize a funding process and agree to release a request for qualifications (RFQ) so that

Police: Father doused kids with gasoline

By Nick Pfelfauf Staff Writer

Additional details have been released on the Christmas Day crash of a vehicle into a house in Altamonte Springs, where the driver, Shahab Benzadpour, 46, and his two children perished in a vehicle fire.

It was suspected in the beginning that the fire was not the result of the crash, but may have been set as the vehicle approached.

The Altamonte Springs results from the state fire marshal's lab confirming that all three of the victims were alive at the time of the fire, but that gasoline was found on the clothing of all three. A gasoline can was found in the vehicle and several containers were found in the back seat, and police believe both of the children had been doused with the liquid prior to Behzadpour crashing his car into the house at 1122 Brantley Estates Drive.

Hope Behzadpour, and her parents, Alexander and Camia Custodio, as well as others, were inside the home observing Christmas at the time. No one inside the home was injured.

The lab report also indicated that the placement of the two children in the vehicle was important in the case. They said the oldest child. 6-year-old Nikki, was in the front passenger seat, and the

Hanson often develops a special bond with the parents. She keeps scrapbooks of her deliveries and every baby has one page. Hanson says she is on volume 10 of her scrapbooks.

Hanson also encourages the parents to send her

so she can insert into the scrapbook. The Bastian family of Seminole County has three pages in those scrapbooks and says they couldn't have done it without Hanson's guidance.

Longwood downs bid for state lobbyist

By Christopher Patton Managing Editor

LONGWOOD — A state lobbyist is not in the future for the city of Longwood.

Three out of the five city commissioners Monday against approving a contract for Ces Lawton of Harbour Communications to represent Longwood's interests in Tallahassee this year.

Mayor Dan Anderson said he viewed the \$45,000 contract for the lobbyist as a gamble because the state budget could be tight again this year.

"You're taking taxpayer money to ask somebody else to give you money," he said. in this fiscal climate 1 don t think that is a wise thing to do. I just don't think I should take taxpayer money to ask my state representative for money when I'm more than capable of picking up the phone and calling my state representative and saying can you help us."

According to city officials, Longwood has never received any state funds for city projects. Anderson said there are several reasons why Longwood has not received financial aid from state and federal governments in the past. Most notably when the EPA was willing to financially help Longwood construct a sewer system the city

"Why can't we just ask?" Anderson opined. "I think if we picked the right project there would be an inclination, if possible,

Iraqi Diary: Another year in Baghdad

Editor's note: Staff Sgt. Charlie C. Carlson III, son of Sanford historian Charlie C. Carlson II, is deployed in Baghdad as part of the 549th Military Police Company. He is providing the Herald with a journal of his experiences.

2 Jan. 2004 This is my first chance to tell everyone Happy New Year. I hope it stays happy. I thought there was going to be a large amount of celebratory gun fire from off base with the Iraqis celebrating the New Year, but there was only a small amount of weapons fire. It was hard to tell if they were shooting at some-

one or shooting to celebrate. We have really been busy, patrols, raids, and all that. It has turned into a full-time job trying to stay safe. On yeah, "Saddam was directing the attacks," like we really believed that myth. Saddam is in custody, and

it's worse than ever. Nearly all the 549th was involved in an engagement at the Abu Hanifa Mosqu. It was a big six-hour fire fight. The CO said it was the largest sustained fight the unit has had in Iraq. Six were wounded, only

two were medically evacuated to the states. They'll be okay, but they got their ticket home at last. None of the casualties were from our platoon.
Today I went on patrol

and swung by Al Jazaer Police Station to ask Colonel Ali if he had his IPF (Iraqi Police) do a recon of the Al Taqir area above Sadir City. Then we went to RSS to get Lt. Sheffield. He has been staying over there, and we had to bring him over to

so he could be promoted to captain. He was our platoon leader, but we are suppose to get a new 2nd lieutenant female straight out of West Point. She will probably want to change things but we've broken-in three

On Jan. 2, Officer Jim McAuliffe was promoted to the rank of lleutenant. He is assigned to the criminal investigations section. McAuliffe came to the Sanford Police Department in 1985 and worked as a patrol officer and investigator. He was promoted to Corporal in the special operations division. After nine years with the department, he accepted a criminal justice faculty position at Seminole Community College. At SCC, he held the positions of criminal justice academy coordinator and program manager over academic studies in criminal justice. He returned to the Sanford Police Department in 2001 and was assigned to the training section. McAuliffe has a master's degree in management, is an adjunct professor of criminal justice at SCC, and is the published author of a textbook on criminal investigations.

IN BRIEF

Seminole County Grand Jury issues 2 indictments

The Seminole County Grand Jury issued indictments in two separate cases Tuesday, one involving the July 1997 death of a 5week-old infant and the other involving the Nov. 18, 2003, death of Troy Bouey.

Russell Richardson, 21, was indicted on a first-degree premeditated murder charge for the shooting death of 38-year-old Troy Bouey. The shooting occurred at the intersection of Jackson and Oak streets in unincorporated Altamonte Springs in November 2003 after an altercation between the two.

In the Richardson case, grand jurors heard from two witnesses, one from law enforcement and one from the medical examiner's office.

The grand jury issued a first-degree felony murder indictment of Jeffrey Rothschild for the July 30, 1997, murder of 5-week-old Jesse Laker, Rothschild's son. The case was developed by the Sanford Police Department and the Florida Department of Law Enforcement Cold Case Unit.

In the Rothschild case, grand jurors also heard from two witnesses; one from law enforcement and one from the medical examiner's office.

Undercover operation reveals a 'swinger' bar in Casselberry

The Seminole County Sheriff's Office City/County Investigative Bureau (CCIB) arrested about a dozen people Dec. 19 that were allegedly involved in "swinger parties" at the Red Horse Saloon, 400 E. State Road 436 Suite 114, Casselberry.

According to Steve Olson, sheriff's office spokesman, Casselberry police and the sheriff's office received an anonymous complaint regarding an establishment that was suspected of illegally operating an adult entertainment business.

The complaint reportedly identified the Red Horse Saloon as a place where "swinger parties" were occurring every Saturday night beginning at 8 p.m. The caller further advised that during these parties, patrons inside the saloon were engaging in sexual acts that included indecent exposure, and lewd and lascivious behavior.

Beginning on Oct. 18, CCIB conducted an undercover operation within the saloon. During the two-month investigation, authorities were able to identify more than a dozen patrons, including the owner of the saloon, who were in violation of various state statutes as a result of the "swinger parties." Red Horse Saloon owner and operator Richard Michael Tournour, 45, of Casselberry, was arrested for renting space to be used for lewdness, assignation or prostitution

Others arrested for lewd and lascivious behavior included: David Howat Birchell, III, 41, of Winter Springs; Rita Gale Feltner, 31, of Winter Springs; Bryant Lee Day, 37, of Orlando; Colleen Marie Day, 34, of Orlando; Bradley Richard Reese, 50, of Winter Park; Timothy Jason Clever, 38, of Winter Park; Karen Elizabeth Uhlmeyer, 38, of Casselberry; and Syndy Conner Clark, 31, of Mount Dora.

Also arrested for lewd and lascivious behavior were Daniel Patrick Kees, 39, and Alice Lorrine Kees, 36. Addresses for both were omitted as Daniel is a law enforcement officer for a state environmental department and Alice is employed in the Seminole County Courthouse.

Wagon training

Herald photo by Tommy Vincent

Wicklow Elementary fifth grade students in Traci Dombroski's class recently completed studies about early settlers' westward journeys. As part of their class project, students made a replica of a covered wagon, the same type that was used for the wagon trains that moved across the continent in the early 1800s. Gathered around the wagon were Dombroski and some of her students.

Roni Faye Crimmins, 33, and Steven Dale Russell, 32. both of Orlando, were arrested by Sanford police Friday as the result of a traffic stop on Lake Mary Boulevard at U.S. Highway 17-92. Crimmins, driver of the vehicle was charged with driving under the influence (DUI) of alcohol or drugs, driving while license is suspended, failing to register a motor vehicle, and no headlights after sunset. Russell, the passenger in the vehicle, was arrested on charges of possession of under 20 grams of marijuana, and having an open container of alcohol in a motor vehicle.

Battery

 Eddie Autry Key, 26, of S.outh Oleander Avenue, Sanford, was arrested by Sanford police at his residence Saturday. Officers said he had been involved in a confrontation with his wife. He was charged with battery-touch or strike (domestic).

Robert Elwin-Jonath Daughen-baugh, 18, of Country Club Circle, Sanford, was arrested by Sanford police at his residence Sunday following a family dispute. He was charged with battery-touch or strike (domestic violence).

Horace Moore Jr., 20, of

Georgia Avenue, Sanford, was arrested by Sanford police at his residence Saturday, after a dispute with a visitor and her child, and a pregnant woman. He was arrested on charges of aggravated battery on a pregnant violence (domestic violence), resisting an officer without violence, and cruelty toward a child (domestic violence).

 Christopher James Legg, 25, of Elm Avenue, Sanford, was arrested by Sanford police Sunday at a residence in the 600 block of Palmetto Avenue where he reportedly became involved in a dispute with a female. He was charged with assault (domestic violence).

 Albert Marshall Shaffer, 63, of Pine Ridge Circle, Sanford, was arrested by Sanford police Sunday following a fight with a female in the 2400 block of Park Avenue. He was charged with aggravated battery, using a deadly instrument (glass beer bottle).

Amanda Denise Johnson, 26, of Maitland, was arrested by Sanford police on Dec. 29. Officers said she rang up a gift card in the amount of \$475 to herself from her place of employment without paying. She was charged with larceny, over \$300 but under \$20,000.

Property Damage

Margit Elizabeth Roberts, 50, of Arbor Circle, Sanford, was arrested by Sanford police near her residence Sunday. Officers said she threw eggs at a man's vehicle which she said was in her parking space. She was arrested on a charge of property damage criminal mischief of less than \$200.

Other arrests

Thomas Michael Ruby, 52, listed as homeless in Sanford, was arrested by Sanford police Sunday at a business in the 3800 block of Orlando Drive, where he had been issued a no trespassing warning on Dec. 30. He was charged with trespassing after warning.

 Carlos Triman Walker, 31 of Harrison Street, Sanford, was arrested by Sanford police Saturday following a two vehicle crash at West Third Street and Maple Avenue. He was charged with driving with a suspended license — habitual.

Motorists find help during the holidays

By Nick Pfeifauf Staff Writer

For people with difficulties over the holiday period, help was available both for motorists who broke down on Interstate-4 and those who overly imbibed.

The Florida Department of Transportation (FDOT) Road Rangers, patrolling I-4 through Central Florida, reported providing assistance to 1,256 motorists between Dec. 19, 2003 and Jan. 1, 2004. Monday, Dec. 22 saw the heaviest activities with 134 motorists given assistance. The second heaviest day was New Year's Eve with 124. The average number per day in the 14 day period was over 87 motorists.

Last year, between Dec. 20 and Jan. 1, the Road Rangers in

Central Florida assisted 1,002 drivers on Interstate-4. The Tow-To-Go project under-

taken by AAA Auto Club South and Budweiser managed to keep 1,314 potential drunk drivers off the roads during the holidays in Florida, Georgia and Tennessee.

"We saw more use of the program this holiday season than ever before, but our success isn't tied to those numbers because they don't show the true impact of the Tow-To-Go message" said Ed Schatzman, senior vice president of automotive services for

LAKE MARY - Some prefer their favorite television show such as the Sopranos. Others would rather show their school spirit with a Seminole or Gator. No matter what a golfer's taste is C-Thru Grips is sure to have a "handle" on the situation.

Moving from Maitland to 103 Commerce St., Suite 120 in Lake Mary last year, C-Thru Grips is taking a hold on the PGA Tour and is now driving home the point to everyday golfers throughout Central Florida and the nation.

"It's been around a couple of years, but it's just starting to take off," said Mike Jamison, a public relations spokesman for C-Thru Grips.

From Heathrow's Chris DiMarco to many other PGA Tour pros, they are all sporting C-Thru Grips designs on their golf clubs. The product is a simple addition that can be made to any club in about an hour.

The old grip is removed and the shaft is cleaned. A new custom vinyllabel is applied to the shaft. Hair spray is squirted into the new clear C-Thru Grip and then slid over on top of the label. That's all it takes, but it wasn't first discovered until three years ago when Mickey Novak, director of tour relations at C-Thru Grips, was working on clubs at the David Leadbetter Golf Academy.

"No one had ever tried to put anything underneath it before," he said. "Originally it started as a paper

label printed off on the computer." What helps C-Thru Grips separate itself from other grips is its huge catalog of designs and logos, and its unique solvent - hair spray. Novak said he discovered the wonder spray Gripping with Clarity

ing out bike grips for his son, who used to race BMX bikes.

As simple as it may seem, the golfing industry is a big moneymaker and C-Thru Grips is positioning itself to reap some of the rewards.

"I would say having the acceptance on the tour last year and growing from there to 15 to 20 guys got us going," Novak said.

With a couple dozen professional golfers carrying the C-Thru Grips in their bags, the Lake Mary company starting getting the best advertisement available — the free variety. When DiMarco was tied for first after the last round of the 2001 Greater Milwaukee Open, the television cameras were fre-

when he had a lot of experience chang- quently zooming in on him as he lined up putts. Sure enough the cameras were also showing his University of Florida Gator and Ping grip. As a result, C-Thru Grips received about 800 calls the next week from golfers and Gator fans looking for DiMarco's golf club grip.

C-Thru Grips carries hundreds of designs including more than 150 college logos. The company has customized grips for ESPN, Bay Hill and other corporate sponsors of golfing tournaments. They have also produced designs for companies that offer the grips with the company logos on stock," Jamison said. them to employees and customers as

In addition, the Lake Mary compa-

ny can customize grips for an individual golfer. One PGA Tour pro has pictures of his kids on the majority of his clubs, Novak said. However, there are some restraints because C-Thru Grips cannot reproduce any trademarked or copyrighted logo without permission.

Officials at C-Thru Grips are in continuous negotiations with other major. sporting leagues, including NASCAR, and other corporations for rights to their copyrighted logos.

Longstaff joins new lending company

G. Geofrey Longstaff, chief operating officer at NAI Realvest Partners LLC in Maitland, plans to relinquish those duties in January to devote full time to his position as chairman of Commercial Mercantile Capital, LLC in which he is a principal.

Longstaff is also a principal at NAI Realvest, a major commercial real estate services company and developer of industrial facilities. Longstaff joined NAI Realvest in 2000. He helped launch Mercantile Commercial Capital in February. The firm is the only commercial lender in the area and the U.S. that specializes exclusively in U.S. Small Business Administration (SBA) 504 loans that provides financing to small and midsized business owners to acquire or develop their own facilities.

Longstaff has more than 25 years of banking experience in central Florida. He founded First Mercantile National Bank in Winter Park and served as president before selling the community bank Regions Financial Corporation in 1997.

George Livingston, president of NAI Realvest Partners, and a board member in Mercantile Commercial Capital, said he is delighted with Longstaff's decision.

"Mercantile Commercial Capital has literally bloomed over the past few months and the potential for the firm is enormous," he said. "Geof Longstaff is one of the most astute commercial banking executives in the area.

Colonial BancGroup acquires P.C.B. Bancorp in Florida

Chairman and CEO Robert È. Lowder and P.C.B. Bancorp, Inc. CEO and President Paul V. Mellini jointly announced that the companies have entered into a definitive agreement to merge P.C.B. Bancorp, Inc. ("PCB") and its four banking subsidiaries: Premier Community Bank of Florida South Lauderdale), Premier Community Bank of Florida (Largo), Premier Community Bank of Southwest Florida (Ft. Myers), and Premier Community Bank (Venice)

into Colonial BancGroup. As of September 30, 2003, PCB had total assets of \$664 million. PCB's four subsidiary banks operate sixteen full-service offices in Florida, four offices in St. Petersburg, two offices in the cities of Venice and Ft. Lauderdale, respectively, and one office in each of the following cities: Pembroke Pines, Miami, Belleair Bluffs, Largo, Clearwater, Englewood, Ft. Myers and Lehigh Acres as office in Sarasota. "We are very excited about this opportunity. It represents an exceptional fit with our existing branch locations, significantly enhancing our market presence in key Florida markets," said Mr. Lowder.

"We are very pleased with this merger agreement," added Mr. Mellini. "Colonial Bank believes in a community bank model that puts its customers first; the same philosophy we have here at PCB. Additionally, with Colonial we will be able to offer new delivery channels and enhanced products and services to our customer base."

The locations gained through this acquisition are expected to fold well into Colonial's existing footprint well as a loan production on the east and west coasts of

pleted, this transaction is Miami-Dade counties, the enhance merger is expected to add Colonial's position as the four locations in Colonial's South Florida Region, increasing its locations to 28. On the west coast, the addition of five locations in Lee, Sarasota and Charlotte counties is expected to bring Colonial's Southwest Florida Region to 23 locations. Furthermore, the PCB office in Charlotte County will mark Colonial's first location in that market.

Colonial's Bay Area Region, headquartered in Tampa, is expected to see the biggest increase in size from the merger with PCB. Colonial's footprint in this area currently consists of 16 offices in Pasco, Pinellas and Hillsborough counties

Colonial BancGroup is a \$15.8 billion national bank holding company headquartered in Montgomery, Alabama with more than 270 offices in Florida, Alabama, Georgia, Nevada, Tennessee and Texas. Robles named Employee of the Month

Herald photo by Tommy Vincent

Sanford City Manager Al Grieshaber presents Tim Robles with the Employee of the Month award. Robles, who serves as the city's fire inspector, was nominated for the award by Lt. Vincent Fioretti. "Within the past year Tim has gone beyond his job responsibilities in many areas," Fioretti wrote. "He has performed at a higher level of responsibility in many aspects of the Fire Prevention Division while the Fire Marshal was out on extended sick leave, all the while maintaining his other job responsibilities. ... I should not be nominating him for employee of the month, I should be nominating him for employee of the year! Tim is one of the unsung heroes of the Fire Department and the city of Sanford."

Lake Mary firm expands presence in Windsong

Lake Mary-based Signature Homes Construction, Inc., already one of the busiest homebuilders in Windsong in old Winter Park, should be even busier over the coming months.

The award-winning homebuilding company recently acquired 13 home sites in the Windsong neighborhood of Elizabeth's Walk and will introduce a new line of home plans featuring swimming pools and three-car garages and design styles ranging from New England to Country French to Mediterranean.

Spokesman Larry Fleming says that, because of the size of the home sites acquired, Signature Homes will be able to provide a slightly larger product from what's currently available in Elizabeth's Walk and still stay well below the \$1 million price point.

Living areas are expected to range from 3,400 to 4,500 square feet, with home prices starting in the low \$800s.

"Elizabeth's Walk gives us an opportunity to introduce an exciting new product from what we've done previously here in Windsong," says Fleming, "While these homes may be smaller, they will have many of the same features, finishes and design treatments that have marked our success elsewhere in the community."

Because the acquired lots in Elizabeth's Walk are oversized (100-foot x 150-foot), they can accommodate both normal sized swimming pools and three-car garages – two key elements that will be a part of the Signature Homes' package.

Signature Homes already has made a big splash in Elizabeth's Walk, pre-selling four homes, including a spec under construction that the company planned to enter in the 2004 Spring Parade of

to help,"

Commissioner Bundy, who voted in favor of the lobbyist along with Commissioner Mike Holt, originally suggested the idea during a December meeting. He said the vote Monday was a missed opportunity for Longwood.

"I just don't think it was a gamble as much as an investment," he said. "I think it's especially important to have (a lobbyist) when budget years are tight. When the money is tight at the state you can bank they are not going to send any money your way if you don't have somebody there actively campaigning and working trying to get it."

Bundy added that he thought why Longwood never has received state funding is because the city fails to register on the state's "radar screen."

"We're a small town. We are 14,000 people so we have never gone before them and actively sought funds and this was an opportunity to do so," he said.

Holt said he thought the idea of lobbyist for Longwood was a good idea, especially after attending the Seminole County Legislative Delegation public meeting last month.

"It just seemed like a good idea that we would have a representative of the city," he said. "If you can get a \$100,000 - well take it. The thing we failed to realize is it's an election year coming up and the pocketbooks open more freely during an election year."

Lawton represented the city of Oviedo last year, and according to city officials, he is expected to secure \$100,000 to \$200,000 in state aid for improving conditions of lower-income housing during this year's state legislature session.

Longwood Casselberry remain the only cities in Seminole County that do not annually retain or occasionally contract a state lobbyist.

work can begin on renovating 1st Street.

The project will beef up electrical and stormwater capacity under the city's historic main street. In addition, the project will add increased landscaping and streetscaping features - more trees, intersection roundabouts, extra lighting and wider sidewalks — and realign the angled parking spaces along the street to parallel parking.

Kevin Smith, the city finance director, said one of the main agenda items for CRA members will be to determine how the board wants to finance the project. Some board members have expressed a desire to fund the project without city assis-

Smith said when agencies like the CRA borrow money, lending institutions usually require a "covenant to budget and appropriate" from either the city or county the CRA is associated with.

"That covenant means the city will budget an amount of money equal to the loan and appropriate it in case the CRA failed to pay off the loan," Smith said. "In essence, you're pledging the city's good faith and credit."

Several lenders indicated they would loan the CRA money to do the 1st Street project without such a covenant, Smith said, but at a higher interest rate.

'We wouldn't be able to

borrow as much money," said CRA Vice Chairman Bob Parsell, one of those who asked Smith to research the board's funding options. "The thing you've got to remember, too, is the city of Sanford is liable for whatever we do regardless of whether we have a covenant or not. If the city's going to be on the hook for the money, we might as well go in with them and get the best deal we can."

Smith and Parsell said they expect the CRA to borrow just under \$2 million for the project. The loan will be repaid from CRA tax revenues over the next 12 years.

Captain Sheffield, I walked with Ali Sedoon over to the interpreter shack to see the pups. On the way I saw the LTC (Lieutenant-Colonel) and the CSM (Command Sergeant-Major) leaving our compound with a regular MP patrol from another company. You can't leave post unless you have at least three vehicles with mounted weapons.

Sgt. Buckley did such a good job for me as acting squad leader while I was on leave, that I have decided to make him my number two man. He and SPC Gieger won NCO and soldier of the month. In three days they will be going for Battalion NCO and soldier of the quarter. I know they will do outstanding, my soldiers always do excellent. I don't

have one bad apple in the lot. They are all super sol-

I want to mention that there were photos taken of the soldiers opening the boxes sent by the Herald. They used a disposable camera, so I have to send it home for developing. In order to mail it I have to go to Muleskinner Base which is the only place we can send

a package from. Camp Marlboro has no facility for mailing a package. If our patrol mission takes us some place else then we are delayed in sending out packages. I will send it out as soon as I can. Also there will be something written in the unit's January newsletter that goes to Fort Stewart about the 38 boxes that we received and a letter is being drafted and signed by the platoon, as time and missions permit, to thank everyone and the Herald.

We have been informed that we will be coming back to Iraq sometime after August 2004 for another year. We haven't even got our orders to go home yet and they are already talking about coming back to this hell hole. Not me, I'll go to Canada first. I'm sick of this constant recycling of the same battle worn troops inand-out of one war after the other, while most Americans never serve a single day in boots. Look at those milliondollar sports stars that everybody praises. They never serve in anything. Or how about Lee Greenwood, who made millions off his "fighting for America" song? He's never served in uniform. For that matter, how about the coward politicians that send us into battle? You never see them or their kids in combat. But don't expect the draft

to be cranked-up, that would be bad news for election campaigns. Instead they'll just keep recycling the same old reserves and regular troops until they finally kill us off. Even the recruiting command has lowered its qualifications trying to attract more cannon fodder, while the rest of us are trapped forever by this idiotic indentured servitude thing called an "indefinite enlistment." Heck, if any other country did this, Americans would be raising cane about it. I say if you want to create a war, or in our case, multiple wars, then it only makes

sense to have the assets to fight them and a plan on how to get out. We're doing the job worldwide of 15 divisions with only ten active divisions. Forget about defending the country. The only thing left are recruiters, clerk typists, and the army bands. I suppose we could launch saxophones and tubas at the enemy if somebody decides to invade the U.S. Maybe I'm just cynical, or perhaps suffering from shell shock, but none of it makes any sense to me.

I just heard that a convoy of army fuel tanker trucks was hit today south of Baghdad. They blew up a big fuel tanker. Yesterday they shot down another U.S. chopper in Fullujah and here in Baghdad they've been shelling the Doura section as part of Operation Iron Grip. Things don't look so good. We've been busier than ever over the past few weeks.

Seminole soccer still the best

By Dean Smith Sports Editor

While it means absolutely nothing as far the playoffs go, the boys' soccer teams from the Seminole Athletic Conference can still walk with their heads held high today.

For the second straight year the SAC whipped its counterparts from Orange County to repeat as champions of the Kraze County Challenge

held at Winter Springs and Oviedo high schools this past weekend.

Seminole went 4-2-1 on Friday to take a 13-7 lead into Saturday's final day and then got shutout wins from Oviedo, 2-0 over Boone, and Lyman, 1-0 over Edgewater, to go 3-3-1 and secure a 10-10 tie for the day and an overall victory of 23-17.

On Friday, Lake Mary got goals from Eric Gorden, Pat Donoho, Ian Hauk, Josh Alves, Kenny Myers and Joris Claessens scored goals and the Rams' defense was stifling as they whitewashed West Orange, 6-0.

Oviedo also got a 6-0 shutout as Jack Luker scored two goals and Kris Raad and Drew Shulman had two assists each in the victory over Dr. Phillips

The top two volleyball teams in Seminole County this past fall, Winter Springs and Orangewood Christian, led the way with a combined 11 selections as 15 local players were mentioned when the Florida Sports Writers Association (FSWA) released its All-State Girls Volleyball Teams recently.

The Bears, which finished as State Runnersup in Class 6A this season, had a first team, second team, third team and two honorable mention picks, but the Rams, the State Runners-up in Class A, did even better with a first team, two second team, a third team and two honorable mention selections.

Gaining Second Team honors were Cara Childers, a senior outside hitter, and Meg Weathersby, a freshman outside hitter, while Meg's older sister, Julie Weathersby, a senior outside hitter, made the Third Team.

Rounding out the Orangewood picks were Honorable Mention members Blair Muller, a sophomore setter, and Sarah Baker, a senior outside hitter.

The final two picks were from coach Kathy Finucan's outstanding squad at Trinity Prep. Senior middle blocker Erin Kirkwood was a Third Team Class 2A pick, while junior outside hitter Carly Plotkin was an Honorable Mention selection.

O'Leary announces completion of UCF Football coaching staff

Special to the Herald

UCF head football coach George O'Leary announced the completion of his coaching staff Tuesday with the hiring of Tim Salem, Lance Thompson and Brian Polian.

"I am happy to say we have fulfilled the coaching staff and we are finally done," stated O'Leary. "I got the people I think that can take UCF where we need to take it. It will be a long journey, but we will fight to get there and do the right things to get there."

Salem, who served last season at Eastern Michigan, will be UCF's offensive coordinator/quarterbacks coach while Thompson comes from national champion LSU, where he served as assistant head coach/tight ends coach/recruiting coordinator. Thompson will be UCF's new defensive coordinator while Polian comes to UCF from a three-year stint at Buffalo as the Bulls' running backs coach/recruiting coordinator. Polian will serve in the same capacity at UCF.

With the final three coaches in place, O'Leary and his staff have more than 150 combined years of coaching on the collegiate

and professional levels. Salem, who served as Eastern Michigan's offensive coordinator in 2003, helped guide EMU's Anthony Sherrell to first team all-MAC status. Sherrell rushed for 1,531 yards to lead the Eagles. Salem also served as Purdue's offensive coordinator from 1991-96 while also serving stints at Ohio State, Colorado State,

Phoenix College and Arizona State. Thompson served at LSU for two seasons, including coaching the defensive line in 2002. In 2003, Thompson was promoted to assistant head coach/recruiting coordinator and also coached the tight ends. Prior to his stint with the Tigers, Thompson served under O'Leary at Georgia Tech for four seasons as a full-time assistant coach.

Polian served for the previous three seasons at Buffalo as the Bulls' running backs coach and recruiting coordinator. During his tenure at UB, Polian recruited and coached the 2002 MAC Freshman of the Year, running back Aaron Leeper. Polian comes from a tradition rich football family. His father Bill is the president and general manager of the Indianapolis Colts while his brother Chris works as the Colts director of pro scouting.

O'Leary also announced two new hires to the strength and conditioning department at UCF. Ed Ellis was named the director of strength and conditioning while Scott Sinclair was named the assistant director of strength and conditioning. Ellis had served as the director of player development at Georgia Tech while Sinclair was his top assistant with the Yellow Jackets.

UCF MEN TAKES SEVENTH STRAIGHT

WITH WIN OVER MERCER After a sluggish start that saw the Golden

Knights score just six points in the first 10 minutes, UCF battled back to take a 60-56 victory over Mercer at UCF Arena Monday evening. The Knights improve to 9-2 overall and 4-0 in the Atlantic Sun, while the Bears fall to 5-8, 2-2 in conference play. The 9-2 start marks the best 11-game record since the Golden Knights began play at the Division I at the start of the 1984-85 season.

Dexter Lyons, who finished with 18 points on three of nine from the field, led the Knights. Lyons converted 11 of 12 from the line, including four-of-four in the final minute and led UCF with seven boards. Roberto Morentin added 17 on six of eight shooting. UCF shot just 37.5 percent from the field, but made 20 of 24 free throws.

Mercer was paced by Delmar Wilson's 13 points and eight rebounds, while Will Emerson added 12 points and five rebounds. UCF held Mercer to 35.2 percent from the field, but the Bears outrebounded the Knights by two, 36-34.

Lyons had a game high 17 points and led three players in double figures as the Golden Knights won their sixth consecutive game defeating Georgia State (6-4, 1-2), 70-60, in Atlantic Sun action at UCF Arena Saturday evening.

Josh Bodden finished with 15 points and came up just two boards shy of posting his second consecutive double-double as he finished the game with eight rebounds.

Gary Johnson also finished the game in double figures netting 10, including three shots from long range. He also finished with a game high six assists. UCF finished the game hitting 49 percent from the floor (26-53) and connected on 10 of 22 (45 percent) shots from long range. UCF made 8-of-14 shots at the charity stripe and outrebounded the Panthers 36-29.

Lamont McIntosh led GSU with 16 points, while Trello Galloway put in 14 to round out the double-digit scorers. The Panthers hit 40 percent (20-50) from the floor and made just five triples in 20 attempts. GSU connected on 15 of 22 attempts at the free throw line.

UCF returns to action Friday, Jan. 9 to take on crosstown rival Stetson. Tipoff is scheduled for 7 p.m. and can be heard live on the UCF ISP Sports Network AM-740 The Team (WQTM) with Marc Daniels providing the play-by play. Daniels will begin with pregame coverage at 6:30 p.m.

BODDEN SHARES A-SUN PLAYER OF THE WEEK HONOR

UCF forward Josh Bodden, who helped lead the Golden Knights to a pair of wins including a key conference victory over Georgia State (1/3), was named as the Atlantic Sun Co-Player-of-the-Week as announced by the league office on Monday. He shares the honor with Steve Drabyn of Belmont, as the Bruins also posted a 2-0 record last week.

Bodden, a native of Dunedin, posted a

career best week to earn his first-ever A-Sun Player-of-the-Week honor. He averaged 19.5 points and 9.0 rebounds, while shooting a stout 75.0 percent (18-24) from the floor over the two-game span. Bodden established a new career high for the second time this season in UCF's win over UT-Martin (12/30).

The 6-9 senior scored 24 points and grabbed 10 boards en route to posting his third career double-double. He also matched a career high with four blocks and notched three assists. Bodden added 15 points on seven of 10 shooting from the floor and pulled down eight boards, while dishing out four assists in the Knights' win over GSU.

UCF WOMEN SINK JACKSONVILLE Junior center Takira Allen poured in 18 points and grabbed seven rebounds as the

UCF women's basketball team (4-6) improved to 3-0 in the Atlantic Sun with a 67-46 victory over Jacksonville at Swisher Gym on Monday

Ali Roberts finished a perfect 5-for-5 from the field with 12 total points and a game-high eight rebounds, while senior Adrienne Billings contributed 10 points. The Dolphins were led by Jackson with 14

points, including five of seven from the foul

On Saturday, Allen and sophomore guard Celeste Hudson from Lyman each scored 16 points as UCF defeated Stetson, 79-55, in Atlantic Sun women's basketball action at the Edmunds Center.

The Hatters fell to 3-6 overall and evened their A-Sun record to 1-1. In addition to Allen and Hudson, Billings contributed 14 points and sophomore forward Shelby Weber added 11. Stetson was led by Kristy Brown, who recorded a double-double with 14 points and game-high 10 rebounds.

The Golden Knights host Georgia State in a rematch of the 2033 Atlantic Sun Championship game tomorrow (Thursday, Jan. 8) at 7 p.m. in UCF Arena.

BELMONT CRUISES PAST STETSON Adam Mark scored a season-high 31 points and added 11 rebounds as Belmont rolled to a 77-58 victory over visiting Stetson in an Atlantic Sun Conference game Monday night at the Curb Event Center. The Bruins (8-3, 3-1) won their fourth game in a row while the Hatters (2-7, 0-3 A-Sun) dropped their seventh straight.

Leading 7-6, the Bruins scored 13 consectuive points as part of a 25-4 run to take command of the game. Mark scored 17 of his points in the first half to help lift Belmont to a 44-17 halftime lead. Stetson would pull no closer than 19 points in the second half despite outscoring Belmont 41-33.

"I chalk this one up to Belmont playing great basketball right now," Stetson head coach Derek Waugh said. "I thought our guys did a great job of getting ready for this game,

Brian Fisk went 3-for-3 from behind the arc and finished with 12 points. Chad Hartman

Winter Springs woman abducted, thrown in trunk

A Winter Springs woman was abducted Wednesday and locked in her own vehicle

The 22-year-old victim tells authorities she was attacked by a man who was hiding inside her car, who forced her into the trunk and then reportedly drove around with her locked inside before leaving the car in a wooded area near Temple Way and Shore Road

in Winter Springs. The woma began around 11 a.m., Jan. 7. She says she went to the Great Clips hair salon at Tuskawilla and Red Bug Lake roads to get a haircut. She says the wait was too long so she went back to her car in the parking lot. She says once she was inside her car, a man hiding in the back seat attacked her and forced her into the trunk. She says she was in the trunk until the early afternoon when a family member called her cellphone. The family member was concerned because she hadn't shown up for work. The victim says when the cellphone rang it awakened her and she told the family member what had happened.

The family member called Winter Springs police and an officer made contact with the victim and instructed her how to get out the trunk. The victim got out, walked to the intersection of Temple Way and Shore Road, and informed police of her location. According to investigators, she suffered cuts and bruises, including visible injuries to her face.

She describes her attacker as a white male, in his late 20's to early 30's, who was wearing a blue, stocking-type cap that fit snugly around his head. She also said he was wearing a heavy, dark-colored, jacket.

Anybody with information about this case is asked to call the Seminole County Sheriff's Office at 407-665-6600, or Crime Line at 1-800-423-TIPS.

Thieves 'smash and grab' for jewels at mall

From Staff Reports

SANFORD - An armed robbery Thursday at Mayor's Jewelry Store at the Seminole Towne Center resulted in the loss of several thousand dollars in jewelry.

The robbery was reported at approximately 11 a.m.

Sanford police said five Hispanic or Caucasian males, wearing dark clothing and ski masks entered the store and broke some of the jewelry cases with a hammer and sledge hammer. The hammers were located on the floor of the store after the five escaped. A witness said the men were speaking to each other in

them apparently had a handgun.

Although the metal roll up gates were down at the entrance to the store, police believe entry was made from the back corridor door, and it is believe that is the same door through which the men made their escape.

A number of police officers and security personnel attempted to track the five men down, but were unsuccessful.

During the investigation, police were informed that a Voyager van was found on the east parking area with the ignition punched and the motor still running. Also, the vehicle's sliding side

Spanish, and that one of door was open. At the time the vehicle was located, no one had reported it as stolen. Several items, possibly used in the robbery were found inside the vehicle. Crime investigators processed the vehicle.

> There was no immediate indication of what was taken in the robbery, but it was revealed that possibly 60 or more Rolex watches were taken.

Charges which will be placed against the perpetrators are expected to be robbery with a firearm, and grand larceny of more than \$100,000.

The robbery continues under investigation by Sanford police.

CITY BATTY FOR NIGHT-FLYING MAMMALS

By Christopher Patton Managing Editor

SANFORD - There's a new attempt to reduce the pesky midge population along Lake Monroe and no it's not a retread of years ago when martin birdhouses lined the lakefront.

For decades, Sanford has been searching for ways to stop the proliferation of the midge, or blind mos-quito, each summer. The small, fragile flies lay its ggs in the lake and then dance throughout downtown Sanford

film on many building exteriors costing businesses lost profits and the city potential development. The city's downfall in the martin bird ploy was the

non-biting midges were out at night while the birds flew by day. Enter Sanford's newest tactic of encouraging bats to Lake Monroe. The Sanford Historic Trust recently donated a \$350 bat house to Sanford and coordinated with the city on the best location for the house.

Last week, city employees installed the bat house behind the Sanford Museum at 520 E. First St. The newest addition to Sanford's lakefront will hopefully mitigate two problems, said Linda Kuhn, president of Sanford Historic Trust. "We noticed this terrible smell all

Iraqi Diary: Rumors regarding Saddam's capture

Editor's note: Staff Sgt. Charlie C. Carlson III, son of Sanford historian Charlie C. Carlson II, is deployed in Baghdad as part of the 549th Military Police Company. He is providing the Herald with a journal of his experiences.

4 Jan. 2004 Remember that plastic mannequin leg we found several weeks back, the one that we had on the back of the humvee until they made us take it off, well, it is now the center piece in the room where my soldiers live. That thing will probably end up back at Fort Stewart as some kind of monument.

Our platoon made some kind of cabbage, pepperoni, and macaroni soup on our fire pit last night and it tasted pretty good. It was cold outside last night and the smell of the wood burning and that his pot of soup reminded me big pot of soup reminded me of the Civil War (Although I

wasn't ever in the Civil War). My canteen cup is now my pen and pencil holder on my makeshift desk, which is made out of four MRE boxes with an electrical fuse box door laid across for the top.

Our Internet

guy, Dana, who ran our computer service, was fired for embezzlement. His father fired him, as his father owns the computer business that furnishes us Internet service.

I forgot to mention in my last e-mail that I in the boxes from the Herald, there was a brand new wallet for me from Mr. Jones of Sanford, and inside was a \$20 bill. So I thank Mr. Jones for that. I put the money to good use. I bought Internet time for my soldiers so they could send

Carlson

some e-mails home. It costs \$4 an hour to use the Internet, but it actually works better than the mail system and is certainly faster.

Remember how I complained about the 130 degree heat? Well now it is shivering cold at night in the ware-

house where we live, I have to sleep under my blanket. Make no mistake, I will take the cold over that desert heat.

We have made our living area better. We now have doors to our areas. I have made two rooms for my place. You come in and close the flap, a poncho liner, behind you and then you have to go through another flap to get into my office and living room. If I stay here long

enough and can put enough flaps of canvas I can turn my area into a four room place. With all the talk about us coming back to Iraq I may as well rent myself an apartment in Baghdad since we aren't allowed to live in the USA anymore as the result of backto-back deployments.

We now have tower duty on tower 5 and 6. The 3rd Platoon is escorting the Regimental Commander around. Tower duty is boring. We do 0700 until 1900 hours and then 2nd Platoon has the duty from 1900 until 0700 hours.

5 Jan. 2004 I heard some stuff about Saddam Hussein's capture. Remember how I wrote a couple of months back about how they thought they had him cornered in the hotel area of Baghdad? We were involved with that hunt.

Airport numbers flat for

But officials optimistic about domestic gains

By Dan Ping Editor

SANFORD - After four consecutive years growth, passenger counts at Orlando International Airport remained flat for 2003.

Airport officials remain upbeat about the facilities growth despite a 1 percent decreased in the number of passengers who traveled through Sanford last year. Combined domestic and international statistics indicate 1.253 million people used the airport in 2003 as compared to 1.263 million passengers in 2002.

"2003 was a challenge for us," said Victor White, vice president of the Sanford Airport Authority. "The first six months of the year

LAKE MARY — Lake Mary police helped bring down a man Thursday suspected of defrauding more than 50 Floridians.

The operation began when Lake Mary officers fielded a call Tuesday from an area bank that suspected a man had deposited a couple fraudulent checks, said Lake Mary police Chief Richard Beary. Southern Community Bank, 175 Timacuan Blvd., Lake Mary, questioned several Ford Motor Credit checks totaling more than \$20,000 that were deposited by a Keith Alan Wright an alias for 39-year-old Rodney Todd Wright. The next morning, the man tried to cash another fraudulent check at the Southern Community Bank branch in Longwood, 2491 W. State Road 434.

"The man was trying to cash a check — testing the waters to see if those others had cleared," Beary said. "We had that
