3,500 Rotarians From All Parts Of World Attend 39th Convention

RIO DE JANEIRO, Brazil, May 17—(Special)—With an attendance of more than 3,500 Rotarians and members of their families from Europe, Asia, Africa, the Islands of the Pacific, and South and Central America, the 39th annual convention of Rotary International convened here yesterday.
Two chartered steamships and many special airplane flights brought new convention attendees to Rio from the U. S. A. in what was perhaps the greatest mass civilian movement ever made from North America to Brazil.
In opening the convention program at the huge Fluminense football stadium, his Excellency General Eurico Gaspar Dutra, president of the United States of Brazil, paid tribute to the world-wide activities of rotary clubs in promoting international understanding, good will and peace. Highlight of the evening's entertainment program was a concert by the symphony orchestra of the Federal District Municipal Theatre, conducted by Augusto Signone, and a colorful pageant of the history of Brazil.
Keynote of this five day gathering of business and professional executives representing 6,500 Rotary Clubs in 80 countries, is the internationality of the Rotary organization and its program of service by the individual Rotarian to his local community, his nation, and to the family of nations.
Presiding over the convention is the President of Rotary International, S. Kendrick Guernsey of Jacksonville, Florida, U. S. A., who has recently made an extended tour of Rotary Clubs in Australia, New Zealand, China, and Great Britain.
The Rotary convention program includes addresses and discussion forums keyed to the current international situation, the enactment of legislation and the election of international officers.
Among the outstanding speakers scheduled to address the convention, in addition to the President of Brazil who spoke this evening, are Dr. Oswaldo Aranha, former Foreign Minister of Brazil who recently was president of the General Assembly of the United Nations; the Honorable Lewis R. Macgregor, Australian Minister to Brazil; and General Angelo Mendes de Moraes, Mayor of Rio de Janeiro.
Principal convention addresses also will be delivered by Rotarians from Australia, Brazil, England, Norway, Peru, Portugal and the U. S. A.
Included in the colorful entertainment program which the Brazilians have arranged for their Rotary guests from the four corners of the world are a spectacular

Principal Aim Of Education Is To Teach Peace, Unity

By HELEN G. HINES
Written Exclusively for AP Newsfeatures
No one denies that the principal aim of education should be to teach people to live together in peace and harmony. The problem is how and when to do this. There are three great institutions available for teaching our youth—home, school, and church—and if each functioned properly and conditions were ideal the results would be wonderful.
There has been a growing tendency to leave the job to the school and the church. But 25 hours a week in the one and two at most in the other are not going to accomplish the job. Presumably the other 78 waking hours belong to the home. Few mothers are capable of, or have the time for, teaching our youth—home, school, and church—and if each functioned properly and conditions were ideal the results would be wonderful.

of the Communists is their lack of race prejudice, and they make much of our intolerant attitude in this country. Children have no prejudice, racial or religious. Children take people for what they are. It is only as they absorb the ideas of their elders that they begin to make these distinctions and to assume a superiority over minority groups. Here again the pre-school training in the home can set the pace for all their after life.
There seems to be a decided trend in education to make things "easy and enjoyable" for our children, rather than a matter of honest-to-goodness hard work in mastering an academic subject. I contend that that is not preparation for life. Life isn't easy, and hard work never hurt anyone. We are doing our children an injustice if we let them believe that anything worthwhile can be accomplished without hard work.
Last and not least I believe very strongly that the children of parents who have strong religious convictions and are loyal to and active in the church of their faith have a much better chance for happiness than those from homes where spiritual things have little value. To that end I believe profoundly in regular attendance upon divine worship. Regular church attendance alone on our part will not of course insure our children's future well being and success in life, but it presupposes a belief in God, an acknowledgment of our dependence upon Him and an interest in things of the spirit—all of which are essential for the mother who would influence the lives of her children for noble adulthood.
A five-pound dressed stewing chicken will yield about three pounds of chicken meat, including giblets. This will make three to four cups of cubed meat for a creamed dish or a salad.

WASHINGTON LETTER

By JANE EADIS

WASHINGTON—Over-crowded Washington has a new \$2,000,000 apartment hotel—already filled, though it opened just the other day. It's the Congressional Hotel on Capitol Hill, started Jan. 1, 1947.
Murals of seven cartoons by Clifford K. Berryman, now in his 42nd year as a cartoonist for the "Washington Evening Star", highlight the new hotel's decorations. There is also a mural of a page from the "Star", printed more than 50 years ago.
The Berryman cartoons were selected from more than 4,000 in the artist's collection. All selected deal with situations arising as a result of Senate filibusters over a period of many years. The page from the "Star" is dated October 12, 1893, and contains a report of a filibuster of that time.
The murals are in the Filibuster Room. Other public rooms are the Veto Room, the Caucus Room and the Committee Room.
Incidentally, local hotel men report that business this year is heavier than it was during the push war years. During April and May, 56 conventions were scheduled. During the year, 225 conventions will attract visitors. The right-seeing business, which booked an all-time record of \$1,250,000 last year, is doing right well this year too. Last year, when about 500,000 persons saw the Capital through bus windows, the business was 100 per cent better than in 1946.
Afghanistan's Independence Day rolls around again May 27, and there will be a colorful reception at the Legation here, with toasts in a fascinating native drink called "dough". It's made of sour milk, mint and rose water—and is without "spirits".

2 Year Draft Law Is Said Necessary For U.S. Security

Andrews States Army Committee Will Oppose Any Consolidation With UMT

WASHINGTON, May 18, (AP)—Rep. Andrews (R-N.Y.) said today a two-year draft law revival is necessary "unless we are willing to gamble dangerously with the national security."

Andrews, chairman of the House Armed Services Committee, asked the Rules Committee to clear for House action a draft bill approved 28 to 5 by his committee early this month.

Rules Committee reluctance to approve the draft became clear as soon as the hearing began.

Rep. Brown (R-Ohio), presidential campaign manager for Senator Taft (R-Ohio), asked Andrews whether a draft would be necessary if President Truman does not approve steps to build the Air Force up to 70 combat groups.

Andrews said a draft is needed right now to bring the Army up to strength already authorized.

"Well," Brown remarked, "reports are current that the President and Secretary of Defense Forrestal won't spend the money for 70 groups. The President is under no compulsion to do so."

Rep. Sabath (D-Ill.), ranking Democratic member of the Rules Committee, asked Andrews whether the United States has "really suffered anywhere" because its armed forces are below

Dairy Group Asks Congress To Keep Some Oleo Taxes

WASHINGTON, May 18, (AP)—A dairy organization today urged Congress to keep at least some taxes on oleomargarine but repeal the import duty on foreign oleo.

Secretary Charles W. Holman of the National Cooperative Milk Producers Federation said it would be unfair to give the oleo industry "broad opportunities to manufacture its product as butter" while being protected from foreign competition.

He suggested leaving the 10-cent-a-pound tax on colored oleo, cutting the federal tax on whole-salers, retailers and manufacturers to one dollar a year, and repealing only the quarter-cent-a-pound tax on the uncolored product.

He testified before the Senate Finance Committee in opposition to the House-approved measure to repeal all federal taxes on the butter substitute.

The president of the milk producers group, John Brandt, told the committee in a statement the repeal bill would "legalize the attack by one industry upon the established good will and on the markets of another industry."

He accused also-makers of "deception and misleading propaganda."

The president of the milk producers group, John Brandt, told the committee in a statement the repeal bill would "legalize the attack by one industry upon the established good will and on the markets of another industry."

Jewish Forces Claim Capture Of Arab City

Israel Fighters Say Some 4,000 Arabs Have Been Trapped In Old Walled City

TEL AVIV, Israel, May 18 (AP)—Israeli army sources said the ancient Arab town of Acre surrendered unconditionally early today after a 72-hour battle in the streets.

Haganah said earlier it had some 4,000 Arabs trapped in the old walled city, eight miles north of the Jewish port of Haifa. The Haganah fighters claimed control of the highway through the city, a link to Jewish settlements in the north.

Acre is just outside the area of Palestine designated as Jewish under the United Nations partition plan.

To the east, Jewish sources in Haifa declared 500 Arabs were drowned when Jews opened a dam and flooded plain lands south of the Sea of Galilee.

[A] Acre was raided by light bombers just after dawn, for the fourth straight day. The 45-minute attack was the longest yet upon the city. The Jews said they shot down one of the attacking planes.

Following the lead given by the negro, Hugh Wheeler, owner of the trucks, William Williams, whose safe was stolen, and Harold E. King, whose safe was stolen in the street, followed the curved road to the A.C.L. tracks and after crossing, turned to the right into a lay about a quarter of a mile from the road. They found the two trucks, an International and a GMC stuck in the mud and the abandoned safe.

Chief of Police Williams, and Deputy Charles Beck and W. Lewis, also arrived at about 3:30 P. M. to investigate.

G O P Presidential Aspirants Hold Fast To Clashing Red Views

PORTLAND, Ore., May 18 (AP)—Republican presidential aspirants Thomas E. Dewey and Harold E. Stassen held unswervingly today to clashing views on Communism—their nationwide radio debate settling practically nothing.

They argued last night on the Communist Party should be outlawed in the United States.

The two met last night in the hotly disputed question of whether the Communist Party should be outlawed in the United States.

On the affirmative, the Minnesota called for a halt to "red" propaganda, and asked the enactment of new laws to deny Communism "the blessings of legality" under which it is now permitted to worm its way to power.

On the negative, Stassen said the nation "should not stambele along with laws that are out of date."

Dewey took the position that Communism is a danger to the United States.

Stassen said the nation "should not stambele along with laws that are out of date."

Dewey took the position that Communism is a danger to the United States.

Civil Contempt Against Lewis Is Dismissed

Judge Goldsborough Considers Request By U.S. To End Anti- Strike Order Also

WASHINGTON, May 18, (AP)—The civil contempt conviction against John L. Lewis and the United Mine Workers was dismissed today at the government's request.

Federal Judge T. Alan Goldsborough, however, took under consideration a government request to end the anti-strike injunction against Lewis and the union.

Goldsborough said the plea for dropping the injunction came as a surprise and he was not prepared to rule on it immediately.

Goldsborough added he is not convinced that there is no danger of a new coal strike.

The injunction was issued by Goldsborough April 21. It replaced a temporary restraining order of April 3.

It was obtained under the Labor-Management Act to end a six-week coal strike, touched off by a dispute over pensions for elderly miners.

In seeking the dismissal, Attorney General Tom Clark informed the court the government felt the pension dispute is being handled appropriately, that the miners are at work and the "public interest" is being served.

U.S. Says Stalin's Peace Statements Are Encouraging

State Department Re- fuses To Negotiate On Issues Involving Other Nations

WASHINGTON, May 18, (AP)—The United States today termed Premier Stalin's newest "peace" statement encouraging, but again brushed aside any direct Soviet-American negotiations on issues involving other nations.

The government's attitude was voiced by the State Department. A formal statement charged that Russia is, in fact, responsible for failures to reach agreement in the United Nations and elsewhere on the international issues listed by Stalin.

On its face, the statement ruled out the possibility of a two-nation settlement of disputed world problems by the power grants, the U. S. and Russia.

But the State Department did not close the door to any moves by Russia toward solution of specific issues through established world agencies.

The department directly blamed the Soviet Union for failure to reach agreement.

For example, it said the Soviet Union and the Soviet Ukraine should be "responsible for the failure to reach agreement."

It said the Soviet Union and the Soviet Ukraine should be "responsible for the failure to reach agreement."

State Health Board Test Condition Of Surrounding Lakes

Tests of water in nearby lakes by the State Board of Health have revealed that Lake Emma, ranking Democratic member of the Rules Committee, asked Andrews whether the United States has "really suffered anywhere" because its armed forces are below

Economist Predicts Stable Economy In U.S. For Next Year

DAYTONA BEACH, May 18, (AP)—Admitting that he was "stuck" on the subject, Dr. Marcus Nadler, economist for the Central National Bank and Trust Co., New York City, and professor of banking finance at New York University, today told 70 Florida bankers he believed this country's economy will remain stable during the next 12 months. The bankers are here from all over Florida at a bank executives forum sponsored by the Florida Bankers Assn. and the University of Florida. The forum began its five day session this morning.

Dr. Nadler outlined the forces tending toward more inflation and those leading to deflation, and then picked the middle ground.

As inflationary forces he listed increased military expenditures, the government spending in Europe and elsewhere because of high prices. He said present conditions are very much like those existing in 1914, in relation to increased military expenditures, and greatly different because in 1914 there was unemployment, many idle factories, a national debt about one-fifth of the present \$250 billion, and prices and wages "about one half of what they are today."

He said present conditions are very much like those existing in 1914, in relation to increased military expenditures, and greatly different because in 1914 there was unemployment, many idle factories, a national debt about one-fifth of the present \$250 billion, and prices and wages "about one half of what they are today."

Florida Power And Light Company To Stage Open House

Company's Largest Station Will Dedicate State New Generator

The Florida Power & Light Company's most powerful electric generating station in northern Florida at Lake Monroe, will stage a special "open house" and its new 18,000 kilowatt generator will be dedicated on May 28, company President McGregor Smith announced today.

A major item in the company's statewide \$45,000,000 construction program, the enlarged Sanford plant will aid in the development of a large area, including Seminole, Brevard, Putnam, Volusia, Flagler, Clay, Bradford, Union, Columbia, Baker, Suwannee, Nassau and St. Johns counties.

The public is invited to attend the dedication ceremony and inspect the plant and its equipment between the hours of 2:30 and 5:30 P. M. A band concert and short dedication ceremony will feature the program.

With its capacity now boosted to 55,500 kilowatts, and linked with Florida Power & Light Company's "copper highway" of lines leading north and south, and to the east coast, the enlarged plant assures additional power protection for scores of communities not in its immediate area.

Red Curb Measure Is Moved Toward Passage By House

Bill Would Imprison Anyone Advocating Overthrow Of U. S.

WASHINGTON, May 18, (AP)—The House refused by a voice vote today to kill a bill to curb Communist activities in this country.

It acted as it drove toward passage tomorrow a bill that would require the Communist Party to register and file financial statements annually and to imprison anyone advocating establishment in this country of a totalitarian government controlled from abroad.

The move to kill the bill was made by Rep. Miller (R-Conn.), who told the House the main effect of the measure would be to "drive underground the dangerous elements."

Miller said even the Committee on Un-American Activities, which wrote the bill, was uncertain over what it wanted to do and had revised it several times and will propose amendments on the floor.

Sanford Rotarians Visit Meeting Held At Winter Garden

Sanford Rotarians, including President Elett George Brinson, Harry Knell, Charles Morrison and Dr. R. W. Ruppert, attended the district assembly of Rotary International at Winter Garden on Sunday and Monday. Mrs. Stine accompanied her husband to the meeting.

George Brinson was unable to attend all the meetings, but was present Monday at all the business sessions. Charles Morrison served as song leader with Harry Knell at the piano, both of whom were highly commended for their talents.

The Sunday program was conducted at the Edgewater Hotel and at the Fellowship Club at the Legion Hall. Frank Pomeroy, president of the Winter Garden Rotary Club, gave the address of welcome Monday morning with response by A. E. Eschbacher, president of the Sanford Rotary Club. One of the outstanding addresses was that given on the topic, "Peace Through Understanding," by Past District Governor Fairfax T. Haskins, of the Sebring Rotary Club.

District Governor Harry M. Smith of Winter Garden spoke on "Continental Service"; District Governor Paul J. Stine spoke on "Community Service." A program of service to youth was outlined by Past District Governor Alf Marshall of Clearwater, and William A. McCrea, Barlow president of his home, "If I Were Starting Now."

Demo Bidders For Governor Boost State Advertising

By ASSOCIATED PRESS
Dan McCarthy and Fuller Warren both want the state they hope to govern to be well advertised.

The Democratic candidates for governor yesterday advertised a year-round tourist business for Florida. Both urged a stepped-up advertising program as a means to this end.

McCarthy proposed an increased advertising appropriation. Warren declared most of the well-known hazard could be taken out of the tourist business if an intelligent, aggressive attempt were made to attract more Spring and Summer visitors to the state.

McCarthy will tour Pinellas county today and Warren will speak in New Smyrna Beach, Ocala, Longwood, Apopka, Ocala, Winter Garden, Ocala, and Winter Park, sending up his itinerary today with an address in Sanford tonight.

Both on the subject of tourists, McCarthy yesterday promised to do his utmost to keep "state arterial highways open during tourist seasons."

He added Florida's beaches are important tourist assets and declared "we cannot afford to let them go."

White House Prods Rail Unions To Make Efforts To Settle Dispute

WASHINGTON, May 18, (AP)—Under White House prodding, the railroads and three disgruntled unions began new efforts today to settle the dispute which forced government seizure of the trains.

The meeting of negotiating committees was scheduled just 25 hours before Federal Justice T. Alan Goldsborough is to act on a plea for a continued court order to keep the rail unions' members on the job.

A nationwide strike by the locomotive engineers, firemen and switchmen had been set for a week ago, May 11. But President Truman ordered the Army to take over operation of the rail lines. The government then obtained an anti-strike order from Justice Goldsborough. It is good until tomorrow.

If the judge should decide against extending the order, the unions might strike. They made it clear that they would not work just because the government had made a "paper seizure" of the rails.

Technically, the Army is running the nation's major railroads. Secretary of the Army Kenneth C. Royall divided the nation into seven areas and appointed a railroad president in each to run the trains, with the rank of colonel.

In addition, he named a three-man advisory board, including Vice-President Edward P. Taylor.

May Rainfall Reported Below Normal Amount

May rainfall to date has been below the normal figure of two inches, while temperature is but 1.4 degree above the May normal average of 76.1, it was revealed this morning by B. F. Whitner, weatherman.

Since Jan. 1, rainfall has totaled 11.77 inches in the Sanford area, or 2.4 inch below normal for the period. January had the largest rainfall with 5.22 inches recorded as compared with a normal of 2.35 inches. Temperatures averaged 67.9 degrees compared with 61.5 normal.

February was a dry month with only .55 inch rain as compared to a normal precipitation of 2.31 inches. Temperatures averaged three degrees above the normal of 62.6.

March was wet with 8.89 inches of rain as compared to a normal of 2.74 inches. Temperatures averaged 4.7 above the normal average of 66.5 degrees.

Rainfall was less in April when only 1.46 inches was recorded as compared to normal average of 2.21 inches. Temperatures averaged 2.8 degrees above the 70.7 degree normal figure.

Watson Says Voting Digits Are Illegal In Hillsborough

TAMPA, May 18, (AP)—Attorney General Tom Watson advised Hillsborough county voters yesterday that use of numbers to identify candidates on voting machines was illegal.

Watson told John Deke, supervisor of registration, in a telephone call that numbers were used "illegally" in the May 4 primary in a manner that both the voter and the candidate could be victims of considerable fraudulent practices.

The attorney general said his ruling did not apply to some types of voting machines where numbers are necessary for operation of the machine.

Numbers were used in the recent primary in Hillsborough to assist voters in selecting candidate's names. The voting machine numbers assigned the candidate were widely advertised.

Watson said his instructions applied to other voting machine counties—Dade, Duval, Bay, Volusia, Leon, Palm Beach and Monroe.

Knot Hole Gang To Open Activity Soon

Saturday May 29 has been designated an enrollment day for all youngsters 13 years of age and under for the "Knot Hole Gang" to be sponsored by the Seminole County Junior Chamber of Commerce to enable children of Seminole County to witness the Sanford Giants baseball games. It was announced today by Lee Samuel, who will direct the "gang" this year.

Any youngster interested in becoming a member of the organization is requested to go to the Municipal Park between 1:00 o'clock and 3:00 o'clock on the day designated.

Plans for making a club, with officers and monitors are being discussed, and complete arrangements will be announced later.

2 Renter Suspects Believed Innocent

BALTIMORE, May 18, (AP)—Capt. of detectives Henry J. Kline said today he had advised Detroit police that two men arrested here apparently had nothing to do with the shooting last month of Walter Rutherford, president of the CIO United Automobile Workers.

Kline and the two would be held pending Detroit's reply to his message outlining the circumstances of their arrest and the result of questioning.

Acting on a "tip," Baltimore detectives picked up the pair yesterday and described them as "held for investigation, suspected of assault and shooting."

Market Sales Reach \$616,547 For April

Sales of \$616,547 during April at the Sanford State Farmers Market were practically double those of April, 1947 when \$313,861 in sales was reported, according to Manager H. J. Lehman. Unit sales last month were 351,661 compared with 158,941 in April, 1947.

Cabbage was leader in sales last month with 112,705 sacks bringing \$214,039.

Green beans placed second with sales of \$168,355 with 55,170 units bringing an average price of \$2.67. Oranges at an average of \$2.13 a box brought \$39,379.

Other leading sales were: celery, \$31,102 for golden and \$8,774 for parsley; potatoes, \$31,211; yellow squash, \$25,760; tomatoes, \$27,171; cucumbers, \$27,010; peppers, \$18,908.

MASONS TO MEET

A special meeting of Monroe Chapter, No. 15, R. A. M., will be held in the Masonic Temple Wednesday, at 7:30 P. M.; at which time the Royal Arch Degree will be conferred on a class of candidates. All Royal Arch Masons are cordially invited to attend. Refreshments will be served.

HAIL STORM

LANCASTER, Pa., May 18—(AP)—Old Man Winter took a curtain call in this farming region yesterday.

A freak storm dumped tons of hail stones, ranging in size from that of peas to small cherries, in several sections of rural Lancaster county.

While their fathers were bemoaning the damage to crops, many children got out their sleds and enjoyed a bit of sledding.

Lewis Charges

(Continued from Page One)
The interest in Lewis... Lewis and the union were convicted of both civil and criminal contempt for failing to obey a restraining order against a work stoppage.

One of the interesting attractions of the Press Association Convention in Fort Meyers Saturday was the Cypress Gardens Aquacade where in the finale the V for Victory formation the Aqua-Maid carried the banners of one of the candidates for governor.

The court action came as Lewis and the soft coal operators began talks on a new contract to replace the present agreement expiring June 30.

Apparently, the court moves are aimed at removing the government from any connection with the contract negotiations. Speaking for Clark, Assistant Attorney General H. Graham Morrison told Goldsborough:

Draft Urged

(Continued from Page One)
The Army, Allen said, "never has given voluntary enlistments a fair trial. These brass hats just want this draft. That's all." Andrews told Allen that he and the Army Services Committee will oppose on the House floor any attempt to get Universal Military Training legislation passed as a part of the draft bill.

Southern Ports

(Continued from Page One)
county port authority; T. E. Grady, manager of the Greater Miami Traffic Association; Charles A. Olson, director of the Miami port; Isadore Apollin, Miami, secretary for the committee; W. W. Tampa chamber of commerce, and M. A. Touart, representing Pensacola.

Volts Thwart Drive By Birmingham For Lead In Association

(By ASSOCIATED PRESS)
The Nashville Vols halted their downward plunge last night with a 10-3 victory over Chattanooga, thwarting Birmingham's drive, for the moment at least, towards regaining first place in the Southern Association.

Oleo Fight

(Continued from Page One)
grants and said that if the bill passes "uncolored oleo will disappear from the markets" to be replaced by the higher-priced colored product.

Red Curb

(Continued from Page One)
\$5,000. Communist fronts—Groups affiliated with the party—also would have to register but they would not be required to file membership lists.

Butter Market

8 Die In Blast Of 5,000 Gallon Tank At Chemical Plant

Explosion Was Heard Over 15 Mile Area; 11 Feared Trapped

KEARNY, N. J., May 13, (AP)—Blazing naphthalene sprayed by an exploding 5,000-gallon tank late last night set fire to an adjoining building of the Koppers Company tar and chemical division plant, and took at least eight lives.

Police Lieut. John Perry said eight bodies had been removed from the fire-wrecked building. All were burned beyond recognition.

Firemen searched for additional victims in the ruins of the building in which workers had been preparing to change shifts.

Det. Sgt. Charles Schillon had estimated from eyewitness reports that 11 workers were trapped in the building when the explosion occurred.

Names of the dead and missing were not immediately available.

The blast, heard over a 15-mile area, sent a sheet of flame into the air over the plant's tar and chemical division. The reflection against low-hanging clouds was reported seen 10 miles away. A series of minor explosions followed the first blast.

Hudson County Police Lieut. George Kelly, in headquarters a half-mile away, said the intense glare "seemed to envelope the police building. It was the closest thing to an atomic bomb explosion I ever want to see."

Firemen were cautiously feeling their way through the gutted building early today seeking traces of the missing men.

Fire Chief William Wandras said he feared the second floor of the building might collapse on fire search squads.

Company officials refused information as to the cause of the blast, estimate of damage or names of the missing men.

Schillon said about 20 men were in the building during the shift change. The building housed a laboratory and machine shop on the first floor, and locker rooms on the second.

Schillon said eyewitnesses told him they believed all but about 11 of the men in the locker room had left before the adjoining tank exploded.

The blasted tank was one of a group containing tar products, by-products of Koppers Coke Manufacturers.

Florida Power Co.

(Continued from Page One) under way—and a new plant to be built at a location not yet selected.

Construction of the new Sanford addition began in June, 1946. In keeping with the company's "planning ahead" policy, engineering design was begun three years ago. Electrical studies and economic analysis to determine proper location of the new generator in northern Florida extend back to 1938.

Cooled by hydrogen gas under pressure, the new Westinghouse generator represents the latest and most modern design. Whirled by a steam driven turbine, the huge assembly weighs 247,000 pounds. The rotor (spinning portion) alone weighs 38,000 pounds. It spins at the amazing speed of 3,600 revolutions per minute. Outer blades of the turbine travel 1,000 feet per second—faster than the speed of sound!

The new boiler is capable of producing 325,000 pounds of steam per hour. All three of the plant's boilers produce steam at 435 pounds per square inch, temperature of 750 degrees Fahrenheit, the same temperature at which steel turns red.

To cool steam and condensate it after it has turned the turbine, pumps for the new boiler alone are capable of supplying 40 million gallons of water daily—the City of Sanford uses less than 30,000,000 gallons in a month.

To operate the new and larger turbine generators at full capacity, the boilers will consume fuel oil at the rate of 38,000 gallons daily. Fuel oil is a major item in the cost of making electricity. Since 1929 it has increased in price over 200%—an example of the major increases in the cost of supplying electric service today.

Oil is brought by large from Jacksonville and stored in the plant's tanks which have a capacity of 2,310,000 gallons or 11 barrel loads.

Located on Lake Monroe, the plant is reached by Federal Highway No. 17, north of Sanford. Plant site consists of 132 acres—looking ahead to the time when coal may be used as fuel and a large coal storage space may be needed.

Gray Hairs Need Worry You No More

W.M. J. BRANDT'S LIQUID HAIR COLORER

Will cover gray hair in 10 to 30 minutes so that you would not know it ever was gray. It is liquid. One application with a tooth brush or swab, does it. No Pack. No mess.

ANYONE CAN PUT IT ON You get a natural color. No one will suspect your hair has been dyed. Leaves it soft and lustrous—no dead color—no streaks—no spots—just a uniform color. WILL NOT TURN REDDISH It will not rub off. It stays on several months. Shampooing, sea bathing, sun, permanent waving, curling or straightening iron—nothing takes it off. You can cover any gray, no matter how stubborn, or how caused. It also takes at the roots—Black Stays Black. All colors stay put.

WONDERFUL FOR TOUCHING UP You can put it on just where needed. Can be used over other dyes, or where powdered hennas have been used. Women and men use EAU DENNA to advantage.

DOES NOT INTERFERE WITH PERMANENT WAVING Full directions in each box in English and Spanish. CAUTION: Do not over-heat on label. Colors: Black Dark Brown, Medium Brown, Light Brown, Gray, Black, Auburn. Price per box \$3.50 (Retail \$4.50). Cut the ad out now. Save for future use.

Palestine Fight

(Continued from Page One) and damaged another.

It is said one of the attacking planes crashed near Be'er Sheva, 15 miles southwest of Tel Aviv, and was taken into custody by two girl soldiers. They said he identified himself as an Egyptian air force pilot officer.

In the first day's air raids Saturday, the Jews also had claimed capture of an Egyptian pilot.

A Baghdad dispatch said Iraqi troops under Prince Regent Abd-El-Ilah captured Kaubab El-Hawa settlement, three miles inside Israeli territory from the Trans-Jordan border and three miles south of Gushet. The settlement, on a railway, was part of the reinforced concrete line built by the British army during the last war and called the Eden line, the dispatch said.

A Cairo dispatch said Arab fighters led by Hassan Salama repulsed a Jewish attack on Ramle, three miles south of Lydda airport, and captured some weapons and 10,000 rounds of ammunition.

CAIRO, May 13, (AP)—The Egyptian government varied today that it "cannot tolerate" delivery of munitions and war supplies to Zionists in Palestine. Continued attempts to do so may prove dangerous, it said.

A statement by the defense ministry, copies of which it said were sent to all powers, reported that ships carrying war equipment and munitions for "Zionist terrorist gangs" still are arriving at Palestine ports and warned "all concerned" of the dangers involved.

The ministry statement said: "The Egyptian defense ministry announces that vessels carrying munitions and war equipment are attempting to unload shipments for Zionist terrorist gangs."

"The Egyptian government, at a time when its forces are in Palestine in order to restore security and order and put an end to massacres, cannot tolerate continued delivery to those gangs of supplies and munitions from abroad. This can only intensify the chaos in Palestine and threaten peace in the whole Arab world."

Holmes Still Paces National Stickmen

NEW YORK, May 13, (AP)—Although passed by Philadelphia's Rookie Outfielder Johnny Blanton, the Boston Braves' Tommy Holmes continued to pace the National League batter with a mark of 419 on average for games through Sunday.

Blanton got the same number of hits as Holmes, 18, but went to bat one more time than the Braves outfielder, 44. This put him 10 points and dropped his bat mark to 409.

Frank Gustine of Pittsburgh, runner-up to Holmes last week, slumped 38 points to drop to 391, according to figures including Sunday's game. Gustine, however, held an 18-point bulge over Carl Furillo, Brooklyn outfielder, who hoisted a 378 mark.

Billy Hickey of the New York Giants ranked fifth with 372. Sixth place went to Bert Hall of Philadelphia with 370. The Phillies' infielder currently is sidelined with a fractured skull received when hit by a thrown ball 10 days ago.

Frank Gustine of Pittsburgh, runner-up to Holmes last week, slumped 38 points to drop to 391, according to figures including Sunday's game. Gustine, however, held an 18-point bulge over Carl Furillo, Brooklyn outfielder, who hoisted a 378 mark.

Billy Hickey of the New York Giants ranked fifth with 372. Sixth place went to Bert Hall of Philadelphia with 370. The Phillies' infielder currently is sidelined with a fractured skull received when hit by a thrown ball 10 days ago.

Stalin Request

(Continued from Page One) have blocked agreement on control of atomic energy although the other nine members of the U. N. Atomic Commission were agreed. It added "a similar situation exists with regard to other issues mentioned in premier Stalin's statement."

The department's statement came after a busy morning of conferences among top officials and presumably including White House officials on Stalin's broadcast reply to an open letter from Henry Wallace.

It was only a week ago that Secretary Marshall and President Truman had in issue with the position of Russia's "recognition" of what Foreign Minister Molotov considered an American bid to Soviet-American discussions on outstanding differences.

After a week of trying to knock down the idea that the United States wanted or would agree to any kind of two-nation talks with the Soviet Union, Marshall's ranking advisers thought they had the situation under control. Then Moscow broke out last night with Stalin's public statement on the letter from presidential candidate Wallace.

Wallace had suggested that United States and Russia settle some of the world's great problems, including atomic energy and armaments control, and the withdrawal of troops from Germany, France and other places.

In giving the first official American reaction to the Stalin-Wallace exchange, the State Department fell back upon the position it took last week—that the American government cannot negotiate with Russia on any of the great world issues in which other nations such as Britain and France are equally interested.

The other point of Stalin's statement—that Russia is to remain for the stake in world affairs because Russia is in a uniquely on

all major issues—has been in position the United States took in response to the exchange published last week between Molotov and American Ambassador W. B. Smith.

He repeated his opposition to a general sales tax, terming it "a violation of the principle of taxation based on the ability to pay."

HILLY VERSE TODAY

FRUIT DOES NOT MATURE IN A DAY. VINES AND TREES THAT BEAR FRUIT MUST BE CAREFULLY TENDED. THEN IN DUE TIME RIFE FRUIT MAY BE GATHERED.—Luke 8: 16: Bring forth fruit with patience.

Expert Says Rats Threaten to take World-headline. What kind of rats? Four-legged? Or two-legged?

When Henry Wallace made a speech in Hollywood the other night, newspaper reporters were barred from the meeting. What's the matter? Does Henry, like Joe Stalin, not believe in freedom of the press?

Speaking of Sanford's growth during the past eight years, do you know how much Florida has grown? Well, the population increased 26 percent, bank deposits 73 percent and retail sales 211 percent. Florida is growing faster than the rest of the nation, and Sanford is keeping pace with Florida.

Senator Johnston of South Carolina says he will nominate General Eisenhower for President . . . if he gets a chance. Eisenhower is one man who might unite the Democratic party and keep the South Solid. However, we would like to hear the General express himself on some of our domestic and foreign issues before we commit ourselves to him.

John L. Lewis is back in the news again as he plans another drive to raise the wages of coal miners. Coal miners on the average now receive about \$75 a week, or about 3 1/2 times as much as they did before the war, as compared with \$64 a week for shipbuilders, \$60 a week for steel workers, \$51 a week for cement workers, and \$43 a week for cotton factory workers.

Why the South dislikes Truman worse than it does certain Republicans who stand for the same things is well told by John Temple Graves who says: "Mr. Truman and his party are supposed to understand the Southern problem, and Mr. Stassen and the Republicans are not." Mr. Stassen may be sincere. Mr. Truman is merely playing politics. The Southerners will honor Stassen more than Truman on this. They are accustomed to being misunderstood by good folks from Minnesota.

It is convincingly significant how the leading supporters of Shands, English and Watson are virtually flocking to the standard of Dan McCarty. From all sections of the state come authentic reports of declarations by men who were in the front lines for the eliminated candidates that they are now for the young man who ran second in the first primary but who, from every reliable indication, will be first in the second.—Tampa Tribune. The more Fuller rants and raves, the more support Dan gets; and the more support Dan gets, the more Fuller rants and raves.

Didn't we tell you the sheriff's race is getting interesting? As the situation now stands, both candidates have pledged themselves to a policy of strict law enforcement, and the issue revolves around the question of which man is better qualified to carry out his policies. We have no doubt that both would want to, but enforcing the laws against gambling is not easy. The operation of lotteries, slot machines and punchboards means a lot of money to a lot of people, and some of them are pretty smart. They will do everything they can to get around the laws, or to break them with impunity, if necessary. We are glad to see, however, that both candidates recognize the laws ought to be enforced.

Change In Pattern

The battle of propaganda between this country and the Soviet Union has taken a curious turn. It can hardly be accepted with anything but enthusiasm for the hope of harmony which it seems to offer, and yet the circumstances are strange.

The Russian move was not an overture toward the United States in simple terms, but was a carefully designed piece of propaganda for international consumption. Its timing was good in Europe, giving Russia a new initiative in the propaganda contest there, and was precisely fitted into the American scene. Did the timing miss fire here, however, when at the last moment the scheduled railroad strike, which could have thrown the country into utter confusion for a while, did not come off?

It is interesting to note that the cancellation of the rail strike made it possible for the Administration, the press and the people to give full attention immediately to the Russian announcement of readiness to talk, with the result that within a matter of hours the American version of the exchange of views was given wide dissemination. Did Russia count on our preoccupation with the strike?

Turning aside from the curious elements of the situation, but not forgetting them, it is possible to find high encouragement for the future. If the two nations can agree that there are things to talk about, and begin talking, intelligent understanding may yet be reached.

Unwise Proposal

"Asinine" is President Truman's description of the proposal by Congressman Leo Allen of Illinois, chairman of the House Military Affairs Committee, to pay \$1,000 or \$1,500 to volunteers. The plan would be a substitute for the draft. It was strong language on the part of the President, but justified.

Congressman Allen evidently has not looked into the military history of the United States, as the chairman of the Committee on Military Affairs should do. The bonus system has been tried again and again, and bred nothing but waste and scandal. In the Revolution Congress and the states bid against each other, raising their offers until each volunteer received \$200 from Congress and more from the states. New Jersey paying as high as \$1,000. Richer districts would entice volunteers from poorer, till some sections were almost stripped of manpower.

It was worse in the Civil War. Bounty-jumping became a profession. A man would enlist, claim his bonus, desert, and often re-enlist under another name. One man enlisted 32 times. Bounty-breaking proved profitable to others, who lined up recruits for a commission, regardless of how unfit for army service these recruits might be.

In the four years from 1861 to 1865 it has been estimated that the bounty system, which Congressman Allen would revive, cost over \$750,000,000. This was for the North alone. What it would cost for a united country, with a population four times as large, staggers the imagination.

Follow Trail

What an eloquent thing is a path. The one cutting across a farmer's meadow to his neighbor's back door tells of pleasant friendliness, of much visiting back and forth by the adults, their children, their dogs.

The worn zigzag ribbon over the vacant lot leads to the school house, and home again. It has been used often by carefree boys and girls, and so long that it is as solid as cement.

In the woods there are paths, their making mysterious. Forest folk usually are responsible for the narrow trails that so delight the human visitor on his May walks. He knows they will lead him to the waxiest May apples, past the tallest, most ethereal trilliums, and so on to the best places for fording the creek.

Paths are man's most ancient work. He learned about them from the animals. Many travel arteries crisscrossing the country today were started by the buffalo, whose great weight forced him to high, hard ground. Indians' moccasined feet followed, trod these trails to firmness. White settlers drove horse and ox cart over the natural lanes, built them ultimately into modern roads for auto and truck travel.

Whether in their simple state, or blossomed into macadam marvels, paths are symbols. They denote the urge in man and the animals for companionship, for adventure. Paths are made by seekers.

Twenty Years Ago Today

Marking the close of what is described as a most successful year, the Sanford Junior High School held its graduation exercises today with 120 boys and girls receiving diplomas. The exercises were under the direction of J. Tilden Jacobs, principal. In addition to an interesting program several awards were given for scholastic attainment.

Those taking part in the program were Louise Hixson, Christine and Pauline Boudetmire, Ruth Pearson, Frances Wilson, Marjorie Forrest, Mary Highton and Hendrix Liles.

The winners of awards were George Gans, Mary Elizabeth Tolar, Ethel Bolly, Frances Pearson and Scott Lang.

Friends of Miss Georgia Mobley will be interested to learn that she has been chosen as a sponsor for the University of Florida Junior-Senior prom to be held May 25 in Gainesville. Miss Mobley, a junior at Florida State College for Women and a member of the Kappa Delta sorority, was also chosen by Adolphe Menjou and John Gilbert for the beauty section of the Seminole, the University of Florida yearbook.

A marriage which came as a surprise to their many friends was that of Mrs. Stella Melson, and Marcus Lee Felch, which was solemnized Saturday, April 7, at Orlando.

Lieut. and Mrs. Al Williams of Washington, D. C., arrived here yesterday from Palm Beach and are the guests of Mr. Williams' uncle and aunt, Judge and Mrs. Wallace Wright at their home on Mellonville Avenue.

Mrs. W. J. Steed and children returned to their home at Kissimmee yesterday after spending the past week here with her parents, Mr. and Mrs. J. G. Ball.

An Executive Has Nothing To Do

A busy Orlando employer called our attention the other day to a bit of business philosophy that we thought well worth passing on. Here it is: As everybody knows an executive has practically nothing to do, that is except to decide what is to be done—to tell somebody to do it—to listen why it should not be done—why it should be done by somebody else—or why it should be done in a different way—to prepare argument in rebuttal that shall be convincing and conclusive—to follow up to see that the thing has been done—to discover that it has not been done—to inquire why it has not been done—to listen to excuses from the person who should have done it and did not do it.

To follow up a second time to see if the thing has been done. To discover that it has been done. To see if it should have been done. To see if it should have been done in a different way. To see if it is not time to get rid of a person who cannot do a thing correctly—to reflect that the person in fault has a wife and seven children—and that certainly no other executive in the world would put up with him for another moment—and that in all probability any successor would be just as bad—and probably worse.

To consider how much simpler and better the thing would have been had he done it himself in the first place—to reflect sadly that if he had done it himself— he would have been able to do it right—in 20 minutes—but that as things turned out—he himself spent two days trying to find out why it was that it had taken somebody else three weeks to do it wrong—and then realize that such an idea would strike at the very foundation of the habit of all employees—their Executive has Nothing To Do.

Of course, the employer's answer to all this is "nobody called the boss to be successful."

THE WORLD TODAY

By DEWITT MACKENZIE AP Foreign Affairs Analyst

CAIRO May 18 (AP)—Arab unity is undergoing an acid test in the current Palestine crisis. Often in the past the Arab world has been torn with differences and competitions among its rulers. Up to now the fight against Zionism has tended to bring these rulers together. Whether old rivalries would remain buried as Arab armies occupied part of Palestine was a big question in many minds.

The Arab world is governed by four royal dynasties and two heads of Republics. The lives of the leaders are almost a modern history of the seven Arab states. King Farouk of Egypt, 28 years old, granted refuge in Egypt to the aging Riff warrior, Abd El Krim, old foe of France and Spain in Northwest Africa, and gave sanctuary to Haj Amin El Husseini, the British-exiled Mufti of Jerusalem.

Soon after King Farouk came to the throne, he broke up diplomatic relations with the Axis, and gave the British and Allied armies in his territory all facilities which the Anglo-Egyptian alliance of 1936 provided.

After the war, when negotiations with Britain for revision of the 1936 treaty failed, his government tried unsuccessfully to get the Security Council to order British troops out of the Suez Canal zone, which is Egyptian territory.

His known ambitions are to achieve complete independence of his Nile Valley kingdom, and to consolidate Egypt's leadership of the Arab world.

Across the Red Sea from Egypt lives powerful King Abdul Aziz Ibn Saud, of Saudi Arabia, who built a kingdom with his sword in years of fighting with Arab tribes.

In the course of this adventure Ibn Saud defeated King Hussein, then king of the Hejaz, a district which includes the Holy places of Arabia. Two of King Hussein's sons, who had sided the British in World War I, found thrones elsewhere—Feisal I in Iraq and Abdullah in Transjordan. A third son, Ali, succeeded his father as king of the Hejaz, but lost his throne to Ibn Saud.

In the last decade Ibn Saud's government has come into an income of more than \$20,000,000 a year from oil developed by the Arabian-American Oil Company. The aging monarch's kingdom is

now oil supplier of the United States Navy. King Abdullah of Transjordan, whose British-trained Arab legion is probably the best equipped army in the Arab world, is one of three sons of King Hussein of the Hejaz. After World War I his brother Feisal won the throne of Iraq and Abdullah became prince and later king of Transjordan.

Abdullah has inherited from his father the dream of a "greater Syria" which would include Palestine, Syria, Lebanon and Transjordan. This plan caused rifts in his relations with many Arab countries. It led also to coolness between Abdullah and the mufti of Jerusalem.

The regent of Iraq, Prince Abdull-Ilah, is another Hashimite. His father was King Ali, son of Hussein, in whose favor the latter abdicated the throne of the Hejaz in 1923. After losing the Hejaz to Ibn Saud, King Ali acted as deputy to his brother, King Feisal I of Iraq. Abdull-Ilah is now regent of the boy King Feisal, grandson of Feisal I.

Iraq, under his reign, was the first Arab country to declare war against the Axis. Previously, there had been a rebellion there against the British.

Shukri El Kuwaili, the Syrian president, struggled for the independence of his country and its liberation, first from Turkish rule and then from a French mandate. In this struggle he lost great wealth and is considered now one of the poorest presidents in the world.

Sheikh Bishara El Khouri, the Lebanese president, is over 60 years old. A well known lawyer in the Lebanon, he was elected president in 1943.

His policy is closely coordinated with that of his Syrian colleague and the two countries have almost one policy in many matters.

Haj Amin El Husseini, called Mufti of Jerusalem, and bitter enemy of Zionists, started his career as an officer in the Turkish army. He fought with the Turks in the First World War.

After that war, he took part in all Arab revolutions in Palestine during the British mandate.

He was in Iraq during the anti-British rebellion of 1941. He left Iraq for Iran, then Turkey and ended his journey in Germany, where he spent the last years of the war.

His followers describe him the "uncrowned king" of Palestine. His opponents prefer King Abdull-Ilah.

Fried bananas will help make a main course hearty. Serve them with chicken, veal, ham.

Personals

Mr. W. B. Ellerbe left on Saturday for Rochester, Minn. where she will visit for some time.

Edward R. Dunn has returned to his home in Philadelphia, Penn. after spending the weekend in Sanford with friends.

Mr. and Mrs. Reginald B. Lamb have moved their residence from East Fifth Street to 311 Elm Avenue.

Mr. and Mrs. H. A. Swanson plan to leave tomorrow for Randolph Center, Ala. where they will spend the summer.

Miss Bethe Long and guests, Mrs. John Ridgeman and children of New Martinsville, W. Va., spent last week visiting relatives in West Palm Beach.

Mr. and Mrs. Irving Fleischer and children, Diana and Melvin, have returned from California to their home on East Tenth Street.

Mr. and Mrs. O. W. Douglas of Savannah, Ga. have arrived to spend some time with Mrs. Douglas' parents, Mr. and Mrs. A. G. Williams in Sanford.

Friends will be glad to learn that Neil Stothoff, who has been confined to Fernald Loughton Memorial Hospital because of illness, has returned to the home of his parents, Mr. and Mrs. Herbert Stothoff on Beardsell Avenue.

Miss Jane Ellen Matthews and Miss Phyllis Deas of Lorraine, Ill. are spending some time as the guests of Mrs. Alfred R. Walker and her sons, Robert and William Walker at their home on Mellenville Avenue.

Mr. and Mrs. Tom Holt had as their guests over the weekend Miss Cathy Larney of Bradenton and their son, Bruce Holt. Miss Larney and Mr. Holt are both students at the Florida State University in Tallahassee.

Mr. and Mrs. J. L. Ingley returned yesterday from visiting Mr. and Mrs. James L. Ingley, Jr. at Alabama Polytechnic Institute in Auburn, Ala. and Mrs. William B. Zachry and young daughter in Louisville, Ky.

Friends of Lewis Wright, son of Mr. and Mrs. M. L. Wright, will be interested to learn that he was recently initiated into Alpha Zeta, national honorary agriculture fraternity, at the University of Florida where he is a student. Membership in the fraternity is based on scholastic achievement, leadership and character.

South Side Scene Of Education Meeting

The Association for Childhood Education held its last meeting of the year on May 11 at 3:30 P. M. at the Southside Primary School.

Miss Mary Robinson gave a report on the international conference held in St. Louis, Mo. recently to which she was a delegate.

Mrs. Earl Benton reported on the A. C. E. luncheon held at the state convention in Miami. Following the business meeting plans were made for a picnic to be held in the near future under the direction of Miss Zillah Welsh, program chairman.

After the meeting was adjourned refreshments were served by the following fourth grade teachers: Mrs. Gloria Davis, Mrs. Lottie Nix, Mrs. Nancy Brock and Miss Elizabeth Pite, who were hostesses for the afternoon. There were approximately 30 teachers present for the meeting.

AMERICAN HOME DEPARTMENT Mrs. A. E. Shindler, president of the American Home Department of the Sanford Woman's Club, announced this morning that the meeting of the department scheduled to be held on Thursday had been postponed until May 27 at 8:00 P. M. at the club house.

Nellie Grace Evans To Wed D. A. Koen

Jack L. Evans of Stetson University announced today the engagement of his sister, Nellie Grace Evans, to Daniel Arnold Koen, son of W. L. Koen and the late Mrs. Koen of Koonston, Ala. The marriage will be an event of the summer.

Miss Evans is the daughter of the late Mr. and Mrs. E. F. Evans of Halesboro, N. C. and Sanford. She was graduated from Seminole High School and is now employed in the traffic department of the Southern Bell Telephone and Telegraph Co. at Daytona Beach.

Mr. Koen is a graduate of Millery High School in Millery, Ala. and attended State Teachers College in Murfreesboro, Tenn. He is now associated with the F. W. Woodworth Company in Daytona in the capacity of assistant manager.

West Side Students Have Program Friday

A good citizenship program was presented on May 14 at the West Side Primary School by Mrs. Harry Watt's third grade class. The curtain opened at 2:00 P. M. on a group of students who represented the Good Citizen's Club with the president, Catherine King, presiding.

Following recitations by the young committee, Rudine McEhee introduced the character in the play, 'The Victory of the Good Citizen'. The main characters were Bobby Little, Marianne Ludwig, John Droney, Earl Owens, Buddy Dunn, Tommy Russell, Jerry Tucker, Wally Van Ness, and General Seeger.

HONOR ROLL The following students from Sanford and vicinity have been listed on the Honor Roll for the winter quarter at Stetson University, as announced by the Registrar's Office. This honor is awarded to those students with average grades of B or better. They are seniors: Robert S. Wild, son of Mr. and Mrs. Fred R. Wilson; Martha L. Perkins, daughter of Mr. and Mrs. J. L. Perkins; Douglas C. Stenstrom, son of Mrs. John W. Salsbury.

MENU By CECILY BROWNSTONE Associated Press Food Editor

Among the most inexpensive and nutritious foods, vegetables deserve a place often as the main dish on a family's menu. When used in such a delicious hot biscuit roll as the one pictured here, topped with a savory sauce, your family will welcome them for lunch or supper.

2 1/2 teaspoons baking powder 2 1/2 teaspoon salt 4 to 6 tablespoons shortening 2/3 cup milk 1 cup cut up cooked vegetables (lima beans, carrots, snap beans or any other leftover vegetables) 1/2 cup sliced mushrooms, sauteed Sift flour, baking powder and salt together. Add shortening and cut or rub it into the flour. Add milk to make a soft dough. Turn out on lightly floured board, knead lightly, roll out 1/4-inch thick. Spread vegetables and mushrooms on dough and roll as a jelly roll. Bake on ungreased pan in hot oven (450° F.) approximately 25 mins. or until biscuit is done. Slice and serve with the following sauce. Five servings.

1 tablespoon butter or fortified margarine 1 tablespoon enriched flour 1/2 teaspoon salt Few grains pepper 1 cup tomato juice Melt butter or fortified margarine in a small heavy saucepan over low heat. Add flour and seasoning, stirring until blended. Remove from heat and add tomato juice gradually, blending until smooth after each addition. Cook over low or medium heat, stirring constantly until thickened.

Vegetable Biscuit Roll 2 cups enriched flour

Chairman Appointed At Golf Meeting

Committee chairmen were appointed for the Sanford Woman's Golf Association at a business meeting of the board of directors held last evening at the home of Miss Dorothy Powell, president of the association.

Chairmen for the new year are as follows: membership, Mrs. W. R. Williams; golf, Mrs. E. R. Smith; handicaps, Mrs. Earl Hugintham; publicity director, Mrs. W. G. Fleming; trophy, Mrs. T. E. McDaniel; entertainment, Mrs. Harry Woodruff; year book, Miss Helen Cabas and rules, Mrs. Price Heard.

Other officers serving with Miss Powell for the 1948-49 season are: vice president, Mrs. George Thurston; recording secretary, Mrs. E. C. Hayman; treasurer, Mrs. John Stuck; corresponding secretary, Mrs. Andrew Carraway.

Plans were made for the coming year with activities to begin in September. The association voted to hold playing meetings on each Thursday with a luncheon being held on each third Thursday of the month.

Miss Powell announced that dues are payable now and urged all members to rejoin and encourage interest in golf among the women of Sanford.

Giants Drop To Third Place After Defeat By Senators

Locals Lose To Sens By 5 To 3 Margin; Islets Cop 12-5 Game From Hats

By ARTHUR BECKWITH, JR. Herald Sports Editor

The Sanford Giants dropped a hard fought 5 to 3 decision to the Orlando Senators at the Municipal Park last night, and the defeat, coupled with the 12 to 5 drubbing posted on the DeLand Red Hats by the Daytona Beach Islets, dropped Manager Hal Grubbe's rookie aggregation down to third in the Florida State League standings.

Righthander Ed Davis allowed his way through nine innings of superbly pitched baseball, as he allowed the hard hitting Celery City nine but five well scattered blows, while his mates were combining the offerings of three Giants hurlers for 11 singles.

Tonight the Sanfordites return the engagement to Tinker Field in Orlando, and it is likely that Buddy Lake, veteran righthander of the Sanfordites, will face Tommy Hyde for Manager Lou Bevil's Orlando organization.

The difference in winning and losing the contest last night was the experienced club fielded by the Orlando Senators. Among the nine men placed on the field by Bevil, only one was a raw rookie performer. He was third baseman Charlie Heinbaugh, all others have had experience in the professional baseball field.

Sanford's rookie organization featured Lloyd Clifton, Vince Mullin, Tom Cataldo, Connie Kayvalis and Rudy Karson as first year men.

Johnny McManus opened the contest by drawing the only free ticket issued by Davis. He moved to second on a roller dumped in front of the plate by Lloyd Clifton, and catcher Ike Seane elected too late to make the out. Vince Mullin struck out and a runner unscathed a wild toss, allowing McManus to tally.

Orlando puffed up steam in the fourth frame, and jammed two markers across the platter. Heinbaugh singled to open the inning. Johnny Garrison doubled and Ty Brazier went out on an infield bouncer. Bevil called out, but Heinbaugh scored and Garrison moved to third on the play. Joe Eton singled Garrison home to end hostilities for the frame.

Sanford added a run in the seventh. Cataldo was hit by a pitched ball, moved to second on a boot by Bevil on a grounder by Karson and scored on a pinch hit single by Buddy Lake, who batter for Eddie Lisiewski.

Orlando continued to pick away and increased their supply by two additional scores in the eighth. Bevil doubled, and scored on a single by Seane. Seane marched across on a two base knock by Rex Throp, Orlando completed their run making by the top of the ninth. Brazier singled, moved to second on a wild pitch by Joe Schultz and scored on a single by Ray Mills, who went in to play second base when Manager Bevil went out of the game, after injuring his right ankle.

Sanford tallied their final run in the ninth. Peipo was safe on a fielders choice, moved to third on a forced out, which nipped Karson at second, and crossed the plate on a single by McManus.

Tomorrow evening the Sanfordites engage the St. Augustine Saints at the local ball orchard in a single contest.

Georgia Youth Is Sensational Prep Moundsman

By CHARLES BARRETT THOMASTON, Ga. May 18 (AP)—This small mid-Georgia town claims baseball's kid sensation of 1948—a high school pitcher who strikes out so many men his fielders pinch themselves to stay awake.

The youngster is Hugh Frank Radcliffe, who recently set a world record by fanning 28 batters in a single nine-inning game. To date Radcliffe has whiffed 140 batters in 54 2/3 innings this year—about 2.5 strikeouts per inning.

He has pitched two no-hitters and two one-hitters in six games. His earned run average is something less than .022 per inning.

As word of these feats spread, baseball scouts are pouring into Thomaston. Talent hunters from at least a dozen major league clubs, and many more from the minors, have watched the 19-year-old operate.

Not since the early days of Bob Feller and Schoolboy Rowe, fans here say, has a kid stirred such a furor. The scouts agree that Radcliffe undoubtedly will get his high school diploma in one hand this June and a fat contract in the other.

They are forbidden, though, from bidding for his services until he graduates.

Around Thomaston, the big event in Radcliffe's record was those 28 strikeouts in nine innings. The opposition was big Lanier High in Macon. Twenty-eight strikeouts, of course, is one more than needed to retire all the batters singlehandedly from the mound. Radcliffe's catcher couldn't handle one of his fast drops and the runner beat it out to first on a third strike.

Only ten batters touched the ball, and seven of the knocks were foul.

That left only three balls tamped within the playing field by Lanier all afternoon. One of these was scored a hit.

The other two men reached first on errors, but nobody blamed the fielders. They had watched Radcliffe pitch for seven innings without handling a ball.

Radcliffe is six-foot, one-and-a-half inches tall and weighs 185 pounds. His coach, J. E. Richards, says the young pitcher is amazingly unimpressed by the praise heaped upon him. Radcliffe re-

Montgomery's Lead Is Cut To 5 Games In Southeastern

By ASSOCIATED PRESS Montgomery's Rebels, after a fast getaway which put them far out front in the Southeastern League race, have only a five-game lead over the rest of the field now.

The Rebels, who held eight and one-half game lead last week, have now lost three straight, marking the first time this year such has happened—and have dropped five of the last six games.

The youngsters are Hugh Frank Radcliffe, who recently set a world record by fanning 28 batters in a single nine-inning game. To date Radcliffe has whiffed 140 batters in 54 2/3 innings this year—about 2.5 strikeouts per inning.

He has pitched two no-hitters and two one-hitters in six games. His earned run average is something less than .022 per inning.

Braves Are Team To Beat In NL Despite Giants, Bums And Cards

By JOE REICHLER Associated Press Sports Writer

They may rave about the wonderful St. Louis Cardinal pitching staff. They may gape in awe at the New York Giants' devastating power. They may admire and envy Brooklyn's depth with its youth and speed. The solid team in the National League however, is the Boston Braves.

Boston is not in first place. The Cards hold that spot and the Giants are second. The Braves are third, but only because they got off to a miserable start. They dropped six of their first seven games.

Since then Boston has won 11 and lost four, the best record by far, in the circuit for the period. Billy Southworth's men haven't lost since May 9.

They open a 14-game home stand tonight, boosting the league's No. 1 pitcher in Bill Vosselle, No. 2 batter in Tommy Holmes, the best fielding percentage of any club in the circuit and a four-game winning streak.

The Braves ended a successful road trip last night by crushing the Dodgers in Brooklyn, 12-3. It marked their fourth straight win over Brooklyn without a setback. It also gave them a record of eight victories in 11 road games.

No team in the league—and that includes the Cardinals—boasts three front line hurlers such as Boston's Johnny Sain, Warren Spahn and Vosselle. This trio has given up only three runs in Boston's last four games.

Another hot club, the Philadelphia Phils, defeated the New York Giants 7-1. The victory moved the Phils up to fourth place, only three percentage points behind the Braves.

Johnny Blatnik paced the Phils' 10-hit attack against Bobo Newcom and three successors. The rookie outfielder, picked up in the draft last fall, cracked three hits in four times up to wrest the league's batting leadership from Boston's Tommy Holmes with a .438 to .435. He has hit safely in nine consecutive games.

Those were the only games scheduled in the major. Today the Philadelphia Athletics, winners of 12 of their last 13 games, invade the West as they attempt to improve upon their game and a half lead in the American League race. They meet the runner-up Cleveland Indians.

The New York Yankees, in third place two and a half games away from the top, take on the Browns in St. Louis. The fourth place Boston Red Sox, boasting a four-game winning streak, clash with the Tigers in Detroit.

The Cardinals, a game and a half ahead of the Giants, tackle the sixth place Dodgers in Brooklyn while the Giants take on last place Cincinnati in New York. Boston is host to Pittsburgh and Philadelphia meets the Cubs at Chicago.

Seminoles Meet All-Stars For Lions Loop Title

By HUGH FULLETON, JR. NEW YORK, May 18 (AP)—Another big blowoff in the pro golf business may take place during the P.G.A. tournament which starts tomorrow at St. Louis.

Some of the boys now are owned by George Schnitzer because he continues tournament play while he's serving as chairman of the PGA tournament committee. One objection is that he money winners have to kick in a percentage of their purses to pay committee expenses, but Schnitzer, traveling for free, won \$50 at Philadelphia last week-end. The solution to this series of squawks, of course, would be to pay a good man to take charge of tournaments and publicity and then cooperate with him, but that won't happen until the golf pros learn to act like professionals.

Joe Bedeth, Penn State baseball coach, has solved the problem of identifying Jimmy and John Dittmar, identical twins on his ballteam, and at the same time he has completed what is probably the only double play made by a baseball coach. Joe merely calls both the boys by their combined first names—"Jimmyjohn."

Walter (Boom Boom) Beck, now part of the age where life begins and serving as manager of the Fort Wayne Generals of the Central League, expects to do a little pitching as soon as the weather gets warmer. Buff Donelli, Boston U. football coach, has six telephones on his desk. Presumably he can say "yes" to a promising athlete on any one of them.

ter until the seven-day suspension limit provided in the league constitution had expired.

Players Alonzo, Mario Perez, Juan Perez, and Tony Vega were suspended for seven days the morning of May 10, he pointed out, and could not have been reinstated under league rules until after games of May 16.

National Assn. rules permit the reinstatement of a suspended player at any time. DeLand officials pointed out, but Fuller contends that league directors are within their right in setting a minimum or maximum date concerning the reinstatement of suspended players.

Fuller asked that the game be thrown out of the records and replayed later. Fuller also questioned the right of National Assn. Pres. George Troutman or Pres. Hurlong to reinstate four Puerto Rican players to the DeLand roster.

Joe Miecz held Charleston to six blows while two Rebel pitchers gave up 12. The Rebels scored up the game and completed their scoring before the home club got its lone run in the eighth. The victory gave a string of three losses for Augusta, and was the third straight loss for the Rebels.

Home runs by Walter Wedmayer, right fielder, in the fifth, and Roy Humberston, centerfielder in the seventh, each with one on base, were deciding blows for Gadsden. Meridian had taken the lead twice, but each of the home runs put the Pilots back in the game. Each team had 11 hits.

Ray Moore, Greenville ace, fanned 10 Columbia batters and gave them only four hits. The Reds made as many errors to contribute to their downfall. The Spinners scored three times in the last of the fifth to take a 4-2 lead and were never headed.

Legal Notice

NOTICE
TO: RAYMOND COLLEGE.
 Defendant's address unknown. You are hereby ordered and required to be and appear upon the 23rd day of June, A. D. 1948, to the bill of complaint filed against you in the Circuit Court of Seminole County, Florida, at Sanford, Florida, by Andrew Hughes Collier being an action for divorce.
 The Sanford Herald is designated as the newspaper in which this order shall be published one each week for four consecutive weeks. WITNESSES: C. P. Herndon, Clerk of said Court and the official seal thereof, this 2nd day of May, A. D. 1948.
 C. P. HERNDON, Clerk
 By E. L. Bardsick, 1st DEPUTY

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT IN AND FOR SEMINOLE COUNTY, FLORIDA.
IN CHANCERY NO. 3881.
Before the Court on the 15th day of May, 1948.
HURDY DEAN THAYER,
 Plaintiff.
vs.
ALLAN BURTON THAYER,
 Defendant.
NOTICE TO APPEAR.
 Defendant: Allan Burton Thayer, 325 4th Street, Manhattan Beach, California. GREETINGS

It appearing from the sworn bill of complaint filed herein that you are a non-resident of the State of Florida; that there is no one within the State of Florida the service of a subpoena upon whom would bind you and that you are over the age of twenty-one years and of legal age at present date of residence in the State of California; that you have been advised by your attorney, E. L. Bardsick, of the filing of this bill of complaint against you for divorce by your wife, Hurdy Dean Thayer, in the Circuit Court of Seminole County, Florida; you are hereby directed and required to appear in person at the Courtroom of the Circuit Court of Seminole County, Florida, on the 23rd day of June, 1948, in answer to bill of complaint filed herein against you, and to file with the Clerk of said Court a copy of your answer thereto. If you fail to appear and file your answer, you will be entered against you, it is ordered that you file your answer to this bill of complaint in the Circuit Court of Seminole County, Florida, on or before the 23rd day of June, 1948, and in default thereof, a decree of divorce will be entered against you. An abbreviated title of the case is given here: Hurdy Dean Thayer vs. Allan Burton Thayer, and the nature of the suit is to obtain a divorce. Witness my hand and seal as Clerk of the Circuit Court of the Ninth Judicial Circuit, in and for Seminole County, State of Florida, this 15th day of May, A. D. 1948.
 C. P. HERNDON,
 Clerk of said Circuit Court

Housewives Urged To Take Advantage Of Tomato Crops

JACKSONVILLE, May 18.—Recent reports of a directors meeting of the New Jersey-Pennsylvania Tomato Growers Association in which a recommendation was made for a general transfer to other crops because of low prices offered for canning tomatoes, lead me to urge that housewives take advantage of Florida's splendid tomato crop now being harvested. Families, with a little effort and forethought, may be filled with sufficient canned tomatoes to carry the family through the year," said William L. Wilson, Director of State Markets. "This applies also to other fresh vegetables, all of which should aid in holding down the high cost of living and in keeping up the best in nutrition for Florida families," said Wilson.

Reports from the various State Farmers' Markets indicate the spring to a close in some sections of the State. C. R. Phillips of the Florida City State Farmers' Market, reports the tomato season is finished there. The weather is hot and weeds are growing fast. "Our season is drawing to a close," states Frank E. Conner, manager of the Wauchula Market. "Sales for the week included 18,809 bushel crates of tomatoes as compared with 20,000 for the preceding week. The season has been good and one of the largest in the market's history. Tomatoes in the Palmetto section are still of good quality and Jack Taylor, Jr., manager of the Palmetto State Farmers' Market, expects the season to last for at least two more weeks if weather conditions remain good.

Manager R. E. Johnson of the Plant City State Farmers' Market reports the past week as the second largest of the season with 98,498 packages of vegetables passing through the market with a gross revenue of \$198,494.70. Peppers and field peas continued to lead in volume with good offerings of green corn, butter beans, baby lima beans, eggplant, snap beans and tomatoes.

A light volume of strawberries continues to move through the Clarke State Farmers' Market with an average price of \$5.00 per crate. Manager R. B. Alton reports that cucumbers moved in light volume during the week. He expects corn and pepper to be available next week, but volume of production will depend upon rain now badly needed in that section.

Volume movement of tomatoes was sharply curtailed by the embargo of perishables and weather conditions in the Fort Pierce area according to reports from M. E. Williams, manager of the Fort Pierce State Farmers' Market. However, he reports the market was stronger as a result of curtailed movement, prices ranging from 10c to \$1.00 higher than the previous week. A volume of 139,651 packages were shipped during the past week for a total revenue of \$524,424.45. Tomato sales accounted for \$523,661.93 of this amount with light offerings of pepper, okra, squash, lima beans and eggplant.

ADDRESSING 1,000 MEMBERS attending the national Young Democrat dinner in Washington, President Truman (left) is shown as he stated: "During the next four years there will be a Democrat in the White House—and you're looking at him." At the right, the Chief Executive is shown a telegram by Sen. J. Howard McGrath (D-R.I.) congratulating him on recognizing the new Jewish state of Israel. (International Soundphoto)

Oil Men Plan Conservation Of U. S. Natural Gas Pools In The Southwest

By HOWARD BLAKESLEE, Associated Press Science Editor, TULSA, Okla., May 18.—If you want to burn natural gas, your supply may have to come from your own part of the country, under a plan for conserving the nation's great natural gas pool in the Southwest.

The plan is one of the things discussed by oil men here for the International Petroleum Exposition that opened today to run through May 22.

The great gas pool is Texas, Oklahoma, and Kansas. Louisiana's large gas resources also have been considered as part of the plan.

There are plans to pipe gas from both these areas to the East, and possibly to other sections. The argument against it is that too much withdrawal to other sections may mean economic ruin for the Southwest. On the other side is a legal question of the rights of the nation to a great natural resource.

Explaining the proposed restrictions is a report circulated here today, made by Joseph Ross, of Dallas, Tex., to the Dallas Bar Association.

He says that the Southwest has no coal, and no great water-power. "Natural gas," he says, "is the Southwest's only low cost industrial fuel. Without it, most of the other resources are worthless, for without natural gas these resources cannot be used."

"Not to regulate natural gas is to discriminate against the whole economic structure of the Southwest. Lack of regulation affords unequal protection to the Southwestern manufacturer, who has no other competitive fuel available, and so unequal protection to the masses of the laboring people, who would have potentially additional sources of employment."

"The chief use of natural gas piped out of this area is for heat and fuel. But these other regions have one thousand times the fuel value in their coal reserves that the Southwest has in its natural gas."

Natural gas resources, he says, are limited. The benefits to other regions, he adds, may be short-lived because of exhaustion of the

WASHINGTON LETTER

By JANE EADS

WASHINGTON — The friends who beat a path to the office of Leslie Biffle in the Capitol are often treated to a swig of "Biffle's Private Stock."

The staff director of the Senate Democratic Policy Committee and former Secretary of the Senate is no teetotaler. He is a favorite figure at social affairs around town.

But this "private stock" is nothing more than tomato juice. It's a special, though, because Mr. Biffle is an imaginative purveyor over the kitchen stove. He likes to cook. Makes up recipes. He says he began experimenting with tomato juice three years ago and came up with a new concoction.

"I am very fond of tomato juice," he says. "I drink lots of it." He began adding things to it... like Worcestershire sauce, herbs, vegetables. After he added about 10 different vegetables, he smacked his lips and allowed as how he was through.

Mr. Biffle is a man who is noted for keeping confidence. He would no more give away the secret for his tomato drink, than he would reveal the things that then it seems to me that the broad national interest requires that we adopt a policy of conservation.

He elicits a federal power commission ruling in 1945 in the case of the Northern Natural Gas Company that gas may not be piped into an area for boiler fuel, where ample supplies of coal are available for the same purpose.

Ten Champions Seek To Repeat National Open Golf Victories

NEW YORK, May 18 (AP)—Ten Champions—ranging from present titleholder Lew Worsham to amateur Charles (Chick) Evans, Jr., who prevailed 32 years ago—will seek to repeat in the National Open Golf Tournament at Los Angeles next month.

They are listed in the recent field of 1,140 who filed entry for the event at the swank Riviera Country Club June 10-12.

Other past champions entered are Gene Sarazen (1922-23), Tommy Armour (1927), Olin Dutra (1934), Tony Manero (1936), Ralph Guldahl (1937-38), Lawson Little (1940), Craig Wood (1941) and Lloyd Mangrum (1946). Evans, still a crack golfer, won in 1916.

These specialists are exempt from qualifying together with 19 players who finished in the first twenty last year behind Worsham: National Amateur Champion Robert H. (Babe) Riegel and the best professional, Willie Hunter, former British Amateur King.

The other 140 places in the 171-man field will be determined in 29 sectional qualifying tests.

BARNETT DIES
JACKSONVILLE, May 18 (AP)—Don M. Barnett, 55, vice chairman of the Barnett National Bank's board of directors and member of a prominent Florida banking family, died at his home last night.

Tallahassee Pirates Regain G-F Lead

(By ASSOCIATED PRESS)

Tallahassee's Pirates are back on top of the Georgia-Florida League again today, a position they have shared off and on with Thomasville since Apr. 22.

The Pirates beat Americus last night, 12-7, while Thomasville was splitting a twin bill with Moultrie, 2-3, and 5-1. The victory for the Tigers in the nightcap broke a three-game losing streak. Moultrie had the best of the hitting in both games, 7 to 4, and 8 to 6.

In other games, Waycross ended Cordele's five-game winning streak with a 21-10 decision, and Valdosta whipped Albany, 7-1, dropping the Cardinals out of the first division again.

The loss for Americus was the 20th suffered by the Phils in 31 games and ended their three-game losing streak which had begun after they had dropped eleven straight contests.

In the first game at Thomasville, Rhyme held the Pirates to four hits, and scoreless until the last frame of the seven-inning affair. In the nightcap, Moultrie used three hurlers while Curtis went all the way for the Tigers, who scored half their runs in the second inning and the other four in the fourth.

At Tallahassee, the Pirates had 16 hits and broke a 5-5 tie with seven runs in the seventh inning. Americus had 13 hits.

Mero Commended In Church Board Letter

A letter of appreciation and commendation for efforts to curb illegal gambling in Sanford and Seminole County was today received by Sheriff Percy Mero from the official Board of the First Methodist Church of Sanford. M. R. Strickland, chairman of the Board and by Miss Mabel Chapman, secretary.

"We, the official Board of the Methodist Church of Sanford, Florida," the letter read, "met in regular session, and after due deliberation voted unanimously to send you this word of commendation. We appreciate and commend you most heartily for your efforts to curb illegal gambling in our city and county. We wish further to assure you of our hearty cooperation to enforce law and order in our county."

Marshall Hits At Stalin On Peace Parley

Secretary Says Each Point Listed Has Been Under Debate In UN For Months

WASHINGTON, May 19 (AP)—Secretary of State Marshall today challenged Premier Stalin to prove the sincerity of his widely advertised desire to settle the critical differences between the United States and the Soviet Union.

The way to do it, Marshall declared, is for the Soviet government to begin taking constructive and remedial action in the areas of the world, such as Germany and Korea, and the international bodies, such as the United Nations, where the disputes have been raging for two to three years.

Marshall expressed his views at a news conference. He took the same line he had followed a week ago when he ruled out direct negotiations between the United States and Russia on issues in which other nations are interested.

Today, in response to reporters' questions about Premier Stalin's latest statement, Marshall was terse, almost brusque.

At one point he was reminded that President Truman had several times said he would be glad to see Premier Stalin if Stalin came to Washington. The reporter asked whether Marshall would be glad to see Foreign Minister Molotov if he came here.

Marshall retorted sharply that he would certainly see him if he did not say that he would "be glad" and the question brought a burst of laughter from newsmen. Marshall grinned but did not change his comment.

There seemed to be no doubt from the trend of his answers that, as some of his advisers privately suggest, he considers the question of Stalin's visit.

South Carolina Ire Rises At Demo Meet To Oppose Truman

COLUMBIA, S. C., May 19 (AP)—An angered South Carolina Democratic town to break with President Truman.

Nearly 1,000 party members from this overwhelmingly Democratic state gave a thunderous applause to an address by Governor George Waller, a state senator, that "we owe no allegiance" to national party leaders.

"They have deserted us," he shouted.

Decriing President Truman's Civil Rights Program, Waller said: "All the laws of Congress, all the executive actions of the Truman secret police system, and all the bayonets of the Army cannot force the negro into our schools, our churches and our homes."

Waller advocated selection of National Convention delegates and electoral college nominees on national and local level.

Guernsey Honored At Rotary Meet In Rio

RIO DE JANEIRO May 19 (AP)—S. Kendrick Guernsey of Jacksonville, retiring president of the International Rotary Club, was honored last night at a reception.

Angus Mitchell of Melbourne, Australia, was elected his successor. Richard E. Vernon of Chicago was re-elected treasurer.

Some 710 delegates were registered, making the convention the largest Rotary convention ever held outside the United States.

Oregon's G O P Presidential Race Becomes Heated As Primary Nears

PORTLAND, Ore., May 19 (AP)—Oregon's presidential primary today flared to white heat as Harold E. Stassen and Governor Thomas E. Dewey loosed their final salvos in the battle for Friday's Republican ballots.

Both candidates are on their campaign trails again today. Stassen is barnstorming by airplane to Oregon coastal towns, while Dewey is swung by bus through the thriving Willamette Valley.

Each has a busy schedule until election eve.

The Minnesota charge that he faces a Dewey-Taft combination in this far West test was quickly labeled a "pipe dream" by Governor Dewey.

Stassen said publicly for the first time last night that "it is apparent that we (Stassen forces) face a combination of opposition." He named Senator Taft of Ohio as a member of the combine and said it was formed after the Nebraska primary. He added: "It has directed its full force on this Oregon primary." He spoke at Roseburg in Southern Oregon.

Dewey's answer was made to reporters at St. Helens, where he appeared last night. Later, the New Yorker's secretary, Paul E. Lockwood, issued a statement in which he said Stassen's charge was "an alibi in advance of his defeat."

In another of his talks yesterday, Governor Dewey injected the issue of the Stalin-Waller "peace" exchange into his campaigning. Dewey declared that "all the free nations of the world" must be included in any consultations between the United States and Russia.

"We must not start private negotiations leaving any of the other free nations outside," he said in his extemporaneous comment.

"We mustn't, for example, allow the new note written by Mr. (Continued on Page Two)

Voting Machines Sought By Demo Group Of County

A decision to ask the County Commission to install voting machines in Seminole County, and a resolution condemning the "slow count" in certain election precincts were agreed upon at a meeting of the Seminole County Democratic Executive Committee at the Court House last night, it was announced today by Secretary Andrew Carraway.

Chairman J. H. Lee presided over the meeting and named Mr. Carraway, Mrs. Roy Tills, Mrs. R. A. Goodspeed, Mrs. Mayme Hodgkins, Mrs. J. W. Coates, Mrs. Helen Alderman, Mrs. J. H. Menick, Mrs. R. L. Howell, Mrs. Mildred Ketchum, John Fox, Martin Stanko and C. A. Wales as a committee to meet with the County Commission with regard to voting machines.

All officers were re-elected for a two year term as follows: J. H. Lee, chairman; Mrs. R. A. Goodspeed, vice chairman; and Andrew Carraway, secretary-treasurer. The following nominations were made to fill vacancies on the executive committee: Mrs. Mildred Kasper, Mrs. Sara Meis Williams, Dan Harris and W. L. Sieg.

The resolution on the so-called "slow count" recited that any practice which through negligence, indifference to the public and a threat to free elections, and that in the last primary numerous precinct officials were guilty of being dilatory in the counting of ballots.

The resolution went on to "condemn as inexcusable any practice which throws suspicion on the honesty of our polls and the ballot and specifically condemns the delay of some precinct election officials in counting the ballots and carrying out their own duties."

Those present were: Mrs. Roy Tills, Mrs. R. A. Goodspeed, Mrs. Mayme Hodgkins, Mrs. Gertrude T. Fox, Mrs. H. W. Coates, Mrs. Helen Alderman, Mrs. Anna P. Menick, Mrs. R. L. Howell, Mrs. J. C. Howell, Mrs. Martin Stanko. (Continued on Page Two)

Doctor Reports Amazing Relief Of Backache By Nose Treatment

By ALTON L. BLAKESLEE
Associated Press Health Reporter

NEW YORK, May 19 (AP)—Some backaches can be cured just by "painting" behind the nose to put certain nerves to sleep, Dr. J. Lewis Amster said today.

The painting consists of applying a local anesthetic to a little cluster of nerve cells on the wall of one of the sinuses. It is done through the nose with a long swab. The anesthetic puts these nerves to sleep, and blocks their normal impulses.

The treatment has been effective in relieving some cases of low back pains, of the kind that seem to have no physical reason, Dr. Amster told the New York State Medical Society.

The New York City physician reported some success also against a few cases of migraine headaches, painful shoulder spasms, persistent hiccoughing, stiff necks and shingles—a painful nerve disease.

But why the treatment works is a mystery. The spot anesthetic consists of sympathetic nerve cells that have no apparent connection with nerves in the low back and shingles. The relief might be due to some kind of reflex action or to psychic reasons, Dr. Amster said.

The treatment has been known for some time. Dr. Amster became interested three years ago when it was used on him. For 35 years he had had a recurrent low back pain with attacks once a year. The nerve treatment abolished the pain in 30 minutes, he said, and it hasn't returned.

"Since then he has tried it on 100 patients, he said, "with relief of pain and spasms noted in about 90 per cent of these cases. In the remaining 10 per cent, some underlying organic condition was apparently responsible" for the pain. (Continued on Page Two)

Talks On New Coal Contract Fall Through

2 Day Old Meet Erupts Over Question Of Southern Operators' Right To Take Part

WASHINGTON, May 19 (AP)—Negotiations on a new soft coal wage contract collapsed today and Southern mine owners promptly charged John L. Lewis with unfair labor practices.

The two-day-old talks broke up over the right of the Southern Coal Producers Association to take part. Lewis and his United Mine Workers balked at seating Joseph E. Moody, the association's president.

The producers' group immediately asked the National Labor Relations Board to get a court order to force Lewis to bargain.

The petition, accusing Lewis of unfair labor practices, for alleged refusal to talk with the Southern group, went to NLRB general Counsel Robert M. Denham.

Moody, speaking for the association, told Denham the "urgency of the situation is manifest." He continued "the union's refusal to comply with the requirements of the labor management relations act (Taft-Hartley) endangers the negotiations for a new contract upon the expiration of the present bituminous coal wage agreement."

"Only prompt and effective intervention of your office can secure to the Southern Coal Producers Association its rights under the Labor Management Relations Act."

The petition also was filed with the Baltimore regional office of NLRB. A similar complaint (Continued on Page Six)

South's Education Plan Said Possible Without Solons' OK

JACKSONVILLE, May 19 (AP)—Governor Sid McRae today said the "real objectives" of the Southern Regional education plan can be attained without congressional approval.

The U. S. Senate last week shelved a bill authorizing the Southern states to set up cooperative regional colleges.

"The Southern states, with or without congressional approval, so far as is possible within the law, should pool their resources and build a finer system of higher education," he told an audience at the Jacksonville Women's Club.

"We must find ways and means to work out relationships between the states looking toward worthwhile cooperation in the use of existing facilities and the provision of new advantages," he said.

"This course, while not as effective as the compact method, will result in a greatly stepped-up scope and quality of education at far less expense than would be necessary if the several states individually attempted to supply the need."

Caldwell is chairman of the 14-state group planning a system of cooperative colleges for specialized and professional training for white and negro students.

The governor declared it "important to the South that the educational facilities for the negro be improved and that the members of that race be given the best there is in education under the circumstances and environment inherent in this section of the country."

Legion Votes To Join Veterans Council

Campbell-Lossing Post No. 53 at its meeting Monday evening voted to join the Seminole County Veterans Council, and named John Saul and John L. Galloway as representatives. James A. Wright presided for the first time as post commander.

House Defeats Plan To Alter Anti-Red Bill

Voice Vote Downs Proposal To Eliminate Definition Of Communist Front Group

WASHINGTON, May 19 (AP)—The House refused today to strike from its anti-Communist bill a provision which some members said might require Henry Wallace's third party to register as a Communist front organization.

By voice vote, it turned down a proposal by Rep. Muller (D-NY) to eliminate the Mundt-Nixon bill's definition of "Communist Front organization."

Muller argued the definition was so broad it could be interpreted to mean the Wallace Third Party.

His claim was disputed by Rep. Nixon (R-Calif.), co-author of the bill. Nixon insisted that the wording was purposely phrased to exclude political parties.

Specifically exempt in the bill are organizations "having substantially all the ordinary and usual characteristics of a political party."

That bill Nixon is clear enough. The bill would require Communist front groups to register (Continued on Page Six)

Mero, Hickson Are Invited To Speak At Jaycee Meeting

Sheriff P. A. Mero, and his opponent, Jack Hickson, have been invited by the Junior Chamber of Commerce to attend the luncheon at the Tourist Center tomorrow, and at 12:30 o'clock present arguments in behalf of their candidates for office of sheriff of Seminole County, subject to the second primary election next Tuesday.

The talks will be broadcast over Station WTRB.

Jack Hickson is chairman for the committee which invited the candidates to speak. The committee includes Raymond Kader, George Tucker, Alvin Gilliam and J. Halley Gilham. Each candidate will be allowed 10 minutes to speak.

The invitation to the candidates is as follows:

"The Seminole County Junior Chamber of Commerce invites you to be their guest again at lunch, 12:30 o'clock, at the Tourist Center of Florida, May 20th, and present arguments in behalf of your candidacy for the office of Sheriff of Seminole County."

"Along with most citizens in the county, we are intensely interested in the contest for the office. We feel that the conscientious citizen will decide to vote for the candidate who: First shows the most thorough understanding of the laws of the state and county which will be called upon to enforce in administration; Second, demonstrates by past experience and other proof of his ability to give an impartial, fair and conscientious administration and enforce the law; and Third, will administer those laws without exception, honestly and to the utmost limits of his ability. We urge that you dwell on each of these topics in your talk."

"We note that each of you have (Continued on Page Six)

Panama's President Leads In Balloting

PANAMA, Panama May 19 (AP)—Arnulfo Arias Madrid clung to a scant 223-vote lead today in Panama's presidential race.

With returns from 340 of the country's 576 precincts counted, the former president had 44,940 votes to 44,717 for Domingo Diaz Arosemena, a former vice president and candidate of the Liberal (government) Party. The voting took place 10 days ago and counting has been proceeding slowly ever since.

Arias' nephew, Antonio M. Arias, warned in the Panama American that a civil war might result if his uncle is kept from the presidential chair in October. The article claimed Arias' election was assured. The paper is owned by Arias' father and brother.

Heavy Battle Rages Between Arabs, Jews In City Of Jerusalem

State Roads, Tax Scored By Warren In Campaign Talk

Says Citizens Are Being Short-Changed In Road Building

The people of Florida pay the highest gasoline tax in the country with the exception of Louisiana and Tennessee and have the poorest system of roads of any state in the south. Fuller Warren told a large audience that gathered last evening after a cooling shower at First Street and Magnolia Avenue to hear him again outline his policies and platform to his campaign for governor.

"There are some mighty shabby roads in Seminole County," said Warren, who spoke in Ovidio and Longwood yesterday, "but not as shabby as Volusia county, they are the real champions." He termed the Deland-New Smyrna road the worst this side of Africa.

"The people of Florida have been getting short-changed on the roads of the state," he charged, and pointed out where the State Road Department had paid \$400,000 for 10 miles of road near Marianna, an average of \$40,000 a mile and not long ago in Duval county spent \$25,000 for two miles of road.

He blamed the shoulders of the Sanford-Orlando road as dangerous and pointed out that the price of automobile traveling at more than 25 miles an hour runs off the pavement, it is liable to turn over.

I. Bellhassse, he declared, one asphalt broker during the past three years, handled 90 to 95 per cent of the asphalt brought into the state. Most of the roads are now being built with asphalt, he said, and termed the material "slimy and crummy."

He told of a road in Orange county, beginning to give away after a year and a half, also told of a road resurfaced between Silver Springs and Ft. Mealy that is now giving away and pointed out that the price of asphalt had gone up 100 percent.

He revealed that a West Florida road contractor has charge of the mixers for the asphalt (Continued on Page Six)

Minister Rapped For Turner-Topping Fete

LOS ANGELES, May 19 (AP)—The Rev. Stewart P. MacLennan says he "was the victim of an unwitting mistake" in officiating at the marriage of Lana Turner and Henry (Bobby) Topping last April 29.

"I was unaware that I had breached any rules," the retired pastor of the Hollywood Presbyterian Church said last night in announcing he would stand as his own accuser at a hearing of the council.

This procedure, an official of the Los Angeles Presbytery said, will eliminate trial by a judicial commission of ministers and laymen and require only commission deliberation on what form of censure, if any, is to be rendered.

FISH STORY

SANTA CRUZ, Calif., May 19 (AP)—Herbert F. Reusch and Renaldo Hatto discovered a 168-pound, smooth-skinned fish in shallow water here.

They caught it with their hands.

Today they learned it was a rag fish—a type rarely found in coastal waters. The California Academy of Science, San Francisco, said only one is known to have been found in this area before, some 10 years ago.

AMG Bans Soviet Publications In American Zones

Action Is Reprisal For Red's Seizure Of U.S. Publications

BERLIN, May 19 (AP)—The American Military Government banned today the import into the U.S. zone of all publications authorized by Russia.

The action was a reprisal for interference with the distribution of U.S. controlled publications in the Soviet zone of Germany.

Col. Gordon E. Textor, director of the Information Control Division, said the prohibition will remain in force until Soviet authorities gave assurance of reciprocal treatment in the interzonal exchange of publications.

The order does not apply to Berlin newspapers and other publications of the four zones are old here under rules of the Allied Commandants.

Textor said the Russians had consistently violated the 1947 four-power agreement for free exchange of information throughout Germany. He said the U.S. never had interfered before with free circulation in the U.S. zone of material published under Russian supervision.

"The U.S. military government has documentary proof of the seizure of hundreds of thousands of U.S. authorized publications in the Soviet zone, and we know that a great many more seizures have occurred in the Eastern German area," he said.

Textor said 13 letters of protest have been sent to the Russians on the subject in the last two months. None has been acknowledged.

Soil Conservation Supervisors Named

Five supervisors for the Seminole County Soil Conservation District were named Monday by Governor C. R. Dawson, county seat, announced today following official canvass of the balloting.

Named to the board were: R. E. Cooper, Sanford, 93 votes; G. A. Wales, Longwood, 92; T. L. Longwood, 81 and Tom McLean, Geneva, 82.

Others who competed in the balloting, announced today following number of votes: Paul Bates, 41; J. J. Holly, 22; M. T. Bryant, 21; John Hensley, 14; Leo Butler, 12; Lee Garry, 47; V. M. Greene, 41; A. K. Johnson, 20; F. T. Merritt, 28 and W. C. Richards, 23. Voting took place at Chuluota, Ovidio, Geneva, Longwood and Sanford.

STAMP STAMPED

ELIZABETH, N. J., May 19 (AP)—One-cent stamps were being sold on a rationed basis at the local post office today after the word got around about some quick 400 per cent returns on each penny purchase.

Bundled with some 50,000 old 1916 issue stamps ordered by a special postmaster many years ago but never called for, postmaster John P. Leonard put them on sale finally when he found they would fit a newly installed vending machine.

100 Haganah Soldiers Said Near Surrender As Abdullah's Legion Shells City

LAKE SUCCESS, May 19 (AP)—The United States was reported determined today to press for firm United Nations action in warring Palestine.

The Russian-supported American maneuver faced almost certain defeat, however, informed quarters reported British and China would join a move to water down a U. S. stop-war resolution pending in the Security Council.

CAIRO, May 19 (AP)—Both Jewish and Arab sources reported a heavy battle raging today for the old city of Jerusalem.

From inside the old city Associated Press correspondent Daniel De Luce reported Arab forces had driven more than half way through the Jewish quarter behind strong artillery fire.

Jewish headquarters in Tel Aviv said Israeli troops smashed through the Arab-held Zion gate to the old city and linked up with Jewish defenders in heavy fighting.

De Luce said that about 400 soldiers of Haganah and Irgun Zvai Leumi in the old city were reported on the verge of surrender. Guns of King Abdullah's Trans-Jordan Arab Legion pounded Haganah positions in other (Continued on Page Three)

Senate Group Asks An ERP Action To Centralize Armies

WASHINGTON, May 19 (AP)—The Senate Foreign Relations Committee was reported to have voted today to require any alliance of Western European nations that expects armed aid from the United States to centralize its military command.

Senator Lodge (R-Mass.) told a reporter this would be one of the effects of the adoption of an amendment to the Vandenberg resolution requiring such nations to maintain "continuing and effective" self help.

Chairman Vandenberg (R-Mich.) told a reporter the action was a result of committee approval of the measure during the day. He declined to talk about action taken behind closed committee doors.

Lodge also produced early approval of the resolution. He said there had been no opposition to its principle of putting the Senate on record in support of possible American action to back regional defense alliances under the United Nations of Western European and other countries.

New Sewing Machine Upholstery Shop Opens

The Sewing Machine Co. and the Upholstery Co. have located at 115 West First Street, opposite the Post Office Tower, and had their formal opening yesterday.

The store room and front have been redecorated. Bert Cousser, who for 28 years was connected with the Singer Sewing Machine Company, occupies the west side of the store with display space in the front and complete equipment for repairing, rebuilding all types of sewing machines, or adding electric motors for operation.

Andrew Sabo, who had 22 years of upholstery work in Akron, Ohio factories, occupies the east side of the store, with the repair shop in the rear. He has been in upholstery work in Sanford for two years.

Mr. Cousser located his sewing machine shop at 115 French Avenue two years ago, and since that time his business has grown considerably, he said yesterday. He still handles the Singer line of sewing machines.

The two men are co-operating in the sale of vacation blends, and plan to add new and exciting furniture to their stock. The new store has telephone connections and has trucks for delivery and transport of merchandise.

ORCHESTRA PRACTICE

Musicians in the city are invited by George Fellows, director of the Sanford Concert Orchestra, to attend practices Monday evenings at 8:00 o'clock in the music room at the west end of the Sanford Grammar School.
