Governor Warren Takes Mero Case Under Advisement

Odlum Attacks Governor And Accuses Sen. Boyle Of Being Gamblers' Attorney

TALLAHASSEE, Aug. 3.—(AP)—Governor Warren said today after a three-hour hearing there was not enough evidence to suspend Sheriff P. A. Mero and Constable W. A. Lewis of Seminole County for neglecting to enforce the gambling laws.

In a simultaneous statement, he announced appointment of Ferrin Campbell, 27-year-old Crestview lawyer and nominee to the State House of Representatives, as sheriff of Oklawaha county, who was suspended yesterday for failing to stop gambling.

The Governor said he decided after consultation with Attorney General Richard Ervin and Assistant Attorney General Reeves Bowen that "the evidence does not prove that Sheriff Mero and Constable Lewis are guilty of neglect of duty to enforce the gambling laws in Seminole County."

TALLAHASSEE, Aug. 3.—(AP)—Governor Warren said today he will take under advisement charges that Sheriff P. A. Mero of Seminole County failed to enforce gambling laws.

Warren made his statement after a lengthy hearing in which charges were made and denied of open house gambling being conducted in the county.

Immediately after the hearing, the Governor conferred briefly in his private office with Attorney General Richard Ervin, Assistant Attorney General Reeves Bowen and Waldon G. Stary, Administration legal advisor and motor vehicle department attorney.

In addition to Sheriff Mero, Constable W. A. Lewis also had resigned his duty in the enforcement of gambling laws.

State Rep. Bradley Odham, a leading opponent of gambling, told Warren it had been inferred the Mero hearing was called to restrict the Governor's removal of Sheriff Jammy Sullivan of Dade county.

Odlum said J. J. Elliott, Warren's special investigator, told him he was "called off the Sullivan deal, the \$25,000,000 deal to give me help."

He said Elliott told him Warren "needed a sheriff, and needed a sheriff fast."

Warren broke in at this point and said he had not authorized any such statement.

Odlum said the Governor had surrounded himself with people in which the public had no confidence.

The young legislator launched into a rather vague discussion of the Governor's political break with C. V. Griffin, Griffin's statement that he and others had contributed \$154,000 each to Warren's campaign, and Bob O'Brien's Department.

Warren cut him off and asked him to stick to facts concerning the charges against Sheriff Mero.

Odlum said the Governor had surrounded himself with people in which the public had no confidence.

Earlier in the hearing, Odham said State Sen. Lloyd Boyle was attorney for two men charged with operating a gambling house in Seminole County.

Odlum, recently installed president of the State Junior Chamber of Commerce, did not seek to continue to raise the issue.

Punchboards Banned In City Beautiful

ORLANDO, Aug. 3.—(AP)—A crackdown by the State Beverage Department has removed all punchboards from Orlando bars, taverns and eating places holding alcoholic beverage licenses from the department, a survey showed here today.

Department agents have notified the owners that they will face license revocations if they do not get rid of punchboards licensed by the City of Orlando as other devices ruled an nuisance.

The City of Orlando licenses punchboards and receives upwards of \$50,000 a year from sale of the licenses. Attorney General Ervin has ruled that the state law prevents operation of punchboards despite any city's legislative ordinance.

The department's order does not affect places with punchboards where there is no sale of alcoholic beverages.

Officials of the beverage department in Orlando reported that 1,000 punchboards were sold in a few days to get rid of the punchboards and to get other devices through the law.

Russia Boycotts Meeting Of UN's Military Staff

Malik Faces Defeat On The Question Of Seating Red China

LAKE SUCCESS, Aug. 3.—(AP)—Russia faced another diplomatic defeat today on the question of seating Red China in the United Nations and there was speculation this might lead to a new Soviet walkout.

This speculation arose after Russia boycotted a meeting of the U. N.'s big five military staff committee in New York this forenoon.

Some diplomatic circles said this indicated Russia is not yet ready to end her general U. N. walkout-strike and has only returned to the Security Council for a propaganda blast at the West.

Jakob A. Malik returned to the Security Council Tuesday to assume the council presidency under the monthly rotation system. He was defeated 8 to 3 the same day in an effort to rule Nationalist China was holding the Chinese Council seat illegally.

Some diplomats had looked for another walkout after this defeat, but Malik stayed on. Now seven of the Council's 11 members have declared they will reject his proposed agenda, which would give the Chinese representation question precedence over the Korean problem.

The question is that will Malik ignore a decision which would not only put Korea ahead but might sidetrack the China issue indefinitely.

The council convened at 2:15 P. M.

Britain's Sir Gladwyn Jebb, on a point of order, called attention to Malik's statement yesterday that no one in Security Council history had submitted an amendment to the provisional agenda submitted by a council president.

He recalled also Malik's statement that he would be "using the powers of the president."

Jebb then cited the records showing that on Aug. 18, 1948, with Malik's approval, the council had adopted a resolution.

Morals Of Youth Discussed By Dr. Castle At Jaycees

The morals of youth was the subject of an address by Dr. N. W. Castle, the former pastor of the Central Methodist Church of Huntington, W. Va., and for eight years, vice president of the West Virginia Methodist Brotherhood, at the law here today.

Dr. Castle said that he had invested more than \$20,000 in conversion to apartments, improvement and lease of the former Navy administration building at the Municipal Airport.

He pointed out that youth has a right to follow the best of its own cheerful nature and surplus energy, but cautioned against directing that energy in the wrong way.

"Suppose that as a boy you had liked to use energy in throwing rocks by way of having a good time, and by doing so broke a dog's leg," he said. "You may have had a good time, but the dog carried a scar, even though you may have later gotten religion and regretted your deed."

Dr. Castle warned those who are now adult or growing old against directing their energies in the wrong direction.

"Do the things now that you will not regret when you are old," he counseled.

William Stemper, Jaycee president, suggested that the Jaycees back a plan to put the Municipal Administration building into condition for having concerts. He also suggested that a Labor Day celebration be planned, something on the order of the Leesburg Watermelon Festival or the Palatka Azalea Festival.

CITY COMMISSION

The City Commission will meet tonight at 8:00 o'clock in special session to review the resolution passed by the board of directors in regard to the financing of Sanford's waterfront terminal project.

The commission will hear testimony from Sanford's waterfront terminal project, which is being financed by the state and federal governments.

Marines Move Up As Showdown Fight Looms; Pauley Says Russia Is Aggressor In Korea

Truman's Special Ambassador Advocates War Against Russians If Necessary

WASHINGTON, Aug. 3.—(AP)—Erwin W. Pauley, former special ambassador to the President, told senators today that "Soviet Union has been a deliberate aggressor in Korea as far back as May 28, 1950."

Pauley testified before the Senate Armed Services Committee at a special hearing on Korea.

Waiting to take the witness chair was Brig. General W. L. Roberts, former head of the U. S. Military Mission in Korea.

Chairman Tydings (D-Md.), in announcing the hearing yesterday, had refused to say who the witnesses would be but declared "important" testimony on Korea would be received.

Senators Bridges (R-NH) and Knowland (R-Calif.), who had witnesses' names until just before the hearing, told reporters that Pauley was Tydings' "mystery man."

Pauley, a California oil man, headed a U. S. Reparations Mission after the close of World War Two. In that capacity, he visited Korea to learn what assets the Japanese had there. His visit was in May, 1946.

When Pauley took the stand Tydings said that he had been asked by the White House and the Pentagon to arrange for Pauley's testimony.

However, in answer to a question by Senator Lyndon Johnson (D-Tex.), Pauley said that his statement reflected only his own views and had not been submitted to any department in advance.

Tydings' advance air of mystery about the hearing led to all manner of speculation as to what was in prospect. There were even rumors that General Douglas MacArthur was being named.

Pauley had a lengthy prepared statement.

Three days ago Jacob Malik, the Soviet representative who is current president of the Security Council of the United Nations, charged that the United States was aggressor in Korea, Pauley began.

"The harsh truth is that the Soviet Union has been a deliberate aggressor," he said.

He added that he would "document this with facts as I go along."

Last week, Pauley called on President Truman. He told White House reporters that he was in Washington to discuss industrial locations in North Korea with defense department officials.

Pauley also said he had advised Mr. Truman in 1946 that the Russians might seek to force Communism on all of Korea.

He said that he had recommended letters and recommendations he had made to President Truman in 1946 indicating his belief that the Communists were "a serious threat."

Neck Broken On Dive Into Shallow Water

John Phillips Walls of Largo, Fla., died Monday night of injuries received when he dived from a spring board into shallow water at Lake Dixon, Ocala. The water of the lake is unusually low, and several bathers apparently did not realize that the water around the diving board was not at its usual depth.

When Walls did not come up after diving, Bobby Hill and Bryan Nettles went in and brought him to shore. Hill attempted to revive him by means of artificial respiration, and an ambulance was called from Sanford. Hospital authorities pronounced Walls dead of a broken neck upon the arrival of the ambulance at the hospital.

Walls had been spending his vacation with his grandmother, Mrs. Nellie Hill. He was the son of Mr. and Mrs. Lovell Walls of Largo and had one brother who is in the Air Force overseas.

This was the first death reported at Dixon Lake in over twenty years.

BOY CONFINED

NEW YORK, Aug. 3.—(AP)—A 14-year-old boy accused of firing the shot that killed a baseball spectator at the Polo Grounds was sent to the New York State Training School for boys at Warwick, N. Y., today.

With hands raised, delegates to the United Nations Security Council at Lake Success, N. Y., vote down the proposal of the new Malik's proposal was defeated 8 to 3 after it had been challenged by U. S. delegate Warren Austin.

Automatic Wage, Price Controls Voted By House

Ceilings Authorized At 5 Percent Over June 15 Price Level

WASHINGTON, Aug. 3.—(AP)—Early action on setting up a national disaster radio network, to meet any emergency, was announced today by the Federal Communications Commission.

The plan was informally discussed with industry and armed services representatives here on early June. At that time, the matter was projected as something for the future, but today's announcement asserted: "The subsequent passage of recent world events makes the early establishment of such a service both highly desirable and necessary."

The House voted tentatively today to put wage and price controls into effect automatically whenever the Labor Department cost of living index advances five percent above what it was on June 15.

Administration forces opposed only taken opposition as the House adopted by voice vote the cost-of-living amendment offered by Rep. McKinnon (D-Calif.). It could be amended to read:

Hill Urges Name Of Stonewall Jackson Be Put In Hall Of Fame

By WILBUR JENNINGS
AP Special Washington Service

WASHINGTON, Aug. 3.—(AP)—Senator Hill (D-Ma.) today announced his support of a movement by the United Daughters of the Confederacy to have the name of General Stonewall Jackson inscribed in New York University's Hall of Fame for great Americans.

In a letter to the board of electors of the Hall of Fame Hill said:

"Jackson was a great American who upheld with his very life the convictions of his conscience and his deep-rooted loyalty to his people. The world has recognized his military genius."

"Although his career in the Confederate Army lasted only 36 months, Jackson is always ranked by military critics among the first half dozen American soldiers. His military brilliance is demonstrated by his remarkable rise from the rank of major to major general within seven months."

Hill wrote that Jackson's Shenandoah Valley Campaign of 1862 has been described as the most remarkable display of strategic science in all American military history.

"His drive to the outskirts of Washington and retirement to the mountains of the Shenandoah Valley, the rapid disposition of troops in the face of a greatly superior force, and his brilliant military genius. He is indeed deserving of an everlasting pedestal in the Hall of Fame."

Fiery Crosses Burn In Nashville, Tenn.

NASHVILLE, Tenn., Aug. 3.—(AP)—Three fiery crosses flamed here last night beneath one of them was a sign which read: "If this nation is to survive, Communism must die."

It was signed, "Federated Ku Klux Klan, Inc."

Burning of the crosses followed distribution of leaflets headed, "Wake Up America," and adding, "Ku Klux Klan rides again. Communism will not be tolerated."

They added: "The Ku Klux Klan is fighting to preserve white supremacy; to protect our white womanhood; to uphold the kind of democracy given us by our forefathers. The Ku Klux Klan is fighting Communism and all other isms except Americanism."

Tank-Led American Battalion Drives 22 Miles Behind Enemy

AN ADVANCED U. S. COMMAND POST, KOREA, Aug. 3.—(AP)—This is the amazing story of a U. S. battalion that fought its way behind the enemy lines, battled again and saved a regimental command post from destruction in a savage struggle last morning.

There hasn't been anything quite like this daring adventure in all the Korean war. The officers called it "a reconnaissance in force" and it proved for the high command.

The enemy dropped leaflets behind the American lines near Munsu, and the morning's fighting was on in their honor. The leaflets said the Red forces were preparing to attack in great numbers.

Nehru Insists War In Korea Be Contained

NEW DELHI, India, Aug. 3.—(AP)—Prime Minister Nehru declared today that the war in Korea should be contained and no other question should be tied up with the Korean issue.

In a statement to parliament opening debate on the Korean issue, which is also now before the United Nations-Nehru reiterated that Communist China should be admitted to the U. N.

But he said that enlargement of the Korean issue to include such items as Formosa and Indo-China appeared "not only to be right, but also to have dangerous consequences" for world peace.

Infantry Battalion With Five Tanks Penetrates Enemy Lines For 22 Miles

TOKYO, Friday, Aug. 4.—(AP)—Allied troops, for the first time approaching but still inferior to the 10 division strength of the Red invaders, rolled forward for the showdown fight for South Korea today with big Pershing tanks.

Elements of two fresh American divisions—the first Marines and Army's Second Infantry—joined three other American and five South Korean divisions along the slinking front.

Frontline predictions were the Marines and Second Infantry troops would be in battle by nightfall.

The times stretched from the general south coast area of Chinju northward along the winding banks of the Nakdong river. The allied troops had quietly withdrawn from former positions as much as 18 miles over a three day period.

A field dispatch early today said the U. S. First Cavalry Division had completed its orderly withdrawal to the east bank of the Nakdong in the Wagon area, 12 air miles northwest of Taegu. The bridge near Wagon was blown after the last Americans crossed.

A driving U. S. 24th Infantry Battalion, on a reconnaissance sweep with five tanks, penetrated 22 miles behind the Communist lines near Chinju Thursday.

It discovered a big enemy build up for the battle for the plains leading to Pusan, the jammed U. S. port 40 miles east of the front. The task force then fought its way out of the enemy lines, with (Continued on Page Five)

Peterson Tells Of Organization Of Defense Group

Kiwianians Hear Him Say America Faced With Darkest Days

An outline of the setup and need for the new Seminole County Defense Council, was given to Kiwanians yesterday by A. B. Peterson, director of the defense council, and H. James Gut, former mayor.

Mr. Peterson was introduced by O. P. Herndon, who carried out the orders of Col. R. G. Howe in mounting the new organization.

Miss Nancy White, who is providing clerical help for the council, was also introduced.

"In my opinion," said Mr. Herndon in his introduction "the American people are living the darkest days in their history."

He stated that the defense council, and of protecting light plants, bridges and other facilities from sabotage, and warned, "It can happen here."

Mr. Peterson, Mr. Ingley and Mr. Gut all expressed full agreement with the statements of Mr. Herndon.

J. L. Ingley expressed appreciation for the "great job" done by Mr. Peterson as co-ordinator for (Continued on Page Five)

Dan Kelgan, 55, who was arrested on a charge of murder in the shooting, was held in custody at the Court House.

Underwood Building Is Being Demolished

Work is nearly completed on the tearing down of the Underwood Building on Oak Avenue. Formerly used by Chase and Company for storage purposes and to house its chemical laboratory, the building was abandoned several years ago when the brick front collapsed. This portion was but temporarily repaired.

The building, which was about 42 years old, was at one time a buggy and carriage shop. The Kils and other fraternal organizations have occupied the upper floor.

W. A. Laffler, manager of Chase and Co., announced that the Chase warehouse on the lakefront is also being torn down, as it has deteriorated and is no longer needed. The warehouse was built in 1923 by the company, and was used for the landing and storage of fertilizer and other supplies brought here by water from Jacksonville.

Giants Drop 2 To Daytona, Meet Palatka Here Tonight

Giants Had Bad Nite At Bat And Field Making 11 Errors; Ladies Nite Tonight

The Sanford Giants went down in defeat twice last night as the Daytona Beach Islanders took both ends of the twin bill by scores of 7-0 and 11-4.

The Giants couldn't seem to get rolling. They were held hitless by islander pitcher Wally Gaddis after the first inning. Fred Chadderton collected the only Giant hit in the first game when he led off in the first inning with a single.

Right-hander Carl Thies started on the hill for the Giants but was relieved in the sixth by Stevens who held the Islanders to 2 hits and 1 run for the remainder of the game.

The Giants also suffered a bad night at the plate, committing 11 errors in the two games.

In the second game the Islanders got off to a big start collecting 2 runs in the first inning to coast to an easy victory.

The Islanders appeared to be in trouble twice in the second game when pitchers Koenen and Glessner walked the bases full in the 8th and 7th innings but got out light when the Giants went down in order in the sixth with the bases loaded after pushing across two runs.

In the seventh Glessner was relieved by Pitula after walking in a run. With one away and the bases loaded Pitula retired the Giants on two pitches. Jackson flied to second and Bailey grounded out.

The Giants are scheduled to meet the Palatka Aztecs at Municipal Hall Park tonight at 8:15 P. M. in a Ladies' night game. All ladies are to be admitted upon the payment of tax only.

FIFTY OR BETTER? - - - By Alan Mayer

RALPH KINER, PITTSBURGH'S SLUGGING OUTFIELDER, CONTINUES TO PUT BASEBALLS AND CUSTOMERS IN THE STANDS AT A RATE UNMATCHED BY ANY PLAYER IN PIRATE HISTORY.

RALPH WHO'S FIRST PLAYER EVER TO WIN OR TIE FOR HOMER CROWN IN EACH OF HIS FIRST 4 SEASONS, HAS A GOOD START THIS YEAR TOWARD BECOMING 2ND PLAYER IN HISTORY TO HIT 50 OR MORE SLUGGERS IN A SEASON!

George Fultz in the ninth. Monty Barrow and Spike Fernandez each had three hits in the 12-blow assault for the winners. Gainesville could pick the three hits but for six singles. Two by former DeLand Red Roberts.

Frank And Louise Slated To Run At Volusia Dogtrack

DAYTONA BEACH, Aug. 3.—(Special)—Frank Gosselin and his sister, Louise Elaine, offering of Sally Gosselin, a local star in '48 highlight a "holier" of greyhound news stated by Racing Secretary Merrill Watts to go to the post in tonight's feature ninth race at the Volusia County dog track. Latecomers to the local oval, Frank and Louise have had two and starts respectively and have never yet run out of the money. Already Frank has chalked up two feature wins, while Louise has taken one feature and added to it a tenth race victory.

This brother-sister team will really have to step on the gas tonight if they expect to attain a one-two victory, for galloping against them will be Jeff, Off-Track, Malabar, Cavendish, Hot, Hot, (Hound and Phylak). After a brief slump Mrs. G.Z. Ferrell's Jeff Jet is said to be run in to go again.

After landing in the money four consecutive times, Jeff, Jet had to be content with a fifth and fourth spot in two recent performances.

Tuesday night she climbed back in the money track, finishing third and fourth in the feature race. Her familiar position at the head of the pack, this plucky little 55-pounder in a veritable living machine as her record demonstrates. One of her six victories this summer was attained in 31.3 seconds over the 5/16th mile route. For the other five she circled the track in 31.4 seconds.

All-American High School Grid Game Slated For Aug. 9

MEMPHIS, Tenn., Aug. 3.—(AP)—Triple threat backs, pile driving linemen and glue fingered ends are a dime a dozen around here. And many a college coach would like at least 11 of same.

Forty-six outstanding prep football players from 32 states are practicing daily for the second annual "All-American" high school football game here Aug. 9.

It will be a battle of the "East" against the single wing. The "East" squad is directed by Harold (Red) Drew, head coach at the University of Alabama. Drew is an exponent of the "T" or "West" team is coached by Bill Walls, single wing mentor at Corpus Christi University.

Both coaches could field, without second thought, a secondary averaging close to 100 and a line at about 220. Just to name a few of the players for the "West" there are: Don Olicott of Cheyenne, Wyo., end, 6-3, 180; Larry Ash of Colorado Springs, Colo., end, 6-1, 185; and James Duncan of Marshall, Texas, tackle, 6-4 1/2, 235.

The 23-man "East" team has stalwarts such as Bill Stallings of Baltimore, Md., guard, 6-0, 190; Merrill Mayfield of Lowell, Mass., end, 6-1, 195; Jerry Jones of Lexington, Ky., back, 6-2, 192; Jack Ouk of California, Pa., back, 6-1, 199; John Latimer of Chicago, back, 6-1, 187; Richard Casares of Tampa, Fla., back, 6-2, 216; and Charles King of Paris, Tenn., back, 6-2, 190.

Gainesville Club Draws Fine Of \$250

GAINESVILLE, Aug. 3.—(AP)—Ginn manager Charlie Brewster has been fined for three days and the Gainesville club fined \$250 by Florida State League President Earl Bussey.

In an after-game notice, Monday night, Gainesville manager Brewster and first baseman Bruce Cooper were ejected from the game by last.

The G's had the game 10-9 in 11 innings. It was during the twelfth-inning argument that Brewster and Cooper were ejected from the game by last.

Bussey, in assessing the penalties, pointed out the seriousness of the incident with the comment, "Such things cannot be tolerated."

New Orleans' Chance At Pennant Is Reported All But Vanished

The pennant hopes of the New Orleans Pelicans are all but gone but their chances for a first division finish and a shot at the Southern Association Shaugnessy playoff crown look better every game.

New Orleans has won seven straight and turned a light tapping on the gate of the first division into an incessant battering. The Pelicans are now the Southern's hottest team and beginning tonight they will be playing the Southern's second hottest.

For the next three nights New Orleans will be in Memphis with three fine chances of whitening into the five game margin which separates the Pelicans from the fourth place Chiefs.

New Orleans' 6-4 defeat of the third ranking Nashville Vols last night proved what previously was mild suspicion—Palatka pitching completely revived and hitting was picking up.

In the seven-game victory string New Orleans gave up only 46 hits and got 60. The streak includes a four-hitter by Bill Kennedy, two five-hitters by Harry Fisher, another five-hitter by Bob Pudney, a six-hitter, a 10-hitter and a 11-hitter. The Pelicans averaged less than seven hits per game in winning the first four in the string but increased their average to 11 in the final five victories.

Fisher's second five-hitter stopped the Vols last night while New Orleans got 12-three by Fisher. New Orleans took the lead in the sixth when doubles by Johnny Morgan and Al Granwalk, a passed ball, wild pitch and a Vol error.

Memphis was whipped badly by Birmingham 10-1 but the defeat still left the Chiefs with a four five-victory-two-defeat record since Thursday. The loss dropped Memphis 10 and a half games back of first place Atlanta and six games back of second Birmingham since both the Crackers and Barons won. Atlanta defeated Little Rock for the third straight

House Votes 112 To 46 To Jail Hoarders

Mandatory Wage And Price Control Bill Junked At Plea Of President Truman

WASHINGTON, Aug. 4.—(AP)—A House group has approved a proposal to give the "Voice of America" money to try to buy its way through the Iron Curtain. Members of an Appropriations Subcommittee said today they had taken such action after hearing Secretary of State Acheson's charge that the truth is the best ammunition this country has to counter Russia's major propaganda weapon. "The lie repeated again and again," Acheson's testimony—in support of President Truman's request for \$82,500,000 more for the State Department's "Sell America Abroad" program—was made public today by the subcommittee.

WASHINGTON, Aug. 4.—(AP)—President Truman asked Congress today for an extra \$950,000,000 for naval plane construction and procurement. In a message to House Speaker Sam Rayburn, Mr. Truman said the funds are to be in addition to the \$19,500,000,000 emergency defense appropriation requested last month after outbreak of fighting in Korea.

WASHINGTON, Aug. 4.—(AP)—The House today junked its mandatory wage and price curb bill and started over on the job of writing an economic control measure. Beginning with the limited controls President Truman has asked, the House added an anti-hoarding provision as its first step in trying to put together a new and broader bill. Approved 112 to 46, this would make hoarders subject to a year in prison and a \$10,000 fine.

The mandatory wage-price bill providing for penalties to go on automatically if living costs rise 5 (Continued on Page Eight)

Reece Leads In GOP Primary Comeback For House Seat

NASHVILLE, Tenn., Aug. 4.—(AP)—Waging a comeback fight, Carroll Reece held the lead today in his bid for his old job as representative in Congress from Tennessee's first district. With the count in from all except 27 of the district's 295 precincts, Reece had 29,496 votes to 27,969 for incumbent Dayton Phillips in yesterday's GOP primary. An east Tennessee bank-industrialist-publisher, represented the first district for 21 years before stepping down in 1947 to take over his party's chairmanship. In the Second District—which like the first is heavily Republican—Reece trailed behind Howard H. Baker, a Reece-favored candidate. The vote from 25 of 277 precincts gave Baker 23,765 to 11,309 for Jennings.

City Commission Okeys Resolution

The City Commission last night approved the resolution completed and submitted recently by attorneys in regard to issuing bonds for the water front terminal project. The City, however, cannot formally adopt the resolution until the Reconstruction Finance Corporation gives it full approval, and this approval is expected in the near future, said City Manager C. F. McKibbin this morning. City Attorney A. Edwin Shindler compared the recent bond resolution with that of the first draft.

DAMAGE SUIT

Weather injuries resulted in an inter-fraternity fight on the University of Florida campus was an "assault" or a schoolboy "prank" being argued in circuit court here today. William Hallman, a member of the Kappa Alpha Fraternity, is claiming \$5,000 damages from Harold L. Schering, Jr., a member of the Sigma Alpha Epsilon Fraternity and the son of State Supreme Court Justice H. L. Schering Sr. Hallman claims he was assaulted and severely beaten during an early morning fracas on Oct. 31, 1942 while he and other members of his fraternity were on a rafting party which set out to paint the SAE flag, a statue which adorns the SAE lawn.

Tampa Educator Urges Americans Learn To Shoot

Dr. E. C. Nance Says Russia Knows Only Law Of The Jungle

TAMPA, Aug. 4.—(AP)—Dr. Edward C. Nance, president of the University of Tampa, advocates Americans learning all there is to know about how to kill because of the present crisis. "We should have total preparedness," based on the law of the jungle, because that is the only way Russia and her satellites know how to live.

Dr. Nance, who has served in several Christian Church pastorates, and if I were minister, after leading my congregation in prayer services, I would invite them to the rifle range for practice in the arms. Dr. Nance said if he were to offer advice to all organizations, including the church which are interested in peace it would be to "launch a campaign of instruction in the use of five arms: civil defense, guerrilla warfare, a rifle, every man, woman and child in the United States."

He added that he would tell his congregation "their prayers have not availed for peace because they have not often tolerated stupid leaders in both religious and international affairs."

Sportsmen's Group Seeks 500 Members

Plans for a membership goal of 500 were made Wednesday night by directors of the Seminole Sportsman Association at a meeting at the Tourist Center with Porter Leasing presiding. The next regular meeting of the association was scheduled for Aug. 21, and on the last Thursday of each month thereafter. Among the directors present were Forrest Gatchel, Mr. Lanier Charles D. Forrester, R. L. Johnson, Denver Correll, John Melosh, George Moffit, E. J. Moughton, Jr., and George A. Speer, Jr.

CITY PERMIT

Okie Weeks and Miss Annie Weeks have obtained a City permit to erect a one-story five-room frame dwelling at Eighth Street and Laurel Avenue at an estimated cost of \$7,000. E. B. Anderson is contractor. A permit has been issued to R. L. Wallace to build a seven-room, concrete block home on Princeton Avenue near Twenty-fifth Street. The estimated cost is \$6,000.

Soviet Asks U.S. Troops To Leave Korea

Malik Also Demands North Koreans Be Heard By Security Council Members

LAKE SUCCESS, Aug. 4.—(AP)—Russia today demanded the immediate withdrawal of United States and all other foreign troops from Korea as part of a two-point Soviet "peace" proposal. It asked the Security Council to hear both the North and South Koreans and threatened to exercise its veto power unless the Council hears the North Koreans.

A Soviet resolution was laid before the 11-nation Security Council by Jakob A. Malik as a counter to a United States proposal designed to prevent the spread of the fighting to other areas. "The issue," Malik said, "is whether the Security Council will adopt a decision for peace or for war."

The brief Soviet resolution provided for: 1. Immediate cessation of hostilities in Korea and withdrawal of all foreign troops. 2. Inviting representatives of both China and the Korean people to take part in U. N. peace negotiations. Malik made it clear he would veto the U. S. proposal by pointing out that he regarded the issue as a matter of substance. This means it can be killed if anyone of the five big powers vote against it.

Malik told the Council it should invite "both parties participating in these hostilities"—that is, both the North and South Koreans. The Soviet Union will insist, he said, that the North Koreans be invited before the Council. He asserted: "The United States resolution directed against the authorities of North Korea. Our idea is that it would be unfair and intolerable, if the Security Council desires to be an international body for the settlement of international disputes, for the consolidation of peace—it would be intolerable to refuse to hear the party against which charges are being leveled."

Bond Of \$2,500 Is Set For Keigan In Slaying Of Carter

Bond of \$2,500 was set this morning by Judge Douglas Stenstrom for Dan Keigan, 50, and he was ordered held for action by the Circuit Court following a hearing conducted by Assistant State Attorney Hubert Griggs into the circumstances of the fatal shooting of Walter Carter, father of five children, near Altamonte Springs on July 23. John Looney represented the defendant, who was arrested soon after the shooting and who has since been held in County Jail pending the hearing.

One of the principal witnesses at the hearing was Elliot C. Buchanan, who in scarcely audible tones, told of having visited the Carter place, and of hearing a shot immediately behind his automobile as he sought to fill the radiator with water. With his family waiting in the automobile, Buchag walked around it to where Keigan and Carter had been talking and found both lying on the ground, with the wounded man on top of Keigan. The latter, he said, was intoxicated.

Deputy Sheriff Charles Beck and Constable W. A. Lewis testified that he found Mr. Carter lying dead in the drive about 250 yards from the house, a bullet through the right lung, and said that death must have been due to hemorrhage. Deputy Beck stated that Keigan, attempted to get away in his automobile, but it had stalled, and said that when the officers attempted to arrest him and leave away his revolver, he put up a fight and was subdued with difficulty. Other witnesses called to the stand included Wallace Carter, Ethel Mae Buchan, Samuel A. Carver, H. A. Perker, Constable H. O. Swoford, Gordon Brinson, and Steve Hascio.

Korean Commies Bring Up Reserves As U.S. Stiffens Against Attack

Reservists To Be Called Out In September

62,000 Individual Reservists To Get 21 Months Of Duty

WASHINGTON, Aug. 4.—(AP)—The Army announced today it will call out 62,000 individual reservists during September and October, "with or without their consent," for 21 months of duty. They will come from a pool of about 185,000 enlisted male reservists who are not members of the organized Reserve Corps units. They will be used primarily to bring the National Guard and organized Reserve units to full strength.

The group to be called out consists only of enlisted men, out of officers. The first 32,000 will be in camp by Sept. 15, the remainder by the middle of October, the Army's announcement said. About 115,000 reservists who are in units, and whose units have not yet been called out, are exempt from the September-October call. Evidently it is planned to call them out as units.

Most of the enlisted Reservists are veterans of World War II. The Army said that those members serving reserve enlistments for three to six years under the terms of the Selective Service Act of 1948 will be subject to call on the same basis as all other reservists. This group, which is part of the 185,000-man pool, includes men who served on active duty for less than three years after the war and then reverted to reserve status.

The Reservists will come from all parts of the nation. Quotas for Army areas, which are about in proportion to the total strength of the enlisted Reserve Corps in those areas, are as follows: Maine (New York, Maine, Vermont, New Hampshire, Massachusetts, Connecticut, Rhode Island, New Jersey) 9,410. Second Army (Maryland, Pennsylvania, Ohio, Virginia, Delaware, Kentucky) 13,012. Third Army (Georgia, Tennessee, North Carolina, South Carolina, Alabama, Mississippi, Florida) 6,487. Fourth Army (Texas, Arkansas, Oklahoma, New Mexico) 6,230. Fifth Army (Illinois, Indiana, Iowa, Wisconsin, Missouri, Louisiana, Minnesota, North Dakota, South Dakota, Nebraska, Kansas, Colorado, Wyoming) 18,406. Sixth Army (California, Montana) 10,463.

Knowland Says South Koreans Asked Arms Aid

Roberts Claims U. S. Refused Aid Asked By Korean Republic

WASHINGTON, Aug. 4.—(AP)—Senator Knowland (R-Calif.) disclosed today that he brought a special personal appeal from the president of South Korea to Washington officials for additional arms and defense equipment seven months before the North Korean communists invaded in June. Knowland made the disclosure in a report after Brig. General William L. Roberts, former head of the U. S. Military Mission to Korea, had given a lengthy secret testimony on the Korean situation. Senator and Roberts testified that:

1. Washington abruptly refused numerous requests for additional tanks, planes, and heavy guns to the South Koreans. 2. North Koreans evacuated all civilians from a strip 10 miles wide above the 38th parallel before the invasion started. 3. Roberts had no assigned military intelligence officers among his mission of 300, including 300 officers and 200 men. 4. Some prisoners believed South Koreans might attack North Korea if provided with tanks, planes and heavy equipment.

In an apparent effort to dispute reports of an invasion threat by South Koreans and to confirm reports of a lack of U. S. aid, Knowland pulled from his pocket notes he made Nov. 19, 1949 while talking with President Syngman Rhee of the Republic of South Korea. Knowland was in Korea on a general inspection of the Pacific area and defer a bases as a member of the Senate Armed Services and Appropriations Committees. The Senator said his notes should be read with the South Korean leader at Rhee's request. He said they "assured me that there would be no aggression on the part of his government but they did not need weapons to defend their freedom."

Reading from his seven-month-old notes, Knowland continued: "I have an army of 100,000 but did need arms. If Chinese War terminates it is believed that several well-armed divisions of Communist troops will be sent into North Korea. "I do not think the Soviet government will risk an aggressive war until Far Eastern flank is secure. The Senator explained that last project that more will follow."

Commission Approves Recreational Program With Mrs. Gingles As Head

Three major recreational activities for children and adults beginning Monday, Aug. 7 and continuing to Sept. 10, with Mrs. P. A. Gingles as director, were approved last night by the City Commission. The sum of \$175 was appropriated for the program. In co-operation with the local water safety committee of the American Red Cross a beginners class in swimming will be started at 9:30 o'clock Monday at the Municipal Pool. Mrs. Gingles, who will personally instruct the beginners, has served during the past summer as City recreation director, and is president of the Business and Professional Women's Club. (She announces) today that children of 1/2 or over will receive swimming instruction from 9:30 to 10:30 o'clock, and adults from 10:30 to 12:30. This group will be continued through Aug. 12. Individual lessons will be given every morning, Aug. 14 through Sept. 10. A Junior Tennis Tournament,

U. S. Trading Space For Time

COMMUNIST ARMIES, throwing "caution to the winds," attacked "without statement" across a forty-five mile battlefield stretching northward from Masan (1) on the western perimeter of the shrinking American beachhead. Although reinforced U. S. units counter-attacked around Masan, elsewhere on the central and northern lines brigaded Korean and American defenders fell back to prepared positions. (Central Press)

Korean Communists Reported Using South Korean Recruits

WITH U. S. TROOPS IN KOREA.—(AP)—Leaves from a war reporter's notebook. Some prisoners of war report that the Red Army is beginning to use South Korean recruits to replace casualties in heavy fighting. "These people (North Koreans) have been damn well trained," said Lt. Col. James W. Rice of Wilkes-Barre, Pa. "If they now have to start using recruits from the South, that's a good sign for us."

U.S. Fighters Land On Formosa To Ward Off Reds

Formosan Airfields Strengthened To Meet Red Attack. TAIPEI, Formosa, Aug. 4.—(AP)—Six U. S. jets roared down to a landing on Formosa today. They are the first American air units assigned to the invasion-threatened Nationalist capital island. With them came a group of reports from General MacArthur's Tokyo headquarters to survey Formosa's defenses and military needs. Brig. General Almon P. Fox, deputy chief of staff of the Far East command, headed the survey party. General MacArthur has promised to prevent a Communist invasion of Formosa. Arrival of the jets—and the (Continued on Page Four)

Almost \$1 Million Worth Of Building

Although July was a relatively inactive month in the building line in Sanford, permits for the first seven months of the year are approaching the million dollar mark—the total being \$917,574, John Gillon, building inspector, announced today. This figure is nearing the record breaking total of last year of \$1,183,259 in building permits. To date, permits have been issued for 106 new homes, costing \$636,950. Permits for the past month included the construction of two two-family homes, and with permits for repairs totaled \$31,549 in estimated value. In July, 1949, the figure was \$50,369, and during that month also, but two homes were built.

Over 600 Enemy Dead Are Counted After Counter-Attack 8 Miles From Masan

TOKYO, Saturday, Aug. 5.—(AP)—North Korean invaders, checked by a sharp American counter-attack at the southwest corner of the South Korean front, were reported bringing up two new divisions today for their determined push on Pusan, the all-important port 35 miles to the east. The Americans, newly reinforced by elements of the First Marine and Second Infantry Divisions, confronted continuing heavy pressure in their struggle to maintain their narrowing foothold in Korea. General MacArthur's headquarters summary, issued at 12:10 A. M. today (9:10 A. M. Friday, EST), played the fighting scene along an arc running from 20 miles southeast to 11 miles east to 15 miles northeast of Chinju. It said in that area alone 600 enemy dead had been estimated after the hot battle of Thursday. Front-line field dispatches, covering later information, placed the score of the American counter-attack eight miles west of Masan. That would be 20 miles east of Chinju and 35 air miles from Pusan.

It was there, reported AP correspondent Don Whitehead, that the 600 enemy dead were counted after the 27th Regimental Combat Team of the U. S. 25th Infantry Division met a North Korean advance head-on and hurled it back in a wild four-hour battle. MacArthur's summary said "the fighting continues" along that front. It said the undamaged Red Army were maintaining steady pressure and possibly shifting two more divisions from other sectors to that key position. They had not, however, been able thus far to break through. In the Yongdok vicinity, on the east coast at the extreme other end of the 125 mile defense line, MacArthur's press report said heavy enemy artillery and mortar fire were being directed at the square-crowned east-west and north-south lines. The North Koreans were reported "disengaged." It was along the relatively quiet central sector that the Americans were dug in behind the Nakdong River. Officers freely described it as the best defense line they had yet found and at which they intended to stand. The vital point—key at present (Continued on Page Three)

Search Warrants Are Not Needed By Beverage Agents

TALLAHASSEE, Aug. 4.—(AP)—Search warrants to stage gambling raids on liquor dealers' establishments, Attorney General Richard Ervin ruled today. Answering questions from Duval County Solicitor Wayne E. Ripley, Ervin said beverage agents also have the right to break open either outside or inside doors to a gambling room constituting a part of the licensed premises where they are refused admittance to such room after notice of their authority and authority. Ripley's request for an opinion was the result of the Beverage Department's July 31 raid on the Havana Nite Club in Jacksonville. The Beverage Department said there were 76 whites and Negroes in the club when it was raided and evidence of lottery operations was discovered. The Attorney General added "in my opinion the licensed premises (Continued on Page Four)

Civil Air Patrol Studies Radio Code

Members of the Civil Air Patrol received instruction in radio code last night from C. E. Dawson, and following a short business meeting the men were given a short instructional talk by Lieut. Francis Roumillat on what makes an officer, and what is expected of him from his fellow officers and men. The date of the dance at the San Orlo Club was changed and was set for Wednesday, Aug. 16. The C.A.P. radio network reported last night that the summer encampment for C.A.P. cadets had been called off at MacDill Field several cadets from the Sanford squadron, however, intend to attend the encampment at Warner Robins Field, Macon, Ga., and will receive their instructions some time this week.

RED CROSS

The Seminole County Chapter, American Red Cross, decided at its meeting Tuesday at the Tourist Center to appeal to the people of Seminole County for donations of usable clothing which can be used for disaster cases such as fires. The Red Cross will pick up any such clothing if the donors will telephone the headquarters and give their addresses, said Clyde C. Kerce, Chapter secretary.
