

Lake Mary News

By ETTIE JANE KEOGH
Mrs. A. B. Ayers returned home this week following a visit in Statesboro, N. C. visiting relatives.

It seemed nice to see Mr. and Mrs. Shelden Sunday. The Sheldens had a home in Lake Mary but now have a home on 17-82. They have spent this summer with their family in New England.

Mr. and Mrs. Frank Evans will be home soon. They too have spent a vacation in New England, and New York with their children.

Mr. and Mrs. Albert Southard arrived last week from Ohio. They have a little home on Crystal Lake Ave. We know fall is here when the winter residents begin to arrive.

The ladies of the Seventh Day Adventist Church in Sanford surprised Mrs. Harold Sanders last week with a surprise birthday party. The ladies brought punch and brownies and everyone had a delightful time.

The executive board of the P.T.A. met Monday at the school. The two main topics under discussion were the coming school bond election and the Nov. 1 carnival. Each home room mother will be given a list of the fresh ideas in Lake Mary to call on and to explain the bond issue. This bond issue is important to our school so please, please listen to these ladies and read your paper for all the information you can gather then VOTE in our school auditorium as we have the lunchroom, sick bay and the library. We need more room to remember the November election. The carnival with chairman Morris Steiner and Treasurer L. Lane will be the evening of Nov. 1 (Friday) at the school. As soon as they have a complete list of booths and concessions we'll publish it. A representative from the school board will be on hand at the P.T.A. meeting this month to explain the bond issue. This meeting will be Thursday, Oct. 17 at 8 p. m.

The men of the Community Presbyterian Church are asked to meet at the church at 2 p. m. Saturday to clean the yard. So bring your lawn mowers, rakes and other yard tools and have an afternoon of work and fellowship.

Sunday was such a beautiful day. The Rev. and Mrs. Alexander Linn and Mr. and Mrs. H. M. Gleason were our guests for Sunday dinner which we served on the porch. It was too pretty to eat inside.

Sunday afternoon the Rev. Alexander Linn called a meeting of the members of the Presbyterian Church. The lots of various new boys were discussed and the plans for the near future were made. Work will continue in the office.

THE OLD HOME TOWN By STANLEY

Big Land Sale Is Made By Manatee County Company

MIAMI — A realty corporation has announced the largest land sale ever to be completed in Manatee County by a single firm— \$1,000,000.

Florida, Inc. of Palm Beach, Orlando and Miami announced the sale involving coastal land in Manatee.

Samuel B. Friedland, president of Food Fair, Inc., of Miami sold

1,200 acres for approximately \$2,400,000 to New York financier Nathan Nadel. As a part of the same deal, Nadel sold 375 acres of a coastal tract to Scott Register, Bradenton attorney, for approximately \$1,000,000.

Register was reported to be ready to develop his portion of the land. A new bridge linking the properties to the beaches is planned.

When a fence starts driving, it is required immediately, or hard-water mineral deposits may settle on the lawn.

BREAKING THE ICE
CINCINNATI — Ten delegates to a national nursery education conference had a chance to get well acquainted here Thursday. They were stranded for half an hour in an elevator shaft when an overheated motor short-circuited. The life squad used a ladder to lead them to safety.

A damp sponge near the kitchen sink may cause many accidents. Be sure to wipe up of spills on the stove before they bake on.

REGISTRATION NOTICE

The Registration Books of the City of Sanford, Florida, are open at the City Hall, commencing Monday, September 16, 1957, for the purpose of registering for the Municipal General Election to be held on November 5, 1957, and will remain open each day except Sundays and holidays, up to and including Friday, October 25, 1957.

Only those who have reached the age of 21 during the past year or who have acquired a legal voting residence in Sanford are required to register.

All others previously registered since December 1, 1950, are already qualified to vote and do not have to re-register unless they moved from Sanford during said period.

H. N. SAYER
CITY REGISTRATION OFFICER

MRS. JULIA LOVINGER displays a large portrait of her son, Merrill, 24, as she pleads in Boston with the Governor's Council to deny a petition to commute the death sentence of her son's three convicted slayers. Lovinger, an attorney, was the victim of a hold-up-slaying in Newton, Mass., Feb. 8, 1953. The Council decided that one was to get the chair and the others life sentences.

... because they went to their doctors in time

Many thousands of Americans are being cured of cancer every year. More and more people are going to their doctors in time.

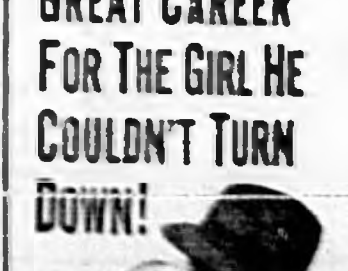

But the tragic fact, our doctors tell us, is that more than one-third of our people die of cancer every year. Many more could be saved.

For the facts of life about cancer, call the American Cancer Society office nearest you or write to "Cancer" in care of your local Post Office.

Report Shows 1,080 Near-Collisions Of Airplanes

WASHINGTON — At least 1,080 near-collisions of aircraft were reported in the clogged airways over the nation during a 10-month period ending last June, government records show.

Approximately 13,000 persons were aboard planes involved in the near-collisions.

Civil Aeronautics Board officials said that the figures probably should be much higher because some cases were not reported.

Near-collision reports are based on voluntary reports from pilots involved. CAB officials said there "undoubtedly are many such near crashes not reported."

Slightly more than half the crashes from September 1946 to June 1957 involved military planes. The rest involved civilian, business and commercial aircraft.

Most of the near-collisions occurred around big cities. Leading the list were New York, Washington, Los Angeles and San Francisco. Close behind were Seattle, Jacksonville, Fla., Philadelphia, Oklahoma City and San Diego, Calif.

To set the figures in perspective, the officials noted there are about 4,000 flights daily by scheduled airlines alone. He said the number of flights by all planes—unscheduled, military, civil and business—would be "nearly double" that.

Scientific Progress Tends To Accelerate After Breakthrough

EDITORS NOTE: United Press Staff Correspondent Robert Muesel attended the Barcelona Congress of World Astronauts last week. In the following dispatch he reports on the changes affecting mankind growing out of the scientific knowledge amassed by these "space-men."

United Press Staff Correspondent BARCELONA, Spain — Once again mankind, as the poet said, is standing with reluctant feet where the brook and river meet. On the one side there is the placid stream that represents the world we know, the world we have learned to live with in spite of its alarms and uncertainties. On the other is the turbulent torrent and perhaps frightening vistas which began to become apparent last week at the international Congress of Astronauts here.

It is no use lamenting the age of aviation which was beginning to fit like a comfortable old shoe. It will be with us for quite a while anyway. But in the wings, impatient for the center of the stage, is the age of space. Nothing can stop it. This was pulled a lever that sent a mighty monster towards the heavens ten days ago.

In six minutes its growing satellite had reached an orbit. The world could never be the same again.

Dreamers Of Space
All last week I wandered, notebook open, among some 800 astronauts. These were the men we viewed indulgently—even though they and scientists—as the dreamers of space fiction. Suddenly the dreams were possible. And suddenly many of them were of strategic importance.

A scientist explaining a futuristic project for transporting troops in rockets using "inertial navigation"—so the enemy could not track their coming—excused himself to take a transatlantic flight.

He returned with his lips sealed. Mankind has another chance in the age of space not to underestimate itself.

It is a notorious fact that predictions always run behind actual events. British delegate Val Cleaver said he had made a study of how wrong we were about aviation.

Doubted Air Travel
The Wright Brothers, sworn airplanes could have no other use than to sport. Lord Kelvin refused to join the Royal Aero Club in the 1890's because he refused to believe heavier-than-air craft could ever amount to anything. Only 27 years ago flying pioneer Sir Denistoun Burney decided we would have to leave commercial long distance aviation to the fables.

Andrew Haley, new president of the astronomical federation, pointed out that in 1928 when uranium 235 was discovered scientists estimated it would be the year 2,000 before we had atomic energy. The A-bomb was dropped in 1945. So it is bound to be with the age of space. Astronauts who know this, cushion their predictions.

That scientific progress tends to accelerate once there has been a breakthrough.

Weather
Considerable cloudiness through Wednesday with scattered showers.

Egyptian Troops Sent To Aid Syria If Needed

By WALTER LOGAN
United Press Staff Correspondent

An official spokesman for the joint Egyptian-Syrian military command said today Egypt sent heavy armor and Soviet-built jets to Syria primarily "to participate in any war operations with the Syrian army."

The statement coincided with a stepped up propaganda campaign by Moscow accusing the United States of pressuring Turkey into "provocative" actions against Syria and Turkish warnings that it would defend its territory.

The Egyptian-Syrian spokesman in an interview with the Cairo newspaper El Akhbar, said the Egyptian expeditionary corps was made up of "striking forces ready to carry out large scale military operations."

He said they included heavy Syrian tanks, armored cars, artillery units and Soviet-built warplanes.

No War of Nerves
"The dispatch of Egyptian troops to Syria was not a military maneuver, display nor was it intended as a war of nerves against any countrilists," the spokesman said. "It was provocations against Syria and countries."

Immediate coordination with the Syrian army in blocking any aggression.

New blasts against Turkey and an obvious attempt to make the United States come from Mos-attack Syria." It brought up previous charges of a U. S. "plot" to subvert the Syrian government.

A Moscow radio said the "imperialist" and accused the United States of war of nerves against any countrilists" were pushing Turkey into trying to intimidate the Arab try," the spokesman said. "It was provocations against Syria and countries."

Volunteer Firemen Urged To Attend Tonight's Session

"Tonight's meeting is important," said president Ed Zimmerman today as he urged members of the Lake Mary Volunteer Fire Department to attend the regular monthly session tonight.

The meeting will get underway at 8 o'clock at the Lake Mary school house. Important business will be discussed and also members made for the forthcoming election of new officers which will be held in December.

"All members," said president Zimmerman, "should bear in mind that nomination for officers must be made one month prior to balloting which will take place in December."

Another New Industry To Locate Here Soon

Another new industry will begin construction in Sanford in the immediate future. Carl Williams, local agent for Cities Service Oil Company said this morning.

Williams said that through extended negotiations between officials of several large industries, Sanford was selected for the site for an Allied Chemical and Dye Company processing and blending plant for Florida.

Officials negotiating for the site location were of the Orange State Oil Company of Miami, Arkansas Fuel Oil Company of Shreveport, La., Cities Service Company of New York and Allied Chemical and Dye Company of New York.

Local city officials including Mayor David Gatchel, City Manager Warren E. Knowles and City Attorney William C. Hutchison were also involved in the negotiations to locate the huge industry here.

Deciding factors in locating the processing and blending plant here were water and rail transportation facilities. The plant will be situated between Myrtle and Elm Avenues, North.

A permit to start construction at the selected site has already been issued by the City Building Department.

'Peanut Bowl' Game Slated For Dec. 13

The annual Sanford Grammar School "Peanut Bowl" will be played on Dec. 13 this year. L. C. Hoop, Jr., General Chairman of the event, announced.

"Because of conflicting events the date for the annual Peanut Bowl was changed," L. C. Hoop explained.

However, said Hoop, we expect to have one of the most exciting Peanut Bowl contests Sanford has ever seen.

Fathers of the fifth and sixth grade students are going to compete for top honors when the Lions (5th grade fathers) and the Tigers (6th grade fathers) clash in a tough football melee that's expected to create laughs as well as excitement.

"Some of the team members are alumni of Sanford Grammar School and we know that there's some competition brewing that will enable any top ten football eleven in the circuit," Hoop said today.

Plans are going forward for the event with committees meeting regularly for ticket sales, publicity, and planning.

'History Of Savage Sons Of Sanford' Heard By Rotarians

Sanford Rotarians, at their regular weekly meeting yesterday at the yacht club, heard a history of "The Savage Sons of Sanford" and saw scenes in color and in black and white of carrier landings of planes based at Sanford Naval Air Station. Lt. Cmdr. H. W. (Doc) Linker of Heavy Attack Wing One told of the origin of the outfit of which he is a member, of its training program and of some of its accomplishments. He was introduced by W. M. (Alvin) Phillips, program chairman for the occasion.

Cdr. Linker told the Sanford Rotary Club of the beginning of the Heavy Attack program within the Navy. "Heavy Attack Squadron Five is actually the granddaddy of the entire Heavy Attack program."

(Continued on Page 3)

NAS Officers Endorse United Fund Campaign

Captain L. A. Arthur, Commanding Officer, U. S. Naval Air Station Sanford and Captain J. R. Reilly, Commander, Heavy Attack Wing One, in a joint statement issued to the press, wholeheartedly endorsed the United Fund Campaign of Seminole County as an outstanding community project. The efforts exhibited by Fleet, Station, and Civilian personnel at NAS Sanford in behalf of the Drive, indicate keen interest in a worthy campaign.

The United Fund Campaign received a substantial lift this morning by the addition of the following contributions of \$25 or more, as announced by Roy Mann, campaign treasurer: Mr. and Mrs. S. O. Chase, Jr. \$170; Southern Chemicals, Inc. \$50; Wichold's Camera Shop, \$50; Mrs. Charles H. (Helen C.) Cole, \$50; Kilgore Seed Co. \$50; Stafford Boat Works, \$25; The Furniture Center, \$25; Mrs. Pearl Varborough, \$25; Arthur M. Mohler, \$20; Clyde Ramsey, \$25; Cullen & Harkey Heat Estate, \$25; Stempier Agency, \$25; Brookfield Mills, \$25; Central Florida Foods, \$25; United Transfer, \$40; Sanford Lodge No. 1241 B.P.O.E. \$50; and Mrs. Ethel E. Curran. (Continued on Page 3)

Committee Will Decide On New Band Uniforms

The Uniform Committee will meet tonight at 7:30 p.m. in the Seminole High School band hall, Bandmaster Ernest Cowley said.

Members of the committee will meet with representatives of various uniform companies to decide on the style, material and color of new uniforms to be purchased for the Seminole High School Band.

There will be six or eight representatives with their lines of uniforms to show the committee.

The committee, said Bandmaster Cowley, is made up of representatives from the Band Parents Association, the band, student council. (Continued on Page 3)

Retired Employees Honored By City

Three retired employees of the City of Sanford received silver trophies as a reminder of their faithful service.

Mayor David Gatchel, with the Board of Sanford City Commissioners and other city officials looking on, presented silver plaques to Daniel "Pink" Starr who began his service with the City in March 1924, Judge John C. Leonard who served as City Judge beginning Feb. 10, 1934; and John A. Lawson who served the city from Feb. 1909 to October 1937.

All three of the retiring employees recalled their early experiences in Sanford and their employment with the City.

In a routine, but lengthy meeting, which was adjourned to Monday Oct. 21, the Board of Commissioners closed Rose St. condition upon the transfer of 50 feet of property by R. A. Williams to the city with which Fourth street will be continued.

A public hearing was set for Nov. 4 to grant a request for the vacating of an easement.

The lengthiest discussion surrounded a request from the Sanford Boat and Ski Club for the use of the Yacht Club when it is vacated following completion of the Sanford Civic Center.

Sanford Boat and Ski Club spokesmen, including its Commodore, Dr. A. W. Woodall, requested that they be allowed to renovate and beautify the Yacht Club building as a meeting place and a location to entertain visiting Boat Clubs.

However, the move met opposition from members of the Board of Commissioners and had some support from the board.

Chamber of Commerce Manager John Krider suggested that some plans be forwarded in which the present band shell could be closed into use.

The request was tabled until plans could be prepared for either the use of the Yacht Club on a satisfactory basis or the use of the band shell.

A tractor with backhoe and front end loader was purchased from Graze-Dempsey of Jacksonville. However, the grant went to the next lowest bidder and was chosen because of employee recommendations. Commissioner Merle Warner said "I'd like to see the business stay at home if we can get as much for our money."

Reading of ordinances, resolutions, amendments and other routine matters forced the Board of Commissioners to stay in session until midnight.

A special adjourned meeting was called for next Monday to hear the Gee and Jensen report on the proposed docks and terminals project. The engineering firm was employed to make a feasibility report on the proposed terminal.

First Big Pull-Out Of Forces Starts Today

LITTLE ROCK, Ark. — The first big pull-out of the Army's integration task force in Little Rock starts today.

Officers will put into effect Army Secretary Wilbur M. Brucker's orders withdrawing 500 of the 1,000 paratroopers in Little Rock and releasing from federal service 8,500 of the 10,000 Arkansas National Guardsmen federalized Sept. 24.

It was not certain, however, that the red tape and mechanics of getting loaded into transport planes and flying the troops back to Ft. Campbell, Ky., could be completed today.

Army spokesmen refused to discuss a report that all troops may be withdrawn over the week end, leaving local authorities and federal agents with the job of protecting nine Negroes integrated into Central High School.

Acted To Insure Integration
This 1,000 men from the tough 101st Airborne Division were flown in and the Arkansas National Guard federalized Sept. 24 by order of President Eisenhower.

The President acted then on the advice of local authorities who told him local police were powerless to put down violence and insure the integration of Central High.

Brucker announced late Monday that "in recognition of the generally orderly situation" now prevailing in Little Rock he was drastically cutting the military force on integration duty.

Significantly, he announced that Maj. Gen. Edwin Walker, commander of the Arkansas Military District, will utilize the 153rd Regiment of the Arkansas National Guard as the major operational force to carry out his mission.

See Early Removal Of Jobs
Brucker meant that the major part of guard duties at Central High will now be turned over to the Guard. The move apparently presaged an early return of all federal troops to Ft. Campbell.

"I have heard about it, but received no official word of any kind," Gov. Orval E. Faubus said when he was asked what he thought about the pull-out.

Former state Sen. James D. Johnson, who ran against Faubus in 1956, said in a television speech Monday night he has "reliable information" all federal troops will be pulled out in two weeks.

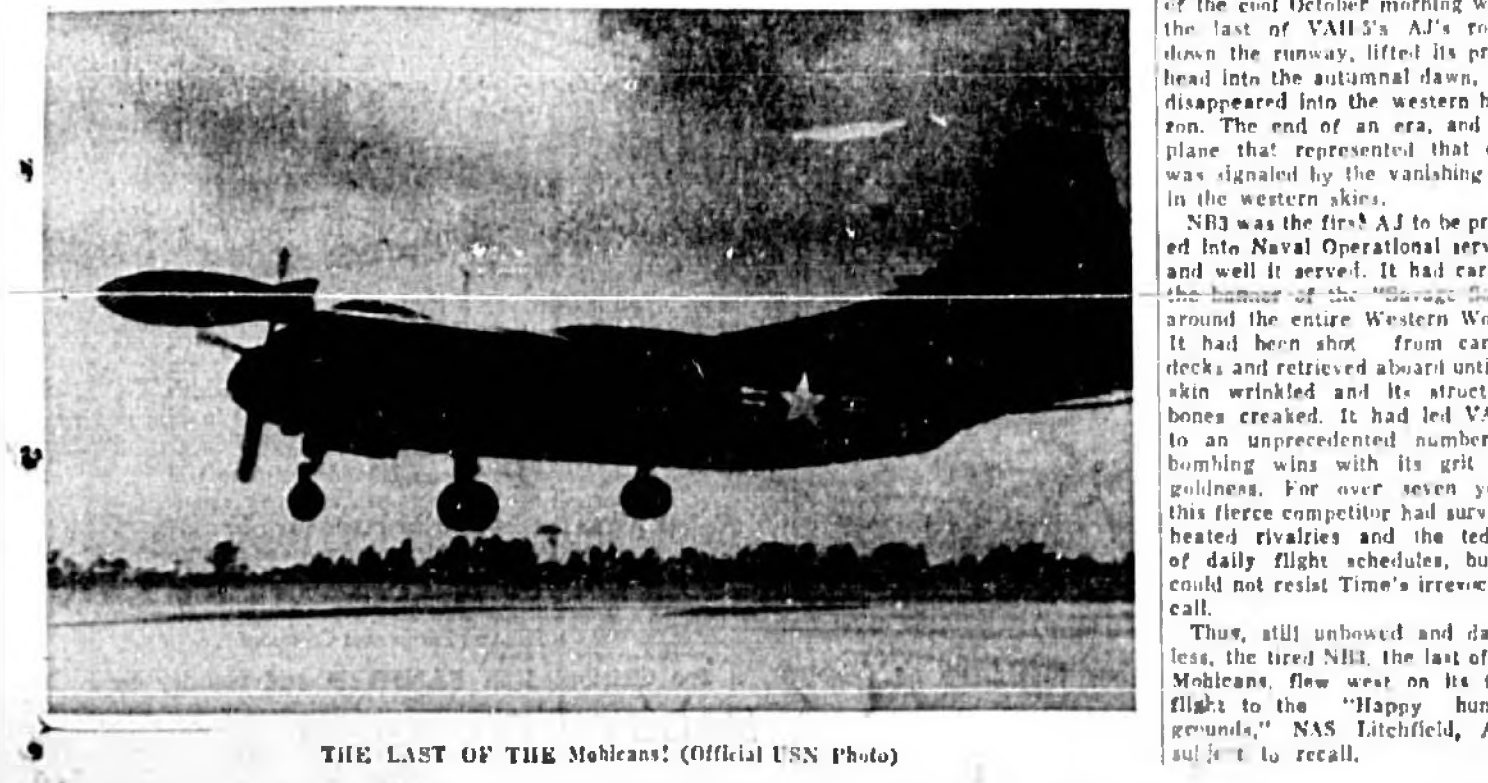

Johnson, a segregationist, said agents of the Counter Intelligence Agency, the Secret Service and the FBI will take over and handle trouble-makers off to jail for contempt of court.

Last Of Mohicans Leave SNAS

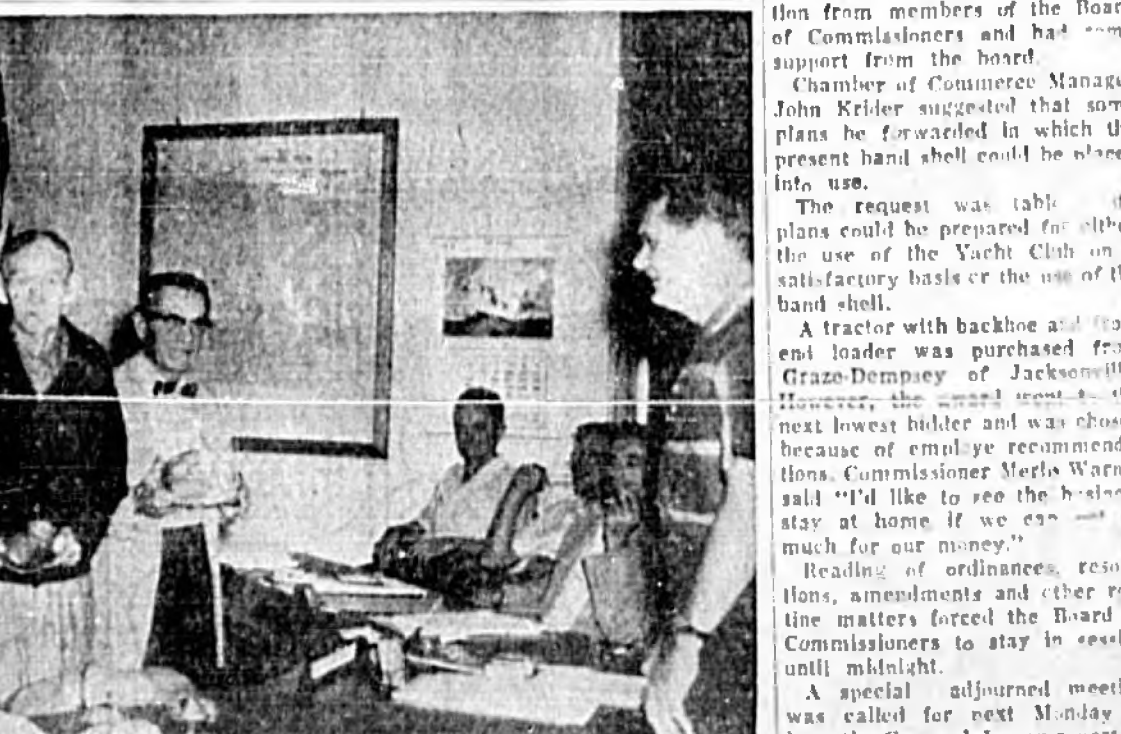

The sun was pushing aside the veil of the cool October morning when the last of VAH-3's AJ's rolled down the runway. Billed its proud head into the autumnal dawn, and disappeared into the western horizon. The end of an era, and the plane that represented that era, was signaled by the vanishing dot in the western skies.

NH3 was the first AJ to be pressed into Naval Operational service, and well it served! It had carried the banner of the "Severage World" around the entire Western World. It had been shot from carrier decks and retrieved aboard until its skin wrinkled and its structural bones creaked. It had led VAH-3 to an unprecedented number of bombing wins with its grit and goodness. For over seven years this fierce competitor had survived heated rivalries and the tedium of daily flight schedules, but it could not resist Time's irrevocable call.

Thus, still unbowed and dauntless, the tired NH3, the last of the Mohicans, flew west on its final flight to the "Happy hunting grounds," NAS Litchfield, Arizona, to recall.

THE LAST OF THE MOHICANS! (Official USN Photo)

Sanford Man Is Attending U of M

CORAL GABLES— Eugene L. Schoenfeld, son of Mr. and Mrs. Benjamin Schoenfeld, of Sanford, is a first year student at the University of Miami School of Medicine, Coral Gables.

Twenty-four Florida counties are represented in the freshman class of the University of Miami School of Medicine, Dade County has the largest enrollment, 17 of 79 students enrolling in "Heavy Hillsborough" has seven students in the class, Broward six and Alachua five, with smaller numbers coming from other counties. The medical school's class of 1961 is the largest to be admitted in the five year history of the school, three times the size of the first class, admitted in 1952. The 75 men and four women, selected from 277 applicants, represent a cross section of the State. The school's enrollment now totals 263.

This class includes the first out-of-state students admitted to the school. Four students, selected from 42 out-of-state applicants, have entered the school this fall, two from New Jersey, one from California, and one formerly from New York. The medical school here is permitted by state legislation to admit up to 10 per cent of its students from outside Florida. The incoming class prepared for medical school at colleges from New York to California, with the majority from southern universities. The University of Florida has 24 graduates in the class and the University of Miami 17.

Age range of the medical freshmen is 15 to 35, with the majority of the class from 21 to 24 years of age. Twenty-three of the men students are married, while all four of the women are not.

There are four students from Duval, Escambia, Palm Beach and Pinellas counties; three from Orange and Polk; two from Bay, Brevard, Collier and Sarasota; and one each from Clay, Columbia, Hendry, Leon, Marion, Martin, St. Johns, Seminole, Sumter and Volusia.

Four Navy Men To Get Sr. Life Saving Awards

Four Navy men at the Sanford Air Station have not Red Cross requirements and have qualified in senior life saving and water safety. Life saving certificates are being forwarded through the Seminole County Chapter of the American Red Cross. They are: R. P. Lambeth, P. J. Jones, R. F. Ehart, and D. W. Wright.

The qualifying was under the instruction of John Griffin which is attached to the Heavy Attack Training Unit at the Sanford Naval Air Station.

History

(Continued from Page 1) lack program," he said. Formed at Moffett Field, Calif., in 1948, Capt. J. T. Hayward, now Admiral Hayward, spearheaded the early heavy attack squadron using P2Vs.

Revealing the early creation of carrier landings and the use of the P2Vs, he said that the North American's AJ Savage was phased into the program in 1950 and was the world's first carrier-based aircraft until "the advent of the A5B."

The present Command Organization Heavy Attack Wing One was formed in 1951. Cdr. Linker said, after VC-9 was split in 1951, VC-9 was commissioned in early 1953 when Heavy Attack First came to Sanford, he told. The first class, admitted in 1952. The 75 men and four women, selected from 277 applicants, represent a cross section of the State. The school's enrollment now totals 263.

Continuing his history of the program, Cdr. Linker said that "in June, 1955 Sanford became the home of Heavy Attack Wing One with a headquarters E. 7, 9, and 11, plus the Heavy Attack Training Unit and PARSON-51."

With Capt. J. R. Reedy as Commanding Officer of Heavy Attack Wing One, there are six squadrons plus the training and support units on the east coast. Following Cdr. Linker's history of the Heavy Attack program, a film was shown that is, as Cdr. Linker put it "in itself an historical document." The film showed AJ's landing aboard the USS Forrestal in 1951, and then the AJ3 landing aboard the Forrestal.

Club president Myron A. (Mike) Reck announced that there would be no regular meeting next Monday noon. In place thereof, a boat trip and fish fry at Mullet Lake Park would take place on the following Wednesday afternoon.

NAS

(Continued from Page 1) Contributions from Geneva as reported by D. M. (Mickey) Ladd, totaled over \$300 with more to be reported, later.

One team of local volunteers in a small area reported to George Young, United Fund president, pledged and cash of over \$100 as the result of part of an evening's work. Present figures are over \$6,000, paid or pledged, about 17.1 per cent of the anticipated total of \$35,000.

CALL FOR SECONDS
NEW YORK — Here's a sandwich spread which packs well in the school lunch pail. Combine chopped, hard-cooked egg, chopped walnuts and thinly sliced celery mixed with salad dressing.

Mr. Randall was born June 19, 1922 at South Glens Falls, N. Y. He was a laundry superintendent until he retired several years ago, and came to DeBary four weeks ago from Vineland, N.J. He was a member of the Elk's and I.O.O.F. in Providence, R. I. Survivors include his wife Mrs. Lena Randall and numerous nieces and nephews.

Romans were sent to Vineland, N. J. today for services and interment. Gramkow Funeral Home is in charge locally.

DeBary Resident Dies Suddenly

Norman Lewis Randall, 65, of 210 DeLeon Rd., DeBary died suddenly yesterday morning at Seminole Hospital.

Mr. Randall was born June 19, 1922 at South Glens Falls, N. Y. He was a laundry superintendent until he retired several years ago, and came to DeBary four weeks ago from Vineland, N.J. He was a member of the Elk's and I.O.O.F. in Providence, R. I. Survivors include his wife Mrs. Lena Randall and numerous nieces and nephews.

26 Organizations Have Reserves In Blood Bank

There are 26 Sanford organizations with blood reserves in the Central Florida Blood Bank, it was revealed yesterday by Mrs. M. M. Rand, Secretary-Manager of the blood collecting agency.

Organizations participating in the blood reserve program in which individuals also receive credits for their blood are: the ACL Club, Carpenter's Union 278, Florida Power and Light Company Employees, Sanford Community, Sanford Veterans School, Atlantic Coast Line, Seminole County School Board, Southern Bell Telephone Company, Seminole County Jaycees, Seminole County TB Association, Seminole County Health Department, Wall Plumbing Shop, Sanford Elks Club, American Legion Post 53, Central Baptist Church, First Presbyterian Church, First Baptist Church, Congregational Church, First Christian Church, Nazarene Church, First Methodist Church, Lake Monroe Baptist Church, Christian and Missionary Alliance Church, All Souls Catholic Church, Church of Christ, Church of God, and Masonic Lodge 68.

Regular hours are set up at Seminole Memorial Hospital for donors who wish to contribute blood to any of the blood banks, replace blood, or to donate blood for individuals. Donor Hours are on Monday, Wednesday and Friday with White donors from 4-6 p.m. and Colored donors from 6 to 7 p.m. Telephone number of the blood donor office is Pa 2-4311.

The next Donor Day for the Sanford Elks Lodge will be on Thursday, Oct. 17, from 3 to 6:30 p.m. at the Elks Club where a mobile unit and technicians will be on hand.

SPUTNIK BREAKS LAW

STOCKHOLM — Stockholm police reported today the Russian satellite violated Swedish law when its strong "beep-beep-beep" jammed the police radio frequency Sunday, interfering with the police radio network in a punishable offense here.

ALPS PLANE CRASHES

INNERTKIRCHEN, Switzerland — Four members of Switzerland's Alpine air rescue squad were being treated at Interlaken Hospital today for injuries received when their plane crashed on a glacier during an air rescue demonstration Sunday. Other planes and helicopters of the rescue squad rescued the four injured men, a pilot, and three parachutists.

SELECTED SHOTS

ATLANTA — Police admitted today that while he wasn't a doctor, Jesse C. Matthews was indeed a specialist. Matthews, 57, a former hospital employe, was charged with practicing medicine without a license after he admitted giving his select "patients" penicillin shots.

Committee

(Continued from Page 1) all members of the faculty and band alumni.

Those meeting tonight to inspect the new uniform styles and materials are: Carl Brumbaugh, Clayton Smith, Mrs. A. D. Rountree, Mrs. J. P. Wilson, Mrs. R. W. Williams, Andrew J. Bracken, principal of Seminole High School, Mrs. George Dabbs, Mrs. Emory Speir, Mrs. Beverly Donihitt, Mrs. Marvin Milam, Band Officers Capt. Wally Pope, Lt. Irma Corlet, Lt. Dickie Rountree, Lt. Betty St. John, Lt. Pate Rounds, Lt. June Jennings, and Lt. Amoret Speir, student council members Peggy Lundquist, Shirley Morgan and Teddy Walker. Also Bandmaster Ernest Cowley.

News Briefs

TRUCK GOES OVER CLIFF
BLOWING ROCK, N. C. — The body of 45-year-old Paul Bumgarner was found at the bottom of a 300-foot precipice Sunday near the wreckage of his pickup truck. Police said Bumgarner apparently lost control of the vehicle at high speed, causing it to swerve over the cliff.

PRINCE PHILIP NARRATES

LONDON — Britain's Prince Philip made his debut on Russian movie screens Sunday at the same time Queen Elizabeth made her first television appearance in Canada. Radio Moscow reported that the Moscow Polytechnical Museum showed the British documentary film "This Restless Sphere" outlining the work of the International Geophysical Year. Philip appears in the film as narrator.

SPUTNIK BREAKS LAW

STOCKHOLM — Stockholm police reported today the Russian satellite violated Swedish law when its strong "beep-beep-beep" jammed the police radio frequency Sunday, interfering with the police radio network in a punishable offense here.

Legal Notice

NOTICE OF BOND ELECTION IN SPECIAL TAX SCHOOL DISTRICT NO. 1 OF SEMINOLE COUNTY, FLORIDA, ON NOVEMBER 15, 1957
NOTICE IS HEREBY GIVEN that a bond election will be held on the 15th day of November, 1957, in special tax school district No. 1 of Seminole County, Florida, for the purpose of determining whether or not bonds of said district shall be issued in an aggregate principal amount of not exceeding TWO MILLION, FIVE HUNDRED THOUSAND AND NO/100 (\$2,500,000.00) dollars, bearing interest, payable semi-annually, at such rate or rates, not exceeding the legal rate, as shall be determined at the time of the sale thereof, and maturing serially in annual installments over a period not to exceed Twenty (20) years from the date of said bonds, for the purpose of financing the cost of acquiring, building, enlarging, furnishing or otherwise improving buildings or school grounds, as more specifically described and provided in the resolution of the Board of Public Instruction of Seminole County, Florida, adopted on the 13th day of September, 1957, which said resolution is published in full below as a part of this notice.

The places of voting in said bond election shall be the usual places of voting in said District in general elections in Seminole County, and those used in the last general election in said District in Seminole County, except as otherwise indicated in said resolution. The polls will be open at voting places on the day of the said bond election from seven o'clock a.m. until seven o'clock p.m. on the same day, all as provided in said resolution adopted on September 13, 1957, and published in full below as a part of this notice.

THE BOARD OF PUBLIC INSTRUCTION OF SEMINOLE COUNTY, FLORIDA
JOHN L. BRUMLEY, CHAIRMAN (REAL)
ATTEST:
R. T. MILWEE, EX-OFFICIO SECRETARY AND COUNTY SUPERINTENDENT OF SEMINOLE COUNTY BOARD OF PUBLIC INSTRUCTION

- PRECINCT 1: WEST HANFORD WEST BIRD SCHOOL
- PRECINCT 2: LARK MONROE LARK MONROE SCHOOL

Section 4. The form of ballot to be used in said bond election shall be in substantially the following form:

BALLOT
Special Tax School District No. 1, Seminole County, Florida.
Bond Election - November 15, 1957
Shall Special Tax School District No. 1 of Seminole County, Florida, issue bonds in the aggregate principal amount of not exceeding TWO MILLION, FIVE HUNDRED THOUSAND AND NO/100 (\$2,500,000.00) dollars, bearing interest, payable semi-annually, at such rate or rates, not exceeding the legal rate, as shall be determined at the time of the sale thereof, and maturing serially in annual installments over a period not to exceed Twenty (20) years from the date of said bonds, for the purpose of financing the cost of acquiring, building, enlarging, furnishing or otherwise improving buildings or school grounds, as more specifically described and provided in the resolution of the Board of Public Instruction of Seminole County, Florida, adopted on the 13th day of September, 1957.

Instructions to Voters:
If you are in favor of the issuance of the bonds, place an "X" mark in the space to the left of the words "FOR BONDS".
If you are not in favor of the issuance of the bonds, place an "X" mark in the space to the left of the words "AGAINST BONDS".
Section 5. The Secretary of the Board is hereby authorized and directed to have printed on plain white paper, a sufficient number of the aforesaid paper ballots and deliver them to the inspectors and Clerks on or before the date and time for opening of the polls for each bond election for all precincts at which paper ballots are to be used. Said Secretary shall also have printed sample ballots and deliver them to the inspectors and Clerks on or before the date and time for opening of the polls for each bond election for all precincts at which voting machines are to be used, and in furtherance thereof and directed to make appropriate arrangements with the proper officials of Seminole County for the use of such voting machines at the precincts where voting machines are to be used.
Section 6. The Supervisor of Registration of the County of Seminole is hereby authorized and directed to make up and certify a list of all qualified electors residing in the District who are freeholders. A certified copy of such list shall be furnished to the inspectors and Clerks of the election at each place where the polls are to be held in said bond election, and a certified copy of such list shall be filed and preserved among the records of this Board.
Section 7. That this resolution shall be published in full as a part of the notice of said bond election, together with an appropriate notice in such form as the Secretary shall determine, in the Sanford Herald, a newspaper of general circulation in Seminole County, Florida, once each week for four consecutive weeks, the first publication to be not less than thirty days prior to the date of said bond election.

Now Hear This!

JACKY FENWICK

repeated of the change in Sunday School hours at the Air Station. However, I'm sure those of you who attended church there Sunday enjoyed hearing the Rev. David S. Carnetix, who is filling in for Chaplain William Fuller while he is on leave. Rev. Carnetix will preach at the Air Station Chapel again next Sunday. Mary Jo and Harry (Al) Cochran will be leaving us on Wednesday morning. After several years here in Sanford, they hate to go, but so they must. At least they get the only other place they would choose to go. They'll be stationed at Patuxent River, Maryland, which is very close to Mary Jo's home. But they're holding on to their house as they hope to come back here to retire.

Received a birth announcement in the mail the other day. Beverly and Ed Vaw, (Ed used to be in VAIS.) have a second son, Donald Joseph, born on October 2nd, and weighing in at nine pounds, six ounces! Big boy... what? Ed is now stationed at Point Mugu, California, just about 60 miles from their home town of Los Angeles. So Bev is living in L. A., in one of her mother's houses, since the housing near Ed's new base wasn't what it was

supposed to be! They're very lucky, if prices in Los Angeles are as high as we've heard they are! I had a "coffee" Friday morning when my strong "beep-beep-beep" jammed the police radio frequency Sunday, interfering with the police radio network in a punishable offense here. I never could have baked anything and had it ready in time, so Gladys Carter, (who knows my weaknesses,) walked in at 7:30 A.M., with a piping hot coffee cake, and a little later, came in with cookies for the "young fry", to keep them happy while the Mommy's enjoyed their coffee! Talked with Ruth Armistead at 8:30 A.M., and she asked if I'd like a cake too, and at 9:15, she walked in with a marble cake, frosted with boiled frosting, and covered with coconut! "About all I can say for myself is that I provided the coffee, and managed to run the vacuum around, and dress myself before the girls arrived! Those who came to say good-by to Mary Jo were Joanne Fleischman, Gladys Carter, Ruth Armistead, Jackie Brooks, Margaret Milton, and Marion Holmes.

All-Out War Against Inventory Tax Is Planned By Associations

Apparently merchants, merchants' associations, and various state associations intend to take action to repeal the Inventory Tax.

A meeting has been scheduled for Winter Park on November 2 when the plans and mobilization will be launched on a statewide basis.

They're going a step further by activating a Florida Council For Inventory Tax Repeal.

And there are inequities in the Inventory Tax as it now exists. For instance there's a tax on inventories from the raw material to the finished products in the factory, then there's the tax on the merchandise in the wholesaler's warehouse, and on top of that an inventory tax on the goods on the retailer's shelves.

The tax has been imposed at all three levels: The manufacturer pays the tax, the wholesaler pays the tax and the retailer pays the tax. Thus the very same goods and merchandise is taxed several times, at dif-

ferent levels. Or is it that if the goods move slowly, as many do, it is taxed year after year until it is sold.

As the Florida State Retailers Association points out "Merchandise in the factory, in the warehouse or in the store window is not productive—is not earning anything."

Cash in the bank is taxed at one-tenth of a mill on the dollar—but on the average, in Florida, inventory is taxed at 41 mills. However, as it has been pointed out very graphically, cities and counties assess anywhere from 10 per cent to 100 per cent of value.

There's no basic reasoning why merchandise in the wholesaler's warehouse or on the merchant's shelves should be taxed more than its equivalent in cash!

As in other realms of tax inequities, retail and wholesale merchants as well as manufacturers, are looking for ways and means to eliminate an unfair, unjust tax.

Each man—each business—each industry should carry its just tax load, its fair share and no more.

Too Much Complacency In U.S.

The military and political implications of the Russian's scientific accomplishment of launching the satellite they call Sputnik are grave for the United States and the free world. The Russians appear clearly to be ahead of the United States in the race for an intercontinental ballistic missile. Also the Russians have already begun to squeeze the fullest propaganda advantage from the great achievement of the scientists.

They are deriding the United States, and boasting. Asian and African nations will be impressed by what the Russians have done, and our own allies will become apprehensive that American propaganda has misled.

The entire American propaganda and informational policy needs immediately to be assessed and revised. Madison Avenue techniques are no weapons with which to explain and counter the Sputnik. And our scientists must be given all that is needed to permit them to succeed in catching up with and surpassing the Russians.

With will, imagination, intelligence and serious determination we can erase or neutralize the advantages which the Russians have gained. And it must be emphasized that the military and political implications of the Russian achievement are what concern us, not the contribution their scientists have made to knowledge.

We have no ground for assuming that the Russians have irreversibly turned the balance of strength and military power because their scientists launched the first earth satellite, and because it now seems

evident that they have the intercontinental ballistic missile. We do have reason to know that there has been too much complacency in America, and that budget cutting of primary scientific and defense needs could lead us and the free world to disaster. This nation has all of the resources it needs in order to regain whatever may have been lost. But we cannot achieve this by being complacent. Over and over again, it is essential that this truth be stated until we get a change of attitude, and the necessary action. The time for "agonizing reappraisal" has arrived.

Stockpiling To Be Studied

Taxpayers can take satisfaction in the news that the government is doing some soul-searching about the wisdom of stockpiling vast quantities of materials that would be useful in time of war. A committee to be appointed by Defense Mobilization Gordon Gray is to study the matter. There is reason to hope that this new appraisal will result in a general scaling down of stockpile purchases.

One cannot argue successfully against the wisdom of keeping ample stocks of strategic materials on hand. Having conceded that, one can go on to point out that the six and a half billion dollars worth of varied goods and materials stored up by Uncle Sam is too big a pile to have around in time of peace. For one thing, some military men suggest that a nuclear war might be so brief as to render huge stockpiles valueless in winning such a war. Another reason for doubting the good sense of hoarding everything from titanium to castor oil is that this runs directly counter to the need for economizing in the federal government.

Difficult problems would be involved in any move to substantially curb the purchases of strategic materials. The incentive program for the production of various metals, for example, could not be abandoned without hurting the industry. Disposing of some of the stocks already on hand also would cause trouble unless transactions were handled very carefully to avoid disrupting the market.

Still, it is good to know that a non-government committee is going to tackle the matter. Trimming the fat from the stockpiling program appears to be one good way to save Uncle Sam some money without hurting his chances of survival.

Rabbit Fever A Threat To The Careless Hunter

By HERMAN R. BONDISON, M.D.

GOOD sportsmanship and honesty really pay off in hunting. At least they do as far as the health picture is concerned. For this reason, let me caution you against shooting slow-moving rabbits. And don't pick up or handle a rabbit unless you are sure it is dead and try to pass it off as your own.

Either animal may be infected with tularemia, or rabbit fever. Although this disease infects many wild animals, it is most often found in rabbits. It is never transmitted from person to person, but you can become infected while handling or dressing a diseased animal.

The disease, which usually begins with a break in the skin, usually begins with sudden chills, headache and nausea, accompanied by fever of 103 to 104 degrees and prostration.

You'll probably develop an ulcer at the spot where the infection has entered your body. Lymph glands in nearby parts of the body will begin to swell. Usually by the fifth day a typhoid-like state develops. About six per cent of the victims die. I strongly urge all you hunters given to

wear rubber gloves while dressing wild game. If the carcass has white spots inside, especially on the spleen or liver, burn it. Wash your hands repeatedly with soap and water or a disinfectant after handling such an animal. Don't Touch Yourself! While codine taken every three or four hours probably will relieve the headache caused by tularemia, you must get competent medical help. Don't try to treat yourself. Most cases seem to respond well to streptomycin. Thorough cooking of all wild game, particularly rabbits, is essential in preventing tularemia. Freezing the meat doesn't destroy the organism which causes all the trouble.

QUESTION AND ANSWER
L.H.: When I was young I heard a great deal about erysipelas. In the last few years, however, I have not heard of anyone having the disease. Is it extinct?
Answer: Erysipelas at one time was an extremely dangerous disease. However, with the advent of sulfonamide and antibiotic drugs, this condition can be rapidly cured. Hence, little publicity is given to it.

THE MYTH, A MIGHTY MAN WAS HE

Military Potentialities of Satellites

Alexander Ansoy, a Russian-born French scientist, space pioneer and founder of the International Astronautical Federation, says "the world about with laughter when I predicted 30 years ago that space travel was possible." In an article written exclusively for United Press, Ansoy outlines what he believes are the military potentialities of the satellite.

Written For United Press PARIS (U.P.) — Russia's space satellite will never be out of direct military value, but its indirect value in gathering data about the higher atmosphere and open space is enormous. Such facts are crucial to calculating the trajectory of an intercontinental ballistic missile. Certainly the rocket which launched the Russian earth satellite could be used to launch an ICBM. By launching the satellite the Russians have proved beyond

question that they are capable of firing an ICBM. However the satellite itself can never be of direct military utility no matter how far it is developed. Not Worth Trouble Even if a manned satellite were possible—and this is an extremely complex problem—it would not be worth the trouble. Photographs taken from such a height would be useless. Not only is the earth largely covered with clouds, but photographs taken from that high up would give no details of the ground below. In short, espionage is not possible with this satellite.

What about reducing its altitude? Theoretically any height is possible—or would be, but for the retarding effect of the earth's atmosphere. The average altitude of the Russian satellite—563 miles—means it has a minimum altitude of around 300 miles and a maximum of 900 miles. The lowest practicable mean altitude for an earth satellite would be around 200 miles. This would mean a minimum of 130 miles. At any lower height the satellite would start running into the upper atmosphere.

Impossible Speed Even at 130 miles up, the satellite would have to circle the earth at a far greater speed—say 9,000 yards a second, or about 18,000 miles an hour. Launching a missile at such a speed would be highly impractical. There would be no precision in firing it. There would be just as great a chance of hitting its home country as of hitting its intended target.

Three difficulties enough in launching bombs from 130 miles up, and at a speed of 18,000 miles an hour, and at a speed of 18,000 miles an hour, precision would be completely lacking. The real danger is the intercontinental ballistic missile, once launched, can not be intercepted. It has a speed of 13,000 miles an hour. I do not believe it will ever be possible to detect or deflect a missile traveling at this speed. Gather Information

Church In A Puff LONDON (U.P.) — "If the people won't come to church, the church must go to the people." Rev. Stanley Evans said Sunday. "It was very successful," he said today, "in hoping to hold similar services quite often in the future."

Falls In Chimney LYONS, France (U.P.) — Raymond Beville-Falcois, 33, told firemen who extracted him from the foot of an eight-story chimney in his apartment house Sunday that he fell into the chimney while sleeping on the roof. A building employe heard his muffled cries and called firemen for help.

Foreign News Commentary

By CHARLES M. McCANN
The week's good and bad news on the international balance sheet: Soviet Russia's Sputnik, the first earth satellite, sped steadily round the world at 18,000 miles an hour this week. Its launching had marked the dawn of a new era in space travel.

It was a scientific triumph rather than a military triumph. President Eisenhower said, for instance, that it did not increase his apprehensions over American national security—"not one iota." But Russia followed up the launching by announcing that it tested a mighty new hydrogen weapon. And it announced in August the testing of the first intercontinental ballistic missile, called the "ultimate weapon."

There was a tendency in official Washington to minimize the importance of Russia's beating the United States into the air with a satellite. The United States really was not trying to be first, it was said. This view was not shared by the scientists of the United States or any other country, and little Sputnik certainly captured the imagination of ordinary people throughout the world.

The launching of Sputnik coincided with a visit by Marshal Georg Zhukov, Soviet defense minister and No. 2 man in the Kremlin, to Independent Communist Yugoslavia. Russia's success in this enterprise, along with the testing of the ICBM and of a new hydrogen weapon seemed likely to help him in negotiations with President Eisenhower.

Soviet Communist leader Nikita S. Khrushchev disclosed in an interview in Moscow with James Reston, chief of the Washington bureau of the New York Times, that the Soviet government had tried to get Secretary of State John Foster Dulles to invite Zhukov to Washington. Khrushchev made no attempt to conceal his annoyance over Dulles' rejection of the bid.

France's cabinet crisis seemed as far from solution as when it

started on Sept. 30. Premier Maurice Bourgoin-Maunoury was ousted on a confidence vote in which he sought approval of a plan for self-rule in Algeria.

President Rene Coty called first on Guy Mollet, then on Rene Pleven—both former premiers—to form a new government. Both men failed to get the support necessary to control a majority of the National Assembly, the controlling house of Parliament.

Just one thing was certain: Until French politicians are willing to give a premier authority to rule, without being constantly at the mercy of the country's 15 different parliamentary groups, any government that may be formed will be shaky.

Student riots in Warsaw against the semi-independent government of Polish Communist leader Wladyslaw Gomulka flared and subsided. It had been feared that industrial workers, taking their hey from the students who protested against the suppression of a newspaper, might strike for higher pay.

The singular situation in which the bi-racial and Communist Roman Catholic Church is supporting the Gomulka regime was emphasized by an editorial in the Vatican City weekly newspaper Osservatore Laica Dominica, an unofficial publication. It warned against riots, saying they could result only in Russian intervention.

Advertizing men bally down the reasons for the family approach as follows: properly and leisure time.

Women do about three-fourths of the family spending, so broad appeals aimed at women and the thing uppermost in their minds, family, are profitable. The five-day week, the move to suburban living, informality, and television

More cigarette ads feature the "young marrieds." So do beer ads. A fishing tackle firm hopes to encourage more family fishing trips by turning out pastel colored rods and reels for the girls.

Liquor Ad Canceled So widespread has the family appeal become that a liquor campaign recently broke the ground rules by showing a female in an ad. Even though she wasn't drinking the rum or touching a glass, her mere presence caused an uproar and the ad was canceled.

Advertising men bally down the reasons for the family approach as follows: properly and leisure time. Women do about three-fourths of the family spending, so broad appeals aimed at women and the thing uppermost in their minds, family, are profitable. The five-day week, the move to suburban living, informality, and television

Letters To The Editor

The Sanford Herald
204 West First Street
Sanford, Florida
Dear Merchant and Friends of the Sanford Lions Club:

We take this opportunity to again thank you for your wonderful cooperation in the furtherance of our better right and other worthwhile programs. Your kindness in allowing us to place our Ford Gum Ball Machines on your counters, and in your stores, has helped us accomplish the following things during the past year:

1. Forty (40) underprivileged children received eye examinations to determine correction needs.
2. Sixteen (16) pairs of glasses purchased for needy children.
3. Conducted the thirtieth (30th) consecutive year of Little League Baseball for boys nine to twelve. 280 boys participated last season.
4. Sent a boy to Boy's State. We know you are proud you had a part in making the above projects possible.

Thank you for your cooperation in the past, and we solicit your continued help in the months to come.

Sincerely yours,
PRESIDENT W. Hugh Duncan
CHAIRMAN C. C. Welsh

Jack Russell, Former Resident Will Speak Before Garden Club

The Sanford Garden Club will hold the first general meeting of the year Thursday, October 17, at the Educational Building of the First Presbyterian Church at 12:30. A covered dish luncheon will be served.

The speaker will be Jack Russell of the Orlando Garden Club. Mr. Russell's topic will be annual planting and "What's new in gardening practices." Included in his talk will be the selection of suitable annuals, preparation of soil, and the care of plants.

Mr. Russell is no stranger to Sanford. He is a graduate of the University of Florida with a B. S. and an M. S. in entomology.

Calendar

TUESDAY
General meeting of Women's Auxiliary of Seminole Memorial Hospital at the Jewish Community Center at 8:00 P. M. Social hour will follow. All members are urged to attend.

The American Home Department of the Sanford Woman's Club is having a covered dish supper at the club at 7:00 P. M. The program will be "Advantages of Youth Centers in Communities." The speaker will be Senator Douglas Stenstrom. Hostesses for the evening are Mrs. Douglas Stenstrom, Mrs. Warren Knowles, Mrs. W. H. Stemper, Mrs. H. S. Dugger, Mrs. L. P. Payton and Mrs. Jack Stemper.

There will be a quarterly board meeting of the Seminole County T. B. and Health Association at 8:00 P. M. in the Educational Building of the First Baptist Church, Oct. 15.

The Sanford Unity Class will meet at the Valdes Hotel at 8:00 P. M. Rev. Josephine Stuckie will conduct the study class. The public is cordially invited to attend these classes.

WEDNESDAY
The Chiefs Wives Club will meet at 8:00 P. M. at the C. P. O. Club for the regular business meeting.

The Civic and Fine Arts Department of the Sanford Woman's Club will have a covered dish luncheon at the Clubhouse on Oak Ave. at 12:00 P. M. Members of the Sanford Woman's Club will fold 7, B. Christmas Seals at 12:00 A. M. until noon.

Mrs. Don Brubaker will be a guest at the luncheon and will speak briefly about the High Fever Follier. The program will be presented by Mrs. Lorraine Graham, and will be a film "Inside Picture of the Tuberculosis Problem."

Hostesses for the luncheon will be Mrs. C. M. Flowers, Mrs. F.

FRIDAY
The Mimosa Circle of the Sanford Garden Club will meet with Mrs. Ray Peck, DeBary at 10:30 A. M. for the regular meeting and covered dish luncheon.

THURSDAY
The famous Rebels Quartette will sing at the High School at 8:00 P. M. Sponsored by the Latin Club. Tickets on sale at the Sanford Herald.

The Sanford Garden Club will have a general business meeting and covered dish luncheon at 12:30 P. M. at the educational building of the First Presbyterian Church. Jack Russell of Orlando, will speak on "New Gardening Procedures."

FRIDAY
The Mimosa Circle of the Sanford Garden Club will meet with Mrs. Ray Peck, DeBary at 10:30 A. M. for the regular meeting and covered dish luncheon.

Conning The News
By VIRGINIA CONN, Society Editor

Many people in town may remember Betty and Stanley Donahue, who used to be stationed at Air Station. The Donahues are in town until Thursday morning, and staying at the Marinelli. Stan is a dentist — they live in Milwaukee, and while he was doing two weeks duty in Charleston, S. C., Betty visited friends. When they left Sanford in '53 they had three children. Now they have six.

Adelaide Moses, Camie Bruce, Dot Powell and Ellen Betts, spent the weekend at the camp. Saturday night they joined forces with Helen and Andy Carraway and Cile Heard for an evening of poker.

Another poker party went on Friday night at John and Dede King's Anita and Bob Haden and John and Betty McCracken enjoyed a delicious dinner by Dede as well as the game. Jane Miller popped in for a few minutes and managed to make off with a tiny sum.

Ken and Jan Torbett have had Ken's brother Harry, at their meet over the weekend. Harry is from Richmond, Va. Ken and Jan plan to retire in Sanford in a few years. They have already sold his mother on the idea, and she is down here and working at the Seminole Memorial Hospital.

Around seventy came to eat at the Mayfair Country Club, following the Sanford Men's Golf Association tournament (which was won by Sonny Powell, incidentally). Red Cleveland cooked lobster for the whole crowd, which was served with salad, corn and garlic bread — and truly delicious. Since Red and Lib Cleveland are leaving in December, Harold Kautner will take over entertainment after the redhead leaves.

Jack Morrison ran the quiz show, and there were some mighty red faces when Jean Fitton answered a question correctly, which had stumped the men for several minutes. The question, "What was widely used during the last war to look through the steel bulkheads on ships? The answer.

Home Demo Club Elects Officers

OSTEEN—The Osteen Home Demonstration Club met last week at the home of Mrs. Joe Masters. Officers for the coming year were elected and are Mrs. Robert Williams, president; Mrs. Amelia Osteen, vice president; Mrs. Guy Beall, secretary and treasurer; Mrs. Joe Masters, county council delegate.

Mrs. Masters demonstrated various handicrafts suitable for use at Christmas.

An international luncheon was planned for the October meeting to be held at the home of Mrs. P. T. Plety.

It was decided to hold a community covered dish supper in December.

Refreshments were then served by the hostess to Mrs. J. C. Carpenter, who was welcomed as a new member. Mrs. Guy Beall, Mrs. Muriel Lamon, Mrs. Amelia Osteen, Mrs. Frank George, Mrs. Robert Williams, Mrs. P. T. Plety, Mrs. Albert Fell, Mrs. Clarence Snyder and Miss Margie Marshall.

Happy Birthday

All Women In Area Asked To Participate In Service

World Community Day will be observed in Sanford Friday, Nov. 1 at 2:00 p. m. in the First Methodist Church. The United Church Women of Sanford have asked that all women in the area participate this year. This celebration will be held in Europe and the Far East.

Warm clothing in good condition for boys and girls is especially needed this year according to Mrs. Wells. She states that "it is the responsibility of those of us who are able to assist others still living under bondage."

Fleet Reserve To Have Ladies Auxiliary Soon

An invitation is extended to anyone eligible and interested in Ladies Auxiliary of the Fleet Reserve Organization. A meeting will be held on Friday, October 18th, 8 P. M., in the TV room of the Chief's Club.

The requirement for eligibility is limited to wives, mothers, sisters, and daughters, not less than 18 years of age, members of the Fleet Reserve Association and widows of Fleet Reservists. Fleet Marine Corps Reservists and retired enlisted men of the United States Navy and Marine Corps.

Anyone interested is urged to attend this very important meeting. You can obtain further information about this meeting by calling FA 2-4987 or FA 2-4988.

Millers Will Have Varied Trip North

OSTEEN—Mr. and Mrs. Norman Miller left Wednesday to visit various places, combining business and pleasure. They will visit their daughter and son-in-law Mr. and Mrs. Hugh Bertin in Oak Ridge, Tenn., where Bertin is a nuclear physicist. Then on to Chicago to attend the Ceramic Show at the Merchandise Mart. Mrs. Miller is interested in ceramics, while Miller will study "Swedish Imports in Wooden Ware."

Following this they journeyed to Anderson's in Winter Park for a delicious repast of hamburgers, french fries and cold drinks. Guests included June Fleming, Tommy Bryant; Linda Harris, Roy Wainright; Marilyn Mathers, Freddie Alfred; Nancy Estes, Robert Olliff; Julie Gore, Bennie Wainright; Carol Alfred, Jerry Ulrey; Sandy Carson, Charles Parker, Carl Fabry; Jackie Pendarvis, Wes Evans; Gladys Alfred, Jimmy Brookshire; Bessie Fleming and Jim Hill. Chaperones were, in addition to the Counselor, Mrs. Milton Gore, Mrs. Eddie Fleming and Mr. and Mrs. Park.

The first of a series of Junior High School parties was given on Friday night at the swimming pool. The seventh graders, I know, were very excited over this event — their first of the teenage high school parties. Our Jimmy was all spruced up at 3:30 and the hot dogs and cold drinks were not being served until 7 p. m.

The eighth graders had enjoyed those parties, sponsored by the local P-T-A, last year. I think it is one of the nicest projects they have ever undertaken, and the excitement and delight derived are well worth the work.

Mrs. John Courter, Jr. and Mrs. Phil Packard; room mothers for the graders, were ably assisted in the arrangements and plans by Ann Slavik, Thad Lingo, Nancy Estes and John David Beasley, room representatives of the two graders.

Mr. and Mrs. Phil Packard and Mr. and Mrs. John Courter, assisted by Mr. and Mrs. Herschel Mason, served sixty-old youngsters with hot dogs and cold drinks at 7 p. m.

The rest of the evening they all enjoyed games and dancing, and a very good time was had by all.

Members of the seventh grade include: Diane Aulin, Rose Marie Beasley; Graham Boone, Roy Carson, Beverly Cauthan, John Clark, John Coe, Allen Cullum, Amber

Darby, Jimmy DeShazo, David Bulghum, Warren Harper, William Ted Hill, Carolyn Jacobs, Jimmy Jones, Thad Lingo, Bobby Massey, Eva Mae McWharters, Bruce Packard, Suzanne Partin, Tommy Partin, Teddy Peters, Bobby Ray Pitzer, William Rutherford, Billy Schumacher, Wayne Seay, Eugene Schull, Margaret Semberly, Richard Skelly, Slavik, Tom Smith, Rodger Smithson, Wesley Swenson, and David Van Camp.

Members of the eighth grade include: Carol Alfred, John Arnold, John David Beasley, Daniel Boone, John Boone, Johnny Courter, William Michael, Tommy Estes, Loretta Fore, James Roddy Fortson, Linda Fortson, Diannio George, Robert George, Jr., James Maxwell Greene, Martine Green, Diane Harris, Sheila Mae Hamby, Linda Harris, Edward Hill, James Hill, Walter Hill, Venson Hoke, Preston Hoke, Reginald Lane, John Edward McConaha, Joe Malcolm, Nancy Mason, Helen Marie Memory, John Mogus, Jr., Herbert Mullis, Patay Peters, Sonny Priest, Billy Robbins, Cyrus Thompson, Roy Wainright and Sylvia Arnold.

Church Calendar

TUESDAY
Circle No. 2 of the Lake Mary Mary Presbyterian Women's Organization will meet at 8:00 P. M.

J. C. Sikes, Mrs. H. A. Bennett, Mrs. B. Newsome, Mrs. C. H. Moss and Mrs. J. P. Hall.

Jacardanda Circle
Jacardanda Circle meets Friday evening for a covered dish supper at the home of Mrs. C. M. Flowers on Century Ave.

Mrs. W. B. Brisson, Mrs. R. G. Hickson and Mrs. Dorothy Terlap.

Mrs. A. K. Rossiter was guest speaker. Her topic was houseplants.

She donated one of her famous dish gardens as a prize which was won by Mrs. Frank Miller. Mrs. Miller named the most varieties in the garden. Mrs. M. R. Whitney, past chairman, read her letter of thanks for the co-operation received during her two years of office.

Mrs. J. C. Andrews presided at the meeting with twenty-four members and guests present.

Camellia Circle
The Camellia Circle held its first meeting of the year at the home of Mrs. Robert Crumley on Forest Drive, Thursday evening. Co-hostesses were Mrs. Bruce Saxon and Mrs. E. C. Harper Jr.

Mrs. H. P. Newton of DeBary was guest speaker. Mrs. Newton gave an interesting program on camellias, with the help of colored slides.

Mrs. Ralph Betts, chairman, conducted the business meeting. Roll call was announced by each member with the name of a new plant she planned to grow this year.

Following the meeting, refreshments were served by the hostesses to Mrs. George Andrew Speer, Mrs. Bill Gramkov, Mrs. Richard Silvers, Mrs. Alfred Greene, Mrs. Ed Peterson, Mrs. Donald Flamm, Mrs. Jack Martin, Mrs. Alfred Chiles, Mrs. Malcolm Lodge, Mrs. Donald Knight, Mr. Harold Chapman, Mrs. Ralph Betts, Mrs. John Keeling, Mrs. Dan Batten, Mrs. Benny Austin, and Mrs. J. L. Horton Jr.

Rose Circle met with Mrs. Charles Lawson on Friday. There were twenty-one members and two guests present. Speaker was Mrs. Lawson who spoke on the care and feeding of houseplants and also gave many pointers on the raising of orchids. She had several beautiful examples to illustrate her talk.

A tour of Mrs. Lawson's garden completed the meeting. Mrs. W. D. Shippy is chairman of the Rose Circle.

Central Circle
The Central Circle of the Sanford Garden Club met Thursday morning with Mrs. Francis Bois. Mrs. E. C. Moore was co-hostess. Upon their arrival, members of the circle were ushered in to the dining room, where they were served punch and cookies. Mrs. Zeb-Ratloff presided at the punch bowl.

Mrs. J. W. Schwars conducted the meeting. A service in memory of Mrs. C. E. Jackson, who recently passed away, was held.

SPORTS

Sports Parade

By OSCAR FRALEY
United Press Sports Writer

NEW YORK (UP)—The foot was back in football today and it will be small wonder if the trophy case under the golden dome... Notre Dame contains a plaster model of a certain young man's big toe.

The extra point and the field goal, two gridiron weapons which have suffered sadly and almost to the point of extinction in recent years of flop-sided scoring, came into their own last week end. The extra point, in numerous instances, saved the day.

Most potent example was a led named Monty Stickle.

You can call him a lad because he's only 19. That's as far as it goes. He's six-foot-four and weighs 215 pounds—but to the Cadets at West Point, he appears a veritable giant.

Monty was almost a patsey. He missed an extra point attempt and with only seven minutes left to play, his Notre Dame team trailed Army by that one-point margin, 12-10.

Score Winning Field Goal
So Monty stepped up and booted a 23-yard field goal to win the ball game. And, to make it even worse as far as the Cadets are concerned, he hails from Poughkeepsie, N.Y., which is just a few miles up the Hudson from West Point.

Then there was Wray Carlton, the Duke halfback who lugged the leather—as the football experts say—for a total of 106 yards. A fine performance which, probably, wouldn't be remembered by next Friday afternoon. But he toed the point in a 7-6 win over Rice, and the Blue Devils will be talking about that one as long as the alumni gather.

Take, too, the case of Charley Nash. He calmly, albeit with palpating heart, bounced his brogan up against the ball for the extra point which allowed Missouri to upset Southern Methodist, 7-4.

Coaches say that, once the going gets closer, the foot will play an evermore monumental part in separating the winners from the losers.

Sebo Will Dissect
You might have trouble selling this to Steve Sebo at Penn. His gladiators have booted field goals in their last two games, and lost. And Utah State kicked a field goal only to lose to New Mexico. But it is indicative that the foot is providing "insurance" in case, even if the premium falls overdue when the other team counters with touchdowns.

Washington & Lee has lost two straight games because its extra point kicker fails to convert. Long Beach State won its game Saturday by the extra point and Western Kentucky's field goal halted Youngstown.

Columbia scored one of the opening upsets of the season against Brown by way of the field goal. If it ever gets close again, look out.

Proving that the coach who has a kicker won't kick. Because the foot definitely is back in football and will be an exciting factor throughout the fall.

Team For Tomorrow Night's Game Told

A list of the boys who will take part in the B-squad game tomorrow night was released today. The game which gets underway at 7:30 at the Memorial Stadium is being sponsored by the Seminole High School P-T.A. The Jr. Varsity team will meet the DeLand Jr. Varsity.

A big half-time show has been planned at which time alumni of the "roaring" twenties will have a reunion complete with knee-length dresses, middle blouses, knickers, long beads, bell-bottomed britches, etc.

Co-captains for the game are Lindel Bisher and Bill Alford. Members of the team are Henry Russel, Ray Lundquist, Jimmy Gracey, Mike Davis, Mike Roberts, Alex McKibbin, Bobby Barbour, John Mann, Terry Christensen, Truman Troutner, William Behrens, Chester Fawley, Earl Summerfield, James Matham.

Bobby Thompson, Johnny Wheel, Glenn Hodges, Duane Gernbel, Charles Bogan, Terry Griffin, Charles Fox, John Smith, Gary Baker, Burk Winn, Bruce Todd, Bill Rowles and Terry Graft.

Boat, Ski Club Takes Cruise To Marineland

Members and friends of the Sanford Boat and Ski Club took a cruise Sunday to Marineland and reported having a good time despite the rain.

The group left Sanford at 7 a. m. motoring to New Smyrna where the boats were launched. Arriving at Marineland at 11 o'clock the group picknicked and watched the various shows.

They started back at 2 p. m. and arrived home about 6 o'clock.

2 Notre Dame Games May Decide Crown

By Bill McLaughlin
United Press Sports Writer

They called Army's best and the Irons, maybe Notre Dame's Fighting Irish now can help settle the 1957 college football championship.

Oklahoma and Michigan State, the leading contenders for the national title, unfortunately are not scheduled to meet this season. However, both play Notre Dame on successive Saturdays next month.

So if the Seminoles and the Spartans remain undefeated, those games with the Irish may decide who wears the crown this season.

Notre Dame conceivably could join in the title chase if the Irish continue their strong comeback, but the odds—and the schedule—are against them.

Irish Like Saturday
The Irish draw an open date in their murderous schedule next Saturday—and they deserve it after that comeback 20-0 victory over Army at Philadelphia.

Trailing by two touchdowns with one minute remaining in the third period, Notre Dame fought back to edge the powerful Cadets on a field goal by Monty Stickle, a third-string end from Poughkeepsie, N.Y. It was the first field goal Stickle ever attempted and he traveled 29 yards—a good boot even in the pro ranks.

Oklahoma, meanwhile, spotted Texas a 7-0 lead and then bounced back to down the Longhorns, 21-7, for its third straight victory while Michigan State employed the routing of Walt Lowmeyer and the passing of Jim Nisowski to over-

power Michigan, 24-4.

Fourth-ranked Minnesota kept pace with Michigan State in the Big Ten Conference by whipping Northwestern, 41-4, as Bobby Cox and Billy Martin each figured in two touchdowns.

Victory for Michigan and Army, the other top-ranked teams rolled merely against the untested Highway.

Wray Carlton scored on a 68-yard run and Richard the Decisive extra point as Duke edged Rice, 7-4; Auburn edged Kentucky, 6-0, as Billy Atkins' third period TD; Iowa opened defense of its Big Ten title by crushing Indiana, 47-7; Jet Francis scored twice as Oregon State blanked Idaho, 30-0, and Texas A&M, brushed to a 28-6 victory over Houston.

Arkansas Edges Baylor
Arkansas gained a foothold in the Southwest Conference race by edging Baylor, 30-17. Dartmouth and Princeton shared first place in the Ivy League, Auburn was tied with LSU and Mississippi for the lead in the Southeastern Conference, Duke and North Carolina shared the top rung in the Atlantic Coast Conference, VMI and The Citadel paced the Southern, while Oregon State, Oregon and Washington State each had 2-0 records in the Pacific Coast Conference.

Oklahoma and Michigan State each run into league "patasia" this week. The Sooners entertain Kansas and the Spartans host Purdue. Army will attempt to rebound against Pittsburgh, Michigan State entertains Northwestern, Minnesota is at Illinois, Iowa hosts Wisconsin, Auburn visits Georgia

Miami High Squad Still Kingpin Of Prep Football

MIAMI (UP)—Miami High remained the kingpin of Florida prep football today, according to a newspaper poll.

The poll of sportswriters and coaches, conducted by the Miami Herald, gave the undefeated Stingers 260 points, including 29 out of a possible 32 first place votes.

Fort Lauderdale took over second place with 19 first-place votes and 305 points. Miami Edison was third with 277 while Jacksonville Lee, defeated by the Stingers last week 19-0, dropped to fourth.

The top ten: Miami High, 260; Fort Lauderdale, 305; Miami Edison, 377; Jacksonville Lee, 223; Pensacola, 181; Tampa Plant, 130 and two first place votes; Pompano Beach, 120; South Broward, 100; Panama City Bay High, 74 and Miami Curley, 72.

Second ten: Bradenton Manatee, 69; Coral Gables, 59; Ocala, 49; Melbourne, 38; Clearwater, 37; Orlando Boone, 28; St. Petersburg, 15; Palm Beach, 13; Tampa Hillsborough, 10; Palatka 9.

WEST POINT, N.Y. (UP)—Saturday's football game between Army and Pittsburgh at 27,000-seat Michie Stadium, has been a sellout for more than two weeks. U.S. Military Academy officials announced today. Over 3,000 tickets have been sold to Pitt students while the Cadets' Corps will take up another 2,500 seats.

Tech, Duke entertains Wake Forest, Oregon State is at UCLA, and Texas A&M visits Texas Christian.

50 Golfers Turn Out For Sunday's Tourney

Some Changes Are Seen In Grammar School Standings

Even though the competition from the World Series and the flu was strong, the intermural program in Sanford Grammar School's sixth grade was played according to schedule.

Both the girls' volleyball team and the boys' football teams played opponents to change somewhat the standings for last week.

In the football games the Seminoles defeated the Yellowjackets 7-0; the Little Demons defeated the Bulldogs 6-0; and the Cobras defeated the War Eagles 19-0.

In the volleyball games the Yellowjackets came out victorious over the Seminoles 27-17; the Little Demons scored 48 points to come out ahead over the Bulldogs who scored only seven points; and the Cobras defeated the War Eagles 43-22.

Standings at the end of two weeks' play in football were: Cobras won 2 lost 0; Little Demons won 1 lost 1; Seminoles won 1 lost 1; Yellow Jackets won 0 lost 2; the Bulldogs won 0 lost 2.

Volley ball standings are: Cobras won 2 lost 0; Little Demons won 2 lost 0; War Eagles won 1 lost 1; Yellow Jackets won 1 lost 1; Seminoles won 0 and lost 2; Bulldogs won 0 lost 2.

A field of 50 golfers turned out Sunday afternoon to participate in the Men's Golf Association handicap and points tournament.

Played over the Mayfair Inn Country Club course, Sonny Powell came in to lead the field with a plus nine score with Clarence Phillips second with a plus eight score.

Gene Witsel and Earl Fink tied in the third and fourth places with a plus six.

Five golfers tied for the fifth, sixth, seventh, eighth, and ninth places, all with plus five scores. Golfers scored with a bogey counting one point; par counting two points; a birdie counting four points; and an Eagle counting eight points.

ROAD BEATS SEGURA
CASABLANCA, Morocco (UP)—Law Road defeated Pancho Segura, 6-4, 2-4, 10-4, and Ken Rosewall whipped Jack Kramer, 2-6, 7-5, Sunday in a pair of exhibition tennis matches.

THE CARD OF THANKS
Very often a Card of Thanks in The San. J. Herald meets a need which is difficult to fill in any other way. Not only is it a gracious expression of gratitude to those who have sent floral tributes but also courteously acknowledges the services and kind wishes of the many to whom a personal note of thanks cannot well be mailed.

THE "IN MEMORIUM" NOTICE
It is the custom of many families in this country to commemorate a bereavement by an "in memorium" notice in newspaper classified columns. They find a real solace therein. Preparation of a suitable verse brings back to them tender, pleasant recollections. As Elias Cook, the English poet has so beautifully expressed it:

THE RATE
Cards of Thanks and Memorium notices, due to the fact they may run to considerable length, are billed at \$1.00 per column inch.

New-Fashioned Welsh Rabbit

Here's a recipe that's destined to make smart cooks famous—Welsh Rabbit Pie. Like the famous Welsh Rabbit that's traditionally served in an "au gratin" dish with toast points, it combines cheddar cheese with ale or beer and zesty seasonings. But, unlike the historic version, it's baked in a pastry shell.

Served in pie-sized wedges with an accompanying green salad, it's ideal for an informal luncheon or supper menu. In this version, it's perfect as a pre-dinner appetizer or late-evening snack. In either case, beer is the obvious and best beverage choice.

Welsh Rabbit Pie

1 1/2-cup unbleached pastry shell
1 1/2-cup package natural cheddar cheese, grated
1 tablespoon fruit
3 eggs, lightly beaten
2 1/2-cup ale or beer
1/2-cup light cream or milk
1/2-teaspoon salt
1-teaspoon dry mustard
Dash of cayenne pepper

Chill pastry shell. Distribute cheese evenly in shell. Sprinkle with flour. Beat together eggs, beer, milk and seasonings. Pour mixture over cheese. Bake at 425 degrees (hot oven) 15 minutes. Reduce heat to 300 degrees and bake 40 minutes longer or until silver knife inserted in center comes out clean. Cut into wedges and serve with ale or beer. Makes 6 main-course or 20 snack-size servings.

Ike Considers Recommendation To Step Up Missile Development

WASHINGTON (UP)—President Eisenhower is considering recommendations from top U.S. scientists for stepping up missile development in the race with Russia into space.

The highly secret scientific appraisal coincided with an abrupt warning from top administration spokesmen that more money may have to be poured into the program.

Secretary of State John Foster Dulles was expected today to assess the impact of the Red Sputnik on American foreign policy at an 11 a.m. news conference.

Money is the key to Democratic opposition demands to jettison the missile and U.S. satellite effort.

The Red Sputnik itself continued spinning around the globe every 96 minutes amid scientific speculation it may soon enter the earth's atmosphere and burn up.

A Naval research laboratory spokesman said it has been losing altitude due to air resistance. He said it dipped to a low of 147 miles in a pass over Washington Monday.

at the Smithsonian Astrophysical Observatory said they hope soon to solve the "celestial mechanics" behind the mysterious force tugging at the satellite's third stage rocket which is speeding ahead of the artificial moon.

The President, it was understood, received specific recommendations from his 13-member science advisory committee Tuesday.

what the recommendations contained or if they would signal a shift into higher gear for the missile program being sought by congressmen who claim Russia has taken a significant lead over this country in the field.

Other Developments

There were these other satellite developments:

Rep. Overton Brooks (D-La.) said he would support the House Armed Services Committee, urged the President to appoint a "czar" over the missile satellite program.

In Cahokia, Ill., Sen. Stuart Symington (D-Mo.) said the carrier which the Russians used to launch their satellite would be capable of propelling a two-ton warhead 1,500 miles "with considerable accuracy."

Sen. John Sherman Cooper (R-Ky.) said Russia's achievement had a tremendous psychological effect on Europeans he had talked with in France, Germany and Spain.

In Cincinnati, President Philip M. Talbot of the U.S. Chamber of Commerce said poor management, not lack of money, is responsible for this country's lag in missile development.

elsewhere in the world was the function of the United Nations. They urged Khrushchev to bring the Soviet charges of planned aggression against Syria before the United Nations if he was so concerned over the threat of war.

Socialists Say Appeal For Help Misdirected

By United Press
West Europe's Socialists today challenged Nikita S. Khrushchev to raise before the United Nations his charges that the United States and Turkey are creating a "real danger" of a new world war by "threatening" Syria.

The Socialists, in effect, told the Soviet Communist Party boss that his appeal for their help in alleviating tensions in the Middle East had been misdirected.

Khrushchev, in similarly-worded letters to the Socialist parties in seven Western European countries, Tuesday accused the United States and Turkey of preparing a "military adventure" against Syria. He warned that such "military provocations could touch off World War II."

Procedures Resented

There was considerable resentment in some Western quarters

over Khrushchev's use of diplomatic channels to deliver his message to Socialist parties not in power. The British press, in particular, was low in criticism of Khrushchev's violation of diplomatic courtesy.

The letter was sent to Socialist parties in Britain, Norway, Denmark, France, Italy, Belgium and the Netherlands by the Soviet Communist Party Central Committee.

The British, Norwegian and Danish Socialists pointed out in their replies that the keeping of the peace in the Middle East as

elsewhere in the world was the function of the United Nations. They urged Khrushchev to bring the Soviet charges of planned aggression against Syria before the United Nations if he was so concerned over the threat of war.

Goal for the October membership drive of the Chamber of Commerce has been set in excess of \$10,000 to match similar funds appropriated for Chamber of Commerce operation by both the City of Sanford and Seminole County.

Bralley Odham told his membership drive committee recently that "We have the first realistic budget the local chamber of commerce has ever adopted especially in the field of advertising in Sanford and Seminole County in areas where our community should be known."

Definite dates and time for the all-out second phase portion of the local Chamber of Commerce Drive has not as yet been set.

However, it is expected that the drive will get underway shortly after the latter campaign has been completed.

City Lauds JC's For Shrubbery Removal Drive

The Seminole County Junior Chamber of Commerce received the praise of the City of Sanford, in a resolution adopted unanimously at a meeting of the Board of Sanford City Commissioners Monday night.

The resolution points out that it had come to the attention of the city that the encroachment and overgrowth of shrubbery and trees along the parkways and streets of the city had increasingly become a menace to motorists, pedestrians and children.

The Junior Chamber of Commerce of Seminole County, the resolution stated, recognized the ultimate benefit to the city and its people by seeking to remove and properly trim dangerous trees and shrubbery.

"Whereas, the Junior Chamber of Commerce of Seminole County has worked faithfully and diligently and with marked success in securing the cooperation of property owners responsible for said trees and shrubbery to the degree that the City of Sanford is a safer place for motorists, pedestrians and children," the resolution stated.

"The City Commission of the City of Sanford hereby commends the Junior Chamber of Commerce for its untiring efforts in the 'Shrubbery Drive' and herewith extends to the Junior Chamber of Commerce the thanks of the City Commission both for itself and for the people of the City of Sanford."

Mayor David Gatchel signed the resolution as did all of the members of the Board.

C of C Mailing Letters To Prospective Members

The first phase of the Seminole County Chamber of Commerce membership drive is still underway, it was reported this morning.

Two-page letters are being mailed to prospective members of the Chamber of Commerce which will continue through Friday of this week. "There will be between 750 and 800 letters typed and mailed," a spokesman for the Chamber of Commerce said this morning.

The first phase of the membership drive, which is under the leadership of J. Bralley Odham as chairman, will be completed this week, it was said.

Already, according to this morning's report, there are 12 new members who have never affiliated with the Seminole Chamber of Commerce and "we are sure that there are many more who will answer the letters as quickly as possible."

Letters are reaching business, professional and industrial people who have never heard of the Seminole County Chamber of Commerce before.

Goal for the October membership drive of the Chamber of Commerce has been set in excess of \$10,000 to match similar funds appropriated for Chamber of Commerce operation by both the City of Sanford and Seminole County.

Bralley Odham told his membership drive committee recently that "We have the first realistic budget the local chamber of commerce has ever adopted especially in the field of advertising in Sanford and Seminole County in areas where our community should be known."

Definite dates and time for the all-out second phase portion of the local Chamber of Commerce Drive has not as yet been set.

However, it is expected that the drive will get underway shortly after the latter campaign has been completed.

Local Industrial Development To Be Subject Of Talk

Seminole County Junior Chamber of Commerce members will hear about the possibilities of development in the Sanford-Seminole County area.

Speaking to the Jaycees at their noon luncheon meeting, tomorrow will be Chamber of Commerce Manager John Krider who will possibly dwell on the "industrial development" here.

Already spearheading a move to bring more industry into the Seminole County area, Krider will speak from a vast storehouse of notes taken from successful efforts in locating several industries here in recent weeks.

Jaycee Director Art Harris arranged Thursday's program.

Milk Commission Begins Overhaul Of Regulations

TALLAHASSEE, Fla. — The State Milk Commission considered establishing wholesale price controls on other than drinking milk today, and embarked on a "complete overhaul" of its regulations to make sure they are being obeyed.

The commission opened the second session of its three-day hearing here at 9 a.m. Top item of the agenda was whether controls should be put on class two and three milk, which is used for butter, cream, cheese, buttermilk, chocolate milk and ice cream.

The commission now fixes prices only on fluid drinking milk. But Commission Chairman J. Bralley Odham of Sanford has said that a stabilized uniform price on all milk would give the producer an overall higher yield "and might result in lower retail prices."

At its session Tuesday, the commission refused to intervene in a dispute over wholesale milk prices in the Jacksonville area, despite predictions of a retail price hike unless something is done.

37TH DRUNK CHARGE

OKLAHOMA CITY, Okla. — A 32-year-old man is in jail on his 37th arrest on drunk charges. His name is Daniel Drunkard.

Sea-Going Elopement Plans Aground

PENSACOLA, Fla. (UP) — The sea-going elopement plans of six youngsters from New Orleans, one of them only 12 years old, went aground today because one, a teenager from Buffalo, N.Y., became searick.

A sheriff's deputy arrested the three young couples when they tried to put ashore Juanita Lopez, 16, of Buffalo, as she could get treatment from a doctor. Their boat, a \$20,000 trawler reported stolen at Pascagoula, Miss., last Saturday, stuck on a sandbar in the Gulf Intracoastal Waterway near Ft. Walton Beach, Fla., due to engine failure.

The youngsters at first claimed they had succeeded in their plans to get married. Later they admitted being unable to find anyone who would marry them in Pascagoula or Biloxi, Miss., as they sailed east from New Orleans.

The FBI questioned the youngsters about the boat, and charged them with violating the federal stolen property act and jailed them under \$10,000 bonds.

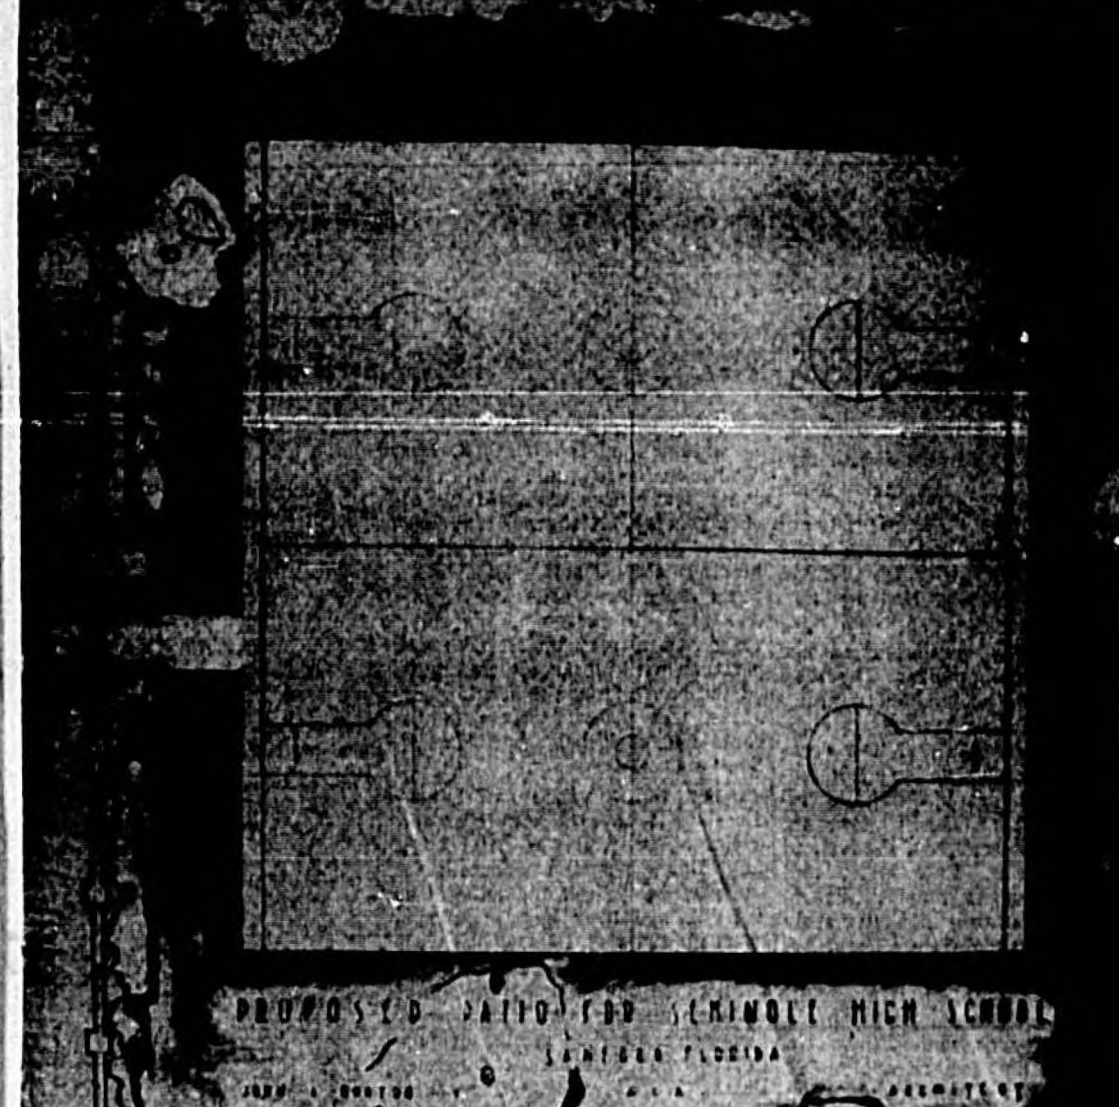

In addition to Miss Lopez, the others, all from New Orleans, were identified as Oliver Auglar, Jr., 12; Elma Blanke, 15; Lionel Parks, 18; Barbara Billott, 18, and Herman Thel, 18.

Sheriff Wilson said Parks acted as skipper of the boat Flossie, which the youngsters admitted taking from a yacht club in New Orleans to begin their journey. Their original destination was Pascagoula, but when marriage plans failed there, they picked up the trawler Queen of Victory and headed for Biloxi.

Matrimonial efforts failed at Biloxi, too, so the youngsters headed for Miami, Wilson said.

In New Orleans, families of the youngsters told investigators their children disappeared last week.

"I'm going to visit my girl friend," Miss Billott told her parents.

A REPRODUCTION OF THE SKETCH for the proposed patio at the Seminole High School Parents Teachers Association. The sketch shows the proposed patio, tonight's P-TA-sponsored B-Squad game will bring in the funds needed to construct the patio. (Reproduction by Bergstrom)

Funds From Varsity Game Tonight Are For Court, Patio

An architect's sketch, done by John Burton IV for the Seminole High School P. T. A. holds the key to the Junior Varsity Football game tonight, and the "Roaring Twenties" half time show.

The sketch depicts the proposed basketball court and patio which will be built on the school grounds. The court may be used for a variety of activities with additional physical education facilities being the primary purpose.

Basketball practice is now held on the stage in the auditorium. The court will be laid out in dimensions of 100 by 100 feet, the size of two basketball courts. Other physical education games could be held on the court, besides the secondary importance of a roller rink, dances, and as an outdoor dining room. The area would be enhanced by landscaping and the provision of tables, chairs and proper lighting.

At first, the project looked terribly expensive, but Members of the Letterman Club, parents and students, have volunteered to do much of the work themselves. It now appears, according to Mrs. Schirard, that the court may be constructed for approximately 2,000 dollars. This expense will cover all materials.

Members of the Seminole High School P. T. A., led by Mrs. Schirard, will attempt to raise the money for the materials tonight at Memorial Stadium at 7:30 P. M. In addition to the Junior Varsity Game there will be a tremendous half time show, featuring well-known S. H. S. alumni, strutting their stuff on behalf of the old Alma Mater.

It is hoped that the citizens of Sanford will help them in this endeavor by turning out for an evening that promises much fun for the whole family.

Two City Commission Aspirants Unopposed

Commissioner A. L. Wilson and Zoning and Planning Board Chairman Robert S. Brown are unopposed today as candidates for the Board of Sanford City Commissioners in the Nov. 3 election.

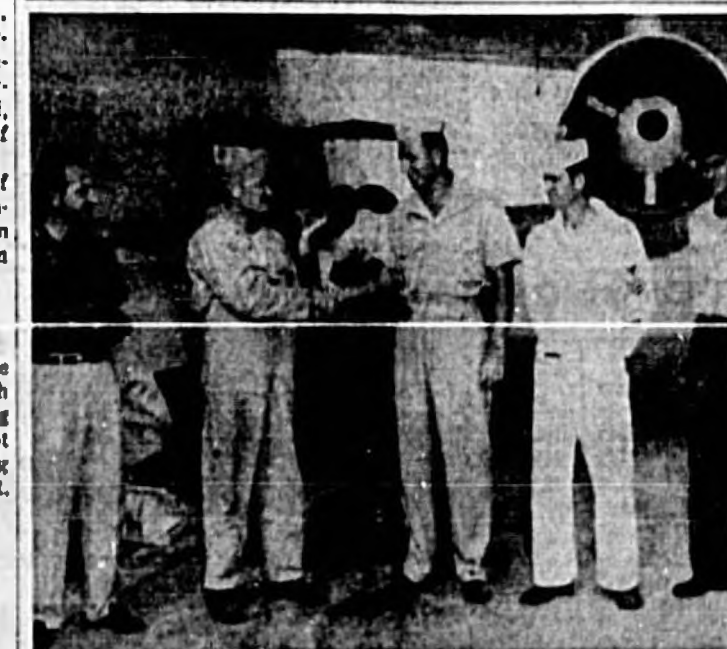

Commissioner Wilson is a candidate for reelection to the Board.

New SHS Band Uniforms To Be West Point Style

The Seminole Band Uniform Committee consisting of members from the band, band parents, student council, Band Alumni club, administration and citizens selected the West Point Styled Band Uniform.

The jacket will be burnt orange with a white breast plate and trimmed in black with chrome plated buttons. The collar will be orange with black trim. The trousers will be black with either a white or orange stripe depending upon inspection of the sample uniform to be made. The hat, a typical West Point shako, will be black with orange trim and white top, chin strap and visor. The Shako pom will be orange.

Four major uniform companies will place bids on the uniforms by Oct. 22. "The uniform will make a striking appearance and I am most pleased with the committee's selection" bandmaster Cowley stated.

United Fund Appeal Gaining Momentum

The United Fund Appeal is gaining momentum with additional reports of contributions since the reported \$6,000 mark yesterday.

The county-wide appeal for funds which serves the organizations will be financed in under the General Campaign of Harold Kestner.

A huge organization of volunteer workers are now canvassing every area of Sanford and Seminole County with the hopes that the \$35,000 goal will be reached before the end of the month.

A huge thermometer showing a gauge of funds raised each day is clearly visible to all who pass the corner of First St. and Park Ave.

Additional firm and individual contributions to the United Fund of \$25 or more as reported by Campaign Treasurer Roy Mann as of Tuesday night, are as follows: J. C. Hutchison & Co., \$150; Senkarik Glass & Paint Co., \$100; L. I. Frazer, \$50; J. C. Hutchison, personally, \$50; R. A. Cobb, \$50; Sanford Coca Cola Bottling Co., \$50; Farmer's Realty Agency, \$25 and Goodyear Tire & Rubber Co., \$25.

Many contributions in amounts ranging from \$1 to \$25 have been received, Mann stated, and will be tabulated and reported at a later date, by groups. For the present, the campaign committee has adopted the plan of publishing contributions of \$25 or more.

Slightly over \$7,000 has been subscribed at this time, amounting to 20.2 per cent of the budget of \$35,000. Returns from the Sanford

Naval Air Station and from communities in the southern part of Seminole County are expected by this week end and will undoubtedly raise the Fund Thermometer above the \$10,000 mark.
